Chapter 5591

"I can't remember many things back then, but the discussion with the reincarnation Lord was just like yesterday."

Yao Zu looked at Ye Chen's eyes and wanted to find some shadow about the reincarnation Lord of the last life from him. Then he said, "you compared me with your master before. I just want to tell you that everyone pursues different things. We Yaogu have been avoiding the world for many years just to follow our own way!"

Ye Chen nodded. For the first time, he felt that there was something wrong with his previous words. The people who can participate in the layout of the reincarnation master are naturally those who have made great contributions to the whole world.

"Master, before, it was my nonsense." Ye Chen says hastily.

"No harm, no harm," Yao Zu shook his head heartily, "the reincarnation Lord laid a terrible situation in those years, and Yao Zu was also persecuted by it. Naturally, he wanted to agree with it with both hands. It's time for the lofty wanxu to be dragged down."

"Between you and wanxu..." Ye Chen is a little dull, looking at Yao Zu's eyes full of shock.

"Maybe you once knew many people in the layout of the reincarnation Lord, but they didn't have direct contact with wanxu, but I was not. I used to be the first person in the heaven and man domain, but it's a pity," Yao Zu was a little sad. "Because wanxu banned me, so the number of shots was affected. Otherwise, I would not hide so much Year. "

"Because of wanxu?"

Ye Chen's eyes show a touch of tremor. Wanxu does many evil things. At this time, he looks at Yaozu's expression and becomes sympathetic and sad.

"Master, don't worry! In this life, I will surely level the ten thousand ruins! "

"Ha ha ha, you boy, you have been tested several times before, but I want to see how you feel and whether you are capable of undertaking this task!"

"I understand, master, it's bothering you." Ye Chen nodded. This is a lifelong plan for their generation. It's normal to be cautious.

"Well, now that you know it, the qianmie xuexinlian is the chance that my medicine ancestor gave you."

"Thank you, master. It's just..." Ye Chen repeatedly thanks, but his face shows a touch of hesitation.

"Don't worry. I promised you to cure the blood god, and I will keep my word."

Ye Chen nods happily, and Yaozu melts qianmie xuexinlian on himself. If he doesn't want to cure Xueshen at this time, he's afraid he's too embarrassed to force him.

"Thank you, master. I'm going to bring master blood God here."

Yao Zu nodded and sat on the futon again.

.....

"Ye Chen, are you ok?"

The ancient spirit looked at Ye Chen's energetic look at this time. The feeble feeling that he had just come down from the snow mountain had already dissipated.

"Master, it's amazing."

Ye Chen nodded slightly: "don't know where my companion is?"

"You're looking for them? I'll take you there Gu Ling said that this time he did not walk in front of Ye Chen, but walked side by side with him.

"How did you get up? The frost law on the snow mountain is so strong."

"Has Guling ever climbed the snow mountain?"

"Of course. I'm a disciple of Yao Zu. However, I have not gone to half, has been defeated

"Oh?" Ye Chen shows a clear smile. The law on the snow mountain is really extraordinary. If it wasn't for Wu Zu's tough heart, he would not be able to reach the top.

"Do you have any good idea? Can you tell me?" Gu Ling looks at Ye Chen expectantly.

"Well, since you are practicing medicine, you should look at the broad and strong medicine, and be fearless. Even if you die, you will still live."

"There is no fear in your heart, even if you die, you still live?"

Gu Ling seriously pondered these eight words, and his heart was covered with a piece of haze. At this time, he was lifted by Ye Chen's eight words, and the Lingtai was instantly clear.

"Thank you! They are in front of me, so I won't send you there. Go and find them yourself

Gu Ling, with xiaozhulou on his back, has turned around and gone in another direction.

Ye Chen a burst of speechless, this girl also too jump off.

"Ye Chen, are you ok?" Ji Siqing looks at Ye Chen's injury, which has been cured for seven or eight years.

"It's all right." Ye Chen shook his head, "master Yao took the hand and treated all the scars on my body."

"It's OK." Blood god repeatedly said, "you risk for me, but I can do nothing."

"Master, we are here to help you treat your broken arm. I believe that if it was me, you would do the same to me."

Blood god silent, ye Chen said is good, with Ye Chen will save him from the meteorite God Island, he will die naturally.

"Master. Anyway, Yaozu is willing to help you with your broken arm. Please come with me. "

"Really?"

Blood god can't believe his ears, his arms are saved!"Let's go quickly. Master Yaozu is still waiting in the temple of Yaozu."

Ye Chen hastily said: "think of you and be content to wait for us here."

Ji Si nods, as long as ye Chen is OK.

Qu Chenyan did not speak, but still sat cross legged in the same place and continued to practice.

After all, taking Ye Chen into the forbidden area cost her part of her cultivation and blood essence, and even her body has indelible injuries. She needs enough time to recover.

Without the influence of the injury, she could easily erase it from the Confucianists!

At present, she and the Confucianist have become enemies, and the impact of the injury must be repaired as soon as possible.

.....

After a stick of incense.

Yao Zu calmly sat in the temple, watching the blood god slowly come in.

"It's not impossible to repair a broken arm if you don't die or destroy it." Yao Zu said simply.

"Thank you for your help." Blood god hugs fist to say.

"However, there seems to be a violent force hidden in your body."

Blood god's expression suddenly became complicated. Before that, he had already felt the endless blood evil Qi in his body, which was not his original Qi.

"You've been poisoned, or you've been poisoned for a long time."

Ye Chen's heart is startled, see to the facial expression of blood god full of doubt, when he is poisoned, oneself unexpectedly completely don't know.

"Well." The blood god nodded, "I just thought that because of the change of blood in my body, it led to the blood rage in my body. Until I recovered part of my memory, I knew that I had been poisoned a long time ago."

"Do you know what poison it is?"

"Well, I can't understand what poison is, why it is poisoned, and who is poisoned."

Blood God said, eyes full of sad, those old things, he did not want to mention.

Chapter 5592

"Can the toxins in the body of the ancestors of medicine and blood god be cured together?"

"No way." Yao Zu shook his head, "in these ancient times, this poison has become a part of his body, and after his blood variation. The source of immortality and immortality also regards the poison as itself. The poison is already inseparable from each other and cannot be disassembled. "

"What should we do?" Ye Chen frowns, did not expect that in addition to the broken arm, there is such a toxin on the blood god.

"However, you should be able to suppress the toxin by living together for many years."

Blood god nodded and said: "sometimes, it will cause changes in physical characteristics. At other times, it can be suppressed. And never die, never die. This power of fury has indeed brought me many benefits. "

Yao Zu nodded and continued: "in that case, you can suppress the toxin by yourself. I have a heart clearing mantra here. If you can't suppress it later, you can use it. "

"OK, thank you very much, master."

Yao Zu didn't say anything any more. He just reached out and pressed the huge medicine cauldron. The huge medicine cauldron clattered to reveal a door.

Yao Zu made a gesture to the blood god, and the whole person was already sitting on the futon.

Ye Chen looked at the blood god, which was very reassuring eyes, and said: "don't worry, elder. Ye Chen will be waiting for you here all the time."

Blood God light um, but in the heart still feel some strange, is this medicine ancestor going to be a pill refining?

The blue flames were slowly burning under the huge medicine cauldron, revealing the enchanting and secluded luster.

Yao Zu didn't speak. He just dropped his eyes and looked at the blood God seriously.

Although standing on one side, ye Chen's eyes looking at the blood god are full of worry. I don't know if he can adapt to the temperature between the medicine cauldrons.

Ye Chen thought about it, and a touch of blood light appeared in his eyes. He went straight through the endless iron wall of the medicine cauldron to observe the state of the blood God sitting in it.

As the temperature of the cauldron gradually increased, the blood god's forehead had been sweating.

