

Physician 5621

Chapter 5621

This sword Qi is extremely strange. When ye Chen was cut, he just left a small mouth on his body surface. Then, more snake shaped sword Qi went into Ye Chen's body along the small mouth!

The muscle on the leaf Chen face is stiff, immediately, the road black green tendon appears on its face, the whole person's movement seems to be slow up!

Lin Xiong sneered: "the sword Qi of luansheyin sword can enter the body, destroy the meridians and elixir fields. It's specially used to deal with you who have strong vitality. Do you feel weaker and weaker now? Reiki, can't work? "

Sure enough, ye Chen's breath began to be disordered, and it seemed to be hurt internally!

Internal injury has a greater impact on combat power!

For a moment, people can't help but take a breath when they look at the flashing figures in the picture. Lin's fierce means emerge one after another. It's terrible!

But this time, Lin Ying seems determined to crush Ye Chen. He has lost interest in this game!

The next moment, Lin said again: "the sixth evil, frighten God dead eyes!"

In Lin Xiong's eyes, a strange red light suddenly appeared. The red light, like a red thunder, flashed very quickly and disappeared into Ye Chen's eyebrows!

In the hall, people were even more surprised!

Lin Xiong is a real martial arts genius, the son of heaven!

Have you even mastered pupil surgery?

This pupil technique is obviously a kind of terrorist means against the spirit!

Sure enough, ye Chen was hit by the red light, his eyes trembled, and then he sent out a cry of pain and hugged his head!

Everyone can't help shaking his head, ye Chen and Lin Xiong's real fighting power, the gap is too big!

Ye Chen certainly can go over the level and fight, can't Lin Xiong?

In their opinion, ye Chen has no chance of turning over!

The fierce light in Lin's eyes was more powerful, and the spirit and evil spirit roared in his body. He said again, "the eighth evil, blood refining and killing!"

In a flash, Lin Xiong's whole body was covered with a burst of blood light. The whole person's breath was suddenly irritable, and his speed was improved to the extreme. A flash appeared in front of Ye Chen, and Bai Tu Quan blasted out at Ye Chen's chest!

With a roar, ye Chen suddenly spat out a mouthful of blood, and the whole person flew away, smashing countless bamboos in the bamboo forest. The power of this fist was obviously far more than Lin's previous attack!

This blood refining killing is obviously a secret method to improve attack power!

Lin Xiong looked at the inverted Ye Chen and said: "the ninth evil, shadow body array!"

With the magic step of the ghost forest, Lin Ying catches up with Ye Chen in an instant, and his figure looms around Ye Chen!

All of a sudden, several shadows appear in Ye Chen's whole body. Each shadow seems to copy part of Lin Xiong's strength!

Red exquisite see shape, complexion a white, leaf Chen danger!

The people in the hall are cruel. They know that the shadow body array shows that Lin Xiong really wants to use a big move!

The next moment, just listen to a faint voice from hell in the bamboo forest, rippling open: "the tenth evil, the great evil! Die for me

At the moment, Lin Xiong's face was also very dignified!

Even if he can't make the best use of his blood breaking skills, he can't open it without breaking the shadow!

However, the power of Baitu boxing is not comparable!

In the blink of an eye, there was a strange connection between Lin Xiong's body and Ying Fen. Their body surface was full of strong evil spirit, which was almost turned into solid. Then, the evil spirit was a surge, which was condensed into a whole, and turned into a monstrous evil dragon, roaring over ye Chen's head. The Yin cold of the evil spirit would freeze the whole space!

Red Linglong can't help it at this moment. It seems that it's too late!

At the moment, that evil dragon already ruthlessly toward the leaf Chen pounce!

In the hall of Longmen Island, beilingsheng, nanxiaoli and others could not help exclaiming: "yechen!"

They are very anxious, worried, want to block in front of Ye Chen, but now they can't do anything, can only watch, this evil dragon hit Ye Chen!

Only grey old man, with a strange look in his eyes and a more sketchy corner of his mouth, murmured: "is this boy planning for the overall situation? The mind is extraordinary. "

Another bang!

The whole secret place, the earth, cracked endlessly under the attack of this great evil spirit. The aura of heaven and earth was stirred and unstable. Countless Tianjiao who entered the secret place now had a slight change in their face. They felt the abnormal vibration and couldn't help casting their eyes in the direction of Ye Chen and others

Does this strike even have a chance to cause damage to the Lord of the temple of heaven?

What a thrill!

At the moment, in the bamboo forest, Lin Xiong gasps violently, looking at Ye Chen in front of him with a look of surprise in his eyes.

Not only he, but also the warriors on Longmen Island were shocked!

Ye Chen ate that terrible big evil spirit to break, unexpectedly still didn't die?There's no one left

However, although not dead, it looks very miserable!

Ye Chen's blood, bones and muscles all over his body at the moment. He doesn't know how many of them are broken. Lying on the ground, his breath is weak

Well, it's like there's only one breath left.

It can be said that it was completely crushed by Lin Xiong!

Lin Xiong looks at Ye Chen who is in a mess at the moment and sneers: "boy, this is your confidence, your proud capital? Go on, man? Continue to be brave? Stand up and fight?"

What, can't you do it?

You have brought me a lot of joy. "

Said, he raised his hand, is about to attack again, completely finished Ye Chen's life, but at this time, the two voices are at the same time in the bamboo forest: "wait a minute."

"Well?" Lin Xiong frowned and looked in two directions.

See, two figures emerge at the same time!

One of them, with white hair and snow all over his body, has endless coldness and indifference in his eyes, as if a world of ice and snow was disillusioned in his eyes!

It is Lu Bing who has become the heart of ice God!

Another person, with shining eyes and handsome face, is full of an ancient and noble spirit, just like the pride of heaven coming from the flood!

Of course, he is Li qianjue who has Taigu's blood!

Seeing these two people, even Lin Xiong could not help it. His heart sank!

These two people make him feel very dangerous!

However, on the surface, he said quietly, "what's the matter with you two? To save people? "

"Save people?"

Lu Bing and Li qianjue both laughed and sneered, as if they had heard the funniest joke in the world.

Then, Li qianjue said faintly, "I'm not trying to save people. It's just that this boy has a grudge against me. If he wants to die, he should die in my hands."

Chapter 5622

Lu Bing also said: "brother Li, this boy also has a grudge against me. How about giving me this good opportunity

They don't care much about who killed Ye Chen, but it's good for their Daoxin to kill Ye Chen.

After all, ye Chen is the enemy they think about day and night. If they kill Ye Chen, they can make the heart of Tao more stable, which can be regarded as a bargain.

In fact, they arrived long ago. They have been hiding around and observing until now!

Why?

Because of their understanding of Ye Chen!

Two people are very clear, ye Chen how strange, this guy has countless times subverted the ordinary people's cognition!

Therefore, this time they are cautious, decided to observe first, in making a decision!

Just in time, there is Lin Xing, the boy who killed half way to test the water for them!

However, after ye Chen and Lin Xiong fight, Lu Bing and Li qianjue laugh and disdain

Unexpectedly, ye Chen's strength is so rubbish?

Far less than they expected!

Although Lin is not weak, they both know that if they really want to fight, Lin is not their opponent at all!

But ye Chen?

In the face of a forest murderer are suppressed to death?

It's a waste of their care.

Lin Xiong's eyes flashed when he heard the words!

It may not be so important to kill Ye Chen, but if these two people ask him to go, he will go?

Does he want to lose face?

