Chapter 5671

Annihilating the sword spirit is just the secret of killing heaven. He refined his sword skills, and even this ancient Hongmeng method, which ranked fourth, was successful.

This time, 100000 flying swords, rolling torrent, kill the sky and pass, the terror of the edge, simply cover the past.

In the city of extermination, many warriors were shocked and disgraced when they saw the terrible scene in the sky.

Nine epilepsy's facial expression, is also incomparably dignified.

"If you want to kill me, let's see if you have the ability!"

It's a huge blow.

Nine epilepsy did not give in, seven times destroyed Dao Yin, burst out in an instant.

Boom!

Nine epilepsy's fist, many destruction marks interweave, layer upon layer of superposition, and finally burst out a huge storm of destruction, mercilessly toward the front of the flying sword torrent.

A flying sword, was crushed by the destruction of boxing, suddenly flying around, unable to break into an array.

And nine epilepsy, momentum, a punch straight Huanglong, unexpectedly killed annihilation silence sword spirit in front of the body.

"Ha ha, it's a little interesting. The brute force is really powerful, but it's mole ants after all."

Annihilation silent sword spirit cold smile, not a bit flustered appearance, see nine epileptic fists to kill, he and point to make a sword, a wave and down.

"The sword Qi is annihilated, and heaven and earth are silent. Break it for me!"

The sword finger fell, a very gloomy, very dark, full of the breath of doomsday, instantly burst, the extremely cold air of the sword also burst out.

Nine epileptic fists, that heavy destruction road seal, only once, was broken by this terrible sword Qi.

Whoa!

Blood spattered.

A ferocious wound, in nine epilepsy fist surface, deep visible bone.

Severe pain, nine epilepsy forehead suddenly blue muscle burst.

In terms of physical strength alone, he would not lose to annihilation sword spirit. He would fight hard and even get the upper hand.

However, annihilation sword spirit is not a common man. It is impossible for him to compete with others for brute force. He is the supreme Heaven Sword. The sword spirit kills people by his edge, not brute force.

At this moment, the edge of annihilation Sky Sword broke out, and Jiuxian's destruction brute force had no effect at all. It was directly cut and seriously injured.

"A barbarian, also want to fight against my sword edge?"

Annihilation sword spirit disdains a smile, many sword shadow kill, formed a steel sword prison, directly trapped nine epilepsy.

Then, under the watchful eyes of the warriors of Miedao City, he directly took away the nine epilepsy, a space-time jump, and disappeared completely.

"Lord Jiudian has been taken away!"

"Who is that man? What a great swordsman!"

"Is he from the Confucian school? To avenge? "

The whole city is full of violence.

No one thought that Jiudian would be defeated and taken away directly.

They didn't know the existence of Hong Tianjing and annihilation sword, so they didn't know the true identity of annihilation sword spirit. They just thought that it was the people sent by the Confucian ancestors who wanted to revenge the hatred of killing Taoism.

Jiudian is the master of Miedao city. Now that he is taken away, the whole city is confused and at a loss.

Whoa!

At this time, two figures, tearing the void, appeared over Miedao city.

It is Ye Chen and Ren Fanfan.

"No! It's a little late! "

Ren special sees the appearance of whole city commotion, slightly a reckon, knew everything immediately, suddenly facial expression changes greatly.

"Mr. Ren, is Jiudian taken away by your old friend?"

Ye Chen looked around and saw the battle wave above the sky and the aftereffect of the sword. His face also became very ugly.

On the way here, Ren Fanfan has already told him that the old friend is the spirit of annihilating sky sword.

The latter has come back from lost time and space!

At the beginning, annihilating sword spirit was defeated by Ren Fanfan and exiled to the unknown time and space.

But now, he's back.

Even a blessing in disguise, master a trace of lost time and space to control the special skills.

There are also changes in the situation of heaven and earth, changes in the rules of natural punishment, the supreme daughter of heaven has become a shield and other things, on the way, ye Chen also learned from Ren Fanfan.

In other words, the situation he is facing is very dangerous.

No matter annihilating sword spirit or gongyefeng, they can attack him without scruple.

"Nine epilepsy is taken away, the next one is me!"

Ye Chen's sweat and hair stand upright, vaguely catching the extremely dangerous secret.

He is very clear, annihilate sword spirit and gongyefeng, can't let him go.

Even if he put down his previous hatred, his cultivation of destroying Daoyin is enough to make people salivate.

"Master Ren, can you find out the whereabouts of annihilation sword spirit? Where has nine epilepsy been taken? "

Ye Chen just wants to find annihilation silent sword spirit immediately and save nine epilepsy.

Rare Ren extraordinary on his side, he naturally did not want to miss. There is any special hand, want to annihilate silent sword spirit also can't match.

"I can't find it. That guy jumps in time and space. He's too erratic to trace."

Ren Feifan shakes his head. The escape of the silent sword spirit is based on the lost time and space. He is ethereal and has no trace. Even he can't trace back to the slightest trace.

"Really..."

Ye Chen tries to use the pupil of the extreme devil, but he can't see any trace of the cause and effect of heaven.

Annihilation sword spirit takes away nine epilepsy. The means of jumping in time and space is really wonderful. Although there are traces of sword Qi left at the scene, neither ye Chen nor Ren Fanfan can be traced back.

Because behind this, the mystery of lost time and space is involved. Even if the superior comes in person, they may not be able to have a clear insight.

"Boy, be careful yourself. I will use my contacts to trace the whereabouts of Jiudian. I hope he is still alive when I find him."

Ren Fanfan has a deep vision and is ready to leave.

Now Jiudian is taken away. The situation is very dangerous.

Once Jiudian destroys Daoyin and is deprived by gongyefeng, gongyefeng is likely to practice shenmientianzhao.

At that time, it will be the end of the world!

He has to find a way to stop it!

"Well, senior, I'll find a way to find it."

Ye Chen nodded solemnly. He and nine epilepsy went through tribulation together, and nine epilepsy helped him to break through the six heaven realm.

Nine epilepsy is difficult, he can't just sit by.

"If you have any information, please contact me with this edict."

Ren Fanfan waved his hand, and his aura became a message, which fell into Ye Chen's hand.

Originally, in his capacity, he could not intervene casually, but now, this matter is related to the survival of foreign countries, and he can't sit back and ignore it.

What's more, the natural punishment of the rules is all over taishangnv's head. With this shield, even if he intervenes, there will be no serious consequences.

Ye Chen accepted the Fu Zhao, and Ren Feifan turned into a streamer, tearing the void and leaving.

"I don't know where Master Jiudian was taken to?"

Ye Chen's brow is tight wrinkly, but have no clue.

"Brother, I can try."

At this time, ye Chen hears a voice coming out of the picture of the yellow spring.

It's the voice of the spirit child.

Chapter 5672

"Spirit boy!"

As soon as ye Chen's eyes are bright, he immediately enters the world of huangquan map.

In the picture of huangquan, linger has finished his cultivation. Standing under the Alsophila tree, he is obviously aware of the outside world.

"Spirit child, can you find the whereabouts of master Jiudian?"

Ye Chen can't wait to ask.

"Brother, I'll try now. I'm the spirit of miezhu in the center of the earth. I can feel the source of all the breath of destruction in the world. Maybe I can find the master Jiudian."

The spirit child is young, the voice is young.

The earth's heart destroying pearl has a strong breath of destruction. Therefore, the spirit child can use this bead to communicate with all the people who have practiced the Dao seal of destruction.

"That's great. Try it on!"

Ye Chen hears to have a way, immediately eyebrow tip a joy.

"Well!"

Ling'er nodded, sat down on his knees, offered sacrifices to the earth, closed his eyes and recited the ancient mantra.

The earth's core vanishing pearl suddenly expanded and became the size of a star. It hung in the sky of the yellow spring world. Thousands of pearls evolved, just like a star, shining everywhere, which was very eye-catching.

Pearls of precious spirit communicate with the world.

All of a sudden, on the surface of the earth's core bead, images emerge.

Those images show the whole world, the existence of all the breath of destruction.

Ye Chen heart beat, nervous looking at, also didn't make a sound to disturb.

The face of the spirit child is gradually pale.

Obviously, it is a great loss of aura to explore the world and trace the source of destruction.

"Puff!"

All of a sudden, a mouthful of blood gushed out, and the whole person fell to the ground.

Sobbing!

Suspended in the center of the earth, the bead directly shrinks and turns back to the original bead. The light is completely dim and falls from the sky.

"Spirit boy!"

Ye Chen sees this, hurried past to hold up spirit child.

"Baby, are you ok?"

Alsophila spinulosa tea tree also timely released a series of branches and leaves, continuously green light poured into the body of the spirit child, nourishing his breath.

