

Physician 5781

Chapter 5781

The spirit seal said, "I'll lend it to you. It's not a small loss. Fortunately, the spirit of the earth's heart is strong. It doesn't matter. Take it!"

Finish saying, a strong and fierce breath, send out from the God seal jade pendant, pour into Ye Chen's body mercilessly.

Click!

As the power of the seal converges, ye Chen's muscles and bones suddenly burst out, bursting out with incomparable surging power. Like a volcanic eruption, the mighty airflow roars out, forming an absolute air field around him. The dust is surging, the wind is surging and the clouds are surging, which is very spectacular and domineering.

"Well? What's going on? "

Lynch noticed that ye Chen's momentum suddenly flourished, and he couldn't help but be surprised.

"This is..."

One side of Mo Hanxi, is also very surprised looking at Ye Chen, in Ye Chen's aura shock, directly back away, unexpectedly can't close.

At this moment, ye Chen's momentum was strong, just like the supreme god of war. Even his eyes were full of the cutting edge like the supreme sword.

"If you want to kill me, let's see who killed who!"

Ye Chen looks at Lin Qi, the murderous spirit rises in his eyes, and suddenly draws out the evil sword. A terrible breath of destruction attaches to the sword.

"Destroy the seal, open it!"

The destruction seal of qichongtian opens in an instant.

Ye Chen is just like the supreme power in charge of destruction. Under the power of the seal of God, although his seal of destruction is only the seventh heaven, his momentum is so fierce that he rolled up a wind field of destruction and rocked the heavens.

Between the heaven and the earth, the black air roars, but out of thin air, there are many tornadoes, sweeping around crazily, countless Camellia are rolled up in the sky, floating, the scene is extremely spectacular.

"Kill him!"

Feeling Ye Chen's surging momentum, Lynch's face changed completely. He drank violently, regardless of Mo Hanxi. Together with the other three disciples, he concentrated on dealing with Ye Chen.

The ruling array under the feet of the four was bright white, and the sword in their hands had the majesty of the holy hall in heaven, as if to suppress all existence in the world.

The unparalleled force of the sword, like a long river, bombards Ye Chen.

"Broken!"

Ye Chen doesn't dodge, and the evil sword comes out. The breath of destruction breaks out to the top and collides with the four.

Boom!

The battle between the sword of destruction and the sword of heaven burst in an instant.

The ferocious Dao Qi, under the pressure of Ye Chen's destructive power, suddenly collapses, and there is no room to fight.

Gathering the power of divine seal, ye Chen's breath at this time can only be described as terror.

Lynch, the four disciples of the holy hall, are not his rivals at all, and they will be defeated at once.

Puff, puff!

A burst of vomit blood sound, in addition to Lynch, the other three holy hall disciples, all were killed by Ye Chen.

After Mo Hanxi witnessed this scene, he was completely shocked.

Just now, he was still a disciple of the holy hall. Under Ye Chen's sword of destruction, he was killed like a local chicken and a dog. There was no room for resistance.

Looking at Ye Chen's tall and straight figure, Mo Hanxi's beautiful eyes filled with the color of worship. It seemed that he saw the legendary god of war. In the dark, he seemed to think of some old legend and murmured in a low voice:

"is this the one who broke the forefathers' prophecy?"

Lynch in Ye Chen's sword, is also blood vomit, although lucky not to die, but has been seriously injured.

"Boy, who are you? Your martial arts breath does not belong to Tianjun family! Who on earth are you, who dare to be the enemy of our holy hall? "

Lynch looked at Ye Chen in disbelief. He didn't expect Ye Chen to be so powerful.

What's more strange is that ye Chen's breath doesn't belong to Tianjun family.

In the center of the earth, the Tianjun family has the most top resources. Most of the strong people are from the Tianjun family. There are few strong people in sanxiu, but it's amazing that ye Chen is so powerful.

"Hum!"

Ye Chen cold hum a, also didn't say a half nonsense, direct a sword assassinate and come out, want to kill Lynch, cut grass root.

He didn't know what force the holy hall was, but since the other party wanted to kill himself, he didn't leave a living reason.

When Lynch saw Ye Chen's sword coming, his eyes were in great fear. When he was dying, he suddenly raised his hands and looked up to the sky and yelled, "the holy judgment hall, the supreme power of heaven, save my life and come!"

His cry fell, the sky suddenly rumbled and vibrated, there was a very dazzling white light emerged, thousands of white light surging, auspicious transpiration, showing a huge temple palace.

This holy hall palace, resplendent and magnificent, is like a country inhabited by the Supreme God, surrounded by countless immortals, gods and Buddhas.

Boom!

As soon as the palace appeared, it immediately came down from the sky and bombarded Ye Chen like Mount Tai.

"What is this?"

Ye Chen sees this temple palace, immediately feels a burst of incomparably powerful chaotic aura, this seems to be a chaotic magic weapon. What Lynch calls out is not the magic weapon itself, but a virtual shadow.

Even if ye shengchen breathes heavily, it's powerful.

In the world of the yellow spring, the Alsophila spinulosa tree was shocked to see the palace of the holy hall, and cried, "Lord, get out of the way! This is the supreme treasure of chaos in thirty-three days. It's the number one existence. It's called the judgment hall! "

Ye Chen was stunned and said: "the judgment hall? What kind of sanctuary is it, in fact, a magic weapon? "

"That's right," said the Alsophila tree! The judgment hall is the most important treasure of the thirty-three days of chaos. This magic weapon has the power of judgment. It's extremely powerful. It's from it that the judgment of Taoism is spread

The temple of judgment is a kind of magic weapon for palaces. It is similar to Chongguang Shenxia palace, Huanyue Xingyan palace and Honglian Zijin palace, but it is much more powerful than these palaces. The power of heaven is incomparable, and it is so powerful that ye Chen feels incomparable pressure just because of a virtual shadow.

Ye Chen said: "number one? I thought the first was wish star. "

The Alsophila spinulosa tree said, "the wish star ranks first among the" chaos nine stars ", but if you look at all the treasures of chaos in the past thirty-three days, you can only rank fourth. The first one is the holy Hall of judgment."

Ye Chen doubts in his heart: "the judgment hall is the first magic weapon. Who is the Lord of the judgment?"

At present, the situation is critical, but ye Chen can't bear to think about it. The shadow of the judgment hall falls down fiercely, with great momentum.

Ye Chen's Qi machine is completely locked, no matter what.

"The call was successful, and my life was saved!"

Lynch was overjoyed to see the shadow of the temple coming. It turned out that his calling ceremony was not a 100% success.

Now that the ceremony is successful, he is naturally overjoyed. He can not only live, but also kill Ye Chen!

Against the backdrop of the huge temple palace, ye Chen's body is as small as a mole ant, as if it will be crushed to death in the next moment.

Chapter 5782

"Sun Xianhuang chop, break it for me!"

At the critical moment of life and death, ye Chen suddenly drinks, and the sword blows up the brilliant sun god awn. The whole sword seems to be more than ten times bigger under the surging air of the sword, and one sword cuts toward the holy hall palace.

Bang!

The huge sword of the sun cuts fiercely on the palace of the holy hall. The palace is clearly a virtual shadow, but when the huge sword cuts up, it makes a clanging sound.

At this moment, ye Chen is full of the power of the seal of God. The power of the great sword of the sun is absolutely invincible, and it directly destroys the shadow of the temple palace.

Boom!

The holy hall disintegrates and dissipates, but the great power of the holy hall is also delivered to Ye Chen.

"Puff!"

Ye Chen felt a huge force, but he couldn't resist it. He vomited blood and fell to the ground. His head was buzzing, as if he had been hit with a big hammer.

And the collision between him and the holy hall also blew up fierce waves, overturning Mo Hanxi and Lynch.

Mo Hanxi called "ouch" and looked at Ye Chen.

If you're not wrong, ye Chen's sword broke the judgment hall!