Immediately, Lin Xiong said with a cold smile: "two, I advise you not to look for trouble, OK? Sometimes, what you are looking for may not be things, but death! "

Both Li qianjue and Lu Bing were stunned, and then they laughed again.

Li qianjue looked at Lu Bing playfully and said, "brother Lu, this young master seems to say that we are looking for death?"

Lu Bing's eyes slightly squinted at Lin Ying and said: "just right, who will kill Ye Chen has not been decided yet. Why don't you and I fight together? Who will defeat the young master first? Whose life is Ye Chen's? How about that?"

At this moment, the distant red Linglong is almost desperate

Originally, a demon forest fierce, she did not absolutely sure to save Ye Chen, now, two monsters?

Chi Linglong has the blood of the Dragon King and has a strong intuition!

She can clearly feel the extremely dangerous breath from Li qianjue and Lu Bing!

Guess, she can't even take a move from these two people?

Not to mention saving people!

Ziyuan and Qingshuang are also worried and say: "Linglong elder sister, what should I do?"

Chi Linglong gritted her teeth and said, "if these three people fight, maybe there's a chance..."

At present, we can only expect miracles!

And all the people in Longmen Island hall can't help shaking their heads with a sneer. Ye Chen is also unlucky enough.

Originally, he was forced into a desperate situation by Lin Xiong, which was the situation of death. Now?

That's the one that's going to die, the one that's going to die, right?

That's enough of the situation!

Lin's face changes wildly when he hears the words. The top ten villains' means are used to the extreme in an instant. The whole person has disappeared from the original place when the ghost forest moves!

At the same time, blood refining and killing, shadow body array and so on burst out at the same time. Several shadows split up and rushed to Li qianjue and Lu Bing!

Two people at the moment is a indifferent color, the corners of the mouth even with a smile of disdain.

The next moment, the golden light in Li qianjue's eyes flashed, and a breath of antiquity surged endlessly. When people saw this scene through chuanyingjing, they couldn't help exclaiming!

At the moment, Li qianjue's eyes are as big as the sun, shining on the past and the present, and his breath is surging to the extreme, just like a saint in the world!

Taigu's blood, so terrible!

This God pupil a, that several shadows separate body instant frame, then, have no resistance ground burst open!

At the same time, endless snow broke out all over Lu Bing's body, and the whole bamboo forest became a frozen place in an instant!

In Lu Bing's eyes, as soon as the cold light rises, the rolling wind and snow will turn into a big hand of ice and frost, grabbing at the void!

Almost at this moment, a brilliant golden whirlwind, also appeared in the position of the big hand!

The next moment, a cry of surprise will ring out in the frozen bamboo forest. Facing the big hands of the frost and the golden whirlwind, Lin Xiong's face turns pale. At this moment, he actually feels the meaning of life and death!

He is biting his teeth, ten villains stunt, urge to the extreme, even, burning blood!

Lin fierce face ferocious, to Li qianjue two people's terror, crazy roared a way: "Dasha break!"

The evil dragon reappeared and ran into the golden whirlwind and frost hands!

There was a loud bang, and the three attacks disappeared. However, Lin gave out a scream, and his whole body was broken. The blood was full of madness, and he fell to the ground like a rag pocket! Dead silence!

In the hall of Longmen Island, there is a dead silence!

All of them opened their eyes and looked at Li qianjue and Lu Bing strangely!

These two are so strong that they are beyond imagination!

Lin has ten villains' unique skills, which is terrible, but he was killed by them with one stroke?

If they didn't mean to put Lin Xiong in their eyes at all, and the final attack interfered with each other, would Lin Xiong be a dead man now?

It's so scary!

Lu Bing and Li qianjue shook their heads at the same time, as if they were disappointed with Lin Xiong's strength.

And Lin Xiong's face was very ugly at the moment, but his body was shaking slightly. He was completely scared and silly!

He lay on the ground and said nothing. He didn't intend to stand up any more. He knew that standing up was just humiliating himself. Either of them could easily defeat himself

Lin Xiong was biting his teeth. When did he suffer such humiliation when he grew up?

However, he knew that if he wanted to live, he had to lie on his stomach

Lu Bing and Li qianjue seem to lose interest in Lin Xiong, and their eyes fall on Ye Chen.

Lu Bing said with a smile: "brother Li, I should have defeated that guy just now, right? Therefore, ye Chen's life is mine. "

Li qianjue shook his head and said, "no, brother Lu, it's clear that I beat this guy first. If brother Lu hadn't interfered, he would have been a dead man."

Two people looked at each other, their eyes were twinkling slightly, the atmosphere was a little dignified. The reason why they didn't start was that they were afraid of each other!

But ye Chen is a piece of fat. They don't want to let it go

The most important thing is that both of them think they are the most powerful and arrogant, and they don't want to show weakness to each other!

Longmen Island hall, a group of martial arts are looking at this scene, the face is nervous, looking forward to, excited and so on!

Is there going to be a big war between the two great pride?

That must be wonderful, right?

Chapter 5623

For a moment, everyone's attention is focused on Lu Bing and Li qianjue!

However, at this time, a lazy, indifferent, even with a trace of sarcastic voice, rang out: "you just arbitrarily decide who my life belongs to, have you not asked me?

If I don't want to, it seems that none of you can take it away? "

As soon as this remark came out, everyone's thinking had a moment's pause!

What's going on?

This sound, like Ye Chen's?

Huh?

Isn't Ye Chen seriously injured to half dead?

But originally, beilingsheng and others, who were almost desperate, were stunned when they heard Ye Chen's voice. Then, they were ecstatic, as if they had grasped the straw and looked at the transmission crystal!

See, don't know when, ye Chen unexpectedly is to have already stood up from the ground, and, on the body, a silk scar all have no, where seem to be half dead dead appearance!?

Just now, those who think ye Chen is crushed by Lin Xiong are all silly, and their eyes are going to burst!

I can't believe it!

Even Lin Xiong, Lu Bing and Li qianjue stayed together

They also didn't expect, ye Chen unexpectedly is suddenly full of blood resurrection?

At the moment, ye Chen with a sneer, quite light looking at Lu Bing and Li qianjue, in fact, he never really hurt from the beginning to the end.

Let's not talk about anything else. His body has passed the threshold of becoming a saint, and all kinds of poisons do not invade him. How can the rotting dragon corpse poison work for him?

But, why, ye Chen can be suppressed so miserably by Lin Xiong before?

The reason is simple.

It's all fake!

It's good. It's just pretend!

In fact, ye Chen has already sensed that Lu Bing and Li qianjue have come to the bamboo grove, but to his surprise, they are timid enough to hide.

With Ye Chen's strength, although he has the confidence to defeat them, if they are determined to run away, ye Chen will only have one left

In this way, it may leave no small hidden danger.

Therefore, ye Chen uses Lin to play a good play and lets Lu Bing and Li qianjue come out by themselves!

Otherwise, what are the top ten villains' unique skills?

It's not worth mentioning in Ye Chen's eyes. He can easily break it and kill Lin Xiong

Well, now it seems that the effect of the play is pretty good. The plan goes well.

Lin Xiong is completely stupid now, and Li qianjue and Lu Bing also look down. Although they are crazy, proud, cruel and even mean, they are not stupid. Soon, they think that they are trapped!

Three people so confrontation, the air feel to solidify!

At this time, Lu Bing broke the silence and said to Li qianjue, "brother Li, it seems that it's not the time for you and me to argue. Killing this boy is the most important thing. Why don't you and me join hands to defeat him now!

As for the boy's life, brother Li wants to take it! "

He gave in!

