

Physician 5481

Chapter 5481

"Master, you can't find the trace of cause and effect when you call on the 81 casting masters. What about the 81 casting masters? They can't each have such a God's eye to heaven, and wipe out their own cause and effect. "

"They?"

The patriarch showed a cold and cruel smile.

"It is said that overnight, all the masters who participated in refining and making fell or disappeared."

"All dead?"

Zhang Ruoling can't help but open his mouth. Who are the great and noble names living in history? Who are the top refining masters outside China.

"It's someone deliberately erasing cause and effect. Maybe it's to protect the ancient plate of seeking God and the jade plate of seal of God. After all, only the dead can keep the secret."

Ye Chen's smile is cold and helpless, his growth steps, has heard countless such tragic things, can't say common, can only say strange.

"Yes, someone wants to wipe out all causes and effects and completely bury the whereabouts of the two gods. It has to be said that they have succeeded. For so many years, not only the seal jade plate, but also the ancient plate for searching for God have not shown any trace. "

Ye Chen is silent, the secret piled up with human life, the truth with the smell of blood.

"Are you going to look for the god seeking ancient dish? Do you know that this road is dangerous, and countless forces will regard you as a thorn in the flesh! "

"Ha ha ha! What are you afraid of? "

Ye Chen's smile is wanton and arrogant. There are too many people who are against him. Even if it's combined with some of those who rob the seal of God, he doesn't care.

"In that case, in order to thank you for sending Ruoling all the way here, I can pass you a skill of Shenmen."

"Pass on my skills?"

Ye Chen smiles and shakes his head. He has inherited the reincarnation of the Lord, and Ren Fanfan's precise tips. He doesn't want to be associated with such schools as Shenmen, who are willing to be dogs for wanxu, and shakes his head decisively.

"You don't want to?"

Ye Chen shook his head again: "the younger generation already has a suitable source of skills, and they don't like other schools."

"Shigu..."

Zhang Ruoling saw the Lord's anger. Although Ye Chen didn't say anything more, he had a faint disdain in his eyes, which made the Lord angry.

How many people want to ask to worship under the door of God, are not qualified.

Now the Lord of Shenmen himself wanted to teach Ye Chen, but he refused.

"Well! Then go away by yourself. "

The patriarch's face was gloomy and frightening, and her sullen look made her a little cruel.

"Elder martial sister, I have to go with brother Ye."

Zhang Ruoling looks at Ye Chen's look of leaving and says in a hurry.

"Ruoling! Can't you see the power of our God gate? "

The patriarch is really angry at this time. Is this one or two a good bully?

"No, no!"

Zhang Ruoling repeatedly waved his hand: "well, the master's mind told me that she had a sacred object from the divine gate. I hope that with your help, she can destroy it to avoid harming the world."

"What about the holy things?" The sect leader, zhengsedao, valued the stability and rise and fall of the sect more than yechen.

"Well Shifu's expression is rather obscure, so I don't know which one it is, so I have to go back to Nanxiao Valley and tell my brother by the way, so that he won't find me in a hurry. "

At this time, the patriarch listened to her and nodded: "it's very important. You need to get it back as soon as possible. I'll work with you to destroy it."

At this time, ye Chen felt something, the expression changed slightly!

Reincarnation cemetery is changing!

This change does not come from the old!

Is there another great power coming out?

Ye Chen also ignores the end of the field, consciousness directly into reincarnation cemetery.

.....

At this moment, in the reincarnation cemetery, endless aura rises from a tombstone.

The whole reincarnation graveyard becomes as black as ink. The infinite power of reincarnation law turns into thunderbolts, chopping on the reincarnation tombstone like a storm.

The roaring hurricane rolls wantonly in the reincarnation cemetery, waves between the wind and the clouds, and flows out the endless breath of life. The hundreds of millions of ways of the void flashed down, which makes the whole reincarnation cemetery tremble slightly.

Fortunately, ye Chen refined Xu Tu Yuan Fu before, otherwise, the consequences would be unimaginable.

Is there really a tomb of great power?

In an instant, he felt that the lightning that had been running across the void had fallen down on the reincarnation graveyard, and the mottled starlight gathered into different shapes, just like the sea rushing, surging wildly in the void.

Boom boom!

All the spirits burst out at the same time, sending out the colorful light and sneaking into a tombstone.

Ye Chen held his breath and looked at the tombstone nervously. Then he quickly took a look at the forbidden tombstone trapped in the iron chain to prevent the other party's bad behavior. However, since the taboo in the world, he did not dare to trust the latent power in the reincarnation cemetery.

"Roar!"

A very loud roar came from the tombstone, and a figure appeared in the void.

The figure is tall but naked, and its shape is quite consistent with that of Guqi.

Is he also a caster?

Ye Chen's heart is a joy. The patriarch just said that Da Neng once called on 81 masters.

Will it come out because of this matter?

"You are the Lord of reincarnation?"

That body shape slowly coagulates to dun, the eye Bi Li sees to leaf Chen, seem to have some don't believe too.

Ye Chen nods: "is elder generation?"

"Well! You don't know me either

The big man was rough and violent, and his face was gloomy. He was not a familiar figure.

"I don't know you, but it's not good for me. I'll call you master barearm every time."

The big man was choked by Ye Chen obviously, and continued to say: "Feng Tianshang."

"Oh? It turned out to be Mr. Feng. "

Ye Chen showed a smile: "look at the elder's dress, it is quite similar to a friend of mine."

That empty shadow big man disdains of perfunctory a, the facial expression is apathetic, completely don't care Ye Chen's speech.

"My friend comes from the alchemist of the supreme world. He also developed the nirvana rebirth method, which is one of the eight heavenly swords

"Who are you talking about?"

When Feng Tianshang heard this, he was slightly curious: can Tianjian be reborn from Nirvana? I've never heard of it. You're not lying to me

Ye Chen pointed to heaven three times: "I'm talking about the master of Lian Shen clan Guqi. His casting of Shenbing has reached the stage of perfection."

"Guqi, you mean Guqi!"

Feng Tianshang suddenly realized that there was only one refined Protoss from the supreme world, Guqi. But Guqi's whereabouts were vague, and he didn't have a chance to visit.

But, can a sword nirvana, visible his strength.

"I know the ancient master." Ye Chen sighed, "it's a pity that the elder generation has died in the hands of the world's strong."

"What At this moment, Feng Tianshang's expression is extremely ferocious! Even some gaffes!

Chapter 5482

"Gu Qi is dead?"

At this time, Feng Tianshang's face showed a touch of sadness. Such a young and gifted refining master died.

"Ah, there are always so many fates in the world."

Ye Chen sighed and looked at Feng Tianshang with a worried look: "can you be the same as the old master?"

"I am an ancient artificer."

Feng Tianshang is quite proud to say that the momentum of the whole person has been abruptly raised.

"Ancient spirit Master?"

See ye Chen as if for the ancient artifact spirit teacher some not clear enough, that big man light voice glanced at Ye Chen, despise of looking at him, seem to blame his knowledge shallow.

"In this world of martial arts cultivation, the universe is changing, the elements are inexplicable, and there is supreme energy and material on the spirit, and there is also spiritual power covering it. Even some spirit has formed a state of spiritual life in these thousands of years, which can change thousands of times and present various forms."

"The connection between the spirits no longer depends on the senses, but on the spiritual mind, which perceives each other without the bondage of distance."

Among them, the most terrifying thing is that the operator of the spirit, on the battlefield, is in a trance for a moment, which is enough to change the whole result. "

Ye Chen quickly nods. If a strong spirit Master can make his opponent's magic weapon treasure or law artifact turn against each other at a critical time, it will really have a surprising effect.

"Master, since there are countless connections between the spirits, have you ever heard of the ancient god seeking plate?"

"What did you say?"

at this moment, Feng Tianshang's face became serious and looked at Ye Chen on guard.

Ye Chen took out the jade pendant of the seal of God: "maybe if I say so, the elder is a little clearer."

