

Physician 5541

Chapter 5541

Bang bang!

Lei Yin's sword is constantly splashed under the thunder. Jiudian destroys Daoyin, spills out endless destruction rules, and collides with the sword.

Innumerable pool spring liquid in these two huge impact, rising out of innumerable bubbles, snoring in the pool bottom wave.

"Ye Chen! There's a barrier down here Blood god reached out and pushed, and an invisible barrier appeared in the depths of the earth.

"Good!"

Ye Chen nods, and their positions are shifted. The blood god confronts the beast, while ye Chen sacrifices the ghost sword again and plans to break through the wall again.

"Wow

The fury of the evil spirit lingered on the wild devil's sword, and the overwhelming blood left a water mark on the barrier.

It's not broken!

Ye Chen looks at the barrier doubtfully. With the strength of the wild devil sky sword, it can't break the barrier. It must be strange.

"This strange beast comes down in one continuous line with the spirit spring at the bottom of the pool. No matter what kind of damage it suffers, it will recover from the spirit power of the pool spring."

Blood god also retreats to Ye Chen side at this time, some headache of say.

He is frank and open-minded, and he prefers real weapons to real swords to real guns.

Even at this time, the beast and his own immortality have the same effect.

"Well, the wild devil Heavenly Sword can't break this barrier."

"I went back to the cemetery, and the voice of the old man came again. Since he took the initiative to make peace with Ye Chen last time, his figure has been very low.

"What can I do?"

Ye Chen's voice is full of eagerness, and he can even feel that the seal must be behind this barrier, but he has encountered obstacles at this time.

"The Lingquan at the bottom of the pool has accumulated for more than ten thousand years, and a new barrier has been formed on top of the original barrier. The original barrier is just like the previous light shield, which can be broken in an instant, but the new barrier is just like a heavy array. "

"Heavy array? Do you mean that the whole Lingquan at the bottom of the pool is integrated with this array? "

"You are not stupid."

The old man said in a joking voice. Seeing that ye Chen's face turned black and blue, he knew that it was not time to make trouble on purpose. He continued: "so if you want to break this barrier, you need not only Tianjian, but also to remove the array."

"Release the array? Is it to defeat the beast that is integrated with Lingquan, or to drain the bottom of the pool? "

Ye Chen wants to all don't want to say, the most insolent simple method is like what he says.

"Now that you have thought of it, try it." Now that you know it, I have nothing to say.

"Master blood god, I'm afraid that if I want to break this barrier, I need to find a way to defeat this beast first."

"Good!" Blood god nodded, countless blood beads had condensed from his hands, like stars all over the sky, quickly wrapped the beast.

"Blast!"

Under the explosion of countless blood beads, the skin of the strange animal, Qingying, was split, but what was wrapped in it was not flesh and blood, but a more viscous cyan substance than the spirit liquid.

Ye Chen watched helplessly as the countless cyan substances were exploded and cracked. In a flash, countless substances diluted from the endless and vast spirit liquid and added to his body.

"Attack the spirit horn between the forehead!"

Ye Chen waved the wild devil sword in his hand, and the savage evil spirit was like a radio wave, straight toward the horn of the spirit beast.

The bloody halberd appeared in the blood god's hand, and the overwhelming blood covered the spirit beast.

WOW!

The wild devil sword and the bloody halberd pierced the spirit horn of the spirit beast at the same time.

The endless secret green light poured out from the beast horn and mixed into the endless pool and spring spirit liquid.

"Yes."

Blood god eyebrow color reveals joyful, ye Chen's observation power is quite sharp.

Ye Chen nods, since the first line of defense has been broken, then he will pierce the remaining second barrier.

Under the power of the wild devil's Heavenly Sword, it cuts across the barrier under the ground.

Boom!

Innumerable transparent luster, so into pieces, innumerable spirit liquid in this light cover broken moment, a head tilt down.

"Master Jiudian!"

Ye Chen turns his head and looks at the nine epilepsy in full swing fighting with Tao Wujiang. He shouts.

"I'll hold him, you go in!"

Jiudian shakes his head. It was originally his personal resentment with daowujiang. Last time, if daowujiang had not used his apprentice to design him and used his master to escape, he would have killed daowujiang.

Anyway, with the blood god, ye Chen must be searching for the seal.

Ye Chen didn't say much. He fell into the underground world with the blood god.

The underground world is like a brand-new world. The original liquid poured down is not even rain water in the vast underground world. In the process of falling, the falling heat rises into countless auras. "It's not just an underground world, it's more like a self-contained world created by the top powers."

Ye Chen and blood God did not rashly land on the ground, but stood in the sky, carefully observing the situation under the ground.

"Well, it's possible, but if it's true as you speculate, the power to build the world should be the existence of the world's top powers."

Ye Chen's hand appears that heavy ancient god seeking plate. He needs to determine the location of the seal again.

"Who is it! How dare you break into our seal clan

On the deep ground, there appeared a group of people wearing animal skins. Each of them had a grim face, and their eyes showed endless vigilance. They looked deeply at the two people hanging in the air.

Ye Chen ignores the fury of these orcs and looks at the location of the god seeking ancient plate.

"Master, the seal is really here."

"Well. Then find a way to get it. "

The blood god held his arms in front of his chest and did not pay any attention to these people.

"In xiayechen, guided by this ancient plate, I came to get the seal of God."

Those wearing animal skins looked at each other, and their eyes were still full of vigilance. A long sword appeared in everyone's hand, and the law of Tao was watered in the long sword.

"The seal of our God is the seal of our God. No one can take it!"

A man with a high bun on his head stepped forward, and his long sword splashed countless powers. A strong green light appeared on the shadow of the sword.

"I mean no harm." Ye Chen spread out his hand, and put the ancient god seeking plate in his hand to the man, "I have the ancient god seeking plate. I'm destined to get the seal of God."

"I don't care what you have! Seal of God is a very important holy thing for our seal clan. No one is qualified to take it! "

Chapter 5542

That man is not reasonable at all, in the hand long knife raises, a huge knife shadow presents a hundred times of state toward Ye Chen chop and go.

The aura of the underground world rushes out madly from everywhere and gathers in the shadow of the sword. Countless laws, like totems, lie across the shadow of the sword.

Ye Chen's soul body transformed and sacrificed the evil spirit sword. The great destruction seal covered the evil spirit sword. The dark evil spirit was intertwined with the shadow of the sword.

Boom!

The roaring sound of impact reverberated between the shadow of the sword and the evil sword, which made the whole underground space fluctuate.

"Together!"

The man's face changed slightly when he saw that he didn't defeat each other. He obviously didn't have one-on-one experience. Seeing that the strength of a single person was insufficient, he asked all the Shenyin people to work together.

"I feel that the aura of the underground world is very strange. Although the source of the aura is different from that of the pool world before, it can solidify people's blood."

Blood god looked at his arm. He was very sensitive to the control of blood power. At this time, however, after less than a quarter of an hour in the underground world, he felt that the blood flow around him was very slow, and even was gradually affecting his reaction.

"Shenyin crazy sword!"

The shadow of the sword in the hands of many Shenyin clans is slashed towards Ye Chen and the blood god in a frenzied way, with crisscross light and shadow and vigorous power of law.

Ye Chen's pupil suddenly shrinks. On the dark shajian, a mysterious wave surges on the front of the sword. The vast soul power is injected into the shajian box. The Xingtian soul method runs. It seems that countless rules are twinkling on the shajian!

"Moon soul chop!"

In a flash, a sword cut out.

The air between heaven and earth, at the moment when the sword was cut, seemed to freeze.

A sword, which seems to be cast by light, shoots out and collides with countless shadows.

"Hum!"

