Chapter 5421

Ye Chen's reincarnation blood is also burning at this moment, his strongest blow, even if the half step taizhenjing master comes, will be killed by a fist.

Hum!

A lofty and magnificent, huge virtual shadow also emerged from behind Ye Chen.

That was the figure of the reincarnation Lord!

At this moment, ye Chen as if incarnation reincarnation of the Lord, a hard blow to xuanjiyue.

At this time, it is the war between the Lord of reincarnation and the Lord of destiny!

It's another fight after another life!

"Ha ha, Lord of reincarnation! I can kill you in the last life, and I will kill you in this life! "

Xuanjiyue looks up at the sky and laughs. Although from the figure of the reincarnation Lord, she feels the growth potential of terror, at this time, ye Chen wants to kill herself with such a degree?

Daydreaming!

"Reincarnation star flame, I suppressed it!"

The white flames burst from the Shenluo Tianjian. Xuanjiyue poured the reincarnation star flame into the sword, and her own martial will was also fully integrated.

Boom!

The whole sword, like a volcanic eruption, the star flame energy erupted to the extreme, burning, constantly baking the space, and the whole abyss space was constantly distorted.

The next moment, xuanjiyue cuts Ye Chen with her sword. The martial will and reincarnation star flame are combined with the edge of the sky sword. The power is so powerful that it can crush everything.

Double challenge, the fate of the Lord and reincarnation of the Lord of the galloping momentum, vaguely has a rival posture.

Xia Ruoxue's heart is mercilessly pulled together, xuanjiyue's strength is stronger than before.

Ye Chen raised his hand to wipe off the backfire that he had just suffered under the blow. Under his breath, the blood was still flowing, which proved that he was not easy at this time.

After all, there is a big gap between him and xuanjiyue!

You can't keep it!

In that case, it's time to use that card!

Even now he can't completely control it!

"Reincarnation of the ninth book!"

Ye Chen's body rises and rises, blue and gold two giant dragons, already occupy on his body.

The dragon head looks up at xuanjiyue, just like the reincarnation master of that year, with full authority.

"In the first life, all creatures are born!"

"The second, Ming Ding, Chen Jie!"

"The third generation, live heroes are buried in disorder!"

"In the fourth age, there is a dragon in the sea area!"

"in the fifth age, the gods roar nine days!"

"In the sixth generation, cangming was in charge of Huajian!"

"The seventh generation, the ghost cup looks at the shrine!"

"The eighth generation, a thousand years of strength"

"the ninth generation, reincarnation and exploration of jiuxiao!"

Ye Chen opened his mouth to sing, sending out the eternal, sad and solemn voice of reincarnation.

In every life, there is a small world for him.

The eternal breath of reincarnation, the desolate vicissitudes of life, the supreme reincarnation power of the golden and blue dragons, extend in every seal singing. The nine generations of cultivation are like experiencing the vicissitudes of the nine generations. Gods, demons, ghosts, human beings and animals are just a grain of corn in the vast sea of the nine generations.

In the secret place of the moon rules, the small world of reincarnation from generation to generation, you can even see the living people living in this world. These small world of reincarnation layer by layer, like a beam of light, are shrouded above xuanjiyue's head.

The blue and gold dragon, wandering in this side of the world, the strong atmosphere wandering up, the brutal and strong reincarnation of the force, the whole tilt down.

"Fate fury, hundreds of millions of corpses

"Ten billion living beings, sacrifice to all

"Shenluo Tianjian, its power will last forever!"

Wisps of fatalistic purple light burst from xuanjiyue and went straight into the sky, penetrating layers of the moon's Secret realm, and even radiating to all the heavens.

In the secret land of the moon, all the moon's forces are shrouded in the fatalistic purple light. One by one, the living beasts who feel the evolution of the moon's forces seem to feel the call of fate. Their bodies melt in the fatalistic purple light like snow, and evolve into wisps of blood essence.

The essence and blood of innumerable exotic animals gush out from the secret place of Mingyue and pour into xuanjiyue's Shenluo Tianjian.

The whole Shenluo Tianjian absorbs the Qi and blood of all the creatures in the sky, and suddenly blooms with boundless divine light. It is extremely sharp, and if you want to break the eternal power.

The sharp edge of Shenluo Tianjian booms and blooms. The abysses in the sky are completely crushed, and the weather of heaven and man can be seen vaguely, emerging on the nine days.

This sword, with the lament of all the creatures in the sky, is sad, vicissitudes of life, hegemonic and powerful. If you want to destroy all the worlds, you will cut Ye Chen.

The two amazing dragons in reincarnation nine books collide with xuanjiyue's Shenluo Tianjian.

The fury of the ghosts and gods makes Xia Ruoxue and the goddess of mercy fly out.

The evil sword in Ye Chen's hand appeared, and the crossbar was in front of his chest, barely blocking the attack, but his eyes and mouth were full of blood! At present, even the ultimate card can't compete with xuanjiyue!

Xuanjiyue is really more powerful than before. Ye Chen has used up all the cards at this time, but still hasn't killed xuanjiyue.

At this time, my heart is more and more impatient, and the burning power of the six samsara blood has reached the final critical moment.

If Xia Ruoxue can not be rescued when the six samsara blood is burning, then this time there will be many crises.

If Xiao Huang can wake up, with his two pupils' nightmare, he can be compared with emperor Shitian's great vow to resolve the crisis at this time.

"No!"

Xia Ruoxue is in a hurry. She has already stepped out and wants to block Ye Chen.

"Why?"

At this time, the goddess of mercy withdrew her eyes and looked at Xia Ruoxue with some doubts.

"Master, you don't know that ye Chen can't always burn the power of reincarnation with his body at this time."

Xia Ruoxue's eyebrows are almost twisted together.

At this time, the goddess of mercy was very agitated. She never thought that ye Chen, who she regarded as a mole ant, could even share the autumn with Xuan Jiyue.

The mole ant she threatened.

The mole ant she despises.

Is he so powerful?

So, is it really her prejudice all the time?

The goddess of mercy in the bright moon looks at Xia Ruoxue, who frowns tightly. She knows that her precious apprentice really takes Ye Chen's life more important than herself, and ye Chen, I'm afraid, too. The cause and effect between these two people is so profound.

"Ah..."

With a deep sigh, the mother of mercy sat up on her knees and touched her own blood with the mighty source of the moon.

"If snow! Listen to me

In Xia Ruoxue's sea of knowledge, the voice of the goddess of mercy of the moon once again rings out.

"Ye Chen's strength and breath have gradually weakened, and may soon disappear. Once he loses his blessing, he will fall into an extremely weak state. At that time, none of us can escape."

Chapter 5422

"What about that?"

Xia Ruoxue asks nervously, no matter what, ye Chen can't die here.

"I will delay xuanjiyue for a while at the cost of self explosion. You must rush to attack with all your strength and leave here with Ye Chen. "

"Master!"

Xia Ruoxue turns her head and looks at the lady of mercy who sits on her knees.

At this time, her hair had changed from silver to black. It was obvious that she had already used the array of burning blood.

The withered and prosperous turn, the cathode turn prosperous!

At this time, the appearance of the mother of mercy has completely changed into that of her youth, and the beauty of that year has been fully displayed with every twinkle and smile.

"Mother of mercy You want to blow yourself up

Xuanjiyue's face became a little pale after all her efforts. Seeing the present appearance of the goddess of mercy, she showed a trace of irony.

"Ye Chen, I apologize for my prejudice."

The goddess of mercy looked at Ye Chen seriously, and her eyes were full of sadness.

"Master You... "

Ye Chen's power of activating blood vessels has disappeared. At this time, he was stunned to hear the words of the goddess of mercy.

"Now, with your strength, you tell me that I was wrong. However, please also understand your sincerity as a master. "

"Master, I know you are all for Ruo Xue's sake." Ye Chen is a little moved.

"Well, in that case, the most important thing for Ruoshue now is to establish her own moon law. I hope you can help her."

"It's natural."

Ye Chen nods. Even if the goddess of mercy doesn't say it, Ye Chen will do his best to protect his own woman.

