### Chapter 5641

Blood spider pondered and said with a smile: "ha ha, I lied to you. Who called you so stupid?"

At this moment, Ning Caixia's spirit completely collapsed!

Her beautiful eyes said to herself: "Ye Chen, I hurt you. I'm sorry..."

At this time, the blood spider seems to have not played enough, he pushed Ye Chen away and said: "brother ye, in fact, I follow you, just take a fancy to your talent, all the time, I regard you as a tool, well, now, you're dying, it's useless, I can't bear to cheat you any more, just tell you the truth."

Ye Chen shook his head in despair and said: "impossible, Caixia. You are not such a person. I don't believe it I don't believe... "

On Longmen Island, many people bow their heads. This scene is so cruel that it is even more difficult for men to accept than death.

Ye Chen is so miserable!

See ye Chen this state of mind completely collapse appearance, blood spider satisfied, in fact, the state of mind collapse of the host is the best parasitic.

As for ye Chen's serious injury, he knows very well how strong Ye Chen's vitality is. As long as the parasitization is successful, it won't be long before he can recover.

In Ning Caixia's eyes, a strange light suddenly flickered. Then, it faded down. A blood spider came out of her eyebrows. In her eyes, the blood light flashed. Eight of them made a big move and jumped directly towards Ye Chen. The speed was incomparable!

All the people on Longmen island are in a daze. All the warriors below Taizhen can't catch the blood spider's figure!

It's terrible!

Ye Chen, it's over!

Even if the mental state is normal, it is almost impossible to notice, besides, in the case of a big blow?

The top ten villains are all cheering and celebrating!

Ye Chen is dead!

However, at this time, ye Chen, who had lost his soul, suddenly appeared a cold smile at the corner of his mouth. The next moment, because of too much blood loss, his arm, which seemed to have no strength, was just like a dragon wagging its tail. A rapid shaking appeared in front of his neck!

There's a light click

The whole Longmen island is quiet in an instant!

Breath, it's gone!

Everyone, eyes suddenly looking at the scene on the Shadow crystal!

Their brains are starting to twitch!

What a shock!

See only, the hand of leaf Chen impressively tightly grasps the blood color spider of a big palm!

The blood spider, with a white skeleton pattern on its back, is not the original life of the blood spider?

But how could it be!?

Ye Chen is not greatly hit, absent-minded?

Isn't it serious injury and dying, and the strength has been greatly reduced?

Why, still can block this blood spider parasitism!

The top ten villains are even more stiff. They are about to avenge their revenge. But suddenly, they make a sharp turn and the situation turns around in an instant!?

They are not willing to bend. They are so angry that the heart of Tao collapses. They are possessed by the devil!

At the moment, ye Chen's lips moved, and a faint voice came out of his mouth and said, "I'll wait for you at last. If I remember correctly, when the Tianchong family parasitizes, it's the most vulnerable, isn't it?"

For a time, people's knowledge of the sea in the river!

They thought it was Ye Chen who was in the trap!

Now it seems that ye Chen is at his wit's end!!!

Blood spider, golden locust think they succeed?

Who knows, they are the one trapped in the game!

Ye Chen, it's against the sky!

Blood spider, stupid, golden locust, also stupid!

Ning Caixia, who was already desperate, was stunned

Things, as if and imagine not the same ah!?

Blood spider's eyes matchless gloomy ground stares at Ye Chen way: "don't you have already discovered?"

It's impossible, isn't it?

The possession and camouflage degree of the Zerg are ten thousand percent, and they are perfect. Unless they are far more than others, they can't find out!

But isn't Ye Chen so powerful? There is only the origin of cultivation!

How strong is the mind?

Besides, when they first found Ye Chen, ye Chen didn't have the slightest precaution?

It's incredible!

Ye Chen said with a sneer: "it's just a humble insect. Do you want to play tricks in front of me? With your brains, it looks like it's just a joke. "

Than God?

Too true state of mind, very strong?

Ye Chen, now has the supernatural power of soul body transformation and metaphysical body transformation, as well as Hongmeng big star sky, and the intensity of divine thought. Compared with most of the people who are too strong in the true realm, they are not weak at all. It is not difficult to crush the blood spider!

In the beginning, he saw through the blood spider's possession!

Moreover, with Shuo Lao, Xuan Hanyu and Feng Tianshang, the origin of Tianchong is also made clear by Ye Chen! As for the plot, arrangement and arrangement of blood spider and others?

In the view of Ye Chen's wisdom, it's just like a child's play. One will make a plan, and the other will reverse two levels directly.

The reason why he didn't directly attack the two Zerg is that the blood spider occupies the flesh of Ning Caixia, who has a hundred color blue marrow poisonous insects. It's true that he has some strength. It's not that ye Chen is afraid of it. It's just that if you really fight, it's likely to bring great danger to Ning Caixia!

This is not what he wanted to see, so he cooperated with the two demons to perform impromptu.

Funny these two days, Zerg thought they had succeeded, happy.

It's stupid.

Blood spider smell speech, instant anger, angry and depraved ah!

As a young leader of a certain branch of the Tianchong tribe, he is extremely proud. He has always regarded himself as a higher race. Moreover, the blood spider is intelligent among the Tianchong tribe. But now, he is ridiculed and ridiculed by Ye Chen, and he is also intrigued by the other party?

This instant crushed his self-esteem and pride!

How can he stand it?

People in Longmen island are also very happy!

It seems that ye Chen is going to turn over!

But, at this time, the blood spider in the rage suddenly calmed down.

In the hall of Longmen Island, there was a sigh.

Li Qianxin's sigh

Li Qianxin looked at chuanyingjing with regret and said: "Ye Chen, he has achieved the ultimate goal. I'm really shocked, but it's too naive for him to turn over the game like this

The Zerg are far more terrifying than he imagined... "

Everyone's smile froze when they heard the words!

Ye Chen, all direct with count broken count, still can't turn over dish?

Someone couldn't help asking, "Master Li, what does this mean?"

Li Qianxin said faintly: "in the face of absolute power, all stratagems are useless. Ye Chen is right. When the Tianchong family parasitizes, they are the most vulnerable. However, vulnerability is relatively speaking. Now the blood spider still has the ability to kill Ye Chen!"

People, stupid!

In the most vulnerable period, can ye Chen be killed?

If ye Chen is not possessed by the devil, maybe he can control the blood spider, but now ye Chen is possessed by the devil, and his strength is greatly reduced!

What's more, ye Chen is seriously injured now

Chapter 5642

Sure enough, at this time, the blood spider said with a cold smile: "boy, I admit that I was fooled by you, but, so what? My goal has been achieved. Ha ha, even in my present state, I can crush you with your strength! "

People on villain's Island are excited again.

This boy, the brain is good, but, the luck is not very good!

In a flash, the blood spider's body burst out with extreme power. It didn't seem to be under the golden locust!

In this power, it seems that ye Chen's palm will be directly cracked and forced to parasitize!

But, at this time, ye Chen is disdain a smile way: "I originally thought, you are just stupid, didn't expect, completely have no brain?"? When I say go mad, you believe it? "

As soon as I say this, time and space seem to be still!

Everyone is a little silly

Even if you're possessed?

No?

When ye Chen is possessed by the devil, it seems that he hasn't come into contact with the Zerg?

How do they know that ye Chen sensed it as early as the blood spider released his thoughts

However, Li Qianxin still shook his head, not optimistic about ye Chen.

Why?

Because, even if ye Chen's infatuation is pretended, with its strength in the face of Lin fierce, still not enough to break the game!

After all, ye Chen overestimated himself!

At the moment, the blood spider suddenly felt a very bad premonition, and roared: "golden locust, let's work together and crush the boy with all our strength!

Boy, in front of the strength of the Zerg, you have to surrender! "

He doesn't even think about the host or the body!

All of a sudden, the skeleton pattern on the blood spider's back is in full bloom, emitting a wave of extreme death energy, gushing out from the skeleton pattern!

