

## Physician 5381

### Chapter 5381

But in Ye Chen's eyes, it is strange and incomparable.

She is not Wei Ying! She is bing Ming Gu Yu!

Gu Qi seems to be prepared, not as surprised as ye Chen.

"Zhongpin Yangqi, Huici stone, Guanfu green."

"Zhongpin wangsun, pinshuiping, dianzhimu."

"Chinese Magnolia officinalis, go spear, you Baigu."

The incantation didn't stop. The three source symbols of Ye Chen and the seal of destruction Shinto came out, and all the power went to Guqi one after another.

"Master, I will help you!"

One day, two days, seven days have passed quietly.

Gu Qi's face is already very pale, sweat on his forehead, condensation dripping, and then condensation, and then dripping.

Ye Chen went all out to assist the rescue for seven days in a row, and it was too late to bear the burden.

He even uses the mysterious body to transform the supernatural power! All into the power!

Still not enough!

At the moment, some of his oil is exhausted, and the lamp is dry!

But ye Chen's eyes are still very firm!

"Ye Chen!"

Gu Qi suddenly roared: "go all out, refine all the ancient Bingming jade in Wei Ying's body!"

Ye Chen nodded, and the light of the Buddha condensed from his fists filled Wei Ying's body with the evolutionary power of the voice of the Buddha and the purification power of the holy water of the yellow spring.

Without hesitation, Gu Qi, with the power of the same fierce burning blood and the power of the supreme emperor's authority, bravely attacked Wei Ying with the light of the black iron awn.

Boom!

At this moment, Wei Ying seems to have been torn. The air of frost in her eyes, the reincarnation of blood, the fierce dark iron light, turns around, and it seems that a huge duel is going on.

"Broken!"

Wei Ying's voice trembled several times and roared. The power of silver and white frost scattered from her body and broke through the whole furnace.

Ye Chen and Gu Qi are in the moment of this roar, two mouthfuls of blood are ejected from their mouths, which is the power of counter attack!

Boom!

The furnace collapsed and it was over.

Ye Chen struggles to stand up on the ruins and walks to Wei Ying with trembling steps.

Gu Qi is sitting on the ground with a smile. It seems that this girl has a good chance. This time, it's really a blessing in disguise. She can completely devour Bing Ming Gu Yu.

"Wei Ying, Wei Ying..."

Ye Chen looks at the girl in front of her, hugs Wei Ying in her arms and calls her name carefully.

Although he is very tired, he is very conscious!

At this time, a slender hand slowly touched Ye Chen's cheek.

A little cold, and a little temperature.

That's Wei Ying's hand.

In Ye Chen's mind, he suddenly thought of the first time he saw Wei Ying in Beijing Normal University.

At that time, who could have thought that he had brought a girl from China to heaven and man just to save his parents.

Wei Ying's cause and effect is completely infected with herself.

"Ye Chen, I'm ok."

Wei Ying gently looks at Ye Chen, the tip of her finger is not too cold, and her cheek drops a trace of tears.

She knows what happened these days.

Ye Chen is in such a state because of himself.

"Let her have a rest first."

Gu Qi doesn't know when he has come over. Wei Ying's eyebrow is a little bit, and the other party has fallen into a coma.

"Before, in order to compete with Bingming ancient jade, she has consumed too much, now she needs to keep her energy."

Ye Chen nodded and looked at Gu Qi with gratitude.

"Master, you are the power of backfire..."

Ye Chen didn't mention himself. After all, his vitality is extremely terrible. The time needed to recover is very short, but Guqi is different!

He looked at Gu Qi, the elder of the refined Protoss, with concern. At this time, he felt the great difference from other super strong men.

"Ha ha ha, it's not worth mentioning the power of such a reaction!"

GU Qi said boldly and waved his hand indifferently: "tomorrow, when she wakes up, bring this girl to see me."

Then, the power of the blazing flame was gathering on the dark hammer, knocking on the blade.

.....

The next day.

Wei Ying's beautiful eyes opened. When her eyes touched Ye Chen, she was a little excited: "Ye Chen, I'm sorry, I..."

However, before he finished, he was blocked by a thin lip flap.

That's Ye Chen's lips.

Wei Ying eyes stare big, she never thought, ye Chen will kiss himself at this time.

At the moment, she even feels a little hot and dry, subconsciously reaches out her hand and embraces Ye Chen's waist.

She wants to tighten the distance between herself and ye Chen. However, at this time, ye Chen loosened his lips and said gently, "you don't have to say anything. If you save me so many times, can't I save you?"

"Now that we're awake, let's go to see Mr. Guqi. Without him, the consequences would be unimaginable!"

"And when will you hold your hand?"

Wei Ying blushed and quickly released her hand. She lowered her head: "OK..."

Soon they came to the place where Guqi was.

Gu Qi's eyes swept Wei Ying, but there was something unexpected. Wei Ying recovered even better than he imagined. He burst out laughing: "it seems that it's all swallowed up. It's really radiant."

After a night's rest, and what happened just now, Wei Ying's face was ruddy, and there was no more leakage of the frost power.

"Thank you for your help."

Wei Ying says that she has heard Ye Chen say that the thrilling process of treatment makes her very grateful to Gu Qi.

"Ha ha, it's better to thank this boy than thank me!"

Gu Qi smiles brightly, and then goes on: "look at your cultivation realm. After merging the ancient jade of Bingming, there should be a great rise. This thing is extremely precious in the supreme world, but the one who held it in that year has a great future."

Hearing this, Wei Ying looks at Ye Chen with some embarrassment. Not long ago, she has made a thorough exploration of her own cultivation under the witness of Ye Chen.

She knows that her strength has changed dramatically!

This supreme thing is more terrible than she imagined!

"Thank you for your concern. I have tried it."

Ye Chen also sensed something and said to Gu Qi: "I can feel that Wei Ying's strength has become more and more powerful. If she borrows the power of Bingming ancient jade, I will not be defeated."

Ye Chen's words are no exaggeration. If he doesn't use all his cards, Wei Ying has the supernatural things of the supreme world to help, but his power is greatly increased.

Wei Ying thought of something and said, "by the way, master, under the blessing of this ancient jade, my blood seems to have changed."

"Oh?"

Gu Qi's eyes show a sigh again, this girl's chance seems to be bigger than he imagined!

Wei Ying raised her hand slightly and her blood was boiling.

Chapter 5382

The power of blood and the combination of Qi and blood, a very mysterious and cold power, lingered around her.

Originally in the blood of blood red, now you can see the mottled freezing point flashing in it.

One, two, three.

Those mottled ice spots are not a single ice spot. If you look at them carefully, they are actually small ice apertures with three layers of ice apertures.

Ye Chen obviously already knows this matter, Wei Ying can escape from death, and has a great chance, he naturally does not hide from Gu Qi.

And secretly determined that this time, we must try our best to meet the conditions of Guqi.

"Although this blood is not as terrible as the one in the supreme world, it is also extremely powerful in the supreme world! And the decline of heaven, man and nature, no accident, you will be the biggest beneficiary! You are really a great blessing." Guqi road.

Wei Ying is so happy that she can evolve her blood at this time, which is really a good thing for her cultivation.

"Thank you for saving me."

Wei Ying said gratefully again.

"Ha ha, don't thank me, just thank him."

Gu Qi's finger to Ye Chen.

Wei Ying's face flushes, and she looks shyly at Ye Chen. Even though she was in a coma, Shenzhi hears Ye Chen's firm words and knows what he has experienced for himself.

This man is really Make yourself interested.

