

## Physician 5751

### Chapter 5751

For some reason, ye Chen's eyes are red.

Maybe it's because of the ending in Ren Fanfan's dreamland, or maybe it's because of the mood fluctuation after seeing Zhu Yuan that day.

Ye Chen sat down, looked at the sea of clouds, and said, "master Ren, how did we know each other then?"

Ren extraordinary body a Zheng, did not expect Ye Chen to suddenly ask this kind of question.

He could feel the change of Ye Chen's tone, some compassion, some heaviness, more nostalgia.

This moment, even let Ren extraordinary feel that the former reincarnation of the Lord really came back.

After three full breaths, Ren Fanfan sat down, showed a long lost smile, and said:

"you and I met in an empty secret place."

"When I see you, I feel that there is cause and effect in the world."

"You and I didn't say a word, and I didn't even know each other's names, but there was an extraordinary tacit understanding between life and death."

"I see me in you, and you see you in me."

"We've all been ordinary and extraordinary."

"We want to change the shackles of the world."

"Wanxu or anything else, if there are people, there are rivers and lakes."

"Someone will stand up and protect the pure land."

"You threaten to destroy the ruins with your sword and lead to thunder."

"I will slaughter the sky with my blood moon, and I will kill those who do not care about people's lives."

"The worst thing in the world is human nature."

"I thought at that time, if one day you left, maybe no one in the world would really drink with me."

"If we know each other, we have known each other for too long, but we are not familiar with each other for too long."

Ye Chen vaguely understood something, but he was in a trance. He could read some fragments from this straightforward broken words, but he couldn't see the whole picture. I'm afraid Ren Fanfan was afraid that some people would find out the cause and effect of the previous life.

But this answer, ye Chen is satisfied enough.

"Thank you, Mr. Ren."

Ye Chen suddenly says.

Ren Fanfan had some accidents, but it seemed reasonable. With a wave of his right hand in the void, a pot of wine appeared in his hand. He drank a lot, and then handed it to Ye Chen: "I haven't drunk for a long time. In a few days, it will be a hundred day appointment. I wish you a successful return."

Ye Chen took the jug, Gulu Gulu drank it, and then left the jug behind.

For a moment, he felt that the depression of these days had been relieved by this drink.

This may be a friend.

Ren Fanfan took a look at Ye Chen and continued: "you seem to have questions to ask me. As long as you don't know more about the cause and effect of previous life, I will tell you."

Ye Chen thought of Zhu Yuan, which is one of the reasons why he came to see Ren Feifan this time. He said directly, "master Ren, have you ever heard of the ten robbers' magic tower?"

Ren Feifan obviously knows about the magic tower of the ten robbers. He looks at Ye Chen strangely and wants to say something, but he shakes his head in the end: "this problem is not good. But if you look down, you've come into contact with this thing in advance. I don't know whether it's a good thing or a bad thing."

Ye Chen is very clear, Ren extraordinary cannot reveal the affair of ten rob God magic tower too much, can continue a way: "do you know a woman that calls white lotus?"

"I know." Ren Fanfan's answer is very simple.

"Can you talk about her?" Ye chendao.

Ren extraordinary pupil blood month flows, quite strange saw a leaf Chen, way: "this woman once chased you."

"Poof!"

Ye Chen almost loses his manners. He never thought that Ren Feifan, who has been mysterious, would suddenly say this.

Ren Fanfan stretched out his hand and pointed to Ye Chen's eyebrows: "it's better to see it with your own eyes than to say so."

"This white lotus, you failed her."

Ye Chen has some accidents. When he first stepped into the magic tower of ten robbers, the other party's tone was extremely cold, even a bit of ridicule and strangeness. Later he learned that the woman knew him, and he could accept all this, but what's the ghost of losing her?

Ye Chen closed his eyes, and when he opened them again, he found himself in a place where white lotus blossomed.

He knows, this is the dreamland that Ren Fanfan wants to let him see.

Not far away, on a piece of white lotus, there is a round stone slab. The stone slab is full of runes. It is even like a six wheel wheel wheel. A young man with calm and aloof eyebrows sits cross legged and is practicing!

Ye Chen knows that this is himself in the previous life, the layout against the reincarnation of the Lord of ten thousand ruins!

However, judging from his face, the current Lord of reincarnation is still very young, and he may not even meet Qu Chenyan.

At this time, the water waves! A woman in white came out of the water!

This is a very beautiful woman, such as iceberg snow lotus, full of holy and elegant beauty.

The key point is that the body soaked in water is even more imaginative! Ye Chen knows that the other party is Bai Lian of the magic tower!

But at the moment, the woman's eyes had a trace of anger, stretched out her hand, a palm toward the reincarnation of the Lord!

When the woman's jade hand was about to touch the reincarnation Lord, the reincarnation Lord suddenly opened his eyes and grasped her hand!

"Girl, why are you so murderous? If I remember correctly, you and I don't know each other."

A faint voice suddenly came, it is the Lord of reincarnation!

The woman's eyes are full of anger, her body turns, her slender thighs are pressed down hard, and her endless power is surging!

"No? Since you don't know each other, why do you want to deprive Liandi of her aura? This is the place where I practice. I've been practicing here for a hundred years. Now your destruction has even made my inherited orthodoxy fall short! "

The reincarnation master realized that the problem appeared on him. He had no choice but to smile and touch the lower edge of the woman's thigh with his other hand to remove the endless force.

It's a bit ambiguous when they touch each other.

In the distance, ye Chen looks like a woman sitting on the Lord of reincarnation.

Maybe that's what Bai Lian said that day. She once sat on her lap.

"Girl, I'm sorry. I didn't mean to. Ye is willing to compensate for all the losses." Reincarnation of the Lord also seems to be aware of the action some indecent, a surge of aura, two people instantly separated.

The woman also felt the temperature when her skin touched each other just now. Her face was slightly red, but her eyes were still with a sense of killing: "compensation? How do you compensate? That's a good thing to say

The reincarnation master pondered for a moment, threw out a jade pendant, and said: "this jade pendant is named xuanjiupo Tianyu. I got it not long ago in the evil void cold area, and almost paid the price of my life. Today I made a mistake first, so I used it to offset my blunder just now."

What else did the woman want to say, but when Xuan jiupo touched the palm of her hand, she felt the spirit of the universe coming together!

If you cultivate with the help of xuanjiupo Tianyu, it will be more troublesome than before, but your growth is definitely higher than that of the White Lotus!

Chapter 5752

She carefully accepted Xuan jiupo Tianyu and pretended to be light hearted: "you have some sense of beauty, surnamed Ye. I don't know whether this jade pendant is true or not. I'll forgive you if you have a good attitude."

Reincarnation of the Lord helplessly smile, then ready to leave, he obviously does not want to be infected with strangers too much cause and effect.

However, the reincarnation of the Lord has not gone far, but the woman once again said: "who let you leave? Let's forget about aura and energy. You just ate my tofu and touched my skin. It's not over yet! "

Reincarnation of the Lord helpless shake his head, he obviously know his hand is too generous, this woman want more compensation!

However, he has seen too many markets and naturally won't let the other party achieve his wish.

With the five fingers of the reincarnation master, the most blooming white lotus in the white lotus pool is cut off, and it flies to the palm of the reincarnation master.

"The rashness just now is an accident. This lotus flower is given to you. From now on, you and I will not owe each other."

A breeze, the lotus finally slowly fell in the hands of the woman.

Ye Chen suddenly, it seems that this is the origin of the girl named Bai Lian.

Reincarnation of the LORD left, and the girl looked at the hands of the white lotus fell into meditation.

This is the first time she has received flowers.

How many women in the world don't like flowers?

Even if this is the world of martial arts, but under martial arts, she is a girl after all.

