

Physician 5561

Chapter 5561

Ye Chen holds the blood God and sits in the temple, slowly recovering his Qi and blood.

At this time, Xiao Huang has returned to normal posture, following Ye Chen.

"It seems that the underground spirit liquid is very helpful for you to recover your qi and blood." Ye Chen sighed, but he didn't expect that the seal clan was not only his blessed land, but also Xiao Huang's.

Xiao Huang shakes his fur, as if to show the change at this time.

As expected, ye Chen saw the green awn on the red and blue fur, and the power of innumerable laws was bestowed on Xiao Huang's body.

"Have you absorbed the power of the law evolved from the seal energy?"

Ye Chen's eyes show a look of surprise.

Xiao Huang nodded a little arrogantly, and he was quite proud.

"In that case, you can go back to the reincarnation cemetery for the time being. You need to watch the old man."

Huang Lao's arrogance against the Confucianists not only shocked the Confucianists, but also sounded the alarm again in Ye Chen's heart. Such existence, left in his reincarnation cemetery, has always been a time bomb.

Xiao Huang nodded, turned into a light, and disappeared directly in the same place.

"Cough, ye Chen."

The blood god's voice rang out in one side. After several times of secret arts, even the endless blood power of the blood god also revealed the phase of Qi and blood collapse.

"Master blood god, are you better?"

Ye Chen's eyes are full of worry. If it wasn't for blood god's hand in time before, he couldn't delay for such a long time.

"Well, much better."

Blood god nodded, his blood recovery is far more than ordinary people, at this time the original fatigue has become gone.

"Master, I didn't ask you before. What attracts you to Shenyin

Blood God heard here, showing a strange smile, said: "that's right."

At that time, the blood God went all the way to the place that attracted him, almost to the border of Shenyin clan.

There is endless desolation, no plants, no vitality, there is just the endless sand and barriers.

In the endless bleak, there is half a blood jade buried under the sand.

The moment blood god's finger touches blood jade, a picture appears in the sea of blood god's knowledge.

"You mean, you see a picture?"

Ye Chen some anxious ask a way.

"Yes, I can feel that place. It's related to my memory. If I can go there, I may be able to recover my memory."

"Master, can you share the picture with me?"

"Of course." The blood god nodded, half blood jade appeared between his palms, sending out endless blood breath, and a huge light curtain appeared over the temple.

Ye Chen looks at the light curtain solemnly.

It was a void space, a palace of wood structure, eroded by a piece of yellow sand, showing the wooden debris at the edges.

The palace group is very large, countless palace debris.

Is quietly lying in the picture, as if waiting for people to enter.

"What's that?"

Ye Chen points to a corner in the picture, where there seems to be something, emitting a burst of light.

Ye Chen Mou son a coagulation, some accidents, and some uncertainty.

"I can't see clearly." Blood god shook his head.

"Master, can you urge Xueyu to enlarge the picture?"

The blood god nods, and the power of blood in his hand condenses on the blood jade again, trying to condense a clearer picture.

"No, it's only half blood jade." Blood god sighed and said with some regret.

Ye Chen nodded, just in the light curtain, there was a moment of amplification, ye Chen faintly felt that it was something he seemed to have seen.

"I think I've seen it before."

Ye Chen murmurs a way, know in the sea repeatedly think exactly is in where to see this thing.

"If I'm not mistaken, it's a pearl hairpin." Zhang Ruoling's voice rang from outside the temple.

She got the news from nine epilepsy there, this time is can't wait to see ye Chen.

"Pearl hairpin?"

Ye Chen a Leng, all he is familiar with the woman's hair accessories, at this time one by one appear in his mind.

Blood god is a little surprised. In the picture where he can retrieve his memory, what makes him distinguish is a pearl hairpin.

"Is this my home? The master of this pearl hairpin is my wife? "

The blood god guessed boldly, although he had no memory of his wife.

"Maybe." Ye Chen nods, if can help blood god to find the memory back, that will be the best thing.

"The style of this pearl hairpin is simple, but it seems to be pregnant with endless power."

As a female, Zhang Ruoling knew much more about the Pearl hairpin than the two men. "I see." Ye Chen's eyes showed a touch of surprise, "I once saw a similar one on a person. The flowing luster is very similar to that in the picture."

"Who is it?"

"Ji Siqing."

Blood god frowned. He didn't remember the name at all.

"Perhaps you may know the name of her previous life."

"Who is it?" Blood God showed a touch of suspicion.

"The smoke goes down."

"Ancient female martial god!"

Blood god's eyes were frightened. It was obvious that he was very surprised to hear the name.

That is the ancient times, powerful existence, that woman, a symbol of the arrival of an era.

"Yes, it's her. I've seen her wear a similar one, but the picture is too vague to see the same thing."

"Well, do you have a way to find her?"

"Yes." Ye Chen nods, "I have a way to find her."

"In that case, let's not delay any longer and start at once."

Blood god was a little anxious. For a time, he thought that he was alone. At this time, he felt that maybe he had relatives to live. He could not help but be a little impatient.

"If you are spirit, I will leave the eastern territory first. Please tell master Jiudian

Ye Chen said, and said nothing more. His body had been pulled by the blood God and stepped into the void.

.....

Right now.

A beautiful woman with beautiful skin is in the process of reclusive cultivation.

On her body, countless auras linger, floating like the goddess of heaven, and her eyebrows twinkle with incomparably bright light.

It is Ji Siqing.

Boom!

All of a sudden, Ji Siqing opened his eyes, and his aura turned into a series of runes, such as flying butterflies, hovering around her delicate body.

The endless runes of law are constantly flying. The magic power is like a chain of flying swords, whistling up into the sky, tearing up the clouds in the sky, as if to shake the sky, the sun and the moon.

At this time, Ji Siqing's breath was extremely powerful. Compared with the strong of the same level, he was many times stronger.

All of a sudden, her eyes opened and she looked into the nothingness of the north.

Chapter 5562

"Ye Chen?"

The breath that belongs to Ye Chen is coming from far and near at this time. There seems to be a very powerful blood Qi around him. The endless power of Qi and blood is like a vast ocean.

"Think clearly." The void is torn, and the figures of Ye Chen and blood God appear in it.

"Why did you come all of a sudden?" Ji Siqing looks at Ye Chen unexpectedly. It's only a few months since he left on that day.

"Everything goes to the three treasures hall." Ye Chen shows a smile, but his mouth is very polite. With the presence of blood god, he naturally won't go beyond the rules.

"Is it?" Ji Siqing looks at Ye Chen. Show a smile, although from her memory, face Ye Chen's emotion is very complex.

Both Qu Chenyan's worship and love for the Lord of samsara, and his own trust and nostalgia for ye Chen.

"This is the elder of blood god. In the battle ten thousand years ago, he lost some memory, which made him unable to recover his peak strength."

"Master blood." Ji Siqing showed a smile like sunshine.

"I got an object by chance and could see a picture, which may have something to do with my memory recovery. Ye Chen said that he saw a pearl hairpin in the picture with you."

Blood god "just, I'll take you."

The blood god's face showed a happy color, but it was not easy to say anything to Ji Siqing. He could only blink at Ye Chen secretly, indicating that he would thank nvwu God for himself.