And the golden locust roared wildly, and his whole body glittered with gold, which was condensed on the insect foot that pierced into Ye Chen's body. It seemed that he wanted to smash Ye Chen's body directly!

But, at this time, the corner of Ye Chen's mouth is to raise a to put on to sneer a way: "play strength?"? Well, I'll play with you. "

The next moment, xuanlingzhu appeared in Ye Chen's hand, he glanced at the golden locust inserted in his chest behind him, it seems to have no effect on it!

All of a sudden, the blood burning formula, the body of heaven demon, the body of hundred evils, the transformation of soul body, the transformation of mysterious body into spirit, and other supernatural powers are all used. The mysterious pearl in his hand is suddenly black!

After that, he broke the mysterious spirit and smashed it

The whole world, quiet.

Everyone in Longmen Island, including Li Qianxin, who was not optimistic about ye Chen before, is now looking at the scene of Chuanying crystal with his mouth wide open and petrified

I saw that the golden locust was stronger than the fierce forest. Under the impact of the black spiral in Ye Chen's hand, his seemingly tough body was directly twisted into pieces!

Where is this? It's clear that ye Chen's strength is stronger than that in the face of Lin Xiong!

The blood spider was also shocked when he saw Ye Chen's second killing of the golden locust. He was crazy about the smell of death behind him, but

Ye Chen's five fingers suddenly burst out a deep and incomparable black light, and the power of destruction surged out, which directly suppressed the death energy behind the blood spider!

At this moment, the heart of the blood spider completely despair ah!

He looks at Ye Chen, his eyes are shaking

What kind of monster did you provoke?

Didn't my father say that human beings are a kind of garbage race, which is only suitable for them to be parasitized by the Tianchong tribe, so it has a little value?

But now it seems that this kind of race is abnormal!

Ye Chen looked at the blood spider's face and said: "now, do you still play strength? Can you make me surrender? Well

With that, he would crush the blood spider directly!

But at this moment, the blood spider trembled and said, "young master ye, wait! I have something to say. All the information I told you about the tomb of the spirit king is true. Moreover, I have mastered many secrets in the tomb of the spirit king!

Now, you have completely controlled me. I am willing to be forbidden and recognize you as the Lord. Please spare my life. I swear that I will be loyal to you and let you get endless benefits in the tomb of the spirit king! "

People in Longmen island are excited by the speech!

Now ye Chen has completely controlled the blood spider and won a great victory!

You can take the blood spider and maximize the benefits!

Ye Chen's vision is tiny to flash a way: "your condition, very attractive."

Blood spider heart a joy, his eyes light flash, as long as ye Chen agree, let him live temporarily, he will be able to find the chance to turn over!

The strangeness of Zerg is beyond imagination!

But the next moment!

Ye Chen, however, said coldly: "it's a pity that you have moved my people. I'm a man of vengeance. Those who have moved me have only one result, that is Die

In the first moment, ye Juchen's blood will be crushed and destroyed, and the spider will not die!

His face is so flat that not everything can be measured by interests.

If someone hurt his person, even if the whole world to him, he will not forgive, will kill this person!

And the people of Longmen island are completely shocked by Ye Chen's killing!

The ten villains looked at Ye Chen with a gloomy look. Even with their ferocity, they had a strong fear of the young man in front of them and didn't dare to provoke him

At this time, red Linglong and other women, came over, just blood spider and golden locust breath outbreak, with their strength can't get close.

Ye Chen picks up Ning Caixia, and the chaos rushes into Ning Caixia's delicate body, directly destroys the Baicai qingsui Gu larvae, which were originally agglomerated, and at the same time breaks the confinement of the blood spider.

A pair of beautiful eyes of Ning Caixia, restore the light again, she didn't speak, but directly rushed into Ye Chen's arms, all in silence.

At the moment, Ning Caixia is very lucky and proud in her heart. Ye Chen, the most rebellious man, is Ning Caixia's man!

Ye Chen with a smile, holding Ning Caixia said: "sorry, Caixia, let you suffer."

He knows very well what Ning Caixia has suffered.

Ning Caixia gently shook her head and said, "it's my luck to meet you. How much pain is not pain. As long as I can be by your side."

Red exquisite three women stand on one side, looking at Ning Caixia, beautiful eyes are endless envy.

The relationship between Ye Chen and Ning Caixia is probably the dream of all women in the world?

.....

The next morning, ye Chen took the fourth daughter of Ning Caixia and continued to march toward the tomb of the king of spirit.

Over the stone forest, the eyes of five people suddenly brightened!

A vast and incomparable woodland appeared in their vision.

Here is the location marked on the map!

Chapter 5643

However, after arriving here, ye Chen could not help frowning slightly

Where he looked, he didn't see the tomb of the king of spirit?

Was he deceived by the blood spider?

Is this map fake?

Or is there no tomb of the spirit king?

However, at this time, there was a sudden surge of wind and clouds in the woodland. The original seemingly ordinary woodland burst out a very strong aura in an instant!

It seems that the aura of the whole secret place is concentrated here, almost turning into a sea of Aura!

And in this sea of aura, the earth split in an instant, and in that crack, a huge tombstone connecting the sky appeared!

There are four big characters on the tombstone.

"Tomb of the spirit king!"

These four characters are red, as if they were written in blood. The middle rhyme of the writing is stirring, as if it contains extremely profound martial arts!

Red Linglong four women just looked at the tombstone, it is the spirit pain, brain will burst, almost directly faint!

Only Ye Chen, at the moment staring at the tombstone, is the God in the eyes!

Almost subconsciously, echoing with the tombstone, ye Chen's body also broke out a breath of surprise!

The old man opened his eyes in the reincarnation cemetery and said unexpectedly, "this place is hiding the mystery!"

Ye Chen knew that Huang Lao had found something obviously. His eyes coagulated and said curiously, "Huang Lao, do you know this place?"

Huang Lao hesitated for a few seconds, and finally nodded: "if I guess correctly, this place is the tomb of a man from ten thousand ruins, and this king of spirit is from ten thousand ruins."

"Even then, I might have fought him."

Ye Chen was stunned. As a taboo in the world, barrenness and old age are so powerful that they are not ordinary people.

Plus the other party from wanxu!

The so-called king of spirit is terrible.

Before ye Chen's reaction, Huang Lao continued: "this is not the most important."

"Boy, do you know that there is an entrance to the supreme world in the tomb of the spirit king."

"Since you participated in the secret place, I have been observing the surroundings. In this Longmen secret place, there should have been demons from the supreme world, but there are no demons from the supreme world except the Zerg. Do you know why?"

Ye Chen a Zheng, but still shake a head: "don't know."

"Because, I don't know why, I feel that the place connecting the entrance is full of corpses, the corpses of countless strong people The other side is very strong. I even feel that the other side is waiting for you."  
"

"The next way, let those girls leave the secret place, otherwise I don't guarantee that they can leave alive."

At this moment, ye Chen's expression is extremely dignified.

He did not think that Huang Lao would use this tone to warn himself.

Although Huang Lao is full of evil, ye Chen can feel that Huang is always helping himself at this moment.

He took a few deep breaths, then looked at Ning Caixia and Chi Linglong and said, "next, listen to me carefully."

Red exquisite long and Ning Caixia a Zheng, don't know why, the whole body feels a cold attack.

Along the way, they saw Ye Chen in this state for the first time.

Ning Caixia reaches out her hand, grabs Ye Chen's clothes and cares: "Ye Chen, what happened?"

Ye Chen took a look at Ning Caixia, and said: "you leave the secret place, and the next road is extremely dangerous, and you may not even have a chance."

"Don't ask me why. I can't explain it right now, but I do it for my own reasons."

Red exquisite long deeply saw a leaf Chen, finally turn round a way: "good, we walk."

There is no nonsense.

Chi Linglong has long believed ye Chen unconditionally.