Reincarnation of the Lord also did not expect that this free gift of a white lotus, has become the shackles of the two.

Bai Lian keeps up with the Lord of reincarnation without saying a word.

The reincarnation Lord naturally noticed the other party's following and said indifferently: "girl, why do you follow me? You shouldn't have too much cause and effect with me. "

Bai Lian didn't answer, so she followed.

"Girl, please respect yourself. Don't follow ye any more. Ye has his own business to do. If you are involved at will, you will regret it." The main way of reincarnation.

This time, the woman was no longer silent, but put the white lotus on her head and said directly: "the martial arts go all over the world, you go your way, I go my way, where do I follow you? Are you going to buy the whole territory? "

Reincarnation of the main gas pale face, a wave of sleeves: "glib! If you want to follow, you will be responsible for the consequences! "

Day after day, night after night.

This woman has been following the Lord of reincarnation, always keeping a distance of less than 100 meters.

Until one day, the reincarnation of the LORD was injured, and in the crisis of life and death, this strange and strange woman unexpectedly he blocked a sword.

A sword asks the heart, the woman's white dress is red with blood, even the white lotus also seems to become a blood lotus!

Finally, they got out of danger and came to a broken temple.

The Lord of reincarnation heals Bai Lian, and even though the wound is entangled by the law of destruction, Bai Lian doesn't say a word and is stubborn like a fool.

"What's your name?"

This is the first time that the Lord of reincarnation has spoken to a woman in so many days.

Woman looked at a white lotus, white lips spit out a few words: "white lotus."

The Lord of reincarnation clearly knows that this is not the real name, but he also acquiesces in the existence of Bai Lian.

At least Bailian is not a villain, but unfortunately, rashly into his world, contaminated with cause and effect, want to leave again, also difficult.

White lotus followed the Lord of samsara for three thousand six hundred fifty-four days.

During this period, Bai Lian blocked 37 swords for the Lord of samsara! And the Lord of reincarnation also saved Bai Lian 84 times.

Ye Chen, who has been watching, can clearly feel Bai Lian's feelings for the Lord of reincarnation over time.

But he is very clear about his past life, will not be emotional to Bai Lian.

Until the 3655th day, Bai Lian suddenly said, "would you like to go to a place with me? I want to take you to meet someone."

The Lord of reincarnation is silent, and six wheels appear behind him. His fingers shake slightly, as if he is divining something!

Suddenly, the reincarnation of the Lord spit out a mouthful of red blood, face changed!

Bai Lian was surprised and subconsciously wanted to help the Lord of reincarnation, but the latter refused.

The reincarnation master stood up and took a deep look at Bai Lian. He stepped back and shook his head: "you and I are too causal. From now on, don't follow me."

Bai Lian's eyes were red, and she wanted to say something, but the Lord of reincarnation had left the void mercilessly, leaving no breath.

Bai Lian stayed in the same place for ten days. At last, her eyes were empty and she went in one direction.

Lonely and lonely.

She knew that her time was up and she had to go back.

Ye Chen sees all these, this illusion then gradually disappeared.

Soon, ye Chen found himself back to the peak, sitting beside Ren extraordinary.

"Finished?" Ren Fanfan asked.

Ye Chen nods, and his heart is full of mixed feelings. What can he guess? The Lord of reincarnation may know that there is a shocking secret behind Bai Lian's real name, and the person Bai Lian meets may be very important, but the cause and effect of Bai Lian is too deep. At the last moment, the reincarnation of the LORD with blood divination, must see the end of the white lotus.

Like himself, he wanted to change Bai Lian's fate, so he left without mercy.

But from the perspective of Bailian's appearance in the magic tower, the rash departure of the reincarnation Lord still does not break the cause and effect.

The fate of Bai Lian has not changed.

Maybe that's life.

In the eyes of Bailian, the master of reincarnation, it is merciless to take him down.

It is because of love after hate.

Cause and effect in the world is so merciless.

Ren Fanfan patted Ye Chen's shoulder and said: "the cause and effect of Bai Lian is also involved in a complicated game of chess. Don't think much about it."

"Right now, you need to be prepared for your 100 day appointment."

"Let's go."

Ye Chen nods, whether it's Zhu Yuan, or Bai Lian, or the ten robber magic pagoda that I don't know the origin, it's impossible for me to touch.

At present, only the Confucians who have conquered the temple of Confucians are the key!

Ye Chen stands up and just wants to say something to Ren Feifan, but finds that the latter has dissipated between heaven and earth, as if it has never existed.

The leaf Chen wry smile for a while, toward seven seven direction but go.

In the next few days, it's time for him to shut up.

If you enter the dreamland of July 7, you may be able to practice for a longer time. Maybe you can break through it again before the hundred day appointment!

.....

A few days later, the appointed time arrived.

Ye Chen's physical condition has been adjusted to the peak.

His spirit is also extremely active and full of fighting spirit.

"Well, it's time for me to go."

Ye Chen smiles. The blood God should be ready. He is ready to go to the blood death prison. He will join the blood God first, and then kill the Confucian temple to fight to the death.

Yanyu xianzun stands beside Ye Chen silently, hands down, eyes weeping.

"Seven seven, I'm very lucky. I won't fall. When I come back, I'll untie the dreamland. I really have to go."

Ye Chen smiles and caresses Yan Yu Xian Zun's cheek. Although the end of the dreamland is miserable, he feels that his momentum is like a rainbow, and there is no reason to fall.

Ye Chen doesn't want to take Yanyu xianzun with her in this decisive battle, because her mood and mood fluctuate too much, so she is not suitable to take part in the battle.

"Well, Lord, have a good trip."

Chapter 5753

Misty rain fairy's teeth clench his lower lip, and his slim hands move gently. There are wisps of smoke around him. It seems that he is ready to break through the fantasy world and let Ye Chen return to reality to fight.

"Well?"

Ye Chen frowned, but he felt that the smoke and mist around him was getting stronger and stronger. It didn't look like lifting the illusion, but it seemed to be strengthening.

"What are you doing?"

Ye Chen's face a change, detect not good.

"Lord, I'm sorry. For your safety and the overall situation, I can only disobey your will."

Yanyu xianzun tears, suddenly back a few steps.

"Reincarnation is a symbol of imperial edict, a dream of misty rain!"

An imperial edict with six samsara patterns appeared in the hands of Yanyu immortal, and his aura was transpiration.

Whoa!

The imperial edict evaporated, turned into thousands of forbidden runes and rushed into the sky, which directly blocked the whole fantasy world.

"No!"

Ye Chen's eyes change greatly, and the blood of the mysterious goblin on his body boils, explodes into flames, and wants to rush out by force.

However, the sky's layers of Rune ban, great pressure, completely blocked Ye Chen, he simply can't rush out.

"Lord, I'm sorry. Please go to dream and have a rest for a few days."

"Your previous life left me a Fuzhao, saying that if it was a special case, I would start the Fuzhao and force you to stay. I'm sorry."

Yanyu xianzun's voice is sad and apologetic. She respects Ye Chen very much. She has been together in a dreamland for a hundred years, and even has a trace of affection. She really doesn't want to disobey Ye Chen. She is guilty of the following crimes.

This reincarnation Fu Zhao has a very strong aura. If it's left to Ye Chen to refine, it's also a big chance.

However, for ye Chen's safety, she decided to turn the Lord of burning samsara into the power of prohibition and blockade Ye Chen.

Not a simple blockade, she even created a dream in a dream!

Ye Chen only felt the fog around him, and the dense fog was constantly intertwined. Unexpectedly, he created a second fantasy world.

This second fantasy world is nested in the first one. If he wants to break free, he needs to break two layers of fantasy in succession. It's really not easy.

