

## Physician 5341

### Chapter 5341

The law of heaven's blazing Tao is condensed on the rosefinch flying sword again. Ji Siqing's face is cold, "then let's continue!"

Ye Chen just looks at Ji Siqing with a dignified face, but can't hear what they are saying.

But he guessed something.

Ji Siqing, why?

Do you really need to protect yourself?

"The ancient female god of war, for a useless man!"

Zhong Yanxi obviously couldn't understand Ji Siqing's behavior. She didn't understand why she knew it was not her opponent, but the other side was still so persistent.

"I won't keep my hands!"

After Zhong Yanxi said that, the melody of his fingertips flew out.

The red fire comes from the river, and the flowing red light condenses the strong source gas between heaven and earth, which is more dazzling.

"The emperor River - step on the foot!"

At this time, each foot of the six legged emperor river was burning with a strong flame.

Let's see! Two! Three!

Ji Siqing's heart had been in disorder for a long time. At this time, he insisted on it all in one breath.

For ye Chen, she can't give up!

If Zhong Yanxi can protect Ye Chen once, his disaster gas should be able to escape!

In a flash, Ji Siqing put the rosefinch flying sword across his head to resist the attack of the red fire emperor Jiang.

When ye Chen sees this scene, he is ready to rescue Ji Siqing.

"Poof..."

A mouthful of blood gushed from Ji Siqing's mouth. Facing the attack of taizhenjing, Rao Shi had all kinds of powers in her previous life. At this time, she didn't reach the peak, and there was no way.

The music stops.

At this time, the figure of red fire emperor River in the air has gradually dissipated, but the pressure and heat left behind always remind the players of what just happened.

"I take this move, even if you promise me, when he is in crisis, guard him once."

Ji Siqing half kneels on the floating air, his face is pale, but his eyes are burning to look at Zhong Yanxi, as if to get her affirmative reply.

At this time, ye Chen, who has been flying to Ji Siqing's side, listens to Ji Siqing's words.

His face is even more uncertain, and his pity for Ji Siqing is even worse.

This is not necessary!

"Siqing, you did this just to let her guard me once? You don't believe me? "

Ye Chen holds Ji Siqing in his arms and sighs.

Ji Siqing shook his head and said, "I just want to exchange my promise for peace of mind."

Zhong Yanxi looks down coldly and contemptuously, looks at Ye Chen and Ji Siqing, and then outlines with red lips:

"I promise you."

With that, she turned and looked at Ye Chen: "she is as stupid as I am. Your life is good."

However, at this moment, ye Chen looks at Zhong Yanxi and reaches out his hand to wipe the blood from Ji Siqing's mouth.

His cold eyes gazed at Zhong Yanxi and said: "I, ye Chen, don't need you to wait for rats to guard me!"

Words fall, the world seems to be silent at this moment!

Then burst out!

"What are you talking about?"

Zhong Yanxi was furious when he heard this. Even Qu Chenyan in his heyday did not dare to talk to her like this!

Ye Chen ignored Zhong Yanxi, he gently looked at Ji Siqing: "you are so stupid."

Then, he raised his head and gazed at Zhong Yanxi with his sharp eyes: "Siqing told me that he was going to keep the appointment. I thought he would be a friend with correct cultivation. I didn't expect that he was like you. Mingming knows that Siqing's strength hasn't fully recovered, and she's still suffering from heavy hand contusion. "

Ye Chen's face is full of disdain for Zhong Yanxi's behavior.

"I think it's just that I was afraid of the female martial god in the last life. I finally got this chance to set off my strength."

"You're bullshit!"

ZHONG Yanxi thinks he has been aboveboard in his life, but he is scolded by such a small cultivated mole ant.

"It's disgusting to think of being protected by a pretentious person like you! You'd better practice well, and strive to cultivate the spirit and mind of the ancient female martial god one day. "

Ye Chen cold sneer way.

"I don't want your protection!"

At this time, Zhong Yanxi was burning with anger, and he laughed angrily!

"Ha ha ha ha, it's the first time that someone ran to my territory to run wild with me!"

The sharp laughter almost pierced the sky, and the roaring thunder seemed to respond to her.

"This is my training place! You are just a mole ant in heaven and earth. When you come here to confuse right and wrong, you really think I won't kill you? "

Guqin has been erected at this time, and the red flame of Guqin body and red fire emperor river has begun to burn.

"Ye Chen You're not her match! Let's go! Ji Siqing at this time also know his good behavior let Ye Chen heartache, also ignore the explanation, just want to catch up with Ye Chen to leave.

"Want to go?"

Zhong Yanxi was very angry and sneered: "I'm here. You can't come and go as you want!"

Ye Chen's face remains unchanged and protects Ji Siqing behind him.

Ji Siqing looks at Ye Chen standing in front of him with mixed feelings.

Never flinch, never fear.

He always seems to be like this.

A Guqin like flowing water from the fingertips of Zhong Yanxi, surging and sharp voice, in the array, just feel the huge killing.

Ye Chen pushes Ji Siqing far away with his backhand, indicating that she is at ease to watch the battle.

Red fire emperor river appears again. This time, he is not only surrounded by flames, but also has a red golden luster on each feather. It is obvious that Zhong Yanxi is so angry that he wants to crush Ye Chen directly.

"Emperor River Fire Dragon chop!"

A crack suddenly appeared in the void. It turned out that Zhong Yanxi directly connected his own law with the void. From the law, the thick hot magma like swallowing the sky and destroying the sun rolled down and poured directly on the red fire emperor river.

The red fire emperor River absorbed the power of the fire, just like a top, formed a magic weapon of its own, and cut Ye Chen with rapid rotation.

"The picture of the yellow spring falling blue!"

Ye Chen fingers turn, a pair of huge blue yellow spring picture has appeared in front of him!

Red fire emperor river that kind of rapid collision, in Ye Chen's parry, directly pulled it into the blue and yellow spring map.

The holy water of the yellow spring is turbulent and turbulent. At this moment, it has completely annihilated the red fire emperor river.

The water of the yellow spring can wash the memory of the souls of the dead, turn people into a piece of white paper, free of dust and dirt, and enter reincarnation.

At this time on the red fire emperor River, nature can wash his bloody gas, degree of its killing.

"The picture of the yellow spring? The things of the Lord of reincarnation? "

Although Zhong Yanxi was a little surprised, he was relieved to think that Qu Chenyan had been with the Lord of reincarnation.

"In your hands, it's just pediatrics."

The rhythm of Guqin turns again. The four wings of the red fire emperor River turn up and turn up. They are actually directly free from the holy water of the yellow spring.

Chapter 5342

Ye Chen knew that there was a big gap between himself and his opponent. Even with the help of magic power, he could not obliterate this huge gap.

"Boom!"

At the same time, the red fire emperor Jiang liuzu stepped on the yellow spring, which made the whole yellow spring tremble.

"Not yet?"

Zhong Yanxi said contemptuously: "otherwise, you will look at all the cracks in this picture!"

Ye Chen knows that the other party is telling the truth. The red fire emperor River, after blessing, obviously has more power than Ji Siqing's rosefinch.

In the picture of the yellow spring, the Alsophila tree is silent. In his opinion, although the picture of the yellow spring will not be defeated like this, ye Chen will have to pay a certain price.

And the price must be very high.

At the moment when the map of the yellow spring converges, the golden light suddenly appears on Ye Chen's body.

The eight Fu Tu Qi erupted in an instant, and the light and bell of Buddha came from the sky.

The Zen spirit of the niches came from all directions, and a huge pagoda of eight Fu TU with a height of 1000 stories came into the world.

Each floor is carved with beams and painted buildings, and each Buddha statue is vivid.

The scene of preaching and dispelling doubts vividly reappears here.

"Eight Fu Tu pagodas, put down by me!"

Ye Chen is very clear. It's very difficult for Wudao to fight against this idea. They can only take advantage of it!

Zhong Yanxi's fingertips flow out bursts of supreme source gas, and with the sound of guqin, melodious spread out.

