

Physician 5701

Chapter 5701

At the moment, Mie Wuji invites Ye Chen to come into the house, fights some spirit beasts in the mountains, and takes out the good wine brewed in secret to entertain Ye Chen.

Ye Chen's arms are still holding the envelope given by Huan Chenyan, but seeing the couple's love, it's obvious that the letter hasn't been handed in yet.

That night, ye Chen had a good meal under the hospitality of Mie Wuji and his wife.

Knowing that it is a mirage, ye Chen's heart is also very warm.

In the outside world, he has gone through too much killing. Only in this dreamland can he get a breath of peace, as if he had nothing to do but enjoy the scenery.

The next morning, miewuji got up early and took Ye Chen out hunting.

And the magic dust smoke, is to stay at home to raise the baby.

"Brother, I must repay you. Well, I'll send you a magic power."

Mie Wuji is still thinking about ye Chen's kindness. He takes out a jade slip and gives it to Ye Chen.

This jade slip is filled with the smell of destruction. When it is taken out, even the surrounding space is distorted, and it seems to be destroyed by the smell of destruction.

"This is Destroy the cultivation jade slips of Daoyin? "

Ye Chen a see, immediately surprised.

Mie Wuji said with a smile: "brother, good eyesight. This is one of the three original ways that I cultivate. Taking destruction as the way, it can be changed into the seal of destruction. It's extremely powerful. You helped my wife to avoid a hundred years' recuperation. I'm very grateful. This jade slip is for you."

Ye Chen's heart moves, he enters the dreamland, just want to cultivate and break through the destruction of Dao Yin, and destroy limitless, give him the jade slips of destruction Dao Yin, behind this, as if in the dark, everything has its own destiny.

Ye Chen said: "brother Wuji, to tell you the truth, I'm also practicing the Dao seal of destruction. I don't need this jade slip. I've reached the sixth heaven. How many heaven is my brother?"

"What, you also cultivate the seal of destruction? Your seal of Tao is already six days old? "

Mie Wuji was surprised. He didn't expect that ye Chen also practiced to destroy him. It was a coincidence.

Ye Chen said: "exactly."

Mie Wuji said: "that's great. I've only studied the seal of destruction in my whole life. Now I've practiced it to the seventh heaven. There are so many clouds in the world. I thought I was a genius. I didn't expect that my brothers almost reached my level, and they were also proficient in medicine. These talents are really enviable."

Ye Chen said: "it's just a fluke. Since we are all practicing the seal of destruction, maybe we can have a fight in the future to prove each other's martial arts."

Mie Wuji said happily, "I can't get it!"

Ye Chen laughs, Mie Wuji also laughs, and has the feeling of meeting a confidant.

They were hunting in the valley, showing their masculine demeanor.

Ye Chen's mood, is also very good, in the outside world where has this kind of comfortable day?

In the next few days, ye Chen and Mie Wuji go out hunting together, and compare with each other to confirm the mystery of destroying Daoyin.

After half a year in such a hurry, the magic dust and smoke are almost in labor, and even the child's name has been thought of.

"It turns out that Mie Wuji and Huan Chenyan had children, but they never mentioned it."

Ye Chen eyebrows light wrinkle, clearly is a happy thing, but the heart is always some uneasy.

On this day, ye Chen goes out with Mie Wuji, ready to get some nourishing prey to raise his body for Huan Chenyan.

In the past six months, ye Chen and Mie Wuji have been exchanging views, but their accomplishments have not made any progress.

Because half a year is too short, the aura of heaven and earth in the dreamland is false, so it is impossible for him to break through.

What he lacks is the accumulation of understanding of the seal of destruction. If he accumulates enough, he can break through to the seventh heaven.

However, if you want to accumulate, it will not happen overnight. It is impossible to break through in half a year. Ye Chen is ready to practice hard for ten thousand years.

With ten thousand years, to realize the destruction of Shinto!

Now, it's still early.

Boom!

Ye Chen and Mie Wuji are hunting in the mountains. Suddenly they hear a huge shock from the direction of the thatched cottage.

Whoa, whoa, whoa!

Then, they were surprised to see that there were 100000 flying swords, converging into a torrent, emerging in the sky.

"Zhutian Shenjian Jue! Annihilation sword spirit is coming! No, madam, something's going to happen! "

When Mie Wuji saw this scene, he turned pale and rushed home.

Ye Chen also feels not good, hurriedly follows back.

When they returned to the cottage, they found two figures coming from the sky.

These two figures, one with white hair, are just Gongye peak with the weather of doomsday judgment suspended behind them.

The other one, full of sword Qi, is a silent sword spirit.

"Ha ha ha, Huan Chen Yan, you really hide here. Where is Mie Wuji? Tell him to get out!"

"If you have offended Hong Tianwang, do you still want to live? DelusionAnnihilation sword spirit laugh, overlooking the ground.

Illusory dust smoke stand alone, all over the rain transpiration, but also release the magic power.

But her breath, compared with gongyefeng and annihilation sword spirit, was too weak.

"Zhutian Shenjian Jue, kill me!"

Annihilation silent sword spirit a big drink, all over the sky flying sword, is rolling toward the magic dust smoke cut down.

"No!"

Ye Chen and Mie Wuji scream together and want to go to the rescue.

But, annihilating the sword spirit's sword, it is too fast, flying sword all over the sky to cut down, instantly cut in the magic dust smoke.

Boom!

The magic dust smoke was chopped by the infinite flying sword, and the mist around the body was rapidly scattered.

She wanted to fight back, but where is the enemy of annihilating sword spirit? She couldn't even fight back. She was cut into serious injuries on the spot. With a scream of "ah", she fell to the ground miserably and was covered with blood.

"It hurts, my child..."

The phantom dust smoke tightly covers the belly, the eyes are incomparably panic.

This injury, but she felt, even the baby in the stomach, are implicated, may not be able to keep.

"Madame!"

Mie Wuji was so scared that he rushed forward.

"Damn it

Ye Chen is also furious, looking at the silent sword spirit and Gongye peak figure in the sky, his forehead is blue, angry to the extreme.

"Destroy the seal, open it!"

"The sun is shining!"

In his fury, ye Chen immediately pulls out his sword and opens the ultimate seal of destruction. The fierce storm of destruction blows around him in an instant, whistling between heaven and earth.

A sun sword Qi with infinite brilliance and blazing comes out of Ye Chen's sword body.

This sword spirit of the sun, mixed with the majesty of the Shinto of destruction, cuts the silent sword spirit.

"Why?"

Annihilation sword spirit surprised, obviously did not expect there will be other people here.

Looking at Ye Chen's fierce sword Qi, his face is dignified, and he quickly resists the sword.

If ye Chen is alone in the outside world, he is certainly not the enemy of annihilation sword spirit, but this is an illusion. Moreover, many years ago, the enemy's strength was suppressed, and ye Chen's cultivation was improved. Therefore, he managed to be strong enough to draw with annihilation sword spirit.

Chapter 5702

Annihilation silent sword spirit also dare not neglect, feel Ye Chen is very fierce, sky sword dance like splash ink, constantly dispel Ye Chen's sword power.

Countless swords collided with each other, and suddenly burst into a wave of destruction in the sky.

"Lord Jianling, I'll help you!"

Seeing this, Gongye peak on one side immediately flies over to kill Ye Chen. With the ancient chaos breath, the black light blows to Ye Chen's body.

Ye Chen with one enemy two, immediately feel the pressure of the sky.

Even in the dreamland, he could only fight with annihilation sword spirit. If a Gongye peak was added, he would not be the enemy.

See Gongye peak kill, ye Chen can only retreat.

And Mie Wuji is shivering and holding his wife tightly. He has no intention of fighting at all. His mind seems to be dead. I'm afraid his wife will die.

"Master, solve the enemy first!"

Ye Chen shouts in a hurry. In a crisis, he even forgets his real dream and calls Mie Wuji the elder.

However, Mie Wuji is indifferent, holding his wife, tears flow down.

"Xianggong, the child is gone..."

Fantasy dust smoke is also tears, eyes grief to the extreme.

"I know. It's OK. It's OK."

Mie Wuji hugged her and didn't know how to comfort her.

Ye Chen sees these two people's appearance, immediately feels the heart is shocked.