A medicinal material was thrown in from above by the ancestor of medicine and directly pressed on the legs of blood god.

It seems that the medicinal material has reached the ignition point. At this time, it turns into a green light and covers the body of blood god.

There was no slackness in Yao Zu's hand, and a bright white flame melted into the flame under the medicine tripod.

The temperature is higher, the sweat on blood god's body almost wet his whole clothes.

At this time, the blood gas in his body was all solidified in the skin on his body surface. The original white skin was quietly turning red, which was quite fierce.

Ye Chen's mind is full of doubts, but he doesn't want to question Yao Zu. In his opinion, Yao Zu must have his own rules. If he dares to disturb him, he will appear to distrust him.

Although Yao Zu didn't hear ye Chen's inquiry, he also intended to mention Ye Chen and said: "the Confucianists used thunder to destroy Tao Yuan and forcibly cut off the whole broken arm from the body. This is just. Now if I want to help the blood god recover, I must use rou. "

Ye Chen frowned and said, "hard and soft?"

"A child can be taught," Yao Zu nodded happily. "If I force my muscles to open, I will have to. But this will have an impact on the original blood gas of blood god, so we can only use a more stupid method. Use Chiyang's herbs to melt his frozen blood, so that he can release all the sources and better protect his body. "

Ye Chen nods. Unexpectedly, Yao Zu is willing to explain to himself.

"Next, when the drug is released, the meridians at the place where he broke his arm will be cut off, that is, he will make another heartrending roar."

Ye Chen nods. It's very simple to cut off. His strength is strong enough. One move is enough. But if you want to reshape the tissue corresponding to each meridian, you can't have any deviation.

This is not only a test of the endurance of blood god, but also a test of the powerful efficacy of drug ancestor.

"Ah

Ye Chen hasn't finished thinking about it, the blood God has already cried out, and the whole medicine cauldron is shaken by the blood god.

Yao Zu pursed his lips. It seemed that he had already expected this situation. At this time, he took out all the three spirit grasses and put them into the cauldron one by one according to the order.

The whole veins of blood god crackled after the three spirit grasses went in.

With the integration of the three herbs, the voice of blood god gradually weakened.

Yao Zu slightly pinches Jue, and a red silk thread appears in his hand. The end of the silk thread is tied with a needle as thin as ox hair.

On the silk thread is the original magic power that haunts the ancestor of medicine. The continuous white luster is converging on the tip of the needle through the silk thread.

The needle with this lustrous blessing, like a small fish, constantly swam around the edge of the blood god's broken arm, sometimes cut off, sometimes connected.

Blood god's face also became very pale, and every movement of the little needle was like the hand of Yao Zu himself, with the supremacy of Yao Zu. Ye Chen sees in the eye, also feel pain for blood god, after all, here is not China, there is no anesthetic.

And then bear all the blood god, at this time is the most calm.

From the moment the needle penetrates the edge of his broken arm, he can feel the seemingly non-contact between his body and his left arm.

The more the needles swim, the more frequent they are in contact with each other.

The whole broken arm, small needle swim through again, then slowly fly back to the medicine ancestor body.

In the hands of the ancestor of medicine, a top-grade herb appeared again, and he threw it directly into the cauldron.

Ye Chen saw the herb at this time. At the moment of entering the medicine cauldron, it had turned into light spots one by one, and slowly integrated into the place where the small needle shuttled.

Endless spirit of medicine poured in from the wound.

The wound on the broken arm emits a pure white light. The original perception that the blood god was blocked is now slowly recovering contact under the infiltration of the spirit of medicine.

Only with the strength comparable to that of the Confucianists can the scars caused by the destructive power of the thunder be restored to what it is now.

The endless power of blood burst in the blood god's body, and its powerful recovery ability is slowly showing its role at this time.

In the medicine cauldron, blood vessels and powers are slowly condensing into the shape of an arm.

The blood god's face became dignified and pale. The source of the destruction of the thunder of the Confucianist was fighting against the spirit of the medicine of the medicine ancestor. He encouraged the manipulation of the blood power, but the source of the destruction of the thunder did not completely dissipate.

It's like a hundred legged insect dying but not stiff, constantly pounding the wound, trying to make a comeback.

Chapter 5593

"Ah

Finally, the blood god could not suppress the pain and roared out.

Yao Zu's face doesn't change. In his opinion, if the blood god can cooperate with nature, it's a good thing that he is also strong.

However, if he is unable to cooperate and allows two forces to pull and hover in his body, that is also normal.

After all, to the point where he and the Confucians were like this, even if only a trace of power was left behind, they could torture people to death.

"Master..."

Ye Chen looks at the painful appearance of the blood god in the medicine cauldron. He can't bear it. How can it be so difficult to regenerate the broken arm.

"Well, if he survives, his mind and his immortal power will go up to a higher level."

Yao Zu saw Ye Chen's tension and worry, relieved.

Ye Chen nods. No matter what the way is, how can you grow up without suffering or bleeding?

The blood god's lips and teeth were tightly clenched together, and the virtual shadow of the broken arm became red. There was a blazing white spirit of Medicine on it, just like the meridians, which appeared on the broken arm.

His eyes suddenly opened, showing unyielding and stubborn eyes.

"Freeze me!"

The burning light glared at the red arm of the virtual shadow. Under the attack of the two forces, the blood god forced his own blood force to seize the dominant power of the whole body.

Whether it's the power of thunder and destruction of Confucianism.

It's also the spirit of recovery of Yaozu.

All are his assistance, can occupy the initiative only his own blood power!

Yao Zu's eyes revealed a different kind of praise, murmured: "it's a little interesting."

This scene Ye Chen also sees in the eye, the blood god can participate in the battle of the gods, the pride in the heart, the spirit is far from others can compare.

Even if the strength is limited and controlled by others, the unyielding heart of resistance has never been lacking.

Shua!

Endless blood power washes over the broken arm shadow of blood god, layer by layer, once and again.

He has broken through the obstacles, and his whole body and blood are all gathered in one place, washing the flesh and blood like an iron wall.

He doesn't need such an easily cut arm. What he needs is a solid and firm arm.

A reddish red arm, with a little Yingying white light, finally gathered in the empty shoulder of blood god.

"It worked."

Ye Chenmu drew a touch of joy, Kung Fu worthy of the people, they succeeded.

Yao Zu didn't have any hesitation. He was worried that he would overturn his medicine cauldron.

At this time to see the broken arm has been condensed, immediately opened the door of the medicine tripod, let the blood God out.

The color of blood god's eyes flickered with incomparable excitement. For him, it was not only the rebirth of a broken arm, but also his deep feeling of immortality in the process.

If the thunder strike of the Confucianist made him feel as humble as a mole ant before, ye Chen was the one who told him that he couldn't give up through his own practice. Now, with the help of Yao Zu, he has successfully recovered his broken arm.

This causality, let blood god deeply understand, many things, he can't rely on anyone, must go alone!

"What do you see?"

A divine idea suddenly rang out in the sea of blood god's knowledge. He was stunned and looked at Yao Zu standing beside him.

Yao Zu is kind-hearted at this time. Ye Chen is an outsider. He can't tell the change of blood God by his naked eye, but he can feel the sudden surge of blood god's body and mind when his left arm suddenly condenses.

"I dare not deceive Yao Zu. I see a part of the past."

The idea of blood God replied that he thought that the medicine ancestor would not find out, but he didn't expect that the other side was so keen.

At that moment, the God of blood saw himself in the past, only his own battlefield.

He was bleeding all over, but he never fell down. There was no one behind him. He had always been the Revenge of his own.

"I have heard Ye Chen say that you want to go by yourself?"

Yao Zu's voice was gentle, which made the blood God feel for a moment that not only he saw the picture, but also Yao Zu saw it.

"Yes, it's my own business. I don't want Ye Chen to participate. He has done enough for me."

