

Physician 5511

Chapter 5511

In a moment, a breath of blood red reincarnation rose from the ancient god seeking plate.

Gathered into a tiny Koi, in the bright starry sky, Pentium swimming, it seems to smell something.

"Here it is

The 119 light spot is a very bloody red light spot, which is particularly abrupt on the whole ancient god seeking plate.

"What is this place?"

Nine epilepsy back hand, if he did not guess wrong, this place is in the eastern region.

"Is this the eastern territory?"

Ye Chen also recognized the changes of the surrounding environment. Although the description was very simple, it clearly outlined the changes of the terrain in the eastern territory.

"This is where the temple of Dongjiang is."

Nine epilepsy point to the location of the red dot, some hesitant said.

"The eastern frontier temple? Is that the temple of Tao Wujiang? "

Nine epilepsy nodded, he did not expect, looking for God ancient plate unexpectedly and God printed in a place.

Ye Chen can only roughly identify the eastern territory, as for the specific location, or nine epilepsy is more familiar.

"I didn't feel any sign of divine seal when I got the ancient plate."

Ye Chen said, while a trace of divine consciousness, has been to the reincarnation cemetery to ask Feng Tianshang.

"Master Feng, is there something wrong with the god seeking ancient dish?"

Feng Tianshang shook his head, a little suspicious, but his eyes were very firm: "looking for the God ancient plate will not make a mistake, but if I didn't find it at that time, it can only show that the seal is deep in the ground of the eastern Xinjiang temple. It's just shielded by something, and I don't feel any spiritual connection."

"If he was really in the temple of Dongjiang, why didn't daowujiang take it out after so many years, he didn't know?"

"No, the one who has to find the ancient god plate has got the seal of God. He has been holding the ancient god plate for many years. There's no reason why we can't find the seal. "

At this time, Feng Tianshang also couldn't figure out the mystery behind it.

Ye Chen frowned: "there are only two possibilities. Either the seal is hidden by daowujiang himself, or he can't take it, so he just moved the temple of Dongjiang to it. On the one hand, it's to guard, on the other hand, it's to wait for someone who can take it."

"Well." Feng Tianshang nodded and didn't speak any more.

And nine epilepsy also infers one or two: "Tao Wujiang is insidious and despicable. He didn't take the seal of God, maybe he couldn't take it at all."

Ye Chen nods. Tao Wujiang is cruel and has no moral bottom line. Now he has failed in the hands of Huang Lao and disappeared. It's hard for them to know why.

"Go and have a look. You can't guess."

Nine epilepsy happy smile, now East territory no longer have the strength to compete with it, he will no longer have a rival.

He is the king here.

Except for one person.

That is Ye Chen in front of us.

For nine epilepsy, he knows that he and ye Chen are not the same plane for a long time. The person behind Ye Chen is a terrorist who can directly kill himself.

He is glad that he and ye Chen are in the same camp. Otherwise, he will lose the battle!

Ye Chen's eyes looked at the direction of the eastern frontier temple, nodded slightly, then thought of something, and said: "how's the injury of the elder?"

"It's more than enough to kill a boundless Tao." Nine epilepsy quite high spirited way.

Ye Chen shows a helpless look, Dao Wujiang doesn't seem to be the one you ran away from!

.....

An hour later.

Two figures have appeared under the eastern Xinjiang temple.

There's a door under the ground.

One of the indifferent figures is Ye Chen!

Ye Chen looks at the pool water of Wang Qingling deep in the ground, and his surprise is beyond expression. He never thought that this deep in the ground was the place where the spirit gathered.

The distribution of aura in the world is not balanced. The existence of Nanxiao Valley is rare in heaven and man.

I didn't expect that the aura here could gather into liquid. It can be seen that its quality is extremely high, which is hard to see in life.

nine epilepsy is also shining. The essence of this pool is very strong. He has never discovered the territory of his long residence in the East.

"God is there."

Nine epilepsy suddenly pointed to the pool of water in the middle of a thing.

that thing is in the pool of water in a circle of whirlpool, the whole pool of emerald green essence, slowly rising, not even a little overflow, finally formed a green water polo, completely wrapped that thing in it.

This emerald green water ball floated out of the pool water, but it was not static, but rotated at a very fast speed.

It's like a transparent protective cover, confining the green water in it.

Ye Chen's eyes narrowed slightly, and the things in the water polo did look like the seal, but he felt that the seal would never be so simple! Is this seal an imitation?

No matter how, he also wants to find a way to take out to check!

"Be careful."

Nine epilepsy full of the power of the law of destruction palm, gently contact the transparent protective barrier.

God is printed in such an excellent place, but there is no way to seize it.

I don't want to take it or I can't.

Ye Chen knows that there must be a reason, and hastens to remind nine epilepsy.

At the moment when the palm of nine epilepsy touched the transparent light mask, an irresistible force suddenly released and instantly controlled nine epilepsy's body.

It's just that this power is not strong enough, and there are only threads in the perception of nine epilepsy, but there is an essential difference between this power and one's own power.

It seems that an unusual will power on the light shield is derived from some powerful mental power. At this moment, Jiudian has been acutely aware that this power is the rule power carried by the spirit field.

Nine epilepsy almost did not hesitate to pull back the palm, in this to and fro, he can even feel his aura quickly disappeared most.

"There's a problem."

Nine epilepsy complexion slightly heavy: "this mask has the rule power of spirit class, and it will absorb my aura. I can feel that if I forcibly enter, not only will I lose control of my body, but the aura in my body will be completely evacuated before I touch the seal. "

Ye Chen looks at this strange light mask in front of him, and even nine epilepsy can't enter. It's really strange and terrible.

"I'll try!"

Ye Chenhua's blood god gauze, dust stele and Xu tuyuan Fu turn to the extreme, and the whole person seems to be wrapped in a layer of blood and Xu tuyuan Qi.

Ye Chen's palm wrapped with huaxueshensha and xutuyuanfu carefully touched the transparent mask.

This kind of strange breath, just like nine epilepsy said, in this moment filled in their own sea of knowledge.

Chapter 5512

Ye Chen feels that his aura seems to be pulled away by something. He breaks his defense and is directly involved in the pool.

That breath releases the spirit wave of silk continuously again, the palm of the leaf Chen wears once more, pour into oneself of know sea directly.

"Destroy the seal! Reincarnation blood, open

Ye Chen reincarnation blood, mouth a stuffy hum, incomparably surging destructive power, forced his willpower to the highest position.

But under the powerful mental rules of the light mask, ye Chen's destruction and blood became pale and weak, and even became the existence of Renyu flesh.

Ye Chen can clearly feel that the powerful force is slowly eroding and erasing his consciousness and soul. Once the two are completely erased, the whole body will become the feed of the pool.

Nine epilepsy see shape, hurriedly will ye Chen backward a drag.

"Jie Jie..."

A strange smile came out of the pool, as if mocking their poor strength.

It seems that there is a strange animal swimming in the pool water. The body of the strange animal is shining orange red light, flashing below the pool water.

"Is there a guardian beast?"

Nine epilepsy looking at this transparent light cover inside of the strange animal God light, the facial expression becomes heavy and fear.

"If I'm not wrong, the law above the mask is emitted by it."

Ye Chen nods. This mysterious archaic beast is a powerful existence above reincarnation blood and destruction seal.

"It seems that we are not qualified to enter either."

"I think it's not something that ordinary people can easily touch."

Nine epilepsy sighed tone, see to the Mou light of leaf Chen full of helpless.

Ye Chen naturally won't give up, and ye Chen's divine consciousness has asked Feng Tianshang again:
"master Feng, is there any way to enter?"

Feng Tianshang looked strange: "I can't feel the seal either. This pool of water is not just a collection of pure spiritual power. It cuts off all the breath of the seal. If I didn't hold the ancient plate, I couldn't feel it."

