Chapter 5411

The colorful light and shadow, flowing with different powers, hit Shen Tu Wan'er in this way.

Two fists are hard to defeat four hands. Shen Tu Wan'er's black iron umbrella can't meet the attack from all sides at the same time.

There was a touch of blood in the corner of her mouth.

At the same time, she felt that a little rule was binding her!

Is this the rule of heaven?

Isn't extraterritorial heaven declining?

Or is it the causal rule?

Damn it!

Shen Tu Wan'er is very strong, but she knows very well that she has been injured and can only exert her strength in the early days of taizhenjing. If she doesn't leave in time, the consequences will be very serious!

Although the strength of these people are not as good as their own, but a joint attack, is not the moment she can resist!

Shen Tu Wan'er looks at Ye Chen and Wei Ying reluctantly. She has to admit that Bingming Gu Yu can't get back this time.

But! And next time.

Shen Tu Wan'er has always been rational and resolute. At this time, seeing that there is no hope, the black iron umbrella in her hand suddenly turns over, and the totem on the surface of the umbrella rolls over. When she meets the void, a crack has been opened.

At this time, she is far from the previous momentum, yellow clothes with cracks, it seems a bit embarrassed.

It's been a long time since she was forced to this level.

Indignant eyes look back, looking at Ye Chen in the crowd.

"One day! I'll kill you

With that, he stepped into the void!

"Ye Chen Don't let her go

Wei Ying's voice rang out. Now that she had paid such a high price, she said that she would leave her to avenge Gu Qi!

Ye Chen nods, flies up, and rushes into the void behind Shen Tu Wan'er.

"Stay with me!"

The Sha sword in Ye Chen's hand is raised high and cuts toward Shen Tu Wan'er's back.

Shen Tu Wan'er's fast escape speed surprised Ye Chen. She still didn't dodge, but full speed forward.

All of a sudden, she turned around and hit the edge of the ice towards Ye Chen.

But it's late!

Tear!

Shajian's sword has been worn through the edge of the ice. Shen Tu Wan'er's yellow clothes are torn from her chest.

All the cloth on Shen Tu Wan'er's chest has been broken.

The evil spirit sword in the leaf Chen hand all in this instant static, what did he see?

This is not only half exposed, but all naked in front of him.

Extremely thick breathing sound, from the leaf Chen's nose breath sends out.

Shen Tu Wan'er's eyes were wide open. For a moment, she threw away her black iron umbrella and put her hands in front of her chest.

"What are you looking at?"

The flustered voice was an unexpected voice that Shen Tu Wan'er would never utter.

"I will kill you! Dig out your eyes

Ye Chen is to pick to pick eyebrow: "because ice Ming ancient jade, you already want to kill me, I also have only one life."

Shen Tu Wan'er's face was full of shame and anger, and the red glow was red from her neck to her earlobe.

"You

Shen Tu Wan'er is a warrior, who has always been a strong image and occupies a place in the martial arts world.

"If it wasn't for the suppression of heaven and man, I would have killed you!"

When the strong in the supreme world come to heaven and man, they will be suppressed by the rules and can not play their full strength.

Otherwise, with Shen Tu Wan'er's strength, she would not pay attention to six more foreign aid.

Ye Chen doesn't care about her resentment, and her eyes don't mind: "in fact, you're still very expected."

"You! I'll kill you Shen Tu Wan'er said so, looking at Ye Chen's eyes cold and boring!

Ye Chen's evil sword seems to be ready for Shen Tu Wan'er's attack.

He wants to keep Shen Tu Wan'er!

However, Shen Tu Wan'er seems to have thought of something. The black iron umbrella is in front of her again, and she is lost in the void.

"Ye Chen! If you dare to say it, I will make you regret living! "

There is only this cold sound left in the void.

The void channel is distorted again, but ye Chen has gone back.

"How's it going?"

Greedy wolf emperor asked, the world's people, more than one death, how happy he was.

"Let her escape."

Ye Chen just shook his head. The scene that made people blush just now made him feel uneasy.

He is very clear that his current strength is not qualified to retain each other.

This time, look at each other's body, it is doomed to die.

"You're all hurt."

At this time, ye Chen has time to pay attention to the situation of the people and confront the evils of the supreme world, which is a bit overloaded for them. But Ji Lin said with a smile: "Ye Bi Wang! We're all fine. "

Ye Chen looks at Ji Lin at the moment. There are blood stains on the tip of his nose, and he doesn't want to expose their white lies. He smiles: "well, in a short time, Shen Tu Wan'er won't come back to heaven and man. We have enough time to recover."

Blood dragon and Yan Kun also nod, warlike and good at fighting, they have always been good helpers to accompany Ye Chen.

"Ye Chen, I have something to do after this training. Ji Lin will be taken care of by you and Ji Siqing for the time being."

At this time, the greedy wolf emperor looked solemn and pondered. It seemed that there was something very important waiting for him.

"Master greedy wolf, is there anything difficult? I can... "

Ye Chen's words haven't finished, but was interrupted by the greedy wolf emperor.

"It's the result of my youth. It's up to me to solve it."

The greedy wolf emperor didn't say anything more. He just looked at Ji Lin and asked, "remember to practice on time."

Ji Lin's smiling face drooped in an instant. The greedy wolf emperor was really very kind to her, whether it was to teach her supernatural power or defensive skills, but it was a little too strict.

She doesn't want to be so strict. She wants to have delicious milk tea, good TV dramas and endless shopping instead of practicing martial arts every day.

"I see, master."

Although Ji Lin was full of complaints, he was extremely polite and said to the greedy wolf emperor.

Ji Siqing looks at Ji Lin's appearance and kneads Ji Lin's hair helplessly.

"Thank you, master greedy wolf. I will supervise her."

The greedy wolf nodded and turned to walk into the void channel.

"Sister!"

Ji Lin looks at Ji Siqing angrily. She doesn't want to be supervised.

"Cough..." Wei Ying coughs violently. In the face of Shen Tu Wan'er, she is undoubtedly the most serious in terms of consumption or damage.

Ye Chen has already walked to Wei Ying with a vigorous step. The golden light in his hand suddenly rises. A soul returning rhinoceros pill has already appeared in the palm of his hand.

"I'm fine." Wei Ying shook her head and looked at the attention of the people, all with worry.

"Wei Ying's strength and Shen Tu Wan'er are at odds. At this time, she needs to cultivate Taoism meticulously and shut up to really refine the ancient jade of Bingming."

Ji Siqing frowns. She obviously knows the cause and effect of the matter. Ye Chen and Gu Qi join hands to help Wei Ying devour Bingming ancient jade. But for Wei Ying, she is far from mastering the real power of Bingming ancient jade.

All of a sudden, Ji Siqing thought of something. He pointed it to Wei Ying's eyebrows, closed his eyes, and then suddenly opened it: "if I guess correctly, this ancient jade of Bingming is not so simple..."

At this moment, people's eyes fall on Ji Siqing!

Is there a bigger layout behind Shentu Tianyin and Shentu Wan'er? And the key to this layout is Bingming ancient jade?

Chapter 5412

Ye Chen stares at Ji Siqing and says curiously, "Siqing, do you know something about Bingming ancient jade?"

Ji Siqing took a look at Wei Ying, hesitated for a few seconds, and said: "now I'm just guessing, and then I'll use my means to verify it. If so, I'll tell you."

Ye Chen can feel Ji Siqing's desire to say and stop, but since Ji Siqing doesn't want to disclose now, there must be her reason.

"Well, in that case, let's go back to taixuan array gate first."

But Wei Ying shook her head at this time: "master has already sent a message to me, let me go back to the temple of Mohan to close."

Ye Chen nods clearly. If Su Mohan is guarding Wei Ying, even Shentu Tianyin will not do any harm to Wei Ying.

"Good!"

Wei Ying showed a very sentimental smile. This time, she deeply felt Ye Chen's care for her, and also felt her passionate feelings for ye Chen.

