Chapter 5581

"You want me to be a spy, lurking around the blood god?"

Qu ChenYun's face was stunned, no matter what source of Tao she chose or what belief she had. But there has never been a way for her to do such things.

"In these barren years, are you still so superficial?" The Confucianist looked at Qu Chenyun angrily. She didn't want to cooperate.

"Qu Chenyun inherited from his predecessors. Although he was not thorough in handling affairs, he could not agree to such things."

"Do you think about it? In the past ten thousand years, you have not established a sect, but there are some people who can be regarded as your disciples. " The voice of the Confucianists became terrible, and the strong sense of threat leaped out, "if you don't want to, I will use their blood to let you know what to do and what not to do."

"Are you threatening me?"

Qu ChenYun's face is gloomy and terrible. She is free and angry. She didn't expect that the great Confucian could do such a thing.

"Threatening you?" The Confucianist gently raised the corner of his mouth and raised a gloomy smile, "I always mean what I say."

Qu ChenYun's eyes are cold. No matter what hatred she has with Ye Chen, at least the reincarnation master of the last life has a bright and magnificent style, and never disdains to do these things.

"Hum!" Qu ChenYun's eyes became sharp. "I didn't expect that the Confucians should have such a way of doing things. Qu Chenyun has always been a toaster and doesn't want to drink. He really doesn't want to be associated with you rats."

The virtual shadow of the Confucianist in the void, the huge palm toward Qu Chenyun.

The invisible killing suffocated Qu Chenyun.

"Hiss..."

The huge cold palm directly imprisons Qu ChenYun's body, pinches her whole body and only shows her head.

"You don't understand."

The Confucianist Xuying's eyes were ferocious, and his intention to kill was scattered from his fingertips. Qu Chenyun only felt that all his bones were crushed, because of the extreme pain, his forehead was covered with cold sweat.

"My patience is limited. Ten days at most. After ten days, if I don't get the news I want to hear You? The consequences are at your own risk. "

Qu Chenyun suddenly fell to the ground by the hands of the Confucians, and went out of the world.

She wiped the blood from her lips, and her eyes were full of fury. The Confucianists really had no choice but to threaten themselves like this!

Killing? Threat? Now she knows very clearly that the Confucianists have completely angered herself.

No matter how many people there are in the world, she has no fear!

Since he wants to get the holy things in the hands of blood god, as long as there is Qu Chenyun here, he will never let them do so!

Ye Chen, the reincarnation of the Lord, she decided to abandon the past ridiculous cause and effect hatred, spare no effort to help the blood god!

"What's the matter, sister? Are you hurt?"

Ji Siqing saw that Qu Chenyun didn't keep up for a long time, and he was nervous to return all the way to the bamboo forest. At this time, he was shocked to see that Qu ChenYun's mouth didn't clean the traces of blood.

She didn't feel the slightest sense of such a state of cultivation, which can only show that the war was carried out in the existence of self in heaven.

"Who is so rampant?"

Ji Siqing's face changed slightly. How can he hurt Qu Chenyun into such a person.

Qu Chenyun shook his head and said, "it's OK. It's the comeback of the Confucianist."

Ji Siqing's heart sank. How could the Confucianist be said to be a great power? He acted so disgustingly and clumsily. He not only threatened people face to face, but also threatened Qu Chenyun alone. He acted insidiously and cunningly. No wonder his disciples were so miserable!

"The Confucians threatened you?"

Hearing the news, ye Chen is angry in his eyes. After all, it has nothing to do with Qu Chenyun. I didn't expect that the Confucian ancestor was so unreasonable.

Qu Chenyun is a cold smile: "his purpose is just to capture the blood god in the hands of the gods, worried that if the blood god does not serve him in a hundred days, he will lose the gods again, so he chose me to help him capture the gods."

Blood god clenched his fist with one hand: "mean!"

Ye Chen doesn't speak, but looks at Qu Chenyun with some complicated eyes. She is an enemy rather than a friend with them. Now facing such a strong enemy, Qu ChenYun's choice becomes sensitive.

"What do you mean by looking at me like that?"

Qu Chenyun looks at Ye Chen's eyes indifferently. She knows very clearly in her heart what ye Chen's reaction means.

"I'm sure my sister will not obey the Confucianists." Ji Siqing handed Qu Chenyun a silk handkerchief, "if she agreed, she would not be so seriously injured!"

Qu Chenyun always thinks highly of herself and will never give in to the imperious power of the Confucianists. Although the Confucianists coerce her with disciples in her world, she will not admit her fate.

"Reincarnation Lord, although I don't agree with you, the Confucianist is more hateful. This time, I will try my best to help the blood god recover. As long as he recovers his broken arm, and then his strength returns to the peak, he can compete with the Confucianist." Although Qu Chenyun did not underestimate her own strength, she did not overestimate herself and beat the stone with her eggs.

She wiped all the blood from the corners of her mouth and sat down with her knees crossed, carefully regulating her internal breathing.

"Good!" Ye Chen nodded, Qu Chenyun this sentence, he was at ease, after all, Qu Chenyun used to be proud, will not break his promise.

Moreover, for the sake of blood god, he didn't want to put a poisonous snake by his side.

"Sister, I'll help you."

"No Qu Chenyun is still a cold refusal.

Ji Siqing's face was a little chatty, and his arms were frozen in place for a moment.

"Siqing, let's go and explore one or two first." Ye Chen Jiewei road.

Ji Siqing looked at Qu Chenyun with some worry, and finally nodded. The Confucian should not return.

.....

The thatched cottage is covered with a light layer of water vapor. Although it has been dusty for thousands of years, there is no dust breath.

Ji Siqing greedily felt the dew on the thatched cottage, refreshing and quiet, just like when the master was there, so gentle and kind.

Blood God did not feel the slightest sad spring hurt autumn, long legs have stepped into the cottage.

Very simple display, very simple layout, it seems that you can see it at a glance.

"But There's nothing here. " Blood god looked at the incomparably simple layout, some dignified heart, the stronger the vision in the heart, the greater the disappointment at this time.

"Don't panic, master."

Ye Chen pacifies a way, the blood god that loses an arm, full body of blood explodes of dint more blazing, faintly affected his mood.

Chapter 5582

Ji Siqing is also sitting on a futon, next to a small corner shelf. The wood pattern shows that it is not ordinary.

"Once upon a time, Shifu was sitting here preaching for my sister and me, but it's a pity that we chose heaven and earth in this source."

Ji Siqing's eyes are filled with endless sadness since he stepped into his former residence. Every plant and tree he saw can remind him of the scene of that year. How can such a little girl's love have the domineering power of the ancient female warrior God.

Ye Chen doesn't have the heart to disturb her. She looks at every object in the thatched cottage carefully.

"Why?"

Ji Siqing but suddenly Yi a, seem to have what discovery.

"There's an agency here."

She put her fingers on the side edge of the wooden corner table and took out a small drawer with a clang.

There is a very simple ancient jade on display.

She stretched out her hand and took out the ancient jade. Unexpectedly, she said, "there is the smell of master on it!"

Ye Chen hears the movement and comes over, looking down at the ancient jade in Ji Siqing's hand.

"At that time, I vaguely remember that Shifu contacted Yaozu It's something that glows Ji Siqing recalled, "it's not particularly big, it's still relatively small."

"That's probably this."

Ye Chen said, looking at Gu Yu's expression, he was more serious.

"You try to use the spirit power to urge it."

Ji Si nodded, and a red rosefinch God light appeared between his fingers. Like ordinary silk thread, it had been winding towards the ancient jade.