"Ye Chen, you must take good care of Ruo Xue!"

After that, the palm of the goddess of mercy gently slaps Ye Chen's back and pushes him to Xia Ruoxue.

"Go

The bright moon is kind and kind, and the virgin decides to look at Xia Ruoxue with comfort in her eyes.

"Xuanjiyue! Your opponent is me

At this moment, the return of the goddess of mercy, self blood burst, a short return to the most glorious years.

At this time, the goddess of mercy has no decaying breath of morning bell and evening drum. She is awe inspiring and elegant!

Even if her opponent at this time is the queen of the upper world, she has no fear in the face of the woman who is just like a god!

"Bright moon, war spirit!"

The goddess of mercy dances the moon source sword in her hand crazily, instilling spiritual power and surging Taoist rhyme. With her dancing, the power of the sword is rising crazily.

Xuanjiyue saw this scene, the corner of her mouth raised a sneer.

"Don't think too much of yourself!"

A very strong fate of crape myrtle light, directly toward the goddess of mercy.

Sword and crape myrtle light and shadow of the collision, the vast force of fate will be the source of the moon Yingying all defeated!

Who will fight with the atmosphere!

"Master!"

After the purple dense crape myrtle divine light, the original white Taoist robe of the goddess of mercy has been stained with pieces of blood.

"Let's go!"

The goddess of mercy looks pale, but her eyes are tough and persistent when she looks at Xia Ruoxue.

"If snow..."

Ye Chen light pull Xia Ruoxue's arm, this time hesitation, will only let the grace virgin sacrifice in vain!

"Master..."

Xia Ruoxue's tears have filled her cheeks. This master, who doesn't live together for a long time, but she respects so much, in order to protect her, did she die between heaven and earth?

There's no time to be sad!

She can't let her master down!

Run!

This is the only word left in my mind!

The void tears, Xia Ruoxue drags the overdrawn Ye Chen into the void channel.

The goddess of mercy looked at her back as they left, and her mouth rose, showing a smile of satisfaction.

"Xuanjiyue! I'll let you taste the heaviest taste of my moon source

"The bright moon is one, the bright moon twines the heart to chop!"

, the moon's essence behind the goddess of mercy, poured out and condensed into four large swords with one foot wide. Each of the giant swords was engraved with a jade full of bright moon breath.

At this time, the goddess of mercy is like a majestic moon god. Under the circulation of the moon source technique, the four huge swords behind her revolve rapidly, condensing the supreme way of the moon. At the same time, the air waves of the whole secret place of the moon also dance!

With the fierce burning of the moon, the power of the moon in the whole secret place of the moon is more and more powerful!

"Chop!"

Gather the moon sword like a pillar of light, four handles come out together, whistling!

Shenluo Tianjian suddenly burst out intense light, twining the vigorous fate of Lagerstroemia.

Xuanjiyue's fingers are curved, and a touch of reincarnation star flame has condensed.

The dark blue luster, like a mottled starry sky, is scattered all over Shenluo Tianjian. "Break it for me!"

Boom!

The collision of five huge swords, the intense light wave, the whole secret place of the bright moon trembles unceasingly!

At this time, the goddess of mercy incarnated as a sword. Her figure was nihilistic and sharp, like a flying arrow, hiding under the huge light wave, she stabbed xuanjiyue without reservation.

This is the best way to kill herself!

"Poof..."

Xuanjiyue also found the self exploding sword hidden behind the huge explosion for the first time, but it was too late.

The goddess of mercy incarnated as a sword, attached with the sword of the bright moon, pierced the belly of Xuanji moon.

"Ha ha ha Xuanjiyue, you are just like this... "

The sword runs through xuanjiyue's body, and the shadow of the goddess of mercy slowly dissipates in the secret place.

Xuanjiyue's blood oozes from the corner of her mouth, and she looks down at her abdomen. Her eyes are full of anger, and her aura fluctuates slightly.

"Self explosion? Hehe, it's not so easy to run! "

Xuanji's beautiful eyes twinkled and kept thinking about something.

"I'm in charge of all directions. I'm in danger of everything. Do you want to escape from me?
Daydreaming

Xuanjiyue's face is dense, and her extreme Qi luck is slowly accumulating her injury. However, Shenluo Tianjian directly breaks through the barrier of Mingyue's secret place with its extremely powerful power.

"Emperor's day, Emperor's soul, Queen's order! Scattered

Countless crape myrtle fatalistic Charms gush out from the broken barrier.

The long imperial bell rings, and colorful purple clouds appear on the void, from which a fatalistic charm comes out.

"Queen's order?"

Tiancan Niang Niang looked at the vision of the sky, her eyes wrinkled, her fingers emptily grasped, and the fatalistic charm was already in her hand.

"The reincarnation of the Lord and sin daughter Xia Ruoxue were seriously injured, and they were killed together?"

If there is a smile like nothing floating on the corner of tiancanniang's mouth, Lord of reincarnation, this time, I'll see where you can escape!

"Shengtianfu will listen to the orders and try to track the reincarnation Lord and Xia Ruoxue."

"Niang Niang, where is the holy king?"

"Hum, you don't have to hide it. My elder martial sister has issued the Queen's order in such a big way that even if he wants to save her, he has to weigh the cause and effect."

Tiancan Niang looks at the more majestic palace in shengtianfu. This time, she and her husband will see who gets what they want.

Chapter 5423

.....

At the same time, the hell dragon temple.

"Father Yuwenji grits his teeth, his eyes are cold, and his body sends out bursts of dark dragon breath.

"This is a good chance to kill Ye Chen at one stroke!"

Yu Wentai looked at the hand of the fatalistic charm, did not speak.

"Father! It's a good time

Last time, ye Chen not only spoiled his wedding and made him lose face in front of many guests, but also made the hell Dragon Temple lose more than half of its value!

"Father..." An unusually gentle female voice enters from outside the hall. If ye Chen is here, he will recognize that this woman is Xiao Nuan, the Dragon girl he saved that day.

"Xiao Nuan What are you doing here? "

Yuwentai looks at xiaonuan, his eyes are full of kindness and doting, this is his only daughter, also let him most worried daughter.

"Since it's the Queen's secret order, father, let my brother go."

Small warm beautiful eyes flow, face is a little girl like innocence, but turn to yuwenji that moment, but suddenly become fierce and cold.

"I hope my brother won't let my father down again."

Yuwen machine looking at small warm, is disdain is resentment, and even that strong dislike.

"Well, since Xiao Nuan says so, you should go and kill Ye Chen."

Yuwenji instantly incarnated as a dragon, and a big seal came out of his claw: "Ming dragon strong, follow me to kill Ye Chen!"

"Father, what are you worried about?"

Small warm slender palm, slowly attached to yuwentai's shoulder, gently press up.

"I'm afraid it's not so simple. Besides, ye Chen has the protection of the Supreme Master. I'm afraid your brother..."

"The reason why the Supreme Master did it was because you didn't obey the rules and used the power that shouldn't have appeared in heaven and man. Now, they will never fight in heaven and man."

Xiaonuan's soft voice is almost close to yuwentai's cochlea, like a magic spell, flowing into yuwentai's mind.

Low eyebrow between, flattery show, small warm slightly look up, looking at the direction of yuwenji leave, ye Chen, this time, you can succeed?

.....

At the moment, ye Chen's condition is not good.

The excessive burning of reincarnation blood and Xuanyao blood makes Ye Chen overdraw seriously.

Xuanjiyue is more difficult to deal with than before.

Ye Chen's pale lip color shows his weakness at this time.

Xia Ruoxue's eyes turn to see the moon's secret place which is exploding.

When the secret place was destroyed and the master was gone, her heart was full of sorrow.

But at this time is absolutely not discouraged sad time, ye Chen has not yet out of danger, she must take ye Chen to a safe place.

"Mingyue Yuanqi, help me!"

The vast air of the booming moon fills Xia Ruoxue's feet, and the speed of flying against the wind is comparable to that of stars.

"Who is it! Get out of here! "

Xia Ruoxue's moon source sword is gathered together and suddenly cuts into the void fissure.

"If snow..."

