Chapter 5451

"Thank you for your trust. It's just a pity that no one knows the secret behind the key... "

Ye Chen sighed, all clues seemed to be broken here.

"Cause and effect, cause and effect, when you are no longer persistent, the secret is no longer a secret..."

Tian Junke's voice is getting farther and farther away, and the dazzling light wave is slowly disappearing.

Ye Chen stands in the void. The Tian family has chosen the way back in the future. What about him?

The key has been fused at this time. Is the secret behind it really related to the temple of yin and Yang?

This is a huge situation, when will there be the day when the network will finally become.

Emperor Shitian! Xuanjiyue!

Ye Chen clenches his fists tightly. In any case, he wants to cut these two people.

No cause and effect, no reincarnation of the Lord, just because, these two people, should be killed!

"Boy

At this time, the voice in the reincarnation cemetery suddenly sounded again. The voice that seemed to be irritable and angry before was gentle and kind at this time, as if it was intended to show weakness.

"Well?"

Ye Chen just quietly responded a, didn't return to reincarnation graveyard directly, he pour want to see this voice, still have what purpose.

"I know that you want to know the secret of where the key opens. If you want to know its whereabouts, come to reincarnation cemetery."

"Master, why make fun of me." Ye Chen doesn't worry. He says in a cool voice that he doesn't believe that the hidden graveyard can know the location of the key. The other party doesn't make him have a little bit of trust, but has a kind of temptation.

"I'm just living in your reincarnation graveyard. I can't hurt you. But if you don't want to know the whereabouts of the key, I won't keep it. After all, the reincarnation master of this life is not me."

"Good!"

Ye Chen also wants to know what medicine he sells in the gourd. He has come to the reincarnation cemetery.

"I'm very curious that such a powerful array can devour the aura of heaven and earth. I don't know where I learned it from."

Ye Chen directly opens a mouth to question a way.

He is sure that there is something wrong with this big array!

"There are forbidden skills between heaven and earth, but if forbidden skills are used in the right place, it is not forbidden skills, but the guardian array to save people."

There was no guilt in the voice, cold and cold.

Under the guidance of the sound, ye Chen came to the source of the sound, and the black fog surrounded a stone tablet.

Mysterious and dark.

It's palpitating.

However, different from other steles, this stele is bound with countless chains, which firmly binds it in the reincarnation cemetery.

"There are some differences between the stone tablet of our predecessors and that of other great masters."

Ye Chen's heart faintly has the uneasy feeling, this voice is not all not true, seem to be hiding endless malice.

"Ha ha ha..." When the voice heard him say so, it gave a bold smile.

"You can call me Laohuang, or you can call me the name that someone once told you - taboo in the world."

"Taboo in the world?"

Ye Chen a Zheng, younger generation faint hair cool!

Is this mysterious person in reincarnation cemetery really a taboo in the world?

What is the cause and effect that can be taboo in this world.

"You don't have to be surprised. People in this world just turn the people they can't tolerate into monsters, and call the people they can't stand strange. Naturally, my way is different from that of all people in the world, and it's not wrong to call it taboo. Even you don't think that it's against ethics for my array to absorb the aura of heaven and earth? "

Ye Chen at this time suddenly feel some suddenly, yes, always such thing, then certainly right? Different from others, must it be a strange monster or taboo?

"All my life, I have been in the whole heaven and earth, and even the supreme world. Now, I have never hesitated in my mind."

Never doubted himself, so vigorous live, it is not a very comfortable thing.

"Ye Chen, I know you want to kill emperor Shitian and xuanjiyue, but they have been in the Tao for a long time, and you are not their opponent. But so many people and so many things are implicated because of you. How much of the power in this reincarnation cemetery is because you burned the last trace of spirit!"

Ye Chen's face is sad. He doesn't know that every life and every thought is just like the stones under his feet, tempering his mind and depicting the appearance of his enemies, reminding him to go on firmly.

"Ye Chen, as long as you untie the chain, I will use all my abilities to help you. What emperor releases heaven? What Xuanji moon, I guarantee you can be invincible in heaven and man.

Untie the chain, you can protect all the people you want to protect. Untie this chain, you will be the greatest reincarnation of the Lord, from now on to open up territory, unmatched

Ye Chen's fingers crisscross, a trace of reincarnation blood force has appeared on the fingers, is a little bit toward the countless chains.

"Don't wait any longer. I can help you. I can get whatever you want!"

The voice, who claimed to be a desolate old man, still said, but more and more clearly meant to lure him: "untie this chain, all my strength is at your disposal, and I will be your most loyal supporter on the road of peace!"

Stagnation!

Ye Chen's finger is about to touch the moment of the chain, can can stop, the corner of the mouth showed a smile.

"Laohuang, I think I'm a little bit like my predecessors. Even the Tao in my heart has never wavered."

Xuanjiyue or the emperor Shitian or even the supreme daughter of heaven, ye Chen has the confidence to eliminate one by one with his own power.

Borrowing power is the existence of a magic power when he is still weak, but it is not his habit and destiny to fight.

On your own!

All along, ye Chen always depends on himself.

"Don't you believe me?" There is a trace of pity in his voice, which can even be said to be the grievance after being misunderstood.

"Huang Lao, it's not that I don't believe you. If you told me at the beginning about the disadvantages of guarding the great array, maybe I would still choose without hesitation."

The air is still indifferent, but ye Chen's tone is heavier: "however, the elder let me discover by myself that I didn't care about the life of the Tian family."

"Ridiculous! If I told you, would you still use this array? "

Ye Chen shook his head: "it shows that my predecessors don't know me well enough. It's not the disadvantages of this big array, nor the forbidden magic power, but the right to choose. Ye Chen is not talented, but my business is always my own decision. "

"Ha ha..."

The old man laughed in a low voice, as if he thought Ye Chen's words were childish: "it doesn't matter if you don't believe me. There's a place, you can go and have a look."

Chapter 5452

"Where?"

"Hongming cave. If you go here, you will know whether what I say is true or false. "

Ye Chen looks at the stone tablet blocked by the iron chain and nods. No matter what the old man says is true or false, he will have a try. This is the only chance for him to find the secret behind the key.

"Good!"

"Ye Chen, since I was born in reincarnation cemetery, I naturally have no threat to you. All I want is that you can smoothly inherit the layout of reincarnation Lord."

Ye Chen just nodded, to this world taboo, he still harbors a trace of dubious distrust.

He didn't know that a taboo that had made heaven and man almost disappear came back.

.....

Six hours later.

Under the treacherous cloud waves, a corner of Hongming cave is peeped out. Sometimes, on the void of lightning and thunder, the flashing light of thunder illuminates the dark cave inch by inch.

Different from the vastness and emptiness of the wasteland, Hongming cave reveals strange and fierce light. The long cave sometimes drips a little bit of water soaked stalactite, which adds an irregular impact sound to the originally extremely quiet cave.

The whistling wind is more penetrating.

Ye Chen slowly steps into the Hongming cave. The crisscross paths divide the whole cave into countless spaces.

"To the left To the right... "

The voice of the old man did not stop, as if he was very familiar with it.

"Old man, this is not the cave you once lived in."

Ye Chen is in the mood to make a joke. He also wants to know where the old man comes from.

"This is not my place." There is still a trace of disdain in the old voice.

This makes Ye Chen doubt that there is no power in Hongming cave. What does Huang always despise.

"Here it is

Ye Chen stops, only then discovers his present position, is facing is a scarlet huge wall.

The rich bloody air seeps into the whole Hongming cave from the wall!

It's like a killing idea!

"Take out your key!" The voice of the old man sounded again.

The key, which has the color of yin and Yang, is suspended in Ye Chen's palm, trembling slightly.

On the huge wall, the dried up blood, at this time, just like melting, formed a blood fog, pouring towards the key.

"Huhu..."

In the whole Hongming cave, there is a strong wind, sweeping all the ancient Qi, surging and rushing across every area.

