Chapter 5471

"It's a success!"

Zhang Ruoling looks surprised. She has great talent, but it's quite different from the beast shaped spear inherited by nanxiaogu. She is born with the talent of yin and cold. If she didn't meet the master, she would never have been able to practice to the fifth level of reality.

And now, with the help of Ye Chen, she has reached the sixth level of heaven!

When did practice become so simple?

"Well." Ye Chen nods slightly, and Zhang Ruoling is promoted by the eight trigrams Tiandan technique and xuanhanyu. It's strange that he fails.

"Thank you, brother Ye!"

Having said that, Zhang Ruoling has converged the cold that spreads everywhere back into his body.

But even so, with her as the center, the ground with a radius of 10 Zhang is still covered with white frost. Once the apprentice of nanxiaogu with lower cultivation approaches, he will be frozen into ice sculpture in an instant.

"Boom!"

All of a sudden, the sky above a sensation, the entire void of lightning and thunder!

"Thunder robbery?"

Ye Chen's face shows a trace of doubt. Zhang Ruoling can lead to thunder robbery only when he is in the sixth heaven. There must be something unusual, but is it the skill or the blood?

on Zhang Ruoling's head, there is a black thunder cloud. There are dozens of purple lightning shuttling through the clouds, releasing suffocating destructive power.

"Pa Pa!"

A flash of lightning, bombardment and down, toward Zhang Ruoling directly hard split down.

"What to do?"

Zhang Ruoling's pretty face was pale at this time. She never thought that the power of this thunder robbery was so powerful. If ye Chen hadn't pulled her in time, the thunder cloud would have cut her into scorched earth.

"Try to fight against thunder!"

Ye Chen shouts aloud, the evil spirit sword in the hand has already been sacrificed, ready to block thunder robbery for Zhang Ruoling at any time.

"Good!"

Zhang Ruoling's ice spear was held high, giving off a strong smell of ice edge, which made the air condense blade like snowflakes. With the dancing of the spear, it bombarded the thunderclouds coming towards her.

Ye Chen kept a high vigilance. At the moment when Zhang Ruoling waved his spear, Xu tuyuan Fu had formed a Zhentian Imperial City array to protect Zhang Ruoling.

Boom!

Countless violent breath broke in the South Xiao valley. Two fierce breath sent out the meaning of swallowing the sky and destroying the earth.

The cold breath of ice finally enveloped the thunder fire and dragged it into the glacier.

"In the way?"

Zhang Ruoling looks at the ice spear in his hand. Is this the strength of the real world? It's much stronger than the five story sky.

Ye Chen's corners of his mouth also conjure up a smile. It seems that this thunder robber looks at bluffing people, but it's just a move from the sixth heaven in the real world. It's not too powerful.

Thunder fire constantly falling, Zhang Ruoling frozen glacier split into pieces of ice.

And Zhang Ruoling's ice spear is like an ice dragon, which dissolves the thunder and fire one after another.

"Thank you brother ye for helping my sister get promoted."

Zhang Xianjian heard the thunder robbery, but also very quickly arrived here, is to see a surprise for him.

"It's just a small lift. Your younger sister is very talented and talented."

"Without Ye brothers' protection, ling'er would not have been promoted so quickly."

"You're welcome. I also need your sister's help."

Ye Chen turns his head and looks at Zhang Xianjian. Since then, he hasn't asked about his identity.

"Ling'er has already told me. In fact, after master ling'er passed away, I promised ling'er that when she reached the sixth heaven, I would help her send the letter back to Shenmen."

Zhang Xianjian's eyes hung a trace of melancholy: "but now, luoxuzong is ready to move, I can't leave Nanxiao valley. With brother Ye accompanying ling'er, I'm relieved."

"Don't worry, I will protect your sister."

Ye Chen affirms that Zhang Xianjian's words have changed his human feelings into his own, but he just wants to make a promise to protect Zhang Ruoling. It's precious to be a brother.

"Thank you, brother Ye." Zhang Xianjian nodded repeatedly. He had got what he wanted. "Since there are so many things in the valley, I won't disturb you."

"Good!" Ye Chen nodded slightly and looked at Zhang Xianjian's back. He took out a pill from his arms: "this is a laxative pill. You can take it when your chest is tight. You can do your best for some things."

Zhang Xianjian's face changed, but he didn't say anything more. He just turned around and took the pills in Ye Chen's hand, hugged and left.

"What happened to my brother?"

Zhang Ruoling's face at this time, there is also a faint dust of thunder and lightning, which is rubbed on her cheek.

"Forget it, things in the valley are more important. I'll talk to him later."

Ye Chen nodded: "after promotion, the heart needs to be more stable and strengthen the Tao heart. Have a good rest. ""Don't worry, brother Ye! The day after tomorrow at the latest, we'll go to Shenmen!
"

Zhang Ruoling has an expression that I know. She knows that with Ye Chen's ability, it's condescending to stay in their Nanxiao valley. And seeing ye Chen's anxious appearance before, she thinks that the origin of the jade pendant should be extremely important, so she doesn't intend to spend too much time on consolidating her cultivation.

Moreover, it's the master's sect after all. I'm the only disciple of the master. I don't think it's dangerous.

"Good."

.....

Two days later.

A man and a woman appear in a Gobi desert.

The blood red Gobi desert, in the sunshine, looks charming and beautiful. Every stone above is like a crystal clear red agate, emitting the supreme ghost.

Ye Chen and Zhang Ruoling are standing in the distance. The gap in the depth of the Gobi desert is gradually expanding and rapidly extending outward, forming a piece of separated space.

Extremely hot breath, overwhelming from the ground churning out.

"Boom!"

Deep in the ground, the strong sound of explosion released the bloody smell of wilderness.

"Brother ye, it's so hot..."

Zhang Ruoling holding the hand of the map, has unconsciously attached a layer of fine frost.

Ice and fire are sensitive to each other.

"Something unusual must have happened here, which makes it different from the map record."

"Can we really get to the gate of God through here?"

Ye Chen is not sure. The Gobi is so vast that he can't see what is behind it.

"I'll try the void passage!"

"Wow

Deep in the blood red Gobi, it spreads out from the space cracks, making a harsh tearing sound, tearing the whole void channel to pieces.

Ye Chen's expression instantly becomes a little cold, it seems that here can only be stepped over from the Gobi desert!

Ye Chen grabs Zhang Ruoling, pops up from the center of the energy ripple, and flies to the ground.

Chapter 5472

"Brother ye, what should we do?"

Zhang Ruoling had little experience in the world. Faced with this difficult and strange Gobi desert, he was naturally in a state of chaos and had nothing to do with it.

Ye Chen narrowed his eyes, carefully observed the Gobi desert, overlooking the layers of dark clouds over the Gobi.

After a long time, ye Chen suddenly showed a smile: "since you can't pass, then split a way!"

Zhang Ruoling's face changed slightly, but he knew Ye Chen's purpose in an instant.

No matter what array this Gobi Desert reposes, in the face of absolute strength, it is just fish on the chopping board.

"Moon soul chop!"

In Ye Chen's eyes, the divine light flashed, the formula of burning blood, the body of the demon, and so on, all of them showed to the extreme!

The sword in hand waved, cut out a moonlight, now the moonlight is a pure black color, contains a very strong sense of destruction!

And the dark moon river, rushing forward, toward the ground hard bombardment and go.

"Boom!"

Under this blow, the ground split in two, revealing the soil with blood red.

"Who is it! Dare to make a mistake outside my God's gate

A loud voice came from behind the Gobi desert.

Ye Chen's lips point out that the Gobi desert is a cover up at all. The map is correct, but it's just the original entrance of Shenmen, which is blocked by the Gobi desert.

Before that, the void channel could not be used. It was not the power of the Gobi, but the place that the channel led to. It was protected by the guard array of the divine gate, which crushed the void channel and made it unable to move forward.

At this time, under the full attack of Ye Chen, the dry ground, which was divided into two parts, gradually revealed its true colors.