Although the judgment hall is only a virtual shadow, it also has unparalleled heavenly power, which is the nightmare of all the strong in the earth's heart. Everyone should be afraid to kneel down when they see the weather of the holy hall.

But ye Chen, is not afraid at all, actually directly cut through the holy hall.

Mo Hanxi's eyes, with worship, shock, confusion, infatuation, consternation and so on, can't believe that there is such a man in the world.

"What, it broke the ruling of the holy church?"

Lynch over there, staggering to get up, was shocked to see the shadow of the temple dissipated.

You know, the judgment hall ranks the first among the most precious treasures of the thirty-three days of chaos. It is extremely majestic and domineering. For many years, it has been suppressing the Tianjun family in the center of the earth, and it has accumulated the supreme spirit. When ordinary people look at the palace of the judgment hall, they have to fear the shock and kneel down to worship. No one dares to fight directly, or even cut through with one sword.

This is incredible!

Lynch was shocked and silent for a long time before he came back to himself. However, he saw that ye Chen fell to the ground, and his breath was scattered.

Obviously, in the collision with the holy hall, ye Chen also suffered a huge shock, exhausted all his physical strength, and even had no strength to stand.

"It's better to kill such a terrible guy as soon as possible!"

Lynch gritted his teeth and approached Ye Chen step by step.

He was seriously injured, but at least he had the strength to move. His state was much better than that of Ye Chen.

"No!"

Mo Hanxi see Lynch want to move the killer, panic scream, want to stop, but she took two steps, directly fell to the ground.

She had exhausted all her strength in the battle just now.

"Die

Lynch went to Ye Chen, his face showed ferocious color, and cut it down with a fierce knife.

Ye Chen clenched his teeth, exhausted his last strength, offered a wisp of quicksand, and said:

"Taiyi Zhenlei sand, blow it for me!"

The quicksand, like water, wound around Lynch, and the fierce thunder suddenly surged and crackled.

"No!"

Lynch was shocked, but he felt his body warm, and then the world was completely dark.

Taiyi shock thunder sand burst open on him, all of a sudden his body, burst into pieces, blood splattered viscera.

The explosion killed Lynch, ye Chen also exhausted the last trace of strength, head a crooked, coma in the past.

Mo Hanxi stared at the scene, lost his mind for a long time, and then came back to his mind. He cried in a hurry, "Hey, what's the matter with you? Are you ok?" She hobbled to Ye Chen.

Looking at Ye Chen's face, Mo Hanxi's mood is very complicated. This man, lurking in the tea pool, peeps at everything in her body. She is extremely ashamed.

But it was this man who saved her life.

If it wasn't for ye Chen, she would have been killed by the people in the temple.

"Our ancestors predicted that there would be a breaker to save our Mo family. Is that him?"

Mo Hanxi looks at Ye Chen and thinks of the old prophecy of the Mo family.

Now ye Chen is injured, whether it is a breaker or not, after all, she has saved her life, and she can't just sit back.

At the moment, Mo Hanxi drags Ye Chen's body and puts him in the tea pool.

Shencha pool has rich aura, which is very suitable for healing.

In order to let Ye Chen get better treatment, she took off Ye Chen's clothes.

Looking at Ye Chen's strong body, Mo Hanxi can't help blushing.

Thinking that he was also injured and in urgent need of treatment, Mo Hanxi blushed to the root of his ear, gritted his teeth and said, "you guy, you are cheap!"

Finish saying, Mo Hanxi also took off his clothes, and ye Chen naked relative, together bubble in the tea pool healing. This is also helpless, otherwise, her injury will not be treated.

Fortunately, ye Chen is in a coma and can't see anything. Otherwise, she must be ashamed to death.

The two were immersed in the pool for three days.

The color of the pool water gradually faded. Obviously, the aura energy was absorbed by both of them.

"It's a pity that the aura is scattered and used to heal. I can't break through my cultivation."

Mo Hanxi looked at the desalinated water, but sighed.

Her cultivation is still too true five days, no breakthrough, check Ye Chen's body, found that ye Chen's injury is also completely healed, but never wake up, still in a coma.

"It seems that the power of the judgment temple has hurt his spirit and inner, which is troublesome."

Mo Hanxi Xiu eyebrow light Cu, see ye Chen's appearance, it is obvious that the spirit also suffered shock injury, so even if the surface injury recovery, but the spirit is injured, never wake up.

"Isn't he a living dead man?"

Mo Hanxi deeply worried that if ye Chen had been sleeping, it would be like a plant, and he would be a living dead man.

"For today's plan, we can only ask the family elders to help him, but I don't know what his origin is. I'm afraid it's not right to take him home rashly."

Mo Hanxi tried to deduce Ye Chen's fate, but found that the dense fog of heaven, nothing to see.

She also can't figure out the origin of Ye Chen, take a man with unknown origin home, I'm afraid it will cause a lot of gossip.

After struggling for a while, Mo Hanxi finally decides to take ye Chen home.

She carries Ye Chen on her back, takes out an imperial edict and lights it, then steps into the void and returns to Mo's family.

The space in the center of the earth is very solid. Ordinary means can't be broken, and special breaking empty Fu Zhao is needed. This kind of Fu Zhao is difficult to make and valuable, and can't be used casually.

Mo Hanxi just wants to save Ye Chen as soon as possible, but he doesn't care so much.

Chapter 5783

Shuttling through the void and coming out of the void, Mo Hanxi smoothly returned to Mo's family land.

The Mo family is a family of heavenly kings, and the family land is an ancient city called "feifeng ancient city". There is a huge divine tree in the city, a little fairy fire swaying and floating, dotted like fireflies. There is an ancient Phoenix perched on the tree, and the weather is vast and magnificent.

Mo Hanxi thought: "I sneak out with my family elders behind my back and bring a man back. No matter what, I can't use lies to prevaricate. I can only tell the truth."

Thinking of this, Mo Hanxi took a deep breath and made a decision in his heart.

Although she went out against the clan rules, there was no disaster. She even killed four disciples of the holy hall, which was a great achievement. I don't think the elders would blame her too much.

Mo Hanxi, carrying Ye Chen, walks along the alley, avoiding people's eyes and ears, and comes to the tree of heaven.

The sacred tree in the ancient city of feifeng is very huge. When people come under the tree, they can't see the whole picture of the sacred tree. They only see the ancient roots, the leaves blocking the sky, the countless twigs, and the Phoenix perched on the top of the tree.

Under the tree, there are many old buildings and altars. People come and go.

This place, like a village tribe, is the core of the ancient city of feifeng. The Mo family, an important disciple of the emperor's family, and many elders, live here.

Mo Hanxi is also the existence of the direct line obviously, she is carrying leaf Chen, come back from outside, silent.

People in the land of the sacred tree, suddenly see Mo Hanxi back, even carrying a man, are stunned.

"Miss, this is..."

"Where have you been? I won't see you today when I worship my ancestors."

"Why did you bring a man back?"

"Who is this man? He has only the origin of cultivation. Who is qualified to step into the core of my mo family?"

People see the man behind Mo Hanxi and point out one after another.

Ye Chen is in a coma and seems to hear a noisy voice outside. He feels as if he is close to a very warm and soft body. He struggles to wake up, but he can't lift his strength and can only continue to sleep.

Mo Hanxi felt that ye Chen behind him seemed to move for a while, and his heart trembled involuntarily. He didn't know why.

Listening to the voices of people around, Mo Hanxi lowered his head and did not speak.

"Hanxi, are you willing to come back at last?"

At this moment, a cold and deep voice sounded.

In an extraordinary palace, a middle-aged man with a big back strode out. It looked like Mo Hanxi's father.

"Dad."

Mo Hanxi looked up to see his father appear, called, and lowered his head.

Beside her father stood a maid, who was close to her. Her father had already noticed that she wanted to sneak into Shencha pool.

"Who is this man? What do you mean when you go to the Shencha pool to practice without any breakthrough in your accomplishments and bring a wild man back

Mo's father yelled at him in a very severe and merciless tone.