Sure enough, something happened. It turned out that the old magic dust smoke was pregnant and could have had a child with Mie Wuji, but because of the pursuit of annihilation sword spirit, the child disappeared.

"Ha ha ha..."

Annihilation silent sword spirit see, but is cold-blooded incomparable laugh.

"Today I want all of you to go up in smoke!"

Infinite sword Qi, mixed with gongyefeng's Tianwei, like flying locusts, kills Ye Chen, miewuji and huanchenyan.

"Two running dogs, still want to kill?"

At this moment, a voice full of dignity sounded from the distant sky.

Then, with endless disaster, sky fire, lightning, flood, drought and so on, it comes from the horizon.

"No, here comes henggu Shengdi!"

Annihilation silent sword spirit and Gongye peak see this, immediately startled, quickly escape.

The endless sword Qi of disaster swept across the sky, which made the heaven and earth lose their color. The heaven and earth were shaking violently, and the mountains and rivers were about to collapse. The momentum was very terrible.

"The sword of disaster, the holy emperor of henggu?"

Ye Chen sees this scene, is also incomparably surprised.

The next moment, I saw a very lofty, like the figure of a peerless emperor flying from the sky, holding a dark gray sword, full of the smell of disaster.

It is henggu Shengdi!

The sword in his hand is naturally the sword of disaster.

"In those days, Mie Wuji and Huan Chenyan were saved by henggu Shengdi."

Ye Chen suddenly realized that today's disaster, Gongye peak and annihilation sword spirit thunder, if there is no expert help, it is really difficult to tide over.

"Damn it, let's go!"

Annihilation sword spirit, Gongye peak see henggu holy emperor came, face show incomparable fear, hurried away.

Heng Gu Sheng Di snorted, but he didn't catch up. He quickly fell down and came to Mie Wuji and Huan Chenyan.

"Unfortunately..."

With a sigh and a wave of the palm of his hand, a divine light appeared and fell on the illusory dust.

Huan Chenyan's injury, instant recovery, but the spirit is depressed, obviously suffered a huge blow.

Even if she recovered, the child was gone and could not have come back.

Illusory dust smoke the whole person, is the appearance of grief, lying in the arms of Mie Wuji Wuwu pain.

"Thank you, my Lord."

Mie Wuji's face is sad and thanks to henggu Shengdi.

Henggu Shengdi is a great man. He is ready to fly to the supreme world. Even if he is unruly, he will be extremely respectful in front of henggu Shengdi.

"It's OK. I'm late. I'm sorry."

Henggu Shengdi's voice is apologetic. If he comes earlier, maybe he can save the child.

"It's God's will, my Lord. I can't blame you."

Mie Wuji gave a bitter smile and could only comfort his wife.

"Wuji, do you intend to follow me? Your Dao seal of destruction is very powerful. I'm going to fly up. There may be a lot of disasters. You need help. If you don't mind, you can follow me later. When I fly up, I'll solve all the enemies for you. "

Henggu Shengdi opened his mouth slowly, and it turned out that he wanted to win over miewuji.

Mie Wuji is silent. He looks at the illusory dust and smoke, obviously hesitating.

Henggu Shengdi said: "I know Hong Tianjing also wants to woo you. He even sent Annie sword spirit and gongyefeng to take you away by force. But that kind of ruthless guy, you won't come to a good end if you follow him. You'd better take refuge in me. I won't treat you badly."Mie Wuji said: "thank you for your kindness. I wanted to wait for the baby to be born, leave my blood, let my wife have a company, and then follow your steps. But now, the baby is gone. I want to stay and take care of my wife."

"Xianggong..."

Huan Chenyan was also greatly moved when he heard this.

Ye Chen looked at all this silently, didn't open his mouth, and secretly looked at henggu Shengdi.

This henggu holy emperor is really very powerful, just like a king in the sky, which makes people admire him at a glance.

Henggu Shengdi said: "I'm about to rise, and I can't take care of you all the time. This time, I've saved you, but next time, if I don't have time, aren't you going to be killed by Hong Tianjing's people?"

"Relying on others is not the way after all. You need to be strong yourself. Follow me and I can teach you the best way to practice."

Hearing the words of henggu Shengdi, miewuji was immediately moved.

Indeed, only one's own strength is eternal. Relying on others is not a permanent solution at all.

"Xianggong, are you going to leave me?"

Magic dust smoke felt great crisis, and quickly pulled out endless clothes.

Mie Wuji is speechless.

Henggu holy emperor took a look at the illusory dust and said: "Hong Tianjing is chasing me. I'm going to kill him today. The cause and effect has been exposed. I have to leave as soon as possible. Wuji, give me a reply. Are you willing to follow me? I can send someone to look after your wife. "

With that, henggu Shengdi waved, and the light of magic weapon appeared on his body. Then a woman came out of the space in the magic weapon.

"This is my maid. Her name is Feiyao. I'm going to arrange for her to go to the seven gods to solve the troubles of the demons and accumulate merits for me. I heard that there is a new master named Xuanyuan moxie in the seven gods. She has great ambition. I also want to ask her to get to know him."

Heng Gu Sheng Di said faintly: "but it's not time to start now. Fei Yao, take care of Wu Ji's wife for me. When the time comes, it's not too late to start again."

A woman named Feiyao said in a respectful voice, "yes, my Lord."

Chapter 5703

"Feiyao emperor!"

Standing on one side of the leaf Chen, see this woman, can't help exclaiming.

It turns out that this man is actually the predecessor of yuchiyao, the great emperor of Feiyao and the confidant of yuchiyao. Unexpectedly, he used to be the maid of henggu emperor.

In ancient times, there was a rebellion of demons in the seven kingdoms. At that time, the holy emperor of henggu wanted to send people to solve it. If he could solve the trouble of demons, there would be great merits and virtues, which would be of great benefit to his rise.

"Well?"

Ye Chen, who suddenly opened his mouth, attracted the attention of henggu Shengdi.

"You're not from here. The law of time on you is very strange! Time and space are completely out of place! "

Heng Gu Sheng Di stares at Ye Chen, and his eyes suddenly burst out with dazzling essence.

"You come from ten thousand years later, don't you?"

Hearing the words, ye Chen was surprised. He didn't expect that henggu Shengdi's eyes were so fierce. He could see that he came from ten thousand years later.

"What, brother, are you from ten thousand years later?"

It's a shock to hear that.

"Ten thousand years later? Ten thousand years later, am I still with my husband? Do we have another child? "

Magic dust smoke is also to the spirit, quickly asked.

Although henggu Shengdi doubted Ye Chen's identity, he still said, "what will happen to the world after ten thousand years? I'd like to ask my brother for advice. Can I fly smoothly? Can Hong Tianjing kill me? Can the heavenly daughter defeat Hong Tianjing? "

Hum!

The sword in the hand of henggu holy emperor is full of black air, and the sword spirit disaster witch also appears.

, this disaster as like as two peas in Li Feixue, is the predecessor of Li Feixue.

"Little brother, I'm the spirit of the disaster sky sword. I don't know what my fate will be after ten thousand years?"

The disaster evil girl looks at Ye Chen, and her eyes are also full of expectation.

She also wants to know her fate in ten thousand years.

Ye Chen listens to the public's inquiry, immediately heart a Lin.

This is a mirage. The law of the world is very fragile. If too much of the future is changed, the whole world may collapse.

"I'm sorry, ladies and gentlemen. The secret can't be revealed."

Ye Chen also wants to practice here for thousands of years. Naturally, he doesn't want to see the world collapse, so he doesn't answer people's questions.

Hearing Ye Chen's refusal to answer, henggu Shengdi's eyes burst out of the essence. He was murderous, and his knuckles crackled, as if he wanted to do something.

But after a pause, he finally sighed and said, "well, since you don't want to say it, I don't blame you."

Then he looked to Mie Wuji: "Wuji, will you follow me?"

"Lord Saint..."

Mie Wuji is very upset. He also wants to know the outcome ten thousand years later. If he can know in advance, he can make the right choice.

However, ye Chen would not disclose, and he did not know his future fate.

"Xianggong, I forbid you to leave me!"

Magic dust smoke silver teeth clench, eyes are filled with tears.

Mie Wuji said: "madam, if I stay, next time I meet gongyefeng, they will die."