"Nine color emperor river!"

Originally, the Red Emperor river is like a graceful singer. Its four wings and six feet reflect the colorful colors like a rainbow, which are inlaid on each feather.

After that, the feathers came up, wrapped with nine colors of fluorescence, and went to the eight pagodas without hesitation.

"Break it for me!"

Tiles, under the attack of the nine color feathers, form a pattern.

"Jump!"

Smash, dissipate.

Zhong Yanxi looks at Ye Chen contemptuously, as if to tell him that he has no chance.

The nine color emperor river rises again, the bright and dazzling light shows in front of Ye Chen.

Four wings flying out, nine color luster instantly shrouded Ye Chen.

So much pressure!

Such a strong source of gas!

At this moment, ye Chen stands dignified with his sword. He looks at the fast approaching luster and a strange grain, which gradually spreads on his body, and the mysterious body turns into a magical power!

For a time, ye Chen's power has reached a level of incomparable terror!

In fact, ye Chen doesn't want to use the supernatural power, after all, he is not very skilled!

But now it's the only way to try!

The strength of the other side is not weak!

But in the blink of an eye, ye Chen's endless sword will be torn by the nine color emperor river!

Still not enough!

See nine color emperor River to come, ye Chen heart a sink, thought of what!

His eyes were very firm: "when I was buried in the sky, I once mentioned the thousand soldiers explosion with Mr. Hui. Mr. Hui used his understanding of martial arts to improve the thousand soldiers explosion. Now it's time to try!"

The key is that there are too many weapons in yechen reincarnation cemetery! There are several artifact of law!

"The ultimate version of thousand soldiers! Go

In a flash, countless precious weapons are displayed behind Ye Chen.

Swords, spears, swords and halberds are all kinds of weapons, each of which exudes the spirit of different source soldiers.

At this time, they gathered together and formed a huge net, which surrounded the nine color emperor river.

"Blast!"

With Ye Chen's roar, all the weapons rushed to the Jiuse emperor river at almost the same time, and then exploded.

The air of endless laws is full in an instant!

There are so many weapons, even many magic weapons of law. If such things explode, those who are too strong in the real world will not be able to bear them!

The power generated by the explosion, under the linkage, will lift Ye Chen and Zhong Yanxi out.

Zhong Yanxi was forced to retreat just because of the explosive power, but he didn't do any harm to himself.

But at this time to see ye Chen's eyes also become a little deep, to know so many treasures, so all burned, need how much courage.

"Is it worth it?"

Zhong Yanxi Guqin put away, obviously did not intend to fight with Ye Chen.

"It's worth it!"

Ye Chen said firmly, from beginning to end, he has been like this, no matter how powerful the opponent is, as long as he has a glimmer of hope, he will never give up.

"Let's go..."

Zhong Yanxi turns his head and doesn't seem to want to talk to them any more.

Ji Siqing looks at Zhong Yanxi's back and knows that he is frightened by Ye Chen's fearlessness. He already wants them to leave.

"It's just Ah... "

Ji Siqing sighs that his bet may be lost. With today's words from ye Chen, he is as proud as Zhong Yanxi, and will not guard Ye Chen once anyway. Seeing Ji Siqing's careful thinking, ye Chen's face is quite serious and holds Ji Siqing's slender shoulder in both hands.

"Why are you so stupid? Do I need her to guard me? For my sake, I've hurt myself. Why do you have to suffer? "

Although Ye Chen scolds, his tone is full of pity.

"I..." Ji Siqing knows that ye Chen is worried about himself.

"She's already got it, and she won't hurt me."

Ji Siqing carefully explains that Zhong Yanxi knows very well that no matter how terrible the magic rules she sends out in the competition, she will not hurt the killer after all.

"Not even that!"

Ye Chen shakes his head: "I don't care what I didn't guard in the last life. In this life, I don't need anyone's protection!"

Lingxiaowu has reached the extreme at this moment!

Ye Chen is incomparably firm at the moment, he doesn't want this kind of protection that people around sacrifice to exchange.

"I I'm sorry

Ji Siqing lowered his head slowly and said in a low voice.

"I'm not scolding you."

See her this appearance, leaf Chen still can't help but protect her in the bosom.

"I understand, but I, see you have a strong sense of disaster, and I, can't always be with you."

Ji Siqing explained that her mission of this life has not been completed, but ye Chen's full of disaster makes her worry. At this time, she can only come up with such a stupid way.

"The spirit of disaster?"

Ye Chen then understood why Ji Siqing wanted to talk and stop.

The breath on the body runs, and then he notices that he is really covered with disaster.

It's just that this disaster gas is not disaster gas, but disaster sword.

"This is not a disaster, but a causal contagion between Tianjian and me!"

Ye Chen explained to Ji Siqing.

"The spirit of Tianjian is Li Feixue, the daughter of Chiyuan holy king."

Ji Siqing exclaimed, it turned out that this was just an oolong.

"Well, it's estimated that Li Feixue is responsible for my disaster."

Ji Siqing nodded. Now she can rest assured.

Ye Chen shows a smile, the eight trigrams heaven elixir furnace slowly rises, and the repeated herb elixir gas slowly infiltrates in Ji Siqing's back.

Chapter 5343

Dusk half day, two people's back looks a bit lonely.

"Ye Chen, I'm leaving."

Ji Siqing still said that at this time, the distance from the layout is getting closer and closer, they have their own source, this fashion can not be together.

"Be careful all the way."

Ye Chenyuan looks at Ji Siqing's back and believes that it won't be long before they can meet again.

.....

At the same time, in the palace of the king of heaven and man.

"What do you perceive?"

Li Qingshan looks anxiously at Li Feixue. His sister is the spirit of the disaster sky sword. At this time, she shares the same spirit with the disaster sky sword. In recent days, her breath is disordered and even has some fluctuations, which has greatly affected her cultivation.

"It's brother Ye!"

Li Feixue said earnestly: "I feel that there is something wrong with the cause and effect of disaster Tianjian."

Li Qingshan was once a disciple of Ye Chen, and he was extremely concerned about ye Chen.

"What threat will he be under?"

Li Feixue shook his head: "not for the moment, but if I'm not around him, I can't suppress the cause and effect of the disaster sky sword as a sword spirit. Once the disaster Sky Sword loses control, the consequences will be unpredictable."

"It shouldn't be too late. Shall we start at once?"

When Li Qingshan spoke, he quickly wanted to leave.

"Wait..."

Li Feixue really shook her head.

"I was originally a disaster Witch and the reincarnation of the sword spirit of the disaster sky sword. If it wasn't for the reincarnation master, I couldn't have been reincarnated. I was originally a person on this chessboard."

"What do you want to say?"

Li Qingshan obviously has heard the voice of his sister, and his tone is cold.

"This is the cause and effect of previous lives. I can't escape and I don't want to. It's my destiny that I'm already an insider. But Qingshan, you are not the same. You are not the person on the chessboard. You should not participate in such a huge and dangerous thing. "

"So, you mean, you're involved, your father is involved, and I can't, right?"

Li Qingshan's eyebrows have been heavily twisted together, his face is black, full of hate and anger.

Li Feixue turned her head and no longer looked at him.

"That's what your father meant!"

Hearing Li Feixue say this, Li Qingshan's anger is like beating on a ball of cotton. He knows that his sister and father are good intentions, but let him quit like this. Like a deserter, he is very unwilling.

Li Feixue looks at Li Qingshan's back and knows that he will go to his father with his temper. He can only hope that his father can persuade his younger brother.

.....

"Father..."

The holy king of Chiyuan is sitting on the main hall, looking through the magic code.

At this time, Li Qingshan saw him, full of words, but no courage to question.

"What do you want to say?"

Red yuan holy king looked at his son, the heart has already understood the reason of his trip.

With a slight wave of fingers, a barrier has been set up on the whole hall to prevent tiancanniang from peeping.

"It's about brother ye, I think..."

