

Physician 5661

Chapter 5661

There was a world of magma around. The undercurrent and heat waves were surging, and the fire embers were floating in the air. But the bead was pure and pure, and its aura was very pure, and it was not affected.

It seems that ye Chen is coming, and the earth's center vanishing bead vibrates and hums violently, bursting out a dazzling crystal awn, just like the implosion of a star.

"Lord of reincarnation, you are here."

There is a clear, sweet, tender and waxy sound inside the earth's core.

A little boy with a sheep's horn braid and a red belly pocket slowly shows his shape in the endless crystal light.

"You are..."

Ye Chen looks at that child, suddenly a burst of amazement.

He knew very well that he was able to arrive here because of the call of the earth's heart.

If there is no earth center to destroy bead, ye Chen can't so easily, get rid of Xuan Ji month etc. of track, come here.

However, he didn't expect that there would be a child inside the earth's core miezhu.

"I'm the spirit of the earth's heart destroying pearl. Brother, you can call me linger. It's the name given to me by the heavenly daughter."

The boy's voice is childish, his eyes are innocent, and he looks like a porcelain doll.

"Spirit child? Have you met the lady of heaven? Do you know that I am the Lord of reincarnation? "

Ye Chen heart a shock, didn't expect that behind this, incredibly and the Empress Dowager have a connection.

"Well, brother, your blood breath is very special, and you have also cultivated the seal of destruction. Besides, you also have the breath of Lingxiao martial arts."

"Brother, you are different from others. I want to cooperate with you."

The spirit child barefoot on the ground a step, there are red clouds manifest, he Tengyun flew over the magma River, came to Ye Chen side.

Hum!

The earth's core destroying Pearl also flew over and hung around his neck as if it had become a piece of jewelry. It was very beautiful.

"You want to work with me?"

Ye Chen is a Leng, but didn't expect that the earth heart destroys bead to summon oneself to come over, unexpectedly want to cooperate.

"Yes, brother."

"The smell of destruction here used to be one of the strongest places in heaven and man. In those days, the earth's heart was sealed here by the Mie bead, which absorbed a lot of destructive power, and unexpectedly gave birth to an instrument spirit. It was me."

"I once saw a mysterious grey robed old man who came here many times with a warrior who destroyed the seal of Taoism and forced him to absorb refining."

"The old man is going to swallow me! However, at that time, the Empress Dowager pitied me and gave me a protective edict, so he failed. "

"But today, with the passage of time, the protection of the heavenly daughter has lost its function. The old man is likely to return here and take me away!"

The voice of the spirit child, with a trace of fear and worry.

He is the spirit of the earth's heart destroying pearl, which is equivalent to the incarnation of the earth's heart destroying pearl.

If the center of the earth is swallowed up, it will be destroyed.

"The mysterious grey robed old man..."

Ye Chen's eye pupil shrinks, and instantly remembers the picture he just saw in the underground palace.

It seems that the old man in the grey robe wants to practice the nine heaven magic, and needs to swallow up a lot of the breath of destroying Dao Yin. However, the earth's heart destroys the Pearl, and the spirit of destroying is very strong, which is a fatal temptation for the old man in the grey robe.

In ancient times, with the protection of the heavenly daughter, the earth's heart can still survive. But today, without the protection of the heavenly daughter, his situation becomes very dangerous.

"You want to work with me against the old grey man?"

Ye Chen knows that the old man in grey robe is the man of wanxu temple. He is Hong Tianjing's best friend and also the enemy camp of the Empress Dowager.

"Yes, brother, as long as you promise not to eat me and cooperate with me, I can give you this."

Ling child's young hand turned over and showed a piece of jade slips.

This piece of jade slips is resplendent in gold, and it is full of magnificent and vast Hongmeng source gas, which is shocking.

The sun is shining!

Five golden characters are imprinted on the jade slips.

"This is the sun immortal Huang chop, one of the thirty-three days Hongmeng source techniques, which is transformed from the jutian Shenjian Jue."

Spirit child crisp voice way.

"Thirty three days hongmengyuanshu, sun Xianhuang chop?"

Ye Chen stares big eyes, heart shock.

Thirty three days' hongmengyuan skill is a unique skill evolved from thirty three days' hongmengfa, each of which has the power of shocking the world.

For example, ye Chen's eight Fu Tu Qi, eight trigrams Dan Lu and extremely evil pupil are all Hongmeng source techniques.

But the sun immortal Huang chop, is precisely from the Zhutian Shenjian Jue, the source technique which transforms.

It's an upgraded version of Zhutian Shenjian Jue.

Zhutian Shenjian Jue, the unique skill of Xuanyuan moxie in those years, can break out 100000 flying swords to cut the sky and the earth.

Ye Chen will never forget the magnificent picture of Xuanyuan moxie's flying sword of emperor Shiwan in Tiandao palace.

The sun immortal Huang chop is a magic sword formula for killing heaven after upgrading and transformation. Its power can be imagined. Ye Chen didn't expect that the jade slips of this hongmengyuan art would be in the hands of linger.

"Brother, take it. It was given to me by the heavenly daughter. She said that she would give me a chance and ask me to give it to someone who had a chance."

"I think you are the one whom tiannu said she was destined for."

Ling'er thrusts the jade slip into Ye Chen's palm and looks at him with watery eyes.

Ye Chen's heart vibrates. He knows that if he accepts the jade slips, he will fight against the unknown strongman of wanxu, the mysterious old man in grey robe, together with this child.

"Well, I promise you!"

Ye Chen's eyes decide, and don't hesitate too much, tightly hold jade slip, promise to come down.

Between him and the wanxu temple, there was no difference between them.

The chance to send the door, of course, can not be avoided.

"Great, brother, thank you!"

Hearing Ye Chen's promise, Ling'er was immediately surprised and excited to thank him. Then he said, "brother, you've been hurt a lot. Now practice the sun Xianhuang chop, which can help you recover."

"Well!"

Ye Chen nods heavily. He is now hurt by the big cause and effect backfire and needs treatment.

This sun immortal chop can help him recover.

Ye Chen sat down with his knees crossed, and put his hands on the jade slips cut by the sun immortal Huang. The divine sense penetrated into them.

Boom!

All of a sudden, the aura of the jade slips broke out, and the golden light floated. Pieces of cultivation secrets came out, and entered Ye Chen's mind.

In an instant, Ye Chen understood the magic method of the sun cutting.

In the past, the way to practice the Jitian Shenjian formula was to refine all the 100,000 drops of blood from the human body into flying swords. Once it was finished, the 100,000 flying swords would come out together, killing the stars and destroying the moon. It was very powerful.

Furthermore, the sun immortal chop is to refine millions of stars in the sky, melt and explode all the millions of stars as hot as the sun, turn them into pure aura, and finally evolve into a giant sword to suppress and kill all enemies.

If you practice this skill to the peak, the sun giant sword's lethality will not be inferior to the supreme Heaven Sword.

"The stars, the sun, gather in me!"

Chapter 5662

Ye Chen took a deep breath and began to practice.

All of a sudden, his body, muscles and bones were in violent turbulence, and his aura burst out, shaking the sky and space.

In an instant, in this magmatic world, the law of space collapses, countless time and space are penetrated, and a picture of the universe and starry sky appears in the air.

The vast universe, vast, profound and mysterious, is floating and sinking around Ye Chen.

Ye Chen stood still, just like the Supreme God who suppressed the universe.

When the skill of the sun immortal Huang chop works, the shadow of the stars seems to hear ye Chen's call, roaring and roaring around Ye Chen, just like big fireballs.

"My brother is so powerful!"

After hiding, Lianyin opens up a special space for children to retreat.

If you don't dodge, the flame on Ye Chen's body is enough to kill him!

But he didn't expect that ye Chen was so savvy that he instantly realized the magic method of sun immortal Huang chop.

In fact, ye Chen has practiced many hongmengfa, hongmengyuanshu, such as the eight trigrams, Tiandan, Tianlong, badenyin, Tianxian, koi, Yongye, damentian and so on. The foundation of hongmengyuandao's cultivation is very strong and exquisite. Even if the taiyangxianhuang chop is more profound, it is very simple for ye Chen.

A million stars surround Ye Chen's body and vibrate.

Unimaginable majestic flame, in Ye Chen flow around.