"You know a man like him will not let his friends take risks alone."

"I understand that I will not die directly, I will recover my strength as soon as possible."

"Well, the fate of the world lies in people's thoughts."

Ye Chen went forward to check the injury of blood god, and said with a smile: "elder blood god, the strength of your arm is stronger than before!"

"Well! Thanks to Yao Zu

Blood god bows his hand to thank Yao Zu, as if the dialogue between them had not been carried out before.

"Thank you, master Yao!" Ye Chen also happily thanks. When the blood god recovered his broken arm, he had more or less a chance of winning the battle against the Confucianist one hundred days later.

"Ye Chen, in the process of this treatment, I felt some traces of my previous memory and wanted to leave for a while."

But the blood god suddenly opened his mouth.

Ye Chen is surprised, blood god this just recovers, how can leave alone.

"Master blood god, I can go with you to find your memory." Ye Chen said that the news of blood god's recovery has spread all over Heaven and man, and many of his former enemies are eyeing.

If you let the blood god on the road at this time, you can imagine the danger.

"If you are worried, because the enemy is dragging me down, then you really look down on me, ye Chen!"

Ye Chen guessed that after this, maybe the blood god didn't want to let his things affect them again, so he proposed to leave.

"Ye Chen, the departure of blood god is not necessarily the best arrangement."

Yao Zu suddenly interrupted: "the God of blood wants to recover his strength as soon as possible. Only when he revisits his hometown can he achieve it, not to mention that you are surrounded by powerful enemies. Even if not, many places are not where your current strength can be set foot."

"In many places, the decline of the way of heaven is not easy. What's more, there are some places in heaven and man that you haven't even heard of

Ye Chen's heart is silent and no longer answers.

"If he follows you all the time and wants to recover completely, it's really limited."

Ye Chen has to admit that Yao Zu's words are right. It's really difficult for him to help blood god recover his strength completely.

"Ye Chen, don't worry, I'm not an impulsive person. About 100 days, I will do my best, this time I also want to recover as soon as possible

Ye Chen can only nod, Mou son a coagulate, with incomparably serious language way: "the hundred day appointment of the Confucianist, I will certainly go."

Blood god's heart was stiff. He wanted to take risks and fight against the feud with Confucianism alone.

At this time, Hear ye Chen say so, heart a burst of warm a sigh, if really as medicine ancestor said, ye Chen such a person, how can let him no matter.

But at the moment can only promise down, make up one's mind, before the date of agreement, to solve his hatred and resentment before the Confucian, don't let Ye Chen participate in.

"Good!" But the blood God said, "see you in a hundred days."

Chapter 5594

After thanking Yao Zu again, the blood God left without looking back. He wanted to find the part of memory he lost.

Ye Chen looks at the figure that he leaves, the taste that the heart cannot say.

He didn't get along with the blood god for a long time, but in this successive war, the blood god burned the source several times to save him. They had already been friends for a long time. At this time, the separation was somewhat sour.

"He has his own way to go."

Yao Zu said lightly, walking slowly to the door of the temple, looking at the snow mountain in the distance.

"Just like you, you have your own way. Look at the snow mountain. Before you set foot on it, when you set foot on it, and after you set foot on it, are there any differences? "

"Yes." Ye Chen also walked to come over, looking at that if have the vast snow mountain that seems to have no. "Before I set foot on it, I didn't put it in my eyes. I thought it must be something that can be climbed. When I set foot on it, I felt pressure and difficulty. When I was about to split my canthus, I also suffered. After I got down, I felt more determined. It was as if nothing in the world could stop me."

"You see, you've got it. At this time, the blood god is also like this. If he wants to recover his strength, he must rely on his own strength and repay the debt of the past and the present. If not by chance, the past is his past life. Only through his own strength can he go his own way and realize his own way. "

"Thank you for your comfort."

Ye Chen thanks again. In fact, he knows in his heart that the existence of blood god can't be tied to him, but he doesn't want to see him fighting alone.

"In that case, cause and effect between you and me is over. Go back."

The medicine ancestor back hand, didn't see leaf Chen one eye again.

Ye Chen nodded, arched his hand and said: "thank you, master, past life and present life."

With a clear smile, the master of reincarnation in this life is really affectionate and righteous. Compared with the master of reincarnation who was extremely unfeeling to himself in the last life, there are many changes. It seems that the reincarnation in this life is quite uncertain.

Boom!

At this time, the outside world a burst of earth shaking roar, suddenly burst out, endless brilliance revealed.

It seems to be a vision that someone outside has broken through.

"The medicine Valley has been away from the world for many years. Who's breakthrough can touch the place where our Medicine Valley is located?"

For the first time, Yao Zu's face became shocked, his body moved, stepped into the air, and his eyes gazed at the place where the change happened.

Ye Chen also heard the roar of this extremely all-round sky, and was also greatly surprised, and followed Yao Zu into the air.

"Who is it?" Ye Chen looks at the crape myrtle fighting spirit after the roar, and his heart suddenly has a guess.

"Xuanjiyue!" Yao Zu and ye Chen said almost at the same time.

Yao Zu sighed: "tens of thousands of years ago, I went through many difficulties to find this place. If it is a general breakthrough, it will not affect this place at all."

Ye Chen nodded. If it wasn't for master Siqing's jade pendant, they would never find this place in their whole life.

Since Yao Zu chose to participate in the layout of the anti wanxu, he must do his best to find a place for his Yao Valley disciples to settle down.

"You mean xuanjiyue's breakthrough is extraordinary."

Yao Zu's face was dignified and he nodded: "in the layout of reincarnation master, xuanjiyue was just a cover. But I didn't expect that after she killed reincarnation master, she was so powerful. Even Shenluo Tianjian recognized the master and her. This woman is not simple."

Ye Chen nodded. Last time, with the help of the card, he could almost solve xuanjiyue. Unexpectedly, he fell short in the end.

So xuanjiyue broke through again, and the emperor Shitian was on the other side, which made the break more difficult.

After the roar of the sky, the vision did not dissipate, but became more and more intense.

Countless crape myrtle lotus flowers bloom on the void, one by one traversing the endless air of crape myrtle, covering the entire void with a layer of purple veil.

There was silence in the majestic palace.

The graceful and beautiful woman in golden armor is standing in the hall.

All around her, ancient laws are shining. Between her eyes, if there is a star river destroying, the majestic majesty is surging out, which is shocking.

Nine days above, if there is thunder rolling!

Wisps of rosy clouds and auspicious atmosphere, like lotus, are winding the endless fate of crape myrtle, dancing in the sky!

Xuanjiyue's luck rises again!

She closed her eyes slightly, but a satisfied smile rippled on her face. I didn't expect that this thing had such power and could directly help her break through!

The ancient atmosphere of killing and cutting is twining around xuanjiyue, and the sword Qi is rolling. You can see the destruction of stars, the collapse of the universe, the rampant dragon and the surging purple electricity.

However, all this is just between xuanjiyue's thoughts, which belongs to her supreme power!

"No!" Yao Zu almost said in a trembling voice, he saw a familiar luster in the dome vision. "What's the matter?" Ye Chen hurriedly asks a way.

"Xuanjiyue's breakthrough is unusual. She swallowed one of the two magic pearls."

Ye Chen doesn't understand, he has never heard of two big strange pearls.

"You don't know," Yaozu sighed, pointing to the crape myrtle lotus. Countless light waves are blooming in the lotus, and one of them is red gold.

"It's tianxinyouzhu, one of the two magic pearls. Only it can still shine its own light under the powerful power of crape myrtle fatalism."

Before ye Chen spoke, Yao Zu said to himself again, "no, these two wonderful pearls have already died out ten thousand years ago. How can they be obtained by xuanjiyue?"

The cause and effect of this is not only him, but also xuanjiyue himself.

