Chapter 5401

Nine days of thunder, fate shock.

The greedy wolf emperor instantly condensed a small world of fate. He saw a small world full of evil spirit, which completely shrouded the dark dragon temple.

In this small world, there are ancient and simple words floating, and everywhere are the glorious chapters of fate, which are vigorous and ancient.

The mystery of writing, like ancient writing, is constantly cruising, showing the dignity of fate, as if containing the order of ancient destiny, to control the world.

"The sound of greed, the galloping stream and the chopping!"

With a violent sound, the greedy wolf emperor slashed out with his sword and directly cut the head of Shitian.

Zheng!

Hum, hum Under the infusion of the law of destiny of the heavens, the great sword of the greedy wolf emperor is extremely powerful, and the power of the greedy roar and galloping chop also breaks out to the extreme.

The emperor Shitian's eyes narrowed, and the greedy wolf emperor angrily took out his hand. This sword was earth shaking and unmatched.

Before the sword came, the emperor Shitian felt creepy and his hair stood up, as if he would be broken into pieces in the next moment.

Facing the sword of the greedy wolf emperor, the emperor Shitian could not resist either with the supreme Sabre or the Supreme God.

After tens of thousands of years of precipitation, and finally the sublimation of the void experience, the strength of the greedy wolf emperor is far higher than that of himself.

What's more important is that the way of heaven is declining outside the territory, and the void experience and return to the outside world, surrounded by the laws of the greedy wolf emperor, is more terrifying to the aura outside the territory!

At the moment, the edge of greedy wolf's sword is too terrible, enough to crush all the magic powers and defeat the enemy.

"Emperor's pure Yang mirror, guard!"

At a critical juncture, the emperor Shitian sacrificed the emperor's pure Yang mirror and firmly guarded in front of him.

WOW!

The fiery mirror light blooms like a golden flame. The emperor's pure sun mirror seems to have become a sun. The mighty majesty of ancient sages permeates the sky and protects the world.

Compared with the last time, the pure Yang mirror condensed by Emperor Shitian has more demonic spirit.

For the perception of demons, Emperor Shitian has obviously risen to a new level.

"Put it down!"

The greedy wolf emperor gave a violent drink and cut it down with a sword.

With the advantage of a big sword, even the real sun can be cut open with one sword.

Zheng!

The blade of the sword cuts down, and the golden dagger clanks.

Yuwentai takes advantage of the process of the two men's competition, the dragon claw has swept to yechen with the whistling breath.

"Brother ye, be careful!" Yeluo'er exclaimed, but her figure was bound by the sky seven night array. At this time, her cultivation broke out, and the array was more compact.

Ye Chen has been paying attention to the trend of Yuwen and his son. At this time, he sees yuwentai launch an attack. Xu tuyuan Fu and Chenbei are sacrificing to protect himself!

"Watch out for Yuwen machine!"

Ye Chen reminds Ji Lin that the next second he finds that Ji Lin has been dragged into the war by Yu Wentai.

Ji Lin's face was cold, but he didn't have much fear.

In her heart, this hateful dragon has repeatedly forced the king to fight against Ye. She Ji Lin is going to get rid of the harm for the people today!

Yu Wen Ji looked at Ji Lin, his hands behind him, his face light, but also showed a malicious smile: "little beauty, I still lack a warm bed concubine! Think about it or not? "

Ji Lin snorted coldly, and an ancient Rune gushed out of his eyebrows and went in one direction: "warm up your sister! Your whole family will warm your bed! "

Yuwenji's expression is transient and his killing intention is surging. He is also chasing Ji Lin!

.....

The picture turns to the side of emperor Shitian and greedy wolf emperor.

"Break it for me!"

The whole face of the emperor's pure sun mirror was abruptly split in two and reduced to scrap iron.

Then, there was a "boom" explosion. The mirror was completely broken, and a large number of pure Yang spiritual power burst out like the tide, surging in the void, producing a terrible explosion, like the roar of the sun in the sky.

The pure Yang power flows to Yu Wentai, and his huge dragon head turns around and absorbs all the pure Yang power into his mouth.

"This is Spirit and evil devour

Ye Chen sees this scene, indifferent expression some accident, it seems that Yu Wentai has been hiding, unexpectedly secretly practiced this evil power.

However, the emperor's pure Yang mirror was destroyed, and the emperor Shitian was instantly attacked, and a little blood was sprayed out from his mouth, gradually dyeing part of his white hair.

The strike of the greedy wolf emperor infused his original Qi. It was unreasonable and powerful. Even if the emperor Shitian had the emperor's pure sun mirror to resist, it could not be completely blocked.

Because of the attack of sword Qi, and the rupture of the magic weapon of emperor's mirror, the emperor Shitian was injured and his face turned pale.

"Younger martial brother, if you step down, I will stop. It's good for me to see the decline of extraterritorial heaven The greedy wolf said.

However, the emperor Shitian shakes his head. He is the master of the demons. If the greedy wolf emperor can't help him, he won't care about the friendship of his elder martial brother."It's today that the demons testify."

"The trial of demons, come to the world again!"

In the spirit of the emperor's interpretation of the heavenly language, there is an eternal cold.

He could not forget that he was still thinking about the testimony of the demons. At this moment, he wanted to launch the trial of the demons!

"I curse you, life is exhausted, aging and decaying!"

"I curse you for your bad luck

"I curse you, you have no marriage, you are lonely all your life!"

"I curse you, the heart of Tao breaks down, and the resentment is deep!"

"I curse you, you are weak and sick!"

"I curse you, Fengshui does not turn, eternal calendar difficult!"

"I curse you, your relatives and friends have no words, and you will die of sorrow!"

"I curse you, the future is dark, not the sun!"

A series of curses were chanted from the mouth of the emperor Shitian. A ray of light from gray to extreme and gloomy to extreme was released from the body of the emperor Shitian. It hummed and vibrated and turned into an ancient lock.

Originally, you can't kill people with the heart devil's curse sword. You want to let people sink into your own heart devil and be tortured to death by your own evil.

However, if the devil's power is disturbed and the mole ants are killed at will, there will be a great cause and effect on the emperor Shitian.

But now, he is awed by the fact that he has more lice and is not afraid of itching.

"Greed, anger and infatuation!"

"Bitter parting!"

The greedy wolf emperor made a seal with his hands and uttered a voice of eternal, sad and solemn destiny.

From the greedy wolf emperor's body, a continuous stream of evil spirit of killing fate blasted straight into the sky, penetrating layers of sky abyss, radiating to the entire dark dragon temple.

In the vicissitudes of the entire Dark Dragon Temple, the cold ground rises the surging evil spirit of the mean, instilled in the big sword of the greedy wolf emperor.

"All the curses come from your own love! Long time no see

The last six words of greedy wolf are like the preaching of Buddha.

In the whole void cangming, all echo and repeat.

Chapter 5402

"Xuanxianzi, shuolao, borrow my strength!"

Ye Chen yells, and then a evil sword has crossed the sky. Under the cover of the dark breath of the dark source, he sweeps Yu Wentai with the extremely sharp sword that carries the seal of destruction.

He has taken some injuries, even if there is a terrible vitality, but also the recovery is not as fast as before!

At the moment, Yu Wentai's dark dragon shape, with strong resentment, devours the pure Yang power of emperor Shitian, and even reveals the breath of curse.

"Moon soul chop!"

Ye Chen has entered a frenzied state, and the Sha sword is waving.

Boom boom!

Impact on yuwentai's scales, one layer after another, the power of lightsabers collides with each other!

Yuwentai raised his mouth, ye Chen such a realm, in his eyes is not enough to see, such as eggs against stones in general!

At the same time, the fighting on both sides burst out a very bright light.

At this time, the dark dragon temple faintly heard the cry of the Jiao people. The blood rain was floating, and the cry moved the ground.

The sword of the greedy wolf emperor is full of the evil spirit of the whole dark dragon temple. It is sad, full of vicissitudes. It is as sharp as electricity. If you want to destroy all worlds, you can directly kill the emperor Shitian.

Shitian, the master of the heart demons, has cold eyes and testifies. He firmly believes that all people will become his followers and crawl under his feet.

"The heart devil's great compassion curse!"

Emperor Shitian's face was dignified. At this time, he looked at the greedy wolf emperor, and there was no more waves.

