

## Physician 5721

### Chapter 5721

Ye Chen seems to be aware of what, way: "those Dragon Spirit resentment, again entangle you?"

The blood Dragon nodded in pain, and the golden light faded away.

Ye Chen saw clearly that there were many dragon spirits around the blood dragon. They were just murderous and wanted to take over the blood dragon.

Fortunately, at this time, the blood dragon has been transformed, and his physical body and cultivation are very strong. He is not easily taken away.

Ye Chen looks at the blood god, and the blood God looks at the Golden Dragon beast.

The Golden Dragon sighed, "I'm sorry. I said that I can only suppress a stick of incense. Next, it's up to him."

The blood dragon bit his teeth and said, "master, don't worry, I can bear it!"

Just a jiongxiang time, blood dragon painstaking for thousands of years, has been rapid progress, there will be no danger of being lost in a short period of time.

However, in the long run, the blood dragon is always dangerous.

"Get the hell out of here

The blood dragon roars and stares at the dense dragon shadows around him. His eyes burst out, shooting out a series of eyes full of the smell of destruction, attacking the Dragon spirits around him.

Whoa, whoa, whoa!

The Dragon spirits, attacked by the blood dragon, immediately evaporated and turned into nothingness.

But the Dragon spirits around are as dense as locusts and flies, with millions of them. How can the blood dragons be cleaned up?

Many dragon spirits resent and see the attack of the blood dragon. It seems that they are angry. They rush to fight against the blood dragon with a more ferocious attitude and want to take him away.

"Ah, ah, ah, ah!"

The blood dragon was in great pain and howled. He only felt pain in his head. His consciousness was gradually blurred. His eyes looked around, and all around was full of blood, as if everyone was an enemy.

"Kill

The blood dragon's eyes split and almost lost consciousness. He patted Ye Chen with his paw again.

Ye Chen quickly withdrew and called: "blood dragon, it's me! Don't you know me? "

Hear ye Chen's cry, blood dragon body violent a shock, seem to wake up what, there is a voice in the heart, tell him no matter what, can't hurt Ye Chen.

"No! Don't hurt the master

The blood dragon roared and yelled. The dragon's body struggled and twisted in the void. The dense dragon soul around him seemed to be a wisp of black gas around his whole body.

His whole dragon body seems to be bound by countless black chains, such as the magic dragon falling into the abyss, which is very miserable.

Finally, the blood dragon claws to his body, random wave random grasp, actually self harm, would rather hurt himself, also don't want to hurt Ye Chen.

"Blood Dragon..."

Ye Chen Zheng Zheng looks at this scene, but is gloomy.

The blood God said: "Alas, now, there is no other way. If you want to defeat the ancient dragon soul, you can only rely on his own spiritual will."

Ye Chen said with a bitter smile: "that's a million dragon spirits!"

He clearly saw how determined these millions of dragon souls were when they were buried and sacrificed. Every Dragon Soul contained a very terrible obsession with demons. How easy is it to conquer the resentment of millions of dragon souls?

Blood god way: "at present can only temporarily imprison him, otherwise, once he is taken away, endless trouble."

Ye Chen subconsciously refused and said: "do you want to imprison the blood dragon? No, absolutely not! "

The blood God said, "do you have a better way?"

Smell speech, leaf Chen immediately language plug, he really has no better way.

If you don't trap the blood dragon, once something happens and the blood dragon is taken away and out of control, it will definitely bring endless trouble.

However, the blood dragon accompanied him through life and death for many years, and now this disaster is also because of him. How can he bear to ask him to imprison the blood dragon?

"Master, imprison me. I also need a place to slowly find a way to suppress these dragon spirits."

At this time, the blood dragon is to restore a trace of soberness, although the whole body is bloody, but very sober eyes.

He also decided to imprison himself in case of disaster.

Ye Chen is silent down, finally ponder for a long time, just gloomy nod.

The blood God breathed a sigh of relief and said, "come with me. Let's go back to the blood death prison first."

At present, the blood god tears the void and returns to the blood death prison with Ye Chen, the blood dragon, and the strong men of various schools.

.....

It didn't take long for them to return to the bloody prison.

The blood God said: "I know a place called the prison magic gorge. It was the place where the reincarnation magic stele was imprisoned. It can temporarily settle the blood dragon."

"Prison magic gorge? The stone of reincarnation

Ye Chen is slightly surprised.

The blood God said: "well, in the archaic times, a great power was born in the blood death prison. He once found the reincarnation magic stele and bound it with countless forbidden chains. He wanted to suppress the evil spirit and collect refining. But unfortunately, the reincarnation magic stele was born with self-consciousness and directly broke the seal to escape. Now it's your refining."The blood god can feel naturally that the tablet of reincarnation is on Ye Chen, who has already been refined by Ye Chen.

"I see."

Ye Chen did not expect that there was such a source between blood death prison and reincarnation magic tablet.

Since we can imprison the magic gorge and the reincarnation magic stele, we think it also has a very strong binding force. We should be able to settle the blood dragon.

The blood dragon hears to have this place, is also a spirit one to vibrate, he now just wants to fast ego imprison, lest hurt Ye Chen.

"Let's go."

Blood god with Ye Chen and blood dragon, came to a canyon.

The valley is full of dark wind.

This evil Qi is very familiar to Ye Chen. It is the evil Qi of reincarnation evil tablet.

Obviously, this canyon, when the reincarnation monument was imprisoned, was also contaminated with a lot of evil spirit.

On the cliffs of the gorge, there are ancient chains, which are full of prohibitions. The atmosphere of shackles is very strong.

The blood dragon doesn't talk nonsense either. As soon as the dragon's body swings, it flies directly into the canyon. Instead, it calls in all the ancient chains and binds them to its own body to self imprison.

"Blood dragon!"

Ye Chen was shocked.

The blood Dragon said: "master, don't worry about me, I will be able to survive this disaster!"

Later, the blood Dragon said to the blood God: "elder blood god, I'm afraid these chains are not strong enough. Please reinforce them."

Since the master of the magic tablet was able to escape, the blood dragon was afraid that he would break out, so he could also break free.

"The blood God said:" in those years, someone cast the carved qinglihuo sword here. It has been reinforced once

It turns out that after the reincarnation stele escaped that year, with the vicissitudes of time, there was great power to cast the sword again. With special sword casting materials, these chains were strengthened again, and the binding power was stronger.

In the past, when the blood god ruled the blood death prison, he met some disobedient people. They either killed them directly or sent them to prison. No one could escape from here.

Chapter 5722

The blood Dragon said: "I don't think it's enough. Lord blood god, please reinforce it again."

Blood god way: "good!"

The palm pinches the Jue, the blood god releases continuously the time road seal.

This time trace, entangled in those ancient chains, one by one, has emerged the ancient law of time, and the power of prohibition is more powerful.

"Well, these rules of time can last for a hundred years. You want to escape in this hundred years, unless you break the time and space I set up first."

"The way of time and space, I have very shallow knowledge, I think it can not be broken."

Blood dragon a smile, take a silk relaxed appearance, toward Ye Chen way: "master, you can rest assured, I won't hurt you again."

Ye Chen in the heart can't say of taste, way: "blood dragon, you here good recuperate, wait for later have an opportunity, I again let you go out."

The blood dragon grinned and said, "don't worry, master, when I get rid of those dragon spirits' grievances, without worries, maybe I can catch up with you and the hundred day appointment of the Confucian temple!"

Ye Chen's heart moves. If the blood dragon can catch up with him in a hundred days, it's really a blessing. With the powerful help of the blood dragon, it will be much easier.

However, look at the blood dragon now this appearance, want to catch up with the agreement, I'm afraid it's not easy.

Whoosh, whoosh

With the strong wind blowing in the canyon, the Dragon Spirit resentment around the blood dragon seems to be more fierce, constantly tormenting him.

The blood dragon was silent and didn't speak any more, fighting against the impact of the dragon soul.

Ye Chen and blood god look at each other, but also silent, left the prison magic gorge.

.....

After waiting for ye Chen and others to leave, trapped magic gorge only left blood dragon.