Because, he found, Mo Hanxi's eyes, with a strange feeling!

Around the Mo family, hear Mo Fu's rebuke, is a commotion.

In their eyes, Mo Hanxi is like a goddess. She is so high that she can't reach her. Now she is inexplicable. She brings a man back. Many people have a sour feeling in her heart, which is very unpleasant.

"Dad, let me explain..."

Mo Hanxi wants to talk but stops. Seeing so many people around him, he says, "Dad, let's go home."

Mo Fu nodded and said, "you'd better give me a satisfactory explanation!" Stride inside.

Mo Hanxi lowered his head and went in with him.

Her Valet came up and whispered, "what's the matter, miss?"

Mo Hanxi said, "let's go in."

Mo went down to the hall to find out the cause and effect

"Yes, patriarch!"

The left and right elders of the Dharma protection agreed in unison. When Mo Hanxi came back with a strange man, he didn't change his expression. It seemed that he only saw the air. Obviously, he had a deep self-cultivation and could not see any emotion on the surface.

Ye Chen is taken away by the elders. Mo Hanxi is reluctant, but he has nothing to do. The weight on his back disappears, and his heart is a burst of loss.

Mo's father retreated, leaving only Mo Hanxi's maid.

"Hanxi, now you can tell me what happened."

"You should be very clear about the current situation of our Mo family. If you are careless, you will lose everything!"

Mo Fu said sternly.

"Dad, after I went to the Shenchu pool, I wanted to absorb the aura from the pool water to practice..." Mo Hanxi lowers his head and is going to practice in the Shenchu pool. Suddenly, he meets a disciple of the Holy Hall who is attacked and killed. Finally, he is saved by Ye Chen. He tells it in detail, but conceals the beautiful content that she and Ye Chen are soaking in the pool. He just says that Ye Chen suddenly came and saved her life.

"No, you have something to hide. Tell me more about it!"

Mo Fu's eyes are sharp, and his fingers calculate, but he feels that the cause and effect is not clear.

Mo Hanxi has something to hide!

Mo Hanxi's heart is shocked. She really conceals something, but it's too shameful for her to share the pool with Ye Chen. How can she open her mouth?

Mo Fu said, "speak quickly!"

Mo Hanxi hesitated: "I I... "

Mo said: "if you don't tell me, I will use my blood as a guide, consume my energy, pray to Fengqi tree, and find out the cause and effect behind it."

Mo Hanxi knew that Fengqi tree was the divine tree outside and the guardian of Mo family's spirit. He had been tempered by Mo family's ancestors in those years and had the supreme breath of supreme blessing. As long as he prayed to the divine tree, he could get all the responses.

If her father really wants to spend his energy in prayer, she can't hide it no matter what.

At the moment, Mo Hanxi's eyes were red and he held back his tears and said, "Dad, don't hurt yourself. I say it is..."

Later, Mo Hanxi will himself and ye Chen's various experiences, detailed once again.

After hearing this, Mo Fu turned blue and white for a while. He couldn't believe it. He said in a trembling voice: "you What are you talking about? You are Actually... "

His chest was choked with air, and his body was shaking with anger.

His precious daughter, whom he held in his hand since childhood, I don't know how much love she has. But today, she has such a close relationship with an outsider who doesn't even know her name. If it's spread, what's his face?

You know, the Mo family is an aristocratic family. I don't know how many people are staring at the Mo family. If there is a scandal in the Mo family, it will definitely be ridiculed and can't look up.

Chapter 5784

The maid beside him was stunned when she heard Mo Hanxi's words and said, "Miss, you..."

Mo Hanxi was about to cry and said, "Dad, don't be angry. He can kill the holy hall. He may be the one who broke the game predicted by our ancestors, so I brought him back. We We're fine. He hasn't touched me. I'm still innocent. "

Mo Fu was very angry. He patted the handle of the chair to pieces and said, "you've all been looked at. How can you still be innocent?"

Mo Hanxi was ashamed. Suddenly his eyes turned and he fell to the ground. He fainted.

The maid beside exclaimed, "no! Master, miss, you have a cold attack

The maid quickly picked up Mo Hanxi, but she felt that her body was very cold, and there were strands of frost and white fog on her head. It was strange that the frost rose and turned into a young phoenix of ice and snow.

Seeing this, Mo Fu trembled. He stepped forward two steps to cure his daughter, but he was so angry that he stopped and hummed coldly. He said, "take her down and use tianchadan for the time being to suppress the chill in her body."

"Yes," said the maid

Then he helped the comatose Mo Hanxi to walk outside the hall.

It's not far from here to the gate of the main hall, but the maid can't walk there. She's very slow. It's because Mo Hanxi's cold is so strong that she needs to fight against it. Even so, her teeth can't help clucking because of the cold. How can she walk fast?

The maid took Mo Hanxi to leave after half a incense burning time.

Mo Fu's face was uncertain. At this time, a disciple came in from outside in a hurry and presented a letter, saying:

"clan leader, it's urgent to send a letter by flying sword. It's a letter from the Lin family."

Father Mo said, "what's the matter with the letter from the Lin family?"

The Lin family and the Mo family are both well-known families of heavenly kings in the heart of the earth. Although they have fights, they are both facing the pressure of extinction of the judgment hall. They have close contacts with each other, and no one can do without them.

Mo's father took the letter and saw that it was sealed with a line of words:

brother Yuanzhou, the emperor of the Mo family, Qinqi

Yuanzhou is his name.

The Lin family called him "the emperor of Mo family", which means respect. Generally speaking, in their own family, they only called him the patriarch, but did not dare to call him the emperor of Mo family.

Because, only when you ascend to the Supreme Court and the king comes to the world, you are the real king of heaven!

Mo Yuanzhou opened the envelope, took out the letterhead, looked at the contents of the letter, and his eyes sank slightly.

The disciple who sent the letter said, "patriarch, what does the letter say?"

Mo Yuanzhou gave a cold smile and said, "Lin Qi, a disciple of the Lin family, defected and took refuge in the judgment hall. The Lin family sent a letter to me to ask us to join hands to eradicate the traitor."

The disciple was shocked and said, "this is a critical moment of life and death. If there are still people who dare to rebel, they must be arrested and broken up to make an example."

Mo Yuanzhou said: "no, write back to the Lin family. This traitor, Lynch, has been put to death. There's no need to waste any more energy."

The disciple was surprised and said, "is the traitor dead? Who killed him? "

He knew the terror of the judgment hall, which was the nightmare of all the heavenly kings. Since that Lynch took refuge in the judgment hall and was guarded by the heavenly power of the judgment hall, it was very difficult to kill him. I really don't know who had such great ability.

Mo Yuanzhou's face was affected, his eyes were angry, and he said, "don't worry about so much. In short, Lynch is dead, and Tianwei is frustrated. It's good for us."

The disciple thought, "is the patriarch so powerful that he killed the traitor?"

Then, seeing Mo Yuanzhou's uncertain appearance, he felt that he had profound magic power. He was afraid of respect and didn't dare to ask more questions. He arched his hand and said, "yes, clan leader, I'll write back to the Lin family right away!"

Then the disciple turned and went out.

He only thought that Mo Yuanzhou killed the traitor, but he never thought that the traitor of the Lin family actually died under Ye Chen's hands.

"That strange man, with such a great power, can cut down the heavenly power of the holy hall and kill the rebellious. I don't know what his origin is?"

Mo Yuanzhou thought in his heart that Mo Hanxi had told him what had happened, and he naturally knew the result.

If you put aside the matter of men and women, simply look at the strength of Ye Chen, it is absolutely terrible.

After all, when the heavenly power of the judgment hall comes down, the ordinary people who are too strong can't bear it, but they can bear it, and even fight back. This is unimaginable.

Mo Yuanzhou is very curious about ye Chen's identity. Without waiting for the elder to report, he goes out of the hall and goes to the ancestral hall.

Ancestral hall is the place where the Mo family worships their ancestors, and it is also the place where outsiders are interrogated.