"When I get back." Wei Ying didn't hold back after all and looked deeply at Ye Chen again.

"Ye Bawang! Everybody's gone! Don't look

Ji Lin said angrily, what leaves force king, is a peach blossom essence!

"Little man, big devil!" Ji Siqing lifts Ji Lin's hair again. The girl has experienced with the greedy wolf emperor, but her mind is as simple as a child.

"Siqing, when did you come back?"

Ye Chen has time to talk to Ji Siqing at this time.

"Of course my sister came to see me!" Ji Lin patted his chest as if to show his credit.

"I see You are the best

Ye Chen put a smile on the corner of his mouth. This time, he was in a good mood.

"After separation, I went to a place of cause and effect, which should be closely related to you."

Ji Siqing recalled that when she had just stepped into that place, the strong breath was closely related to Ye Chen or the Lord of reincarnation.

"It has something to do with me?"

Ye Chen wondered, the layout of the previous life of the reincarnation Lord, is there a lot that hasn't been found?

"Well, I feel that there is very important information in that place. I need you to come with me immediately."

Ji Siqing's face is dignified, and she can even feel that it may have some extraordinary significance to Ye Chen.

"Good!"

Ye Chen didn't hesitate. He believed Ji Siqing's judgment. After all, the perception ability of the ancient female martial god must be much higher than that of him at this time.

"I'm going too!"

Hearing this, Ji Lin grabbed Ji Siqing's hand and shook it, "sister, I want to go with you, too."

"We're going to get down to business." Ji Siqing says that there is no unknown risk in the land of cause and effect, so she doesn't want Ji Lin involved.

"Sister! I'm no longer a child. Master has taught me a lot of skills. I'm really good now! "

Yan Kun and blood dragon hear Ji Lin's words, the bloodstain of the corner of the mouth has not wiped clean, already helped each other to smile.

Yan Kun at the moment also joked: "just don't know who is hiding behind the master!"

Ji Lin heard Yan Kun's words and waved his powder fist angrily.

"Sister! Ye Bawang

Seeing that Ji Siqing didn't let go, Ji Lin looked at Ye Chen, looking pitifully.

Ye Chen is unexpectedly said: "think clear, it doesn't matter, let Ji Lin together, you can't always protect her behind."

Ji Siqing saw Ye Chen say so, also did not refute again.

She knows better than anyone that Ji Lin can't always be a flower in a greenhouse. She needs to grow up in adversity.

"Xuelong, you and Yankun will go back to recuperate first."

Ye Chen explained that he found two pills from the palace tower to consolidate the essence of Peiyuan and handed them to them.

"Good!" XUELONG and Yankun nodded, turned and stepped into the void channel.

Ji Lin followed Ye Chen and Ji Siqing with a smile and said curiously, "elder sister, where are we going?"

Ji Siqing left only four words in the channel of void circulation: "dust remains."

.....

A few hours later.

Dust remains.

"It's so cold." Ji Lin shrinks his arms in fear of cold and passes through the empty passage. What she sees is a snow. The green aurora on the snow mountain, like a miracle, suddenly appears in front of everyone.

"In it."

Ji Siqing pointed to the snow mountain with his slender jade hand: "this is the dust vestige inside."

Ye Chen nods and goes to the snow mountain first. He doesn't want to let a woman stand in front of him.

"This is the end of the sky."

Ji Lin sighed that although it was cold here, it was really beautiful.

The barrier of snow mountain has no obstacle for ye Chen. After a whirl of heaven and earth, ye Chen and they opened their eyes again. There was a desolate cave in the eye. The ground of the cave was paved with neat bluestone slabs, but there were white bones in the cave, sitting on the ground.

Ji Lin can't help hiding behind Ji Siqing and holding his arm.

"Don't be afraid. There is no danger. "

Ji Siqing patted Ji Lin on the back. She had passed these roads before and confirmed that there was no danger.

Ye Chen also nodded, in this deep cave, he did not feel any threat, even a breath of living people.

"Where is it?"

Ye Chen looks at Ji Siqing suspiciously, and he doesn't feel any source force and causal traction.

"At the bottom."

Ji Siqing continued to move forward: "dust remains, stretching for hundreds of miles, we are just entering."

Ye Chen nodded and continued to go towards the deep.

The long breath, deep and cold, desolate loneliness, make the whole cave rippling out a kind of strange if there is nothing.

At this time, ye Chen faintly felt his blood changed.

If the previous reincarnation blood is a calm lake, then at this moment, it is stormy!

Blood churning?

Ye Chen sensed that there seemed to be a voice in his body, calling him forward.

"Come here! Come here

Ye Chen frowned and looked up at the deeper cave.

"What's the matter?"

Ji Siqing saw Ye Chen's abnormality and asked.

"I feel an abnormal surge of blood, and there is a voice calling me."

Ji Lin rubbed her ears with some doubts, but she didn't hear any sound.

Ji Siqing clearly nodded: "we speed up."

An hour later, the crowd stopped.

This is a vast flat land, which is hidden in the deepest part of the cave.

The cave is very high here, and the spines of the stubborn stone, like the curse of heaven, are formed in this cave strangely.

However, what is more surprising is that two extremely tall stone statues are standing on the open space.

Like ancient giants, it's frightening.

Chapter 5413

But at the moment of seeing the stone statue, ye Chen and Ji Lin were shocked.

Ji Siqing showed a dignified expression: "at the beginning, I had just entered here, and I was almost hurt by the prestige of the two statues."

as like as two peas, she pointed to one of her statues: "Ye Chen, look, is this stone exactly like you?"

Ye Chen's eyes were cold at this time, and his look at the stone statue was dignified.

really surprised him as like as two peas. But the stone statue did not have the shadow of a reincarnation. It was all his leaf Chen, the leaf Chen of this age.

"This Who is this old man? Why do you want to kill you? "

Ji Lin's eyes were attracted by another stone statue.

In fact, the two statues are not so much two as one.

They are connected by a huge sword.

The stone statue is obviously an old man, with crane hair and silver beard. His hair seems to be blown away by the breath inside, flying in the back of his head.

And a sharp sword in his hand, with a very terrible and arrogant atmosphere, mercilessly inserted into another stone statue's Dantian.

Ye Chen's heart is agitated, just like his stone statue. At this time, he even feels that his Dantian is a little different.

It's not a good sign. Is it just a coincidence? Or was it revealed ahead of time?

Ye Chen doesn't know. He just feels as if he has gone into a bigger net and enveloped him in it.

Is it the supreme daughter?

Or someone else.

All of a sudden, Ji Siqing said, "Ye Chen, why don't you try to communicate with these two stone statues

Ye Chen nods, they only depend on to see, is to see what way.

Then, ye Chen closed his eyes and released his spirit!

However, the next second, sudden change!

"Boom!"

With a huge explosion, ye Chen's sea of knowledge is turning upside down. The stone statue contains only endless killing intention.

Let him just a touch, has touched the cold smell of blood, and then, mercilessly was back out.

"What's the matter?"

Ji Siqing asks a way in a hurry, step forward, gently helped leaf Chen.

"It's OK, it's just that I can't connect to the remaining consciousness."

Ye Chen shakes his head, but after a moment, he looks at Ji Siqing with expectant eyes.

"Do you remember whether the Lord of reincarnation laid out here in the previous life?"

"No Ji Siqing certainly shook his head, the memory of the previous life at this time has almost all let her recall.

The layout of the reincarnation Lord of the last generation is indeed very careful. However, up to now, there have been many changes.

At least, the dust remains were not arranged by the reincarnation Lord, but by chance.

If it's not for the sake of making Ye Chen's card more elusive, she naturally won't get involved.

"If it's not the main layout of reincarnation, it's really treacherous now."

Ye Chen's dignified look made Ji Lin dare not speak again for a moment.

Who would it be?

So clear about themselves, put themselves like a chess piece, even bold here, write their own ending.

Ye Chen always feels that there is a pair of eyes staring at him in the dark.