"Siqing, the elder blood God asked me to thank you. He said that the ancient female martial god really sacrificed herself for others, which made him highly respected."

Ji Siqing heard Ye Chen's words, and her face was a little red. She was introverted and gentle, and her temperament had a great change from the previous life.

"Blood god, I just did my best. However, Qu ChenYun's temperament is cold and his behavior is out of order. I'm afraid you won't get much from this trip. "

"It's OK. She's our only hope now. Please take us with you."

Ye Chen said that finding the area in the picture is the top priority. Since Qu Chenyun is the key, they should find Qu Chenyun anyway.

"Nvwushen, don't worry about it. I can't thank you enough for helping us find Qu Chenyun!"

The blood god's face was solemn, and he couldn't help it in his eyes.

Ye Chen looked at Ji Siqing's face and asked anxiously, "what's the matter?"

"It's OK. It's this life. I haven't met her yet. After going through many vicissitudes, I met her again, and I felt some fluctuations in my heart."

The female martial god of the last generation, with her supreme martial arts, was praised by all the generations in that era when the gods were shining. Because the way she chose was colder in the area of family affection, she was like a raging fire with her only sister Qu Chenyun, and had no sisterhood.

Ji Siqing's mind is gentle and gentle in this life, which is quite different from nvwushen's iron style. The combination of the two makes her not know what kind of attitude to face her.

Chapter 5563

"You don't have to think too much." Ye Chen comforts a way, "you are to help us to lead a way, really embarrassed, you point out the direction to me, we go by ourselves."

"No, I'm not embarrassed. I just don't know how to face her," Ji said. "But she is my sister after all, and I can't avoid her all the time. What's more, the place in this picture seems to be very similar to the place she once experienced. No one in the world except me may know where this place is any more. "

Ye Chen frowned, such a large wooden palace, really unheard of, never heard of where someone had seen.

The blood god nodded: "in this case, please take the lead."

"You are welcome, master."

Ji Siqing said that although she recovered her memory, she always put herself in the same generation as ye Chen.

The blood God saw through the feelings, and looked at Ye Chen's eyes with some teasing. This boy has a lot of romantic debts.

He was favored by not only the powerful people in the supreme world, but also Zhang Ruoling in the eastern territory, as well as the ancient female martial god in the previous life.

Ye Chen saw the ridicule in the blood god Mou light, a face embarrassed turn head, the vision dodges of see to one side.

"It's not too late. Let's go."

.....

An hour later.

In an extremely gorgeous palace, a woman is standing in front of a huge bronze mirror. There is no trace of years behind her eyes. She is dressed in silver and looks very beautiful. She doesn't have the charming appearance of her little daughter's family.

"Is that her?"

That woman is the sister of nvwushen, Qu Chenyun.

She took her eyes away from the bronze mirror, glanced around coldly, looked at the girls beside her, and waved impatiently.

At the same time, the outside world.

"This is the place where the clouds go down?" Ye Chen looked at the trees that were not unique around him.

"Well, this is the entrance. Qu Chenyun likes to enjoy it most. He places his own world in the beautiful mountains and waters, which can not only avoid the disturbance of outsiders, but also be nurtured by the spirit of the mountains and waters."

Ye Chen nods: "how to get in?"

Ji Siqing did not hesitate any more. She came from the same school as Qu Chenyun. For outsiders, it was very difficult to break the barrier. For her, it was like entering the back garden of her own home.

As soon as her hand touched the barrier, the barrier turned into two beams of light, revealing a hole for one person to enter.

The three entered without any attack.

At this time, a silver figure suddenly appeared in front of them.

It was Qu Chenyun who came.

"I can't believe that after tens of thousands of years, you still have the heart to see my sister."

Qu Chenyun said his elder sister, but he could not see any joy on his face. Instead, he was full of disdain.

"I came here today to ask for something." Ji Siqing restrained his anger and said softly.

"How can I let the ancient female martial god condescend? I'm so ashamed."

"Master Qu, we have something to ask for."

Ye Chen receives a word, he doesn't want Ji Siqing to be insulted for himself.

"Oh?"

Qu Chenyun seemed to have leisure to take a look at him and blood god at this time.

The vision just lightly swept leaf Chen, see blood god of time, but dun dun, in the Mou light twinkle a silk surprised.

"You're still alive."

"Do you know me?" Blood god looked at Qu ChenYun's eyes with a few threads to explore, this woman, in his disorderly memory, did not occupy any impression.

"Ha ha ha, I didn't expect that you lost your memory." Qu Chenyun gave a very hearty laugh, full of the taste of schadenfreude, the blood god after amnesia, holding so coveted things in his hand.

At the thought of this, she was inexplicably excited.

"I came here by chance to see a picture, which can help me to retrieve my memory. And in this picture, maybe only you can tell me. "

Through Qu ChenYun's performance just now, blood god certainly knows that he and she probably knew each other before, but they are definitely not friends.

"Why?" Qu Chenyun showed a meaningful smile.

The matter of blood god is very far-reaching. If you let the Bone Demon know, he will probably come with his skeleton soldiers.

She would never do such a thing that would do her only a hundred harms but no benefits.

"You're still so selfish." Qu Chenyan couldn't help sneering.

"Oh, I'm selfish? It's better than that some people take their lives to supplement others and watch others in pairs. "

Qu Chenyun said that the person she hated most in her life was the Lord of reincarnation. If only the camp is different, she and Qu Chenyan can not reach such a situation.

It was the Lord of reincarnation that caused her two to finally go their separate ways.

In Qu Chenyun's opinion, Qu Chenyan's love is as humble as dust. The most important thing is that he is not human and does not even have a decent identity.

The ancient female martial god, however, had to condescend, and had to take her life to paste the damned reincarnation Lord.

"You are still so biased and stubborn when you look at things

"Well! On the road of bigotry, it's not me who never turn back, but you who never turn back. "

"Whatever you say, how can you help us find the place in the picture?"

Ji Siqing knows that if she goes on like this, not only will it not have any effect, but it will only aggravate Qu Chenyun's anger. She is an unreasonable crazy woman.

"No way!"

Qu Chenyun flatly refuses. Now that she sees the blood god, she has been infected with the traces of cause and effect. If she still helps, she is afraid that the countless hostile forces of the blood god will not let her go.

Even if she doesn't care about the demons like bone demon, she doesn't want to get into trouble because of these things that have nothing to do with her.

"Then don't blame me for being rude!"

Ji Siqing's eyes became cold, and his worst plan was to fight each other.

"Do you want to fight with me? Just because you have just recovered the memory of your previous life, this insignificant strength?"

Ji Siqing did not have the slightest fear: "between you and me, since there is no way to talk about family, then talk about strength."

"Think clearly." Ye Chen stops Ji Siqing's impulse in a low voice. After seeing Qu Chenyun, she seems to be a changed person, and becomes a powder keg.

Ji Siqing looks at Ye Chen for a moment. He can only snort. He doesn't say anything more and retreats to one side.

Qu Chenyun is a little surprised in his eyes. He just uses Yu Guang to sweep Ye Chen gently. What's strange about this boy? He can make the female martial god listen to him like this.