Moreover, as the blood of the Royal demon clan, she also sensed the deep danger.

I'm afraid there's something little known about this Longmen secret place.

Even, it could be someone's layout.

Ningcaixia some hesitation, but still came to the side of red exquisite, beautiful eyes to see ye Chen: "good, but, you must come back safely."

Ye Chen shows a smile: "that is nature."

Then, ye Chen thought of something, and continued: "help me bring a message to old grey, and the secret place is over."

Finish saying, don't wait for all women reaction, ye Chen then toward that huge gravestone walk.

A bright light wave rippled on the tombstone of the king of spirit's tomb. Soon, ye Chen was inhaled by the light wave and completely disappeared in the public's sight.

And at this moment, red exquisite and Ning Caixia and others unexpectedly found that the ground came a terrible shock!

"Let's go!"

Soon, four figures, then toward the secret outside!

At the same time, all the demons who were still in the secret place felt the change of the secret place and went out one after another. Some of them left successfully.

Including Ning Caixia and Chi Linglong and others.

However, some people are too late.

There was a strange black air under the ground, which was like a pair of cold hands from hell.

He reached out to the so-called evildoers, and devoured them as a tiger saw its prey.

A blood fog broke out, and the breath of endless death spread in the whole broken secret place.

At this moment, the secret is like purgatory!

.....

Meanwhile, Longmen island.

The shadow crystals that can connect the secret place have become red and black.

There's no picture.

Even, there is a destructive force surging in the transmission crystal!

In an instant, the transmission crystal will be broken!

At this moment, many martial arts are confused!

What happened in the secret!

Li Qianxin eyes a pedal, some incredible looking at Chuan Ying Jing, and then asked to God yuan Lord Ouyang gray: "what happened?"

Ouyang gray has some guesses, but he doesn't open his mouth!

But at this moment, his eyes are extremely serious!

Is this secret place layout from the beginning?

And all of them in heaven and man are in the valley?

When people in Longmen island are confused, many martial arts practitioners have come out of the secret!

They were either injured, or their pupils were frightened and their hair was disordered, as if they had experienced something inhuman.

And red exquisite long and Ning Caixia four people because of Ye Chen's advance remind, coupled with the strength is powerful, also didn't hurt.

Chi Linglong came to tiandian of Beiling to say a few words, then came to the Lord of Shenyuan and Li Qianxin to say a few words,

the latter changed color together!

Then, Li Qianxin and Ouyang Hui looked at each other without hesitation, and said directly, "the secret land of Longmen is over. Please leave Longmen island as soon as possible."

As soon as this remark came out, everyone was in an uproar.

However, no one dares to question Ouyang Hui and Li Qianxin!

Everyone knows that something happened in Longmen secret place!

Even some people noticed that when Ning Caixia came out, there was no Ye Chen!

Has Ye Chen fallen into it?

Or is Ye Chen still in the secret?

However, all of these are destined to become an eternal secret concerning heaven and man.

.....

Chapter 5644

.....

As the picture turns around, ye Chen is in the dark.

It's dark, but ye Chen can feel the aura here!

If you practice here, it will be ten thousand times better than in heaven and man!

Is this the tomb of the spirit king?

Why is a tomb so spiritual?

Ye Chen no longer hesitated and offered the fire of Taoist spirit. The color of the fire instantly illuminated everything in front of Ye Chen's eyes.

Ye Chen finds himself in an altar.

The altar is very large, with an ice coffin made of black ice suspended in the center.

The walls around the ice coffin are full of murals and Ancient Runes.

It's really a tomb.

I'm afraid the ice coffin is the so-called spirit king.

Is the king of spirit the arranger?

In other words, the place where he is now is the biggest chance of this Longmen secret place?

Ye Chen walked towards the ice coffin without any resistance.

But soon, ye Chen's steps stopped.

His pupils dilated, extremely ferocious staring at one of the murals!

I didn't see any shocking pictures, but I saw pictures from China.

It is an ancient town to the south of Qinling Mountains in China.

When ye Chen was a dragon soul instructor, he once passed by unexpectedly!

Although he has never set foot in the ancient town, ye Chen thinks that the location of the ancient town is good, there are spiritual veins under the ground, and the fortune of the town is good.

If ye Chen saw this mural anywhere in China, ye Chen would not be surprised!

But at the moment, he is in the secret place of Longmen island in the realm of heaven and man!

And in front of us is a tomb that has been silent for more than tens of thousands of years and spanned countless times!

Why do you fall in love with ancient Chinese town!

This is unreasonable everywhere!

Ye Chen suddenly thinks of Ye Lingtian. It has been a long time since ye Lingtian left for China. Why hasn't he left a message jade pendant for a long time?

Also, I have seen the picture of Ye Lingtian.

Now, what happened in Huaxia?

At present, ye Chen can't find out the truth of China. He can only find more clues from the tomb of the spirit king.

Ye Chen takes a look at the murals around him. Except for the one in front of him, all the murals have nothing to do with China.

And in front of the mural, there is a special point.

It was the woman in a red dress. She held the ancient plate in her hand and looked up at the sky with sharp eyes.

I don't seem to like it.

And it seems to be waiting for something.

There's no other clue.

Ye Chen deeply engraved the mural in his mind, and then continued to walk towards the ice coffin.

Just when ye Chen wanted to get closer, the seal that had not been moving actually opened his mouth:

"hurry up

"I feel the energy! The energy in the ice coffin can make me half recovered!"

Ye Chen some accident, inquisitive ask God seal way: "this ice coffin has so terrible power?"

You know, under the whole state of Shenyin, you can face the boundless Tao and send all the people of Shenyin away!

I'm afraid I can't do it by such means!

And this ice coffin can restore half the power of the seal!

Shenyin said excitedly: "the power here is very close to the supreme world! And I'm afraid there's a miracle in this ice coffin! "

"If it wasn't for the inconsistency between this object and my attributes, otherwise I would have recovered to my peak state!"

Ye Chen a Zheng, no longer hesitated, stretched out a hand toward ice coffin and go! And murmured:

"master Lingwang, you must have guided me to this Longmen secret place. In this case, I will open the ice coffin! If you disturb me, please forgive me! "

This is the place of the spirit king after all.

Ye Chen soul body transformation, endless power toward hands surging away!

"Click!" A, ice coffin really opened!

However, let Ye Chen accident is, there is no corpse in ice coffin!

There is no so-called spirit king!

There is only one ancient jade pendant.

There is an ancient Rune carved in the jade pendant, which is similar to the seal of God.

Is this jade pendant also from the supreme world?

The key is, why is there not everything about the king of spirit here? Is there a jade pendant left in an attempt to hide it from the world?

Is the spirit king alive?

Ye Chen really didn't know what the king of spirit and the great power who constructed this party thought.

Is this the so-called layout?

Ye Chen five fingers a grip, that jade pendant is to fly to come over!

But when ye Chen is ready to grip the jade pendant, a stabbing pain suddenly strikes!

Then, ye Chen was shocked to find that his hand was cut by the jade pendant. The whole jade pendant is stained with blood!

At this time, xuanhanyu's voice rang out: "yechen, something is wrong with silk."

"This jade pendant..."

Xuanhanyu didn't finish, but ye Chen's expression was extremely frightened! No longer indifferent!

Now can let Ye Chen such discoloration matter, already rare!

When the jade plate is stained with his own blood, ye Chen feels that there is a trace of reincarnation in the jade plate!

The power of reincarnation does not belong to oneself, but belongs to others!

"Does the spirit king also have reincarnation blood?"

Ye Chen murmurs a way.

However, Huang Lao interrupted: "boy, reincarnation blood is unique in the world. Reincarnation does exist, but it only breeds you to have reincarnation blood."

"But from the breath point of view, the other side is also a reincarnation family."

"If I guess correctly, the secret place of Longmen will lead you here."

Ye Chen takes a look at the jade pendant and accepts it.