Ye Chen's breath is extremely weak. At this time, he looks at Xia Ruoxue's eyes, full of worry.

"It's OK, I'm here!"

The breath of the source of the moon, the surging boom, the pure and flawless light of the moon, covered Xia Ruoxue's body. The goddess of the moon looked at the man in the crack.

"Ha ha ha! Ye Chen, today is your death

"The people from the holy heaven are coming too. Why, do you want to rob people from our xuanming temple?"

"It's said that the young master's wife of the hell dragon temple has been robbed by Ye Chen. How can she still have the face to show her shame?"

"The people of Diyuan hall are also here?"

"The master of the heart devil is notorious. I didn't expect that the people in Diyuan hall could come out shamelessly!"

"Why so much nonsense? I'm going to kill Ye Chen

"Yes! you 're right! Today, let the so-called strongest demons fall down completely! "

one by one, the hostile strong roared. Although their forces were not harmonious, they finally formed a voice because of a name.

Kill Ye Chen!

this is their purpose.

The sharp blade of a handle twinkles with cold light, and the luster of blood extraction lingers on the blade of every strong man.

Xia Ruoxue's face turns pale, which is why xuanjiyue doesn't catch up, because she has arranged so many backhand.

"If snow, don't be afraid!"

Ye Chen can stabilize his body, his eyes are like steel, and the Dao seal breath lingers on the evil sword in his hand.

"Ye Chen, why do you have to be hard pressed?"

Yuwenji said sarcastically, originally for the Queen's secret order, he still has some hesitation, but at this time to see ye Chen, today is the time to end this cause and effect!"Yuwenji, has the palace of hell Dragon Temple been recast? There's still time to come out and die? "

Ye Chen pursed the corners of his mouth and forced himself to sneer.

"What's the matter! Kill

The strong exude a strong sense of killing. In the face of Ye Chen, they can't take it lightly.

"The way of the moon!"

The way of the bright moon paved by the bright moon divine light burst in front of Ye Chen.

One after another, the reincarnation star flame is wrapped in the dark blue light, and the star snow bead before the stamen is the extremely arrogant reincarnation blood.

Reincarnation blood, she also has a trace!

No matter what the cost, she will take ye Chen away safely!

"Kill

The huge dark dark dark dragon's claw, fierce claw to Xia Ruoxue and ye Chen.

"Holy heaven besieged array!"

Powerful golden lights rise from the ground, forming a cage in the whole void channel.

Xia Ruoxue is agitated and holds Ye Chen's arm tightly!

"Bright moon source technique, burning crack Avenue!"

Bang bang!

The whole way of the moon gives out a violent tremor, which makes all the powerful people standing on it shake.

Each reincarnation star flame center, that reincarnation blood cruel reincarnation breath rises!

Boom!

Reincarnation star flame blue halo like blooming flowers, blasting shudder!

Under the influence of this huge explosion, the whole void channel was torn into pieces.

The source gas of the bright moon envelops Ye Chen and Xia Ruoxue, and plunges into the vast fog in the endless fall.

"Want to escape?" Yuwenji sneers, the Dragon turns over, and then they disappear in the thick fog.

The air is filled with the fragrance of peach pistils, and the source gas of the bright moon brings yechen and Xia Ruoxue to an unknown area.

Xianwu wantonly flows between the heaven and the earth. If there is the fragrance of flowers, they are full of breath.

Here, it seems that even the wind has become mild, no longer as strong and cold as before. Instead, there are peach petals spinning all over the sky.

Petals are floating on the source gas of the bright moon, but they are not cut off by the source gas. Instead, when they touch the source gas, they turn to the opposite direction as if they have not touched anything.

Chapter 5424

Xia Ruoxue is stunned. In order to fight against those enemies, she has no reservation. Every ray of the moon's source gas contains the power of protection and the power of killing!

But the peach petals are obviously not ordinary things!

Don't take it lightly!

Xia Ruoxue's sword of the moon condenses out of her hand. There are pursuers behind her. The front is unpredictable, but she is full of confidence!

She is Ye Chen's woman!

It's the master of the moon!

There is no way back, do not want to retreat, will never retreat!

Summer if snow silver tooth a bite, resolutely with Ye Chen rushed into the peach forest.

At the moment when their figure just disappeared, the peach forest was like a charm of change. The peach trees, which were originally densely distributed, changed their shape and changed their layout, revealing a large stone tablet.

The above four words are shining, it seems that there is great power engraved on it, looking at it and frightening.

"I want to run! Dream

Yuwenji's dark dragon is as fast as lightning. In a flash, he has chased Xia Ruoxue and ye Chen to this place.

"Stop!"

Just as yuwenji was about to go deep into it, a very serious voice came from behind and stopped yuwenji.

"What do you do? Those two guys, they're in! "

Yuwenji's face is ferocious. He looks at the elder from the East emperor's temple with an angry face.

"Do you know where this is? Just want to break in so easily! "

Yu Wen Ji frowned and said in a cold voice: "I don't care where he is. In this whole heaven and man domain, there is no place I can't go! Even if it's your East emperor's temple!"

The elder of the East emperor's temple sneered: "hum, I'm afraid you'll rush in and die too soon. The old dragon white haired man in the dark dragon temple will send the black haired man."

"It seems that you are tired of living!"

Yu Wenji catches up with Ye Chen. At this time, he is interrupted by the old man. He is already furious. What's more, he hears that he insults his father. His claws have gathered thunder, and he plans to bombard the old man.

"This is hutianzunfu."

The leader of shengtianfu, who came after him, looked at the big characters on the stone tablet with a look of amazement.

They got here!

"There are all kinds of legends about the protection of heaven and man. If we suddenly step in like this, we will blaspheme the protection of heaven and man, and we will surely die!"

"Fear of death?"

Yu text machine cold idea of saw other forces, he wants to kill Ye Chen, tube he what protect day Zunfu, all can't stop his footstep.

"Well! You're not afraid of death. Go in and have a look! "

"Young people are arrogant!"

The strongmen of shengtianfu and donghuangtiandian were obviously afraid of the tianzunfu, and they didn't want to attack it.

Looking at Yu Wenji's expression, he was surprised to see a good play.

Yuwen machine is disdainful to look at them, this is born to fear death of the rat look, also dare to be called strong in heaven and man.

The fairy fog shrouds the whole peach blossom holy land. The mysterious fairy fog rippling in it sometimes blocks the sun and the peach blossom.

It was a peaceful and warm atmosphere, and there was no hidden killing move.

"Let's go!"

The scales of the dark dragon strongmen were covered with the vast air of ink. Yuwenji did not hesitate to enter the boundary of the heaven protecting mansion.

Who!

The hurricane suddenly surged up. Under the cover of the fairy fog, the countless peach blossoms rushed straight to yuwenji like daggers.

The rich aroma of peach blossoms permeates it, which makes people unable to help but immerse themselves in it. Once the mind is confused by the aroma of peach blossoms, it can only stand in the air and let the peach blossom dagger cut it up.

At that moment, a huge peach blossom tree appeared in the sea of knowledge, and then the whole dragon was in a stalemate.

"Hiss, hiss, hiss!"

Countless pieces of peach blossom are cut into hard scales, and dragon blood is soaked in the air, plating the pink peach blossom with a layer of killing blood.

"Back up!"

Seeing this, yuwenji looks dignified and makes a quick decision. With a wave of his hand, all the strong men of the dark dragon return to the stone tablet.

When the consciousness of knowing the sea was restored, the dark dragon, which was damaged by the petals, was already dead, and its heavy body was heavily smashed on the peach blossom holy land.

The gentle breeze covered countless peach petals scattered on the ground.

The sound of rustling sounded. Under the gaze of all the people, the ghost dragon's body disappeared, leaving only a pool of blood.

"What is this? As nourishment? "

Shengtianfu strong swallowed a mouthful of saliva, was surprised by what happened in front of him, pale.

"This is not the peach blossom formation. It's the Duanming forest." "If those two guys had entered like this, would they have died long ago?"

Yuwen machine did not speak, eyes are very serious, his hands have been tightly grasp.