The blood dragon gazed at the endless chains and darkness, and closed his eyes.

The past is flooding in.

He came from a boy in Jiangcheng.

If there is no intention to kill the river city youth, he does not exist in this world.

He vaguely remembers the scene when he first turned into a blood dragon in the sky to frighten the Chinese people.

He can't lose.

If he fails, ye Chen will be backfired.

More importantly, he wants to accompany Ye Chen all the time!

Face the world together to a strong enemy! In the face of the high, control everything wanxu!

The breath of the dragon's blood is more urgent!

The blood Rune has the trace of six rounds.

No one knows what kind of transformation happened to the blood dragon at the moment.

He won't!

He doesn't want to fail!

Next second, a startling dragon roars through the sky!

However, no one noticed that there were two figures above the clouds.

One is above heaven and earth, the other is bent and old.

It's Ren Feifan and ye Lao.

Ren Fanfan's pupil blood circulation, staring at the roaring blood dragon under the sky, the corners of his mouth outline a smile.

"Ye Lao, this should be regarded as the opportunity of blood dragon."

"In the past, a few chances can only be regarded as appetizers. This time, it can be regarded as a real feast."

Ye Lao gazed at the blood dragon. His eyes were complex and hesitated for a long time. Then he said, "the big meal is really a big meal, but it's too big for the blood dragon to digest."

"If the blood dragon has an accident, the layout after that may be dangerous."

"You should be very clear that in the face of wanxu and those guys, the blood dragon is the key."

"At that time, you and I spent a great price to spy on part of the future. The blood dragon is extremely important in that picture."

Ren Feifan nodded and put his hands behind him: "so he has to survive."

"But I'll think about it carefully. Will ye Chen bear such a heavy burden..."

Ye Lao interrupted: "you know, this is not our choice, but ye Chen's

"Don't forget, he was not only Ye Chen, but also the Lord of reincarnation!"

"The only reincarnation Lord in the world who dares to fight against wanxu temple!"

Ren Feifan's body was stunned, and immediately showed a smile: "you remind me, by the way, how is the chess game over there in China?"

Ye old finger slightly move, and then showed a smile: "consistent with the expected trend, ye Lingtian has started, it is estimated that before long, this ye boy will go back to China. There are a lot of people waiting for him

.....

The earth, the North Pole.

The dragon spirit is stationed here.

The aurora looms up to the extreme.

However, such a beautiful scene, but no one noticed.

In the wind and snow, simple buildings are built.

The endless snow has been completely covered.

Only the beauty of the dragon soul is shining in the night! That is the light of China!

Outside the building, a couple of men in winter suits with the Dragon Spirit logo are operating a large machine.

There are a lot of data and a fluctuating curve on the display screen of the machine.

Suddenly, the wave of the curve disappears and becomes a straight line.

"Captain, master Ye's data has been lost..."

A dragon soul researcher said solemnly.

The loss of data means that the transmission has failed, or that ye Lingtian has reached a place that the machine cannot detect.

If the latter is better, if the former, then everything will fall short.

Jin Lengyan emerged from the darkness, holding a tablet in her hand, and her beautiful eyes were filled with calm.

But only she knew what a storm it was in peace!

During this period, the change of Chinese aura became more and more serious.

I don't know if it's recovery or worse.

Even on a global scale, there have been a number of Reiki related cases.

You can learn a lot from the authority of dragon soul.

Ye Lingtian knew that he had to contact Ye Chen as soon as possible, but he didn't know whether it was because of the change of aura or something else. He couldn't communicate with Ye Chen at all!

This time, such a bad situation, someone must stand up!

Once upon a time, ye Chen, the God of war, guarded them.

After that, it completely disappeared in the sight of the Chinese people.

It's a few years since it disappeared.

This time, they really need Ye Chen.

Kunlun virtual has been completely occupied by yuan Daofeng, yuan Daofeng is to cultivate a force, dominate the whole Kunlun virtual!

Even power has penetrated into China and even the world.

Why is yuan Daofeng so rampant?

Because of strength!

Yuan Daofeng's martial arts almost reached the top of China. He even suppressed the dissent of Kunlun and other powerful countries.

The rebels are disappearing!

The representatives of the ancient martial arts and even the dragon soul negotiated with yuan Daofeng many times, but yuan Daofeng's attitude was still arrogant.

From a certain point of view, he yuan Daofeng is the synonym of martial arts and Taoism.

Even yuan Daofeng dropped a sentence:

"China's aura changes, I yuan Daofeng is the only guardian of China!"

When a person controls too much power, it is bound to devour everything.

Yuan Daofeng's ambition has been growing in recent years, but he does have the qualification.

Urban Physician Author : The Wind Laughs

Longhun knew that if the situation went on like this, it would be in crisis, so he started the plan code named sssss.

There is only one key person in the 5S plan, ye Chen!

If you want to see ye Chen, you must break the spatial shackles caused by the change of Chinese aura.

Originally, ye Lingtian's qualification could not leave at all, but Jiang Peirong and ye Tian were breaking through the Arctic.

What's more, I found an ancient transmission array in the Arctic by accident!

They started the ancient teleportation array at all costs, forced to tear the void, and teleported ye Lingtian away!

The expectation of the whole China is given to ye Lingtian.

But not long ago, the signal was lost.

Ye Lingtian's life and death are uncertain.

Jin Leng Yan's breath was short, and her proud chest quivered in the cold wind.

A few seconds later, Jin Leng Yan murmured: "master ye, everything, please."

"We don't have much time left."

.....

Lingwu mainland.

The void tears, a door looms.

Then a figure suddenly rushed out from this!

If ye Chen is here, he will find that this is ye Lingtian who has been to China for a long time.

Looking at the surrounding environment, ye Lingtian gasped and murmured: "unfortunately, it's only to Lingwu mainland, and there's still some distance from outside."

"I must see the Lord as soon as possible."

"I can't live up to the expectations of the Lord's parents."

"If it wasn't for them to pay such a price, maybe I wouldn't have been able to come here."

"Fortunately, both Lingwu mainland and the seven kingdoms are under the control of the temple master. I believe I will be able to see the temple master outside the territory soon."

Speaking of this, ye Lingtian's eyes coagulate, and then rush towards a direction!

.....

At the same time, Huaxia University of science and technology, e dormitory 617.

A huge girl's bedroom, strange is only a pink bed.

To have an independent dormitory in the University, we can see how special the identity of the master of this dormitory is.

Not only that, except for the pink bed, the whole bedroom is full of seriousness.

Three computers running at high speed, the screen constantly beating code symbols, and even a display with a map of China, and the map of China constantly flash light!

What's more strange is that there is a dragon symbol in the upper right corner of the screen.

This computer was developed by dragon spirit!

There are only seven in the world!

These computers are not the most eye-catching, the most eye-catching is a whole wall of this bedroom!

There are reports and photos on the wall!

"The mysterious Professor Ye of Beijing Normal University left and disappeared. At the same time, the English teacher Wei Ying was also missing."

"The underground changes of the Beijing Model University, the students of that year obviously felt the shock."

"The past and present of the Chinese Ye family."

"The transformation of Jiangcheng Tianzheng building has attracted countless famous young people!"

"At the mysterious birthday party of Xia family in Jiangnan Province, the news of the man surnamed Ye was blocked by the authorities."

"The boy who fell into Dongqian Lake disappeared mysteriously. The rescue team didn't find any bones for a month in a row."

"Who is the man behind the Dragon Spirit?"

"Is there Kunlun emptiness in Chinese context?"

"In recent years, the temperature in China has changed suddenly, and the supernatural events have happened frequently. Why on earth?"

The wall is full of newspapers and news from special channels!

And in the center is a picture.

In the picture is a indifferent side face.

If ye Chen is here, he will find that this side face is himself!

The sound of water kept coming from the bathroom of the dormitory.

Suddenly, the water stopped.

A proud body full of endless temptation came out of the bathroom!

The explosion of the mountains and slender legs, as if the creator is most satisfied with the existence!