It is a towering and huge mountain range, stretching for thousands of miles, just like a dragon lying on the earth, emitting a majestic momentum.

The mountain range is about 6000 meters high, and the terrain is very dangerous. A very high mountain gate, like a dragon head in the mountain range, stands abruptly and sharply in front of it.

There is a mysterious force in the mountains, infiltrating into the landscape, making the whole mountain extremely stable.

Ye Chen stood on the original Gobi desert and looked up: "this is the gate of heaven and man. It seems that there are more hidden forces in heaven and man than I imagined..."

Zhang Ruoling has long been shaken by the sight of changing shape and shadow. Looking at such a magnificent gate, she can't help thinking of her master. No wonder she came to Nanxiao Valley alone, but she was so immortal. It turned out that the power behind her was so powerful.

"In xiayechen, I'm here to deliver the letter."

Ye Chen looks indifferent and looks at the man standing in front of the gate of God, shouting.

"Oh?"

The man was wearing a black robe, and his whole body was emitting black light, hiding his whole face and figure under a black fog.

"It's a keepsake!"

Zhang Ruoling took out the jade pendant from his neck. The crystal clear jade pendant was shining.

There seems to be a mysterious force in the divine gate, which radiates from the inside out. The jade pendant becomes extremely firm in an instant, even like the black iron.

"What! Never seen it

The voice of the figure under the black fog was full of tyranny, and he didn't know the meaning of the jade pendant.

"The gate of God is an important place. It's not for Xiao Xiao to enter!"

"My master's name is Qi qiu'er. She is a disciple of Shenmen. This is the entry keepsake she gave me. You can't miss it!"

Zhang Ruoling took the jade pendant in his hand and waved it. Her master was so powerful, how could the disciples of Shenmen not know her!

"I haven't heard of Qi qiu'er or qi chun'er."

The shadow creature stepped forward a few steps, and the strong sense of suffocation and oppression approached.

Zhang Ruoling stepped forward without fear: "my master is Qi qiu'er. Before she died, she gave me the jade pendant and asked me to send a message to the God gate!"

"Stubborn!"

The angry voice of the shadow roared out: "it has been many years since no one dares to be wild in front of the God gate."

The shadow above the mountain, like a meteor like light wave, rushed straight to Zhang Ruoling.

Ye Chen Mou son a cold, he doesn't think Zhang Ruoling's master will cheat her, but the matter at present obviously which link has a problem!

The evil sword in his hand turned into shape instantly!

The breath of dark source Fu has been lingering on the shajian, gushing out the black light and chopping towards the flying shadow.

"Boom!"

The two black breath collided together, giving off the earth shaking sound of explosion.

Ye Chensha's sword resisted hard and said in a loud voice: "break it for me!"

The dark shadow gave out Jie Jie's laughter. A long whip of the dragon's bone came out of the dark shadow, and with the dark and dim light of destruction, it wound the Sha sword.

Ye Chen feet a tiptoe, take off and rise, once again brandish a sword."Hiss

Under the fierce sword power of this move, the black fog that originally lingered in front of the body scattered, revealing the golden brilliance. The skin of the whole body was like the body of arhat. The color of red copper contained powerful energy.

"It's a good talent to break my black fog! Unfortunately... "

"Boom!"

The long whip of the red bronze man's keel had been put away, his hands were folded, and a roar of anger came out of his mouth, and the sound was like a wave of water.

Zhang Ruoling's body swayed and quickly covered his ears with his hands.

Ye Chen didn't shake at all, and his face was calm. The evil sword sent out a strong soul power and rose up into the sky, forming a virtual shadow of the sword pillar, whistling toward the red copper man.

"Boom!"

At this moment, the dense sword Qi, like arrows, surrounded the red copper man with the blood of samsara.

At this moment, a very strong light shield was produced out of thin air, wrapping the bronze man.

There were countless runes in the light shield. Unexpectedly, the red copper man arranged a small guard array in a flash.

Even when ye Chen saw the light shield, his eyes showed a strange light.

It seems that crouching tiger, hidden dragon are among the gods at such a speed.

"Since the cause and effect comes from the jade pendant, I will destroy the jade pendant today in order to ensure the security of our God gate!"

Under the protection of the light shield, the red copper man stood up and took out the long whip of the keel again. At this time, he pointed directly at Zhang Ruoling.

Zhang ruo's eyebrows slightly frowned. She didn't expect that the people of Shenmen were so unreasonable. She not only didn't recognize the master, but also destroyed the jade pendant. She was angry.

"This is my master's relic. Why do you say it will be destroyed?"

The ice spear full of chill is like a dragon coming down from the sky, rushing and whistling towards the long whip of the keel.

Ye Chen at this time also Xuanti spirit of magic power display! The whole person turned into a sword Qi flowing light, running through the momentum of Qi swallowing mountains and rivers, and also towards the red copper man.

If you don't say much, you will destroy the jade pendant. There must be another reason behind this.

In that case, let's fight until he says it!

At this critical moment!

"Back off."

A loud voice came out of the gate. The gate of Longtou mountain, which was closed, was slowly opening.

Chapter 5473

The golden light is shining, the ultimate brightness.

A shadow is walking slowly, but under the dazzling light, I can't see clearly. But when the bronze man heard the sound, he didn't hesitate at all. With a flick of the long whip of the keel, his figure had retreated sharply.

When the red copper man retreated, the attack of Ye Chen and Zhang Ruoling fell into the air, forming a huge light wave under the collision.

The figure just slightly raised his hand, with the cavitation of an ice blue light curtain, the light wave all shrouded, fell on the ground, forming a bay of water wave.

With the approaching of the figure, we can see his face clearly. He is a kind-hearted Taoist, with a straight body and soft eyes.

Zhang Ruoling saw that he was not half angry. At this time, he put down his heart and put away his ice gun.

"Qi qiu'er's letter? Can you show me? "

The old philanthropist showed a smile and seemed to talk with Zhang Ruoling.

"Are you the master of the divine sect?"

Ye Chen quietly block in front of Zhang Ruoling's body, fingers behind, gently shaking.

"You can call me elder bone. It's just the elder of the God gate."

Lao Dao didn't mean to hide his identity. He waved his hand and let the red copper man return to the gate of God.

"He is the mountain guard of our God gate. He has offended a lot."

At this time this person is so humble and polite, ye Chen naturally does not have many difficulties, can only look at Zhang Ruoling.

"I'm sorry, master. I promised my master that letters can only be given to the patriarch."

Zhang Ruoling shook her head lightly. If she had not been aggressive before, maybe she would be willing to give the letter to the old Taoist.

But now, she will carry out the master's instructions word by word, and she has to find out why the master left Shenmen and why the people of Shenmen didn't know her.

What's more, she also wants to find the secret behind the jade pendant and tell Ye Chen.

"Oh Qi qiu'er's things should be handed over directly to the patriarch. " Instead of showing any displeasure, the man nodded, as if he should.

"Brother ye..."

Zhang Ruoling looks at Ye Chen like asking for help. She vaguely feels that there should be some special reason why the master left the divine gate.

Maybe the old Taoist knows something about it.

"Do you know Qi qiu'er?" Ye Chen knows Zhang Ruoling's careful thinking and asks for her.

"Time is fair to everyone. But for her, it's a unique advantage. "

Lao Dao touched the beard on his chin. It seemed that he thought of something in the past.

"You two, come in with me."

Zhang Ruoling and ye Chen look at each other. The old Taoist must have known her master, or had some origin.

"Thank you, master."

Ye Chen arch hand, gently pull Zhang Ruoling's sleeve, two people one after another with the old way behind to enter the God gate.

Behind the gate of Longtou mountain, there are thousands of steps, wide enough to arrange more than 50 people horizontally.

On both sides are green dragon jade pillars, flowing with green floating flowers, and even can see the faint light.

Obviously, if the post comes to night, it will naturally give off a green luster.

And that just with Ye Chen they fight of red copper man, at this time is cross knee sitting on a futon in front of the steps.

"The mountain guard is like this, guarding the whole divine gate all the time."