However, he didn't care at all and said, "even if I die, I don't want to be separated from you!"

Mie Wuji was shocked. He looked at henggu Shengdi and ye Chen, and fell into a confused situation again.

If he doesn't leave, he will be killed by them sooner or later.

However, if he left and left behind, it would be even more disappointing.

This is a dilemma.

Magic dust flue: "as long as I can be with you, I'm not afraid of death, but if you leave me, I will hate you all my life!"

What she said was very serious.

Ye Chen, Heng Gu Sheng Di and Mie Wu Ji were deeply moved when they heard that.

Ye Chen knows the ending. The ending is that Mie Wuji leaves, leaving behind Huan Chenyan. Then Huan Chenyan hates Mie Wuji for a lifetime because of his love.

But whether this illusion is so, ye Chen really does not know.

Maybe this is the trajectory. A little fluctuation can change everything.

After three full breaths, Mie Wuji said: "madam, listen to me. If I choose to stay, there will be absolutely no good result. Only by pursuing martial arts can I find a chance of life."

Magic dust smoke look extremely determined, staring at Mie Wuji way: "I just ask you, do you want martial arts to accompany, or do you want me to accompany?"

Mie Wuji was shocked and speechless.

Ye Chen sees this, move in the heart, take out the envelope, hand over to Mie Wuji way: "brother, this letter, is your wife after ten thousand years, entrust me to give you, you can have a look."

"What?"

He was stunned.

"This is a letter that I personally wrote ten thousand years later?"

Fantasy dust smoke is also a Zheng.

"Well." Ye Chen nodded.

Mie Wuji opened the envelope in a hurry and took out the letter paper. Seeing the contents above, he was stunned.

Magic dust smoke cold voice way: "ten thousand years later, I said what?"

Mie Wuji's lips are buzzing, but he can't say what he wants to say. He trembles and gives the letter to Huan Chenyan.

The phantom dust smoke receives to see, is also a stay.

On the letterhead, there is also a question:

is it accompanied by martial arts or lovers?

This sentence is just asked by the illusory dust and smoke.

Unexpectedly, ten thousand years later, she is still asking this question. After ten thousand years, her obsession is still very strong.

Ye Chen and Heng Gu Sheng Di see, is a burst of shock.

"It turns out that I have been asking this question for thousands of years. I think after thousands of years, you have already abandoned me and left me alone in the world, suffering from loneliness and suffering?"

Magic dust smoke word bitter, word with cold meaning.

Mie Wu took a deep breath, suddenly grabbed her hand, gritted her teeth and said, "madam, I'm sorry, I'm wrong! I promise you, I won't go! I want to stay, I want to accompany you all my life

Voice down, fantasy dust smoke dull raised his head, said: "really?"

Mie Wuji said, "well, it's true!"

Henggu Shengdi frowned and said, "Wuji, if you really want to stay, I can't help you any more when gongyefeng and they kill you next time. I've exposed my secret today. I can't help you any more."

Mie Wuji said, "thank you for your kindness. I've made a decision. I want to accompany my wife in the rest of my time. Even if we die, at least we've been together. It's worthwhile to die together."

Heng Gu Sheng Di hesitated for a while, finally sighed and said, "well, this is the way you choose. Don't regret it."

Mie Wuji said, "I don't regret it!"

Henggu Shengdi said: "it's good to spend the rest of your life with the people you love. You should cherish it. If you have the chance, I'll see you later."

"Xiaoman, let's go."

"Feiyao, you'd better stay and help take care of Mrs. Mie. When the time comes, you can go to the kingdom of God."

With that, the holy emperor of henggu flies away with the devil of disaster.

Chapter 5704

"Yes

Feiyao agreed and stayed.

"Xianggong..."

In the eyes of illusory dust smoke, with endless attachment, Mie Wuji is willing to stay, which makes her feel at ease a lot.

Ye Chen see this ending, is also slightly shocked.

Now in this dreamland, the future time line has changed, but I don't know the final outcome.

"Brother, you come from ten thousand years later. When are you going to leave?"

Mie Wuji looks at Ye Chen with a smile, and his heart knot is untied. He is also relaxed a lot.

Ye Chen said: "I want to practice here for ten thousand years, but I won't leave for the moment."

Mie Wuji said, "is that right? I wish you good luck. It's a pity that I can't entertain you any more. I'm likely to be watched by Gongyefeng. I don't want to disturb you. "

Ye Chen said, "what's your plan?"

Mie Wuji said, "I'm going to take my wife back to her territory, magic dust peak, and spend the rest of the years together. Sooner or later, we will be killed by Gongye peak. If you have a chance, you can come to magic dust peak to collect our bones and bury us together."

Ye Chen said, "don't say that."

Mie Wuji said: "good brother, I really hate you! It's a pity that fate is changeable. Let's say goodbye today. Goodbye

I bow my hand and say goodbye to Ye Chen.

"Brother ye, let's go."

Fantasy dust smoke is also a little reluctant to say goodbye to Ye Chen.

"Goodbye."

Ye Chen arched a smile.

"Take care, brother."

Mie Wuji comes over and hugs Ye Chen, then leaves with Huan Chenyan and Fei Yao.

Ye Chen sees the figure that three people leave, a burst of sob, seem to feel what, Dao heart faintly want to break through.

"Well?"

All of a sudden, ye Chen feels that the general principle of tianwu Wolong Sutra seems to have changed.

When he took out the general outline of the Scriptures, he saw that the chains on it were melting one by one.

Finally, the perfect general outline of scriptures appeared in front of Ye Chen's eyes. There was no trace of prohibition, and all the shackles were broken.

"This is..."

Ye Chen sees this scene, immediately stares big eyes, matchless shock dismay.

"It turns out that breaking the ban on scriptures does not depend on brute force, but on the mind of Tao."

Ye Chen is surprised to see that the ban has been lifted, and he is also enlightened.

Originally, I wanted to break the ban of tianwu Wolong Sutra, not with brute force, but with Daoxin!

When the state of Tao is reached, the prohibition will naturally loosen and melt.

Just after witnessing Mie Wuji and Huan Chenyan's attachment to life and death, ye Chen realized the impermanence of fate. Wuzu's Taoist heart made great progress and broke the shackles of tianwu scriptures.

This break, boom, ye Chen felt blood boiling all over his body, bones click, all the accumulation of martial arts, are detonated.

Tianwu Wolong Scripture is the best introduction in the world. It can explode the potential of human body fiercely.

The forbidden shackles were opened, and many of Ye Chen's cultivation methods were detonated. The eight trigrams, Tiandan, Tianxian and Koi, the master of immortals and demons, the Supreme Master of heaven, Tianlong and Bayin, the destruction storm, the six paths of reincarnation, the transformation of soul and body, and so on, all kinds of magnificent and magnificent weather burst out from ye Chen.

Ye Chen only feels that the spirit power is surging in the Dantian, and his cultivation is about to break through.

"I'm going to break through at last!"

Ye Chen's eyes were bright, and immediately sat down with his knees crossed, but he felt that his cultivation realm was about to break through.

With the energy of tianwu scriptures, ye Chen's aura is boiling, like the tide, like the sea, like the fairyland, the devil's way, the reincarnation of Buddhism, the destruction of Shinto and so on.

"The six layers of heaven in shiyuanjing!"

In an instant, ye Chen found that his cultivation realm had broken through from the five level heaven to the six level heaven.

Hum!

The magnificent Hongmeng starry sky is also blooming behind the leaves.

A towering figure appeared in the starry sky. It was Wuzu!

After the ban of the general outline of the Scriptures was lifted, ye Chen's vast sky was transformed, which could directly summon the virtual shadow of Wu Zu.

The huge virtual shadow of Wuzu, suspended in the starry sky, seems to suppress the world. It is powerful and powerful. If it wants to support the whole world, it is very hegemonic.

"That's great. With this virtual shadow of Wuzu, I've got another card!"

Ye Chen is very surprised. This breakthrough is special. It comes from the heart of Tao. Although it is in a dreamland, the outside world must have made a breakthrough!

The key is not only the promotion of cultivation, but also the upgrading of Hongmeng star sky. You can use the power of Wuzu.

Once the virtual shadow of Wuzu comes down, it will be earth shaking.