Although Lu Bing thinks that he can beat Ye Chen alone, ye Chen's strangeness has already left a shadow in his heart!

It's better to choose the safest way!

Li qianjue said with a hard smile: "I have the same idea!"

For a time, the whole Longmen Island hall was a sensation!

Two monsters join hands to fight ye Chen?

This leaf Chen even if is a God, also can contain hate to fall?

Nanxiao Fengqing sighed and said to Nanxiao Li: "daughter, I admit that ye Chen's talent is not under Li qianjue and Lu Bing, and even beyond them!

But isn't it about to die?

Why is that?

All this is because of his character, too provocative!

What's more, it's all those geniuses who are provoked. Otherwise, how can we get to this point?

This is why, at the beginning, my father opposed you and ye Chen together

Nanxiao glass looks coldly at Nanxiao Fengqing, wants to refute, wants to shout to his father, even if ye Chen faces these two thrillers, he can win the war and be proud!

But she can't

Her reason told her that it was impossible!

Lu Bing and Li qianjue are both elites of all ages. If they can defeat one of them, they will be horrified. How can one defeat two?

It's unbelievable!

At this moment, three people moved at the same time!

In Ye Chen's eyes, the divine light flashed, the six source runes, the formula for burning blood, the body of the demon, and so on, all of which were performed to the extreme!

And Li qianjue and Lu Bing are even more powerful when they try their best to break out!

After Li qianjue, a shadow of a saint appeared. His whole body was filled with a sense of desolation and antiquity. He was immersed in a golden glow. His eyes were full of vicissitudes, as if he could penetrate the past and the present!

The next moment, he raised his hand and pointed to his eyebrow, the saint's shadow turned into a golden light, and integrated into Li qianjue's eyebrow. There was an extra mark on his eyebrow, and the breath began to expand! It seems that with the shadow into the eyebrow, Li qianjue's Taigu blood, completely activated!

At the moment, Li qianjue has no sorrow or happiness, just like a God who takes everything as a cud dog!

When people in the hall saw Li qianjue, they couldn't help but clap for a moment and wanted to worship him more and more

It seems that he has a deep respect for Li qianjue

Li qianjue's wrist turned, and a simple golden sword fell into his hand. The next moment, the sword trembled and cut a sword light at Ye Chen!

As soon as the sword light comes out, it will be transformed into an array and cover the whole world!

As soon as Li qianjue's figure flashed, he appeared on the sword array and said faintly, "all the dogs under the saints die."

The next moment, the sword array trembled, then burst out infinite sword meaning, holy meaning towards Ye Chen suppression and down!

On the other side, Lu Bing's whole body was cold. Her eyes turned to ice white. At her heart, there was a burst of silver white light. Every beat sounded a sound of the road. The sound was like wind and snow, freezing heaven and earth!

Lu Bing also had a sword in his hand. It was the law artifact he inherited in the Nanxiao temple that day, the ice cloud sword!

At this moment, Lu Bing's whole body is turning and surging with endless cold, his body has been frosted, and the silver light of his chest is becoming more and more bright!

In a flash, Lu Bing's whole body disappeared, his body was completely integrated into the whole body of the wind and snow, and turned into a cold frost. An extremely indifferent will surged in the heaven and earth. The endless wind and snow seemed to outline a virtual shadow of human form, as if the God of frost was dominating all this!

However, the storm snow only appeared for a moment and then dissipated again!

Why?

Because, whether it is snow, or the silver, or Lu Bing's body is completely integrated into the ice cloud sword!

At the moment, this ice cloud sword, cold light explosion flash, turned into a full of endless murderous ice cloud, swept towards Ye Chen!

Chapter 5624

The people in the hall have been stunned!

Whether it's the suppression of the saint's sword array, or the ice cloud strike that completely integrates the ice and snow into the magic sword, it can be described as miraculous!

The power of terror, across the Shadow crystal, is enough to make people tremble!

Compared with Lu Bing's and Li qianjue's methods, Lin Xiong's ten evil skills just now seem to be the same thing

Even if ye Chen can take Lin Xiong's ten evil skills without injury, he will never survive in the face of Lu Bing and Li qianjue's terrible moves?

Lin Xiong is a bit silly. He is the descendant of the top ten villains. He thinks that he has got the top martial arts in the world, but now when he sees Lu Bing and Li qianjue, he knows that he is a frog in the well!

Even if he does his best, he will have to die in the face of these two tricks

At the moment, the God awn in Ye Chen's eyes suddenly flashed. Except for the power of Shuo Lao and Xuan Hanyu, everything was displayed to the extreme, and a sword came out!

The sharp edge of the sword, surging in an instant, collided with the ice cloud sword light and golden sword array!

For a moment, it seems that the ultimate nuclear explosion of the entire solar system, the horror of world destruction, waves out!

Even the transmission crystal of Longmen Island hall is a blur in this fluctuation!

A mushroom cloud rises from the bamboo forest, and strong energy rushes between heaven and earth!

At the moment, in the secret place, countless pairs of human, human like and non-human eyes are looking at the mushroom cloud. Some are thrilled, some are afraid, some are curious, some are disdainful, and some are unexpected. They are flashing different lights.

Red Linglong's three girls had already retreated to the far distance, looking at the mushroom cloud, their eyes were trembling

This is no longer a fight they can take part in

Soon, the mushroom cloud dissipated and three figures stood in the air!

Everyone in Longmen Island hall was surprised!

Ye Chen didn't die?

Such a terrible strike against the sky is blocked by Ye Chen?

However, ye Chen's eyebrows are slightly wrinkled, which is unexpected

The strength of Lu Bing and Li qianjue is pretty good. They can almost match their own limits

Even if the wound healed quickly, it was the blood on his shoulder!

However, this scene was captured by Lu Bing and Li qianjue!

Both of them looked at each other, and there was a flash of joy on their face!

Soon, two people then again with all one's strength toward leaf Chen, attack but come!

For a time, the three men were fighting in one place. It could be said that the sky was falling apart and the mushroom cloud was rising. It almost wiped out this part of the world!

All the people in the hall have been stunned!

Is this still the battle of the younger generation?

Many of the older generation of strong people feel inferior to themselves!

Especially Ye Chen!

One against two, can you hold on?

It's a myth!

Before, those who satirized Ye Chen's clothes, stupid, crushed by Lin Xiong, and even thought Ye Chen was a waste, were completely stupid, and their faces were smashed

Now, looking at the sneering eyes of the people around them from time to time, they just want to find a way to get in!

What kind of waste is this? In terms of the talent of martial arts, it's even more rebellious than Lu Bing and Li qianjue?

First of all, ye Chen is one against two. Secondly, ye Chen is much younger than the two!

To tell you the truth, ye Chen is too young!

This is the real evil!

Lin Xiong has been completely absent-minded, at the moment he is disheartened, but standing in the same place, like a clown.

Monkey?

Free play?

Ye Chen now shows the strength can end abuse him!

Obviously, is oneself by leaf Chen when gun, still be complacent?

Now he's a complete laughing stock, isn't he?

But at the moment, he Xiao sighed in the hall: "although Ye Chen's talent is good, it's a pity that his luck is too bad..."

Hearing this, the warrior in the hall said with regret: "yes, ye Chen has resisted Li qianjue and Lu Bing now, but he is obviously at a disadvantage!"

"Yes, no matter how good the talent is, it's still useful to die here."

"It's a pity. If you blame him, it's because he likes to make enemies."

"At the same time, he provoked two extremely evil spirits. Even if you are a God, you will die."

Beilingsheng, nanxiaoli and others can't help clenching their fists when they hear the words!