"Seven seven, let me out! What are you doing? You're rebelling. I won't forgive you! "

Ye Chen's voice is severe. Seeing that two layers of illusions are nested, and the sky is full of prohibitions, he can't break free in a short time, and his heart becomes extremely heavy.

The blood god is still waiting for him in the blood death prison. If he doesn't go out, he will escape.

Facing the Confucianists with the power of the blood God alone, it is definitely more evil than good.

Misty rain fairy Zun Hear ye Chen's scold, heart is very sad, is a struggle, want to let Ye Chen out.

But, recalling those two terrible endings, she bit her teeth and said nothing. She didn't let go of Guan yechen's cry.

In any case, she can't watch ye Chen die.

As long as ye Chen does not take part in the war, those two endings can be avoided.

.....

Death in blood.

The early morning sun, shining down, let this gloomy and bloody City, but also the birth of a trace of vigor and vitality.

When the appointed day came, the blood god rode on the Golden Dragon and was ready to set out.

Behind him is the whole blood death prison. All the strong men, as well as ordinary disciples, were gathered to fight against the Confucian temple.

If these ordinary disciples really fight, they are not qualified to be cannon fodder, but they can at least strengthen their momentum by following them.

"Why hasn't Ye Chen come yet?"

Blood God saw the sun rising gradually, but did not see ye Chen's figure, can not help but frown.

He knew that ye Chen was resolute and resolute. Since he agreed to keep the appointment, he could not shrink back.

As time goes by, the strong men under the blood god are also in a little commotion and can't help it.

"What's the matter?"

"That ye adult, why still not see a trace?"

"It's said that he drained the energy of Tianxue lake. With such overbearing momentum, it's impossible to be afraid of the Confucians."

"What about the others? It's not an accident, is it? "

There was a lot of discussion and confusion.

"Be quiet!"

Blood god frowned and raised his palm.

The audience was immediately quiet.

"Wait a little longer, I believe in my friend."

Blood god still believe Ye Chen, will never betray the agreement.

And continue to wait, time continues to elapse, early in the morning, near the middle of the day, has been approaching noon.

"Lord blood god, if you don't start, it's too late."

Gong said.

"Lord blood god, it seems that Lord Ye is delayed. Let's discuss with the Confucian temple and say that the appointment will be delayed for a few days."

Others suggested in a low voice that everyone knew that the Confucian temple was powerful, but in fact they did not dare to challenge the edge, but under the influence of the blood god, no one dared to resist. Fortunately, the God of blood promised that if he broke the Confucian temple, he would not take any of the treasures and reward them all.

They are all heroes who lick blood with the blade. With the promise of the blood god, they dare to risk their lives and fight with the Confucian temple.

But at the moment, ye Chen did not appear for a long time, and people's hearts were suddenly shaken. People thought of the power of the Confucian temple again. It was not easy to challenge the Confucian and seize the treasures of heaven and earth. It would be great if they could push off the agreement.

"Hum, it's impossible to postpone the engagement. I'm sure Ye Chen won't shrink back. Let's go to the Confucian temple first, and he will show up later."

Seeing that ye Chen didn't show up, blood God knew that he must have suffered great changes, but the hundred day appointment was about the life and death of martial arts. He couldn't shrink back, otherwise he would never be able to lift his head and live.

When people saw the fierce and brave appearance of blood god, they were all in awe.

The blood God said in a high voice: "don't worry, I will give you all the treasures in his temple when you kill the Confucians!"

His voice fell down, and the Golden Dragon in his crotch also roared.

This roar contains the momentum of heaven's roar. Once the roar comes out, it can stimulate people's fighting spirit.

When they heard the words of the blood god, they were stimulated by the roar of war, and their whole body was boiling with blood. They were all ready to fight. They all said in unison: "kill the Confucians and strengthen the power of our blood prison!"

The blood God saw the fighting spirit of the people, nodded with satisfaction and said: "good, let's go!"

After that, the blood god tears the void and directly takes the whole blood death prison to the Confucian temple.

In the blood death prison, only the blood dragon is left, imprisoned in the prison magic gorge.

"What happened to the master? Why hasn't it appeared yet? "

"Damn, what happened to the master?"

The blood dragon hears that the blood God has set out, but he can't feel Ye Chen's breath all the time. He can't help but feel uneasy in his heart.

Whoa, whoa, whoa!

The dragon spirit around him seems to be aware of his negligence, so he surges up like gangrene and wants to take the blood dragon away.

Chapter 5754

Blood dragon heart spirit a Lin, quickly defend spirit.

Now he has to fight against these dragon spirits. For the time being, he can't take care of other things. He can only pray in his heart.

.....

The battle has already arrived, and the temple of Confucius has long been ready.

For example, the right disciples of the Confucianists, such as Yi, Zhi Xuan, etc., had already laid out a lot of traps, waiting for the blood god to come.

In the main hall, Ru zduan sat on the Golden Lotus platform with a free expression, showing that he had the chance to win.

A very proud woman, sitting at the bottom of the hall, is xuanjiyue.

Xuanjiyue is followed by a maid with a long sword on her back. Her eyes are colorful. It's the Tianxin sword butterfly in her new creation of "heaven and earth".

There are also some experts, hidden in the dark, xuanjiyue did not easily exposed.

Looking at xuanjiyue and seeing a long sword on her waist, the Confucianist was very satisfied and said, "Your Majesty, thank you for coming here today. If you dare to show up, you will surely die."

He knew that the long sword around xuanjiyue's waist was Shenluo Tianjian. It converged in the scabbard and didn't show its edge. But if it came out of the scabbard, it would be killing the sky. Even he had to be afraid.

With the help of xuanjiyue, he expected that both yechen and Xueshen would die.

Xuan Ji month lightly nods, way: "polite words don't need to say."

With that, she looked at the sky outside the hall. "It's almost noon. Why don't they come yet?"

The Confucianist saw that the sun was near noon, and he frowned and said, "with the blood God and the boy's temperament, it's impossible not to come."

Xuanjiyue said, "I'm afraid something happened."

The Confucianist said, "I calculated with the sky star of my wish that today's war is inevitable."

Xuanjiyue said: "in that case, wait, but be careful there are two mice outside."

The Confucianist chuckled and said, "the empress can rest assured that gongyefeng and annihilation sword spirit are not so easy to reap profits."

He had noticed that outside the hall of Confucius, there were two strong breath, dormant in the dark. They were gongyefeng and annihilation sword spirit.

These two people want to fight with Ye Chen, the God of blood, for the benefit of the fisherman.

Naturally, the Confucianist will not be taken advantage of in vain. He plans to use all his strength to suppress and kill Ye Chen's blood god, and then deal with them.

Even though he had already made a plan to sacrifice his wish to Tianxing at all costs, gongyefeng and annihilation sword spirit were both former superiors. Although their strength was no longer strong, it would be of great benefit if they could be killed and devour their luck.

Xuanjiyue is also in the same mind. If she can easily solve those two people, she can also kill Hong Tianjing's plot of destroying foreign countries and absorbing spiritual nourishment in the bud.

Confucianist and xuanjiyue exchanged their eyes. They didn't speak, but they both understood each other's ideas. Naturally, they joined hands to form an alliance against the enemy.

Although both of them have their own ghosts and foes, when the enemy is at hand, it is natural for them to unite sincerely and wipe out the foreign enemy. Otherwise, they will mess up their own positions and do bad things.

Xuanjiyue said: "there is another person, you need to be careful."

The Confucianist's eyes were fixed and he said, "Ren Feifan?"

Xuanjiyue said: "exactly, this man's magical power is so powerful that it's incredible. To kill us is like killing two ants. If he comes, we will die."

The Confucianist said: "Ren Fanfan, I've heard of him. I know that he is the protector behind the reincarnation Lord. Although he is powerful, it's exaggerating to say that killing us is like killing ants."

