### Chapter 5791

Ye Chen can feel Xiaohei struggling in the depths of Dantian, but there is no way, as if there is a force suppressing him in this sacred peak!

Just as ye Chen was ready to move on, a woman's voice suddenly rang out in the void!

"Over the years, there have been people in the earth's heart who dare to break into the sacred mountain?"

Ye Chen is stunned. His spiritual consciousness covers all around, even surpasses the whole mountain. He can't find the existence of women!

"Don't look for me, I'm right in front of you!"

That woman's voice rings out again, the next moment, ye Chen unexpectedly discovers the space concussion in front of him, a woman who plays the piano jumps up!

The woman is dressed in red and looks amazing. What's more striking is her white hair. Her temperament is like plum blossom and ice spring!

She just looked at Ye Chen like a god overlooking mortals!

The woman looked at Ye Chen up and down, and then suddenly said: "your breath should come from the heaven and man domain. In recent years, because of the big explosion, there are indeed several people who accidentally enter the earth's core domain, but it's the first time I've seen shiyuanjing enter the earth's core domain and still live."

"Boy, you seem to have a big secret."

Ye Chen is not sure whether the woman is a friend or an enemy. After thinking for a moment, he arched his hand and said, "I do enter here unexpectedly from heaven and man. Now I have something important to do. Please help me!"

"What's important? What can you do as a stranger in the center of the earth? " Women's slender fingers stroked the piano, but also there are ancient sounds!

However, ye Chen's look changed greatly. The seemingly casual playing of the zither exerted great pressure on his spirit!

You know, if ye Chen is the soul body transformation, the soul power is not weaker than some super existence of taizhenjing!

What's the origin of this woman!

Seeing that ye Chen's expression is no longer indifferent, the woman giggles a few times, then stands up and stretches casually. The plumpness of her chest is abnormal, but ye Chen has no intention to appreciate it.

He knew that if he wanted to explore the truth of Xiaohei, he had to jump over the girl!

But now, the girl's strength is obviously stronger than her own, and she has the restriction of spirit lock. If the other party wants to do it, she may not be able to do three moves!

"Young master ye, you are very nervous. Don't worry. If I want to kill you, you may be a pile of bones."

"The reason why I didn't kill you is that I feel that there seems to be something special in your elixir field!"

The woman red lips light open, next second, unexpectedly is completely stood in front of the leaf Chen.

Because of the close distance, ye Chen's tip of the nose even feels the faint fragrance coming out of each other's red lips.

What is this woman going to do!

Soon, the woman stretched out her white and slender fingers, and then touched Ye Chen's chest. Then, she slowly slid down and finally touched Ye Chen's Dantian!

Her eyes closed, a faint aura from the fingers into Ye Chen's Dantian!

She wants to explore what is in Ye Chen's elixir field!

But just when her aura was going deep into it, a mysterious Rune rippled in Ye Chen's body!

Then, the aura of exploration is broken up by runes in a flash!

Women's eyes open, that round and water like eyes, full of doubts and shock!

It's easy for her to explore the body of the strong in Taizhen. But now, the youth in front of her has the ability to stop herself?

"No, your blood is weird! Who the hell are you

At this moment, women's eyes are extremely serious! There is even a chance to kill!

Extremely heavy kill!

Ye Chen has some accidents, but he also guesses that it's the reason of Xiao hei and reincarnation. He shrugs his shoulders and pretends to be helpless: "if I'm weird, will I still be the origin? But I have something important to go to the top of the mountain. That's the cause and effect in the dark. "

Women kill convergence, try to touch Ye Chen's Dantian again, but the result is the same.

Then she said, "how can there be so many causes and effects in the world? Besides, how can you cause and effect with the earth god mountain if you are not a person of the earth heart?"

"But there's a familiar smell in your Dantian, which is consistent with the thing on the top of the mountain!"

"I am the mountain protector of the earth god mountain. My name is xueningqian. I have been guarding the earth god mountain for many years. According to the rules, I should kill anyone who breaks into the earth god mountain."

"When you step into the mountain, I want to do it, but somehow, a voice stopped me." "Now I don't want to kill you. You go to the top of the mountain with me. During this period, if you have any rash action, I will make you become a pile of bones! Do you understand? "

Threat!

Naked threat!

But ye Chen is to breathe out a breath, at least the following road someone took, always better than his touch.

More importantly, the immediate crisis has been lifted!

At this time, Xuening Qian suddenly stretched out her jade hand and grasped Ye Chen's hand tightly!

Ye Chen can even feel the delicacy and temperature of the other hand!

The key, hemagglutination, what is this doing? This is too active!

Ye Chen also doesn't think, blood coagulation Qian this kind of existence and oneself just saw one side, fell in love with oneself so quickly?

Xueningqian seems to have guessed what ye Chen thinks, and hums coldly: "I advise you not to think too much. If you can walk through the first half safely, it doesn't mean you can walk to the top of the mountain like this. If I let go of your hand, you will turn into a blood mist in a moment."

Finish saying, it seems to be in order to confirm the authenticity, blood coagulation thousand slightly released a hand, in a twinkling of an eye, ye Chen will feel the mighty pressure swept, even almost spit out a mouthful of blood on the spot.

Xueningqian quickly grasped Ye Chen's hand and continued to go to the top of the mountain.

This seems to be very close to the top of the mountain, but ye Chen and Xue Ningqian walked for a whole hour.

When stepping on the top of the mountain, Xuening Qian released her hand: "now, you can ask for your own happiness."