A sound, a wave toward the rapid spread around, in this collision, the ground formed a gully.

The void collapses and the blade bursts.

I saw countless cracks on the edge of the sword turned into empty shadows under the huge sword.

The shadow of the original crazy sword evaporated under the light of the sword, and the earth shaking sound turned into a little crystal.

"Hold him back!"

The man's eyesight is burning. The two intruders have extraordinary strength and are difficult to deal with. Now, with the strength of these people, it is difficult to compete. We must rely on the rules of the underground world to limit their strength.

"Commander! Their strength is far more terrifying than we think

One of them, a young man, looks a little frightened. He has been in the seal world since he was born, and has never set foot in the outside world. He even naively thought that his strength was already an evil against heaven.

But now the young man standing in front of him is a little bit scared, even the other side looks younger than him.

There were so many of them that they couldn't shake him. Even the young man standing next to him didn't mean to help.

"I, the seal of God, defend the holy things from generation to generation. Even if I die, I have no fear!"

The man looks ferocious. They rely on the aura here to survive, but they are the most powerful reliance on the aura that will limit the blood God and ye Chen.

"We didn't come here until we got the guidance of the ancient god seeking plate. I respect your protection, but do you know the relationship between the ancient god seeking plate and the seal?"

Ye Chen sighs. He doesn't want to increase the killing in vain. In front of them, they feel like gatekeepers. They may not know what's behind the seal.

"What do you mean?"

The man's angry voice yelled, this kind of look down on them attitude, let him very angry, the long knife in the hand raised again, a pair of want to swallow Ye Chen alive appearance.

"Lu Ming!"

At this moment, an old man's voice suddenly sounded.

The old man was wearing extremely precious white fox skin. He stood in the distance and watched the battle. He put his hands behind him and said, "let him talk."

When the man saw the old man, he let out a dull voice. He could only retreat.

"Ye Chen, senior and junior, came here under the guidance of the god seeking ancient plate. He really came here for the seal of God."

"Well." Countless auras spread at the old man's feet, just like an immortal cloud, floating his whole person in front of Ye Chen.

"Boy, do you know the relationship between Shen Yin and Confucianism?"

Ye Chen shakes his head. Unexpectedly, the seal clan is related to the Confucian.

"Our seal family has been guarding the seal from generation to generation, but since you have the artifact refined by the Confucian ancestors in your hand, I can listen to you."

The old man's face showed a kind smile. The strength of this young man can not be underestimated, and the strength of the young man next to him is even more unfathomable.

"However, since you have come to our Shenyin clan, if you want to speak, it depends on whether you are qualified or not!"The old man put his hands together and a magic sword appeared.

The spiritual power of the whole underground world is like a blue dragon, turning into a light and shadow, whistling into the magic sword.

The distance is so close, the magic knife has cut Ye Chen in an instant.

"Soul body transformation! Xu Tu Yuan Fu

Ye Chen's body was already very strong. At this time, it was wrapped with a thick layer of Xu earth source gas.

"Poof

The strength of the old man's arrogance is far beyond the ability of the previous gatekeeper of Shenyin. The sudden attack and the interweaving of the endless void aura make ye Chen avoid this knife.

A mouthful of blood splashed on the shadow of the sword, and the blue dragon hissed under the splash of reincarnation blood.

"Master blood god, don't act rashly." Ye Chen single hand wiped to wipe the bloodstain of the corner of the mouth, another hand quickly pulled to pull blood god.

The halberd of the blood god was obviously in his hand when the old man sacrificed his sword. But when ye Chen stopped him, he had to stop.

Seeing this, the old man saw the collision between blood and aura and raised his eyebrows: "Oh? Is it reincarnation

Ye Chen nodded slightly, did not expect the old man to see the origin at a glance, then said: "senior, junior, there is no malice, just need to get the seal."

"Well, since you have the ancient plate for searching for gods, it can also be regarded as a keepsake left by the Confucians. I'll take you to see the head of our Shenyin clan."

"Old crane!" Originally, the young man said in a hurry that he didn't think the two men were qualified to see the patriarch.

"Back off."

The old man shook his head: "keep good here, do a good job."

The young man's face was red and white, and his eyebrow was more irritated to see ye Chen.

Ye Chen smiles at the gatekeepers and follows the old man through the air.

"Boy, your body and strength are not bad."

The old man seems to have no intention to say: "where do you learn from?"

Chapter 5543

Ye Chen shakes his head, "it's not the same vein of Confucianism."

Before the impact of the shadow of the sword, fortunately, ye Chen's body was constantly refined, and his physical body had already exceeded ordinary people.

The old man didn't speak any more. His face was more or less chatty. The void at his feet and the blue aura, like fairy clouds, brought the three people all the way to deeper areas.

"The aura here is for their seal clan." Blood god's voice sounded in Ye Chen's sea of knowledge, "the rules here are in the same continuous line as the power of the law above the light shield, which is the law they attached to the blade."

Ye Chen nodded slightly, indicating that master Xueshen should be careful.

.....

At the same time, the outside world.

"I didn't expect you to recover so quickly!"

Nine epilepsy wiped the blood of the corner of the mouth for a while, strong destruction breath suddenly from the whole void.

Ye Chen they opened the second layer of barrier, nine epilepsy has been dragging road boundless to the East Territory.

The surging thunder power of Tao Wujiang is rampant in the whole void, and burst out in an instant.

Boom!

The vast power of thunder was gathering behind him crazily. In the blink of an eye, a huge, boundless, thousands of feet high shadow of Thunder God appeared between the heaven and the earth.

The huge thunder figure, overlooking the nine epilepsy, as if looking down at the ants in general.

The thunder and fury from the void has been stimulated, and the thunder breath of Tao Wujiang is also rising at an extremely terrifying speed.

Under the cover of endless thunder, his breath has obviously reached the peak state, revealing the supreme law of thunder.

That day, shenxuying didn't pay any attention to Jiudian. His body was cruel and violent. The power of Thunderstorm in his hand was concentrated in one point, and a bright thunder burst out suddenly.

Nine epilepsy is a cold hum, a step, body shape flashing in front of the thunder god, countless laws of destruction, the whole region into a pale feeling, all the colors at this time, all disappear, the whole world, only black and white.

Under the power of the thunder god, the law of destruction flashed like strange sword shadows.

Dang!

The sound of a metal collision rings out, nine epilepsy has already sent its own blood force to the extreme.

Sword light and the thunder face-to-face confrontation, the power of terror swept in all directions.

Nine epilepsy heart sank, did not expect that just a few days did not see, Dao Wujiang's strength has increased so much.

But he didn't know that after ruzu Xuying rescued daowujiang, he directly threw him to the source of thunder. With his almost perfect special spirit of thunder and his way of thunder source, his cultivation was advanced and his strength broke through very quickly.

Hum!

The slight sound of breaking the void suddenly rings out, and Tao Wujiang's eyes shrink. He has seen the void beside him, and the blade of destroying the rules has appeared. The gray law is like a mountain piercing trend, and it bursts towards him.

"Up

The thunderstorm power in the hand of the God of thunder cuts directly on the blade of the law of destruction. The blade of the law shakes slightly and is picked to fly into the next void. With the wave of the thunderstorm, a special track penetrates the whole void.

Bang! Bang! Bang!

The sound of a metal collision rings out one after another, and each collision is accompanied by a great force, which spreads around.

"Well, nine epilepsy, don't be stubborn. The poison I gave you at that time was not so easy to solve."

The voice of Tao Wujiang rings out, and the tone is like the ice scorpion of hell, spitting out the cold letter.

"Hum, even if it's not the peak strength, killing you is like killing a chicken."

Nine epilepsy stuffy hum, in his gray world, the power of the destruction law in his hand, stab out again and again, more rapid, more powerful, and unpredictable than before.