Feng Tianshang's eyes fell on the jade pendant with the seal of God. His expression was stagnant, with a bit of grief.

"It turned out to be..."

The whole shadow leaned down, almost in front of the seal jade pendant.

"If it wasn't for it, our end might have been different."

"Master, are you one of the 81 masters who participated in refining the seal jade pendant?"

Ye Chen surprised of shout a way, the volume all unconsciously raised.

"I didn't expect that after I woke up, I couldn't be separated from this jade pendant."

Feng Tianshang's look was sad and desolate, and his cold and lonely figure was even more stained with a layer of fine sadness.

"Master, since it is your cause and effect, if you want to really get rid of it, you have to solve all the secrets behind it."

Ye Chen looks at Feng Tianshang with burning eyes, and continues to ask: "master, is this the real jade pendant of Shenyin?"

Feng Tianshang shook his head and said: "at that time, 81 of us worked together to refine jade pendants. There were no less than ten thousand of them. It's a pity that none of them had the magic power of real jade pendants. However, there are also three pieces with supreme power. It's hard for the naked eye to distinguish if you don't have the ancient plate in hand. "

"Well..." Ye Chen pondered for a moment, "do you know where the ancient god seeking plate is?"

"In those days, we spent a lot of effort in refining the jade plate of seal of God and the ancient plate of searching for God, and each of them struggled to support us. But unexpectedly, all our participants were destroyed overnight, and only a few old friends and I survived with the protection treasure."

Ye Chen heart a loose, as long as someone is still alive, that is to say there must be opportunities.

"What happened that night was too frightening. I don't want to mention it again. At that time, it wasn't just one force that was chasing us. When we ran around, we only took the ancient god seeking plate and let them divide up the seal jade pendant."

"There is no ancient plate to find God, and no one knows whether it is the jade plate with the seal of God in his hand. You elders are very resourceful." Ye chendao.

"It is precisely because of this that the struggle between several forces gave us a way to escape. For the sake of safety, we finally ran for our lives separately. The last one who came into contact with the ancient god seeking plate was actually not any one of our 81, but daowujiang, a disciple of the Confucian ancestor."

"The disciples of Confucius?"

"The Confucianist was the strong one who called on us 81 at that time. When his disciples came, we had already been chased and killed, just like a lost dog. He was entrusted by the Confucianist to bring back the ancient god seeking plate. We don't have a god seeking ancient plate, and the killing is also weakened. "

Ye Chen clearly nods, it seems that the turning point is on the road boundless body.

Just when ye Chen is ready to continue to ask, a scold comes from outside!

"Who dares to break into my God's gate?"

A violent drink came from the sky, and ye Chen's idea was quickly pulled out of the reincarnation cemetery.

"They're coming!"

The leader of the Shenmen sect was suddenly cold, and his eyes turned sharp when he looked at Ye Chen and Zhang Ruoling: "they are the people who have been searching for the whereabouts of the Shenyin jade pendant for many years, just like our Shenmen."

It seems that the competition for the seal jade pendant is more anxious than ye Chen imagined.

"Master, can you know the boundlessness of Tao?" Ye Chen asked, "The way is boundless?" Suzerain Xiu eyebrow slightly frown, "seem to have some impression, wait for me to beat back two people, again with you in detail."

There are two spheres of light in the air outside the gate of God.

One is gorgeous purple, and the other is blue. There are figures floating in each of them.

Women's purple fairy robes flutter, men's blue Taoist robes flutter.

As soon as they saw the leader of Shenmen, they immediately used their hands to push the two blue and purple rainbow to hit the guard array of Shenmen.

"I didn't expect you to come!"

On the long sword of the patriarch, there is a fiery red dragon body, and the mighty momentum rushes out from the God gate hall.

"Oh, we've known each other for many years. It's the first time that we know that the leader of Shenmen is also a person who is greedy for life and afraid of death."

"Dare to insult my Lord! Die

The furious six sect leader had already been attracted by this magnificent tremor. When he heard that they insulted the sect leader in front of the disciples of the God sect, his heart was burning with anger.

"Boom!"

A huge hammer swung out of the void and bombarded the blue and purple men and women with the power of destroying the withered and decaying.

The infinite void is rampant, and its momentum is earth shaking. The strong breath of the war hammer, with the overwhelming momentum, collides with the two groups of blue and purple light, and the whole void is rolling like a burning cloud.

"Well! Is it up to you? "

The man disdained to say, the palm just raised again, more rich blue source gas, has continued along the light wave.

The six sect masters were seriously injured by Xuying, the reincarnation master, in the fierce battle with Ye Chen. At this time, the power of Warhammer was no longer as violent and powerful as before.

"Wow

An extremely gorgeous huge dragon scale light shield, with the magic power of red dragon, blocked the six door owners, and blocked the man's additional strike for them.

Chapter 5483

"You are not his opponents. Go down."

The patriarch's face was cold, and his backhand had already used the dragon scale light to push the six elders away from the war.

"Elder!"

Although the six sect leader is strong, he has already felt the strength of the man and the woman when they fight each other. Only the elder Yin and yang can barely compete with him.

Elder Bai's face showed a hesitant color: "if it wasn't for the battle with Ye Chen before, it would cost a lot of source gas, and at this time, it would be able to have the power of the battle."

The Black Elder didn't speak. He looked at the determined figure of the LORD with his back. His eyes were full of worry.

The liumenzhu knew that the elders of yin and Yang could do nothing. At this time, even if they reluctantly took part in the war, they just added extra burden to the patriarch.

Ye Chen pulls Zhang Ruoling to stand at the gate of Shenmen hall, watching the war situation nervously. Even if the patriarch doesn't know, do these two people know?

"The miscellany of tianxie palace dare to make trouble in our God gate, so don't go back!"

In the long sword of the patriarch, the red dragon runs through the sun, creating colorful clouds all over the sky. At the same time, it contains the power of infinite terror.

The sound of the dragon's voice, suddenly lifted into the sky, with boundless power, teeth and claws, thunder and electricity, rapid and majestic roaring away.

The light shield of the man and the woman's body broke instantly, and a magic sword with blue and purple luster appeared in their hands.

They are all high-level magic tools of law!

Two sword rainbow with bright light, swift and violent to extreme, also sharp to extreme.

Every sword rainbow is aimed at the Lord of Shenmen accurately, and it has been chopped in front of her in the blink of an eye.

"No! Aunt is in danger

Zhang Ruoling could not help but grasp Ye Chen's sleeve, even closed his eyes, dare not continue to watch.

"It's OK. Your sister-in-law is the leader of the divine sect. She's better than those masters of the divine sect."

Ye Chen glances at the masters of the God gate indifferently. It happens that the master of the crane gate is looking at them and nods his head to greet them.

It seems that the Lord of Shenmen didn't pay attention to the rainbow. The whirlpool of her sword is enough to make the rainbow deviate from the direction.

"Boom!"

Ear is the shock of the sky, countless red and blue sword rainbow, with a thousand times the thunder, forced to tear the hurricane vortex.

The corner of the mouth of the master of Shenmen seems to be slightly raised.

The fire dragon is hot and hot, like the smell of magma, across the void.

The sky is empty, the shadow of the sword is ethereal, and the earth is cracked at the foot.

The sky is full of dragons, tearing every sword rainbow.

The original bright blue and purple light dissipated, the roaring voice disappeared, the roaring swallowing sky was swallowed by the red dragon, and the whole void was suddenly silent, leaving only the red dragon's claw trace under the shadow of the sword, which filled the red sword curtain.

"Long live the Lord!"

All the people of God's gate are chasing after each other. This is their patriarch, the God of war of their God's gate.

"How dare you kill us?"

The woman was defeated by the fierce fire dragon, half lying on the ground, looking a little frightened, but still said with a stiff voice.

"You are the enemy of tianxie palace when you kill us! You can't afford it

The Lord of Shenmen showed a sarcastic smile: "what's the price of being the enemy of tianxie palace? Ha ha ha, you two overestimate yourself. Although the situation before was chaotic, the one in tianxie palace knew that I didn't hurt the source, so I couldn't wait for you two to die. Why do you think that is?"