"The light of the dark dragon

Seeing this scene, Yu Wentai knew that things had gone out of control!

The appearance of the greedy wolf emperor and other powerful people in taizhenjing is doomed to disturb the layout of his dark dragon temple!

At this time, he didn't have the slightest hand. A jade charm condensed between the dragon's claws.

The divine light burst out from it and enveloped Ye Chen in it.

"Kill

Yu Wentai's eyes were sharp, and the jade talisman bloomed fiercely. At this time, the abyss in the underground cangming was completely crushed.

Countless dark dragons are howling and roaring, and countless voices are roaring and groaning. Yu Wentai's big killing move is coming towards Ye Chen.

The rolling cangming river carries endless laws and evil spirits. If it is submerged, the strong in Taizhen will surely fall!

"Bingning magic power!"

Ye Chen side of the void suddenly burst, a graceful figure appears, unexpectedly is Wei Ying.

The rolling cangming River, under Wei Ying's volley, began to condense into ice.

"What are you doing here?" Ye Chen don't overdo, ask a way.

"Blood dragon, they are out of danger. They are too worried about you, so let me give you a hand."

Wei Ying light said, in the face of Ye Chen, she will always have a warm March smile.

At this time, with the help of Bingming Guyu, she has entered a higher level. Whether yuwenji or yuwentai, she is confident that she can help Ye Chen.

Ye Chen nods and doesn't say anything more. He knows in his heart that Wei Ying is worried about herself and the danger in the hell Dragon Temple, so he comes to support herself.

"Bingming blessing!"

"Hongmeng big star sky!"

"Greedy sword dance!"

At the same time, the three people's moves all hit Yu Wentai, and even completely let Yu Wenji go.

Yuwenji doesn't worry. A figure falls in front of yeluoer. The Dragon God's ultimate goal is to break the sky.

"If I don't volunteer, the nine heaven magic will explode in my body, and you won't succeed!"

Ye Luo'er said angrily. At this time, she watched elder brother Ye fight with Yu Wentai, but she couldn't help him!

And the first battle of the Hell Dragon Temple, he is the origin!

The only thing she can do is to die and not let Yuwenji get Jiutianshenshu!

"Oh! It's not your turn to have the final say! "

Yuwenji's sarcastic smile, the scales of Wanlong in his hand, raised high again.

Black dragon seven night array, under the traction of ten thousand dragon scales, gradually gathered closer.

Ye Chen, Ji Lin and Wei Ying are fighting against Yu Wenji and Yu Wentai. At this time, they have reached a delicate balance.

But if this balance continues, it will be broken!

But no one knows who broke it.

.....

At the same time, the land of Star Lake.

Shen Tu Wan'er frowned, although Gu Qi had died.

But with the traces of Shentu Tianyin's cause and effect, she still noticed Wei Ying's breath, because at this time, Wei Ying broke out a strong sense of war in the Ming dragon temple, and used the power of Bingming ancient jade.

"Guqi, Guqi, do you really think I can't find the bitches who devour my things?"

"As long as that bitch uses the ancient jade of Bingming once, I will have a chance to find her!" "I will tell the world that the ants in the world are not qualified to spy on my Shentu Tianyin!"

Then, with the handle of her umbrella propped up, the clouds rose, and she had disappeared into the void again.

.....

The picture turns around. The dark dragon temple.

Layers of abyss, constantly shaking, seems to collapse.

"Cangming dragon scale hall! Get up

Yuwentai face the three sides of the big killing move, face dignified, a big wave of hands, a dark black palace, rumbling, rising from the bottomless abyss, burst out a continuous red flame.

On the dragon scale Hall of nacangming, all the scales have evolved into dragon scale sharp blades, and the mighty breath of the dark dragon is burning. This palace is actually a huge artifact of law.

Is this the inside story of the hell dragon temple?

Ye Chen looked at the crazy rotating scales, and the mysterious body turned into a magical power!

Endless spiritual power is surging in the elixir field!

At the same time, red dust God pulse crazy outbreak, Xu earth source Fu, Nine Emperor town sky array!
A handle! Two handles! Three handles!

The huge sword array of the emperor covers Ye Chen's three people tightly to avoid the attack of the dragon scale sweeping all over the sky.

At this time, the greedy wolf emperor was suppressed by the power of the heart demon of the emperor Shitian, and gradually fell into the inferior position.

At this time, Emperor Shitian had already defeated him, and he had time to give Yu Wentai an attack.

Emperor Shitian launched the trial of mind demons. Within tens of thousands of miles, they were enveloped by the boundary of mind demons. All the creatures could not escape. They could only lose their intelligence and become the puppets of emperor Shitian under the endless torture of mind demons.

"Heaven's sword, broken!"

Wei Ying scolded, waved her hand, and a great golden light gushed out. She turned into a huge sword and cut it to the magic crystal wall.

The huge sword cuts on the crystal wall of the heart demon, making a heavy collision sound, but it can't shake the crystal wall.

"I can't even cut the supreme sword!" Wei Ying looked surprised and couldn't believe it.

"Don't waste your efforts. There are no weapons in the world except the supreme source soldiers, which can break the heart cancer."

Ye Chen's face is extremely dignified. This layer of heart magic crystal wall is very firm. Unless you use the supreme source soldiers, you can't break it at all.

But all of a sudden, a bright blue ray of destiny surged between heaven and earth, tearing a gap in the evil spirit around.

Chapter 5403

The sudden appearance of the shadow broke the extremely passive situation.

"A magic weapon that has not been completely refined? The crystal wall of heart without core? Ha ha ha! It's fun, it's fun

The shadow laughed wildly, and his whole body was wrapped in a black cloth.

In this way, ye Chen suddenly appeared in front of them, breaking the passive situation for them, and even piercing their current dilemma.

Ye Chen stares at each other, incomparably affirms that he does not know at all!

He even thought, is this person sent by any elder?

Soon, ye Chen's doubts are relieved!

Because there was an extremely angry voice from the shadow:

"Yuwen old thief! Today is the day of your death

The shadow galloped away, cutting off the power of the emperor Shitian with one blow, but it went towards Yu Wentai.

"Emperor Shitian!"

At this time, the greedy wolf emperor has made a comeback again, and his eyes to the emperor Shitian have been extremely cold. Although he did not inherit the master of the heart demon, he found that his strength was left far behind by the emperor Shitian, and he was very upset!

The greedy wolf emperor suddenly showed a huge hammer in his hand: "the way of greedy wolf, hammer eight sides!"

Boom, boom!

The sound of the huge hammer hitting the temple is endless. At this time, the numerous buildings of the dark dragon temple above cangming make a roaring sound under this powerful collision.

The shadow flashed by, leaving blue light in cangming.

"If you can sacrifice cangming dragon scale hall, I may be a little afraid."

Dark shadow seems to know Yu Wentai very well, and ye Chen knows cangming dragon scale array differently.

"But it's a pity that you stole this palace. You haven't refined it thoroughly. How can you stop me?"

Black shadow looked up at the sky and laughed, fearless of the attack of ten million scaly blades.

This cangming dragon scale hall is the magic weapon of the ancient sages. It has the martial arts foundation of the sages. Yu Wentai plundered it by means of means. At this time, it was not fully refined, so he could not offer sacrifices.

Even the sacrifice can not be done, Yu Wentai's hand cangming dragon scale hall throwing, the shadow did not put in the eye.

Whoa!

Dark shadow turned out an ice blue sword between his palms. Suddenly, the heart of the sword was clear, and he saw the movement of yuwentai dragon tail clearly.

"Do you want to beat me in the next three dirty measurements?"

Yuwentai eyes dignified, this shadow is the eternal enemy, others can not guess the identity of shadow, he is the first time to see through the identity of shadow hiding.

"It's better than a guy like you who's hiding."

"You shouldn't be here today."

Yuwentai's eyes contracted, his final plan failed, and his face was dignified.

Dark shadow is stronger than he thought.

Ye Chen at this time to see someone can hold Yu Wentai, slightly a joy, from each other's words, must be the enemy of the dark dragon temple!

It's a good time to come!

No longer hesitating, he and Ji Lin, Wei Ying look at each other, three people together toward yuwenji.

"Emperor Shitian, save my son!"