Li Qingshan still gathered his courage and asked directly. But when he finished speaking, Chiyuan Shengwang had already waved his hand to show that he knew.

"I think, I mean, Feixue has conveyed it to you."

"But father..."

"Ye Chen is the reincarnation Lord of the last life. Which magic power can you compare? Do you need to guard such a person? "

The holy king of Chiyuan completely ignored Li Qingshan's meaning: "flying snow was originally the spirit of the sword of disaster. It's her mission to fight side by side with the reincarnation Lord, but what about you? Do you want them to be distracted and protect you when they face the emperor Shitian, xuanjiyue and even the East emperor tiandian? "

Li Qingshan blushed. He wanted to say something, but he had nothing to say.

"In my face, they will try to protect you. How about you, just let yourself drag their feet all the time? Castle Peak, don't talk about what you want until you have enough strength. "

The last sentence of King Chiyuan deeply touched Li Qingshan.

All along, ye Chen is like a God's residence, standing in front of Li Qingshan.

And yourself? It's too weak!

Li Qingshan sighed, knowing that his father's thoughts were right!

"I see!"

Elder brother ye, I will try my best to improve my accomplishments and become a comrade in arms like my elder sister!

.....

At the same time.

As soon as ye Chen returned to the gate, he saw a pretty figure standing outside the gate, with a worried look on his face.

It's Li Feixue that I haven't seen for a long time.

Today's Li Feixue doesn't need to sleep in the ice coffin, but her face is pretty pretty. "Why are you here?" Ye Chen doubts of ask a way, in his opinion, at this time fly snow and green hill should be accompany red yuan holy king in holy heaven mansion just right.

"Brother ye, I feel the wave of disaster sword."

Li Feixue said quickly that she was the reincarnation of the sword spirit of the disaster Sky Sword of the last life. She had endless origins with the disaster sky sword, and knew more about the fluctuation of the disaster sky sword.

Recently, she has sensed the instability of Tianjian for many times, and this instability is related to Ye Chen's causality.

She is really worried about ye Chen. She takes back the disaster sword from her father and comes to Ye Chen.

"The sky sword of disaster is unstable, and the air of disaster permeates."

Ye Chen also nods. Ji Siqing is also very worried about the disaster that spills out of him, so he doesn't hesitate to fight against Zhong Yanxi.

"I asked my father that there is a place in heaven and man called genguyuan. There is a thing that can stabilize the Heavenly Sword of disaster and even cut off the cause and effect of disaster on you."

"This place seems to have some connection with the Taishang world, but the situation inside is very complicated..."

Li Feixue said decisively that the holy king of Chiyuan was afraid that ye Chen might be contaminated with too much cause and effect, and it was not easy to interfere too much, but he told Li Feixue a lot of ancient secrets, hoping to help Ye Chen cut off the cause and effect of the disaster sky sword.

"What's more, my father also said that if we can get this thing during this trip, we will have a great chance for you and me besides stabilizing the disaster sky sword."

Ye Chen heard here, eyebrow pick, not only can stabilize the disaster sword, there is a great chance?

At this time, the layout of the reincarnation Lord is getting closer and closer, and he can't wait to improve his strength.

"Then we should not delay Go

.....

From ancient times.

Countless beasts are trying their best to run on the ancient plain. Here is their world.

Once upon a time, the disciples of the fourth heaven hall would choose this place for training and even assessment.

But because ten thousand years ago, all the disciples who came here to assess were destroyed!

Since then, few people have ever dared to enter.

At this time, Li Feixue came out with his sword, and his eyes were staring at the only city in the whole ancient plain.

Chapter 5344

"Right there?"

Ye Chen asked, he has never set foot here, so free and easy territory, he has not seen before.

The key point is that he has a faint sense of the change of the way of heaven outside the region, which has brought some changes here.

Li Feixue nodded, his face dignified, seems to be worried about the situation in the city.

"My father told me that the center of the city used to be the central world of the whole ancient world, where the most noble ancient owner lived. Then, one day, all the people turned into ghosts and demons, all the cities were destroyed and rotten, and even some places began to melt and become rotten swamps. And then these monsters appeared. "

"You mean, they slaughtered all the creatures in the ancient plains, and then they took over here."

Li Feixue nodded. At this time, there was no one living on the vast ancient plain, and some of them were all exotic animals of various colors.

"Follow me."

Ye Chen strides forward, blocks in front of Li Feixue's body, and takes the lead in going towards the city's imperial sword.

The boundless black air almost enveloped the whole city. Ye Chen sacrificed eight steps of Fu Tu Qi and smashed the endless black air with the light of Buddha. Then he saw the face of the whole city.

There are only walls left in the city, and there are no buildings inside. There are stone tablets on the mounds all over the ground. On the huge stone tablets, there is an ancient Rune carved!

Runes are like eyes, as if they are staring at you all the time!

Li Feixue was staring at the Manchurian rune. His scalp was numb. For a moment, some fear came to his heart.

"It seems that we are being treated as prey."

Ye Chen saw the stone tablets staring at them.

"Prey?" Li Feixue is frightened.

"If I read it correctly, it should be the monument to destroy the gods. It's also the treasure of heaven and man. I didn't expect it to appear here."

"This is the monument to extermination?"

Li Feixue was surprised again. He didn't expect that there was such a causal origin in the legendary monument to exterminate the gods.

"Then we're trapped in it, aren't we

Ye Chen's face is always indifferent, he light way: "alone with this big array, still can't trap me ye Chen!"

It seems to be composed of countless stone tablets. In fact, there are only six real array eyes. It's just the so-called "three is not enough, six is infinite". It takes a lot of energy and effort to build these six stone tablets alone.

Ye Chen thought in his heart that if he could devour the six tablets and put them in the reincarnation cemetery, his strength would be greatly increased.

"Jie Jie Welcome to gengyuan. "

A faint voice and strange smile came from all directions.

It's as if the whole city is its voice.

The voice is full of cunning, insidious and cruelty, just like the demons who have gathered many kinds of characters come together and make a sound together.

Li Feixue's skin was covered with goose bumps, which made her feel very uncomfortable.

With this sound, the black fog comes out of the void again. The darkness that you can't see is the same as the black Qi created by Ye Chen's dark source symbol.

Countless creatures cry and howl, and ye Chen and Li Feixue seem to have fallen into hell at this time.

"It's a mirage!"

Ye Chen says without hesitation, if it is not that he has the dark source, he may also be deceived by the darkness.

"Source of darkness!"

All kinds of pure and powerful black Qi, overflowing from the dark source sign, spread all over the city.

The original black fog, now as if tentacles in general, contact with the dark source of the moment, has suddenly retreated.

Fight violence with violence! Beat the dark with the dark!

"This is just a fantasy. How can I get it? I'd like to see how you want to destroy us all

Ye Chen at this time, although in the city, his face is still indifferent.

Standing still in place, he didn't even take the initiative to attack the black fog.

He has self-confidence. When his immortal night demon heaven and Hongmeng star sky appear, he is not afraid of the monster's phagocytosis. Moreover, the reincarnation blood in his body can suppress everything, and the blue and yellow spring chart can suppress everything, and can break the square array at any time.

At this time, he just wanted to see where the monster was.

Since the original owner and the people of this city can be devoured by this monster, it must be cunning and cunning, so we have to guard against it.

When he was still, all of a sudden, the original black fog condensed into a human form.

This man, with a dignified face, is full of immortality. His eyes are bright, and there is not a little bit of insidious air.

"Little friend, your cultivation is good. I am the original master."

Ye Chen and Li Feixue look at each other at this time, which is strange. "You are the ancient master?"

Ye Chen shows an expression of surprise, maybe this is what the monster turns into, used to confuse them.

"Yes, this monument is powerful. Follow me and I'll take you out."

Ye Chen and Li Feixue didn't move. They just looked at the man coldly: "are you taking us out? Or will you send us down? "

Hearing this, there was a smile on her face: "I didn't expect to recognize me so soon."

"Who are you?"

Li Feixue can't help but ask.