Ye Chen surprised looking at the key and the resonance of the blood wall, the old man didn't lie!

Here, it really has something to do with the key.

Then, since this cave is not desolate, is it the reincarnation of the last life?

But what's the secret?

"In the face of absolute strength, any planning layout is just a joke. Ye Chen, you are destined to have extraordinary power in your destiny to be invincible."

"Don't you want to know what's behind the key? If we have my help, we can go directly to the emperor's palace and the Queen's palace. "

"You see, there is something wrong with the key here. Now you should believe that I didn't cheat you."

"I'm the only one who can help you," said the old man's voice

As the thick blood on the blood wall slowly dissipated, a huge portrait appeared.

"This is Hong Tianjing?"

Ye Chen looks at the portrait in surprise. This place is actually related to Hong Tianjing. Therefore, this is not the cave of the reincarnation Lord, but Hong Tianjing's.

Huang Lao didn't reply at this time. He didn't seem to be sure for a moment. Maybe he already knew that this was Hong Tianjing's cave, but he didn't want to answer Ye Chen for any reason.

Hong Tianjing!

Ye Chen's expression at this time is quite dignified. At the beginning, Hong Tianjing's empty finger almost killed him. At this time, he came to Hong Tianjing's old nest. How can he be careless.

A strong sense of crisis, even if ye Chen's luck is deep, in the face of the real superior, there is no turning room.

If he can take advantage of the fact that Hong Tianjing is sealed and still in a weak state, he can find the specific location of Hong Tianjing, and then unite with him as the elder, then there may be a chance to fight back.

"Hong Tianjing, you are imprisoned in heaven and man by the heavenly daughter. Have you ever thought that you and I are just pieces in her hands?"

Think of the heavenly daughter, ye Chen's spine a burst of cold, this woman's intention, magnanimous let a person fear.

The meticulous layout of the links, the reincarnation of the Lord of the last life, has ever known what he planned, which is also the basis of the plan of the heavenly daughter.

"Be careful!"

The old man's voice suddenly rang out. The portrait of Hong Tianjing on the original stone wall moved at this time. The originally drooping arms were slowly raised to point at Ye Chen. Hong Tianjing in the portrait has a murderous look in his eyes.

Old fingers, surrounded by blood, even from the wall out of the hand, the huge palm presents the state of package, want to tightly buckle Ye Chen in the palm of the hand.

This palm is full of the will of the gods.

Ye Chen's hair is creepy and his scalp is cracked. The legendary superior can't even allow others to peep at his portrait.

Boom!

At this time, the fierce and turbulent wind wandered between them, and the murderous atmosphere dissipated in an instant.

The whole Hongming cave was calm again.

At this time, ye Chen's forehead has been covered with a layer of sweat.

"You're lucky."

The old man's voice appropriately came: "if it is not that this portrait has passed for more than ten thousand years, and the dark wind of Hongming cave is also covered with the cause and effect of Hong Tianjing, you may have died."

Ye Chen is dazzled. What Huang Lao said is reasonable. In the face of absolute strength, all the plans and layout are like children's play.

"It's all right."

As if feeling Ye Chen's trance, Huang Lao comforted him by saying, "rationally speaking, you'd better untie the chain on my stone tablet. In this way, even if you encounter such a crisis next time, I can still save your life."

Ye Chen didn't seem to hear what he said: "Laohuang, do you know where Hong Tianjing was suppressed?"

"Ha ha ha..."

The old man looked at Ye Chen as if he had heard a big joke.

"When I was suppressed in this reincarnation cemetery, Hong Tianjing had not fought with the Empress Dowager."

Ye Chen this just understand, it seems that this waste old to earlier entered reincarnation graveyard.

"But I know something about Hong Tianjing."

"I'd like to hear about it." Ye Chen Mou son a coagulate, way.

"Oh? Are you not afraid that I will cheat you now? " Once again, the voice of the old.

Chapter 5453

"Ha ha, master, since the key does have a vision, naturally I believe you." Ye Chen has a ha ha, treat this world taboo, also have Tian family big array of things in front, he is very difficult to trust him like other reincarnation big ability.

"The Lord of reincarnation was the one wanxu wanted to get rid of at that time, but Hong Tianjing had a totally different universal view from the supreme daughter. He wanted to be able to eliminate the root of the reincarnation, completely destroy the divine consciousness of the Lord of reincarnation, and let him dissipate between heaven and earth. The supreme daughter was totally different. She wanted to see the Lord of reincarnation, the mole ant in the view of the superior, and finally explode So let him be reborn. "

Ye Chen nodded, these things, he already knew, at this time listen to old waste say again, is also just a platitude topic.

"It was not until the outbreak of a war between them that Hong Tianjing was completely sealed in the realm of heaven and man by the Empress Dowager. However, it may not be clear to everyone that among the ten thousand ruins, there is a superior who has already divined the cause and effect and planned for Hong Tianjing. "

Ye Chen didn't make a sound. Just now, Huang Lao said that he came to reincarnation cemetery earlier than the battle of Hong Tianjing. How did he know these things.

"Under the interweaving of cause and effect in this time, Hong Tianjing has secretly left many opportunities to break through the seal."

"Therefore, since Hong Tianjing is awake, he is not far away from breaking the seal." Ye Chen congeals the heavy road.

"That's right." Huang said in a deep voice, "Ye Chen, don't rush to refuse me. In the face of Hong Tianjing, only I have the power to fight."

Hearing this, ye Chen hesitated.

This so-called taboo must be extremely strong!

Even beyond Shentu Tianyin!

But is this person really trustworthy?

At this time, the whole Hongming cave came a strong vibration!

Then, a surprising evil spirit appeared!

Ye Chen Mou son one coagulates: "is this the experience that Hong Tianjing leaves?"? How ridiculous

.....

At the same time, the world.

A place full of endless aura.

Shen Tu Wan'er's face is cold, and she's not in a good mood. For so many days, she still hasn't figured out that someone could hurt her so badly in the only heaven and human world.

There is no outlet for her anger!

She's going to start at once and kill the little boy who's naked!

"Wan'er."

Shentu tianyinniao's figure, from far to near, has appeared in front of Shentu Wan'er: "Bingming ancient jade is now the owner, and the guards around her are not simple. During this period, I tried to find her through contact with Bingming ancient jade, but got nothing."

"Mother, don't worry, I will take back the ancient jade of Bingming."

"Well, in addition, the man has awakened. Maybe it's not long since he broke the seal. You must protect yourself."

"Don't worry, mother." Shen Tu Wan'er's black iron umbrella covered her hair again.

No matter how her mother is, in her opinion, her only purpose in this trip is to let the little thief die!

.....

Two days later.

The deepest part of Hongming cave.

It's just like a regular martial arts arena here. At this time, ye Chen is fighting with a giant spider with eight eyes.

This place is obviously forbidden by Hong Tianjing. Once you step into it, you will no longer use aura. Some of it is just the blood of boxing and the strength of your own body.

"Wow

Ye Chen gathered all his strength to reach the double fists and hit the eight eyed giant spider with a bang. Four of his eyes burst out in this way, instantly connecting his brain and overflowing on the ground.

The stench of disgusting limbs emanates from the remains of the eight eyed giant spider. Ye Chen has explored all the areas in the Hongming cave, and has not found any information about Hong Tianjing.

In Huang Laokou, the old friend who planned for Hong Tianjing did not find any records.

"That's all!"

Ye Chen naturally can't stay in Hongming cave to practice all the time, although this kind of arrogant and arrogant training method makes him feel different martial arts Daoxin.

Layers of white smoke came from all directions, blocking the sun in the sky, and soon covered the whole Hongming cave.

"It's not fog."

Ye Chen stretched out his hand to grind it. It was an extremely fine stream, which reminded him of a person.

Shen Tu Wan'er!

"No, why did the girl come back?" There is something wrong with Ye Chen's expression.