"The gate of God has been in heaven and man for many years We can't remember whether it is ten thousand years or one hundred thousand years.... "

It seems that he saw Zhang Ruoling's curiosity, and the Taoist priest showed a smile: "the God gate is divided into six small gates, each of which has a leader, but it is under the management of the patriarch. There are many disciples in the whole Shenmen sect. We use the signs on everyone's shoulders to mark the situation of the disciples. "

"The man just now, with a keel painted on his shoulder, is the dragon's gate."

Lao Dao explained that he nodded his shoulder again, and there was a crane on it: "and I belong to the crane gate."

Ye Chen nods, it seems that this God door is intricate. It's not like other sects are united in spirit, on the contrary, there is a situation of competing against each other.

"What is my master from?" Zhang Ruoling asked curiously.

But Lao Dao shook his head, "your master, she When you see the Lord, she will tell you

Zhang Ruoling no longer asked. The gate is so huge and mysterious that it's like being in a new sky.

The endless palaces are all over the mountain range, but there are countless steps connected with each other in the middle. This kind of writing is one of the best in the whole realm of heaven and man. It can even be said that it is not inferior to several great palaces.

But no one has mentioned the gate of God before.

Ye Chen knew that there must be something unusual about it. He had a hunch that maybe the layout of the reincarnation Lord was to let him come here.

And here, perhaps, is the clue to the secret. "Lord of the crane gate!"

In front of the gate of a magnificent palace, a spirit boy was walking towards the old way.

"Is the Lord there?"

Lao Daoxu raised his hand and said hello to the Lingtong.

"The patriarch has made it clear that in the past two days, all matters in the gate will be handled by the two elders of yin and Yang."

"Oh? Is the patriarch closed? "

"No, the LORD left suddenly not long ago."

The master of the crane gate nodded clearly and touched his beard gently with his hand: "in this case, take us to see the two elders."

Elder Yin Yang?

Ye Chen Mou son a coagulate, they can have connection with Yin and Yang Temple? The jade pendant left by the reincarnation Lord has no similarity with the pattern of Yin Yang Pisces jade pendant. Is it just a coincidence?

With doubts, ye Chen and Zhang Ruoling have come to a hall.

"He ran meets the two elders." The old Taoist priest Shi Ran is the one who salutes.

There are two extremely valuable chairs on the palace and under the throne. The shape of Pan Long shows the noble identity.

"What's the matter?"

One of them, an old man in a white robe, slightly opened one eye and looked down at them.

"I'm Zhang Ruoling, my teacher Qi qiu'er. I'm here to send a message to your family."

"Qi qiu'er?"

The two people who had been sitting upright had a violent burst of body breath at this time, and their eyes looking at Zhang Ruoling were full of deterrence.

Ye Chen sees this, tiny a side body, already will Zhang Ruoling protect at the back.

"It seems that the two elders have known Qi qiu'er. They don't know when the leader of your clan will come back. When we see him, we will naturally give him the jade pendant and the letter."

Ye Chen's look is indifferent, and says that he is not frightened. Under the pressure of the elder's breath of yin and Yang, he has no fear at all.

"Ha ha ha!" After hearing this, the white robed elder gave out a hearty smile. The whole person had already stood up and stepped in front of Zhang Ruoling.

"I can't imagine that qiu'er's apprentices are so big. You have to call me uncle."

Chapter 5474

Zhang Ruoling suppressed her doubts. Her big eyes were shining with a strange light. She knew that her master was chosen by heaven and would not be unknown in the divine gate.

"Uncle?"

Zhang Ruoling's ethereal voice, with a trace of hesitation, a trace of uneasiness, a trace of surprise, a trace of contradiction.

Ye Chen narrowed his eyes and looked at the reaction of the other two people quietly.

"Well, it seems that you've got the true story of her ice source. It's not bad. I'm six stories old. "

Zhang Ruoling was praised by him, and her whole face turned a little red. Shenmen was no better than Nanxiao valley. She was a rebellious genius in Nanxiao Valley, but in Shenmen, even the Lingtong just stepped into the real world.

Her accomplishments are nothing.

"I don't know who this is?"

The white robe's eyes fell on Ye Chen's body, and a look of suspicion appeared on his face. He vaguely felt that Ye Chen was not simple, but only from his cultivation, he was not a devil.

"This is Ye Chen, who specially escorted me here."

Zhang Ruoling quickly explained.

"Oh, in that case, you can be regarded as a friend of our Shenmen if you escort our Shenmen disciples."

The white robed elder looks at Ye Chen with a smile, but between these words, he has drawn his distance closer to Zhang Ruoling. Ye Chen, who escorts Zhang Ruoling, turns out to be an outsider.

"Ruoling, where did you come from? Is it a hard journey?"

Bai Pao showed a loving smile like an elder. When he looked at Zhang Ruoling, he unconsciously leaned over his body, only his eyes were flowing, but he was subtly staring at the jade pendant on Zhang Ruoling's neck.

"I was born in Nanxiao valley. My brother is the master of Nanxiao valley." Zhang Ruoling quickly said, "thanks to elder brother Ye's care all the way."

"Oh, in that case, let's take this little brother to the side hall to have a rest. Ruoling, the secret of our God gate is not known by anyone."

"Brother Ye is not anyone."

Zhang Ruoling's face is anxious. Ye Chen is her elder brother's life-saving benefactor. On the one hand, this trip is to deliver letters, on the other hand, it is to help Ye Chen solve the secret of the jade pendant.

"You can't predict the vast scope of Shenmen's secret. If it makes our Shenmen in danger, you can't afford the cause and effect."

The white robed old man said sharply, and then changed into a look of earnest instruction: "Ruoling, you don't want to put your friend in danger. There is a huge cause and effect involved in the divine gate. You are Qi qiu'er's disciple. It doesn't matter if you have a little bit of it, but you can't drag others into danger. "

Zhang Ruoling's face revealed the meaning of tangle, some helpless look to Ye Chen.

Ye Chen's face is rippling with a smile: "but I forgot, if master Ling told me, the letter can only be given to the Lord of Shenmen. Now that the Lord is not here, we can only wait for him to come back. "

"Although the patriarch is not here, I have the right to take charge of the matters concerning the size of the divine gate."

has the final say put it down in black and white: "two things in the door have the final say, but the letter has written the addressee in black and white, but I'm afraid that it involves the secret of your main family. It's not convenient for two to see it."

Just as ye Chen's voice fell, the black robed elder's extremely cold voice came from above the constellation of Dragons:

"then you don't want to hand over the letter?"

Ye Chen's expression is indifferent: "no, no, when the Lord of your clan comes back, we will offer it with both hands."

However, the white robed old man suddenly looked at Zhang Ruoling and said, "Ruoling, outsiders don't know the rules of our God gate. You should know that if Qi qiu'er has something urgent, it's not good to delay."

Zhang Ruoling turned to look at Ye Chen, then at the white robed old man standing in front of him, and the black robed old man on the throne of the dragon. His face became positive and determined.

"Master told me to give the letter to the Lord face to face. I dare not disobey his last instructions."

"Oh? You know, the door of God has the final say."

The voice of the elder in black robe is even colder and colder, with the highest dignity and the meaning of coercion.

"Two elders, this child doesn't mean that. It's just that Qi qiu'er has been away for many years and didn't reveal our God gate to her disciples."

The master of the crane gate quickly stepped forward and explained.

"Zhang Ruoling, you are a younger generation. This is the business of our God. Even if your master is here, he will not disobey the two elders."

Zhang Ruoling stubbornly shook his head: "master has died, even if it is to offend the two elders, I will finish her death."

The white robed elder's eyes were full of anger: "ridiculous! You are just as stubborn as your master. If she hadn't taken away the secret of our God sect, our God sect would have dominated heaven and man."
"

Black robed elder is also cold hum a: "why do you bother to talk with them more, just two mole ants, I see Qiu Er is more and more regressive, accepted such a not decent disciple."

The black and white elders, one before the other, let out an angry voice.

"Roar!"The two elders, at the same time, emit bright light of the Buddha, showing white and black respectively, dividing the whole hall into two spaces.