Wei Ying's shyness has never escaped Gu Qi's eyes. Let the young people talk about their own affairs.

Gu Qi once again raised the iron hammer in his hand.

"Wait!"

Suddenly, Gu Qi turned his head with a dignified look and reached for Wei Ying's blood.

Wei Ying's blood is strange!

Ye Chen, who has already put down his heart, looks at Gu Qi's action and is also nervous.

"What's the matter, master? What's the problem?"

Gu Qi's black iron light on the tip of his finger has broken through Wei Ying's blood protection and directly explored her blood.

Because of Gu Qi, Wei Ying reduced her resistance and let him explore.

"Alchemy and alchemy, trace back to the source!"

Gu Qi's whole body was covered with a golden dark light, and the copper body and iron bone had already wrapped him, which protected his whole body.

One after another, small trackers poured into Wei Ying's body.

Her eyebrows wrinkled slightly, and it was obvious that the tracker had caused some damage to Bingming ancient jade.

Ye Chen is silent, a eight Bu Fu Tu Qi has already slowly shrouded in two people's bodies.

"No way."

After Gu Qi recovered his magic power, he showed a very bitter expression.

"What's the matter, master? Is it the ancient jade of Bingming, and does it have the power to bite back?"

"

Ye Chen is extremely anxious, looking at Wei Ying's eyes have been full of worry.

"Just now I found out that the evolution of this girl's blood is a good thing, but there is a source of Qi in it."

Ye Chen carefully listen to Gu Qi's words, the source of Qi?

"Yes, so I suspect that some people have already used their extremely powerful power to turn the idea into the original Qi and enter the ancient jade of Bingming. Once the ancient jade is refined, the original Qi will trigger the evolution of blood."

"You mean it's a good thing that someone has done for a long time?"

Ye Chen just reflected that Gu Qi's words meant that the ancient jade of Bingming should have a master, and it set a trace of cause and effect. Unfortunately, the ancient jade of Bingming gave birth to wisdom and did not follow that cause and effect!

"Well..."

Gu Qi sighed, looking very dignified: "this idea is very powerful. I just used the magic power of refining the protoss, and I found that it came from the supreme world."

Wei Ying's mouth is slightly open. She thought she was in trouble, but now she suddenly changes.

If this thing is really someone in the supreme world and he forces himself to refine it, won't he offend this person completely?

.....

At the same time.

Taishang world, on Fengtian mountain range.

The figure of a woman infected with the torrential weather slowly emerged.

Women's eyelashes tremble, open their eyes.

"Bingming ancient jade, finally appeared."

"It's not in the world."

Women's ice blue hair, each ray of luster is like a spring of ice, full of the power of ice.

Beautiful robes, decorated with countless Phoenix wings, ice blue gems inlaid in the crown of the forehead, eyebrows flow is the disdain of everything.

"Fortunately, I left a breath on it."

"Well? Why is there a spirit of refining Protoss? Is this Bingming jade back in the hands of alchemists? "

The ice blue jewel on the woman's forehead now showed a different luster. The burning smell of the beacon mountains had been covered with a layer of frost."I'll see who dares to be contaminated with it."

The next second, a very powerful frost force, even through the layers of void, even directly fell into heaven and man, through the sea of stars light array, directly landed in front of them.

Gu Qi's face turned pale for a moment. Looking at the sudden appearance of frost figure, he murmured: "no, she's coming..."

At this moment, the whole world seems to be shrouded in a cold wind.

Ye Chen's eyes coldly look at the figure, he knows that the other party is not the body, but it still has a terrible threat!

The other side is the strong one in the world!

In a twinkling, ye Chen's soul body transforms. Regardless of his injury, Sha Jian is ready to sacrifice at any time, and quietly protects Wei Ying behind him.

"I didn't expect it to be her!"

Gu Qi gradually saw each other's appearance, and his face changed greatly. If he was the other super strong man, with his thin face of refining the protoss, he could still deal with one or two, but the other party was this difficult existence!

Ye Chen looks at Gu Qi thoughtfully and knows that the other party's trip is not good.

"Master, who is she?"

Wei Ying also looks at Gu Qi with a worried face. She knows nothing about the super strong.

"The supreme power, Shentu Tianyin."

Shentu Tianyin even has a certain origin with the taishanglian Protoss. In her anger, her heroic deeds of madly challenging the twelve tianzuns, even up to now, are still popular in the taishanglian world.

She's an unreasonable, scary woman.

Ye Chen's heart sank. How should he deal with such a formidable supreme power?

Gu Qi obviously also saw Ye Chen's mind and said: "you step back, I'll deal with her."

It's not communication, it's not explanation.

Gu Qi obviously knew enough about this super strong man, and even now he didn't have any optimistic speculation.

"I haven't seen you for a long time."

Gu Qi's dark hammer had been hanging on his waist, and his face showed a smile that he hadn't seen for a long time.

Chapter 5383

That dignified cold, slowly condensed a figure.

The silver white robe is decorated with colorful phoenix feathers, and the ice blue is long hair, flying high, with the dignity and solemnity of the superior in the world, just looking at Ye Chen and Wei Ying.

"It's you."

The cold voice, when she saw Gu Qi, gave a little meal. She didn't seem to think that what she saw was Lian Shen.

"Why, don't you be like a dog around the heavenly daughter?"

As soon as the words come out, they are satire and disdain. Shen Tu Tianyin obviously knows the cause and effect between Gu Qi's exile and the heavenly daughter.

Gu Qi didn't seem to hear it. He just looked at Shentu Tianyin with a smile and said, "I don't know what's the reason that makes your mind break through the limit of the realm and come to the realm of heaven and man?"

Shentu Tianyin obviously doesn't plan to make friends with Gu Qipan.

"Bingming ancient jade, on you?"

Her eyes pass the leaf Chen that stands in front of Wei Ying body, direct toward Wei Ying to say.

"Yes."

Wei Ying also has nothing to hide, this can't stand the exploration, Da Fangfang admitted.

"Good."

Shen Tu Tianyin didn't expect that the other party would just admit it. Now he has a little favor and shows a smile: "this is the amulet I left for my daughter. It was made by the ancestors of Guqi."

Shentu Tianyin's finger points to Guqi, which is obviously a very clear understanding of the origin of the Bingming ancient jade.

"It was lost after the first World War, but it was taken away by the alchemists. But no one can touch it except my daughter, do you understand?"

The cold voice is pressed down again, and the strong cold air makes Ye Chen and Wei Ying almost unstable.

"If you want to live, take away the ancient jade from Bingming immediately and put it in the cold nine mountains of heaven and man. My daughter will go and get it in person."

Shentu Tianyin snorted coldly, but Xuying had already made a turn, but there was still a cold voice:

"otherwise, you and he will die!"

Hearing these words, ye Chen's eyes are cold. He finally saves Wei Ying. Is it going to make him fall short when his lips turn over?

"The voice of heaven is strong, you don't know, this ice Dark Jade has been refined by this girl, if forced to pull away, she is also regarded as useless."

Gu Qi takes a look at Ye Chen's gloomy face, fearing that ye Chen will have a direct conflict with Shen Tu Tianyin, and explains quickly.

Shentu Tianyin originally intended to dissipate the virtual shadow, but now it has some substance.

"Oh? Do you want me to care about the life and death of ants now? "

Shen Tu Tianyin's eyebrow color showed a hint of incomprehensible irony: "I think you have been in heaven and man for a long time. You don't remember that you were born in the world."

Gu Qi shook his head obstinately: "if you need the ancient jade of Bingming, I will make another one for you."

"Ha ha ha..."