Xuanjiyue said: "no, you haven't seen his momentum with your own eyes. You don't understand. If he has all the strength, even Hong Tianjing at his peak will be afraid. His strength is really unfathomable.

Fortunately, he was stared at by the supreme power of the supreme world. He didn't dare to expose himself easily. He never showed his full strength. Otherwise, you, me and the two people outside the hall would be destroyed

The Confucianist chuckled and naturally didn't believe it. He said, "the empress's words are too exaggerated. Where is such a strong existence in the world? In those days, henggu Shengdi was not so strong, was he? If he had such strength, he would have risen too high. How could he stay here? The rules won't hold him

Xuanjiyue said: "in a word, this man is powerful, lawless and invincible. It's not you and I who can compete. We must be careful of his existence."

The Confucianist's face sank and he said, "if he is really so powerful, then we want to kill the reincarnation Lord. Don't we seek death?"

Xuanjiyue said: "that's not necessarily true. He doesn't dare to expose it easily. The cause and effect behind it is very deep. He's also afraid of exposing the secret and causing the Supreme Master to pursue and kill him. Later, the decisive battle will begin. If he really comes, you must detonate the wish star in advance, communicate with the supreme world, expose his existence, and let the supreme strongman of wanxu kill him."

Xuanji month is the most afraid of, is Ye Chen behind Ren extraordinary.

At the beginning, when she was in the seven kingdoms, she wanted to kill Ye Chen. She was repeatedly stopped by Ren Feifan. She had seen Ren Feifan's power with her own eyes. It was really profound and unimaginable. This decisive battle, Ren Fanfan is likely to intervene strongly.

With the strength of xuanjiyue and the Confucianist, it must be impossible to stop him.

If Ren Fanfan's real strength is fully opened, I'm afraid that one sword will kill them all, and the ashes will not be left.

If you want to fight against Ren Fanfan, you can only suppress it with a stronger existence.

If things really come to the worst, xuanjiyue's plan is to ask the Confucians to detonate the wish star, use the atmosphere of this star's self explosion to shake the supreme, and expose Ren extraordinary's cause and effect, so that those supreme superiors can personally kill Ren extraordinary.

Only in this way can we stop Ren's extraordinary unpredictable power.

"If I want to detonate the wish star, why don't you sacrifice Shenluo Tianjian?"

When the Confucianist heard xuanjiyue's words, he raised his eyebrows and snorted.

Xuanjiyue was stunned. She was silent for a long time and said: "well, if Ren Fanfan really ignores the cause and effect and forces his hand, then I will sacrifice Shenluo Tianjian and communicate with you

"What?"

The Confucianist was stunned. Seeing xuanjiyue's serious expression, he didn't seem to be lying. Is this Ren extraordinary really powerful?

In this world, someone killed xuanjiyue, as simple as killing a mole ant. Is there such a existence?

Confucianists can't believe it. When they are in doubt, the sky outside suddenly booms, the wind and cloud are rolling, and the blood is rolling.

"Ha ha, here comes the blood god."

With a cold smile, Confucius got up and went out.

Xuanjiyue also stood up and went out with Tianxin jiandie.

However, in the sky, the space is torn. The blood god, holding the kering Qing Lihuo sword, rides the Golden Dragon beast, with a group of blood dead prison strongmen on his back. With great power and strong momentum, he appears above the Confucian temple.

A big fight is imminent!

Chapter 5755

In the temple of the Confucianist, many disciples were ready to fight immediately. Several core elders were also ready to launch all kinds of killing formations, waiting for the order of the Confucianist.

"Confucius, I'm here to keep the appointment. Don't be hurt!"

The blood God holds the sword and floats in the sky, very fierce.

"Ha ha..."

The Confucianist grinned coldly and said, "how about it? Have you considered it clearly? I think that as long as you kneel down in front of me for seven days and nights and hand over the divine things, I can let you go. "

Blood god "bah" a, way: "needless to say this kind of nonsense, we fight to the death today is!"

The Confucianist narrowed his eyes and looked around, but he didn't see ye Chen. He was surprised. He said quietly on the surface: "good. You want to die, and I won't stop you. Where's your friend Ye Chen? He didn't betray you, did he

Blood god's face slightly changed, and said: "he will come soon, you don't have to talk nonsense!"

Confucius deliberately said: "I don't think he will come. The queen and I are here. He is timid, so he doesn't dare to fight."

"What are you talking about?"

The blood god was so angry that he grasped the sword of kering Qing Lihuo, jumped up from the back of the Golden Dragon and stabbed the Confucian with a sword.

In his fury, the sword was powerful, and its flame flew across the sky like a meteor.

"Well? How can this sword Qi be so strong? "

The Confucianist's face changed slightly. He originally wanted to irritate the blood god with words, so that the blood god's moves could be flawed. He wanted to defeat the blood god in one fell swoop and save his strength.

But I didn't expect that the sword of blood god had flaws in his fury, but its momentum was very fierce, which was not easy. He wanted to crack it easily, which was absolutely impossible.

"Your strength has been restored?"

The Confucianists were shocked and quickly retreated.

When he cut off the blood god's arm, the blood god was just a mole ant in his eyes.

But now, the strength of blood God has been restored to 7 / 8 of 10, and the power of sword is so powerful that it can't be underestimated.

When he saw the strong men behind the blood God and the sword in his hand, Ru zudun knew that the blood god had regained control of the blood death prison, and his strength was much stronger than that when he broke his arm.

He has been worried about ye Chen, afraid of reincarnation blood burst, hard to resist, but did not expect blood god also become so fierce.

Ru zudun stepped back from time to time.

"Blood is mighty!"

In the sky, many strong people who died of blood also cheered.

"Let's fight down and destroy the foundation of the Confucian temple!"

The Golden Dragon's eyes appear to kill.

"Yes!" the crowd cheered in unison

The current situation is like a tide of blood, and a swarm of people are rushing to fight.

Experts like blood God and Confucianist not only determine the outcome of battle, but also the foundation of Fengshui and Daoism.

As long as we destroy the Confucian's Taoism, destroy his temple, and kill his disciples, we can suppress his Qi, break the Fengshui orthodoxy, and add a point to the blood god.

All of them were born in the blood death prison. They were used to licking blood on the blade. In addition, the sound of the Golden Dragon has the meaning of war roar, which can mobilize people's fighting spirit. Now everyone is like a wolf, killing people and setting fire everywhere in the Confucian temple, with extremely fierce momentum.

The disciples of the temple of Confucius were startled. Fortunately, they were ready to fight back.

"Roar!"

However, a loud roar of war spread all over the hall, which made many disciples of the Confucian temple feel confused.

Golden Dragon beast sword is not old, a battle roar burst out, immediately short-term suppression of the whole court.

Although it took a short time to kill the disciples, it took a lot of time.

"Damn, dare to kill in my territory?"

When the Confucians saw this, they were furious.

Whoa!

In his fury, he had a flaw in his action. He was seen by the blood God and cut his shoulder with a sword. The blood flowed out.

"Fire starts a prairie fire, kill!"

The blood god's eyes were deep, and the sword was as red as magma. It broke out endless fire, like a prairie fire, and killed the Confucians.

The Confucian was cut by a sword. In pain, he calmed down.

"Hum, you alone want to compete with me, stupid people dream!"

The five fingers of the Confucians are like the pillars of heaven. The endless source of thunder and lightning is surging out. With a wave of the big hand and a clank, the blood god's sword is shaken open.

When the sword palms were handed over, the sound of metal collision came out.

The blood god was slightly surprised, only felt a force of incomparable, passed along the sword body, and quickly stepped back to dissolve the anti shock force.

"If that boy doesn't come today, I'll cut you first!" The eyes of the Confucians burst into the golden light of thunder and lightning, and the whole body was as powerful as the sea. With one hand, the Confucians killed them, and covered the whole body of the blood god.