Yuwentai sees yuwenji besieged by three people and looks at the emperor Shitian with a trace of pleading.

When everyone is secretive about the master of the heart devil, Yu Wentai can stand up and secretly cooperate with the master of the heart devil. He also has his own purpose.

Emperor Shi Tian had a helpless glance at Yu Wen Ji.

This is one of their agreements, Yuwen machine even if it is again unbearable, also want to save.

Emperor Shi Tian with Tengteng kill intention, can only one arrow step block in front of the Yuwen fuselage!

At this time, the greedy wolf emperor stood up again.

Never flinch!

This is what the greedy wolf emperor has never given up.

"Master, I think something is wrong. Now that we have rescued Luo Er, I think we should leave."

"Dark source sign, run away!"

Since ye Chen rescued ye lu'o'er, there is no need to be involved here. The key is that at the moment, he has a faint sense of the danger!

Ye Chen hastens to sacrifice the dark source symbol, and wants to take ye lu'o'er and run away.

"Want to go? It's not that easy! "

Emperor Shitian has completely opened the power of the heart demon. With a cold hum, he cuts it out with a sword.

Under the edge of the sword of emperor Shitian, ye Chen's vast starry sky collapses and shatters on the spot, and countless tiny stars are annihilated in the endless abyss.

Just as the game was about to be settled, Yu Wentai showed a terrible smile at this time. He had called on the strongman of the dark dragon temple to hold back the shadow,

"all this is far from over. It's just the beginning."

He swam in the entire Dark Dragon Temple, all the places are decorated with lanterns, which is the preparation for yuwenji's wedding.

When Yu Wentai's figure appears again, it is at the bottom of the hell Dragon Temple, where is a hell under the ground, and also the source of the last power of the heart devil in the hell dragon temple.WOW!

It's the sound of chain dragging. Yu Wentai buckles his precious keel on the hell gate.

Boom!

Yuwentai, holding the keel, seems to be the commander of all hell messengers.

The black shadow heard the roar, turned and disappeared into the void again.

The emperor Shitian seems to have known what this is. All the evil miasma has been put away, and the yuwenji has been flying to the direction of yuwentai.

This breath from hell is so blazing that once it is enveloped by them, everyone will die.

Ji Lin, Wei Ying and others are suspended in the sky, and there is a little pressure in their eyes.

Under the pressure of opening and closing the gates of hell, they could not breathe.

Is this the real card of the hell dragon temple this time?

"You go first, I'll stop her!"

"Today's business, I was prepared to carry it alone!"

Ye Chen's eyes are full of blood and clenches his teeth. He is alone and bears the impact of the cool breath of hell. At the same time, he offers the seal of destruction and the symbol of darkness with his backhand. He uses darkness to urge the escape technique and transfers Ji Lin, the greedy wolf emperor, Wei Ying and others out of the coverage of the hell Dragon Temple! The destruction of the seal is the face of the strange!

"Ye Chen!"

People see ye Chen unexpectedly left alone, immediately shocked.

They turn their heads and see ye Chen's body, as tiny as a mole ant, against the background of the life flying at the gate of hell.

He is the master of reincarnation. He is in charge of the six paths of reincarnation. This is just the gate of hell. How can he be afraid!

In a twinkling, he was invincible, mixed with the sword Qi of countless creatures' Qi and blood, and killed Ye Chen fiercely.

"Six ways of reincarnation, open!"

At the critical moment of life and death, the reincarnation pattern of Ye Chen's palm emerges. A huge reincarnation disk slowly emerges from behind him. It is the six ways of reincarnation.

There are also Geng Jinyuan Fu, Guangming Yuanfu, dark Yuanfu, Leiting Yuanfu, Wutu Yuanfu, and highly toxic Yuanfu. A total of six Yuanfu also appear on the reincarnation disk.

At this moment, ye Chen actually put six source symbols on the reincarnation disk to enhance the power of the six ways of reincarnation.

Chapter 5404

The six ways are heaven, humanity, animal, Asura, hungry ghost and hell.

Heaven humanity, corresponding to Geng Jinyuan Fu, represents the golden light of heaven and man, which is magnificent.

Humanity, corresponding to the source of light, represents the greatness of light and the permanence of humanity.

Animal way, corresponding to the dark source symbol, represents the animal disaster, the dark sink.

Asura Road, corresponding to the thunder source symbol, represents the magic power, such as thunder.

Hungry ghost Road, corresponding to the poison source symbol, represents the hungry ghost howling, poison forever.

Hell Road, corresponding to Wutu source symbol, represents the world of Tibetans, eternal.

Ye Chen's six source symbols correspond to the six samsara. It seems that everything has a definite number. Not only that, but the reincarnation stele also surrounds the whole body!

Dust stele, wind stele, burning stele, spirit stele, poison stele, dark stele! The power of the steles, gather the whole body!

Infused with the six source runes and the xuanbei of reincarnation, the power of the six path reincarnation method suddenly broke out to the peak, dark and bright, thunder, earth, Gengjin poison, all kinds of road operation, evolved into a dark, chaotic and boundless, close to the energy of Taishang road.

The white flames burst from the hell. All the hell creatures, under the command of yuwentai, poured into the bodies of the dark dragon strongmen, and their own martial will was also thoroughly integrated.

Boom!

All the strong ones in the dark dragon temple, the roar of the Dragon claws breaking the dawn, like a volcanic eruption, the hell energy erupted to the extreme, burning, constantly baking the space, and the whole abyss space was constantly distorted.

"Samsara fist, break!"

Ye Chen suddenly drinks, mixing the six ways of reincarnation of many forces, and pouring all the energy into his fist.

This blow broke out. If you want to blow through the sky and the stars, the surrounding abysses are constantly shaking.

Ye Chen's reincarnation blood is also burning at this moment. This is his strongest blow. Even if the early master of taizhenjing comes, he will be killed by a fist.

Hum!

A lofty and magnificent, huge virtual shadow also emerged from behind Ye Chen.

That was the figure of the reincarnation Lord!

At this moment, ye Chen as if incarnation reincarnation of the Lord, a hard blow to the door of hell!

Since Yu Wentai could not be restricted, he forced the gate of hell to close!

The next moment, the strong men of the dark dragon, one after another, fight against the fist of samsara. They are not afraid of death. Under the divine power of Ye Chen, even if they turn into powder, some later strong men continue to come.

But at this juncture, ye Chen naturally will not shrink back, ye Chen's six samsara fist, still indomitable, hard to kill to the door of hell.

Boom!

Even if ye Chen's fist can shake the starry sky, it can't shake the gate of hell.

This is the law of cause and effect, which is more magnificent than the stars in the universe. Even the heaven and the universe should be subject to the authority of cause and effect.

The gate of hell is boundless, and the boundless and eternal life is yuwentai's ultimate killing move. Unless the superior can do it, there is absolutely no way to close it.

It means that ye Chen may occupy the peak for a while, but what about lasting?

How much power does he have to face the endless crowd?

Ye Luo Er's eyes are full of tears at this time. It's all because of her that ye Chen is finally on the dead end.

Is there no way?

"Ye Chen!"

Ye Luo'er's golden light scattered all over her body. With the sound of dragon chanting, the Dragon God broke the sky again. For Ye Chen, she can't be so passive any more!

"Hahaha, reincarnation Lord, what a great spirit! It's a pity that you are too weak to be my enemy in this life! "

Yuwentai looks up at the sky and laughs. From the figure of the reincarnation Lord, he feels the growth potential of terror.

Once Ye Chen's blood, all recovery, complete growth, it is absolutely above the sky, even the superior must kneel down to surrender.

Fortunately, Ye Chen's cultivation is only half of his original state. He can't exert all the strength of reincarnation. Even if the six ways of reincarnation burst out, he can't hurt the hell gate.

In the end, the powerful ghost dragon and the endless hell creatures finally cling to Ye Chen,

puff!

Ye Chen gushes out a mouthful of blood. The disk of reincarnation and the virtual shadow of the Lord of reincarnation are shattered.

His viscera, too, were shaking violently, almost to pieces.

The huge anti shock force is constantly coming, which is suffocating.

Ye Chen burns the six samsara blood, but he doesn't hurt Yu Wentai. He is like Mount Tai, and he doesn't look shaken.