Shentu Tianyin seems to have heard a big joke, and the phoenix feather all over his body vibrates.

"You mean you? A man banished by the refined Protoss? A man who discredits the refined Protoss? "

Gu Qi's eyes suddenly darkened. Even after thousands of years, some people will still remember that he was the sinner denounced by the alchemist.

"Shentu Tianyin, don't go too far." Guqi road.

Shentu Tianyin's eyes and eyebrows showed a cold light. His eyes turned slightly and glanced at Guqi disdainfully.

"Even if you are the head of the refined Protoss, you dare not be so presumptuous in front of me!"

"My daughter's things can't be coveted by others. Even if I look at them, I'll dig out the eyes of the peeping man. Now, you obediently put Bingming ancient jade on hanjiu mountain. It's my gift to you that you can survive!"

Shentu Tianyin said to Wei Ying again.

"Besides, there's my idea in the ancient jade of Bingming. Don't you feel it?"

The cold eyes, like eagle eyes, looked at Wei Ying fiercely.

"Wherever you go, I'll know. Don't think about it. Run away. "

Wei Ying's heart was so oppressive that a trace of blood spilled from the corner of her mouth.

What to do?

Wei Ying's eyes are full of complaints about herself. If it wasn't for her forcibly devouring Bingming ancient jade, if it wasn't for her being unable to suppress the power of artifact, if it wasn't for saving him, ye Chen would not be in such a dangerous situation.

Wei Ying's hesitation and fear make ye Chen see her worry and timidity.

Wei Ying is not afraid of death, but she is afraid of Ye Chen's accident!

At present, ye Chen must not be contaminated with this woman's cause and effect!

Even if they become useless!

Wei Ying step forward, the heart has the answer!

"Wei Ying!"

Just as Wei Ying was about to open her mouth, ye Chen called out and put his hand around her shoulder. Wei Ying had been shaking under the pressure of the shoulders, under the palm of Ye Chen, gradually calmed down.

"Master Tianyin!"

Ye Chen hesitated for a few seconds, calm voice sounded, indifferent face no one else in the face of the upper fear.

"In this world of martial arts, everything can be obtained by the capable. I've never heard of anything that someone will just say and return. "

"Oh?" Shentu Tianyin's eyes narrowed, and all her dangerous eyes looked at the young man she had not seen from the beginning.

"What do you mean?" Shentu Tianyin has a wonderful way.

Ye Chen step out, eyes firm, word by word: "I mean, I don't agree."

Ye Chen said slowly, only four words, indicating his clear position.

"Don't you agree?"

Shentu Tianyin's voice had already contained anger. The phoenix feather on the robe had already whirled up, and each one was hung with the power of extremely cold frost.

Rolling, whirling, the wind in the void, the smell of ice and snow has all condensed behind the shadow of Shentu sky.

Boom!

The frost like force has swept towards Ye Chen, and the phoenix feathers are like a revolving sword at this time.

The special air of ice, with ferocious and violent air, tore up every inch of protection force in front of Ye Chen's body.

"Shentu Tianyin, don't push an inch!"

Is Ye Chen able to resist the attack of Shentu Tianyin in his fury.

Lianshen Guqi's strong body instantly incarnates into a copper bone and iron arm, blocking in front of Ye Chen. The dark iron hammer in his hand is sacrificed, which has been hit by the cold air of that forest.

Shentu Tianyin was so angry that his divine consciousness turned. The angry voice came from the void again. It turned out that it was the voice of the Buddha, which penetrated the layers of restrictions.

"You want to disobey me, too."

The powerful power of the original God, blessed on the shadow of the mind, is enough to overturn the breath of the whole star lake.

Rampant frost source gas, the moment of skipping the star lake, frozen!

All the lake water forms icicles at this time.

The authority of the superior, even if it is just a virtual shadow, is enough to make heaven and earth shake.

Chapter 5384

Boom!

In the face of the most powerful blow, Gu Qi no longer hesitated, eyes a coagulation, swung the hand of the Xuan hammer, the hot real fire gas, condensed in the Xuan hammer.

It's also the supernatural power of the supreme world, but its power at this time can't be compared with Shentu Tianyin!

Ye Chen knows that this can't be carried by Gu Qi alone! Step out step by step, holding a sword, a strange grain, gradually spread on the body, the mysterious body of the spirit of magic power!

"Shuo Lao, borrow my strength!"

The startling sound of the Dragon suddenly exploded.

On Ye Chen's body, the golden light blooms, and the breath of the dragon race rushes out, mixed with the endless breath of destruction, and goes to the virtual shadow of Shentu Tianyin.

Even into a dragon virtual shadow!

The virtual shadow of the dragon was filled with stars, which implied the fierce chaos.

This is the smell of chaos!

Xiaohei is also aware of the crisis, at this moment gradually wake up, and hand!

In the magnificent atmosphere of Hongmeng, there are strands of chaotic Star gas, vast and majestic, which is to cover the world, showing the supreme dignity.

WOW!

All of a sudden, a bright silver column of light came down from the sky. It was overwhelming and filled with madness.

The jewel on Shentu Tianyin's forehead shows an incomparably grand mark on the Supreme Court, just like the decoration of the sun and the moon. The strong breath waves out, and the whole world seems to be shaking.

Zheng!

Ye Chen stabs with a sword. The point of the sword stabs Xu Ying three inches in front of him, but it's like hitting an iron wall, and he is forced to retreat.

Invincible!

It's invincible!

Ye Chen looks at Shen Tu's Tianyin now, and a deep sense of powerlessness suddenly appears in his heart.

This supreme and powerful man, just a divine idea, is so strong.

But he won't wait to die! Big deal, burn the blood of the dark goblin! Risking one's life will make the so-called supreme not hurt Wei Ying!

Gu Qi also showed a last smile, did not expect just a touch of God, they have no way to suppress.

Shentu Tianyin is stronger than before.

Wei Ying closes her eyes in despair, and her heart is full of remorse. It's her who killed Ye Chen.

However, in the time of despair, the sudden change!

"My apprentice, I will not tolerate anyone who touches me!"

A white haired woman's figure rips through the void!

No one else! It's su Mohan!

Su Mo Han's figure suddenly appeared, his momentum surging, like the Supreme Master, full of invincible breath, and even let the wind and snow flow on the top of the mountain still.

The powerful, magnificent and magnificent atmosphere seemed to crush the sky after the arrival of Su Mo Han.

As soon as you turn your hand over, a cold sword appears in your hand, just like a crystal of ice.

Without the slightest hesitation, Su Mohan cut out a sword, a tearing heaven and earth, the road is merciless, the chill of the terrible sword swept out.

"Forget worry, merciless sword."

"Bang!"

The merciless sword light rushed out and directly cut into the empty shadow of Shentu Tianyin in the air.

What frost power?

What's too intimidating?

Under this sword, fall apart!

That a touch of mind virtual shadow, also in the void into powder!

Su Mo Han's sword is so terrible. Wei Ying looks at the beautiful figure in the sky and feels proud. This is her master.

"Master!"

Wei Ying's joy has been expressed in her words. She trots to Su Mohan's side full of joy.

Su Mo is cold to pour is to reveal a proud air: "what Supreme superior superior strong person, but so!"

Lianshen Guqi looks at the strong man who suddenly appears, but his heart is not as good as Wei Ying's.

Shentu Tianyin is stingy and vengeful. This time, the people in heaven and man's domain broke their mind with one move, and they will surely wait for revenge.

Ye Chen saw through Gu Qi's worry and said, "don't worry, master. Since she can't help us this time, then it's just like this in the future."