By burying the Shenyuan of heaven and sea, ye Chen is more and more aware that there are too many mysterious forces outside the territory.

Even if you think you have a thorough understanding of heaven and man, it may be just the tip of the iceberg.

Ji Siqing naturally understood how complicated Ye Chen's mood was at this time, and said:

"when I first saw it, I found that it was not the reincarnation master, but you, so I had decided to tell you, so that you would not be passive everywhere."

Ye Chen nods. Of course, he trusts Ji Siqing 100%.

"Ah, elder sister, ye biwang, do you think this old man looks like emperor Shitian.

Ji Lin looked at it for a long time, and then he said with an expression that I had all penetrated.

Ji Siqing and ye Chen shake their heads at the same time. They have been fighting with the emperor Shitian for many times. No matter at the previous slaughtering meeting or later at the dark dragon temple, as the master of this life's demons, the emperor Shitian doesn't have the same surging killing intention as this one.

"Siqing, how did you know about this relic?" Ye Chen asks, he wants to know what kind of cause and effect is more at this time, let Ji Siqing lead himself here.

"After we parted at the beginning, I deduced all the layout according to the memory of the last life, and took the lead in adjusting and covering up the recent cause and effect. Then go and find the magic weapon that I used to use

"However, when I passed by this snow mountain area, the strange green fluorescence filled my heart with an inexplicable sense of familiarity."

"Indeed, I have a sense of familiarity. As if I had been here before. " Ye Chen nods, at this time the blood turns, the cause and effect of which makes him feel very familiar. "Who is this old man?"

Ji Siqing looked at the angry old man, and his doubts were even more serious.

At this time, there was a violent shaking in the reincarnation cemetery, as if something was going to spray out.

"What's the matter?"

Ji Siqing looks at Ye Chen's face suddenly tightened, and his eyes are full of doubts.

"It's reincarnation cemetery. There's just a reaction."

"Ye Bawang, it seems that my sister is right. This place really has something to do with you."

Ji Lin didn't know what he found under the statue. He hooked Ye Chen with his fingers and motioned him to come and have a look.

"What's this?"

Ye Chen and Ji Siqing come here in a hurry, this symbol? Is it a reincarnation stele?

At this time, the three people were more like walking into the fog. In this cave, they couldn't figure out how to face the two statues.

"Is this old man from reincarnation cemetery?"

Ye Chen's faith moves, and the divine consciousness has entered the reincarnation cemetery.

He turned his fingers and took the shape of clouds to show a stone statue in front of him.

"Is there any elder who has seen the person on the stone statue?"

Long silence, no one answered.

The great powers in the reincarnation cemetery are not all in a state of arousal.

The God of Xinghai, who can arouse, obviously doesn't know this person.

At this time, ye Chen ears suddenly sounded the voice of the outside world!

That's Ji Siqing's voice!

"Don't touch it!"

Before ye Chen reacts, he just feels that his body begins to fall very quickly, and the wind comes from his ears.

Ji Siqing is holding Ye Chen in one hand and Ji Lin in the other, trying to stabilize his body.

"What did you just touch?"

After ye Chen returns to consciousness, looking at Ji Lin whose face is a little deformed because of the sudden fall, he asks suspiciously.

Ji Lin is suffering a face, some fear of secretly glance to the side of Ji Siqing.

Ye Chen's palm turned, and the thick earth atmosphere had turned into a thick cloud at their feet, which could hold their falling body.

Ji Siqing behind the faint light and shadow of rosefinch, just slowly closed up.

Chapter 5414

"I just saw that you didn't respond, so I wanted to see what kind of material the statue was made of. The master said that we can judge the historical degree of things by the material."

Ji Lin's small expression shows a kind of forced expression.

"You've got to be tough! Do you know the unknown risks in this dust relic? "

Ji Siqing's face is very blue. Now she is very sorry to bring Ji Lin with her.

"But since we can't find anything by looking at it, why can't we find another way? What's more, you can see that pattern. It's like a totem of six samsara. "

"You mean, you see a totem that looks like a reincarnation six disk?"

"Well! So I pressed it with my finger

Ji Lin was unconvinced and said, "master greedy wolf said that if you want to break the situation, you can't just wait, you have to have the spirit of fearlessness!"

Ji Siqing had no choice but to look at Ye Chen and said, "then the bluestone slab under our feet suddenly disappeared, and we fell into the underground. We don't know how deep it is."

Then he took a look at Ji Lin and added: "you dead girl, I don't know what's wrong now."

Ye Chen gently grasped Ji Siqing's shoulder, "don't blame Ji Lin, you can be at ease when you come. Maybe, this totem was originally intended to stay and let us touch."

"That's right, elder sister, you don't have to worry so much about ye forced Wang!"

"You said it

Ji sihalal is to oneself this naughty younger sister have no way, also don't know greedy wolf elder generation is how to see this wench, want to accept her as an apprentice.

"Seems to be the end?"

It's the feeling of the sole of the foot touching the ground.

Xu soil clouds slowly dispersed, exposing a solid ground, around is still as when falling, hand can not see five fingers of darkness.

"Rosefinch."

Ji Siqing finger a little, a golden rosefinch light and shadow out of thin air, loud call, sound spread to the high and up the abyss, for a long time.

Rosefinch's divine light illuminated the whole area, revealing all its features.

"Here, once lived?"

Ye Chen looks around, very simple arrangement, a table a bed.

"The people who live here are practicing hard. They have nothing."

Ji Lin had already turned around regardless. The bed could be regarded as a bed. In fact, it was a relatively thick stone slab. Although the table was also made of stone slabs, there was a sharp iron pen on it.

"How is this pen made of iron?"

Ji Lin did not hesitate to take up the iron pen on the desk.

"It's so heavy."

Ji Siqing looks at Ji Lin's behavior, and is even too lazy to stop her.

Ye Chen is smiling to step forward, took the iron pen in her hand.

Bang!

Ye Chen's ear rang with a hum. The heavy iron pen in Ji Lin's eyes was like an ordinary pen in his hand.

Countless memories, overwhelming influx of Ye Chen's knowledge of the sea.

At the bottom of the cave, he meditated, studied at night and painted on the stone wall.

He knew the Scriptures, made plans, and attacked Fangqiu.

.....

The man who lives in the bottom of the earth is himself!

Or, to be exact, the self of the last life, the Lord of reincarnation!!!

"Ye Chen, look at this mural."

Ji Siqing's eyes at this time have been deeply attracted by the murals around the stone wall.

"What's up here?"

Ji Lin also came to Ji Siqing and wanted to see the contents of the mural clearly.

Ye Chen hears speech, also walked slowly to come over.

"This is engraved by the Lord of reincarnation of the last life."

"No wonder I feel so familiar with the strokes."

Ji Siqing sighed that as a female martial god who had been with the reincarnation Lord for a long time in her last life, she naturally knew the painting style of the reincarnation Lord very well.

"So, you mean that the people who lived here before were ye Bawang?"

Ji Lin suddenly sees Ye Chen.

Ye Chen nodded: "when I hold the pen, I see a lot of memory fragments. He is the reincarnation Lord of the last life. He is practicing hard here. Moreover, in the dark, I feel that he seems to have something to say to me."

"In the mural?"

Almost at the same time, ye Chen and Ji Siqing have seen this ancient mural. Now they can almost be sure that the dust remains are also the layout of the reincarnation Lord.

On the first mural, the ancient immortals of various colors and shapes seem to be holding a banquet. The pavilions in the air are magnificent. The notes of the lute seem to immerse the audience.

Brilliant, extravagant.

In the second mural, there is only one person left. The golden clothes are around his waist, and the golden light on his head is dazzling. He is clearly a man, but he has a beautiful appearance and graceful body. It's very strange. Then the third picture, no gods, no singing and dancing, some empty buildings and the thundering clouds above the pavilion.

The fourth scene description is no longer in the ancient temple, but in the human domain.

There are cattle farming, worship, farmland and barren mountains, but there is a huge figure that almost occupies half of the murals, and he is looking down.