"I'm sorry, brother."

The spirit child opens eyes, but is a little apologetic looking at leaf Chen.

Ye Chen said, "it's OK. What's the matter?"

Ling'er shook his head and said, "I can't find it. Before, when I faced xuanjiyue, I had consumed most of my strength. Now I don't have enough aura. I can't find the old nine epilepsy."

"Really..."

Ye Chen suddenly disappointed, thought to be able to find nine epilepsy, did not expect or failed.

Linger said: "brother, give me a little time, give me another month, my strength will recover, and then I will find Jiudian elder."

"A month..."

Ye Chen wry smile for a while, now time is so urgent, where can he wait a month.

If you really have to wait for a month, Jiudian must have been killed by gongyefeng. There is no chance of survival.

"Brother..."

Ling'er also bowed his head and felt the seriousness of the situation.

After killing Jiudian, gongyefeng won't stop.

No matter Ye Chen or ling'er, he will be his prey.

In particular, ling'er is the instrument spirit of the earth's center, which has the most abundant destruction energy. Gongyefeng can't let him go.

"Brother, I can't, why don't you try!"

All of a sudden, the spirit child raises a head, the eyes are bright and bright looking at leaf Chen.

"Me?"

Ye Chen is stunned.

"That's right, brother. You've cultivated the Dao Yin of destruction. You bless your energy of destruction on the earth's core Mie bead. Maybe you can find out the whereabouts of master Jiudian!"

The spirit child picks up the earth's heart to destroy the bead and hands it to Ye Chen.

Ye Chen heart a shock, way: "I use to destroy way seal, can hurt you?"

The earth's core destroying pearl is the essence of the spirit child, and ye Chen's destruction seal is extremely powerful. If you add blessings to it, it is likely to damage the spirit child.

Ling'er said with a smile, "I'll be fine, brother. Just do it."

"Well, be careful."

Ye Chen clenched his teeth and looked at the Alsophila tree: "Alsophila, take care of him for me!"

"Yes, Lord!"

Alsophila spinulosa tea tree also expected that once Ye Chen made a move, he would certainly hurt linger.

At present, the branches of Alsophila spinulosa tea tree are waving to release their own tree vitality, and then transfer the holy water to protect linger.

Ye Chen's hand is holding the earth's heart to destroy bead, the vision is concise, take a deep breath.

"Destroy the seal!"

A burst of drink, ye Chen hands have heavy destruction road seal, crazy burst out, pour into the earth's heart to destroy bead.

The whole earth center destroys the bead, absorbed Ye Chen's destruction energy, immediately blooms the dazzling divine light, incomparably dazzling. "Ouch!"

At the same time, the spirit child on one side is crying out in pain. His facial features are distorted, as if he was hit with a big hammer.

Obviously, ye Chen's destruction seal, blessed on the earth's core destroying pearl, also had a serious impact on him.

When the *Alsophila spinulosa* tea tree saw this, it quickly released a lot of vegetation vitality to nourish linger's meridians and treat his injury.

Ye Chen also heard the scream of the spirit child, in the heart a burst of gratitude.

"Master Jiudian, where are you?"

Ye Chen starts to look for quickly, just want to finish quickly, lest spirit child suffer.

After pouring the energy of destroying Daoyin into the earth's core, he immediately communicated with all the destruction. Countless pictures of heaven's secrets flashed in front of him, and he saw the source of the breath of destruction everywhere.

These sources are very weak, but they can be ignored.

Ye Chen didn't find the real powerful energy.

It's obviously not easy for a person of this level to capture his aura.

"Spirit child, hold back!"

Ye Chen has no choice but to increase his strength.

More violent destruction of the road seal, completely poured in the heart of the earth to destroy the bead above.

This time, the spirit child also issued a more tragic cry, directly fainted in the past, the corner of his mouth permeated with blood.

Obviously, ye Chen's destruction way seal, the lethality is too terrible, under the huge impact, he also can't bear.

Ye Chen clenches his teeth and keeps searching.

WOW!

Finally, in front of Ye Chen's eyes, a picture emerged.

In the picture, there is a vast sky.

In the sky, there is a huge mountain.

"Master Jiudian!"

Ye Chen clearly see, nine epilepsy was annihilated silent sword spirit, brought to this mountain.

A grey robed old man was waiting on the mountain. It was Gongye peak.

See nine epilepsy was brought back, gongyefeng old face, suddenly emerged a very brilliant smile, eyes full of covetous greed.

"Mr. Gongye, here we are."

"Very well, prepare for the initiation ceremony and deprive him of the seal of destruction."

Annihilation sword spirit and Gong Ye Feng talk.

Then, the two smile solidification, seems to have noticed Ye Chen peep.

"Ren Fanfan, is that you? What do you want to do stealthily? Come here if you have the courage! Don't think I'm afraid of you! "

Annihilation sword spirit look gloomy, just think is Ren special in peep at him, immediately pull out the sword, a sword cut off all cause and effect.

Chapter 5673

Hum!

The picture in front of Ye Chen's eyes is also cut.

"Cough..."

Ye Chen's Qi machine was backfired, a burst of chest tightness, coughed.

"Lord, are you ok?"

Alsophila spinulosa tea tree road.

"It's OK. I found them."

Ye Chen waved his hand and adjusted his breath a little.

Just seeing the picture, ye Chen has locked the secret, and has a precise insight into the location of annihilation sword spirit and Gongye peak.

"Annihilation sword spirit and Gongye peak are both superiors. Are you going to start now and face them directly?"

The Alsophila spinulosa tea tree is deeply worried.

"I'm not alone, and I'm a senior!"

Ye Chen ha ha a smile, took out Ren extraordinary Fu Zhao, pass the message in the past.

He believes Ren Fanfan will come soon after receiving the news.

As long as there is any special hand, the annihilation sword spirit and Gongye peak are afraid to be arrogant.

"Thank you, linger."

Then, ye Chen took a deep look at the spirit child, full of thanks.

In order to help him find nine epilepsy, ling'er pays a lot. Now he is seriously injured, and is impacted by Ye Chen's destruction of Dao Yin. I'm afraid he can't recover for a while.

"Alsophila spinulosa, take care of him."

Ye Chen releases the eight trigrams heaven elixir technique to treat ling'er. Then he hangs the earth center miezhu on his neck again, and finally gives the person to the care of the Alsophila spinulosa tea tree.

After a while, ye Chen felt that the herald had changed.

Ren Fanfan received the news, and his will came back from the Fu Zhao:

"boy, you go to stare at them first, be careful not to be run away by them, I'll be right there, be careful, don't start, wait for me to come!"

As soon as the transmission of this will is over, the Fu Zhao burns and turns to ashes, losing all aura.

Ye Chen feels Ren's extraordinary will, which is also Mingwu.

Ren Fanfan's meaning is to ask him to set out first and stare at annihilation sword spirit and Gongye peak, so as not to let the target escape and lose all his previous achievements.

Ye Chen naturally understood that he immediately left the map of the yellow spring and tore away the void along the direction of the heavenly lock.

.....

At this time, the distant sky.

It's on Genyue peak.

Nine epilepsy, annihilation sword spirit, Gongye peak, are all on the mountain.

"Despicable rats, if you have any conspiracy, just say it. You'd better kill your grandfather and me immediately, so that I won't suffer from any flesh and blood."

Nine epilepsy's body, cast by thousands of iron swords, is locked up.

But he didn't give in.

Outside the cage, annihilating Jianling and gongyefeng looked at him with bad intentions.

"Ha ha, your Dao Yin of destruction has seven great accomplishments. It's a pity to kill you."

Gongyefeng smiles and his eyes are full of greed.

Nine epilepsy heart a chill, inexplicably have a kind of ominous premonition.

"Lord Jianling, you said that the man who just peeped at us was Ren Fanfan? Now that this place has been exposed, do you want to move it? Find a safe place and arrange the deprivation ceremony? "

Gongye peak looks at the silent sword spirit, and his tone turns solemn.

Annihilation silent sword spirit way: "in addition to that Ren extraordinary, who has such great ability, can break through the dense fog, peep into the existence of this place?"

But he didn't expect that, in fact, the peeping person is not Ren Fanfan, but ye Chen. Relying on the effect of destroying the beads in the center of the earth, he successfully locked in here.

"I feel that the secret here has been locked. Even if we run away, we can't escape. We can only fight."

Annihilation sword spirit looked around, and felt that the breath here had been completely locked. They could not escape. No matter where they fled, they would be traced back.

"What about that?"

Gongyefeng is a little worried, and he is always afraid of Ren extraordinary.