Chapter 5564

"Master, we are here to find the place in the picture. Please let me know. I'm sure we've got a lot to offer." Ye Chen stepped forward, with a calm tone.

"I won't take you any more times. Get out of here."

Qu Chenyun cold voice said: "I Qu Chenyun, do not entertain outsiders, quickly roll! Otherwise, don't blame me for being rude

Ye Chen didn't expect that Qu Chenyun turned over faster than turning over the book. At this time, his eyes showed a trace of cold.

"I said to speak with strength, she is not a reasonable person at all!"

Ji Siqing said to Ye Chen in a resentful tone that her elder sister is as stubborn as a stone.

Qu Chenyun twisted his fingers to make a charm. A ray of fierce color flashed in her eyes. A copper bell the size of a palm had already appeared in her hands.

"Ding!"

With her fingers turning, a ray of majestic aura came out of her body, and she buckled on the copper bell, making a crisp sound.

Hum!

At the moment when the copper bell made a sound, ye Chen felt that his blood was churning violently, and some of his blood was jumping out of control.

Qu Chenyun raised his hand, and a series of crisp rings began to ring from the copper bell.

Endless power of blood rolling, endless taste of blood through the body, the original world of mountains and rivers stained with a layer of blood.

At this time, the reincarnation blood in Ye Chen's body rolled, and a trace of reincarnation Qi broke the blood pressure!

Even the blood of blood God and Ji Siqing, under the pressure of Ye Chen's reincarnation blood, was suppressed and calmed down.

Reincarnation blood, suppress everything!

Qu Chenyun was a little surprised to see the scene and yelled: "this is Reincarnation blood! You are the Lord of reincarnation"

Qu ChenYun's eyes show a trace of cruel and cold look. He looks at Ye Chen's eyes and wants to pick the skin and bone.

Ji Siqing's heart sank, and Qu ChenYun's hatred for the Lord of reincarnation was far more than anyone else in the world.

"It's none of Ye Chen's business. What resentment do you have towards me?"

"I thought you had a long memory after tens of thousands of years! I didn't expect to keep up with the first life. I didn't follow the reincarnation Lord! To be demoralized"

The bronze bell in Qu ChenYun's hand suddenly becomes extremely huge, and the bronze texture exudes a faint ancient flavor. This is an unparalleled artifact of law.

After becoming bigger, the body of the bronze bell is full of mysterious scriptures, with a supreme and mysterious atmosphere, just like that, shining and floating in the void.

"Think clearly." Ye Chen said lightly that his figure had already stood in front of Ji Siqing, "since the elder has a grudge against me, we should discuss the matter on the matter. I, ye Chen, stand here and do as you please!"

"Good!"

Qu Chenyun said indifferently, his eyes seemed to be able to spray out a flame: "since you want to bear, don't blame me for being rude!"

Ye Chen has no fear of nodding, the whole body of the majestic law has been all over the body.

"Qu Chenyun, I just want you to help me find a forbidden area."

The long sword in Ji Siqing's hand has emerged, and he hates it.

"You are the same as before! You will always draw your sword at me

Qu Chenyun said, looking into Ji Siqing's eyes, in addition to anger, there seems to be a touch of bitterness and helplessness.

Ji Siqing listened to her saying that he didn't know whether to put down or raise his sword for a moment.

"Well! Well, since you want to ask me for help, Lord of reincarnation, if you kneel down and beg me, I will promise you. "

Qu Chenyun read a horizontal heart, showing a sarcastic smile.

"Qu Chenyun! Don't deceive people too much! "

Ji Siqing had some tangled expression, and suddenly became extremely cold. She should have known that she should not have a trace of hope for her!

This words doesn't seem to touch Ye Chen. There were too many people who blocked his progress.

But in the end, all of them died at his feet.

"I don't want to."

Although Ye Chen hopes to help blood god recover his memory as soon as possible, it can't trample on his dignity.

After that, he turned his head and looked at the blood God: "master, I will find the forbidden area for you!"

Has been standing beside the blood God already can not restrain the anger in the heart.

Blood god's eyes were as wide as brass bells. It was the first time in his life that he met such an unreasonable woman.

"You wicked woman!" Blood god scolded, the long halberd appeared in his hand, and his body had risen to the air.

"Well! Don't think too much of yourself

Qu ChenYun's face showed a trace of sarcastic smile.

The long halberd in the blood god's hand, on which the scarlet pearl exudes incomparable light.

The extremely strong bloody force forms a scarlet blood fog in this world.

"Shua!"The halberd was wrapped in the blood light, and went to the cloud with the situation of destroying the dead.

Qu ChenYun's eyes were dyed with green and blue, and a long knife in his hand was across his chest.

That vast flow out of the green light, with crystal clear blade of sharp.

There is no such fancy move, nor the treacherous light wave. At this time, under the control of Qu Chenyun, he just lifted it slightly and held up the long halberd of blood god.

"No wonder you are so eager to find your memory. Now you are too weak!"

Qu Chenyun cold hum a, clear look to the blood God: "now kneel down to beg for mercy, I can spare your life."

There was a ferocious color in blood god's eyes, and the long halberd in his hand turned into two parts, a short halberd and a short sword.

"Blood explosion!"

The blood god's endless power of blood turns into blood light balls, twining on the two magic weapons.

Qu ChenYun's figure is in the void. He ignores the blood explosion of the two magic weapons and rushes over with a long knife.

"Boom boom!"

A bead of blood, in the moment of contact with Qu Chenyun, began to burst madly.

In the whole world, there are endless blue lights, which surround Qu ChenYun's body.

It seems to be guarding her.

The fury of the explosion of blood beads makes Ye Chen and Ji Siqing surprised.

The sword awn in Qu ChenYun's hand shuttled through the countless blood beads.

Under the protection of the silver robe, the dust came out, and a long knife cut through the void, which had broken the protection of the two magic soldiers of blood god.

At this time, the long knife in her hand has disappeared, a pair of plain hands, is about to hold the blood god's throat.

"Qu Chenyun!"

Seeing that Qu ChenYun's hand was about to hold the blood god's neck, Ji Siqing took out a jade pendant from his arms and threw it high into the air.

Qu Chenyun turns his head to see the jade pendant, and immediately stops the attack to kill the blood god. Instead, he turns to hold the jade pendant in his hand.

Ye Chen's body shape turns around, and immediately answers the next blood god, looking at Qu ChenYun's eyes, full of boundless anger.

Chapter 5565

Ji Siqing saw Qu Chenyun stop, quickly continued: "this is the master's jade plate!"

Qu ChenYun's originally violent breath, at the moment of seeing the jade pendant, turned to be extremely gentle.

She is still able to wantonly live in this world today, thanks to her master.

Maybe Ji Siqing said that she was indifferent and selfish, but once the master was involved, she was always the most docile and obedient disciple.

"You still have this jade pendant."

Qu ChenYun's voice is full of deep thoughts, and she can still remember the sound and smile of the master.

Ji Si nodded: "Shifu has always been my most respected person. If Shifu is still alive, I don't want to see you and me fighting each other like this."

Qu Chenyun looked at Ji Siqing's eyes and said, "if you want to take the master over me, you are wrong."