"Why? Why not? "

Ji Lin softly doubts a way, quickly turn a head to see to Ji Siqing and ye Chen.

"Shh Ji Siqing made a silent gesture to her, indicating that she would not speak.

Ji Lin looks at Ye Chen's expression and steps, without the slightest pause, and looks at Ji Siqing in surprise.

"Can he see? Only we can't see? "

Ji Siqing obviously had to realize this earlier and nodded.

"It seems that this is really his chance."

Ye Chen's expression, from the beginning of the watch, to later doubt, and then understanding and approval, finally unexpectedly revealed a huge anger.

Ji Si looks at Ye Chen with a delicate eyebrow and worries.

Ji Lin was very curious about what ye Chen saw in the mural.

Boom!

From the huge passage in front, thunder roared through the sky.

"It's collapsed?" Ji Lin looked up in amazement, and a sword in his hand was already out.

Ji Siqing directly summoned the rosefinch to protect him.

Ye Chen appears in the moment of this thunder, but his eyes suddenly close.

A golden dragon appeared on the body.

Panlong is shining with gold and is looking at Ji Siqing and Ji Lin.

Eyes are like two bright night pearls, emitting extremely hot eyes.

Ji Siqing quickly protects Ji Lin behind him, and then looks at Jinlong slowly with extremely gentle eyes.

This just discovers, the source of that gold dragon, unexpectedly is the iron pen in Ye Chen's hand.

Is this the account of the Lord of reincarnation?

Ji Siqing knows that since the golden dragon is left by the Lord of samsara, there will be no threat to Ye Chen.

Chapter 5415

Golden Dragon's huge mouth opens, and the breath of huff and puff roars.

It shouts at the dark sky with its head high, as if to convey some signal.

Each of the scales on his body is full of golden light, full of supreme power, like the diamond rock, which is unbreakable on his body. The wind was strong and the sky was full of thunder. The whole earth seemed to be undergoing the baptism of a catastrophe.

Ji Lin can only cover his ears with both hands, looking at Ye Chen through Ji Siqing's broad sleeves.

On top of the darkness, countless raindrops pour down.

It's like a sharp blade, trying to penetrate through Ye Chen.

Ji Siqing wanted to strengthen his defense, but found that the Golden Dragon had a light look at him.

It seems that I'm blaming myself for meddling!

Ji Siqing silver teeth bite, rosefinch huge virtual shadow shine has completely left Ye Chen.

"Sister! What are you doing! "

Ji Lin was surprised. Xiujian was lying horizontally, and he wanted to rush out to block the raindrops from the high speed for ye Chen.

"This is the layout given to him by the reincarnation Lord. He has to bear it."

Without rosefinch's care, the raindrop seems to have found the target and hit Ye Chen with all his strength.

When the rain drops fall on him, you can even see the flow of lightning. The power of thunder leaves a trace of red mark on Ye Chen's original strong body.

Ji Siqing obviously knows that ye Chen is different from other people's strong body. Now he can't help but sigh what kind of power is contained in the rain.

With more and more red marks all over yechen's body, finally, a rain cut his skin.

Then, the blood flowed, and his clothes were tightly bonded with the blood stains.

"Ye Bawang!"

Ji Lin can't help but cover his mouth at this time. There are tears in his eyes, just like a thousand cuts?

For the first time, she felt the sorrow of Ye biwang, the chosen one.

Ji Siqing fingers involuntarily clenched, heart is also a long time difficult to calm, she can do nothing, can only watch ye Chen bear all this.

"Wow

Before the rain, gradually turned into a torrential rain, the power of thunder to generate a Thunder Dragon, at this time with the Golden Dragon tangled together.

Gold and blue, hot and flashing.

The giant shadows of the two dragons have overlapped.

Endless light blooming, such as bright Aurora!

Ji Siqing and Ji Lin couldn't look directly at the aurora and were forced to close their eyes.

Ye Chen's coat had already been smashed to pieces and fell one after another.

After the flesh and skin split, the Golden Blue Double Dragon saw on his body, with a deep and hot breath hovering in every scar.

Gradually, the golden and copper luster appeared slowly from his back skin.

Steel and iron!

Ye Chen's body, in this incomparably arrogant promotion, unexpectedly with his own strength to achieve the steel.

The roar of the two dragons is incessant, and the dragon's tail is sparing. Two giant dragons penetrated into yechen's body at the same time.

Bang!

The iron pens in Ye Chen's hand are all broken. The dragon spirit it carries has left it, and it can no longer survive in the void.

There was a rumor that everything in the world has a spirit. No matter whether you think it's still or not, its essence is disappearing automatically, until you lose your life in different vicissitudes.

After the two dragons disappear, a page of Scripture slowly rises in front of Ye Chen.

Ji Siqing widens his eyes, and his beautiful eyes are full of curiosity. Is this a legacy left by the master of gongs to Ye Chen.

Gold fluorescence, blue font.

"Reincarnation of the ninth book!"

Ji Siqing clearly saw the words above.

It's reincarnation nine books!

No one knows better than Ji Siqing what this reincarnation ninth book means to the Lord of reincarnation. It is the existence of ghosts and gods as startling as the reincarnation sixth disk.

The book of reincarnation is the most powerful killing move of the Lord of reincarnation.

Every page is a very wonderful and fierce world, just like the picture of a fallen yellow spring, as long as you pull the other side into it, then it's your home.

Changes in circumstances, deduction of time, alternation of sun and moon, or survival against the world can all be realized.

This is a world in which the nine sides are completely controlled by the operators.

At the moment when the Scriptures fell on Ye Chen's body, the vast power of reincarnation, accompanied by lightning and thunder, had been reflected in his body.

Ye Chen's actual strength realm also extremely climbs in this time.

Step into the origin!

It's impossible for ordinary people to make so many breakthroughs in this short period of time!

What's more, ye Chen's breakthrough is suppressed by reincarnation blood, which is thousands of times more difficult than ordinary people! There are thunder robberies surging in the sky, and countless thunder robberies rush to Ye Chen in an instant.

But when the thunder comes, the little black of Dantian suddenly opens his eyes, and a black shadow rushes out of ye Chen's body!

Even instantly devoured the countless thunder robbers!

This Maybe it's the first time that ye Chen has devoured Lei Jie so fast

"Ye Chen?"

A few seconds later, ye Chen Long exhaled a turbid gas, what just happened, for him, as if between, unexpectedly is also like a dream.

The clouds and rain above, the Dragon behind, all disappeared.

"Ye Bawang! Are you breaking through again? "

Ji Lin looks at Ye Chen happily.

Ye Chen nodded and turned to look at Ji Siqing,

"It's the beginning. Now you should be able to fight against some weak taizhenjing strongmen." Ji Siqing sighed from his heart.

"The power of reincarnation is really good." Ye Chen sighed, "I thought the layout of the previous life, really nothing left to me, now it seems that the previous life or for this life I prepared some gifts."

This reincarnation ninth book seems to have become one of his powerful cards.

However, it is not so easy to operate the ninth book of reincarnation.

"Ye Bawang! What the hell is this mural about? "

Seeing Ji Lin's questioning, ye Chen interprets the whole mural one by one.

.....

Half an hour later, Ji Lin took Ji Siqing's arm and followed Ye Chen.

Ye Chen has a smile on his lips. In the dust ruins, he gains the power of the Lord of reincarnation, which makes him have a card comparable to six rounds of reincarnation even in the face of xuanjiyue.

I have to say, this is really a very happy news.

From the dust traces, the strange green aurora has disappeared.

It seems that this is just a guide for ye Chen.

But at this time, the sky above, flashing out of a blue flame, flame in the faint gear of fate stirred traces.

"No!"

Ji Siqing looked at the blue vision in the distance, and his heart was filled with a bad premonition.

Chapter 5416

Ye Chen hears her exclamation and looks up.

The sudden vision of heaven and man is definitely caused by someone's breakthrough.