See, spread Shadow crystal, ye Chen's situation is not good!

Under the unreservedly bombing of Li qianjue and Lu bingwudao, ye Chen's whole body is a piece of blood, and even several extremely cold ice crystals are inserted in his chest! If it had not been for a gold and silver flame around the ice crystal to dissolve it, I'm afraid Ye Chen would have turned into a piece of ice now!

Li qianjue and Lu Bing are excited and excited in their eyes!

To tell you the truth, ye Chen's strength is far beyond their expectation. If they are determined to fight with Ye Chen, they will be defeated one by one, and the consequences will be unimaginable!

Fortunately!

Their caution saved them!

Both of them are very lucky, at the same time, they are more determined to kill Ye Chen!

Otherwise, who knows, did not kill Ye Chen this time, after, he can grow to what extent?

To tell you the truth, their pride has been broken by Ye Chen at the moment

In the face of Ye Chen, they are a little proud

Even as enemies, they feel from their heart that this guy is too abnormal!

Boom!

There was another loud noise. Ye Chen was directly blasted to the ground by Li qianjue's sword array, smashing a deep hole in the earth!

At the moment, ye Chen lies in the pit, frowning slightly, and his breath is a little messy

Li qianjue's eyes brightened and he said, "brother Lu, don't keep your hand. This boy is injured now. It's the best time to kill him. How about you and me play the real cards together?"

He is not a fool, if give ye Chen the chance to recover again, ye Chen may escape!

The opportunity to kill is fleeting!

Lu Bing obviously had an idea with Li qianjue, and immediately agreed: "good!"

In a flash, Li qianjue was full of golden light, rich in the atmosphere of antiquity, and almost materialized. Countless ancient saints' virtual shadows flashed quickly behind him!

Lu Bing's chest is also a flash of silver. A snow girl's shadow is gathered in the snow. At the moment, two lines of blood and tears flow out of her eyes. Shengsheng digs out her heart, which looks like a pure ice jade!

At the moment when the ice jade appeared, even the space seemed to be frozen!

The next moment, Li qianjue's eyes flashed and roared: "the eternal sage is coming to me! Cut

Lu Bing also said in a deep voice: "ice God's heart, cold sky god's sword, destroy the world!"

Chapter 5625

A gold, a silver, two extreme sword light, like gold and Silver Double Dragons, from the sky, powerful!

The people in the hall of Longmen island are thrilled again, and their eyes are about to pop out!

Li qianjue and Lu Bing have a back hand!?

Just through the Shadow crystal, looking at the constantly disintegrating space, they can feel the terrible power of their attack!

It's a real blow for ye!

When their eyes turned to Ye Chen, their faces were dull and their brains stopped working

What is Ye Chen doing?

I saw that ye Chen, who was lying in the pit, was slowly getting up at the moment. He even patted the soil on his clothes. It was just like a holiday!?

Everyone is stupid!

There's a limit to the size of the nerve, right?

Don't you know what you are facing?

Still here, leisurely?

Who knows?

Beilingsheng and others are more anxious to vomit blood. Although they know ye Chen can't hear them, they still stand up from their seats and shout: "Ye Chen! Escape

"Defense! Defend

"React! Ye Chen

However, ye Chen is still indifferent and looks like a slow man

When beilingsheng and others saw this, their heart sank

Is Ye Chen giving up resistance?

Even the Lord of Shenyuan frowned. This boy is too big!

It's possible that the boat will capsize in the sewer!

Li qianjue and Lu Bing are very happy!

The more relaxed Ye Chen is, the more happy they are!

In Ye Chen's present state, it's impossible to resist the blow of the two people's joint efforts. Right now, there's no place to die, right?

Red Linglong three girls also anxious, but again anxious, also useless, they even close to the battlefield qualifications are not!

At this time, ye Chen finally raised his head, looked at the sky, the gold and silver dragon, the whole body breath finally began to surge!

But the eyes of beilingsheng and others are dim. Ye Chen wants to do it now?

It's too late!

The best opportunity has been missed!

But, at the moment, ye Chen in the bamboo forest, not only didn't worry, but also raised a smile.

A touch, strange smile.

He calmly looked at the golden and silver dragons falling from the sky and said, "it seems that the game is coming to an end here? It's really a bit of fun... "

He hasn't had a good fight for a long time. To be honest, although he was suppressed just now, he still had a good fight.

Unfortunately, that's the end of it.

The next moment, the evil sword in Ye Chen's hand suddenly disappears!

When people saw this, they were stunned again?

What's going on?

What about ye Chen's sword?

Is it that, in the face of this terrible blow, I finally admit my life and wait to die?

Think of here, they nodded, ye Chen's practice is also normal.

Anyway, it's all death. Why struggle to make it worse?

It's better to be calm.

Li qianjue and Lu Bing also laughed, happily.

They have the same idea as the people in the hall of Longmen island.

In front of them, the scene that ye Chen was crushed almost appeared.

Your talent is better than ours, so what?

If you don't know how to be a man, you will be crazy. Who will die if you don't die?

But, at this time, ye Chen hand is suddenly appeared a black spiral like light ball!

Beilingsheng and others, who had already fallen into despair, saw this scene before their eyes!

They remember that ye Chen used the black spiral to break the bell that day!

For a moment, their blood was boiling!

Ye Chen hasn't given up yet!

There's even hope of a turnaround!

Ye Chen took a look at the black spiral in his hand, and his eyes flashed slightly. The spiral of xuanlingzhu was similar to that famous Taigu move, but it was black.

Ye Chen light way: "that, then this one move is named Xuan Ling to break."

The next moment, in Ye Chen's eyes, the killing machine flashed, the blood burning formula, the body of the sky demon, and the hundred evil bodies that complement the true inheritance, instantly inspired to the extreme!

The power of shuolao and xuanhanyu is also surging out!

Even the power of Xiaohei and the fire of Daoling, Yan xuan'er, also broke out!

Not only that, the old man's silent tombstone suddenly flashed a light.

A trace of mysterious power rushed out of the reincarnation cemetery and gathered on Ye Chen.

The old man is obviously afraid of Ye Chen's accident and has contributed a part of his strength!

Don't underestimate this part of power, it is the power of taboo in the world! For a moment, Du Bing and Li Qianjue's pupils shrink and feel Ye Chen's breath at the moment. They have a bad premonition

But now, it's too late!

Why is Ye Chen so late?

Really when he's shooting dirt and playing?

In order not to give Du Bing and Li Qian the chance to escape!

Ye Chen's aura huff and puff in his body is like the rushing of mountains and rivers. The Dragon passes through the sky. He shouts in a deep voice: "Xuanling is broken!"

Words, such as the voice of heaven!

In the blink of an eye, ye Chen jumped up, and the whole person was like a human rocket. With the extreme speed, he rushed to the gold and silver double dragon sword light!

All the people in the hall were stunned again

Isn't Ye Chen looking for death?

Take the initiative to meet Du Bing and Li Qianjue's joint strike, accelerate the death?

Even he Xiao and Li Qianxin shake their heads. Ye Chen's move seems to be very strong, but their eyesight shows that ye Chen hasn't completely controlled it

Perhaps, ye Chen is a desperate fight, but in their view, it will be ye Chen who died.

Without waiting for them to think more, ye Chen has appeared before the golden and silver sword light. At the next moment, the soul body transforms, and the mysterious body transforms into the supernatural power. At the same time, he exerts the rolling soul power and the physical power, and completely transforms into Taiyi aura, and then infuses!