"Stubborn!" Tao Wujiang's patience has been used up. Thinking that ye Chen may have obtained the seal of God, he is impatient.

"Since you are so eager to die, I will help you!"

Tao Wujiang continued to kill, and now his strength completely burst out.

For a moment, the thunder god sent out countless laws to suppress the nine epilepsy and gradually retreated.

If we say that Jiudian and daowujiang were just at the same level before, at this time, daowujiang has far exceeded Jiudian in terms of rules and perception of Daoism, and Jiudian's strength has not been fully recovered due to the disciple's poisoning.

Now facing the boundless Tao alone is like hitting a stone with an egg.

Thunder God's body surface, the mighty thunder power burst, incomparably pure thunderstorm, in front of him to form a layer of thunder armor.

Boom!

A force of thunder and fury, like a chain of bows and crossbows, pierced the destruction rules of nine epilepsy.

With a wave of his hand, the great thunder god, with supreme authority, slapped nine epilepsy away. "Poof!"

In the void splashes out a blood red trace, nine epileptic figure, already toward the ground to fall.

In this series of heavy blows, the nine epileptic breath has all dried up, the body blood has all shifted, there is no power to fight.

Nine epilepsy hopelessly looked at the second layer of deep barrier, heart a burst of desolation.

Ye Chen, all I can do is this. The rest is up to you.

Tao Wujiang manipulates the thunder god, and his steps tremble in the void. He has come to nine epilepsy.

Nine epilepsy between the eyes showed tangled color, but now he stayed, but also just add a life.

"Wow

In the void, the twisted light wall reveals a channel, and the figure of Jiudian has disappeared.

"Escaped?"

Tao Wujiang reveals a trace of sarcasm from his nose.

Although he also wanted to cut the nine epilepsy by the knife, the more important thing now is to get the seal.

The roaring force of thunder wrapped his body and came directly into the second barrier.

"Dare to break into our seal family! Take it

Countless knife light seems to be waiting for his arrival, in the moment of his appearance, strands of fluorescent blade has come towards him.

Tao Wujiang's body retreated suddenly, and the thunderstorm in the void hit on the fluorescent blade, but the huge impact also made him unstable.

"I'm a disciple of Confucius. I'm here to get the seal."

Tao Wujiang shouts and takes out a Confucian seal from his arms to show the people wearing animal skins.

"Shit! Another one coveting our sacred objects! Kill him

The front foot has Ye Chen to break through the public defense, the back foot has come to a boundless road, the anger of the Shenyin people has been unable to contain.

"I'm a disciple of the Confucian ancestor. I'd like to meet your patriarch!"

Tao Wujiang's voice is like a flood of bells, and he shouts at the crowd. It's a pity that these people have no reason to listen to him.

This aura is weird!

Chapter 5544

Tao Wujiang's body shape, he can feel the blood power in his body, is slowly solidified, this underground space is not simple, if according to this development, his strength will be limited by this rule, greatly reduced.

"If you stop me again, don't blame me for being rude!"

Tao Wujiang roared, but he was also driven by the Shenyin people to anger. Once his strength decreased, it would be more difficult for him to enter. This battle must be solved as soon as possible.

"Well! It's up to you! " The sword in the young man's hand cuts through the void. The aura in the space has covered the sword. The extremely bright green light is climbing up the shadow of the sword and coming towards the boundless Tao.

The power of thunderstorm, which is the boundless power of Tao, runs across the hand and strikes on the awn of the sword like a giant hammer.

.....

At the same time, ye Chen's side.

In the deep dry cave, on the very hard stone wall, there are countless blue auras. From a distance, it looks like a fluorescent door, which makes you stand out in this deep place.

All the way, ye Chen didn't find a plant, even if it was like grass leaves. If you look at it carefully, it was just the appearance of aura.

"Patriarch, someone came to the Shenyin clan with an ancient god seeking plate."

The old man respectfully said at the door of the dry cave, bending down as if waiting for the reply from the people inside.

"Come in." A very sharp sound came from behind the cave.

The old man made a request to Ye Chen and blood god, and motioned them to enter the cave.

On the stone wall in the cave, there are numerous crystal clear Lingqi wall stones, flashing deep green light, which seems to refer to the street lamp.

"That's you?"

An old man was sitting on a stone platform, which glowed wantonly. The inner spiritual power was extremely full, just like the spiritual liquid outside the barrier.

"Well, master, I'm in xiayechen. I'm here for the seal of God."

"Oh?" The old man, wearing a green and blue robe, was not as good as other Shenyin people. He was wearing animal skin. Instead of looking at Ye Chen, he said faintly, "did you find the ancient god plate?"

Ye Chen nods, that side very heavy seek God ancient plate, appear in front of the old man like this.

"I'm the God seal clan, and the dragon is the heaven. It's countless times to protect the God seal."

The old man rubbed the ancient god seeking plate, as if feeling the breath: "since that remote era created an ancient god seeking plate, I know that one day, someone will come to me with it."

"Patriarch, he has reincarnation in his body." The old man called old crane reminded.

"Oh? Is it? Are you not a Confucian

Long Yitian looks at Ye Chen in surprise, and his eyebrows show some doubts. In those days, the Confucianists came to the Shenyin family after they made the ancient plate.

He also left his Keepsake as evidence, so that they could see the keepsake and hand over the seal.

He once thought that the people who came to obtain the seal of God should be the descendants of Confucianism.

"I'm a little curious about you now." The old man looked at Ye Chen's calm eyes, showing a touch of kind and gentle color.

"Younger generation, the purpose of this journey is very pure, just to get back the seal of God."

"Ha ha ha, do you know what this seal means to our seal clan?"

"Before, they said it was a sacred seal."

"Now that you know it, you dare to strike my seal. It seems that you don't want your life." The old man's voice a turn, the facial expression becomes extremely dignified, a chilly kill idea, impact to leaf Chen.

Ye Chen in his cold gaze, only feel the whole body blood coagulation, the old man this time is the kind of special law, he can feel the wisps of power is trying to break through his body defense.

"I advise you not to act rashly!"

The blood god sees the abnormality of Ye Chen, the long halberd in his hand has already appeared, and he is about to burst up in front of the old man.

"You are not my opponent. You are not my opponent."

As soon as the blood god's eyes were stiff, his eyes were full of shock when he looked at the old man. His memory has not yet recovered. It's just that ordinary people can't find his abnormality just by their naked eyes.

The head of Shenyin clan is immeasurable.

"You don't have to be surprised. You have participated in the battle of the gods. Naturally, your strength level is far above me. However, the place you are staying now is Shenyin clan and my territory."

Ye Chen controls his own behavior, allowing the old man to spy, and does not resist.

Blood god looked at Ye Chen's calm expression, but also had no choice but to stop the halberd in his hand.

"The elder didn't mean me any harm. Why try so many times?"

Ye Chen feels that the spirit peep is weakening slowly, this just slowly opens a mouth.

"Do you know that no one can live here except the Shenyin people, and even many people can't enter here."

The old man took back the rules and said slowly.

"Cause and effect chance, since the younger generation has set foot here, it shows that the younger generation has a lot of predestination with Shenyin clan." Ye Chen shows a relaxed manner. Since the seal clan is the guardian of the seal, they must have the rules to get it.

Long Yitian's expression shows a trace of smile, which seems to confirm Ye Chen's words.

For so many years, they have been guarding the seal, waiting for the seeker in the mouth of the Confucians.

"Patriarch, the seal of God is the sacred thing of our seal of God. You must not give it to others!"

Old crane's eyes watched the patriarch's expression change, and his tone showed tension.