Yuwentai, the cruel gate of hell, sacrificed the life of the strong man in the dark dragon temple to hell. He didn't have to pay all the price in order to kill the reincarnation Lord!

"How? It's nice to be watched with a knife. " Yuwentai sneered.

"Wu Tu Yuan Fu, guard!" In the crisis, ye Chen offered a symbol of the source of Wutu, opened up a world of Wutu, slightly resisted the cutting of the random blade of space, and sat down on his knees to heal.

"The blessing of Koi, the magic of eight trigrams!"

Ye Chen pinches a formula, uses the fairy Koi to copy, and then uses the eight trigrams Tiandan technique.

All of a sudden, the empty shadows of golden carp floated around Ye Chen's body, dispersing the darkness. A wisp of eight trigrams Dan Qi is also shrouded in Ye Chen's body, constantly treating his injury.

"Ha ha, I will let you recover so easily?"

Yuwentai laughs, raises the keel in his hand, a new chant, the hell once again enthusiastically attacks, is about to open.

"Enough."

A cold and gentle voice came from the void, with the dignity of the superior. As soon as this speech came out, everyone felt the extremely strong oppression.

The sound Is it the goddess of heaven?

Ye Chen's heart trembled.

"It's worth opening the gate of hell, and your million year cause and effect of the hell Dragon Temple is burned?"

In the void, brilliance suddenly appeared. Under the divine power of Tianjian, a touch of the will of the heavenly daughter came.

Yuwentai some stupefied looking at the heavenly daughter, she appears at this time, today Ye Chen's life, so keep it?

He was very unwilling and paid too much.

"Lady of heaven, the Lord of reincarnation has been the enemy of the hell Dragon Temple many times." Yu Wentai kneels down to the ground and looks at Ye Chen with more venomous eyes.

With a random wave of the heavenly daughter's finger, the gate of hell has been closed.

Yu Wentai's keel turned into powder quietly. The retribution was beyond his imagination.

"Tiannv, I swear to heaven that ye lu'o'er is the active marriage between ZuLong temple and Minglong temple."

Yuwenji hastened to explain that the Empress Dowager certainly came with a will, but this will can kill him here with a finger.

He did not dare to lie or even look directly into the eyes of the heavenly daughter, even if it was just a shadow.

"Emperor Shitian, after the disaster, you should have realized that you shouldn't commit murder again. Today, you leave by yourself, tomorrow, you will have your cause and effect

"Yes

The master of demons has always been a villain who pursues advantages and avoids disadvantages. In the face of the real strong people in the supreme world, he has to bow down to be a minister.

Come and go in a hurry.

Yu Wentai looks at the figure that emperor Shitian leaves, some secretly scold that he is really nothing.

"Ye Chen, what do you say?"

The empress looks as usual, and looks at Ye Chen. She wants to know more about ye Chen than the dark dragon temple. Now, how does Ye Chen look at all this.

Chapter 5405

The appearance of the goddess of heaven seems to determine the direction of today's war.

The existence of the supreme world is enough to determine the life and death of others.

The key is why does the heavenly daughter ask Ye Chen about this?

This is the biggest question in people's minds.

Just as everyone was waiting for ye Chen's reply, ye lu'er took the lead and said to the heavenly daughter:

"heavenly daughter, everything today is because of me. I don't want to marry Yu Wenji at all, and the dark dragon temple marries me because I realize that the nine heavenly gods have broken the heaven."

"Oh?"

When the heavenly daughter hears ye Luo'er say this, her fingers are clasped and a golden light pops up. The sky seven night array, which has troubled ye Luo'er for three days, is falling apart.

This is the full strength of the cultivation realm.

"At a young age, you can master the nine heavenly gods. No wonder you can make Yu Wenji so desperate."

The heavenly daughter took a look at the two crawling Yuwen father and son. At this time, she couldn't help hanging a trace of clarity.

After all, it's a matter of supernatural powers.

The martial arts world can be found everywhere.

However, this Ye Luo'er's talent and opportunity are really amazing, even in the supreme world, I'm afraid it's not weak.

The key point is that the shadow of the heavenly daughter faintly finds that the cause and effect of Ye Luo'er is extremely complex.

Some places, even she can't see through.

There are only two situations, either this person is just a human being who can't cultivate martial arts, or this person has enough information to suppress the supreme world.

Obviously, it's the latter.

"It seems that we have gained a lot today," she said

Then, her beautiful eyes looked at Ye Chen and said, "Ye Chen, since you can't protect her, let her go to the world with me."

As soon as the words came out, everyone on the scene took a breath!

Countless people want to set foot on the world, even those who are too real to be able to do, and now, with a casual word from the heavenly daughter, yeluoer can step into the world?

What a terrible chance!

Yuwen machine expression shock, he is very clear, as long as ye Luo'er agreed, their dark dragon temple will be destroyed one day.

Moreover, from now on, he will never have the chance to get the nine heaven magic.

He is not reconciled!

But in the face of that surging with the meaning of endless law, he has no right to refuse!

At the moment, the heavenly daughter is waiting for ye Chen's reply. She is always open and aboveboard. She only uses strength to convince others, and will never play tricks.

Ye Chen knows this, but it's absolutely impossible to let ye Luo'er follow her to the world.

"Brother ye? What to do... "

Ye Luo'er sees Ye Chen's determination, and knows that Ye Chen will not agree, but as long as she is by Ye Chen's side, the Hell Dragon Temple, or other forces, will definitely hit her.

I'm sorry.

"Brother Ye, maybe it's my cultivation and nature for me to go to the supreme world. I don't want you to be led by the nose all the time."

Ye Luo'er gently pulls Ye Chen's tight fist at this time. The girl's weakness is perfectly shown by her.

"Lol, I'll protect you."

Ye Chen said seriously that Ye Luo'er went to the supreme world alone. There were so many unknowns that no one knew what would happen there.

"No, brother Ye, the last thing I want to be is a burden on all of you." Ye Luo'er's eyes are sad. She looks at the demon emperor, blood dragon, Yan Kun, greedy wolf emperor and others, one by one, to protect herself.

"I never want to stand behind you and be protected by you." Ye Luo'er shook his head in pain.

Ye Chen knows that Ye Luo'er should not live under his own limitations because of his own selfish thoughts. He hesitates for a few seconds and says: "Luo'er, you choose. Anyway, I will support you."

The heavenly daughter did not interrupt them, but just looked at them like a passer-by.

Chivalrous and tender, although her pig raising plan hopes that Ye Chen can greatly increase her strength, a little more emotion is better than a killing machine like Hong Tianjing.

"Brother Ye, I have decided that I will go to the supreme world with the heavenly daughter. One day, I hope you will come to the supreme world and pick me up."

"In that case, let's go! I can't stay here for long, though the way of heaven is declining

In a flash, a bright star covered ye Luo'er and the heavenly daughter, and then the void behind them was torn!

The figure disappeared.

Everything has returned to calm.

Ye Chen looks dignified, watching the heavenly daughter with ye Luo'er disappear out of thin air. Although he is a little reluctant, at least it is a great chance for ye Luo'er. He is not entitled to be deprived.

Today, the entire Dark Dragon Temple is only left with Ye Chen, Yu Wenji and Yu Wentai, as well as the dark dragon temple which is beyond recognition at this time.

Ye Chensha pointed to Yu Wentai and said, "from now on, I will never die with you in the dark dragon temple."

He obstinately looks at Yu Wentai not far away, and the dark dragon temple and himself are doomed to become immortal.

Yuwentai grabs yuwenji, who is going to do it, and gently shakes his head. At this time, they have reached the top of the storm. With the care of the heavenly daughter, ye Chen, the reincarnation master of the previous generation, has no worries about his life.

Moreover, they have paid a great price, and it is not appropriate for them to get angry at this time.

"Next time, you will die in my dragon temple!"

Ye Chen also no longer talks nonsense, turn round to leave, join with the public.

.....

Soon, ye Chen met Wei Ying and others.

"Where's lol?"

Wei Ying looks at Ye Chen in doubt. With Ye Chen's character, she will never leave ye Luo'er and run away by herself.

"The goddess of heaven came together and brought Luo'er to the world." Ye Chen has some complicated openings.

"What?"

The greedy wolf was surprised!