"I'm a Soul Eater. I can transform into any form at will. You don't have to be so defensive. Since I dare to appear in front of you, I won't hurt you."

"Yes? It won't hurt us, or it can't hurt us. " Ye Chen Mou son one coagulates, light way, "you specially appear, is because this Gen Gu Yuan, so many years go on, unexpectedly still have what thing you can't swallow?"

With a smile on his mouth, the Soul Eater exclaimed, "you are really a calm and intelligent man. Yes, I'm here to talk about a cooperation with you. "

"Cooperation. In ancient times, soul eaters and brain eaters were famous for their cunning. What's the advantage of cooperating with you?"

"You also have a purpose in this trip. I smell the smell of disaster sword on you."

The Soul Eater was silent for a moment and said slowly.

Ye Chen smiles: "I can get what I want, as if I don't need you."

Ye Chen stood there, as if he was not moved by the words of the Soul Eater.

"I'll give you the bones of the ancient emperors."

The Soul Eater seemed to have made up his mind.

"Ye Chen..."

Li Feixue quickly drags Ye Chen's arm. They are here for the eternal imperial bone.

"However, I don't believe in people. It's not good for me. Even if I talk too much, it's useless."

Chapter 5345

"I have a charm here to make a vow. As long as you and I swear to this spell, cooperate with each other."  
"

Soul Eater hands together, a mass of black blood emerged, constantly squirming, even formed a charm.

"You and I each use a drop of our own blood to leave an oath on it. Those who violate it will be entangled by eternal demons, and can no longer achieve your reincarnation of heaven."

Ye Chen is slightly surprised, the Soul Eater can see through his reincarnation blood, obviously it is not as weak as it shows.

"I can't see how much you have swallowed up the cultivation of the ancient master."

Soul Eater seems to show a kind of defensive color, more and more feel Ye Chen unfathomable.

Between speaking, ye Chen fingers a flick, fingertip fly out a blood, fly into the side of the charm inside.

Suddenly, a mysterious force is brewing. In this magnificent cause and effect, there is a law that has been condensed in him.

"We swear together! After reaching a consensus, we cooperate. If we repent, we will die under the rule of heaven

"Good!"

Two people sign the oath under the spell at the same time.

Although the way of heaven in heaven and man has changed, its majesty depends on it!

But ye Chen's blood is superior to the sky, ye Chen has the confidence not to be restricted!

Then, the charm exploded and dispersed, and divided into two dark Qi of the law, which entered the two people's bodies respectively.

Seeing that ye Chen had signed the contract, the Soul Eater was overjoyed.

At this time, although the Soul Eater has a body, it doesn't even have a real body. The oath won't work for him at all.

Ye Chen obviously has watched the treacherous color of the soul eating beast, and wants to know that this oath probably has no effect on this kind of people.

But how could it work for him!

He has a picture of the yellow spring, the endless holy water of the yellow spring, which can purify all things. It's just a pledge, but it's just a mark that can be changed at any time.

More importantly, the way of heaven has changed. If it had been before, the holy water of the yellow spring might not have this ability!

But now, absolutely!

"This mirror is called the eternal mirror for thousands of years."

At this time, the Soul Eater had changed its appearance, wrapped in armor, hiding his whole body under the tough armor.

"This is the original mirror of genguyuan. What you want is behind this mirror."

Ye Chen carefully looked at the huge mirror in front of him.

Countless roots wrapped the huge mirror, and the silver light on the edge was covered by the green plant.

"How to get in?"

Ye Chen asks a way, he has already felt the power contained in this ancient thousand years mirror.

The Soul Eater didn't speak, but looked at Ye Chen expectantly, as if to say, I can't do anything, you can't help yourself.

Li Feixue quietly took a look at this ancient thousand years mirror, and the plants around it should be the biggest obstacle.

Ye Chen carefully looked at this ancient mirror, the original green plant, the root of the place is actually deep black gas filled, but this black gas, it is obvious that it is not from the Soul Eater.

"You have the power of darkness because you devour the eternal master."

After a long time, ye Chen showed a smile and looked at the eye light of the soul eating beast.

The Soul Eater seemed to have been pierced by people, but he was a little bit speechless for a moment.

I can only comfort myself in my heart, thanks to the limitation of oath, otherwise ye Chen is really a great threat to him.

"Holy water of the yellow spring!"

The flowing holy water of the yellow spring flows out from the picture of the yellow spring, like a winding stream, swimming little by little to the eternal mirror.

Struggle, twist.

Every leaf is struggling, emitting endless black air.

"Give it back!"

Ye Chen stuffy voice says, although this voice gradually falls, but the holy water of the yellow spring more thick sweep over and come.

Slowly directly into the ground, directly scouring the root system.

"Yes?"

The Soul Eater can hardly believe its own eyes. This root plant with rules has been at a loss for so many years. Who knew that it could solve this problem so simply in front of this young man in the world.

Ye Chen nodded, looked at Li Feixue, motioned her to follow him, and took the lead to step into the ancient mirror.

The space in the mirror is like a place in the sky. In the huge space, there is a gray atmosphere everywhere. In this atmosphere, there is a huge palace.

"What's in it?"

Ye Chen looks at the Soul Eater. This guy has been in this ancient place for a long time. At this time, he must be familiar with the secret of the ancient place.

"This is the treasure of the ancient master."

Soul Eater showed a greedy look, as he gradually completed the phagocytosis of the ancient master, the treasure inside was enough to make him crazy. The palaces are made of pieces of God's wood. They are engraved with ancient patterns. Every blade mark on the patterns condenses the breath of old and simple, and countless rules flow.

"Where's the key?"

Li Feixue stepped forward, and a Jiuqu lock was hung outside the ancient palace.

Ye Chen hands fist, with a trace of fun smile, looking at the Soul Eater.

"The key."

The Soul Eater slowly opened his mouth and spit out a jade key.

This is the key of the ancient master. It's hidden in his leg bones. If it's not a Soul Eater, it can't be found.

At the moment when the key is inserted into the palace, ye Chen feels the power and endless vitality of the ancient yuan. From the keys, the Jiuqu lock is like a long dry desert, enjoying the infiltration of jade keys.

Click!

It's on!

Li Feixue's eyebrow color shows his joy. I didn't expect it to go so smoothly.

"No!"

Between a breath, ye Chen's face suddenly changes, the body moves, in the moment that the nine curve lock opens, the soul eating beast moves!

"You

When Li Feixue saw this, he was very angry. As expected, he could not seek the skin of a tiger. This Soul Eater turned his face faster than a book.

Ye Chen has been on guard for a long time. His soul body transforms and his evil sword sweeps out in time, directly interrupting the attack of the soul eating beast.

But it was also the frontal blow that brought the Soul Eater close to the palace.

"Go

At the moment of stepping into the palace, the Soul Eater has become invisible and disappeared.

Ye Chen and Li Feixue quickly stride forward and enter the palace.

There are ten jade plates in the palace, and the jade plates are full of treasures.

"The bones of ancient emperors!"

Li Feixue saw the second jade plate, which was the goal of their trip.

Ye Chen's eyes are flowing. On the first jade plate is a bronze mirror, which seems to be the miniature version of the ancient mirror.

"Soul Eater! If you break the oath, aren't you afraid of being attacked by cause and effect and the way of heaven? "

Ye Chen's eyes are indifferent and opens his mouth.

Chapter 5346

"Ha ha ha! You can't imagine that the way of heaven outside China is declining, and I'm invisible. The oath of the way of heaven is of no use to me! "

Voices from all directions came again, and the Soul Eater seemed to be scattered in the air, with no noumenon at all.

Even ye Chen's spirit is so powerful that it can't be captured.

We can only use the eight Fu Tu pagodas of hongmengyuan technique in thirty-three days!

"Babu pagoda!"

A bright eight Fu Tu pagoda has reappeared in Ye Chen's hands.

The Buddhist language resounds in the palace, and the bells ring in waves.

No goals?