"Mr. Gongye, you can rest assured that last time I was defeated by Ren Fanfan, it was just a moment's carelessness. How could Ren Fanfan, the little one, defeat us and annihilate the power of the Heavenly Sword? I've wanted to take revenge for a long time. This time he's the best. When I kill him, it's a shame before snow! "

Annihilating sword spirit clenched his fist, and his eyes were full of hatred.

It was a great shame that he was defeated by a subordinate.

This failure has become a magic barrier. If it can't be washed away, he will have no chance to break through in the future, and even be in danger of being possessed.

Gongyefeng's eyes twinkled and he was thinking.

It's true that annihilation sword spirit is a powerful sword. It can't be defeated so easily.

No matter how fierce Ren Feifan is, he is not the superior after all. He may not be the enemy of annihilating sword spirit.

At the level of Ren Fanfan and annihilation sword spirit, it is not only the cultivation strength, but also the mysterious things such as the fate of heaven, geomantic omen and so on that decide the battle.

Annihilation sword spirit is the upper Heaven Sword. From the aspect of Qi, it's better than Ren Feifan. If you really want to fight, you'll win a lot. Of course, all this is their guess.

"That's good, Lord Jianling. Please do everything. I'll set up the deprivation array right away. When I absorb this man's destruction seal, I can also help you."

Gongyefeng stares at Jiudian, like a wolf looking at his prey.

"Well, you go."

Annie Ji sword spirit nodded, untied the iron sword cage, and then controlled more than a dozen iron swords, running through the nine epileptic Pipa bones, arms, thighs, chest and other places, so that he did not have the ability to struggle against.

More than a dozen iron swords pierced the body. The pain was abnormal. Nine epileptic faces were twisted, but they were forced to endure the pain and didn't cry out.

"Ha ha, you two wolf hearted people, it's a fool's dream to deprive me of my destruction seal!"

"How can outsiders deprive me of my way?"

"You can kill me, but you can't take my seal!"

Jiudian sneers and scolds. He has absolute confidence in his own cultivation.

His seal of destruction has been cultivated to the seventh heaven, and is integrated with the body, spirit and soul.

He does not believe that in this world, someone can take away his Dharma, which is impossible.

"You may be hard mouthed, but when my doomsday judgment comes, I'll see how long you can be hard mouthed."

Gongyefeng laughs and ignores Jiudian's words. With a wave of his hand, a strong wind rolls up and takes Jiudian's body to the top of the cliff waterfall.

On the top of the cliff waterfall, there has been a ritual array for a long time.

The ceremony of depriving and destroying Daoyin is about to open!

Annihilation sword spirit saw one eye, then no longer tube, take a deep breath, under the waterfall and sit on his knees, calm mind.

The war is coming. If he wants to revenge and fight against renfeifan, he must concentrate.

Although he said that the sky was ringing, the annihilation sword spirit also knew that Ren Fanfan was not easy. In particular, the nine heaven God skill, Xihuang thunder seal, was powerful enough to cover the sky. He had to deal with it carefully.

Gongye peak and annihilation sword spirit, a preparation ceremony, a meditation.

Two people didn't find, a figure, has quietly torn the void, appeared outside.

Chapter 5674

This figure is Ye Chen!

Ye Chen is careful to use a bright source symbol to turn it into a light, hide his body and hide outside the great cold Genyue peak.

Ye Chen has six source symbols on hand: bright source symbol, dark source symbol, Gengjin source symbol, thunder source symbol, highly toxic source symbol, and Wutu source symbol. They are rarely used in daily combat, but they can still play a very magical effect in some special occasions.

For example, as soon as the light source sign is released, ye Chen's body becomes a light. As long as he hides a good breath, even the silent sword spirit may not be able to see his existence.

"Master Jiudian!"

People outside the mountain, ye Chen a see, nine epilepsy figure.

At the top of the waterfall cliff, Jiudian's body is pierced by more than ten iron swords. It's so miserable that he is thrown into a ritual array.

In this ritual array, the patterns are dark and the layers of patterns are very complicated.

Nine epilepsy is on the position of the eye of the array, while Gongye peak is on the edge of the array.

"Barbarian, your destruction seal is going to belong to me!"

Gongyefeng grins coldly, bites his fingertips and smears his blood on the array.

Hum!

On the array, there was a breath of terrible judgment, as if the end had come.

"It's the trial formation!"

Ye Chen's eyes widened and his heart beat violently.

It's a good array.

If you are a general destroyer of Daoyin, Gongyefeng will deprive you directly, but Jiudian's destroyer of Daoyin has already reached the seventh heaven.

It's hard to take away the seal of nine epilepsy by ordinary means.

Therefore, Gongyefeng specially arranged the trial array.

"Too God to judge?"

Nine epilepsy see around a wisp of dark trial breath, is also moved, feel strong bad.

"Ha ha, Manzi, you have a bit of vision. If you can die under my way, you will die in the right place."

Gongyefeng laughs, and a magic formula in his hand blows out. The whole array is full of dark light.

Whoa, whoa, whoa!

The strong atmosphere of trial directly turned into a series of trial sword Qi, which broke out from the bottom of the array and killed nine epilepsy crazily.

All of a sudden, nine epilepsy canthus crack, bear great pain.

These trial sword Qi, cut to kill to come over, nine epilepsy only feel, own destruction Dao Yin, unexpectedly really want to be stripped out of the body.

"Damn it

Nine epilepsy bit teeth, but did not expect Gongyefeng means so much, actually really have a way to deprive him of his road seal.

"Ha ha ha, barbarian, are you still arrogant?"

Gongyefeng looks at Jiudian's expression, and immediately laughs, feeling very happy.

"I'll fight with you!"

Nine epilepsy incomparable anger, forehead Qingjin suddenly.

In his rage, he burst out with a ferocious blow, like hitting the Yellow Dragon. The style of his fist brought a fierce storm of destruction and roared to Gongye peak.

His body is penetrated by more than a dozen iron swords, and also bears the power of justice. In such a dangerous situation, it is inconceivable that he can fight back.

Gongyefeng was startled on the spot. He didn't expect that Jiudian's fighting spirit was so powerful.

This fist is holding the seal of destruction. It's a storm. He's casting and can't resist it.

"Dying, still want to struggle?"

Gongyefeng is about to be smashed by Jiudian. At this time, there is a flying sword, which will kill all the destruction storms.

"Thank you, master Jianling!"

Gongye peak escaped from death. He could not help sweating and looked under the waterfall.

It is the annihilation sword spirit who makes the move.

At the moment, the silent sword spirit is still sitting under the waterfall like a sculpture.

The flying sword is the result of his spirit and will.

He is the supreme sword of heaven. He has great attainments in kendo. A hair, a look and a little spirit can be changed into a flying sword to kill heaven and earth. He is very powerful.

Nine epilepsy chest, was also annihilated silence sword spirit flying sword through, blood splashing, mouth is also spitting blood, looks extremely tragic.

"No..."

"I'm not willing to..."

Nine epilepsy throat issued a low roar, under the pain, only feel that life is constantly passing, even the strength of sitting are not, fell lying on the array.

Ye Chen witnessed the whole scene and felt extremely sad.

Nine epilepsy, the former unrestrained man, is now a dying beast, dying.

"No, master Jiudian!"

Ye Chen clenches his fists, and his eyes are split. His heart is full of resentment. He looks at gongyefeng and the silent sword spirit. He wants to kill them all and save Jiudian.

However, no matter gongyefeng or annihilation sword spirit, they are very powerful, ye Chen is not the enemy at all. Before coming, Ren special had entrusted him, want careful action, do not move, must wait for him to come over.

But, see nine epilepsy so miserable, how can ye Chen be indifferent?

Furious and angry blood, from the bottom of Ye Chen's heart.

His eyes burst out with a strong sense of war.

"Master Jiudian, I'll save you!"

A startling storm drink, ye Chen suddenly appeared, the hands of the golden light burst, thousands of heavy light condensation.

"Eight parts of the Fu Tu Qi!"

The towering and magnificent pagoda of futu appears in Ye Chen's hands and is suppressed towards Gongye peak.

"What

Gongye peak was surprised, obviously did not expect that ye Chen would appear here.

He was casting a spell, and his mind was in the trial battle. He couldn't be distracted at all. He saw the pagoda fall, but he didn't have any means to defend it. He quickly cried:

"Lord Jianling, help

"Boy, what are you doing here?"

Annihilation silent sword spirit see ye Chen appear, is also incomparable surprise, he thought that the person who came here, should be Ren extraordinary.

Where thought, unexpectedly can be leaf Chen.