Feng Tianshang shook his head and said that he had never seen such a spirit liquid for many years. The power of the law, such as the spirit liquid and the wandering ghost beast, was one.

"Well..."

Ye Chen nods regretfully, but there is no way to seal the sky. It seems that if you want to get the seal, you have to continue to improve your strength.

In addition to absolute strength, there is no way to break the shield.

"It seems that Tao Wujiang doesn't want to get the seal, but can't get it."

"Well."

Ye Chen nods. The strength of Tao Wujiang is the same as that of Jiu Dian. Jiu Dian can't penetrate. Naturally, Tao Wujiang can't, but since he has been guarding this pool for tens of thousands of years, he must have studied it.

"It's a pity he's gone, or maybe he'll do something about it."

"Go back first, let's take a long view."

Two people some nostalgic looked back at the pool water, can only regret to leave.

.....

Along the way, ye Chen found that the eastern territory was full of corpses and the fluctuation of martial arts.

Obviously, there is a round of reshuffle in eastern Xinjiang.

"All the way back, Eastern Xinjiang is killing."

Ye Chen eyes some helpless, he and nine epilepsy from the sky over, the forces on the ground are fighting.

"Since the seal of God is under the temple of Dongjiang, I have to wait for it."

Nine epilepsy originally natural and unrestrained face, at this time seems to have a trace of imprisonment, originally he is to want to win the road after Wujiang across the field.

But now, when he waits for the person he wants to wait for, he will naturally complete his mission.

"In the eastern territory at the moment, I will destroy Daocheng."

Nine crazy showed a smile: "this East Territory chaos situation, so far."

Ye Chen nodded, nine epilepsy is the strongest in the East Territory at the moment, it is the best for him to end this dispute, and he will guard the seal, he will not worry that the seal will be coveted by others.

"Zhang Jia will be protected by the elder generation."

Ye Chen arched her hand. Since Zhang Ruoling has decided to protect Zhang, he naturally wants to pave the way for Zhang Ruoling. If Jiudian helps her, she will not encounter any danger.

"Naturally, you can rest assured."

In today's eastern territory, all the rules have been re formulated and all the factions have been reshuffled. Ye Chen sees that countless martial arts practitioners are at a loss and helpless.

After Jiudian entered the temple of Dongjiang, some of them knelt down to beg for forgiveness, some of them ran away in a hurry, and some of them committed suicide in the square.

Ye Chen stands on the high platform indifferently, and the bloody square is full of red light, a bloody taste.

"Ye Chen, you should fulfill what you promised me."

Reincarnation cemetery, the voice of the old reappearance, let Ye Chen heart a shock."I won't help you break the chain again."

Ye Chen didn't even think about it and said that the experience of being taken away was enough once.

"Ha ha ha!"

The old man's laughter trembled in the whole reincarnation cemetery. It seemed that he was in a good mood. How much Ye Chen was afraid of him showed how terrible his existence was.

"Don't worry, it's not for you to help me cut the chain."

"Other conditions, please tell me."

Ye Chen hands clasped across the chest, a face vigilant looking at the present reincarnation tombstone.

"I know that you want to enter the light shield protected by special rules. In fact, there are two ways to break the pure power of spiritual rules."

"What can I do?"

"For one thing, you have absolute strength. If you lend your body to me, I can break it."

Ye Chen horizontal eyebrow a pick, the facial expression becomes chilly.

It's obviously a refusal!

"I'm just talking." Huang Lao's voice is full of ridicule. After Ren Feifan interrupted him the last time, it's almost impossible for him to borrow Ye Chen's body again. He can only continue to say, "second, if there are powerful magic soldiers with the same special rules, they can break it."

"A mighty soldier with special laws?"

Ye Chen eyes a bright, if there is a way, this level of magic, he will try his best to get.

"Ye Chen, I once had a magic weapon with a strong sense of law, but it was a pity that it was broken in the battle of the gods and became a broken sword."

"Broken sword?"

Ye Chen some regrets of listen.

"That's what I want you to do. Help me find this broken sword."

"Now that the sword is broken, why look for it?"

Huang Lao didn't speak directly this time. He was silent for a moment, as if he didn't want to reveal something.

"Of course I have my use. Even if it's just a broken sword, it's easy to help you break the law barrier."

Ye Chen is silent, he to the old man, from beginning to end has been maintaining incomparable doubt.

If it is true, as Huang Lao said, a broken sword has such power.

What kind of power will the once complete sword possess! Ye Chen can't even imagine.

But getting the seal is the most important thing for ye Chen.

Chapter 5513

"Where is it?"

Ye Chen finally agreed to come down, as long as he firmly guard reincarnation cemetery, ye Chen believe that the old man will not have the opportunity to do evil.

"Heaven and man, meteorite Island, you start now, I will tell you how to get there!" The old way.

"OK, I promise you, but I'll go to a place before I leave eastern Xinjiang!"

The next second, a figure flying through the void, will soon appear in the Zhangjia sky.

"Brother ye?"

Zhang Ruoling looks at Ye Chen who suddenly appears in the sky. The meaning of Taoist Acacia has been secretly hidden in his heart.

"Ruoling, master Jiudian has officially entered the East frontier temple. If you encounter any problems in the whole East Territory in the future, you can go directly to him."

Ye Chen looks at Zhang Ruoling, who has not seen for several days and is still pretty. With the soft skin on her cheek, she has already seen the mature facial curve and the charm of mature women, which adds a lot to her beauty.

"Well, brother ye, you're leaving?"

Zhang Ruoling understood the purpose of Ye Chen's trip at a glance.

Ye Chen nodded: "I've said goodbye to master Jiudian. I'm going to leave for ten days. I will come back in ten days without any accident. "

"Brother ye, you must take good care of yourself in this trip."

Ye Chen showed a warm smile: "you can rest assured, I will send your things back to Nanxiao Valley, let your brother rest assured."

"Well, thank you, brother Ye."

Ye Chen no longer spoke, gently touched Zhang Ruoling's hair: "take care of yourself."

The next second, the figure disappeared in Zhang Ruoling's sight.

He didn't know what the meteorite Island meant in heaven and man. He only heard about it occasionally, but it was related to the desolation and old age, and it was definitely not an ordinary place.

I just hope that nothing will happen in this trip!

.....

Meteorite island is located in the extreme west of heaven and man, surrounded by endless rolling sea water.

Ye Chen stood in front of the sea, the vast white fog blocked people's sight, unable to see the appearance of the island behind the sea.

Different from the blue or black sea water in the general sea area, the waters wrapped outside the meteorite island are in a state of blood red.

It is said that the battle of the gods tens of thousands of years ago, here is the battlefield. Countless super strong men fell, and all their blood poured into the sea. The originally clear water turned into blood red, which seems to be in commemoration of the dead souls of war.

Ye Chen doesn't know whether it's true or not, but the name of the meteorite island must have come from that war. The existence of such taboos in the world keeps secret of the meteorite island and the broken sword, and there must be endless cause and effect.

"Through here, you can reach meteorite island."

The old man's voice seems to contain a trace of impatient anxiety. Ye Chen's heart is more speculative, but now that he has arrived here, he can only go ahead and plan for other things.

Ye Chen negative hand but rise, single foot a bit, have already traversed on the whole sea area.

"Gollum, Gollum!"

A few fierce beast's special intention of swallowing is sent out in the sea of blood. Ye Chen looks down from high and faintly can see that there are countless virtual shadows at the bottom of the water, approaching the water.

A gray figure, constantly rolling out from the blood water.

Those gray guys, one by one with a sharp mouth, round body, body only short hair.

"What is this?"

"It's the netherworld blood beast."