"Nothing." Long Yitian raised his hand and gently waved to the old crane, indicating him not to worry.

Over the years, the Shenyin people have become more and more prosperous. Long Yitian doesn't want to take all the people with him to live in the depths of the earth. Now some people come to take the Shenyin. For them, it's not liberation.

However, he can't judge whether Ye Chen is the seal seeker in the mouth of the Confucians. After all, he can only find the ancient god plate, and has no Confucian relic.

"Old crane, there is another man holding a keepsake, saying to take the seal of God."

The old man in the skin of the white fox, his face sank. Today, the Shenyin clan is really busy.

"Go and have a look."

Long Yitian nodded and pointed to the old man to have a look.

The crane nodded and left the cave in an instant.

"I'd like to see who is running wild in our seal clan!"

Old crane's voice came, and those men's faces showed a touch of joy. In front of them, this man was merciless. They already had two brothers, almost died here.

"Old crane, I am a member of Shenyin nationality. I have suffered a great loss!" The man took the lead and pointed to the two people lying on the ground.

"Bold!" When he saw that his people were injured, his face rose with a sullen look.

"Don't be angry, elder. I can't help it. I've just laid a heavy hand." Tao Wujiang quickly took out the Confucian relic, "I'm just worried that the clan leader will be confused by villains and give the seal to the people with evil intentions, so I'm a little worried."

Chapter 5545

"Oh?" Crane old eyes like a torch of looking to the road boundless, his mouth center evil person, should be ye Chen?

"Master, this is the keepsake of the Confucian ancestor. When the master handed it to me, he once said that if he took the keepsake and the ancient plate for searching for God, the patriarch would give it to me. It's a pity that the ancient god seeking plate was taken away. "

"It's just one side of your story." Old crane shook his head.

"If it's my one-sided view, I'll know when I see the patriarch."

"Let him come!"

A distant voice came from afar.

"Yes Although he could not see the patriarch, he still bent slightly to listen and led daowujiang to the cave of longyitian.

"Thank you, patriarch." Tao Wujiang bows slowly to the distance and keeps up with the old crane.

"Patriarch, I'm a disciple of the lower Confucianist, daowujiang. At the order of my family teacher, I came to get the seal of God."

"You're here for the seal, too." Long Yitian turns his head and looks at Tao Wujiang. The origin of his breath is thunder. It's true that he is a Confucian disciple.

"Yes, this is a keepsake given to me by my teacher." Dao Wujiang hands the keepsake to long Yitian and looks at Ye Chen with a kind of arrogance.

"It's really something of the Confucianists." The dragon, the God, and the spirit swept over the keepsake, and the supreme Confucian atmosphere covered it, like a fake keepsake.

"Yes, patriarch, these two people stole my ancient god seeking plate. At this time, they came here first and wanted to find the seal of God. They had ulterior motives. I hope the patriarch can help me to capture them."

Ye Chen looks to the way boundless eyes some ice cold, this time he unexpectedly stands here, that explains nine epilepsy either death or injury.

"Nine epilepsy! What have you done to him? " Ye Chen quality asks a way.

"Ha ha ha!" Dao Wujiang laughs wildly and looks at Ye Chen's eyes with some teasing: "it's just a waste. If I hadn't been in a hurry to kill you two, he would have died."

Ye Chen slightly relieved breath, fortunately nine epilepsy was not killed by him.

"Oh? In this case, it seems that you attach more importance to the seal of God. "

"That's nature. This is the master's property. I'm just returning it to the owner."

"You keep saying that the seal of God is the thing of the Confucianists. How can you prove it?"

Ye Chen shows a smile and looks at Tao Wujiang like a smile.

"Patriarch, Wujiang does not dare to cheat you. The master told me that he would bring the ancient god seeking plate and keepsake." Tao Wujiang said, showing a cold feeling of arrogance, "I was stolen by this thief to find God, and I hope the patriarch will make the decision."

"Well..."

Long Yitian pondered: "you two come here with one thing. I have lived in the land of seal of God for a long time. I don't know what happened outside. I can't judge the truth of what you said."

"Patriarch, I'm a disciple of Confucianism. My blood aura is enough to prove it."

Daowujiang was a little worried. He didn't expect that the head of Shenyin clan was so innocent that he ignored his identity as a Confucian disciple.

"Patriarch, is there any other way to distinguish?"

Ye Chen pour is not flurried of say, still is respectful of see to the dragon also day.

Long Yitian's eyes sweep toward them. Compared with the aggressive of Tao Wujiang, ye Chen's humble appearance makes him like them more.

"It's not that there's no way." Long Yitian said.

"Patriarch, think twice!" Old crane's shaking voice rang out. Others didn't know it. He was clear. The aura of the whole seal clan all came from the seal. Once the seal was taken away, they would never be able to live in this space.

However, if we want to move the Ju nationality, such a major decision will make all the people leave their homeland. It's no joke.

"Well, you go down first."

Long Yitian shakes his head. The old Shenyin people are used to living here, but the younger generation needs a wider world.

Ye Chen has such attainments at his age. If there were no rules to suppress him, he might be able to compete with old crane. Looking back at the descendants of Shenyin clan, it would be a great honor to guard the gate.

Those who have been protected can not grow up.

Old crane looked at long Yitian's face, but he didn't dare to say anything more. He hurried out of the cave.

"Patriarch, I don't know what you can do?"

Tao Wujiang can't help but ask. He has made up his mind that once he gets the seal, he will use the power of the seal to kill Ye Chen completely. When he returns to the eastern territory, the old dog of Jiudian will also go to the West.

"You don't have to worry."

Long Yitian slowly stood up and waved to Ye Chen and Tao Wujiang, indicating that they were close to each other. Then he turned his head and looked at the blood god, "you don't care about the cause and effect, just wait here."

The blood god didn't say much, so he found a stone bench and sat on it, slowly dissolving the sense of cohesion of blood in his body.

.....

Later, long Yitian's arm turned over, and the stone wall behind his stone platform turned out to be an indomitable gate."Come in."

Dao Wujiang turns to see ye Chen. When he passes Ye Chen, he whispers: "boy, be careful, I will let you know what death is easier than living."

After the speech, the figure first came to the gate and pushed it in.

Ye Chen naturally won't have the same insight with him. With a smile, he also follows Tao Wujiang into this space.

In this cave, there is a small space with a square of 100 feet. There is a Buddha statue in this small space.

"This is the biggest secret of our seal clan." Long Yitian pointed to the Buddha and said.

As soon as ye Chen's eyes brighten, it seems that the Buddha and the seal must be connected.

"As you can see, the strength of our Shenyin people is only medium if it is not for the restriction of this rule. However, in order to protect the Shenyin, the whole underground space is full of space boundaries. If you don't pay attention, you will be drawn into the endless void and lose your mind in the long river of time."

Tao Wujiang didn't understand for a while. Long Yitian had no choice but to frown.

"The Buddha in front of you is the eye of the whole underground space. In other words, the Buddha is the real guardian of the seal."

Ye Chen's eyes toward the Buddha are full of peeping. He looks very serious and seems to want to find the clue of the seal from the Buddha.

"This is the last way. You two connect the images together. Which side the images lean to is the master of the seal."

"Patriarch, is your method too risky?"

Tao Wujiang hesitated to speak. He was already a disciple of Confucianism and had a keepsake in his hand. At this time, he and ye Chen accepted the examination together, which really made him a little depressed.

"Don't you dare?" Before long Yitian spoke, ye Chen took the lead in saying.

Chapter 5546

"It's you and the old nine epilepsy dog who stole the ancient god seeking dish, but now it's the same thing!"

"All right! I have already said that no matter what kind of grudges you have outside, since each of you has something to find me, it is fate with God. This assessment is fair to all of you. "

"That's natural. Thank you, master." Ye Chen nodded.