No one is more aware of the endless killing intention contained in this peach forest than him. If he hadn't ordered to turn back in time, facing the double attacks of the spirit attack and peach blossom dagger blade, he would have few people left.

"Is the protection of Tianzun's mansion against her majesty and hiding Ye Chen?"

"Even if he wants to hide, what can you do? We can't get in now. "

All forces you a word I a language of angry scold.

"What are we doing here, seeing flowers?"

"Well, what should we do?"

At this time, the elder of the East emperor's temple stood up and said with a smile to the people who had been arguing: "you don't have to worry. I have a way to enter the East emperor's temple."

"Not yet!"

The longer the delay, ye Chen injury will be more points to recover, yuwenji moment do not want to wait.

"I once met an expert in the East emperor's temple. He had a causal relationship with hutianzunfu. If you can invite him out of the mountain, you can take us into hutianzunfu and ask them to hand over Ye Chen!"

When the elder of the East emperor's temple finished speaking, he paused and looked at the forces intentionally: "I don't think you are willing to wait for death at this time, but it will cost you a lot to move this great power. I don't know you..."

Everyone looks at each other. They are not sure about breaking into the peach blossom forest, and they are not willing to let Ye Chen go.

"My holy Tianfu, according to the order of Tiancan Niang, is going to kill Ye Chen with all his strength. What do you want to do

"What about the hell dragon temple? What does the little master of the dark dragon say? "

Elder face Yu text machine before of reckless unreasonable, didn't care at all, at this time still smile to see to him.

"You say it."

"Good! Since you are so cheerful, the holy heavenly light brook plate and the dark dragon cangming pestle, plus my East emperor cloud dusk clock, I think we should be able to please move the master. "

Chapter 5425

"Young master!"

The strongman of the dark dragon temple looks at Yu Wenji, and the dark dragon cangming pestle is not the most precious treasure for the dark dragon temple, but it is also a rare artifact to cherish the law. At this time, they are more or less unwilling to send it out like this.

"Good! I said yes

However, Yu Wenji responds. When ye Chen got married, he forced his father to sacrifice a great array, which is thousands of times more valuable than the dark dragon cangming pestle. At this time, it's just a magic weapon of law. As long as ye Chen's life can be left, he won't take it to heart.

"Since the little Lord of the hell Dragon Temple is so generous, I can't be too stingy."

Shengtianfu strongman directly offered a shengtianguang river plate, slowly floating in front of the old man.

"Then I'll go and invite the master right away."

If they were not in such an emergency, they would not have sent them.

The treasure is very good, but it is much less valuable than the suitable magic weapon.

These three tools are very suitable for all disciples. They are very precious. I don't know what chance it will take to forge one.

After counting the interest.

The void cracks slowly open, and the elder of the East emperor's temple in the true world crushes an ancient jade and finds it in the world.

Behind tearing the void, there is a hole!

"The ancestor of Taoling, Baimu, the elder of the East emperor's temple, asks to see you!"

"Wow

The tear in the void, slowly exposed a one person high door.

The old white wood quickly bent into it.

In that world, just like the peach grove in Tianzun mansion, the peach blossom floats wantonly, and the Taoling ancestor is half lying under a huge peach tree drinking.

"What's the matter?"

The Taoling ancestor half closed his eyes and didn't look up at elder Baimu.

White wood is respectfully standing in the distance, will say things from beginning to end again.

"Do you want me to help you important people?"

The Taoling ancestor shook the crystal clear white jade wine pot: "I can't enter the Tianzun mansion, but..."

White wood obviously already knew each other's desire to say and stop, palm turn, three party artifact has appeared in them.

"I've heard the elders say that you seem to like collecting artifacts very much. These three parties are filial to your old people."

With a smile and a flick of his sleeve, Taoling's ancestor has collected these three artifacts.

"Although I don't like this artifact, I seldom go out recently. It's OK to visit those old friends at this time."

Bai Mu is very happy. The other party agrees to his request.

As long as ye Chen is killed, he naturally has a way for the elders not to pursue the East emperor cloud dusk clock he sent.

.....

At the same time.

Xia Ruoxue felt the evil spirit of the peach blossom array, and her heart was tight. She quickly sacrificed the way of the moon to prevent the attack from the underground.

But with the appearance of reincarnation star flame and reincarnation blood bead, the peach blossom array, which had been exterminated, became quiet and gentle again.

The eight trigrams Dan stove behind Ye Chen has appeared and is slowly repairing his injury.

But the blood loss caused by overdraft can not be recovered overnight.

"Ye Chen, it's weird."

Xia Ruoxue's face is dewy and dignified, and the moon source sword blocks Ye Chen's side, looking around every step.

Ye Chen faintly nods: "this array is very strange, otherwise, Yuwen machine they have already chased in."

"There's something wrong with the aroma."

Xia Ruoxue is smelling the peach blossom fragrance all the way. At this time, she only feels that there is Peach Blossom Honey pouring into the sea.

"Well, build a barrier between Tao and heart in the sea of knowledge."

"The peach blossom is extremely tough, and it has not been hurt by the source of the moon."

"You don't have to be too nervous. We should be out of danger. This peach blossom forest doesn't mean to hurt us."

Ye Chen obviously noticed that Taolin's killing intention had gradually weakened. He speculated that maybe the person who set up the array had something to do with the master of the moon or the goddess of mercy.

"No, it's better to be careful."

Xia Ruoxue doesn't care about her consumption at all. She is still careful to explore the way and takes Ye Chen to go deeper.

Ye Chen looks at the appearance of Xia Ruoxue, her own woman, trying her best to protect herself.

It's enough to have a lover like this.

Xia Ruoxue noticed Ye Chen's eyes. When she turned her head to look at him, she blushed: "Why are you looking at me like this?"

"My woman, I can see what I want."

Ye Chen's voice hasn't fallen. Xia Ruoxue's expression has become shy. "Don't be serious. I don't know what's dangerous here."

Ye Chen also knows that this is not the time to flirt. Since Taolin has a master, they must be able to have a meeting with the master. "What's ahead?"

Xia Ruoxue's face is dignified through the mysterious fog.

Along the way, they have seen countless Peach Blossom Fairy trees, but none of them is as tall and luxuriant as before.

"Not one tree!"

Ye Chen shakes his head. As far as his eyes are concerned, there are ten towering peach trees, which are blooming big peach stamens.

And the ten peach trees, with luxuriant branches and leaves, look like a huge ancient tree from a distance.

"Be careful!"

Xia Ruoxue nodded, and the bright light of the moon at her feet was more bright, wrapping the pace of their progress.

The huge peach trees form cocoons wrapped by peach blossoms one after another.

Layer after layer of peach petals, exuding the supreme and despicable peach immortal spirit, and in each huge peach cocoon, there is half a sleeping old man.

The whole ten old people, with their soft white cotton padded robes and white hoods on their heads, gathered their hair together, and obviously were indulging in Taoism.

"Ye Chen, they are..."

Xia Ruoxue looks at these ten old people with strange sleeping posture and is full of doubts in her heart.

Ye Chen quietly shook his head and motioned for Xia Ruoxue to be careful.

The peach branches on the giant tree swayed and glowed. Countless peach branches covered the peach cocoons on the tree. It seemed that the peach cocoons were not affected by the breeze and were still hanging on the peach branches.

Xia Ruoxue's way to the moon slowly stagnated, and it seemed that she could not move forward an inch any more.

"What's the matter?" Ye Chen also felt that the pace of marching was blocked at this time.

"It's blocked."

Xia Ruoxue frowned slightly. She could feel the strong aroma of peach blossom. At this time, it gathered together and formed a transparent and invisible wall, which blocked the pace of Ye Chen and Xia Ruoxue.

"It's the ten peach trees."

Ye Chen looks thoughtfully at the graceful peach branch, which is floating gently with the breeze.

"Shifu once said that when the fragrance coagulates as a screen, it can become a very tough barrier, because it is no longer just the attack of the spirit, but forms a physical defense."

Ye Chen nodded: "try to use mingyueyuan sword to see if you can break this layer of defense."

Xia Ruoxue's body is as bright as the moon, and his eyes are as bright as the bright moon.