"Master, are these two wonderful pearls so powerful?"

"Well." Yao Zu nodded, and then explained, "in my way of medicine, I regard these two wonderful pearls as treasures of the medicine world, which is what countless disciples of the medicine valley have been seeking all their lives. I didn't expect to be found by xuanjiyue. "

The medicine ancestor at the moment already did not have before of calm, the heart is constantly feeling, let Ye Chen also don't know how to comfort.

The vision between the domes lasted for an hour, then slowly disappeared in their eyes.

"Master, you are talking about two wonderful pearls. What are they?"

Ye Chen this just inquires a way.

This question is to pull the medicine ancestor out of the sad spring and hurt autumn.

"Yes! Since one of them has already appeared, the other one will certainly appear in the near future. " Yao Zu's eyes lit up a touch of hope, but then became a little nervous.

"What's the matter, master?" Ye Chen sees the uneasiness and contradiction of Yao Zu, and asks strangely.

"Ah," Yao Zu sighed heavily. "There are two wonderful pearls in the world. One is the Pearl of heaven's heart and the other is the Pearl of earth's heart. The two complement each other. If you swallow the two at the same time, I'm afraid that there will be no one who can compete with you outside the territory."

Chapter 5595

"What Ye Chen Mou light a sink, so say, no matter what price to pay, he can't let Xuan Ji month, will another bead get hand.

"The two pearls originally grew up in the same place. Later, because of the rebellion of the disciples in the sect, they were divided into two parts and brought to the realm of heaven and man. Later, they gradually disappeared in the ancient times. Until ten thousand years ago, they could no longer be found."

Ye Chen nodded: "it's a good thing that I can't find it. After all, I can't find it, neither can xuanjiyue."

"No Yao Zu shook his head. "There is a certain connection between the two beads. Xuanjiyue swallowed Tianxin Youzhu today. Once she completely refined it and integrated it into her own blood, she can feel the location of the earth's heart destroying bead."

This time, ye Chen also can't sit still, didn't expect Xuan Ji month air luck such as burst, such a rare pearl, she not only got, even may get another.

"Master, I can't let xuanjiyue get that Dixin miezhu! What can you do? "

Yao Zu heard Ye Chen's worry in his words and sighed again.

Ye Chen really anxious to the extreme, said: "master, you quickly say it, no matter what the situation, ye Chen is willing to try!"

Hear ye Chen say like this, the medicine ancestor this just nodded: "do you know the miraculous effect that the earth heart destroys bead?"

Ye Chen shakes his head. It's this time. Yao Zu has the heart to popularize the medicine for him.

"Don't worry." Yao Zu saw Ye Chen's impatience and repeatedly comforted him, "know yourself and know your enemy, and win every battle. You rush to rob this thing in a confused way. Before xuanjiyue can kill you, you are killed by this thing."

Killed by this?

This sentence makes Ye Chen's mood slowly calm down. In this world, there are countless supernatural things, countless strange talents. If you don't understand them one by one, even a top-level thing is likely to kill Ye Chen.

"The younger generation is worried." Ye Chen low eyebrow way, Xuan Ji month before of act, let him extremely exasperate, at this time but some forgetful state.

After calming down, ye Chen raised his head again, looked at Yao Zu and said, "please tell me one by one."

After all, it's only after duochen's breakthrough that he knows the influence of duochen xuanzhu.

"Well..." Yao Zu said slowly, reaching for ye Chen and returning to the temple again.

"The Pearl of heaven's heart and the Pearl of earth's heart are destroyed, one Yin and one Yang, one life. It can be said that xuanjiyue's swallowing of Tianxin Youzhu is very helpful to her own fate and atmosphere of crape myrtle. " Yao Zu said, "but if what she gets first is the earth heart destroying pearl, then she must get the heaven heart secluded pearl before she can swallow it."

"Why?"

"The earth's heart destroying pearl is full of endless destructive power. If it's not for those who have the source of destruction, they will get it. If it's not for the heaven's heart destroying pearl, it's just a decoration." Yao Zu explained, "so, I guess xuanjiyue didn't get the earth's center to destroy the Pearl. Otherwise, if the two pearls were swallowed one after another, the better result would be achieved, and the vision of heaven and earth would not dissipate so quickly."

Ye Chen nodded: "that means that she has not found the earth's center to destroy the bead, but, master, you just said, after she swallowed a bead, she can feel another bead."

Yao Zu nodded: "yes, but there is a time difference. What's more, xuanjiyue needs enough time to refine it."

"Do you mean to let me seize this time and find the earth's core miezhu?"

Yao Zu nodded: "if I'm not wrong, your body is not only reincarnation blood, Xuanyao blood, but also destruction seal."

Ye Chen nods, with Yao Zu's sharp eyes, it's not difficult to see through his cards. Moreover, after all, he doesn't hide his strength.

"The power of destruction contained in the earth's core is very suitable for you." Yao Zu said, "you are so old that you can reach the sixth heaven of destroying Dao Yin. It's extremely against heaven. However,

the power contained in the earth's core killing pearl is not only the power to destroy the source, but also the endless extension of the law of destruction. "

"It's just a bead, or even a herb, and it can extend the law?"

"Yes, it's not so much a bead as a plant. But unlike ordinary plants, it was born in the process of destruction. From the beginning of its appearance, it began to understand the law of destruction. So I said before that, even if xuanjiyue got the earth's heart destroying pearl first, she would not dare to swallow it if she didn't have the heaven's heart destroying pearl."

Ye Chen suddenly, way: "understand, so say, this earth heart destroys bead to seem to be to make for me of general."

"If you have such a causal chance, it may not be a problem to destroy Daoyin and even break through the double heaven."

Ye Chen nods, which is really a great temptation to him.

Seizing the center of the earth and destroying the Pearl, from now on, is not only to prevent xuanjiyue from breaking through, but also to let her strength soar!

"But it's not easy for you to capture the earth's core and destroy the Pearl." Yao Zu's face showed a touch of worry: "the acquisition of the earth's heart destroying pearl is different from that of the heaven's heart secluded pearl. It is born and destroyed. The place where it grows is the place of destruction. If you want to step in and get through the destruction, you need a very strong heart and strength."

Ye Chen nodded: "I know, but I'm tough and have the same origin. In any case, you have to try before you know. "

At this time, there is not enough time for ye Chen to improve his strength. No matter how hard it is, you have to try it before you know.

"Well." Yao Zu nodded.

"Master, do you know where the earth's heart is?" Ye Chen asked.

"I don't know." Yao Zu shook his head, "if I knew, I would have gone to find this God bead, but give me enough time, I should be able to find out the general whereabouts."

Ye Chen Mou son a coagulation, this matter is not small, since the medicine ancestor short time also don't know whereabouts, that he also can't sit and wait to die, he wants to use his channel to find.

Xuan Hanyu and Shuo Lao, he has already asked, but they don't know.

The elder Feng of reincarnation cemetery didn't know, but the old man was silent all the time, and he didn't respond when he asked.

Beiling temple should not know about it. At present, only one force is possible.

That is Shen yuan!

Shen yuan has existed for a long time in the world, which should be traced back to the time when the earth's heart destroyed the Pearl!

It looks like he has to go!

No matter when the Dixin miezhu comes out, he must get it before xuanjiyue!

Ye Chen no longer thought about it. He looked at the Confucian and said, "in this case, I'll leave first. I won't wait to die!"

Chapter 5596

Yao Zu took a complicated look at Ye Chen, threw out a jade pendant, and said: "it's OK. You can take this jade pendant. It's similar to the jade pendant of your friend Shifu. It contains the law of space, and it's also the key to enter the temple of Yao Zu. If I determine the whereabouts of the earth's core miezhu, I will use this jade pendant to contact you. Then we'll discuss how to get it later! "

Ye Chen accepted the jade pendant and said nothing more. He went outside.