The man's face changed, and he looked at the woman with concern: "don't kill us, keep us useful to you."

"But I don't raise idle people."

The Lord of Shenmen shook his head. She never paid attention to the tianxie palace. In the face of Shenyin jade pendant, it's just that the forces of all sides are maintaining a precarious balance.

"Seal, we know the whereabouts of seal."

"Ha ha ha!"

God's door master chuckled: "is it up to you? If tianxie palace really knew the whereabouts of Shenyin, it would fight with me before? "

"Really! Our tianxie palace has got the secret report. Although it's not the exact location of the seal, 80% of it can get the ancient god seeking plate! Before, the palace master just went to hide better. "

"Hum!"

The Lord of Shenmen snorted with disdain, but he didn't want them to continue talking about Shenyin in public, and directly brought them into the temple of Shenmen.

Ye Chen and Zhang Ruoling are also among them.

Ye Chen at this time already can't restrain of ask a way: "seek God ancient dish where?"

The man and woman looked at each other again, as if they were encouraging each other. Finally, the man said decidedly: "the Tao is boundless."

The expression of the God door patriarch is a little strange to see to leaf Chen, this name, she just heard from leaf Chen mouth.

"The way is boundless?" "Yes! It is said that after the death of the eighty-one casting master, the disciple of the Confucian ancestor, daowujiang, collected the bones and hid his whereabouts with all the casting materials. "

"How did you know about tianxie palace?"

The master of Shenmen said with arrogance, as if doubting their source of information.

"There is a secret method in tianxie palace. The palace master sacrificed 21 martial arts practitioners and used this secret method."

"Sacrificed 21 martial arts practitioners?"

Zhang Ruoling's little face is very white. Such a thing has never happened in nanxiaogu. Every martial arts practitioner is very lenient and enjoys more benefits than ordinary people.

"It's in line with her rules. Regardless of the samsara of cause and effect. "

The leader of Shenmen groaned coldly.

"Through the secret method, we can find a trace of cause and effect, which shows the connection between Tao Wujiang and the ancient god seeking disk. Moreover, we can find where he is now."

"Where is he?"

"It should be the extreme east of the realm of heaven and man. He delimited the land there as a frontier. He was not qualified to take charge of several other regions, so he created a place called the East Territory and claimed to be the Supreme Master of the East Territory."

"Hum, it's hard for your palace master to make wedding clothes for us."

The leader of Shenmen raised his sarcastic smile again, and then ordered the disciples to swallow mieyuan Dan and put them in the dungeon.

"Lord of reincarnation, how do you know the name of Tao Wujiang?"

Ye Chen smile, can only find an excuse: "the last reincarnation of the Lord's mind has been mentioned, I also happen to think of casting a pulse, after all, the famous is a few, want to take a chance."

"It seems that your fortune in this life is excellent."

Ye Chen smiles and doesn't speak any more.

"Aunt, will you come with us?" Zhang Ruoling knew that ye Chen was very persistent to the jade pendant. This time, he knew the whereabouts of the jade pendant, and there was no possibility that he would not go.

"Ha ha!"

Looking at Ye Chen, the master of Shenmen showed a smile: "all the time, I want to find Shenyin jade pendant, not to use its power, but to destroy it and completely cut off the connection between our Shenmen and wanxu. Since the reincarnation Lord is interested, I will not win people's love, but I hope your chess game will be finished one day."

Chapter 5484

Although the leader of Shenmen spoke vaguely, ye Chen already understood that she was the one who knew the layout. Even if she didn't understand it completely, she must have contacted the reincarnation Lord of the last life. In other words, she was the most loyal resister of wanxu.

"So, I will kill the heavenly evil palace and hold down their master for you, but the time is limited. As for Ruoling, I don't want her to take part in the layout too much. Next, our God gate will take care of her. Let Ruoling go back to her place first. "

"Thank you, master! That would be the best

Ye Chen low Mou, this world actually many people are helping the reincarnation Lord's layout.

And he is the person who holds the son, he can't and won't let them lose!

"Shigu!"

Although Zhang Ruoling doesn't quite understand the meaning of what she said, she also knows that she helped Ye Chen. At this time, she also looks at her with gratitude, but she wants to follow Ye Chen in her heart.

"Ruoling, if my elder martial sister had a spirit in heaven, she would not want you to participate in such a complicated matter. Reincarnation of the Lord, if the spirit is difficult, and the door of God can not free the body, please protect one or two

"It's natural, master, don't worry!"

Ye Chen hurriedly should, guard is his childish constant stubborn.

.....

In the void channel, ye Chen and Zhang Ruoling are separated.

He went to the so-called southern territory, while Zhang Ruoling went back to join her brother.

But soon, ye Chen's steps stopped, because Zhang Ruoling's voice came from behind.

"Brother ye, I want to go with you."

Ye Chen is helpless. Now that he knows the whereabouts of Tao Wujiang, his intention is to go by himself. Zhang Ruoling goes back to Nanxiao Valley to find the sacred things left by her master.

"You promised my elder brother that you would take care of me and not let me go back alone. What if I was in danger?"

Ye Chen is sweating. He really lives in the sixth heaven. It doesn't seem that if there is danger, there will be danger.

"Ruoling, you can see that the two men in tianxie Palace are so powerful that even the six sect leader is not their opponent. This trip is about the jade pendant of Shenying. It's not a trivial matter. It's often about life and death."

"Brother ye, I know that along the way, what I see and hear is no longer the realm of heaven and man, but involves the supreme world. I have been contaminated with the cause and effect of the supreme world for a long time, and I can't leave if I want to. Moreover, I vaguely feel that the eastern territory has something to do with me. "

"It's a woman's instinct I don't know why... "

Ye Chen looks at Zhang Ruoling's pretty face seriously. As for Zhang Ruoling's excuse, he naturally doesn't believe it.

"Ruoling, what you know now is far more than your elder brother. If there is your cause and effect in the eastern territory, you will be rich in unshirkable responsibility in Nanxiao Valley in the future."

Zhang Ruoling nodded: "I know that the greater the ability, the greater the responsibility. But I can't stay behind my brother forever. I don't want to repeat what happened to Luoxuzong, who only causes trouble."

The words all said here, Ye Chen also not good say what, can only say: "good! Let's go together! If you have any problems, just hide behind me! "

Zhang Ruoling nodded, looking at Ye Chen's look, with a trace of warmth of dependence.

Over time, she has some habits of being around brother Ye.

.....

A day later.

The lush forest covers the direction Ye Chen and Zhang Ruoling want to go.

"Are you going to the east?"

A tiny miscellaneous city is on its way to the East.

Zhang Ruoling had already changed into a Taoist robe, and her scattered hair also appeared like a female martial arts practitioner.

Ye Chen's low-key dress is exactly the same. At this time, he is wearing a bamboo hat on his head. He looks at the speaker and says, "yes, we want to go to the East Territory and send a letter for the master."

"Then you will come back in vain!"

The sanxiu, who was playing with the strange animal business, showed an expression that you came here for nothing.

"Why do you say that, brother?"

Ye Chen said that he had already stuffed a pill of low rank made by himself.

That person seems to have advantage to take unexpectedly, at this time on the face also show a smile.

"It seems that you don't know the rules of the eastern territory as well as the people of the previous wave. This eastern territory is very strict in entering and leaving. It's unique and exclusive. If you don't have a natural seal, you can't enter it forever."

"Natural print?"

"Yes, you don't know. It's said that there are countless treasures in the eastern territory. I've been in this miscellaneous city for many times. I've run into people in the eastern territory several times. I don't want to say anything else. It's just the magic weapon and strange beast. It's absolutely first-class."

"If you say so, don't many people want to enter?"

"That's for sure!" The man showed a frightened face, "but no one has ever succeeded. If you just want to enter the eastern territory, you can pass the natural print test. If you don't have it, you can go back by yourself. But if you use other methods, such as..." The man's finger pointed to the forest not far away, and his voice became very low.