At this moment, ye Chen is like the Lord of the sun, the Supreme God. Every drop of blood, every skin, every hair, seems to have the brilliance of thousands of scorching sun.

"Blast!"

The next moment, ye Chen suddenly opened his eyes and scolded.

Boom!

Boom!

Boom!

Around his body, a million stars exploded and annihilated at the same time.

The endless storm of stars and the energy of stars flow out in a frenzied way, forming a bright golden river that reflects the universe in the sky. The God's awn is rolling, breaking the darkness of the sky and dazzling to the extreme. The essence of

's rolling stars is directly into the body of Ye Chen and becomes the nutrient of his body.

Click, click, click.

Ye Chen's muscles and bones, nourished by the breath of millions of stars, are also growing and becoming stronger.

The injury he suffered from was instantly healed, and the whole person recovered to the peak. His breath was brilliant and lawless, and his eyes were open and closed, like the sinking of the sky, the collapse of the stars, the overturning of the sun, and his power was domineering and terrifying.

A huge sword, suspended behind Ye Chen, blooms thousands of gods. The strength and brilliance of the sword is beyond imagination. Ordinary people have a look at it, and their eyes will be blinded, and their souls will be burned alive.

This sword is a huge sword made of energy after the explosion of countless stars. It is as powerful and terrifying as the supreme sword!

Ling'er is staring at the sword. Unexpectedly, in a short moment, ye Chen has become a sun immortal.

If you kill this sword, I'm afraid most of the experts in taizhenjing will be killed instantly. It's too powerful.

"What's the matter?"

"What a strong breath

"It's as if heaven and earth are collapsing and the stars are crushing. Who is practicing here? It's so powerful!"

Outside the magmatic world, the strong of all schools feel a strange wave.

It's the shock of the sky, the explosion of many stars!

"Damn it! Lord of reincarnation, what adventure have you got? "

Xuanji month there, is also aware of the strange.

Feel the distant grottoes, came the amazing flame, xuanjiyue's face, suddenly became very ugly.

She knew that ye Chen had another adventure, and it was very big.

"Come on, kill that boy today!"

Xuanji month silver teeth bite, completely no empress superior bearing, only eyes full of jealousy and resentment, with Zhixuan and others, quickly toward the direction of Ye Chen, chase and go.

Ye Chen's existence, let her self-restraint bearing, disappear, only kill meaning hate meaning, just want to kill.

Zhixuan's face sank, and he also felt bad. He followed xuanjiyue and chased him. He murmured: "it's hard to be good today. I'm afraid we have to use the magic weapon of our ancestors, the legendary wish of heaven and stars..."

On this side of the magma world, after ye Chen's cultivation, he took a deep breath, converged the sun sword behind him, looked at ling'er and said, "ling'er, it's not suitable to stay here for a long time. Let's go."

He knew very well that the strong enemy was waiting around, and he had just practiced Taiyang Xianhuang chop. Such a big shock would surely attract xuanjiyue and Zhixuan's attention.

Now ye Chen is not suitable to fight, because there is still a big cause and effect in his body. He will have to wait three days to return to normal. If he fights xuanjiyue again, he will probably suffer from the attack again, and the gain is not worth the loss.

"Well, brother, I know there is a space tunnel. You can get out of here. Come with me."The spirit child pulls Ye Chen's hand, fingers pinch Jue, release a water shield, unexpectedly take ye Chen, dive into the magma, go to the bottom.

Ye Chen is slightly surprised, but didn't expect that the space tunnel that ling'er said is under the magma.

Boom!

They had just dived into the magma, but a huge noise came.

Xuanjiyue, Zhixuan monk, with a group of experts of the Confucian God Valley, rushed over.

"What's the matter, people?"

Monk Zhixuan looked around in amazement.

There must be someone here. The laws of the surrounding space have collapsed. The embers of the star explosion remain. Ye Chen has just obviously practiced here, but the people are gone.

Xuanji month pretty face is also gloomy, scan around.

When she saw the stone platform, her eyes shrank.

"Damn it, Dixin miezhu, was robbed by that boy!"

Xuanjiyue clenches her teeth and feels the residual breath of the earth's heart on the stone platform.

Obviously, her dream of the earth's core to destroy bead, just affirmation seal on that stone terrace, but now disappeared, estimate is taken away by Ye Chen.

But she didn't expect that the earth's heart out of the Pearl has been transformed into a human form, is not taken away by Ye Chen, but is the earth's heart out of the Pearl, with Ye Chen running.

"In front of me, you want to run away? It must be under the lava. Get out of here

Xuanji Yuemei's eyes are fixed on the magma. Her spirit is very sharp, and she has a strong sense of Tianji.

Almost for a moment, xuanjiyue guessed that yechen was under the magma.

"It's too God's way, broken!"

With a wave of the slender hand, xuanjiyue displayed the talismans of heaven, hundreds of talismans, one by one as big as the stars, and exploded.

Bang bang!

The whole river of magma was blown up and rolled up by pieces of magic talismans. It stirred up a thousand story high column of magma fire, and the blazing flames were dancing around. It was very spectacular.

"No!"

At the bottom of the magma River, ye Chen's face suddenly changed.

Strong horizontal explosion spreads, leaf Chen and work properly child, all felt strong impact.

To protect the inner organs of the two.

And the whole magma river was blown over by xuanjiyue.

Chapter 5663

Ye Chen and ling'er in the river are also visible and can no longer be hidden.

"Ha ha ha, ye Chen, where else do you want to go?"

Xuanji moon beautiful eyes sharp, burst of laughter.

Immediately, she saw the child beside Ye Chen and suddenly changed her pretty face:

"eh? Who is this child? His breath... "

Xuanjiyue is thrilled to find that there is a bead hanging on the child's neck, which is exactly the earth's heart destroying bead she is yearning for!

The children's breath is also connected with the earth's core miezhu, which is the spirit of the earth's core miezhu.

"How can the earth's core kill pearl have a spirit?"

Xuanjiyue is shocked. The earth's center miezhu has a strong destructive energy and can't produce a spirit. But now, a child has been born.

But she didn't know that when the people of wanxu Temple practiced martial arts here, the earth's pulse was turbulent. The gas of destruction contained here was absorbed by the earth's heart, and the instrument spirit was unexpectedly born. It was a mistake of yin and Yang.

"Go

Ye Chen's face is dignified, he knows that now is not the time to fight, immediately pulls the spirit child, and goes to the bottom of the earth.

"Zhixuan, kill him!"

"He is haunted by great cause and effect. He can't use force. Lead him to attack and let him be killed by cause and effect. Don't miss this great opportunity!"

Xuanjiyue scolds, and her beautiful eyes are as sharp as electricity.

Her eyes are very venomous. At a glance, she can see that ye Chen has great cause and effect. She can't do it at will, or she will be killed.

This is a great opportunity to kill Ye Chen.

She just used Shenluo Tianjian, but now her breath hasn't completely recovered, so she didn't do it herself. Instead, she asked Zhixuan to do it.

"Ha ha, cause and effect, Lord of reincarnation, you also have today."

Zhi Xuan smiles coldly. His eyes are also full of killing intention. He draws out a sword and cuts it in the air.

A magnificent Buddha sword came out of his body and cut Ye Chen's mind.

"Don't hurt my brother!"

Ye Chen hasn't done it yet, but Ling'er comes forward. With a pinch of his little hand, the earth's core killing pearl hanging around his neck suddenly bursts out with a terrible power of destruction. Unexpectedly, it condenses into a vortex of destruction. It floats in the air and devours Zhixuan's sword Qi directly.

"Why?"

Zhixuan was slightly surprised, but he didn't expect that this child would have such a way.

"Brother, I'll protect you. You go first."

Ling'er stands in front of Ye Chen, but in his tender eyes is the color of firmness.

"No, I can deal with it."

Ye Chen's heart is greatly grateful, step forward, eyes scan Xuan Ji month and Zhi Xuan, rise a fierce meaning.

He is ready to make a move. Even if he is attacked by the great cause and effect and is in danger of falling, he can't let Xuanjiyue and Zhixuan fool around here.

"Hahaha, reincarnation Lord, how dare you do it? I'll see how much power you have left when you're obsessed with cause and effect. "

"It's too much for me to suppress it."