Seeing that ye Chen's pagoda is about to smash Gongye peak into meat sauce, he flies out of the waterfall in a hurry. With a wave of his royal sword, the Blazing Sword goes across.

Whoa!

In Ye Chen's hand, the pagoda of a thousand story pagoda is cut into nothing by a sword.

It's terrible that annihilating the sword spirit's attainments in kendo.

The strong sword spirit also forces Ye Chen to retreat repeatedly. Finally, he shows the weather of the yellow spring world, which can be blocked.

"Ye Chen, it's you!"

Nine epilepsy see ye Chen came, is also the spirit of shock, a face of consternation.

"Master Jiudian, are you ok?"

Ye Chen clenches his teeth and releases the eight trigrams heaven elixir in the air. The Taoist divine light comes down like rain and falls on Jiu Dian.

Nine epilepsy got Ye Chen's treatment, slightly recovered a little vitality, drank: "boy, are you crazy? What are you doing here? If you don't want to die, go

Nine epilepsy is very clear, leaf Chen a person comes here, completely is send to death just.

It's just a place of origin. How can it be the enemy of annihilating sword spirit.

I'm afraid, annihilation silent sword spirit a sword Qi, can break Ye Chen into ten thousand pieces.

Chapter 5675

The killing power of the supreme sword is absolutely unimaginable terror.

"Master Jiudian, hold on, I'll help you out right away!"

Ye Chen grits his teeth and sees that the annihilation sword spirit is powerful. If you fight, it's absolutely dead and there's no chance of winning.

A strong man like annihilating sword spirit can only be dealt with by Ren Fanfan.

"Light source symbol, dark source symbol, chaos covers the sky!"

At a critical juncture, ye Chen releases both the light source symbol and the dark source symbol, and urges them desperately.

A bright light, mixed with a dark breath, straight into the sky, instantly covered the sky.

A light and a dark, forming a mysterious chaos, like the eight trigrams pattern, in the sky rotation, stir the wind and cloud rolling, flying sand and rocks, source gas frenzy.

After practicing the new Hongmeng Yuanshu and Taiyang Xianhuang chop, ye Chen's Yuanshu cultivation has been improved. Now he controls two Yuanfu at the same time and creates a violent chaos.

The sudden appearance of light and dark chaos made Jianling and Gongye peak a little dazed, unable to see the reality.

Taking advantage of this opportunity, ye Chen immediately flies down, grabs the body of nine epilepsy, flies to escape, and wants to escape.

"I want to run under my nose?"

Annihilation sword spirit's vision is disturbed by the light and dark, and can't see the virtual reality clearly, but his perception is very sharp, and he has already noticed Ye Chen's attempt.

"Zhutian Shenjian Jue, kill me!"

The sky sword comes out, and the light and shadow become illusory. A hundred thousand flying swords rush against the sky, and gather into a terrible torrent, and go to kill Ye Chen and Jiu Dian.

Woo woo!

In the sky, the confusion of light and darkness was swept away by the sword, and the sky became clear again.

Ye Chen and nine epilepsy two people, in the sky against the backdrop of the torrent of flying sword, as if two mole ants as small, will be killed immediately.

"The sun is shining!"

Seeing the torrent of flying sword, ye Chen bites his teeth and feels extremely dangerous.

Life and death, ye Chen Dantian burst, Dantian contains millions of stars energy, all burst out.

The incomparably blazing and dazzling golden light blooms from ye Chen. A huge sword of the sun is thundering and rising in an instant.

Boom!

It's like the sun explodes in the sky, and ye Chen cuts the sword to the torrent of annihilating sword spirit.

The energy of a million stars, at this moment, has been released to the extreme.

Boom!

The sun giant sword and the flying sword collide with each other fiercely. The fierce aura explodes into a mushroom cloud, smashing and bursting everywhere.

The torrent of flying swords that annihilated the sword spirit was blown up on the spot, and the flying swords turned into smoke and clouds, and the breath dissipated.

Ye Chen's huge sword of the sun was also cut by the sword Qi all over the sky and disintegrated. Finally, it evolved into a continuous stream of flame of the sun.

On Genyue peak in Dahan, many waterfalls and forests collapsed into ruins one after another due to the impact of the collision between the two people's swords. The vegetation was agitated, the waterfalls stopped flowing, and the water vapor was rolling. It was magnificent.

The trial array of gongyefeng lost the support of the earth, but it didn't collapse. The lines of the array were suspended and shining in the sky.

"I'm standing in my way."

Annihilation silence sword spirit body flies back, eyes full of surprise, staring at Ye Chen.

His swordsmanship is earth shaking. He thought he could kill Ye Chen with one blow.

But, did not expect, ye Chen unexpectedly practiced the sun immortal Huang to chop, resisted his one blow.

"Lord Jianling, don't let them run away!"

Gongyefeng's face was twisted, roaring and staring at Jiudian.

Nine epilepsy is his prey. He doesn't want to miss it.

At this time nine epilepsy, is standing beside Ye Chen.

Looking at the mess in front of him, a bitter smile appeared on Jiudian's face and said: "boy, leave me alone, you go."

Ye Chen's strength is really strong, even blocked the annihilation silence sword spirit's blow, but nine epilepsy also know, this is Ye Chen's limit.

If the stalemate goes on, ye Chen can't be the enemy of annihilating sword spirit. He will die.

Ye Chen is a bit disheartened. Although he defends the flying sword of the silent sword spirit, his body is also seriously impacted. His robe is almost broken, his hair is excited, and there are small sword cutting wounds on his arm skin and cheek.

He also knows that he has reached the limit.

"No, master Jiudian, let's go together!"

However, ye Chen did not give up nine epilepsy, eyes are still full of war.

Looking at the annihilation sword spirit ahead, ye Chen has made up his mind. His reincarnation blood is burning faintly. He is ready to use all his cards, and death will take Jiu Dian away!

This is Ye Chen's way!

He will never give up the people around him!

Looking at Ye Chen resolute appearance, nine epilepsy stay a stay, deeply moved.

But the annihilated sword spirit over there was extremely indifferent. He said with a smile: "boy, if you have a chance, you don't run. Now you want to die, don't blame me." "Annihilate the sword of heaven, and destroy Wanfang!"

A burst of drinking, a ray of green and secluded fine awn, rose from the cover of the dead sword spirit, and turned into a terrible sword.

This huge sword of fear is the annihilation sword!

The sword body of the giant sword is full of ancient lines of silence and destruction, and countless Kendo totems full of the flavor of killing and cutting are constantly ups and downs, which is very spectacular.

As soon as this sword comes out, the supreme power of killing Tianwei will spread all over the sky.

Boom -

accompanied by a very dull sound of air flow, the annihilation Sky Sword cuts through the sky and cuts down with the most powerful power.

Ye Chen's pupil contracts, clenches his teeth, and his palm looms with reincarnation veins. He is ready to work hard.

However, at this time, nine epilepsy suddenly flew out.

"Boy, thank you for your help. Go back."

"You let me feel the temperature of the martial arts world at the last moment of my life."

"That's good."

Nine epilepsy body has a heavy destruction road seal, emerge and rise, violent destruction energy in brewing.

He looked back at Ye Chen, eyes with free and easy and resolute.

"When I go back, I'll practice well. I'll practice to the point of jiuchongtian to realize my wish."

"And if you have a chance, avenge me!"

The voice of determination is directly transmitted into Ye Chen's spirit.

Then, the destructive energy of Jiudian's whole body surged to the extreme, forming a dark ball of light, which covered his whole body and was about to explode.

"Master Jianling, be careful! He's going to blow himself up and destroy the seal! "

Gongye peak in the distance, aware of this scene, immediately panicked and called, and immediately flew back to drive the trial array, turned into a guard border, blocking in front of him.

"Damn it

The annihilation sword spirit felt the terrible atmosphere of destruction in front of him. His eyes contracted and his heart vibrated.

However, his heavenly sword had been cut down. The sword was so powerful that he could not take it back.

Bang!

Nine epilepsy facing annihilation silence sky sword, directly flew to rush up.

One person, one sword, collide with each other.

Chapter 5676

Nine epilepsy body black destruction light shield, a touch of the sky sword to kill cutting breath, immediately exploded.

Unimaginable destruction energy bursts out in an instant, such as tens of thousands of suns blooming, tens of thousands of black holes exploding at the same time, and the dark destruction storm surges into the sky.

The whole world was smashed by the violent atmosphere of destruction. It was just a blue sky. Now all the pieces of space rules have been smashed. The sky has become the gray color of doomsday. It is full of the air of destruction. It collapses everywhere, and there is no sunshine.

The appearance of the great cold Genyue peak was also blown up, leaving only a magic core full of the smell of clay, still suspended in the air.