Forcibly take people to the supreme world, but there will be some punishment.

There are even risks.

What is the reason for this?

Is Yelol qualified to take the risk?

Ye Chen Mou son a coagulation, looking at the sky, a word a way: "the change of extraterritorial heaven, leave me time is not much, I will with the fastest speed, kill to the supreme world!"

One day, he will bring Yelol back intact.

"You go back to the gate of Taixuan array first. I'll go to the place of Xinghu."

Ye Chen said, looking at Wei Ying: "you contact Su as soon as possible, it seems that someone is going to rob Bingming ancient jade."

For ye Chen, the hatred of the hell Dragon Temple is not important at the moment. What matters is what happened there!

Wei Ying nods. It seems that Shentu Tianyin, who is in the supreme world, has taken action.

Chapter 5406

An hour later, a woman's figure was suspended above the dark dragon temple.

This woman is no other than Shen Tu Wan'er!

Shen Tu Wan'er's black iron umbrella blocked the flow of water. When she saw the collapse of the dark dragon temple, her brow was slightly wrinkled.

Has there just been a catastrophe here?

Although she was not long in the realm of heaven and man, she knew something about some powerful forces.

The hell Dragon Temple is not an ordinary force. How could it have such a result?

She closed her eyes and the old mark on her brow appeared.

The collision of divine consciousness and the exploration of cause and effect.

Suddenly, Shen Tu Wan'er opened her eyes. She could not help exclaiming: "the heavenly daughter?"

Just now, the heavenly daughter has been here. Is the target also Bingming ancient jade?

However, due to the limited exploration of cause and effect, she never saw Wei Ying. Instead, she noticed that another girl was favored by the heavenly daughter.

"It's not suitable to stay here long."

Shen Tu Wan'er speculates that here, he quickly operates the black iron umbrella to hold it up, and then disappears in the same place, trying not to get involved with the heavenly daughter as much as possible.

.....

At the same time, ye Chen has come to the place of the star lake. The original light array is empty now. Anyone can easily break it.

"Senior Guqi!"

Ye Chen instantly perceived what, step out, came to a place.

He looked at his cold body as if he could not believe his eyes.

In this way, he died quietly in the realm of heaven and man.

Ye Chen is full of regrets. He is full of respect for the elder who saved Wei Ying.

Is Shen Tu Tianyin's daughter so powerful?

Ye Chenzai looks at Gu Qi's body carefully.

It seems that the clothes are in good condition. It's only when ye Chen comes to him that he finds that there are dense sword marks on them. Even the clothes are not broken. In that way, they are all over Gu Qi's body one by one.

Such cruel means, the style of the world, has always been so cold.

Ye Chen's fingers touch Gu Qi for a moment, and a strong frost consciousness suddenly shoots out from Gu Qi's body.

That cold consciousness, like an arrow, with white ice edge, swift and powerful with the upper authority and strong, directly hit Ye Chen!

Sha Jian appeared out of thin air and blocked the arrow horizontally.

Dang!

Ice in the moment of touching Ye Chen, clear sound, resounding throughout the whole star lake.

"Break it for me!"

Ye Chen low roars a, the evil spirit refracts, hits on the ice ridge, causes its inch to crack.

"In five days, place the ancient jade of Bingming on hanjiu mountain, or you will die!"

At the moment when the edge of the ice broke, a slim shadow with a black iron umbrella appeared, with a cool tone. It was obvious that there was no room for maneuver.

The arrow just now, just to convey the message of the other party, has been so strong.

Ye Chen looks at the place where the virtual shadow dissipates. Shen Tu Wan'er is more frightening than he imagined. However, Bing Ming Gu Yu, he can't return it.

Therefore, there is bound to be a war between them.

In Ye Chen Lengshen, a middle-aged man with a straw hat slowly came to Ye Chen.

"This is for you, Lord alchemy."

The middle-aged man was holding a square box of mahogany color in his hand. He was looking at Ye Chen sadly.

Ye Chen remembers him. He was the guardian in the light array before.

"Thank you

The red box is not heavy, but light.

Ye Chen doesn't know whether the guardian saw the moment when Shen Tu Wan'er killed Gu Qi, or what kind of mood he was in, guarding the cold corpse.

The middle-aged man took down the straw hat on his head, squatted down and carried Gu Qi behind him.

"I will bury you according to the will of the alchemist."

As if to explain, when the straw hat man passed by Ye Chen, he stopped and pleaded: "I hope you can complete the instructions of the alchemist."

Ye Chen nods heavily. Whether it's the promise to rescue Wei Ying or the admiration for the elder who would rather die than sell, Ye Chen swears that no matter what Gu Qi has entrusted, he will do his best.

The cold wind blowing from the Xinghu Lake, lifting the hair of Ye Chen's back brain, seems to remind him not to be immersed in sadness, to fight, to use his fist, to get justice for Gu Qi.

"What's this?"

The things in the mahogany box make ye Chen's heart jump.

Except for a letter, it was a miniature palace tower.

There is a line on the letter. When the four stars are in a row, open it.

It should be the order of alchemy, but when is the four-star Lianzhu? Ye Chen doesn't think much any more. It shouldn't be the time to open it now.

His eyes fell on the palace tower, which is naturally the law artifact of space!

Each beam, each wooden column, octagonal tower surface, are carved with a piece of extremely exquisite, even if it is small, you can see their expression of glaring.

Ye Chen had seen that palace before, and it was clearly the place where Gu Qi tested him and Yu Wen Ji. There were two floors on the first floor, three floors on the second floor, and he could even see the treasures that made him and Yu Wen Ji crazy.

At this time, those treasures, magic weapons, are sending out the light that attracts all living beings, which is so bright and dazzling.

This is the inheritance of the ancient seven generation, without reservation.

At the moment, ye Chen only feels that his mood is very complicated. The elder who has been with him for only ten days, or even died because of him, has left his lifelong inheritance to himself.

Why?

However, no one will answer Ye Chen's question. He can only mumble to himself and look at the palace tower in front of him. His fingers have been pushed towards the closed gate of the third floor.

Can't push it?

Ye Chen's fingers gather the samsara breath, trying to break through the third layer.

There is still no response.

Ye Chen eyebrows slightly wrinkled, is his present strength not enough? It can't meet the requirements of Guqi, so it can't be opened?

The palace tower in his hand is shining, and ye Chen can only put it in the reincarnation cemetery temporarily.

At the moment when the palace fell into the reincarnation cemetery, the bright divine light wrapped the palace with a layer of light.

And has been falling into a deep sleep of Xiao Huang, at this time even slightly raised his arm.

This weak move, exactly fall in the eye of leaf Chen.

At the beginning, Xiao Huang forcibly used the magic power of Shuangtong mengyan, and the loss was so great that he had to go through a lot of natural resources and land treasures to get back.

Ye Chen's face is a joy. Is it the rare treasure in the palace that Xiao Huang needs most?

Under the control of Ye Chen, the palace tower suddenly changed and became a towering giant tower in the reincarnation cemetery.

Chapter 5407

Ye Chen holds Xiao Huang in his arms and strides on the second floor of the giant tower.

It's the same as last time. All the treasures and skills are put on the shelf and let others choose.

Xiao Huang's body now turns red and blue luster, and slowly lifts its whole animal body up and stops on the pile of messy treasures.

"Roar!"

Xiao Huang opened a big mouth, swallowing the sky like momentum across the entire two-story pagoda.

A variety of different treasures, emitting their own light, in the huge mouth of Xiao Huang, all the treasures are turned into a gurgling Lingxi, rushing to the mouth of Xiao Huang.

Ye Chen's eyes look at Xiao Huang, Gu Qi gives him a big chance, if you can wake up Xiao Huang, it's really a surprise.

Xiao Huang, who has officially evolved into a nightmare with two pupils, will become Ye Chen's greatest power at this time!

The huge double pupil nightmare's terror Qi Ze slowly enveloped the entire reincarnation cemetery between Xiao Huang's mental recovery.

"Xiao Huang!"

Ye Chen smiles and looks at Xiao Huang. He can feel that Xiao Huang's strength after recovery is stronger than before.

Xiao Huang's body shape has returned to the previous size, but her eyes and hair color are far from as soft as before. On the contrary, she has a faint purple color. The red and blue luster flows in her eyes, just like lightning, reflecting in the light.