Crazy into the hands of the xuanlingzhu!

Originally, some unsteady, disobey the xuanlingzhu that ye Chen controls, instantly stabilized down!

The black paint, like a black hole like light whirlpool, immediately towards the gold and silver dragon!

In an instant, the world is still and everything is still!

Bursts of gold and silver light rain, from the sky, this scene, beautiful

However, there is no one in the hall of Longmen island who is in the mood to enjoy this beautiful scene!!!

Everyone is shocked, shocked, shocked again!

Thinking burst, exophthalmos, stop breathing, heart no longer beat!

Even some of the warriors fell to the ground because they were too shocked to bear the stimulation!

Why?

Because the silver and gold color light rain is the broken gold and silver sword light!

Du Bing and Li qianjue, the two most powerful swords, were smashed by Ye Chen's insignificant black spiral!

This scene, it can become a work of art, the world's hearts are broken art!

Chapter 5626

"Poof!"

Du Bing and Li qianjue vomit a blood at the same time. They look at Ye Chen who continues to rush towards them. Their eyes are full of incredible color!

The face is completely distorted!

How can it be!?

Feel the extreme dangerous smell of the black spiral, both of them are going crazy!

His face was constantly twisted, red, his eyes were congested, he could no longer keep calm, lost his mind, and screamed hysterically: "you! It's obviously suppressed! Mingming, I'm dying! All this must be an illusion. Ye Chen, you can't turn it over! "

"Yes, it's an illusion! We can fight against all the evils in heaven and man. How can you beat us in seconds!?! Do you really think you are a God? "

However, the only answer to them is the black spiral that keeps expanding in the pupil of the eye

The next moment, the body was crushed by the pain, swept the dark spirit, such as the tide of their consciousness, completely submerged.

At the same time, ye Chen's indifferent voice echoed in his ears

"Well, maybe I am God?"

"I dare to be an enemy even to the Confucianists. What are you doing?"

The hall of Longmen island is dead and quiet

Looking at Ye Chen's mysterious spirit breaking, Lu Bing's and Li qianjue's bodies are stirred into a blood mist. Even the spirit has not let go of the scene. I can't think about it at all

No adjective can describe their inner feelings at the moment. It can only be said that countless men worship and countless women are intoxicated

Only Ouyang Hui, the master of Shenyuan, looked at Ye Chen standing in the sky with a smile. His eyes flashed and said, "the living God and man, should be so heroic!"

Li Qianxin, a Taoist who used to gloat, looked at the master of Shenyuan with a wry smile and said, "Congratulations, brother Ouyang, you have found such a talented person..."

Her eyes have always been very high, but at the moment, she looks at Ye Chen, and her face is shocked

Even if ye Chen's talent is put in the supreme world, it is also the ultimate genius among the ultimate geniuses

But why did ye Chen mention the Confucianists just now.

Confucianism is a myth of that time.

If you are against the Confucianists, ye Chen is certainly strong now, and he will fall in the Confucianists' thoughts!

Beilingsheng, nanxiaoli and others are endless ecstasy!

Ecstasy at the same time, is proud! It's with you!

And Nanxiao Fengqing is lonely, bow, smile, speechless.

He felt that he was like a joke with endless regret in his heart

If at the beginning, listen to the daughter's words, let Ye Chen join the South sky temple, now, the scenery is he?

In the bamboo forest, ye Chen slowly fell from the sky. He swept around without expression, and he could not find the trace of Lin Xiong.

Ye Chen light way: "pour is to run fast enough."

Lin Xiong ran away, even out of the range of his telepathy

I have to say, this guy has a knack for running for his life.

However, he didn't pay too much attention to it. He didn't pay attention to Lin Xiong's strength. He wanted to kill him and could kill him at any time.

At this time, the three girls of red Linglong come over and look at Ye Chen. It seems that they don't know the man in front of them

Before, when ye Chen faced Lin Xiong, they still felt that ye Chen's strength was not good, and there was danger. They wanted to be big, and they wanted to lose face and so on

Now, blushing, they are all frogs in the well

Ye Chen can't measure his existence with their eyes at all

Red Linglong three girls are in front of Ye Chen low head way: "Ye Chen, sorry, we..."

You respect the strength of the demon clan and respect the strong. It's not too much for the three people to be killed among the demon clan. Ye Chen is magnanimous

However, ye Chen didn't care. He said with a smile, "well, I'm tired. Unfortunately, this bamboo forest has been destroyed. Go to the front mountain forest and have a rest."

Three women looking at Ye Chen, beautiful eyes are emerging a touch of grateful color.

Soon, the four came to a mountain forest, sat down and had a rest.

Ye Chen looks very light, but in fact his body is almost to the limit

Xuanlingzhu although he can barely use, but, overdraft ability is too terrible!

No wonder I passed out last time

Well, if Lin Xiong had the courage to stay at that time and really fought to death, it would be hard to say

.....

At the moment, Lin Xiong is just like a frightened rabbit. He runs all the way. His face is hard to see. He will suffocate at the thought of Ye Chen's face!

However, at this time, Lin suddenly stopped, looked moving, and muttered to himself, "eh, what's this breath?"

Lin Xiong was born in villain's Island. He was naturally sensitive to evil spirit, evil spirit, malice and other negative energy. At this moment, he felt a trace of this negative energy, and seemed to be calling himSubconsciously, Lin Xiong followed the negative energy.

.....

One day later, ye Chen also finished finishing, recovered to the peak state, and set off again. His mind swept away, and suddenly found something different in a certain direction, standing in the same place.

Red Linglong three female some strange looking at leaf Chen way: "leaf Chen, how?"

Ye Chen light way: "have a friend to come."

Soon, several figures appeared in front of the three people. The first one wore a white robe and looked indifferent, which was similar to Ye Chen's temperament!

Beside him, he was accompanied by three people, who were the descendants of the other three forces among the four hidden forces.

The son of the Lord of Tianlong hall, long Shaoyou.

Yushula, a disciple of the sea ghost master of Luochoa.

Qin Tian, the son of Xugong mixed blood.

In order to take part in this trip to the secret world, the three people did not make little preparation, and made breakthroughs in their realm one after another. Now they are all in or close to the true realm.

It's not difficult for these arrogant people to break through too much. It's just that they were striving for perfection and suppressing the realm before.

Therefore, the strength of these three people is beyond the general Taizhen realm.

Ye Chen saw a god yuan too empty one eye, light way: "what?"

Shenyuan is too empty and looks a little indifferent. However, he doesn't have any dissatisfaction with Ye Chen's attitude. Instead, he says, "we have found a place where there may be a chance nearby. Are you interested?"

Ye Chen a pick eyebrow tip way: "Oh? Come and tell me? "

Shenyuan Taixu said: "there are not enough people. It's not easy to enter there."

Ye Chen nodded, but there was no disgust. He and Shenyuan Taixu were not related, and they were just in the same camp. They could cooperate only in the case of interest exchange.

This is also why Shenyuan Taixu didn't find others to cooperate with him.

That is enough.

Chapter 5627

Ye Chen way: "good, then go to see, however, I want to take a few people to have no problem?"

He was referring to Chi Linglong and others.

Just now, in the face of Lin Xiong, he saw the attitude of the three girls. Naturally, he would not leave them now.

The three chilinglong girls were all ready to be kicked out by Ye Chen. After all, with Ye Chen's strength, they can be said to be of little help. Even Ziyuan and Qingshuang can be called a burden

But, ye Chen unexpectedly still wants to take them?

The third daughter is a little flattered.

Yushula and others frowned slightly.