The next second, Shen Tu Wan'er was standing opposite Ye Chen with a familiar huge black iron umbrella. Her strong Holy Spirit was stirring, and she wanted to kill him.

Clear and crisp footstep sounds, that is the sound that the heel of a woman is special to touch the ground.

The slender and beautiful figure came out of the white fog. It was still a familiar yellow shirt and silk dress, which exuded a cold and domineering Holy Spirit. Shen Tu Wan'er's cold face showed up. Her slender eyebrows and eyes were supposed to be soft cheeks. At this time, she was surrounded by blood red murderous air.

"Ye Chen, we meet again."

Shen Tu Wan'er looks at Ye Chen coldly, but finds that ye Chen doesn't show any fear, but is very magnanimous.

Ye Chen's mood at this time is actually a little complicated for this Wuchi like monster. On the one hand, he can't ignore Gu Qi's death. On the other hand, he met with Gu Qi sincerely last time. For him, this woman is different from ordinary people.

"It seems that you miss me more." Ye Chen light way.

Shen Tu Wan'er's face is sulky. I didn't expect that the little thief would make fun of her. How could she be insulted!

"You die!"

This time, the first time she came to heaven and man, she explored Ye Chen's whereabouts through cause and effect. Killing Ye Chen is her task.

In an instant, the power of the ice between heaven and earth gathered enough strength, and a three foot water column appeared, which made a "boom" and hit Ye Chen in the direction.

Without any hesitation, the black iron umbrella has turned into a spear, whistling out.

"Qi runs through the river!"

With a roar, after the water column, the spear point is wrapped with endless ice, and it also goes towards Ye Chen.

Of course, she was suppressed by the rules of heaven and man! But she wants Ye Chen to die!

"Guard

Ye Chen's arms rolled up, his soul and body transformed, and the power of Xu tuyuan Fu was exhausted. Nine handles of zhenhuangcheng sword stood in front of him.

A powerful shock wave, like a circle of towering waves, quickly spread around.

The stone road at the gate of Hongming cave split in this instant.

Even the whole mountain, at this time also appeared a circle of small ripples and wrinkles, slowly appeared.

Unexpectedly, in such a short time, Shen Tu Wan'er has recovered her strength, and her aggressive power seems to be stronger than before!

Damn it!

Chapter 5454

"Fight

With a wave of his sleeve, ye Chen turns his sword into a dark light and flies out. He shoots at Shen Tu Wan'er and rushes into the white mist stream.

Now that I have entered the original realm, my strength has long been different.

It's good to borrow Shen Tu Wan'er to see the gap between herself and the other party!

"Hum!"

Shen Tu Wan'er didn't have the slightest fear. At this time, the iron spear turned into an umbrella shape, and the huge umbrella surface opened.

"Bang!"

The collision between sword and shield made a deafening sound.

The white fog in the void, under the influence of the waves, formed a wall of separation.

"Taishang xuanbing palm!"

In this moment, Shen Tu Wan'er put the black iron umbrella away, and the power of the ice emperor suddenly emerged, mobilizing the aura of heaven and earth, and the meaning of countless ice rules condensed on his palms.

The whole Hongming cave air, in a flash fell to the freezing point, mid air, a piece of snowflakes, falling down.

The powerful palmprint, with the momentum of sweeping, beats and presses towards Ye Chen.

Such a dense attack doesn't give ye Chen the time to react at all. When he reacts, he is already hit by this palm.

Ye Chen claps the ground with one hand and turns his whole body up.

"The bloody moon slaughters the sky!"

Ye Chen cold hum a, soul body transformation, Xuan body change spirit magical power display!

At the same time, the immortal spirit of the dragon and tiger master and the domineering spirit of the demon overlord all burst out to the extreme. When the breath reached the peak, he slashed out with one sword, and the blood light floated on the sword.

Boom!

One after another, scarlet blood moon appeared in the sky outside Hongming cave.

The blood moon shines on the earth.

Ye Chen's flying sword, with the blood of the moon, and the majesty of the dragon.

Ye Chen knows very well that he has no ability to keep his hand in the face of the supreme evil. He has to attract enemies and look for life.

At this time, Shen Tu Wan'er was determined to die. If he kept his hand, he would make fun of his life.

"Well! How can the supreme power of body protection be broken in this way! "

Shen Tu Wan'er didn't worry at all. The supreme world's defense skill can even shake the gear of fate, not to mention Ye Chen's attack from heaven and man.

"Ha ha!"

Ye Chen's corner of the mouth peeps out a sneer, this blow blood month Tu day chop, not so simple.

It also contains a trace of Ye Chen's reincarnation essence and blood power. The terrible blood moon sword Qi falls on Shen Tu Wan'er's palms.

"Broken!"

The layer of ice covered by the dark ice palm was torn by the sword Qi and scattered.

"Wow

The whole Hongming cave is finally crumbling under the miracles of Ye Chen and Shen Tu Wan'er. The hillside is broken, and the whole cave has tilted to one side.

The leaf Chen foot tip lightly steps up, the whole person floats to stand.

In the face of such a devastating face, Shen Tu Wan'er still did not hesitate. The black iron umbrella in her hand turned into a spear again. By taking advantage of her position, she was from the top to the bottom, with the authority of the superior and the cool feeling of frost.

"Die for me!"

The spear point is like an ice ridge. A cold shock wave formed on the way stabs Ye Chen.

Ye Chensha's sword is raised high to resist Shen Tu Wan'er's fierce attack, but there is a trace of blood in the corner of his mouth.

Shen Tu Wan'er has such strength when she is suppressed by the rules in heaven and man. If she faces her in the supreme world, is she not only qualified to be killed?

The earth is shaking. Ye Chen's feet hit the ground hard again. Shen Tu Wan'er's attack is still strong and persistent.

Crack, form a gap after another.

Boom!

Ye Chen only feels that the foot is empty, and the whole person has fallen into endless darkness.

"If you want to go, I will kill you today!"

Shen Tu Wan'er's silver teeth bite, the black iron spear again draws a half circle in the air, and flies to the direction of Ye Chen's fall.

"Dawdle, dawdle, dawdle!"

Ye Chen's falling speed is extremely fast. Shen Tu Wan'er accelerates three times, but he can only see the shadow of Ye Chen.

Darkness, endless darkness.

"Poop

Ye Chen and Shen Tu Wan'er's bodies fall into the endless hot ocean.

Under the cover of endless darkness is the sea of surging magma, on which the rising water mist can be seen.

Shen Tu Wan'er couldn't take care of it at this time. She held up her black iron umbrella and buckled it on the magma. She turned her body and stepped on the handle of the umbrella.

"Ye Chen, get out of here!" Shen Tu Wan'er looks down at the whole ocean of magma. She and ye Chen fall into it almost at the same time. Ye Chen should be on the sea at this time. At this time, ye Chen's mysterious body turned into spirit. At the moment when he fell into the water, the still water bead had wrapped his body again.

Just now, when he fell into the sea of magma, the key in his body trembled like crazy. Is this the place where the treasure was left in his previous life?

Ye Chen's heart is a burst of ecstasy. Compared with the secret treasure of the reincarnation master, Shen Tu Wan'er will let her stay here.

The hot sea of magma, the billowing waves, faintly revealed scarlet red blood magma.

Ye Chen, under the protection of the Pearl of still water, goes to the bottom of the sea.

The thick ghost mountain envelops the whole sea floor, making it a dark ghost land for tens of miles.

A stone tablet, horizontal block in the depths of the ground, above impressively written two words "ghost waterfall".

The ghost waterfall is like a gate to hell, and the dense ghost gas permeates from the slit.

Ye Chen sits in front of the ghost waterfall with his knees crossed, but the key in his body slowly returns to peace.

A group of six colors of the source of the gas, from the pores of Ye Chen's body gush out, into a brilliant sword shape, thundering toward the ghost waterfall.