Ye Chen's words are not arrogant. He has already learned from the supreme daughter that there is a limit between the supreme world and heaven and man. When he meets Shentu Tianyin again in the future, he will have the strength to rise to the supreme. At that time, even if he is the supreme daughter, he will dare to fight, not to mention the supreme power.

Gu Qi originally wanted to say something, but later he faintly remembered the cause and effect between Ye Chen and the heavenly daughter, and nodded.

"But I'm afraid you can't stay here any longer."

Ye Chen's face was a little embarrassed. After these magic powers, the whole place of star lake was beyond recognition.

Gu Qi waved his hand freely, "no harm, no harm."

"Thank you for saving my apprentice's life." Su Mo cold put away before the pressure, tone is also full of gratitude.

Gu Qi faced the woman who only needed one move to break up Shen Tu's idea of Tianyin. He felt a little scared in his heart and just waved his hand gently.

"This is xuanmai grass, which can cure the pain of cold reflux."

The crystal clear spirit grass has been driven by Su Mo Han, turned into a pill and fell into Gu Qi's hands.

After yesterday's rescue, ye Chen has told Su Mohan all the process.

When she came here today, she wanted to take them back, but also wanted to thank Gu Qi face to face and heal him.

"Thank you very much."

Gu Qi was very happy. Originally, he planned to recuperate slowly through cultivation. Unexpectedly, this girl's master was also a very generous person.

Su Mo cold slightly nods, also does not drag mud and water, has taken Ye Chen and Wei Ying into the void.

"Boy, don't forget the terms you promised me!" Gu Qi thought of something and opened his mouth.

"Ye Chen promised that he would never forget it Ye Chen's firm voice came from the void.

.....

At the same time.

The supreme world, in the beacon mountains.

All the fire of the gas disappeared, replaced by a thorough heart piercing cold.

A woman opens her eyes and her anger burns in them!

"Bold! How dare you break my mind! I want to die

Shentu Tianyin was furious, infiltrating people's frost power. As if he was out of control, he wantonly penetrated and slaughtered in the mountains.

If she could come to heaven and man, she would not be so provoked by a woman!

However, the mysterious white haired woman's hand with the cause and effect of the world, obviously not in general.

"That's a damned limit!"

Shentu Tianyin is still furious and rampant.

"Ice bird, beautiful voice! Let her go to heaven and take back the ancient jade of Bingming

The resounding sound of Fengming resounds through the whole beacon mountain range. It has already carried the sound of Shentu Tianyin, and several figures circulate and disappear in the vast void.

Since it's something she left her daughter, she naturally needs her daughter to take it with her own hands.

It's a test for her daughter.

Chapter 5385

What's more, her daughter has been out all the time, and there are not too many causes and effects in the upper world. Presumably, the restrictions of heaven and man are not so strong for her!

"It's strange that the way of heaven outside China is declining. Why are the restrictions on the supreme world strengthened? What's going on here? "

.....

Heaven and man, taixuan array gate.

Depression, famine.

Taoist Yang Xi stood alone in the eyes of the gate of taixuan array, feeling extremely.

Here, at the end of the years, the incense was also prosperous, and the number of people flourished. At that time, it was also one of the most famous and decent schools in the whole heaven and human world.

At this time, there were only a few disciples, and many small caves became empty and uninhabited.

If there were no leaves, there would be no way to leave even the spark.

"Taoist Yang Xi is ashamed of taixuan array emperor!"

Taoist Yang Xi's eyes were gloomy, and his mouth was bleeding. Before the first World War, his internal breathing was damaged, and now he has a cold. In the face of such a situation in taixuan, he felt self pity.

"Ah, elder martial brother, why are you doing this?"

Wu Xuan hasn't called elder martial brother Yang Xi for hundreds of years. It's very helpless to see him at this time.

"Wu Xuan..."

Taoist Yangxi was such a fragile elder, but he felt powerless because of the disaster that was almost destroyed not long ago.

"Elder martial brother, since it's Zhang Jiao Ye Chen who guards our taixuan array gate, then we should stand firmly with him."

Wu Xuan said boldly, and the affirmation and trust of Ye Chen were between the eyebrows.

"You shouldn't think so much. At this time, you should concentrate on healing and reorganize the taixuan array."

Yang Xi Taoist listen to his words, but also nodded: "yes, Zhang Jiao young promising, is now the leader of young people."

"Moreover, now ye lu'o'er is still breaking through our taixuan array gate. As long as we protect ye lu'o'er well, Zhang Jiao will surely appreciate our taixuan array gate and guard us from the heart."

Taoist Yang Xi nods. Ye Chen's mind is mature and tenacious, and his cultivation realm is guided by the strong. The cause and effect is very deep, and even there are Beiling temple and many mysterious forces behind him!

Although Ye Chen is the leader of the sect, they don't ask Ye Chen to protect taixuan array gate forever. After all, the gap between taixuan array gate and Beiling temple is like a natural moat!

"You're right. Send orders to taixuan array gate. The whole gate will guard lu'o'er to break through!"

Taoist Yang Xi looked at Wu Xuan with a different look. He said, "Wu Xuan, after that evil thing, your heart is firm again. I'll shut up and let you handle all the things inside."

"Yes

Wu Xuan said without hesitation that in the last World War I, all the elders' accomplishments were damaged, so we need to grasp the opportunity to cultivate.

"It doesn't matter. The key is to protect yeluo'er and make sure she breaks through safely, as you said."

Yelol?

Originally standing not far away from the outside mountain patrolling disciple, when he heard the name, his expression was obviously a little strange. It turned out that the mysterious place of the sect, the woman who caused the strange sound of heaven and earth, was yeluo'er.

What kind of strong causal background should this be, so that taixuan array gate can do its best to protect her?

"Now, I'm taixuan array gate, neither breaking nor standing!"

Wu Xuan wore a light colored robe and said with a dignified face that he was always a reckless man. It's rare for him to be so serious today.

"Many disciples died and were injured in the fierce battle that day. Their names will always be engraved on the top and bottom of the taixuan array gate, but at this time, we need to revitalize the taixuan array gate! Try your best to revive taixuan! "

"Do your best to reorganize taixuan!"

"Do your best to reorganize taixuan!"

The disciples under the door looked sad and cried out.

.....

At the same time.

It's a palace full of mystery.

There is a very depressing atmosphere on the palaces of the hell dragon temple.

"What did you say?"

Yuwentai eyes open furiously, looking at yuwenji's eyes cold and piercing!

It's not enough for success, but more for failure!

"Father, this alchemy Guqi really doesn't have any oil and salt. I don't know why he just takes a fancy to that boy!"

Yuwen machine at this time is also very angry, had to be patient, will be one by one about the causes and consequences.

"So, the boy got the favor of alchemy! That boy again! Damned reincarnation Lord

Yuwentai's palm was pinched hard, and the crystal cup in his hand was broken in an instant.

The almost suffocating pressure of the stylosaurus throne is spreading, sweeping the surrounding waters into the sky!

Dragon King angry, Tang Guan sink!

This time, yuwenji failed. Naturally, he didn't have the face to say anything more. He had to take a hard look at fengwuji, expecting that his uncle could save him. "Lord, don't be angry. The boy said it was to save people, which means that he must be in trouble at this time. Why don't we make a plan?"

The wind has no pole also hate thoroughly the leaf Chen, at this time of bad intention of say.

"If we don't have the magic weapon to refine the gods, we'll forget it. As long as we get yeluo'er's nine heaven magic, our dark dragon temple can still dominate the heaven and man."