"No, I just want you to take us to the forbidden area for the sake of our consanguinity and the cultivation of our classmates

Ji Siqing's face was filled with a trace of sadness. They were sisters, and finally they came to this point. The tears in her eyes seemed to show her last attachment to Qu Chenyun.

Qu Chenyun's eyes become more complicated when she looks at her. She used to be her most protected younger sister, the younger martial sister she most wanted to surpass, the hostility she most hated and wanted to get rid of, and the female martial god she most admired. She has too many identities.

Every time when facing Qu Chenyan, Qu Chenyun can't even help thinking how good it would be without her.

Why does she always have to look up to her? Why is her aura always covered by her?

Why is she still willing to degenerate to protect the reincarnation Lord?

From the root, their beliefs are different.

"Sister!"

Ji Siqing see her hesitation, two after the mood, let her seem to be able to understand some of Qu Chenyun's ideas and her heart bond.

"Good."

This deep call made Qu ChenYun's whole body tremble slightly, as if it contained thousands of words.

"I can promise to help you find the forbidden area, but I have one condition."

Ye Chen frowned: "if it's still the one before, don't talk about it."

Qu Chenyun didn't pay any attention to Ye Chen this time, but looked at Ji Siqing.

"According to the agreement of that year, there will be a war between you and me. My condition is that as long as you defeat me, I will promise you to take you where you want to go."

"You deceive people too much, so powerful! Nvwu has just recovered. It's impossible to defeat you! "

The blood god shakes his body and stands up. His blood power is strong and his recovery is much faster than that of ordinary people.

"Well, I promise you."

Ji Siqing did not hesitate at all. For them, this battle will come sooner or later.

"No way!"

Ye Chen resolutely refuses. He would rather fight with Qu Chenyun than let Ji Siqing take such a big risk.

"Ye Chen! I volunteered. It's also my cause and effect. "

"Even if you don't find me, I'll do it one day."

Ji Siqing's face was as usual, without any fear.

"Qu Chenyun, you know that Siqing's strength is not as good as you at this time. Even if you win with her, you won't win."

"Ridiculous! Can I be such a person? I will certainly be suppressed to the same level as her. I won't take advantage of her. "

Afterwards, Qu Chenyun coldly said: "you'd better not talk nonsense, otherwise I will withdraw this condition at any time."

Seeing this, the blood god could only turn his head and look at Ji Siqing and comforted him:

"nvwushen, I've just fought with her. Her strength is unfathomable and her means are endless. Even if she forces her down, you won't be her opponent!"

"yes, Siqing, she came from the same school as you, but during your reincarnation, she hasn't stopped practicing Lian, at this time, your strength is at its peak. If you fight against her now, it's like hitting a stone with an egg. "

"Yes, nvwu God, I'm very grateful for your help. If I let you die again, I don't want the memory of blood god!"

The blood god says aloud, their this line originally is for oneself.

It's OK to fight with Qu Chenyun himself, but he can't do such a thing by hiding behind a woman and letting nvwushen stand out for him.

In the final analysis, it's just to find the memory. It's really no good. It's a big deal. He's following Ye Chen now. It's also very good!

"Siqing, you don't have to worry about master blood god. I have other ways to help him find the forbidden area. You don't have to risk to help us." Ye Chen also said.

Qu ChenYun's face is cold and thin at the moment. Listening to the words of blood God and ye Chen, his heart is not happy.

"You've always been like this. There are always those people who don't know the greatness of heaven and earth who are hypocritical to you. If they really don't want you to risk, how can they let you lead the way?" "You don't have to sow dissension. I came here voluntarily. Even though I knew for a long time that I might make you more angry and don't want to help, I'm never a person to escape."

Ji Siqing ignored Qu ChenYun's provocation and said calmly.

Ye Chen skimmed, eyes dew indifferent looked at Qu Chenyun: "think clear, don't risk, I take you away."

Ji Siqing looked at the worried appearance of Ye Chen and blood god, with a smile on the corner of his mouth: "you don't have to worry about me, it's not that I'm willful and reckless. My sister and I don't have the same knot over the years, it's not just because we chose different camps at that time."

Ji Siqing's eyes are long, just like the scenes of that year.

"Although we have learned from the United School, the ultimate choice of the source of Tao is very different. We can even say that the two of us have different beliefs, which leads to the emergence of many problems."

Ye Chen didn't speak, just listened to Ji Siqing quietly.

"Although everyone has different beliefs, we always want to let each other recognize our own way and belief, so we have been living in torment. This time, let me fight with my sister. I must use my own actions to tell her that I am not wrong."

Ji Siqing said, the whole person's breath is chilly, the ancient female god of war's demeanor has been fully demonstrated.

Whoo!

From Ji Siqing's mouth, a vast chant of golden light evolved into a pair of Divine Wings on her back.

Her whole person is like a fairy in the myth, and she is on earth.

This is what she never tried in those years!

This life, destined to face!

That year's Qu Chenyan will not escape!

Ji Siqing of this life will not escape!

This is her battle of faith!!!

Chapter 5566

Ji Siqing urged taishangtian chidao to incarnate into the legendary goddess. Her body moved, and her body speed exceeded the limit. In an instant, she swept down from the nine heaven, and the blazing light shone on the abyss, like the immortal gods.

Ji Siqing's eyes are sharp, her incarnation is like this, and she has a female martial god named Weili. She must win the battle of faith!

In his hand, he also offered the flying sword of rosefinch. The heaven's blazing path broke out to the extreme, and the light was incomparably brilliant. If there was a rosefinch, it was constantly flying and dancing. It was very beautiful.

Qu Chenyun looks slightly condensed at the moment, the whole figure has been introverted and Pentium.

A huge shadow of qingluan is floating on the back of Qu Chenyun, and the shining sheen of Shenmao is showing incomparable supremacy.

"Qingluan, one of the five phoenixes?" Ye Chen frowns. Ji Siqing's practice is too shallow. Zhuque is really weak in the face of qingluan.

"You don't have to worry." The blood god comforted, "she is always the ancient female martial god. Moreover, Qu Chenyun suppressed her strength. The situation should be favorable to the female martial god."

Ye Chen nods, eyes are still full of worry to see the war of two girls.

"Roar!"

The sound of qingluan, which resounds through the void, is extremely vast in the whole world.

The first layer of sword awn brought by the rosefinch flying sword group, at this time, in the roar of qingluan, caused a wave of air and broke it one by one.

Ji Siqing's face was cold, but he didn't expect that there was a Hongmeng ancient Dharma blessed by heaven's blazing way. At this time, he didn't have the power to fight against Qu Chenyun.

"Qingluan crazy sword!"

Qu Chenyun said, a very heavy long knife has crossed the void, running from a distance.

In an instant, countless qingluan giant birds surge from heaven and earth.

Each of them exudes endless green luster. In Qu ChenYun's world, she can pull anything into her own world.

These tens of thousands of qingluan are also the ones she has collected bit by bit over the years.

The sword awn and the rosefinch sword collided with each other and made a boom.

Countless qingluan giant birds are flying around Ji Siqing's body. Her rosefinch wings can greatly improve her movement speed.