Half day, half night.

In the whole hall, the vast Sanskrit sound reverberated, like hundreds of monks chanting Dharma at the same time.

The void space of day and night forms a pair of two-color lightning, like a huge pattern of yin and yang fish.

Ye Chen's heart moves, yin and Yang pattern? Is it related to the temple of yin and Yang?

The two colors of thunder and lightning of the two elders are intertwined with each other, and they are inseparable, sending out the smell of destroying heaven and earth.

"Brother ye, there is something wrong with their skills!"

Zhang Ruoling frowned, and his ice gun was in front of him.

Generally speaking, martial arts practitioners can't trust each other completely, so after cooperation, they can increase by about 50%.

However, the powers of the two elders seem to complement each other and rely on each other, showing ten times their own strength.

"One black and one white are of the same origin. They have a pure innate power. This skill is not so simple."

Ye Chen nods slightly, the dark source sign breath on the Sha sword has already wound up.

"Two elders, those who don't know are innocent. Please show mercy to them!"

There was a look of pleading on the Lord's face. After all, Zhang Ruoling was Qi qiuer's disciple. He couldn't bear to see her die here.

"Two elders, if Zhang Ruoling carries Qi qiuer's letter, it must involve the secret of that year. It's better to put him in the dungeon and interrogate him slowly to prevent Qi qiuer from cheating on the letter. Once Zhang Ruoling dies, the letter will turn into powder."

Ye Chen knows that the Lord of the crane gate wants to solve the temporary dilemma for them, but once he is imprisoned, he will be even more helpless in the divine gate. At this time, he still has the ability to escape from heaven with Zhang Ruoling.

However, at this time, xuanhanyu's voice suddenly rang out: "Ye Chen, go to Shenmen dungeon! This may be a great chance for you

Ye Chen's facial expression instantly changes of strange, Xuan fairy this is make which?

However, he naturally believed xuanhanyu's words and made a decision in his heart.

Chapter 5475

Seeing that they did not speak, he said, "what do you think of the two elders?"

In his opinion, this is the only chance to help Ye Chen and Zhang Ruoling.

"That's the way." Said the elder in white, looking at the elder in black.

"Well! They don't have to be caught with all their hands! "

The elder in Black said coldly.

"We have no malice. Why don't we go to the dungeon? When the Lord of your clan comes back, we will be fair."

At the moment, ye Chen suddenly put down all the moves, with a slight smile on his face.

Zhang Ruoling's hand with the ice spear was surprised by the sudden change, and nearly dropped the spear to the ground. Ye Chen was still in a posture of fighting before. How did it suddenly change? Is it because these two elders are too real?

Even the expression of the Lord of the crane gate is a little strange. He is going to spend some time explaining to Ye Chen. Now, ye Chen agrees directly?

After a stick of incense.

Shenmen dungeon is dark.

"Brother ye? Why did they suddenly put us in the dungeon? "

After Zhang Ruoling and all the prisoners dispersed, he asked in a low voice near Ye Chen.

"Don't let her know that I exist."

Xuanhanyu's voice rings again. Just before the four of them are about to start, she suddenly feels that the secret of the divine gate is hidden under the dungeon, so she suggests that ye Chen should do something about it. Maybe the origin of the divine seal jade pendant can be solved below.

Ye Chen quietly nods and takes out the jade seal of reincarnation from his arms.

"It's it. At that moment, I vaguely noticed that it responded to the dungeon of Shenmen. I think there may be traces of cause and effect, so I might as well come and explore. Moreover, I think the two elders have different positions in the divine sect. In other people's territory, it's hard to be tough with them. "

Ye Chen explains that xuanhanyu is his secret, so he can't tell Zhang Ruoling.

Zhang Ruoling nodded and then asked, "why didn't my jade pendant react?"

"When you mention the jade pendant, the elder of yin and Yang behaves strangely, especially the elder of white robe. When he talks with you, he always looks at your jade pendant. I guess your jade pendant is not simple, otherwise, they will not force you to hand over the jade pendant and letters."

"Well..." Zhang Ruoling also recalled what he had just done. The old man in white robe seemed to be honest and kind. In fact, every word had hidden murder opportunities. In the end, he tore his face and revealed his true appearance. He wanted to fight against two people!

"Brother ye, do you think the Lord of the crane gate is a good man?"

Ye Chen looks at Zhang Ruoling, who is still very simple, and shows a faint smile: "you are really a silly girl. There are no pure good people in the world. I don't know if the Lord of the crane gate is your so-called good or bad person, but before he sends us in, he signals me to be at ease. He will find a way to inform the Lord."

"Ah? Why don't I know? "

Zhang Ruoling asked suspiciously. She didn't notice what happened under her eyes.

"Ha ha, if you know, elder Yin Yang will know."

Ye Chen enigmatic smile, this little girl, is really naive abnormal.

At this time, there were only eight people in the main hall of Shenmen, but there were endless quarrels.

"Lord of the crane gate! You're the one who brought us in. What do you say? "

"That is, my Longmen disciples guard the mountain gate. You have to bring two people in."

"Well! They don't know Qi qiu'er. Don't you old bones know Qi qiu'er? "

The master of the crane gate sweeps his benevolent eyes and looks at other masters with ferocious eyes.

"It's been a long time since then, but now she's gone. She sent a disciple to deliver the letter. Why should we refuse thousands of miles away?"

"I agree with the master of the crane, Qi Qi has the final say from my God door. What happened in the past is also a matter between her and the sovereign. Even if it is implicated in the secret of God's gate, it is the same as the sovereign.

"That is, there is no value in our argument here. It's better to wait until the Lord comes back."

"What do the two elders mean?"

At this time, everyone's eyes were burning to the elder of yin and Yang.

"Well, I know a lot about what happened in those years, and I can be regarded as a participant." Elder Bai Pao thought for a moment and said, "if it's up to us to interrogate..."

But the Lord of the crane gate suddenly interrupted: "the elder is right. If they interrogate, I'm afraid it will be biased. I suggest that we wait until the Lord comes back and make a decision."

The white robed elder's eyes were wide open at this time, and his words had not yet been exported. He had been misunderstood by the God slain Lord of the crane gate. At this time, it was too late to revise them.

The other sect leaders nodded very clearly. After all, the battle between elder Yin Yang and Qi qiu'er was still fresh in their memory.

"Let's wait for the Lord to come back." "Yes, Qi qiu'er has a special identity. Her disciples are not easy for us to deal with."

"That's it. There are still many things in our door. I'll leave first."

After the sect masters left, the elder Yin and Yang stared at the head of the crane sect with a gloomy face.

"This son should be punished!"

.....

The picture is turning. The dungeon of Shenmen.

The dungeon is built in the groove of the mountain range. The extremely high dome can show a few cracks and a faint ray of light.

"Brother ye, why don't we run away from it?"

Zhang Ruoling has always been a young lady. She has never been put in a dungeon. The cold and humid ground and the sound of the spirit rat's foraging make her have goose bumps.

Never sat down from beginning to end.

Ye Chen shook his head: "after such a long time, elder Yin and Yang never came to interrogate us. It seems that elder he really tried his best to hold them down."

Zhang Ruoling nodded, his small face like frost eggplant, looking at Ye Chen crumpled.

"Ha ha, can't stay?"

Zhang Ruoling nodded. In such an environment, she really didn't want to stay for a quarter of an hour.

Xuan Hanyu's guidance sounded like a blessing: "boy, in the depth of this dungeon, there is a secret of the divine gate. I can feel that there is a ladder that can go straight to the bottom."

Ladder?

Hearing this, ye Chen stood in the center of the dungeon and observed everything carefully.

"Brother ye, what are you looking for?"

Zhang Ruoling saw Ye Chen move at this time, quickly walked to his side, asked.

"Agency."

Ye Chen simply said two words, then suddenly thought of what, and said: "your master has told you about the divine gate?"

Zhang Ruoling shook his head: "master just told me her origin before she died, but he never told me about Shenmen."