Annihilation sword spirit was the first to bear the brunt of the most serious explosion. In a moment, he vomited blood and flew backward. He was almost involved in the turbulence of space and completely lost.

Fortunately, he reacted quickly, steadied his figure and stood still, his face was pale.

"Damn it! This guy

Annihilation sword spirit's facial features are extremely twisted. I didn't expect that nine epilepsy would suddenly explode.

Jiudian's Dao Yin of destruction has been fully cultivated to the seventh heaven, and his cultivation is also extremely strong. He will destroy himself at once, and his power is so terrible that even heaven and earth will be blown up. If it is not for the annihilation sword spirit's strong cultivation, he will be blown to death.

"Master Jiudian!"

Ye Chen is startled to shout, also don't expect nine epilepsy will explode.

Nine epileptic body, in the self explosion, turned into a little bit of ashes, completely disappeared, even the body did not leave.

The destructive power of qichongtian's destruction seal is still too terrible, even his own bones can't be preserved.

"Annihilate sword spirit, I want you to die!"

Ye Chen recalled the past, and nine epilepsy fighting side by side of the picture, can't help bleeding heart, eyes a red.

Staring at the annihilation sword spirit in front of him, ye Chen's incomparable hatred roared like a beast, and then he flew out to kill. The huge sword of the sun soared, the destruction seal opened, and the incomparably brilliant sword chopped toward the annihilation sword spirit.

"No!"

Annihilation silence sword spirit facial expression big change, he at this time has been seriously injured, face a sword of Ye Chen, immediately feel incomparably hard.

"Time and space jump, move!"

At the critical moment, a dark lost space-time appeared behind the annihilated sword spirit. There was a strange law of space all over his body. As soon as his body shook, he wanted to jump into space-time to avoid Ye Chen's attack.

"TIANYAO Shensuo, stop!"

"Alsophila spinulosa, stop him

Ye Chen had been ready for a long time. When he saw the action of annihilating the sword spirit, he not only used the heavenly demon divine rope, but also immediately summoned the Alsophila spinulosa tea tree from the yellow spring map.

Huge tree demons immediately emerge and take root in the void. Branches, like dragons, extend to the surrounding layers of time and space. With the lost time and space of the silent sword spirit, they are all extended by the ancient branches.

"Want to run? Stay

The Alsophila tree snorts. Under the endless branches and leaves, all the rules of time and space around are disturbed. Even if the sword spirit wants to run, it can't run away.

"Puff!"

Time and space were disrupted, and annihilation sword spirit was attacked on the spot, spitting out a mouthful of blood.

"Soul devouring the sky!"

"Die for me!"

Ye Chen's eyes are cold, and his big hand suppresses them. He beats the annihilation sword spirit hard.

A giant virtual shadow with a long sword and flame appeared in front of the spirit of annihilation sword!

"Am I going to die here today?"

Annihilation sword spirit eye pupil contraction, in Ye Chen bite soul all over the sky, only feel the soul tearing pain, soon will be completely suppressed by Ye Chen.

He never thought that he would be reduced to this situation. Ren Fanfan hasn't seen it yet, but he will fall on Ye Chen's hand. It's just incredible.

In fact, the peak duel, ye Chen is not his opponent.

However, now nine epilepsy self explosion, has blown him into a serious injury, he this next face Ye Chen, but it is powerless, to ditch capsized.

"Master Jianling, be careful!"

Gongye peak in the distance was startled to see this scene. I didn't expect that annihilation sword spirit would be so embarrassed.

Annihilation sword spirit is fierce, but after all, he only practices Kendo, and his body is very weak. He suffered from the self explosion of nine epilepsy at close range, and suddenly fell into a desperate situation.

This is also the weakness of annihilation sword spirit. He only practices Kendo, and his sword technique is so strong that it's against the sky, but his physical strength is too poor. Now he was hit by Jiudian, and he was in a great embarrassment.

Gongyefeng just used the trial array to block the explosion of Jiudian. The array was broken, but he didn't get much impact.

"Heaven's judgment, the sword of judgment, is coming!"

Seeing the danger of annihilating the sword spirit, gongyefeng rushed out.

The ultimate trial method surged out of his hands, and the endless breath of trial evolved into a sword, cutting towards Ye Chen.

This is the ultimate sword of trial, with a tremendous momentum of trial. Ye Chen's eyes shrink slightly, looking at the sword, remembering the scene of fighting with Tiancan Niang when she was in shengtianfu.

Gongyefeng's judgment method is much better than tiancanniang's. this sword of judgment is also much more terrifying.

Ye Chen was enveloped by the sword Qi, and immediately felt that his life's cause and effect, merits and faults, and all kinds of killing would be judged by the road in the dark. His spirit was shaken, and he had the illusion of being a prisoner.

"The picture of the yellow spring, Yu!"

Ye Chen's face changed slightly, and he quickly stepped back. At the same time, he unfolded the picture of the yellow spring, forming a barrier in front of him.

Whoa, whoa, whoa!

The breath of judgment collides with the picture of the yellow spring, and the strange green smoke rises from transpiration.

Ye Chen's body is extremely strong. The sword of judgment is pure sword Qi. If it can't hurt him, it's the power of judgment.

All human beings have the magic barrier of killing thoughts. When they act all their lives, they will also be infected with numerous causes and faults.

These causes and effects will turn into crimes and risk being tried.

Once he is really judged, ye Chen's body will explode with the fire of purgatory, just like the hundreds of warrior corpses he saw in the underground palace of the Confucian God Valley, and finally he was killed by the fire of judgment.

Fortunately, Gongye peak is in a hurry, and the power of the sword of judgment is limited. Ye Chen has a yellow spring to resist, but he is not hurt.

However, gongyefeng took advantage of this opportunity to escape with the annihilation sword spirit.

"Well Boy, I'm so embarrassed! "

Annihilation silent sword spirit breath almost can't breathe, dead stare at Ye Chen, the vision is full of resentment.

"Unfortunately..."

Ye Chen is very sorry in his heart. He can't kill the sword spirit once. It's hard to have another chance in the future.

The gap between him and annihilation sword spirit was too big after all.

Annihilation sword spirit take a deep breath, will communication supreme world, rolling supreme spirit, came to him.

His injury recovered quickly, and his eyes gradually recovered.

Chapter 5677

"Mr. Gongye, kill him for me!"

Annihilation silent sword spirit points to leaf Chen, matchless indignation way.

"Lord Jianling, but..."

Gongye peak is a little hesitant, now nine epilepsy has self explosion, he wants to absorb destruction energy, can only place hope on Ye Chen.

If you kill Ye Chen, ye Chen's destruction seal will also disappear. It's too wasteful.

Annihilation sword Spirit said harshly: "this boy is the Lord of reincarnation, you can't judge him, kill him directly! The earth center destroys the bead on him, kill him, the earth center destroys the bead is yours

Annihilation sword spirit now just want to kill, ye Chen almost made him fall, his heart incomparable fire and fear, must immediately kill Ye Chen, in order to solve the heart hate.

"The earth's core is destroying the Pearl..."

Hearing the word "Earth's center extinguishes the Pearl", gongyefeng's eyes suddenly brighten.

Looking at Ye Chen's diagram of the yellow spring, he also feels that there is the cause and effect of the earth's center destroying the Pearl in the diagram of the yellow spring!

The earth's core is in the world of the yellow spring!

The destructive energy of the earth's core destroying pearl is much stronger than that of the ordinary warrior who destroys Daoyin. Gongye peak has always wanted to devour it.

However, in ancient times, the earth's core miezhu gave birth to a spirit, which was sheltered by the heavenly daughter. He was not good at it. Now, with the vicissitudes of time, the protection of the heavenly daughter has disappeared, which is a good time for him to start.

"Good! Lord of reincarnation, you will die today! The earth's core is mine

In Gongye peak's old eyes, a murderous spirit suddenly appeared.

He is also very clear that ye Chen has reincarnation blood. It's not easy to try and kill him. It's ten times harder than depriving nine epilepsy's seal.

Therefore, it's a faster way to kill people directly and snatch the earth's core and destroy the Pearl.

"God destroys Tianzhao Gong, open!"

Gongyefeng drank wildly, his gray robe burst, his hair fluttered, and a terrible smell of destruction poured out of his body.

Sobbing, sobbing, sobbing!

Between the heaven and the earth, the air current roars, the spirit power explodes.

The breath of infinite destruction condenses behind Gongye peak and condenses out a round of sun.

This round of sun, however, is a dark color, which is completely condensed by the destructive energy. As soon as it emerges, it will rise up and hang in the air, giving off a terrible power.

"This is "God destroys heaven and shines on it?"