The voice of the old man came from the reincarnation cemetery. After the first World War, I didn't expect that the meteorite island was occupied by such blood beasts.

Those fierce beasts wandering out of the blood water rush towards Ye Chen crazily, and their eyes are full of fury and bloodthirsty.

Red light spots rose out of the blood water and immediately merged into the blood beast's body. Their strong body was more arrogant.

"Bang bang!"

at the next moment, the bodies of the blood beasts suddenly soared, overturned and filled with water. In this process, the blood beasts' eyes showed a strong sense of killing and blood.

Ye Chen did not hesitate, a Sha sword across the void, the power of the brutal evil spirit, bravely and fearlessly toward the head of the netherworld blood beast.

"Bang bang!"

At the moment when shajian touched the skin of the blood beast, it ran across their bodies and made continuous explosions among the blood beast people.

The first blood beasts burst out in the void, like bright red fireworks occupying the whole void.

Ye Chen's eyes were so far away that he even observed that there was a blood red blister in every blood beast's body. At the moment when the killer's body broke, the blister was also exploded.

.....

Half an hour later.

Through the sea of blood, countless blood beasts were shot down in the sea by Ye Chen, and he finally set foot on the meteorite island.

On the ground where meteorite island and blood red sea area meet, the soil presents the color of blood red, as if it is filled with bloodstains, emitting extremely sharp killing intention. The moment Ye Chen landed, he even heard the fierce fighting on the battlefield, the cruel and cruel battle of the gods. Even after thousands of years, there are still traces.

The whole chondrite island is so quiet that there is not even a living bird in sight.

Rao is Ye Chen so strength, he all sensed that sharp incomparable killing intention, it seems that only killing can solve all problems.

What happened here in those days!

Ye Chen's eyes closed, just at this time, directly opposite him, a woman in white, long sleeves flying, holding a sword, has galloped toward him.

I didn't feel any breath just now!

This woman's appearance is in such a sudden, extremely incisive offensive, with a bit strange, it seems that all the previous means are not the same.

"No! She's not human

Ye Chen looked at the illusion, this woman is just a mirage, or a remnant of the battle of the gods.

"Well! Just a remnant image, also want to stop me

Ye Chen's mouth curved, but he had the existence of Wuzu's Taoist heart!

The sword in his hand danced among the illusions and shadows.

It seems that ye Chen was inspired, and all kinds of ghosts and ghosts appeared in front of him. The more clear scene of the war made Ye Chen's spirits feel uncomfortable, and a sense of uneasiness haunted him.

Ye Chen clenched his teeth. Wu Zu's Taoist heart was enough to keep him sober. Even if he killed again, it would not affect him.

However, the endless shadow of the picture, but let him not distinguish the direction of progress, for a moment, difficult.

"Hongmeng big star sky!"

Ye Chen didn't want to stay here for a long time. His breath broke out in an instant. With a wave of his hand, a magnificent starry sky suddenly emerged, blocking the sky and blocking the sun. All the images were cut off for a moment.

Chapter 5514

Under the big Hongmeng sky, there are endless Hongmeng ancient Qi floating. There are huge stars floating quietly.

If you look carefully, in fact, each huge star is elaborately carved with Hongmeng's ancient Fu Zhuan, which has the extremely powerful Hongmeng Tianwei to suppress him.

At this moment, Hongmeng starry sky almost covered the whole meteorite island.

Under the suppression of the big starry sky, the original image gradually became empty, and finally could not be seen clearly.

Ye Chen's eyes are fixed, standing on the meteorite Island, just like the master of the world.

The endless shadow disappears. The battle traces of meteorite Island ten thousand years ago have been covered by green grass and trees. Only the uneven debris and the huge pit on the ground show what happened.

"Go to the depths of meteorite Island, where the broken sword is."

The voice of the old man seemed to be surprise and restraint, and the whole person seemed to be on the edge of eager to try.

Ye Chen nodded slightly. He had made up his mind that even if he found the broken sword, he would never throw it into reincarnation cemetery.

This broken sword will become a new cause and effect tie between him and Huang Lao.

Just when ye Chen is ready to go deep, his body is slightly stunned, and his expression is extremely strange!

Because just now, a touch of very familiar Wu Yi Dao Yun slowly seeped out from the side of the meteorite God Island. Ye Chen's eyes coagulated, and his whole body was in a state of shock.

If he doesn't feel wrong, there is something on this island that is very similar to his Lingxiao martial arts.

However, the meaning of Lingxiao martial arts is that ye Chen only has his own artistic conception of martial arts according to the meaning of real martial arts and his own perception of martial arts.

And then Lingxiao martial arts will continue to fill the ascension, become a unique pure martial arts.

How can someone's Lingxiao Wu idea be so similar to his own?

Ye Chen's steps turn slightly, and the whole person has deviated from the direction of the old man.

"You're going the wrong way. You shouldn't turn!"

Huang Lao's anxious voice came from reincarnation cemetery, and he didn't seem to want to let Ye Chen step into other areas of meteorite island.

Ye Chen doesn't pay attention to him. The more desolate he is, the more he doesn't want him to step into the place. Ye Chen wants to go to find out.

"What's here?"

"The things here have nothing to do with you. It's very dangerous. Take the broken sword and leave here."

The old man pondered for a moment and explained simply.

Ye Chen mouth corner a hook, peep out to put on a sneer, he pour to want to see, this side has nothing to do with him of thing, all is what.

Barren old see unable to stop Ye Chen, can only come to him some irritable stuffy hum.

After a stick of incense, ye Chen's steps finally stop.

In front of him is a very steep huge rock wall, standing on the edge of the meteorite island. Above the high rock wall is a very uneven section, which should have been broken by human brute force.

The cold sea of blood slapped on the stone wall and rolled up layers of spray.

Ye Chen walked towards the denser corner of Lingxiao Wudao road. Some of the bones along the way had been weathered and turned into sand. When he touched them, they had disappeared between heaven and earth.

"Someone?"

After ye Chen turns to a huge stone, he suddenly looks at the stone wall at the corner. A long gun nails a young man on the stone wall.

The Lingxiao martial arts he had felt before came from the young man.

"Dead."

The place where the long gun was exposed was full of traces of time, which was obviously left by the war ten thousand years ago.

However, the young man was not like the one he had seen all the way. His hair was still black, and he was covered with countless knives and guns. His blood was dripping, but his skin was still elastic.

It's just the sand and blood on it. I can't see his original appearance.

Right here, ye Chen's pupil is extremely enlarged!

Because the dead young man's fingers trembled slightly!

Ye Chen sees helplessly that youth unexpectedly still has strength to raise a finger, heart bottom a burst of surprise.

"He hasn't fallen yet."

The old man's voice came slowly. Now seeing this man's appearance, I can't help thinking of Yu Guang ten thousand years ago.

Ye Chen nodded, not in a hurry, but carefully observed the surrounding situation.

The netherworld blood beast in the water may have been killed by Ye Chen, but it didn't appear again.

The youth's Qi is almost extinct. I don't know how long it will last.

"What are you doing?"

The old man felt that ye Chen moved forward, and seemed to want to save the young man, so he quickly scolded.

"Since his vitality has lasted to see me, it is the cause and effect of both of us, so I will save him!"

"Are you crazy? Do you know where this is? How many people are still coveting the cause and effect of the battle of the gods ten thousand years ago? If you intervene in it, you will surely get into trouble! "

Ye Chen was firm and shook his head: "so what."The old man was speechless for a while: "this trip is to help me get the broken sword, not to save people!"

"So? Can you command me? " Ye Chen's corner of the mouth calls up a smile of sarcasm, "this person, I saved definitely!"

There are ten thousand people who don't want to, but he can't speak. Now he is in the reincarnation cemetery. Even if ye Chen wants to tear up the deal with him, he can't help it.