Feng Wuji showed a sinister smile. Who said there was only one way to make the hell Dragon Temple valued by wanxu?

As a famous disciple of wanxu, he actually paid more attention to yeluoer's nine heaven magic power, which was the real magic power.

"Now we have no choice! Just as you said, use the dark dragon order to spread it to the range of deduction and search for yeluo'er with all your strength! "

The dark dragon order is the highest level wanted order in the dark dragon temple. Anyone who has been on the dark dragon order will not die well in the end. He will become the soul of the dark dragon temple or the blade of his closest relatives!

In a flash, countless disciples of the dark dragon temple set out together!

All over the world, yeluoer's wanted notice appeared in any corner!

There is no place to hide!

.....

One day later.

Taixuan array gate, a hundred miles away.

A young man in taixuan Taoist robe gazes at a picture with a dignified and complicated look.

His fists were clenched tightly, his eyes were red, like blood!

He's hesitating, he's struggling!

Half an hour later, his hand was released and his expression was decisive!

At this moment, another disciple in taixuan Taoist robe came up and looked at the wanted notice on the wall. He frowned slightly:

"what are you looking at here? It seems that you have been looking at it for a long time, but The hell dragon temple really took a lot of money. "

"These treasures, even if I am responsible for the treasure house of our taixuan array gate, I have never heard of them. What's sacred about ye lu'er in the portrait? "Dragon people?"

The young man with congested eyes trembled and said:

"you say, if I know the whereabouts of this person and get these resources, can I go up?"

Chapter 5386

The reason why he said that was because he was absolutely sure that the woman above was the woman who had been guarding taixuan array gate for a long time!

That they have damaged many taixuan array disciples, the woman they want to protect!

Is it worth it?

He looked at the long list of precious medicinal materials listed in the reward list. With them, he could save many brothers of his own family. With them, his cultivation could rise and rise. With them, he would not be afraid of the enemy like death!

"What's the matter? Let's go and find the medicine quickly! "

Another disciple urged, pulling his sleeve and planning to leave.

But that youth is Mou son a coagulate, make up one's mind way: "you go first, I suddenly think of, some affairs want to deal with!"

With that, he disappeared into the vast mountains without waiting for his companions to respond.

.....

Dark dragon temple.

On the main hall, the haze on yuwenji's face has disappeared. Instead, he stands up, a little excited.

"Are you sure you heard me right? Did taixuan's disciples tell you that? "

"If you think about it carefully, it seems that the taixuan array gate is in the circle of yeluoer's possible existence It's just that taixuan array gate has been declining for a long time We didn't pay attention to the dark dragon temple... "

"I want to communicate with the disciples of taixuan array directly!"

"Yes, young master." The disciple of the Ming dragon temple turned into a dragon in an instant. He occupied the outside of the Ming dragon temple, forming a light curtain between his claws, flashing the ordinary disciple of taixuan array gate.

"It seems that in a short time, I will be in charge of the nine heavenly gods."

"All the disciples of the hell Dragon Temple follow me to the same place."

Yuwenji would like to hand it in person and bring the man back. This alchemy trip made his father angry. He must find a way to make up for his mistakes!

"Yes, young master!"

Many dark dragon guards have already emerged in the form of dragons.

"I'll see it this time, yelol! Where else can you hide! "

Yuwenji looks up at the void with a gloomy look, and his fierce eyes make everyone scared.

.....

Half an hour later, outside the gate of taixuan formation.

In a mountain forest.

Countless breath surging, towering prestige, and even let the radius of ten miles are swept by bursts of dark clouds!

"Last chance, where is yelol?"

Yuwenji looked at the blood covered taixuan array disciple in front of him, and outlined a smile at the corner of his mouth.

This disciple's heart pulse cultivation has been broken, only one breath left, and he is hanged by Yu Wenji with immortal grass.

"You..."

The disciple did not expect to provide information. There was no magic pill he imagined, but endless torture he could not endure.

"The last chance, as long as you tell me, I can give you a trace of dragon source, so that you can turn into a dragon and enter into my dark dragon temple."

Who became the God of the dragon?

The disciple had a dignified expression.

After all, if you join the powerful forces of heaven and man, you no longer have to live a life of relying on others.

"I said..."

The disciple could not open his eyes and curled up his fingers, groping on the ground.

"I said..."

Yuwenji looks very happy, ye Luoer, where else to escape!

.....

Dark Dragon Temple, in the dark room.

Yuwenji kneels on the ground and looks eagerly at his father yuwentai.

"Father, I've found ye Luo'er's position, right in the gate of taixuan array. I'll take her back this time and take the nine heavenly magic power!"

Yuwentai's eyes are full of anger, this is the first time I don't know how many times, yuwenji so promise, every time is not a loss, but a draw.

This time, recapturing the nine gods is the last way for the dark dragon temple to rise.

Can't fail!

"By the way, Jiutian Shenshu is very important, but it's not that there's no way to deal with it. Take this jade slip, which records the sky seven night array, and it should be able to fight against ye Luo'er who is now performing Jiutian Shenshu. If this girl practices to the extreme that day, remember, you can only escape! No, the latter is impossible! "

"I hope you don't let your father down this time!"

Yuwenji takes over the jade slips and nods. As Yuwentai's most proud son, all his opportunities are given by Yuwentai. He knows that as the little master of the dark dragon, he must never lose his authority and preferential treatment.

The gloomy and lonely eyes turned into an arc, directly on a huge stone.

Boom!

Boulders turn into powder!

"Ye Luo Er, ye Chen, I will make you pay the price!"

.....

At night, Taixuan array gate.

Longwei, sweeping from all directions, encircles the gate of Taixuan array.

The rolling black clouds condense the powerful dark Qi of the dark dragon, and the powerful pressure, like a huge stone, oppresses the gate of the Taixuan formation. Void also because of this pressure, become solidified, the bright light of the moon is gradually engulfed by the dark.

"It's the hell Dragon Temple!"

The demon emperor of Zhetian stood on the star of dunjia, looking very worried. When the dark dragon temple came, it seemed that they knew the whereabouts of yeluo'er.

"No! What's to be done? " Yan Kun way, although he is reckless, but at the moment is calm down.

"One to kill one, two to kill a pair!"

There was a cold smile on the corner of the dragon's mouth. He hadn't tasted the bloody smell of the hell dragon temple for a long time.

"Good! Guard to the death

The demon emperor also showed a bright smile, so he came to guard ye luo'er for ye Chen.

At the moment, the entrance of taixuan array gate.

"Elder martial brother!"

Wu Xuan frowned and saw the encirclement. It was obvious that the dark dragon temple was well prepared.

"It's the arrested disciple."

Yang Xi Taoist said, the hands of the whisk suddenly waved: "it's our people, leaked the news."

Wu Xuan knows the meaning of this sentence in his heart. Taoist Yang Xi is telling him that ye luo'er must be protected with all his strength, otherwise the taixuan array gate can't bear Ye Chen's anger at this time.

"Don't worry, elder martial brother!"

Wu Xuan nodded, this heavy task, let him bear too much this time!

"I don't know why you from the hell dragon temple came to taixuan array gate?"

Wu Xuan didn't treat the hell Dragon Temple as respectfully as before, which was obviously not a good situation.

"Hand over Ye Luo Er, I can consider leaving a little incense for you, otherwise, everyone in taixuan array gate will die."

Yuwenji's gloomy voice, as from the ice cave inside out, cold and evil.

"All disciples, listen! Taixuan entangles the Dragon array

Wu Xuan is very clear that this disaster may be more dangerous than the last one who expelled from the school!