"If you want to penetrate that forest by yourself, there's only one way out. After so many years, all the people who sneak into the forest have no place to die, even in the real world..."

Ye Chen clearly nods. It seems that if you want to enter the eastern territory, you must find a way to forge the natural pattern. Then you give another pill to the other party and take Zhang Ruoling away.

.....

An hour later.

Outside the extremely dense forest, ye Chen and Zhang Ruoling are standing in a relatively secret area. There is a trace of anxiety on their faces. They have never seen it before. How can they forge it.

"It's just natural print. What's the difficulty?"

At this time, a slightly contemptuous voice sounded in the reincarnation cemetery, ye Chen heard the voice, showing a touch of joy, is Feng Tianshang!

"Master, do you have a way?"

Feng Tianshang looks like a strong man. His eyes and eyebrows are as sharp as knives, axes and chisels. Some of them hover in the air: "Tao Wujiang and I are old friends for many years. I can still feel some of his habits."

"Great, master! What should I do? "

Ye Chen likes to say that perhaps the great powers in this reincarnation cemetery are not locked into this cemetery for no reason, and the cause and effect are mostly related to the Lord of reincarnation.

"What are you happy about? I didn't say I wanted to help you

Feng Tian Shang curled his eyes, a pair of don't want to see the appearance of Ye Chen, the state of Ao Jiao is just right.

"Master, now you are parasitic in the reincarnation cemetery. We also have the chance of karma."

"Well! How can I help you? "

Ye Chen is so smart. As soon as he says this, he knows that this reincarnation power must have something to ask for.

"If you tell me, it's OK to say so."

Chapter 5485

Feng Tianshang did not shirk: "in those years, 81 of us were assassinated almost at the same time, and many of our old friends were killed and injured. Although so many years have passed, they have always been stuck in the throat."

"Did you want me to go to explore?"

Feng Tianshang nodded: "you still have some strength. Maybe you can find out the real reason why we were killed."

Ye Chen doesn't know whether the elder is praising himself or disdaining himself.

Seeing ye Chen's hesitation, Feng Tianshang said again: "you know, I'm the only one in the world who knows how to forge the natural pattern. Without my help, you can't enter the eastern territory. Moreover, to explore the cause of the killing does not deviate from your own purpose, which can make you more clear about the cause and effect. "

It has to be said that the exchange of Feng Tianshang himself is not popular for ye Chen, but ye Chen is very interested in understanding the causal traces behind the seal jade pendant.

The traces on the throne may be part of what the reincarnation Lord wants him to understand.

"Well, I promise you."

Ye Chen says decisively, the big man does things boldly and neatly.

"Right here! You start at once

Feng Tianshang's big hand turned into a very dark beam in Ye Chen's eyebrow, which had penetrated into his sea of knowledge.

That is an address, ye Chen has already felt the overflowing aura that the origin does not stop there.

"Don't worry, as long as you find out the secret, I will help you forge the seal and lead you into the eastern territory."

Ye Chen nodded, and the divine consciousness had returned to the body.

"Ruoling, go!"

Like streamers, they stepped into the void and rushed to the place where Feng Tianshang pointed out.

.....

"Where is this?"

This area is very deep, is a vast and strange forest.

The trees here are all dark blue, emitting strange light. From afar, the whole stretch of forest is emitting strange light like the ocean.

It's just that there's no sound in such a place full of aura. It's quiet all around, but it's creepy.

Ye Chen gently shook his head and motioned Zhang Ruoling to follow him.

In such a secluded orchid forest, ye Chen carefully looked around, very alert.

He did not rashly step into the land where eighty-one powerful people have been buried for tens of thousands of years. What kind of danger will he face.

See ye Chen expression dignified, Zhang Ruoling atmosphere dare not gasp for a while, shrink neck to follow Ye Chen behind.

"There it is

Feng Tianshang has already depicted the scene of the whole Youlan forest in the reincarnation cemetery. The light gathering point is where the powerful bones are.

Ye Chen nodded, a touch of Xu earth source gas has taken the lead, like gossamer general, sneak away.

However, the surrounding space has become distorted due to the invasion of soil source gas. The whole forest area seems to have expanded all at once, and the distance between each tree has become extremely far away.

"Someone set up the space magic array!"

Feng Tianshang frowned, and then suddenly laughed out: "Ye Chen, break open the magic array, the person behind this, must have something to do with that year."

Ye Chen nodded. This space magic array rooted in the forest needs to be very proficient in the space big array to be able to crack it.

He didn't intend to devote himself to the understanding of the array, he could only break the array with his strength.

The quintuple destruction seal is gorgeous, showing traces of destruction. Just like the dense mist, it is becoming more and more rich, forming sound waves and spreading out silently.

For a moment, all the trees around were swaying, and the leaves were rustling, which turned out to be a dark blue mist.

Then, thick blue fog filled the forest.

The ground began to glow, and the withered branches on it began to shake violently. They gathered together and condensed into a huge dead leaf monster.

"Array in array?"

Ye Chen was surprised. He didn't expect that in the space magic array, someone could even lay a more profound alien animal cage array.

The destruction seal contains the incomparable source gas of destruction, and it thunders on the beast.

WOW!

Countless fallen leaves were shaken to the ground by the sound wave, but those fallen leaves had returned to the beast before ye Chen could react.

If it's not human, it won't hurt!

It's made up of dead leaves, which can be gathered again after falling.

"Brother Ye! I can use the power of frost to freeze the leaves on the ground! "

Zhang Ruoling, like a mosquito humming, said carefully.

Ye Chen nods, one thing conquers one thing. He can let Zhang Ruoling have a try as much as possible. If he is unfortunate, he will use Yan xuan'er's power to burn the leaves!

"The gun of ice!"

Zhang Ruoling's whole body is surging with the law of frost, and his body is flying missiles. The whole person has shown a roaring trend. The extremely cold frost source gas flows out of her body, and first comes into contact with her forest fog. At that moment, it liquefies, turns into water drops, and falls on the ground clothes. The extremely fierce cold ice gun exposed its domineering power and completely solidified the fallen leaves on the strange beast.

"Yes?"

Zhang Ruoling was surprised to see the dead leaf beast which had been covered with frost. He was so happy that he planned to look at it. He didn't expect that the beast just had its watch.

"Be careful!"

Ye Chen's nervous voice came from behind her. It's too late. The frost of the strange beast's body burst out like armor, and each piece of Ice Armor aimed at Zhang Ruoling.

Ye Chen roars a low, the soul body transforms, the burning blood Jue exerts to the extreme, the fury evil spirit sword already madly burns, mercilessly bumps on that dead leaf strange beast.

Zhang Ruoling's body was hit on the chest by the splashing Ice Armor at this time. The original simple Wu Xiu coat was instantly soaked with bright red blood.

"Break it for me!"

Ye Chen's body moves and settles Zhang Ruoling on the ground. The evil spirit sword in his hand cuts out a sword light, and the sword intention bursts out.

At this moment, ye Chen gave full play to all the power of the evil sword, and burst out of the sky with the power of fierce destruction.

After this, the air around it suddenly stagnates, as if all things were trapped in the mire. Even the withered leaf beast's action has become extremely slow. It seems to be trapped by black Tao sources and can't get away.

Bang!

The power of the dark source symbol penetrates into the evil sword, and the black power that binds the dead leaf beast also comes from the dark source symbol.

Incomparable tenacity, constantly devouring the trace of the road in the alien beast, the power of this moment is comparable to that of taizhenjing.

"Boom!"

The ultimate restriction is the destruction of heaven and earth! The dead leaf beast is limited by Ye Chen's powerful power. The violent power in his body can't be released and he is forced to explode!

The whole dark blue forest was burned by the column of fire, and countless dead leaf trees were burned one after another.

Zhang Ruoling made a seal with both hands, forced himself to resist the weak state, and slapped his palm on the ground.

The smell of frost envelops the burning area from all sides.

Chapter 5486

"Ruoling!"