The Shenyin clan had such a relationship with the Confucianist. Fortunately, he got the ancient plate for searching for gods. Otherwise, he would not even have the chance to test it.

"Hum!"

Tao Wujiang hummed coldly, stepped forward and gazed at the Buddha statue.

"Well, since you both agree, let's start. In the time limit of a pillar of incense, the seal of God will be given to whoever the statue of Buddha looks like. "

At this moment, the dark golden Buddha is sending out the power of the spirit of terror, covering all the people present, as if to eliminate all people's thoughts.

Ye Chen and Tao Wujiang can't help but wonder in their heart. They didn't expect that they need to overcome this difficulty to get the seal.

Both of them understand that only when they are recognized by the dark golden Buddha can they really have access to the seal. If they want to be recognized by the Buddha, it is obvious that they have to fight for the power of the spirit.

Although Ye Chen's spirit is terrifying, he is young after all, and the spirit of a strong man like Tao Wujiang is obviously no weaker than himself!

Both of them pondered for a moment, and could not help sitting down at the same time. They both began to use their spirits to try to get in touch with the statue.

Tao Wujiang, ye Chen and the Buddha's three forces of spirit blend together, constantly changing the form, but no matter how hard they try, they can never break through the power of the Buddha's spirit.

Just when they were in a stalemate, suddenly a thunder sound mixed with noble spirit came out from the dense clouds in the sky, and then the shape of the thunder sound turned into golden light and shadow, and quickly integrated into the power of the spirit of Tao Wujiang.

"This is the thunder of Buddhism and Taoism!"

Ye Chen was a little stunned. He never thought that the power of thunder, which was built by Tao Wujiang, was so advanced. It is said that the ancestor of thunder was Haoran Leiyin, which originated from the small Leiyin Temple of Buddhism. The power of thunder was transformed from the Haoran Leiyin of thousands of years.

Ye Chen in the heart secretly cry not good, so come a way boundless thunder of the dirt nature is to occupy absolute upper hand in this fight.

Sure enough, while Tao Wujiang brings the power of thunder to the extreme and produces a great thunder sound, his power of spirit naturally resonates with the power of spirit of dark golden Buddha, just like the call of origin.

Then the power of the terrible spirit produced by the Buddha statue gradually forced to the direction of Ye Chen.

"Well! Ye Chen, do you still want to insist? With the blessing of my divine consciousness, it won't be long before I can be fully recognized by the Buddha statue. You'd better give up. "

Tao Wujiang said that he no longer paid attention to Ye Chen, and he was confident.

However, Tao Wujiang did not relax at all. His fingers scratched slightly on the Confucian relic, and a slight Confucian breath was mixed in his thunder power.

The Buddha statue seems to be perceived by the atmosphere of the Confucianist, which is more solid towards the boundless Tao.

Seeing this, ye Chen's forehead was covered with layers of sweat.

"What to do!"

Ye Chen is also very anxious at this time. Once daowujiang is really recognized by the Buddha, all he has paid now will turn into futility, let alone the seal of God. It's extravagant to go out from here.

At this time, ye Chen can only think of asking for help from master Feng Tianshang.

Among the countless reincarnation graveyard powers, apart from the unreliable one, Feng Tianshang is the only one who can communicate with others.

"You boy, you don't think of me when you have good things. Now you think of me when you are in trouble!"

Feng Tianshang made a quick response, but the response was full of resentment.

Let Ye Chen can't help but feel embarrassed and say with a smile: "master Feng, whether I can get the seal depends on you! After all, without you, I can't even find the ancient god seeking dish. "

"Well, you have a conscience!" Feng Tianshang continued, "you only know how to use them. Don't you forget your mysterious body and reincarnation in your body?"

Ye Chen instantly thought of what, a strange grain, gradually spread on the body, mysterious body of the spirit of magic power!

First, the spiritual power is transformed into power, and then the soul body is transformed!

Turn strength into soul power!

For a time, the power of Ye Chen's spirit has reached a level of incomparable terror!

But it's not enough!

"By the way, master Feng, is reincarnation a supplement to the power of the spirit?"

Ye Chen never knew that reincarnation blood had such an effect. He had burned reincarnation blood for many times, instantly improved the original strength, leaped over the level to fight against the strong enemy. Unexpectedly, communication spirit also had an effect?

"You look smart at ordinary times. How can you be stupid at the critical moment?" Feng Tianshang looks at Ye Chen with some humor: "reincarnation blood suppresses all things. Anything with spirituality will bow down when encountering reincarnation blood."

Ye Chen knows clearly that his reincarnation blood is really very powerful. Once even if he was a member of the gulong clan, he could not help worshipping him.

"While maintaining the soul power, you can move the reincarnation blood and sacrifice the reincarnation stele, which will naturally attract the spirit of the Buddha."

"Good! Thank you

Ye Chen did not hesitate to offer six source symbols directly. Not only that, but also the corresponding reincarnation stele surrounded his body!

Dust stele, wind stele, burning stele, spirit stele, poison stele, dark stele, magic stele!

The power of the steles, gather the whole body!

Infused with the six source runes and the xuanbei of reincarnation, the power of the six path reincarnation method suddenly broke out to the peak, dark and bright, thunder, earth, Gengjin poison, all kinds of road operation, evolved into a dark, chaotic and boundless, close to the energy of Taishang road.

Under the guidance of Feng Tianshang, the reincarnation blood in Ye Chen's body also converges with this dark, dark, chaotic and boundless energy.

The unrivalled energy converges into the spirit and twines on the Buddha statue like a silk screen.

Originally already deflected to the road boundless Buddha, at this time unexpectedly under the winding of the black silk screen, a little bit toward Ye Chen deflection.

Tao Wujiang's expression, which was originally potential, suddenly opened and looked at Ye Chen. His expression was full of threats.

"What heresy have you used! He snatched all the power of the Buddha's spirit in an instant? "

Ye Chen silent smile, did not pay attention to the road boundless bark, for him, nothing is more important than to win the test.

Chapter 5547

Tao Wujiang will not easily admit defeat, fingers pinch Jue, ancient lines flash in his eyebrows, strong Confucian atmosphere is eating away at the deflection of the Buddha.

The inexhaustible power of thunder envelops the Buddha statue in an extremely vast manner.

It's just that it's too late.

Long Yitian's eyes open. It's time for a stick of incense. The result has come out.

"It seems that ye Chen is better than the Buddha."

Ye Chen slightly nodded, and even quite modest arched his hand toward Tao Wujiang.

"Patriarch, he cheated!"

Tao Wujiang was discontented and yelled: "from the beginning to the end, the Buddha turned to me. At the last moment, he suddenly turned to him."

"The way is boundless. We all depend on our abilities. Do you mean that I dare to cheat under the eyes of the patriarch?"

"Ye Chen! This Buddha statue has clearly chosen me! You mean it! I won't accept this game! "

Ye Chen showed a kind of Indifference: "you used to be the king of the eastern territory, but you didn't even have such a measure. It's really blind of the Confucians to choose you as their disciple."

"There is no need to quarrel. Since the Buddha statue is the existence of the guardian seal, his choice will not be wrong!"

Long Yitian said quietly, compared with Dao Wujiang's cruel killing, ye Chen is obviously more in line with his mind.

"Now that the result is out, don't argue any more. The seal belongs to Ye Chen."

So unfair, Dao Wujiang's anger overflows. He has guarded the seal for more than ten thousand years. The head of the seal clan wants to give it to Ye Chen!

"I don't agree!"

Tao Wujiang roared, his clothes burst out, and the endless power of thunder ran through his body. At this time, he didn't care about the rules of space and the suppression of strength.