Girl with pink bath towel constantly wipe the body, and then simply put on a thin as cicada wings of the suspender pajamas, beautiful eyes toward one of the computers swept a glance, suddenly, she found something, such as amber pupil flashing dazzling light.

The girl's slender legs are sitting on the chair, her fingers are pounding on the keyboard.

Suddenly, in front of the computer came a mechanical sound, and then the screen quickly rolling a string of data.

When the data is loaded, a message appears in front of the girl.

Name: ye Chen confidential level: sssss

Identity: head of the Ye family in Beijing, protector of the dragon spirit, master of Kunlun (former)

related figures: Xia Ruoxue, Jin Lengyan, Sun Yi  
Specific information:

The girl looked at the above information, her face was a little red, I don't know whether she was excited or something.

Her chest is constantly undulating, and her low cut pajamas are even more white.

"Ye Chen? Is this the secret that the Dragon Spirit has been guarding? "

"But why does the information only stay a few years ago? Is this guy named Ye Chen dead?"

The girl's red lips murmured to herself, but her beautiful and smart eyes were full of excitement!

Her name is Han qianmin. She was recommended to Huaxia University of science and technology when she was 15 years old.

In four years, he became the youngest doctoral student in Huaxia University of science and technology.

It's not only an optical halo, but also the only school flower of Huaxia University of science and technology!

Last year, it was selected as one of the top ten beauties in China by countless netizens!

But these halos are not important, the important thing is the family identity behind Han qianmin, which can not be underestimated.

According to legend, Han qianmin's father is the great master of ancient Chinese martial arts! Nobody dares to provoke! He was even employed as a special instructor by the mysterious dragon spirit.

Of course, these are rumors, authenticity, no one to explore.

Han qianmin put aside these identities, there is a special identity.

She is the mysterious existence of China hacker alliance - M

If ye Chen is the God of ancient martial arts, Han qianmin is the God of hacker and network computer!

Just then, Han qianmin's mobile phone rang.

At the moment, Han qianmin took a look at the information on his mobile phone, suddenly showed a smile, changed into a pair of tight jeans and a simple white T-shirt, and went to the bedroom door.

Although the simple dress, but the explosive and eye-catching figure, or let countless girls heart inferiority and envy!

.....

Half an hour later, Han qianmin came to a coffee shop.

Her appearance made every man in the coffee shop excited, and even some men took the initiative to chat up, but only Han qianmin's arrogant and cold eyes answered them.

"Xiao Han, the coffee shop is closed in the afternoon and does not entertain guests."

Han qianmin came to the bar and said to a middle-aged man.

The middle-aged man, whose address and appearance did not match each other, nodded and then went to every customer.

Soon, only middle-aged men and Han qianmin were left in the cafe.

Han qianmin snapped his fingers and said to the middle-aged man Jiang Han, "the old rule is to have two cups of American coffee, and then you should withdraw."

Chapter 5724

"Yes, miss." Jiang Han bowed.

Not long after, a beautiful figure, wearing sunglasses and a cap, pushed the door in.

The woman's skin is extremely white, her legs are straight, and her cap is pulled very low. It seems that she is afraid that others will see her face clearly.

The woman's eyes fell on Han qianmin's position, with a smile and a variety of manners. Then she went straight to Han qianmin's side, sat down, picked up her coffee, sipped it gently, and then said: "Xiaomin, you have developed a lot since you haven't seen her for so many days..."

Han qianmin seems to have been used to women's words for a long time. After a glance at each other, he said: "Linglong elder sister, you are a big star. Can't you be a little more restrained? Watch out for the paparazzi to send out your photos. What will you do then? "

Sun Linglong giggled, and then took off the sunglasses and cap, showing a stunning face! It's not even worse than Han qianmin!

What's more, Han qianmin can't match sun Linglong's style and self-confidence!

Sun Linglong showed her eyebrows and said, "by the way, you said there was something new. Can't wait to tell me what it is?"

"I dropped a rather important notice and asked for leave. You can't let me down! Otherwise, I have to give you a good massage today

While saying that, sun Linglong is grasping in the air.

Han Qian min took a look at his chest, and then took a picture from his bag. He handed it to Sun Linglong and said, "Linglong elder sister, do you still remember the mysterious man I was investigating before?"

Sun Linglong was stunned and immediately said, "how many years have you been investigating the man who hardly exists? A few years ago, I said a lot of strange things. I thought you were joking, but I didn't expect you to play really? "

"Do you really think someone in this world can control the stars and fly in the sky?"

"Although I know that you know some ancient martial arts, and your father knows some impressive means, this is the 21st century, when science and technology dominate the development of society. Thanks to you being a bully of the University of science and technology, how can you make such a low-level mistake?"

Sun Linglong said here, the tone is a bit higher. A few years ago, Han qianmin claimed that he saw a man floating in the world in Kunlun Mountain, which is amazing. In recent years, he spent all his spare time to investigate the man, but in sun Linglong's opinion, this is just a dazzle. How can there be such a man in the world?

Han qianmin twisted his body and continued to push the photo. At the same time, he took out a printed material from his bag!

"Linglong, I didn't cheat you. Not long ago, I finally hacked into the system and got this man's information! His name is Ye Chen! He is the man I saw a few years ago! There is nothing wrong with that apathetic expression and superior temperament! "

"He really exists!"

"Linglong elder sister, do you know how dazzling things this man did in those years!! I feel like I'm falling in love with him! More importantly, this man's secret is top-level encrypted in the whole system! "

"What does that mean! This means that this man named Ye Chen is extremely important to the dragon soul! And the strength is absolutely superior to the ancient martial arts

Sun Linglong was completely stunned!

She took a deep look at the fanaticism in Han qianmin's eyes, then calmed down and swept the information one by one!

More to the back, that gujingbubo face is completely changed, her lips slightly open, pupil no longer exudes beautiful temperament, but shocked!

The time point on the data, and everything listed clearly, and even photos!

It can't be fake!

She also believes that Han qianmin can't fake it for herself!

But Is there such a person in this world?

Or is this the God that mortals look up to?

"Ye Chen?"

Sun Linglong closed the information and put it aside. She couldn't be calm for a long time.

This information overturned her world outlook and values for more than 20 years.

Han qianmin seems to be very satisfied with sun Linglong's expression. He moves his body to sun Linglong's side and whispers: "sister Linglong, according to the news of dragon soul, this man is likely to appear in the near future!"

"It seems that the changes in the surrounding environment belong to aura change This change seems to change a certain pattern... "

"Imagine, if this man really appears, or comes here, what kind of waves will it bring to the whole world!"

"More importantly, she can cure you!"

The last sentence completely distracts sun Linglong!

Although she looks bright, no one knows that her body is like purgatory!

Although the disease was not fatal, it recurred every month, and the pain after the recurrence made her immersed in an eternal nightmare!

Over the years, the family has searched for many famous doctors at home and abroad by many means, but it is useless!

She has even given up and is ready to leave the world forever one day in the future. Why did she choose to be a big star? I just want to keep my beauty in this world.

She didn't want to come back in vain. She was afraid of leaving this beautiful world one day.

Now, it seems that there is a turning point?

For a long time, sun Linglong raised her head and asked, "are you sure?"

Han qianmin eyes a coagulation, a word a way: "Linglong elder sister, I'm sure, this guy called Ye Chen, medical and martial double Jue! No disease in the world can defeat him! He also has a special title, God of medicine! What is the God of medicine? That's the God of medicine

Sun Linglong's delicate body was shocked and her beautiful eyes turned red. She suddenly grasped Han qianmin's hand and said excitedly: "that He is now Where is it? "

Han qianmin suddenly sighed, but said: "this is what I want to ask, a few years ago, this ye Chen world evaporated, no one knows where he went, but one thing is sure, he must still be alive!"

"All we have to do is wait! Wait for this guy to show up

.....

The picture turns around, outside the territory, deep in the Confucian temple.

"I want to make a wish, a hundred day agreement, I will win!"

"And the God of blood and the Lord of reincarnation will die!"

Under a vast and huge planet, an old man is holding up his hands and singing in a loud voice with a very firm belief.

This old man is naturally the Confucian.