The luster on the ancient jade flashed and never changed.

"It seems to have run out of energy, only a short moment of contact, and then can no longer contact. However, although it was only a short moment, I can conclude that this should be the divine thing that the master communicated with the medicine ancestor in those days. "

Ji Siqing's eyes were disappointed. Unexpectedly, the only possible ancient jade had already failed.

"Let me see."

Ye Chen takes it over and tries to instill a little aura, but there is no change.

In the final analysis, the ancient jade is just an artifact. In Ye Chen's reincarnation cemetery, there is a great power of the spirit world. When is it better not to turn to him at this time.

"Master Feng!" Ye Chen's figure appears in the reincarnation cemetery. In the tombstone, a virtual shadow rises, which is Fengtian Shang.

"What's the matter, you little boy? If you don't have a problem, you won't come to me. "

"No, master." Ye Chen compensates with a smile, and Feng Tianshang is always like this. Although he looks harsh, he is also warm-hearted. He immediately explains the cause and effect.

"Do you want me to help you restore the ancient jade's ability to connect with others?"

Ye Chen nodded: "yes, we need to communicate with Yao Zu. This is our only way."

"Well..." Feng Tianshang pondered for a long time, "it's not that there is no way, but the conditions are extremely harsh and there are great risks."

"Master, ye Chen is willing to take risks!"

Ye Chen said, his eyes earnestly watching Feng Tianshang.

"Well..." From the integration of broken sword and wild devil Heaven Sword, Feng Tianshang knows that ye Chen is not a person who will easily compromise.

"Please let me know."

"Good!" Feng Tianshang did not hesitate. "There was an array between heaven and earth that could reshape the spirit of all things and restore its peak power for a short time. If you can arrange this array, you can naturally summon the ability of this ancient jade and activate it again."

Before ye Chen spoke, Feng Tianshang said again: "but the dangerous degree of this array is far more than other arrays. If it is dangerous, it may suck your original aura."

Ye Chen Mou son one coagulates, a word a way: "if fear threat, I am not the Lord of reincarnation!"

.....

Soon, ye Chen's consciousness returned to reality.

Then, ye Chen and the other three sat cross knee in the thatched cottage, and Gu Yu was placed in the middle by them.

"Ye Chen, this array you said is the wanmie Guiling array?"

Qu Chenyun was silent for a while, breaking the quiet atmosphere.

Ye Chen nods. Feng Tianshang has explained the advantages and disadvantages of the wanmie Guiling array in great detail. He even talks about the source of the Guiling array.

"If it's the wanmieguiling array, it's an effective way to revive ancient jade, although it's a little overqualified."

"It's just that if you say that this array needs at least five people, we'll..."

Ji Siqing looks embarrassed. She is not afraid of the harshness of the wanmieguiling array. What's more, the biggest problem they are facing now is that they are short of one person.

Ye Chen shakes his head and randomly calls Xiao Huang out of the reincarnation cemetery.

Xiao Huang is a nightmare with two pupils in ancient times. With complete ability, he can even compare with the blood god. At this time, the red and blue sacred breath of his whole body makes his whole body show incoherent power."Now there are five of us." Ye Chen has a hook in the corner of his mouth.

"Good!" Blood god's face shows a tough look. As long as he can communicate with Yao Zu, his arm will recover.

"Huineng and heart!"

Ye Chen sat in the middle, and the other four sat on the four directions around him.

At the same time, four completely different aura blood, pouring out, on each person's head, forming a original color yellow circle.

"Union and union!"

Starting from the blood god, the blood red aperture on his head slowly moves towards Ye Chen, flashing fantastic colors, weird and flexible blood power, winding on the aperture, attaching endless fury.

Then there is Ji Siqing. The red golden aperture on her head can vaguely see the huge shadow of rosefinch, which is superimposed on the aperture of blood God very quickly.

The Qingming light circle on the cloud head is full of endless qingluan's chirping, and the unruly blazing heaven is running across it.

"Bang!" At the moment when the Qingming aperture was superimposed on the red golden aperture, the three apertures burst at the same time, emitting endless surging waves.

Sitting at the bottom of the leaf Chen, the soul body transformation, the mysterious body of the supernatural power display, the mysterious pearl is also sacrificed! Endless spiritual power gathering!

The whole body of Xu Tu Yuan Fu appeared, wrapping the whole person in an instant, but it was still a step too late, and a mouthful of blood gushed out.

The blood god, Ji Siqing and Qu Chenyun, were also attacked by this aperture and turned pale.

Only Huang can escape this dangerous situation.

"What's going on?"

Ye Chen uses his divine sense to communicate with Feng Tianshang. They failed in their first step. There is still a long way to go from the danger Feng Tianshang said.

"The base is not firm, the upper position is too strong."

Feng Tianshang said, this is the simplest truth, so he didn't remind Ye Chen. At this time, it is also a little stupefied.

Chapter 5583

"Qu ChenYun's aperture serves as the base aperture, then blood god, Siqing, and finally Xiao Huang."

Ye Chen quickly arranges a way, at will wipe the blood of the corner of the mouth clean, the whole person again cross the knee to do well, prepare to open the second time.

This time, people held their breath for fear of a little omission.

Until the red and blue aperture on Xiaohuang's head was superimposed on Ji Siqing's aperture, people were relieved.

"Huineng and Yirong!"

Ye Chen's fingers are full of samsara breath, destroying the power of Daoyin and forcing the four-color aperture together.

Boom!

At the moment, every aperture is like being attacked, bursting with a strong and hot light.

Rosefinch and qingluan moan in the gap of the aperture, and the violent blood explosion envelops the entire aperture space.

The red and blue air in the middle is mixed with the power of spirit attack.

Each one is contradicting the power of Ye Chen's law.

"It's suppressed by me!"

The evil sword in Ye Chen's hand flies out, sending out a strong breath of reincarnation, erasing the energy traces on the aperture bit by bit.

"Click!"

At the moment when shajian collided with the four aperture, cracks appeared on the aperture.

Boom!

Four aperture into a piece of debris, directly splashing out from the void, just like a sword group.

Ye Chen heart a sink, and failed?

People's eyes dimmed a little, this step is Ye Chen said at that time is extremely dangerous step, is also the most important process of integration.

"Ye Chen, among the four apertures, the origin and the law are very different. You can either press all the apertures together directly with brute force, or you need a very gentle force to grind away the origin spills."

Feng Tianshang's voice rang in time: "but the opportunity is fleeting. If you want to use the first one, you must be fast enough! Thorough enough! Strong enough. "

Ye Chen nods, he knows what to do!

The process again flows to the fusion of this step, four people's eyes are closely staring at the void in the four aperture.

All of a sudden, the endless darkness swept the whole space in an instant. It was just the lustre of all kinds of domineering aperture that became the only color in the endless darkness.

If you want to suppress the aperture formed by four people's original Qi at the same time, you can't achieve it without extremely domineering cultivation.

But with Ye Chen's own strength, Qu ChenYun's own strength alone, it is extremely difficult to suppress.

Since there is no way! Then create a way!

Ye Chen hums, and the map of the yellow spring suddenly appears. A big sword with extremely fast light speed rushes out like this. That sword is the wild devil sky sword at this moment.

The wild devil sword in Ye Chen's hand is now sending out endless pressure and fierce evil spirit of darkness. In this darkness, it seems invisible.

"Chop!"

The tyrannical sword of the wild devil sky sword, in the dark, directly across every layer of aperture.