On the jade pendant, his blood has dried up.

"Xuanxian, can I absorb the power of this jade pendant and strengthen myself?" Ye Chen suddenly thought.

Xuan Hanyu pondered for a moment and said, "the energy in the jade pendant is too terrible. I'm afraid it's the biggest chance in the secret place of Longmen. If it's someone else, it can't be absorbed, but maybe it can be absorbed by you."

"But you don't need to absorb too much. Absorb part of it, and leave the rest to the seal. Maybe it's a better choice."

"By the way, ye Chen, be careful. I feel a pair of eyes waiting for you."

Ye Chen naturally has this feeling, but with his perception, he can't be sure where this feeling comes from?

Ye Chen outlines a smile at the corner of his mouth. Since he gets the jade pendant, it's a big deal to leave.

He turned and went out!

One step, two steps, you can walk in the third step!

Ye Chen finds himself unable to start!

The body seems to freeze at this moment!

It's like someone has trapped himself with a demon rope!

"Lord of reincarnation, did I ask you to leave?"

At this time, an old and mysterious voice suddenly sounded!

Ye Chen doesn't have any accident, the corner of his mouth outlines a smile, turns around, but discovers that, I don't know when, a space crack appears on the ice coffin.

In the cracks of space, it is like a door.

The door, it's open..

Chapter 5645

A cold, masked man stood on top of countless bodies.

The corpse is like a hill, more like this man's throne!

What's more strange is that the man's eyes make ye Chen feel a sense of threat from the depth of death.

The other side is very strong!

Even more than their own understanding of the strong!

Not only that, ye Chen even found that his communication with reincarnation cemetery, even with Huang Lao and Xuan Hanyu was interrupted.

As if this moment, the whole world only each other and themselves!

The man is tall, although wearing a mask, but ye Chen can feel the playfulness of his mouth.

"Who are you? Are you the spirit king Ye Chen asked.

"Spirit king?" The man laughed, "you look down on me too much. No one is qualified to be king before me!"

Ye Chen's facial expression sinks, he knows this man's origin is even bigger than oneself imagines!

However, his face is still indifferent, word by word: "you let me step into this Longmen secret place, just to see me?"

"Or are you going to kill me?"

Mask man from the corpse hill, step by step down, even let Ye Chen feel, each other has close to himself.

However, men obviously can not cross the barrier of space, still standing at that end.

He gazed at Ye Chen, and his eyes seemed to be reminiscent and memory.

Suddenly, he said: "you and I can be said to be a kind of people, but I don't understand why the reincarnation group chose you."

"The origin?"

"The reincarnation of the Lord, now only the original realm! How ridiculous

Ye Chen didn't change his look, and said: "this jade pendant is what you left me? And what are you going to do? "

The man took a look at his hand and seemed to be absorbed. Suddenly, he raised his head fiercely. His eyes, like a blade, directly stared at Ye Chen and said: "I didn't leave the jade pendant, but it doesn't matter. Maybe some people really think you can take charge of everything and overthrow everything."

"Mole and I were worried about your samsara, but now you are not worthy of samsara."

"You don't deserve to be my enemy."

"In the last life, you are an insignificant mole ant to me, and in this life, you are also an ant."

"Also, since you want to know my name, I will tell you that I am Ye Linyuan!"

Words down, a very cold air actually from the cracks in space, swept!

Just breath, let Ye Chen spirit concussion!

Ye Chen's body is more a ferocious wound!

And, with Ye Chen's terrible vitality, it can't be restored!

Ye Chen felt the gap between himself and the other party for the first time!

Ye Linyuan?

Who on earth is this person?

What's more, between each other's words, you obviously know your own past life?

What happened in the first place?

Why, my memory did not appear in this name!

Suddenly, ye Linyuan's expression changed slightly. He seemed to find something. He looked at Ye Chen unexpectedly, and then murmured:

"so it is."

"I changed my mind. You will die. This tomb of the spirit king will be your tomb."

The next second, a startling sword will break through the air!

Ye Linyuan didn't move the sword at all, but ye Chen couldn't master the martial art and charm of the sword!

Ye Chen has reason to believe that this person's strength, even in the supreme world, is extremely terrifying!

Ye Chen wants to fight, but finds that all his strength can't be used!

I can only watch the sword meaning growing bigger and bigger, and finally I'm only one foot away from myself!

Ye Chen calms down and thinks about some ways to break the situation.

But no matter how many cards, at this moment, can not be used!

Even ye Chen was a little frustrated.

At this time, the sudden change, xuanlingzhu suddenly appeared! Stand in front of Ye Chen!

In an instant, xuanlingzhu and the Jingtian sword touched!

Endless waves sweep!

Ye Chen's body is lifted to fly on the spot even more!

But, that surpasses all startles the sky sword intention unexpectedly also to break!

At the same time, xuanlingzhu also dim, as if no longer have power!

Who would have thought that xuanlingzhu would come to protect the Lord at the last moment!

The key point is that the existence of xuanlingzhu even countered the blow far beyond taizhenjing!

Ye Linyuan's eyes trembled, even a trace of anger!

He hates the feeling!

He won't allow anything to go beyond his plan!

For example, ye Chen's death!

For example, there is something in heaven and earth that can block one's own sword!

The fury of burning heaven is burning,

Ye Linyuan is ready to fight again, but at this time, nine rounds of blood moon are surging in the tomb of King Ling. A bleak and great figure appeared in the rolling dust.

It's Ren Fanfan.

At this time, ye Chen has been in a coma. The touch of xuanlingzhu and Jingtian sword is enough to crush most of Taizhen!

But fortunately, ye Chen's body is powerful and not fatal.

At the moment of Ren extraordinary holding comatose Ye Chen, look dignified, he looked at a void crack that end of the Ye Linyuan, pupil blood circulation, killing surge: "you have no qualification to move him."

"If you ignore all the rules and obstacles, I promise that even if you die, you will stay here forever!"

Ye Linyuan did not leave.

The strange Rune of pupil confronts Ren Fanfan's blood moon rune.

The world is silent.

Ye Linyuan can feel the fearlessness of Ren Fanfan.

If you really come to heaven and man, the rules of cause and effect will surely hurt you. At the moment, Ren Fanfan obviously has the ability to do it!

The flames in Ye Linyuan's pupils became more and more intense, but soon a smile appeared on the corner of his mouth:

"Ren Fanfan, ye Chen, I remember these two names."

"The game has just begun."

Broken void cracks, closed.

Everything returned to silence.

Ren special saw a leaf Chen, tear void to leave directly!

"It seems that the next situation is worse than I expected."

"The appearance of this guy is ahead of time!"

.....

Ten days later.

Ye Chen suddenly opened his eyes.

He gasped and looked at the surroundings unexpectedly.

He should be in the tomb of the spirit king, but this is obviously not the tomb of the spirit king!

Ye Chen hard sat up, ye Linyuan that blow, still let him look dignified.

"Boy, are you awake at last?"

A familiar voice suddenly sounded.

Ye Chen looks toward a direction, then, the facial expression is strange: "medicine ancestor?"

"Master Yao, how can I be here?"

Yao Zu narrowed his eyes and said, "ten days ago, your friend sent you here."

"I made another exception."

"At that time, I never thought that your injury would be so serious."

"Fortunately, your vitality is amazing. I thought you were going to be in a coma for a month, but you woke up in ten days."

Ye Chen a Zheng, unexpectedly ten days passed!

Ye Chen quickly got up and said to Yao Zu, "thank you for your help. Ye Chen will repay this kindness."

However, does this mean that it is closer to the agreement between the Confucianist and the blood god?

Chapter 5646

He also quickly recognized the reality that ye Linyuan didn't know where he came from, and his strength was obviously not something he could compete with.

Instead of thinking about this distant figure, it's better to think about what's happening now!

Of course, he will take revenge on that day!