He must go to Shenyuan as soon as possible to find huilao!

With grey old experience and information channels, you may know the whereabouts of the earth's core miezhu!

.....

"Ye Chen, why are you alone? What about the blood god? " Ji Siqing sees Ye Chen to come back, hurriedly comes forward to ask a way.

"Master blood God has recovered, but he thought of some previous things, which may help him recover his memory. He has gone alone."

Ye Chen smiles at Ji Siqing: "his arm is more powerful than before."

Ji Si nodded: "that's good, that's good. His arm has recovered, and you can put down the big stone in your chest. "

"Left?" Qu Chenyun said, "he left alone with the divine object in his hand?"

Ye Chen nodded: "yes, God is his destiny, there is no way to deliver it to anyone, only strong strength can protect it, blood god elder this trip is also to better protect God."

"Hum!" Qu Chenyun snorted coldly, "it seems that he doesn't want to drag you down. He has found a corner to die."

Ye Chen knows that Qu ChenYun's conjecture is reasonable: "no matter what the elder blood God plans to do, I will definitely go to the temple of Confucius in a hundred days."

"Is it up to you?" Qu Chenyun sneered, ye Chen's current strength, not to mention the Confucian, even she did not see.

"Well, I said Ye Chen can do it." Ye Chen said firmly.

"Good! Then count me in! " Qu Chenyun looked at Ye Chen so bold eyes, face also changed, cold voice said. Perhaps for fear that ye Chen and Ji Siqing would think more, Qu Chenyun added: "don't think more. I'm for myself. After all, the Confucianist also threatened me not long ago. We can't escape the battle of cause and effect."

"Well, I'll leave first. Even if the threat of the Confucians may not be true, I'll transfer those disciples in advance, so that they won't be involved in the battle between me and the Confucians."

"Wait a minute." But ye Chen interrupted, looking at Ji Siqing on one side, and said, "you are Siqing's elder sister. We haven't remembered your teacher's residence because we have come to this medicine valley. Now that things are finished, why don't we go back together and have a look at your teacher's former residence."

Qu ChenYun's eyes show a touch of hesitation, it seems that he doesn't understand why Ye Chen will make such a proposal.

But also did not say anything more, just wait in place, as if waiting for Ji Siqing.

"Where are you going?" Ji Siqing said directly that she felt that ye Chen seemed to have something in mind, so she arranged a place for her.

"Me?" Ye Chen pretended to smile easily, "of course, I'm going back. I know you have a deep relationship with Shifu. It's just a proposal. You can come to me at any time when you remember."

"Well." Ji Siqing looks at Ye Chen's eyebrows seriously. If she doesn't know ye Chen well, she will be cheated by his pretending to be calm.

"What's the matter? You want to go back with me? Don't you want to be separated from me for a moment?" Ye Chen lowered a voice to say, among them of ambiguous with tease of meaning very thick.

"Hum!" Ji Siqing's cheek turns crimson. Ye Chen talks to her like this for the first time. The continuous feelings between them seem to be very gentle at this time.

"Cough." Qu Chenyun coughed softly, as if to remind them of the existence of others.

Ye Chen smiles and continues to say to Ji Siqing: "the quarrel between you and your sister has dissipated a lot. You might as well take this opportunity to mend your old friendship. I'll wait for you when you miss me. You can come to me at any time."

Ji Siqing blushed and nodded.

Ye Chen sees her two people leave Medicine Valley, turn a head toward a direction but go.

"You believe his lies?" Qu Chenyun looks at Ji Siqing who looks a little lonely. Since they wave goodbye to Ye Chen, Ji Siqing's face has already begun to write the feeling of Acacia.

"He didn't want me to follow, it must be because what he was going to do was very dangerous." Ji Siqing stuffy said, "in fact, you always say I guard him, in fact, a lot of times, he is trying to protect me."

Qu Chenyun no longer talks. She doesn't want to judge the feelings between them. At this time, Ji Siqing looks gloomy. "Anyway, since you choose to believe in him, you can believe that he will come back safely."

.....

At the same time, the eastern palace.

A pair of cold eyes suddenly opened.

If ye Chen is here, he will surely find that this person is the Eastern Emperor forgetting the opportunity!

The East emperor forgets the opportunity, the breath at the moment is more terrible than before!
Surrounded by countless laws!

Even it looks younger. If outsiders don't know his real age, they will think that he is just a hundred year old monster! Obviously, there is a breakthrough!

A bloodthirsty and cold smile appeared in the corner of the East emperor's mouth. Looking in one direction of the sky, he murmured:

"although xuanjiyue's Imperial Palace is much weaker than the temple of heaven, this person's luck is really terrible, even the bead of heaven's heart is obtained by her."

"Can't it be that all the great fortune comes from xuanjiyue's attack on the reincarnation master?"

"Is the death of the reincarnation Lord so beneficial?"

"That being the case, this time, the great weather will be for the emperor to forget!"

"Ye Chen, I've made you comfortable for a while. Next, the game between us should start!"

"I don't know where you've been these days, but it's too easy to find you!"

"Beiling tiandian is your weakness!"

.....

In the realm of heaven and man, on a seashore reef, sits an old man.

This old man looks ordinary. His appearance is not good-looking. His skeleton is thick. He is different from ordinary people. He is not a warrior, but an old farmer.

At this moment, the old man let the waves beat on his body, motionless, staring at the front, in front of him, there was a huge turtle as big as a hill!

The tortoise's carapace is pure black, and there are many runes on the tortoise's back!

And the old man, look at those runes!

If ye Chen is here, he will recognize the old man. He is Ren, the old man of wanbaoge in tiandian of Beiling!

Recently, the suppression of the way of heaven has subsided more and more, and Ren's understanding of the law has become more thorough. His way is the main defense. Therefore, he wants to learn something from the turtle's back to break through the shackles and make it further in cultivation!

Chapter 5597

At this time, a rather sarcastic voice rang out behind Ren, saying: "ha ha, old man, you have self-knowledge. You also know that if you want to break through the rules, you need to study hard with your peers. What's the gain

When Ren laowen heard that, his face suddenly sank. He suddenly turned around and looked behind him. He saw a young, handsome man in Black Dragon Robe standing in front of him.

Seeing this man, Ren couldn't help exclaiming: "it's you!"

The person who appears in front of Ren Laomian is naturally the Eastern Emperor forgetting the opportunity!

Ren Lao's face was a little ugly, and he said, "what did you say just now? Do you really want to fight with me in Beiling temple? "

Although Ren Lao's words are tough, his heart is sinking!

He can feel that the Eastern Emperor's forgetting the opportunity is not the state of the former too true!

More powerful than that day's Zhongyuan Tu, he can never be his opponent!

The Eastern Emperor forgot the opportunity and said with a cold smile, "war? The emperor wants to fight, so what! "

As soon as his voice fell, his figure flashed and appeared on the back of the tortoise. His spirit power surged in his palm and turned into a huge handprint. He patted the tortoise hard on the back!

The tortoise seemed to be stimulated, and the runes on the tortoise's back suddenly burst into dazzling brilliance, and a force of law with strong charm diffused on the tortoise's back!

However, all this seems meaningless in front of the power of the Eastern Emperor to forget the opportunity!

That handprint instantly tore everything up and bombarded the turtle's back!

With a loud bang and a shower of blood, the mountain like giant turtle gave out a sad roar, and then the whole body burst into pieces!

Even the turtle's back and shell are smashed!

The flesh and blood burst like red fireworks, and even the spirit could not survive!

This xuangui, who has the strength of taizhenjing and is famous for his defensive ability, was killed by the Eastern Emperor?

It's no different from crushing an ant!

Now the terror power of the Eastern Emperor is displayed incisively and vividly!