The originally violent trembling and roaring aperture, under the withering and decaying edge of the wild devil sky sword, even directly swept away the chaotic atmosphere one by one.

No longer that galloping and whistling posture, as to see the lion's small animals, frowning at the same place, honestly accept the fusion.

"Boom!"

At the moment, a very huge wave of air is surging out of the four apertures in a very heroic manner.

The space originally covered by the black source symbol, now, under the attack of this huge wave, has been slowly squeezed on the other side.

Originally, the endless source of the overflow around the aperture, at this time, all in the majesty of the wild devil sky sword, into a dust in the air.

A dark aperture gradually emerged, in which the breath of the dominant position has become the breath of reincarnation.

The last step, ye Chen heart a burst of heavy, shouting: "Huineng and way!"

The dark aperture rose from the sky, directly across the entire void, between the originally ethereal bamboo forest, now covered with a very dark color of destruction.

The gray color fills the whole bamboo forest without any trace of life. The birds that used to be in the forest now turn gray, just like ghosts wandering in it.

Ye Chen felt that there was endless spiritual power rushing towards the aperture, and even he envied the unparalleled energy.

"Hold your heart! Don't be tempted

Feng Tianshang's voice came right away. Maybe Ye Chen didn't feel it himself. In fact, when he felt envious, his arm was unconsciously raised, reaching for the rising aperture.

Although Ji Siqing and others saw Ye Chen's action, they didn't understand what he meant.

After hearing Feng Tianshang's words, ye Chen felt a cold sweat on his back. If Feng Tianshang didn't stop him, maybe he had reached for the aperture, so the most dangerous situation would happen. The spiritual power in his body will continue to flow into the aperture. Maybe his companion will not know until he dies.

Ye Chen collected his mind and carefully observed the movement within the aperture.

In the endless nothingness, it seems that a little light is emerging.

This is the time!

The ancient jade in Ye Chen's hand suddenly soars into the sky, and directly plunges into the aperture with indomitable momentum.

Shua!

A very bright and sharp light in the ancient jade into the aperture of the moment, burst out.

Everyone subconsciously reaches out his hand to prevent the bright light from burning his eyes.

Then, the light became soft, and strands of aura wrapped around the ancient jade, and it seemed to be slowly absorbing the aura itself.

"It's a success!" Ji Siqing called excitedly, looking at Ye Chen's expression, full of joy.

"Well!" Ye Chen feels the aura that seems to have if not, and comes out of the ancient jade.

An invisible light and shadow overflowed from the ancient jade, just like exploring a path of light in the void, a trace of aura, slowly spilled in the air.

The light path is like a tentacle, it seems to be wrapped in something.

Make a click.

"You shouldn't break the rules!"

A low voice came out of the ancient jade, which startled everyone.

But they are sure that this is the voice of Yao Zu!

"What?" The blood God said almost reflexively. Soon, the voice passed through the ancient jade to Yaozu's ear.

"Aren't you Qingxuan? who are you! How dare you steal the ancient jade

This voice is simple and vicissitudes, full of endless years of power.

Chapter 5584

"Are you the ancestor of medicine? I'm Ji Siqing, a disciple of Qingxuan. "

Ji Siqing quickly explained that he was afraid that the drug ancestor would directly cut off the connection between them.

"Well?" Yao Zu, however, uttered a voice of disbelief, "Qing Xuan has only two disciples, but they are siblings. When did he accept a disciple surnamed Ji?"

"I was Qu Chenyan in my last life. This life is called Ji Siqing."

"The younger generation, the song goes down."

Qu ChenYun's voice also suddenly rings. She wants to use this existence to let Yaozu know that they have no malice and have not stolen ancient jade.

"Well! Since you are a disciple of Qingxuan, you should know that this ancient jade can only be used once. This is my rule! "

Yao Zu's voice contains endless anger, very angry, they even ignore his rules, which makes him extremely irritable.

Qu Chenyun knew this. No wonder the master clearly had the means to connect with Yao Zu. He didn't use it again until he died. This is because this jade pendant can only be used once.

Ji Siqing frowned. For a moment, he didn't know what to do. He could only turn to Ye Chen for help.

"Sir, we have no malice. It's only because of the injury that you can't cure, that I dare to come to you for help! "

Ye Chen droops head to say.

"There are many injuries in this world that only I can cure. Do I have to cure every one of them? Stop talking nonsense! Destroy the jade pendant! Don't disturb me again

Blood god's brow tightly wrinkled together, not easy to find the opportunity, this medicine ancestor unexpectedly refused to hand treatment.

"Master, we know that you have your rules, but since we are lucky to be able to connect with you, this may be the chance between us. I hope you can see the cause and effect and give us a chance. " Ye chendao.

Yao Zu has been away from the world for many years. How can ye Chen make any changes because of his words? At the moment, it's just because the jade pendant comes from him, and he can't bear to destroy it directly. He wants to make ye Chen retreat.

"Senior, I believe in cause and effect very much when I join the WTO in the same way of medicine."

Ye Chen squints his eyes, and the whole body is filled with the precious light of colored glaze. The whole popularity is very strict. He raises his hand, and a piece of jade slips is displayed in his hand.

"The eight trigrams, the heavenly elixir, is cause and effect."

Yao Zu's voice began to change a little. He seemed to be very interested in the eight trigrams, but his words were still stubborn: "what do you say to me about this?"

"It's nothing. I just can't understand the cause and effect. I can't understand why some people give everything to others, but some people shrink away. They don't help the world, and even turn away those who take the initiative to ask for help. I really don't know whether the source of the two is really medicine."

"Ye Chen..."

Qu ChenYun's voice coldly spreads, want to remind Ye Chen not too much, this big ability is not he such a small person can provoke.

But I didn't expect Yao Zu's voice to give out a hearty laugh: "I haven't seen such a smart little guy like you for a long time!"

Ji Siqing's face shows a touch of exclamation. I don't know whether ye Chen is lucky or too brave.

"Good! I'll give you a chance. "

Yao Zu's voice becomes soft. I don't know whether he is moved by Ye Chen's fearlessness or attracted by the eight trigrams.

At this time, the light path of the ancient jade slowly gathered together, forming a quiet green door.

The door above, exudes endless miscellaneous breath, out of thin air, but let people feel the extraordinary behind.

But ye Chen smiles a little and shows a tough look.

The reason why he said so much was not that he wanted to use provocation, but that was his real idea. No matter whether the other party was powerful or not, he just said what he had in mind.

"Let's go!" Ye Chen waved his hand and took Xiao Huang back to the reincarnation cemetery. He took the lead to walk into the light gate.

Qu Chenyun nodded and followed them.

.....

After the light and shadow, the door opened, and the four people seemed to enter a quiet and ethereal valley. Herbs filled the air, and the smell of medicine filled the whole void.

This is an unknown place. It's hidden very deep. Ye Chen turns to see the entrance that has disappeared. It has become a stone wall now. Obviously, the medicine ancestor didn't intend to expose the location of the medicine valley. He should have directly opened a void passage for these people to enter.

"Since you have entered our Medicine Valley, you are our guests." A very clear voice came from a distance.

A woman in a white suit, with a hood on her head and a small bamboo basket on her back, full of herbs, was slowly coming towards the four of them.

"I've come to see Yao Zu."

Ye Chen looked at the woman's dress and compared with the people in heaven and man. The hemp coat showed their simplicity, but there was a layer of silver decoration at the joints, which should reduce the wear and tear. "Master has already told me!" The woman's clear and beautiful voice is ringing, "however, the master said that you are alone."

"Me one?" Ye Chen looked at the curling mountains, and the strong breath of the medicine ancestor was filling there.