Among the three women, Chi Linglong's strength is pretty good. However, they don't think they are much weaker than Chi Linglong. The help of these three women is very limited. However, if they really get the chance, they have to share their share. It's not pleasant.

However, among them, Shenyuan Taixu is the most powerful, and everything is based on Shenyuan Taixu's decision.

Shenyuan too empty swept red exquisite three female one eye, then nod a way: "can."

Say, a few people are walking toward a certain direction together.

About half an hour later, ye Chen and others came to a huge waterfall.

The waterfall, flying down 3000 feet, seems to fall nine days, spectacular.

Shenyuan Taixu looked at the waterfall and said to yechen, "do you feel it?"

Ye Chen's eyes were bright, and he nodded and said, "well, there's a passage in the back..."

"Not bad." Shenyuan Taixu nodded and said, "but, there is a barrier, we can't get in. I've tried it. This barrier has the ability of automatic repair. If you want to get in, you must break the barrier in an instant with great strength. We should be able to do it together."

Ye Chen's vision is tiny to flash a way: "good!"

According to his perception, he doesn't need to use the xuanlingzhu. He should be able to break the barrier with a full attack of yuehun chop, cooperating with Shenyuan Taixu and others.

At this time, Yu Xiuluo and others are quite provocative toward Ye Chen to see one eye.

On the grand meeting of Longmen, they are compared by Ye Chen, and they are not satisfied.

This time, their strength has been improved, they all regard breaking the barrier as a competition, and want to surpass Ye Chen.

Ye Chen didn't respond.

Shenyuan Taixu said: "it's not too late, get ready..."

The next moment, the God awn in his eyes a, low shout a way: "start!"

In a flash, a number of lights burst out towards the waterfall!

At the moment, Longmen Island hall, a crowd of audience are staring at chuanyingjing, but their eyes are moving back and forth between the two areas!

One area shows the pictures of Ye Chen and others. They are preparing to attack the waterfall. The protagonist in the other area is Lin Xiong!

At the moment, Lin Xiong is stepping into a very dark forest!

These two sides, obviously want to have a chance, adventure, this situation is naturally the most eye-catching!

The chance and adventure in this secret place is probably related to the unimaginable strong man. Obviously, it's not so simple!

The benefits must be enormous!

At this time, there was a flash of light above the waterfall, and countless miraculous lights gushed out, which directly divided the water curtain into two. After the water curtain, there appeared a five color barrier, and under the barrier, there seemed to be a huge natural cave!

This cave is so deep that I don't know where to go!

Long Shaoyou gives out a roar and a shot, accompanied by the dragon's shadow, while yushula cuts out a blade with strong evil spirit. Qin Tian's attack method is quite strange. It's a handprint, but the handprint is constantly flickering in the void, as if it has a very strong law of space!

Shenyuan Taixu and ye Chen seem to have the most common power. One is a pure white sword light, and the other is a moonlight like sword. However, their attacks have the same mysterious charm!

Yuxiuluo and others' eyes shrank, and their faces became gloomy. They knew that they were defeated

Ye Chen's attack is one level higher than theirs

At this time, a red sword came out. Yushula and others were surprised and looked at Chi Linglong. At this moment, Chi Linglong glanced at the three.

Even Chi Linglong, they underestimated!

Long Shaoyou looks at Chi Linglong more. They also have very strong dragon blood. Long Shaoyou doesn't even think Chi Linglong is worse than himself?

However, the combination of aster and Qingshuang is not bad. They have the strength of ordinary strong people, but they don't pay attention to them.

Soon, people's attacks fell on the five color barrier. With a loud bang, the barrier broke. Ye Chen and others' eyes lit up and seized the opportunity. They flashed one after another and entered the barrier.

Just as they fell into the passage, the five color barrier was restored.

Ye Chen and others looked at each other. The next moment, they walked towards the deep of the passage. At the same time, he mentioned 120000 caution. This kind of place may be chance or danger.

All the way forward, but the mysterious passage behind the waterfall seems to have no end. After walking for a full hour, they are still straight ahead!

Shenyuan Taixu and others could not help frowning

The time of this trip to the secret place is limited. They can't spend it here forever

But, at this time, people are suddenly look move!

In front of them, there are two branches!

These two branches are very strange. They are not separated from each other in the left and right directions, but one is up and the other is down!

That is to say, one leads to the ground and the other to the bottom!

Long Shaoyou frowned: "two roads, how to go?"

Ye Chen stares down the passage way: "go down to have a look."

He felt vaguely that there was something good hidden under the ground.

People nodded, no objection, originally, the treasure is more likely to appear in the ground.

After all, on the ground, it's easier to find, capture, and wait for them to take it?

But no one can guarantee that no one has ever been to the secret place created by the great power.

Soon, people are all the way down, not long before their eyes is a light!

When they came to the entrance of the cave, their faces changed wildly!

There was a bloody storm in front of them. It was pouring out from the ground and devouring everything along the way. It seemed that there were many strange creatures living on the ground. At the moment, they were all involved in the bloody storm. They didn't even scream. Then they turned into a bloody fog and smile in the bloody storm!

At the moment, the bloody storm is climbing towards the place where ye Chen and others are located at a very fast speed, emitting the breath of endless death!

Chapter 5628

The audience in the hall of Longmen Island turned pale when they saw this scene

Is the storm terrible?

Ye Chen and others, bad luck, originally thought, came to a place of opportunity, the result?

But the land of death!

"Shit Long Shaoyou can't help but scold, "no, such bad luck? As soon as I came in, I met this strange storm? "

Qin Tian looked gloomy and said, "it's too late to run back according to the rising speed of the storm. Now, we can only follow the upward channel to try and return to the surface!"

Yushula frowned and said, "what are you waiting for? Let's go!"

But, at the moment, Shenyuan is too empty, but saw Ye Chen one eye way: "you, don't want to go?"

Long Shaoyou, Chi Linglong and others were surprised when they heard the words!

You don't want to go?

Well, aren't you waiting to die?

Ye Chen stares at that bloody storm, suddenly, sink a voice way: "this is an illusion, underground place should hide what."

He didn't hide it. He said frankly that Shenyuan Taixu had no reservation about the waterfall, so he would do the same.

When they heard the words, they all had a flash of vision, and they immediately moved towards the bloody storm, but

Soon their faces were gloomy. In their perception, the storm was too real to be true!

Even they could feel the bloody smell of the living creature just died!

Even Shenyuan Taixu also frowned tightly, obviously did not find anything unusual!

At this time, the audience, looking at Ye Chen, couldn't help laughing again!

"This boy, although he is gifted in martial arts, is he a little too confident?"

"Don't you really think that where he goes, the treasure will appear, and you are the chosen one?"

"Hallucinations? In my opinion, this boy is really paranoid. He has to pull his teammates and die together! "

"This kind of judgment, no matter how talented, is a waste."

At the moment, it seems that no one is willing to believe Ye Chen!

Shenyuan was too empty and silent for a moment. Suddenly, he said, "Ye Chen, I choose to go up."

"Good."

Ye Chen nodded and said nothing.

He knew that Shenyuan Taixu believed in his own judgment, so he would take the fate in his own hands. If it were him, he would do the same.

For a moment, several Tianjiao of Siyin forces left one after another. Before leaving, long Shaoyou and yushula gave Ye Chen a rather strange look.

They also think that ye Chen forced, obsessive!

It's a pity that we didn't find this mysterious place. It's a waste of time.

However, people sometimes have to accept their own failure!

But what about ye Chen?

Don't accept, but gamble on small probability events?