At this time, they were all limited by the qingluan giant bird, and there was no place to break through.

"Ancient qingluan chop!"

Qu Chenyun said, "chop, chop the spirit!"

The powerful sword ran through the whole void and cut directly at Ji Siqing.

Ji Siqing's whole body radiates golden light, with white lips and red teeth. As a goddess, Ji Siqing is waiting in the same place with a very strong body.

This is Qu ChenYun's opportunity, as well as Ji Siqing's opportunity!

Ji Siqing's mysterious mantra was slowly reciting, and his whole face became very strange.

Rising from the foot of a fairy fog, will cover her figure.

"Two cuts, cut the flesh!"

Qu Chenyun naturally won't wait until she is completely ready to give up this rare advantage. At this time, she has accumulated her strength again. Qingluan's second chop has been sacrificed again.

Ji Siqing's array hasn't been completely arranged yet. At this time, he felt the extremely arrogant power. His heart was numb and he felt suffocated.

"Three cuts, cause and effect!"

This knife hasn't come down yet, but the third one has been sacrificed by Qu Chenyun.

Endless traces of cause and effect, endless reincarnation of facts, pile by pile, one by one, accompanied by the light of the blue and blue knife, they cut on Ji Siqing's heart.

"Poof..."

A mouthful of blood gushed from Ji Siqing's mouth.

"Is that all you can do? This is the source of Tao and belief that you insist on? "

Qu Chenyun said with great disdain: "I'm really ashamed of you!"

Ji Siqing did not intend to give up, word by word: "I have not lost!"

In her hand, the powerful taishangchi road flows, and the rosefinch Xuanyi behind her even forces the nearby qingluan bird to fly, leading her to fly to a higher void.

"Run?"

Qu Chenyun looks cold, but he wants to run? My knife hasn't agreed yet!

Qu Chenyun is the master in the world full of supreme wisdom.

"No one can escape under my nose!"

"Who said I was going to run away!"

Ji Siqing has a rosefinch flying sword in her hand. It's airtight. It's like she was born with hope and doesn't care about other people's behavior.

Qu Chenyun saw that, without second words, he had already put the long knife up.

Second daughter, you come and I go, the whole void is full of sword meaning, sword meaning, and even the sound of cracking.

Ji Siqing's original white robe was full of blood.

"Listen to me. Get out of here. You're alive." Blood God showed a look of impatience, like a flower girl, should not fall like this.

Ye Chen knows that Ji Siqing is a very stubborn man. At this time, how can he help Ji Siqing out of trouble!

"Can't you fight it?"

Ji Siqing's face showed a look of disappointment. She didn't expect that there was such a big gap between herself and Qu Chenyun.

If Qu Chenyun doesn't suppress his strength, can he not even hold a breath?

It takes time to cultivate martial arts.

After all, her time of practicing martial arts is too short.

"No! I don't believe it

Ji Siqing looked at his palm sympathetically, and his heart was greatly moved. If her Tao source could not shake Qu Chenyun, then sacrifice the master's skill!

Ji Siqing at this time is more like Qu Chenyan ten thousand years ago, calling the Lord of reincarnation the Lord. The divine power of the ancient female martial god is revealed, revealing the majesty like a queen!

"Reincarnation star soul dies!"

This is the only magic power given to her by the reincarnation Lord.

A touch of reincarnation source gas lingers from Ji Siqing's body. The breath of continuous blood suppresses all the power of blood.

Countless stars rise in the world, in the endless darkness, just like stars, floating in the air.

"So far! You think of him

Qu ChenYun's face turned cold. Seeing that Ji Siqing had already lost, he even gave up taishangchi's way on his own initiative,

without too much explanation, Ji Siqing just prayed silently in his heart: "just give me a moment, I will be able to beat her!"

Countless stars at the same time, all over the body of Qu Chenyun.

"Blast!"

One star after another is bursting in the void, but it is quite different from the previous blood explosion.

Such a powerful light wave, alone with the faint green awn, obviously unable to resist.

"This is..."

At this moment, Qu ChenYun's face is full of heaviness and accidents!

Damn it!

Chapter 5567

No longer hesitated, Qu Chenyun behind qingluan virtual shadow, efforts to incite, want to leave this terrible place.

But it's late!

Ji Siqing shot Qu Chenyun down from the air.

Won?!

Ji Siqing can't even believe the scene in front of her. She did it!

Ye Chen and blood god were in a happy mood at this time. The ancient female martial god did not disappoint them.

Qu ChenYun's face became gloomy and terrifying, and he looked at his palm in an incredible way.

In the moment of the division.

The long halberd of blood God has been wrapped with blood light again, and the evil sword in Ye Chen's hand is also emitting a faint black awn.

Ji Siqing just shakes her head towards Ye Chen and blood god. Although Qu Chenyun has always been ruthless, she is a very committed person.

Once you agree to something, you will never go back on it.

Now that Qu Chenyun has lost, maybe she will be surprised, surprised and unwilling, but she will not go back, because she is Qu Chenyun.

"I didn't expect you to win."

There is a little loneliness in Qu ChenYun's voice.

"Between you and me, in fact, there is no higher or lower skill, just different ways. My past life with the reincarnation Lord was compassionate for all things, which is not in your faith.

This time, I beat you with the power of the reincarnation Lord. I just hope you can open your eyes and see my faith. "

Ji Siqing said word by word: "the heart of heaven and earth, not a happy person, the world is peaceful, need strong people sacrifice."

Qu Chenyun was silent. For a moment, the whole world was quiet.

When he heard those words, the blood god was also touched. He looked at Ji Siqing with admiration: "she is worthy of being an ancient female martial god. She is not only powerful, but also has good advice, which is thought-provoking."

Ye Chen nodded: "this is our firm belief in this life. It may be difficult, but we will never give up."

As a member of the Bureau, no one understands the meaning of this sentence better than ye Chen.

Maybe today, he is as humble as grass, and his strength can't match those super strong, but one day, he will break through the sky, go straight to the Supreme Court and look down on the world.

"Show me the picture."

Qu Chenyun said indifferently, no longer mentioning a few words about faith, maybe Ji Siqing's words touched her, but at this time she did not forget the agreed content.

The blood jade in the blood god's hand appears again, and the huge light curtain appears again.

"Is it this pearl hairpin?"

Qu Chenyun seems to be a casual glance, and there is something in his palm, which is very similar to what Ji Siqing wore before.

Blood god looked at the bead hairpin with burning eyes and nodded quickly.

Although the picture is not very clear, but at this time the real object is in front of us, the same light flashes, the same family's continuous Qi Yun, is the same object.

"I know where it is." Qu Chenyun said, "the place is very strange. Are you sure you want to go?"

"Well." Ji Siqing answers first, for fear that the answer is late, ye Chen won't let her participate.

"Where is it?"

Ye Chen really knows Ji Siqing too well. At this time, even if ye Chen doesn't let her take risks, she might as well keep up with her secretly. It's better to let her go with her all the time. At least she has a care.

"This is the forbidden area of Shenwu." Qu Chenyun said indifferently.

"Shenwu forbidden area? Master blood god, do you have any impression? "

Blood god shook his head. He was so strange to this place that he couldn't think of it.