Even if separated by millions of miles, they can still feel the violent power of the blue flame.

"This It's the master of fate, xuanjiyue

Even if he no longer wants to admit it, ye Chen can only be sure that the flame vision and the virtual shadow of destiny gear are caused by Xuanji moon's reincarnation star flame.

It seems that after the Tusheng meeting, not only emperor Shitian recovered his strength, but also xuanjiyue's cruel methods of sacrificing animals were broken through.

"It seems that the battle with xuanjiyue is coming."

Ye Chen said, in this case, fight, let the Lord of destiny feel fear from him!

.....

At the same time, over the Queen's palace, a blue light column shrouded xuanjiyue.

Just a few seconds of breathing, xuanjiyue's whole body starlight swayed, and a blue flame appeared.

As soon as the flame came out, the whole Queen's palace was rejuvenated with infinite vitality.

Bang bang!

One after another, the fire of star flame burst around xuanjiyue, and countless dark blue lights filled the sky again.

Xuanjiyue's eyebrows, a blue reincarnation star flame, twinkle and tremble, let her thick eyelashes, also dyed a trace of blue luster.

The star wheel runs through the sun!

With a finger out of thin air, the slender hand has taken all the reincarnation star flame back into the palm.

Boom!

A strong silver crystal awn, mixed with wisps of law aura, runs through the layers of void, wrapping all the reincarnation star flame.

Thunder, tongues of fire, Xinghe, Canyang.

Countless luster in this reincarnation star flame circulation, and finally gathered into a very grand and vast reincarnation law, immersed in Xuanji moon body.

"Congratulations, your majesty!"

"Congratulations, your majesty

On the top of the Queen's palace, from inside to outside, all the attendants from top to bottom, without exception, were crawling on the ground. They looked up at the vision in the sky, and all of them were full of admiration for xuanjiyue.

At this time, xuanjiyue's whole body seemed to be covered with a layer of dark blue luster, and the lotus step moved, and in an instant she had reached the palace gate.

"The Queen's palace obeys orders!"

Xuanjiyue's cold voice came into every servant's ear.

Some important subordinates around xuanjiyue have already sensed the vision, crawling outside the palace, waiting for xuanjiyue's call.

"Kill Xia Ruoxue."

The nearest one was in a trance for a moment. Shouldn't he be the master of reincarnation? Why should Her Majesty kill Xia Ruoxue first?

Xuanjiyue completely ignored the doubts of the public, and her figure dissipated in the huge palace.

.....

Soon, she came to a palace full of endless mystery.

Darkness is the only feature of this palace. With the arrival of xuanjiyue, her figure is more graceful with the blue light, and her fingers are a little in the dark.

As if it touched the organ, a huge reincarnation chart suddenly appeared.

If ye Chen is here, he will be surprised. This reincarnation chart is exactly the same as the six rounds in his body.

At that time, the master of fate not only let the master of reincarnation fall, but also used more complex causal means to reproduce a small part of the six wheel disk.

It's a pity that the six way round of return is far less adverse than the six way round of return. What we can do is just to deduce Qi Yun.

"If it wasn't for Xia Ruoxue, the slut, who contaminated MY reincarnation star flame, now I would be more than that!"

Xuanjiyue looked at her palm and snorted coldly. The emperor Shitian also had part of the responsibility. Otherwise, she didn't offer sacrifices to the living beings. Her current strength also had the qualification to kill those Temple masters.

"Fate is the result of fate, life signs a case!"

"Sadness and happiness are decided by fate."

The huge reincarnation chart slowly affected, all the Mingge method, at this time, the golden light burst, unexpectedly is constantly climbing.

Xuanjiyue's expression, with the stagnation of reincarnation chart, domineering smile scattered.

"Extreme luck! Ha ha ha

Her laughter almost penetrated the layers of void, echoed in the palace.

Since it is Qi Yun that favors her, she will fight against the sky.

Xia Ruoxue! No matter how much reincarnation flame you have, and no matter what level your reincarnation flame is, I will take it back.

From then on, only one person in charge of reincarnation Xingyan is xuanjiyue!

"Your Majesty, many powerful masters have come to congratulate you!"

The servant outside whispered, for fear of disturbing xuanjiyue. If it wasn't for xuanjiyue's laughter, he would not dare to say anything. "They came quickly."

Xuanjiyue snorts coldly. The strong side of these weeds will cling to them. They have no heart of Tao and are not worth relying on. It's just that since they are in a hurry to hold their thighs.

Let them be the dogs looking for food. In this big heaven and earth, she never believes that Xia Ruoxue can hide without any trace.

The first step for the master of destiny to rise is to take back her own things.

Inside the main hall, many powerful masters prostrate on the ground one after another, waiting for the arrival of xuanjiyue.

As the master of fate, xuanjiyue seems to have been favored and respected from the beginning.

The dignified voice came out from the top to the bottom, emitting the source gas of light wave and flame. On the main hall, they became a noble and unusual woman.

Xuanjiyue's cold voice, without any emotion, slowly fell:

"you must have seen the vision of heaven and earth, and our queen's accomplishments have broken through again!"

"Congratulations to your majesty, congratulations to your majesty!"

They knelt down again, worshiping, respecting, fearing and admiring.

Every one of them knew how terrible Xuanji moon was at this time. They could turn clouds and rain between raising their hands.

"Since all of you have come to congratulate me, I am naturally grateful."

At this time, everyone felt cold and grateful. These four words could not have come from her majesty.

"I think you all want to work with me. In this case, the Queen's order will be sent to heaven and man to search for Xia Ruoxue!"

"At the Queen's command

One after another, Xia Ruoxue was shocked by the promise, the voice and the strong causal obsession.

Her beautiful eyes trembled slightly, her red lips opened, and she said, "what happened?"

"What's the matter, Ruo Xue?"

Xia Ruoxue's master came slowly, looking at Xia Ruoxue's expression, wondering.

"It's OK, master. I just feel that someone is looking for me."

Xia Ruoxue shakes her head and speaks out her perception.

The goddess of mercy frowned. Is it Ye Chen again?

"Ruo Xue, I have something to tell you."

Chapter 5417

Xia Ruoxue quickly collects her mood and looks at the goddess of mercy in the bright moon.

With the master's guidance, Xia ruoxie feels that she has become more proficient in the source of the moon, and her understanding of the way of the moon has reached a higher level.

"Ruo Xue, you can also feel that the recent practice has been much slower than before."

Xia Ruoxue nodded. At the beginning of the day, she made great progress, but at this time she had already made slow progress. She needed to be more focused and lasting to see a little bit of progress. She even felt that she had reached the bottleneck. At this time, when she heard the master say so, she raised her head with some hope.

"Do you know the truth of the moon?"

In the Quiet Moon Palace, a bright moon is dormant in the air, and the silver light is shining on them.

Xia Ruoxue nodded slightly: "I know the power of Taizhen law."

The mother of mercy nodded with satisfaction.

"In this world, there are countless ways to practice Taoism. For example, you and I all choose the way of the bright moon. We start with the book of the origin of the moon and move forward on the road of the moon. "

The voice is not falling, the finger of the goddess of mercy is a little empty, and a silver road has emerged from her and Xia Ruoxue's feet.

The road is about ten feet wide, stretching into the void.

"Is this our way to the moon?"

Xia Ruoxue carefully stepped on the Silver Road, rising from her feet, a touch of silver light like fog, rather close to her cheek.

"Ruo Xue, this is the way to be a teacher. Where is your way?"

The voice of the goddess of mercy was gentle, but with irresistible authority.

Xia Ruoxue, who is intimate with the way of the moon, is shocked by this doubt.

She is the source of the moon. Where is her way?

Xia Ruoxue fingers dim sum, close between eyes already have countless ice blue fireworks billow out.

Seeing this, the lady of mercy, waving her sleeves, has taken back her way to the moon, looking at Xia Ruoxue's expression, full of expectation.

"The moon and the sky are two mirrors, the lake and the earth are ten thousand bows."