Blood god breathing suddenly suffocated, only to find their own strength, and between the Confucian, there is still a huge gap.

Just now he was able to cut the Confucianist with a sword. He really took advantage of the initiative and won the first prize. When the Confucianist responded, he was the one who was in a mess.

"The golden lotus is in heaven, open!"

The Confucianist suddenly opened his mouth, and his whole body was in full bloom, forming a world of self existence.

It's terrible to be in heaven and earth, not to mention in heaven and earth!

Those who are strong outside Taizhen rarely use self-reliance, but if they do, it will be a bloodthirsty war!

This world, is a big pool, everywhere lotus bloom, every lotus, is the color of gold, dazzling.

Under the lotus pool, there is an infinite source of thunder and lightning. The continuous source of thunder converges into a pool, and countless lights jump and leap, turning into visions such as swords, tigers, lions, and so on, boldly killing the blood god.

"No!"

Blood god's face changed greatly. He knew that he had fallen into the Confucian's self existence. It was not easy to break free.

"Ha ha, die for me!"

The great hand of the Confucianist waved, the thunder swept, the lightning was like a dragon, and he wanted to swallow the blood God directly.

"Cut the fire in the sky, break it for me!"

Blood God saw countless thunders coming, but he clenched his teeth and ignored them. He was so angry that he fell into the elixir field and cut it out with one sword. The flame of fire sword broke out to the extreme in an instant.

He fought against the thunder of the Confucianists with his immortal blood and wanted to fight back with a sword.

When the Confucians saw the appearance of blood god, they were also shocked.

At this time, the blood god's hair was surging one by one, and his eyes were splitting. Obviously, he ignored life and death and was ready to fight to the death.

"This lunatic."

The Confucians didn't want to die together, so they stepped back immediately.

Whoa!

The blood God cuts on the lotus pond with a sword, and the golden lotus plants break off, and then vanish. The pool formed by the power of Nalei is also full of waves and lightning, which is very spectacular.

Chapter 5756

When the sword failed, the blood god continued to pursue the Confucians with his sword.

Two people in this lotus world, fight.

Xuanjiyue, however, stood outside calmly and watched all this silently.

At present, the temple of Confucius is in chaos. There are flames of war everywhere, and there are battles everywhere. Monk Zhixuan originally wanted to start the mountain protection array, but he was entangled by the Golden Dragon beast. The elder in charge of the array was stunned by the roar of the Golden Dragon beast.

The Golden Dragon beast is very smart and knows where the biggest threat is, so it's the first to get rid of the elders.

The battle between the blood God and the Confucianist was also inseparable for a while.

"Your Majesty, what shall we do?"

Tianxin sword butterfly pulls out her sword and guards xuanjiyue.

The whole scene is in chaos, but no one dares to rush to xuanjiyue.

Xuanjiyue has a unique style when she stops here. Anyone can see that she is extraordinary. No matter how crazy those strong people in the bloody prison are, they dare not invade her. It's no different from looking for death.

"The Lord of reincarnation hasn't appeared yet. Don't be impulsive."

Xuanjiyue's voice is calm and unmoved.

Until now, she did not see ye Chen, I do not know what plan Ye Chen has.

Although she hates Ye Chen, she has to admit that ye Chen is a man of love and righteousness, and it is impossible for her to escape.

Therefore, ye Chen will appear sooner or later.

Before ye Chen appeared, she would not waste her strength.

"Your Majesty Respect Is there anything wrong with the Lord of reincarnation, who can't come today? "

Tianxin sword butterfly hesitates to say that when she says this, she almost calls Ye Chen "Zunzhu". Fortunately, she takes it back in time.

In the past, the master of reincarnation was the one who created her, but now it has been divided mercilessly, and there is only hatred between the two sides.

After all, she had already died once, and it was xuanjiyue who later used powerful techniques to revive her.

Xuanjiyue ponders for a moment. In her original plan, she never thought that ye Chen would not come, but now it seems that ye Chen may really have an accident and can't come.

After thinking about it, xuanjiyue said: "no matter what, let's wait. If the boy doesn't come, we won't do anything. Just watch the change. It's just a blood god. It can't threaten the Confucians."

She was right. Blood god was not the enemy of Confucianism.

In the world of Jinlian, the blood god even burns his own essence and blood, and his sword is extremely powerful. If he wants to cut through heaven and earth, he can't even touch a thread of the clothes of the Confucians.

Although the Confucians were retreating and evading, in fact, they fought here with calmness, and they didn't even use their wishes to look at the stars.

Obviously, the Confucianists are also making efforts to deal with Ye Chen.

The blood god repeatedly attacked, but could not hurt the Confucians. His eyes were angry, and he wanted to spurt blood.

Countless thunder and lightning, but also constantly impact on the blood god's body, so that he was extremely painful.

"This guy's blood is more powerful than before."

The Confucianists were shocked to see that the God of blood was so brave.

If the former blood god is attacked by his thunder power, he will definitely be seriously injured, just as he was cut off an arm at the beginning.

But now, the blood god is still very fierce. He doesn't fall down at all. It's obvious that the blood constitution has changed.

However, time has almost reached its limit. It is estimated that the blood god will not be able to support him in less than one incense burning time. In his thunder source, there is a strong rule of coercion. Even the immortal blood can not resist for a long time. There is always a time when he will be defeated.

At that time, without the help of the Confucianists, the blood god will be killed.

Blood god also knows this, seeing the thunder source gas around, more and more intense, his muscles and bones pain and paralysis more and more serious, I'm afraid that he can't hold on any longer.

"Time seal, steal time and space, devour the future!"

Under the crisis, the blood God raised his left hand, and there were strands of road marks in his palm, which suddenly emerged.

This is his magic power, time seal!

Time seal, can change the law of time, make people become old in the blink of an eye, very powerful.

The Confucianist's face changed slightly. He thought that the blood god was going to work hard, so he immediately stepped back and was on guard.

But unexpectedly, with a backhand, the blood god hit his body.

This palm fell, blood god's body, suddenly burst a trace of time, his hair a pale, but the breath has become more and more powerful, more and more overbearing.

"What, you want to steal the future, overdraw the potential of the future?"

When the Confucians saw this, they were shocked.

Blood god's hand is not to attack the enemy, but to reverse the law of time and steal his future potential.

This is a strange way to overdraw the future!

Boom!

The breath of blood god is surging wildly. He can't beat the Confucianists now, but he can overdraw his future and borrow his future energy, but he has the opportunity to fight back."Crazy! You lunatic

The Confucianist gritted his teeth and got angry. He didn't expect the blood god to be so cruel.

Overdraft the future, the cost is very huge, even if the blood god can win this battle, the future is destroyed, his cultivation, in the future can not have the slightest progress.

Even others will grow old and die.

In the blink of an eye, the blood god was black and pale.

His appearance was originally plain, just like that of an ordinary young man, but now his hair is white, and his temperament is very different. He is just like the evil god in the legend of the devil's road. His appearance is strange, and his breath is gloomy and sharp, which is frightening.

"Confucius, you must die today!"

The blood god killed with a sword. It was a sword to overdraw the future. He poured all his future energy into the sword. Under the sword, the void burst layer upon layer, blowing up endless fire, and the power was amazing.

The Confucianist's face sank when he saw that the sword was so fierce, and then he saw the murderous opportunity in his eyes, saying:

"do you think you can defeat me if you overdraw the future? It's too naive. You're just my loser. Even if you're in the future, it's futile. "

"Wish Tianxing, I suppressed it!"

An incomparably brilliant planet rises from behind the Confucianists.

On the planet, hundreds of millions of believers prayed loudly, and gods and Buddhas floated all over the sky. Ancient buildings such as temples, Taoist temples, altars, palaces and so on gathered countless auras, and evolved into towering wishes and chanting power, which simply oppressed everything.