With this card, ye Chen's strength will be increased by one point in the hundred day contract."Well, I still have ten thousand years to continue to practice. Although it's hard for me to break through the outside world because of the breakthrough of Tao mind, I will destroy Tao seal and become stronger when I reach the seventh heaven!

Ye Chen's heart was full of fighting spirit, and he immediately put himself into cultivation.

He also released the Taiyi thunder sand in the Yellow Spring picture, and the quicksand swirled around his body.

Relying on Taiyi Zhenlei sand, ye Chen is careful to steal the destruction of Taishang world. Although he can only steal a trace at a time, he has ten thousand years. In any case, he can break through to the seventh heaven of destruction!

The next time, ye Chen is dedicated to cultivation.

In his spare time, ye Chen will divine the fate of heaven, deduce the fate of miewuji and huanchenyan.

Because it's an illusion here, it's very easy to deduce the secrets of heaven, so ye Chen can clearly know the life of miewuji and huanchenyan.

After they returned to the magic dust peak, they stayed together and lived happily.

Even ye Chen is a little envious.

Why didn't he want to leave all his troubles behind and be happy with many beauties?

After a hundred years in such a hurry, gongyefeng hasn't found a door yet, and miewuji is still enjoying a happy life.

At this time, Feiyao had already asked to leave and went to the seven kingdoms, ready to fight against heaven and evil and accumulate merits for Henggu Holy Emperor.

She will become the great emperor of Feiyao in the future, and will be a great power to the kingdom of God.

In the past 100 years, Emperor Feiyao has learned the magic power of misty rain covering the sky in the Magic Dust Peak. His accomplishments are great progress.

Ye Chen knows her ending. She will die and be reborn. Finally, she will become Yuchiyao, the confidant of the demon emperor.

The troubles of the seven gods can't be solved in her life. It can only be solved in Ye Chen's life.

Another 400 years passed in a hurry, and the end of the day changed.

On this day, a black sun, with the breath of doomsday judgment, came to the sky above the Magic Dust Peak.

The two figures show up in the black sun.

It is Gongye Peak and Annihilation Sword Spirit!

Chapter 5705

"Ha ha ha, Miewuji, I've been looking for you for 500 years, and I finally found you!"

Annihilated, the sword spirit looked up and laughed, his eyes full of murderous.

Gongyefeng stood aside, stroked his beard with a smile, and said: "Lord Jianling, destroy Wuji. It's very powerful to destroy Daoyin. When you kill him, you must extract his aura and refine it for me."

At this time, Gongye peak had already reached the threshold of the divine destruction of Tianzhao. As soon as the skill was used, the weather of dark sun and Tianzhao evolved, which was very powerful.

But this round of black sun is far from being able to destroy the world. He needs more energy to destroy and nourish his accomplishments.

Annihilation silent sword spirit way: "don't worry, Mr. Gongye, I won't treat you badly."

Gongyefeng squinted and said with a smile, "ha ha, that's good."

Below, in the illusory dust peak, Mie Wuji and illusory dust smoke see Gongye peak and annihilation sword spirit coming, but they are not shocked. On the contrary, they are calm.

They look at each other hand in hand.

They have been psychologically prepared for 500 years, which is a gift from heaven.

Annihilation sword spirit cried: "miewuji, I ask you again, will you follow Hong Tianwang? I think your cultivation is not easy. As long as you are willing to nod, I will not kill you! "

Mie Wuji sneered and said, "how can I be Hong Tianjing's running dog

"That's good. You're looking for your own death. No wonder I am!"

Annihilation sword spirit brow pick, Tianjian kill, light and shadow, fully evolved into a hundred thousand flying swords, gathered into a torrent, crazy to kill.

And Gongyefeng is also a bold hand. The Black Sun bursts out a terrible light of destruction.

Looking at the endless flying sword coming from the sky, destroying the storm, exterminating infinity and illusory dust smoke are still hand in hand, looking at each other affectionately.

It wasn't until the attack that their bodies were glowing.

Boom!

It's self explosion at the same time!

The violent explosion of destruction flattened the whole magic dust peak in an instant.

The black sun of Gongye peak was also destroyed by the explosion.

"Puff!"

"Puff!"

Two people gush out a mouthful of blood madly at the same time, viscera is subjected to great concussion.

"Damn it! It blew itself up

Annihilating sword spirit's face was very ugly. Unexpectedly, Mie Wuji and his wife burst out as soon as they met each other. They didn't hesitate at all.

This determination is really moving.

"Lord Jianling, what should I do?"

Gongyefeng saw Miewuji's self-explosion, and immediately wanted to cry without tears. He thought there would be a big harvest, but unexpectedly, the prey ran away.

"What else? Let's go! When you go to the bottom of the Confucian God's Valley, Hong Tianwang brings you a new warrior. He is also the 250th one to practice the destructive seal. I hope that this time, your Divine skill can break through and improve."

Annihilation Silent Sword Spirit snorted, in the heart is very stuffy, but also helpless, can only take Gongye Peak to leave.

Put out Wuji and illusory dust and smoke, and completely explode and fall.

The whole Magic Dust Peak is also in ruins.

In the distance of Ye Chen, it is to capture the fate here, a move in the heart, tear the void to come.

When Ye Chen came to the Magic Dust Peak, the destruction storm of explosion had not dispersed, and the air was full of fury.

"Master, will you regret this ending?"

Ye Chen looks at the ruins in front of him, and his eyes are a little sad.

Mie Wuji didn't choose martial arts, but chose to accompany his lover. Finally, the husband and wife both fell and died.

This ending, of course, is extremely tragic.

However, before they died, they had enjoyed 500 years of happiness, and they were worthy of this life.

In reality, though both Mie Wuji and Huan Chenyan are alive, their lives are bumpy, their husbands and wives turn against each other, they have suffered a lot for thousands of years, and they have not had a happy day, but the outcome is not necessarily better than this fantasy.

It's hard to predict the joys and sorrows of life and the fates.

"Alas..."

Ye Chenshu took a breath of turbid air and shook his head. He didn't think about it any more. He found the broken bones of Miewuji and Huanchenyan in the ruins of Huanchenfeng and buried them together.

Then, Ye Chen was in the ruins, quietly practicing.

The next time, the day was flat and light, no accident happened again.

There is no time for cultivation, time flies, and ten thousand years pass in a hurry.

Ye Chen's destruction road seal, finally breaks through!

Boom!

After thousands of years of cultivation and accumulation, at this moment, Ye Chen burst out with an endless breath of destruction. A lot of destruction marks constantly interweave and gather, making Ye Chen look like a demon God.

"The seventh heaven of the road seal of destruction has finally become one!"

Ye Chen's eyes are like electricity. He has a profound knowledge of martial arts. His breakthrough is thousands of times more difficult than ordinary people. However, the accumulation of ten thousand years of cultivation is enough to transform him. At this moment, Ye Chen is completely transformed.

Seven days of destruction road seal, rolling weather, around Ye Chen, fierce destruction storm, straight into the sky.

I don't know if it's time for the mirage, or if ye Chen's breath of destruction is too strong, the whole mirage world is collapsing inch by inch.

The mountains and rivers in front of Ye Chen's eyes are gradually reduced to ashes and shrouded in mist.

Surrounded by endless smoke, the world is like a dream, and life is like a fantasy. Ye Chen's head whirls around for a while. After a moment, his spirit calms down a little. When he opens his eyes again, ye Chen finds that he has come out of the fantasy world and returned to the fantasy dust peak.

At this time, ye Chen is sitting under a bodhi tree with his knees crossed. In front of him are two women, one is Huan Chenyan, the other is Ji Lin.

"Hey, ye biwang, are you ok? How can your eyes be so confused? "

Ji Lin's eyes, scanning Ye Chen, seem to be worried.

"Ji Lin?"

Ye Chen looks confused when he sees Ji Lin, because he has just come out of the dreamland, spent thousands of years in it, and suddenly returns to the real world, a little confused.

Ji Lin said with a smile: "it's me, ye Qianwang. Why don't you recognize me? I've been on Siguo cliff for ten days. It's almost suffocating me. As soon as I came out today, I came to see you. Hee hee. "

Ye Chen is still a little trance, looking to the side of the magic dust smoke, but see the magic dust smoke cheek, actually hanging two lines of tears.