He's making a wish to the wish star!

Wish Tianxing, this planet, legend can realize people's wishes!

The wish of the Confucians was made. Suddenly, the whole planet was shaken, and the wishes of hundreds of millions of believers converged into a torrent, which evolved into the atmosphere of God and Buddha.

Chapter 5725

The gods and Buddhas all over the sky have sent down the divine light of blessing to protect the Confucian ancestors.

The Confucians bathed in the divine light, eyes slightly narrowed, very comfortable freehand brushwork.

Although, he knew that his wish was too big, it was not a chaotic star that could realize it.

However, this wish must be made.

Because, make a big vow, can let the Confucian heart, more stable.

I feel the blessing of the gods and Buddhas, the belief of the Confucianists, and the firmness I have never felt before.

His heart was filled with a sense of war.

He believes that he can kill the blood God and ye Chen and solve all the threats.

This wish greatly enhanced his confidence!

As soon as the belief became firm, many ideas of the Confucians became active.

"Lao Zu, we are all ready."

At this time, monk Zhixuan came in from the outside and whispered to the Confucian.

"Good, let's go! Catch Qu Chenyun

With a faint smile from the Confucianist, he would not be naive. He thought that if he made a wish out of thin air, he would have no worries.

It's just a way to boost his confidence. He has a plan in mind.

Now the situation is a little bad, ye Chen robbed the heart of the earth to destroy the bead, he received the news, blood god again in charge of blood death prison, a great threat to him.

He didn't want to wait to die, so he decided to fight Qu Chenyun!

Qu Chenyun is Qu Chenyan's elder sister. This woman, ye Chen naturally won't sit back and ignore.

At the beginning, the Confucianist had threatened Qu Chenyun, but ten days later he didn't take action. Now he decided to take action.

If you can catch Qu Chenyun, you can use it to threaten Ye Chen and blood god.

At present, with Zhixuan and a group of elite disciples, the Confucianists directly control the sky star of desire and fly away to Qu ChenYun's Taoist field.

The meteor cuts through the sky and tears the law of space. Almost in a flash, it comes to the sky above quchenyun Daochang.

At this time, the Confucians sat on an altar on the wish star, overlooking the landscape below, and their eyes were very cold.

While the disciples under Qu Chenyun were practicing, they suddenly saw a star flying high in the sky, sweeping thousands of clouds and clouds. They were all extremely shocked. They stopped practicing one after another and talked in disbelief.

"I wish that Qu ChenYun's disciple would die on the spot!"

All of a sudden, a thunderous sound came down from the planet.

That's the voice of Confucius!

Sitting on the altar, the Confucians heard thunder in their mouth. They mobilized the belief in heaven and the power of heaven. They directly turned into a terrible curse and went crazy to kill them.

A series of invisible curses, with a terrible faith will, come down.

Many of the disciples under Qu ChenYun's seat were suddenly attacked by the curse. Before they knew what was going on, they were covered with black smoke of disaster. When the pain came, they screamed and turned into pus on the spot.

In the twinkling of an eye, at least half of the disciples died on the spot.

"The old man is mighty!"

On the heavenly star, Zhixuan and many disciples of the Confucian temple knelt down to praise one after another.

The power of this star in the hands of the Confucians is really terrible. It's really terrible to use your mouth and make a wish to kill people.

"Wish star! Confucius, it's you

A valiant and valiant woman in silver, hearing the change, rushed out. It was Qu Chenyun.

Seeing the stars in the sky and the magnificent figure of Confucius, Qu ChenYun's face suddenly became very ugly.

When the real body of the Confucians came, they even sent out their wishes to Tianxing. It seems that they don't want to let her go.

"Enough! Stop it

Qu Chenyun looked at the disciples around him and died one by one. His heart was very sad. His eyes were burning with anger, and he angrily scolded. That was to say, he raised his sword and dashed into the sky. He even killed the Confucians with his sword.

"Ha ha, Qu Chenyun, do you want to hurt me?"

Ru zudian sat still, looking at Qu ChenYun's figure, as if just looking at a mole ant.

"Big wish Tianlong, I've suppressed it!"

With a wave of the old hand, the power of belief on the planet converged in the hands of the Confucians and turned into a dragon in an instant.

This heavenly dragon, like the legendary dragon, can realize people's wishes. Its breath is majestic and surging. The dragon's power is bursting and its will is rolling.

Even the Confucianists integrated their own thunder into the whole body of the dragon. The thunder burst and the lightning shot wildly. They were very fierce. They opened their teeth and claws and killed Qu Chenyun.

Seeing this, Qu Chenyun quickly offered up the magic weapon, the copper bell. In a flash in the wind, the bell became extremely huge and wanted to resist the great wish of the Confucians.

Although she is not the most precious treasure of chaos in thirty-three days, she also has the power of law. When she shakes, special bells will ring, shaking people's blood,

when!

However, this magic weapon did not stop the attack of the Confucians. The ferocious big wish dragon, roaring and bombarding down, directly shot down Qu ChenYun's bell.

"Roar!"

The dragon's claw, with the breath of thunder, scraped on Qu ChenYun's arm and tore a ferocious wound.

"Damn it

Qu Chenyun retreated in embarrassment and was not the enemy of Confucianism at all.

She has not been immersed in martial arts for so many years, so it is impossible for her to compete with Confucianism.

"Ha ha ha, Qu Chenyun, do you still want to resist?"

She put a huge cloud in her hand to prevent her from sinking into the sky.

Watching the great hand of the Confucian suppressed, Qu Chenyun felt suffocated and had no room to resist.

Her strength is so different from that of the Confucians that there is no possibility of victory.

"Don't worry. I won't kill you. I'll take you hostage."

The Confucianist laughed and tried to grab Qu Chenyun as soon as his palm shook.

"Don't hurt my sister!"

But all of a sudden, a rosefinch flying sword came from a distance and cut the hand of the Confucian.

"Well?"

The Confucianist's face changed slightly, and with caution, he retracted his hand.

But I saw a beautiful woman, surrounded by wisps of sky blazing breath, rolling down.

It is the reincarnation of the ancient female martial god, Ji Siqing!

"Smoke, it's you!"

Qu Chenyan was stunned when he saw his sister coming.

At this time, Ji Siqing, the supreme heaven's blazing way was displayed to the extreme, and the whole body's blazing light was surging, evolving the atmosphere of countless rosefinch and goddess, which was very spectacular.

"Ha ha, Qu Chenyan, it turns out that it's you, a waste who hasn't completely recovered his blood strength. What are you doing?"

The Confucianist grinned coldly. He knew that Ji Siqing was the reincarnation of the female martial god. But at this time, Ji Siqing had not fully recovered the blood of the female martial god. In the eyes of the Confucianist, Ji Siqing was like a mole ant.

Even if the real female martial god came, the Confucian was not afraid at all.

Chapter 5726

After all, he is not an ordinary strong man in Taizhen realm. His cultivation has reached the late stage of Taizhen realm and is enough to be proud of everything. Unless the reincarnation Lord and destiny Lord of the peak period come in person and unite, he will not pay attention to a female martial god.

However, Qu Chenyun knows that Ji Siqing is definitely not the enemy of Confucianism.

"What are you doing here, to die? Come on, let's go

Qu Chenyun's silver teeth are clenched. Even she is not the enemy of Confucianism. How can Ji Siqing compete?

"Elder sister, we made too much noise in the last life. In this life, I only want to protect you once!"

Ji Siqing, holding his sword, looked straight at the Confucianist without fear.

Confucian said: "very good, very good, sisterhood, really touching ah, Qu Chenyan, I let you three moves, you can attack me, if you can hurt me a hair, I will let you leave immediately, and then give you the wish star." In the words, with great confidence.

Monk Zhixuan also said, "Qu Chenyan, do you hear me? I'm very kind. Don't you kneel down to thank me

Ji Siqing's pretty face was cold, but he didn't speak. He suddenly waved his hand and offered a jade hairpin. It was her magic weapon, Feixia jade hairpin.

WOW!