At this moment, the Confucianist finally sacrificed his magic weapon, the wish star!

Wish star a, unimaginable terror, immediately swept the audience.

Blood god overdraw the future of a sword, under the suppression of the desire star, actually stopped, the sword power can't inch into, the sword light a little bit dim down.

"I wish that your bones and muscles would be broken and turned into pus!"

The voice of the Confucians was loud, and they made a big wish.

The rules between heaven and earth are changing!

Chapter 5757

All of a sudden, the desire of Tianxing was strong, gathered into a curse, and hit the blood god hard.

Curse into the body, blood god suddenly feel the whole body muscles and bones pain, as if really want to inch break.

"Die or die, disperse!"

The blood god clenched his teeth, and his blood burst out to the extreme, fighting against the curse of Confucianism.

"Hum, why struggle? If you can force me to use my wish, Tianxing, you are dead."

Confucians disdain to hum a cold, no longer tube blood god, as if in his eyes, blood god is already a corpse.

He looked into the temple. The strong men in the bloody prison killed people and set fire everywhere, almost destroying his ashram.

"A group of mole ants, die for me!"

The Confucianist snorted and made a wish to kill all the people who died of blood.

Boom!

A terrible curse, just like ripples, spreads out from the wish star to kill all the enemies around.

"Confucius, do you want to be arrogant?"

Just then, there was a cold cheering in the sky.

But see two figures, from the sky, but it is Qu Chenyun and Ji Siqing two sisters!

Qu Chenyun suddenly drank, and the magic weapon of copper bell in his hand came out. When he saw the wind, it rose, and it also changed to the size of the wish star.

Boom!

Qu Chenyun's magic weapon collided with the wish star, and both retreated.

Wish star was hit suddenly, curse read force when loose.

The strong men in the blood death prison around them had already felt a sense of crisis of curse and death, but suddenly the pressure dissipated, and they were all amazed, staring at Qu Chenyun and Ji Siqing.

Two girls came down, in this chaotic world of killing, like Mandala blooming from hell, the aroma swaying, dizzying, heartbroken.

"Qu Chenyun, Qu Chenyan, the defeated general, what else do you want to do? Do you want to die? "

When the Confucians saw the two girls appear, they were also angry.

Qu Chenyun and Ji Siqing came to the blood god. The blood god was originally plagued by a curse, and it was just when he was suffering. Now with Qu ChenYun's help, the curse dissipated and he relaxed.

"Miss Qu, thank you very much."

Blood God immediately thanks.

"No, let's fight side by side and kill this guy first."

Qu Chenyun is brave and valiant, and his eyes are fixed on the Confucian.

"Where is Ye Chen, master of blood god?"

Ji Siqing looks around, but he doesn't see ye Chen. He is confused.

She remembers Ye Chen in her heart. Today's battle also means to assist Ye Chen. Unexpectedly, ye Chen is not here.

The blood God said: "I I don't know. It seems that something happened to him. "

Ji Siqing said: "this How could this... "

Qu ChenYun's face sank and said, "this boy won't escape before the battle, will he?"

Ji Siqing said: "sister, no, ye Chen is not this kind of person."

Qu Chenyun snorted and said, "don't worry about that boy, let's work together to deal with the Confucianists!"

After all, she is the sword move of this graceful man dance. Facing each other, Ji Siqing's three women feel extremely pressure. Her skin is chilly, as if her body is about to be cut off.

This is the supreme Heavenly Sword. It's a shock brought by the terrible killing!

Chapter 5758

The sharpness of Shenluo Tianjian is really too powerful, especially in xuanjiyue's hands, which is enough to break out the extreme sharpness.

Three women are hard to resist, can only constantly move Dodge, even xuanjiyue's clothes are not touched.

Blood God saw this, but also joined the battle circle, white hair flying, constantly overdrawn in the future, blood crazy burning, a crazy look.

"Well?"

"Overdraft the future, it's kind of interesting."

Xuanjiyue's eyes are slightly fixed. She knows that the blood god is not simple, but also wakes up her spirit. Ziwei's fatalism is released at the peak, and is completely integrated with Shenluo Tianjian.

The fateful purple light, mixed with the killing breath of Tianjian, finally turned into a series of horrible purple sword cuts, maneuvering, sweeping the world.

Even if the blood god is overdrawn in the future, it is difficult to fight against such a fierce fate of Tianjian. The situation is totally one-sided, and no one is xuanjiyue's opponent.

The Confucians saw that xuanjiyue had the advantage, and their hearts were mixed.

The good news is that with xuanjiyue, he can save a lot of energy.

The worry is that xuanjiyue is so powerful that if he wants to fight, he will be cut to pieces by Shenluo Tianjian.

The edge of the supreme Heavenly Sword is simply unreasonable and unreasonable.

In the middle of the battle, there are two pairs of eyes in the sky, watching silently.

These two people, it is Ren extraordinary and Su Mo cold!

"Ye Chen, why didn't you come today?"

Ren Fanfan frowned tightly. He had already come to the temple of Confucius, but he was forced by the rules and didn't expose himself easily. He had been hiding in the dark and watching.

He has great powers, he wants to hide, even if the Confucianist and xuanjiyue can't find his existence.

Ye Chen didn't appear, really let Ren extraordinary surprise, deduction, he vaguely found that ye Chen was blocked in a dream in a dream of fantasy.

If we calculate carefully, he has the ability to push the position of Ye Chen.

But careful induction, ye Chen no life-threatening, this blockade, seems to be saving Ye Chen.

Even, it is saving Ren Fanfan!

This surprised Ren Feifan. He was invincible all his life. He didn't worry about anyone except the big figures behind the chess game. He didn't need anyone to save him.

But this deduction, he found that ye Chen was blocked, actually seems to have saved Ye Chen, by the way to save his meaning, is really incredible.

Su Mo cold see ye Chen didn't come, is also surprised, way: "strange, with the boy's character, can't not come, you can push performance what?"

Ren extraordinary five fingers pinch, way: "he was blocked up, temporarily can't get away."

Su Mo is cold for a while startled, way: "this is how one thing?"

Ren Fanfan said: "I don't know, but it's not bad for him. It may even save his life."

Su Mo Han said: "save his life? Well That's true. If he doesn't come today, he may have escaped a disaster. "

If you look down and see xuanjiyue's sword wielding, you will know that if ye Chen comes, it will be more or less dangerous.

Ren Feifan said with a smile: "if he doesn't come, are you very happy?"

Su Mo Han hesitated for a while, finally smile, way: "that kid doesn't come, you don't have to take risks, I'm naturally happy."

If ye Chen comes, once the situation deteriorates, Ren Fanfan is likely to intervene strongly, expose his own cause and effect, and be targeted by the big figures behind the chess game, with unimaginable consequences.

Su Mo Han stands here, did not take part in the war, is in order to stop Ren extraordinary at the critical moment.

In her eyes, Ren's extraordinary life is much more important than the Lord of reincarnation and the eternal layout.

She can't watch anything happen to Ren extraordinary!

Ren Feifan looked at his confidant, smile, naturally also understand her painstaking.

"This chess game is very important. I can die, but the reincarnation master can't be defeated."

"I don't care. I want you alive anyway." Su Mo Han has a stubborn face.

Ren Feifan sighed and said, "Alas, you can't understand the truth of being a man."

Su Mo cold way: "I understand, but I want you to live."

Ren Feifan was deeply moved. Looking down, he could not help frowning when he saw that Ji Siqing and others were losing. He said: "their situation is not good. It seems that today's decisive battle is defeated. You'd better go down quickly and take them away."

Su Mo Han saw this, sighed, but he shook his head a little firmly, and said: "this time I can't do it, life and death depends on them. Today I'm standing with you, if I'm exposed, you may also be implicated by me."