Ye Chen nods regretfully. If master Zhang Ruoling tells her something about the secret of Shenmen, maybe it can help them find the organ.

Chapter 5476

"However, master once told me a little bit about the skill of five elements to escape armor."

Zhang Ruoling took out a small gossip tray from his arms: "this is a gift from my master. He said that if I get lost, I can use it to find Nanxiao valley."

Ye Chen eyes a bright, this is doze send pillow.

"Heaven and earth move, the earth splits, and there is life in the southeast."

Zhang Ruoling looked at the eight trigrams in his hand and muttered to himself. It seemed that he could really use the eight trigrams to find the mechanism.

"Here!"

Zhang Ruoling pointed to a mossy stone wall and said confidently.

"To break it?"

Ye Chen asks a way, if forcibly break open, only afraid can disturb guard the disciple of the dungeon.

"Let me see Should No! "

Zhang Ruoling shook his head. His dexterous fingers had been pressed on the whole wall. The smell of ice rose sharply. He could push the stone wall two feet, revealing a dark staircase.

"It's on!"

Zhang Ruoling looks at the bottomless stairs, and worries. If it's not a secret, but a more mysterious dungeon, then she will take ye Chen to die.

Ye Chen seems to see her worry: "don't think so much. I promised your brother that I would protect you, so I won't break my promise."

Zhang Ruoling clenched his teeth and nodded like garlic: "brother ye, I believe you."

The next second, two figures will go towards the dark!

.....

"Brother ye, it's very gloomy here."

Zhang Ruoling's face showed a faint fear. It was the first time that he was locked in the dungeon. What's more, he had to step on this extremely dark step, and he didn't know where he was going.

"I'm here."

Ye Chen leads the way in front of her. He wants to sacrifice the fire of the Taoist spirit, but he thinks that there are some strong people in Taizhen. It's not a good thing if he discovers Yan xuan'er's secret.

He could only pass his sleeve to her, comforting Zhang Ruoling and saying, "if you drag my clothes, it will be better."

Zhang Ruoling nodded and could only keep up with Ye Chen.

The steps of the abyss were very long, covered with slippery moss, and it seemed that no one had stepped on them for many years.

The faint light gradually dissipated, leaving only the darkness in front of us.

"Brother ye, I can't see anything."

Zhang Ruoling's voice was a little trembling.

A group of blazing fire light, light up in the palm of leaf Chen: "don't worry."

Ye Chen perceives the deep distance, without the slightest trace of human causality, this is an open place.

"In the end?"

I don't know how many steps they took, but they finally got to the bottom of the dungeon.

"Here!"

Ye Chen looks around and goes to a corridor.

"What is this? The altar? "

After passing through the corridor, there is a very wide open space, on which there are layers of sacrificial platform. There are three circular stone troughs around it. If ye Chen guesses correctly, it should be the blood sucking trough.

"It may be the altar before the gate of God, but it seems to have been deserted for a long time."

Zhang Ruoling dare not leave Ye Chen half step, carefully follow Ye Chen behind, around the altar to see a circle.

"Ruoling, do you think this clasp is a mechanism?"

Ye Chen points to that abrupt stone wall, originally coherent stone slab, suddenly a piece has been dug away, appears particularly conspicuous.

"Well! This shape is like my jade pendant

Zhang Ruoling quickly took out the jade pendant.

"I'll do it!"

Ye Chen takes over the jade pendant, and the divine gate reveals its eccentricity everywhere.

The jade pendant was tightly stuck into the stone wall.

"Shua!"

An extremely bright light lit up on the altar, and countless mottled stars separated from the stone wall and gathered together to form a huge light curtain.

"It's Shifu!"

Zhang Ruoling gently covered his mouth with his hand and looked at the light curtain with an incredible face. At that time, Qi qiu'er was still a girl, with a delicate and slim figure. There was a silver forehead on his forehead.

"Who is that man?"

Ye Chen shakes his head. It's a matter of Shenmen. He is not clear to an outsider.

Qi qiu'er, wearing a silver white military dress and holding a long gun, is detached and has the style of a peerless female Spearman.

The other woman was wearing a golden robe. Although she was a woman, she had a square face and awe inspiring air.

"Elder martial sister! Do you really want to defect? Do you know the end of that? "

Qi qiu'er's face was cold, but his eyes showed a trace of feelings: "younger martial sister, you don't understand!"

That younger martial sister channel: "there's nothing I don't understand! As a saint of the gate of God, the gate of God has high hopes for you! ""These are not what I want!"

"Then what do you want?"

Qi qiu'er was silent and his eyes were complicated.

With a wave of the sword, the younger martial sister was as fierce as a murderer.

Countless cold sword lights, as high as arrows, rush to Qi qiu'er with the momentum of rushing to the sky.

Qi qiu'er's silver spear is coated with silver gray light. The cold and cool hurricane roars across the whole divine gate.

Zhang Ruoling could not help but hold her arms tightly because of the extremely brutal ice atmosphere of the wasteland. Just watching, she already felt that the first World War of that year was so overwhelming.

"Bang!"

The long gun collided with the long sword, making a huge sound of blasting.

Qi qiu'er's arms were open, and a long gun was horizontal in front of his chest. It turned out to be an ice blue lake. The ice mobilized the frost power of heaven and earth, and formed a very tough ice ridge.

"Suddenly

With Qi qiu'er's long gun, the huge ice lake fell from the void, containing a very terrible force, bombarding the younger martial sister.

A large amount of source gas gushed out of the younger martial sister's body, and above her head, a fire dragon with the smell of fire condensed.

"God gate keel, fire dragon!"

The galloping dragon, towards the roaring ice lake, collided with each other and immediately made a roaring sound.

The thousand Zhang high void, two forces collide with each other, the original ice lake was melted by the fire dragon breath, forming a huge waterfall, falling to the ground.

The whole Shenmen square is transformed into an ocean, which soaks the ground of Shenmen square and forms a water surface.

"The spirit of Shenmen, melting ice!"

Qi qiu'er's hands contain the supreme cold ice source method, and his whole body exudes the smell of cold ice. The cold ice gushes out of his hands and slaps on the ground.

The whole ocean above the ground suddenly turned into a piece of ice.

"Wow!"

The long sword in the hands of the younger martial sister has been put away, her hands are folded, and she murmurs in her mouth. When she turns around, there is a red light between her hands. In that light, there is a virtual shadow of a fire dragon.

In an instant, a very hot light came out from the body of the fire dragon and filled the world.

Chapter 5477

"Break it for me!"

The younger martial sister roared that the galloping fire dragon passed through layers of Frost Breath and Qi qiu'er's body.

"Poof

Qi qiu'er's face was pale, and his mouth spat out a touch of blood. His whole body fell from the void.

"In the dungeon."

The younger martial sister looks directly at Qi qiu'er, and her pupils become a little empty. Why did she fight with her elder martial sister.

.....

"Master!"

Zhang Ruoling's face changed slightly. Seeing that the master was injured, he was very distressed.

"Ruoling." Ye Chen waved to gently pull Zhang Ruoling, motioned her not to be excessively nervous.

The light curtain has turned into stars, scattered in this underground altar.

"Shifu is locked up here after that."

Zhang Ruoling touched the mural around the altar and looked at it deeply.

"Well, your master seems to be the saint of Shenmen ten thousand years ago, but why did she rebel against Shenmen?"

Ye Chen looked at the mural with some perplexity. Maybe all the mysteries will be revealed in the mural.

at the beginning of the mural, a haggard woman was locked in a boundless dungeon, and the desolate and collapsed loneliness was outlined in a few strokes.

And then, with her own efforts, she created an abyss ladder leading to the altar.

Countless demons and trapped animals surrounded her, like threats and warnings.

She poured her own blood into the altar, which seemed to emit a vast divine light, with a hopeful light on her face.

But at this time, a huge shadow appeared behind her. The dark source of the shadow bound her.

"Who attacked master secretly?"

Zhang Ruoling couldn't help exclaiming. She could even imagine Qi qier's helplessness at that time.

"Keep looking."