As soon as Feixia Hosta was sacrificed, it immediately broke through the void. Ji Siqing's natural and unrestrained posture was like a goddess of nine heavens, marking a milky way in the universe.

The dazzling God awn, from the void cut by the Hosta, blooms fiercely and dazzles people. Even Zhixuan and Shang cover their eyes.

"Sister, let's go!"

Ji Siqing clenched his silver teeth and immediately grabbed Qu ChenYun's arm to fly away from the wish star.

The Confucianist is not moved, lightly looks at two female to leave.

"Lao Zu, they ran away!"

Monk Zhixuan was very anxious.

"Ha ha, two mole ants, under my eyes, where can they go?"

"I wish, space freezes, everything is blocked!"

Confucians disdain a smile, is a cat and mouse, do not care about the appearance, a wave of the palm, infinite faith will, once again diffuse out.

Ji Siqing, with Qu Chenyun, escapes from the wish star. He has just landed on the ground, but he has not gone far yet. Suddenly, he feels that the surrounding space freezes and all the rules are blocked.

The two women's delicate bodies, as if they had been fixed, were rigidly fixed in the same place.

"This is..."

Ji Siqing and Qu Chenyun look at each other, and both of them are shocked.

"This is the strength of the Confucians. We are not enemies."

Qu Chenyun showed a sad smile, but he was desperate.

The strength of the Confucians is too strong, especially the blessing of the heavenly star who has a wish. It's almost a matter of words and deeds. Every word can be a wish.

"Sister, I'll stop him! You go

Ji Siqing bit his teeth and suddenly burned his blood essence, showing the figure of the female martial god behind him.

She borrowed the power of the ancient female martial god crazily and broke the space blockade of the Confucianists. With a wave of her slender hand and a gentle force, she rolled up the clouds and sent her far away.

"Still want to struggle in vain?"

Seeing this, the Confucianist snorted, and his body burst out directly from the wish star. The thunder in his hand was rolling, and the original energy of the thunder burst out fiercely.

"Qu Chenyan, I will sacrifice your life to heaven first!"

"Hostage, one is enough!"

The Confucianist's face was extremely fierce, and his palm was wrapped with hundreds of millions of thunder light, which spread all over the world and roared madly to Ji Siqing's head.

Ji Siqing suddenly suffocated, only felt the unparalleled thunder, wantonly suppressed.

The shadow of the female warrior God behind her is constantly distorted and shaken. Under the deterrence of the Confucians, it can't be maintained at all.

Ji Siqing's Tao and Dharma, all the inner breath of spiritual power, were also suppressed by death, and there was no possibility of resistance at all.

"Smoke

In the distance, Qu Chenyun screamed and his eyes were red. He only thought that his younger sister would be killed by the Confucians.

The Confucianists did not have the slightest pity for jade. They were extremely ruthless in their means. They were just going to kill people.

After all, one hostage is enough. He doesn't need too many.

Boom!

In Qu ChenYun's despairing eyes, the Confucians fell, the thunder burst, and a terrible voice broke out.

Qu ChenYun's heart is broken. Although she and Qu Chenyan have different opinions and do not agree with Qu Chenyan's taking refuge in the Lord of samsara, she really loves her sister and worries about her.

Although they quarreled, they cherished each other in their hearts.

This time, seeing that Ji Siqing was given a full hand by the Confucians, Qu Chenyun was naturally extremely desperate and thought that his sister was dead.

However, unexpectedly, when the thunder light dissipated, Qu Chenyan clearly saw that Ji Siqing was undamaged, and fortunately he was standing in the same place.

In front of Ji Siqing, there is a white haired woman, not someone else, but Su Mohan! Su Mo cold breath, incomparably dignified, eyes as cold as water.

Beside Su Mo Han, there is a beautiful woman, but Wei Ying.

"Siqing, are you ok?"

Wei Ying helped Ji Siqing and said with a smile.

"Wei Ying, master Su, it's you."

Ji Siqing saw two people, slightly a Zheng, did not expect Su Mo cold will come in time, saved her life.

"Ha ha, Su Mo Han, you are all right."

When the Confucianist saw Su Mo Han coming, he gave a cold smile, which was obviously a bit unexpected.

"Confucianist, you are a great master of a generation. Do you know how to write" shame "

Su Mo Han's voice is deep and deep.

The Confucian said, "I know that the strong are respected. They are inferior. How can I blame them?"

"What a strong man, I'll see how strong you are!"

Su Mo Han snorted. His cold face was murderous, and he cut it with a sword. The sword was extremely sharp, killing all human feelings.

"Forget your worries, heartless sword!"

It is obvious that there is no room for the cold sword to go to the head of the Confucian.

"You want to hurt me alone? Unless you ask Ren Fanfan to come out! "

The Confucianists despised it. Their five fingers were like dragon's claws. On each finger, there was an infinite thunder and lightning. If they wanted to burst the sky, they were extremely stern.

Whoa!

Su Mohan's sword Qi, under the thunder and majesty of the Confucianist, turned into nothingness in an instant.

"How?"

The Confucianist smiles calmly. He is a great man in this realm. He has seen a lot of things. Naturally, he has heard of the relationship between Su Mohan and Ren Fanfan.

Su Mohan is Ren Fanfan's confidant. If they combine their swords, the Confucians will not be enemies. Fortunately, Su Mohan is alone now, and Ren Fanfan's causal relationship is very complicated, so he won't appear casually.

Therefore, the Confucianists had no scruples. They wanted to block out the sun and cover Su Mohan's body. They wanted to suppress her directly.

Chapter 5727

"Hum, Qi yuntianxing, get up!"

Su Mo cold in no hurry, offered a bead.

This bead, as soon as it emerged, immediately expanded and enlarged, turned into a star, and rose up slowly.

This planet, full of thick smoke everywhere, building an ancient palace, is sumohan's magic weapon, qiyuntianxing!

Her ashram and her disciples are all on this star.

As soon as the hand of the Confucianist was close to Qiyun Tianxing, there would be endless smoke and clouds winding around him. Along his hand, he climbed all the way to him.

Among these smogs, there is the power of extremely terrible and strange laws. Once ordinary people are infected, they will turn into pus.

The whole body of the Confucianist was surrounded by smoke, and immediately he felt hot all over. It seemed that even his bones, blood and marrow would be dissolved in the smoke.

"Well, well, well, these vulgar stars are so terrible that you have tempered them. I underestimate you."

The Confucianist chuckled. Among the chaotic nine stars, Qiyun Tianxing ranked the last, far from being comparable with his wish Tianxing.

However, Su Mohan's cultivation is very strong. He hardens the star into his own magic weapon, which is extremely powerful. Every wisp of smoke on the planet contains the terrible power of melting flesh and blood, disintegrating bones, and evaporating people into pus.

"I make a wish, the haze is gone, the King Kong is not bad!"

The Confucianists were haunted by the smoke and haze of Huagu, and they were not afraid at all. Their words sounded like the voice of heaven.

All of a sudden, the wishes of heaven and stars suspended in the sky, down the strands of immortal auspicious, wishful thinking of faith, shrouded in the Confucian body.

All of a sudden, the fog on the body of the Confucianist dissipated, and even his skin and flesh burst out into a golden light, as if he had become a King Kong.

"Wish Tianxing is the head of chaos nine stars! What a powerful power

Su Mo could see, also can't help facial expression change.

This wish star, the power of belief is too terrible. It is said that any wish can be realized. It is simply invincible.

If it's an ordinary person, he is suddenly attacked by Su Mohan's magic weapon and wrapped in the smoke of bone melting. He has to take off a layer of skin even if he doesn't die, but the Confucianist is easy to resolve.

What's more, the method of resolving the problem is also extremely brilliant. It's not to use some kind of elixir medicine or purification supernatural power, but to make a wish directly and use the power of desire to change the law of reality, so that the body can reach the point where the King Kong is not bad.

"Then take another move from me, and the clouds will cover the sun!"

Su Mo drank coldly. With a wave of his hand, the sky was filled with clouds and mist. In many palace buildings, female disciples appeared and chanted ancient incantations in unison.

Hum!

A huge array came down suddenly.