If any outsider dares to break into the ancient city of feifeng, the ancestral place of Mo's family, he or she will be captured and killed in the ancestral hall and sacrificed to heaven with blood.

.....

After a stick of incense.

When Mo Yuanzhou came to the inner room of the ancestral hall, he saw several elders around Ye Chen. They were practicing magic tricks and trying to find out the origin of Ye Chen. "Patriarch!"

Seeing Mo Yuanzhou coming, the elders immediately said hello.

Mo Yuanzhou nodded and said, "how, have you found out?"

An elder stood up and said, "tell the patriarch that we took the man's blood and found that his cause and effect are different. He may not be from the inner earth, but from the outside world."

Mo Yuanzhou heart a shock, way: "is a stranger?"

Geocentric territory is vast, in addition to Tianjun family, there are many big and small forces, but no matter what forces, as long as people born and grew up in geocentric territory, Qi and blood have the cause and effect of geocentric territory.

And ye Chen's blood, no cause and effect of the earth's heart, that means that he is from the outside world, is a stranger!

A stranger from the outside world!

His hometown is far away, not here!

No matter which force it is, it will kill all those who live in a foreign land, leaving no vitality.

This is to keep the cause and effect of the geocentric domain pure and not let outsiders pollute it.

After all, in the ancient times, the history of geocentric region was too brilliant, and ten super powers were born to dominate the world.

This place is the ancestral place of wanxu temple, and it is also the ancestral place of many powerful people. The cause and effect is not small.

Since ancient times, the people in the earth's heart have wanted to reproduce the glory of their ancestors and give birth to the strong one who reigns in the world again. Therefore, it is the consensus of all people to kill all outsiders and keep the earth pure.

Although the earth's heart has long been closed, outsiders can't get in and people inside can't get out, there are always exceptions. Every once in a while, some strangers come here by mistake.

Chapter 5785

Once you find a stranger, you have to kill it. Otherwise, the miscellaneous gas from other places will pollute the lifeline of the earth's heart and cause trouble.

The elder shook his head and said, "it's not clear yet. We need to study it again. We want to trace his cause and effect, but we find that there is a lot of fog. There is a big secret about him. It's absolutely not simple."

Mo Yuanzhou said coldly: "naturally, there is a big secret. Otherwise, how can he defeat the spirit of the judgment hall?"

Hearing this, all the elders were surprised and said, "what! Can this boy defeat the judgment hall? "

Mo Yuanzhou nodded and said, "let's not talk about this first. Since we can't find out the cause and effect of this boy, let's save him first. When he wakes up, I'll ask him personally. I don't think he can hide it."

All the elders said in unison: "yes!"

Now concentrate on treating Ye Chen.

Ye Chen's injury has already been healed. What he suffered was the spirit.

It is not easy to treat the trauma of the spirit.

Moreover, ye Chen's spirit is still injured by the judgment of the holy hall. The power of heaven behind it is too great to be cured by ordinary means.

All the elders healed for three days, exhausted all the natural resources, land treasures, and magic drugs, but all of them failed.

Mo Yuanzhou said, "why, can't it be cured?"

The elders were sweating and didn't know what to do.

After a long silence, an elder whispered: "patriarch, up to now, we can only rely on his own strength to wake up, we have no way."

Mo Yuanzhou frowned and said: "it seems to be a dead end. No one can break it. I really think that a mere origin can counter kill the judgment hall. It turns out that it can't defeat the heavenly power of the holy hall. Take good care of him. If he dies, give him a decent burial."

There is an unclear relationship between Ye Chen and Mo Hanxi. He is very angry in his heart, but he also knows that ye Chen killed Lynch and severely frustrated the spirit of the judgment hall. Although he can't escape from the final situation, he finally makes a contribution, and naturally he will give ye Chen a decent face.

The elders answered, "yes!"

At present, we can only give up the treatment and let Ye Chen live and die.

Ye Chen is in a coma, and his consciousness is confused. He seems to hear the noise outside. He wants to struggle to get up, but his consciousness is sinking, as if to fall into the abyss.

When ye Chen was in a coma, linger and Alsophila tree tried to wake him up, while xuanhanyu and shenyinqiling tried to wake him up, but it didn't help.

In this way, some days later, ye Chen was in a deep coma, and even his breathing became extremely slight, and he was on the verge of death.

The elders of the Mo family all shook their heads and sighed.

"The judgment hall is really terrible. It's almost invincible."

"It's not a shame that the boy died unjustly, and it's not a shame that he died under the suppression of the judgment hall."

"Prepare for him. It's decent to bury him under the phoenix tree."

The elders began to discuss the future affairs, waiting for ye Chen to swallow his breath.

WOW!

But at this time, ye Chen all over the body released a wisp of green light.

This ray of light, with strong vitality, constantly nourishes Ye Chen's body, and even seems to warm his spirit.

"That's it!"

The elders were shocked.

The vitality of Ye Chen's aura is beyond description. It seems to be able to live the dead, flesh and bones, with great vitality. It is even very old, which can be traced back to the beginning of heaven and earth.

If ye Chen's elder martial sister Zi Ning is here, she will be very surprised, because at this time, the breath from ye Chen's body is exactly the aura of Lingbei!

At the moment when ye Chen is dying, the spirit tablet of reincarnation xuanbei is saving him!

Incomparably powerful and full of vitality spirit stele breath, quickly spread to Ye Chen spirit.

Ye Chen feels cool in a daze, but it's active. His dizzy head soon becomes clear.

Less than a incense time, ye Chen suddenly opened his eyes and woke up.

"Where is this?"

Ye Chen looked at the strange environment around him, as well as the strange elders. He couldn't help but stay for a while.

"Wake up, wake up!"

"I'm ready to collect your body when I'm dying. You wake up!"

"It's worthy of being a person who can defeat the holy hall. As expected, he is very lucky. He can live forever!"

"Report to the elder quickly!"

The elders were very excited. Someone reported to Mo Yuanzhou, someone explored Ye Chen's meridians, someone touched Ye Chen, and someone paced back and forth in the same place. The scene was a bit chaotic.

Ye Chen stares at this scene, completely does not know what happened.

"Lord, congratulations on waking up! I almost thought you were going to fall. "

At this time, the sound of *Alsophila spinulosa* comes from the world of the yellow spring.

Ye chenlian asked: "*Alsophila spinulosa*, what happened?"The *Alsophila* tree said: "Lord, you have been in a coma these days..."

As the *Alsophila spinulosa* tree said, it pulled out a branch and passed on the idea through the air, transmitting the events and many pictures of these days to Ye Chen.

Ye Chen almost died: "what did I receive? How terrible is the judgment hall? "

Ye Chen didn't expect that the damage caused to him by the judgment hall would be so great. He almost killed him under the heavy damage.

"This holy Hall of judgment is indeed the first treasure of chaos in thirty-three days. It's really terrible!"

Ye Chen can't help but admire. Fortunately, he has a profound martial arts foundation and great momentum. He didn't really get killed and woke up at the last moment.

The Alsophila spinulosa tree said with a smile: "Lord, your spirit tablet has been transformed into a perfect one. No matter how serious the trauma is, it can turn the bad into the good. I was almost worried about your fall. It seems that I was worried too much."

"Did Lingbei save me?"

Ye Chen's eyes move and feel carefully. As expected, he finds that there is a change in the spirit tablet in his body.

The tablet is green and full of aura. It's even stronger than before. It's full of aura. The effect of treatment and resuscitation is more powerful.

The light of life just came out of Ye Chen's body was flowing from the spirit tablet.

The spirit tablet's breath has been completely transformed, and the therapeutic effect is so powerful that no matter the physical or mental trauma is serious, it can be recovered.

"It seems that the aura of Shenchu pool has completely inspired the spirit tablet and made it transform successfully."

After careful observation, ye Chen finds that the source of the transformation of Lingbei is pointing to Shenchu pool.