Voice just fell, blood coagulation thousand, the whole person disappeared in the world!

If not for now, ye Chen still has a trace of temperature in his palm, he will even doubt whether it is a dream!

"Xiao Hei, what am I going to do?"

Ye Chen looks around blankly. Although the top of the mountain is vast, there is only an old stone tablet in front of him. There are several handprints printed on the stone tablet. It seems that a strong man pressed his hand into the stone tablet.

Xiao Hei did not answer, but ye Chen found that his palm suddenly appeared a black flame!

It's the chaos of Xiaohei!

Ye Chen instantly understood the meaning of small black, toward the stone tablet and go, a hand, suddenly put on one of the handprints!

One second.

Two seconds.

When it comes to the third second!

Ye Chen's whole body suddenly erupts an extremely terrible chaos flame!

Seal spirit lock can seal his own elixir and aura, but it is doomed to be unable to seal Xiaohei's chaotic Aura!

Chapter 5792

At the same time, ye Chen was surprised to find a chaotic Rune on the back of his hand!

The rune flashed with light, and the stone tablet was shocked!

In an instant, the stone tablet was divided into two parts, like a door!

And behind the gate, is a ladder, but the ladder is extending downward, a dark, do not know where the end!

.....

At the same time, in a pavilion full of birds and flowers.

A girl in red is playing the piano, and a huge shadow crystal appears in front of her.

And the picture on the transmission crystal is exactly the picture of Ye Chen at the top of the mountain!

The girl in red is naturally hemagglutination!

Xue Ningqian stopped playing the piano and murmured, "sure enough, this guy can open this stone tablet."

"What's more, the flame he just burst out... Is even more solid than that guy."

"What is the origin of this boy?"

"The aura and rules of heaven and man are too different from those of the earth. In principle, it is impossible to cultivate the existence of chaos."

"Or does this kid actually cheat me? He comes from the world?"

.....

Ye Chen naturally doesn't know that he has been observed by Xue congealing Qian. Xiao Hei doesn't say a word in the whole process, but there is an induction between Ye Chen and Xiao Hei. He doesn't hesitate and goes straight down the stairs.

The steps were dark, but when ye Chen stepped in, it seemed as if it was lit by something like day.

And the voice of black finally appeared again!

"Master, it's in front of you. It's very close!"

Ye Chen can hear the excitement of Xiao Hei's tone!

When you come to the thousandth step, ye Chen comes to the bottom of the earth as he wishes!

To Ye Chen's surprise, the underground is a huge altar!

The altar is surrounded by a trace of red lightning!

And in the middle of the altar is a pious kneeling cloth clothes old man.

Ye Chen can feel that the old man has fallen for tens of thousands of years, but the spiritual power in his body maintains a certain balance, so that the old man will not rot for tens of thousands of years.

Even ye Chen is sure that the cultivation in front of the old man is absolutely terrible! At least more than the Confucians!

Why should such a person kneel down devoutly?

Ye Chen raised his head, but noticed something!

There is a stone statue floating on the top of my head!

The stone statue has a spirit, and its eyes are inlaid with a red bead, which is very bright.

The key is that the stone statue looks like man and ape. Is this the existence that attracts little black?

In other words, this stone statue is the prison demon ape?

Xiao Hei suddenly said: "master, dig out the eyes of the stone statue, quick!"

This time, ye Chen's expression is a little ugly. The stone statue is knelt down by the strong of Taizhen peak. The power of natural belief is terrible!

And now I want to destroy the stone statue, the cause and effect that I have to bear is enormous!

Live or die!

Hesitating for a few seconds, ye Chen clenched his teeth: "Xiao Hei, I will believe you once!"

The next second, ye Chen is flying up, suspended in front of the stone statue!

He just wanted to extend his hand, an old voice suddenly came: "little brother, wait a minute!"

Ye Chen stretches out the hand instantaneous rigidity, here unexpectedly really also has other people?

He turned his head and his pupils suddenly shrank. The old man who had been dead for ten thousand years actually stood up!

The old man arched his hand and said, "don't be surprised, little brother. Although this body is lifeless, I left a strength when I fell. This strength has been silent for many years, and finally I have to wait for the breaker."

"The breaker?" Ye Chen came to the old man with a dignified look.

The state of the old man in front of him does not pose any threat to himself. He can directly take off the eyes of the stone statue, but his intuition tells him that listening to the old man's words is not harmful!

The old man smiles, hands behind him, and continues: "since the little brother can step here, he must have the ability to control chaos, otherwise others can't step in. Although I have fallen, I still have one thing to ask."

Ye Chen eyebrows a pick: "what?"

The old man bowed politely and said, "I was called xueyouzi in the world in those days. My family was once prosperous, and I had a history of hegemony in the heart of the earth. It's a pity that I didn't listen to other people's advice and took the liberty to get involved in the cause and effect that shouldn't be touched, which led to the collapse of my family. Only my grandfather and a baby girl survived in the family, I'll teach the baby girl Taoism and martial arts, watch her grow up, and let her guard the mountain." Ye Chen suddenly realized that the old man was the ancestor of Xuening Qian.

The old man seemed to think of the past, with great emotion, sighed and continued: "I named it xueningqian."

"My family is going to be destroyed because of my passion. She is the only hope, and she should not be here forever."

"The situation in the center of the earth is extremely complex, and the undercurrent is surging. There are too many secrets hidden here. Only with divine power can I protect her from being disturbed by outsiders."