Both hands gather infinite moon source Qi and attach to the moon source sword.

"Moon sword chop!"

Cut across the invisible barrier.

Boom!

the light wave barrier gives off a roaring sound, shaking the whole void.

The peach forest, which was originally shrouded by fairy fog, is also under the power of this sword, cutting out a crack, from which infinite sunlight poured down!

Chapter 5426

"Broken!"

Xia Ruoxue happily looks at Ye Chen. At this time, they are only ten steps away from the ten sleeping elders.

Ye Chen nods and wants to step in before Xia Ruoxue.

But it's too late!

Xia Ruoxue obviously knows Ye Chen's mind. Without hesitation, she has already stepped forward.

"Boom!"

Peach cocoons burst out at the moment when Xia Ruoxue landed on her toes.

Countless peach blossom light and shadow, like a hurricane dragon, toward Ye Chen two people whistling.

Ye Chen's eyes are quick and hands are quick. He grabs Xia Ruoxue's arm, and his whole body falls down. He is extremely dangerous to avoid this hurricane peach shadow.

The peach petals on the giant tree fall, and they turn into sharp conical swords. They once again occupy a sword wall, blocking ye Chen and Xia Ruoxue.

At this time, the ten old people who had been sleeping had already sat up with their knees crossed.

Xia Ruoxue doesn't plan to stop here. Her mingyueyuan sword turns into mingyueyuandun and blocks her and ye Chen. She wants to take another step.

"Retreat!"

the ten old men opened their eyes at the same time, and their eyes were as red and white as peach blossoms, which contained supreme prestige.

Just being watched by ten old men at the same time, ye Chen and Xia Ruoxue's sea of knowledge is already tumbling like the sea, which is an extremely sharp spirit attack!

Even if ye Chen's spirit is powerful, there are some things that can't be stopped under the transformation of soul body!

After all, his injury has not yet recovered!

Xuanjiyue was so seriously injured that his terrible vitality could not recover immediately!

Countless peach blossoms gather on this holy land. In a trance in the peach forest, the air is as thick as perfume. Ye Chen and Xia Ruo Xuedun feel that their hands and feet are imprisoned and can't move easily.

The peach blossom is like a fairy coming down on Ye Chen's body. The wild peach light and shadow are shuttling wildly in their sea of knowledge.

"Poof..."

Xia Ruoxue's understanding of the sea is limited, and her heart of the moon suddenly turns to dust.

"Poof!"

Without the protection of the moon shield, ye Chen's injured body was slightly aggravated, and his mouth spattered a bright red blood again.

"Ye Chen!"

Xia Ruoxue doesn't care about her injury at all, but holds Ye Chen's figure for the first time.

"Those who step into my heaven protecting mansion will die!"

Thick and old voice came from all directions.

It was the ten old men who spoke at the same time.

Ten old people's voices, wrapped with supreme prestige, penetrated the barrier of the moon's source gas very hard, and bombarded Xia Ruoxue's eardrum like thunder.

Xia Ruoxue's face became paler and paler.

The trial of Mingyue's secret place has exhausted her. In order to take ye Chen out of danger, she has to support the way of Mingyue all the way, and the source gas of Mingyue in her body has disappeared.

Ye Chen knows that Xia Ruoxue can't bear the pressure, so she sacrifices her sword in her hand and steps forward to block her body.

"Ye Chen!"

Xia Ruoxue tries to push Ye Chen away, but he stands like a rock and does not move.

Ye Chen's face is no longer indifferent, but absolutely strong fighting spirit!

"You've been guarding me for a long time."

Ye Chen shook his head: "as a man, I still want to protect my own woman."

Xia Ruoxue's cheeks are scarlet, and she knows Ye Chen's nature. She doesn't say much at this time, but she turns all the spiritual power left in her body into the power to protect Ye Chen's heart.

"Two mole ants, don't retreat!"

Gas such as a long river, the voice of the holy land, the voice of the ten old again brutally attack.

The peach branches all over the sky are like tentacles, coming towards Ye Chen.

The pistil on the peach branch burst when it came into contact with yechen and Xia Ruoxue.

The stamen burst like a magnificent wave, like a giant fist, swept to them.

Ye Chen's face remained unchanged, and the power of his blood burst up again.

"Reincarnation! Go

At the same time, the blood on the body flashed a strange light, and the magic light suddenly cracked the peach branch.

The last trace of blood power, let Ye Chen again with reincarnation divine power will Xia Ruoxue intact guard down.

However, he has no power to fight any more.

"Ye Chen!"

Xia Ruoxue hugs Ye Chen's waist from the back to prevent him from weakening to the ground.

"What?"

The Taomu power in the eyes of the ten old people all put away, and the eyes looking at Ye Chen were full of surprise.

"It's the power of reincarnation!"

"Yes! It's the power of reincarnation

"Is he the reincarnation master of this life?" "I didn't expect that the cause and effect had been predestined for thousands of years."

The peach petals, which had covered the sky and the earth, had all returned to the giant tree, as if they had never fallen.

Ten old people have also stood up from the peach blossom cocoon, one step has already stepped in front of yechen and Xia Ruoxue.

Ye Chen has already heard their whispers clearly. At this time, he sees that they come and Block Xia Ruoxue's body with the evil sword.

"I'm going into Taolin by mistake. I'm going to disturb you. We'll leave immediately."

Ye Chen knows that he has no choice!

"Wait! Are you the reincarnation master of this life? "

One of the old men's eyes was burning, and he certainly looked at Ye Chen.

"Yes."

Ye Chen does not hide, at this time he and Xia Ruoxue are like fish on the other party's chopping board, and there is no room for bargaining.

Ten old people look at each other, and there is a trace of causality in Ye Chen's eyes.

"Good! Good! Good

The old man even said three good, then very happy to see ye Chen, each old man's face is hung with the color of joy from the heart.

Xia Ruoxue obviously has some disbelief to this contrary attitude, beautiful cheek hang up a layer of doubt, hold Ye Chen's palm, unnaturally lock.

"Did you know me?"

Ye Chen is also shocked by the attitude of these old people. He thought he was going to expel them.

"That's nature. We've been here for thousands of years to wait for you."

"Wait for me?"

Ye Chen's face also peeped out a touch of amazement.

"Yes, just waiting for you."

"Poof..."

Before ye Chen said anything more, a mouthful of blood line spattered out of his mouth again.

"You're hurt."

The elders obviously didn't expect such a situation. An elder took the lead to reach out and explore Ye Chen's veins.

"The reincarnation blood in your body has not fully recovered, but it has been overdrawn to the extreme. There was also a huge impact on the viscera of the body, which was as if it was in vain. "

"Master, he just fought with her majesty xuanjiyue."

Xia Ruoxue quickly explained.

"Master of fate? I can't imagine that the evil relationship between the Lord of reincarnation and the Lord of fate has lasted to this life. "

The old man sighed, and a pink pill coagulated in his hand.

Chapter 5427

"This is the peach blossom brewing pill. It can restore the blood of the sea for a short time. Let him take it."

Xia Ruoxue looks at Ye Chen. Seeing that he doesn't refute, she takes the pill into his mouth.

Ye Chen's complexion was also infiltrated by the pills, and slowly floated a trace of blood color. It was amazing that the pills coexisted, which had a significant effect on the recovery of blood.

Thank you very much

Ye Chen said that with the infiltration of this elixir, he can also use the eight trigrams heavenly elixir again to recover his strength.

"The blessing of the koi, the luck of the body!"

"Eight trigrams, heavenly elixir, imperial edict!"

When ye Chenqing drinks, the koi will copy and move, and the immortal light will surge at his fingertips, turning into Koi and encircling himself.

At the same time, Sanyuan taihun Dan also appeared and was directly taken by him.

After finishing all this, the eight trigrams heaven elixir technique is released, and the eight trigrams elixir Qi is poured into his body.

Under the nourishment of Koi, ye Chen's blood, which had disappeared, revived a little bit, and was nourished by the eight trigrams Dan Qi, and grew up quickly.

Ten elders didn't mean to urge Ye Chen. Instead, they stood still and looked at him. It seemed that they were recalling something.