"Hoo

The sword roared out, as fast as a fireball. However, at the moment it touched the ghost waterfall, it turned into a weak wind and disappeared.

And at that moment when the wind blows over the ghost waterfall, ye Chen's eyes turn red, accurately exploring the space behind the ghost waterfall.

Behind the ghost waterfall are countless Tiesuo ghost vines, countless branches and vines entwined in them.

Such a dense ghost vine and iron rope, like a towering tree, is so entrenched behind the ghost waterfall.

It seems that something is looking at Ye Chen through the endless ghost vine.

Ye Chen's whole body is like a thorn. The feeling of being fixed by something makes his hair stand on end.

Is it Hong Tianjing?

Is Hong Tianjing behind that?

This kind of strong pressure, ye Chen once felt, that bloody finger, full of the will of the gods.

If it wasn't for Mr. Ren to arrive in time, he would have been crushed by Hong Tianjing's finger.

Chapter 5455

On this day, in the deepest world of the human realm, under the ocean of magma, the space behind the ghost waterfall is entwined by countless iron ropes and ghost vines, which is the suppression place of Hong Tianjing.

In the silent place that has been imprisoned for many years, the haggard and silver haired man's eyes are permeated with an ancient cold, and the strong sense of cause and effect is entwined with ghosts.

"I didn't expect to be the Lord of reincarnation. I was the first to find here."

Hong Tianjing grinned: "it seems that the time is coming."

The magma above the ghost waterfall roars again, blocking the space world behind it.

Ye Chen this just convulsed to come over, his whole back all soaked, peep to so strong person, really is too risky.

"Ye Chen! Die

Shen Tu Wan'er obviously found Ye Chen, and the spear, which was like a mountain falling apart, had been bombarded again.

But this thick and hot magma, so that her frost force can not attach, only the arrogant supreme aura as the basis.

Ye Chen clapped his hands to the ground, and his body was suspended in the air under the blow, emitting a bright light like the sun, and there were many stars, like light spots, rotating around him, which was very bright in the magma ocean.

"Wow

Two powerful forces collided together, rising up endless storm, once again opened a corner of the ghost waterfall magma.

And at this time, the endless supremacy of the supreme world burst out in this instant.

"Who is it?"

Shen Tu Wan'er's heart was shocked by the pressure of the world. She was so familiar but also so overbearing.

Once again, the iron spear changed into an umbrella shape, and the crossbar was in front of Shen Tu Wan'er, who slowly approached the ghost waterfall.

"Don't go."

Ye Chen sees this, hastens to shout a way.

"Well?"

Shen Tu Wan'er twisted her eyebrows and looked at Ye Chen hesitantly. The people behind the ghost waterfall should not be so simple.

"He has endless hatred with you in the world. I advise you not to stick causality with him."

Ye Chen says in a cold voice that Shen Tu Wan'er is just a Wuchi. If she has a causal relationship with Hong Tianjing, not to mention what she will do when she returns to the supreme world, whether the supreme daughter will find out that she has found Hong Tianjing's position through her will be extremely passive.

"What's your business? When I'm done, it's the time of Ye Chen's death! "

Shen Tu Wan'er's cold and pretty face once again shows a trace of disdain. It's not the mole ant's turn to tell her what to do.

Ye Chen doesn't speak, but his body slowly steps back. The secret behind the ghost waterfall is beyond his scope. Leaving is the best choice.

"Want to go?"

Shen Tu Wan'er takes another look at the restored ghost waterfall. She is not a person who likes to join in the fun. The purpose of her trip is to kill Ye Chen. She has jumped up and chased Ye Chen away.

At the same time, after the ghost waterfall, between the layers of ghost rattan iron rope, a sound sounded.

"Oh? The little girl of Shentu family is also involved? "

Hong Tianjing's half narrowed eyes also showed a strange smile at this time.

"It seems that this thing is more and more fun, ha ha..."

.....

At the same time, facing the pursuit of Shen Tu Wan'er, ye Chen can only dodge in the endless ocean of magma.

Ye Chen suddenly thought of something and asked Xuan Hanyu: "Xuan fairy, if I use the power of you and Shuo Lao to fight against Shen Tu Wan'er?"

After a short silence, Xuan Hanyu said, "no, I feel that she still has a card on her body. It's extremely dangerous, but she should not use it unless she has to."

"And if it wasn't for the restriction of heaven and man, her strength would drop a lot, otherwise, it would be very troublesome."

"Of course, there is no way to deal with this person. Burn the blood of the dark goblin and activate the reincarnation blood completely!"

Ye Chen

Ye Chen will not activate the blood of the mysterious goblin unless he has to. As for the pursuit of Shen Tu Wan'er, he can only escape!

Ye Chen has an advantage in speed!

However, at this time, ye Chen's ear rang out a voice!

It is the world taboo of reincarnation cemetery!

"Boy, if I'm you, don't chase me. Do as I say! The five elements belong to water. Go

The old voice is full of bewitching.

"The old man? What is this place? "

"The chance of the key!" The voice of the old is like a bolt from the blue!

Ye Chen hesitated for a moment, and then moved his space. Between the steps, he had already crossed the sea for more than ten miles. His figure was like a dragon, turning with the waves in the magma.

"Don't run!"

Shen Tu Wan'er catches up with Ye Chen. Before ye Chen disappears on the sea floor, there must be a way to hide her whereabouts. She still uses the power of chance to find Ye Chen again. At this time, nothing can make ye Chen slip away from her eyes again.·····

After a stick of incense.

Ye Chen's speed slowly stops.

The front is the chance of the key that taboo Laohuang said, and the rear is the attack of Shen Tu Wan'er.

Ye Chen's heart is one Lin, since Shen Tu Wan'er wants to follow, then borrow her strength, go to explore the authenticity of this key opportunity!

Ye Chen's eyes are red again, and his powerful soul power is released, peeping forward.

"I didn't expect to see him in such a short time, and he made so much progress!"

Shen Tu Wan'er follows Ye Chen and can't help sighing that for her, only with the help of endless resources can she recover her strength quickly. What about ye Chen?

This tiny mole ant in heaven and man domain, what resources against the sky, let him recover and break through in a short time?

If you don't kill him, the future will be a disaster.

Ye Chen Mou son one coagulates, the facial expression is solemn, more approach the place that waste old says, his heart is more uneasy.

"Come in!"

The old man's voice roared again, as if there was something important in it that aroused his emotion.

"Bang!"

Ye Chen's body whistled through the place that Huang Lao said, where there was no change with the magma ocean, but now it was like a light curtain, because ye Chen tore a crack.

On the crack, there are two-color lines corresponding to the key, which are quite similar to the temple of yin and Yang.

"Ye Chen!"

The light curtain had been closed slowly at the moment when ye Chen entered, but Shen Tu Wan'er's speed was very fast, and the black iron umbrella flew across the air, directly blocked the light curtain, and her figure also got into the light curtain at the moment.

Inside the light curtain, there is no longer a hot ocean of magma, but red soil, empty and desolate, endless.

Ye Chen's figure did not continue to move forward, but stagnated in the original place, quietly observing everything around.

Chapter 5456

"Step on, step on, step on!"

Deep and heavy footsteps came from the ground.

In sight is a fiery red dragon elephant. Its huge body, which is 18 feet long, is full of palm sized red gold scales. It has the body of an elephant, the head of a dragon, and even a pair of red dragon horns on its head.

A savage breath erupted from its body, forming a hot hurricane, and the whole land was shaking slightly.

Shen Tu Wan'er saw the scene in front of her. Her expression changed slightly. It turned out that it was the Dragon elephant of Huoyang. Even in the supreme world, it had disappeared for thousands of years. Now, the scene recorded in the ancient books appeared in front of her.

The fire Yang dragon elephant exudes extremely fearful evil spirit. It seems to be very dissatisfied with the two intruders.