At this time, all the eight Fu Tu pagodas had been transferred out, and each Buddha statue was wrapped with golden light, but at this time, the towering eight Fu Tu pagoda had no target to attack.

"I am invisible, give up, you can't find me! Jie Jie... "

The Soul Eater laughs wildly, and his insidious and cunning feelings are all obvious.

"But I can find you!"

In this roaring sound, a mass of solidified black fog burst out on the ground.

The Soul Eater has begun to take control, which seems to contain magical power, not only the spiritual attack of nightmare, it has inherited the dark skill of the ancient Lord.

"Eternal true blood! Tianwu dark method! The supreme way, the supreme Martial Way

With the power of the whole ancient land, the breath of the ancient owner forms a desolate atmosphere, which directly sweeps Ye Chen and Li Feixue.

"When I devoured the ancient master, I refined his whole blood essence into a piece of blood. I call him the ancient true blood! I haven't used it all the time. Now let me show you the aftereffect of the ancient master! "

Ye Chen didn't pay any attention to the cry of soul eating beast, and his face was still indifferent.

Ye Chen wanted to use the moon soul chop, but he couldn't determine the location of the Soul Eater at all!

Even the sky demon can't use it!

At this time, xuanhanyu's voice came: "Ye Chen, at the moment, strength and soul power alone can't break this man. We must use the power of the six ways of reincarnation! Before reincarnation, there is no escape! "

The six samsara method is Ye Chen's trump card. He never used it easily, but at this time, he wanted to defeat the Soul Eater with the fastest speed, so he didn't hesitate. Ye Chen directly evolved the five elements of samsara.

At the same time, the five directions of the whole hall condensed five huge emperors at the same time.

In the hands of every statue of the emperor, the golden sword of the great immortal flows the supreme imperial power.

"Break it for me!"

Ye Chen's great immortal sword of five directions and five emperors has successfully pierced the ancient defense of true blood and directly hit the Soul Eater.

The five sides and five emperors' immortal sword penetrated into every inch of the Soul Eater's flesh and blood. The blood it ejected turned into a fist sized, dark heart.

This heart, is the heart of the ancient owner?

Ye Chen heart next jump, the next second has taken Li Feixue fly to the side of the hall.

Boom!

The heart burst out of the black gas, the formation of a huge wave, almost the entire hall were overturned.

The treasures on the ten square jade plate were not affected at all. The jade plate seemed to be a protective cover, protecting them firmly in it.

"Jie Jie..."

Ghost eater evil said, in the dark has once again condensed a figure, no face no shape, so straight to the treasure.

"Brother Ye!"

At this time, Li Feixue anxiously looks at Ye Chen, and the spirit of disaster is more and more strong. If there is no ancient imperial bone to calm Ye Chen's disaster, the consequences will be unimaginable once it fluctuates.

"Put it down!"

The breath of the Wutu source runzhuan quickly flows, and nine huge swords surround the Soul Eater.

Ye Chen impressively sacrificed the sword of zhentianhuang City, which formed a prison and sealed off the Soul Eater firmly.

At this time, the Soul Eater was almost desperate. It could devour all things only by the attack of nothingness. In order to completely engulf the ancient master, he has spent too much energy.

At this time trapped in this prison, can only sacrifice the last mace!

The shadow of the ancient master, which is shown from behind the Soul Eater, comes to the sword of zhentianhuang city. His eyes are like the gaze of hell, and the darkness is shrouded in the cage.

There is no doubt that the shadow of the ancient master will be the last idea of the ancient master.

"Source of darkness!"

Ye Chen almost did not hesitate to shout, and under the shadow of the dark Qi of the dark source sign, the wild devil sword in the picture of the yellow spring trembles slightly!

Does the wild devil Sky Sword want to attack the Soul Eater?

Ye Chen doesn't think much any more, but a wild demon sword comes out quietly.

"Chop!"

With one sword, the ghost of the ancient master has been cut off.

The frightened expression of the Soul Eater was still on his face. The next second, the wild devil's sword had already crossed his body. That's it!

Li Feixue looks at Ye Chen strangely, but the Soul Eater can devour this ancient owner.

Ye Chen unexpectedly so cut to kill?

"If my guess is right, the Soul Eater is not the real murderer who killed the ancient master. It's just a strange beast who finally took advantage of him. That's why it took so many years to completely devour the ancient master." Ye Chen light way.

Li Feixue suddenly realized, then looked at Ye Chen with worry, "that The way of heaven

"Today's Extraterritorial, the way of heaven is fading, and it's useless. Besides, I have the holy water of the yellow spring, which can purify all things. A mere curse of the way of heaven is not a pure oath of the way of heaven."

Li Feixue nodded at ease, and her eyes fell on the jade plate not far away.

"The bones of ancient emperors!"

The vitality of the Soul Eater gradually disappeared, and the dark air in the palace had been completely dissipated.

The precious luster on the jade plate is slowly emitting a remarkable luster.

"Be careful!"

Li Feixue cried nervously, looking at Ye Chen and slowly stretching to the ancient emperor's bone.

That piece of white bone, at this time, it is the flow of golden luster, desolate and simple breath, has come.

"How?"

Ye Chen looks up at Li Feixue.

Li Feixue later took out a jade slip from her arms.

"The ancient emperor's bone has the ability to contain all things. After refining it, it can be integrated into his own blood and bone."

It seems that this ancient imperial bone does not have the power of purification, but has the power of peace and tolerance.

"Feixue, help me protect the Dharma! I will refine the ancient imperial bone now

Ye Chen sits with his knees crossed, and the breath of disaster Sky Sword spreads faster and faster, which can't be delayed any longer.

Li Feixue stands beside Ye Chen with a sword and looks around alertly.

"Hoo..."

Ye Chen spat out a cloud of Qi between his mouth.

Chapter 5347

At this time, the ancient imperial bone had become a part of his hand bone, and he vaguely noticed that the ancient imperial bone was permeated with the power of Taoist law.

The power of peace and tolerance tightly envelops the body of the disaster sky sword.

The original vibration of the sword body, so slowly, slowly calm down.

"It's done!"

Ye Chen smiles and looks at Li Feixue again and again, "this time I really want to thank you and Chiyuan holy king."

Li Feixue is shaking her head, whether ye Chen or reincarnation of the Lord, she is looking forward to his growth, and he firmly stand together.

Ye Chen palms a time, jade plate on the treasures have all received in her palm.

In the battle with Zhong Yanxi, he almost used up most of the treasures, and then used up the thousand soldiers that could shock her back!

At this time, he got some magic tools of law.

"Flying snow, do you have what you and Castle Peak need?"

Ye Chen asked with concern, for Li Feixue and Li Qingshan, he has always been more in favor of some.

"My father has given us enough resources. Keep them all."

Li Feixue shakes her head. She doesn't have ye Chen's magic power and strength. Keeping these things is just a decoration.

"Why?"

Ye Chen looked at the only bronze mirror that was not absorbed by him.

Li Feixue obviously noticed the special bronze mirror.

"It doesn't seem to have any spiritual power, it seems to have been exhausted."

Ye Chen nodded, since the bronze mirror can be placed in the palace, it must not be an ordinary product.

Li Feixue felt an uneasy clamor in his body and said uncertainly, "let me have a try."

She is the reincarnation of the sword spirit of disaster heaven. There is still the will of the sword spirit in her body. At this time, it is the sword spirit that is roaring.

The blood of Li Feixue's fingertips flows out and drips towards the bronze mirror.

"Who are you..."

From the bronze mirror, the simple voice directly cast into Li Feixue's deep sea of knowledge.

"I..."

Li Feixue looks at the bronze mirror with some apprehension. At this time, she can only push the problem to the disaster Tianjian Jianling.

"Time flies, time goes by, time passes like this, volume mat barren River, thousands of years against the current, a note of time."

The sound in the bronze mirror is intermittent, like a Dharma mantra, which is slowly engraved in Li Feixue's sea of knowledge.

"One danger, one danger, one copper hope, one light!"