"Ye Chen..." Ji Siqing looks at Ye Chen with some worry. She doesn't know why Yao Zu sees Ye Chen alone.

"Nothing." Ye Chen shakes his head. Since Yaozu can listen to him, it shows that he is not a narrow-minded person. Now that they can go to Yaogu, he has to persuade Yaozu to cure the blood god.

"Others rest in our Medicine Valley, you come with me."

The woman said with a smile that the medicine Valley had not been visited for more than ten thousand years. At this time, ye Chen and his party entered, which made some people living in the medicine Valley very interested.

"Don't worry, we're OK." Blood God said, from his first step like medicine Valley, his breath became calm, originally violent disordered breathing, now is under the infiltration of this light medicine Qi, become quiet.

Qu Chenyun also nodded his head. In fact, as long as she was there, with the strength of the three people, there would be no danger in the whole Medicine Valley unless it was Yao Zu himself.

"Where are we going?" Ye Chen looks at the woman who leads the way in front of him. Lin you is quiet all the way, only the sound of insects accompanies him all the way.

"Yaozu temple, where the master is all year round."

With that, the woman looks at Ye Chen with a glance. This person is the first one who has opened the empty passage in person for thousands of years. I don't know what's magical about her.

Ye Chen feels her eyes and smiles, showing a very kind smile.

Chapter 5585

"What's the matter?"

"It's nothing. I just don't know what's special about you. I can let my master see you in person."

"Ha ha." Ye Chen said with a smile that he didn't say anything more. The temple of Medicine Valley had already stood in front of him.

Different from the general temple, the shape of the medicine Valley Temple is like a huge medicine tripod at the same time, and the oval shape is presented in his eyes.

"Go in yourself. Master is waiting for you."

The woman showed a look of awe. She seemed to be a little afraid of Yao Zu. Carrying her little bamboo basket, she had disappeared on the path in the forest step by step.

"Young Ye Chen, I'd like to meet you."

Without any shyness and shyness, ye Chen pushed open the closed Palace door and said in a loud voice.

As soon as you enter the hall, a medicine tripod is floating in the air, emitting a faint fragrance of herbs.

Yao Zu sits on a futon in front of Yao Ding, ignoring Ye Chen.

"Master, I come here in the hope that master can rescue blood god. He was cut off his left arm by the thunder of the Confucianists. Although he has an immortal body, he can't be cured. I hope you can do it."
"

Ye Chen is not polite either. He opens his mouth directly and talks about the cause and effect one by one.

"Confucius." Yao Zu opened his mouth lightly, but said these three words lightly, with no intonation.

"Yes, the elder should know the gap between the blood God and the Confucianist. Even after ten thousand years, the cause and effect will continue."

"What do you have to do with them?" Yao Zu suddenly opened his eyes, and there was a frightening sharp light in his eyes.

"It was the younger generation who rescued the elder blood God from the death island. Before his memory recovered, he decided to accompany him all the time."

"Then his memory should be restored now. Did he ever tell you his previous bad relationship?"

Ye Chen nodded: "the elder of blood God has told the truth."

"With the strength of your origin, why don't you leave when you know the hatred between so many strong people?"

Yao Zu showed a trace of inquiry and distrust. He did not believe that anyone's mind could not be afraid of these amazing powers.

"Do you want to retreat when you encounter difficulties and dangers? Perhaps in the eyes of the older generation, it is the most important to properly preserve your strength and disciples, but in the eyes of the younger generation, even if you can live for millions of years, you can't do what you think is right. "

"What do you think is right?"

"It's better to be a broken jade than a broken one, not to bow down because of fear, not to lose hope because of bad luck, not to turn back because of the dim future. There are so many great principles in this world. Is it right just because it has always been so? "

Yao Zu's look became dignified. He thought Ye Chen would praise himself.

But I didn't expect the other party to reply like this.

"Well, that's always the case, right?"

Ye Chen's heart made Yao Zu look down on him. It wasn't that he was so loyal to blood god, but that he was rebellious and indomitable. Yao Zu suddenly felt that although he had taken a very dangerous move, he seemed to have gone right.

"Master, you and one of my former masters are the acme of medicine. I hope you can help me."

Although this dialogue is very simple, for ye Chen, he also saw the tolerance of Yao zunei.

He promised to learn from blood god that he would cure his broken arm. No matter what price he paid, he would persuade Yao Zu.

"Do you know how many times I've done it in my life?"

"I don't know, but since the elder has the ability to save the world, why should he stick to the number of times?"

Ye Chen asked in a concise way. In his opinion, he should be just like the God of medicine. Since he can help all living beings, he should save all the people who have a chance.

There are thousands of people in the world, and it is difficult to redeem them by one person's power. However, if there is cause and effect, even if it is a candle burning, it should not be shirked.

"Well, you are not afraid of me."

Yao Zu snorted coldly. If someone else had spoken to him like this, he would have thrown people under the cauldron as fuel.

Hearing Yao Zu's words, ye Chen said with a smile: "master, you have a good mind. Naturally, you can tolerate me."

"You think I'll take it seriously when you say these nice things now?"

If it's someone else's compliment, Yao Zu will believe it. But ye Chen is such a fearless person, Yao Zu will not simply think that he really worships and praises himself.

"Master, the cause and effect of the past, the past, the hatred and kindness between the blood God and the Confucians, since we can step into your medicine Valley, I can enter your temple, naturally I am looking forward to working with you, as long as you can do it, no matter what the cost, I will be happy with you!"

Yao Zu looks at Ye Chen with an eyebrow, but a herb emerges in his hand. The herb is as pure as snow. If it's not for the cool and ghostly air, it must make people feel that it's incomparably pure. "This is an immortal herb that I got many years ago. However, due to some kind of coincidence, it was not infected with the evil spirit. Now it is like waste."

Ye Chen inherits the way of medicine and is very proficient in the flow of herbs.

"It's a pity that it's very herbal."

"If you want me to rescue the blood god, there is no way."

Yao Zu some kind of twinkle a different smile, ye Chen's heart let him appreciate very much, but also won't break the rules he set.

If you want him to do it, you just need to fulfill the principle he asked.

"But it's OK for you to say that as long as ye Chen can do it, he will fulfill it."

"The most regretful thing in my life is that this herb can't be used, but outside the temple of the ancestor of medicine, there is a huge snow mountain. The qianmiexuexinlian on the top of the mountain can purify the evil spirit of the herb."

"Master, I hope I can get the snow lotus for you?"

Yao Zu didn't nod or shake his head. He just looked at Ye Chen quietly and said, "it's not easy to climb the snow mountain. There are many evil disciples in my medicine valley. They tried to climb the snow mountain again and again, but they didn't succeed in the end."

"I see." Ye Chen nods. Yao Zu's condition seems more difficult than he imagined.

"Of course, as long as you can take down qianmiexuexinlian, I will help blood god."

"Good! senior! I promise you! I'll bring back the lotus for you. "

The medicine ancestor looked at the leaf Chen so resolute direct promise, have the heart to want to remind one or two again, words arrived at the side of the mouth, but still swallowed to go back.

This is his chance, his way, should let him go.

"Master, please send someone to show me the way. I'll start at once."

Chapter 5586

Ye Chen looked at the remote snow mountain from the door of the hall, and sent out a different weather vision from the ethereal, spring like medicine valley.

"Gu Ling, he's going to the snow mountain to pick up qianmie snow lotus. You can show him the way."