Ye Chen's calm voice came from the top of Zhang Ruoling.

.....

A sharp blade has pierced Qi qiu'er's body.

Her face became sad and painful, and her eyes at the shadow were so complex that they seemed incredible.

With a sword, the dark shadow defeated the sacred object on the altar, looked at Qi qiu'er curled up on the ground, and left straight away.

Later, Qi qiu'er was as haggard as a tree. Her accomplishments were exhausted, and her sharp blade was bleeding. Until the younger martial sister in the light curtain came to treat her wound.

"Shifu's younger sister is a good man?"

Zhang Ruoling said that it was the younger martial sister who had locked the master in the dungeon.

"There is no traditional sense of good or bad, only personal choice."

Ye Chen shook his head: "I think this mural is what your master left after he was hurt."

"Maybe Shifu wants to show it to me."

"However, the mural still does not say why your master defected or what happened, which made your master become a sinner from the saint of the divine gate."

Ye Chen's voice did not fall, and the jade pendant on the altar broke.

"Ling'er..."

An ethereal voice seemed to ring from all directions.

"Master?" Zhang Ruoling was startled, and at this time, regardless of his fear, he looked around.

"It's a jade pendant."

Ye Chen looks at the broken jade pendant. Unexpectedly, there is a touch of spirit of Master Zhang Ruoling hidden in the jade pendant.

"Since you can activate my divine consciousness, you have come to the altar under the guidance of my younger martial sister."

Zhang Ruoling nodded, not feeling that her master could not see her.

"Ten thousand years ago, although I wrote down the following things, the one in front didn't dare to leave anything. I can only separate the last touch of divine consciousness at the time of dying and tell you."

"Shifu was born in Shenmen. Shenmen could be regarded as the first sect of heaven and man in a certain era, but it has been closed for tens of thousands of years, and many people don't know it. At that time, I learned from the former leader of the Shenmen sect. I was gifted and easy to be ordinary. Coupled with the unique conditions of birth, I soon became a saint of the Shenmen sect and enjoyed boundless power. "

"It's a pity that I happened to step into the forbidden area of Shenmen and found the scandal of mutual indignation behind Shenmen."

Ye Chen raises eyebrow slightly, it seems that this God door is definitely not what famous and decent.

"There are people out there, and there is heaven out there. Above the realm of heaven and man is the boundless and magnificent supreme world. In fact, Shenmen is the running dog of wanxu. Every year, it provides a lot of martial arts training for the young inheritors of Taishang world to absorb its source of Tao and improve their own cultivation. "

Ye Chen's heart sank. It was related to wanxu!

These strong men in the supreme world regard Wu Xiu in heaven and man as leeks in their back garden. They can cut them whenever they want!

It's outrageous!

"I'm as young as I am, and I don't want to be associated with it. I just defected to Shenmen. I lost the battle with my younger martial sister and was put in this dungeon. I wanted to use the altar to cut off the connection between Shenmen and the supreme world, but I failed in the end. If my younger martial sister hadn't saved me, I would have died in my master's hands. "The figure that hurt Qi qiu'er turned out to be her master.

"Ling'er, when I absconded, I once took the sacred object of the divine gate, which is closely related to the powerful people in the supreme world, and will cause an uproar once I am in this world. I hope I can use the power of my younger martial sister to destroy it completely. "

"I know, master."

Zhang Ruoling looked sad, and his eyes were full of tears.

"Holy things, I gave them to you with both hands. Everything in the future is up to you. "

"Ah?"

Zhang Ruoling was a little shocked. When did the master give him any holy things, he had no impression at all.

Ye Chen knows that this is probably Qi qiu'er's worry that her younger martial sister has been assimilated by Shenmen, and the last hint is obscure.

Unfortunately, things and her judgment is quite different, her gentle reminder, but let Ye Chen and Zhang Ruoling more passive.

"Boom!"

At the same time, the original altar and the murals around it, like a spell, broke into sand and stone at the same time.

Ye Chen uses Xu tuyuan Fu to form a sword array to protect Zhang Ruoling.

It seems that Qi qiuer doesn't want to leave a trace to let others know the reason.

Her resentment towards the school is like the anger of Dao Butong's inaction, her remorse for not daring to reveal the cruel truth, and her deep regret and disappointment.

.....

At the same time, the whole Shenmen felt a shock!

"Is that a dungeon?"

Among the different temples, the owners of all the gates looked in the direction of the dungeon. There had not been such a big movement in the gate of God for many years.

"Ye Chen and Zhang Ruoling?" The Lord of the crane gate was surprised. The LORD had not made any reply. At this time, they had any changes. He was afraid that he could do nothing.

The whole dungeon has collapsed, forming a huge pit. You can still see the traces of the previous altar, but all the sacrificial utensils have been destroyed.

Only Zhang Ruoling and ye Chen are left!

Chapter 5478

In everyone's opinion, as long as Zhang Ruoling and ye Chen think, they will be able to leave easily with the help of the dungeon destroyed!

"Ye Chen! Zhang Ruoling! How dare you escape

The elder of yin and Yang is the first one among them. The strong power of black and white and the spirit of law have rushed forward one after another.

Two giant statues like Buddha's residence are slowly rising from their backs.

"Ye Chen, Zhang Ruoling, fled to the dungeon without permission, and declared the order of the patriarch to kill him with all his strength!"

Black Elder's voice suppresses layer upon layer anger, the surging fighting spirit has come.

Ye Chen absolutely didn't think of, the accident of dungeon, unexpectedly let the other party so angry!

It seems that this war is inevitable!

"Wow

Ye Chen's eyes congealed, the formula of burning blood, the body of heaven demon, the body of hundred evils, and so on. They displayed to the extreme. The seal of destruction of the five heavens was suspended in front of him, and the law of destruction was rippling. The whole person, like a demon, welcomed him without fear!

On top of the Sha sword, it turned into a huge black sword, which hung in the air and went to the elder of yin and Yang.

"What are you waiting for?"

Elder Yin and Yang's angry voice rang out and yelled at the six headmen who heard it.

A huge hammer rose rapidly, showing six different laws. It radiated a strong force of barbarism and antiquity, which matched the breath of supreme samsara and destruction sent out by Sha Jian.

"Boom!"

Finally, the hammer and shajian, which combined the strength of six people, collided together, forming energy momentum and setting off a storm tens of meters high!

The anti shock force made Ye Chen's life and blood churn and fly backward. He blocked the wall of the cave behind and knocked the huge rock down. The falling stones buried him.

"Soul devouring the sky!"

Ye Chen forced himself to stand up, his whole body was full of soul power, his soul body was transformed and displayed, and he said harshly.

The next moment, a huge shadow has appeared behind the elder of yin and Yang, sweeping with a long sword!

Although the elder Yin and Yang's pupils were constricted by the sudden blow, they connected the black and white Qi with a very fast speed, and formed a pagoda, suspended behind them, and collided with the sword cut by the giant and condensed by soul power!

The extremely vast and powerful soul power waves are impacting each other, and ye Chen's eyebrows are slightly wrinkled. He can feel that the defense power of the pagoda is extremely powerful.

"The hammer of Shenmen, no match, no front, mighty source breath, soul chop holy heaven!"

In a flash, a hammer with incomparably surging Tao Yuan surged out. At the same time, there were six distinct high pitched voices on the hammer.

The Dragon roars! Crane crows! The wind howls

On the hammer, the shadow wrapped around you appears on its surface. With its close attack, the breath becomes stronger and stronger.

The roaring Warhammer and the flowing lines turn into blood red at this time. It carries infinite Daoyuan spirit power and turns into a column of frightening light towards Ye Chen's crazy hammer.

The color of shock appeared in Ye Chen's eyes. This hammer combined with the power of the six strong men, and its power was far beyond his expectation!

"Today is the day for you two to die!"

The black and white supreme source Qi of elder Yin and Yang is like the wheel of eight trigrams, which exudes the supreme source of Tao. The palms of the two people clap Ye Chen almost at the same time, with the breath of destroying the withered and decaying.