Ren Feifan is silent. Ji Siqing has taken care of those girls. If they fall, it's a pity.

But, today this situation, cause and effect involves too big, Ren especially cannot come casually, can see their own fortune only. Ji Siqing, Wei Ying and Qu Chenyun, together with the blood god, were killed by xuanjiyue alone, and they kept retreating without any resistance.

Qu Chenyun was furious and said: "xuanjiyue, you put down Shenluo Tianjian, we'll fight again!"

Xuanjiyue burst out laughing and said, "why can you bully me with more and less, and forbid me to use Tianjian? There is no such reason in the world. "

With that, xuanjiyue's aura was released. Instead, she wielded a Shenluo Tianjian fiercely, which was hard to resist.

"Damn it, this man is close to the point of combining body and sword. We are going to lose today."

The blood god bites his teeth, and only feels that xuanjiyue's breath has been completely integrated with Shenluo Tianjian. This is the extraordinary realm of body sword integration. Once it is achieved, xuanjiyue will reach the realm of annihilating the sword spirit. Man is the sword, and sword is man. With a flick of the finger, there will be endless killing, and the sword gas will explode out. God will block and kill God, and Buddha will block and kill Buddha. It is simply invincible.

At this time, xuanjiyue had almost reached that kind of state. Her sharp edge was too fierce to be countered.

The blood god just fought against the Confucianist, and he had consumed a lot of aura. He was not xuanjiyue's enemy.

"You go quickly. Thank you for your help, but it's my own cause and effect. There's no need to involve you."

As soon as the blood god's eyes were fixed, he made a decision in his heart. With a wave of his hand, a strong wind swept out and rolled Ji Siqing and others into the distance.

Then the blood god gave the golden dragon a wink.

Gold dragon beast understanding, immediately with a few blood dead prison disciples, came to meet Ji Siqing and others.

"The situation is not good, everyone. It's time to retreat!"

The Golden Dragon beast looks around the hall and greets the strongmen of blood death prison, ready to retreat.

Seeing the sharp edge of Luo Tianjian, Xuanji's moon god, everyone was stunned and began to retreat. Now when they heard the words of Jinlong beast, they all hurried out of the Confucian temple.

"Want to go? You're all going to die today! "

Chapter 5759

With a cold hum and a wave of her left hand, xuanjiyue burst out into a river and evolved into an infinite talisman.

"Tai Shang Tian Fu..."

She is trying to show the supernatural power of taishangfudao, leaving Ji Siqing and others and killing them all.

"Roar!"

But just then, the Golden Dragon roared up to the sky, and a huge roar of war turned into a sound wave.

Xuanjiyue was shocked by the battle roar, and her Dao Qi dissipated immediately. Even her sword Qi was affected and she quickly retreated.

Blood god pressure greatly reduced, but also quickly back, severe breathing, blood power, restore the body vitality.

And the strongmen of blood death prison, taking the opportunity and Ji Siqing and others, quickly retreat out.

Ji Siqing, Wei Ying and Qu Chenyun looked at each other with a look of depression. Knowing that they had failed today, they did not insist on staying.

If ye Chen is there, Ji Siqing and Wei Ying may stay.

But today, ye Chen didn't know what accident happened, and didn't show up. Naturally, the two girls didn't mean to stay, so as not to give their lives in vain.

It's a pity that the God of blood is doomed.

"Lord blood."

The Golden Dragon comes to the blood God and accompanies him.

When the blood God saw that all the people had left, only the golden dragon was left. His heart was full of mixed feelings, and he said, "thank you, Golden Dragon."

Now cheer up and ride on the back of the golden dragon, ready to fight again.

Seeing Ji Siqing and others leave, xuanjiyue is furious. She looks at the Confucian and says, "why don't you stop them?"

The Confucianist is silent, light way: "reincarnation of the Lord that boy has not appeared, always have to stay to deal with him."

As a matter of fact, the Confucianist was afraid of xuanjiyue because she was too powerful. This time, he didn't do anything. He was more on guard against xuanjiyue than on guard against Ye Chen.

.....

At the same time, ye Chen is still trapped in the dreamland of dreams. The world around him is branded with layers of reincarnation prohibition. No matter how hard he tries, he can't break it.

These prohibitions, with the previous reincarnation of the Lord's coercion, even suppressed Ye Chen's reincarnation blood, so that he could not communicate reincarnation cemetery.

"Wild devil sky sword, chop!"

Ye Chen pulls out the wild demon sky sword, and the monstrous evil Qi turns into a sword, and cuts fiercely toward the surrounding prohibition.

Whoa!

The forbidden barrier was suddenly shaken and a plume of golden smoke came out.

"It works!"

Ye Chen in the heart a joy, but this happy idea, flash and die.

His heart soon became heavy.

Reincarnation prohibition is very important. Even if he uses the wild devil sword, it will take several days to break it.

When the prohibition is broken and the engagement is over, the blood god must be dead. It's no use for him to go again.

Moreover, after breaking the ban, he will be exhausted and unable to fight any more.

"77, let me out quickly!"

Ye Chen knows that the situation is urgent. He bites his teeth and calls for Yanyu xianzun, ordering her to open the ban.

Yanyu xianzun is outside the dreamland. She can see ye Chen's situation naturally. Her face is full of tears, and she struggles in her heart. But in the end, for ye Chen's safety, she keeps silent and doesn't respond.

"Damn it, if it goes on like this, the engagement will be over!"

Ye Chen slashes with his sword, but the reincarnation prohibition around him is like an iron wall. How can it be broken easily?

Even the wild devil sky sword can't be broken quickly, so there's no need to try other means. It's useless.

"Brother, I can help you."

At this time, ye Chen heard the voice of the spirit child.

"Spirit child, do you have a way?"

Ye Chen spirit a vibration, hurriedly ask.

Linger said: "well, I can try, but I need to sacrifice jimie sword pill, and then use up all my strength. If my strength is exhausted, I don't know when I can recover. I can't help you in the future."

Ye Chen heard that he had a way. He was very happy and said, "if you can't help me in the future, it's OK. As long as you can help me escape today, if your aura is exhausted, I will take good care of you in the future, and then look for natural resources and treasures for you, so that you can recover slowly."

The spirit child hears his words, the heart is a little wider, natural know ye Chen heavy sentiment heavy righteousness, is determined not to leave him, way: "good, elder brother, that I prepare to move."

Ye Chen thought to himself, how powerful is the prohibition of the reincarnation Lord of the previous life? Can ordinary people deal with it? At the moment, he was a little confused and asked, "can you really break the reincarnation prohibition?"

Ling'er came out, stood beside Ye Chen, looked at the golden Charms around him, and said, "no, these prohibitions are too powerful for me to break, but I can make a space tunnel for you to escape."

Ye Chenxi said: "that's OK. You can do it quickly. I'm afraid the blood god can't hold on."

Ling'er nodded and offered the jimie sword pill, so he wanted to do it."No!"

Misty rain immortal Zun sees this scene, beautiful Mou Sen ran, exploded murderous.

She can't let Ye Chen go out, otherwise she will kill Ye Chen and everything will be over.

Seeing that ling'er wanted to do something, she waved her hand to mobilize the prohibition, and the reincarnation prohibition turned into a huge wave of killing and killing.

She wanted to kill!

"Seven seven, what are you doing?"

Ye Chen was shocked.

Ling child is also a stay, did not expect Yanyu xianzun will move killer.

Misty rain fairy shell teeth clench the lower lip, although there is a struggle in the eyes, but more is cold.

In her heart, there is only Ye Chen.

In her eyes, the world can be killed, she as long as ye Chen alive.

Anyone want to harm Ye Chen, she will be merciless, directly killed.