Ye Chen quickly turned back, looked at Zhang Ruoling, and murmured, "what a silly girl! I have plenty of ways to put out this flame."

Zhang Ruoling's weak lips and teeth moved: "I can't always hide behind brother Ye. I'm also growing up."

The little girl's face is also with a quiet smile. From now on, she is not only the eldest lady of nanxiaogu, but also a person who can protect others.

People should not be willing to be weak just because they are sheltered.

Becoming stronger is not only her brother's wish, but also her Zhang Ruoling's wish.

Ye Chen moved, get along with these days, he watched with his own eyes this simple and innocent young lady in constant growth.

Maybe she used to flinch because of fear, but now, she has been tough and brave, she will have a brighter future.

"Brother Ye has seen your growth!"

Ye Chen said that the eight trigrams heavenly elixir technique has been slowly applied to restore Zhang Ruoling's injury.

"Why?" In reincarnation cemetery, Feng Tianshang sends out a cloud of doubt at this time.

"Master, what's the problem? Is the dead leaf just poisonous? "

Ye Chen asks a way in a hurry, he just clearly carefully explored, this dark blue forest looks mysterious, but there is no poisonous fog.

"No, her blood. It's strange."

"Blood?" Ye Chen didn't feel how strange blood was. He was confused when he heard Feng Tianshang's words.

"You wrap the girl's hand with aura!"

Feng Tianshang's tone is a trace of incredible urgency.

Ye Chen quickly nodded, Lingqi came out, wrapped Zhang Ruoling's palm.

"Ha ha ha! What an eye opener! It takes no effort

Feng Tianshang's empty shadow in the air showed a very satisfied smile.

"Master, why are you so happy?"

Ye Chen looked down at Zhang Ruoling with the same misty face, and couldn't help asking Feng Tianshang.

"Well! Boy, as like as two peas, you have good fortune. I said before that I could only forgery the natural print. This is not a word for you. Only if you want to really forge a very accurate print, you must have a real natural print holder. I will use the power of the spirit to engrave two patterns, so that you can smoothly enter the eastern territory.

At this time, ye Chen can't help but scold in his heart. This reincarnation is so treacherous that he can't help himself to forge the pattern. But on this condition, he makes himself promise to find the secret of the 81 great events.

His mind is deep and unpredictable!

See ye Chen's anger, Feng Tian Shang is a dead pig not afraid of boiling water posture: "I didn't cheat you, even if this girl is not born print, I also have a way to find a born print for you."

Ye Chen didn't say anything more, such a cunning ability, let a person really speechless.

"Here! This is the refining method of ice mark gauze garment that I have developed for so many years. As long as you gather up the materials, you can refine a best body protection magic power to this girl according to this method. "

Between Feng Tianshang's hands, there was a golden page, which was very dazzling.

Ice mark gauze clothes?

Ye Chen took it over and immediately saw that it was the raw materials and refining methods. He could not help sighing that it was really a divine thing. If Zhang Ruoling had worn it before, he would not have been hurt.

It seems that if he has a chance, he must refine one for Zhang Ruoling to protect his body.

"Don't worry, master. Now that you are here, you won't break your promise." Ye Chen slightly narrowed his eyes, looking at Feng Tianshang's eyes, which were full of warning, "just the elder, I hope it's only this time."

Feng Tianshang naturally understood Ye Chen's meaning: "good!"

"Brother ye, I'm ok. Let's go on."

Zhang Ruoling's voice rang out, and his weak state had recovered most of the time under the amendment of the Mongolian Dharma.

In the distance, a wild wind swept towards them.

Bang bang!

A heavy voice came from a distance, which made people feel palpitating.

"What's that sound?"

"The space magic array has besieged this place for so many years. Most of the original rules of sandstorm are trapped by the array. Now we have broken the array and the dead leaves and other beasts. If the sandstorm gathers together, it will naturally form such a divine power."

Zhang Ruoling nodded: "is that the tombstone that the two people in tianxie Palace said?"

"It should be."

Tombstones arranged in perfect order are placed in the deep part of the dark blue forest, and the traces of the palace where the refining furnace hit the rest can still be seen.

"If there is nothing wrong with the secret of tianxie palace, the tombstone was built by daowujiang. Did he destroy the palace?"

"Maybe, maybe not. Maybe by the time he arrived, it had been destroyed. Maybe he ordered it to be destroyed. It was nowhere to be found. "

Ye Chen guessed that in Fengtian Shang's mouth, daowujiang was his old friend and a disciple of the Confucian. However, in the divination of tianxie palace, the ancient plate of seeking God only showed his traces. As a disciple of Confucian, he established himself as the king of eastern territory.

It's secretive and impermanent. It's not as simple as a superficial identity.

"Brother ye, there are 81 tombstones here. What the elder martial sister said is true. All the masters involved in refining died here."

Ye Chen gently frowned, if in accordance with Feng Tianshang's words, there are several people running away, with the number of people here.

"Well?"

Ye Chen's six paths of reincarnation emerged from his hands, and traces of reincarnation billowed from the tombstone.

"How come there are only eighty traces?"

Zhang Ruoling counted them one by one, but found that there was no trace of reincarnation in a tombstone, on which there were three words "Feng Tian Shang."

"What's going on?"

Ye Chen has informed Feng Tianshang in reincarnation cemetery of the news for the first time.

"No way, there were some old friends in those years. I watched them leave safely with my own eyes!"

Feng Tianshang's expression was cold and frightened. He recalled the scenes of the night when he fled.

"If they succeed in their escape and are here again, who have you told of their whereabouts?"

Ye Chen's cold voice seems to have defeated Feng Tianshang's remaining reason.

"Impossible, impossible!"

He repeatedly roared, and the whole reincarnation cemetery was shaking under his roar.

"Well, what's impossible."

All of a sudden, the voice of the old man who had never made a sound began to ring, with a trace of irony and disdain.

Ye Chen's eyes look at the tombstone tightly imprisoned by the iron chain. Unexpectedly, the taboos in this world dare to appear.

"The Tao is boundless, right?"

Just at this time, ye Chen is also flawless to take care of the old, just full of warning to see a look, and then look to the Feng Tian Shang.

Chapter 5487

"How do you know?"

Feng Tianshang showed a trace of bitterness: "how could it be him?"

"The Confucians have the power to gather 81 masters, and the one who knows them most must be the boundless Tao. As a disciple of the Confucians, he may have been familiar with all of you for a long time. Who can find all of you overnight? Who can realize that masters like you are unstoppable?"

Only the so-called self. "

Feng Tianshang's face fusion, he felt his blood flow rapidly, chest stuffy.

"However, as you said, he is your old friend, so the 81 masters have only 80 traces of reincarnation. He let you go!"

Feng Tianshang's face was blue and cold. He turned his head and looked into the distance: "I want to ask why face to face!"

Boom!

A violent force of blood gas gushed, like an erupting volcano, spreading in all directions.

"Who is it? How dare you disturb the rest of the masters

A very sharp voice sounded, blood red breath wrapped around him.

Ye Chen eyes deep up, did not expect that there are people guarding this side of the cemetery, do you say, there are hidden secrets?

That person's eyes appear the flame of handstand, have no the slightest drag mud to carry water, direct two rounds of blood gas whirlpool, destroy withered pull decadent of toss to leaf Chen.

This blow is enough to kill any existence in Taizhen!

At that moment, Zhang Ruoling felt that he was watched by an ancient beast, and his back was cold.

Brush!

Ye Chen Mou son one coagulates, the soul body turns, the evil spirit sword that traverses but hits in that blood gas whirlpool, unexpectedly produced a few minutes to deflect.

The strength of that man's spirit is so strong!

"Hongmeng big starry sky, I suppressed it!"

At the critical moment, the breath of Ye Chen burst out. With a wave of his hand, a vast and bright starry sky suddenly emerged, covering the sky and the sun, and enveloping the shadow of the blood red man.

This piece of starry sky, floating endless Hongmeng ancient gas, there are many huge stars, quietly suspended.