This array is full of thousands of heavy clouds and mists, which block out the sky and destroy the sky. The breath is very terrible.

This is a strange array arranged by Su Mohan. It gathers the spiritual power of all the disciples and mobilizes the core energy of Qiyun Tianxing. Endless smoke envelops it. It's not only bone melting, but also stars melting. It's extremely powerful.

"Master, I'll help you!"

Seeing this, Ji Siqing immediately flew to qiyuntianxing, stood in a corner of the array, drove his aura, and a rosefinch soared into the air. Combined with the power of the cloud covered sun array, he killed the Confucian.

The Confucianist just made a wish. He can't use the wish star any more, so this is the best chance to fight back!

"Master, I'll help you too!"

"Too much Kendo!"

Wei Ying also flew up in a hurry, stood on the array, released the supreme Taoist Dharma, and killed the Confucians with a huge sword.

"Confucius, you must die today!"

Qu Chenyun, on one side, saw the hope of counterattack. He also flew to qiyuntianxing, slashed his palm with a knife and burned his own blood essence to enhance the strength of the array.

Before the eyes of the Confucians, there was a magnificent scene.

Tens of millions of smoke, covering the sky, sweeping the wind and clouds, constantly rotating in the sky, forming a terrible vortex, like a black hole, releasing a very terrible majesty.

Ji Siqing's red sky rosefinch and Wei Ying's juehan sword were all mixed in the heavy clouds and killed madly.

Su Mohan maintains the operation of the array. She is the absolute core. Her spiritual power is fully integrated into the endless smoke. Every wisp of smoke carries her murderous spirit.

"Lao Zu, be careful!"

When monk Zhixuan saw this scene, he was scared to death.

Su Mohan, Ji Siqing, Qu Chenyun and Wei Ying all work together, and the power they produce is really terrible. If he is attacked, it will be gone.

The eyes of the Confucians sank, and they also felt extremely difficult.

If he forcibly uses the wish star again, he may be backfired, and it will be disadvantageous to wait for the 100 day appointment to begin.

"Su Mohan, today is your lucky day. Let's go!" In the light of lightning and flint, the Confucianist made a quick judgment and jumped to the wish star.

Then, the wish star shrank sharply. In the blink of an eye, it turned into a tiny dust. Whooshing, it cut through the void and completely escaped.

Boom!

Su Mo cold clouds cover the sun array, came down, so that the surrounding mountains and forests, mountains and rivers, will fall, become a ruin.

However, the Confucians have escaped without any harm.

Facing the counterattack of Su Mo Han's four daughters, the Confucian made the most correct decision. Instead of wasting his strength to resist, he left directly.

He wants to go, but Su Mohan can't keep him.

All over the sky, smoke and clouds, whine away.

Wei Ying, Ji Siqing and Qu Chenyun came down from qiyuntianxing.

Wei Ying said, "master, the old man has escaped!"

Su Mo Han nodded silently and said: "the strength of the Confucian is not small. It's enough to shake him back. Siqing, are you ok?"

Ji Siqing said in a hurry: "thank you for your help. I'm ok."

Su Mo Han said, "come back with me. There will be a fierce battle in the future. You'd better practice again."

Wei Ying, Ji Siqing and Qu Chenyun answered in unison: "yes!"

At the moment, the three girls follow Su Mo Han and fly to qiyuntianxing, and they also leave.

.....

The Confucian was shaken back and returned to the temple.

Zhixuanda was unwilling and said, "Laozu, is that all?"

The Confucian said: "this time Su Mohan appeared, I was also shocked. However, if she dares to show up, she is likely to lead Ren Feifan to expose the cause and effect. Ha ha, although we can't catch the hostages this time, we win."

Zhixuan said: "who is Ren Fanfan?"

Confucius said: "come on, you can't understand the realm of such great people. As long as you know, in the next hundred days, we are at great risk, and we may not be able to win. Go and ask xuanjiyue to come here. I want to talk to her."

Chapter 5728

"Yes

Zhixuan didn't dare to ask more questions, so he immediately went out to mobilize the energy of Tianxing, communicate with the upper world, and call xuanjiyue.

In a short time, xuanjiyue's figure emerged from the wish stars.

"Ha ha, Confucius, even the stars are open to me. You believe me very much."

With a faint smile, xuanjiyue flew down, stepped into the temple of the Confucian, and faced the Confucian.

Confucian also a smile, said: "Your Majesty, I want to join hands with you, naturally is to show some sincerity."

Xuanjiyue said with a smile: "the previous promise still counts?"

The Confucian said: "nature counts. As long as you are willing to help me in the hundred day agreement, I can lend you the wish star to spy on the whereabouts of Longyuan Tianjian."

Xuanjiyue said with a smile, "it's so good."

The Confucian said, "Zhixuan, tea for the queen!"

"Yes

Zhixuan offered tea and said respectfully, "please have tea, Queen."

"Well."

Xuanjiyue took the cup, nodded gently, but did not drink.

The Confucianist looked at her with a smile and knew that she had great ambition. I'm afraid that this hundred day appointment was to reap profits, or even to watch him die and take away his wishes, Tianxing and everything in the temple of the Confucianist.

However, the Confucianist was not a fuel-efficient lamp. With such a good chance, why didn't he want to kill xuanjiyue and take Shenluo Tianjian?

"At the beginning of the hundred day appointment, please take Shenluo Tianjian with you and come in person. Don't just send some experts."

Confucianism reminds us.

Xuanjiyue said, "it's natural. I'll come here myself to hold the battle, as long as you don't break your promise."

The Confucianist said with a smile, "I swore by the rules of heaven. How dare I break my promise?"

Xuanjiyue said, "very good."

They had a good talk. On the surface, they were very friendly. They began to discuss the details of the alliance. However, they had different ideas and wanted to swallow each other.

.....

And at this time, blood death prison side.

The blood dragon has settled down. Whether he lives or dies depends on his own nature.

Blood death prison in the sky, ye Chen and blood god live in a floating island.

From this floating island, we can see the location of Gongmo gorge.

Ye Chen's eyes narrowed slightly, and he could vaguely see the blood dragon's imprisoned figure. He could not help but worry about it. He was afraid that the blood dragon could not survive this time.

If it can't survive, the blood dragon will be taken away by millions of dragon spirits, and the consequences will be unimaginable.

But if you get through it, the blood dragon will inherit the cultivation tradition of the dragon's field, and be lucky, it will be a transformation that is almost against the heaven!

"Ye Chen, don't think too much. When things get to this point today, we can only see the blood dragon himself."

The blood god comes to Ye Chen and says.

"Well."

Ye Chen nods gently.

"The hundred day appointment is getting closer and closer. I want to take you to a secret place for the final cultivation and breakthrough."

Blood myth sound a turn, road.

Ye Chen said: "where to go?"

"Blood lake."

Blood god slowly revealed a place name.

"Heaven blood lake?"

Ye Chen brow a wrinkly, indistinct between, caught a trace of dangerous breath.

The blood God said: "this Tianxue lake is said to be the blood of a strong man from the supreme world. It has an extremely powerful refining effect on the flesh, bones, and inner breathing aura. I prepared there for a hundred years before I took part in the battle of the gods."

Ye Chen said: "is it the place where the blood of the powerful gather? Do you want me to practice there? "

The blood God said, "that's right! I'm an immortal blood, and my cultivation has met the shackles. That day, the blood Lake didn't work for me, but it had a very significant effect on you. "

The cultivation of blood god in his peak state reached the level of the Ninth Heaven in Taizhen realm, which was very powerful. Now his strength has recovered eight tenths, and he has the level of the seventh heaven in Taizhen realm.

That day, the blood lake, for him, naturally lost the effect of quenching, but for Ye Chen, it was an excellent training site.

"Well, take me there."

Ye Chen's eyes are tiny a bright, if really have this kind of place, that again good.

"Good!"

The blood god nodded and agreed. He ordered many strong men in the blood death prison to take care of the blood dragon. Then he rode the Golden Dragon and took Ye Chen to break through the void and went directly to the blood lake.

Whoa!