Zhixuan laughs wildly, and suddenly drinks when he steps.

A pink, full of the earthly atmosphere, burst out from his body.

This extremely coquettish, extremely strange breath, a burst out, immediately diffuse, spread around the world.

The sound of silk and bamboo, the sound of movement, the sound of obscenity and the voice of the singing girl resounded from the mist of the world of mortals.

Around the void, there are layers of illusion.

These visions are naked singers dancing, wine pools and meat groves everywhere, full of hedonistic, extravagant and enchanting colors.

It's one of the thirty-six ways of the supreme heaven. It's a powerful magic power. It can use the erosive illusion of the world of mortals to confuse people and make people fall into the lust of the world of mortals.

Ye Chen and ling'er are surrounded by the red dust.

"Brother..."

The spirit child is confused on the spot, where has seen this battle.

The world around us is a scene of extravagance. We can no longer see the slightest sorrow in the world. There are only endless songs, endless movements, endless enjoyment, and beautiful women, yingyingyan, laughing and laughing, approaching him.

He is just a child, surrounded by the world of mortals, suddenly people are confused, mood lost, to mud foot deep, can no longer break free.

"Wake up!"

Ye Chen grabs the spirit child's hand and shouts loudly.

His martial spirit and will are extremely strong. This illusion of the world of mortals can't confuse him.

But the spirit child is not necessarily, the spirit child is still too simple, all of a sudden was confused by the world of mortals illusion.

Once he is in deep mire, he will lose his mind. At that time, he may turn his head to kill Ye Chen.

"Tianxian Koi copy, purify me!" At a critical juncture, ye Chen uses a copy of the fairy carp to form a series of golden carp, which encircles linger and purifies all the worldly customs.

It's a magic power with auxiliary properties. It doesn't attack the weather, so ye Chen doesn't use force, but it's not attacked by cause and effect.

Seeing that the supreme heaven is sweeping the way and is easily purified by Ye Chen, Zhixuan is a little unexpected.

The spirit child has the koi to protect the body, suddenly wakes up, looks at Ye Chen, called a voice: "elder brother!"

Think of just almost lost, by a naked singer beauty surrounded by the picture, Ling child can't help but blush.

"It's all you bald ass, damn it!"

Ling'er stares at monk Zhixuan with a look of resentment in his eyes.

"Destroy the Pearl in the center of the earth, destroy the divine light, destroy the universe, go!"

In a rage, ling'er directly hands, repeatedly pinches the Jue, and the earth's core bead hanging on his chest suddenly bursts into a very bright light.

This light, just like a magic arrow, is fierce and unparalleled, shooting at Zhixuan.

Zhixuan's pupil shrank, and he felt that the light was full of terrible destruction. He wanted to overturn everything, and no one could defeat him.

If you get hit, I'm afraid you'll be seriously injured even if you don't die.

"Dixin miezhu is so powerful. Laozu protects me! May the stars come

Zhi Xuan stepped back, drank wildly in his mouth, immediately bit the tip of his tongue and sprayed blood.

Poof!

His blood, as soon as it was sprayed out, formed an imperial edict.

Fuzhao burst, there is a star, rolling open endless time and space, came down.

Whoa!

The spirit child's destruction divine light, shoots into that star, is directly blocked, like the mud ox enters the sea.

"What

The spirit child is surprised, looking at that star, the vision takes the color of shock and amazement.

The stars suspended in front of Zhixuan's body, the color of blue, vast and broad, the sky and the earth, all present endless momentum.

There are temples, Taoist temples, altars and places of various beliefs all over the world.

There are more kneeling creatures.

They are the most devout believers between heaven and earth.

They kneel down to pray, endless will, gathered into a rolling faith.

These faith wills, surging to an unimaginable level, actually directly created the gods.

One by one gods, one by one ancient gods, like totems, in the starry sky, evolution is floating and sinking, very spectacular.

"This is Wish star? Chaos nine star ranking first! It's in the hands of the Confucians

Xuanjiyue, seeing the star, was shocked.

This star is the treasure of chaos in the thirty-three days. One of the "chaos nine stars" is called wish star.

Chapter 5664

Ye Chen saw the wish star, also very surprised, thought: "the original legend of the wish star, actually is the magic weapon of Confucianism!"

Among the "chaos nine stars", ye Chen's heart is pounding. He feels unimaginable pressure, and his head is crushed, almost crushing him.

"Gods, listen to my command, my wish, today the reincarnation of the Lord will fall!"

Zhixuan opened his arms, his voice was as loud as thunder, and he made a big wish.

This wish star has strong belief energy, even to the point that it can change the rules of reality and make the wish come true.

This star, if obtained by mortals, can realize endless wishes and desires. As many gold and silver jewelry as you want, there are as many gold and silver jewelry.

It's amazing!

Any rules of reality have to be changed. We can imagine how terrible the energy of belief is.

Now, Zhixuan made a wish that ye Chen should die.

In an instant, ye Chen felt an indescribable curse breath, with a great fluctuation of faith, sent out from the wish star.

In an instant, his body, blood and Qi were greatly suppressed, as if the whole person would burst and fall to death.

"What a strong curse!"

Ye Chen was shocked.

This wish sky star, the breath of faith is too terrible. If the general warrior in the origin is cursed, he will die immediately.

Even ye Chen felt the pressure of no match.

This star, against people of his level, although it can't be said that all of a sudden the wish will come true, and it really kills people in an instant, but it's also unbearable because of its huge pressure.

"The old man, the Confucianist, has hidden so deep. I haven't seen him use this star."

The Xuan Ji month of one side, see leaf Chen pressure huge appearance, also feel afraid.

She had never seen the Confucianist use the wish star before, which was obviously a card.

It's obvious that the Confucianist emperor agreed to use it.

It seems that in order to kill Ye Chen, and the blood God behind Ye Chen, the Confucians no longer intend to hide anything, directly use the strongest power!

"What's the matter with you, brother?"

Spirit child a burst of anxiety, see ye Chen face heavy appearance, only worry about his accident.

Although he has the earth's heart destroying bead in his hand, this bead can't break the curse of heaven and stars.

"Sun Xianhuang, guard me!"

Curse more and more intense, critical moment, ye Chen suddenly drinks a, the whole body bursts out the brilliant light of the sun.

A vast and dazzling sun sword rose from behind him.

This sword, gathering the energy of a million stars, is extremely fiery.

the mighty essence of the sun broke out from the giant sword and struck the body of Ye Chen.

The curse breath in Ye Chen's body dissipates under the great impact of the sun.

Hongmengyuanshu is very exquisite. Taiyangxianhuangzhan ranks fourth. It's not only a simple killing, but also a powerful and powerful taiyangtianwei. It can dispel the evil curse and protect yourself.

As soon as ye Chen uses the huge sword of the sun, he immediately dispels the wish curse that haunts his whole body.

"It hurts..."

Ye Chen bites his teeth, and the sun's huge sword impacts the curse of desire. The collision also brings great pain to his body.

But fortunately, now the curse has gone, ye Chen pressure greatly reduced.

What's more, using the sun sword to protect his body is not a kind of use of force. He didn't touch the big cause and effect, and he didn't get hurt.

"The sun is shining? Where did you get the magic power? "

Zhixuan saw the huge sword of the sun behind yechen. He was shocked and stepped back.

He naturally recognized that it was the weather of the sun, the energy of millions of stars, and the huge sword was powerful. The common curse could not hurt Ye Chen.

The wish star in his hand is the magic weapon of Confucianism, not his thing. He can only use a little faith power, but not enough to break the protection of millions of stars.

Only when the Confucians came and controlled the wish star, could they breakthrough the defense of millions of stars and kill Ye Chen.

The sun immortal Huang chop is an upgraded version of Zhutian Shenjian Jue. Thirty three days Hongmeng Yuanshu ranks fourth. It's very powerful. It's said that it's a magic power spread in the supreme world, but he didn't expect to fall into Ye Chen's hands.

"Damn it! Shenluo Tianjian, kill me! "

Xuanjiyue is also angry. Unexpectedly, ye Chen has become the master of reincarnation in the legend. His luck is really magnificent.

Today is clearly Ye Chen's death, she and Zhixuan have the advantage, ye Chen still has a big cause and effect in the body, but it's up to now.