Zhang Ruoling's face was pale. These strong men, like mountains, gave her a sense of hopelessness that she could not overcome.

Are they going to die here?

"God seal jade pendant! Go

A deep cold drink suddenly rang in her ear.

That's Ye Chen's voice!

Zhang Ruoling subconsciously looks at Ye Chen and finds that ye Chen's eyes are awe inspiring and full of endless fighting spirit.

Even if it is such a strong enemy, ye Chen still did not give up! Zhang Ruoling saw that he was brave and fearless, as if he had found the backbone. With the cold ice spear in his hand, his eyes were determined.

Ye Chen knows that this is the critical moment of the crisis of life and death. He can't survive in the hands of these powerful people, so he uses the seal jade pendant without any hesitation.

The hand of the God seal jade, red mans generous, reincarnation power to the extreme.

That ten million Road Hong Mang, just a moment already drill into leaf Chen body.

Ye Chen opens his eyes again. There are endless rules flashing in his dark eyes!

That's the law of destruction! That's the power of the reincarnation Lord!

At the moment, ye Chen looks more like a demon who has come back to the earth. Even the strong elders like Yin and Yang feel the spirit trembling!

Reincarnation of the main idea has been floating on the body of Ye Chen, he looked at the Shenmen people.

He was laughing wildly, gazing at all things with cold eyes, bathed in the two extremely hot offensives, surrounded by lightning and thunder.

"He didn't hide!" The people of Shenmen were shocked at this time. In the face of Ye Chen, even elder crane, they didn't leave any hands. They all tried their best to push the hammer to the extreme.

There are three black sun days in front of Ye Chen.

A round of Yanghong all over the sky, vast cangliu.

A round of killing rampant, the sky.

A round of thunderbolt meteorite, roaring universe.

The three yang are full of six samsara and terror, each forming a vast and torrential vortex towards the strong of Shenmen.

The source gas of the supreme samsara in all directions, carrying the chaotic stars, smashes away.

The power of reincarnation can't be matched by this group of taizhenjing strongmen.

The whole law of the void was almost torn to pieces.

The original narrow area of the underground altar, in this move, all the surrounding stone walls fall apart, shooting out.

"Boom!"

The whole Shenmen space, suffered a huge impact, rumbling up.

The earth is shaking, the gods and demons are roaring, and the power left by the reincarnation Lord of the world shakes the foundation of the whole divine gate.

"Poof, poof!"

At this time, the eight strong men of Shenmen vomited a mouthful of blood almost at the same time. The sea of consciousness was eroded, the internal breathing was disordered, and the five zang organs were greatly damaged.

"The mole ant is only, dare to block my way!"

In a flash, ye Chen's whole body burst into a whirlpool of howling hurricane, and the terrible cloud thunder had already come down from the sky.

With the power of reincarnation, the cloud and thunder smashed at the gate of God.

"Bang bang!"

the endless thunder and fire stir in the whole divine gate at this time, and the thunder and lightning power explode the divine gate.

"Elder white! What to do! "

At this time, the leader of the six gates is like an ant on a hot pot. The force of reincarnation, even if it is the force of the six of them, can't compete!

How can a boy in the original realm suddenly have the power far beyond the true realm!!!

Chapter 5479

"Array! Shenmen defends the square array

The elder Yin Yang is in a flash, and has already occupied the position of the eyes of the array. One of them is strong enough to guard the light shield, and the other is chanting.

With the roar of Lei Yuan, the six sect masters offer the strongest spirit shadow one after another, one by one, guarding one corner respectively, listing the strongest guard array of the whole divine sect.

"Ha ha ha!"

Reincarnation of the Lord wantonly arrogant laughter flying up, think that this will be able to block his offensive?

Daydreaming!

Reincarnation in the hands of the master of evil sword, a sword cut, reincarnation heart swing!

"Bang!"

The mask trembled violently and gave out a dull hum. The strong one hidden in it even saw that a fine crack had been formed under the sword.

"I can't stop it!"

In eight people's hearts at the same time revealed such an idea, is despair, is the collapse before death!

Sword after sword fell on the protective light shield.

"No!"

Bai Changlao was acutely aware of the problem and said: "his attack is weakening. He borrowed the power of magic power! He won't last long! "

At the suggestion of elder Bai, all the strong men realized that ye Chen's attack was gradually weakened. From the initial roaring force to now, ye Chen has reduced to struggling against Taizhen.

"Ha ha ha!"

Yin Yang elder ferociously jumped out of the guard array: "Ye Chen, you are dead!"

At this time, ye Chen is also extremely desperate. The idea of reincarnation Lord is attached to him. He can only support a stick of incense for a long time. I didn't expect that he would be seen by the people of Shenmen so soon.

At this time, the time of burning incense is about to pass, and his inner spiritual power is almost drained by the domineering moves of reincarnation master, which is already supported by the bow of crossbow.

At this time, in the face of the two elders of yin and Yang, even Wan Sha's sword can't be used!

Zhang Ruoling had closed his eyes sadly, but he was dead.

"Stop it

At this critical moment, a very cold voice came from the void.

It was a woman with a green immortal robe and a red sun pearl on her forehead. She had a national character and a noble look on her face.

"Lord!"

After seeing the woman, the six masters knelt down to salute one after another. Even the elder of Yin and Yang put down his killing intention and knelt down.

"I already know about it. Take them to the gate of God."

There are mottled blood stains on the woman's green immortal robe, but the noble breath of the Lord makes people dare not even pry into her description.

"It's the people in the light curtain! Is that my master's younger sister?" Zhang Ruoling said pleasantly.

Compared with the murderous behavior of other people in Shenmen, the patriarch seemed very indifferent, as if he knew they would come.

.....

After a stick of incense, Shenmen temple.

At this time, the Lord of Shenmen had changed his Taoist robe, but his face was still a bit tired.

Ye Chen's face changed slightly. He could feel that the strength of the patriarch was far higher than those of the sect leaders, and he was not weak in Taizhen.

Who could have hurt her like this.

"There are some things that you can't spy on, even if you are the reincarnation Lord of the previous life."

The Lord's cold voice rings out, one eye then saw through the identity of Ye Chen.

"Lord of reincarnation?"

Zhang Ruoling's face suddenly became a little surprised. She always knew that ye Chen's identity was special, but she didn't know that she was so strong. Although nanxiaogu hardly participated in external affairs, people all knew about the Tusheng meeting.

"Brother ye, are you the master of reincarnation?"

Ye Chen also doesn't want to conceal her, can only slightly nod, then toward the patriarch smile way.

"I have a good eye."

The patriarch didn't pay more attention. Instead, he stretched out his hand to Zhang Ruoling and said, "where's the letter?"

"Here it is."

Zhang Ruoling quickly stepped forward and handed the letter to the Lord of Shenmen.

Without any concealment, the patriarch immediately unfolded the letter, and his face changed slightly, revealing an unspeakable sadness.

"Are you Zhang Ruoling?"

The patriarch's eyes lifted up and stabbed Zhang Ruoling like a sword.

"Well I am

Zhang Ruoling nodded and looked at Ye Chen nervously.

"Ruoling, don't worry. I think the elders are different from the masters of the God gate."

Ye Chen puns to say, by the way also mentions before them two circumstances again.

"Well, you know how to make friends."

The patriarch looked at Ye Chen contemptuously and said, "don't you know what your master said in his letter?"

Zhang Ruoling shakes her head. Since the master died, she has been following the master's orders. She doesn't dare to open the letter privately. If it's not for ye Chen, I'm afraid she doesn't know that she can't see the recipient until the age of monkey."In the letter, your master asked the divine gate to accept you and become a formal disciple of the divine gate."

"What?"

Zhang Ruoling had a strange expression on her face. She always thought that master's letter was very important and would be the supreme magic weapon of the God gate. Unexpectedly, it was about herself.

"My elder martial sister calculated that you would have a cause and effect of life and death. I hope you can be protected by the divine gate."

At this moment, hot tears filled Zhang Ruoling's eyes.