He soaked in the tea pool for a few days, absorbed a lot of aura, and recovered completely. Along with the stele, he also gained a complete success.

There is no doubt that the aura in the earth's heart is of great benefit to the reincarnation stele. If the attribute is suitable, it can thoroughly stimulate the energy of the reincarnation stele and reach the peak of perfection.

Chapter 5786

"I have inspired the dust stele and the spirit stele. If the chance comes in the future, I may be able to inspire all the reincarnation steles to the most perfect state!"

Ye Chen thinks in the heart, can't help a burst of excitement.

Step on!

But just then, there was a strong sound of footsteps outside.

Ye Chen heard a Lin, but see a big middle-aged man, stride in, it is mo Yuanzhou, the head of the Mo family.

Ye Chen has been read by the *Alsophila spinulosa* tree, so he knows everything that happened after he was in a coma.

"Little friend, how do you feel when you finally wake up?"

Mo Yuanzhou smiles faintly, and his tone is still quite polite. After all, he is the master of Tianjun family. Even if he just met, he can't vent his anger on a younger generation, so as not to lose his identity.

Ye Chen stood up, arched his hand, pretended to know nothing, and said: "thank you for taking care of me. I don't know where I am. What's the name of the elder?"

Mo Yuanzhou said with a smile, "I'm very grateful that you saved my daughter. My name is mo Yuanzhou, the head of the Mo family."

Ye Chen pretended to be surprised and said: "is the master the emperor of Mo family? This is the ancient city of feifeng, the hometown of the Mo family. "

Mo Yuanzhou said: "the ruler of heaven is not worthy. This is indeed the land of my mo family. This time my daughter has been rescued by you. I don't know what reward you want?"

Ye Chen knew that he was a stranger. If he stayed for a moment, he would be more dangerous. He said, "it's just a little work. I don't need the reward. I still have something important to do. I'll leave you for a while. I'll meet you again some day."

Having said that, ye Chen starts to want to leave, and doesn't want to stay for a moment.

Mo Yuanzhou seems to see ye Chen's mind, a cold smile, said: "you don't have to leave in such a hurry, it's not too late to stay for a meal, you can defeat the spirit of the judgment hall, amazing power, admirable, I don't know what school you learn from, where is your hometown?"

Mo Yuanzhou specially stressed his tone in the word "Hometown" and released endless aura. He put a wall of Qi in front of Ye Chen's body to block his steps.

Ye Chen's heart sank. If his identity as a stranger was exposed, he would die. He said, "my hometown is very far away. If you have a chance in the future, you can take the elder to have a look. I'll leave for now."

After that, ye Chen rushes forward without any trace, releases a ray of power to destroy the seal, breaks through the air wall of Mo Yuanzhou, steps out of the ancestral hall and quickly goes out.

"Destroy the seal? Is he from the Hong family? "

Mo Yuanzhou see ye Chen's means, heart suddenly a Lin.

At present, only Mo family, Lin family and Hong family are left in the top ten families of Tianjun in the geocentric region. The rest of the families are in the great calamity and are ruled out by the holy hall.

The only remaining three families of heavenly kings are allied with each other, but where there are people, there are fights. The foundation of the three families is too big, and there are hundreds of millions of disciples. The interests of so many people can not be reconciled in any case.

Therefore, on the surface, the three countries formed an alliance, but on the surface, there were also fierce fights and scrambled for resources.

Among the three families, the Hong family is the most ugly, the most cruel and the most overbearing. They have always wanted to annex the other two families, unify the tianjunmen family and fight against the judgment hall alone.

In Hong family's orthodoxy, there was a magic power to destroy Daoyin, and there was an existence that broke through heaven and earth and cultivated Daoyin to the peak.

At present, Mo Yuanzhou is surprised to see that ye Chen is young, and his cultivation of destroying Daoyin has reached seven levels. He easily breaks his mana forbidden wall. He only thinks that ye Chen is a warrior of the Hong family. When he arranges for his daughter, he has a great plan to overthrow the mo family and annex the foundation of the Mo family.

"Boy, stop!"

Mo Yuanzhou is thrilled and furious in his heart. He doesn't cover up his attitude any more. His eyes are full of murderous gas, and his palm roars fiercely. He attacks Ye Chen's back, but he wants to kill him.

Of course, he is a killer, and Mo Yuanzhou is not doing his best, but this palm has reached the level of the sixth heaven in taizhenjing!

Ye Chen hears the surging palm wind behind him, and his face changes slightly.

Mo Yuanzhou is the ruler of the Mo family. His cultivation has reached the late stage of Taizhen state, even close to the peak. In terms of martial arts, he is more powerful than the Confucianists. Even if he suppressed it a little, he is powerful and terrifying.

At this time, ye Chen's state strength, has returned to the peak, but in the face of this palm, is also a huge pressure.

"Red dust God pulse, open!"

In the crisis, ye Chen suddenly drinks, opens the red dust God pulse, the whole body golden light blooms, condenses a set of gold armor, the divine power tengtengteng drapes on the body.

With the blessing of the red dust God, ye Chen is extremely brave. He claps his backhand and wants to meet Mo Yuanzhou.

"Well?"

Mo Yuanzhou see this, immediately Leng a Leng, he is too true realm nine layer sky super strong, and ye Chen is just the origin realm seven layer sky.

A mole ant from the beginning of the territory, and his tough, this is not to die? Many elders in the ancestral hall rush out, and they are shocked to see ye Chen's action. They just think ye Chen is looking for his own death.

Bang!

Ye Chen's palm collides with Mo Yuanzhou fiercely, which immediately arouses fierce waves and shatters the stone slabs under their feet.

Fortunately, the important place of the ancestral hall is equipped with defensive prohibitions. Otherwise, the two of them will fight each other with such ferocious momentum that they are afraid that the sky will collapse.

Between the two palms collision, ye Chen only felt a terrible force, the impact came.

Chapter 5787

Even though he has a strong constitution, the gap between him and Mo Yuanzhou's cultivation level is too big. Under normal circumstances, he will be seriously injured if he does not die.

But now, ye Chen opened the red dust God vein, all over the golden armor brilliant, defense is extremely strong.

Ye Chen in the heart move, will attack to kill but of palm dint, all transfer to gold war armor up.

Click!

Under the bombardment of Mo Yuanzhou's palm force, ye Chen's armor all over his body suddenly burst into pieces, turning into golden streamers.

But with the resistance of war armor, ye Chen is undamaged, not hurt at all.

"What

Mo Yuanzhou see this scene, startled eyes stare big, did not expect Ye Chen actually really block.

The elders around were also shocked.

Ye Chen's strength is beyond their imagination. He is worthy of being able to defeat the judgment hall!

Ye Chen takes advantage of everyone's absence, and immediately turns around and flies away to escape from the ancient city of Feifeng.

Mo Yuanzhou looked at Ye Chen's back. His eyes sank. He issued a Fu Zhao in his hand and said, "the divine tree has come to light. I've suppressed it!"

When the Fu Zhao shot at the trunk of the heavenly tree, it seemed to open a ceremony. The tree body vibrated violently, releasing thousands of clouds and magnificent auspicious atmosphere. There was a hundred birds crowing towards the Phoenix. A huge Phoenix shadow vibrated its wings, raised its head to the sky and hissed to kill Ye Chen.

"No! Lord, go! The phoenix tree has come to life

When the Alsophila tree saw the virtual shadow of the Phoenix, it was very anxious.

"Fengqi tree?"

Ye Chen looked at the huge phoenix flying out of the divine tree and felt a burst of suffocation.

The Alsophila spinulosa tree said: "the phoenix tree is one of the most precious things in the world. There is a legend about ten sacred trees in the world. Every sacred tree is a treasure of chaos, and its magic power is very strong. The legend of the phoenix tree can cultivate the Phoenix beast, and even the king of heaven should be afraid of it when the Phoenix kills it!"

Ye Chen's eyes narrowed. This phoenix tree is obviously the treasure of the Mo family. It guards the Feng Shui and Qi Yun of the Mo family. When it meets the enemy, it can use the power of the Phoenix to kill foreign enemies. It is extremely powerful.