"Why don't you disagree? The Buddha has been protecting the seal of God. Since the Buddha chose Ye Chen, it has no fate with you."

Long yitiannian is a disciple of Confucianism in daowujiang. He still has a little kindness in his heart and doesn't want to hurt him.

"Boom!"

The power of countless thunderstorms came from the void. Daowujiang ignored the taboo method and broke through the shackles of this law. The silver thunderstorm wrapped around his body like an electric dragon.

"Ye Chen!" Yin Li's voice roared out of Tao Wujiang's mouth.

Suddenly, the endless thunder turned into a dragon scale, forming a huge dragon figure, moving towards Ye Chen at an amazing speed!

Boom boom!

I saw that the violent thunder pounded on Ye Chen's body again and again.

Ye Chen's Sha sword was also cut fiercely again and again!

there was no routine and skill, pure power confrontation.

Such a brutal attack, even standing beside the Dragon Yitian feel a trace of inexplicable pressure.

"Thunder sword, thousands of annihilation and hundreds of refining!"

Tao Wujiang's mouth rose slightly, showing a strange look.

The fierce thunder light instantly covered the whole cave, and the endless blue light of thunder and lightning was crackling in it.

Some of them even cleaved directly on the Buddha statue, but there was no shaking in the face of the Buddha statue.

Ye Chen's face changes slightly, he now knows why nine epilepsy lose battle, this boundless strength has changed by leaps and bounds.

At this time, xuanhanyu's voice suddenly came: "Ye Chen, the limitation of strength here is not only because of aura, but also because of the underground array."

"If I guess correctly, if you use the Hongmeng big star sky and the underground array, you should be able to suppress the power of daowujiang."

Ye Chen a Zheng, immediately the corner of the mouth peeped out a smile: "good!"

"Hongmeng big starry sky! Put it down! "

Since Tao Wujiang used the forbidden technique to exert his absolute strength, now he will use the 33 Hongmeng ancient method to suppress his accomplishments.

The breath of Ye Chen burst out. With a wave of his big hand, a vast and bright starry sky suddenly emerged, blocking the sky and the sun, cutting off the boundless thunder luster.

This piece of starry sky, floating endless Hongmeng ancient gas, there are many huge stars, quietly suspended.

If you look carefully, it turns out that the huge stars are all emblazoned with the talisman of Hongmeng ancient law. The endless suppression of Hongmeng heavenly power is shocking.

Compared with the original prototype, the Hongmeng starry sky released by Ye Chen is now on a large scale.

Under the pressure of Hongmeng big star sky, daowujiang felt his cultivation breath and finally came back. At this time, he began to fall layer by layer.

This vast starry sky has the effect of suppressing people's cultivation! Ye Chen's burning of the sky is in the sky, which evolves into a huge starry sky, and its prestige is even more terrible.

His eyes were cold, just like the master of Hongmeng. He slashed the sword wildly and killed again.

This blow, converging the momentum of Hongmeng big star sky, is very overbearing. At the time of exerting this blow, ye Chen feels all over the body muscles and bones, all in sharp pain twitch, bearing great pain.

Although Hongmeng starry sky is powerful, it also has to bear a huge burden if we want to exert it.

Ye Chen gritted his teeth and cut the road straight, as if the laws of the whole Hongmeng world and the heavenly power of the whole starry sky were in his hands. The whole Sha sword seems to be transparent, surrounded by layers of starry sky.

Under the suppression of the big starry sky, daowujiang only felt that he was shackled and his strength was limited again.

"Thunder is coming!"

Just above the big starry sky, countless thunderbolt powers crisscross, and the vast thunderbolt power condenses crazily behind Tao Wujiang. In the blink of an eye, a huge and boundless thunderbolt God shadow with thousands of feet high appears between heaven and earth.

A large number of blue thunder flares broke out on the huge thunder god, which turned into the vast blue thunder law in an instant, and madly hit the wheel of stars and moon on the leaf star sky.

The boundless thunder covered most of the starry sky and soon turned it into a huge blue cage.

Ye Chen at this time holds the evil spirit sword, kills the state of the God, is also not hesitant to chop and kill this blue cage!

If the big star sky is not broken for a while, the cultivation of Tao Wujiang will be suppressed all the time.

"Kill

That huge thunder god, in an instant, his power soared, and the thunderstorm power that he held tightly in both hands had already slapped towards Ye Chen.

Boom!

Ye Chen's evil spirit sword hasn't come near yet, but the terrible power has already passed on, let his complexion frighten to change.

The thunder god stood in front of him, the thunderstorm in his hand attached to his fingers, and continued to slap.

"Enough! There should be a limit to the barbarism of our God seal clan! "

A vast blue aura envelops the Thunder God's finger, and then countless auras penetrate the body, and the Thunder God's finger turns into pieces.

Chapter 5548

Tao Wujiang sees that the Dragon Yitian takes the hand and knows that there is no chance to kill Ye Chen.

"Originally, I saw that you were a disciple of Confucianism, and I didn't want to tear my face with you. I didn't expect that you should ignore the examination of our Shenyin clan so much!" Long Yitian said angrily.

Tao Wujiang looked at the Dragon Yitian who had completely torn his face, and said: "it seems that you old man is determined to help Ye Chen."

Since I can't get it! Then destroy it!

The idea of incomparably rampant roars wantonly in Tao Wujiang's heart. Since he can't get the seal, no one should get it!

As soon as the dragon's face sank, there was an endless flame burning in his eyes.

Above the void, ye Chen confronts Tao Wujiang coldly.

"If you want to keep me, it depends on whether you are qualified or not!"

Two people at the same time, Dao Wujiang must not be the opponent, at this time can only think of a way to escape.

A charm appeared in his hands. He stuck the charm on himself, and the breath of the whole person disappeared when the charm was just put on.

"It was the means of the Confucians."

Long Yitian watched the upheaval, but he didn't think that Tao Wujiang was extremely straightforward and didn't hesitate.

"You're a mean person." Ye Chen said indifferently.

"In that case, come back with me." After long Yitian finished, his palm turned again, and the gate on the stone wall appeared again.

"Patriarch, the Tao is boundless, cold and insidious in nature." Ye Chen slowly said that he poisoned nine epilepsy, "now you rescue me, I'm afraid he will hate Shenyin."

"Well! Just him? "

Long Yitian snorted coldly. He really didn't understand why the Confucianists would accept him as a disciple.

"In any case, please pay attention to the patriarch."

Before Tao Wujiang left, ye Chen faintly felt that he would make a comeback one day. He had to find a way to inform nine epilepsy.

"Since the Buddha has chosen you, we will hold the seal ceremony tomorrow and give it to you. From then on, you will shoulder the responsibility of guarding it."

Ye Chen nodded: "patriarch rest assured, ye Chen will keep his promise."

.....

Finish all these, leaf Chen then toward the direction of blood god but go.

Blood god nature is to feel what, stand up to walk to leaf Chen side, facial expression is joyful: "got?"

"Not yet, but it has passed the test. Tomorrow, the patriarch will hold the seal ceremony and give it to me."

"Oh. What about the man? " Blood god looked at the door doubtfully, and no third person came out.

"He's gone." Ye Chen blinked at the blood god with one eye, and motioned to go back.

"Well, I'll ask old crane to arrange a residence for you and wait for the ceremony tomorrow."

Long Yitian shakes his hand, and the whole person sits on the rich spirit stone again with his knees crossed. Yingyinglv mang wraps him in it.

Blood God and ye Chen turn around and leave the cave. Old crane is waiting outside the cave.

"Two, this way."

Although the patriarch has decided to give ye Chen the sacred things of his clan, it also means that they will move their clan. Therefore, he can't give ye Chen a good attitude.