In her fury, xuanjiyue doesn't care if her breath hasn't recovered, but the divine light is surging behind her, and she bursts out Shenluo Tianjian again. The mighty sword is burst, and Shenluo Tianjian is sacrificed. With extremely strong sword spirit, she fiercely kills Ye Chen. Today, ye Chen must die!

"Brother, let's run!"

Ling'er knows that ye Chen has a big cause and effect, so he shouldn't do it. Seeing xuanjiyue's sword coming, he quickly pulls Ye Chen and runs to the bottom of the magma.

At the same time, the spirit of the child out of the heart of the earth out of the Pearl, mouth scold: "the heart of the earth out of the Pearl, destroy the border, go!"

Buzzing -

the earth's core extinguishes the beads, drips and rotates in the air, and blooms bright crystal awns. Layers of veins emerge from the inside of the beads, forming a special border totem.

This totem, dotted with wisps of starlight, is full of terrible destruction. It is obviously the existence evolved from the core energy of the earth's core.

Boom!

The border Totem will explode as soon as it emerges.

The violent energy of destruction exploded into a storm on the spot, and roared all over the place. The void was blown to collapse. Everywhere, the darkness was turbulent, the forbidden area was lost, the space and time were lost, and the picture of the ancient universe suddenly emerged in this magma world.

Chapter 5665

Xuanjiyue's Shenluo Tianjian Qi was also involved in the destruction storm.

It is not only the collapse of the void, but also the destruction of the unknown time and space, the eternal picture of the universe, the chaos and dark forbidden area of the starry sky.

Some of Zhixuan's men couldn't escape. They were involved in it and screamed. All of a sudden, they were gone. They didn't even leave any dross.

The violent and terrifying collision makes Zhixuan turn pale. He takes other men and jumps to the wish star to avoid the disaster.

Standing on the wish star, Zhixuan saw that the magma world and the grotto world just below no longer existed. All the entities were obliterated and annihilated in the collision and explosion of Shenluo Tianjian and Dixin miezhu.

Here, there is only absolute nothingness, absolute void, and layers of strange radiation light, the scene is very terrible.

Only wish star can resist the shock of terror.

And by the resistance of the earth's core, the spirit child has taken Ye Chen and ran to the ground.

Here, there is a space tunnel, he took Ye Chen, drilled into the tunnel, directly sent out.

Boom!

The air wave of the explosion spread down, and the tunnel was completely destroyed by the violent destruction energy, Tianjian energy.

Xuanjiyue stands on the void with a sword. She can only watch ye Chen run away. When the explosion subsides, it's too late for her to chase her.

"The Lord of reincarnation, let you run away again! Damn it

Xuanjiyue clenched her teeth, and even green tendons appeared on her forehead, shaking with anger.

This time, not only Ye Chen ran away, but also the earth's core miezhu.

It is very important for her, and it is necessary for her to break through.

She has devoured the Pearl of heaven's heart. If she wanted to kill the Pearl of earth's heart, she would be able to accomplish her merits. But it happened that the Pearl of earth's heart was under her eyes and completely disappeared.

How can she not be angry?

"Your Majesty, what are you going to do?"

After the explosion subsided, Zhixuan started to step down, jumped out of the wish star and stood in front of xuanjiyue, with a face full of fire.

Ye Chen robbed this earth center destroying pearl. If the Confucianist knew it, he would be furious, and he would not feel better.

Therefore, Zhixuan's mood, like xuanjiyue, is extremely resentful. He wants to find out Ye Chen immediately and kill him quickly.

"I'll send someone to check it. Anyway, I won't let the boy run away."

Xuanjiyue bit her teeth.

Zhixuan nodded and said, "exactly. We will also investigate the Confucian temple."

"Wait, you chaotic star..."

Xuanjiyue's heart suddenly moved, looking at the wish stars floating in the sky.

"Wish Tianxing, it is said that it can realize all the wishes in the world, and has a very strong wish force. If I use it, I will use crape myrtle fatalism, and cooperate with this star, maybe I can infer the whereabouts of the reincarnation Lord."

As soon as Zhixuan's face changed, he stepped back three steps and quickly put away his wish. Tianxing said, "empress, this is the magic weapon of my ancestors. I can't lend it to you casually."

Xuanjiyue said, "can't I use it to investigate the whereabouts of the reincarnation Lord?"

Zhixuan said: "empress, I'm sorry, but I'm not mean. I don't dare to make a mistake. If you want to borrow the wish star, I have to report it to Laozu and ask him what he means."

Seeing the momentum of Xuanji moon god Luo Tianjian, Zhixuan is really afraid. If Xuanji moon secretly leaves any traces when she borrows from Tianxing, it will be troublesome, so it's better to be careful.

"Forget it. I'm too lazy to talk to you. If I don't borrow it, I'll check it myself."

Xuanjiyue's interest was waning, and she waved her hand. She didn't speak any more and left alone.

Leaving the void and returning to the underground palace, xuanjiyue sees the hanging corpse, and her beautiful eyes are slightly dignified.

"Wanxu has gone too far and killed people. In order not to be contaminated with cause and effect, it even used the doomsday trial."

Xuanjiyue felt that there was a trace of ancient judgment on these corpses, which was the breath of heaven's judgment.

Killing people with doomsday judgment can clear all causes and effects, so that outsiders can't deduce any clues. It's very practical.

However, it is hard to imagine that the sufferings of those who are tried will turn into the fire of trial and extreme torture.

"There must be some conspiracy over the wanxu. They want to kill people by trial."

Xuanjiyue's eyes slightly coagulate, and she faintly feels that behind these corpses, there is a big conspiracy involved.

After all, it's not a simple way to judge the Tao by heaven. Every time it's used, it will cost a lot of aura. Some people in wanxu do not hesitate to waste it, but also use the trial to kill people. This must be a great plot.

However, for a moment, xuanjiyue didn't know what was the plot of wanxu.WOW!

At this time, the space behind xuanjiyue was full of brilliance.

Whoa!

A thin hand, with thousands of domineering momentum, tore open the void.

"Queen, you're all right."

An old man, tearing the void, came, but he was a Confucian.

"Confucius, why are you here?"

Xuanjiyue saw the Confucianist, immediately alert, summoned Shenluo Tianjian, holding it in his hand.

"The Lord of reincarnation has run away?"

The Confucians squinted and looked around.

"Yes."

Xuanjiyue was still on guard.

"Ha ha, the Lord of reincarnation is really lucky. I even took out my wish to see the stars. I didn't expect that he ran away."

The Confucianist's face moved for a moment, and he looked very ugly.

In this battle, he even took out the bottom card of Tianxing, but he failed to kill Ye Chen in the end.

"Please forgive me for my incompetence!"

At this time, Zhixuan also felt the coming of the Confucianist. He came from a distance. He just heard what the Confucianist said and knelt down in a hurry to apologize.

"No harm, don't blame yourself. That boy won't be around for many days."

The Confucianist waved his hand and didn't blame Zhixuan. In his old eyes, a trace of murderous spirit appeared.

Obviously, next time, he will do it himself and end it all!

"Yes."

Zhi Xuan still bowed his head and looked ashamed.

"Ru Zu, look around here."

Xuanjiyue's tone was cold, but when she looked at the dead bodies around her, she still had a huge fear in her eyes.

"This is..."

The Confucianist looked at the withered corpses around him, his face heavy and gloomy.

Obviously, he didn't know that there was such a place underground.

Because of the smell of doomsday judgment, the cause and effect here were all cut off, and he didn't find it at all.

"I smell a trace of conspiracy. Wanxu may be plotting something."

Xuanjiyue's eyebrows are tightly locked. She is a practitioner of this realm. She is very sensitive to the good and bad in the dark.

Chapter 5666

Although she did not know what had happened here before, she felt extremely dangerous in her heart.

It's not only personal danger, but the conspiracy behind it may even involve the survival of the heaven and the world!

"It's weird!"

The Confucianist was also in a gloomy tone. He waved and cheered: "I wish the stars shine through time and space!"

Tianxing, who was borrowed by Zhixuan, immediately flew back to him when he heard the call of the Confucianists and released the divine light.

Above the stars, the chanting and praying of countless believers turned into a torrent of faith, mixed with this monstrous light, and instantly lit up the whole underground palace.