The void tears, and they come to the sky above a lake.

"What a bloody smell

Ye Chen nose, smell a burst of incomparably stimulating bloody taste.

Looking down, I can see a small lake below, showing a bright red color, which seems to be condensed with blood. The lake water is extremely thick and thick. When it churns, there are blood bubbles emerging and grunting. There are also crocodiles, lizards and other monsters crouching in the lake, covetous."I haven't come back for ten thousand years. There are fierce beasts in this place."

The blood God looks at the crocodile and lizard in the lake, with a bitter smile and a sigh, which is quite the feeling of years.

"Master blood god, will I go on practicing like this?"

Ye Chen looks at the fierce creature in the lake, the brow is also a wrinkly.

"Don't worry, master Jinlong."

The blood god patted the Golden Dragon on the back.

The Golden Dragon opens its throat and roars. It is filled with the sound of the battle. It sends it out violently, shaking the lake and arousing thousands of blood waves.

The crocodiles, lizards and other monsters were frightened by the roar of the battle. They ran out of the blood lake and ran to the woods.

"Well, it's quiet now."

The blood god claps the palm and says.

"Thank you very much."

Ye Chen smiles and flies down.

The Golden Dragon beast under the blood god's crotch has the command of taishangtian's roar. It can be said that it is extremely practical. A battle roar can frighten many fierce beasts and save a lot of trouble.

Ye Chen fell to the lake, looking at the bloody water, his nose can smell a stronger smell of blood.

Blood god also landed, standing on the shore, looking at the scenery near the blood lake, eyes calm with a trace of regret.

Ye Chen said: "master blood god, then I will go down."

The blood God said: "well, be careful. The energy of the blood lake on this day is extremely majestic. After all, it's the blood of the super strong. If you can't bear it, leave ahead of time. Don't try to be brave."

"I see. Don't worry."

Ye Chen should a, then jump to the day blood lake, soak in it.

"Clear water, candling pearl, protect!"

For the sake of caution, ye Chen didn't soak naked, but released the green water candling beads, first on his body, formed a layer of water shield.

Under this layer of shield, the blood around can't reach Ye Chen.

Then, ye Chen unties the shield a little bit, and lets the energy of blood come over.

Whoa, whoa, whoa!

Suddenly, a lot of blood rushed to Ye Chen, which contains a violent atmosphere, also like magma, rolling to stimulate Ye Chen's body.

Chapter 5729

"Is that all? I'm too cautious. "

Ye Chen's body is like a rock, not moving at all.

The impact of the surrounding blood, though fierce, could not shake him.

His physique is too strong.

Reincarnation blood, dahuangtianlei body, taishangmo body, TIANYAO body, dragon blood and so on, countless blood constitution mixed, let Ye Chen's body, almost to the point of invincible in the world, simple attack and killing, it is impossible to hurt him.

Only the power of law and the power of cause and effect can hurt him.

At the moment, ye Chen put away the Pearl, removed all the protection, let his body soak in the blood lake, enjoying the baptism of the lake.

In the Tianxue lake, the energy and supreme aura contained in the lake water are constantly absorbed by Ye Chen.

Ye Chen's body, as if turned into a black hole whirlpool, assiduously absorbed all the aura of existence, and even made the whole Tianxue Lake storm, the momentum is quite spectacular.

"You boy, you are so strong in flesh!"

Blood God saw in the shore, suddenly a burst of tongue.

Ye Chen's talent and body, far beyond his imagination, is too strong.

Although Ye Chen is only the origin now, he will certainly surpass him in time.

"On this day, the energy of the blood lake is pretty good, and it really has the effect of quenching."

Ye Chen licked his lips. The energy of the blood lake on this day is just right. It can refine his body, but it won't hurt him.

Now ye Chen, it's like taking a hot spring medicine bath, very enjoy.

"Wild devil sky sword, come out!"

Ye Chen simply offered up the ghost sword and let it soak in the blood lake.

Last time, ye Chen captured a large number of natural resources and land treasures in the Dragon exterminating burial ground, as well as the Dragon Crystal left after millions of dragon people died. These resources were transformed into the nourishment of the ghost sword.

At this moment, the wild devil sky sword has devoured so many resources, and the evil Qi is even more powerful than before. As soon as it is released, the rolling evil Qi immediately diffuses, like black smoke, spreading in the lake, which is very spectacular.

Whoa, whoa, whoa!

The wild devil Sky Sword is like a greedy hell devil, constantly drinking blood and plundering the surrounding blood energy.

See this scene, ye Chen is also very satisfied, smile nodded.

It's cheap for them to drink the Blood Sword together.

"Master blood god, is it OK for me to drain the Tianxue lake?"

Ye Chen asked with a smile.

If you directly drain the energy of Tianxue lake, maybe you can make the wild devil Tianjian more powerful. At that time, the hundred day appointment will be his most powerful help and card.

"Whatever you want."

Blood god wry smile, but did not stop.

After all, this day blood lake, has no effect on him, direct to Ye Chen can also.

"Alsophila spinulosa, come out, too!"

Ye Chen was overjoyed and called out the Alsophila tree to drink blood together.

"Thank you, Lord

The huge Alsophila spinulosa trees, rooted in the lake, absorb the blood of the Supreme People, even the branches and leaves are filled with red awn.

"Wait, Lord, I seem to find something under the lake!"

Suddenly, the look of the Alsophila spinulosa tree changed and the roots of the tree went down. It seemed that they felt something strange.

Ye Chen said, "what's the matter?"

"I don't know," said the Alsophila tree. "It's like a piece of ice. It's chilly."

"A piece of ice?"

Ye Chen Leng Leng, eyes looking at the blood god.

Blood god is also a Leng, way: "is he feeling wrong?"? There's nothing under the lake. I've explored it for a long time before, and I don't have any natural resources and local treasures. "

"Really..."

Ye Chen is confused.

"Lord, I will never be wrong! There is something under the lake

"Brother, I also feel that there seems to be something attracting me under the lake!"

At this time, the spirit child also opened his mouth and seemed to be aware of something strange.

Ye Chen frowned and said, "Alsophila spinulosa, take out that piece of ice!"

The Alsophila tree trembled and said, "no, Lord, it's very cold. Once I touch it, it's freezing. I can't stand it. Please go down and have a look."

Ye Chen hesitated for a moment and looked at the blood god.

The blood god also frowned and said, "if it's really weird, you can go down and have a look. I need to be quiet and can't set foot in the Tianxue lake. Otherwise, I'm afraid it will disturb my mood to think of the killing of the gods in the past."

Ye Chen thinks in his heart that the energy of the blood lake on this day doesn't seem to be very violent. Even if he sneaks into the bottom of the lake, he should be OK.

Think of here, ye Chen is to answer a way: "good!"

Now recall the Alsophila spinulosa tree, take the wild devil Sky Sword and dive to the bottom of the lake. Gradually deep into the bottom of the lake, ye Chen feels that the smell of blood is more and more intense, and the energy in the lake is also more and more terrible, even with a trace of fierce stimulation.

As soon as he came to the bottom of the lake, ye Chen stepped on the soft mud under his feet. There were some hard bones in the mud. It seemed that the mud was made of rotten flesh and blood. It was very strange and made people feel numb.

At the same time, ye Chen also feels that the energy in the sky blood lake has become ten times more violent, pounding his body hard.

This impact is not a pure aura impact, but also with the majesty of the supreme law. For example, the supreme gods came to suppress the mortal world and oppress people.

"What's going on?"

Ye Chen can't breathe on the spot, and his face suddenly changes.

In an instant, ye Chen felt that in the blood lake of heaven, the incomparable and majestic energy came suddenly.

This energy is more than ten times stronger than just now. It's heavenly power with law!

Bursts of supreme law constantly collide with Ye Chen's body.

Ye Chen felt the concussion of his viscera and almost vomited. He quickly swam up from the bottom of the lake and came back to the lake.

Blood god see ye Chen suddenly float up, and the facial expression is still so ugly, immediately surprised to ask: "how to return a responsibility?"

"There's something strange at the bottom of the lake!"