Ren sent a message to the tiandian Hall of Beiling. Then he stared at the bloody emperor and said, "what do you want to do

The Eastern Emperor forgot the opportunity, bathed in a shower of blood, and a touch of evil appeared on his face. He said: "old man, you'd better tell me where ye Chen is, otherwise, this is your end!"

Let the old man smell speech, silent for a moment, suddenly, his body suddenly toward the distance to flee!

The Eastern Emperor forgot the opportunity to see this and gave a cold smile. He walked slowly in the rain of blood. It looked like a leisurely walk. But after a few steps, he appeared in front of Ren Lao strangely!

As soon as Ren Lao's face changed, his whole body was spirited, and a curtain of light enveloped his whole body firmly. At this time, the Eastern Emperor forgot the opportunity and clapped his hand at Ren Lao!

There was another loud noise, and the sea turned over. Ren Lao was directly patted on the ground by him, and a big pit was smashed out!

In the pit, Ren Lao spit out a big mouthful of blood, the breath is weak, the strength gap between the two is too big, under a blow, Ren Lao has been seriously injured!

But at the moment, the Eastern Emperor forgot the opportunity to step on Ren's chest and said again, "old thing, do you say it or not?"

Mr. Ren looked at the emperor's forgetting machine sarcastically and said, "the emperor's forgetting machine, kill me. I don't know anything. Even if I know, I won't tell you."

The Eastern Emperor forgot to listen to the speech, his pupils shrank, and his strength on his feet increased by one point. He crushed all Ren's bones. He said fiercely: "tortoise, you should shrink your head and be afraid. But you, as an old tortoise, do you want to be tough? It's a dead thing

Bursts of pain, from the body, can be, Ren Lao is hard to support, even a scream did not send out!

The Eastern Emperor forgot the opportunity to see this, and his face became colder and colder. He said with a cruel smile: "old tortoise, don't think you'd rather die than surrender. It's useful. I have plenty of ways to find that boy out!

And you, even if you don't want to, will help me to achieve my goal, ha ha. "

.....

Shenyuan.

Ye Chen does not stop, and finally arrives in time.

Ye Chen looks at the huge whirlpool in front of him with a complicated look!

The next moment, the boat under Ye Chen's feet is into the whirlpool. After a whirl, when ye Chen opens his eyes again, he has come to a familiar place.

He looked up and saw a deep darkness in front of him.

It's the Shenyuan.

At this time, Shenyuan Taixu seemed to have known that ye Chen would come. He came over and said, "follow me. The Lord of Shenyuan has been waiting for a long time."

Soon, a figure appeared in front of Ye Chen.

Together, it looks a little thin and old.

It is the Ouyang ash that teaches Ye Chen to use xuanlingzhu! Gray old turned around, complex eyes looked at Ye Chen, secretly nodded: "yes, this time I want to harvest a lot of opportunities, your strength, than the last meeting, much stronger."

Ye Chen doesn't plan to be polite either. He opens the door to the mountain and says, "grey old, this time I venture to come here, I have something to ask for!"

Gray old is not surprised, opening a way: "but for Xuan Ji month breakthrough vision and come?"

Ye Chen is one Zheng, nod a head: "seem grey old all know."

Gray old showed a mysterious smile, in a twinkling of an eye came to Ye Chen in front of him, patted him, said: "Dixin miezhu, I have sent someone to investigate, this thing, not only you are interested, I am also interested, naturally will take the lead in action."

"But ye Chen, do you really think that if you get the earth core miezhu, it will be enough to compete with xuanjiyue and others?"

"It's not easy to deal with xuanjiyue, Confucius or Hong Tianjing."

Ye Chen is stunned. It seems that although he is in the sea, he is more familiar with the outside world than everyone else.

This may be the strength of Shenyuan.

But he could feel that old grey seemed to have something else to say.

No longer think, ye Chen raised his head, staring at gray old, said: "gray old can have other important things?"

Gray old nodded: "you should know the five parties chaos war."

Ye Chen was stunned. The high-level officials of the tiandian Temple of the northern mausoleum had mentioned many times about the chaos of the five sides!

But until now there has been no movement, if not for the gray old mention at the moment, ye Chen is afraid to forget.

Gray old continued: "at present, there is a more important thing than the earth's heart to destroy the Pearl."

"Because of the decline of the way of heaven, the secret place of Longmen will be opened soon. At that time, demons from all over the world will pour into the secret place of Longmen!

Besides, Longmen secret place is just one of the entrances to a certain place! "

Chapter 5598

"Maybe The evil spirits of wanxu will also enter this small world and have no chance to fight for it! "

In his eyes, the spirit awn flashed: "once, there were five wars in heaven and man, but they were just five demons in the temple of heaven, competing with each other. However, this time, it was the chance that all the demons from other countries came out together!

Heaven's pride in seclusion, the strong and the mysterious people of wanxu are all likely to participate in the fight for chance! "

Gray old saying sound a meal, staring at Ye Chen's eyes way: "you, can be willing to participate?"

"This may be an important opportunity for you to fight against ruxuanzu!"

"Of course, you have to get the earth's core killing Pearl! But now, Longmen is more important! "

At the moment, ye Chen's body, slightly trembling, gray old see, can't help but frown, ye Chen is afraid?

Suddenly, ye Chen's eyes burst out a very bright light, he said with a smile: "this good thing, how can I miss it?"

"I have to face the enemy, without exception, are very strong, so I have to become stronger!"

The tremor, the tremor of excitement!

Just think about it, you will make him hot blooded!

At this time, a servant came in in a hurry, and said a few words in Gray's ear. Suddenly, Gray's face changed greatly!

Ye Chen noticed something was wrong, curious way: "gray old, what happened?"

Old grey sighed: "something bad has happened."

"Bad things?" Ye Chen some don't understand ground looking at ash old.

The grey old man's eyes flashed and said: "ye Xiaozi, you know, although Shenyuan is not allowed to enter the world, he always grasps the information of the whole territory. Just now, I got a message about an elder surnamed Ren in the tiandian Temple of Beiling..."

Ye Chen smell speech, instant pupil a shrink!

.....

Beiling temple.

In the main hall, beilingsheng sits on the main seat, and below is a group of beilingtian Temple elders.

Ning ChiYin said with a frosty face: "emperor! Ren Lao has been treated like this by the Eastern Emperor. Why can't we do it yet? "

Beilingsheng was silent for a moment. His eyes were filled with endless anger. His body trembled slightly because of the anger and said, "this is what Ren told us

Absolutely, it can't be because of his attack on the East emperor's temple. "

An elder nodded and said: "yes, red sound, do you know what the realm of the Eastern Emperor's forgetting machine is now? We are now at war with the East emperor's temple. In the end, it is likely that we will die... "

For a moment, the whole hall was silent, and the atmosphere was very dignified.

At this time, a disciple of Beiling Temple suddenly ran into the hall in a panic and reported to Beiling Sheng: "emperor, it's not good! The bastard who forgot the opportunity, unexpectedly He threatened that he would be beheaded in three days' time in lingdu, the largest city in heaven and man's kingdom

"What

At this moment, the elders in the whole hall stood up in an instant, and their faces were full of gloom and resentment!

Beilingsheng gritted his teeth and said: "it seems that this time the Eastern Emperor forgot the opportunity, he was determined to force Ye Chen to appear!"

Ning red sound at the moment, beautiful eyes is already murderous boiling, she see North Ling Sheng asked: "emperor, how do we do?"

Beilingsheng's eyes flashed fiercely and said, "since the Eastern Emperor has forgotten the opportunity and doesn't treat me as a person, how can we shrink back? Beheading the elder of Beiling temple in public? Hehe, as long as beilingsheng is alive for one day, it will never be allowed to happen!

Now, all the elders of Beiling Temple follow me to lingdu city! "

There was a flash of joy on Ning ChiYin's face. In the hall, people all answered, "yes!"