Ye Chen stares at that dark sun, heart suddenly a burst of throb.

After being trained, shenmientianzhao skill can evolve into black sun Tianzhao skill. If the sun shines once, it can destroy all worlds and overthrow the universe. It is very powerful.

"Ha ha, boy, if you can die under the power of my God's destroying the sky, you will die in a proper place."

Gongyefeng sneers. He has been practicing hard for tens of thousands of years. Although this work is not perfect, it has a little success. It can be released to kill people.

This time, the dark sun and the sky that he condenses is far away from breaking everything, but the terror energy contained in it is enough to kill the strong of Taizhen realm. It is not difficult to deal with Ye Chen's original realm.

"It's dark. I've suppressed it!"

Gongye peak roared, the old palm waved, and the dark sun roared and came down to Ye Chen.

Ye Chen's eye pupil shrinks, immediately feels the infinite destruction energy, the pocket head suppresses down.

The breath of destruction contained in this dark sun is even more powerful than when nine epilepsy was alive. Once attacked, ye Chen's body will collapse in an instant, and even the dregs will not be left.

"Lord, no! Run away

The Alsophila spinulosa tree is also shocked to see this. Even if it is dragged into the picture of the yellow spring, it may destroy the whole world of the yellow spring. It's hard to resist such a terrible destruction of the sun.

Ye Chen's face is very ugly. It's the legendary nine heaven divine skill. Its power is too terrible. It's just a small state. It's so terrible. If it's really full, isn't it really going to destroy the world?

"Two men, they only bully the younger generation!"

"Xihuang thunder seal, break it for me!"

Ye Chen was about to be suppressed by the dark sun, but at this time, a very loud voice sounded from the distant sky.

"Any elder!"

Ye Chen hears this voice, immediately matchless surprise, looking to the horizon.

I saw a natural and elegant, incomparably burly figure, from the distant sky swept, it is Ren extraordinary!

Ren Fanfan's hands are sealed. In the fingerprints, there is an eternal thunder light, which blooms to the sky. Layers of thunder and lightning breath evolves into the totem of the emperor. It is full of empty space, and if you want to be powerful, you will face the world.

"Ren Fanfan, it's you!"

Annihilation silence sword spirit see Ren special come, only frighten the facial expression is defeated miserably, whole body shiver.

Although, he has anticipation, Ren extraordinary meeting comes.

However, he is now injured by the blast and has not recovered. He is not Ren extraordinary's enemy at all. At the moment, seeing Ren Fanfan's figure, he only feels that he is towering, lofty and invincible.

"Are you Ren Fanfan?"

Gongye peak is also eye pupil contraction, shock to the extreme.

He is extremely powerful in his nine heaven divine skill, which is to destroy the sky and shine on the sun.

However, in Ren Fanfan's hands, there is also the evolution of nine heavenly magic.

It's Xihuang's thunder seal, which is different from gongyefeng's half hanging son. Ren Feifan's nine Heavenly God skill has been successfully practiced. As soon as it's released, the thunder is rolling all over the sky, the golden lightning is exploding, and the power is surging to the extreme.

Boom!

Ren extraordinary a palm blast to kill down, Lei Yin town fall, such as collapse.

That round of black sun was bombarded by his Xihuang Leiyin and burst out on the spot.

Boom

The huge black sun burst and burst into a continuous stream of air. It ran around and disappeared in the wind, leaving no trace.

Everywhere, only Ren extraordinary lightning golden light.

The brilliant thunder of Xihuang reflected the whole void, shocked the universe and eclipsed the sun and moon.

"Puff!"

The magic power was broken. Gongyefeng spat out blood, mixed with broken internal organs, in a mess.

"Hong Tianjing's two running dogs, today I will kill you first!"

Ren Fanfan's eyes are cold, scanning Gongye peak and annihilating sword spirit.

Both of them felt Ren's fierce eyes. They were both heartbroken and trembling.

"Hum!"

Ren Feifan didn't hesitate at all. He cut out his sword with no fancy and went to kill annihilation sword spirit and Gongye peak.

"Gen Yue turns Qi, Zhen Tian Huang Cheng Jian, Yu!"

At the critical moment of life and death, Gongye peak drives the magic core of Dahan Genyue peak. The essence of Wutu rushes out and turns into nine huge swords. It turns into a sword prison.

This is Ye Chen's sword of zhentianhuang city!

Bang!

Ren Fanfan's sword was cut on the sword prison, but it was blocked by the huge Wutu sword.

"Why?"

See, Ren extraordinary quite surprised, did not expect Gongye peak still have to protect life.

"Let's go!"

Gongyefeng drops the magic weapon core, the Zhentian imperial city sword breaks out to the extreme, and then pulls the annihilation sword spirit to escape.

"Ren Fanfan, you wait for me, next time, I will surely wash the shame of today!"

Annihilation sword spirit escaped from death, unwilling to roar, and then with Gongye peak, a space-time jump, quickly left.

At this time, his injury has recovered a lot, and then the use of space-time jump means, the Alsophila tree can not stop, countless branches have been broken.

In the blink of an eye, annihilating Jianling and gongyefeng, they ran away completely.

"Zhentian imperial city sword, I didn't expect this guy to be able to do it."

Ye Chen looked at the huge sword of Wu earth floating in front of him, and his face suddenly sank. All this seemed to be unexpected and reasonable.

Chapter 5678

Ye Chen can drive the magic power of zhentianhuangcheng sword with wutuyuan rune, but unexpectedly, Gongye peak can also drive with Dahan Genyue peak.

One of the magic weapons left in the core of Shiwu mountain is one of the three magic weapons.

Now relying on this core, gongyefeng successfully blocked Ren Fanfan's attack, and finally won the chance for annihilation sword spirit to escape smoothly.

"The source is interlinked, and many magical powers are interlinked. Take this magic core, it's good for your cultivation."

Ren Fanfan saw annihilation silent sword spirit and Gongye peak run away, his face didn't fluctuate too much, took the core of Dahan Genyue peak and threw it to Ye Chen.

Ye Chen takes over this kernel, and immediately feels a strong essence of Wutu. If this kernel is integrated into Wutu Yuanfu, it should be able to improve the quality of Yuanfu.

"Senior Ren, but they ran away..."

However, ye Chen is not happy, nine epilepsy self explosion tragic death, the murderer has escaped, can't revenge, his heart is very guilty.

"After all, it's the superior. He's very lucky. He doesn't die so easily."

Ren extraordinary shook his head, tone slightly dignified.

Ye Chen's heart sank. Sure enough, people like annihilating sword spirit and gongyefeng were all superior. They were very lucky. It was not easy to kill them.

"I'm afraid it's not good for them to make a comeback this time."

Ye Chen deeply worried, annihilate sword spirit and Gongye peak, behind these two people, there is the shadow of Hong Tianjing.

This time the snake won't die. Next time they make a comeback, it's hard to deal with them.

Especially annihilation sword spirit, after this disaster of life and death, he is likely to break through and then stand up, break through cultivation, and his strength will become more powerful in the future.

Ren Fanfan said: "it's really bad. The situation will become more and more complicated. They won't let you go."

Today, ye Chen beat the water dog in pain, and almost made annihilation sword spirit capsize in the ditch. Annihilation sword spirit will try every means to kill Ye Chen and take revenge, so as not to leave the demons behind.

And ye Chen's body, still have the earth heart to destroy bead, Gong Ye Feng also can't let him go.

"If you don't want to die, you'd better give up Dixin miezhu and don't take it with you. Otherwise, the goal is too obvious and too dangerous."

Ren Feifan reminds a way.

Now ye Chen still has the heart of the earth in his hand. The hatred is too big. No matter annihilating the sword spirit or gongyefeng, it is impossible to let him go.

The best way is to give up the earth's heart to destroy the Pearl and let him live and die on his own and absorb some hatred.

In this way, ye Chen's pressure will be much less.

"No, I can't leave linger alone!"

Ye Chen refuses directly. Although he knows that it is extremely dangerous to take the earth's heart destroying pearl with him, how can he leave the spirit child behind after he has paid so much for him?

If it wasn't for linger's help, he would not even know where the nine epilepsy was.

"It's up to you. This is the way you choose. Don't regret it in the future."

Ren extraordinary light way.

Ye Chen said, "I don't regret it!"

Ren Feifan smiles and stares at Ye Chen, saying: "good boy, I know you are such a character. Clean up, I'll take you to meet someone."

Ye Chen said, "who are you going to see?"

Ren extraordinary negative hand and stand, way: "you went to know, let's go."

"Wait..."

Ye Chen looks around, looking at the surrounding world, has been reduced to the ruins of space, nine epilepsy even bones are not left, can't help a burst of sigh.