Ye Chen bites his teeth, but feels the aura in the blood lake of heaven, and becomes extremely violent. It impacts his body crazily, making him tingle all over, as if he had been stabbed by thousands of swords.

"Why is the aura of the lake suddenly so fierce?"

Ye Chen quickly pinches a cultivation handprint, the body of the demon, reincarnation blood and so on to the extreme, dissolves the fierce attack of the surrounding aura, and absorbs the pure energy.

The blood god was surprised to see this, but after thinking about it, he suddenly realized: "Tianxue lake is the supreme strongman. Blood gathers and energy is extremely strong. I wonder how you can bear it so easily? It turns out that the law aura of Tianxue lake has been precipitated to the bottom of the lake, and now it is released again. "

Tianxue lake is a very dangerous secret place. Although the blood here has the effect of quenching, the law energy is too powerful, and it is likely to crush people.

Chapter 5730

At the beginning, when the cultivation of blood god was just in Taizhen state, he had to bear enormous pain when he came to Tianxue lake to practice.

Ye Chen, however, has only the origin. No matter how strong the body is, it can't be so easy to resist the laws of the supreme world.

Just now, ye Chen was relaxed, just because the law and spirit power of Tianxue lake had settled down to the bottom of the lake and didn't send out. Of course, he could bear the pure Qi and blood.

But now, he set foot at the bottom of the lake and stirred up the heavenly power of the law contained in Tianxue lake, adding all kinds of laws to it, such as building the top of Mount Tai, and the pressure suddenly soared a thousand times.

"Is this the real power of Tianxue lake?"

Ye Chen only feels the flesh and blood of the whole body, under the rolling of the infinite supreme law, almost to burst into pieces.

Naturally, his physical body is extremely strong, but the law of the supreme world is even more strong.

"Well, this degree of Tianxue lake can exercise my body to the maximum extent!"

Ye Chen's eyes are sharp but full of fighting spirit.

Strong collision, his body suffered a serious impact, but also got a huge exercise.

A wisp of Qi and blood with supreme heavenly power infiltrates into Ye Chen's meridians, like magma, and seems to melt all his meridians and viscera.

"Hongmeng big starry sky, open!"

Ye Chen knew that he was in danger, and immediately released Hongmeng big starry sky.

The bright and magnificent starry sky spread over his head, and the stars were shining.

Since the general outline of tianwu Wolong sutra was discovered, ye Chen's Hongmeng starry sky is even more magnificent. Once it is supported, even heaven and earth are covered, and the original sky is gone, leaving only the grand atmosphere of Hongmeng.

"Cause and effect circulation, blood law transformation!"

Ye Chen's eyes are sharp, and he transfers all the violent breath of the blood lake to the big starry sky.

The pure energy of Tianxue lake is absorbed into the Dantian.

Hoo Hoo Hoo!

An amazing scene appeared, with thousands of bloody clouds emerging in the starry sky.

These blood clouds, roaring and rotating, turn into a whirlpool, a picture of doomsday. Between the blood and gas churning, there are even fierce wild visions such as dragon, Phoenix, ape, python, etc., which are very spectacular.

, and ye Chen, is a face with a fixed look, absorbing the essence of Tian Xue Hu's innocuous essence.

"Your big starry sky has changed to such a state!"

Standing on the shore of the God of blood, in the sky against the backdrop of blood clouds, the body looks a little small.

He was also extremely shocked to see such a spectacular weather. He did not expect that ye Chen's vast sky had been upgraded and transformed, even the cause and effect of the supreme law could be accommodated.

With the help of Hongmeng big star sky, ye Chen absorbed the energy and supreme aura in Tianxue lake without any hindrance.

This absorption is close to squeezing.

Less than a incense time, the last drop of pure energy in Tianxue lake was drained by Ye Chen.

The lake, once thick and blood red, is now clear to the bottom. The water, grass, mud and stones at the bottom of the lake are clearly visible.

"It drained the blood lake of heaven!"

Blood god is also muddled, didn't expect that ye Chen's talent is so powerful.

The energy and law of Tianxue lake, not to mention the original state, can be torn up even if it is the real state.

But ye Chen, under the protection of the big starry sky, transfers his anger, but he is undamaged, and drains the aura of Tianxue lake.

Boom!

The most pure aura of the whole Tianxue lake was absorbed by Ye Chen, and his body suddenly burst out with dazzling light, and a storm of destruction was blowing around him.

There are signs of breakthrough!

"To break through?"

The blood God saw this and was immediately surprised.

He knows that ye Chen's martial arts is very rich, even if it is to break through a layer of heaven, it is a huge transformation.

If ye Chen can make a breakthrough, he will be able to fight against the Confucianists in the hundred day agreement.

Whoa! Whoa! Whoa!

On the top of Ye Chen's head, three pillars of light were blown up.

These three pillars of light, one immortal, one Buddha, and one demon, represent the cultivation aura of his different attributes.

Three flowers gather at the top!

The three lights of immortals, Buddhists and Demons burst into the sky, directly dispersing the Qi and blood of the Hongmeng starry sky, making the whole starry sky clear and bright again.

Dragon and tiger Heavenly Master, immortal Koi, purple ribbon Qianji, immortal sword master, eight trigrams Tiandan and other fairway weather, Ruiguang Wandao rolling, spread out in the starry sky.

However, the weather of immortals can not occupy the whole starry sky, and there are Buddhas and demons!

The atmosphere of Buddhism, the sounds of the eight gods of the Heavenly Dragon, the eight Fu Tu Qi, the Zhenwu killing Buddha array, the fahua killing heaven, and so on, are interwoven with countless Buddha Qi, which evolves into the supernatural Buddha and Bodhisattva, the wonders of the supreme Buddha kingdom.

There is also the rolling evil spirit, which is also crazy in the starry sky. There are ten thousand Zhang high demons manifesting. There are six ways of reincarnation, such as hell way, animal way, hungry ghost way and so on. Ye Chen's mind kept turning when he noticed the atmosphere of immortals, Buddhists and demons on his head. Finally, his eyes were fixed and he yelled: "all things are moving towards demons, and the demons are soaring to the sky!"

When the cheers fall, the immortal and Buddha Qi in the starry sky fade away quickly, leaving only the rolling demonic Qi, which is like an eternal nightmare.

Ye Chen takes a deep breath, and the demonic Qi of the heavens falls down and converges into his body again.

This time, he decided to specialize in the devil's way and give up the immortal Buddha's way temporarily.

As a matter of fact, with Ye Chen's inside information, all Taoism and Dharma are integrated, which is also natural and will not be excluded.

However, when it comes to the hundred day appointment, ye Chen is under great pressure to face the Confucianists.

He needs more pure Tao heart!

Therefore, he decided to specialize in the devil's way and give up the way of immortals and Buddhas for the time being, so that the mind of Tao can reach the purest state.

If ye Chen can survive the hundred day agreement and get rid of the threat from the Confucians, he will pick up the Taoism of the immortals and Buddhas again, let all the dharmas come to one, and pursue a higher realm.

On the other hand, the outer core of the six samsara is actually the devil.

The wild devil and the Heavenly Sword are also demons.

Therefore, ye Chen decided to be possessed and maximize his advantage.

This time, ye Chen decides to be possessed by the devil. The evil spirit is rolling all over his body. The evil light is flashing and fierce. Every hair is flying, and every hair seems to be hiding a big world of demons, which is extremely terrifying.

"The seven layers of heaven in the first place!"

After he decided to be possessed by the devil, ye Chen's cultivation breath also advanced by leaps and bounds, directly from the six level heaven of the original realm to the seven level heaven.

"Very good, finally a breakthrough!"

Ye Chen clenched his fist. He felt that his whole body was very powerful. It seemed that one blow could crush the universe. Every burst of green tendon was like a boa constrictor. His breath was fierce and domineering.

"I gave up the outside world and only practiced the evil way!"

The blood God saw this, also completely shocked.

By doing so, ye Chen can naturally make his mind, powers, and martial arts reach the purest state. But he is deeply enchanted. Once he is occupied, the consequences will be unimaginable.