Ye Chen doesn't care about old crane's hostile eyes. Since long Yitian has agreed, he naturally doesn't need to worry. But in the end, ye Chen feels that such a villain will make a comeback.

"Ye Chen, just now I feel that there seems to be something attracting me in this Shenyin clan, which seems to have something to do with my memory." They just walked into the cave, and the blood God said to Ye Chen.

"Oh? This seal clan has profound attainments in the source of special laws. Maybe there is a way for them to restore your memory. "

Ye Chen's eyes twinkle. If the blood god can recover his memory, then his strength may be improved.

"Well, I'll be right back. Be careful."

Said the blood god, striding out.

.....

One day later.

On the square of Shenyin people, all the people wearing animal skins have gathered together. There is a red ribbon tied between their foreheads, which seems to symbolize something.

Long Yitian's white robe is very abrupt among these people who wear animal skins.

His eyes seemed to be very soft on the huge column above the square, which was also a Buddha statue, as they saw in the cave test yesterday.

"Where are the people who came with you?"

Crane old some vigilant looking at Ye Chen, it seems that the disappearance of blood god let him extremely mind.

"He didn't mean to do anything about seal. He wanted to look around by himself." Ye Chen showed a kind smile and looked at old crane, "is it time?"

Old crane nods. Long Yitian has already said that he will never disobey the patriarch. At this time, he can only send Ye Chen to the square on time. Old crane took the lead in walking to long Yitian and whispered something in his ear.

Long Yitian just smiles and shakes his head, indicating that the crane doesn't have to worry. On the other side, he waves to Ye Chen.

"The day after tomorrow, the God will protect the family. Today, I am the dragon and heaven. I respect the cause and effect. I will hand over the sacred things of my God seal family to Ye Chen. I hope he can take the responsibility of guarding them!"

Long Yitian put his hand on his chest, pointed to the sky, and looked at the Buddha statue on the column seriously.

All the people put their hands together and put them on their chest. Everyone looked at the Buddha with awe.

"The gods are generous and blessed. Give me heart, give me breath, give me spirit, give me seal! "

The finger pointing to the sky is attached with a layer of green light, just like a bright lamp, illuminating the face of the Buddha.

"The God is generous, the blessing is the seal of God!"

All the Shenyin people yelled together. Their voices echoed like a seal script on the vast land of the whole Shenyin people.

"Shua Shua!"

Dragon Yitian's fingers have the original blood essence oozing into the green light, infiltrating the Buddha statue together.

The Buddha's mouth seems to have been nourished by the green light, and even slightly opened.

Seeing this vision, all the Shenyin people knelt down to the ground one after another to worship.

Ye Chen didn't speak. He stood quietly beside long Yitian and looked at the Buddha statue carefully.

"Jump!"

Endless green micro energy flows into the Buddha statue, and the whole column is stained with a layer of light, twining downward continuously, directly connecting with the deep underground.

Obviously, this aura extends directly to the bottom of Shenyin clan.

A mass of aura, like a green dragon, condenses a virtual shadow from the Buddha statue. With five claws waving, it roars away along the place where the aura extends.

"Ha ha ha! The seal of God is here

All of a sudden, a cold and insidious voice rang out, and the void twisted. Tao Wujiang's figure stood in the void, staring at Ye Chen coldly.

Chapter 5549

"Bold, dare to destroy the seal ceremony of our Shenyin clan!" As soon as he spread his arms, the scarlet light in the skin of the white fox on his body had penetrated into the boundless road.

I didn't expect that daowujiang didn't succeed in frontal snatch, so I planned to snatch directly.

At this time, long Yitian is connecting the underground seal with his own source Qi, essence and blood. At this time, he is flawless.

Ye Chen see crane old into the void, also not ambiguous, intend to help him.

"Wait a minute!" long Yitian's voice was introduced into Ye Chen's sea at this time.

"To receive the seal is not only to take it away, but also to accept its inheritance and let him recognize the Lord."

Ye Chen is also the first time to know that there is inheritance in the seal, and even can recognize the Lord like the wild devil Heavenly Sword.

"Don't worry about elder crane. He can hold it off."

Long Yitian seems to be very reassured to elder crane. His eyebrow color has not changed at all. It seems that he is expounding something irrelevant.

"Good." Ye Chen nods. Since they have so much confidence in their own people, if they force their hand, it's not like they are sweeping his face.

"Ye Chen child, please give me the seal of God. I can consider letting go of your little mistress in the eastern territory!"

Daowujiang obviously didn't pay attention to the crane. He was able to get rid of countless crisscross knives and awns, but strangely, he didn't even take the initiative to attack, just simply avoided.

Ye Chen saw that he was acting strangely, and said in a low voice: "patriarch, he seems to be procrastinating. Be careful of cheating."

Long Yitian glanced at Wujiang and said, "this is the critical time to connect Shenyin."

Ye Chen knows that the seal of God has been sealed up for many years in this seal clan. If you don't pass the guard Buddha statue, even the Dragon Yitian may not be able to get the seal directly.

If he is here, he will say that Wujiang will never come back!

However, the elder of blood God doesn't know where he is at the moment. If he is there, you can let him take down Tao Wujiang directly.

The aura gathered into the color of green dragon, galloping in the ground, under the endless loess, even more to the bottom, showing a fluorescent green luster, this soil has obviously alienated.

At last, Qinglong swam to a space under the ground. It was a square hexagonal gate post, each of which was engraved with endless mysterious patterns, and on the top of which were inlaid with six bright pearls.

The six jewels exude the aura of six fluorescent ribbons, all converging at a point above which a sacred seal is floating.

The fluorescent green munto caresses Shenyin, and from Shenyin, it turns out the supreme silver green luster, the extremely powerful power of the law, and the pure aura of Yingying green awn.

"It takes no effort."

At this time, two muddy bodies broke through the ground and looked at the seal with greedy eyes: "I didn't expect that the special aura of the so-called seal clan came from the seal."

"If it wasn't for the pressure of the power of Taoism, ruzu would not have let you and me come all the way to be a hamster."

The muddy color on the young man's face had been dispelled and his white face was restored at the moment when he spoke.

The two of them were dressed in the same way at this time, but they were the sitting disciples of the Confucianists. Their hair was tied up high, and there was no mess.

"Since this aura will suppress the strength of outsiders, we will break the stone pillar of aura transmission and completely cut off the production of underground Aura!"

After that, the young man appeared a thunder knife in his hand. He stepped up a few steps and flew to the stone pillar.

"Bang bang!"

The electric knife in his hand hit the stone pillar with the power of thunder.

It's like two extremely tough objects crashing together, breaking into infinite Mars.

The Mars overflowed, and some of them floated into the aperture of the stone pillar, and were instantly turned into powder by the power of the supreme seal.

The young man's face turned pale. Fortunately, they didn't go up to snatch the seal at the first time. Otherwise, the power of the seal would cut them up in an instant!

"Elder martial brother! This stone pillar is so strong that it can't be broken for a moment! "

The slightly shorter man who was standing behind him gave a cold hum and said, "get out of the way, I'll do it!"

boom!

His body seems to be entangled with endless thunder and violence, the rolling thunder above his head is like a skylight, from which all the extremely domineering power will come down.

In his hands, a huge ball of thunder light was gathered, on which were full of thunder charms, each of which was almost a powerful and overbearing thunder power.

In the underground dangerous environment, even his younger martial brother smelled the smell of death.

"Break it for me!"

The huge ball of light bombarded a stone pillar like this!

WOW!

The light ball is filled with the ancient and majestic law of thunder. With one full blow, the stone pillar collapses. Originally, a green fluorescent aura ribbon supporting Shenyin fell to the ground as if it were broken.