Click, click, click!

The rules of time and space are constantly broken.

The time course, unexpectedly by abruptly reverses, an ancient picture, emerges in the mid air.

"Brother, this is the 250th one. You've killed so many people and refined so many auras to destroy Daoyin. Haven't you finished your magic skill yet?"

In the picture, two old people are discussing something.

If ye Chen were here, he would be very surprised.

Because these pictures are the pictures he restored with the ancient shadow array!

In the picture, Hong Tianjing and the grey robed old man are plotting.

In order to restore these images, ye Chen has to bear a huge price. He is killed by the great cause and effect, and almost has an accident.

Now, with the help of the wishes of countless believers, the Confucianists have reversed time and space and restored the situation here.

This means of reversing time and space is even more advanced than the ancient shadow array of Fengtian Shang.

"Why, it's so smooth! Some people use the ancient shadow array to spy on the traces of ancient times! It must be the master of reincarnation

When the Confucianists saw the emergence of ancient images, they were very surprised.

Because, it's so easy, it's so smooth.

As soon as he made use of his wishes, he was hardly hindered and didn't need to pay any price. He easily saw the cause and effect of the past. It was obvious that someone had been watching, so if he watched again, it would be very smooth.

"It's a picture of the past! The Lord of reincarnation has also succeeded? "

Xuanjiyue was also very surprised to see the means of the Confucianists.

There is no trace of ancient cause and effect here, because they are all cut off by the doomsday judgment, so it is impossible to deduce the fate.

However, with the hope of heaven and stars, Confucianism reversed time and space and restored everything.

This means, nature is incomparably strong, let Xuan Ji month also feel afraid.

Ye Chen also successful peep over, she is more accident.

Ye Chen's obsession with cause and effect is the side effect of peeping at the ancient times.

"Hong Tianjing, and the old man in grey robe, they are sneaky. What do they want to do here?"

Looking at the pictures of ancient times, the Confucians were deeply on guard.

Xuanjiyue is also staring at the plot between Hong Tianjing and the grey robed old man.

"They seem to want to practice the nine heavenly magic arts!"

Xuanjiyue saw the clue.

"In Jiutian Shenshu, the only one who needs to absorb the power of destroying Daoyin to practice is shenmientianzhao skill! Does the old man in grey robe want to practice the skill of destroying heaven and lighting heaven? "

Confucius took a deep breath, deeply moved.

"The God destroys the sky to shine the work?"

Xuanjiyue was also surprised. The legend of the nine heavenly magic arts was very secret. Even she didn't know much about it. She only knew that it was the top nine Supreme magic arts.

"Once the God destroys the sky and shines, it can condense a round of black sun to shine on all the sky and the world. Where it shines, it will collapse and destroy, become the purest aura, and finally be absorbed by the black sun."

"This nine heaven divine skill is absolutely forbidden. It destroys heaven and earth, and harms heaven and reason. Even in the supreme world, it is forbidden by wanxu. What does Hong Tianjing want to do? Does he want to secretly ask people to practice this skill against wanxu's will?"

The tone of the Confucians was very dignified.

He knew more about the secret of Jiutian Shenshu than xuanjiyue.

Shenmientianzhao skill is one of the nine divine skills. It has extremely terrible lethality, and the breath of destruction is earth shaking. Once it is practiced, once the dark sky is released and the sun shines, the earth will collapse, and the universe and stars will be destroyed.

This magical power, which can be called Forbidden skill, represents the absolute breath of destruction, the supreme destruction!

In the picture, the old man in grey robe is obviously a person of Hong Tianjing. He practices the skill of destroying heaven, which is naturally the instruction of Hong Tianjing.

The Confucianist and xuanjiyue looked at each other, and their faces were heavy.

It seems that this is not wanxu's plot, but Hong Tianjing's plot.

"Hong Tianjing, in order to fight against the heavenly daughter, is he going to destroy all the heavens?"

When the Confucianist stares at the contents of the picture, Hong Tianjing mentions that when the grey robed old man has practiced the skill of destroying heaven, he will use it to fight against the heavenly daughter. "He wants to destroy the universe, extract the aura of the universe, and use it to enhance his strength?"

Xuanjiyue is also cold on the back, vaguely guess what.

If what the Confucianist said is true, when the God destroys Tianzhao and the dark sun is released, all the heavens will collapse and be destroyed, and become the most original and purest breath, which will be absorbed by Hong Tianjing.

At that time, both the outside world and the upper world will be completely destroyed. Heaven, earth, mountains and rivers, and all living creatures will be reduced to the nourishment of Hong Tianjing.

If Hong Tianjing can successfully destroy the heavens and absorb and refine their aura, his strength will naturally soar, which will be enough to suppress the heavenly daughter.

However, this method is too cruel and unreasonable. Even the top management of wanxu would not agree with Hong Tianjing.

Because the negative cause and effect is too big, it will be backfired.

"No wonder Hong Tianjing wants to use the means of doomsday judgment to cut off the cause and effect. Originally, he was afraid of being found out. In order to fight against the heavenly daughter, did he want to destroy the whole world?"

The eyes of the Confucians are deep, so they want to understand.

There is a dead corpse around. These dead warriors are all the materials for the grey robed old man to practice.

The old man in grey robe is just a pawn of Hong Tianjing.

When this chess piece is finished, it's time for Hong Tianjing to destroy the world and kill the heavenly daughter!

However, the nine heaven divine skill is extremely profound, and the God destroying Tianzhao skill is no exception.

Hong Tianjing's wishful thinking is obviously not easy to start.

He didn't succeed until he had a decisive battle with the heavenly daughter.

But that doesn't mean the plot will end.

Now, Hong Tianjing is sealed under the ground, which is a great weapon to kill him. He can't give up easily.

"Confucius, what are you going to do?"

Xuanjiyue asks coldly. Now she knows Hong Tianjing's plot. She wants to hear the Countermeasures of the Confucianists.

The Confucianist chuckled and said, "it's a conspiracy in ancient times. Today, it's more difficult to realize it than to ascend to heaven. Even if Hong Tianjing is the superior, he doesn't have such great ability to eat the whole world."

Chapter 5667

Xuanjiyue said, "but you have to be on guard."

The Confucianist nodded his head and said, "it's natural. After the hundred day appointment, I will try to make a wish, communicate with the supreme world, and expose Hong Tianjing's plot. If the high-level officials of wanxu know that he practices forbidden arts, they will surely send envoys to kill him."

Now, there is still a hundred day agreement between the Confucianist and the God of blood. He doesn't want to be distracted.

After a hundred days, he will use the wish star to make the supreme wish and report everything.

If there are wanxu messengers to kill Hong Tianjing, it would be better.

After all, it's their world outside the territory. They are in charge of it. There is a superior person behind it. They are worried after all.

What's more, Hong Tianjing's ambition is too crazy. In order to fight against the heavenly daughter, he really wants to destroy the universe at all costs, regardless of the consequences, and make the whole world his own nourishment.

This kind of madman even Confucianists are extremely afraid.

"That's good. I'll find a way to report it to the Supreme Court."

Xuanjiyue nodded slightly. Naturally, she didn't want to see Hong Tianjing's plot succeed.

After the discussion, xuanjiyue left here.

"Let's go!"

The Confucians also took Zhixuan and others to tear the void and leave.

Hong Tianjing's plot is still a little far away from them.

The most urgent task is to find out Ye Chen and take back the earth's heart to destroy the Pearl!

.....

At this time, ye Chen and ling'er have been transported to a secluded valley along the space tunnel.

Hum!

In this valley, ye Chen suddenly felt a sign in his body, which made a strange sound.

"Well?"

Ye Chen is tiny a Leng, draw out Fu Zhao.

This Fu Zhao is full of sword Qi. It has the weather of Seven Star Longyuan. It is the sword spirit Fu Zhao of Longyuan Tianjian.

This sword spirit edict is related to the legendary Longyuan Heavenly Sword!

Longyuan Sky Sword is buried in a secret place of heaven and man.

Ye Chen's Fu Zhao can find the body of Longyuan Tianjian. Moreover, if Longyuan Tianjian is nearby, the Fu Zhao will change!

Now, the sword spirit Fu Zhao has a change, which means that the Longyuan Heavenly Sword is nearby!