"Why are you so familiar when it's so strange?"

Ji Siqing's words show a trace of concern. Why is Qu Chenyun so familiar with such a strange place.

"I've been there twice. The first time I went there, I was not strong enough to lose the Pearl hairpin. But my master gave it to me, so I went there for the second time and took it back."

Qu Chenyun simply explained that even if it was a cold and pure sentence, Ji Siqing knew what kind of crisis it was the first time for Qu Chenyun to give up the gift from his master and force him to leave.

"But I haven't set foot here for tens of thousands of years. I don't know what danger I will encounter if I take you there this time."

Qu Chenyun said in a cold voice, with a warning in his words.

"Besides, this is a forbidden area. It's forbidden for me to take you there. No one else should know."

Ye Chen three people nod, this is for blood god, so dangerous forbidden area, they also don't want to let more people risk.

Qu Chenyun looked at Ji Siqing, still without any temperature: "you rest a incense time, after a incense, we set out."

With that, Qu Chenyun turned around.

Extremely clean.

Ji Siqing looks at Qu ChenYun's back as he turns away.

She can feel that her sister's attitude has changed. Maybe now she may not recognize her belief and support her decision, but she can feel that their relationship is constantly easing. "She cares about you?"

Blood god Leng Leng asked, this tens of thousands of years of time in the past, now heaven and man how a woman are all wrong.

Ji Siqing raised a bright smile at the corner of his mouth: "well, maybe."

Ye Chen looks at Ji Siqing's expression at this time, two people's heart knot, it seems that after this war, really began to melt.

After burning incense, Qu Chenyun seemed to take a casual look at Ji Siqing, and then slowly said, "now that we are ready, let's go."

The three stood up and prepared to leave Qu ChenYun's world.

Qu Chenyun took the lead in going out of the world, and the trees outside are as beautiful as they were when he came.

All of a sudden, Qu Chenyun, who was walking in the front, looked at Ye Chen and his eyes became very cool.

"Did you bring the others?"

Ji Siqing shook his head: "we have only three people on this trip."

"There are really only three of us!" Ye Chen also said that he did not know why Qu Chenyun asked.

Qu Chenyun looks at Ye Chen suspiciously. Her deep-rooted prejudice for so many years makes her really unwilling to believe in the Lord of reincarnation.

"I'm afraid you're not going to be able to defeat me, so you've called other helpers to hide your head and show your tail. It's really disgusting."

"Why don't you understand? There are only three of us. When did we call for help?" Blood god helpless way.

Qu ChenYun's face is sulky. The people she hates most in her life are those who dare to be or not.

"It's certainly not our helper." Ye Chen can only explain a way again, looking at the empty eyes full of worry.

Boom!

In the sky, a huge throne with white bones appeared. The throne was made of white bones, which directly blocked the heaven and earth.

The throne of bones is very huge. There are many avenues and sources of Dharma on each bone. All kinds of powers and laws are in full bloom, and the aura is very strong. Each bone seems to be able to support a piece of heaven and earth, which is invincible.

"Bone Demon cave?"

Qu ChenYun's eyes became cold and turned to look at the blood God: "your old friend, do you remember?"

Chapter 5568

Blood god a Leng, emotion, this is an enemy for oneself.

Ye Chen is also a little uneasy at this time. What evil did the blood god do in his last life? The people who wanted to kill him never stopped.

Blood god helpless, step forward, in the hands of the long halberd emerge again.

This is the trouble he caused, and he naturally wants to solve it.

The evil spirit sword in Ye Chen's hand has already appeared the road seal of destruction, and the evil spirit of that silk continuously, is sending out.

"Ha ha ha, I didn't expect that this is your residence."

A loud voice was heard on the throne.

"Hum, the master of Bone Demon cave was willing to let you out."

Qu Chenyun looks at the people on the throne coldly, with cool eyes.

"This is a miscellaneous matter between the Bone Demon cave and the blood god. If you don't intervene, I will not speak to the cave owner."

Qu Chenyun showed a cold color and looked at the disciple of the Bone Demon cave. His face became very cold: "there are few people who can threaten me in the world."

"Who is he?" Ye Chen asked Ji Siqing, the man on the throne of the white bone, so ferocious and terrible.

"He is one of the two masters under the throne of the Bone Demon cave, the blood Bone Demon."

Ji Siqing frowned. He didn't expect that the power of killing everyone in heaven and man was also the enemy of blood god.

"It is said that the owner of the Bone Demon cave has ignored the things in the cave for more than ten thousand years, and the two venerable ones have taken charge of them. Especially the blood Bone Demon Lord, he is far more popular than his master, but this is just the difference between evil deeds."

"Well...".

Ye Chen nods, who comes is not good, so speak with strength.

"According to legend, the strength of the Bone Demon cave master is at its peak, comparable to that of the archaic God of war, but most of his disciples act strangely and brutally, and their strength is not so strong."

"No matter what the blood devil or the bone devil is! I'd like to see how powerful it is to take my blood god's head. "

Qu Chenyun raised her hand slightly at this time. Originally, she did not intend to participate in the blood God and Bone Demon cave.

She never liked such thankless things.

However, the blood devil even took the immortal Bone Demon cave master to crush her, so don't blame her for being rude!

"It's a mess. Give it to me."

Qu Chenyun said in a cold voice, the blood devil dares to threaten her at her door! I really don't want to die!

Qu Chenyun was surrounded by a layer of fairy fog, and the whole person seemed to be immersed in the aurora.

Countless green rays converged on Qu ChenYun's back, forming a gorgeous virtual shadow.

Her eyebrows form a circle of green marks, like a show crown, slowly floating up and falling on her hair.

"Ancient qingluan chop!"

Qu ChenYun's hand appeared a very sharp long knife.

On the long sword is the endless supreme wisdom of the Tao, and the law of the Tao. Countless green light knives radiate the supreme power.

Between the light of the sword, the light of the lightning and the stone, they tried their best to cleave to the empty throne.

At this time, the blood devil's eyes became cold. He didn't expect that Qu Chenyun didn't give him any face. He came up and started directly.

At this time, even for the face of the Bone Demon cave, he could not shrink back.

"Blood and bone battle gun!"

Blood light, winding around the tip of the gun, as if with this piece of heaven and earth, into one, countless laws, in this shot, crazy broken!

A blend of swords and guns!

In a flash, the spear awn trembled madly under the impact of the light of the knife. With a roar, the whole void seemed to shake for a moment. Then, the eyes of the blood devil suddenly opened, and the arm with the gun also trembled violently. The next moment, the spear awn, broken!

Not only the spear was broken, but also the long spear in the hand of the blood devil flew out of his hand, and it was heavily inserted into a mountain in the distance. There was a burst of noise, and the mountain was smashed in an instant!

The blood devil was shocked. He looked at Qu Chenyun in surprise. It was comparable to the master's powerful sword, which made him confused. Even for a moment, he felt the threat of life and death.

"Blood and bone swallow the sky!"

Countless blood and bones appeared between the blood devil's hands, one by one, flowing the supreme pressure.

The extremely brutal and bloody blood and bone formed a huge light mass.

Inside the endless smell of dark blood, deep in the light group, seems to be linked to a very broad cemetery, there are countless blood and bone constantly appear.