"Master, do you agree to master Qi qiuer's request?"

Ye Chen raised her chin slightly. Maybe the Lord of Shenmen and Qi qiuer were brothers and sisters, but after many years, would she protect her elder martial sister's disciples.

"Well, that's natural. It's my elder martial sister's last wish. I'll promise myself."

Without hesitation, the patriarch looked at Zhang Ruoling's nostalgic look as if he had seen Qi qiuer through her.

"But I don't want to stay at the gate."

Zhang Ruoling pulls Ye Chen's sleeve. In the past few days, she seems to have experienced the cruelest things in the world. The hateful faces of the elders of yin and Yang and the unreasonable attitude of the leaders of the six gates all make her afraid.

"Ruoling." Ye Chen looks at Zhang Ruoling, "Nanxiao Valley needs you to be stronger. Luoxuzong has given Nanxiao Valley enough pressure."

"No one can be stronger than others, no one can be happy forever.

It's just that someone has been carrying the load for you.

And you have to grow up to take on your responsibilities, fulfill your mission, and control your destiny. "

Zhang Ruoling was silent. She also knew how willful what she had just said.

Before they left, Zhang Xianjian's expression of desire to talk and stop, as well as Zhang Xianjian's day-and-night practice, had an increasing burden on him.

He's all about nanxiaogu, not himself.

"I'm sorry, master. I'm willful."

When the patriarch looked at Zhang Ruoling, his eyes twinkled. He felt a little unbearable and compassionate towards the little apprentice: "you don't have to worry about them. They dare not do anything with me."

Chapter 5480

The body of the Lord of Shenmen suddenly exudes a fiery luster, and his red lips open and close: "let me see your strength."

Zhang Ruoling's whole figure is certain. Under the glossy package, he can't move.

"Master!"

Ye Chen's palm turned and looked at the look of the Lord. He stopped again. It seemed that he would not hurt Zhang Ruoling.

"It's true. Your talent is very similar to that of my elder martial sister. No wonder she will choose you."

The Lord's eyes became a little gentle, as if thinking of the past.

"In the future, you can call me shigu."

Zhang Ruoling nodded. She could feel the miss of her master from the mask she just had.

"Shigu."

The Lord of Shenmen is not a person who is used to expressing his emotions. The color of his short-term tenderness is fleeting. When he looks at Ye Chen, he is cold again.

"Lord of reincarnation, why are you here?"

Ye Chen hands the invalid seal jade pendant to the Lord of Shenmen.

"Master, I want to know the origin of this jade pendant."

The master's face became heavy when he saw the jade pendant, and the look in Ye Chen's eyes was very complicated.

"Chaos gives birth to all kinds of spirits, yin and Yang show the five elements, life and death have the seal of God, and flying up and breaking depends on life."

Ye Chen doesn't understand the meaning, but he also knows what the patriarch must know.

"I didn't expect that the seal eventually fell into the hands of the reincarnation of the last life. What I have just said is handed down from generation to generation by successive masters of Shenmen. "

"Do you mean that the jade pendant with the seal of God comes from the gate of God?"

"In fact, it was the first patriarch of Shenmen who brought Shenyin jade to heaven and man."

Zhang Ruoling also kept quiet at this time, and listened to the elder martial sister carefully.

"Since you have been to the altar, you must have known the reason why elder martial sister rebelled."

Ye Chen and his wife nodded, and God's gate colluded with wanxu.

"In fact, the truth is far more cruel than the elder martial sister imagined."

The patriarch's face became gloomy, and her anger was implied in her face.

"The first patriarch of Shenmen was born in the supreme world. He was exiled by the supreme world in those years, and came to heaven and man with the seal of Shenmen. In order to return to the supreme world one day, he has kept the ugly trade of mutual indignation with the supreme world for so many years. He spared no effort to use the secret method to freeze himself, waiting for the day of his return."

"Not dead?"

Zhang Ruoling's eyes were wide open, and the first patriarch was still alive.

Ye Chen's insight is obviously a little richer. When he meets such a perverted strong man, he can only sigh that he is too selfish.

"I just don't know what the reason is that the jade plate with the seal of God was lost, so before the ice was sealed, he told the successive patriarchs that they must find the jade plate with the seal of God at any cost."

"What is the power of Shenyin jade pendant that can make him attach so much importance to it?"

"It's said that this jade pendant with divine seal can break through the shackles of many rules. It's the key to the supreme world. It has incredible power and makes an exception to soar."

Ye Chen is shocked to see that the God seal jade pendant that has lost its luster is actually the key to the supreme world.

"The totem on the jade plate of the seal of God is regarded as a totem by the first leader and engraved in the inheritance of our disciples. Therefore, the jade plate of Ruoling looks so similar to you."

Ye Chen is clear, want to come to God door is also through this way, want to find the clues about God seal jade pendant.

"Over the years, I have been secretly investigating the whereabouts of the Shenyin jade pendant, and I have indeed made some discoveries."

"Did the injury of the elder come from the jade pendant with the seal of God?"

The patriarch nodded coldly and solemnly, looking rather angry: "the matter of Shenyin is far more complicated than you think. In the whole heaven and human domain, several forces are secretly searching for the whereabouts of Shenyin jade pendant."

"Oh?"

Ye Chen looks at the patriarch suspiciously. The layout of the reincarnation master hid the seal jade pendant so secretly. How did the news leak?

"You don't have to wonder. It's not a secret that the jade pendant of Shenyin appeared earlier than you think. That's the root of our Shenmen sect. The Taishang world may not be the pursuit of all martial arts practitioners, but it is the place that many strong people yearn for. The eight heavenly swords and the Hongmeng ancient Dharma, which magic power and magic weapon does not contain the traces of Taishang. "

Ye Chen is silent, before Ren extraordinary old friend, just like that, was attracted by the world's treasures, caused tens of thousands of years of whip burn injury.

People's pursuit of power has never been weak since ancient times.

"Shenmen's inquiry into Shenyin jade pendant has lasted for tens of thousands of years since ancient times. After the jade pendant was mysteriously lost, it fell into the hands of Fang Daneng. He called on 81 top casting masters outside the country, in an attempt to create more Shenyin jade pendant based on Shenyin jade pendant." "They made it?"

"I don't know." The patriarch was in a trance. "The God gate has been investigating for many years, but I don't know what is holy about the great power of the 81 casting masters, and whether it really casts countless God seals as I wish."

Ye Chen some regrets, God door main hit to explore so long, but also nothing.

"However, one thing is for sure. In the whole heaven and human realm, there is not only one jade pendant with God seal, but also an ancient plate for searching for God."

"Looking for God's ancient plate?"

Ye Chen showed his eyes that he was interested in. There must be a way to get to the front of the mountain.

"Well, at that time, the 81 casting masters, entrusted by the great power, specially refined and built this ancient god seeking plate in order to prevent the disappearance of the seal jade pendant again. It has a spiritual connection with the seal jade pendant and can find each other."

"Oh? That is to say, not only can we find the God seal jade plate, but also the God seal jade plate? "

Ye Chen's eyes twinkle, and his confidence grows.

"You don't have to be happy too soon. The luster of your Divine seal jade pendant dissipates. I don't know whether it's true or not."

The words of the patriarch are like a basin of cold water poured on Ye Chen's head.

There is a complete idea of the reincarnation Lord in the seal jade pendant. He used it in a critical moment before, which led to the disappearance of the luster of the jade pendant.

Is it fake?

Ye Chen looks at the jade pendant in his hand inconceivably, and the pattern totem on the jade pendant is still clear.

Is this the fake made by the 81 casting masters?

However, it should not be an ordinary thing to be able to carry a complete idea of the Lord of reincarnation.

"You don't have to be depressed. Maybe it's just because there's no way to motivate it. But if you want to prove its authenticity, you have to find the ancient god seeking disk and use the connection between the spirits to see if it's true or false."

Ye Chen nods, since has been prompted, that his direction is not wrong.

Or according to the original layout of the reincarnation Lord, let him find the real seal Jade Pendant by looking for the God ancient plate in time.