"People walk outside willows, and they are in the picture."

"The sky is wide, the eyes are fast, the building is high, and everything is in harmony."

"It's better to find the way. The moon is in my heart!"

Xia Ruoxue's eyes were wide open, and there was a long river of ice blue between her palms.

In the long river, there are reincarnation star flames that want to burn in them, one by one, just like a lotus in full bloom.

In the heart of the flower, the bloody ball exudes the breath of reincarnation, which is a trace of reincarnation in Xia Ruoxue's body. She even refined the reincarnation into a part of the way of the moon.

Boom!

This ice blue river, petrified into shape, on the Moon Palace, formed a very gorgeous way of the moon.

At this time, Xia Ruoxue, standing on her own way of the moon, is like a God's residence in the moon world.

In this way, looking down on the world.

"Master, this is Ruoxue's way to the bright moon."

The goddess of mercy nodded with satisfaction. She was a disciple with a firm heart, and her perception of the source of the moon was far more than that of herself.

"Good." The goddess of mercy nodded and continued: "all things have rules. They complement each other. You have already felt the power of the powerful in the supreme world. Between them and heaven and man, there is actually the power of law to suppress and resist each other."

Xia Ruoxue nods. If there is no power of law, Ye Chen doesn't know how many times he will suffer.

"So, we have chosen our Tao, then we need to establish our moon law."

"Build our moon law?"

Xia Ruoxue looks surprised. Can she establish rules? She had witnessed the ferocity of the power of the law, but now her master told her that she could have the power of the law she had built.

"Yes, the power of the law."

The goddess of mercy said, fingers twirling each other, a bright moon source method has appeared.

Like thunder, with the power of lightning.

"Your current practice is not so much a bottleneck as a time when you need to understand the rules and martial arts. You have to understand that every strong person in Taizhen must have his own power of law, otherwise, her future practice will be meaningless. "

"The decline of extraterritorial heavenly way gives the warrior the opportunity to control his true law ahead of time."

When the mother of mercy spoke, she looked serious. She had witnessed countless practitioners who were against heaven, and finally died because of the lack of the power of the law.

"Master, how can I practice my own moon law?"

Xia Ruoxue's look also becomes tough. She wants to be strong and stand beside Ye Chen to fight against fate with him.

"I know a secret place that is extremely conducive to understanding the law of the moon."

The lady of mercy said, looking at Ruo Xue with burning eyes: "we may encounter certain danger when we go to the secret place. Are you afraid?" Xia Ruoxue shakes her head firmly, there is nothing to gain

without effort, how much to pay to have how much fruit, if because of fear and stop, that is not her Xia Ruoxue character!

"Well, then, you'll be ready. We'll set out in a minute."

The goddess of mercy is very satisfied with Xia Ruoshue's performance. Her closed disciple is far better than her former disciples.

"Master..."

Seeing that the goddess of mercy is going to leave, Xia Ruoxue asks a little wrinkly, with a blush on her cheek.

"What's the matter?"

At this time to see Xia Ruoxue this appearance, the goddess of mercy at the moment clear, it must be ye Chen that smelly boy!

"Master, we go to perceive the law of the moon. We don't know when we can come back. I want to see ye Chen before I go."

Xia Ruoxue almost pleads. At the beginning of parting with Ye Chen, Xia Ruoxue is embarrassed by the master's attitude.

"Don't even think about it!"

The mother of mercy showed her anger: "the mole ant, we have saved him once. It's the end of our duty. Why don't you forget him?"

"Master, you don't know ye Chen. In fact, he..."

Xia Ruoxue looks at some Shifu's cold face and cries for ye Chen in her heart. If it wasn't for Shifu's preconceptions, she wouldn't misunderstand Ye Chen like this.

"Ruo Xue, I'd like to remind you again that the cultivation of the law of the moon is very important to you. You must not lose the big for the small. As for that mole ant, now your cultivation level is far higher than that of him. In the future, your distance will be between heaven and earth. As soon as you pass the word of love, you have to put it down! "

"Master, ye Chen..."

"Well, don't say any more. He will only be a burden on your way of practice. You must not be hindered by such ants. If you let me know that he has influenced your mind, I will not let him go! "

The lady of mercy walked away, and there was no room for maneuver.

Chapter 5418

.....

Half a day later.

Two figures appear in a secret place.

It's Cherokee and the lady of mercy.

"This is the secret of the moon law."

Xia Ruoxue feels as if she is in the boundless silver world. She only feels that she is so small.

There is only one pillar of light falling from the sky on the ice sheet covered with silver. The source of that pillar of light is a very bright moon.

The boundless and vast moon source method runs through the whole secret place.

"This is really a holy land for practicing the rules of the moon."

Xia Ruoxue couldn't help sighing.

"Ruo Xue, next, we will experience in this secret place. Whether we can understand the law of the moon before Taizhen depends on you."

The mother of mercy said that this is a rare blessed place. She came here with Xia Ruoxue in the hope that she could understand the law of the moon. If she could establish her own law of the moon, it would be better.

"Don't worry, master. I will do my best."

Xia Ruoxue nodded, this is a very rare opportunity, she will take it.

Ye Chen, when we meet again, I will surprise you!

Xia Ruoxue lowers her head and smiles, but she thinks of Ye Chen silently in her heart.

.....

The picture turns around. Inside the palace, xuanjiyue is half lying drinking a pot of wine.

"Your Majesty, the secret of the holy mansion!"

The attendant holding a small sword, half kneeling in front of xuanjiyue, whispered.

"It's from Tiancan Niang."

Seeing that xuanjiyue didn't want to see the letter, the servant quickly added another sentence.

"Oh?"

Xuanjiyue opened her half closed eyes and looked at the attendant charming and tactfully.

The servant saw the Queen's eyes, so graceful, let her mind ripple.

"Have you found Xia Ruoxue?"

Xiaojian's message is Xia Ruoxue's.

"It's really my good younger martial sister. It's not the same as those wine bags and rice bags."

Xuanjiyue is smiling. It seems that reincarnation chart is right. As the master of fate, her recent luck is really extreme.

"Sword

Shenluo Tianjian almost came from outside the temple. The sword power brought by it directly bombarded the half kneeling servant.

"The secret of the moon! Reincarnation star flame! Xia Ruoxue, it's time for you to die! "

The corner of xuanjiyue's mouth stirs up a grim smile. She wants to see what happens to the Lord of reincarnation when Xia Ruoxue is dead.

.....

At the same time.

In the secret place of the bright moon, Xia Ruoxue clenched some numb palms.

From the moment she and her master stepped into the secret place, the strange animals in the secret place of Mingyue began to attack constantly.

In this world of silver light, every step of her walking will almost touch the moon and beast.

It's not so much a monster of the moon as all the objects in the whole silver world have been empowered by the moon.

The frost covered trees along the way contain the power of the moon, which can wrap her up in an instant.

On the Silver Plain, it is like a huge mirror, but sometimes a swimming fish with the power of the moon can jump out.

Even because of the sound, she even saw the moon Xuanniao flying up from the silver trees.

Here, it seems that everything is gorgeous because of the bright moon, which evolves.

"Someone's coming?"

Not far away, the goddess of mercy sat cross knee, her eyes suddenly opened in this moment, she felt that someone was using strong brute force to impact the barrier of the secret place of the moon law.

"Who is it?"

At this time, the goddess of mercy did not care much. Guided by the law of the moon, she came to Xia Ruoxue in one step.

At this time, Xia Ruoxue should be a little tired. In the face of the endless killing of the moon, after the fierce battle, she only felt that her arms holding the sword were numb. At this time, when she saw the master coming suddenly, she was very happy.

"Master, why are you here?"

But the mother of mercy shook her head and looked coldly not far away, as if there would be someone there.

"What's the matter, master?"

Xia Ruoxue obviously saw the seriousness of her master. With her eyes, she looked suspiciously into the distance.