Yao Zu's voice has just fallen, and the woman who led Ye Chen's way has already appeared at the gate of the palace. Obviously, she didn't leave as she said before, but she did not know where to eavesdrop.

At this time, Yao Zu found that he could only come out with his head down, and his face was full of fear.

"I see. Master

Yao Zu didn't pursue her. He just waved and closed his eyes. He poured the whole mind into the cauldron.

"Are you really going to snow mountain?" The woman looks at Ye Chen's fearless expression, with a very curious look on her face, "do you know how difficult it is to climb the snow mountain?"

Ye Chen shakes his head. He's new here. How can he know about Yaogu? But from Gu Ling's face, he can infer that it must be quite difficult.

"Many of our martial brothers once wanted to go to the top of the snow mountain to pick up medicinal materials, but the extremely fierce cold finally made everyone unable to achieve their wish. I think you are just the cultivation of the origin, so why take risks!"

The woman shakes her head. Ye Chen's strength is too low in her eyes. The evildoers in the medicine Valley, who is not more than him, are just insulting themselves.

Ye Chen is still that indifferent expression, and did not respond to Gu Ling's words.

Gu Ling curled his lips, and seemed to disdain his self respecting behavior: "master, I want you to retreat. If you can't bear it, you won't be ashamed."

Ye Chen nods, is to thank her to remind.

But this indifferent and peaceful attitude made Gu Ling think, does the master really have such high expectations for him and believe that he can succeed?

However, as soon as this idea appeared, she quickly shook her head. How could it be!

.....

The endless snow mountain in a corner, revealed the whole picture, cold breath, let Ye Chen feel the surging cool breath.

"It's the easiest way up the hill."

Gu Ling continued in a low voice: "I don't know what you can do, but there are endless dangers in our mountain. Once you are weak, you must return immediately, otherwise, you will be frozen into stone."

Ye Chen nodded, in front of this continuous path, close to the snow mountain, is already full of frost on it.

The extremely tall snow mountain, standing in front of Ye Chen's eyes, is extremely huge and vast, just like the God's residence, which makes people dare not climb.

"Thank you, Miss Guling, for leading the way."

Ye Chen embraces a fist to say, then then then the head also didn't return of set foot on this path.

"What a fool Gu Ling whispered, but unconsciously looked at Ye Chen. Ye Chen's speed was very fast. In this instant, he had come to the foot of the snow mountain. His figure gradually became the size of a mung bean, walking slowly on the snow mountain.

Gu Ling roughly calculated Ye Chen's speed, but it was almost the same as many of her elder martial brothers and sisters. This person must not be as simple as what she saw on the surface. How could the strength of the origin be so fast!

Her mind obviously Ye Chen won't know. Although the narrow path is long, in this way, the pressure of the snow mountain on the climbers is relieved, but the distance is also lengthened.

After ye Chen stepped into the snow mountain, the road ahead didn't make him feel any difficult. He walked on the ground step by step.

The green pines and cypresses on the snow mountain are gradually disappearing. Where he sees them, there is endless frost and thick ice. If he doesn't use the spirit power to stabilize his body, he will return to the starting point in this moment.

One frost after another, like a hurricane, hit Ye Chen's body hard.

His way of refining body is different from ordinary people. His body and vitality are extremely terrible, and he can barely resist some cold. But the sharp frost, every wind is like a sharp knife, inch by inch on the human skin.

This is just the beginning of climbing. Ye Chen has a feeling that the huge snow mountain is not so simple. There is a deeper danger hidden in the unknown.

.....

"What did you say? Ye Chen has gone to the snow mountain, the great peak of your medicine Valley? "

Ji Siqing looks at the beautiful woman in front of him, who is the ancient spirit who just sent Ye Chen to the snow mountain.

"Maybe you don't know the snow mountain in our valley very well." The ancient spirit showed that ye Chen was looking for his own death. He told the story of their family's genius climbing the snow mountain one by one.

Ji Siqing's face became very gloomy, and almost all the worries in his eyes turned into a sea to drown the ancient spirit.

"Is the danger really so great?"

"Of course, he's just the origin. What can he do! Some strong people who are too real can't get to the top of the mountain. "

The blood god slapped the stone platform with one hand. The stone platform cracked and said: "it's all because of me. If he didn't do it for me, he wouldn't take such a risk.""He's gone now. It's too late to say anything." Qu Chenyun said lightly that although she didn't like the reincarnation Lord, she really agreed with her friend's friendship.

"Master blood god, don't blame yourself. He will come back safely."

Although Ji Siqing said this, his face turned to Gu Ling and said, "I don't know if the girl can lead the way. I want to go to the foot of the snow mountain."

"You want to go to the snow mountain, too?" Gu Ling looks at Ji Siqing in horror.

"No, I want to be close to him and keep him safe." Ji Siqing shakes her head. Although she is worried, she is full of confidence in Ye Chen. Since he dares to promise, he can finish it.

"Spoony." Gu Ling looked at Ji Siqing and said slowly.

Ji Siqing's face was covered with a thin red halo, and he turned his head in shame.

Qu Chenyun and blood god naturally have no two words, and follow Gu Ling to the foot of the snow mountain.

At this time, ye Chen has walked to the middle of the snow mountain, but the pace at his feet is getting slower and slower. It seems that there is a huge stone on his body, trying to nail him on the snow mountain.

At this time, ye Chen's earth source Qi and spirit power, which were originally shrouded in his whole body, had gradually broken up, as if there were other rules on the snow mountain, suppressing his six source symbols and everything.

Even he could feel that the flow of reincarnation blood in his body was slowing down, even a little bit frozen.

"No way?"

The winding path, finally annihilated in the layers of frost. Is this the farthest place where their Medicine Valley disciples have gone?

Chapter 5587

Ye Chen starts to smile coldly in the corner of his mouth. It seems that the strength of Yao Zu's disciples is not so good.

That piece of ice, a ridge of ice is like a barbed, with sharp edge, incomparable towering surging power, across the snow mountain.

The evil spirit sword in Ye Chen's hand carries incomparably outrageous evil spirit and runs through the ice. Ye Chen is just like a gecko now, clinging to the whole snow mountain.

Endless wind formed a mass of snow burst, hard hit on his face.

At the moment, ye Chen's body is already full of ice edge piercing wounds.

Ji Siqing's heart was pulled together, and there were tears in his eyes.

Under the pressure of the law of snow mountain, ye Chen only feels that his protection is cracking little by little. There is uncontrolled blood spilling from the corner of his mouth, and cracks appear in his bones.

"Give up, boy! This snow mountain is a little strange. You can't compete with the rules on it. " The voice of the old and desolate sounded from the reincarnation cemetery.

I don't know how long it took for the snow mountain to precipitate and accumulate. The endless source gas of ice and frost can even directly crush the less powerful taijingqiang.

Ye Chen is a boy of the original realm. If he didn't have many cards and reincarnation, he couldn't have come to this point.

At the moment, it's just trying to support. It's a fool's dream to reach the top of the snow mountain!

"Don't be paranoid!" The old man looked at Ye Chen, who didn't admit defeat. He even wanted to climb up step by step.

His exposed arm, already under the cold friction, was riddled with flesh and blood.

"Ye Chen! If you go on like this, your body will not be able to bear the cold of the snow mountain first, and your internal organs will freeze first, and finally your whole body will become a stone! "

"Well! Again! Such as! What

These words, just like squeezing out from ye Chen's teeth, hide Ye Chen's stubborn persistence.

The snow mountain in front of Ye Chen's eyes is like an obstacle that he is bound to clear.