Ye Chen just had a fight with Mo Yuanzhou. His breath hasn't recovered yet. Seeing the Phoenix shadow sweeping by, he can't break it, so he can only roll on the spot and escape in a bit of embarrassment.

But his footstep, was blocked by this Phoenix, Mo Yuanzhou took this opportunity, already took the person to rush to kill.

The patrolling Dharma protector in the city sees a change and encircles Ye Chen from all directions like an iron bucket.

Ye Chen immediately fell into absolute encirclement, just like a wild animal trapped in a cage, and could not escape anyway.

"Boy, where else do you want to go?"

Mo Yuanzhou is very fierce, and he doesn't mean to be polite with Ye Chen.

Ye Chen slightly calm mind, expression indifference, way: "elder this is what meaning?"

Mo Yuanzhou saw Ye Chen's peaceful appearance in the face of danger, secretly admired him and thought, "if only my mo family had such heroes."

The idea of admiration flashed away. Mo Yuanzhou asked coldly, "who are you, a stranger or a spy sent by the Hong family?"

Ye Chen was silent for a moment. Seeing the dense encirclement around him, he knew that the situation was extremely dangerous. If he was careless in dealing with it, he would be crushed to pieces. He said: "I'm from outside, but..."

Mo Yuanzhou didn't wait for him to explain. His eyes were bright and he said: "you are a stranger! Come on, get him

The left and right arms of the guard are on patrol immediately.

Ye Chen didn't resist. He said in a deep voice: "the elder is so rude and overbearing. Please listen to my explanation."

Mo Yuanzhou said with a smile: "no need to explain. As long as you are a stranger, no matter what your status is or why, you must be killed. This is the rule of our Tianjun family!"

Ye Chen said: "such rules are too barbaric."

Mo Yuanzhou said: "barbarism means barbarism. In a word, the stranger must die! The secret of the earth's heart, the people of the four outer realms are not qualified to know! Come on, take him back to the ancestral hall, kill him and offer sacrifices to the heaven and worship his ancestors! "

The left and right Dharma protectors should say, "yes!"

Then they wanted to escort Ye Chen to the ancestral hall.

"Dad, no!"

At this time, a female voice with a crying voice rang out.

I saw a girl in tea clothes, rushed out of the crowd, crowded up, knelt down in front of Mo Yuanzhou, and said: "Dad, he is my life-saving benefactor, you can't kill him!"

Of course, the person who came was mo Hanxi, the daughter of the Mo family.

Mo Yuanzhou saw that his daughter knelt down to ask for mercy from ye Chen in full view of the public. Suddenly, his face was full of shame and anger, his body trembled, and he could not speak.

"Miss!"

A maid also squeezed out from the crowd and hurried to Mo Hanxi.

Mo Yuanzhou said, "what's the matter? How did you let Miss run out?" "The maid said:" Miss cold slightly back, wake up, he ran out, maidservant block also can't stop

Mo Yuanzhou is very angry, and people around him are whispering. I didn't expect that Mo Hanxi would plead for a stranger.

Looking at Mo Hanxi's appearance, it seems that she still has different feelings.

Mo Yuanzhou said, "he's a stranger. He must be killed. You don't have to plead for him!"

When Mo Hanxi heard the word "stranger", his heart trembled, his eyes struggled and hesitated for a moment. After all, he said decidedly: "no, I feel that he is the destroyer predicted by his ancestors. No matter he is a stranger or not, he can lead our Mo family out of trouble. Dad, you can't kill him. This is self destruction of the Great Wall!"

Mo Yuanzhou yelled: "nonsense! How can the legendary breaker be an outsider? Come on, escort the boy to the ancestral temple and put him to death directly! "

Mo Hanxi gritted his teeth and said, "Dad, if you kill him, I won't live."

With that, Mo Hanxi pulled out the sword and put it around his neck.

See Mo Hanxi so resolute appearance, even ye Chen is surprised, did not expect that she is willing to die for himself, temperament is really strong.

There was an uproar, and everyone was shocked.

Many men's eyes, but also with envy.

In the past, many people were haunted by the high-ranking young lady. Today, in order to protect an alien man, they are willing to commit suicide. Everyone is extremely shocked.

"Reverse, reverse!"

Mo Yuanzhou was even more angry and furious, saying:

"take the young lady back and take strict care of her! Don't let her come out and fool around

"No one can stop it!"

"The secrets of the earth's heart and even the Mo family are too important for outsiders to control!"

The two elders said, "yes!" After that, he grabbed Mo Hanxi's sword and forced her to leave.

Mo Hanxi cried: "Dad, if you really kill my life-saving benefactor and let me bear the sin, I will never live!"

Chapter 5788

At this moment, Mo Hanxi's voice is absolutely absolute.

Mo Yuanzhou heard this sentence, his face suddenly changed, and the whole audience was silent, waiting for his decision.

When Mo Hanxi was taken away, an elder asked quietly, "what should I do, patriarch?"

Mo Yuanzhou worried that killing Ye Chen now would really stimulate his daughter. He said: "first, put this boy in the tree prison and prepare for the ceremony of worshiping heaven. It's not too late to kill him in a few days. These days, find someone to enlighten Han Xi and don't let her do stupid things."

The old man said, "yes!"

Mo Yuanzhou nodded, went to Ye Chen, looked at him, and said: "boy, I admire you for your ability to defeat the spirit of the holy hall, but the ancestors have rules. Outsiders must be killed, and the secrets of the earth's heart must be guarded, otherwise the earth's heart will inevitably be destroyed. Don't blame me, and set out at ease."

With that, Mo Yuanzhou clasped Ye Chen's wrist and offered a chain to lock Ye Chen's right hand.

This chain is engraved with small runes. The shape of those runes is a bit like the totem of the Phoenix.

Ye Chen put a chain on his right wrist, and suddenly felt the aura of elixir closed. He couldn't make a trace of strength, and his face sank.

Mo Yuanzhou snorted coldly, waved his sleeve and said: "you have great powers. I have no choice but to seal your strength with the seal lock. You don't have to struggle. The more you struggle, the more painful it is. Accept the reality, and I will leave you a whole corpse, and then give you a decent burial."

Ye Chen tries to strike the Fengling lock with strength, but when he strikes, the Fengling lock will have an extremely blazing breath. It rushes back like the flame of the Phoenix, and makes his viscera burn and ache.

It seems that Mo Yuanzhou is right. This spiritual lock is really powerful. It can not only imprison people's aura, but also has a powerful backfire. The more you struggle, the more painful you are.

Ye Chen's elixir aura could not be used. He tried to communicate with the map of the yellow spring, and heard the voice of the Alsophila tree: "Lord, I am here."

The map of the yellow spring can communicate with each other without being shackled by the spiritual lock. Ye Chen is very happy that since he can still communicate with the map of the yellow spring, it is not time to despair.

Mo Yuanzhou didn't know the background of Ye Chen, and winked at the left and right Dharma protector.

The left and right Dharma protectors understood and escorted Ye Chen back to the phoenix tree.

This Fengqi tree is one of the top ten sacred trees of the Mo family. It is huge and its trunk is as thick as a mountain.

In the thick trunk, there are many buildings, but also many tree dungeons.

"Go in!"

The left and right Dharma guards escorted Ye Chen into a tree prison, closed the prison door made of vines, and left immediately.

They didn't stay to guard because they didn't need to.

Fengqi treasure tree has spirit. This tree is the best guard. If ye Chen wants to escape, he can't get rid of the tree.

Ye Chenren was in the tree prison, completely closed, his eyes slightly sank, and said: "Alsophila spinulosa, can you find a way to leave here?"

The Alsophila spinulosa tea tree said, "Fengqi tree is one of the top ten sacred trees. It's suppressed by Fenghuang Tianwei. If you want to escape, I'm afraid it's not easy. Besides, there's a spiritual lock."