It's too much for the Eastern Emperor to forget the opportunity. Now, the two sides are not dead and there is no room for relaxation. The elders who were afraid of the power of the Eastern Emperor's forgetting the opportunity have completely changed their attitude now!

If you die, you have to fight to the end!

Otherwise, Beiling temple will not be able to stand in the heaven and man domain at all!

.....

Buried in the sea of heaven, a light of escape flies at a high speed over the sea, bringing up the waves, and even leaving a long white mark on the sea!

If someone saw this scene, he would be shocked to lose his chin. I've never heard that someone can fly in the sea!

Gray old with Ye Chen over the sea of burial sky, they gradually appeared in front of the outline of a town, it is the Dongfeng city!

Soon, the old man fell into shape at the port of Dongfeng city.

He looked at Ye Chen and said, "little ye, I can't interfere in the world. Besides, Shenyuan still needs me to sit down, so I can't go with you."

With respect in his eyes, ye Chen saluted old gray and said, "old gray can take me away from the sea of sky as soon as possible. I'm very grateful!"

With that, he said in a cold voice: "besides, it's up to me to forget the opportunity!" Old grey nodded his head and said, "don't die, boy. You are also responsible for the future of foreign countries."

Ye Chen said with a smile: "my life is very hard. How can the emperor forget the opportunity? He can't kill me. "

After that, he turned around and disappeared in Dongfeng city.

His time is very urgent. He must go to lingdu in three days!

.....

Three days later.

Lingdu City, located in the east of Tianren area, is under the jurisdiction of donghuangtiandian, and is also the city closest to the location of donghuangtiandian.

Although this capital of Ling is extremely prosperous and solemn, it is known as the largest city in heaven and man, but in fact, the overall strength ranking is not high!

That is to say, the biggest city is nothing!

But now, the capital of lingdu, which used to be full of joyful atmosphere, is shrouded in an atmosphere of killing!

Because today is the day of execution, the day of execution for an elder of tiandian temple!

In the center of the capital, a high platform has been built, a high platform for execution!

A bloody, disheveled figure, at the moment, is severely nailed in the center of the scaffold, standing on a pillar!

This pillar is not an ordinary one, but a bloody, dirty and smelly one!

This pillar was called the shame pillar by the Eastern Emperor, and Ren Lao was nailed to the shame pillar at the moment!

It's the first time that many warriors have gathered under the execution platform to execute an elder of tiandian temple!

The Eastern Emperor forgot the opportunity and looked at the sun in the sky. With some regret, he came to Ren's face and said, "old tortoise, it seems that there is no price for your persistence? Now, the time of execution is coming. Those people can't even see their shadows!

You said, "did you die in vain?"

Chapter 5599

At this time, a sharp drum suddenly resounded through the whole city of Lingdu!

"The Eastern Emperor forgets the opportunity. Now, give it to the emperor immediately and release Ren Lao!"

Under the scaffold, the onlookers, hearing the words, looked in the direction of the sound. They saw several figures standing on a flying boat, and each of them was full of surging breath!

These people are the people of Beiling temple!

At the same time, several taizhenjing strongmen also appeared around the scaffold. These people were the elders of the East emperor's temple.

The Eastern Emperor forgot to look at the gloomy Beilingsheng and said with disdain, "hehe, Beilingsheng, are you qualified to talk to the emperor like this?"

"I just don't let people go, so what?"

At the moment, the faces of the onlookers are changing. They are looking at Beilingsheng, Donghuang and other people with a look of horror.

Are these two halls really going to fight here?

Ren Lao, who has been silent for a long time, now trembles. He suddenly raises his head, turns to the direction of Beilingsheng and others, and says, "emperor, what are you doing here! Go back to the temple of heaven."

And when Beilingsheng and others saw Ren Lao's face, they were all slightly stunned. At the next moment, there was a roar, several extremely powerful breaths, completely burst out!

All the people in Beiling tiandian, their eyes are full of blood, their veins are jumping wildly, and their killing intention is fierce. Their inner spirit power can't be controlled and runs at a high speed, as if they are about to be burned to ashes by anger!

Ren's eyes, even his nose, had been cut off by the emperor. His whole face was incomplete. You can imagine how cruel he suffered!

"Die for me!" Ning ChiYin's killing intention surged wildly. He shot in an instant. A red sword light full of monstrous evil spirit swept away towards the Eastern Emperor!

Seeing this, the elders of the East emperor's temple could not help changing their faces and exclaimed, "emperor, be careful!"

The power of this sword was extremely terrible. Even they felt the fatal danger at the moment when the sword burst out!

However, the Eastern Emperor forgot to face the sword, but he looked indifferent. He raised a smile of disdain at the corner of his mouth and clapped it with one hand!

A huge handprint condenses in front of him and grabs the red sword light. It is Shengsheng who grabs the sword light cut by Ning ChiYin in his hand!

The Eastern Emperor forgot the opportunity and sneered, "is this the so-called Shura Juesha? Ha ha, that's all

As soon as the words fell, the palmprint made an effort to crush the sword!

All the people in Beiling tiandian, who were originally fierce, could not help but tremble when they saw this scene!

Ning ChiYin can be regarded as an extremely powerful existence in beilingtian hall now, but even so, in the face of the Eastern Emperor forgetting the opportunity, it seems that there is no power to compete with it!

Ning ChiYin is biting his teeth, full of unwilling color!

All the time, Ren has taken good care of her, but now Ren is tortured and humiliated. As the so-called Tianjiao of Beiling temple, he is helpless!?

The enemy who tormented Ren Lao stood in front of her, but she didn't have the strength to kill the emperor!

This kind of feeling is driving her crazy!

The East emperor forgets the opportunity to confront all the people in Beiling temple. For a moment, both sides didn't fight again.

He said with a little smile: "you guys, actually, it's not impossible for me to let this old guy go. His life doesn't matter to me."

North Ling Sheng smell speech, the facial expression moves a way: "what method?"

At the moment, it's important to keep the old.

The East emperor forgot the opportunity to gaze at beilingsheng, tone, gradually frozen down, said: "tell me, where is Ye Chen!"

For a time, all the people in Beiling temple were awe inspiring!

Ye Chen!

The reason why the emperor forgot to do this was because of Ye Chen!?

Hearing this, Beilingsheng said calmly, "if I tell you, I don't know. Do you believe it?"

The Eastern Emperor forgot the opportunity and said with a smile, "I believe it. However, in that way, Beiling temple will be unlucky."

"Bad luck?" An elder frowned and said, "what does that mean?"

The Eastern Emperor forgot to take a look at the elder and said with a ferocious smile: "because, in that case, I have to catch you guys from Beiling temple and kill one every day until ye Chen appears in front of me!"

As soon as the voice fell, the Eastern Emperor forgot the opportunity, and the fierce light flashed in his eyes. He rushed to the Beiling temple in an instant!

"Damn it North Ling Sheng secretly scolds, this east emperor forgets the strength of the machine even more powerful than they estimate!

For a moment, people in the Beiling Temple of heaven took action one after another. The power of all kinds of laws surged over the capital of lingdu, and the road was dazzling and shining, rising constantly!

The Eastern Emperor forgets the opportunity to fight against many strong men in Beiling Temple alone!

It can almost be said that the Eastern Emperor forgot the opportunity and went to the whole temple of heaven! Even, still have the upper hand in the fight!

The onlookers were completely overwhelmed by the power of the Eastern Emperor!

Looking at the eyes of the Eastern Emperor forgetting the opportunity are all like the eyes of worshipping God!

This war did not last long, less than three incense time, Beiling tiandian a group of strong, it seems that can not persist!

And the East emperor forgot to look at Ning ChiYin, eyes flashing greedy fiery look, he was full of spiritual power, then launched a more ferocious attack towards Ning ChiYin!