"Master, are you ok?" Ye chendao.

"Master, why are you crying?"

Ji Lin was also stunned.

"Ji Lin, you go out first. I want to talk to Ye Chen."

Ye Chen returns to God and knows that he has returned to the real world. Seeing the appearance of the illusory dust, it seems that he has untied some knot in his heart.

"Oh."

Ji Lin turned his lips and went out.

"Master, thank you for your help. I have made a breakthrough in my cultivation. You can see what happened in the dreamland. Your question has been answered."

Ye Chen said thank you.

He has handed the letter of Huan Chen Yan to Mie Wuji.

Chapter 5706

Mie Wuji's answer is to accompany his lover and give up martial arts. In the end, they die. This is the price of giving up martial arts.

However, before they died, they were sentimentally attached to each other for 500 years. This is the result of choosing a lover. It's not too bad.

"Thank you very much."

With a smile, Huan Chenyan seemed to be relieved. Then he was a little embarrassed and said:

"that Little brother, can you do me another favor, go to a place for me and invite my husband back? I know he is living in seclusion. If you are willing to help me, I can give you a chance. "

Ye Chen said: "master, do you want to ask miewuji master to come back and get married?"

Huan Chenyan blushed and said, "yes, I was too extreme and blamed him. He chose martial arts for my own good. I shouldn't turn against him."

"Cough, this..."

Ye Chen coughs twice, but he doesn't expect that Huan Chen Yan is willing to admit his mistake.

"Keep the change. I'm here."

At this time, an old voice sounded.

I saw an old man with rickets and shabby clothes walking in slowly from the outside.

It's miewuji!

"Xianggong..."

Illusory dust smoke see out endless come, immediately a stay.

"Madame."

Mie Wuji sighed, and the vicissitudes of life in his eyes seemed to be calculated to the things in the dreamland, knowing everything.

As he walked step by step, every step out, green lotus bloomed under his feet, white smoke rose from his head, wrinkles on his face quickly dissipated, and he was recovering from youth.

When he came to huanchenyan's side, Mie Wuji had recovered to the appearance of his youth. It was obvious that his heart was untied and his spirit was invigorated.

"Madam, I should have stayed. Although I would have died in the end, it's worth living to die with you. It's better than what I look like now."

Mie Wuji holds the hand of illusory dust and smoke, and sighs deeply.

"Things are changeable. Who can predict the future life? Xianggong, now that you are willing to come back, let's start over. "

Magic dust smoke smile, eyes are with a smile.

Mie Wuji nodded, looked at Ye Chen and said, "Ye Chen, my little friend, this time our husband and wife can untie their heart knot and reunite. Thanks to your help, what do you want for your reward?"

Ye Chen said: "you're welcome to raise your hand. I'm very grateful to you for breaking through to the seventh heaven."

Mie Wuji frowned and said, "when you just broke through, although you were in a dreamland and ordinary people didn't notice it, gongyefeng was extremely keen in his spirit of practicing shenmie Tianzhao. He might have locked your position. I've erased the secret and you won't be found for the time being. But after you go out, you'd better be careful."

Ye Chen's heart is awe inspiring. Indeed, his path of destruction has broken through to the seventh heaven, and the weather at the time of the breakthrough is likely to be captured by Gongye peak.

"Yes, master, I will be careful."

Ye Chen is naturally on guard. The most important thing at the moment is the one hundred day agreement with the Confucianists. Ye Chen just wants to fight against the Confucianists with all his heart and mind, and doesn't want to be distracted to fight against gongyefeng.

With a smile, Huan Chenyan said: "brother ye, this key is given to you as a reward for your kindness. My husband and I are seldom reunited. We don't want to be contaminated with any secular killing and cutting cause and effect any more. We just want to spend the rest of our life here. There is a big chance behind this key. I don't want it. Just take it."

She took out one and handed it to Ye Chen.

"This is..."

Ye Chen took the key, but found that the key, the whole body of dark gold color, carved with the Dragon relief, quite magnificent, the whole is filled with a hint of destruction of blood.

Magic dust flue: "this is something left by my ancestors. It's the key to open the Dragon exterminating burial ground. The Dragon exterminating burial ground contains a strong aura of destruction. My husband's road seal of destruction in that year entered the country so quickly because he got the chance to exterminate the dragon."

"However, he only received opportunities from the outside, but he did not receive the core of the nature. The core of the Dragon killing burial ground was full of prohibitions, and he could not get in."

"If ten thousand years have passed, the power of prohibition must have loosened. You can take a chance."

"Did you bury the dragon?"

Ye Chen's vision is one coagulate, holding the key, extremely the pupil of the devil opens faintly, trace back the sky behind.

In a moment, a terrible picture appeared in front of Ye Chen's eyes. It was a place full of dead breath and destruction storm. There were countless dragon shaped bones buried, and the wind was blowing.

This is obviously the place where the dragon was buried, which contains a lot of aura of destruction.

"Madam, you want to give the key to the dragon's burial ground to Ye Chen Xiaoyou?"

Mie Wuji frowned.

Magic dust flue: "why, don't you want to? Your seal of destruction has been cultivated to the Ninth Heaven. The aura of destruction in that place has no effect on you. Can't I give it to you?" Mie Wuji said: "no, no, madam. Listen to my explanation. Ye Chen has just broken through and probably attracted the attention of Gongye peak. If he goes to mielong's burial ground and comes into contact with the smell of destruction, he may expose his Qi and be locked by Gongye peak. That's not good."

Magic dust smoke heart next one Lin, naturally also know Gongye peak's strong, after all, is to cultivate nine heaven God art superior, not ye Chen can easily contend.

"Little brother ye, you can go back in a hundred days. You just broke through now, and your breath is not completely stable. For the sake of safety, don't go to the mielong burial ground in a short time, you know?"

"In a hundred days?"

Ye Chen's face became stiff, and the blood god had a hundred day appointment with the Confucianist. He needed a lot of opportunities to improve his strength.

The chance of killing the dragon was very suitable for him. He just wanted to collect it immediately.

But now the magic dust smoke said, to wait for a hundred days, to go, how can ye Chen endure?

"Madam, he can't help it. I'll give him the key in a hundred days."

Mie Wuji reaches out his hand to take back the key, but is glared back by Huan Chenyan.

"There's no reason to take back what I send out."

"Cough..."

Mie Wuji looks embarrassed. It seems that Huan Chenyan is still stubborn.

Ye Chen a smile, way: "two elders, each have their own fate, you have helped me a lot, don't worry about me, I will deal with."

Mie Wuji sighed and said, "well, be careful."

Ye Chen nodded and said to Huan Chen: "yes, master, Ji Lin..."

Magic dust flue: "Ji Lin, that girl, will continue to stay here and help arrange the magic poison God array. I will learn from the past. Even if I live in seclusion, I have to have enough ability to protect myself."

Chapter 5707

In the dreamland, Mie Wuji and Huan Chenyan live together, but in the end, the strong enemy kills them. They can only destroy themselves because they are not strong enough.

This time, the magic dust smoke will not wait to die. If you can arrange the magic poison God array well, you can at least protect yourself.

"Ji Lin is still young. Don't let her get involved."

Ye Chen only worries that Ji Lin will have an accident. After all, the enemy behind is the superior.

Magic dust flue: "you can rest assured that I love her more than anyone else. I won't let that girl have an accident. If there is an accident, I will send her away for the first time."

Ye Chen said: "that's good. I want to talk with that girl. Is it convenient?"

Magic dust smoke said with a smile: "convenient, convenient."

"Thank you very much."

Ye Chen thanks a, then immediately go out.

Ji Lin was waiting for him outside. When he saw him coming out, he ran up with a smile and said, "ye biwang, I've heard that. You care about me so much. Do I want to marry you with my sister when I grow up?"

Ye Chen dumbfounded smile, rubbed her small head, way: "what nonsense, come with me, I teach you a little bit of the way of array."

Ji Lin said, "Oh."

Now Ji Lin and ye Chen come together to a secluded valley of Huanchen peak.

"Your master wants to set up the magic poison God array. I'll give you some tips on the array. I hope you can use them."

Ye Chen corrects himself and teaches Ji Lin some of his array ideas.