One day, he will return the pain of that day to Ye Linyuan thousands of times!

Suddenly, ye Chen thought of something and looked at the Confucianist: "by the way, master Yaozu, is there any news about the earth's heart destroying the Pearl?"

Xuanjiyue's existence is a threat after all.

Whether it's to restrict xuanjiyue, or for herself.

He has to get the earth's core!

Yao Zu nodded: "I just want to tell you about it. Although the earth core miezhu has disappeared for more than ten thousand years, I can show you a place."

"Where?"

"The place where the center of the earth miezhu appears is entangled with the force of destruction. On the contrary, the place where the power of destruction is strong may be the place where the center of the earth miezhu appears. In this world, if there is another place where the earth's core can be destroyed, it will be there. "

Ye Chen's heart is impatient, this all what time, how still sell a key.

"Master, please speak quickly." Ye Chen anxious way.

"It's not that I don't want to say, it's that you just got involved in cause and effect. It's no doubt that you're going to die at this time." Yao Zu sighed, "you can see the thunder and destruction on the wound before the blood god."

"You mean Confucius? Where is he most likely to be destroyed in the world? "

Yao Zu nodded: "yes, in this world, he is the only one who can combine thunder and destruction. Such destruction is very important."

"Well," Ye Chen's look became a little complicated. The Confucianist was also a practitioner who destroyed the source of Tao. It seems that there is another person competing with him to destroy the Pearl in the earth's heart.

"Are you afraid?" The medicine ancestor sees the facial expression change of leaf Chen, ask a way.

"Afraid?"

"when ye Chen comes, he will not be afraid. Since dixinmiezhu is also very suitable for him, we might as well fight for it, and xuanjiyue won't take advantage of it. "

Yao Zu just nodded. He was worried that ye Chen would give in because of his poor strength.

At this time, I can see that this boy is full of endless arrogance. He is definitely not a thing in the pool. The amazing layout of the reincarnation Lord should have a perfect interpretation in him.

"Well, there is a valley thousands of miles away from the temple of Confucius, called the valley of Confucius. It's said that the valley is full of the Qi of destruction all the year round. It's a perfect place for cultivation of destruction. If the earth's core bead really wants to appear in heaven and man, the Confucian God valley will be its best choice. "

"I see."

Ye Chen nodded, his face became firm, and his sword eyebrows and stars appeared extremely upright and dignified.

"just, this Confucian Valley is the place where Confucian scholars used to practice, so the Confucian scholars attached great importance to it. They not only had their own knowledge, but also set up several eye care. You want to go in."

Ye Chen is silent, firm mouth way: "elder, the matter has already arrived at this point, I can't avoid, can't even bow hand to give the earth heart to destroy bead to them, this line, already imperative."

Yao Zu nodded and something appeared in his hand.

That Dan medicine a look, the whole body exudes endless light, flashing drug lines, highlighting its distinctive.

"This is the secret pill refined by my origin." When Yao Zu said this, he handed the pill to Ye Chen.

"Take it when you are about to enter the valley of Confucianism. It can help you hide it from the Confucians for three days. If you don't leave in time, you will die."

Ye Chen looks at the crystal clear elixir, and the bright divine pattern is imprinted on it, which can cover the great power for three days. The value of this elixir is extraordinary.

"Thank you, master."

"Ye Chen, there are many crises here. If you can't help it, you may as well turn back. Your life is more precious than the so-called earth center destroying pearl."

Yao Zu looked at Ye Chen's turned back and said in a low voice: "even if Xuan Jiyue got it, there must be a bigger chance waiting for you in the future."

Yao Zu is always a kind-hearted person. He worries that ye Chen will put too much pressure on him. He is relieved.

"Well, thank you, master Yao. Don't worry, ye Chen will come back alive!"

.....

At the same time.

The breath of the Confucianist on the lotus seat became ferocious and furious. The rosary beads in his hands were directly squeezed into vermicelli between his fingers.

Under the cool breeze of the palace, it is floating on the ground.

Ruyi, who is half kneeling on one side, is putting countless rare and exotic grasses into a container full of green light. He is smashing the rare and exotic grasses one by one with the same green jade in his hand.

Her body suddenly froze under the cold wind, and her back was a little chilly. It seemed that she sensed the anger of the master. She quickly looked up and looked at the Confucianist's face, gloomy and terrible. "Master, but something happened." "Just now I divined and found out that this damned medicine ancestor actually did it!"

As soon as I heard these two words, my heart was very happy: "master, what you just said is the drug ancestor?"

"Well!"

The Confucianist snorted and looked at Ruyi. He became more and more furious: "he can't save you."

If there is not a trace of temperature, it will be like cold water to extinguish the same hope.

At this time, the Confucianist was angry. How could he take the joy of his apprentice to heart.

He did not expect that Yao Zu not only cured the broken arm of blood god, but also threatened himself in the future.

If not, he didn't go to Qu Chenyun with absolute assurance at that time, leaving an imperceptible idea on her.

At this time may also be ye Chen they in the dark.

Blood god is really a big chance, can let Ye Chen so free to find a cure for him.

Not only that, he just vaguely divined that there was a cause and effect between the earth's heart destroying beads, the medicine ancestor, and even ye Chen.

"Damned Yao Zu, how dare you destroy my plan!"

The Confucians gathered a force of Thunderstorm in their hands and smashed it into the ground.

A huge pit formed in an instant makes Ruyi who kneels on the ground dare not move.

Yao Zu has been away from the world for thousands of years. Even when he was not away from the world, before he and Yao Zu, he was always well water but not river water. This time, he knew the cause and effect trace clearly, and he even touched it. Why!

After the anger slowly dissipated, all that remained was confusion.

The Confucianist asked himself that he knew a lot about Yaozu, but he didn't expect that the other side would appear at this time.

"It's all because of Ye Chen!" The Confucianist said coldly.

He is so young that his mind can be so calm. If he is allowed to develop, the consequences will be immeasurable.

"Ruyi, call Zhixuan."

Chapter 5647

"Yes, master." Such as nodding, quickly out of the temple.

She has not seen such a cold and cruel master for many years.

The Confucianist closed his eyes, and there was a trace of intolerance in his anger. His wanton behavior for tens of thousands of years made him suffer such a big loss from a hairy boy.

If ye Chen and others were not underestimated, Kuangsheng and Shengnian might not have died.

It's just that falling is falling, and the medicine stone is useless.

"Blood god, it's all because of you!"

The voice of the Confucianist was once again filled with endless anger, and the cause and effect resentment between him and the God of blood was unexpectedly intensified after ten thousand years.

"No matter where you go, I will shoot you down."

That bright red figure, how many years is the nightmare of the Confucian idea, the blood of crazy life and holy thought, seems to call back the original kind of suffocating feeling.

"And ye Chen! In any case, you must die

The Confucianist murmured to himself that the fierce color in his mouth was overflowing.

Boom!

A thunderbolt flashed in the void, and then the void was torn apart by some force, making an endless roar.

The figure of the Confucians on the lotus seat has disappeared in this instant.

"Another breakthrough has made such a big difference?" The Confucianist's eyes were fixed on the crack. He actually set up an array within the coverage of the temple of the Confucianist. The general breakthrough could not break through the barrier of this array.

The fatalistic truth of Lagerstroemia crape myrtle blooms in the void like an infinite lotus. One by one, it is superimposed together to form a violent empress's authority, radiating over the whole universe.

The Confucianist looked at this as if it was a breakthrough image covered with a layer of purple veil. He only felt that it was stronger than the last time.

"Xuanjiyue broke through again? Is it because of the Pearl of heaven's heart? "

Perhaps no one in the world knows Qizhu better than the Confucianists, even the medicine masters.

At that time, the guard sect of Qizhu was divided into two groups. Each side took one pearl and left the environment where the two pearls grew.

Among them, the disciples who hold the earth's core killing pearl finally choose the Confucian Valley as their habitat. The endless law of destruction is extremely suitable for breeding the earth's core killing pearl.