"But one day, whether it's the judgment hall or many forces in the earth's heart, they will forget the past divine power. At that time, countless strong people will step into the earth's holy mountain, and the child will surely guard her wholeheartedly, and this protection will eventually lead her to destruction."

Chapter 5793

"This is not the end I want, but what I want today is related to xueningqian. Little brother, if you have a chance, please take the girl away from the earth and go to the outside world, so that she will not be contaminated with redundant cause and effect, and let her keep quiet in the last years."

Ye Chen Mou son tiny MI, he oneself can go out all not necessarily, nature won't take her person.

The key is that he doesn't know anything about hemagglutination, which is undoubtedly a time bomb installed around him!

More importantly, once he agreed, he was indirectly contaminated with the cause and effect of xueyouzi's extermination.

"I'm sorry, master. I can't agree with you." Ye Chen is still a Taoist.

Xueyouzi seems to have guessed the answer for a long time. With a smile, he reaches out his hand and points at Ye Chen's eyebrow: "I don't need you to take her away immediately. I just need you to take her away when the time is right. This time can be a hundred years or ten thousand years later."

"And as a condition, I will give it to you."

"If she saw it, she would know what I mean."

With that, xueyouzi took off the bracelet inlaid with countless Ancient Runes and handed it to Ye Chen.

"Little brother, I don't know the origin of this bracelet, but I know that you will come into contact with the magic tower one day, and this bracelet will break one!"

At this moment, it's Ye Chen's turn to be shocked!

The other party even knows about the magic tower!

Zhu Yuan and Bai Lian are still among them. They must go again!

And if you can have this bracelet, it must have a magical effect on breaking the ten robbers magic tower!

This condition, he does not want to agree to also want to agree!

The key point is that the old man does not restrict the time when he will leave with Xuening Qian. If it is ten thousand years later, he may have already gone beyond the true situation, or even finished the game with wanxu. Why not take one person away at that time?

Ye Chen took the bracelet and said, "good."

The old man heard Ye Chen's reply and laughed heartily, then his body gradually turned into a piece of sand.

However, before dissipating, that complicated and full of a certain meaning in the eyes, but let Ye Chen for a long time can not be calm.

"It seems that the cause and effect can't be avoided."

"Well, I'd better take off the stone statue's eyes as soon as possible and leave."

Ye Chen flies away, and the power of chaos of Dantian Xiaohei covers his whole body. He takes off his bright red eyes with great ease!

"Xiao Hei, what do you want me to do next?" Ye Chen asked.

Xiao Hei hesitated for a few seconds, then said: "this thing is still contaminated with too many things, can't be used immediately, the owner will put it in the picture of the yellow spring first, and then deal with it, also, I may have to sleep for some time!"

"When I wake up, it's time to deal with it!"

"I'm sure that there must be a chance against the sky and a secret to frighten the sky!"

Ye Chen nods and throws it into the picture of the yellow spring. Then he takes a look at the bracelet left by the old man and goes towards the steps.

The trip was quite fruitful.

But just when ye Chen was about to leave, what did ye Chen's remaining light notice!

On the far right side of the altar, there is a bronze door.

Because the bronze gate is connected with the surrounding Rune murals, if you don't look carefully, you can't find it at all.

However, the bronze gate is so small that it can't pass through one person.

Ye Chen comes to the bronze door with a little curiosity, reaches out his hand, just wants to touch, a trace of the existence of chaos is rushed out, the bronze door instantly broken!

And ye Chen also discovers finally the space inside is not too big, but lie quietly a disc.

The disc is crystal clear, and an ancient rune is painted in the middle.

Ye Chen can't recognize the meaning of the rune, but he can feel that there is something hidden here, which is extraordinary.

"You and I are predestined. Although I don't know what you are, it should be related to the earth's heart. Would you like to leave with me?"

With that, ye Chen laughs at himself. He has nothing to communicate with this disc. The other party obviously has no spirit, not even a spirit treasure.

But at this time, a strange flame surged around the disk, and then suspended in the air!

The next second, even the initiative disappeared!

No, it's not gone! But in the picture of the yellow spring! This time it's Ye Chen's turn to be surprised. Without his own control, it's impossible for ordinary things to enter the map of the netherworld casually!

Did you really get a baby?

However, ye Chen knew that he didn't have so much time to explore the function of this object, and went directly to the direction of the ladder.

.....

Soon, ye Chen was back to the top of the mountain. When he stepped out of the steps, both the steps and the stone tablets were completely turned into powder!

There will be no one else to know about the altar.

The void fluctuates, a crack appears, and a woman in red walks out of it!

It's hemagglutination!

Xuening Qian naturally noticed the bracelet in Ye Chen's hand, trembled slightly, and then said in disbelief: "did you see xueyouzi?"

Ye Chen has some accidents. This xueyouzi is also the ancestor of xueningqian. How can she call her name taboo?

Before ye Chen could answer, Xue Ningqian said to himself, "I really don't believe how Xue Youzi can conclude that a guy who is now only in the original state can break the world!"

Ye Chen incomparably indifferent, direct way: "you don't need to believe, you only need to know, I will take you to leave here later."

"Since I have promised xueyouzi, I will do it."

This time, Xuening Qian didn't say anything more. She said softly, "I'll send you down."

The void tears. When ye Chen opens his eyes again, he finds that he has come to the foot of the mountain. Mo Hanxi is standing not far away!