"No! Someone is destroying the underground spiritual pulse! "

Long Yitian, who was far above the ground, was spewing blood from the corner of his mouth. His face turned pale in an instant, and his eyes were full of resentment.

"What?" Ye Chen's eyes are full of fear when he looks at long Yitian.

"No matter how much!"

Long Yitian seems to have made a decision. His original one hand has been replaced by his two hands, and his whole body's essence and blood are all sprayed on the Buddha statue.

"Ye Chen, I will push the seal in place as fast as I can. Once the seal appears on the top of the Buddha statue, you can grab it as fast as you can!".

"Ha ha ha, old dragon! If you don't pay attention to my master, don't blame us for being ruthless. It was originally from the temple of Confucius, so you should give it to this villain! Then you should think of the end of your Shenyin clan! "

Dao Wujiang's mouth shows a bloodthirsty intention to kill. The thunderstorm sword in his hand hits old crane's chest.

"The old man should be reincarnated as soon as possible. He has to get in my way here!"

Old crane's body was full of thunder law of the power of the huge sword, fell a hundred Zhang away, fell to the ground, vomited a mouthful of blood.

The snow-white skin of the white fox is dripping with blood.

"Hurt me, elder! Kill me Seeing this, the young and middle-aged people of the Shenyin clan changed their faces greatly. One by one, the green awn long knives appeared in their hands and chopped them toward the boundless road.

There is a trace of sadness in long Yitian's eyes, but at the moment, he can't distract himself from rescuing. The safety of Shenyin is more important than that of his people.

Chapter 5550

The two Confucian disciples in the depths of the earth have destroyed three stone pillars, and their Qi, blood and aura are dying out more quickly because of destroying the stone pillars.

In addition, they are too close to the seal of God. With the passage of time, their strength and cultivation are being suppressed a little bit.

"Elder martial brother, we can't delay any longer, otherwise we can't destroy the whole underground stone column, and we can't cut off the spread of aura."

The shorter man nodded. He didn't know. He could only say, "go on!"

The two encouraged each other to fight together. One after another, the thunderstorm light balls hit the stone pillar. Originally, one light ball could break the stone pillar. At this time, three or more light balls were needed to see the cracks.

The two men's faces became very pale, but they could only swallow the magic pill they had obtained from the Confucianists, and their strength improved in an instant.

Bang bang!

All the stone pillars fell down, and the six bright gems on the stone pillars were suddenly broken in this moment, in which endless green liquid flowed.

The space under the ground was filled with the spirit liquid instantly. The two people were involved in the tide of the spirit liquid. For a moment, in the thick spirit liquid, they couldn't stand.

At the same time, Xiao Huang's figure in Ye Chen's reincarnation cemetery began to tremble violently, turned into a light and shadow, and disappeared without a trace.

Before ye Chen can trace Xiao Huang with his divine sense, he has disappeared in the depths of the earth.

Damn it! How did Xiao Huang leave at this time!

Shouldn't he be sleeping?

At this moment, ye Chen is a little worried!

"Ye Chen!" All of a sudden, the voice of long Yitian also came at this time, "Jieyin!"

Between lightning and flint, ye Chen naturally can't care about Xiao Huang. He has turned to the void and reaches for the top of the Buddha's head.

"Where is the seal?" The Confucianist disciples finally drifted to the stone pillar, but the trace of the seal disappeared.

"It's the art of summoning. Dragon Yitian summoned the seal. Just in a moment, the seal has left here."

The short man frowned, and it seemed that they were a little late.

"Elder martial brother, at least we have destroyed the underground aura of the Shenyin clan. The aura here will be connected with the outside world. From then on, there is no limit to our strength."

"Well, do you think that Tao Wujiang will make the Shenyin clan have a future? Let's go and help our common elder martial brother! "

Two people just left the depths of the earth, the body of Xiao Huang Shuangtong nightmare has appeared in the sea of spirit liquid.

Its eyes are still closed, but the mouth has been opened, regardless of swallowing this very pure liquid.

Countless forces poured into its body in this aura, turned into red and blue light, and swam in its blood.

.....

The outside world.

"Ha ha ha! My strength is restored! "

Tao Wujiang is in high spirits, and the thunder sword in his hand turns into a dozen times shape, which directly blows out the successive Shenyin people.

He failed twice in a row, which made him have no face to face the Confucianist. At this time, he licked his face like the Confucianist borrowed two younger martial brothers to help him.

"The seal is mine!"

The tyrannical seal roared from the mouth of daowujiang. Without the resistance of the seal people, he cut through the sky and directly aimed at yechen and longyitian.

Ye Chen just got the seal, but he didn't expect that it was so heavy. Even his powerful power of refining body was weak.

"Ye Chen! Refining seal, let it recognize the Lord! Come on

Long Yitian also had a three inch wide and two foot long sword in his hand. It changed instantly under the irrigation of his spiritual power.

There were some vague patterns on it, but now you can see it clearly. This Dao is the most supreme ancient Dao of the whole Shenyin clan. It is said that they went to the battlefield with their ancestors and killed countless enemies.

Under the special aura of Shenyin people, the original bloody and violent aura, as well as the power of the law, has emerged.

The collision of sword and knife!

The sharp and sharp sound of Ming and percussion in the whole void turned into a powerful sound, which vibrated and fed people's eardrums.

"The aura that you Shenyin people rely on to survive has been cut off by us. You will no longer have the source of Aura!"

Two sneers, which are the same as Tao Wujiang, come from the void.

Long Yitian looked at the two men's dress, with a dignified look: "I can't imagine that all the Confucianists are doing things like crowing and stealing. I'm ashamed of the Confucianists!"

"hum! It's just a fight in the corner! "

Two hands at the same time with a thunder sword, coincidentally toward the Dragon Yitian cut.

Dao Wujiang's mouth shows a sarcastic smile and looks at Ye Chen sitting on the square with his knees crossed. Once the dragon is dead, you are next!

Long Yitian also turns to see ye Chen at the moment. It will take some time for ye Chen to accept the complete divine seal consciousness. In any case, I must carry on!

"The seal of God, the explosion of all souls!"

Countless auras of heaven and earth condense from the land, hills and caves one after another. Like small drops of water, they float in front of Longyitian at a very sudden speed.

He just raised his palm, countless small drops under his guidance, all into big drops full of aura power.

Among all the water drops, there are silver rays flowing.

Whoa, whoa, whoa!

All the water drops are like bright stars in the sky, emitting extremely dazzling Yingying green light, slowly rising into the air.

"Boom!"

Countless water drops and light balls burst under the pressure of the giant sword. Countless auras wrapped the power of the law, all burst, one after another. Countless light waves in the whole void covered and supplemented each other.

Tao Wujiang and the other two disciples of the Confucian ancestors quickly dodged.

"Well! The three disciples of Confucius are just like this! It seems that the Confucianists are just in vain! "

Long Yitian has a sneer on his lips. Thanks to his respect for Confucius, he is a great master. Now it seems that he is just a villain!

"How dare you insult my master!"

The low man's face was sulky. It was the Shenyin people who turned their back and didn't pay attention to the Confucian temple. At this time, they dared to abuse the master. They must not let it go!

"You're good at using Reiki, right! I'd like to see how much aura you have for your use! "

Tao Wujiang said ferociously, the whole body blood flow out of the silver thunder crazy power again, like a totem, into a huge lightning dragon, winding on the giant sword.

Every scale on the lightning dragon seems to be able to see the law of thunder, and endless thunderstorms are hidden in it.

"Thunder Dragon sword!"

three people shouted as like as two peas, three huge thunderbolt swords, twined the same thunder and lightning dragon, and rushed to the Dragon Yi Tian.