But, for a moment, where did Ji Lin understand?

"Hello, ye Bawang, you have spent ten thousand years in the dreamland, and your brain is not broken?"

Ji Lin is completely absent-minded, and he cares about ye Chen's brain.

"Listen carefully and don't interrupt."

Ye Chen knocked her head and glared at her.

Ji Lin spat out his tongue and stopped asking.

In fact, in the dreamland, ye Chenwu's mind has improved, and his spiritual power has also been greatly improved. Even the impact of ten thousand years of dreamland can not shake his spirit.

Ye Chen stayed in the magic dust peak for three days, trying to explain the meaning of the array to Ji Lin.

"Ji Lin, I'm leaving now. If there are bad people who want to kill you, crush this edict. I'll come back to save you at all costs!"

Three days later, ye Chen left a Fu Zhao and told him to leave.

He has witnessed the power of the superior. Both gongyefeng and annihilation sword spirit are extremely fierce characters.

These two men's accomplishments declined 70% or 80% compared with the peak period, but they were still extremely terrible.

Ye Chen naturally doesn't want Ji Lin to have an accident. If there is an accident, he will be desperate to protect him.

"Ye Bawang, you are very kind to me. Thank you very much."

Ji Lin accepted the Fu Zhao, but he felt something in his heart.

Ye Chen a smile, way: "for me to annihilate limitless two predecessors say a, I leave first."

Having said that, ye Chen's body flies to the sky and tears the void away.

"Ye Bawang!"

Ji Lin called, stepped forward two steps, looking at the figure of Ye Chen leaving, dazed.

She actually wanted to ask another question.

.....

And after ye Chen leaves, it is to rush toward to destroy a dragon to bury ground quickly.

Since exterminates the Dragon burial ground and destroys two words to be related, the leaf Chen naturally does not want to miss.

"Ling'er, cover up the breath for me. Don't let gongyefeng find out."

Ye Chen's divine thoughts are sent back to the map of the yellow spring. He cautiously asks the spirit child to do it.

It's for safety.

When ye Chen's destruction seal is promoted to qichongtian, his breath is likely to leak and be targeted by Gongye peak.

Although Mie Wuji has already done something for ye Chen, this time, ye Chen is still in danger of exposure when he goes to Mie Long's grave.

Therefore, it is necessary to make preparations in advance.

Ling'er is the instrument spirit of the earth's center destroying beads. His control of the breath of destruction is accurate enough to cover up the fluctuation of Ye Chen's breath and prevent outsiders from discovering it.

As long as the breath of destroying Dao Yin is not exposed, ye Chen will not be targeted by Gong Ye Feng.

"All right, brother."

The spirit child agrees to come down, immediately urge the earth heart to destroy bead, a wisp of light bead light lingers on the leaf Chen body, covered the breath for him.

After a while, ye Chen came to the land of opportunity along the causal guidance of the key.

This is a special secret place. The gate of the secret place is suspended in the sky and covered by layers of clouds.

If it wasn't for the causal guidance with the key, ye Chen couldn't have found it.

The gate in front of us is carved with dark gold. It is deep and simple. There are many ancient flying dragons painted on the gate. These flying dragons are dark red, slightly ferocious, like blood coagulation.

"Is this the place where Mielong is buried? I don't know what chance is waiting for me..." Ye Chen takes the key, inserts it in the door hole, lightly twists.

Click.

All of a sudden, two dark gold doors slowly opened from the middle, and there was a gray and clumsy light coming out from inside.

"Tai Yi Zhen Lei Sha, guard!"

Ye Chen calls out Taiyi Zhenlei sand, grains of sand mixed with thunder and lightning breath, just like the stars in the sky, revolving around his body.

At the same time, Ye Chen also calls out Lei Yan and makes full preparations.

"Lord, do you want to fight? Where is the enemy? "

Lei Yan came out, huge as Shura, dark and ferocious, with a trident in his hand.

He was summoned by Ye Chen for the first time, thinking that there was a battle.

"It's not a fight. Accompany me to explore the secret place."

Ye Chen waves his hand, took the lead to drill in.

"Yes

Lei Yan answered and went in with him.

When they came to Mielong's burial ground, they found that in front of them were a series of desert ruins, full of white dragon bones. The wind was blowing and the sand was blowing, but they could not see any living beings.

"Where is this? How can there be so many bones of the Dragon destroying gods?"

Seeing this scene, Lei Yan is a little alert and holds the Trident tightly.

"The Dragon destroyer?"

Ye Chen is a little confused. He has never heard of the name of the dragon.

"Lord, the Dragon exterminator is a race of the archaic times. Later, somehow, they all died overnight. It seems that this place is the burial ground for the bones of the Dragon exterminator."

Lei Yan said.

"The race of archaic times?"

Ye Chen's eyebrows light wrinkle, if it is the race of archaic times, that thick blood is also quite strong.

It's just the vicissitudes of time, now the remains of the keel here, aura has been completely exhausted, can't feel anything.

"Master Huan Chen Yan said that this dragon exterminator's burial ground has a strong aura of destruction, but now it has nothing. It seems that it has been cleaned up by Master Mie Wuji."

Ye Chen is absorbed in the surrounding, and doesn't find anything strange. Aura is very common, and there is no breath of destruction.

In this desert ruins, there are many traces that have been searched, and many ancient remains of natural materials and treasures have been taken away.

Chapter 5708

Obviously, the opportunity outside this place has already been taken away by Mie Wuji, and even the aura of destruction has been absorbed.

If you want to go deeper, you can only look for opportunities.

At the moment, ye Chen takes Lei Yan and carefully goes to the depth of the burial ground. All the way, the wind and sand are rolling, but except for the bad environment, there is no special place and no fierce animals.

All the way to the end of the desert ruins, ye Chen found that there was a layer of prohibition.

This layer of prohibition, energy has been very weak, can't stop Ye Chen's step at all.

"Master Huan Chen Yan is right. Compared with ten thousand years ago, the ban here has become loose."

Ye Chen's heart moves, it seems that behind the prohibition, may be the most core place of the Dragon killing burial ground, and the biggest opportunity may also be hidden in it.

Think of here, ye Chen a spring finger, a thunder sand flies to shoot out, bang of once explosion, direct forbid explode.

Hum!

Behind the destruction of the prohibition is a stone chamber.

In the stone room, there was only a broken chessboard and scattered black and white pieces.

"This is..."

Ye Chen a Leng, but didn't expect to ban behind, incredibly is such a simple scene.

"Lord, there seems to be no big chance here."

Lei Yan held the halberd and looked around, but he didn't find anything strange, even a little abnormal breath.

Here is a simple stone room, with only one stone table and two stone benches. The chessboard on the table is broken and the pieces on the ground are scattered. It seems that someone once played chess here.

Apart from that, there is nothing special.

"How could that be?"

Ye Chen is also brow lock, still think can get what chance, which thought unexpectedly is this appearance.

"No, it can't be that simple. There must be something special here."

Ye Chen shook his head and walked into the stone room. Naturally, he was not willing to give up.

He was beating around the stone room, hoping to find out what kind of mechanism.

Suddenly, when ye Chen knocked on a brick, he had a strange feeling and heard an abnormal echo.

"Strange! The back is empty! There must be a mechanism! "

Ye Chen's vision suddenly sharp, this brick behind is empty, perhaps hide what mechanism.

He made a fist in the palm of his hand, trying to blow away the bricks and stones.

"No!"

But at this time, the ghost of Feng Tianshang floated out of the reincarnation cemetery and suddenly drank Zhan yechen.

"Master Feng, what's the matter?"

Ye Chen is stunned.

"Look carefully, there are special runes carved on the wall!"

Feng Tianshang's eyes were fixed on the walls around him, and he said in a deep voice.

"Special runes?"

Ye Chen stares at a look, but sees nothing.

"No

"Don't use the naked eye, use the soul power to observe."

"Good."

Ye Chen did as he said, and his soul power was released. Suddenly, he saw that there were runes on the wall, which were filled with golden light. The spirit of killing was very strong, and there were faint starlights, which were constantly surrounded, and they were extremely magnificent.

"What kind of rune is this? What a sharp breath

Ye Chen was surprised. He only felt that the rune on the wall was very sharp. He had the fierce cutting momentum of the supreme sword. If he touched it carelessly, he would be seriously injured.