The violent frost oppresses Ye Chen's body. For a moment, ye Chen's body can't move any more.

Sha sword is still firmly hanging on the ice, the whole person is hanging in the air.

The law of the snow mountain seems to be the supreme way of heaven!

In the face of this road, Rao is a genius like Ye Chen, who can't shake the slightest bit!

Shua! A white light, but from leaf Chen's body inside light up.

Ye Chen only my Lingxiao martial intention, unexpectedly is to soar by himself, as if facing this supreme martial art, rising up the heart of resistance.

The next moment, the endless frost source gas is on the white light of Ye Chen, some faint retreat!

Ye Chen's eyes trembled. He didn't expect that his Lingxiao martial arts idea was so powerful. The white light was very pure, which was the purification of his whole martial arts idea.

With the blessing of Lingxiao martial arts, ye Chen's whole temperament has changed greatly. His original edge seems to be more restrained. He steps a little, jumps up and climbs to two-thirds of the snow mountain.

"Where can he go?" Gu Ling's eyes changed, the original disdain became a little shocked.

"Well..." Ji Si counted and nodded, just Ye Chen that moment of deadlock, let her fingers all unconsciously clench.

"You don't have to worry too much." Qu Chenyun said, "after all, he is the Lord of reincarnation. How can he be blocked by this snow mountain?"

The snow mountain rule seems to feel Ye Chen's resistance, and the more powerful force of snow explosion explodes one by one in almost every foothold he steps on.

Ye Chen's face changes slightly, that fierce snow evil's dint, also really let his body and mind agitate.

On the snow mountain, the strong law calls out countless ice ridges, which pierces Ye Chen's protection, just like the counterattack to his resistance.

No!

Ye Chen's heart moves!

Man himself is a very vulnerable race. He is as small as a mole ant in the face of natural disasters. Even among all the peoples in heaven, he belongs to the bottom. Not to mention all kinds of monsters and monsters with terrorist power, even ordinary beasts can easily take human life.

Under the power of this law, it seems that there is no room for resistance at all!

But! It is because of the existence of martial arts that human beings can get the upper hand over all ethnic groups!

Martial arts, is a weak body, the peak, the road to extinction!

"Wu Zu, Tao Xin!"

Ye Chen's thick voice is incomparably loud to shout a way.

The reason why martial arts exist is that a person once ascended to the sky step by step. Although there is endless danger in front of him, he is still indomitable and never flinch!

In order to move forward! To live! In order to find that ray of dawn for the survival of human beings in this world!

Since then, the chaos limit has been broken and martial arts has been bred!

What ye Chen experienced over and over again was exactly what Wu Zu had experienced in those years. Any pain, any difficulty, eventually became the whetstone that gave birth to the heart of Tao. The strong power of frost is still crushing Ye Chen.

Arm can be broken, body can be broken, but his heart will be more pure because of this kind of honing!

His Wuzu Taoist heart can shake the world!

Ye Chen, keep going!

Today, his whole body is under unimaginable pressure. His skin has cracked, blood is flowing, his muscles are broken, and his bones are full of cracks!

However, even if he is in a mess, even if he is struggling, even if he is suffering from the pain that makes people want to die, he will go forward. As long as there is still a breath, even if he is broken, he will not stop!

"Ye Chen..."

Ji Siqing's face has been full of tears, ye Chen seems to have been like this, no matter how big the crisis ahead, he does not hesitate to move forward, never look back!

Blood god's eyes also become gentle, in the ten thousand years of the death of God Island, he from conscious, to fuzzy consciousness, what happened before is like a world away.

Hatred, blood and violence are intertwined in his mind. No matter in previous life or in this life, no one has ever done anything for him like Ye Chen.

In fact, in the final analysis, he owes Ye Chen. If ye Chen didn't save him, he would not have been the leader of the perishing God Island, the later owner of the Bone Demon cave, and the hateful Confucian ancestor.

But ye Chen never complained, did not hesitate to stand beside him, his things as their own things, his hatred, as their own hatred.

Even clearly know that he has a very strong God, but never asked, coveted a trace.

In fact, the blood god knows that as long as ye Chen says something, he will offer it with both hands without hesitation.

Chapter 5588

If before facing Ye Chen is a follower companion's state of mind, blood god at the moment in the heart really rose up a kind of follow the mood of obedience.

Such a person, even his identity, is willing to follow him to the death.

However, the blood god looked down at his lost left arm. Now he is far from strong enough to do nothing but add trouble to Ye Chen.

When, his blood god was so humble.

Yao Zu is sitting in front of Yao Ding. At this moment, ye Chen's climbing snow mountain scene is also in front of his eyes. Every step of the young man's walking, there is no hesitation, and some of them are unswerving.

This kind of disposition, this kind of perseverance, the corner of Yao Zu's mouth appeared a smile, his old friend, is really very lucky.

"He won't really be able to ascend the peak!" Gu Ling looked at Ye Chen's fearless appearance step by step and couldn't help saying.

At this time under the snow mountain, has gathered many Medicine Valley disciples, their eyes are very eager to look at Ye Chen that mung bean big figure.

"No way! The snow mountain rules are extremely overbearing. As an outsider, how can he succeed in climbing the snow mountain for the first time? "

"You just can't eat grapes," he said! If you can't climb up by yourself, you feel like everyone can't climb up! "

"Hum, ask elder martial brother Gu Yu, he is the evil genius of our medicine valley. He is defeated in front of the snow mountain. That boy is just the origin. How can he get on?"

"Anyway, he is one step away from the top of the mountain!"

"Even if it's just one step away, you can't escape defeat!" The disciples of Medicine Valley are divided into two groups, each of which has its own reason, but most of them want to see ye Chen lively.

After all, so many Medicine Valley disciples didn't get any advantage in front of the snow mountain. If ye Chen, an outsider, really succeeded in capturing qianmie xuexinlian, it would be a slap in the face for them.

Ji Siqing listened to these people's discussion, eyebrows slightly frowned, noisy words, schadenfreude of cool thin, let her can't help but glare at these people.

Gu Ling looked at her and said, "they are just like this. You don't have to worry about them."

Ji Siqing nodded in the face of her kindness and knew that it was in the medicine valley after all, so he could not be too domineering.

At the moment, ye Chen clenched his teeth tightly, and the hand holding the sword was already green.

There's only one last bit left!

As soon as ye Chen looked up, he could see the edge of the top of the snow mountain. It was smooth and smooth, and it seemed that he could touch it with his hand.

"I'm going to the top!"

This idea is unprecedented clear and clear, leaf Chen foot tip steps on a piece of protruding ice ridge.

One jumped up and went to the top.

"He's on top?"

Endless wind and sand rolled up from the top of the mountain at this time and hit Ye Chen's body hard.

This is the last line of defense of the law of snow mountain to the climber. The violent frost power completely envelops Ye Chen.

All people's eyes, at the moment are tightly staring at Ye Chen's figure, but in the vast white frost, nothing can be seen.

"Bang"

the dull sound sounded, and ye Chen's body hit heavily on the top of the snow mountain.

"It worked." Ji Siqing said in silence, looking at Ye Chen's look full of pride, she knew that ye Chen must be able to do it.

Blood god's uneasy heart also calmed down at this time. Fortunately, ye Chen ascended to the top.

"He really went up!" All the medicine Valley disciples are boiling now, and their words are full of envy and jealousy.

Gu Ling looked at the figure on the snow mountain. It seemed that she really underestimated the young man. At that time, he talked with the master. In fact, she also heard some. Maybe he was the only one who could dare to talk with the master like this in the world.