If you look at it carefully, it turns out that the huge planets are actually the runes and seals of Hongmeng ancient method, which are filled with endless Hongmeng Tianwei suppression and shocking.

The breath of the blood red human shadow suddenly changed when he saw this scene. The whole body's blood power suddenly burst out, and the lava rose to the sky, turned into a fire beast, and dived down.

He was able to resist the suppression of Hongmeng big star sky, which can't help but make ye Chen's heart tight.

The fire beast came and collided with the Hongmeng big star sky. The stars in the Hongmeng big star sky couldn't bear the great power of blood, and they broke up one after another.

"Dragon blood swallow bone sword!"

That blood red person shadow hands a time, a very generous big sword appears in his palm.

"It's because of me, boy, let me do it!"

Feng Tianshang's voice rings in Ye Chen's ear. The next second, Feng Tianshang has taken control of his body.

"Is that all you do?"

Ye Chen cold eyes, standing in place, looking at the sword from the blood red shadow.

"Shua Shua!"

All of a sudden, the red light in Ye Chen's eyes flashed, and the monstrous soul power twinkled on the dragon blood bone swallowing sword.

No one knows the magic weapon better than master Qi Ling. Except for the eight heavenly swords, no magic weapon can escape the call of master Qi Ling.

The bone swallowing sword, which was as powerful as a bamboo, was in a moment of depression under the flashing red light.

"Are you a psychic?"

That blood red human figure sees, sees wants to leave, actually had not had the opportunity.

"Against the Lord!"

In Ye Chen's big hand, a seal script appeared, whistling out and sticking on the dragon blood bone swallowing sword.

The fierce power of blood comes from the body of the dragon blood bone swallowing sword. Its body twists, and it is out of the control of the blood human shadow. The sword does not hesitate to point to the blood human shadow!

The blood red human shadow roared fiercely and was full of panic. He never thought that there was such a powerful master in this world.

"Wait a moment, master!"

Ye Chen's voice rang out from the reincarnation Cemetery: "his master may be the one we want to find."

Feng Tianshang nods. The figure defeated by the dragon blood bone swallowing sword is no longer Ye Chen's opponent.

"Your master, but the way is boundless?"

Ye Chen regains the ownership of the body, and doesn't seem to plan to extort a confession. He asks directly.

Zhang Ruoling looked at him strangely, but he didn't speak.

The figure showed a ferocious smile, and then, the breath of life lost, even directly self termination.

"Brother ye, he is a dead man?"

Zhang Ruoling asked. Although she had heard that all the major sects would cultivate a group of dead martial arts practitioners to deal with things that can't show their faces, she had never really seen them. Ye Chen nodded, "the people who can be sent to guard the cemetery for tens of thousands of years are generally the dead, so I didn't extort a confession, but hope to tell me whether I guessed right through his last expression."

"Did brother Ye guess right?"

"No. He doesn't seem to know who his master is

"Oh."

Zhang Ruoling nodded with some regret: "this is not bad. At least we have some information, which may be helpful for us to enter the eastern territory. "

She didn't know the existence of Feng Tianshang, and naturally thought that this trip was for the purpose of sneaking into the eastern territory.

"Well, Ruoling, I have something to tell you. I have a treasure with a spirit of great power attached to it. That great power is Feng Tianshang, who survived among the 81 masters of that year."

"Ah?" Zhang Ruoling pointed to the tombstone of Feng Tianshang.

"Well, he didn't know who wanted to destroy them, but he was an old friend with Tao Wujiang and had a way to help us get into the eastern territory. Just now on your hand, he felt that your blood power was special. He was born with tattoos. "

"Am I born to print?"

Ye Chen nodded: "I didn't mean you to participate in the eastern territory, but at the moment, I have to pull you to go with me."

"Brother ye, on the contrary, I'm very happy, so I'm not the one who makes trouble for you, but your help!"

"Good! In that case, let's go together! "

.....

Whoa, whoa, whoa!

On Ye Chen's right palm, a blazing halo shines, and countless bright lights emerge. His whole palm becomes as soft as Zhang Ruoling's.

"Here it is

Ye Chen facial expression is extremely embarrassed, he is a man, this right hand is the same as little girl, can not let a person suspect.

"What's the rush?"

Feng Tianshang's irascible voice rang, and master Qi Ling's temper was always very hot. At this time, because of the matter of Tao Wujiang, he was already angry. He wished he could go in and confront Wujiang immediately.

Chapter 5488

Ye Chen just shriveled shriveled mouth, didn't talk, he didn't want to provoke a reincarnation big power in the edge of rage.

"Well, remember, when you pass the print test, you can't leave this little girl for three steps."

Ye Chen nodded and looked at his right palm, which was back to normal. With his cultivation, the halo that was originally attached to his hand was also gone.

"This is the ability of the world's top spiritual master!"

Ye Chen can't help remembering that if Gu Qi was still there, how profound his cultivation should be.

"Smelly boy, this girl's blood power is not simple. She's not born with tattoos. She's born with them. It's very likely that they are family blood. As far as I know, all the natural seals produced by the blood of the family were once under the hands of the Confucians. "

"The meaning of the predecessors is that those who were born with seals were from the Confucian school, and they may have something to do with Taoism."

"Yes, looking at the girl's age, it's very likely that his ancestors came out from the eastern territory, not from the Confucian family."

"I see. Thank you very much."

Ye Chen nodded, eyes showing the color of gratitude.

"You don't have to thank me. I told you that I also want you to enter the eastern territory as soon as possible, so that I can solve the doubts that have been lingering for many years."

"No matter how, since the elder and I have formed an agreement, ye Chen will do his best."

.....

Soon, ye Chen and Zhang Ruoling came to the entrance of the eastern territory.

Unlike the strange jungle like the blue forest, there are many martial arts forces stationed at the entrance.

Obviously, these existence are to protect the eastern territory from being intruded by outsiders!

"Who are you? Dare to step into the eastern territory

Ye Chen has no fear: "who just got in my way?"

With that, ye Chen pulls Zhang Ruoling to the test stone and takes the lead in pressing his right hand on the stone.

In an instant, fluorescence emerges, and the whole stone shows a green light.

Zhang Ruoling quickly learns the appearance of Ye Chen, and clasps his palm on the stone, which is also Yingying green light.

"Next time, shine your dog's eyes and see who I am!"

When ye Chen left, he did not forget his arrogance. Wu Xiu, the gatekeeper, was so angry, but he did not dare to attack. He did not know which young master in the eastern territory was so rampant!

See ye Chen they leave, that Wu Xiu turns a head to look to the side: "do you recognize just that is whose family?"

"No, I haven't seen a man, but a woman has something in common with Zhang Jia."

"Well! One day, Lao Tzu will become a local envoy, so that these children and grandchildren who don't know the greatness of heaven and earth can feel the power of Lao Tzu. "

"You can pull it down. It's just complaining behind your back. Well, here comes the one again."

A man wearing a silver mask was coming through the void. Wu Xiu, the gatekeeper, bowed himself to salute.

The man is not nonsense, until the stone issued the same Yingying green light, the body has quickly passed through them, toward the eastern territory.

"That Zhang Jia's little girl, is quite water spirit!"

Looking at the disappearance of the silver mask, they remembered Zhang Ruoling's flowery face and gave out a very lewd smile.

.....

Ye Chen and Zhang Ruoling naturally don't know that they are being discussed by the people behind them. At the moment, they are not moving fast. Although Ye Chen already inquired a lot about the eastern territory in the small market before they entered, he chose a more domineering way of entry.

But in this chaotic and disorderly eastern territory, he always had a trace of vigilance.

"Zhang Jia's girl?"

A man in a silver robe with a silver mask stops abruptly when he comes to Ye Chen and Zhang Ruoling.

That only showed the eyes of the eye wave, revealed a touch of greed naked light.

"Who are you?"

Ye Chen steps in front of Zhang Ruoling.

"You don't know me?"

"Why should I know you?"