Now the spirit child wants to help Ye Chen escape, she naturally is not soft, must root out the threat, ensure Ye Chen's safety.

Even if ye Chen blames after the event, even wants her to pay for her life, she also can't care so much.

This engagement is too dangerous. She can't let Ye Chen leave.

In the dreamland, ye Chen sees the great wave of reincarnation coming. With a quick step, he bursts into the big starry sky and stands up in front of the spirit child.

Boom!

The golden samsara waves, blast from ye Chen's vast starry sky, suddenly violent shock, appeared a terrible space cracks.

His viscera, also by a huge shock, almost to vomit blood.

Ling'er was shocked and said, "brother!"

Ye Chen clenched his teeth and said, "don't worry about me, open up a space tunnel quickly!"

"Yes

Ling'er was a little flustered. He held a magic formula in his hand, and the earth's core Mie bead released a bright air. At the same time, the jimie sword pill was buzzing and shaking, as if to burst.

Outside the mirage, Yanyu xianzun sees that ye Chen stands up to stop him. He is so scared that his face turns white. With a sigh, he quickly withdraws the reincarnation prohibition, and the whole person is stunned.

Ye Chen's pressure disappeared and he took a breath. He quickly turned on the eight trigrams Tiandan technique to adjust his breath and restore his spiritual power.

Pop!

Chapter 5760

At this time, the annihilation sword pill in ling'er's hand also burst, and the fierce and sharp annihilation breath roared out.

"Vanish the illusory world, break the void, open up!"

The voice of ling'er's mouth, and the earth's core Mie bead hanging on his neck, also released all the energy, mixed with the energy of Ji Mie sword pill.

Two streams of energy, mixed with each other, turned into a terrible vortex of destruction, like a black hole, rotating in the void.

"No!"

Yanyu immortal Zun sees this, his face changes greatly, and wants to stop him again, but ye Chen is protecting him. She wants to stop linger unless she kills Ye Chen first.

She naturally won't hurt Ye Chen. She watched the spirit child transfer the breath of destruction whirlpool and blow out a space tunnel.

"Yes, spirit child, let's go!"

In the dreamland, ye Chen sees that the passage has become. He is very happy and wants to pull the spirit child out, but he pulls the air.

Spirit child's body, into a little streamer dissipated, toward Ye Chen showed a faint smile, said: "brother, I sleep for a while, later predestined good-bye."

The voice falls down, the body of spirit child completely disperses, leaving only a bead which has lost the spirit light and is extremely dim, and falls to the ground with a slap.

This bead, of course, is the earth's core killing bead. The energy in it has been exhausted. If you want to recover, I don't know when.

"Spirit boy Thank you very much

Ye Chen clenched his teeth, picked up the beads and put them in the world of the yellow spring.

It's too much sacrifice to open a space tunnel this time. After all, it's a prohibition against the reincarnation of the past. It's not easy to break the void under the pressure of this prohibition.

Ye Chen steps on the space tunnel and transmits it directly.

Woo woo!

As soon as ye Chen passes away, the two-tier fantasy world suddenly collapses, everywhere collapses and vanishes in an instant.

"Puff!"

The dreamland was suddenly broken, and Yanyu xianzun suffered a huge shock, vomiting blood and serious injury on the spot.

Ye Chen sends it back to the real world and appears in front of Yanyu xianzun.

"Seven seven..."

Looking at Yan Yu Xian Zun's pretty face pale and his eyes covered with dead ashes, ye Chen cherishes in his heart.

"Lord, you You are a great power. I can't stop you. "

Yanyu xianzun, with a sad face, struggled to get up and stood wobbly.

Outside the long wind with pear blossom blowing in, her hair fluttering, body trance, as if at any time to fall with the wind.

If ye Chen died in silence, he would not say clearly.

"77, don't worry, I will come back alive and wait for me!"

Ye Chen clenches her teeth, hugs Yanyu immortal and releases eight trigrams to cure her injury.

Yanyu xianzun's face is slightly ruddy. Before he can feel Ye Chen's embrace, ye Chen has turned to leave, tearing the void and going to the Confucian temple. He is gone.

Yanyu xianzun stood in the same place for a long time.

.....

At this time, the Confucian temple.

The situation of blood god is very bad.

The Confucianists and xuanjiyue, one in front of the other, attacked the blood god.

However, neither of them did.

Anyone can see that the God of blood has reached the end of the mountain, and is likely to work hard.

Neither the Confucians nor xuanjiyue wanted to bear the wrath of the blood god.

Two people are very clear, no matter which party is injured, will be the other party to seize advantage, even if now get what benefits, are just for others to do wedding clothes.

"Why, why don't you do it all of a sudden? Are you afraid of me? "

Blood god gave a sneer.

He was bloodstained, holding Lihuo sword and riding the Golden Dragon beast. Although he was in a dangerous situation, his eyes were unyielding. He was as brave as the ancient god of war.

The disciples of the temple of Confucius, who are surrounded by people, are all in praise.

Although the blood god is defeated, it is not in vain to bear the name of the strong.

"God of blood, give you a chance to redeem yourself. I promise you that I will forgive your men."

The Confucianist stood up with a negative hand, spoke lightly, and put forward a condition.

Xuanjiyue stood with a sword and looked at everything coldly, but she didn't speak.

The blood god laughed and said, "if you want my life, just take it with your own hands!"

In the process of speaking, the blood god secretly uses his energy to regulate his breath and recover his vitality. Under the immortal blood system, the injury also recovers quickly.

Looking at the unyielding appearance of the blood god, the Confucianist looked very ugly.

Xuanjiyue snorted and said, "Confucius, if you drag on like this, his vitality will be restored."

Blood god's constitution and blood are extremely terrible. Now the situation is stalemate, which is very beneficial to blood god. If you give him a little more time, he can even recover to the peak. Once the blood god recovers and wants to capture and kill him, it will take ten times as much effort.

As soon as the Confucianist's face sank, he naturally knew that the situation was unfavorable, but he didn't want to do it first. He said, "Your Majesty, your Shenluo Tianjian is invincible. Please kill this demon. After it is finished, I will lend you the wish Tianxing."

Xuanjiyue sneered and said, "why don't you do it?"

She has just had a fierce battle, and her strength is not small. Now, no matter what, she is not willing to take the lead again.

She also wanted to keep her strength and guard against the Confucianists, and against the silent sword spirit and gongyefeng behind her.

After another stalemate, the blood god seized the opportunity and continued to recover his breath. Then he burst out laughing and said:

"Confucius, xuanjiyue, although you are working together, you are different. What's the meaning of this alliance?"

"If you want to kill me, you can be buried with me."

Speaking of the end, the blood god's eyes suddenly burst with murderous spirit. With a wave of his hand, the sword of Kerqing left the fire flew up into the sky and burst into flames.

"Burn my body, leave fire and sword blood, explode!"

The next moment, the blood god's whole body was burning, and all the auras just recovered were infused into the kering Qingli fire sword.

I want to sacrifice myself!

He knows very well that he can't escape by himself today. When the stalemate is broken, he will die.

It's better to die a little more valuable than that!

"Ye Chen, avenge me!"

Blood god's whole body blood fire burns, although don't know what accident Ye Chen had, unexpectedly don't come today.

But he believes that ye Chen does not flinch from the battle. He must have some unspeakable difficulties.

He sacrificed Lihuo sword and prepared to explode it himself. He wanted to die together with the Confucianists and xuanjiyue to solve the threat for ye Chen and repay Ye Chen's kindness.

Even if they can't die together, the blood God believes that the explosion of his own blood will be enough to hurt both of them!

The Golden Dragon in the blood god's crotch also closes his eyes, and the blood of the supreme beast burns. Together with the blood god, he is ready to sacrifice himself and destroy the enemy.