Feng Tianshang said: "if I read it correctly, it should be a kind of star pattern."

Ye Chen frowned: "star pattern?"

Feng Tianshang said: "yes, the star pattern is a special Rune in the supreme world. The breath of the stars on the ether is energy. It has many attributes, such as killing, defending, healing, expelling poison, cursing, gathering Qi and so on. Each has its own wonders."

"The star pattern in front of you should be the White Emperor's golden emperor's pattern of killing and cutting. Geng gold is extremely murderous. Once triggered, your head will be cut off!"

Ye Chen startles a way: "so fierce?"

Feng Tianshang said: "the star pattern is a thing of the supreme world. Only the energy of the stars on the ether can be used to depict the layout. The characters behind the Dragon exterminator's burial ground are not simple. They can actually decorate the star pattern."

Ye Chen said: "do you have a way to crack it

Feng Tianshang said: "the White Emperor's golden emperor's pattern, the pattern and the star mark are all broken up and become scattered symbols. It's not easy to crack them. You should be careful not to damage the things here, or you will be seriously injured if you touch the star pattern."

Ye Chen's heart is a Lin, didn't expect that there is star pattern guarding here, behind the stone chamber, there must be something hidden.

The big chance he wants may also be hidden behind him.

"Brother, I seem to have seen these runes, too."

A tender voice came out of the picture.

The spirit child appeared and looked at the star pattern on the wall. It seemed that he also remembered something. "Spirit child, do you know this star pattern?"

Ye Chen is in doubt.

Ling'er said, "well, when the elder sister of the supreme daughter gave me protection, she carved this kind of Rune on me. She said that if anyone dares to touch me, these runes will burst out immediately. The edge is comparable to the supreme sword, and no one can resist it."

Ling'er is the spirit of destroying beads in the center of the earth. When he was at the bottom of ru'shen Valley, Gongye peak coveted him and wanted to devour him.

However, because of the protection of the heavenly daughter, gongyefeng could not start.

Ye Chen is surprised when he hears what ling'er said. It turns out that the protection given by the Empress Dowager was the White Emperor's golden pattern. It took him ten thousand years to protect ling'er.

Even gongyefeng didn't dare to do it. You can imagine how sharp the White Emperor's golden pattern is.

Ye Chen says: "spirit child, that you can crack?"

Linger said, "brother, I don't know. I can only try my best. I remember the whole picture of the White Emperor's golden pattern. I hope I can help you."

Ye Chen said: "master Feng, if you restore the whole picture of star pattern, can you crack it?"

Feng Tianshang said: "if it can be restored, it can be cracked naturally."

Ye Chen said: "well, let's restore it first!"

Seeing the hope of cracking, ye Chen's spirit is suddenly inspired, and immediately drives Taiyi Zhenlei sand to evolve into strands of sand, which accumulate on the ground and form a sand table.

Then, ye Chen took the sword as a pen, copied the star pattern on the wall, and transcribed all the scattered star pattern symbols.

Ancient Runes gradually emerge on the sand table.

Ye Chen's forehead is permeated with sweat.

These star patterns are very complex, profound, and seem to have a great power. When ye Chen portrays them, his spiritual power is constantly consumed, as if he is fighting a big war.

"Lord, I will help you."

Lei Yan also came to help, raised the Trident, according to the symbols on the wall, stroke by stroke.

However, as soon as he drew a few runes, he was in a state of mental turmoil, his face was pale, and a mouthful of blood gushed out, as if he had been greatly hit.

Chapter 5709

"Evil gate! What's going on? "

Lei Yan was so frightened that he didn't dare to move any more.

Ye Chen shook his head and explained: "these star patterns are from the world. They are very mysterious. The depiction needs very strong soul power. If you don't have enough soul power, don't mix them in."

Thunder nightmare heart next a Lin, way: "yes."

After that, he stood on one side.

"Be careful, brother."

Ling'er is also worried about ye Chen.

Ye Chen said, "it's OK. Just teach me how to restore."

"Well, the star pattern that tiannu sister painted on me should be like this..."

Spirit child hands stroke, will star grain of concrete full picture, Tell ye Chen.

Although the star pattern is complex, the spirit child has been observing it for tens of thousands of years. Naturally, he is very familiar with it. He can remember the location of each stripe.

Ye Chen listens attentively, copies down the star pattern seals, and then organizes them into complete star patterns according to the instructions of the spirit child.

However, the star print on the wall is too scattered, and there are too many. It's very difficult for ye Chen to copy it alone.

"Help me."

Feng Tianshang saw that the spirit power moved, also on the sand table, outlined the star pattern.

"Thank you, master."

Ye Chen is a little relieved, with the help of Feng Tianshang, he is much more relaxed.

But even so, it took them three days to completely portray the complete star pattern.

"It's finally done!"

Ye Chenshu breathes out his turbid Qi, but on the sand table, there is an incomparably mysterious pattern, like a border array, with countless ancient lines, like a mysterious totem, flowing out strands of golden light.

"Is this the pattern of the White Emperor and the golden emperor?"

Ye Chen carefully examines, still see star grain for the first time, compare with any array border all want complicated.

"It's wonderful."

Feng Tianshang can not help but praise.

Ye Chen said: "master, can you crack it?"

Feng Tianshang said: "if you want to crack the star pattern, you need to find the array eye first. It's the array eye of the White Emperor and the golden emperor pattern..."

As he spoke, Feng Tianshang gazed at the star pattern on the sand table, carefully observed each mark, suddenly his eyes lit up, pointed to a place and said:

"here it is! Qiangua star position, the dragon has no head, the array eye is here! "

The so-called star pattern, in fact, is a special kind of array border, but also has the strange door dunjia, eight trigrams six harmonies.

Now Fengtian Shang refers to the star position of qiangua.

"Well!"

Ye Chen nods, should a, also saw the array eye concrete location.

Then, ye Chen stood up and looked at the scattered runes on the wall, and suddenly found the corresponding eyes.

"Broken!"

Ye Chen stabs out his sword and strikes at the eye of the array.

Hum!

The seal vibrates and breaks on the spot.

Wuwuwu -

and with the eyes of the array broken, a gust of wind blew, and all the star print on the wall collapsed, and disappeared completely.

"Successful..."

Ye Chen breathed a sigh of relief and put down his nervousness.

Just out of the sword, he was ready for defensive retreat, if the break failed, triggered the star pattern, he would run away at any time.

Fortunately, there was no accident, and the array eye broke smoothly.

Feng Tianshang said: "look at the mechanism here. The master behind this place is not a layman. He can arrange the star pattern. His strength is not simple."

"Good."

Ye Chen nods and finds the abnormal brick again, smashing it with one blow.

After the brick and stone were broken, a dark grid was exposed inside, and there was a mechanism in the dark grid.

"Sure enough, there is a mechanism!"

Ye Chen twists the mechanism, and there is a crack in the stone chamber. An underground corridor appears. I don't know where to connect.

"Lord, I'll find the way."

Lei Yan volunteered, shrunk to the size of an ordinary person, and entered the corridor.

"Master Feng, ling'er, take a rest first. I'll go down and have a look."

Ye Chen also gets into the corridor and goes underground all the way.

Feng Tianshang returns to the reincarnation cemetery, and Ling'er also returns to the picture of Huangquan.

Ye Chen and Lei Yan, on guard, march along the corridor.

They went deeper and deeper, and gradually, they felt a terrible sense of destruction.

"What a terrible wave! I don't know what's in the ground

Lei Yan's eyes change slightly. He only feels the smell of destruction coming from underground, which is more powerful than Ye Chen.

You know, Ye Chen's seal of destruction has already reached the seventh heaven, and the breath of destruction under the earth is stronger than him, which is definitely not simple. "There's a big chance in front of me!"

Ye Chen's eyes are as cool as water. The deeper he goes into the earth, the more chance he feels. All kinds of causality add to his body, and there must be adventures underground!

Thinking of this, Ye Chen speeds up his pace, directly over Lei Yan, and takes the lead in running underground.

"Lord, be careful!"

Lei Yan followed up in a hurry.

Soon, there was a light ahead, and the end of the corridor came.

WOW!