"I set up a monument for senior Jiudian."

With a sigh, ye Chen offered a symbol of the origin of Wutu. The essence of Wutu gathered together and created a pure land in the void.

Later, ye Chen transferred the vitality of *Alsophila spinulosa* trees and plants to this pure land, giving birth to flowers, plants and trees.

In an instant, ye Chen created a mysterious forest in the sky, just like creating the world.

In this secret place, he set up a monument engraved with the name of Jiudian, which should be regarded as a memorial.

Finally, ye Chen bowed deeply in front of the tombstone, silent.

Ren Feifan witnessed the whole process and said with a smile: "you really have a mind. I hope that when I die later, you can also set up a monument for me."

"Mr. Ren, don't laugh."

Ye Chen smiles bitterly.

Ren Fanfan said: "well, if there's nothing wrong, follow me."

"Well!"

Ye Chen nods and feels threatened.

We must make ourselves strong as soon as possible to deal with annihilation sword spirit and Gongye peak.

"I can't accompany you all the time. Although there is a heavenly daughter as a shield, the heavenly power of the rules still exists. I can't intervene too deeply, so I'm going to take you to meet someone and ask him to help you."

Ren Fanfan tears the void and starts with Ye Chen. "Who are you going to see? Who will be invited out of the mountain? "

Ye Chen asked.

"Taiji shenzun, one of the twelve servants of tiannv."

Ren Fanfan spoke slowly.

"Taiyishenzun? The servant of the heavenly daughter? "

Ye Chen is surprised.

Naturally, he knew that the heavenly daughter had twelve servants, which he called the Twelve Gods. He had already met the heavenly prison God Emperor, the Wolong God God, the flying Thunder God, the mortal God and so on.

Now, Ren extraordinary said Taiyi God, ye Chen is not seen, also did not expect Ren extraordinary to take him to see people, is the servant of the heavenly daughter.

Ye Chen and Ren extraordinary figure, quickly disappeared in place, completely tear void left.

Boom!

But after they left, a huge star suddenly came down from the sky.

This star, there are countless believers kneeling and praying, infinite willpower belief condenses, heaven power rolling, is the magic weapon of Confucianism, wish star!

WOW!

A figure, emerging from the wish star, is the Confucian.

"The breath of Xihuang's thunder seal? "Ren Fanfan?"

The eyes of the Confucians were very gloomy.

From the air, he caught a trace of thunder Tianwei, which is the legendary nine gods, the breath of Xihuang's thunder seal.

Whoa!

At this time, a sword light came from the sky on the other side.

The sword light falls, and a graceful shadow emerges. It's xuanjiyue.

"Confucius, are you here too?"

Xuanjiyue's eyes sank when she saw the Confucianist, but there was no accident.

"Empress, do you also feel the breath of Xihuang's thunder seal?"

The Confucianists said slowly.

It turned out that he came here because he sensed the fluctuation of the nine heavenly magic.

Xuanjiyue nodded, and she was no exception.

"The guardian behind the Lord of reincarnation has appeared. We are in trouble."

Xuanjiyue's voice is dignified. It's not only the breath of nine heaven magic. She also captures an extremely dangerous secret. It's like a sword standing on her neck, which makes her feel creepy.

"That Ren is extraordinary. It's really tricky."

The voice of the Confucians is also heavy. Naturally, we know what the legendary thunder seal of Xihuang stands for.

Chapter 5679

This is the magic of the nine heavens. Ren Feifan has completed his cultivation. Once Ren Feifan's thunder comes and Tianwei's peak erupts, it will be enough to frustrate both of them.

"What are your plans?"

Xuanjiyue asked.

"Ha ha, there is still the breath of God destroying Tianzhao Gong here. For today's plan, we can reap profits only by sitting on the mountain and watching the tiger fight, and hiding behind us."

The Confucians smile and scan the surroundings with their eyes. Their fingers are constantly counting. From the breath of Xihuang's thunder seal, the breath of shenmiantianzhaogong, and the tombstone of Jiudian, we can trace back to the fate and restore what happened here.

Xuanjiyue's palm was negative behind her back, and she was also slightly pinching her fingers to deduce, divining everything that had happened here, and she also saw a lot of things.

"Do you want Ren Fanfan to fight with annihilation sword spirit and Gongye peak? Shall we sit on the mountain and watch the tiger fight again? "

Xuanjiyue also understood the meaning of Confucianism.

"Yes, Hong Tianjing wants to rely on God to destroy heaven and man. We don't have to worry about this. Let Ren Fanfan fight against the reincarnation Lord. Isn't it wonderful for us to sit on the mountain and watch the tiger fight?"

The Confucianists narrowed their eyes and made a calculation in their hearts.

Xuanjiyue said: "don't be too naive. They are not stupid. They can't be stupid and let outsiders take advantage of them."

The Confucian said: "I know that I have a hundred day agreement with the blood god. At that time, the reincarnation Lord will show up, and the guardian behind him may also show up. He will solve us first. I alone may not be able to compete. At that time, I will ask her majesty to help us."

It's closer and closer to the hundred days.

If only the blood God and ye Chen appeared, the Confucians would not be afraid and had absolute confidence to suppress.

However, behind Ye Chen, there was a guardian who even mastered Xihuang's thunder seal, which made him deeply afraid.

Even if he has the desire of Tianxing, he has no absolute confidence to fight, so he wants to ask xuanjiyue to help.

"Hehe, do you want me to help you?"

Xuanjiyue is sneering.

The Confucianist said, "that's right. If I'm solved, you won't feel better."

Xuanjiyue said: "it's just a cold word. You want me to do it. It's not so cheap."

The Confucian said, "what do you want to do?"

Xuanjiyue said, "after it's done, I hope Tianxing can lend me a hand."

"What do you want to do?" he said

Xuanjiyue said, "I want to make a wish to find out the whereabouts of Longyuan Tianjian."

The Confucianist was slightly surprised and said, "do you want to capture Longyuan Tianjian?"

Xuanjiyue nodded and said, "the situation is getting more and more complicated. A simple Shenluo Heavenly Sword can't suppress the situation. I want to accept another heavenly sword, so I can rest easy."

The Confucian said with a smile: "Your Majesty is so ambitious. One sword is not enough. I'm afraid you don't have such luck."

Xuan Ji month way: "this you don't need to care, I only ask you, is willing to borrow?"

The Confucian said, "if the queen wants to make a wish, I'll borrow it, as long as you give me a hand when the hundred day appointment comes."

Xuanjiyue said, "it's a deal."

The Confucianist said with a smile, "OK, let's make a deal. It's a deal."

After the agreement, the Confucian and xuanjiyue clapped their hands and left.

Before leaving, xuanjiyue sees Jiudian's tombstone and wants to destroy it.

But after thinking about it, I didn't do anything to avoid being contaminated with cause and effect. Finally, I left directly.

Nine epilepsy tombstone, then quietly stand in the pure land created by Ye Chen, is to get rest.

And the living have to face the future storm.

.....

Whoa!

Ye Chen this side, Ren extraordinary took him to tear void, came to a desert.

In this desert, every grain of sand has the smell of thunder and lightning. When people step on it, it's like stepping on an electric current, and they are all numb.

"Where is this? There is such a place in heaven and man. How strange

The work spirit Chen's electric current is attacked, startled a leaf to resist dint.

"This is the place where Taiyi shenzun lives in seclusion. He is in the most central oasis of the desert. Let's walk over and ask him to come out of the mountain."

Ren Fanfan's eyes narrowed slightly, overlooking the front.

In front of us is a deserted desert world, covered by wind and dust, swept by yellow sand, without any trace of life.

"On foot?"

Ye Chen a burst of astonishment.

Ren Fanfan said: "if you want to invite people out of the mountain, you should be polite. Let's go." Start right away and head for the center of the desert.

Ye Chen is suspicious for a while, and then he steps on the sand. Although he has spiritual power to protect him, he always has the illusion of being shocked. The air is also filled with the anxious smell of thunder and lightning, which is disturbing.

These thunder and lightning breath, even ye Chen's wild sky thunder body, cannot absorb. Ren Fanfan is calm and relaxed. He practices Xihuang's thunder seal. All the thunder methods in this world, no matter how strange, can be absorbed.

"Is this desert a magic weapon?"

Ye Chen looked around, and gradually saw the clue.

From this desert, he felt the smell of a magic weapon of chaos, which was connected with the cause and effect of Dahan Genyue peak. It seemed that the eight trigrams had the same origin.

Ren Feifan nodded and said: "the vision is not bad. This desert is really a magic weapon. It's called Taiyi Zhenlei sand. It's one of the most precious treasures of chaos in thirty-three days."