Ye Chen stares at the fire Yang dragon elephant and frowns slightly. He has already noticed the terror of the behemoth in front of him. After all, this powerful power is not inferior to Shen Tu Wan'er's breath. Obviously, this fire Yang dragon elephant must have been cultivated for more than ten thousand years.

Ye Chen turns to see Shen Tu Wan'er, and doesn't charge anything. Although they have common enemies now, they are still not allies.

"Boom!"

Ye Chen's soul body is transformed, the evil spirit sword is sacrificed, and his feet move suddenly. Without any sign, he has already appeared above the head of the fire Yang dragon elephant.

With strong reincarnation power and destruction seal, Sha Jian crossed the neck edge of Huoyang dragon elephant, hit the ground and made a huge sound.

Powerful sword Qi, condensing into a line, straight down, directly split the soil under the foot of the Dragon into two parts.

Fire Yang dragon elephant reaction can not be described as not smart, a flash, want to avoid Ye Chen this blow.

But it's late!

Ye Chen moves decisively, has no any pattern, the evil spirit sword arrives at its neck position, appeared a deep blood mouth.

At this time, the fire Yang dragon elephant sensed that he was injured, and immediately became extremely angry.

"Ouch!"

It looks up at the sky to roar, looking at Ye Chen's eyes full of venom.

Then, around the body of the Dragon elephant, the fiery flame rose from his scales, like a fire unicorn, rushing towards Ye Chen.

Ye Chen's whole body is full of golden light, and his eight parts are full of vitality!

Then, at the moment when it rushes to Ye Chen, the Dragon elephant turns its body and flies to Shen Tu Wan'er.

"This guy! It is unexpected that the Dragon elephant, who seems to be rough and unruly, has cultivated wisdom in this endless practice.

Shen Tu Wan'er didn't expect that after ye Chen had suffered a big loss, the dragon would come to her, but she was obviously not a soft persimmon compared with Ye Chen!

"Hum!"

Shen Tu Wan'er looks at this strange beast, and his heart is full of sarcasm.

the black iron umbrella in his hand shakes, and the battle spear forms directly to Huoyang dragon elephant.

The iron spear, which contains the power of endless frost, went straight up, penetrated the head of Huoyang dragon elephant, and brought out a large amount of blood, which splashed out from the top of the head, leaving a blood hole of the size of a plate mouth!

"Ouch!"

With a whine, the fire sun dragon immediately turned around and fled to the distance.

Just now, Shen Tu Wan'er's attack, with the superior's murderous spirit, was cold and cruel, which made the cunning dragon elephant suffer a heavy loss. It really didn't expect that the woman in front of her was more fierce than the smelly boy just now.

"Want to go?"

Ye Chen sneers. He wants to know more about the vast red land. It seems that he will pass the Dragon elephant.

The fire sun dragon elephant is galloping, and the soles of its feet are stepping on the ground, just like small charred pits.

Ye Chen's whole body is wrapped with black evil spirit. The evil sword flies out and rushes out in the direction of the fire Yang dragon elephant escaping.

Shen Tu Wan'er's figure is mentioned, and he follows Ye Chen and chases him in the direction of Ye Chen's pursuit.

This strange area is very uncomfortable for her.

Frost's power was suppressed everywhere where it was obviously the power of the red sun. The power that her supernatural power cultivation could exert was only about half.

However, she still did not have any hesitation, to deal with Ye Chen, in her view, only 10% cultivation.

Ye Chen struck with his sword, and the huge head of Huoyang dragon elephant had been cut off.

"Who is it! How dare you hunt fire Yang dragon elephant

Just to the north, hundreds of miles away, came a very dignified voice.

A piece of red cloud quickly gathered together and covered the whole sky, forming a strong and extreme pressure.

Indistinctly, ye Chen can see that layer upon layer of cloud center, standing a person.

Shen Tu Wan'er looks at each other and her face changes. She is very clear that the other person is a terrible existence. She is even as good as her mother Shen Tu Tian Yin. Shen Tu Wan'er's face suddenly became heavy and serious. He had to do his best to improve the strength of the other side.

Ye Chen raised his head slightly and looked up to see the transformation of the soul body. He was blessed by the endless spirit in his eyes. His eyes penetrated the clouds and saw the figure of the man clearly.

"It's him."

Before ye Chen said anything, the old man's voice had come again.

"You are not his opponent!"

"Who is he?"

Ye Chen has no any flurries, still quite calm, for him, these ancient powers, one two three, all will fall on his way forward.

"Hong Tianjing made a great contribution in killing the master of the last generation of demons. He and Hong Tianjing belong to the same family, ranking 13. Others call him 13 thousand. "

Wan 13 is a famous figure in the supreme world. However, because of his family, he left the supreme world very early in his early years, so even the outstanding posterity like Shen Tu Wan'er only heard of his name, but never met him.

"Today, nobody wants to leave here."

Wan shisan said in a desolate voice. He pulled out a flame flag with one hand toward the void. He instilled the aura into the flagpole, and then inserted it on the ground.

"Boom!"

The flagpole is getting longer and thicker. It is like a pillar with a diameter of one foot. The whole piece of red soil connects with the flag in an instant. The pillars of light grow in clusters and seal the whole piece of land.

"Taishang stagnant flag? Are you ten thousand thirteen? "

Shen Tu Wan'er was shocked when she looked at the shining flame flag.

"I can't imagine that after so many years, there are still people who remember my flag, hahaha."

Wan13 showed a touch of joy, and the wrinkled skin was crowded together because of laughter.

Ye Chen deliberately pretends to be ignorant. He turns his head and asks Shen Tu Wan'er in a low voice: "who is wan shisan?"

Chapter 5457

Shen Tu Wan'er snorts coldly. The death of Huoyang dragon elephant has tied her and ye Chen together. Otherwise, she can escape from Wan shisan by borrowing her mother's face.

But now, her hands are also stained with dragon and elephant's blood. Wanshisan, who is extremely protective in the rumor, is bound to let her go.

"He used to be a strong man in the supreme world. Later, somehow, he left the supreme world and never set foot in it again. But... "

Ye Chen looks at the appearance of Shen Tu Wan'er's desire to talk and stop, showing a confused color.

"He's cunning and changeable, and he's unreasonable. We killed his dragon elephant. I'm afraid we can't be good anymore."

When ye Chen heard Shen Tu Wan'er say this, he showed a smile. He couldn't be kind any more. He knew it from the first time he saw it.

Shen Tu Wan'er sees Ye Chen's indifferent smile. Obviously, he is still calm.

She even can't help thinking, before every time I see ye Chen, no matter how urgent the situation is, he has always been indifferent expression, fight all the battle.

Such a pure heart of martial arts makes Shen Tu Wan'er, a real martial fool, have a new understanding of Ye Chen.

With a wave of Wandan's hand, the red cloud and electric light interweave together to form a huge palm, which goes towards Ye Chen.

In a twinkling, ye Chen feels a force that makes him suffocate. It's oppressing him. It's like the collapse of heaven and earth, and the internal organs in his body are about to be broken.

Dodge!

The mysterious body turns into spirit, and many spirit veins are fully opened. Ye Chen's body is like the wind, and he shrinks to avoid the move of Wan shisan

"boom!"

Ten thousand thirteen's palms slapped on the ground. All the red soil turned into dust.

Ye Chen's eyes sank, and a dark sword appeared in Ye Chen's hands. An extremely mysterious wave surged on the edge of the sword, and the vast soul power was injected into the sword. The soul method operated, and it seemed that countless moonlight was twinkling on the evil sword!

His pupil suddenly shrinks and drinks in a low voice: "the moon soul cuts! Break it for me

In a flash, a sword cut out!

Freeze!

A sword, which seemed to be cast by moonlight, shot out and bombarded the huge palm of the hand.

"Hum!"

The power of shajian rips a magic ditch more than 30 meters long on the red soil.

"Ignorant children."