"Ha ha ha, the old guy I haven't seen for a long time is hiding here with this bitch. I can't find it!"

Xuanjiyue's voice instantly broke through the barrier, and the Shenluo Heavenly Sword in her hand radiated endless prestige. The sword pointed to the goddess of mercy.

She didn't understand, how can ye Chen hide Xia Ruoxue so tightly? Now she knows that it's someone else. "Lady of mercy, over the years, are you shrinking in your shell and counting the white hair on your head?"

Woo!

Shenluo Tianjian vibrates violently and makes a Northern Song, which is like an epic elegy.

This sword is very spiritual. Holding it in xuanjiyue's hand at this time is like perceiving her murderous spirit. The sky sword moans and the road is turbulent.

The goddess of mercy has a fierce anger on her face. Xuanjiyue, the master of fate, is as mean and hateful as ever.

Xuanjiyue is elegant and graceful. She holds Shenluo Tianjian. Her temperament is far better than before. It seems that she can break the goddess of mercy into two parts with one sword.

"You are the same as before, so much nonsense!"

The source gas of the goddess of mercy, the moon, converges into a magic sword of moonlight. The vast gas of the moon seems to be inexhaustible in this secret place that pervades the source of the moon.

"I come here today to get back what belongs to me!"

"Reincarnation star flame, it's not just a sin woman can be in charge!"

"Kill

Xuanjiyue held the sword in her right hand and put her left hand on the sword. A ray of sword light turned into a shadow. She cut down in the air and went straight to the goddess of mercy.

Although there is only a shadow, the sharp edge of the sword can not be stopped by the moon sword in the hands of the goddess of mercy.

Whoa, whoa, whoa!

In front of me, the sword was strong, but the goddess of mercy didn't give in.

She knew she couldn't give in!

"A sword dominates, the moon incarnates!"

The goddess of mercy suddenly burst up, and the endless and vast moon power filled her back, just like the growth of green wings.

In the face of the shadow of Shenluo Tianjian, the goddess of mercy, without any hesitation, directly incarnates in the moon. On the battlefield of the moon's secret place, she stands in front of Xuanji moon like a God's residence.

The white fingers of the goddess of mercy, with endless moon power, easily clamp the sword light.

"Fate in the sky, as bright as the sun, shining on the eight wastelands, as if God came in person!"

Xuanjiyue's face was cold and stern. She held Shenluo Tianjian tightly in her hands and sang aloud.

Boom!

Shenluo Tianjian in her hand, the explosion of dazzling light, can almost shake the rules of heaven and earth.

Between the heaven and the earth, the incomparably magnificent vision blooms in an instant!

It's like death killing the dying!

Today, the dying man is Xia Ruoxue!

Chapter 5419

Together with the visions of xuanjiyue, countless archaic dragons, ancient gods, Phoenix, unicorns and auspicious beasts dance in this world.

The spirit of Xianxia, like a flying flower and a firefly, fills the whole secret place of the moon in an instant.

"Shenluo fate chop!"

Xuanjiyue's Shenluo Tianjian, which was held high by xuanjiyue, was much more powerful than the shadow of the sword before. With the blessing of Shenluo Tianjian, it was inevitable!

The goddess of mercy of the bright moon rises up in the sky, and her body is filled with the most brilliant light of the bright moon. She is as terrified as the goddess of the bright moon, and her silver hair is 3000 feet long.

At this time, each of the three thousand silver filaments is in full bloom, and each hair filament evolves a bright moon. Countless bright moons interweave and collide with each other, just like huge lights and shadows, crisscrossing and crisscrossing. For a time, all places are the holy bright moon power.

"Bright moon, bright shield!"

The moon disk evolved from the bright moon, forming a huge shield with silver light.

The goddess of mercy and Cherokee are shrouded behind.

"Hum!"

The corner of xuanjiyue's mouth raised an ironic smile.

A ray of extremely bright purple Qi of destiny lingered on xuanjiyue's side, and then all poured it on Shenluo Tianjian.

"Break it for me!"

A sword and a shield collided with each other, which burst out a powerful storm.

However, xuanjiyue broke through the extremely powerful waves and cut open the shield of Mingyue, the goddess of mercy.

At this time, the whole person was completely stunned.

After forever, facing xuanjiyue again, she didn't even have the qualification to entangle with her.

"I didn't expect that after ten thousand years, you have been so strong."

After Shenluo Tianjian broke the protection, it didn't kill one after another, just sent out a shadow of Shenluo sword.

The sword shadow contains the fate of crape myrtle, directly across the heart of the goddess of mercy.

"Poof!"

Before the words were heard, a stream of blood had been gushed from the mouth of the goddess of mercy.

"Master!"

Xia Ruoxue stepped forward and held the arm of the goddess of mercy.

"Xuanjiyue, you just want to reincarnate Xingyan!"

Xia Ruoxue took a step, opened her hands and stood in front of the goddess of mercy.

"Oh You're smart. "

Xuanjiyue looks confident. The goddess of mercy doesn't pose much threat to her, not to mention Xia Ruoxue.

"You have power that doesn't belong to you, but you always have to pay back what you steal."

Xuanjiyue showed a look of compassion of the superior, and offered a drop of purple blood essence in her hand.

This drop of blood has incomparable spiritual power.

.....

At the same time, the desolate atmosphere in the gate of taixuan array, under the guidance of Taoist Yang Xi, once again had the voice of practicing martial arts.

"Lord, I have your flying sword."

Dunjia Tianxing has handed a small flying sword to Ye Chen.

"Oh?"

Ye Chen stretched out his hand to take it, and it turned out to be a secret letter from the holy king of Chiyuan.

The holy king of Chiyuan thought that there was a very urgent matter, so he sent a letter by flying sword. After all, he told ye Chen many times not to involve too much cause and effect with him.

However, when he saw the content of the letter, ye Chen's look was dignified to the extreme.

"What's the matter?" Ji Siqing looks at Ye Chen's tightly frowned brow and asks anxiously.

"After xuanjiyue breaks through, he calls on the whole heaven and human domain to trace Ruoxue's whereabouts. Chiyuan holy King intercepts the communication between Tiancan Niang and xuanjiyue. It says that Tiancan Niang has found Ruoxue and has told xuanjiyue. At this time, xuanjiyue should have reached the secret of Mingyue law."

"What

Ji Siqing's heart was pulled up. What a power xuanjiyue had. He did it himself. What does it mean!

"What are you doing in a daze? Go to rescue Ruo Xue quickly!"

Ye Chen nodded: "the face of Xuanji month is not small, you stay to protect Ji Lin them."

"No! I want to go with you. After xuanjiyue's breakthrough, Shenluo Tianjian protects her body. You are not her opponent. "

"No one is her opponent more than me. Now with the reincarnation ninth book, I can't compete with her. Siqing, here, I'll give it to you. "

Hearing this, Ji Siqing no longer argued, nodded and looked at Ye Chen's eyes full of worry.

"Don't worry about me!"

Ye Chen stretched out his hand and gently grasped Ji Siqing's arm. He turned and stepped into the void channel.

.....

The picture is in the secret of the moon.

The atmosphere is dignified.

"You let my master go, I'll give you all the reincarnation flame!"

Xia Ruoxue looks at this drop of incomparably majestic blood. Although she doesn't understand why xuanjiyue sacrificed this drop of purple blood essence at this time, she knows that reincarnation star flame is the reason why xuanjiyue has been chasing her. "If snow!"

The goddess of mercy interrupted, her eyes cold: "reincarnation star flame has become a part of your way to the moon. If you remove it by force, it will threaten your way to the moon and shake your foundation."

"Master!"

Xia Ruoxue shakes her head firmly. Compared with the life of the master, cultivation is nothing.

"You have a deep affection for teachers and apprentices."

Xuanjiyue looks at the scene of deep affection between the master and the apprentice, and shows a sarcastic smile.

"Xuanjiyue, you are the master of fate in vain. You can't live with a little girl. It's a joke to spread it out!"