The reason why he was able to practice thunder Avenue, but also minor in the road of destruction, the most proud thing is that there is such a place full of destruction law.

Now that the heaven heart secluded pearl has been born, the earth heart extinguished pearl will surely come out soon!

In the palace of the queen.

Strands of Xianxia ruicai fall like flying flowers, and countless immortal spirits fall, enveloping the whole Queen's palace.

Click!

The earth under xuanjiyue's feet suddenly split and swallowed the bead of heaven's heart. Then the crape myrtle's Fatalism in her body soared to the sky and ran directly through the sky, breaking countless heavy barriers and creating such a powerful vision between heaven and earth.

Xuanjiyue's lips showed a smile, "I didn't expect that the heavenly heart beads had such power! If I can swallow the heart of the earth with the Pearl! How nice that would be

The supreme empress is majestic and domineering, full of the sky, so that all the people in the heaven and human world can witness her breakthrough again and again.

.....

At the same time, the Confucianist realized the direction of falling in the Confucian God valley. Since ye Chen is the reincarnation master of this life, why don't he use xuanjiyue's hand to completely remove it.

Like a graceful figure, slowly came to a palace before.

Before waiting for her to approach, the curling clouds and smoke have been flowing out of the crevice, and the silk and bamboo vocal music is playing in it. Even Ruyi can hear the voice of women's panting.

"Elder martial brother Zhixuan." However, although they were not close to each other, they were close to each other.

Click.

The Palace door was opened, revealing a bald man. The man was dressed in a white robe, with a string of long rosary beads around his neck, and a pair of straw sandals on his feet. If it wasn't for the naked skin and mottled red lips, he was really an ascetic.

"Shifu is looking for me?" Without waiting for Ruyi to speak, Zhixuan had already spoken first.

"Well." Such as nodding, "master doesn't like you this way, pack up and then go."

Zhixuan nodded, waved to the palace and motioned them to leave.

"It's because of crazy life and holy thought."

Zhixuan had speculated for a long time. At this time, he looked at Xiangru Yi's expression. Although it was a state of inquiry, it was a positive tone.

"Well, but Shifu is very angry. I haven't seen him like this for many years."

Zhixuan nodded and straightened up. In a flash, the whole person had disappeared in Ruyi's sight.

Compared with kuangsheng's elegant and dignified, Shengnian's cruel and bloodthirsty, and Zhixuan's love of beauty, these characteristics can never be compared with the former two.

This is also why it is clear that they are all disciples of the Confucian ancestors, but few people know the name Zhixuan. But Ruyi knew that Shifu attached great importance to Zhixuan, far more than kuangsheng and Shengnian.

Master often says that kuangsheng and Shengnian are two extremely sharp swords, but Zhixuan is the one who holds the sword.

If you know, if one day, the Confucian temple needs a new great power, that person can only be Zhixuan.

This person, who was extremely intelligent since childhood, good at strategy and endless means, was the one that the Confucians really valued.

Boom!

Zhixuan looked up at the sky, which was a breakthrough.

The vision that can be seen by the Confucian God Valley must be extraordinary.

The pengpeng purple veil, stagnated in the void, the endless air of crape myrtle queen, shows the supreme prestige of the breakthrough person.

"It's xuanjiyue!" Zhixuan looks at the vision, and he feels that xuanjiyue's breakthrough is unusual.

"Is this breath with the help of that divine object?"

There was a mysterious smile between Zhixuan's eyebrows: "things seem to be more and more interesting."

.....

The Confucianist sat on the lotus seat with his knees crossed, and a huge lotus chart appeared in his hand.

The life chart is square, and there seems to be a thin layer of water mist in it. It is slowly holding countless lotus flowers.

The lips and teeth of the Confucianist turned, and the wisps of God had gone towards the lotus life chart.

Xuanyi, the golden lotus blossoms one by one on this chart, which seems to show that everything is going well.

But the Confucianist's face was on the golden lotus blossoming one after another, revealing a dignified look.

Is that the case?

That short moment of peeping into the secrets of heaven made the blood stagnate and a mouthful of blood was forced down by him.

"Master, you used the lotus life plate." Zhixuan, who entered the temple of Confucius, walked quickly towards him. Looking at his pale face, he speeded up his pace.

"No problem, no problem." The Confucians waved their hands and put away the lotus life chart.

Chapter 5648

Zhixuan's relaxed face at this time appeared a dignified color. It seemed that things were not as simple as he thought.

"Do you know why I asked you to come here?"

"It's because of the previous mad life and the death of holy thought." Zhixuan replied that although they didn't communicate with each other much in the past, they were from the same school after all. It's not in vain to be able to avenge them at this time.

"Yes and no." But Confucius shook his head. "Their previous death was far beyond my expectation. However, since the boat has been built, no matter how sorry they are at this time, it will not help."

"Well." Zhixuan nodded. He and the Confucianists had the same idea that people should not always live for the dead, but for the living.

"They followed my orders and went after the blood god. They didn't expect to be killed by the reincarnation Lord of this life some time ago." The Confucianist simply said, "the reincarnation master of this life is Ye Chen."

Zhixuan nodded: "do you want me to kill Ye Chen?"

The Confucianist didn't answer directly. Instead, he looked at Zhixuan in the void and said, "did you see the vision in the sky just now?"

Zhixuan nodded his head honestly. How could he not see the magnificent atmosphere.

"Xuanjiyue should have broken through again, and her body absorbed more and more power from tianxinyouzhu. It's really worthy of being the master of Qi luck. It's extremely blessed to be haunted by such great Qi luck. "

Zhixuan sighed, looking envious.

"That's right. Xuanjiyue has swallowed up Tianxin Youzhu, and her strength has been broken through in a large range. If she wants to cross the sky, she needs to destroy the bead urgently."

"But you are also practicing the way of thunderbolt destruction. This earth core destroying pearl is also an excellent tonic for you. If you swallow it, you will benefit a lot."

"No, my original way is thunder road, not destruction road. Destruction road is due to the wrong circumstances. If it's up to me to swallow the earth's heart, it will definitely affect my original thunder. "

The Confucianist shook his head. It is obvious that the earth center miezhu is a wonderful pearl. Unfortunately, there are few suitable disciples in the whole Confucian temple except him.

At this time, it's a pity to take it in your hand. It's also a great risk to eat it.

"Xuanjiyue can kill the reincarnation Lord of the last life, so this life can also kill Ye Chen."

The Confucianist looked at Zhixuan with burning eyes, who was his most proud disciple. He told him his plan without concealment.

"You want to use xuanjiyue's hand to completely fall Ye Chen!"

"Well." The Confucianist nodded, "the two of them have deep grudges. This time xuanjiyue got this anti world pearl, she would try to get it at all costs. Ye Chen must have learned from Yao Zu that once the earth's heart and heaven's heart are merged into one, Xuanji moon will be unstoppable. Therefore, he will come to our Confucian Valley and stop Xuanji moon. "

"The Confucian God Valley is their battlefield. If we can make a deal with xuanjiyue, ye Chen will surely die in the Confucian God valley."

The Confucianist nodded happily. Zhixuan was always smart. He told him everything without reservation, in order to make a good layout for him.

"Anyway, you must kill Ye Chen."

"Master, don't worry, Zhixuan will live up to his mission!"

However, the Confucianists are still worried. After all, Yao Zu has taken a clear stand on Ye Chen's side. If he does it again, he is afraid that Zhixuan is not the opponent.

Yao Zu is still an uncertain variable.

Zhixuan obviously also saw the hesitation of the Confucianists: "master, are you worried about the medicine ancestor?"

The Confucianist nodded. Seeing that Zhixuan had this question, he knew that the other party had already begun to think about ways, and he would not delay any more. He reached out and pulled on the lotus seat where he sat down.