The fragments of the original Longyuan Sky Sword helped Ye Chen a lot.

If you get the sword of noumenon, do you have more chances to win?

"Is Longyuan Tianjian nearby?"

As soon as ye Chen's pupil shrinks and deduces, he suddenly realizes that the body of Longyuan Tianjian is buried less than 100 li away from here, very close.

Ye Chen hasn't been looking for Longyuan Tianjian since he came to Tianren domain for a long time, because this sword is one of the eight supreme Tianjian. It's buried and sealed, and there are layers of prohibitions. It's really hard to dig it out.

Think about it and know that xuanjiyue, in order to take charge of Shenluo Tianjian, spent a lot of energy. Where is the legendary supreme Tianjian so easy to take?

Therefore, ye Chen has not been deliberately looking for.

Now, the sword spirit Fu Zhao has a change, and the Longyuan Sky Sword is buried nearby, which makes Ye Chen quite surprised.

"With the strength of my origin, can I capture Longyuan Tianjian?"

Ye Chen thinks that he also has a Heavenly Sword in his hand, which is the wild devil Heavenly Sword, but it has not been completely formed, and needs a lot of resources to feed.

However, Longyuan Tianjian is the peak of existence. As long as you are in charge, you can directly control the supreme Tianjian without additional training!

"Hong Tianjing also wants this sword. If I go to capture it now, will I wake him up?"

Ye Chen frowns tightly. He not only knows the burial place of Longyuan Tianjian, but also Hong Tianjing. However, both sides are not sure to seize it, so they have been holding on.

"Brother, what's your Fu Zhao?"

At this time, the spirit child saw the Fu Zhao in Ye Chen's hand and asked curiously.

"Is it the imperial edict of Longyuan Tianjian?"

Ling'er looked at it carefully, and immediately caught a very sharp wave of sword Qi. Under the impact of the spirit of Fu Zhao, his mind even conjured up a magnificent picture of the Seven Star Universe and the Dragon diving into the abyss.

"Well, Longyuan Tianjian is nearby!"

Ye Chen nodded solemnly and grasped the Fu Zhao in his hand.

"Longyuan Tianjian is nearby?"

Smell speech, spirit child is also scared a jump.

"The legendary Sky Sword is powerful and powerful. You have to be in charge of it. Brother, you already have the wild devil sky sword. I'm afraid you don't have any extra luck. You can take charge of Longyuan sky sword again."

Linger also knows the power of Longyuan Tianjian. He only worries about yechen.

Ye Chen's current cultivation is just from the beginning, and he already has the wild devil Heaven Sword in his hand. How can it be so easy to suppress and take charge of Longyuan Heaven Sword?

Once it's backfired, it's the end of nothing.

"Well, I know. Don't worry. I'll be careful." Ye Chen nods, he still has big cause and effect in the body now, and the spirit child just and Xuan Ji month one war, consume too big, even the earth heart destroys bead all dim a lot.

They all need to rest.

"We'll have a rest here and plan later."

"All right, brother."

Now ye Chen and ling'er rest in this valley.

Ye Chen sits down with his knees crossed, and turns the magic method of cutting the sun.

There are a million stars in his body.

Once the skill moves, the infinite solar energy will spread to the meridians of the whole body, Nourish Qi and blood, which is very comfortable.

"Ling'er, I'll give you some pills to help you recover."

Ye Chen uses eight trigrams to refine the sun energy in his body, and makes more than ten Dayuan pills for linger.

"Thank you, brother."

Ling'er took the pill and bent his knees to adjust his breath.

So after three days, ye Chen's state has returned to the peak, and the big cause and effect on his body has disappeared, so he can do whatever he wants.

However, the loss of spirit child has not recovered.

The earth's core pearl hanging on his chest is still gloomy.

Obviously, with xuanjiyue, he consumed too much.

"Spirit child, haven't you recovered yet?"

Ye Chen frowned and asked.

"Brother, I'm sorry, but I haven't. I'm holding you back."

Linger opens his eyes and apologizes.

"It's OK. You can rest for a few days. I'll protect the Dharma for you."

Ye Chen a smile, also don't mind, prepare to wait for spirit child a few days again.

"Thank you, brother."

The spirit child said thanks and entered the state of cultivation again.

Ye Chen is guarding. Suddenly, he has a very uncomfortable feeling. The hairs on his back stand up, full of a sense of crisis.

"Who?"

"Who is watching me?"

Ye Chen's face a change, clearly feel, someone in the dark, peeping at himself.

It's not xuanjiyue, it's not Confucianist. They don't have such great ability.

With Ye Chen's strength, as long as he doesn't deliberately expose it, even xuanjiyue and the Confucians can't directly spy on his trace.

Behind this, there are strong people!

"Damn, is it the superior?"

Chapter 5668

Ye Chen's face suddenly changes, this kind of feeling that is peeped on, very uncomfortable.

"Tianxian Koi copy, purify me!"

Ye Chen's immortal light burst out, releasing the immortal Koi to clean up the peeping eyes.

However, an amazing scene appeared.

One by one, fairy Koi emerge, but it seems that they have been hit by mysterious forces. All the fairy Koi turn black instantly, stained with magic, and turn into the color of strange black carp.

This scene, immediately let leaf Chen scalp numb.

The fairy Koi has turned into a black carp. It can be imagined that the strong man behind it is so powerful that he even affects Ye Chen's Qi.

Ye Chen's heart, suddenly thumping, has guessed the identity of the peeper behind the scenes.

The old man in grey!

Master the judgment of doomsday, kill the old people in grey robe who destroy the Dao and seal the martial arts, and practice the nine heaven magic in secret!

Ye Chen's destruction path seal has reached the sixth heaven. For the old man in grey robe, it is absolutely a big prey!

"He's peeping at me, and he wants to kill me, devour my seal of destruction, and use it to cultivate the nine heavenly gods!"

All of a sudden, ye Chen caught the extremely dangerous secret.

The other party is peeping at himself. If he locks him down and knows his position, he will be in trouble.

You know, the other party is a real superior, and Hong Tianjing brotherhood, strength can be imagined.

If he is locked in and chased, the consequences will be unimaginable.

"Damn it

Ye Chen's face resentful, want to get rid of this tracking peeping eyes, but the other party's peeping, like gangrene, completely unable to get rid of.

At most two incense time, ye Chen's position, must be exposed, to be completely locked by each other.

Just when ye Chen was in great danger, there was a bright light floating in the distant sky.

"Sneaky guy, what's the ability to bully the younger generation?"

A loud and dignified voice rang out fiercely.

I saw a very natural and unrestrained man, flying down, wielding a sword, blood month sword burst out, suddenly between heaven and earth, all cause and effect, all cut off.

"Ah

In the void, an old scream came out. It seems that the people behind the scenes were hurt by this sword.

"Any elder!"

Ye Chen looks at this man, immediately surprised.

It's Ren Feifan!

This, Ren special came too timely, just cut off peep for ye Chen, did not let him expose.

"Boy, you're all right."

Ren extraordinary falls down, a little smile, stood in the leaf Chen side.

"Brother, this is..."

At this time, the spirit child was also awakened, opened his eyes, witnessed Ren extraordinary natural and elegant appearance, can not help but be dazed.

"This is Mr. Ren Feifan. He is my teacher and friend."

"Mr. Ren, this is the spirit child. It's the spirit of the earth's heart destroying pearl."

Ye Chen to both sides, each introduced.

"Oh, you are the spirit child. I heard tiannu mention you. She said that you have a pure heart and want to accept you as the child under the seat. Unfortunately, she didn't have the chance."

Ren special saw to see to work properly child, see him to hang in the heart of the earth to destroy bead before the chest at a glance.

"Yes? Do you still want to take me in? Who are you? "

Spirit child a burst of excitement.

"I am Come on, you've lost a lot of aura. Take a good rest. I'll talk to you later. "

Ren Feifan wants to talk and stops, and finally waves his hand.

"Well!"

The spirit child nods heavily, then goes to one side, continues to recuperate.

"Senior Ren..."

Ye Chen facial expression dignified, Ren special this time comes, afraid not simple.

"Just now gongyefeng wants to peep at you. He has been silent for tens of thousands of years. It seems that he wants to do something."

Ren Fanfan looks at the sky and seems to want to run through everything.