But the blood coagulates thousand but didn't appear, presumably is to choose to wait for ye Chen to appear again in the holy mountain.

She didn't know how many years it would be.

Although she doesn't believe Ye Chen, she believes in xueyouzi's judgment.

Mo Hanxi see ye Chen appear, exhale a long breath, quickly came over, curious way: "you actually live."

"Did you find anything on the mountain?"

"You're done with what you're talking about?"

Ye Chen nods and doesn't reveal too much.

Mo Hanxi is a good girl. Since she is infected with the cause and effect, there is no need for Mo Hanxi to get involved.

"In that case, let's go to grandpa as soon as possible." Mo Hanxi said.

"Well."

.....

They walked and talked together.

"Miss Mo, what's the origin of that judgment hall?"

Ye Chen's heart is very curious. In addition to the top ten Heavenly Kings, there seems to be a powerful force in the earth's heart, which is the judgment hall, but he doesn't know much about it.

Chapter 5794

Mo Hanxi's face turned pale when he heard the word "adjudication hall". He looked around and said, "the adjudication hall is a magic weapon. It's the first treasure of chaos in thirty-three days. When the ten great ancestors ascended, the supreme blessing came down. The adjudication hall was also nourished by the supreme aura and gave birth to the spirit, the spirit, He is the well-known judge of today

Ye Chen said: "the Lord of the verdict... Did he wipe out the emperor's family?"

Mo Hanxi clenched his teeth and said, "yes, the ruling hall is the most powerful treasure. When the Grandmaster of wanxu Temple ascended, he wanted to take the ruling hall away and use it as the palace ashram of wanxu temple, but he didn't know why, and then he gave up."

"It was once cultivated by the ancestors of wanxu, and later it was blessed and nourished by the Supreme Lord. The power of heaven and the way of holiness has reached an incredible level."

Ye Chen is shocked in the heart, way: "so say, adjudicate holy hall once was the magic weapon of ten thousand ruins old ancestor?"

The temple of wanxu is the final enemy Ye Chen will face. The ancestor of wanxu hidden behind is his ultimate enemy!

There is no doubt about the strength of wanxu Laozu. He has to be extremely afraid of being re elected. Hong Tianjing is just a subordinate of wanxu Laozu. He is the ultimate black hand behind the chess game and secretly arranges everything.

The judgment hall seems to be the magic weapon of the ancestors of wanxu. We can imagine its power.

Mo Hanxi said: "yes, the holy Hall of judgment is indeed the magic weapon of the ancestors of the ten thousand ruins. After the birth of the Lord of judgment, he personally created the Archean catastrophe, which is a really terrible catastrophe. Countless forces in the center of the earth were destroyed, many holy places were reduced to ruins, and seven of the ten Heavenly Kings' families were wiped out."

"Archean catastrophe..."

Ye Chen's eyes were fixed, and he thought of the ruins he had seen these days. He thought that they were destroyed in the great calamity.

"Tianjun aristocratic family, doesn't it mean that Qi will last forever? How could it be wiped out? "

Ye Chen is a little puzzled. He should know that the emperor's family is blessed by the Supreme Master. He has great fortune and will not be destroyed easily.

Mo Hanxi said: "the Qi luck of Tianjun family is related to the ten sacred trees. If the sacred tree is destroyed and the foundation of Qi luck collapses, it is in danger of collapse."

"Ten sacred trees?"

Ye Chen also heard that Alsophila spinulosa had mentioned ten sacred trees, but he didn't know the details.

Mo Hanxi nodded and said, "all the ten sacred trees belong to the treasure of chaos in the thirty-three days. When the ten great ancestors ascended, they descended and blessed. The core is the ten sacred trees. We Tianjun family, each of us got one. The family's geomantic omen, fortune and destiny are all based on the sacred trees. It can be said that they are the treasure of the town family."

"The ten sacred trees have been refined by the supreme spirit and the law. They have a very deep foundation. Tianjun family has their own sacred trees to protect them, but they will not be destroyed forever. But if the sacred trees are destroyed, the royal family will be in danger of being destroyed that day."

Ye Chen said: "so it is."

If you want to come to the magic tree of Mo's family, it's the phoenix tree.

Mo Hanxi said: "in the archaic times, the ruler of the ruling destroyed seven sacred trees. According to legend, all the seven families were wiped out by him. Only a few weak blood lines survived, which has become a climate. Now the only families left in the earth's heart are Mo's family, Lin's family and Hong's family."

Ye Chen sighed for a while and said: "so, the Ye family and Ren family have been destroyed?"

Looking at Ye Chen's expression, Mo Hanxi felt a little confused and said, "they are all destroyed. Brother ye, you are a stranger. Do you know ye Ren's family?"

Ye Chen smiles and says, "my family name is ye. I have a friend named Ren. He has the same family name. When he hears the news of the destruction, he naturally has some bad taste."

But ye Chen feels in the bottom of his heart that he and Ren Feifan should not have much contact with these two families. Even if they have, they are also extremely weak. Otherwise Ren Feifan should have found the earth's heart for a long time.

Mo Hanxi said with a smile: "Ye's and Ren's are all big surnames. It's not surprising that their surnames are the same."

While they were chatting, they soon came to the entrance of a transmission array.

There are prohibitions around the transmission array. Mo Hanxi takes out youhuang's sword and unlocks the prohibitions like a key. He says to Ye Chen, "my grandfather lives in seclusion in the secret place of Qinglong. This is the entrance. Brother ye, let's go in."