He held a huge golden lotus petal in his hand, and poured thunder into the lotus. The original red and golden lotus petal turned into a transparent color, and a black figure was curling up in the cage.

"This is the lotus cage. It's the enemy of Yao Zu. If you meet Yao Zu or want to find Ye Chen through Yao Zu's breath, he can help you."

Zhixuan took Jinlian: "master, don't worry, I will kill Ye Chen in this trip."

.....

One day later.

The valley of Confucianism.

Before ye Chen came, he naturally felt the breakthrough of xuanjiyue.

This is undoubtedly adding insult to injury.

How long did Xuanji break through Xuanyou's heart.

If xuanjiyue gets the earth's core killing pearl again.

Maybe I will fail in my life.

So, no matter how, this trip must get the earth's core miezhu!

At the moment, the whole Confucian God Valley is full of people, which makes Ye Chen feel a little strange. Unexpectedly, the valley full of destructive power is so busy. Ye Chen shuttles through the crowd and looks at the various forces walking forward. His heart is a little uneasy. Doesn't it mean that the whereabouts of Dixin miezhu are unknown? How can he vaguely have a sense that everyone is coming for the sake of the earth's heart to destroy the Pearl.

"The best first elixir! Come and have a look

A little Wu Xiu sat on the ground with his knees crossed, his eyes moving, looking at the coming and going Wu Xiu, expecting someone to patronize his stall.

"Qi blood pill, do you want to change it?" Ye Chen took out a pill of Qi and blood and shook it slightly towards Xiao Wu Xiu.

Xiao Wu Xiu's nose turns, obviously he has smelled the difference of this Qi blood pill. He stares at the Qi blood pill in Ye Chen's hand, which has a faint divine pattern on it. It's really the best pill.

"Change it!" Xiao Wu Xiu yelled, as if he was worried about being discovered by others. He deliberately lowered his voice and threw the seven or eight bottles of Xianling pills into Ye Chen's arms.

"If you will answer me a few questions, I can give you two." Ye Chen picks his eyebrows, and his face becomes a little stiff. At this time, this expression seems to make Xiao Wu Xiu have the illusion of being threatened.

"Cough..." Xiao Wu Xiu took another look at the Qi and blood pill, and his eyes showed the light of greed, "you say!"

"Is this Confucian Valley always so busy?"

"How can it be? Not long ago, the wise xuanzun sent out a lot of hero posts, inviting heroes from all over the world to come and share the earth's core pearl."

"What?"

Ye Chen a Leng, he decided not to think, unexpectedly is the Confucian temple own people revealed the center of the earth to destroy the Pearl.

"At first sight, you are a casual practitioner, and you don't have any common sense. The earth's heart destroying pearl is the meaning of two wonderful pearls, which contains endless power of destruction. Not long ago, her majesty made another breakthrough, thanks to the heaven's heart secluded pearl. This time, the center of the Earth destroyed the Pearl. The Confucian temple told the world the news and invited everyone to share it. "

Xiaowu Xiu explained seriously: "I'm finished, can you give me the pill?"

Chapter 5649

"It's too good for you to change a pill for one question." Ye Chen showed a playful look, "is the Confucian God Valley here?"

"Of course not. It's the most developed outer Valley here. If you want to go to the inner Valley, you have to go for a long time." Wu Xiu shook his head. "The power of destruction in neigu is too arrogant. People like us can't step in."

Xiaowu Xiu said, it seems that ye Chen and he are just the origin.

"Well," Ye Chen nodded slightly, "as far as I know, kuangsheng and Shengnian seem to have fallen. There seems to be no movement in the Confucian temple."

"Ah, those two evil geniuses fell down. I heard that the Confucianist had been furious for several days, and the endless thunder rule swept over the Confucian valley. Fortunately, there are still two disciples of the Confucianist. I heard that under their persuasion, they stopped venting. "

Xiaowuxiu had a resentful expression: "I don't want to talk about Shengnian. Kuangsheng is really an excellent Confucian disciple. He often starts lectures to help us break through the promotion of sanxiu."

For a moment, ye Chen was speechless. If Xiao Wu Xiu knew that he had killed kuangsheng and Shengnian, it was him, and he didn't know whether the pill could be taken.

"Two more disciples?"

"Yes, there are also Ruyi and Zhixuan. Originally, as the only female disciple of the Confucian throne, Ruyi was the most favored one. However, many years ago, she was ill for some reason and had not stepped out of the Confucian temple for many years. Although Zhixuan is dressed as a monk, he is full of wine and sex. He doesn't live in heaven and man for a long time, and it's normal not to know. "

Ye Chen nods, if this small Wu Xiu doesn't say, he really doesn't know these two people.

"Now, who is in charge of the Confucian Valley?"

"Zhixuan, of course. Don't mention it. Although everyone calls him the wine and sex monk, he has the style of being a Confucianist. After he takes over, he is more livable than Huairen and Shengnian."

Ye Chen nodded. In such a short time, he was able to take over the Confucian God Valley, and he did it in a good way. This wisdom is not to be underestimated.

"Here you are." Ye Chen said and threw the two pills into Xiao Wu Xiu's arms.

"It's not something that we can participate in, such as the destruction of beads in the center of the earth." Xiao Wu Xiu seems to feel that he has a short hand. Looking at Ye Chen, he can't help reminding him.

"Well." Ye Chen smiles a little, has already disappeared in the vision of small Wu Xiu.

.....

Ye Chen was still worried about how to get into the inner valley of the Confucian God's Valley, so he looked at the place where he entered. The lower people stood in two columns at the door, with paper and pens in their hands. They recorded the names of the guests one by one, and then they were introduced into the inner Valley by special palace maids.

Ye Chen sees several familiar forces and even xuanjiyue's subordinates. It seems that xuanjiyue has heard the news and sent someone to come.

This trip must pay attention to the hidden whereabouts. Ye Chen reminds himself and walks to the door with a smile on his face.

A yellow dress woman carefully records the identity of Ye Chen's temporary compilation, and takes Ye Chen into the inner valley.

In the inner Valley, as Xiao Wu Xiu said, there was endless power of the law of destruction, which made the people who entered the valley tremble.

"This is your room, dear guest." Ye Chen nodded, the furnishings in the house are relatively simple, and the taste of bamboo is relatively strong, which is obviously the house just built.

Along the way, he also saw countless such houses, some of which have been built, some of which are still under construction, and it seems that a steady stream of distinguished guests have come from afar.

"Dear guest, this is a dinner party in the evening. Please come to the meeting on time." The woman in yellow took out something like an invitation card from her arms.

The above content is very simple, only the time and place.

Ye Chen nodded. He really wanted to see what medicine was sold in the gourd because of the abnormal behavior of the Confucian temple.

Yellow shirt woman see ye Chen under the invitation, turned away, and closed the door for him.

Dada dada!

A soft step from far to near.

A woman wearing a cloak is following another woman in yellow shirt by Ye Chen's room.

Ye Chen's eyes through the half covered window, and the woman looked at each other, body shape in a flash, the woman has disappeared under the eaves.

This woman seems to have some familiar feeling.

Ye Chen looked at the woman's disappeared figure, a little lost, just that plain cheek, obviously like Ye Chen, she is also changed.

I don't know what was prepared for the Hongmen banquet in the temple of Confucius?

.....

At night.

The sound of silk and bamboo is unique to the ears, and the music is full of the whole hall. Countless graceful women are singing and dancing in the hall, which is a lively scene.

Women squatted, knelt or curled up, waiting for the distinguished guests to drink and have fun. The banquet was not opened yet, but it seemed to have reached its climax. Originally, those martial arts who claimed to be clean and honest were already unable to bear the beast when they saw that the sanxiu were attacking these women, and each of them was embracing the palace maids.

But those women were not the slightest sense of shyness, one by one flushed, a pair of Ren Jun pick poor appearance.

When ye Chen steps into the palace, what he sees is the scene of extravagance and licentiousness. For a moment, he doubts whether he has come to the wrong place and comes to a gentle village.