"Gongye peak?"

Ye Chen is stunned.

Ren Fanfan said: "yes, the old guy who peeps at you is called gongyefeng, which can be regarded as a chess piece of Hong Tianjing."

"A long time ago, there was a great turmoil in the supreme world. Shenluo, Huangmo and Longyuan three heavenly swords fell down."

"Gongyefeng, unfortunately, was involved in the great turmoil. Unfortunately, he fell outside the country and lost 70% or 80% of his accomplishments. As a last resort, he had to cooperate with Hong Tianjing to become his pawn and seek to return to the Supreme Court."

Ye Chen said: "I see..."

After listening to Ren Fanfan's words, ye Chen finally knows.

It turned out that the grey robed old man, named gongyefeng, was a unlucky man.

At that time, he was involved in the great turmoil in the supreme world, and eventually fell into the world. A large number of accomplishments were lost, and he became Hong Tianjing's pawn.

"Master Ren, I know gongyefeng..."Ye Chen simply said what he saw in the underground palace of the Confucian God Valley: "he killed many warriors who destroyed the seal. It seems that he wanted to cultivate the nine heavenly gods. I don't know which one?"

"It's God's work of destroying the sky and illuminating the sky!"

Ren Fanfan seems to have known for a long time that he is not surprised to hear ye Chen's words. His eyes are still cold and spit out five words.

"The God destroys the sky to shine the work?"

When ye Chen heard these five words, he immediately caught a breath of extraordinary terror and terrifying fate, full of the smell of destruction. He was even more overbearing than Jiuchongtian's seal of destruction, and seemed to be able to destroy all the worlds.

Ren Fanfan said: "yes, if you practice this magic skill, you can create a dark sun to shine on the whole universe."

"In the dark sun, there is a very terrible smell of destruction. If the sun shines lightly, the universe of heaven and man will be destroyed. Generally, practitioners of Taizhen will be destroyed when they are illuminated."

"What! Is there such a powerful power in the world

Ye Chen just feels strange, this world, unexpectedly can have so terrible magical power, shine once, one side world is about to destroy, this also too far.

Ren Fanfan said: "otherwise, you think that each of the nine heavenly gods can easily crush the universe and destroy the universe when they reach the peak. However, this work of destroying heaven is also one

of the most powerful in the nine heavenly gods. It is famous for destruction. In terms of destructive destruction, even my Xihuang Lei seal can't compare with it."

"It's also forbidden. Even the high level of wanxu forbids people to practice. Because it's too destructive, it will cause irreparable destruction to heaven and earth, and hurt the natural law. It's a bit similar to the trial of demons."

"The judgment of the mind and the devil is aimed at the judgment of the human heart, while the destruction of heaven and earth by God is the judgment of the destruction of heaven and earth."

"If people's hearts are broken, there is still room for recovery."

"But heaven and earth, if destroyed, can never be retrieved."

Ye Chen said: "is this a forbidden technique? Why does gongyefeng dare to practice? "

Ren Fanfan said: "it's not because of Hong Tianjing!"

"Hong Tianjing?"

"Well, Hong Tianjing forces Gong Yefeng to practice the forbidden skill in order to fight against the heavenly daughter. When Gong Yefeng has practiced the skill of destroying heaven, he will destroy the whole territory, squeeze and absorb the aura of all worlds, and use it as nourishment to improve his cultivation."

Chapter 5669

"In this way, he will have enough strength to fight against the heavenly daughter."

Ren special tone dignified, these secret Xin, revealed.

After hearing this, ye Chen feels extremely shocked. Unexpectedly, Hong Tianjing is so fierce. In order to fight against the heavenly daughter, he really wants to destroy the whole universe at all costs and turn it into his own nourishment.

"When gongyefeng peeps at me, he treats me as a prey, wants to kill me, absorbs my seal of destruction, and practices the power of destroying heaven?"

Ye Chen has already guessed, now listen to the words of Ren extraordinary, directly determined.

Ren Fanfan said: "that's right! Originally, after Hong Tianjing was sealed, gongyefeng was silent for tens of thousands of years. Without Hong Tianjing's protection, he was afraid of punishment by rules and didn't dare to make random moves. However, the way of heaven declined. Now the situation has changed. He is going to start again. All those who practice and destroy the seal will become very dangerous and will become his prey. "

There are rules in heaven and earth, so the superior can't act outside the territory, otherwise they will be punished by the rules.

But now, Ren Fanfan said, the situation has changed, gongyefeng can do without scruple.

Ye Chen's heart beats wildly, but he doesn't know what the situation is changing. He only knows a terrible thing.

In this world, all those who practice and destroy Daoyin will become the prey of gongyefeng.

Isn't that to say that nine epilepsy is also dangerous?

Ye Chen instantly thought of nine epilepsy, the master of the city.

At the beginning, it was because of the help of Jiudian that ye Chen's destruction of Daoyin evolved from wuchongtian to liuchongtian.

And the destruction of nine epilepsy road seal, enough cultivation to seven days, more powerful than ye Chen.

If gongyefeng wants to make a move, he will not let go of Jiudian!

Ye Chen's pores shrink suddenly. At the beginning, he was fighting against Tao Wujiang. He and nine epilepsy are fighting side by side. Now nine epilepsy is in danger, so he can't sit back and ignore it.

"Master Ren, I'm going to find a friend. He's very dangerous now!"

Ye Chen congeals the heavy road.

Ren Fanfan said, "OK, I'll go with you."

"Mr. Ren, do you want to go with me?"

Ye Chen is a bit surprised.

Ren Fanfan said, "yes, I'm going to meet an old friend, too."

When it comes to the "old friend" three words, Ren Fanfan tone with a murderous, eyes incomparably cold.

"What old friend?"

Ye Chen a burst of astonishment, guess the cause and effect behind.

"On the way, take this little guy."

Ren Feifan didn't say much, he pointed to linger.

"Well, let's go."

Ye Chen nodded and offered a picture of the yellow spring to settle the spirit child in for the time being.

Then, he and Ren Fanfan rushed to the destroyed city.

He has any extraordinary guardian, can cut off Gongye peak peep, but, nine epilepsy and no one's protection, very dangerous.

.....

Meanwhile, destroy Dao City.

"Is anyone spying on me?"

Nine epilepsy blankly looking at the sky, vaguely feel a little bad, but not sure what happened.

Although his strength is strong, he can't compare with Ye Chen in the sense of fortune and misfortune, and he doesn't realize the difference behind him.

.....

In the very high sky, layers of clouds and fog shrouded, suspended an ancient mountain peak.

This mountain peak, emitting a very strong breath of eight trigrams, as well as ancient chaotic magic light, is actually a chaotic magic weapon, called Dahan Genyue peak.

Dahan Genyue peak, one of the treasures of the thirty-three days of chaos, represents the existence of gengua in the "eight trigrams chaos".

Gen is a mountain. This cold Gen mountain peak is full of the lofty spirit of high mountains. It occupies nine days and is very spectacular.

At this time, two figures stand in front of a waterfall on Genyue peak.

These two figures, one is the old man in grey robe, the other is the young man with sword spirit.

If ye Chen were here, he would be very surprised.

Because he knows both of them.

The old man in grey robe is the practitioner of God destroying Tianzhao Gong, gongyefeng!

Another young man, even an old acquaintance, was the spirit of annihilating sky sword!

Annihilating Sky Sword is Hong Tianjing's weapon, one of the eight sky swords.

At the beginning, the sword spirit of annihilating the sky sword personally wanted to kill Ye Chen, but he was defeated by Ren Fanfan and exiled to the unknown lost time and space.

But now, he's back!

Moreover, also came to the Gongye peak side!

"How?"

Annihilation silent sword spirit carrying hands, looking at Gongye peak road.

"Master Jianling, it's very smooth to peep at Jiudian. He has locked his position. It's in Miedao City, but Ye Chen is guarded by an expert behind him. He broke my eyes and hurt me. Cough..." Gongyefeng coughed for a while, and his face was slightly pale. Obviously, Ren Feifan's sword really hurt him.

"Sure enough, Ren Fanfan, it's you again. What a great skill!"

Annihilation silent sword spirit smell speech, clenched teeth, eyes show the color of resentment.