Ye Chen nods gently, then steps on the transmission array with Mo Hanxi, and transmits to the secret place of Qinglong.

Wow.

A flash of white light, void tear, ye Chen opened his eyes to see, but found that he came to a beautiful world.

In this world, the sky is blue, birds are singing and flowers are fragrant, the ground is full of all kinds of Camellia, and the fresh air is refreshing. "Is this the secret place of Qinglong?"

Ye Chen's eyes narrowed slightly, but he saw a huge divine tree standing on the horizon in the distance, straight to the sky, even thousands of miles apart, you can see clearly.

Mo Hanxi said: "well, this is the place where my grandfather lived in seclusion. A hundred years ago, my grandfather built the sacred tea pool. Unfortunately, before he could use it, the clan land was attacked by the ruling temple. We can only resist the attack of the Hui nationality. In that war, my grandfather was seriously injured, so he gave up his position as clan leader and passed it on to my father. He lived in seclusion here to recuperate."

When it comes to "Shencha pool", Mo Hanxi's face is flushed. Obviously, he recalls many beautiful sceneries and his mind is swaying.

Ye Chen looked into the distance, looked at the huge divine tree that went straight to the sky, and said, "is that big tree one of the ten divine trees? Do you have two sacred trees in your family? "

Mo Hanxi said: "it's called Qinglong tea tree. It's really one of the top ten sacred trees, but it's not our Mo family's. it used to be the sacred tree of the Xuan family. Later, the Xuan family was destroyed and the Qinglong tea tree was lost. Our Mo family's ancestors got this tree by chance, but the foundation of Qi transportation has been destroyed and lost its protective effect. Fortunately, the material of the sacred tree is still alive, It's also a rare magic weapon that can be used to refine elixir and mix spirit water. "

Ye Chen was shocked and said, "Qinglong tea tree, the sacred tree of Xuanjia? Is there a family named Xuan in the family of ten Heavenly Kings

He thought of xuanjiyue and felt a shock in his heart.

Mo Hanxi said: "yes, brother ye, what's the matter?"

Ye Chen's vision frets, thinks for a while, finally shakes a head way: "nothing."

Seeing ye Chen's frowning, Mo Hanxi knew the cause and effect behind him. But since Ye Chen didn't say it and she didn't ask much, she said with a smile, "let's go on. My grandfather will live in seclusion under the Qinglong tea tree."

Ye Chen nodded gently, then walked side by side with Mo Hanxi towards the green dragon tea tree.

The green dragon tea tree seemed to be in front of us, but it was far away. They walked side by side for several hours, but they didn't arrive.

As night fell, they lit a bonfire and camped out in the wilderness.

Chapter 5795

When Mo Hanxi thought of spending the night with Ye Chen, his heart was pounding and his cheek was flushed.

Ye Chen doesn't know her careful thinking, and sits down to practice alone.

While practicing, ye Chen suddenly heard a familiar voice coming from the reincarnation cemetery

"This spiritual lock is too annoying. Let me untie it for you."

This is obviously the voice of Feng Tianshang.

Ye Chen hears this voice, Leng a Leng, then surprise a way: "seal elder, is you?"

He tried to communicate with reincarnation cemetery. As expected, communication was successful. In a flash, he saw Feng Tianshang.

Ye Chen has lost contact with reincarnation graveyard since he fell into the center of the earth unexpectedly. It's a great pleasure to get back in touch now.

I think it's the transformation of the burning stele. Ye Chen's reincarnation blood has greatly improved, and finally he gets in touch with the reincarnation cemetery again.

Feng Tianshang snorted, "who else can I be? The spiritual lock on your wrist is a bit interesting. The chain is very ingenious. Ordinary people may not be able to unlock it. "

Ye Chen wrist, is tied with an iron chain, that is mo Yuanzhou layout seal spirit lock, seal his elixir aura.

"This spiritual lock is nothing. In another day, I can melt it directly with the energy of the burning stele."

Ye Chen smiles slightly, and doesn't put Feng Ling lock in his eyes.

Feng Tianshang rolled his eyes and said, "your method is too rough and crude, which doesn't conform to the principle of refining weapons."

Ye Chen laughs but doesn't speak. He knows that Feng Tianshang is proficient in the way of spirit, and he pays attention to the delicacy of technique. His violent method is naturally not liked by Feng Tianshang.

"I'll untie it for you. Don't move."

In Feng Tianshang's eyes, he was a little excited. It was obvious that the spirit lock was very clever, which aroused his interest. He wanted to crack it by himself.

He took out a thin needle, the spirit attached to Ye Chen, then with this thin needle, carefully studied the lock of Fengling lock.

At the same time, a stream of runes poured into it!

Click!

After a while, the lock was untied and the whole chain fell down.

All of a sudden, ye Chen felt the aura of elixir rising again. He was full of strength and said with a smile: "I admire you for your ingenious means."

Feng Tianshang knew that he was trying to ingratiate himself, but the good words in his ears were not enough. He narrowed his eyes and said with a smile: "it's just a little superficial technique. The way of spirit is broad and profound. You still have a place to learn in the future."

Ye Chen said, "yes."

When Mo Hanxi saw this scene, she didn't know the existence of Feng Tianshang. She only thought that ye Chen untied the chain by his own means. She was surprised and said: "brother ye, have you untied the spirit lock?"

This spiritual lock is specially made by the Mo family, and it's very difficult to untie. Mo Hanxi didn't expect that ye Chen was still proficient in this way, and he admired and worshipped it in his heart.