Those female martial arts practitioners, however, closed their eyes and didn't want to see such a dirty scene.

Some of them just sit on the futon with their knees crossed, and even begin to practice directly to shield themselves from the outside affairs.

Ye Chen is worried that his identity will be exposed ahead of time, so he deliberately gets stuck in the opening time of the banquet. He chooses a remote case inspector to sit down.

Ear originally Yingying around the sound of silk and bamboo, but also slowly stopped.

As if they had been summoned, the women stood up one after another, gathered up their make-up robes, and bowed out of the hall.

Wu Xiu, who had been bewildered by beauty, slowly regained his divine consciousness and looked at each other with mustard in his eyes.

"Hahaha, the arrival of distinguished guests really makes the temple of Confucius shine."

A bald man strides in from outside the hall, with a wild smile on his face.

"I'm Zhixuan, a disciple of the Confucianists. I'm entrusted by my family teacher to receive distinguished guests. I don't know if you are satisfied with Zhixuan's arrangement? "

"I've heard the name of the wine and sex monk for a long time. I didn't expect that he was so elegant. I didn't come here in vain." A wild man, clothes have not been neat, at this time can't wait to say.

"Ha ha, as the saying goes, if you don't enjoy wine and money, it's not a waste of your life? My teacher has comforted me many times, but I always don't know how to repent, so I like to plant myself in this woman! "

As he said this, Zhixuan turned his eyes and strode towards the theme.

"Zhixuanzun is straightforward, Ruida. I think he should go very smoothly on this source road."

"False praise, false praise!" Zhixuan waved his hand again and again. He looked like he couldn't afford it. His voice changed. "Zhixuan is not talented, but he also knows that you are here to destroy the Pearl in the earth's heart."

"The wise xuanzun is pleasant, and I'm very straightforward. I don't like to hide and tuck in!"

An old man sitting in the front, with the appearance of a leader, said loudly: "I have received the hero post from the Confucian temple. I don't know that it's true that I would like to share the earth's core with the heroes in the world, but it's true?"

Chapter 5650

"Nature is true." Zhixuan's face didn't change at all. "Otherwise, why do I spend so much effort in gathering you here?"

"Is it true that the earth's heart has been destroyed?" Another taizhenjing old man in tiger skin couldn't wait to ask.

"Somebody." Zhixuan didn't reply, but just waved his hand.

Soon, two graceful and proud women came in with a big box.

The whole body of the box was dark, and there was an artifact of law that covered the breath of the beads.

"Distinguished guests, although the master Confucius practiced the law of destruction, the earth's heart destroying Pearl was originally a very suitable thing for him, but the master repeatedly told me that these pearls should be shared with the world."

"It's admirable that the Confucianists were noble and upright."

For a time, all kinds of flattery filled the ears, but everyone's eyes were greedy staring at the dark box.

"Master Zhixuan, this earth core bead has been extinct for thousands of years. Can you open the box first and let us have a quick look?"

"It's natural!"

Zhixuan put his hands on the box, and some of his followers got up from the futon and came to Zhixuan.

"Brush, brush!"

Just as the box was slowly lifted up to reveal a crack, countless forces of destruction, like a sharp blade, directly pierced the body of the people nearby.

There are even some close to the true realm of existence, but also die on the spot!

We can see how terrible the law of destruction is!

"Gollum, Gollum!"

Some people were shot down on the ground by the aftershock of destruction, and their mouths were still grunting, which was very strange.

"Zhixuan! What are you doing! "

People with hot temper have been shocked. Unexpectedly, as soon as this Dixin miezhu has just appeared, the killing has already begun.

"What am I doing? These people want to rob the earth's heart and destroy the Pearl in front of the public. What do I have to do with the destruction of the earth's heart and destroy the Pearl? "

Zhixuan's smiling face suddenly became cold, and between his lips and teeth, he had determined that these people wanted to snatch the earth's heart and destroy the Pearl.

Seeing this, they stopped talking and watched the box open.

A white whirlpool appeared in front of people's eyes. At that strange turning moment, you can see the white bead.

Ye Chen sensed the endless destruction of the gas, a time also some uncertainty.

The Confucianist is definitely not an open and aboveboard person. There are only three possibilities for him not to take this dixinmiezhu. Either for some reason, he doesn't need it at all, or he gets more precious herbs than dixinmiezhu, or the dixinmiezhu is deceitful.

Ye Chen is more inclined to the last guess. After all, this precious earth center vanishing pearl, he doesn't believe that people like Confucius would be willing to give up.

"Distinguished guests, this is the Dixin miezhu. I'm afraid that only the Confucian Valley can give birth to the Dixin miezhu which has been extinct for thousands of years."

"If it's really a divine object, the power of destruction wrapped in it is unheard of."

Some eyes sharp too true scene strong, at this time is carefully discerning the destruction law and the source of power.

"Zhixuanzun, I have a saying. I don't know whether to say it or not!"

"But it doesn't hurt to say so."

"The earth's center has been extinct for thousands of years. I'm afraid I can't distinguish it. I don't know what the Confucianist Temple relied on to determine that it must be the earth's center."

"Oh? It seems that you are questioning our Confucian temple! "

Zhixuan was still smiling, but the next second, he pointed to the outside of the hall. A group of Confucian disciples had already thrown the old man and the forces behind him out of the hall.

"If you don't believe in it, you can leave. I've never explained anything about it."

Seeing that he was a little angry, people's original whisper gradually subsided at this time.

"Zhixuanzun, I absolutely believe in the temple of the Confucianists, but how can so many of us share the earth's heart destroying pearl?"

"Ha ha ha, what you say is that there is only one earth core killing pearl. Can't it be crushed? In my humble opinion, it's better for those who can do it. "

Zhixuan said, looking at the people in the hall, "don't worry, for the sake of fairness, our Confucian temple will not participate."

"Zhixuanzun, do you mean the strong get it?"

a fierce old man in tiger skin stood up at this time, and did not hide his greedy color in his eyes.

He has been in seclusion for thousands of years. If it wasn't for the decline of heaven and man, his strength would have increased a bit, and he was already shackled. He just needed another step, or he would never have been born to participate in the fight for the earth's core.

"If you understand it that way, it's not too bad!" Zhixuan had an enigmatic expression: "as I have just said, even though the law of destruction in the center of the earth is extremely turbulent, if there are more people, I'm afraid there will be no magic power."

"Good! Now that you say so, I'm not polite. I'm a hermit. The master of Daoist sect is waiting for this dixinmiezhū to break through. If I want to win the dixinmiezhū, please ask me first! "

"What is destroying daocong! Dare to speak out here, our empress has just broken through. She already has a heaven heart pearl in her body. This earth heart pearl is a must for our empress temple! "

"Well! At this time, I don't care about the Queen's temple or the destruction of daocong. Why should you give up such a rare treasure? "

"What is a war of words! If you have the ability, you can see the real chapter! "

For a moment, all the people were fighting together, and the whole banquet turned into a farce.

"Destruction is a real explosion!"

"The way of heaven!"

The blood is dying and the killing will gather.

Bang bang!

Countless bursts of sound resounded on the banquet, as if it could shake the sky.

The man in tiger skin appeared on his body with a tiger's shadow behind him. With the roar of the tiger, he bumped the man sent by xuanjiyue out directly.

Ye Chen doesn't move a look of backward a few steps, avoid this violent chaos of the scene, looking at xuanjiyue sent people unexpectedly gradually fell into the downwind, ye Chen heart has a bad expectation.

According to the principle, xuanjiyue must have the power to destroy the Pearl in the center of the earth. She decided that she would not only send so many disciples to come here, even if she came here, she would say it was in the past.

There must be deceit!

Zhixuan poured wine for himself as usual, and swallowed it in big mouthfuls. He looked like a cold onlooker, as if he didn't start the fire at all.