"You are not from the East! Why did you come to the eastern territory? What's the plot? How did you get in here? "

The man with the silver mask snorted angrily, and the mask turned into a piece of silver armor. When he raised his hand, a silver sword had appeared, and it was cut off immediately. The blade of nothingness was wrapped in the wind and frost.

Ding!

Ye Chen's evil sword, covered with the power of the five Heaven's destruction seal, collided with it, making a very loud sound of collision, interweaving and colliding with each other's invisible intention of killing.

Ding Ding Ding!

Extremely intensive collisions happened one after another. Every collision made people feel numb. The silver mask wielded a sword and tried to fight, but it had already shown a declining trend. It was unable to attack at all and could only defend.

The silver armor on his body has been broken, and he can't bear the edge of Ye Chen's destroying evil sword.

The silver masked man was shocked: "with such strength and martial arts, you are not from our eastern territory! Who the hell are you? Ye Chen's attack is more fierce, hard impact on the silver mask of the silver sword.

The arm of the silver mask holding the sword shuddered and kept shaking. In this crazy impact, it was almost impossible to hold the sword.

The trees in the forest swayed with the light waves generated by their fighting. Zhang Ruoling looked around warily to prevent people from entering and leaving other eastern territories. He saw this scene.

"Don't kill me!"

The silver mask has been forced to retreat by the Sha sword. It no longer has the appearance of being feminine and arrogant. At this time, it kneels down in front of Ye Chen like a lost dog.

"Not to kill you? Keep you for the new year? "

As a man, ye Chen knew too well the look of the silver mask at that moment when he looked at Zhang Ruoling. He couldn't bear that cruel and salivating look.

"Brother ye..."

Zhang Ruoling was very worried and said that they had just stepped into the eastern territory, and even said that they had not even reached the real main city of the eastern territory. Was it a bit too much publicity to make such a noise.

"Nothing!"

Ye Chen shakes his head. He won't let such scum continue to make Zhang Ruoling's idea. Moreover, he has found out that he is not from eastern Xinjiang. If he doesn't get rid of him, he is afraid of endless trouble.

Zhang Ruoling can only nod, for ye Chen she has been 100% trust and support.

Knife from the death, silver mask eyes show shock helpless and unwilling.

If you give him another chance, he will not stop because of Zhang Jia woman.

"Brother ye, is it really OK to kill him?"

Ye Chen showed an indifferent smile: "this is the eastern territory. He speaks by strength. His behavior must be notorious in the eastern territory. I killed him to benefit the eastern territory."

.....

At the same time, deep in the eastern region, on a palace.

In the palace full of tea fragrance, treasure tea trees are planted in it, which is full of fragrance and condenses the supreme aura, infiltrating the whole palace with a hint of tea fragrance.

"Bang!"

A scripture, which was originally upside down on the tea tree, suddenly fell to the ground and made a sound.

Dian'e, who was waiting on her side, immediately bent forward, trying to pick up the Scriptures.

"Which book is missing?"

Dian'e knelt down on her knees and even dared not look up at the man sitting on the king's couch.

"It's the Bayi Heart Sutra."

Dian'e carefully said, Wang has been sleeping for many years, never wake up, today because of this book, wake up, but just now, it seems that there is no wind.

"You go down!"

Tao Wujiang waved his hand. A piece of black silk was wrapping his body. His long hair was flying wantonly and his facial features were beautiful.

But it was just such a beautiful man who made the temple tremble.

"Someone went to the dark blue forest? It's like an old friend. "

Chapter 5489

At this moment, Tao Wujiang's cruel and killing voice came from his lips: "all these years, there is always an end to cause and effect."

Language falls, a thin as cicada wing divination compass suddenly appears in the hand of Tao Wujiang, he wants to see who is, want to end this ten thousand years of cause and effect.

The texture of the divination compass is very mysterious. It is a kind of strange material, emitting the general brilliance of ore, and even flowing the meaning of law.

The pointer on the compass is shaking violently. It seems that all kinds of light screens in the world are spreading little by little.

The tea trees in the palace trembled with resonance because of the shaking of the hands. Individual Camellia had fallen on the ground in dismay under the silent light.

The compass pointer slowly stopped, and Dao Wujiang's eyes narrowed slightly, which seemed to imply anger.

"I didn't expect to have the courage to break into my eastern territory!"

In those years, after burying 80 great powers, he not only left behind the dead guards, but also laid out two arrays. What's more, he left behind his own thoughts, which were transformed into the Heart Sutra of Bayi, and became a later hand.

Now that the Bayi Heart Sutra has fallen, the double array has been forced, and the tomb guard is dead, and the culprit dares to enter the eastern territory. It's really a bear's heart and a leopard's gall.

"It's said that the king's order of our eastern territory is that some outsider has intruded into our eastern territory. Taking the natural seal as a test, the whole city will search and arrest, and the villain will be killed!"

"Yes! The king of the world The messenger knelt on one knee.

.....

At the same time, a few of the same silvery figures came to the blue forest.

"Big brother, Boleyn, he's dead!"

"Who killed my beloved son Boleyn!"

The roar of the sky resounds through the whole deep forest, and the incomparable anger makes everyone flinch.

"Who is dead?"

Wu Xiu, the gatekeeper, had a look of fear on his face.

"Well, didn't you hear the roar of the silver queen?"

"Yes, do you think it was the brothers and sisters who just laid hands on me?"

"It's hard to say! Most of them are. The calculation time is almost the same. What shall we do? "

"Are you crazy? It's none of our business. We have been guarding the entrance guard honestly. We don't know the grudge between these two figures. "

A man forced to correct his expression, pretending to have no idea.

Another person who used to make a lot of comments, just like a quail, stood aside in fear.

"You feel guilty. Even if that man killed you, we have no ability to stop us."

Invisible pressure, in that person's roar, permeates all people's hearts.

.....

At this time, ye Chen and Zhang Ruoling had already stepped into a small town in the eastern territory, and they were sitting in a martial arts monastery to have a rest.

"Brother ye, does that Zhang Jia in the mouth of the silver mask have anything to do with me?"

Zhang Ruoling raised his doubts.

Ye Chen pondered for a moment: "you are born with tattoos. It is possible that your ancestors came from the eastern territory. Later, for some reason, they did not come back. Now that we come to the eastern territory, Zhang Jia may be your family."

Zhang Ruoling was eager to have her brother by her side at this time. For this strange and familiar Zhang Jia, her mood was very complicated.

"You don't have to think so much. Since your blood contains this magical power, just follow your heart. It will guide you how to do it."

Ye Chen touched Zhang Ruoling's small head, relieved way.

"Well, I know, brother Ye."

Ye Chen nods. Zhang Ruoling was injured before. Since they have entered the eastern territory, they can't act in a hurry. It's better to take a rest here and inquire about the affairs of daowujiang by the way.

"You stay in the Taoist hall and I'll go back."

Zhang Ruoling asked with some worry: "brother ye, if you leave me, then your natural print will be gone!"

Ye Chen smiles and says, "it's OK. I asked them. They only use it when they get started. They won't check it after they come in."

"Don't worry about me, take a rest, adjust well."

Zhang Ruoling nodded at ease.

When ye Chen leaves, Zhang Ruoling doesn't know why, but he feels sleepy and falls directly into bed.

Just as her eyes closed, an ancient Rune flowed in her eyebrows.

As if something had come to life.

In Zhang Ruoling's dream, many blue trees were cut off, and there was a sharp roar from every tree. The plants in the deep blue forest were all psychic.

The dark blue fog floated up, and the trees disappeared out of thin air. It turned into a plain in an instant, but the fog became thicker and thicker.

Zhang Ruoling looked at the blue mist in front of him in fear, but his body seemed to be bound by something and could not move at all.

Boom!The fog in the moment of contact with her, suddenly disappeared, a rolling road, appeared at her feet, has been extended to the distance.

At the end of the road, it seemed that someone was calling her, more and more intense. This strong and strange feeling made Zhang Ruoling go forward involuntarily.

"The inheritor of Zhangjia, you are here at last!"

She finally heard the call, and at the same time her eyes suddenly opened.