"Tai Yi Zhen Lei Sha?"

Ye Chen was surprised. He was right. It's really a magic weapon. It's one of the treasures of the thirty-three days' chaos, one of the eight trigrams' chaos. It has the same origin with the Great Han Genyue peak, and they are all the magic weapons of the eight trigrams' attribute.

Dahan Genyue peak is the attribute of gengua, representing mountain Wutu, while Taiyi Zhenlei sand is the attribute of Zhengua, representing thunder and lightning.

No wonder this desert has the smell of thunder and lightning. It turned out to be the legendary treasure of chaos in thirty-three days, evolved from the thunder sand of Taiyi earthquake.

"Be careful, this Taiyi Zhenlei sand has been tempered by the heavenly daughter. It's very powerful. Don't step on the trap."

Ren Feifan reminds a way.

"This magic weapon has been refined by the empress of heaven? No wonder the breath is so strong. "

Ye Chen is surprised. No wonder the thunder and lightning is so strong around him. It turns out that Taiyi Zhenlei sand was tempered by the heavenly daughter. Its attribute is much more powerful than ordinary chaos magic weapon.

In this desert, there are even lightning traps. If people step on them, they will be blown up.

Fortunately, ye Chen is smart, and has any special remind, finally did not hit.

"Among the twelve servants under the throne of heavenly daughter, Taiyi shenzun is the most favored by her. It's not easy to invite him out of the mountain. Boy, let's see if your luck is as good as before. "

Ren Feifan sighed, as if he didn't have much confidence in asking Taiyi God to come out of the mountain.

"Didn't the heavenly daughter say that she wanted to cultivate me? The Twelve Gods will help me. "

Ye Chen frowned.

Chapter 5680

Now he is faced with the killing intention of annihilating sword spirit and gongyefeng. He is under great pressure. It would be better to have a God out of the mountain to help him.

However, it seems that it is not easy to ask the Taiyi deity to be moved by extraordinary words.

Ren Feifan said: "Taiyi shenzun has another task. He stays here to fight against Hong Tianjing's destruction plan. He can't leave at will."

"Will Taiyi God fight against Hong Tianjing?"

Ye Chen is slightly surprised. He naturally knows that Hong Tianjing wants to destroy everything and extract nutrients from the world.

It's just unexpected that Taiyi shenzun's seclusion here is also related to Hong Tianjing's destruction plot.

"I'll tell you when I see Taiyi shenzun."

Ren Fanfan didn't say too much more and went on.

Although Ye Chen is curious in the heart, but also don't ask much, then follow to continue to drive.

In order to show their sincerity, they both walked, did not fly, and walked slowly.

After a day's walking, I haven't reached the center of the desert, let alone the oasis.

As night falls, the temperature in the desert drops suddenly. It's still hot in the daytime, but now it's cold and windy.

Bursts of cold wind, constantly whistling past, the wind has the breath of thunder, rolling sound.

The wind blows up the sand, every grain of sand is thunder, friction, in the air explosion, stir up billowing smoke, very spectacular.

Ye Chen hasn't seen such a wonderful scene yet, so he can't help saying it secretly. Fortunately, he has a deep foundation and is not afraid. He uses the picture of the yellow spring to protect his body, and then he meditates.

"It's not bad that the core of Da Han Gen Yue peak is integrated into Wu Tu Yuan Fu."

Ye Chen takes out the core of Da Han Gen Yue peak, and then takes out Wu Tu Yuan Fu. His eyes flash, and he has the meaning of fusion.

At present, ye Chen mobilized some yellow spring water as a medium of fusion, and put the core of Dahan Genyue peak into the Wutu source symbol.

Hum!

As soon as the inner core was hit, the wutuyuan talisman vibrated, and the Yellow aura appeared on the talisman paper. Between the agitation of aura, the totems of mountains and mountains evolved, which was quite magnificent.

"Very good, very good. With the integration of this kernel, my Wu Tu Yuan Fu is more powerful."

Ye Chen nodded his head with satisfaction. Dahan Genyue peak is one of the most precious treasures of the thirty-three days chaos. The core of this magic weapon is extremely rich in energy. When it is integrated into the Wutu source Fu, the quality of the Wutu source Fu is greatly improved.

After that, ye Chen's Wu Tu Yuan Fu was powerful and powerful. When it was sacrificed, it was like a mountain suppression, much stronger than before.

That night, ye Chen was sacrificing and refining Wu Tu Yuan Fu, and gradually became familiar with it.

The night has no words, arrived the next morning, the leaf Chen continues to follow Ren extraordinary to drive.

Two people gradually go deep, finally, in the yellow sand in the sky, ye Chen saw a touch of green.

In front of us, we can see an oasis.

"Master Ren, here we are!"

See shape, leaf Chen immediately a joy.

"Well."

Ren Fanfan nodded gently, squinting at the front, as if recalling something.

Hoo Hoo Hoo!

But just then, between heaven and earth, the wind surged, thunder resounded.

A huge dark shadow breaks out from the void and appears in front of Ye Chen and Ren Feifan.

This huge dark shadow, like a Shura demon, has no flesh and blood body, just a soul body, beating with ancient thunder and lightning all over, crackling, emitting a very horrible and gloomy atmosphere.

"Taiyi holy land, those who come stop!"

The dark huge shadow sends out the voice of cold and fierce, the vision of blood red, gaze at Ye Chen two people.

Ye Chen clearly saw that when the dark shadow spoke, there were some forbidden chains all over his body, flashing constantly, and the Ancient Runes were floating and sinking.

"Old friend Ren Fanfan, if you want to get together with old friends, please let me know."

Ren Fanfan stands with his hands in his hands, slowly.

"Oh, it turns out that you are Ren Fanfan. Lord shenzun has lived in seclusion for tens of thousands of years, and no one has seen you. Please come back."

The voice of the dark giant shadow was dull, and he gave the order to leave.

"Ha ha, the outside world is just surging. I can't solve the problem by living in seclusion. I'd better ask Taiyi shenzun to come out and see me!"

Ren extraordinary a smile, brush in the hand, emerge a long sword, the brilliance of blood month faintly surging.

"You are ready to break through like this?"

The black giant shadow's eyes were full of the smell of blood evil, and his hands clattered, showing a trident, murderous.

The two sides are facing each other, ready to fight.

"Lei Yan, let him in."

At this time, an old voice came from the oasis.

The dark shadow, named Lei Yan, immediately put away the Trident and answered respectfully: "yes!"

He looked at Ren Fanfan and ye Chen again and said, "you can go in. Be careful. Don't disturb the purity of shenzun." "Thank you very much."

Ren special a arch hand, then take leaf Chen to go in.

Ye Chen lowers a voice, way: "any elder, that guy good strong breath."

From that Lei Yan, ye Chen feels very strong. His strength is estimated to be comparable to that of Taizhen. If he fights, he is not sure of winning.

Ren extraordinary light way: "it is too Yi Zhen Lei Sha tool spirit."

"Is it a spirit?"

Ye Chen a surprised, but didn't think that thunder nightmare, originally is too Yi Zhen thunder sand tool spirit.

It seems that Taiyi Zhenlei sand, this magic weapon, after being refined by the empress dowager, is really extraordinary. Unexpectedly, such a powerful spirit was born.

Along the way, in the oasis, the scenery is beautiful, the air is clean, quiet and ethereal. There is a simple building built inside. The door is open, and there is an old man sitting in it with his knees crossed.

Ye Chen takes a close look, but sees that the old man is haunted by a series of terrible destruction marks. The extremely powerful smell of destruction forms a storm and roars in the room, but the breath is very accurate. It only surrounds the room and does not diffuse.

"This old man is Taiyi God Zun? He also cultivates the seal of destruction? "

Ye Chen saw this scene, immediately shocked.

The old man's breath of destruction is more terrible than nine epilepsy. The cultivation of destroying Dao Yin has reached eight heaven!

"Yes, he is Taiyi shenzun, the servant of the heavenly daughter. Have a good chat."

Ren extraordinary voice light, with Ye Chen, step into the house.

As soon as you step into the room, ye Chen suddenly feels huge pressure, fierce destruction storm, darkness rolling, crazy swept, almost tearing people to pieces.

Fortunately, Ren Feifan released a wisp of aura at the right time and suppressed all the breath of destruction.

Ye Chen stands beside Ren Fanfan. Suddenly, he feels like a spring breeze. He can't help but wonder at Ren Fanfan's strength. It's really unfathomable.

"Ren Fanfan, why are you here?"

Taiyi God Zun see Ren extraordinary figure, is also slightly moved, convergence up on the breath of destruction.