The voice is still intermittent, but the voice of the sword spirit is more obvious.

Ye Chen looked at Li Feixue's trance expression, holding the hand of the bronze mirror, shaking.

Is consciousness communicating?

Ye Chen worried to see to Li Feixue, at this time of he, but what can't do.

"Hold it!"

After the blood soaked bronze mirror, a figure is drawn on the mirror, which is Li Feixue himself.

And then the whole bronze mirror, has turned into a wisp of golden light, directly into Li Feixue's body.

At this time, Li Feixue's knowledge of the sea is tumbling. After the golden light enters her knowledge of the sea, it condenses into a small sword.

, as like as two peas of disaster, the sword is like a sword.

The original void space, in the moment of the disillusionment of the little bronze mirror, has disintegrated, forming pieces of void fragments.

Ye Chen takes Li Feixue in his arms and breaks the void with his feet. He instantly returns to the ancient city.

Li Feixue closed her eyes tightly at this time, and the sweat dripping from her forehead showed that she was not optimistic at this time.

Without the control of the Soul Eater, the galloping beasts have no fear of the city. They go to Ye Chen and Li Feixue.

Ye Chen double eyebrow a pick, don't anger but the imposing manner of Wei, let those strange beasts retreat one after another.

"Brother Ye!"

After Li Feixue opens her eyes again, her hair has been wet with sweat, but she looks at Ye Chen with great joy.

"What's the matter?"

Ye Chen asks a way, see her this facial expression, affirmation was to have big chance.

"If I'm not wrong, I've got one more card!"

Li Feixue said mysteriously.

"What card?"

Ye Chen funny looking at her, a girl's playfulness at this time is floating in Li Feixue's face.

"After this bronze mirror enters my body, it turns into a small sword. It's a disaster sword!"

"Disaster sword! Do you mean that you have a sword in your body? "

Li Feixue shook his head, "it's not a young sword. How to say, in an emergency, I should be able to make use of the disaster Sky Sword for a long time."

"You mean you can play all the power of the disaster sword?"

Ye Chen's voice is also full of surprises. You should know that the horror of the disaster sky sword can shake some of the existence in the world."However, in my current situation, I will probably collapse after using it once."

Li Feixue some embarrassed said.

"It doesn't matter. At the critical moment, you can protect your life. In this way, the holy king of Chiyuan will be relieved."

Ye Chen said, Li Feixue has such a big chance, he is naturally full of joy.

"Why? What's that

Li Feixue sees the red and blue light of law flowing over the south, and looks at Ye Chen with some doubts.

"Red and blue vision? That position seems to be the eternal realm

Ye Chen's heart sinks. It's Xiao Huang!

Counting the days, the little yellow giant egg has been silent for a long time, and it's time to wake up.

"Is it Xiao Huang?"

"The nightmare of two pupils will cause the strange phenomena of heaven and earth, which will definitely cause the competition among the strong in various regions. We have to go to henggu region as soon as possible!"

Ye Chen's face is dignified, and his foot has already stepped on the void. At this time, Xiao Huang should be the weakest. As the master, he must guard it!

.....

At the same time, the sky was rolling over the henggu area, and the waves caused the vibration of the whole area.

People living in the eternal realm can clearly see that the red and blue light of the law in the void overlaps in the sky.

Boom!

Thunder! heavy shower!

Under the interweaving of red and blue light, the void was split, and the rain poured back to the whole eternal realm in an instant!

And the source of this thick luster is the quiet little yellow giant egg.

At this time, the whole body of the giant egg is full of lines and luster, and there is golden light in the red and blue light. On top of the huge shell, small Taiji patterns are formed.

The strange light shows the difference of this huge egg.

.....

At the same time.

A humble cottage.

A head of white hair scattered down, Emperor Shitian is staring at the chessboard in front of him, and the black and white chessboard is fighting nervously.

There was no one opposite him. The black and white chess game was playing chess with him.

The master of the demons doesn't know that he is fighting with his own demons.

"The nightmare of two pupils, the vision of heaven and earth? It's kind of interesting. "

Emperor Shitian raised his head slightly, and his eyes seemed to have broken through the void and saw the scene of the eternal realm.

"Tianji, come and take a trip for me."

As soon as the voice of emperor Shitian's words came to an end, a strong man appeared outside the thatched cottage.

Chapter 5348

Tianji is the faithful believer of Shitian, the Lord of the heart devil. He has always been the talker of the Lord of the heart devil who walks in the heaven and man domain. Although he does not have such a great reputation as the Lord of the heart devil, he actually inherits the sneaky style of the Lord of the heart devil.

"Yes, Lord!"

"If you meet xuanjiyue, you don't have to fight for her, just let her take it."

Since the Tusheng meeting, xuanjiyue has been severely damaged. The alliance between the two people has been established several times. In the face of Ye Chen's repeated failures, Emperor Shitian specially tells her that she doesn't want to break out unnecessary disputes.

At this time, xuanjiyue was lying on her bed. Her graceful posture and elegant eyebrows were naturally an extraordinary beauty.

"Eh..." Xuanjiyue said softly.

A light curtain rises slowly, and in the light curtain is the extraordinary scene of the explosion of the eternal realm.

Swallowing the sky and killing the sun's shower and the power of the thunder, crazy impact on the giant egg.

The red and blue lines on the giant egg are also expanding with the speed visible to the naked eye.

One inch, two inches.

It seems that in the next second, it will be broken, and hidden in it, Xiao Huang also has the sign of awakening.

Xuanji moon's eyes look at this scene indifferently. She sits up slowly, her slender fingers flash, and a rule has come.

"Go and have a look."

Zhu yueliu, who originally tasted delicious wine in the harem, raised his head.

Her eyes are a little excited!

How many years, I never stepped out of the Queen's palace!

Now the queen is really ready to use her!

She's more important than ever!

The key is that few people in the world know her existence!

"Good!"

A figure disappeared in an instant.

.....

Inside the holy heaven mansion.

The holy king of Chiyuan and lady Tiancan are sitting in the same Pavilion. If it were not for the vision of henggu, they would not have the chance to taste tea together.

"The cause and effect of that giant egg, if I guess correctly, has a lot to do with that smelly boy Ye Chen!"

Tiancan Niang Niang's tone is full of indignation. She always shows her disgust for ye Chen.

"I won't interfere in the cause and effect of the world. I shouldn't be contaminated with too much."

"Too much contamination will never come back!"

The red yuan holy King eyebrow all didn't move for a while, calm of say, seem to be in hint day silkworm empress similar.

"Well! I don't know why one or two of you should help him! "

Tiancanniang lips slightly open, red yuan Saint Wang Mingming is his husband, in Ye Chen this matter, but always with his stand in opposition.

Although they don't agree, it's for the benefit of shengtianfu after all!

Chiyuanshengwang thought of something and said, "I also advise you not to go too close to xuanjiyue. The reincarnation of the world will be rewarded."

Lady Tiancan was angry on her face. When she clapped her hand, the jade table in front of her broke instantly.

.....

At the same time, countless pictures are staged.

Inside the hell dragon temple.

An old man sat cross knee in the void, his face suddenly surprised, and then his eyes opened.

"This is a good time from heaven!"

Yuwentai was overjoyed. Before, he regretted that the Dragon God had never got the nine gods skill of ZuLong temple. At this time, God gave them another chance.

At this time, the beast was at the time of breakthrough and was the weakest. If they could wait quietly and devour his ability of nightmare, they would certainly reverse the whole situation.

"What did you say, dad?"

Yuwenji looked at his father's smile, some doubt asked.

"It's believed that a strange beast will be born in henggu. It's said that the two pupils' nightmare will break through and cause the vision of heaven and earth. At this time, if we can go forward and grab it back, the strength of the hell Dragon Temple will naturally rise a lot. At that time, whether it's the wild devil or the Dragon God's decision to break the sky, it will be like searching for something."

"Even our dark dragon temple can suppress the Great Hall of heaven! After that, Dao Jing will be in charge of us! "

"But..."