This kind of person can't go far!

Even beilingsheng and others are in a bit of a hurry. They don't believe Ye Chen, but they also hope Ye Chen doesn't gamble and chooses a safer way

At this time, ye Chen some surprised to see to still stand in the same place of red exquisite three humanity: "you don't go?"

There seems to be a trace of hesitation in the eyes of the red Linglong three, but soon, this trace of hesitation turned into a decisive way: "we, believe you!"

Even if ye Chen affirms his own destiny, he should not frown

Chi Linglong nodded and said, "you are our choice!"

Ye Chen some helplessly shook his head, sometimes, trust is really a thing that can not be said clearly.

.....

In the hall, many people are sneering, waiting to see the scene of Ye Chen's tragic death, turning into blood fog. Suddenly, someone exclaimed: "look

All of a sudden, he looked in the direction of his fingers, and his eyes fell on Lin Xiong!

Lin Hsiang seems to have come to an old altar at the moment.

The altar is very large, with many unknown animal bones. In the center of the altar, there is a huge bone Holy Grail!

The Holy Grail is full of blood!

And it was the blood in the cup that sent out the evil breath and called for Lin Xiong!

Everyone's eyes trembled when they saw this!

This looks like a real opportunity!

Lin Xiong's luck, burst!

Compared with Ye Chen, it's just day after day!

But suddenly, someone compared the environment and scenery around the altar, but frowned and said, "this place seems to be just an hour away from the waterfall that ye Chen and others entered. Is this the end of the passage to the earth's surface?"

For a time, many people are laughing, gloating to laugh! If so, ye Chen should regret to die?

Not only did he lose his life in vain, but also missed an opportunity?

At this time, Lin Xiong could not wait to jump into the thick blood in the Holy Grail!

In an instant, a color of ecstasy appeared on his face. I saw that the blood was rapidly integrating into his body, nourishing his whole body, every meridian and every cell!

Powerful energy surges in his body, and even his breath begins to rise, marching towards a breakthrough!

Everyone was stunned. How bad is the blood!?

At the same time, the bloody storm finally arrived at the entrance of the passage behind the waterfall. Under a rolling, ye Chen's figure disappeared in an instant

People see this is sneer, ye Chen, this generation of evil so dead!

Die of their own obstinacy, ignorance, recklessness!

Beilingsheng and others are scared again!

Is Ye Chen really wrong this time?

Even the master of Shenyuan's face was dignified. His hand was holding the handle, almost crushing the seat made of ten thousand years spirit wood under the seat!

The contrast between the two, day by day!

No matter how good the talent of martial arts is, if you don't know how to judge, it's a dead end!

Ye Chen is such a person!

Also at this time, four figures suddenly from a corner of the hole rushed out!

The four people's eyes swept around, and soon found the location of Lin Xiong!

The people in the hall of Longmen Island exclaimed: "it's really in the same place. Ye Chen, it's a big loss!"

If ye Chen and others appear earlier, they will have a chance to crush Lin Xiong and seize the chance!

But that's the difference!

At the moment, long Shaoyou, Shenyuan Taixu and others all have their pupils shrunk. Is there a treasure at the exit?

For a moment, they think ye Chen is too pitiful!

The next moment, Shenyuan Taixu and others did not hesitate to attack Lin Xiong who was soaking in the blood!

As long as you kill Lin, it's their chance!

In the world of martial arts, the law of the jungle, there is nothing to say.

But then a strange scene appeared!

See, that bone system Holy Grail light a flash, is called out a five color barrier, will forest fierce package among them!

Chapter 5629

The moment people saw the barrier, their faces changed!

This barrier is quite similar to the one behind the waterfall!

Sure enough, the next moment, four people's attack fell on the barrier!

However, after the four Tianjiao's attack, the barrier was intact!

At the moment, yushula's dissatisfaction with Ye Chen is even deeper!

This son of a bitch doesn't listen to orders?

Not only wasted several minutes, now, they don't even have the strength to seize the opportunity!

Otherwise, they have the ability to break the five color barrier, kill Lin, and turn the blood in the Holy Grail into their booty!

The four frowned, but their hands didn't stop. They kept attacking the five color barrier, but it didn't seem to help!

But Lin Xiong's look is more and more excited and joyful!

Immersed in the blood, he finally figured out the origin of the blood!

This blood is the blood of the strong man who opened up this secret place and hunted monsters in the void. Originally, the Da Neng intended to take blood, sacrifice and then refine pills.

Although the specific strength of this monster is not clear, Lin Xiong can be sure that the strength of this void monster is absolutely not weak!

If the blood is completely absorbed, it will be a great benefit for him!

His body just fits the property of blood!

although, in the past countless years, the power of the blood has to be depleted. However, it is natural that the monster can be seen by the great power. Even now, Lin can absorb one percent and 1/1000 of the essence of blood.

At that time, I don't know why that Da Neng didn't use the blood. Now, it's cheap!

.....

At this moment, Zhongyuan temple.

Zhongyuan Tu looks at the scene in front of him and laughs.

He did not go to Longmen Island, but let his men broadcast the pictures on the spot.

Why not go to Longmen island?

Because I'm afraid.

After ye Chen killed the Eastern Emperor and forgot the opportunity, Zhongyuan TU was afraid!

He and ye Chen have the same hatred!

He clearly remembers that ye Chen asked him to pay for his blood on that day

But now it's all over. Ye Chen is dead.

A woman beside him also said with a smile: "congratulations to the emperor."

.....

At this time, the main hall of Longmen Island, the main hall of Tianlong hall, the main hall of luochahai ghost, and the main hall of Xugong are all gloomy!

Originally, the chance that Lin Xiong got should be their disciple's, because ye Chen!

This guy's wrong judgment, even if he killed himself, let their disciples lose the chance?

Are you a star sweeper?

Fortunately, the boy has died, so he has used his life to make atonement!

Think of here, these three people are again chilly smile.

For a moment, almost everyone is sneering at Ye Chen's choice, scorning, complaining and so on

However, no one knows, at the moment in the bloody storm, ye Chen and others are slowly opened their eyes!

Red Linglong three female see this, all face now excited color way: "that blood color storm, as expected is hallucination!"

Ye Chen also raised a smile at the corner of his mouth. Although the storm did not disappear in the Shadow crystal, it would not do any harm to them.

The next moment, ye Chen looked at the abyss in front of him and said, "let's go down."

Four people body shape move, then one after another disappeared under the ground.

Under the ground, there are countless shining crystal stones and plants everywhere, which make this place beautiful. Chilinglong and other women's eyes are shining after seeing it. Obviously, they like this scenery.

At the same time, on the main hall of Longmen Island, the original picture full of bloody storm, after a flash, is to change again!

Zhongyuan Tu and the master of Tianlong hall are all smiling!

What's going on?

Isn't Ye Chen dead?

Why is there a picture again?

There was a cry of surprise from all the people present!

When ye Chen and others appear in the picture, everyone is dull!

Ye Chen is still alive!

That is to say, just now, ye Chen's guess is correct!

That bloody storm is really an illusion!

Zhongyuantu and the master of Tianlong hall all look a little ugly

Especially zhongyuantu!

This kid's face is so twisted. Why?

At this time, the master of Xugong said coldly: "even if the bloody storm is really an illusion, what? Under the ground, it's not necessarily true that there is anything. He still chooses the wrong way! "

Many people are nodding, yes, living does not mean anything, ye Chen, or lost the chance on the altar! At this time, ye Chen and others in the picture, suddenly appeared a shadow!