Ye Chen way: "really have no way?"

The Alsophila spinulosa tea tree pondered for a while, and said: "the phoenix tree belongs to fire. If it exhausts the holy water of the yellow spring and water the spiritual foundation of the tree, it may be able to escape, but this is the way to lose both sides. The holy water of the yellow spring will be cut off from now on."

"Are we both going to lose?"

Ye Chen heart a sink, this is not what good method.

Just weigh between, leaf Chen suddenly feels inside the body to have abnormal move.

A reincarnation xuanbei, actually lively up, in the initiative to absorb the spirit of Fengqi tree.

This reincarnation xuanbei, printed with the word "Yan", is the Yan tablet!

"There's a change in the burning tablet! Does the burning stele want to absorb the aura here and transform to perfection? "

Ye Chen found this scene, immediately surprised.

Among the reincarnation steles he owns, the Lingbei and Chenbei have been completely completed. Now the Yanbei is moistened by Fengqi trees, and there are signs of complete transformation.

Once the monument is transformed successfully, ye Chen's Dragon flame pulse will also transform to the peak. At that time, if he wants to go, maybe no one can stop him!

Alsophila spinulosa tea tree was also surprised: "Lord, are you going to change? It's no better. You don't have to sacrifice the holy water of the yellow spring to keep the Feng Shui and Qi Yun of the picture of the yellow spring! "

Ye Chen calm mind, try to regulate the smell of the burning stele, so that the burning stele can better absorb the aura here, said: "I hope it can really change."

Bit by bit, the dark night soon came. The dark red light filled the tree cell. It was the spiritual light of Fengqi tree itself, but it didn't seem dark.

Ye Chen's whole mind is focused on the burning stele. He just wants the burning stele to transform as soon as possible.

On the other side, after being escorted down, Mo Hanxi was locked in the room with a guard outside.

She was worried about ye Chen in her heart and kept pacing back and forth.

I don't know why, she can feel Ye Chen is not a bad person from the beginning! If you are a bad person, you will not save yourself!

Maybe he shouldn't bring ye Chen back to his family at all! If ye Chen was outside, he might not be so limited!

Until it was dark, Mo Hanxi thought more and more and said to himself, "my father didn't kill him today, but he will kill him in a few days. He is my life-saving benefactor. I don't even know his name. How can I let him die for me?"

Think of here, Mo Hanxi bit red lips, heart a horizontal, carrying youhuang sword out.

Chapter 5789

The two guards at the door said in unison: "Miss, you can't go out!"

"I'm sorry."

Mo Hanxi did not say much. He suddenly pulled out youhuang's sword, hissed the two swords and stabbed the two guards to the ground.

The two men were suddenly shocked. They did not expect that Mo Hanxi would attack them. Without any precaution, they were stabbed into serious injuries and fell into a coma.

Fortunately, it's not life-threatening.

Mo Hanxi heart thumping, this is her first time to the people of Mo, she also know that this time is a disaster.

The two guards are also members of the Mo family. According to the Mo family rules, they are forbidden to kill each other. Those who violate the orders will die.

Mo Hanxi didn't kill anyone, but it was against the clan rules to stab his fellow people seriously. Once he was found, the consequences would be unimaginable.

But she worried about ye Chen, no matter what the consequences.

Quietly leave home, Mo Hanxi out to the outside, hiding body shape, silently sensing the breath of Ye Chen.

Suddenly, she felt that ye Chen was imprisoned in the tree prison!

Before that, when they were in the Shenchu pool, they were naked. The cause and effect had been intertwined with each other for a long time, so Mo Hanxi could catch Ye Chen's breath.

"My father is ready to kill him!"

Mo Hanxi was worried and went to the tree prison quietly.

The Fengqi tree is very big, and its branches and leaves are very luxuriant. It's easy to hide. So no one found Mo Hanxi's trace along the way.

Ye Chen is in the tree dungeon, trying to absorb the spirit of Fengqi tree. Suddenly he feels something strange outside. When he opens his eyes, he sees a girl in tea, who appears outside.

The girl in tea dress has a pale and haggard face and a soft and weak body. When she shines in the moonlight at night, she looks sad and touching.

"Miss Mo..."

Ye Chen stayed for a while, this young girl, is exactly Mo Hanxi.

He did not expect that Mo Hanxi would appear here.

In Mo Hanxi's hand, he was still carrying youhuang's sword, which looked like a great enemy. There was still blood on the body of the sword.

Ye Chen see this, heart a shock, vaguely guess that she this time out, must be contaminated with the great sin.

When Mo Hanxi saw Ye Chen and saw that he was in prison, he was still self-confident and fearless in the face of danger. He also felt that he was a figure in the sky. There was a look of infatuation and worship in his beautiful eyes. She had never seen such a man in the land.

"That Are you all right? I'll get you out of here. "

Mo Hanxi took a deep breath, his chest undulating, a little calm, picked up youhuang sky sword, cut open the shackles of the tree prison door.

The tree prison is made of the branches of Fengqi treasure tree. It is stronger than steel cage and can't be broken by ordinary means. However, Mo Hanxi's youhuang Tianjian has the same causal atmosphere as Fengqi treasure tree. It's easy to break the prison door.

As soon as the prison door opened, the aura outside came in. The aura inside and outside converged with each other. Ye Chen suddenly felt the breath like a tide. With a bang, the burning stele flew out of his body, suspended in the air, and shocked.

Whoa, whoa, whoa!

Immediately, the red light of the burning stele was everywhere, surrounded by the fire awn, showing a very majestic aura.

Ye Chen's Dragon Fire Spirit pulse is also suddenly opened. A fierce fire dragon is entrenched on his body. It is awe inspiring, but it is limited by the spirit lock. The fire dragon can only occupy, not fly to the sky.

"It's a success!"

Ye Chen feels this scene, immediately incomparable surprise.

After being stimulated by the aura of Fengqi tree, Yanbei has been transformed into a complete success.

Even Fengling lock can't imprison Ye Chen's Longyan pulse. Taking advantage of the blazing temperature of Longyan pulse, if you give him another day or two, he can melt Fengling lock and escape completely.

"This is..."

Mo Hanxi stares at the scene in front of him. Ye Chen's fire dragon is like the God of war in the sky, which is enough to make every woman in the world intoxicated and upset.

Ye Chen smiles and says, "Miss Mo, thank you."

Mo Hanxi looked at Ye Chen's burning tablet and said, "no You're welcome. You're a magic weapon. You can be released even if you're imprisoned by the spirit lock. "

Ye Chen smiles and doesn't say much. The legend of reincarnation xuanbei is too old and mysterious. It's better not to involve Mo Hanxi easily.

Mo Hanxi looked back at the outside, as if worried that someone might find out, and said, "don't talk about this. You leave with me. My father wants to kill you. If you don't leave, it's too late."

Say, she enters tree prison, pull Ye Chen's wrist, want to take him to leave.

Although Ye Chen can rely on the burning stele to melt the spiritual lock and escape by himself, it will take at least one or two days.

In this prison, if you delay one more day, you will be more dangerous. Now that you have the chance to leave, ye Chen will not miss it. He says to Mo Hanxi, "thank you very much!"

When Mo Hanxi heard Ye Chen's thanks, he couldn't express his joy in his heart, so he took Ye Chen and quickly left the tree prison. He ran along the path to feifeng ancient city.

She is the daughter of the Mo family and the sword holder of youhuang Tianjian. She took people to leave without disturbing the spirit of the phoenix tree. She walked out of the city and came to the outskirts. Ye Chen regained his freedom and was overjoyed. He arched his hand to Mo Hanxi again and said, "Miss Mo, thank you very much. We are destined to see you again."

Then, he turned and left.

Mo Hanxi saw Ye Chen's back and was disappointed. He stepped forward and cried, "Hey, I don't know your name yet!"