Xia Ruoxue just looks worried at Ye Chen. She hopes Ye Chen better than anyone else.

The koi, with their blessing and good fortune, guard Ye Chen's whole body.

Ye Chen's breath has recovered half at this time. It's not a matter of one day to return to the peak. Ye Chen knows it well and doesn't ask for it. Instead, he slowly opens his eyes.

Thank you very much Ye Chen Gongshou road.

"I didn't expect that the Lord of reincarnation in this life, at such an age, had such a deep chance."

The old men in white are holding the peach blossom shaped seal characters in their hands.

"I don't know if you are But the master of Taolin

"Ha ha ha, master of Taolin?"

All the elders looked up to heaven and laughed: "I'm the one who protects heaven. Here, it's not a peach forest, but I protect heaven's house!"

Ten old people's voice is like a rainbow, and in this moment, the light wave flows.

Ye Chen and Xia Ruoxue are surprised to find that they are standing in the peach forest, which is a huge temple.

"The Lord of reincarnation was able to stand side by side with the Lord of heaven protection in those days. Unfortunately, the world is changing and the disciples are scattered. Now, only a few of us are left."

"Are you acquainted with the reincarnation master of the last life?"

Ye Chen asks a way in a hurry, his mind has already had faintly conjecture, this protect a day Zun mansion, isn't also the layout of the Lord of the last life reincarnation.

"That's nature. At that time, I was invited to join the marriage between the Lord of reincarnation and the Lord of destiny. Unfortunately, it was a farewell. "

"You said before, are you waiting for me?" Ye Chen said the question in his heart.

"Yes, come with us."

Xia Ruoxue follows Ye Chen closely. Under the steps of the ten old people, the peach petals are flowing out of the hall.

For a moment, Xia Ruoxue could not tell whether it was in the peach forest or in the main hall.

It can be seen that the ten old people's mastery of the power of Taoyuan has reached the acme.

"The God of the reincarnation Lord of the last life?"

Ye Chen's attention was attracted by a huge God in the temple.

He has seen this statue countless times, the reincarnation of the Lord of the last life, is looking at everything, towering standing in front of him.

"At that time, ten of us were close friends with the Lord of reincarnation."

The old people's faces show the look of memories one after another. The grand scene of wanton movement in those years has been replayed many times in their vicissitudes of life.

"He was born against the trend and was not afraid of the constraints of fate. At that time, the master of fate was not the queen who looked down on everything. In the world above the edge of the sword, we have spied many times, but we also realize that we are as weak as ants. "

Ye Chen in the heart understand, want to come them and reincarnation of the Lord, together saw the world, panic, then know that the complacency is how ridiculous.

"The Lord of reincarnation is in charge of the six paths of reincarnation, but with his six paths of reincarnation as a guide, he still can't compete with the Supreme Court, so he can only go back to the second place."

"You mean you know the layout of his relationship with Mr. Ren?"

"It's not true. It's a matter of great concern. Ten of my martial brothers just promised him a promise."

Ye Chen knows that even if the guardians in front of him are powerful, they can't be compared with Ren Fanfan and the reincarnation master in those years. It's really rare that they can know so many secrets now.

"When the reincarnation Lord died, we cut off the cause and effect adhesion with him, leaving only this last promise, waiting for your arrival."

Ye Chen nodded, and the master of fate was in full swing. There was no doubt about the ten elders' practice.

"Now that I have arrived, I don't know what the reincarnation Lord of the last life left me?" "You have seen it."

The elders looked at the towering statue of God: "we have been guarding the house of protecting heaven in order to protect the promise of the reincarnation Lord."

"Ye Chen admires you for your commitment."

Ye Chen sighs that the endless years are just waiting for the hope that there is no news. If it is not for today, he and Xia Ruoxue come here by accident in order to avoid disaster, and they don't know when they will step here.

"Boy, you don't have to sigh, today you can come here, is also the cause and effect set!"

"Elder martial brother, let's take out the divine things."

The old man in white in the middle nodded slightly.

At this time, the ten Heaven protectors made a seal with their hands, and the flowing peach petals condensed a beautiful arc in their hands, tightly winding the towering statue from top to bottom.

"The eight wasters sing, with the body as the seal."

"The way of heaven is quiet and empty."

"Heaven's cholera, man's tonifying."

"The way to mend the sky is to mend the peach feast."

"Break it for me!"

Boom!

The huge statue, so broken into powder, countless dust flying up, mixed in countless peach petals, spread in the whole palace.

Inside the statue, there is a red gold square box, on which there is a strong breath of reincarnation. On the buckle of the square box, there is a seal of reincarnation, which is closely guarding the square box.

Is this the inheritance of the Lord of samsara?

Xia Ruoxue's eyes closely follow the red gold box.

Ye Chen fingers toward his palm a row, a drop of red blood from the exudation.

"Hiss!"

The bright red blood, like maggots attached to the bone, adhered to the clasp of the box.

There is nothing like samsara blood that can unlock the seal of samsara.

The red gold box opened slowly, and the God in it was shining. If there was a God coming, the supreme reincarnation would break out in the box.

There is a tremor on the void, which seems to be connected with the thunder of the box.

The vast and magnificent atmosphere permeates every inch of the hall.

Chapter 5428

"What's in it?"

Xia Ruoxue's voice has not yet fallen, a drop of blood essence with golden luster has slowly risen from the box.

"The life essence and blood of the reincarnation Lord of the previous life?"

Ye Chen's vision suddenly becomes blazing incomparable, this drop of this life essence blood power how, even through the void, he can also feel one or two.

If he can get this drop of blood essence of his own life, his own strength will be improved again.

Next time, even in the face of xuanjiyue, even if she is extremely lucky, she will never be so embarrassed.

"Thank you for guarding for many years. Let Ye Chen defend himself after that."

Ye Chen raises a hand, want to take that square box and blood back in the hand.

"Wait a minute."

The guardian shook his head gently.

"Oh?"

Ye Chen eyebrows light pick, difficult not become these old elders, at this time unexpectedly is the blood essence in the eye red box not become?

"This thing is the essence and blood of the reincarnation master. You can get the most strength. But the reincarnation master once told us that you can't take it easily."

Ye Chen nods, it doesn't seem as easy as he imagined.

"At that time, the Lord of reincarnation set many tests. If he passed the test, he could take charge of this thing."

"What if it doesn't pass?"

Xia Ruoxue took the lead and said, "at this time, ye Chen's cultivation can't recover completely. Now it's hard to let him take part in the test!"

But the old man did not hear it, and said faintly, "if it is not passed, then it is not qualified to inherit the life essence of the reincarnation Lord."

"It's not fair!" Xia Ruoxue protested for the first time.

"If snow..." Ye Chen slightly pulls Xia Ruoxue's sleeve, "I set a test in my previous life, in order to make me experience and grow up in this life, and constantly strengthen my heart of Tao. If I can't pass this test, I'll talk about flying to the top."

"But now you It's a serious injury! "

Xia Ruoxue frowns tightly. Even with the recovery of Bagua Tiandan, ye Chen's heart and blood are much better. But it's really too hard for him to go on the test set by the reincarnation Lord.

"I accept."

Ye Chen firmly said that the warrior will never refuse the trial, and will never give up hope.

"Good!"

Ten old people's faces show a smile of gratification, at this time to see ye Chen's eyes increased a few points of praise.

The taoyun in the hand condenses again, forming a space cave full of peach blossom.

"Go in and start your test."

Ye Chen nods and turns to see Xia Ruoxue: "don't worry, it's OK."

Xia Ruoxue gently covers the corners of her mouth, and her eyebrows are full of worry.

"Little girl, don't worry, he is the Lord of reincarnation in this life. How can the test set by herself fail?"

Xia Ruoxue just nodded with tears in her eyes. She never lacked confidence in Ye Chen. She just felt sorry for ye Chen's situation.

.....

Right now.

Ye Chen seems to go from light to darkness.

Here the temperature is a sharp drop, cold air surge in the body, as a knife general uncomfortable.

In this dark space, ye Chen has found more than ten ice sculptures, all of which are people who have been frozen to death.