Ye Chen's enlarged face is looking at her anxiously in front of her eyes.

"Is this a dream?"

Zhang Ruoling looked around, so clear and bright dream, she even felt that the blood contains the ability of infinite inspiration.

"What happened to you just now?"

Ye Chen look nervous, looking at Zhang Ruoling's eyes full of worry.

"Brother ye, I just had a strange dream. Someone was calling me in the dream. She also called me the inheritor of Zhang Jia! "

"Is it the call of blood, the guidance of your ancestors?"

Ye Chen can see this situation at a glance. It seems that Zhang Ruoling and Zhang Jia in the eastern territory have causal relationship. Even the silver mask can find Zhang Ruoling's Zhang trace face to face.

There is only one explanation, that is, Zhang Ruoling's ancestral blood has far exceeded that of other people in Zhang's family.

"Brother ye, why did you come back so soon?" Zhang Ruoling asked curiously.

Ye Chen's eyes coagulated and his look was low:

"because Tao Wujiang has found us. "

Zhang Ruoling was obviously still in a nightmare. At this time, he was even more flustered: "how could he find us?"

"It should be in the dark blue forest. That person should have his divine sense."

"Oh, so what do we do?"

Zhang Ruoling's voice was obviously lowered, and her eyes kept glancing out of the window.

"He should just know that we have entered the eastern territory. Now we need to verify the natural pattern wherever we go. We still have a chance."

Ye Chen calmly said that the reaction speed of Tao Wujiang was really beyond his expectation, and according to what he had observed before, it seems that Tao Wujiang didn't intend to show mercy, or that the people in the eastern territory were a group of murderers.

Chapter 5490

Zhang Ruoling quickly wiped the sweat on his forehead because of the dream.

"Ruoling, how about going to Zhangjia?"

This is the only way out right now.

Ye Chen's voice makes Zhang Ruoling stop and go to Zhangjia? The call of Zhang's ancestors seemed to ring in her ears.

"Will you?"

Ye Chen didn't make up her own mind. After all, it was Zhang Ruoling's business. She went back to her ancestors and felt the call of her ancestors. Maybe there would be a chance in this eastern territory.

But it's her family business after all, and it's hard for her to participate.

"Let's go to Zhangjia. Since I was born in the family of Zhang, let me undertake my mission."

Zhang Ruoling's face became heavy. If she followed Ye Chen after sending the letter because she didn't give up, she was really going to do what she should do now.

The reason why Zhang's ancestors left the eastern territory will be solved by her.

Two people look at each other, no longer hesitant, ready to leave.

.....

"Who are you?"

Ye Chen and Zhang Ruoling had just stepped out of their resting place when they were intercepted by the patrol Wu Xiu of the eastern territory.

"Zhang Jia people, you dare to move! Don't you want to live? "

Ye Chen cold face, a pull Zhang Ruoling, palm has touched the inspection stone.

The green light made Wu Xiu's face look terrible.

Zhang Ruoling didn't say much, and he put his hand on the inspection stone.

Wu Xiu said nothing more. Although Zhang Jia is a big clan in the eastern territory, he has always kept a low profile. Although his disciples are domineering, they will never be like other clans, shouting and fighting.

At this point, we can only turn around and get out of the way.

"Report to xingzun, suspicious people are found over there!"

A warrior with a huge shield on his back knelt down in front of Wu Xiu who had blocked Ye Chen, and his finger had pointed to another direction.

The pointed man and woman seemed to have sensed something. Their hands had drawn out their swords and chopped at the nearby patrol Wu Xiu at the speed of light.

"Chase

The existence of xingzun was full of anger. He yelled that the sword on his waist had already been thrown by him like a spear, whistling through the void.

"Brother ye, what shall we do?"

Zhang Ruoling whispered and gently pulled Ye Chen's sleeve.

"Watch it change."

Although Ye Chen says so, a put on spirit already very dexterous of get into that line Zun's clothes robe top.

After they got out of danger and were interrogated, they didn't stay any longer. They went to the place Zhang Ruoling told them. They had Zhang's blood as their support, and they didn't get any trouble along the way.

At this time, ye Chen's indifferent face suddenly showed a look of killing.

Zhang Ruoling in this moment, the ice gun has been pulled out: "brother ye, are you in danger?"

Ye Chen shook his head, indicating that she should not be too nervous: "Tao Wujiang's means are extremely cruel. Just now, the suspected man and woman were killed by extremely cruel means. Moreover, they are still looking for an old man, and Tao Wujiang has issued a death order again. All the new entrants will be killed."

"Looking for an old man? Is it Feng Tianshang

Zhang Ruoling is naturally extremely intelligent. The existence of the dark blue forest is so secret that if there is no very familiar person to lead the way, it will be very difficult to find them alone.

"Well, it should be that Feng Tianshang used my body to exert the power of spirit, and let him detect the traces of cause and effect."

Zhang Ruoling nodded: "the blood in my body is surging fiercely. It should not be far from Zhangjia."

Ye Chen takes a worried look at the rear, hoping that Tao Wujiang's action will be slower, so that Zhang Ruoling can successfully accept the inheritance of Zhang's ancestors.

.....

East Territory, the land of Sanjiao.

Here, Zhang Ruoling is born with the cold ice source method. He is very happy with the strong vitality of heaven and earth.

Ye Chen's eyebrows are slightly wrinkled. Zhang's family in the eastern territory should also be regarded as a big family. This group is like a graveyard in a strange environment, and there is no one at all.

The more Zhang Ruoling walked, the more he felt that something was wrong. After a moment of doubt, he suddenly figured out something.

"Brother ye, I may have made a mistake."

Zhang Ruoling looks down at Ye Chen with a small face.

Ye Chen looks at her some self reproach manner, also know this among them of reason.

Zhang Ruoling came here according to the call of her ancestors, and her ancestors must have died long ago. They follow the guidance of their ancestors, and they will arrive at the buried place?

Just about to open his mouth to comfort Zhang Ruoling, they suddenly heard a violent drink.

"Who dares to break into zhangjiazu's land?"

Ye Chen and Zhang Ruoling look at the voice together.

Where the wind and sand swept, there was an ascetic monk sitting on his knees. His body was covered with sand. If he didn't speak, he would be like a stone and would not attract people's attention."I'm a descendant of Zhang family. I've been told by my ancestors."

Zhang Ruoling stepped forward and said aloud.

"Well! nonsense! I know all the Zhangjia people. Even the mice dare to pretend to be Zhangjia people! "

"If you don't believe me, you can feel the blood of my family!"

"Well! No matter how cunning you may be, this is the important place of my family. No one can enter without the introduction of Zhang's clan leader. "

"Ridiculous Ye Chen has no good feeling for this kind of monk who keeps to the cliché and adheres to the old way. At this time, he is full of anger.

"The ancestral land of Zhang Jia will naturally leave a blessing seal for the younger generation. She has so rich blood of Zhang Jia, which is far more than any one of Zhang Jia people, but you are so stubborn."

"I've never met her."

Obviously, the ascetic monk also felt the power of Zhang Ruoling's blood. His eyes were full of exploration, but he still refused.

"Oh, have you seen all the disciples of Zhang generation? Do you remember everything? Have you not left the eastern territory? "

"It's unreasonable. If you don't leave your ancestral land, don't blame me for being rude!"

The ascetic monk wants to have a high rank in the family of Zhang. He is flushed by Ye Chen's words. He grinds the Buddhist beads in his hand and says angrily.

Ye Chen cold hum a, soul body conversion, in the hand evil spirit sword already revealed cold awn, can threaten his person, have not yet born!

"Brother ye, be careful! There are layers of spatial rules in the ancestral land, just like rivers in front of us. Be careful to fall into the trap of the evil monk. "

Zhang Ruoling sensed that the ancient pattern array of space in this ancestral place had a very terrible destructive power. Once non Zhangjia people got into it and barely died in time, they would easily get lost in the law and fall into layers of space debris, and it would be difficult to get out again.

Ye Chen didn't care, this is not the first time he fell into space.