Such a situation, let his whole person infected with a layer of irritable anger, he wants to explode, want to kill, want to teach Ye Chen a good lesson.

However, at the moment, he can't do it.

Before that, under the restriction of reincarnation cemeteries one after another, the power of the divine power that destroyed the boundless Tao became weak, like a joke.

The old man opened his mouth and said nothing again.

Ye Chen body shape imperial air but rise, raise his left hand, firm grip to that youth pierce chest but pass of long gun, dint a pull.

Bang!

A red fireball burst out at the moment when ye Chen took the young man to leave the stone wall. Countless flames suddenly splashed out, and there was even a back move.

Even ye Chen's meticulous existence can't help but marvel at the strength of those strong men ten thousand years ago. He has been pierced by countless weapons and inserted them on the stone wall with a long gun, leaving behind a killing move.

What kind of hatred should be, so that those who start a ring of careful calculation without omission!

The sword of zhentianhuang City, which ye Chenxu's tuyuan talisman turned into, was blocked by Qi Shushu at the back of Ye Chen, blocking the fierce atmosphere outside.

The young man's skin is still weak, no stiff feeling, if ye Chen did not guess wrong, the young man should have participated in the battle of the gods.

His Lingxiao martial arts are very similar to Ye Chen's, even similar.

Ye Chen's eyes a Lin, that penetrates the long gun of the chest, has been pulled out by him.

After tens of thousands of years, there was not enough blood in the young people's body. Only at the wound, the red blood came out in circles.

"With Lingxiao Wuyi, you and I are of the same kind. Today, I will try my best to save you."

Chapter 5515

"If you save us, it's our fate. If you fail, it's also your disaster."

With that, ye Chen raised his hand slowly, and a grand Bagua Tiandan stove appeared on the young man's head.

Tianfa, Difa, Shuifa, huofa, Leifa, zefa, Fengfa, shanfa, Bazhong Qimen, each of which has supreme power.

Ye Chen's pithy formula is repeatedly pinched, and countless thunder and flames are rolling up in the Dan furnace. The mysterious breath of eight trigrams and the ancient Hongmeng charm are constantly intertwined and fused.

Wudao Zhenyuan pill, infused with endless thunder and fire, suddenly burst out a dazzling look and greatly improved its quality.

Ye Chen's eyes are concise, and his whole body's spirit power is constantly urging. The eight trigrams fire method and thunder method roar in the Dan furnace, and the endless spirit rises to the sky.

Whoa! Whoa! What's the matter! Let's go! Baa! Moo! Woo! Boo!

The next moment, ye Chen throat open, a road of bright syllables, with rolling golden light, rushed to the furnace inside.

The mighty sound of dragon and eight gods, like a bomb, detonates the power of thunder and fire.

The endless thunder and fire is more turbulent. Under the nourishment of endless thunder and fire, the Wudao Zhenyuan pill is filled with the powerful medicinal gas.

Boom!

On the sky, there are terrible thunder clouds. It seems that there are thunder robbers to land, and there are still pieces of fire dancing among the clouds, which is frightening.

"Dan Cheng, come out!"

Ye Chen turns his hand up and puts the Wudao Zhenyuan pill in his hand. The young man's Lingxiao martial arts idea is the same as his own. He uses two kinds of secret methods to refine Wudao Zhenyuan at the same time, which should be able to arouse his own power of martial arts and help him repair it quickly.

Wu Daozhen yuan Dan is fed into the youth's stomach by Ye Chen.

But this high-quality pill didn't seem to have any effect on the young man.

"Don't waste your time. Since he has participated in the battle of the gods, his strength should far exceed you."

The old man's voice came again, even with a hint of schadenfreude: "he can't get rid of such shackles. He has been nailed to the stone wall for thousands of years. How can he survive because of your pills."

"He's not dead yet. He's very similar to my Lingxiao martial arts. I'm sure I can save him." Ye chendao.

But the old man sneered: "hum! He has survived so many years in such a seriously injured state. There must be his way. Now you have forcibly broken the balance in his body. Maybe because of you, he will die faster! "

In fact, he didn't know what means the other side used to survive, but the person who can participate in the battle of the gods is absolutely not an ordinary person, and this person has been alive for thousands of years, which is even more difficult to predict.

Ye Chen can't save this person naturally is excellent, if once save, that his later calculation, may have new variable again.

But his words had no effect on Ye Chen. Since Wu Dao Zhen Yuan Dan had no effect, ye Chen put the spiritual power in his body slowly into the young man's body.

There is almost no muscle connection in the young people's body, which has already been broken into strips, and countless flesh and blood breath have been broken up. The whole body can be said to be wrapped only by that skeleton, otherwise it will be a mess of meat.

His injury is more serious than ye Chen imagined.

If it wasn't for his continuous insistence on Lingxiao martial arts and his strong belief, this man would have died out in these endless years.

Ye Chen sighed with such shocking truth of martial arts and such powerful and arrogant belief.

He must not let such a man die under his own eyes.

"You can't save him. He only has a little faith. If you want to get his inheritance, I have a way to help you."

The voice of the old man rang again: "the inheritance of the strong in the battle of the gods will surely bring you a lot of harvest. In addition, it seems that you need a lot of resources to recover the double pupil nightmare in the reincarnation cemetery. Everything on this guy will satisfy the double pupil nightmare."

The old man tempts to say, trying to stop Ye Chen from saving the young man.

Ye Chen suddenly gave out a faint laugh: "old man, it sounds like you are especially worried about me saving him."

"It's because you have no ability to save him. If you want me to take charge of your body, I can try." The old way.

Ye Chen shakes his head: "such a small matter, I can do it myself."

Huang Lao is worried about something, which shows that it has an absolute influence on Huang Lao. Maybe Huang Lao knows the identity of this young man. In this case, ye Chen makes up his mind to save this young man.

If both the elixir and Lingli have little effect, there is only one way left.

With two fingers as the blade, ye Chen drew a sword mark on the palm of his left hand. His skin and flesh rolled, and thick blood gushed out instantly.

He dripped all the blood into the young man's mouth.

The other hand, to the force of thunder traction wudaozhen yuan Dan. Ye Chen's blood is reincarnation blood, demon blood, and even dragon blood, full of endless vitality. At this time, with his blood as medicine, we can certainly save the youth.

"Ridiculous! You'll be sorry, you son of a bitch

The old man's voice rang out, he now some regret, if at first he took the initiative to let Ye Chen cure this young man, maybe Ye Chen will leave directly.

Now, what he didn't want to happen has happened.

In fact, ye Chen is not sure whether it is right for him to save others with his own blood, but his intuition tells him that since that person has similar Lingxiao martial arts with himself, he must not be a mean person.

But if he has changed his nature in this eternal time, ye Chen will kill him when he has not fully recovered.

Under the connection of reincarnation blood and super vitality blood, the eight special channels in the young man's body were glued together as if with divine help, washing the evil spirit that had been attacked by the sea blood for thousands of years.

And his wounds, big and small, which are visible to the naked eye, have the marvelous effect of wudaozhenyuandan. They are almost healed except for the blood holes on his clothes.

It's just the disordered internal breathing of the five zang organs and his cultivation aura. It takes a certain amount of time to recover.

Ye Chen looks at the young man's face which has been greatly improved. He knows that this man should have been saved.

"Are you going to watch him wake up all the time?"

The old man's cold voice sounded, and he was really a little depressed.

"Ha ha!" Don't know why, hear the old some gloomy voice, ye Chen heart involuntarily full of happy feeling.

"Huang Lao, you don't have to worry. Since he is no longer in serious trouble, let's go to find the broken sword first."

The old man snorted and said nothing more.