These people are old and young, men and women, there is no doubt that these people are coveting reincarnation chart, and eventually died here.

Is this a small world image of the last reincarnation Lord?

In Ye Chen's heart, there are only doubts and unknowns, but the strong reincarnation breath is especially thick and dignified in the darkness.

The more you go in, the more ice corpses you have. Ye Chen is secretly surprised that so many people have died here in these endless years.

Later, the corpses gradually reduced. If you want to come to the end, at least you have a certain level of cultivation, but their fate is worse than before.

After the death of the body, life was frozen, forming a crystal clear ice ridge, scattered on the ground, even a complete body has not been preserved.

Ye Chen reckons that he walked about half a cup of tea in the dark, and then slowly entered a hall.

The cold here made him dizzy, and the dizziness filled his heart. His skin didn't know what he had touched, so he was numb.

"The carp is wandering, the eight trigrams are quiet!"

At this moment, the eight trigrams and heaven elixir in his body worked very fast, and his dizziness gradually weakened, and his mind returned to pure and clear.

"Ding!"

A sound like a copper bell suddenly rang out, and then the whole hall suddenly bloomed a dazzling luster.

Ye Chen found out that the palace was very vast, with bright pearls on top of his head, which were embedded on it like a dream. The place that should have been the wall was the ice wall, which was carved with various charms and totems. On the ground of the whole hall, there are fragmented corpses. The only strange place is that there is still an ice sculpture in the center, and the complete corpse is still preserved.

It was a beautiful woman with a serious face. She looked thoughtfully at the symbol on the ice wall as if she were still alive.

"Who broke into the reincarnation hall?"

The cold voice is like a blade, which makes Ye Chen feel the piercing cold. Is this the real beginning of the trial?

Ye Chen didn't change, but looked around warily.

Empty hall, in addition to that one ice sculpture, no one else.

Boom!

After a sound, the extremely smooth ice wall of the hall suddenly opened, a huge ice ridge, emitting a faint white light, cold to the bone.

"What is this?"

Ye Chen is surprised, the soul body transforms, in the hand evil spirit sword already toward ice slice go.

The ice edge fell to the ground in all directions under the meaning of Sha Jian.

After the ice wall, a figure appeared. The ice kept flashing, and the figure became more and more clear. This was an old man with white hair and whiskers. The old man was very old, his skin was dry and bony, just like a skeleton with skin.

What makes Ye Chen more surprised is that this skinny old man is all over in the ice wall.

"It's been years, no one's been here."

The old man sighed that in the endless years, he was guarding the reincarnation hall.

"Master, is he the guardian of reincarnation hall?"

Ye Chen asked, since this is the test left by the Lord of reincarnation, it is closely related to the power and blood of reincarnation.

"Guard the Holy One?"

The old man's brows showed a trace of desolation. He used to be the most trusted servant of the reincarnation Lord, but now he can only guard the palace which has long been silent in this way.

"The last reincarnation Lord has fallen." Ye Chen said quietly, he wants to test whether the old man can contact with the outside world.

Chapter 5429

There were two cold lights in the old man's eyes, which almost turned into substance. The two lights looked like sharp swords at Ye Chen.

"Ha ha ha! Boy, you lied to me

The huge evil spirit formed a huge evil appearance behind the old man. The awe inspiring domineering and unmatched prestige made the whole palace full of evil breath.

I didn't expect that the old man had already been possessed. It seems that the first step of the trial is the old man.

"I didn't cheat you. The Lord of reincarnation has already fallen, and you, I think, are imprisoned here because you are possessed."

Ye Chen looked coldly at the old man. His body was even frozen in the wall, and there was a dark sword in his hand. On the sword, there was a burst of bright stars!

Facing that incomparably huge evil appearance, ye Chen is not afraid at all, raises a hand a sword to blow out!

He didn't use the dominating sword technique, nor did he use the source symbol and soul body transformation. He only needed one move to deal with this enchanted old man.

"Moon soul chop!"

The next moment, the huge magic, and the bright star river hit in a place!

The old man in the ice wall was shocked, his face was still surprised, but his heart was broken.

Ye Chen's corner of the mouth is tiny to stir up, this test, for him, seem to be a few simple.

He walked forward step by step. When he met the ice Hall of the main hall, the ice wall separated automatically, and a dark corridor led to the unknown place.

Ye Chen walks forward with firm steps. The fluctuation in the corridor is more and more intense. With a dense breath, at the end of the corridor, there is no ice cover. A huge stone gate appears in front of Ye Chen.

Ye Chen does not have the slightest hesitation, raise a hand to push hard.

Click!

The stone gate roared and turned to the side.

At the moment when the stone gate was pushed open, the light inside the stone gate was bright, and a fierce spirit rushed out.

Ye Chen's action is as fast as lightning, and the whole person's body turns, which can avoid the murderous spirit.

Brilliant light straight out, directly broke the outer ice wall, issued a roaring sound.

"What's this?"

Ye Chen was in the stone room behind the stone gate. In his white hand, he was holding something that looked like a saw but not a saw, a knife but not a knife, a sword but not a sword. All his murderous Qi came from it.

"The power of reincarnation!"

With the suppression of Ye Chen's reincarnation, the strange thing in his hand gradually dissipated, and finally became a very common iron.

The iron in the moment of light dissipation, twist body, unexpectedly out of the control of Ye Chen, directly inlaid to the stone platform.

Ye Chen pulled out the iron and looked at it carefully. He said that it was a saw, but it had no sharp teeth, only a round curve. He said that it was not a knife, nor a sword.

Ye Chen can only insert it back into the stone platform and attach a touch of reincarnation to it.

Click!

The stone platform turned and strong light waves came out.

Ye Chen's eyes are fixed on the slowly turning stone platform. At this moment, he feels that the test of the reincarnation Lord is not so simple.

.....

And now.

In the reincarnation hall, the beautiful woman's ice corpse opened her eyes at this time. The ice cracked and fell to the ground one by one.

Ice cold and beautiful appearance gradually revealed, beautiful eyes from nothingness slowly have a look, between the flow of shining light.

"Bang bang!"

The original snow-white skin suddenly turned into cyan black, eyes dyed a layer of magic red.

As soon as she was shocked, two cold lights appeared in her eyes. Her feet were on the ground, and she had quietly sneaked into the corridor.

When her sight touched Ye Chen's back, she disappeared in the same place!

Then, come out! Let's go! make smooth reading!

The green black palm is full of dark awn, and the cool light hits Ye Chen's back from behind.

Ye Chen's spirit was suppressed when he entered this place. Without any precaution, he suffered a heavy blow. He spat blood at his mouth and spilled it on the stone platform. His body also churned and flew out, banging on the ice wall not far away.

"The supreme heaven demon body, three yuan Taiyi Gong, blessing zhentianhuang city sword!"

"Xu Tu yuan Qi! Go

The strong atmosphere of Xu earth's guard lingered around him, and the nine handle town emperor city sword had been guarding in front of him.

"The ice corpse has come back to life!"

Ye Chen is surprised to see the ice corpse in front of him who seems to be possessed. He stabilizes his mind under the protection of Xu Tu yuan Qi.

The ice corpse burst out two cold air, and the evil air in her body turned forward wildly. The breath of the ice wall around her, whistling wildly, rolled and impacted on the sword of zhentianhuang city.

Two evil spirits collide, boom!

Ice corpse at this time reveals a look of doubt, seems to be saying how can't kill the same. Crazy bully's evil spirit, like the flood out of the gate, is pounding towards Ye Chen. The thick bloody light has dyed the whole stone room with a blood red halo. Mori Leng's killing intention and powerful momentum. This blow is very powerful.

"Boom!"

With a dull sound, Xu's earth source Qi was eroded by the evil Qi. The originally straight sword of zhentianhuang city was full of cracks.

Broken?

Ye Chen's heart is also a surge. It seems that the power of the ice corpse can't be underestimated.

Ice corpse woman long hair flies, evil spirit surging, without the slightest hesitation, toward Ye Chen again impact over.

In the narrow stone room, with layers of blood light, the two figures are intertwined like two lights, which makes people unable to see their actions clearly for a moment.