Ye Chen smiles and says, "well, it's OK."

Mo Hanxi said, "you don't have to suffer. That's good."

With the night wind blowing, Mo Hanxi's hair moved, and his cheek was shining with a trace of intoxicating blush.

Ye Chen sees her this facial expression, then knows that he has been in love with the cause and effect. If he doesn't leave as soon as possible and cut off everything, I'm afraid that he will be entangled endlessly in the future.

There was nothing to say for a night. The next day, they continued to March. After several hours, they finally came to the green dragon tea tree.

When ye Chen arrived at the Qinglong tea tree, he smelled a cool fragrance of tea, which was refreshing. He looked up and saw that there was a green dragon on the tree, which was magnificent and magnificent.

On the surface, the Qinglong tea tree is luxuriant and has no appearance of dilapidation and destruction.

A hut was built under the tree. Mo Hanxi looked at Ye Chen and said, "brother ye, this is where my grandfather lives in seclusion."

Ye Chen nodded, but listened to the door creak open, a hale and hearty old man in green robes, leaning on crutches, came out from inside.

"Grandfather, I came to see you!"

As soon as Mo Hanxi saw the old man in green robe, he said happily, and then whispered to Ye Chen:

"Brother ye, this is my grandfather. His name is taboo for Shanghong and Xiaji."

Mo Hanxi's grandfather is mo Hongji.

Ye Chen nodded slightly and said to Mo Hongji, "young Ye Chen, meet Mr. mo

Mo Hongji was plain looking, but he didn't show any momentum. He was like an ordinary old man in the wild. He squinted at Ye Chen and said, "Oh, is your surname ye?" Then, he said with a smile to Mo Hanxi, "good granddaughter, what can I do for you when you are not at home

Mo Hanxi had a thousand words in his heart, but he didn't know how to say it for a moment.

Mo Hongji laughed, invited two people into the room, said: "go to have a cup of tea first."

Ye Chen and Mo Hanxi look at each other and walk into the room.

Mo Hongji made a pot of tea for the two. The tea was made from the leaves of Qinglong tea tree. Once it was made into tea, it was fragrant and had a strong aura.

Ye Chen and Mo Hanxi drink tea in silence. As soon as they make eye contact, they all think of the scenery in the tea pool. Their eyes are embarrassed.

Mo Hongji didn't speak with a smile. He looked kind and gentle. When they finished drinking tea, he asked Ye Chen with a smile: "I don't know which family you are from?"

Ye Chen put down his cup and said, "Mr. Mo, I'm a stranger."

"Are you a stranger?"

As soon as Mo Hongji heard these words, his face turned pale. In his originally turbid and calm eyes, he suddenly burst into a murderous atmosphere. His whole breath was very different. It seemed that he had changed from a mountain old man to an old general who had been fighting for a long time and killed countless people.

Chapter 5796

Ye Chen only feels that the murderous spirit is pressing. He suddenly gets up, takes three steps back and stares at Mo Hongji. He never thinks that a person's temperament can change so much in a moment.

Just now, Mo Hongji's eyes were still turbid, but now they were very clear and bright, and the light was shining. If the stars were shining, the aura behind them was booming, showing the illusion of green dragons. It seemed that he was ready to kill at any time.

"Grandfather!"

Mo Hanxi is also surprised to stand up, for fear that Mo Hong will hurt Ye Chen.

Mo Hongji held the hand of crutches, knuckles click, cold voice: "good granddaughter, you'd better give me an explanation, why do you want to bring a stranger in?"

In the center of the earth, the alien is not allowed to exist, any alien will be killed, this is the rule.

Mo Hanxi said in a hurry: "no, Grandpa, listen to me..."

At the moment, he said all the things that happened in the Shencha pool. He didn't even hide the fact that he was soaking in the pool water, but his words were brief and he took it with him.

Then ye Chen will be arrested and imprisoned, all in detail.

Mo Hongji's eyes flashed and said, "Oh, so he broke the spirit of the judgment hall?"

Finger calculation, trace back to the secret, vaguely, really see ye Chen and the judgment hall against, and a sword cut through the brilliant picture.

Mo Hongji is the patriarch of the older generation. He has been fighting with the judgment hall for many years and knows the terror of the hall.

Ye Chen is just a place of origin. He can kill the holy hall. This is a great event!

Although Ye Chen is a stranger, but with this record, enough to make him moved.

Different from Mo Yuanzhou, Mo Hongji was more aware of the terror of the holy hall, so he was also more aware of the value of Ye Chen's achievements.

Mo Hanxi said: "grandfather, brother ye can defeat the spirit of the holy hall. He is probably the one who broke the game predicted by his ancestors! My father is old-fashioned and conservative. He has to be imprisoned and killed. This is self destruction of the Great Wall. I want you to come out and uphold justice! "

Mo Hongji heard the word "breaker", his face slightly moved, and said: "your father is not old-fashioned, he is cautious, the breaker is not necessarily, the stranger is certain. If you want to prove whether he is a breaker, you have to test it."

Speaking of this, he looked at Ye Chen and said, "little guy, are you interested in accepting my test? If you pass the test, I can guarantee your safety. "

Ye Chen heart move, way: "if I pass the test, old gentleman can send me to leave the earth heart realm?"

Mo Hongji said: "the earth's heart is closed forever. Unless the cultivation is perfect and ascends to the supreme level, there is no chance to go out. The place here is so big that it's bigger than any other heaven, man and Yang realms outside. You can't explore it all your life. Even if you can't go out, it's worth your life to stay here."