Chapter 5516

"But the island is not safe either. I have to leave something behind." Ye Chen Mou son a coagulate, way.

All of a sudden, wisps of Wutu gas burst out in a frenzied way, blooming into a huge yellow light, and instantly evolved into nine huge swords, each of which was as huge as a carved dragon beam and column, and fell to the ground in a circle, like a sword wall, firmly guarding the young man's side.

Zhentian imperial city sword!

This magic power is a technique evolved from Wutu Yuanfu. It's not a sword to kill, but a sword to guard. It turns Wutu essence into Qi to guard the person he wants to guard.

Ye Chen turns to see a youth who is still in a coma, hoping that he can wake up smoothly.

At the moment Ye Chen left, the young man wrapped in Xu earth rolled his fingers slightly, as if he was about to wake up.

Although he has not yet fully awakened, just as ye Chen perceives him, he also perceives Ye Chen's Lingxiao martial arts.

It's a man with martial arts similar to him who is saving him.

.....

Deep in meteorite island.

The sense of bloody killing comes to my nostrils. Even ye Chen's existence needs to stabilize himself with the spirit of Wuzu.

We can see how terrible the deep place is!

A handful of dead bones, no longer as the general desertification of peripheral bones, but into a blood red crystal.

The crystal stones are mixed with the martial spirits of the master. They are like tombstones made of their own bones. They watch the distance and are unwilling to sit or stand.

Ye Chen's face becomes extremely ugly, even if it's just the remains of the gods, the last trace of the spirit's killing intention is crisscross. If you're not careful, ye Chen will be twisted into meat sauce by the endless martial arts.

"Where is it?"

Ye Chen looks at the boundless deep cave, and the speed is getting slower and slower.

It seems that the old man has been concentrating on looking for the whereabouts of the broken sword.

"On these crystal stones, there is a cruel aftereffect. Don't touch it!"

Huang Lao reminded that ye Chen nodded repeatedly. He had already discovered the secret on the crystal. At this time, looking at the countless light spots in the abyss, he felt numb on his scalp.

Ye Chen is extremely careful to avoid the bone melting crystal along the way. Countless magic weapons and sharp blades fall on the ground, and some run across the stone wall.

Xiao Huang still needs countless divine soldiers to sacrifice to wake up. Ye Chen can't regard so many divine soldiers as nothing. He decides to throw some divine soldiers who still have the power of supreme law into reincarnation cemetery.

Seems to understand Ye Chen's mind, the magic soldiers, into the reincarnation cemetery moment, has become a streamer, into the body of Xiao Huang.

"Ye Chen! Don't forget the purpose of our trip! "

The old man can't see ye Chen's greedy face at all. He reminds me in a dull voice.

Originally, the danger of this way, in Ye Chen's picking up, seems to take the island as a treasure.

"Be careful!"

Ye Chen's figure had already turned before the old words were heard.

A blood red crystal stone didn't know to be bombarded by what thing to come over, mercilessly smash on the ground that leaf Chen just stood up.

Ye Chen takes a step forward, and his breath has swept nine days.

A four body giant inlaid with red crystal stone is walking out of the pile of stones.

Looking up at him, his eyes sent out a sharp killing.

Those crystal stones, which ye Chen carefully bypassed, turned into the magic weapons of the beast. They all followed the arrangement of the beast and bombarded Ye Chen.

Ye Chen's face sank, his soul and body transformed, and the evil sword in his hand had been sacrificed. The whole person was entangled with the destructive power of the six heavens, the power of the law of Daoyin and the state of hurricane, and rushed to the giant beast quickly.

A sonorous and powerful sound came out, and the Sha sword struck on the giant beast, just like cutting on the ore, making a roaring sound.

"This guy will not absorb the power of these crystals to grow up."

Ye Chen couldn't help sighing. After fighting, he found that the beast didn't even have the spirit of life, as if his existence was fixed, without reason and thinking.

The whole deep red crystal is his energy source, as long as there is one, it can't be defeated by itself!

Ye Chen's eyes slightly turn, no longer fight with the beast's brute force, but start to move, trying to let the beast consume and destroy many blood colored crystal stones.

As expected, the beast did not have the slightest thought to speak of. With the sharp reduction of the number of blood colored crystal stones in this deep place, the original violent power of the beast is slowly weakening.

The leaf Chen lips Cape starts to stir up a silk smile, "so it is!"

In that case! Then let the bloody crystal die out!

Ye Chen roared and put the evil sword away directly. His body hovered more quickly in front of the red crystal stone, seducing the giant beast to break the power.

All over the sky blasting guidelines, into countless dust, penetrate the depths of the whole meteorite God Island. Those crystal stones, which are actually human bones, are dying out at this time.

Boom!

The last piece of blood colored crystal disappeared, and the giant beast finally fell down. It also turned into fine crystal stones, falling on the ground one by one.

Ye Chen looked at the meteorite God Island as if it had experienced the first World War, and some helplessly touched his nose.

"That's good. At least it's easier to find the broken sword."

"There it is

Without the block of crystal power, the whole deep sight of the meteorite God Island can be seen at a glance. Huang Lao instantly sensed the whereabouts of the broken sword and quickly said.

Ye Chen nodded, and one step had already reached the broken sword.

The black part of the broken sword is covered with countless runes. It should be extremely arrogant!

"Draw your sword

The old man's urging voice sounded again.

Ye Chen didn't hesitate. He looked up at the surrounding environment, reached for the handle of the broken sword, and tried to pull it out from the ground.

But the next moment, something changed.

The broken sword quickly trembles, blooms the incomparable terror breath, stabs Ye Chen's palm, wants to assassinate him.

Those black sword Qi quickly gathered and wrapped Ye Chen.

Obviously, the broken sword is fighting.

Ye Chen heart a burst of helpless, "desolate old, is this really your sword?"? Can you make him recognize me? "

The taboo in the world, however, said, "hurry up, it's too late!"

Ignoring Huang Lao's implied meaning, ye Chen hums coldly. Countless bright swords appear on his palm. He quickly bombards the black sword Qi on the broken sword.

At the same time, the reincarnation blood in his body is burning violently, and he wants to suppress the broken sword quickly.

The old people have to be obediently in the reincarnation cemetery. What can you do with a broken sword!

Ye Chen suddenly drank, and his eyes burst out with a bright light.

At this moment, he mobilized all his strength to suppress the broken sword.

It's just that the broken sword is too terrible. It has the magic power to the sky, and even has an inexplicable connection with meteorite island. The resistance is extremely fierce.

If ye Chen didn't have reincarnation blood, I'm afraid he would be injured by the broken sword as soon as he touched!

Is this the old sword?

If complete, then how terrible!

I'm afraid it's beyond the concept of law artifact!

Chapter 5517

Ye Chen stares at this broken sword, dare not think much!

This meteorite island is too evil. This sword is even more evil. We must pull it out as soon as possible!

Soul body transformation!

Then, a strange grain gradually spread on Ye Chen's body, and the mysterious body turned into spirit!

At the moment, ye Chen's hands are full of endless strength!

Buzz, buzz!

The broken sword vibrates again, and ye Chen's arm is wrapped by the black air of the broken sword. He can feel that the broken sword is being shaken by him a little bit.

As time goes by, ye Chen's forehead is covered with fine beads of sweat. It's much harder than he imagined to accept this broken sword.

"Boom!"

at this moment, the broken sword gave out a long cry like a dragon soul, and the burning feeling came from ye Chen's palm.

Can't let go!

Ye Chen feels that at the moment he and the broken sword in front of him finally have a feeling of being connected as one.

Even he could feel that the broken sword had become a part of his body.

The broken sword finally left the ground, ye Chen gently waved, and easily cut out a black crack in the void.