Hearing the master's call, Xiao Huang looks at Ye Chen awkwardly. This time he wakes up, he must have devoured the host's many natural resources and treasures.

"Master."

"Your strength has improved again!"

Xiao Huang nodded: "the basic blood of double pupil nightmare has been all through. Although it can't play its real strength, as a cub of double pupil nightmare, it has changed a lot."

Ye Chen nodded: "good! Then we will go to avenge you, the contributor of the treasure cause and effect! "

.....

Inside the gate of taixuan array.

The wounds of Xuelong and Yankun have been slowly repaired. Although the continuous fighting has made them burn again and again, it also makes their hearts more firm and persistent.

The blood dragon's phagocytosis of the ancient emperor's body became more and more complete. With the release of the chains, his strength gradually stabilized after rising.

Ye Chen kneels carefully to feel the traces on the original ice ridge. He tries to infer Shen Tu Wan'er's strength from this move, but there is still no result.

"Still not sure?"

Wei Ying's eyebrows show a trace of worry. At the beginning, Shen Tu Tianyin shocked her, which made her have a clearer understanding of such a powerful supreme idea.

After ye Chen came back from Xinghu, he told Wei Ying about Gu Qi.

She was full of respect and regret for the elder who saved her life. If it wasn't for her, Guqi would not have lost her life because of Bingming Guyu.

Blame yourself? yes!

No one can blame herself more than Wei Ying. She is the one who has the most position to avenge Gu Qi, Shen Tu Wan'er.

However, even ye Chen is not sure. What about himself?

"Shen Tu Wan'er's strength is not as high as her mother's, but it's not something we can compete with now." Although Ye Chen says so, but the facial expression is still firm.

"But since it's because of us, we'll face it together!"

Ye Chen gently shakes Wei Ying's hand. Wei Ying's mentality has experienced many twists and turns, which shakes her original tenacious heart. Ye Chen sees it in his eyes.

"Ye Chen, it's better..."

Wei Yingmei lowered her eyes and said with a low look.

Her voice did not fall, but ye Chen already understood what she wanted to say.

"No way!"

Ye Chen refused without hesitation, "Wei Ying, who I know, has never been so fragile. She can swallow Bingming ancient jade for me. She always has indomitable spirit. Bingming ancient jade is now a part of you. Since someone wants to rob it, we'll fight until they dare not fight you!"

Whether he is the Lord of reincarnation or the growing Ye Chen, he has always been the one who never flinches.

That's what Lingxiao means!

If ye Chen flinches! Then his heart and martial will be destroyed once!

When Wei Ying heard Ye Chen's words, she was silent for a long time.

Yes, where was her courage to swallow Bingming ancient jade!

"Good! Let's face it together! "

after a long time, Wei Ying said slowly, but her tone was full of determination.

Ye Chen nodded: "since our current strength can't shake Shen Tu Wan'er, then we will lay a net for her in this agreed period, so that she will never come back!"

"I will do my best." Wei Ying Mou son a coagulation, resolute way.

Now that she has made up her mind to fight, Wei Ying has put away her indecision. The cruel and rational master of juehan Imperial Palace returns again. No matter how much she can fight, she has to

get justice for master Lianshen Guqi! At this time, Su Mo Han opened his mouth: "after all, it's a matter between your younger generation. It's inconvenient for me to do it."

"The cause and effect is too strong. If I do it, it's not good for you."

Su Mo Han is very clear that if she does it, it will arouse Shen Tu's anger. She will tear up the space, ignore the rules and costs, and come to heaven and man.

At that time, ye Chen will be exposed in the supreme world ahead of time, so all the layout will be in vain.

So, even if they worry about Wei Ying, Su Mo Han still can't do it.

"Well, master." Ye Chen has a clear expression. Originally, he didn't rely on Su Mo Han's support. For Shen Tu Wan'er, he wants to see if he and Wei Ying can avenge Gu Qi.

Su Mo Han suddenly thought of something, red lips light open, said: "this Shentu Wan'er strength is bound to be invincible, only you really may not be able to compete, but if you can create a joint combat skills in these days, it is not without a chance."

"Joint tactics?" Ye Chen Mou son one coagulates, faintly guessed a few minutes!

I'm afraid that Su Mo Han's joint combat skills are the Chinese concept that one plus one is greater than two!

Wei Ying naturally understood something in her heart and said, "master, I want to know something about joint combat technology from you."

Before that, after her and ye Chen's deduction for many times, they decided to put the layout in hanjiu mountain. However, they felt that it was not enough just to lay a network.

There's a stronger card to go!

And the key to joint combat technology!

It is said that as long as two people have the same mind and complementary skills, they can create joint combat skills through practice.

The joint combat skills will enlarge their original skills infinitely and become a brand-new and powerful new power.

However, ye Chen and Wei Ying don't know how to connect their minds, assist their skills, and create this joint combat skill. Fortunately, for now, Su Mohan obviously knows.

Chapter 5408

When Su Mohan heard this, he showed a smile:

"Shentu Wan'er's magic power should be the same as Shentu Tianyin, which is the same as Wei Ying."

"So, if you want to create joint combat skills for both of you, you can use ice fire source gas."

Ye Chen is happy in his heart! He controls the fire of the spirit! Even if we look at the fire repair of the whole heaven and man domain, we will not show off too much!

"If you want to create joint combat skills, you need the harmony of nature, time, land and people. The so-called heart to heart communication means that you have to sacrifice for each other. The so-called complementary skills are not that the lobbyists follow the master, but that the subject and the object change with each other at any time. It's just like the two of you control the skills by one person, and there is no gap between the subject and the object."

Wei Ying had already finished her role as an assistant. When she heard the master say this, she realized that this joint combat skill is far from as easy as she imagined.

Ye Chen nodded his head very seriously. In his opinion, joint combat skills need absolute tacit understanding and loyalty, absolute cooperation and transformation between the two people.

"I see. Thank you, master." What did ye Chen know.

Su Mo cold gratified nod, she can prompt here, behind can only see their two people's nature.

.....

One day later, on the cold nine mountains.

The cold air of the forest ice, covering the top of the mountain, seems to be the accumulation of winding clouds.

Ye Chen and Wei Ying two people cross knee to palm, from Shen Tu Wan'er came to this cold nine mountains, only three days.

Buzz, buzz!

The resplendent source runes continuously release the vast golden light, buzzing, and the runes are bright, like the ups and downs of the road.

Whoa, whoa, whoa!

Countless golden lights twisted, and evolved into swords, swords, halberds, spears, axes, hooks, whips and other heavenly weapons. They revolved around the bodies of Ye Chen and Wei Ying and bloomed!

Random, a golden sun, slowly rising above Ye Chen's head.

Then, the fire of Tao spirit is released!

The shadow of a little girl's fire blows away towards the golden sun!

At this time, Wei Ying's brow is tight, and the ancient ice jade on her head is sending out the supreme breath of ice.

Whoosh, whoosh!

Countless ice arrows fly out and spin with Yan xuan'er. Like a storm, they roll the sand around them. It's like turning them into the eyes of the sand array.

Bang bang!

Flame and frost form a force of arrogance. The totem of yin and Yang, the interweaving of red and ice blue, converges into a series of arrows, like a curtain of rain, straight down from the air!

Boom!

With a loud noise, the whole mountain range of hanjiu mountain shakes. This blow can shake the mountains and rivers.

"Yes?" Wei Ying opened her eyes with joy, and her eyes were full of joy.

Ye Chen has already opened his eyes. Compared with the general force of fire, the fire of Daoling is obviously more suitable for the fusion of Wei Ying's ice power with the blazing force.

"Well!" Ye Chen nods. The power of this blow is stronger than he expected.

"Ye Chen, we this magical power, call a way to work properly ice silent arrow."

Wei Ying's eyelashes trembled, and continued, "if joint combat skills can also be included in the Hongmeng ancient method, we can definitely rank first!"

Ye Chen looked at Wei Ying, rarely showing a small expression like Ji Lin, but he was relieved.

In fact, Wei Ying didn't want to be the Supreme Master of Juehan emperor's palace.

On the contrary, in her heart, there is still the English teacher of Beijing Normal University.

"If we get familiar with it again, we'll be ready to lay a net and wait for Shen Tu Wan'er to come."