Ye Chen said: "no, old man, my relatives and friends are outside. I fell down by accident and always want to go out. I can't let them worry too much. Is there any other way besides flying up?"

Mo Hongji pondered for a while, and said, "there are ways, but you have passed my test first. Besides, if you can't pass even a little test, then you don't have to think about leaving. Just leave your life here."

He speaks tone indifference, but with a very sharp murderous, obviously if ye Chen test, can't prove strength, he will immediately start, kill Ye Chen.

After all, ye Chen is a stranger. If he doesn't have enough strength, he can't let Ye Chen live.

When Mo Hanxi heard that his grandfather was killed, he said, "grandfather, brother Ye is my life-saving benefactor. Don't hurt him."

Mo Hongji laughs and says, "good granddaughter, I'm not as old-fashioned as your father. If he really has strength, I won't kill people casually. But if he can't even pass a little test, what do you like about him?"

Mo Hanxi blushed and said, "I... I don't like him."

Ye Chen said quietly, "Mr. Mo, what test is it?"

Mo Hongji light smile, took out a Fu Zhao lit, way: "you go out, the test will wait for you outside."

Ye Chen looked back at the outside of the house, didn't see anything strange, in the heart doubt, but still should say: "yes!"

Then he got up, turned and walked outside.

Boom!

Ye Chen just came outside, but felt a big earthquake, a violent shaking.

Click!

Immediately, the ground cracked and a huge puppet burst out.

This puppet is made of stone. It is more than ten meters high. Its body is carved with Ancient Runes, and there is a trace of chaos. "Lord, be careful! It's Kunling demon puppet! It's one of the treasures of chaos in thirty-three days

In the world of Huangquan, the *Alsophila spinulosa* tree was surprised to see the huge puppet suddenly emerging and quickly reminded.

"Kunling demon puppet? "The treasure of chaos?"

Ye Chen's eyes narrowed. Looking at the giant puppet, he also felt a trace of familiarity. He was connected with the magic weapons such as the clear water *Kalingzhu*, *Taiyizhen Leisha*, etc. they were all the treasures of chaos, belonging to the "eight trigrams chaos".

The eight trigrams' magic weapons of chaos are: *Gengjin qianyuanzhu*, *kunlingdi* magic puppet, *bishuikanlingzhu*, *keqinglihuo* sword, *Taiyi zhenleisha*, *Shiyu duilingfu*, *Feiyu xunfengsuo* and *Dahan genyuefeng*.

These eight magic weapons represent the eight attributes of Qian, Kun, Kan, Li, Zhen, Dui, Xun and Gen respectively.

This is the magic weapon of Kun hexagram. In fact, it is a huge puppet, which is full of earth runes. Each Rune has the air of Kun spirit. It is firm and steady, as vast as the land.

"Grandfather, how did you release kunlingdi puppet? How can brother ye deal with it? "

When Mo Hanxi saw the puppet, he immediately lost his face.

The body of Kunling demon puppet is very strong, and it is engraved with many earth runes. It can withstand endless attacks. No matter how fierce the supernatural power attacks, it will be dissolved by the earth's heavy momentum.

Even Mo Hanxi's youhuang Tianjian may not be able to break.

This kind of puppet is so hard that no one can break it unless it is the real supreme sword in legend.

At that time, it was ruled that the holy hall attacked and killed the Mo family. Mo Hongji survived by relying on the protection of the demon puppet.

Roar

The eyes of the demon puppet are brown and yellow, like a rock. There is a strange voice in his throat. He suddenly strides towards Ye Chen.

This puppet is more than ten meters high, and its heavy body is suffocating with terrible momentum.

Ye Chen also feels the breath stagnates to suffocate, hastily retreats.

Mo Hongji sat in the room, unmoved, and said with a faint smile, "little guy, if you can break my puppet, you will pass the test."

Chapter 5797

Ye Chen heard the content of the test is this, can't help but face a sink, this Kun Ling demon puppet is so fierce, want to break, how easy?

Mo Hanxi was also in a hurry, and said: "grandfather, the strong ones who ruled the holy hall couldn't break the demon puppet. How could brother ye break it?"

Mo Hongji said: "didn't you say he was the breaker? If even one of my puppets can't be broken, what kind of breaker is he? And this puppet is no longer at its peak! "

Mo Hanxi was speechless and didn't know how to respond.

Ye Chen looks at that demon puppet, also feel incomparable pressure.

Purr, purr

In the throat of the demon puppet, he made a strange mechanical sound. His strong and long arms closed in the middle and patted Ye Chen.

If you are shot by this puppet, you will be seriously injured even if you don't die.

Ye Chen glances over to avoid, at the same time clenching Sha sword, take a deep breath.

On the shajian, there is a bright light like moonlight, and a smell of chaos and destruction, which is filled with madness.

"Destroy the seal, open it!"

"Moon soul chop, break it for me!"

Ye Chen cut out with a fierce sword, directly used the moon soul to cut, and also attached with the smell of destroying the seal.

The extremely cold and domineering sword spirit is ruthlessly chopped on the body of the demon puppet.

Bang!

However, ye Chen's sword Qi cut down, did not cause any damage to the demon puppet, only cut out a white mark.

"What

Ye Chen a burst of terror, arm by the impact of anti shock force, a burst of paralysis.

This demon puppet's hard body is beyond Ye Chen's expectation.