Qu Chenyun did not put the blood and bone light in his eyes. The shadow of qingluan behind him was shining with a vast luster.

As soon as her wings fluttered, her figure leaped out like a million times faster.

In the hands of the green knife, countless Taishang blazing the power of the law, shrouded in them.

The silver robe shows the incomparable heroism.

"Bang bang!" There is no gap and no mercy in the crazy offensive.

Under the attack of this crazy knife, blood and bone turn into powder one after another, and dissipate in this world in an instant.

That knife awn, in a twinkling of an eye cut on the blood devil's body!

"How can it be!"

The blood devil vomited a mouthful of blood, and the whole person flew upside down and hit the ground hard.

In the field, a dead silence!

"That's her real strength."

Ji Siqing looked at the song cloud standing in the void.

That incomparably arrogant breath, so bright and bright light, the supreme blazing Tao and Dharma is flowing around her.

The blood devil's look is cold, his eyes are full of resentment, and his hands grasp the void.

"Did you choose to escape?"

The blood god looked at the back of the blood and Bone Demon, who really had no backbone.

"You just had a fight with her, and she did show mercy."

Ye Chen's eyes gently looked at Ji Siqing, and continued: "her strength is very strong, but no matter to you or to the blood devil, she actually keeps her hands."

"I always knew that she was not a murderer." Ji Siqing has a gentle smile on his face.

At the same time, the face of kuangsheng, the Confucianist disciple who was hidden in the dark, changed slightly. The blood Bone Demon master was the proud disciple of the Bone Demon cave master. With such powerful power, he was so embarrassed under Qu Chenyun.

Qu Chenyun would not have been merciful if he hadn't seen it for the sake of the owner of the Bone Demon cave. He would have given the blood Bone Demon the chance to escape.

He wanted to kill two birds with one stone and destroy the blood God completely. At the same time, it would be a wonderful thing if he could make the Bone Demon cave lose its soldiers.

But now it seems that with Qu Chenyun, it's hard for them to get a bargain. It's better to make a plan.

If the blood Bone Demon Lord is injured this time, he will ask for help from the Bone Demon cave master. At that time, if the Bone Demon cave master comes, he will be able to catch the cicada with a mantis.

No longer hesitated, crazy figure also disappeared.

.....

After a stick of incense.

In the void passage, the four people sat cross legged in the huge copper bell of Qu Chenyun, feeling the endless surging breath in their ears.

Shua!

Chapter 5569

The huge copper bell suddenly began to drop rapidly. Even the four people who were protected by it, their eardrums were ringing.

I didn't know that when it landed tens of thousands of meters, the speed of the bell slowly decreased until it finally stopped.

Qu Chenyun first stood up and walked out of the protective barrier of the bronze bell.

The sound of depression and desolation floats in this forbidden area, and countless ruins are covered by countless sandstorms.

Occasionally, the wooden palace structure shows its magnificence.

People are walking on the barren sand dunes, but their eyes are attracted by a place.

It was a simple wooden gate, which was particularly abrupt in the environment of elimination.

"Where is that?"

Ye Chen some doubts of looking at this unusual place.

"It's said that that's the real forbidden area." Qu Chenyun said, "it's said that all the people who had been there in those years died, so I didn't step into them twice before."

"All dead?"

Ji Siqing felt a chill on his back. As expected, there was no forbidden area like this without blood.

But the blood god rubbed his head and said, "since I stepped into this forbidden area, my head has been in great pain."

"That means we should be looking for the right place." Ye Chen nodded, "master, what do you feel about it?"

"Well I can feel something good belongs to me, but it's very dangerous. It's like being in a raging fire. "

"In that case, it seems that we are going to go in and explore."

Ye Chen said here, looking at the door of the eyes, full of inquiry.

"Can't push it?"

Ji Siqing took the lead in walking in front, stretched out his hand and pressed it on the wooden door. His hands were full of aura.

Under such a strong atmosphere, the wooden door did not change at all, neither cracked nor pushed open.

"Can you stand for thousands of years in such an environment, do you think you can open it easily?"

Qu Chenyun said coldly, disdaining in his eyes.

"I'll try." Ye Chen stepped forward, wrapped his fists with the strength of six samsara in his hand, and directly bombarded the wooden door.

The endless light waves hit the wooden door, like stones falling into the lake, even the ripples did not float.

"Hum!"

Qu Chenyun gave a cold hum and took out the Pearl hairpin that had been left here.

"Can this pearl hairpin open this door?"

Ji Siqing said strangely. With that, he quickly took out another very similar bead hairpin from his own world and handed it to Qu Chenyun.

Qu Chenyun was slightly stunned. He didn't seem to expect Ji Siqing to do it. He didn't take it. Instead, he said, "this is what the master left you. Keep it."

Ji Siqing shook his head: "if you need to use this to open the gate of the forbidden area, you can use mine and keep yours by your side."

Qu Chenyun looks up at her, and she knows that what she values most is what the master gives her.

"Do you have to use a pearl hairpin? Is there any other way? "

Ye Chen asks. He knows that the master is not only important to Qu Chenyun, but also to Qu Chenyan. Ji Siqing carries this part of memory after he recovers his memory. Naturally, he treasures the gift that the master gave them.

"When did I say that I had to use a pearl hairpin to open this door? Besides, in order to bury the Pearl hairpin left by my master, do you think I am as stupid as you? "

Qu Chenyun frowned, and then he took the Pearl hairpin in his hand, looking for something in the wooden door.

"Found it." A very repressive sound finally came out from Qu Chenyun. The wooden gate, under Qu ChenYun's careful search, had nine extremely small holes.

"Is that the key to opening the door?" Blood god doubts a way, two eyes closely stare at Qu Chenyun.

Qu Chenyun puts away the Pearl hairpin, and the original Qi of qingluan comes out from his fingers.

Countless qingluan origin, and even in the tail can see a fine ray of wings, soon gathered into a thin as cattle hair needle.

Each one carries the original breath of Qu Chenyun, which is the result of her burning her own blood essence.

For her, in a twinkling of an eye, the source of her hundred years of cultivation was also a move.

Ji Siqing's eyes show a different kind of feelings. The love between the sisters seems to gradually recover in this bit by bit.

The innumerable sublime original breath of qingluan, like a layer of fairy fog, immediately filled the whole wooden door along the needle as thin as ox hair.

The wooden door, which was as hard as iron and did not shake, shook slightly at this time.

Qu Chenyun did not rush to open the wooden door, but continued to urge the original breath, infused into the door, continuously infiltrating the wooden door that had not been opened for ten thousand years. Blood god's mood is a little anxious at this time. If ye Chen hadn't stopped him, he would have stepped forward and tried to open the wooden door with brute force.

A moment later, the whole wooden structure loosened and Qu Chenyun reached for the wooden door.

"Thank you, sister!" Seeing the wooden door open, Ji Siqing said quickly.

But Qu Chenyun shook his head: "I'm not helping you. I want to see what's inside."

Click!

The wooden door opened slowly, and all the people on the scene looked forward, their faces Suddenly solidified, showing a look of shock.