Wan shisan's huge palm seems to be indifferent to Ye Chen's full blow. He takes out a palm print in the air. A huge fire dragon's virtual shadow makes a deafening sound of the dragon's chant and hits Ye Chen.

At this time, Shen Tu Wan'er moved. Suddenly, countless ice and snow fell from the sky. Under the fall, they turned into ice and pounded on wan13's giant palm.

"Kill together!"

Ye Chen leaped forward to Wan shisan, suspended his evil sword in the air, and turned it into thousands of sword Qi. It was like a rain of swords, thrusting all over the world to Wan shisan.

Shen Tu Wan'er's black iron umbrella, with its hooks fully exposed, is filled with the supreme spirit in her body. It has cold strength and adheres to the black iron umbrella.

"Whoa, whoa, whoa!"

The surface of the umbrella turned rapidly and violently, like a shield, a knife, a spear, and an umbrella, heading for wan13.

"Supreme breath?"

Wan13's eyebrows are frivolous. Unexpectedly, there are warriors in the supreme world in the human realm.

Then, a huge thunder bead rose from the huge palm, and the powerful power of red flame was sent out. With his body as the center, hundreds of lightning were condensed and turned into a thunder sea.

"Hiss

Dozens of lightning rushed out at the same time, twisting each other, turning into a tree like thunder pillar, penetrating the void and flying to Ye Chen and Shen Tu Wan'er.

Between the whole world, the hot wind blows in all directions in an instant. The power of the wind is extremely strong, forming a rapidly rotating tornado, which collides with their overbearing moves.

"Boom!"

Two forces collided in mid air, shaking this area into chaos.

At the same time, electric light and wind blades kept falling, hitting the ground, leaving holes.

But the other side is wan shisan, which is comparable to Hong Tianjing.

Ye Chen and Shen Tu Wan'er, who have only 50% accomplishments, how can they be his opponents!

Bang! Bang!

The two men had been swept to the ground by the violent lightning.

Wan shisan shook his head and looked at Shen Tu Wan'er coldly: "hum, people in the world are getting more and more backward."

Ye chenqiang stood up with his body, holding the Sha sword, with a dignified look to the extreme!

Who could have thought that he would enter this space related to Hong Tianjing by mistake!

Do you think you and Shen Tu Wan'er will fall here today!"Xuanxianzi, shuolao, borrow my strength!" Ye Chen opens his mouth.

However, soon, xuanhanyu's voice came: "Ye Chen is useless. Even if we use our power now, it's useless."

"The enemy is too strong!"

"Unless you burn the blood of the dark goblin, the consequences will be very serious!"

Ye Chen hesitated for a few seconds. When he wanted to make a decision, a voice seemed to come from the reincarnation cemetery!

"Boy, untie the chain for me, or you will all die here!"

In the reincarnation cemetery, the old man's voice was furious, almost roaring and angry.

Ye Chen looks at Wan shisan. With these moves, Shen Tu Wan'er's cultivation is limited by the hellish flame, so she can't exert her full strength.

However, he is still lacking in his efforts to defeat Shen Tu Wan'er. He has to detonate countless cards, not to mention the extremely terrifying wan13 from the supreme world.

"Boy, only I can help you. Wan shisan goes out of the same door with Hong Tian capital. You are not his opponent!"

The voice of the forbidden dragon sounded again.

Ye Chen thinks a little and never talks.

The old man's voice was more and more urgent: "Hong Tianjing is crazy, this wan13 is crazy! Don't think he will be merciful just because Shen Tu Wan'er is from the world. He won't. If you kill his dragon elephant now, he will kill you to avenge it! "

"Master, this is the time. If you don't want to die with me, I can lend you my body for the time being, but it's impossible to lift the chain."

Ye Chen's mouth is a hook. Before that, countless chains were tied on the stone tablet, and the old man was able to communicate with him and help him complete the carving of the guard array.

Now, he doesn't believe that there is no other way to save his life.

"Son of a bitch!"

The old man's voice was full of anger: "under the chain, my energy is limited, and I can't develop my accomplishments that can compete with Wan shisan!"

Chapter 5458

Ten thousand thirteen palms converge again, and the supreme hot breath among the thunder beads turns into the shape of red and golden dragon. The whole body is twined with the flash of thunder and lightning, and revolves around his body.

His fingers toward the ground gently, thousands of dragon shadow, at the same time down impact, the earth collapsed, forming a huge palm print.

Ye Chen inserts the Sha sword into the ground and resists the attack.

But the body is full of blood, and the bones will be completely broken!

At this moment, ye Chen knows that he has reached the acme!

He thought of something and turned to Shen Tu Wan'er: "I'll try to hold this guy down, but you, try to escape! I have only one request. Don't hurt Wei Ying! "

Shen Tu Wan'er's heart trembled. This is the first time that someone bravely stood in front of him in the face of danger and gave him the chance to fight for his life. However, this person is just a small mole ant in the heaven and man realm that he has been chasing.

While satirizing, Shen Tu Wan'er has a more complicated emotion towards Ye Chen.

As for the woman who controls her own things, she doesn't have to hurt each other!

"Stinky boy, there's no time!" Huang Lao's voice shouts crazily, he didn't expect such a situation, ye Chen can be so calm.

Ye Chen still didn't speak, and his arm even trembled. The blood was flowing, and the shajian shook slightly!

He's playing!

And that world taboo game!

His intuition told him that he could not untie the shackles of the wild dragon!

Otherwise, the whole universe will be destroyed!

"You won! Smelly boy, now, just need you to help me untie a chain, I can play most of the strength of banzhuxiang! That's the limit! "

"Good!"

Ye Chen doesn't hesitate at this time. He has already come to the reincarnation cemetery. With the Sha sword in his hand, he looks at the farthest chain tied on the stone tablet.

At this time, Huang Lao is also covered with iron. He wanted to take this opportunity to lure Ye Chen to untie all the chains for him. Unexpectedly, in the game between them, he could not calm down.

That's all!

This endless years of waiting, has made him unable to maintain a stable state of mind.

Cut the chain!

In an instant, a virtual shadow rushes out of the reincarnation cemetery! Towards Ye Chen's body!

At the moment when the old man was attached, the temperature of the whole space began to drop rapidly. There was a howling cold wind, whistling and galloping on the red earth. Countless voices like crying and Howling were heard from the bottom of the earth.

"I came out at last!"

At this moment, the whole space was completely transformed into a magic realm, and a blood red light column rose from ye Chen's body and went directly to wan13.

In the middle of the sky, the magic cloud spreads out and becomes more and more extensive, as if it has become a sea of demons. The merciless and endless spirit and magic atmosphere are surging on the huge palm of wan13.

At this time, ye Chen '.

In a flash, Wan shisan felt as if he had seen the most terrible existence in the world. A tremor from his soul spread all over his body!

How could that be!

Under the huge shock wave, Shen Tu Wan'er could not help but close her eyes. Her mind was almost crushed by such a strong pressure.

Is this ye Chen's card?

Why does Ye Chen have this kind of existence behind him!

Just a little pressure, as if to let her suffocate!

You know, you are the existence of the world!

As soon as his massive body was shocked, he grabbed the flame flag which he had buckled on the ground with one hand, stepped on the ground with both feet, and soared a hundred feet high!

But that flame flag's flagpole gushes out a regiment of flame like thunder and lightning at this time, separates the sky to project toward the leaf Chen in the past.

No matter how terrible the other party is, cultivation will not cheat!

That kid is just the beginning!

And it's on its own battlefield!

He doesn't believe it. Can this boy break out the power beyond the true realm?

Endless flame and lightning surge, see to touch Ye Chen, ye Chen is always indifferent.

The old man naturally noticed this scene, but he just looked at it. Then he manipulated Ye Chen's white palm and held the flagpole directly.

Lightning, along the flagpole, twinkled and galloped around Ye Chen.