At the moment, under the ground, ye Chen and others who are marching forward suddenly shrink their pupils!

From a rock behind, rushed out a shadow, is very fast speed, towards a few people!

Red Linglong three women are surprised, this shadow gave them a very dangerous feeling!

But, ye Chen is a face not to change color, cold hum a, a sword cuts out!

In the fierce light of the sword, there was a scream. A monster, like an ape, with white hair and arms hanging to the bottom of his feet, was divided into two parts by the center of his body and fell to the ground.

This monster impressively is the existence that a head has too true circumstance strength reluctantly, but be killed by Ye Chen, one sword second!

However, after killing this monster, ye Chen is a look move, came to the monster's body before, the vision twinkles a way: "this is..."

I saw a light blue and purple light on the monster's body. Even though he was dead, it didn't disperse

The three women also looked puzzled.

Suddenly, ye Chen's eyes welled up with a strong joy and said: "we, go forward!"

Obviously, something was found on the body!

Red Linglong some worry tunnel: "in front, will there be any monster?"

Ye Chen raised a smile and said: "don't worry, these monsters are not enough to be afraid!"

Soon, ye Chen four people then continue to stride toward the bottom of the earth, before long, four people's footstep is to stop.

Chilinglong's eyes are full of shock

See, appeared a huge temple door in front of them!

The gate is directly built on a mountain wall. The pattern on the gate is complicated, but it is full of traces of time!

Soon, a touch of joy appeared on the three women's face. The appearance of the hall door probably means that there is an opportunity behind the door!

And the people in the hall of Longmen island also frowned one after another. They just ridicule Ye Chen and don't think much of Ye Chen, but now, they seem to be beaten in the face again!

Especially the Lord of Tianlong hall and others!

Chapter 5630

But Zhongyuan Tu's forehead was full of green tendons, which made him mad!

If ye Chen gets any chance, isn't it stronger?

How could that be?

This boy, even God is looking after him?

At this time, it can be!

All of a sudden, countless shrill shouts came from the bottom of the earth!

In the dark, there are blood red lights

That's a pair of inhuman eyes!

The next moment, countless shadows gush out from the darkness, dense, in the light of crystal light, showing the ferocious posture like an ape!

It is the monster that ye Chen killed before!

But now, there are hundreds of them!

For a time, the three girls of chilinglong were suffocated!

These monsters are strong and weak, but they don't seem to be much lower than the real world!

It's equivalent to that they have to face hundreds of people who are too strong in reality at the same time

No matter how strong Ye Chen is, it can't be strong enough to resist hundreds of people. Is it close to the true existence?

That is to say, there is no doubt that the four of them will die!

At this moment, the people in Longmen Island hall are laughing!

Ye Chen is very happy and sad!

The bloody storm just now is an illusion. These monsters won't be an illusion any more, will they?

In the face of hundreds of close to the siege of Taizhen strongmen, you are a dragon, you have to have no bones!

Zhongyuantu and the Lord of tianlongdian are very happy!

This little bastard has been punished!

Ye Chen's vision is tiny to flash, suddenly to red exquisite long three female big shout a way: "you, back!"

Three female smell speech, hesitated for a while, but, very quickly is to retreat toward the rear together!

Although, reason tells them, ye Chen is not the opponent of these hundreds of monsters, but maybe Ye Chen can still create a miracle?

And they stay here, will only let Ye Chen, bind hands and feet!

At this time, the hundreds of white hair monster issued a roar, each monster launched an attack on Ye Chen!

A blue purple claw awn, light column and so on, are surging towards Ye Chen!

For a moment, the whole underground world is illuminated by the attack of these hundreds of monsters!

Countless earth and stone melt in the powerful energy of this attack. The whole underground is just like collapsing in this attack! The air is going to evaporate completely!

Even the void began to melt under the power of these monsters' joint attack!

Chilinglong three women, under the terrible power of this blow, retreated repeatedly. Even if they were very far away, they spit out a mouthful of blood. Just a wisp of aftershock, they were hurt!

Even the breath of Qingshuang and Ziyuan is unstable!

The audience on Longmen Island, seeing this scene, were stunned and scared

This blow, if buried in the sky sea, even a huge island can be directly destroyed, right?

Ye Chen is not blasted into blood mist, should have vaporized directly?

Anyway, there is no possibility of survival!

Even though beilingsheng and others believe Ye Chen, they are almost dead at this moment, and nanxiaoli is even in direct pain

Ye Chen has created countless miracles, but in the end, is it still like this?

The happiest ones are Zhongyuan Tu and the master of Tianlong hall.

Ye Chen is the enemy of Zhongyuan Tu, and several people in Tianlong hall hate Ye Chen for ruining the chance of their disciples, so they are half enemies!

Ye Chen died, they naturally happy!

After a while, the endless light gradually converged. Everyone looked at chuanyingjing sarcastically. In their expectation, under the light, they should be empty and have nothing.

Everything should evaporate under the endless energy, including Ye Chen.

Most of their guesses are right

There is a deep hole on the ground. The hole is empty and seems to be in a vacuum state. The powerful energy afterwave is still around and vaguely turns into a force field. The force field is quite special, covering the vacuum area. At the same time, it emits a light blue purple glow

And in the light, a figure suddenly appeared!

The whole Longmen island seems to fall into the eternal black hole with the appearance of this figure!

What's going on?

Is this guy a man or a ghost?

Many people swallowed a mouthful of saliva and looked at the figure with trembling eyes

I saw the figure slowly raised his head, a indifferent face, into the eyes

Ye Chen!?

This person, is Ye Chen naturally!

Of course, but the result is incredible!

Ye Chen actually survived with this vanishing blow

Don't say you're alive, not even damaged! This time, even Ouyang Hui, he Xiao and Li Qianxin, the masters of Shenyuan, were stunned

Even if, what method does Ye Chen have to be able to survive, but intact?

Are you exaggerating?

Their eyes are extremely fierce. Naturally, ye Chen can see that when he faces Lu Bing and Li qianjue, although he is against heaven, he just shows the strength of evil. He can't take the blow without injury

That's a real joint strike of hundreds of people!

At this time, he Xiao's eyes moved and said, "look He seems to be absorbing the aftereffects of those monster attacks

Even when he finished, he couldn't believe it. It's too bad!

With this remark, the whole hall is boiling!

All the people are staring at this scene, they have never heard that someone can directly absorb each other's strength

And beilingsheng and others are excited to cry!

Ye Chen at the moment, the facial expression is incomparably indifferent, his vision tiny twinkle ground looking at that group of monsters, even these monsters are dull, silly eyes.

In fact, with the power of Ye Chen's mind, we have discovered the existence of these monsters for a long time!

But why does he dare to move on?

If he works normally, even if he uses xuanlingzhu and Huangmo Tianjian to fight against these monsters, maybe he can survive at last, but he must pay a great price!

Even, as a last resort, we have to risk burning the blood of the dark goblin again!

The reason why he is fearless is that a large part of the energy in these monsters is pure stars and the power of destruction!

Few races can rely on the power of stars and destruction to cultivate. Obviously, this monster is also a unique breed. If you fight with the enemy normally, its combat power will even surpass that of the ordinary people of the same level!

Unfortunately, they met Ye Chen!

Ye Chen, who has cultivated Xingtian refining body power and destroyed Daoyin, is the ultimate killer of these monsters!

In its present state, it directly absorbed most of the energy of the opponent's attack!

Of course, this is not everyone can do!

If you are an ordinary warrior, even if you have such a magic power, I'm afraid the remaining power will be enough to destroy it!