Ye Chen turned around and said with a smile, "my surname is Ye Chen

Mo Hanxi said: "you Your last name is ye? Are you a stranger or a member of the Ye family

One of the top ten Tianjun families, whose surname is ye, was destroyed in the great calamity of the ancient times. However, the Tianjun family has a profound foundation. Even if the orthodoxy was wiped out, some of the remaining blood lines will remain.

When Mo Hanxi heard Ye Chen's name and saw him so powerful, he thought he was a descendant of the Ye family.

After all, in the center of the earth, most of the top strong people come from the Tianjun family, and few of them are so powerful.

Ye Chen was shocked in his heart and said, "is there a family named ye in the top ten Tianjun families?"

Mo Hanxi said: "exactly."

Ye Chen was silent for a moment and said, "I am a stranger, not a member of Tianjun family."

Mo Hanxi said: "you Are you really a stranger? If you leave like this, I'm afraid you won't live seven days

Ye Chen said, "why?"

Mo Hanxi said: "when my father finds out that you are gone, he will definitely send a letter to all the branches of the same clan, and then contact other members of the Tianjun family. He will try his best to hunt you down. Since you are a stranger, you can't escape."

Ye Chen said with a smile, "I'm not a lamb to be slaughtered. It's not so easy for others to kill me."

At this time, ye Chen's state strength has returned to the peak, and the dust tablet, spirit tablet, and burning tablet have been transformed to perfection, and their strength has greatly increased. The confinement of the spirit lock on his hand can be untied in a day or two at most. There is a lot of pride in his words, and he doesn't pay attention to the pursuit of outsiders!

He must return to heaven and man as soon as possible! If the blood dragon has already fallen, like the ending, what should it do?

Chapter 5790

Mo Hanxi thought for a few seconds, but still said: "you are a good man and saved my life. I can't let you suffer injustice. Although you are a stranger, you can defeat the judgment hall. You are probably the one

who broke the situation predicted by our ancestors. I want to take you to see my grandfather and ask him to uphold justice!"

Ye Chen looks at Mo Hanxi's firm eyes and is quite moved in his heart, but he rarely escapes. He really doesn't want to be infected with cause and effect any more. He says: "I'm just an ordinary person, not a breaker. My friends are waiting for me outside. I can't stay any longer. Please forgive me and leave!"

Then, I want to leave again.

Mo Hanxi said, "where can you go? The earth's heart is closed, you can't go out! "

Smell speech, leaf Chen whole body a shock.

Indeed, the earth's core is extremely special. No one can get out of it unless it is a successful ascent, and will be trapped here forever.

Mo Hanxi see ye Chen loose, even busy way: "if you want to leave, you have to use a special way, my grandfather is the patriarch of the previous generation, he is knowledgeable, can help you."

Ye Chen's face sinks, a way: "I am a stranger, he won't kill me?"

Mo Hanxi shook his head and said, "no, my grandfather is very reasonable. You can defeat the judgment hall. It's the future of the earth's heart. How can he kill you?"

Ye Chen is silent. If he leaves at this time, he really doesn't know the way to leave the earth.

Weigh again and again, ye Chen nods finally, way: "good, Miss Mo, I go with you to see your grandfather, if he is willing to preside over justice for me, that is no better."

Mo Hanxi was overjoyed and said, "well, come with me. My grandfather has been living in seclusion in a secret place all these years."

Finish saying, Mo Hanxi takes Ye Chen to go forward.

This is the outskirts of Feifeng ancient city. It is still within the influence of the Mo family. There is no need to worry about the attack of the judgment hall.

But soon, Ye Chen is the footstep stopped, indifferent face full of dignified.

Mo Hanxi looks strange and says to Ye Chen, "what's the matter?"

Ye Chen didn't answer, because just now, Xiao Hei, who had been sleeping, woke up!

Xiao Hei's weak voice said to Ye Chen: "master, I seem to feel a familiar breath..."

Ye Chen heart a Zheng, familiar breath?

Is geocentric region related to Xiaohei?

As for the origin of Xiaohei, Shuo said: "I once saw the introduction of those chaotic demons in an ancient book at the beginning of heaven and earth. Although it was just a few words, it happened to mention a demon god named Zhenyu demon ape, which seems to be quite similar to Xiaohei's image... Maybe Xiaohei and this Zhenyu demon ape, There are some sources. "

Of course, I don't know the real origin of Xiaohei, but one thing is for sure, Xiaohei has a great origin!

"Xiao Hei, can you find the source of the familiar breath?" Ye Chen asked.

"It should be." Xiao Hei thought for a moment, but still replied.

Ye Chen's eyes are fixed. It is obvious that the existence of the earth's heart is a great secret to the outside world, and the earth's heart also hides the chance against heaven. From the upgrading of the

reincarnation stele, we can see that if Xiao Hei can be powerful, with the help of divine seal, spirit child and even Xiao Hei's power, he may be able to leave by force!

No longer think, ye Chen looked at Mo Hanxi, said: "Miss Mo, can you wait for me here for some time, I have something important to deal with!"

Hearing this, Mo Hanxi's expression is extremely strange. As a stranger, ye Chen has more important things to do now than to see his grandfather?

But since Ye Chen said so, Mo Hanxi can't stop him either. He can only say, "OK, but I'll go with you! After all, you are not familiar with the earth's heart and life. Maybe I can help you, but we have to speed up

Ye Chen looks at Mo Hanxi, and finally nods.

Indeed, the earth is full of unknowns, and Mo Hanxi has grown up here since he was born. Maybe he really needs her help.

"Xiao Hei, how can I get there?" Yechengou passage.

"Straight to the north, I can feel the source of the breath is that!"

No longer hesitating, ye Chen and Mo Hanxi went to the north in an instant!

.....

Two hours later, ye Chen and Mo Hanxi finally stop.

In front of them is a mountain.

Compared with some giant peaks in the heaven and man domain, the mountain peak is much shorter, but ye Chen stands in front of the mountain peak and has a very small feeling! It's like a mortal standing in front of God!

Mo Hanxi's face was a little pale, and he looked even more solemn!

Ye Chen naturally noticed, curious way: "Miss Mo, you grew up here, should know this peak."

Mo Hanxi bit his red lips lightly. It seemed that it was hard to say. After a long time, he made up his mind and said, "Ye Chen, although I don't know why you came here, can it be over?"

"This is dishenfeng. When I was a child, I once approached it rashly. But when my father knew it, he was very angry and confined me for a hundred days. My father said that there are many places in the center of the earth that can't be approached. This dishenfeng is one of them!"

"I feel a little bit difficult to breathe now..."

Ye Chen found that Mo Hanxi's face was pale to the extreme. Although he was limited by the spirit lock, his blood was strong and he could bear the pressure of the mountain.

But Mo Hanxi has a disease in his body. If he stayed here for a long time, the consequences would be unimaginable! This may also be one of the reasons why Moyuan state does not let it close.

But since this mountain is about Xiao Hei, no matter how dangerous it is, no matter whether it has a spiritual lock or not, I will step into it!

"Miss Mo, you are waiting for me here. I will come back as soon as possible!"

With that, ye Chen is heading for the earth God peak!

Looking at Ye Chen's back, Mo Hanxi knows that he can't move forward, so he can only nod his head and promise.

When ye Chen came to the top of the earth God peak, he thought there would be a surge of pressure. Even ye Chen was ready to use the reincarnation xuanbei to resist. However, after he really stepped in, there was nothing.

There is no imaginary pressure, no imaginary crisis.

It's so quiet here. It's unusual.

Not even the smell of monster!

This can't help but let Ye Chen more serious, no longer hesitated, Sha sword sacrifice!

Step by step, he went to the top of the mountain!

When walking to the hillside, there is still no change!

"If there are some means to prevent others from stepping in, I'm not as good as that. Now I don't have anything. It makes people feel more like the calm before the storm!"

"There must be an absolute reason for Mo Yuanzhou not to let Mo Hanxi enter here."

Ye Chen said to himself.

"Xiao Hei, is that breath on the top of the mountain?"

However, at this moment, not only why, Xiao Hei did not speak!