But no matter what, he must keep it!

"Roar!"

The disciples of taixuan array gate were full of Qi. Their Taoist robes rolled over. Taixuan daoran's Qi penetrated through the gate.

Five elements and five ways, six turns and samsara, seven gods and eight turns and 99 derivatives!

Chapter 5387

One by one, taixuan Daoqi presents a strong intention of killing and cutting, rolling over the gate of taixuan array.

Even condenses the light law meaning!

Surging and surging is the killing intention!

The array deduction of taixuan's disciples is more advanced and pure than before.

Yuwenji glanced at the gate of taixuan array. In his opinion, the crude array was full of holes, which could not be regarded as guarding the mountain array.

"Let me meet you, the Dragon troubling array!"

In a flash, Yuwen turned into a dark dark dark dragon. Every scale of his body showed the darkness of eternal night, as if there was a dark world in every dragon scale. His breath was extremely terrible, and he flew to the Dragon entanglement array.

Among the chilly dragon scales, the cold light wings, every corner and every hard armor swept the whole array with indomitable momentum.

Shua! Shua! Shua!

The huge dragon figure shuttles through the array.

The blood burst on the bodies of the disciples of taixuan array!

Extremely powerful martial arts charm, mercilessly kill, like killing a chicken in general!

In the land of alchemy, he is humiliated and damaged by Ye Chen one after another. Yu Wenji's anger finally has room to vent.

"Poof..."

A mouthful of black blood spits out from Wu Xuan's mouth. This Yuwen machine is so powerful. It's not the same level with them at all!

Can't even a few breath support it?

At this time, the sudden change!

"The evil spirit moves the sky, the dead spirit attacks, open!"

The emperor of covering the sky drank wildly. With the brush of his sleeve and robe, the evil spirit surged out. A skull, ghost, Shura, Yasha and other demons came out of the fog, forming a demon army and killing yuwenji.

"Elder Wuxuan, let us have it here!"

Yan Kun step out, the sword has been horizontal back in the back, very arrogant block in front of Wu Xuan's body.

Wu Xuan hesitated for a few seconds, still nodded. With the help of the disciples, he kept retreating.

At the moment, yuwenji's Dragon claws release the divine light, such as the justice of heaven, flying locusts and crossbows, killing a demon.

But between heaven and earth, the evil spirit is endless!

Countless demons, rolling out of the attack, can't be killed.

The whole sky presents a magnificent picture. On one side, is the monstrous spirit, full of empty dead army. On the other side, the dragon's shadow is turning upside down, and the divine light is almost tearing the sky, as if there are ten thousand dragons singing. Countless weapons and arrows condensed by the divine light are killing madly.

The dragon and the devil attack each other.

"Break it for me!"

Yuwenji roared, and the sound of the dragon's song resounded all over the world. The dragon's claw was full of black gas, and there was still the power of thunder.

WOW!

The outer robe of the demon emperor was torn by the dragon's claws, revealing the white flesh and blood of the forest. At this time, the white bone was already revealed.

"Master devil!"

XUELONG and Yankun rose up in the air for the first time and took back the demon emperor.

"Nothing!"

The demon emperor shook his head and said firmly: "this guy in the hell Dragon Temple seems to be more powerful than before after the decline of the way of heaven. Be careful!"

"Don't worry, master!"

Blood Dragon nodded, the whole person's blood gas has risen abruptly.

"Yuwenji! Die for me

Yan Kun and blood dragon, like two sharp blades, rush to Yu Wenji in a flash.

"Upgrade, Tianjing explosion, I've suppressed it!"

Yan Kun looks up to the sky to drink, big hand a town, a wisp of blood gas condensation, into a crystal clear blood nucleus.

Boom!

The next moment, the blood nuclear explosion, causing a huge wave, hard to Yuwen machine to kill.

Yuwen machine seems to be ready, for ye Chen these several helper moves, he already knew.

Although he didn't care, Yu Wenji didn't dare to neglect it. At the moment, he urged the Ming dragon's Fuzhao to burn, but it turned into a round of terror and rose up.

Boom!

Yan Kun's sky crystal explodes, explodes on this exterminating wheel, suddenly explodes the torrential fire, innumerable Yan mang continuously swings, the sky and the earth seem to degenerate into a sea of fire, continuously dark black divine light sweeps around.

"Where to run!"

Yan Kun is full of vigor and vitality, coming down from the sky, a continuous stream of blood condenses, turns into a sword, and goes to Yu Wenji mercilessly!

"Huanglong GuDi! Divine light enters the world

Blood dragon's whole body blood burst out, blood seems to be burning, burst out a brilliant blade with the breath of the wild dragon, with the dragon's murderous gas, straight cut yuwenji.

The flying knife broke through the air and made a hissing sound.

At this time, the two joined hands to fight against yuwenji, but they did not lose.

Yan Kun holds juexian sword in his hand. It's like adding active gas to his body, plus burning Protoss blood! The sword moves are very powerful. Yuwen machine for two people's hand, don't care, backhand took out a piece of glittering scales.

Impressively is the eternal scale!

WOW!

The scales of ancient times turned into a blade of divine light. Suddenly, an amazing light of the sword, mixed with the evil spirit of terror, soared into the sky.

Countless black fog demons, turning into various monsters, dark palaces, skeletons, ghosts and other illusions, frighten people's mind.

In addition, there is a continuous stream of majestic gas from the blade.

The power of the source Qi is more terrible than the juexian sword in Yankun's hand!

The crisis of death covers everything!

It's an ancient scaly sword, which is horizontally mounted on the blade of Xuelong and Yankun.

The swords and swords hit each other, which caused astonishing waves.

The source gas is surging.

Puff!

Yan Kun was shocked and vomited blood on the spot. He looked very embarrassed. He stumbled back more than ten steps, almost half kneeling on the ground.

"Taizu Gulong! Seal chain! Broken

The blood dragon suddenly drank, his eyes cracked, and his whole body was full of blood, constantly pounding the chains of the shackles.

Boom!

With the shaking of the chain, the world is shaking, exploding the bloody lightning.

Countless thunder, rolling down on the blood dragon body, want to crush the rune chain!

The blood dragon's body came from the sky. The huge red dragon's body, surrounded by thunder and lightning, as well as flying swords and swords, is constantly rolling, showing the magnificent atmosphere.

There is a chain, broken!

The blood dragon knows that he has no choice. If he wants to compete, it must be so!

Yuwenji saw this scene, the fundus of his eyes was shining, and the sarcastic look had appeared on his face.

"Back up!"

How could you hide?

"How long can you endure with the help of a stick of incense?"

Yuwenji's rampant laughter came from the void. For the powerful power of the blood dragon, the hell Dragon Temple chose the method with the least damage.

Blood dragon exasperated raises claw to clap to void, only have a wisp of incense, he can't leave too Xuan array door.

At this time, yuwenji's action, let him in a dilemma, at this time has been burning with anger, eyes like a flame, burst out of infinite anger!

Chapter 5388

.....

It's time to see a stick of incense!

Yuwenji appears again!

He seized the right time, and when the power of the blood dragon's archaic ancestor dissipated, he led the strong one of the dark dragon temple to return to the gate of the taixuan array again.

"Brute force is useless, do you understand?" Yuwenji looks at Xuelong sarcastically.

Blood dragon a cavity indignation have no place to vent, at this time listen to Yu Wen machine so arrogant, body again stand firm.

"The power of the body of the ancient emperor! Burn it for me

As high as the sun and the moon, as big as the pressure of heaven and earth, constantly rolling from him, the space of heaven and earth is constantly distorted, and there are countless dragon chants in the sky and the world.