Yuwenji wants to say and stop, the dark dragon temple encircles and suppresses Ye Chen many times without success.

Ye Chen has so many cards that many elites in the dark dragon temple die young.

"Last time, it was with the help of taixuan array emperor that ye Chen escaped, otherwise he would not be your uncle Feng's opponent."

Between speaking, Yu Wentai pops up a dragon scale, sends a message to Feng Wuji, and asks for help.

Yuwenji is very happy. The last time fengwuji made a move, he completely suppressed yechen. Later, the boy didn't know what ghost power he used to turn the tables against the trend.

After all, fengwuji is a registered disciple of wanxu temple. He has been blessed by wanxu temple, and the way of heaven outside the country is declining. Fengwuji also takes advantage of the opportunity to break through many problems! This time, I'm ready, even if I meet Ye Chen again. Will certainly kill it!

.....

After counting the interest, in another space.

Feng Wuji frowned and saw Yu Wentai's biography. If it hadn't been for the jade talisman of wanxu, he would have died.

This time, I know that I will meet Ye Chen. Do you want to go?

A trace of fear filled his heart.

If ye Chen knew at this time, he would laugh. Feng Wuji was already afraid and was no longer an opponent.

"It's really a good opportunity to swallow the nightmare of both pupils."

Greedy eyes flashed through the eyes of Feng Wuji. Although he was already a disciple of wanxu, there was a gap between him and the superior.

In ancient times, there was a nightmare in the eyes of a strange animal. This is undoubtedly an excellent opportunity.

"Bet!"

The wind has no pole heart next horizontal, toward Dark Dragon Temple direction but go.

.....

At the same time, heaven and man are a place of seclusion.

Under the Hengduan Mountains, the river cut off in the middle of the mountain rolls and hits thousands of feet above the deep wall.

A middle-aged man, bow and kneel outside the suspended river.

"What's the matter?"

Suspended in the river, a cold voice slowly asked, mixed with the vicissitudes of life do not know.

"Laozu, my subordinates have explored the abnormal phenomena of heaven and earth in henggu region. The young master said that there will be ancient treasures in this world in the near future."

"Ancient treasures?"

A very low smile came: "no wonder that boy can't calm down."

"Laozu, young Lord, please come out of the mountain."

"I see."

The sound is still floating and whistling, and then there is a long silence.

.....

One day later.

The Archaean domain.

Countless visions flow!

Today's henggu domain is quite different from what ye Chen entered before!

The existence of Xiao Huang seems to have changed the whole eternal realm at this moment!

WOW!

The shocking waves have washed the whole huge egg with extraordinary brightness.

Originally just red and blue luster flow, at this time has become a colorful halo.

The surging torrent has formed a river, on which the giant egg is suspended, and the wide river surface reveals endless mystery.

At this moment, there are countless forces have come to the eternal realm!

A big fight is imminent!

Chapter 5349

Half an hour later, a green and astringent boat with ancient charm cut the water upstream. The direction of the boat's fast forward was the direction of the colorful giant egg.

The bow of the boat is a girl who is kneeling. The girl's face is covered with veil, and the Guqin is lying horizontally. The melodious and graceful sound of the Guqin seems to be able to penetrate the sky.

If ye Chen is here, he will surely find that the woman is Zhong Yanxi, who hit Ji Siqing hard!

On the other hand, Zhu yueliu, who was sent by xuanjiyue, the queen of the upper world, was leaning on a huge stone. There was a smile on her pretty face and said, "even she has arrived. The attraction of this nightmare is really endless."

The Yu text machine of one side sees this woman unexpectedly regardless of of of of direct toward huge egg but go, some can't restrain.

"No harm."

The wind is limitless but see this woman's extraordinary, cultivation is not under him, at this time hand provocation is not the most appropriate time.

The green boat, under the attention of the public, slowly stopped less than three miles away from the dome.

"Well?"

Zhu yueliu looks at the direction of the boat strangely, and thinks that the mysterious woman can just snatch away the giant egg, which seems to be the same.

The roaring thunder suddenly stopped.

The stream above the void also flows slowly.

There are innumerable golden glazed tiles, glittering and lustrous, thousands of spirit lamps floating out from the void.

The extremely dazzling golden light poured out from the lamp, all over the giant egg.

The streamer flow of egg yolk is plated with a layer of golden light by the bright golden mang.

"This It's a miracle

Some of the covetous forces could not help sighing.

"Among them, there must be many treasures."

The light of greed flashed in the eyes of the strong man in holy heaven.

Click!

Click!

Click!

A clear crack of the shell cracked from the egg.

Everyone's eyes are tightly attracted, and the weapons in their hands are all in their hands.

Fine lines slowly form large lines, dividing the huge egg into two.

Huang's figure curled up on the half shell, in the golden light irradiation, emitting the ancient beast's prestige, at this time is still in a coma.

"I've been living in exile for a long time, and I'm sure it's the birthday of emperor Chiyuan and empress tiancanniang that I found them at this time."

"Pooh! You don't want to be shameful in the holy heaven. It's clearly the thing of my dark dragon temple. "

"The hell Dragon Temple is really black and white. Under the dirty waters, you are disgusting as always!"

They clearly know that this is Ye Chen's spirit beast, but at this time, they say it as their own thing one after another, shameless.

The strongmen of the holy heaven and the hell Dragon Temple, among their words, have gone to Xiao Huang first.

The strongmen of the hell Dragon Temple incarnate in dragon shape one after another, and in an instant, they have reached Xiao Huang's side.

"In front of me, dare to make a mistake!"

In the dark, the hand of Tianji claps, and the nearest dark dragon's hand has been slapped and falls on the river.

The blood is dying!

"You're here, too."

Zhu yueliu stood up and looked at Tianji's eyes with a playful smile.

"Oh, your majesty sent you here. It seems that you haven't appeared for so many years. Does it feel good to be imprisoned? "

Tianji looked at Zhu Yue and said sarcastically that a strong breath came out of his body, forming a hurricane, and the boulders seemed to be swaying and cheering.

"However, the Lord has told us that if her royal highness wants it, we will give it up."

After that, he really made way for a road. It seems that he really wanted to give up Xiaohuang to Zhu yueliu.

Zhu Yue said with a smile: "it's your master's intention. I will tell her majesty. It's just that this big egg is not like you has the final say. "

Her eyes directly over the door, directly on the boat above the Zhong Yanxi body.

At the moment, Tianji embraces his chest with both hands. He doesn't mean to help at all. He looks like a good play.

Everyone looked at each other, no longer hesitated, direct hand!

Boom!

At the beginning of the chaos war, the light waves were full of shouting and scolding.

Countless treasures, supernatural powers and laws were sacrificed at the same time, forming a killing ground on the eternal realm, and the bloody air swept the whole void.

Sleeping Xiao Huang seems to be completely undisturbed, lying peacefully under the golden light, accepting the baptism of Guanghua.

"Ah

As soon as the palm of a strong man in shengtianfu penetrated the golden light shield, his palm was like a roast, which had been burned and peeled. The pain of skin splitting made him scream. "The body protection magic doesn't work on the golden light!"

Those who are about to touch the light shield, hearing this, keep a distance from Xiao Huang one after another.

The wind is limitless, but it shows a smile. It's just a golden light, and it can't hurt him!

"Lord of reincarnation, you wait!"

"These two pupils are in the bag of my dark dragon temple! And your day of death is drawing near

Between the electric light and flint, the sudden change rises!

The cracks that had been torn apart were torn apart again.

A pair of huge hands stretched out from it, and the huge palm went straight through the golden light!

Directly grasp Xiaohuang's body in it, and then disappear into the void again!

All of a sudden, everyone's eyes are convex. It seems that they are going to stare out of their eyes. They look at the picture in front of them miraculously!

It's a secret move!

And from the breath point of view, the strength of the other side is extremely strong!

At least in the real world!

"What

The wind has no great shock, a sword sacrifice, want to leave the big palm of the yellow.