Ning ChiYin's pretty face is a little pale. After barely resisting the emperor's several moves, she vomites blood, breathes disorderly, and falls on a roof.

"Red tone!" Beiling Shanda drinks, then takes the elders of Beiling tiandian and pours on the emperor. But this time, they are blocked by the elders of Donghuang tiandian!

The Eastern Emperor forgot the opportunity and walked towards Ning ChiYin step by step with a grim smile on his face. The light in his eyes became more thirsty, greedy and frightening.

Chihuang Lengji: "what do you want to do..."

"For what?" The Eastern Emperor forgot the opportunity and said with a smile: "I said that I would kill you one by one and force Ye Chen to appear?"

However, to deal with you, I suddenly thought of a better way. If you and your sister are all occupied by this emperor, it's estimated that it's a bigger blow to Ye Chen than killing you? "

"You Ningchi Yinmei's eyes trembled. The Eastern Emperor forgot the opportunity and was shameless to the extreme!

In her eyes, the color of ruthless Jue flashed, and the breath in the Dantian was restless, so it was about to explode directly!

However, the Eastern Emperor forgot the opportunity but said with a contemptuous smile: "now, in front of me, you don't even have the qualification to blow yourself up."

As soon as the voice fell, a flash of light appeared on the finger tip, which directly sealed Ning ChiYin's spiritual power!

Chapter 5600

This time, Ning ChiYin's pretty face finally appeared a touch of despair!

The Eastern Emperor forgot to lick his lips. After he absorbed the blood essence of zuwu, his temperament also changed. His mind was always full of all kinds of evil ideas!

At this moment, he looked at the beautiful and desperate Ning ChiYin, and he had a kind of impulse to put it directly in front of the crowd!

As soon as this impulse comes, it can't be suppressed any more!

At the moment, the Eastern Emperor forgot the opportunity, as if incarnated as a wild animal, and jumped directly on Ning ChiYin's delicate body!

Ning ChiYin's face changed and he struggled wildly!

But at the moment, she was seriously injured. Even Lingli was sealed. How could she be the opponent of Donghuang?

Seeing, the emperor's forgetful hand was about to fall on the jade.

A drink break suddenly sounded over the capital of lingdu!

"The Eastern Emperor forgot the opportunity. I killed Xu Yanling and wanwuguang. Soon, I will send you down to accompany them."

See, a figure emerge from the horizon, a flash, then appeared in front of everyone!

Even if the Eastern Emperor forgets the opportunity, the attention at the moment is also instantly attracted!

Just because of that sentence, I killed Xu Yanling and wanwuguang!

A look of ferocity, anger and hatred flashed in his eyes!

Ning ChiYin seemed to lose his attraction in an instant. He slowly raised his head and looked at the figure in the sky.

The man who suddenly appeared is Ye Chen!

Ye Chen and the Eastern Emperor forget to look at each other, their eyes collide in the air, it seems that a burst of fire!

Then, the Eastern Emperor forgot to smile and succeeded.

Ye Chen is really here.

It seems that the boy is a little more stupid than he thought.

And Ren Lao, beilingsheng and others have changed their faces one after another!

They don't want Ye Chen to show up!

Ye Chen is very rebellious, but today's emperor forget, but has a very strong strength!

Not to mention, it also has tiandian treasures, and so on, it can be said that the current emperor is unfathomable!

No matter how strong Ye Chen is, I'm afraid it's impossible for him to survive?

Especially Ren Lao!

After he was captured by the Eastern Emperor, he suffered unimaginable torture, but that kind of torture can not make up for the heartache, guilt!

It's all because of him that ye Chen is trapped by the Eastern Emperor!

Regardless of his injury, Ren Lao yelled at him in his voice: "boy ye, let's go! If you still regard my surname Ren as your elder, just leave for me! "

Ye Chen looked at Ren Lao one eye, even if with his heart nature is all can't help but the vision one quiver!

And then, in my eyes, it's outrage!

Because of him, Ren Lao suffered.

He looked at the emperor without expression and said, "did you make this?"

The Eastern Emperor forgot to listen to the speech and said with a smile, "ha ha, how is it, isn't it? Oh, by the way, I forgot to tell you that the old thing was nailed to the stigma pillar. Do you smell the stench on the stigma pillar? This stink will melt into the flesh and blood of this old thing and will not dissipate for a lifetime.

Well, in the future, no matter where he goes, he will make people feel sick and look down upon him, just like a dead dog. How about that? Is the means of this emperor good? "

Ye Chen was silent for a moment, and his eyes were very cold. He said in a deep voice: "the Eastern Emperor forgot the opportunity. Do you remember what I said that day in yanzhenyu?"

One day, I will surely level the whole East emperor's temple. Have you been waiting for a long time?

Now, that day has come. "

At the moment, there was another thrill from the surrounding warriors!

Step on the whole temple of heaven?

Is that what people say?

Tiandian, which has been handed down for countless years, is a real giant. Each tiandian has several strong people in taizhenjing. Where do you say that you can level off?

And after the horror, there's the irony.

Just now, ye Chen's words were so arrogant that they were silenced and didn't notice Ye Chen's cultivation

Now, many people's eyes have emerged a thick disdain!

The origin?

Why did you kill Xu Yanling?

Is it funny?

There's a limit to the amount of decoration, right?

The Eastern Emperor also laughed and said, "Ye Chen, you still don't know the greatness of heaven and earth as always!

Do not know today, there are those terrorist existence, can save your life?

If not, I promise that today is your death day! "

As soon as the voice fell, the emperor forgot the opportunity, and his aura was surging. He was about to take action!

He can't stand it any longer!

Blood boiling, heart roaring!

He didn't know how many times he dreamed that he would crush the damned boy!Ye Chen raised a sneer at the corner of his mouth and was about to fight. But at the moment, beilingsheng was in front of Ye Chen with a group of beilingtian Temple elders. He looked at Ye Chen with a tight face and yelled: "boy, leave here. Don't worry, I will save Ren Lao!"

Ye Chen is tiny a Leng, just want to say what, can the East emperor forget machine of attack come!

At this moment, the Eastern Emperor forgets the opportunity, and his whole body exudes a very terrible aura. In his hand, there is a soft sword like a chain. The soft sword rippling in the air, just like a dragon, carrying the sword spirit all over the sky, strangling Ye Chen!

With a sword, the capital of lingdu seems to be cut to pieces!

The extremely strong power of law is flowing in the sword Qi, and the air is filled with the smell of sword!

Everyone, is cold, bone chilling, blood freezing cold!

It seems that there are innumerable soft swords winding around the body to wring them into foam!

Even ye Chen was surprised. He was not shocked by this sword, but felt something else from it!

To be exact, it is the power of sorcery!

Ye Chen has a hundred evil bodies, and also absorbed a large amount of evil energy from the evil old man. Naturally, he is not unfamiliar with the power of the witch!

At the moment, ye Chen trapped in reincarnation monument, has been extremely silent evil old, suddenly eyebrow a pick way: "boy, your luck."

"Luck?" Ye Chen's eyes twinkled for a moment, puzzled.

The evil old way: "this guy, I don't know where he swallowed a lot of the blood essence of the ancestral witches, but he didn't give full play to the power of the blood essence of the ancestral witches.

Before, I didn't tell you that Baixie body is actually the supreme secret of our Witch family. What you cultivate is not the real Baixie body!

Because, the real hundred evil body, need to devour a ancestral witch to practice

Ye Chen's eyes flashed and said, "in other words, are you willing to teach me the true hundred evil bodies?"

Otherwise, there is no need to tell him this.

Evil old smell speech, smile a way: "can, but, conditional, my evil spirit, you have absorbed almost, also should let me free."

Ye Chen said without hesitation: "deal!"