"Rule of thunder, I've suppressed it!"

Blood dragon roars, dragon claws kill hard, volley toward Yuwen machine rolling down. Strands of thunder and lightning burst out from the blood dragon's claws, beating and shining all over the sky.

The blood dragon who broke the chains should be weak at this time.

But under the provocation of Yu Wenji, he forcibly burned the body power of the ancient emperor Huanglong!

"Blood dragon!"

Yan Kun screamed sadly, but the blood dragon was overdrawing his body and blood at this time!

"Jie Jie..."

The Wanlong scalpel knife on yuwenji's claw is turned over again and magnified dozens of times.

A knife with the meaning of the law of fury, come directly!

Boom!

This knife seems to be across everything, bombarding the blood dragon!

"You want to fight with your body?"

"I want to be a hero!"

"Let me see if you have the qualification!"

Yuwenji's voice is constantly coming out!

After three breaths, the blood light splashed and the wound burst on the blood dragon's body.

Yuwenji didn't chase after the victory. Instead, he looked at the crowd like a joke.

Yu Wen machine mouth outline a smile: "who else?"

Blood dragon body landing, blood flow on the ground, almost formed a shadow, but still struggling to get up!

He has not lost yet!

Yan Kun and the demon Emperor help to stand up, the blood dragon can be so fierce fight!

What are their qualifications to escape!

"What nonsense?"

"If you have the ability, fight with me again!"

Ye Chen's brother is not afraid of death!

Blood dragon's bloody face, also flashed a trace of solemn and stirring, he must guard ye lu'er for his master.

"Ye Chen, you coward, why? Can you just put a few blocks? "

Facing the challenge of the defeated soldiers, yuwenji didn't pay any attention to it, and yelled at the gate of taixuan array. The thunder between the two claws is now and then.

"Ye Chen, is it good to be a turtle? You come out now, kneel down and call my grandfather, I can consider letting you go! "

Yuwen machine a pair of not in a hurry, can also scold posture, let Yan Kun and blood dragon heart anger attack!

"Shrink your sister!"

"Get out of here!"

Two people again insolent, without fear of rushed to Yuwen machine.

Not enough magic power! Look at the treasure!

Treasure is not enough, then they have a set of immortal body, can Mantis arm block car!

At that time, let them listen to yuwenji humiliate Ye Chen!

Sorry, they can't!

Even death!

Nothing but death!

That's all!

At this time, deep in the gate of taixuan array, the meaning of breakthrough suddenly changed, and then, there were many visions!

The majestic golden light surges in all directions, dispersing all the evil Qi and all the dark Qi. The heaven and the earth are one of the clearest, filled with the ancient atmosphere of flood and desolation.

"It's yelol!"

The demon emperor was overjoyed. She made a breakthrough at this time!

Yankun and Xuelong are saved!

As long as ye lu'o'er has completely broken through the Dragon God's heaven breaking formula, with one of the nine heaven God skills, the supreme mystery of the dragon clan will surely be able to overturn the territory and sweep everything.

Yuwen machine obviously also felt something, look a cold, big hand for a while: "hands!"

The power of countless dark dragon Protoss instantly tore up the guard array!

And the blood dragon, Yan Kun, Zhetian devil emperor and many taixuan disciples are stepping out at this moment!

Guard!

This is a collision of blood and flesh. The flying blood light falls in the gate of taixuan formation, forming large blood stains.

"Hold on! I'll protect you! "

The demon emperor looked lonely and arrogant. He waved his hand again and cut out with his sword.

It's like a mountain or a prison.

Everyone is fighting a bloody battle!

Yuwenji's dark dragon's scales are covered with blood mist!

These are the blood drops of red gold, and there is still a hot breath. Yan Kun's bun had already been scattered, and the blood on his face had no effect on his arrogant outburst!

It's also the burning power of blood!

Go ahead!

Fearless of death!

Yuwenji squints, this group of ants, under the collective outbreak, have such power!

If it was not for his holding Wanlong scales, he could not be the enemy at this time!

But now! He who has scales of ten thousand dragons is the master of ten thousand dragons. He is the dragon of mountains and rivers!

"Put it down!"

The shape of Wanlong's scaly sword is like a roaring deep-sea Raptor.

The rising breath of dragon chants envelops all the people.

Between the virtual shadow and giant claws, the demon emperor and others were held tightly.

The Qi of blood light in the blood dragon's body was gradually weak, and it had reached the critical moment of life and death.

Boom!

In the deep of the gate of taixuan array, there was a huge sound of explosion, a huge explosion like a mushroom cloud, which was involved in the void layer by layer!

There's yelol!

Yuwen machine squints, dangerous fierce light to see deep.

Surrounded by layers of golden light, yeluoer turns into a dragon, breaking the void. The whole world is shaking violently at this moment, and the mountains and rivers seem to be cracking.

Million trillion of space-time, in an instant smashed, the sky of heaven and man, appeared a black hole like extinction space, countless starlight, magnetic Aurora, rolling down.

Yeluoer's Dragon God broke through the sky, causing a startling weather. When the Dragon roared, the sky bowed and everyone shook.

With a happy face, the demon emperor abruptly opened the limitation of the virtual shadow: "yuwenji, your end is coming!"

Yeluo'er's breath at the moment is so powerful that it's out of the ordinary. If the Dragon God comes in person, every dragon scale is shining with bright golden light, sharp dragon claws, and sharp spirit. It seems that it's going to crush the sun and moon, smash the outside world, and the Dragon tail swings, and the rolling air blows into a galaxy of stars. It's so grand that it's beyond discussion.

"Will the Dragon God break the sky?"

Yuwenji shows a ferocious smile, for the Dragon God to break the sky, the dark dragon temple has been ready!

"Roar!"

Yeluoerlong roared and shocked the sky. With a wave of his paw, yeluoerlong crushed the void and created a long river of annihilation. Any living creature who fell into the long river of annihilation would fall and die.

"Is this the power of the nine heavenly magic powers?"

The demon emperor immediately guards the blood dragon and Yan Kun who fall under the virtual shadow dragon claw, and then stares at ye lu'o'er's figure. At this moment, ye lu'o'er seems to be incarnated as a Dragon God. She is invincible. No one can look directly at her figure!

Chapter 5389

However, Yu Wen Ji looks at this annihilation River, but it is indifferent smile, a change last met Ye Luo Er disheartened appearance!

"No!"

After all, the demon emperor is very resourceful. At a glance, he can see that Yu Wenji must be well prepared. Ye Luoer will suffer!

"Be careful!"

Now the reminder is over!

Yuwenji's roaring voice resounds all over the world!

"Seven night array in the sky!"

Boom!

Wanlong scales burst out in a strong colorful luster, in the face of yeluoer's whole body strong light, also not inferior!

All the strongmen in the dark dragon temple turned into black dragon shapes, sawed in all directions.

Inside each claw, there is a crystal.

The crystal gives off a strong glowing luster, day by day laser rays crisscross each other.

All the light gathered into a big airtight net!

"Sleepy!"

The Wanlong scale in yuwenji's hand is the first to roll toward yeluoer's position.

That piece of burning big net, also closely follow, tightly trap on the body of Ye Luo Er!

Ye Luo Er's beautiful eyes open, obviously some accidents!

After she broke through, she felt that she was surrounded by the law and should be able to suppress everything!

But when this giant net appeared, she found that her state was not right!

Damn it!

Yeluoer struggled and roared, and the dragon was more and more tight under the huge net.