"Ren Fanfan? It's the daughter of heaven. It turns out that Ye Chen is the guardian behind him! "

Gongyefeng was shocked.

"Well, sooner or later, I'll take revenge on that guy! Last time, I didn't expect him to become Xihuang Lei Yin. For a moment, he was defeated by him. He exiled him to unknown time and space, and almost lost completely. This time I can come back, and I won't make the same mistake again! "

The annihilation sword spirit clenched his fist, and his bones cracked, and his eyes were full of flames of hatred.

"The thunder seal of Xihuang, the legendary nine heavenly gods! Did that Ren Feifan actually practice it? "

Gongyefeng was shocked.

There are only nine kinds of magic arts in heaven and earth, each of which is to destroy the existence of the universe. I don't know how hard it is to practice them.

He has spent so many years of hard work and killed so many people, but he can't practice it.

However, Ren Fanfan has really practiced the nine heavenly magic skills. With such talent and achievements, he is absolutely immortal, which is enough to shock and disgrace everyone.

"Don't worry, Mr. Gongye. When you have mastered the skill of destroying the sky, it will be enough to destroy all the heavens and the world. Ren Fanfan, the little one, is not your enemy."

Annihilation silent sword spirit cold voice way.

"So it is."

Gongyefeng was a little relieved and had been studying it for tens of thousands of years. Now he has a very thorough understanding of shenmientianzhao. He is almost ready for the fire. As long as he absorbs more breath of destruction, he will be able to achieve great success.

Gongyefeng has absolute confidence in God's destruction of Tianzhao. As long as he practices it, he will surely be able to suppress the universe and destroy everything. No mortal can resist it.

"When I'm finished, please don't forget our agreement and tell me where the Longyuan Sky Sword is buried."

"I hope you don't want to return to tiantaifu."

Chapter 5670

Gongyefeng's tone is full of expectation. He is willing to be Hong Tianjing's pawn. He takes the risk to practice the forbidden technique for the sake of Longyuan Tianjian.

He fell into the world and lost his accomplishments. It's impossible for him to return to the Supreme Master by his own strength.

The only hope is to get the Longyuan Sky Sword and fly to the sky.

With the edge of the Heavenly Sword, he can break through all the barriers, and let him return to the supreme world, enjoy the immortal blessing again, and live forever.

Annihilation sword spirit way: "this is nature, Mr. Gongye, please rest assured, I and Hong Tianwang promise to heaven, can you break? As long as you practice God's power of destroying heaven, destroy this extraterritoriality, let the universe become the nourishment of the heavenly king, and help him rise, I will fulfill my promise. "

Gongyefeng said, "that's good. I'm relieved."

He also knows that Hong Tianjing is sealed underground, and it is not easy to rise again.

The greatest hope of Hong Tianjing's comeback is to destroy the world and absorb the aura of heaven.

Gongyefeng did not dare to take the deal lightly.

He is very clear about Hong Tianjing's temper, which is absolutely cruel. If he fails, Hong Tianjing will be the first to sacrifice his head to heaven. He can't have the chance to survive.

Annihilation sword spirit way: "Mr. Gongye, now I'm back, with my help, your Divine skill will be able to practice, and now the situation changes, we don't have to worry about the torture of the natural punishment rules, can do it to our heart's content, look outside the upper world, who can compete with our two superiors?"

Gongyefeng said cautiously: "master Jianling, don't you really have to worry about the punishment of the rules?"

Annihilation silent sword spirit ha ha a smile, way: "don't worry, the will of the heavenly daughter once came, took a woman named Ye Luo Er, broke the rules, now the heavenly punishment all killed her head, won't punish us, can rest assured bold move."

Gongyefeng's eyes lit up and said, "so it is. Has the heavenly daughter become a shield? That would be great. "

There are rules in heaven and earth, and the superior can't do it at will, so Gongye peak has been silent for tens of thousands of years.

He lives in seclusion here, cultivating the spirit of annihilating heaven, but he doesn't know the outside world.

Now, from the mouth of annihilation sword spirit, he knew that the heavenly daughter had broken the rules and took a person away. Now all the punishment from heaven came to the heavenly daughter.

With this shield, he and annihilation sword spirit don't have to be afraid of any rules.

"Mr. Gongye, you continue to think of a way to track Ye Chen's whereabouts. I'll go to Miedao city first and arrest Jiudian."

Annihilation sword spirit arched his hand, ready to start.

"Well, thank you, master Jianling. That nine epileptic has the seven heaven seal of destruction. His aura is very strong. If you can catch him, I'll probably break through and practice it directly!"

Gongyefeng's eyes burst out sharp and greedy.

If we say that in the past, he was forced by Hong Tianjing's will to practice the skill of destroying heaven.

Now, he is completely voluntary.

He has already felt the power of this magical skill!

Once trained, he can even get rid of the shackles of Hong Tianjing and fight back!

"Mr. Gongye, I'll go."

Annihilation sword spirit a hand, tore the void.

In the void, there is a misty space-time.

This piece of time and space, is full of the color of chaos, let a person see one eye, there is a kind of dizziness, want to vomit impulse.

This is a lost time and space!

The so-called lost time and space, is different from the existence of real time and space, is a lost world, no time, space, aura change, eternal silence.

At the beginning, the sword spirit was banished to the lost time and space by Ren Fanfan.

With great luck and great will, he escaped from the lost time and space and returned to the real world.

Now, annihilation sword spirit has torn out a piece of lost time and space. Obviously, in the days of exile, he also benefited from misfortune and realized the secret of controlling lost time and space.

Whoa!

Annihilate the body of the sword spirit, rush into the lost time and space, and then a jump, unexpectedly take the lost time and space as the springboard, jump towards Miedao city.

"What a tough way! How can you use lost time and space as a springboard

Seeing this scene, Gongyefeng was so surprised that his eyes widened, and he admired the method of annihilation sword spirit.

Compared with the ordinary method of tearing the void, this method of time and space jump is hundreds of times faster, which is almost as fast as the instant movement.

in terms of sequence, ye Chen and Ren Fanfan are the first to go to destroy the Dao City, and the last to annihilate the sword spirit.

But, annihilation sword spirit this time and space jump means, the speed is too fast, ye Chen two people haven't arrived, he has already jumped many void, arrive to destroy Road city!

.....

Boom!

The sky of miedao city is full of thunder and storm.

A continuous stream of sword Qi, hissing, cutting all over the sky, sweeping the clouds in the sky to ashes."What's the matter?"

"What a great Kendo weather!"

"Where can it come?"

In the process of destroying Daocheng, many warriors were surprised and looked up at the sky one after another.

Then they saw a bright light shining in the sky.

The body of the silent sword spirit emerged from the sky.

The endless light, the endless power of the sword, were rolling around him.

It was as if the sword was cut to the extreme by the sky, and the sword would be cut to pieces.

Especially behind him, there is a strange dark lost time and space, vaguely floating and sinking, like thousands of demons dormant, which is even more palpitating.

"Where is nine epilepsy? Get out and die

Annihilation sword spirit is high above, the voice is like a big bell, big LV, blow out.

"Who is your excellency?"

A man, with a gloomy face, flies up and confronts the annihilation sword spirit. It's nine epilepsy.

Nine crazy character, is always crazy, free and uninhibited appearance, but at the moment, he faces the silent sword spirit, but it is dignified.

Because he clearly felt that there was an unusual and terrible breath on the annihilation sword spirit.

That breath, does not belong to this world.

It's the breath of the world!

"I'm here to take your life!"

The silent sword spirit gives a cold smile, and the sky sword appears behind it. The fierce atmosphere of silence kills all the sky, and even the sun is dim.

"Annihilate the sky sword! You are Hong Tianjing's weapon, annihilating sky sword! Actually cultivated a human form! When did I offend you and ask you to kill me yourself? "

Nine epilepsy see this sword, immediately incomparably moved and shocked.

That sword is the legendary annihilation sword, which represents the highest annihilation edge of the heavens. It is Hong Tianjing's weapon!

"A mole ant, I'm too lazy to talk nonsense with you. I've suppressed it!"

Annihilation sword spirit cold hum, also didn't say much, behind the sky sword kill, hum, incredibly divide light and change shadow, evolved 100000 flying swords, gathered into a torrent, toward nine epilepsy to kill.