Ye Chen put the four words "Da Jia's presence" into more effort. People who know him will understand that he doesn't like the woman who is extremely cruel.

.....

Three days later, the cold nine mountains are still lonely and desolate.

Ye Chen and Wei Ying stand side by side on the top of the mountain, with their hands behind them. They have already laid a net. At this time, they are quietly waiting for Shen Tu Wan'er.

The light rain in Tianjie is as crisp as crisp, and the color of grass is far away but not near.

Scattered drizzle, from afar long rolling down to the cold nine mountains.

Ye Chen reached out and touched the raindrop, with a dignified look.

"Here she comes."

Wei Ying nodded, obviously also realized that the sudden rain, is not so simple.

There was a crack in the void, and then a huge black iron umbrella appeared. The surface of the umbrella was extremely large, completely covering the shadow behind.

The cold breath, from far to near, even when Wei Ying practiced the law of ice system, she also noticed the chill under the shade.

"It seems that you have made a decision."

The words of indifference, no temperature and no emotion came slowly from the dark iron umbrella. The huge umbrella rises, and Shen Tu Wan'er, who is wearing a yellow shirt, has come slowly.

She is very tired of the enemy hiding, so at this time in the cold nine mountains to see the ice Ming ancient jade carrier, in fact, she is a little happy.

"However, it seems that you don't intend to give me back the Bingming jade."

Ye Chen and Wei Ying did not speak, or even slightly shake, they are so quietly waiting for Shen Tu Wan'er to approach.

A little closer, a little closer.

You can walk into the first array - thunder and light.

Shen Tu Wan'er doesn't seem to be aware of it. In her eyes, there is only Wei Ying, or the ice Ming jade in Wei Ying's body.

Just when Shen Tu Wan'er's umbrella just entered the attack range of the array, the ten thousand sword skills gathered, and the shadow of the sword seemed to be more than ten feet high. It turned into thunder and cut towards Shen Tu Wan'er.

On the sky, thunder clouds roll in an instant!

Countless thunder and lightning, successive impact to Shentu Wan'er.

Raindrop reversal!

Shen Tu Wan'er didn't even do anything to avoid. The black iron umbrella in her hand helped her cover almost all the thunderous attacks.

And the raindrops that had fallen from the sky turned around and attacked the thunder clouds in the sky.

The two forces collided with each other.

Boom!

Lei Yun was defeated, and Shen Tu Wan'er's foot on the ground, the array has been inch by inch cracked, no longer constitute any threat to her, or that this array, from the beginning to the end, has no threat to her.

Ye Chen instinctively has pulled Wei Ying upside down.

"I think I overestimate you!"

Shen Tu Wan'er had some regrets in her tone. She thought that Wei Ying had swallowed Bingming ancient jade, and her strength should make her eye-catching. At this time, it seems that the battle of human domain on this day is just like that of Pediatrics.

Ye Chen's array is certainly not the only one.

In an instant, countless energies gushed from the ground, and the hot breath incarnated in red lotus blossoms. The cold nine mountains, in a trance, became a sea of fire.

Chapter 5409

The hot magma is rolling and spreading.

Shen Tu Wan'er's feet point to the ground, and her figure is already dancing. Her yellow shirt is flying, and her clothes are flying in the air.

"Don't think too much of yourself!"

The flame tongue of honglianye fire is high, but there is no attack object at this time.

Shen Tu Wan'er turned the handle of the umbrella, and a sharp cutlass appeared on each of the ribs, shining cold and frosty.

Ye Chen holds the evil spirit sword, the soul body transforms, a lunge blocks in front of Wei Ying.

Dang!

Bursts of crisp sound came.

The original powerful Sha Jian, under Shen Tu Wan'er's black iron umbrella, became extremely passive.

Every hook, Sha Jian is limited by the curved blade of the black iron umbrella, and is stuck in it many times, unable to move.

"Hum!"

Shen Tu Wan'er doesn't seem to want to waste his time. With the blessing of the vast frost power, the superior's contempt directly lifts Ye Chen and Wei Ying out.

"Frost cone!"

Originally, the huge black iron umbrella in my hand turned into a powerful magic cone, which was wrapped with the power of fine and crazy frost.

Break the air!

It's filled with supreme authority!

Without hindrance or hesitation, he runs through the whole hanjiu mountain range and goes towards Ye Chen's face.

The power of heaven and earth is within the frost cone, and the power of heaven and earth is absorbed by the cone.

Ye Chen and Wei Ying look at each other.

"Dao Ling ice silent arrow!"

The voices of the two men sounded at the same time.

Bang bang!

Daoling can only form a joint force with frost. The totem of yin and Yang, the intertwined red and ice blue, converges into a series of arrows, like a curtain of rain, straight down from the air!

Everything is quiet and changing!

As if across the history of the supreme years, heaven and earth into two.

Half for fire, hot hot!

Half of it is ice, cold and biting!

The frost cone, which is just like the power of Mount Tai, collides with the Taoist ice arrow.

At this moment, it is like the collision of two planets, rippling out endless fire.

The air burst, with the two planets as the center, the earth hundreds of miles around seemed to be overturned.

"Got in the way?"

Shen Tu Tianyin looks at her in front in horror, as if she can't believe it.

However, immediately, the corner of her mouth even rarely stirred up a smile, eyes flashing bloodthirsty and crazy.

Good!

So, since they have the power of the first World War, let them always remember the name of Shen Tu Wan'er.

Ye Chen looks at the black iron umbrella in her hand, and at this time, it is full of violent frost power. The prestige and power are completely different from just now. It seems that she has planned to do her best.

However, the gap between Ye Chen and Shen Tu Wan'er is too big.

But ye Chen didn't pay attention to it. His face was also firm. He held the evil sword in his hand, which seemed to be a sword out of his body. The light of the sword was flashing, and the spirit of the sword was overflowing.

In fact, Wei Ying's whole body is surging, with the blessing of Bingming ancient jade, full of invincible breath, and even makes the wind and snow flowing on the top of the mountain still.

"Icy sword!"

There are many rules of ice behind Wei Ying. A queen of ice sits on the top of the rules, which gives off a breath of extreme cold. In an instant, countless freezing points turn into a sword of ice.

Whoosh, whoosh!

Countless ice swords, like ice dragons, are rushing towards Shentu Wan'er.

"Thousand ice turns!"

Shen Tu Wan'er's black iron umbrella is in front of her chest. The huge surface of the umbrella suddenly spins. The same ice law spills out. The hurricane rolls Wei Ying's ice sword into the boundless wind pattern.

Although Wei Ying has devoured the ancient jade of Bingming, the gap between them is like a gully in the face of Shen Tu Wan'er.

"Break it for me!"

Shen Tu Wan'er doesn't have the slightest hand. She has a black iron umbrella in her hand. The whole surface of the umbrella is folded up. She turns the umbrella into a spear, and a spear hits Wei Ying's belly.

"Xu Tu Yuan Fu! Zhentian imperial city sword

Ye Chen did not hesitate to call Xu Tu Yuan Fu, condensing countless Xu Tu essence.

Dong Dong!

Nine huge swords fell on the ground of Yishen Tu Wan'er's center, limiting her to the middle of the world.

The next second, ye Chen from behind with the help of Wei Ying, a turn, has her behind.

Wei Ying's mouth gushes out a stream of blood. Her breath has been damaged from time to time. She doesn't take advantage of the frost of the same origin in the world.

"Destroy the seal! Put it down! "

Ye Chen was angry in his heart, and his great power of destruction suppressed the heavens and swept out in an instant.

The next moment, the power of destruction has been instilled into the zhentianhuang city. Like the terrible impact of the stars, all the swords of zhentianhuangcheng were ejected in all directions.

The whole mountain is shaking violently.

The void collapses and the sand dances.

After the wind and sand power slowly disappeared, the huge black iron umbrella was still tenacious, which covered Shen Tu Wan'er firmly behind him.

"It's my turn!"

Shen Tu Wan'er smiles strangely, and the whole figure disappears at the next moment.

In an instant, the endless edge appeared in front of Ye Chen, and the cold light was ten times more than before.

"Hum!"

The cold awn is so terrible that it has to penetrate the sky, pierce the eternal time and space, and come directly in front of the leaves.