"What a terrible sword! No wonder the old man said that he could break the spiritual barrier of the mysterious beast

Ye Chen's surprised exclamation way, can get so magic weapon, is worth this trip finally.

No matter his body or his trump card, ye Chen is already blessed. However, in terms of comprehensive strength, ye Chen has always been inferior to those Taizhen realms. Now with the blessing of broken sword, even if its power is far less powerful than that of its heyday, it is a secret treasure.

"Got it!"

"Get out of here!"

In the voice of the old man, there are some dignified people who are in a hurry. It seems that there is something wrong with them.

"What's the matter?" Ye Chen doubts that he didn't have a good feeling for the old man, but at this time he is full of doubts.

Before the old man answered, there was a sudden shock from the whole meteorite island!

"Bold! How dare you hit me on the idea of falling into the God Island

Soon, from outside the island appeared a very sharp figure, quickly came.

He didn't even wait for ye Chen's hand. He had gathered five blood red sea water lines in his hand.

These five water lines in his palm, slowly condensed into a red crystal, but the crystal is wrapped with a thick layer of fog.

After condensing, that person hands a shake, direct that crystal stone toward leaf Chen shoot.

Red crystal stone, hanging a long tail of flame, trailing a long tail of white fog behind, quickly smashed towards Ye Chen.

Boom!

there was a huge sound of explosion on the broken sword beside Ye Chen. At the same time, it raised a huge wave to lift Ye Chen, who could avoid the blow, out.

That person sends out a sneer, huge figure suddenly removes several Zhang, appear directly in front of the leaf Chen.

Ye Chen's heart is startled, the body shape has already disappeared out of thin air, appear again, seem to exchange position with that person the same.

"For tens of thousands of years, there have been countless people who want to fight this broken sword. Do you know what happened to them?"

That person's voice is loud and powerful, obviously is not an ordinary too true realm strong person, just depend on his just shift shape change shadow, the strength is enough to crush Ye Chen.

"Who is the elder?"

Ye Chen still bows to body to ask a way, listen to the meaning in that person's words, should be with this meteorite God Island to have innumerable connection.

"Well! I've robbed my territory, but I don't know who I am? "

That person's arrogant vision sees to leaf Chen, leaf Chen even can see the facial expression of a silk sympathy.

"I am the leader of meteorite island. Now that you have the idea of breaking the sword, you should stay in the meteorite island and accompany me. "

Meteorite God island Master Mou Guang Yi Shan, an extremely secret special law wave, already filled in front of Ye Chen.

Is also a special type of attack!

Ye Chen's heart is shocked. Is there any incomparable cause and effect between the leader of the meteorite island and the God seal, the strange beast, the broken sword, and even the battle between the gods?

"Yan xuan'er, help me, kill the moon soul!" he roared

Boom, a flame on Ye Chen's body, burning crazily, it's the fire of Tao spirit!

At the same time, the whole chondrite island is filled with horror!

In the face of meteorite God Island owner, ye Chen will not have any reservation! I'm not qualified to keep it!

He poured all his heart and soul into the Sha sword. The mighty sword spirit and flame surrounded the edge of the sword. A sword light that seemed to divide the world in two shot out of the sword. He collided with the attack of the leader of meteorite God Island!

"Barely enough!"

The leader of meteorite God Island snorts coldly. Ye Chen has more means than he imagined. At his age, if he can have such cultivation and strength, he can be regarded as a demon in heaven and man.

But, he should never touch the broken sword!The leader of meteorite God Island is holding a crystal clear soul needle in his hand. Countless traces of rules are lingering on the soul needle. A great force of thinking is slowly infiltrating into the soul needle from the fingers of the leader of meteorite God Island.

"You're a little interesting. Why don't you become my puppet and accompany me to live forever on this meteorite island."

"Boy, although your spirit is powerful, you must keep away from the soul needle, otherwise you will become a dead man who has no sense of mind and the sea."

Huang Lao's voice is also very nervous at this time. All the energy he accumulated in reincarnation cemetery has been given to Tao Wujiang. At this moment, even if he wants to take over Ye Chen's body, he can't do it.

Ye Chen's heart scolds secretly. It's taboo in the world. He knows that the meteorite God Island has a leader and a guardian, but he didn't mention anything to himself before he came here. His heart is to blame!

"Master! I've come to take my own things at the order of my elders! "

Ye Chen roars, the strength of this island Lord is really too strong, in front of him, he even has no chance to escape.

"Hum!"

The leader of meteorite God Island made a disdainful voice from his nose: "all the people who participated in the battle of the gods have died! What our elders! Don't talk nonsense

"Oh? Did you take part in the battle of the gods

Ye Chen is changing body shape at the same time, one side intensifies to ask a way.

"Don't you understand me, boy?"

The owner of meteorite God Island was obviously a violent man: "all the people who participated in the battle of the gods are dead!"

"No! I knew there was a man, not dead yet

Ye Chen shook his head and said: "just now, I saved a person!"

"Well! Don't say you can't save one, even if you save all the people in the battle of the gods, so what! There is an iron law for me to fall into the God Island. Anyone who breaks his sword will die! "

The body of the leader of meteorite God Island blooms, and countless flames bloom in front of him, forming a brilliant fire field.

A breath of terror broke out.

Chapter 5518

The soul needle, which had been brewed for a long time by the island owner, flew to Ye Chen with the momentum of thunder under the cover of the flame.

"Old man! What to do! "

The soul needle on the slow special force, let Ye Chen extremely embarrassed dodge.

Meteorite God Island owner's mouth raised a smile, dare to violate the iron law of meteorite God Island, must die.

"No way!"

Huang Lao's voice has some helplessness. He doesn't have the energy now, and ye Chen will never cut off the second chain for him.

So, there is no other way, can only escape!

Ye Chen curses Huang Lao, and some angry voices linger in the whole reincarnation cemetery.

At the same time, a terrible sword burst out from heaven and earth and pierced the sky.

The whole world shakes and a crack appears. Ye Chen's evil sword has crossed the void.

Boom!

At the same time, ye Chen has released the dark source symbol. After all, the dark source symbol represents the great source of darkness. It kills the light, destroys everything, and makes the world fall into darkness.

"The darkness is boundless, suppress everything!"

Ye Chen's evil spirit sword, the dark breath condenses on it, that dark source Fu, really too strange, enough to break through the gap of realm, kill all enemies.

This is the horror of dayuanshu!

The breath of the source, vast and magnificent, suppresses people's mind.

For the special attack of the Islander, the dark source sign can temporarily restrain one or two.

"To dark god pulse, open!"

At the critical moment, ye Chen suddenly blesses his soul, thinks of the solution, and immediately starts the dark god pulse.

WOW!

Suddenly, a stream of black gas came out of his body. This black air is also pure darkness.

The two forces of darkness interweave with each other. Ye Chen's body is hidden in the darkness, but his goal is to rush to the outside of the meteorite God Island.

"Want to run?"

Meteorite God Island master one eye saw through Ye Chen's idea, naturally won't let him leave.

Countless blue ice threads float out from the sleeves of the leader of meteorite God Island. Each ice thread is attached with extremely fierce rules. The spirit attack dotted on it is like heavy mercury, showing extremely brutal power.

"Bondage

The belief of the leader of meteorite God Island moves, and the countless blue ice threads, like a premonition, form a huge sword net, which is the only way for ye Chen to escape.

You can't escape!

Ye Chen's heart sank. In the endless dark world, he could not escape from the sight of the leader of meteorite God Island.

"Bind!"

Meteorite God Island owner that incomparable cyan ice silk, like a cocoon shaped circle, will ye Chen round wrapped.

Ye Chen only feels that he knows the sea for a while. Every thread on the ice reflects a cold ray, which is fixed on Ye Chen.

Before that, ye Chen always felt that his spirit was strong, but now, in the face of such strong people, he was very difficult to fight!