From time to time, the brilliant light broke from the fighting place, and the ice on the ground swept into the air again.

Ye Chen is no longer reserved, regardless of the body injury, forced to burst out the power of the current peak state.

"Babu pagoda!"

The eight Fu Tu pagodas are full of splendor, and the voice of Buddha and Zen resounds throughout the stone chamber.

Since the ice corpse is possessed, ye Chen will read sutras to him!

Ice corpse's eyes looked at the pagoda out of thin air, and the red light in his eyes was more intense, as if he was crazy. A layer of evil Qi was pushed out of his palms.

As the sand flies away, the dust is all over the sky, and layers of evil spirit are like waves, which forcefully lift Ye Chen's eight Fu Tu pagoda.

"Not enough?"

Ye Chen's face also hang a layer of hesitation, want to get rid of evil spirit, he has a better way!

"The picture of the yellow spring falling blue!"

The endless holy water of the yellow spring stands out from the picture, forming a flowing and surging water column, wrapping the ice corpse.

"Ah

The pain of the holy water of the yellow spring burning the evil spirit made the ice corpse woman howl in great pain.

Ye Chen points his finger on the map of the yellow spring. The holy water of the yellow spring has the power of purification. No matter how deep the enchantment is, it can be dispelled.

It's just, why on earth is this woman trapped here?

Chapter 5430

Ye Chen burst out a dazzling light all over his body, and the air of the yellow spring surged out, like a burning flame, wrapping the ice corpse again.

He strode forward, every step forward, the ground would tremble, and huge cracks spread from his feet.

"Wake up!"

Yellow spring holy water washing in the ice corpse of the sea, ice corpse originally white skin gradually revealed.

At this time, ye Chen's fingers contain the power of samsara. There are no tricks of overturning, and there are no obscure magic powers. He just points on the Kui point in the ice corpse.

Ice corpse under this one finger, in the mouth one mouthful turbid gas slowly spurts out.

"Bad!"

Ye Chen held his breath and retreated, avoiding the evil Qi.

The evil spirit in the ice corpse's eyes gradually retreated, and slowly recovered a trace of consciousness.

"Who are you?"

Ice corpse's voice is gentle and gentle. Without magic blessing, it is more like a quiet and graceful girl.

"Who are you? Why is it in the hall of reincarnation? "

"Who am I?"

The girl's eyes were covered with a layer of mist, and she murmured to herself, as if she couldn't remember who she was.

A glare of light suddenly emerged from the stone platform, and the light burst out with great power.

Different from ye Chen's astonishment, the girl looks at the light group with a smile on her face at this time, and even reaches for the light group directly.

It's not so much the light group that surprised Ye Chen as the girl that surprised Ye Chen.

"It's my stuff, no, no, it's my master's stuff!"

What the girl held tightly in her hand was a jade plate with two words on it, reincarnation.

Ye Chen looks at this jade card, the heart is clear, think this is to pass the mark of the test.

"The Lord of reincarnation in the last life has fallen. I am the Lord of reincarnation in this life. Since you recognize me as the Lord, give me the jade card."

"What?"

The girl's face showed an incredible expression. Is the Lord of reincarnation dead?

"You don't believe it?"

Ye Chen is not in a hurry. He knows that the sea is tumbling, and the six wheels are turning back. The empty shadow has appeared slowly from his back.

"Six rounds? Are you really the Lord of reincarnation?" The girl was terrified.

"If it's fake, it's guaranteed." Ye Chen indifferent way.

The girl nodded. Only the Lord of reincarnation can absorb the pressure of six rounds. Nothing is more qualified to prove Ye Chen's identity.

The girl perches forward and hands the jade plate to Ye Chen.

Space moment twist, ye Chen found himself back to the original place, he holds the jade, heart know this is the end of the trial.

"Ye Chen, are you ok?"

Xia Ruoxue was the first to meet her. The moment was like a year for her.

"Nothing." Ye Chen shakes his head and hands the jade plate to the protector.

"There is also a woman with ice corpse in the trial. Fortunately, the picture of the yellow spring has a wonderful effect." Ye Chen will talk about this process slowly.

"It's a great chance that you should have a picture of the world."

sighs, "this jade card carries the carrier that we agreed with the reincarnation. He once said that this jade plate has been nourished by the essence of the sun and moon, and has been transformed into spirit."

"Oh? Is that ice corpse woman the spirit of jade

"Yes, the old servant, the reincarnation master, was possessed and stole the jade card. The spirit of the jade card was also infected and had to be frozen in the temple to wait for the chance."

"It seems that you in this life are her chance."

Ye Chen nods, this also can be regarded as cause and effect reincarnation.

"Well, since you have passed all these tests, take away the inheritance of the reincarnation Lord."

"Thank you very much Ye Chen thanks a way.

"Reincarnation essence and blood are extremely precious. We are here. You can rest assured that after refining and then leaving, we will do the last thing for the reincarnation Lord."

The guardian reminds us that he wants to protect Ye Chen's Dharma.

"Thank you for your kindness! The younger generation is not respectful! "

Ye Chen nodded, and there were pursuers outside. If he could refine the essence and blood of his own life, his accomplishments would rise, and his state would return to the extreme, he would not be afraid of them.

Xia Ruoxue also shows her gratitude. The protector of heaven is really capable of valuing emotion and righteousness.

.....

At the same time, outside Taolin, the enemy strongmen besieged it.

"Why haven't you come yet?"

Yu text machine impatiently see to East emperor day Temple elder white wood leave of void, again so drag down, ye Chen probably ran again!

At this time, the void was torn, and countless peach petals burst out of the void.

The dark dragon temple has subconsciously transformed into a giant dragon, trying to resist the attack of the petals.

"Dark Dragon Temple, wait a minute. This is the master of Taoling, who was invited by the East emperor's temple!" Baimu quickly blocks yuwenji's body. Taoling ancestor is greedy and stingy. If yuwenji annoys him for a while, it will be more difficult to coax him to do it.

Taoling ancestor, holding the wine gourd, stepped out of the void barefoot.

Yuwenji flashed a complex look in his eyes. Is it just this man?

"Thank you, old Taoling!"

The strong man of the holy heaven mansion said first.

After hearing this, Yu Wenji did not say much, but simply arched his hand.

Taoling ancestor didn't care. He stepped into the holy land of Taolin barefoot.

Countless peach blossoms were flying, and the huge wine gourd in his hand rose into the air at the same time.

WOW!

All the peach blossom is sucked into the wine gourd by the strong suction.

Bai Mu's face showed his satisfaction, as if to say that the person he invited back was definitely a strong one.

"No! Someone is breaking the battle! "

At this time, in the hall of protecting heaven, the eyes of the God protecting heaven were cold.

"Those who are after us!"

Xia Ruoxue continued: "after ye Chen and xuanjiyue fought each other, my master got me to escape by exploding himself, but xuanjiyue attracted Ye Chen's hostile forces to kill us. Before that, under their pursuit, they had no choice but to break into Taolin. "

The guardian nodded: "they can't find this hall."

Xia Ruoxue nods and silently looks forward to Ye Chen's figure. That drop of blood essence has just begun to refine. At this time, he must not be distracted.

"Ha ha ha ha, heaven protectors, long time no see!"

All of a sudden, a wine gourd with a strong smell of peach blossom flew in from outside the hall.

"It's him!"

As soon as their bodies stagnated, they all stepped out of the hall.

"Little girl, you should guard him. We are outside."

Xia Ruoxue nodded. Xuanjiyue really spent a lot of money this time. It seems that the sudden cause and effect didn't escape their calculation.

"I really haven't seen you for a long time. I don't know what the wind is. You, Taoling ancestor, have brought so many people into my house to protect heaven."

The wine gourd has returned to Taoling ancestors again.

"I was idle and didn't want to ask about heaven and earth, but my old friend asked me, so I had to go."

Hearing this, Bai Mu stepped forward quickly: "I'm the new elder of the East emperor's temple. With the thin face of the temple master, I asked the Taoling ancestor to help me out of the mountain."

"Oh? I haven't stepped into heaven and man for more than a thousand years. What's the matter now? "