However, at the moment, ye Chen's consciousness is fuzzy. Although he has got rid of the suppression of the snow mountain rules, he has lost his strength along the way. He has no strength any more. He is paralyzed on the ground and is about to fall into a deep sleep.

"I can't sleep."

Ji Siqing murmured to himself that he could not easily climb to the top of the mountain. If he slept at this time, the frost power on the top of the mountain would be stronger. At this moment, there are many wounds on Ye Chen's body. If he was invaded, he would freeze into stones from inside to outside.

Yao Zu looked at Ye Chen's pale lips and teeth. Without aura to protect his body, his body was shaking violently.

After struggling to reach the top, his state is normal, but whether he can wake up or not depends on his own will.

Everyone's eyes are fixed on Ye Chen. Although the disciples of Yaogu who were not optimistic about ye Chen before were beaten by Ye Chen's strength, they are also looking forward to witnessing the historical moment of Yaogu.

Qianmie Xuelian heart is what every disciple of their Medicine Valley wants, but no one ever gets it.

What is clearly close at hand can only be appreciated from ancient books. Suddenly, ye Chen's fingers moved.

At this time, the strong Wuzu Taoist heart, like a Hong Zhong, struck on his heart, which made his whole body tremble.

Can't sleep! His road is not finished yet!

Qianmie xuexinlian, he hasn't got it yet!

Born as a man, he is stubborn all his life. He can't annihilate his will and die on this snowy mountain!

No!

Ye Chen's eyes gradually clear up, the samsara of the whole body blood, slowly began to transpiration, originally covered in their own thin frost, now has quietly receded.

"Well, you have a chance." The old man said in the reincarnation cemetery.

"Thank you for your encouragement." Ye Chen showed a smile, as if out of sincere thanks in general.

"But it's very difficult for you to find qianmie xuexinlian on the vast snow mountain. But I have a way to help you find it. "

"Huang Lao, someone once said that people are born with two faces. I didn't know much about it before. Since I knew that you existed, I really had a new understanding of this sentence."

"Well! There will be times when you ask me. "

Desolate old stuffy voice way, the heart is full of anger, ye Chen this kid body chance cause and effect is really too many, several times let him hit face.

This time living in reincarnation cemetery, he can't refute Ye Chen's sarcasm, which really makes him angry.

Ye Chen raised his head and looked around. On the vast white snow mountain, he could not see the existence of any medicinal materials.

It's true that Huang Lao said that it's extremely difficult to find qianmiexuexinlian on the endless ice cover.

What should we do?

Ye Chen heart drum, carefully thinking about all kinds of methods.

"On the white snow, you can use the big starry sky."

Xuanhanyu's voice just happened to ring.

Chapter 5589

Ye Chen's heart is a joy: "Xuan fairy, always appear in my most need! Thank you

Xuanhanyu didn't answer. In her opinion, it's her duty to help yechen.

The breath of Ye Chen burst out in an instant. With a wave of his hand, a vast and bright starry sky suddenly emerged, blocking the sky and the sun.

The Hongmeng starry sky, high in the sky, is full of endless starlight and overbearing power. Originally, it is endless white. Under the illumination of Hongmeng starry sky, the frost seems to be transparent, and the objects under the ice can be seen faintly.

"There it is Ye Chen's eyes flashed, and a very pure white snow lotus was lying quietly under an ice layer.

"Wait a minute." Xuanhanyu's voice rang, "this snow lotus, wrapped with a layer of extremely sharp sword."

"Oh?" Ye Chen's Qi and blood didn't reach the peak at this time, and his perceptual energy also suffered a slight loss because of the previous excessive consumption. At this time, he heard Xuan Hanyu say so, and the posture that he had planned to directly attack also stopped.

"If you want to take it off by force, countless swords will fall on your body." Xuanhanyu said in a cold voice, "there is no other way."

In the Hongmeng starry sky, countless light balls burst on the ice near qianmiexuexinlian.

"Shifu, once said that if you want to take off the heart of the snow lotus, you must pass the layers of swords. In other words, the test of snow mountain climbing is far from over."

"What?" Ji Siqing's face showed a look of great consternation, "do you mean that ye Chen wants to pick herbs, but also by ten thousand sword through the heart?"

"It's no exaggeration, but the endless sword will definitely hurt him."

Gu Ling's look was a little low. Although the master didn't say it clearly at the beginning, his words all vaguely mentioned the unusual features of the sword.

However, seeing Ji Siqing's worried look, she could not tell her the details anyway.

Qu ChenYun's face is solidified. In her opinion, it is not easy for ye Chen to come to this step.

Ye Chen's eyes moved, and he looked at the thousand snow lotus's heart.

It's just a sword. Will he be afraid?

Ye Chen stretched out his hand, directly through the layers of sword, directly stretched out his hand and tightly grasped the herbs.

Shua Shua!

Endless swords swept over him.

He took the medicine's arm and cut it to pieces.

The extremely sharp frost source gas, wrapped in the sword, is like the breath of God source, let his blood be eroded by the frost layer by layer.

The bloodstain is solidifying on Ye Chen's body layer by layer, then breaking, then solidifying, and then breaking.

Endless frost source gas, hard to break all his protection.

Poof!

A mouthful of blood from the leaf Chen lips and teeth reveal.

The medicine was soaked in a thick blood mist.

"Ye Chen!" Ji Siqing's eyes become painful and sad. People like Ye Chen are always so desperate for others.

"You don't have to worry, reincarnation Lord, what's wrong with spitting blood."

Qu Chenyun said on one side.

"Ah," Ji Siqing sighed, "I, how can I not worry."

Ye Chen only felt that he was holding the palm of the medicinal material, and a kind of extremely violent sword was twisting wildly in it. His palm was almost completely destroyed by the sword.

"No! Put it down! "

Ye Chen's Wuzu Taoist heart is tough again, and the hot and bright white light is wrapping the snow lotus.

What about the sword!

What about blood!

This thing between heaven and earth!

As long as it's what he Ye Chen wants, there's nothing he can't get!

Ye Chen eyes sharp, reincarnation blood flow, constantly with the sword fierce impact together! Make a bang!

Finally that snow lotus stopped turning, snow-white appearance at this time because of the baptism of Ye Chen blood, become a different flavor.

"I have it!"

Ye Chen holds xuexinlian high and waves to Ji Siqing on the top of the snow mountain.

Ji Siqing's eyes are full of tears. If he does it, she knows that he can do it!

"Boy! That's great

Blood god's eyes also contain a trace of water mist, who said that men have tears do not flick, in front of this younger generation, to do so for themselves, really make themselves feel inferior.

In this life, he will spare no effort to support Ye Chen!

Qu ChenYun's expression did not have too many traces, just nodded slightly, turned and left here.

Such a lively celebration time belongs to the Lord of reincarnation, but it does not belong to her.

Ye Chen looked at the snow heart lotus in the hand, although all the way is difficult, but the blood god elder is saved!

Ye Chen is holding the snow lotus in his hand. His hands are behind him, and he goes straight down from the top of the snow mountain."How dare he..."

Gu lingmu showed a look of surprise. On the top of the snow mountain, which was almost suspended above the clouds, he was indifferent. In this way, he jumped down without fear.

Such a free and easy youth, the original people outside the medicine Valley, should be so powerful!

Ji Siqing's eyes flashed a trace of pride, this is the man she loves.

"Go back." Ji Siqing raised a bright smile and said to the blood god, "he should go back to find Yaozu, and we will also go back to wait for his good news."

Blood god nodded, "OK."