The moon sword in the hands of the goddess of mercy has gathered again, and Xia Ruoxue has been protected behind her.

"Ruo Xue, listen to master, master can't delay her too long. You leave at once

A voice directly rings out in Xia Ruoxue's divine consciousness.

"Master..."

Xia Ruoxue's eyes have been filled with a layer of fog, she knows that this is the master's plan to protect himself with his own life.

Although the master was too harsh on Ye Chen and made sarcastic remarks for many times, she even regretted that she was her teacher, but at such a critical moment, the mother of mercy had to give herself time to escape with her own life.

This cold-blooded and heartless Virgin Mary in front of Xia Ruoxue is planning to protect Xia Ruoxue with her own flesh and blood.

"Silly girl, why are you crying?"

The goddess of mercy turned her head and looked at Xia Ruoxue: "it's up to you in the future! I hope you can practice the strongest law of your own. "

Xia Ruoxue shook her head firmly and pushed away her arm in front of her: "xuanjiyue! I am willing to give you reincarnation star flame, you let my master go

This time, she wants to protect Shifu!

"Xuanjiyue! You'd better promise me! Otherwise, even if I explode, I won't let you get a little reincarnation star flame! "

"Threatening me? Or ask me? " Xuanji moon is raising snow-white chin, light way.

“..... Please

Xia Ruoxue said that she didn't want to take master's life because of her anger.

Chapter 5420

The magnificent, holy and magnificent Qi Yun Xianguang came down from the sky again and fell on xuanjiyue.

This is the light of great fortune!

This is also the difference between xuanjiyue and the emperor Shitian and many Temple owners!

Looking at the whole region, only three people are lucky!

Xuanji moon, Emperor Shitian, even yechen!

Xuanjiyue's extreme Qi is added to her body, and her eyes to Xia Ruoxue suddenly become gentle.

"Well, I promise you!"

"If snow!"

The voice of the goddess of mercy came from behind Xia ruoshue.

"If you forcibly deprive reincarnation star flame, you may even break the foundation of martial arts, and the way of the moon will fall apart. From then on, you may no longer be able to rely on cultivation to break through!"

Xia Ruoxue walks slowly to xuanjiyue.

"I volunteer to give reincarnation star flame, please keep your word."

"No!"

Xia Ruoxue sadly closed her eyes, and a moon dagger appeared in her hand, slowly stabbing her own Dantian.

However, at this critical moment!

"Stop it

A cold voice sounded from behind xuanjiyue.

"The woman who wants to move me, have you asked me?"

Ye Chen's figure, no longer indifferent, but rampant and wanton into the moon.

Xia Ruoxue hears Ye Chen's voice for a moment, Xiumu suddenly opens. She can hardly believe her eyes. Ye Chen is just like her patron saint, so she comes to her.

Ye Chen a brisk step, has come to the side of the summer if snow, took down the bright moon dagger in her hand.

"Ye Chen, why do you appear here?"

The expression of the goddess of mercy is also dignified. She didn't expect that ye Chen, a mole ant in heaven and man, could find it here.

But he came, facing xuanjiyue, it was just a loss of life.

"Fool, don't be so impulsive next time, you still have me."

Ye Chen gently rubs Xia Ruoxue's hair and signals her to step back.

As for the goddess of mercy, the other side of course many times ridicule, but it is true to Xia Ruoxue, he can not care about anything at the moment.

"Reincarnation six array! Go

Ye Chen smiles indifferently, and his clothes are dancing. His eyes look at Xuan Jiyue fiercely. His hands are tied together, and the six wheel circle array is open. Suddenly, a piece of array light appears.

The six samsara formation, one ring after another, with the breath of terror, burst out in front of xuanjiyue.

In the face of xuanjiyue, the master of fate, other skills may not have much effect, only reincarnation!

"Fateful Zihuang chop!"

Xuanji Yuejiao scolded, and then cut out with a sword, toward the six samsara on the ground.

The majestic purple light column was released from xuanjiyue.

Boom!

Nine days of thunder, fate shock!

In the face of Ye Chen, xuanjiyue does not have the slightest hand. On top of her Shenluo Tianjian, she forms a magnificent world, which also follows her sword light.

The virtual world of xuanjiyue is just a destiny world, a small world full of purple Qi, which completely covers the secret place of Mingyue.

In this small world, there are butterfly like characters floating everywhere, and there are colorful chapters of fate. These chapters, vigorous, ancient and mysterious, are like ancient characters, constantly cruising, showing the dignity of fate, as if containing the ancient order of destiny, to control the world.

On the sky of the small world, the purple air floats and evolves into innumerable immortals, gods, daughters and children, singing a grand hymn, praising the greatness of fate and the meritorious service of the empress.

"Damn it

Ye Chen clenches his teeth and suddenly feels the pressure of fate like Mount Tai.

Hum, hum Under the infusion of the law of destiny, xuanjiyue's Shenluo Tianjian was extremely powerful, and the power of fatalism Zihuang chop also broke out to the extreme.

"Six ways of reincarnation, source sign blessing!"

At the critical moment of life and death, the reincarnation pattern of Ye Chen's palm emerges. A huge reincarnation disk slowly emerges from behind him. It is the six ways of reincarnation.

There are also Geng Jinyuan Fu, Guangming Yuanfu, dark Yuanfu, Leiting Yuanfu, Wutu Yuanfu, and highly toxic Yuanfu. A total of six Yuanfu also appear on the reincarnation disk.

At this moment, ye Chen actually put six source symbols on the reincarnation disk to enhance the power of the six ways of reincarnation.

The six ways are heaven, humanity, animal, Asura, hungry ghost and hell.

Heaven humanity, corresponding to Geng Jinyuan Fu, represents the golden light of heaven and man, which is magnificent.

Humanity, corresponding to the source of light, represents the greatness of light and the permanence of humanity.

Animal way, corresponding to the dark source symbol, represents the animal disaster, the dark sink.

Asura Road, corresponding to the thunder source symbol, represents the magic power, such as thunder to destroy the world. Hungry ghost Road, corresponding to the poison source symbol, represents the hungry ghost howling, poison forever.

Hell Road, corresponding to Wutu source symbol, represents the world of Tibetans, eternal.

The six paths of reincarnation array, which was already nearly broken, can be stabilized by the blessing of the six source runes.

Among the six voids, there are all kinds of beasts, which are surging and exuding the supremacy.

A huge beast, carrying endless evil power, crazy biting, want to tear xuanjiyue general impact.

"Break it for me!"

Xuanjiyue suddenly drinks and cuts it down with a sword. With the advantage of Shenluo Tianjian, not to mention it's just a strange beast, even if it's the real endless gate of hell, she can open it with one sword.

Boom!

The void roared and the ground cracked.

The shock of terror, from underground, seems to have countless monsters, wake up from sleep, to kill out.

Ye Chen did not retreat in the face of this overwhelming blow, and all the reincarnation steles were all around him!

Dust stele, wind stele, burning stele, spirit stele, poison stele, dark stele, magic stele! The power of the steles, gather the whole body!

Infused with the six source runes and many reincarnation steles, the power of the six path reincarnation method suddenly broke out to the peak, with darkness and light, thunder, earth, gold and poison, and all kinds of roads running, evolving into a dark, chaotic, boundless, almost the energy of Taishang road.

"Soul body transformation! TIANYAO's body, blood burning formula, Baixie's body, keel, advanced display! Tao seal, soul seal, open

"The power of moon soul chopping converges with one punch!"

Ye Chen at this time in the vision is all resolute, have no hesitation at all, face Xuan Ji month, from the beginning, he plans to pour out the bottom card!

Yuehun chop, xueyuetu Tiancha and many other skills should be strengthened, when everything is brewing to the extreme!

"Samsara fist, break!"

Ye Chen suddenly drinks, mixing the six ways of reincarnation of many forces, and pouring all the energy into his fist.

This blow broke out. If you want to blow through the sky and the stars, the surrounding abysses are constantly shaking.