"Is that all? It's too weak. "

The old man pulled his arm and threw back the flame flag with endless prestige and strong power of gods and demons. This time, the flame flag was like a mighty army of demons.

"Who the hell are you?"

At this time, Wan shisan's eyes to Ye Chen have become dignified. If he doesn't guess wrong, someone is attached to the boy. Before and after this, the two people's cultivation of martial arts is very different."Who am I? You have no right to know! "

Huang Lao shook his head, gently waved his sleeve and threw a seal character at Shen Tu Wan'er.

Shen Tu Wan'er is not on guard and has fallen into a deep sleep.

Wan shisan looked at Ye Chen's sudden action and looked at him suspiciously.

"What do you mean?"

"I just want to ask for an old thing from master Wan."

Huang Lao's one handed seal has temporarily closed Ye Chen's senses. He has a double palm, and the pattern of the key has appeared.

"Give it to me and save your life."

Wan shisan looked at the key with a shaking look. After nearly ten thousand years of waiting, it was not Hong Tianjing who came to pick up the secret box.

It's this strange martial arts guy with a young body!!

Ten thousand thirteen are not stupid. In the face of such existence, even if we protect ourselves, we are afraid that we will lose many precious cards.

"Well! I didn't expect you came for it. If you want it, I'll give it to you! "

He knows better than anyone that life is more important than anything.

A circle of light was thrown into the air by Wan shisan, while he himself escaped for the first time.

Huang Lao looks at the secret box in his hand. It's an old thing left to Ye Chen by the reincarnation Lord of the last life. Unexpectedly, it's Hong Tianjing's younger martial brother who suppresses and guards it. It's hard to completely understand the cause and effect of the world.

.....

At the same time.

The ghost vine under the ghost waterfall shakes violently again.

Hong Tianjing wakes up more and more times, and his strength is recovering little by little.

"The Lord of reincarnation took away the secret box?"

Hong Tianjing's eyes can see almost all the light curtain about the reincarnation Lord. When he looks at wanshisan, his heart is shocked and angry. This guy has practiced for millions of years, but he didn't expect to be so greedy for life and afraid of death.

"What's in this secret box?"

Hong Tianjing said to himself that when he tried to destroy the reincarnation Lord in private, he was blocked by the heavenly daughter. Later, there was a duel. He didn't have time to find the key to the secret box, so he had to hide it.

Now, the secret box is back in the hands of the reincarnation master.

"Is the secret about to be solved?"

The cold smile makes Hong Tianjing's shriveled skin look particularly ferocious.

Chapter 5459

.....

A day later.

When ye Chen wakes up again, he finds that he has been lying on the sea surface of the magma ocean and is flowing with the waves.

Shen Tu Wan'er lay quietly on one side, holding the black iron umbrella tightly in her hand.

"Shen Tu Wan'er?"

Ye Chen half sits up and shakes Shen Tu Wan'er hard.

Although he wanted to kill Shen Tu Wan'er, he knew that the cause and effect involved would be more terrible.

I'm afraid that the one behind Shen Tu Wan'er will come regardless!

Shen Tu Wan'er soon wakes up. She even knows better than ye Chen why she fainted before.

"What do you want to do?"

Full of alert tone, Shen Tu Wan'er's black iron umbrella blocks between her and ye Chen.

"It's all right."

Ye Chen also didn't care about each other's attitude, just light said.

Shen Tu Wan'er also saw the surrounding scene and understood that they had escaped from Wan shisan.

"This time, we'll be even. See you next time. Give me back Bingming jade. Otherwise, we'll still be enemies."

Shen Tu Wan'er's face is still serious. This time, ye Chen brings her into the void space. It's also because ye Chen has been rescued again. It's clear.

Ye Chen is very keen to find the change of Shen Tu Wan'er. The coldness in her eyes is actually full of tenderness.

Ye Chen didn't say anything, just nodded: "don't worry, I won't take this time to save your life to coerce you, but Bingming ancient jade has been integrated with Wei Ying, no matter what, I can't give it back to you."

"But if one day I can find better ice treasures, I will offer them with both hands."

"Well! I hope you keep your word

Shen Tu Wan'er snorts coldly, but actually he doesn't entangle Bingming Guyu and Wei Ying any more. With a black iron umbrella, he tears open the void barrier with one hand.

"By the way, there's one thing I need to tell you. Before I was in a coma, what I saw was that you took the initiative to stun me."

Just as Shen Tu Wan'er stepped into the void, she suddenly said.

Ye Chen Mou son tiny one coagulates, he understands Shen Tu Wan son in this sentence, why bite your this word extremely heavy.

What did Huang Lao do?

Sure enough, there are still problems!

"Huang Lao, what happened after you took over my body?"

Ye Chen is not in a hurry to leave the magma ocean, but the divine consciousness returns to the reincarnation cemetery, standing in front of the chain stone tablet, and asks.

There is a huge shadow in the void above the stone tablet.

Ye Chen looked at the empty shadow rising slowly and looked down at himself. He could even feel the slight tremor of his heart.

The desolate old man in the virtual shadow is much younger than ye Chen imagined, but his whole body is filled with cool evil Qi, like a demon God, standing in front of Ye Chen, giving him a great pressure.

"Wanshisan, after all, is a disciple of Hong Tianjing. Even though he has long been out of the care of the supreme world, it is difficult to deal with him if he can't greatly improve his various magic powers."

The old man tugged at the corner of his mouth, as if trying to squeeze a smile out of his proud face.

"However, I have also told you that as long as you lend me your body, I will certainly take you out of the predicament."

Huang Lao said, a crystal light flashing secret box has been slowly rising from the stele.

"This, should be the chance that the key brings to you."

Ye Chen can hardly believe his ears. In fact, when he realizes that his opponent is wan shisan, he plans to give up.

What kind of key box does the other party have such a prominent background, such a pressing pressure? The master of reincarnation?

No life, nothing.

He didn't expect that Huang Lao had such great ability to recapture the secret box in the hands of Wan shisan.

"Take it."

Secret box under this sound, already toward leaf Chen but go.

Ye Chen pleasantly surprised extremely will that secret box in the hand, regard if treasure.

"Ye Chen admired the strength of his predecessors."

Ye Chen complimented.

"Well..." The old man nodded in the shadow.

"Huang Lao, Shen Tu Wan'er, his cultivation is higher than mine. I didn't expect that he was hurt so badly this time."

Ye Chen falsely sighs and mentions Shen Tu Wan'er.

"Well, although she comes from the Supreme Master, her own strength can be regarded as the best, but it's a pity that such strength can't withstand a single blow in front of the absolute Supreme Master. Wan shisan and I have only two moves. She has passed out in a coma. "

The old man showed an expression of hatred for iron, but ye Chen's heart was a little heavy at this time. The old man's words were different from those of Shen Tu Wan'er.

Who lied?

"Boy, this time, you will understand the terror and horror of the superior. Although your cultivation has been regarded as the best among your peers, it is inferior to the superior."Ye Chen nods, this cross level fight, to him, really some difficult.

Now, he has some difficulty even in the face of those who are too strong in the realm of heaven and man.

"Well, I know." Ye chendao.

"In fact, Tao mind is the source of all practice. In my opinion, there is still room for your Tao mind to be tempered."

The old man sighed: "you have too many thoughts, and there are many things to guard and think about. How much expectation did you give you in your previous life, and how much pressure did you give you at the same time. "

Is there still room for Tao to be tempered?

Ye Chen asks himself that Wu Zu's Taoist heart has always been tough and single-minded. Unexpectedly, he is told by Huang Lao that his Taoist heart is not completely firm, and there is still room for training.

"I have a Heart Sutra here. You can try it in reincarnation cemetery."

Huang laodun, looking at the stone tablet.

"This reincarnation cemetery is your territory. Besides me, there are so many powerful ancestors living in it. You can have a try under people's eyes, and you can rest assured."