Ye Chen walked out of the corridor, but came to a very beautiful world.

The world seems to be a huge underground mausoleum, with buried pottery figurines on display, and many precious burial magic weapons, medicinal materials, minerals, etc. everywhere are ancient Buddhist niches and dragon statues.

"Is this a grave? It's so huge. "

Lei Yan looked around in surprise. The scale of the ancient tomb was so huge that he could even see the city wall in the distance. It seemed that the city on the ground had been moved to the ground, and there was a moat. The water was clattering.

It's underground, but the water is flowing. I don't know where the source is. It's amazing.

"Go and have a look!"

Ye Chen looks at the city wall in the distance, and the terrible smell of destruction comes from the city.

The owner of this ancient tomb is probably buried there.

Ye Chen takes Lei Yan and runs to the city.

Along the way, you can see the pottery figurines buried with them everywhere. They are painted with colorful paint, and their appearance is carved vividly, which makes people feel a little hairy.

There are also the giant dragon sculptures, which are very imposing and seem to support the whole world. The top of the statues almost touches the dome of the ancient tomb.

The dome of this ancient tomb is inlaid with precious agate gems, which reflects that the whole ancient tomb is bright without any gray weather.

Ye Chen and Lei Yan went on all the way and soon came to the city wall.

The gate is locked, and there is a moat.

"There could be danger here."

Ye Chen looked at the moat, but he couldn't see it to the end and didn't know how deep it was.

He vaguely felt a sense of crisis. If he wanted to enter the city, he had to cross the river first.

There may be some danger hidden in this moat.

"Taiji shakes the thunder sand, and the sandstorm is coming!"

Chapter 5710

Ye Chen waved his hand, grains of sand filled with the smell of thunderstorm immediately flew out of his hand and suspended above the moat.

Hoo Hoo Hoo!

Then, the storm rolled, the wind and sand all over the sky, evolved out of thin air, as if pouring down to the river.

This Taiyi Zhenlei sand can evolve into infinite sand, or even a large desert. Now ye Chen wants to fill the moat with sand.

However, countless sandstorms have come, but the moat has not been filled. The water is still clear and deep.

"Well? What's going on? "

Ye Chen's face changes slightly and feels abnormal.

"Wu Tu Yuan Fu, coming!"

He even sacrificed Wutu Yuanfu, and the wisps of Wutu essence turned into heavy earth and rock, and fell into the moat river.

But this river is very strange, as if it can never be filled. Ye Chen uses Taiyi Zhenlei sand and Wutu Yuanfu, even if it's a sea, it can be filled, but it can't fill a river.

"Lord, this river is a bit of an evil gate. Don't worry about so many. Let's fly over it directly!"

Lei Yan's temper is fierce. Seeing that the moat is always filled with discontent, he just doesn't care. With a jump of his body, he wants to fly over.

"Don't be impulsive!"

Ye Chen face a change, want to stop, but already late.

Leiyan flew over the moat. The river, which was just calm, suddenly rolled and burst. It turned into a rough sea, and a golden light emerged from the river.

This piece of golden light condenses into an ancient totem pattern.

I know this leaf pattern.

It's a star pattern!

White Emperor gold emperor pattern!

Chi Chi Chi -

countless Dao Geng Jin's spirit, mixed with the torrent of water, turned into a terrible torrent of swords, and went to kill Lei Yan.

"What

Lei Yan was so frightened that she didn't expect such a change.

The White Emperor Jin Huangwen's cutting spirit is comparable to the supreme sword. His sharp edge is extremely terrible, and his speed is also extremely fast. Almost in an instant, he killed Lei Yan. He didn't even have time to escape.

Puchi, Puchi, Puchi!

In an instant, Lei Yan's body was cut by countless swords, splashed with blood, blurred with blood, seriously injured, and screamed.

Poop!

Then, Lei Yan fell into the river, and his body sank directly. He disappeared, and the river was dyed red by his blood.

"Damn it

Ye Chen sees this and his heart is pounding. He didn't expect that the White Emperor's golden emperor's pattern was so powerful that he hit Lei Yan hard.

You know, when ye Chen challenged Lei Yan in front of Taiyi shenzun, he also spent a lot of energy to defeat him.

"Boy, be careful. This river seems to be melted by the green water."

The voice of Feng Tianshang comes from reincarnation cemetery.

"The Pearl of green water?"

Ye Chen frowned.

"Well, the green water candling pearl is one of the treasures of chaos in the past thirty-three days. It's the eight trigrams chaos. It belongs to the Kan trigram, and Kan is water."

"This bead can evolve an endless stream of water, even some weak fire can be extinguished, very powerful."

"If I guess correctly, there should be a white Emperor and gold emperor pattern on this bead. Once I feel the breath of a living person, it will trigger the killing. That big guy should not be able to live."

Feng Tianshang sighed. He also caught the clue when he saw the appearance of the White Emperor's golden pattern.

Ye Chen's face sinks, and Taiyi God Zun lets Lei Yan follow him. In a few days, Lei Yan is about to fall. How can he explain to others?

"Ye Chen, try with your holy water of the yellow spring. The holy water of the yellow spring is the king of all waters and is supreme. If the Pearl of green water has not recognized the Lord, you may be able to suppress and accept it."

At this time, Xuan Hanyu's voice came out.

"Good!"

As soon as ye Chen's eyes brightened, he immediately offered the picture of the yellow spring. The scroll unfolded and the holy water of the yellow spring rolled out like a waterfall, flowing fiercely and pouring into the moat.

The holy water of the yellow spring is also a part of Ye Chen's body. As soon as it falls down, it mixes with the river water. Ye Chen immediately feels that the river water really contains a rich flavor of eight trigrams, which is the flavor of Kan trigrams.

Almost in an instant, ye Chen found a bead at the bottom of the river.

This bead, with its dark blue color, seems to contain a vast sea. The smell of chaos magic weapon is very strong, which is interlinked with Genyue mountain in Dahan and Zhenlei sand in Taiyi.

It's one of the most precious treasures of the thirty-three days of chaos, clear water and magic Pearl!

The surface of this pearl is carved with an ancient and complex totem. If you look at it carefully, the totem is exactly the pattern of white Emperor and gold emperor!

"Master Feng is right. This bead is indeed engraved with a pattern of white Emperor and gold emperor!"Ye Chen exclaimed. He didn't know who had such a great power to depict the star pattern on the magic weapon of chaos.

This bead is probably the magic weapon of the owner of the ancient tomb. Stay here to guard the tomb and kill all the invaders.

The owner of the ancient tomb has already fallen.

Therefore, this bead, now ownerless, is a piece of white paper.

Ye Chen's holy water of the yellow spring, permeated in the past, beads slightly concussion, seems to be in awe.

The holy water of the yellow spring represents the six yellow springs. It has the power of reincarnation and the magic weapon of water property. If there is no master, it is impossible to compete.

This is the reason that attributes are mutually exclusive.

"That's great. I can sacrifice this pearl without its master!"

Ye Chen is pleasantly surprised, a large number of holy water gushes out, and surrounds the green water canlingzhu.

Buzz, buzz!

Bishuikan's Pearl blooms with dazzling brilliance, without the slightest resistance. After being baptized by the holy water of the yellow spring, it's like a lamb under the claws of a tiger, who dares not have the slightest resistance.

In an instant, ye Chen's sacrifice was successful, and he successfully accepted the Pearl of green water.

A wisp of warm water vapor, emanating from the bead, diffused into Ye Chen's muscles and bones, and he suddenly felt refreshed.

"Blue water, open!"

Ye Chen eyes open big, a light drink.

WOW!

The river in front of him suddenly broke up.

Lei Yan's scarred body is lying under the water.

"Lord..."

Lei Yan is on the verge of death.

"Don't worry, you can't die with me."

With a wave of his hand, ye Chen releases the eight trigrams heaven elixir, slightly stabilizes Lei Yan's injury, and then takes him back to the yellow spring chart to let him have a good rest.

This time, fortunately Ye Chen shot fast, in time to accept the green water canlingzhu, did not let him suffer further damage, otherwise he must be dead.

Now with the treatment of Bagua Tiandan, Lei Yan can recover after a period of rest. When the hundred day appointment comes, he will still be a powerful help for ye Chen.