Even soul body transformation is useless!

Since there is no way to escape, fight!

Suddenly, ye Chen moved!

The hand Sha sword dance, thousands of sword meaning, rushing on the edge of the sword, toward the winding green silk, shot away!

Ye Chen roared, more crazy than the most dangerous beast. He danced wildly with his sword in his hand and chopped the moon soul. He bombarded and killed the leader of meteorite God Island!

Boom!

The crazy Sha sword cuts on the green silk net one after another. The green silk, which was originally connected with each other, is now broken into countless strips by the extremely sharp Sha sword.

At this time, it is like a new form for these regular green silk strips. Each strip turns into a sharp blade in the void.

On the edge of the sharp blade, there is a crazy blasting force.

The pure power of the law, with the power of destruction, overwhelming toward Ye Chen.

"Stay! Let's die on my God Island

Meteorite God Island owner obviously does not have enough patience, temper hot abnormal, look at Ye Chen's eyes as venomous as snakes and scorpions.

The cruel feeling of incomparable suffocation makes Ye Chen know that he has been driven to a dead end by the leader of meteorite God Island.

The leader of meteorite God Island is really terrible. Even ye Chen has no confidence to avoid this attack. He only has the last method, which is to burn the Xuanyao blood and activate the reincarnation blood for a short time.

In fact, he was ready to burn.

At this time, xuanhanyu's voice came: "Ye Chen, this time you only need to burn a small part, which is less than last time. The little black in your body and I will try our best to protect you, remember! Don't burn too much, or your body can't stand it! "

"Good!" Ye Chen's eyes are firm to the extreme!

"Burn! Reincarnation blood, give me a short recovery! "

At the moment, ye Chen was surrounded by black air, and two mysterious runes appeared in his eyes, which seemed to make the way of heaven submit to it. It seems that he is the master of heaven and earth.

At the moment, his body is surging with explosive force! This power, let him both familiar and strange!

Today's Ye Chen, there is a wave of the hand will be able to smooth the entire space in general illusion!

The leader of meteorite God island looks slightly over and over again. There is a bloody sword in his hand. Madness and reason flash in his eyes alternately. He stares at Ye Chen.

I didn't expect that this boy could let him use the magic weapon!

From beginning to end, the leader of meteorite God Island did not put Ye Chen, the original warrior of the territory, in his eyes. Naturally, he did not use all his strength.

Now, the demon sword in his hand has been wildly swinging, and the supreme law source has been fully displayed by him.

The next moment, ye Chen's wrist turns, Sha Jian has already gone to the leader of meteorite God Island.

At the moment, ye Chen's aura quality, physical strength, vitality, or spiritual strength have been greatly improved in all aspects!

"Bang!"

The two big swords have been pounding together.

The sword light in Ye Chen's hand flashed, and a pure black sword light burst out from the Sha sword and cut it toward the island leader. Its power was even more powerful!

Ye Chen's eyes twinkle. Now, although reincarnation blood only improves his strength for a short time, with his means and so on, his strength has made a qualitative leap!

Meteorite God Island leader's whole body murderous gas a condensation, a blood color sword light instantaneous burst out!

That sword light surging up of moment, leaf Chen's complexion mercilessly a change!

This sword doesn't seem to have the power of the previous law!

But it made Ye Chen feel extremely dangerous!

Damn it!

Burning Xuanyao blood essence is still too little!

What to do?

.....

At the same time.

In the nine great swords protected by the breath of Xu tuyuan Fu, the young man who had been in a coma had slowly opened his eyes.

He vomited a long breath, slowly sat up and looked around.

Chapter 5519

It was originally used to protect his xutu nine sword array. At this time, it seemed that he didn't care about a slap with one hand, and it had all scattered on the meteorite island.

"Eh..."

The mysterious young man sniffed, and the Lingxiao martial arts road remained on the man who had just saved him.

"It's really similar."

The young man thumped his head lightly, as if his consciousness was not clear.

"Is he in danger?"

The bloody smell from the deep of meteorite island made the youth frown.

The young man stroked his neck and stood up wobbly, as if feeling for his own strength.

Boom!

A very powerful force swept out of his body.

His whole body's breath is wrapped with the extremely arrogant thunder power, and the wisps of thunder rules are shining on the youth's body.

Rub rub rub!

The power of thunder law on him, with the growth of his speed, also like climbing the steps, constantly climbing!

.....

The screen turns.

The leader of meteorite God Island holds a sword and forces Ye Chen into a desperate situation.

"Ye Chen, help me cut the chain! Only I can save you

Ye Chen clenches his teeth, and the evil sword in his hand doesn't shrink back. No matter what the result is, he will fight to the last moment.

But he will never choose to be with the taboos in the world. Ye Chen can die, but no one is allowed to make endless killing with his body.

"Ye Chen, are you crazy? When you die, all the plans of the reincarnation Lord will be destroyed! "

Ye Chen shook his head firmly: "no! People are born to die, and I'm not afraid of death! "

Huang Lao collapsed to the extreme. If ye Chen died here, he would never see the sun again.

At this critical moment!

"Bang!"

An extremely sharp arrow, whistling from afar, collided directly with the strange sword in the hand of the leader of meteorite God Island.

But to Ye Chen's surprise, the arrow seemed not to be stopped by the strange sword. It carried a powerful thunder sword, so it crossed out.

The leader of meteorite God Island was shocked, and some of them watched strangely as the strange sword was shot down.

"It's you?"

The owner of the meteorite God island looked at the man, and his eyes were incredible. In the meteorite God Island, the man in front of him could be regarded as a real companion.

However, he fell into death for a long time, just like the totem of the battle of the gods, nailed to the stone wall forever.

The owner of meteorite God Island once thought that the man would be hung on the stone wall for a long time until he lost his life completely.

"Do you know me?"

The young man came from a distance, his clothes were all broken, and his bare feet came from a distance.

The owner of meteorite God island looked at the young man's manner, as if something was different.

"You saved me."

The young man took the lead in walking up to Ye Chen, feeling the Lingxiao martial way that he had the same origin as himself.

Ye Chen has long been awed by his powerful arrow. It is obvious that the arrow is not a young man's magic weapon, but he picked it up and threw it to rescue himself.

This temporary magic weapon also has such power to shoot down the strange sword of the leader of meteorite God Island. How terrible his real strength should be.

Ye Chen nodded slightly: "your strength has been restored?"

The youth showed a smile: "it should be part of the recovery, but also thank you for your blood, your blood is very special, but I feel that it has not reached the peak."

"I'll save your life, you save my life, we don't owe each other."

Ye Chen didn't force a relationship with the young man. If he hadn't planted the good fruit before, the young man would not have arrived in time to save his life at this critical moment.

"It's not your business. He broke the iron law of meteorite island. If he broke his sword, he should die!"

The subject of meteorite island seems to be familiar with the young man.

The young man shook his head: "there is something wrong with my memory. I only remember the infinite space. I don't remember who you are."

"You lost your memory?"

"Maybe, the memory fragments make me a little confused." Youth language is a little sad, it seems that he has forgotten the most important place.

"But he's my Savior. Do you want to kill him? I don't agree! "

The young man tilted his head and looked at the owner of meteorite God Island, full of incomparable killing intention.

"Now you don't even recover 50% of your accomplishments. Do you really want to fight with me?"

"Fight

Less than 50% of the strength? Already let Ye Chen sigh for it.

What is the existence of the strong man who took part in the battle of the gods? How will all the forbidden powers shake the world. The power of thunder is scattered all over the youth, and the power of rules is broken from the depth of his soul.

Boom!

The void was torn, and countless thunderbolts poured down from the void.

The thunder light, like the divine light, spread all over the young man. He was also given a layer of sharp armor by the thunder light.