The ancient spirit looked at Ye Chen in the moment of landing, the tip of the foot a little, the whole person has toward the medicine ancestral temple.

.....

In the hall of Yao Zu, the medicine tripod in front of Yao Zu exudes a strong fragrance of medicine, which infiltrates the whole temple into a thin object.

It is obvious that during Ye Chen's mountaineering period, the elixir of Yao Zu has been successfully refined.

Click.

The door of the temple was pushed open by Ye Chen. Although he was embarrassed, his eyes were still tough. At this time, he walked into the temple and showed a big smile to Yao Zu.

"The elder generation, live up to the mission, ye Chen has already got thousand to destroy snow heart lotus."

Yao Zu at this time to see ye Chen's eyes, is still plain and gentle, way: "this way climbing, can hard?"

"It's not hard."

Ye Chen shakes his head. Although he is scarred all the way, he also strengthens his heart of Tao again. What's more, he has been saved by snow lotus and blood god's broken arm.

In the final analysis, he was more fruitful in this snow mountain journey.

"Do you know what the value of the lotus is?"

Yao Zu didn't take the medicine in Ye Chen's hand, and slowly stood up and walked to Ye Chen.

"I don't know, but I feel vaguely that evolution is not the only one that can do it."

All the way back to Yaozu temple, ye Chen's disciples looked at him with extremely complicated expressions, as if there was something hard to say and could not express.

Chapter 5590

"Ha ha ha!" Yao Zu gave a hearty laugh. "Every year, when the summer is burning, I will climb the snow mountain and look for qianmie xuexinlian."

Ye Chen seemed to feel something in this dark place and said: "well, this is not the treasure of the noble sect."

"You're really smart. You're right. Since the establishment of Yaogu, I have vowed that whoever can find qianmie xuexinlian will be the next generation of Yaogu."

Ye Chen only feels a shiver in his mind. This big chance makes him almost unstable.

"Of course, although you have picked this medicine, you are not the leader of the medicine valley because you are from outside the valley."

Yao Zu's eyes show a strange joke, and the corners of his mouth rise slightly, as if appreciating Ye Chen's expression.

"Master, why do you test me again? We can't covet the existence of Medicine Valley. As long as you help the blood god, ye Chen has nothing else to ask for. "

"I haven't finished yet," Yaozu shook his head. "Xuexinlian is an excellent spiritual medicine. If it can be refined into the flesh and blood bit by bit with extremely deep internal power, it can not only increase the energy of refining the body, recover the injury, but also integrate all the spiritual power contained in it into one's own cultivation."

"You mean this snow lotus is suitable for everyone?"

Ye Chen said that such magical medicinal materials and high-quality effects have such effects on every martial arts cultivation. They must be the target of everyone's competition.

"That's right. Moreover, if you take one plant in this life, it will not only shorten the time consumed for promotion, but also speed up cultivation far faster than others."

"I didn't expect xuexinlian to have such power!"

Ye Chen sighed: "however, when you pick it up, you don't splash the reincarnation blood on the snow lotus."

Ye Chen some worry of say, worry that his blood will affect the medicine of snow heart lotus.

"No harm."

Yao Zu then took xuexinlian over, and a pure light floated in his palm, covering xuexinlian.

The snow lotus rose slowly in the light of the light. In the light, it seemed to be a sword spirit, shaking its body. The wisps of red blood on her body had been separated by it.

Ye Chen looked at this magical scene, slightly surprised, it is the best medicine.

"Ye Chen, I have already told you the value of qianmie xuexinlian. Now it's your turn to tell me. Now that you know its value, do you still insist on exchanging it for me to heal the blood god? "

Ye Chen does not have the slightest hesitation, way: "of course is to treat blood god, this is my original intention, will not change because of any temptation."

Yao Zu shows a smile. Ye Chen's nature has been tried repeatedly. He is magnanimous and pure. He is a very pure child.

"Good."

Yao Zu nodded, but suddenly stretched out his hand, a little deep in Ye Chen's eyebrows.

Ye Chen only felt that his divine consciousness was frozen out of thin air. At this moment, the whole human divine consciousness was pointed out of his body and floated out slowly to stand in front of his body.

At this time, ye Chen's heart is very flustered. He doesn't understand why Yao Zu suddenly takes out his hand. He can only use his hands and feet to return to his body.

"Don't worry." Yao Zu's voice rings out, his eyes stare at Ye Chen's this wisp of divine knowledge, "I this is to send you a big chance."

Ye Chen feels that there seems to be no threat in Yao Zu's voice, so he can only press down all kinds of ideas and stand in front of his body to figure out what Yao Zu really wants to do.

In the hands of Yaozu, there is a tiny green medicine pot. Qianmiexuexinlian is gently taken down by him one by one, and slowly put into the tiny medicine pot.

"Boom!"

This snow lotus has nine petals. After all of them are integrated into the medicine cauldron, it makes a boom sound, and the endless white light is revealed from the medicine cauldron.

Yao Zu didn't rush to melt the snow heart lotus into pills, but sent the lotus heart to Ye Chen's pale and dry lips.

The lotus heart touched the corner of the lip for a moment, turned into a glittering golden water, and flowed into Ye Chen's dry lips and teeth.

Even if ye Chen's divine consciousness is not wrapped in this body at this time, under the evolution of Lianxin, Lingtai feels more comfortable. This kind of feeling is very wonderful. Endless aura lingers out of the golden awn water and washes Ye Chen's roots.

In the green cauldron, Yao Zu closed his eyes and told him the melting process. He was very careful.

"Master! How can you give me such a precious herb to eat? "

Ye Chen's divine sense shouts that he originally thought that the actions of the ancestor of medicine were used to evolve the medicinal materials he mentioned before. At this time, the actions were to be directly refined for ye Chen's use.

Yao Zu didn't pay any attention to Ye Chen. The evolution he said before was just a pretext to let Ye Chen take part in the test.

"Tiancang wuze, licking the lotus heart, refining the lotus petals, penetrating and connecting, strengthening the human body!" Yao Zu said slowly, the green cauldron was spinning fast at this time, and the endless white light overflowed from the cauldron.

Wisps of light contain endless fragrance of medicine.

Ye Chen is almost some greedy smell medicine, this kind of ethereal breath let Ye Chen can't help smoking.

The palm of Yao Zu's hand was on the cauldron, rubbing out endless fire, but he didn't feel any pain, still rubbing fast.

"Up!"

A crystal clear white pill rose from the green medicine cauldron.

Yao Zu's reaction was extremely quick, and he pushed the pill into Ye Chen's mouth directly. Then he grabbed it with his palm toward the rear, and directly put his divine consciousness back into his body.

Ye Chen feels the effervescent medicine and is trying to repair his own injury. Even his cultivation is on the edge of breakthrough.

Ye Chen back to the body of the moment, even busy way: "master, such a precious thing, how can you give me ah."

Yao Zu had put the cauldron away with his backhand and said, "you are really different from him."

Ye Chen is tiny a Zheng, the medicine ancestor this words, let him have a kind of familiar feeling.

"You guessed, didn't you?"

Yao Zu's lips showed a smile of the elder looking at the younger generation: "if you didn't know that you have reincarnation blood, how could you let you into my medicine Valley based on what you said in Qingxuan."

Ye Chen dun dun, for a moment also don't know to say what.

"However, what you said later was really beyond my expectation." Yao Zu exclaimed, "if you have such insight, it's not a waste of your layout in the last life."

"You too..." Ye Chen's words didn't say complete, but the eyes looking at Yao Zu were full of unexpected feelings.