However, the strength gap is too huge, the sword just lightly hit on the giant hand, it has fallen, leaving no injury, and it has no blocking effect.

On the other side, Zhong Yanxi stares at Zhu yueliu. They actually know each other!

And in a twinkling of an eye, it's done!

Zhong Yanxi's red fire emperor Jiang, with nine colors of rosy clouds, is standing obediently beside her. Zhong Yanxi's eyes coagulate and says, "Zhu Yue, do you want to do it?"

But on Zhu Yue's face, there was a lingering color. If it wasn't for his injury, Zhong Yanxi would have been defeated.

What a pity.

At this time, the cold light of Shen Yuan dagger in her hand converged: "I haven't seen her for many years, but her cultivation is still like that. It doesn't seem that she has made much progress."

Zhong Yanxi seems to have no response to her provocation. Between her fingers, the red fire emperor river has dissipated.

She said faintly:

"I really don't understand why you chose to be with her when you were far more powerful than the queen of the upper world?"

In order to use xuanjiyue's Qi to recover?

Although my accomplishments haven't increased too much, it's enough to deal with you. "

Zhu Yue didn't retort. She turned her head and looked at the place where the giant hand dissipated: "it seems that the two pupils have a nightmare. It seems that we can't enjoy it any more."

Chapter 5350

Zhong Yanxi closed her eyes and felt it slightly. She naturally felt the breath of the empty hands.

She guessed something and said: "if I guess correctly, it should be the Xuanyi ancestor of the Xuanyi sect in the heaven and human domain."

At this time, Tianji is also slowly pacing over, with a look of indifference. Compared with letting xuanjiyue get the nightmare of the two pupils, one day he will become the shackles of the emperor Shitian temple, it's better to buy Xuanyi.

"Tianji, although your strength is inferior, why don't you try to stop it?"

Zhu Yue's face was not worried. After all, the queen didn't order her to bring back Shuangtong's nightmare.

As long as it doesn't fall into the hands of the reincarnation Lord of this life, it's the same for her.

"Me? You forget, I gave it to you just now. "

Tianji smile at this time incomparably sincere, like a child like innocence hidden as fox cunning.

.....

The smell of blood has not dissipated, the shell of the giant egg is still scattered on the river.

Stepping through the void, ye Chen stops. His eyes coagulate. Seeing the scene, he seems to have guessed something. He holds the Sha sword in his hand anxiously.

Indifferent face no longer, replaced by a deep dignified.

Are you still late?

Li Feixue follows Ye Chen closely and looks at the broken egg shell with a sad face.

What about Xiao Huang?

After Xiaohuang was taken away by the giant hand, all kinds of forces knew that they had no chance to win the treasure, so they had to leave bitterly.

At this time on the river, only the remains of the dead.

"Brother Ye! Look

Li Feixue pointed to the boat, and there was only one living man in the whole eternal realm.

When ye Chen looks at her, it's a frown.

The woman who played the piano was Zhong Yanxi, whom Ji Siqing took him to see not long ago.

How can she be here? Will she know where Xiao Huang is?

Naturally, Li Feixue didn't know the grudge between Ye Chen and Zhong Yanxi. He took the lead and flew to Zhong Yanxi. He politely arched his hand and asked, "excuse me, sir, do you know which force took away the strange beast in the giant egg?"

Zhong Yanxi didn't lift his head, as if he was just concentrating on playing the piano.

"Master..."

Li Feixue said again, "master, there is an ancient Guqin named Yaoguang in my father's palace. If you can tell me one or two, I will offer Yaoguang Guqin with both hands."

"Oh..." A sneer came slowly from under the veil.

"It seems that you are really used to hiding behind women."

Ye Chen sees that Xiao Huang's whereabouts are unknown. At this time, his anger rises gradually. When he hears Zhong Yanxi's taunt, his anger rises.

"It seems that you are here to wait for me! Do you know the whereabouts of Xiao Huang? "

Ye Chen's whole body has been entangled with the Qi Ze of the dark source Fu, and is ready to turn the mysterious body into the spirit at any time! Step by step, he approached zhongyanxi.

"Well! The man Qu Chenyan has loved for the rest of his life has really let me down. He is very weak. "

"Is it?"

Ye Chen's face is more and more iron green, and the cold voice seems to come from the nine hell!

This is the calm before the storm.

Li Feixue naturally perceives that there may be old grudges between them. At this time, it's inconvenient to speak, so she retreats behind Ye Chen.

"For Qu Chenyan's sake, I can tell you!"

Originally, ye Chen had already moved the heart that kills an idea, at this time also suppress to come down.

He needs to calm down!

He must know who took Xiao Huang away!

"The little beast you want to know was taken away by Xuanyi. If you ask me, I can take you to see it."

Zhong Yanxi's haughty voice comes. In the flow of flattering color, he looks at Ye Chen, and wants to see the boy bow his head.

Ye Chen Mou son one coagulates, cold hum a: "I thank you to tell Xiao Huang's whereabouts, as for beg you?"? No way. "

He has the heart of Wuzu and the will of Lingxiao. No matter what, he will never bow his head.

Li Feixue at this time heard that the woman unexpectedly let Ye Chen beg him, the complexion is also gloomy down, this woman is really an inch.

"Are you sure you want to refuse? Let Qu Chenyan's efforts be in vain? "

Zhong Yanxi is not too much entanglement, is still light said.

"Thank you for telling me. Goodbye!"

At this time, we already know that Xiao Huang is taken away by Xuanyi's ancestors. Time is running out, and ye Chen doesn't have the heart to follow her. Zhou Xuan turns around and takes Li Feixue back to taixuan's array gate.

"Stubborn!"

Zhong Yanxi looks at Ye Chen to leave, sullen and hair, small boat reverse shift and come out.

.....

In the gate of taixuan array.

"What do you say, master? Has Xiao Huang been taken away? "The blood dragon has come back not long ago. It has a strong breath! He even felt deeply guilty that he didn't protect yelol well!

Now, Xiao Huang has been taken away!

At this moment, he glared and continued: "is it the hell dragon temple or the holy heaven? Or emperor Shitian, xuanjiyue? "

"Old Xuanyi."

Ye Chen shakes his head. It's the first time that he's ever heard of this Xuanyi ancestor. At this time, he has no clue.

It's really no good. He plans to go to Beiling temple. Maybe Ren Lao and the temple owner should have heard something about it!

He even thought of Qin Ziwei!

Qin Ziwei's information channel may know the whereabouts of the so-called Xuanyi ancestor!

One side of the demon emperor also shook his head, for the heaven and man domain sect, he is not full of detail.

"Go and ask Taoist Yang Xi, the taixuan array gate has been established in this day for a long time. Maybe he knows." Yan Kun thought and then said.

Ye Chen nods and his figure has dissipated.

Soon, ye Chen met Taoist Yang Xi and simply told the story!

What he didn't expect was that Taoist Yangxi really seemed to know this person!

"Zhangjiao, do you mean Xuanyi Laozu?"

Taoist Yang Xi was sitting on the putuan with his knees crossed. His face was still pale. After this battle, he seemed to be ten years old. Even though ye Chen treated him with the eight trigrams Tiandan technique, his recovery was extremely slow.

After all, most people don't have ye Chen's terrible vitality!

Ye Chen's face showed a trace of joy. Seeing Taoist Yang Xi's reaction, he should have heard of the Xuanyi ancestor.

Yang Xi Taoist is nervous rubbed hands, some uneasy look to Ye Chen, as if can't believe what he said.

"Yes, it is confirmed that it is the ancestor of Xuanyi."

"No!" Taoist Yang Xi sighed, "Xuanyi gate is in the deepest part of Xuanyi mountain range, but it has been closed for nearly a thousand years. When he came out, tiandian hall wanted to make way for him, but later, I don't know why, it completely cut off the contact with the outside world."

"Can you tell me where the Xuanyi mountain range is

Ye Chen's face is anxious. Xiao Huang has just broken through. This is the weakest time. He must find Xiao Huang immediately.