"Nine days divine skill, also just so, I this black dragon seven night array, how to feel?"

"But it's good that you haven't practiced completely, otherwise the sky seven night array will be useless to you!"

"But for now, yelol, you haven't grown up yet! I'm not qualified to fight against the seven night array in the sky! "

Yuwen machine dragon claw wave, has the whole big net in hand.

At this time, yeluo'er was suppressed by this extreme array, and the meaning of the nine heaven magic rules disappeared, and the whole person was forced back to human form.

Yan Kun step out, eyes show fierce light, even if fight this life, he also can't let Yuwen machine take people away!

Yu text machine looking at is still self-sufficient Yan Kun, eyebrow a pick.

A strong man in the dark dragon temple has been roaring and running towards him.

Light wave flow, a huge blade has appeared in the dragon claw of the strong.

"Chop!"

The demon emperor could not care more, so he quickly offered a sword to Yankun before the giant blade arrived.

"Yuwenji! Stop it

Ye Luo'er looks at the scenes in front of him with a dignified look.

In order to protect her, a lot of taixuan disciples had accidents again and again, and her friends were also scarred!

This is not the result she wanted!

If it continues, the whole taixuan array gate will have an accident!

Although Yankun and others are still breaking out, they are at the end of the storm.

And the elder devil, who has been injured, has no power to fight again.

The whole gate of taixuan array was shrouded in a pathetic atmosphere. Such a decadent struggle was not something they could hold with their own lives!

"Wu Xuan!" Yangxi Taoist roared, his eyes were full of determination.

Hold on!

Be sure to hold off!

Wait until palm master comes back!

Isn't he always at the most critical moment?

"Master Yangxi, master devil!"

Ye Luo'er, trapped in the array, shouts to them at this time.

"Don't waste your time. It's nothing."

Ye Luo'er doesn't wait for their response. Looking at Yu Wen Ji, Xiu Mei frowns, "Yu Wen Ji, you just want nine heaven magic!"

Yu Wen Ji gives a smile: "nine days divine skill, originally should be my dark dragon temple thing!"

At this time, Ye Luo'er was not in the mood to discuss the origin of the nine heavenly magic with him. He just looked at the emperor and his party full of worry.

Then, red lips slightly open, opening a way: "now, nine days divine skill has been comprehended by me, you want to get him, unless I personally teach."

At this point, the tone turned cold: "otherwise! You will get nothing

Jiutian Shenshu is the goal of the hell dragon temple this time, and it is also the premise of being recognized by Wanxu. It is too important for them.

"Are you threatening me?" Yuwenji's eyes were cold and his fingers moved slightly.

He didn't like the feeling.

In an instant, the black dragon seven night array begins to contract, and yeluo'er sends out a whine of pain.

"Yes! I'm threatening you! "

Ye Luo'er still clenched his teeth and said clearly: "anyone here, even a disciple of taixuan array, if there is any damage, I ye Luo'er swear that even if I die, I won't let you get the nine heaven magic power!" You Yuwenji glares at Ye Luo'er viciously. He has already sensed that ye Luo'er's breath is changing. Obviously, he wants to explode himself!

If yeluo'er blew himself up, his trip would fall short!

Yuwenji hesitated for a few seconds, and finally spoke again: "withdraw!"

In a twinkling, he has disappeared into the void with yeluo'er.

Ye Luo'er looks back at the bloody people. She can't even believe it. If elder brother Ye knows that she was taken away by the hell Dragon Temple, what kind of fury would it be!

But right now, it's the only choice!

Yan Kun sad looking at Ye Luo Er disappeared figure, at this time, he just feel that he was so incompetent, even the elder brother's woman can't protect!

This time, the blood dragon burned the power of blood, forced to break through the charm chain, the whole person had already fallen into weakness, but his eyes were extremely cold.

The demon emperor can only give her a comforting look before ye luo'er leaves, indicating that he will let Ye Chen rescue her as soon as possible!

.....

After World War I.

The smell of blood of taixuan array door almost radiates to thousands of miles.

One after another, many taixuan disciples and elders did not feel happy for the rest of their lives. Instead, they looked at the three people of the demon emperor with a heavy face, and ye luo'er was robbed. How should they explain to Ye Chen?

.....

At the same time, in the void, the Qi of the dark dragon reaches the sky!

Although Yu Wenji promised Ye Luoer not to fight against taixuan, he knew that in the world of martial arts, cutting grass without removing roots would bring endless trouble!

He took a look at ye luo'er, and immediately communicated with a strong God behind him!

The strong man in the dark dragon temple naturally understood yuwenji's intention, nodded and finally disappeared in the crowd.

And just after Yu Wenji takes Ye Luoer to leave banzhuxiang, a small group of strong men of Ming dragon temple appear again!

"Elder martial brother! No good

When Wu Xuan saw some strong men in the dark dragon temple with terrible breath, his face showed despair. Is it true that this time taixuan array gate can't be protected?

Taoist Yang Xi has already issued the order of acting headmaster!

And now the disciples who stand at the gate of the mountain also vow to live and die together with the gate of the mountain!

The demon emperor had known that yuwenji was a dishonest villain. At this time, he could only stand in the front, and his killing intention and evil spirit kept gathering.

Chapter 5390

"Yuwenji! You are deceiving people too much in the hell Dragon Temple! "

Yangxi Taoist roared angrily.

This dark dragon god temple really doesn't pay attention to their taixuan array gate. It's really resentful to take advantage of the opportunity to enter!

"Jie! According to the little Lord's order, the taixuan array gate dares to hide the people wanted in the dark dragon temple. It's punishable

The leader made a determined voice and looked down, which made countless taixuan disciples feel infinite killing intention.

"The evil of the hell Dragon Temple! Watch me kill you

At this time, the demon emperor had no time to take care of Yankun and Xuelong. He turned his hand and regardless of his injury, he was already running towards the strong one in the dark dragon temple!

"Roar, roar!"

In a twinkling, the powerful men were incarnated in the dragon body, and the huge claws of the dark dragon radiated the prestige of the dark dragon sea. The breath of the Dragon almost hit the disciples of taixuan array on the cheek.

Now, the most important thing for the demon emperor is time!

Before many strong people in the dark dragon temple could react, there was a cold voice on the void!

"I'm sorry I'm late!"

"Since the hell Dragon Temple dares to touch my Ye Chen's people, today, I will fight with the hell Dragon Temple!"

Many people of taixuan array heard the sound, and they were very surprised!

The first thing for Xuelong to wake up is to look at Ye Chen. His eyes are full of grief.

He didn't protect yelo!

But ye Chen helped him up.

"Don't worry, I'll get the Revenge of the hell Dragon Temple myself!"

Ye Chen's fierce eyes make Wei Ying palpitating. At this time, he looks like a killing God, which is daunting!

XUELONG nods hard. Next, he must strengthen his cultivation and make himself a person who can stand beside Ye Chen and provide help!

"Ye Chen!" Under the action of Ye Chen's eight trigrams heaven Dan stove, the demon emperor also recovered some of the source gas.

"This time, the hell Dragon Temple is obviously ready, and it has brought several strong people from Taizhen! I didn't expect that taixuan disciples would betray the array gate... "

The devil emperor of covering up the sky told the whole story, and ye Chen's eyes and eyebrows were full of murderous ideas.

However, in such a dangerous place, there are two figures!

One of them is extremely young and young!

"Master, when can we go back to find ye biwang?"

Ji Lin turned his lips. In the void, he followed the greedy wolf emperor for a long time!

Even the passage of time here is different from that of the outside world.