"The world is ruled by law, and the heaven and the earth are in the sky!"

In the strange sword of the island leader of meteorite God Island, there has been a bloody green front.

It's not just the attack of spirits.

This blood red, churning with countless cruel power of killing violence, seems to gather the whole heart and spirit power of the death spirit of meteorite Island together.

And that green front is also made up of extremely sharp sword awns. Even between his waves, ye Chen can clearly see the charm arranged above.

This blood red green front with its hurricane state, galloping and roaring towards the youth.

The thunder around him changed into cold rays, which collided with the edge.

Bang bang!

Under the impact of the two, the crystal stones and gravel on the ground form a series of sandstorms, which burst up violently.

Ye Chensha sword guards in front of him in an instant, and the evil spirit in the evil spirit wraps up his whole person to avoid the aftereffect of this peerless blow.

The youth's cultivation is so strong. Even though he can only play a part of his cultivation, he is tied with the leader of meteorite God Island. We can see how terrible his original strength is.

"Die for me!"

Meteorite God Island owner cold eyes look at the youth, countless blue flames burst between him and the youth.

If there is a breath like nothing, it comes from the flames.

"Spirit attack!"

Ye Chen exclaimed, loudly reminding the youth to pay attention to this breath.

The young man's face was calm, and he didn't want to escape.

Soon, a special breath still entangled in the youth.

Once defeated, his whole divine consciousness will be broken in an instant, and can no longer be healed, and he will become a useless person completely.

"Poof..."

The young man's mouth spattered with blood, and ye Chen was behind him, exerting a huge starry sky, reluctantly resisting. He could only resist this attack.

Chapter 5520

"Master! Let's go

Ye Chen also saw that the youth was weak and said quickly behind him.

"Let him take us away. It's a dead end to drag us down."

Huang Lao's voice comes again, a trace of anxious urgency, ye Chen even can't help speculating that maybe Huang always knows this young man.

"Good!"

The young man was not an indomitable person. At this time, he saw that he was falling below, and he was also moving outward, looking for opportunities to take advantage of.

"It's not so easy to go!"

The leader of meteorite God Island, who is suspended in the sky, has a wide range of vision. Looking at Ye Chen, their eyes are like the overlord of one side.

"Thunder dominates power, God is prosperous, purple thunder is surging, and the form is transformed into a dragon!"

As soon as the young man's eyes coagulated, he roared in his mouth. His memory is still missing. Now the way to get rid of the leader of meteorite God Island is in his sea of knowledge.

Although it is a forbidden technique, there is no better way.

Under his mantra, the void tears out a huge gap, and countless thunderbolts pour out from the entrance of the void.

In the center of his eyebrows, there was a very dazzling light and shadow.

Hum!

A purple and white beast shadow appeared behind the young man, which was obviously the purple Thunder Dragon.

At the moment, the purple Thunder Dragon turned into two pure energies, and fell into the whole meteorite island.

Suddenly, the whole meteorite Island fell into a tremor, and countless lightning flashes in the void.

Countless thunder power all instilled into the purple Thunder Dragon's body, and the strength was strong again.

The purple Thunder Dragon bloomed a bright light, the outline became more solid than before, and roared toward the owner of meteorite God Island.

"This is the best time! Let's go

The old man's voice said that the purple Thunder Dragon is a secret skill. Compared with the general Dharma, its power is better.

It can even be said that the dragon is actually a fierce beast virtual shadow fostered in the flesh and blood of the youth, and has been keeping warm with his flesh and blood.

"Go

Seeing that the Dragon drags the leader of the meteorite God Island, the young man turns his head, grabs Ye Chen, smashes the void with one foot, and goes straight in one direction.

The momentum of this moment, let Ye Chen in his hand, like a puppet.

When he reacts, they are already in the void, heading to unknown places.

"Master, can you take back your dragon?"

Ye Chen thought, two people's atmosphere now some embarrassed, he can only think of a way to break the situation.

"No "Pooh..."

Another mouthful of blood spattered from the young man's mouth.

"Purple thunder should have fallen."

I don't know why, knowing that it was forbidden, but knowing that zilei was killed, a trace of sadness flashed across his heart.

.....

At this time, seeing the two people fleeing, the leader of meteorite God Island was angry. He had only half of his cultivation power, and he dared to rob people from his own hands!

And the purple Thunder Dragon's long eyes reveal the meaning of cold and cool. The power of thunderstorm all over his body cleans up his scales and makes Zhou Zheng shine.

It seems that each piece of scales is in contrast to the incomparable magic power. The strange sword of the leader of meteorite God Island instantly strikes the dragon's body and makes a clang sound.

You can't cut it! Can't move!

Strong body power, let the dragon with a fierce and fearless attitude, block the meteorite God Island master hit again and again attack.

"Break it for me!"

On the strange sword of the island leader of meteorite God Island, the power of blue law was attached for the first time.

The laws, like radio waves, are sent to the purple dragon through the long sword.

This blue law is more noble and cool than what he used to show before.

The radio waves, in the dragon's knowledge of the sea, form a chain to imprison themselves.

Without the help of young people, the war of one beast and one man made the purple dragon tremble and weak.

Finally, the wave completely erase the dragon body, the original sharp flash of scale, at this time in the loss of the initial light.

The leader of meteorite God Island steps on the dragon and holds the sword. The whole person looks down on the whole sea area. Damn the invaders, he must kill them all!

"Come out!" The ferocious and sharp look of the leader of meteorite God Island made Ye Chen shiver a long time ago.

The youth looks at Ye Chen and pats Ye Chen's shoulder. With me, you can rest assured and signal him to have a rest.

After this battle, ye Chen is really exhausted. At this time, with the young man around, he could rest at ease for a while.

When ye Chen opens his eyes again, they are already in a thatched cottage.

Compared with the noisy fighting before, it's a rare quiet place. Ye Chen rubs his shoulder, and the whole person has sat up slowly.

"Are you awake?" The old clothes of the young man were still hanging on one side, which was scorched by the mountain fire.

"Well, thank you for your help."

Ye Chen quickly bows to salute. For him, the youth in front of him has saved his life.

"I did it in return for your help."

The youth face is hanging an open-minded smile, say to Ye Chen.

Ye Chen nodded slightly and looked at the young man with some uneasiness in his heart: "did you really forget everything about yourself?"

The young man nodded and looked at his palm with some doubts: "I vaguely remember, but it seems that I don't remember anything, but look."

The young man showed his chest without any cover, and his body, which had been pierced, had recovered most of it.

And in his heart, red cinnabar, write two square words - blood god.

"Are you the God of blood?"

Ye Chen guessed that in the battle of the gods, the momentum was extremely vast.

Perhaps only blood god can make people alive for thousands of years.

The legendary blood god can still live in the realm of heaven and man after 3000 times of violence in one night.

"I don't know." The young man showed a smile, "but who I used to be is gone, isn't it?"

Ye Chen hears this sentence, the eye that sees to blood god is full of strange light: "yes, no matter who you are, that is the thing of the past."

"Well."

The young man put down his clothes, and he didn't feel uncomfortable with his rags like a beggar.

"I don't know what are you going to do next?"

Ye Chen's heart faintly has an unspeakable expectation.

"Me? Hahaha, how about joining you? "

Seeing ye Chen's silence, the young man was Frank: "at the moment, I can't remember a lot of things, and I don't know other people. You saved me. I just want to believe you."

At that time, in order to save him, ye Chen did not hesitate to use reincarnation blood and blood, and risked great danger to save him.

If the blood god is willing to walk with him, as long as he recovers a few points, even if he is willing to join hands with God Shitian and xuanjiyue, ye Chen is confident that he will defeat them without using his cards.

How daunting it is to be able to participate in the battle of the gods!