Ye Chen nodded. If he was just a desolate old man, he would hesitate for a moment. But at this moment, the whole reincarnation cemetery revives the God of Xinghai, and even has special existence, such as xuanhanyu and shuolao. His heart is highly respected and recognized.

With their care, ye Chen believes that even if Huang Lao plays tricks, he can break the situation!

"Well, thank you, master."

At this time, when his eyes closed and his palms opened and closed, a page of ancient books had appeared.

"Try it."

Ye Chen hesitated for a few seconds, stretched out his hand to take it, and sat on the reincarnation graveyard with his knees crossed.

If there is any problem, he will quit cultivation!

Why do you enter the Tao?

How to find the way?

How to build a road?

Ye Chen's understanding of the rules of the mind of Tao has accumulated a lot. At this time, under the infiltration of this ancient book, he carefully comprehends the mind of Tao and explores the true meaning of the power of time.

It really works!

Ye Chen even felt that his spirit and heart were more concise!

And when ye Chen is absorbed in feeling the law of Tao, his eyes become extremely cold!

At the same time, the hands are making a strange seal.

The seal method is like an aperture, circling Ye Chen one by one.

Chapter 5460

At this time, half of Ye Chen's spiritual will is participating in the rules of Tao and mind, while the other half is always maintaining the ability of thinking.

As the aperture attached to Ye Chen's body becomes more and more thick, ye Chen suddenly feels that the wave of his understanding of the sea is becoming more and more gentle, and his understanding of Tao is becoming more and more difficult.

His consciousness began to lose gradually, just like walking on the broad Tao and Dharma, but he lost all the reference objects. For a moment, he was independent from the world, and no longer had divine consciousness.

The old man looked at the power of reincarnation in Ye Chen's body, and slowly calmed down, showing a strange and cruel smile.

"Smelly boy, I've done bad things for three times and four times! I want to die

At this moment, ye Chen's consciousness is immersed in the endless void, and those memories about China, as well as the cause and effect of the Lord of reincarnation, become all fuzzy.

Where am I? Who am I?

At the same time, in the reincarnation cemetery, there is a broken stone tablet. At this time, six ghost vines grow in the crack, with extremely sharp barbs, which looks cold and cold.

A ghost vine, so wrapped to Ye Chen, barb hook in his whole body, bloody, but at this time ye Chen did not feel any pain.

"Eight wasteland ghost method, the devil looks at the past and the present, saves the gold to leave the mark, finally obtains my body!"

The huge shadow of the old man had already floated to the top of Ye Chen's head.

The fierce evil spirit fills the whole reincarnation cemetery, and the dense evil spirit even covers the reincarnation breath, and runs rampant like entering the realm of no one.

The old man hung upside down on yechen's skull, and his fingers were on yechen's skull.

"Enter my heart, gain my wisdom, walk my body!"

Ye Chen, floating in the nothingness, was trembling violently.

It's a fight!

What knows the whereabouts of the key!

What helps Ye Chen to stabilize Tao heart!

It's all lies!

The only goal of this world taboo is to occupy Ye Chen's body!

Barren old body line, inch by inch into the body of Ye Chen.

At this time, the sudden change!

"Xiao Xiao, you dare to covet the body of the reincarnation Lord!"

A hazy virtual shadow suddenly appeared in front of Ye Chen.

This virtual shadow, the breath of misty clouds, with the faint breath of heaven.

His eyes, blood circulation, revealed the deep, through the air of heaven, all the robes floating, endless runes of the law, constantly flowing in his body, it seems that every hair, with the supreme secret, shocking!

Although it's just a shadow, the outburst in this reincarnation cemetery is enough to shake the way of heaven.

Whoa!

Ren Fanfan's fingers, skipping the space, directly hit the fingers on Ye Chen's skull.

No matter how shocking the world is, what magic power and ghost vine surround the body are ultimately limited by reincarnation cemetery!

At the moment, all these face Ren extraordinary with a finger, the moment has been out of Ye Chen's body.

This technique of lifting heavy things as light as possible shows the strength gap between Ren Fanfan and the barren old man who was suppressed at the moment.

The array that the waster old man has been attacking the heart for a long time has been resolved by Ren Feifan.

His whole person, originally ecstatic, lost all his spiritual sustenance in an instant.

The original smile on his face completely faded.

Endless anger!

For a moment, his throat gave out an obscure voice, which seemed to be a roar!

He's not willing! His anger! He's a failure!

"You shouldn't do anything bad to me! No, I shouldn't

Ren Fanfan looked at him faintly, and his eyebrows coagulated: "if you are not suppressed, I may be afraid of you, but now, you are not once. When you are suppressed in reincarnation cemetery, you should understand! Some people, you are not qualified to move! "

Ren Feifan pointed out that a blood Moon Crystal awn soared out again, like running through the void. Heaven and earth were disgraced by it, and they killed the empty shadow of the old man.

Although he was angry, he could only hide in the stone tablet.

If he can use Ye Chen's body, if he can recover most of his strength! It's not as if a move is broken in front of Ren extraordinary!

Huang Lao's resentment was hard to calm, but he also knew that this was not the time for his emotions. He had to wait for an opportunity, a chance to hit the middle!

"Ye Chen! Wake up

Ren Fanfan looks at the stone tablet trapped by the chain, and Ye Chen sitting cross legged. Some things have to be solved by Ye Chen himself.

At this time, the most important thing is to wake up Ye Chen, otherwise, let him drift in the nihilism, that is the real harm to him.

"Well? Who is calling me

Ye Chen seems to hear the faint call, if there is a sound like nothing, it seems very familiar.

"Ye Chen! Wake upRen Fanfan's voice is as loud as a bell, and every word has the supreme authority, just like the weight of a thousand gold.

"Mr. Ren?"

In the endless Taoist Dharma, it seems that there is a light urging Ye Chen. Ye Chen speeds up his steps and goes towards the light. Then, his eyes have slowly opened, and Ren's extraordinary shadow comes into his eyes.

Ren Fanfan nodded, indicating that he left reincarnation cemetery with himself.

Although Ye Chen's heart is full of questions, but for Ren extraordinary trust, let him leave reincarnation cemetery with him without hesitation.

"Master, why are you here?"

"There are two things for me to do." Ren extraordinary Mou son a coagulate, see to the Mou light of leaf Chen, full of dignified.

"Is there anything unusual about you just entering the Tao?"

"Well Huang Lao, the one who has just come to life in reincarnation cemetery, gave a page of Heart Sutra, saying that it can refine the heart of Tao. At first, I really felt that I had some feeling, but later, I felt like I was in a trance, like the soul floating to the void. "

Ren Feifan snorted coldly: "he is the taboo in the world that I have mentioned many times before. He has done endless evils. He is not so much trapped in reincarnation cemetery as imprisoned in reincarnation cemetery. And you've just, almost been taken away by him. "

"What

Ye Chen was shocked. The whole man was buzzing.

I'm so powerful that I've been taken away!

The key reincarnation cemetery is my own site!!!

"This person is good at bewitching people. I think he uses the identity of reincarnation graveyard to cover up, win your trust and take the opportunity to do it."

Ren extraordinary Ning eyebrow, look at Ye Chen's eyes become more serious: "Ye Chen, don't because of anyone, lost his heart."

Ye Chen nodded: "before, under the guidance of Huang Lao, I spied the place of Hong Tianjing's suppression. Moreover, with the help of Huang Lao's power, I defeated Wan shisan and got the secret box left by the previous life."

"Ye Chen, I have reminded you many times not to rely too much on the power of reincarnation cemetery, whether it's the old or the old, or other powers. They are only auxiliary to you after all. What you should really rely on is Lingxiao Wuyi and your Wuzu's Taoism."

"Thank you, master. I know."

Ye Chen quickly bows to the body way, now just after afraid, if not for the elder to discover in time, he has already been taken away by that evil old man!

Key to all this, how did the old man do it?