Behind the wooden gate, it turned out to be the other side of heaven and earth, hidden in countless void. On a ladder, there was a huge star floating here, which was so huge that it was indescribable, floating in the depths of the ladder.

This star is not only huge, but also red as a whole, just like a magic star.

It's terrible is far more than that, the star erupted hundreds of millions of feet of chaotic magic gas, sweeping the whole space.

Countless demons gush out from the star, countless demons Jump among them, and the smell of blood sweeps across the void.

All the people present are dull. Looking at the star, they feel very strange. It seems to be full of endless blood explosion. Once anyone steps into it, they will sink instantly.

The endless ladder is more like a path to hell.

Even with the existence of Qu Chenyun, Rao didn't expect that the real Shenwu forbidden area would be like this.

Ji Siqing some hesitant turn head to see ye Chen one eye, seem to be asking him how to do?

Ye Chen looked at the stars full of magical atmosphere, like the entrance to hell, with the ancient atmosphere of desolation, it's really shocking.

Blood god is the only calm person in this group of people. With the opening of the wooden door, his whole person raised his feet and wanted to go in.

Because, there seems to be something waiting for him!

Chapter 5570

"Master! The stars are strange and unpredictable. You'd better be careful. "

Ye Chen quickly pulls blood god's arm, full face worries.

"I'm here just to find my memory. There's absolutely no reason why I can't go in when I find this place. Moreover, I can feel that there's something I want in the stars."

Blood god's face is serious, and the eyes looking at Ye Chen are full of seriousness.

Ye Chen can only let go, serious way: "that I accompany elder generation to go in."

"We're going together!"

Ji Siqing also takes a step forward. She is willing to accompany Ye Chen, no matter whether it is a mountain of swords or a sea of fire.

Qu Chenyun turned his lips indifferently, but he didn't speak, as if he wanted to know what was in the stars.

They walk on the endless ladder.

But in front of this red star, they are as weak as a fat Mayer, like a mole ant, like a grain of sand in the desert, a meteor above the sky.

Boom!

Beyond the red stars, there are countless God chains, all stretching to the blood god.

The blood god's body was suddenly shocked, and his whole body was shining with blood, forming an extraordinary light shield. The moment that the chain touched the light shield, it was all torn apart!

the broken chain, like blood drops, poured into the blood god's head.

"Ah

At this moment, the blood God felt that his head was about to burst, and countless pictures in the sea of knowledge were changing alternately.

It's like going through the vicissitudes of life in this moment.

"Master blood! What's the matter with you! "

Ye Chen was shocked and looked at the huge star. There must be something on the chain that stimulated the blood god, which made him lose his manners.

The blood god hammered his head crazily, and there was even a trace of blood oozing from the corner of his mouth. Ji Siqing couldn't bear to watch it and wanted to knock him unconscious.

"Stay away from him!"

Qu Chenyun stood aside and said in a cold voice: "look at his eyes, they are red. Obviously they are possessed. At this time, it's very dangerous to touch him rashly."

Ji Siqing's face changed slightly and added a trace of temperature to Qu ChenYun's eyes. Unexpectedly, Qu Chenyun would remind her.

Qu Chenyun is still cold a face, seems to have no feelings for the sister in general, can deflect the body, no longer look at her.

"Master blood god?"

After ye Chen, there is a vast eight trigrams heaven Dan stove, which is filled with endless lingering herbal gas, lingering on the body of blood god.

The blood god's body shape is more trembling, and the blood in the sea of knowledge is rolling. It doesn't calm down under the infiltration of the Bagua Tiandan stove.

"Ah

A more trembling roar came from blood god's mouth, but after this roar, his eyes turned red and white.

"I'll kill you!"

Blood god's eyes are wrapped with the idea of extremely brutal killing, and the long halberd in his hand appears to kill Ye Chen, who is nearest to him.

Ye Chen's heart is greatly surprised, don't know how the blood god suddenly has this behavior, can quickly retreat.

"Master! I'm Ye Chen. "

At this time, where can the blood god hear other people's words, there are only two words in his eyes and heart, "kill!"

The precious stones on the halberd are shining brightly, and countless light waves with the power of blood rush to Ye Chen.

The evil spirit sword in Ye Chen's hand is wildly waving, parrying the long halberd attack of blood god.

At this time, the original blood power of blood god, with strands of evil Qi, traversed the long halberd.

Ye Chen is worried about hurting the blood god. Countless magical skills can't be used, and he has to avoid them frequently.

But at this time the blood god attack speed is extremely fast, the long halberd waving like a group of demons, no rules, but the convergence of dense.

"Kill

The blood god's eyes were red, and the blood on his arms was rolling fiercely. The long halberd, with boundless authority, stabbed directly at Ye Chen's abdomen.

Ye Chen can't avoid it. His palms are attached with the law of destruction and the seal of destruction. He stands on the long halberd with his bare hands.

"Break it for me!"

Blood god expression ferocious, long halberd rapid rotation, ye Chen two palms, in this long halberd flying process, become bloody.

"Master! Wake up

Ye Chen doesn't seem to feel any pain, just a cold sweat on his forehead, which shows that his current state is not particularly good.

But he still stood in front of the blood god, trying to call the blood god's consciousness.

The blood god, who is possessed by the devil, doesn't have any feelings in the face of Ye Chen. What he has is a cold blade and fierce murderous spirit.

"No!"

With tears in his eyes, Ji Siqing saw Ye Chen's forbearance and helplessness, his concession and compromise, and the deadly offensive of the long halberd of blood god. If Ye Chen gives in blindly, he will be exhausted and die under the halberd, even if Ye Chen's vitality is terrible!

"You're still the same."

Qu Chenyun said that no matter how many years passed, what she couldn't stand most was Qu Chenyan's eternal friendship with the reincarnation Lord.

"What can you do to make the blood god come to his senses?"

"Hum," Qu Chenyun snorted coldly, "it's his own demons, which can only be controlled by himself. Whether the reincarnation Lord's life still exists or not is just between his thoughts."

Ji Siqing has some helplessness, saying this is equivalent to not saying, now in such a situation, she has lost the opportunity to move, can only pray silently in the heart, hoping that the blood god can find some sense.

After the God chain is broken, it turns into blood drops and falls into the sea of blood god's knowledge, forming a strange cage.

In that cage, the consciousness of blood god was tightly locked in it.

He screamed desperately, trying to cut down the barrier of the cage, but the starting point was extremely hot, as if the cage was not in front of him, but a piece of hot lava.

Is that how you're locked up here?

No! no way!

Blood god's divine sense is firm. He came back from all kinds of calamities not to be a prisoner in the sea of consciousness, but to find his memory and everything he once had!

Within the divine consciousness, there are numerous true blood elements of Tao, each of which is extremely powerful, like a sharp blade, penetrating the whole cage.

"Break it for me!"

With the burst of countless blood vessels, the whole cage barrier finally disappeared.

The scarlet color in the blood god's eyes slowly receded and became normal again.

When the long halberd sword stabbed Ye Chen's belly again, ye Chen was surprised to see the change of blood god, and knew that he had gradually stabilized at this time. He was very happy.

The evil sword in the hand hit the long halberd a few inches away, and the whole person had come to live in front of the blood god.