"Moon soul chop!"

Ye Chen didn't retreat, and didn't evade. He burned the blood Jue, the body of heaven demon, the body of hundred evils, and so on. After that, he resolutely raised the Sha sword.

A touch of unimaginable sword Qi, mixed with the brightness of the moonlight, seems to fall from the nine days of the galaxy, rolling cut to Shentu Wan'er.

Whoa!

Shen Tu Wan'er's black iron umbrella turns into a spear, and the cold awn in front of it directly resists the Sha sword.

And then, without stopping, he continued to attack Ye Chen!

This spear, accumulating the power of heaven and earth, the law of ice and cold, sonorous and powerful attack to Ye Chen.

I can't avoid it.

Ye Chen knows that there is a big difference between them. Shen Tu Wan'er's fierce fighting style makes him have no way.

"Master! I'll do it

Xiao Huang's figure, from the reincarnation of the cemetery in a flash out.

The red and blue pupils are twinkling with strange light. At this time, it seems to form a picture of Taiji, which is standing in front of Ye Chen.

The deep eyes are staring at Shen Tu Wan'er.

Shen Tu Wan'er only felt that she knew the sea for a while, and the black iron umbrella seemed to be called. At this time, she changed back to the shape of the umbrella face and guarded Shen Tu Wan'er.

"Archaic heritage? Double pupil nightmare

The strong frost power once again covered Shen Tu Wan'er's body, which was like putting a barrier on her. Between her and Xiao Huang, a foot behind the ice wall was formed.

The most terrible nightmare in the legend is its two pupils!

Its eyes can strike at any soul and body, which is the nightmare of countless warriors!

Xiao Huang didn't pay attention to Shen Tu Wan'er. With a clap of his giant claw, countless nightmares, mixed with the golden light, suddenly formed a huge fingerprint, burst out the grand rule, and fell madly!

Chapter 5410

Shen Tu Wan'er's eyes shrank and her face became more dignified.

This two pupil nightmare, even if it's just a cub, is very terrifying and can suppress the heavens.

"Ice cold subdues the devil seal!"

Shen Tu Wan'er didn't resist at the first time. Instead, she made a seal with her hands and went to Xiao Huang in the opposite direction.

If you are hit by this seal of ice cold subduing demons, your mind will suffer endless trauma, become a slave like existence, and never be detached.

If you want to practice this method, you need to be very rebellious. You should not only have the breath of frost, but also have the grand supreme spirit.

All of these are possessed by Shen Tu Wan'er.

Her talent is very unique, enough to cultivate the frost subduing seal!

When this seal is suppressed, the earth collapses, showing incomparable hegemony.

"You want to suppress me? Dream

With a roar, Xiao Huang's eyes were sharp, his blood burst, and his arrogant Qi and blood filled his body, forming a chain of rules that haunted his body.

Bang!

Shen Tu Wan'er's seal is crushed down, and a great force breaks Xiao Huang's muscles and bones.

However, on Xiao Huang's body, the Qi and blood of his two pupils' nightmare burst, and a huge anti shock force came out.

Poof!

"Taigu blood is so powerful!"

Xiao Huang once again looked at Ye Chen, and then, his whole body burst out of red and blue luster, and his body size has been greatly increased again.

"Xiao Huang has burned the blood of Bi Tong's nightmare."

Ye Chen understands the last look in Xiao Huang's eyes. In order to protect himself, he once again burns the power of his blood. He is afraid that after a short period of tyranny, he will fall asleep again.

Dong Dong!

Xiao Huang kicks Shen Tu Wan'er's black iron umbrella with four hooves. Shuangtong tries her best to suppress Shen Tu Wan'er under her body and can't resist.

But Shen Tu Wan'er didn't rush to fight back. She was just burning her blood. There was a time limit. She didn't want to consume herself too much.

This time, the time of Xiaohuang's outburst is even shorter than the last time. Facing the real super strong and the mysterious one, it is not in the same breath.

Finally, Xiao Huang fell asleep again.

Ye Chen has put Xiao Huang back to reincarnation cemetery for the first time.

"Hand over Bingming ancient jade, I can give you a good time."

Shen Tu Wan'er's black iron umbrella is still so cold.

Ye Chen secretly clenched his teeth and offered the dark source symbol with his backhand, hiding his body in the dark.

He is the master of reincarnation, in charge of the six paths of reincarnation. At this time, his figure is retreating again and again.

Facing the sudden darkness, Shen Tu Wan'er doesn't care. For her, it's not a plane fight. Killing is like killing a chicken.

"I can't hide it."

Shen Tu Wan'er's cold voice came over, but ye Chen's figure seemed to turn a deaf ear and still gave in.

The icy and cold air, mixed with the wind, is sweeping towards Ye Chen.

At the same time, Shen Tu Wan'er started a huge array.

At the beginning, ye Chen's array was far more than two.

The last one is the six rounds he arranged with the strength of his blood!

The source of darkness is just to cover Shen Tu Wan'er's sight.

At the moment of Shen Tu Wan'er's entering, the six wheel circle array has already started.

In the eye of heaven array, the golden light of heaven and man pierced the darkness, and the vast golden light came out.

Humanity eyes, bright and great humanity, vast and killing, always exist between heaven and earth.

The eyes of the animal road array, countless roars, howling in the dark, send out endless howls.

The eyes of Asura's Taoist array are thundering and thundering with the power of demons, like thunder destroying the world.

the eyes of hungry ghost's Taoist array, with the strange light of ice green, are spinning and rising, trying to envelop the enemies in the range.

The eyes of hell's Dao array, the innumerable evil spirits in the underground world roar and scold, which will last forever.

Infused with the six source runes and reincarnation stele, the power of the six path reincarnation array suddenly reaches its peak. It is dark and bright, thunder, earth and gold are poisonous, and all kinds of roads are running, evolving into a dark, chaotic and boundless energy, which is close to the energy of Taishang Road.

Shen Tu Wan'er rose like a whirlwind, her arms spinning with the black iron umbrella, trying to break away from the six samsara array.

The other hand offered a frost blade, like cutting, and made a deep mark on the ground.

Boom!

The six samsara array, which had been perfectly matched, was suddenly defeated by this attack.

Ye Chen didn't give up. He burned part of Xuanyan's blood essence, and his reincarnation blood also burned at this moment. This is his strongest blow!

Hum!

"Samsara fist, break!"

Ye Chen suddenly drinks, mixing the six ways of reincarnation of many forces, and pouring all the energy into his fist. This blow broke out. If you want to blow through the sky and the stars, the surrounding abysses are constantly shaking.

Shen Tu Wan'er turns around in mid air. She has always been a tough fighter.

"Ice falls on the blade palm!"

The wind does not reduce, the cold air condenses and runs through, the boundless supremacy, the vast and cold water overflows!

Boom!

The fiery breath burst out from the intersection of the two.

Ye Chen's strongest blow, under Shen Tu Wan'er, did not get the advantage he wanted.

Still can't fight?

No!

"Big brother! Let's help you! "

"Master! Here I am

"Ye biwang, my sister and I will help you!"

Ye Chen heard a voice, eyes some joy and moved!

He knew that he was never fighting alone.

The void is broken.

A road figure, already fierce of now leaf Chen of front.

Blood dragon, Yan Kun and the demon emperor.

Ji Siqing, Ji Lin and the greedy wolf emperor.

Ye Chen's heart is filled with a touch. He didn't tell them about refining God Gu Qi, and he didn't plan to let them risk.

But they came.

"Boy, you're not being kind this time."

Greedy wolf emperor some complain of say, he has already resolutely stood in the Ye Chen side, and, the supreme power, is he has been to revenge object.

Shen Tu Wan'er is not unresponsive to the successive attacks. After all, in the face of Xiao Huang before, although he always defends, he is not without any harm.

Shuangtong mengyan's all-out attack has damaged Shen Tu Wan'er's heart.

And the samsara fist just now seems to be stopped, but in fact, she is very clear that her body has been a little bit hurt!

Injury on injury!

However, ye Chen and Wei Ying, who are not in the same level face to face, did not expose her weaknesses.

But now!

One or two!

Seven shadows at the same time! Same goal!

"Xuanxianzi, shuolao, with my power, the moon soul will be cut!"