What's more, the terrain is Kunling and virtuous. The special Rune on the puppet's body has the heavy momentum of the earth, which can accommodate mountains and rivers. It can easily withstand Ye Chen's sword cutting, just like the terrain is broad, and everything can be swallowed.

"Lord, this puppet has the strongest defense among the treasures of chaos in the thirty-three days. It can't be broken by ordinary means. Use the Heavenly Sword!"

The Alsophila tree reminds us.

Kunling demon puppet has the dignity of the earth's virtue. Its body is too hard, and it can absorb the enemy's attack and directly dissolve it. Ordinary magic power and weapons can't be broken at all.

Ye Chen wants to break the puppet, unless it is with the wild devil sky sword.

"No, you can't use it lightly."

Ye Chen shook his head, and did not immediately use the sword.

Because the cause and effect of the supreme Heavenly Sword is too big, every move will involve the natural, leaving indelible traces, he will not use it easily.

This puppet, no matter how powerful, is dead after all. There is a way to deal with it.

Boom, boom, boom!

The huge demon puppet, striding forward, continues to rush towards Ye Chen, as if to trample Ye Chen to death.

In the hut, Mo Hanxi couldn't help coming out to watch the battle, his eyes full of worry.

"When the rain against the charm, swamp devour!"

Ye Chen is calm and relaxed appearance, suddenly a spirit talisman out, a wisp of gray and black breath diffuse.

WOW!

The next moment, at the foot of the demon puppet, a large swamp mud suddenly appeared.

The swamp mud, like a devil, suddenly appeared.

The goblin puppet's feet fell into the mud, and his throat made a strange sound. He struggled to get up. But unexpectedly, the mud feet sank deeper and deeper. In a flash, the swamp mud spread to his waist.

Ye Chen smiles. This method of swallowing the swamp doesn't have much effect on the living people, because people are very alert. As soon as they realize that there is a change in the smell of the swamp, they immediately evade and won't fall into the trap at all.

However, the Golem puppet is a dead thing. It only has brute force and doesn't know how to adapt. It has too many defects. Suddenly, it is engulfed by the swamp. It doesn't know how to avoid it at all and falls into it directly.

"Brother Ye is so powerful!"

Mo Hanxi saw this scene, immediately elated, did not expect that ye Chen has such a clever means, can deal with the demon puppet.

"Hum!"

In the thatched cottage, Mo Hongji's face changed. Suddenly, he banged on the table.

An invisible aura poured into the body of the demon puppet.

With a bang, the demon puppet flew out of the swamp mud. His huge body fell from the sky and smashed at Ye Chen. "No!"

Ye Chen's Qi machine is locked, and it's too late to retreat. In the crisis, he rises up to resist. The bright golden awn explodes on his sword, and suddenly cuts out with a sword.

"The sun is shining!"

The brilliant sun sword slashed the huge body of the demon puppet, and it split the puppet out directly.

"Puff!"

Ye Chen, however, was shocked by the huge force. He opened his mouth and spewed out blood. His viscera vibrated and staggered back a few steps.

This demon puppet is as heavy as a mountain, and it's threatening with the momentum of falling from the sky. It's really terrifying. If it wasn't for ye Chen's strong constitution, he would have died of a collision.

"Brother Ye!"

Mo Hanxi gave a cry and took two steps in front of him.

Ye Chen wiped the blood on the corner of his mouth, looked back at Mo Hongji in the room and said, "what does that mean, old man?"

Just now, if it wasn't for Mo Hongji, ye Chen had easily swallowed the demon puppet.

Mo Hongji was surprised to see that ye Chen was able to split the puppet, and even suffered minor injuries under the huge earthquake, which shocked Ye Chen's physical strength.

However, Mo Hongji said quietly on the surface: "I want you to break the puppet, not to use this kind of tricks, I need to see your real strength."

Ye Chen sneered and said, "it's just a puppet. It's not worth using my real strength."

Mo Hongji said: "it's a big tone. It depends on how many skills you have!"

With that, he made a strange gesture with his right hand, which seemed to be a spell or something.

As soon as the gesture fell, the aura around him surged. The demon puppet climbed up from the ground and roared up. His eyes turned bloody red. In an instant, he entered a state of violent walking and rushed towards Ye Chen.

This time, the speed of the demon puppet was several times faster than just now, and its huge body was like a steel fortress moving at a high speed, which was terrifying.

"Grandfather!"

Mo Hanxi lost his voice exclaimed, her grandfather this test, put clearly is to Ye Chen died.

Mo Hongji's face was indifferent, and he was not moved when he heard Mo Hanxi's call.

The forefathers predicted that the power of the breaker must be earth shaking. This test is really difficult, but if ye Chen can't pass it, he doesn't have to live.

"Longyan Shenmai, open!"

Seeing the puppet running over, ye Chen is not afraid at all. He looks up to the sky and drinks violently. The Dragon flame pulse opens directly.

Boom!

A fierce fire dragon suddenly rose from the sky and suspended on the top of Ye Chen's head.

This fire dragon is the existence of the Dragon Fire God, which is full of fire and even reincarnation.

After the transformation of the stele, the power of Ye Chen's dragon is also soaring. As soon as the fire dragon is released, the surrounding temperature is soaring and the waves are burning.

Chapter 5798

Mo Hanxi can't help but step back and drive away. Mo Hongji in the hut is shocked to see the dragon.

"It's... A familiar breath of blood!"

Indistinctly, Mo Hongji catches a trace of ancient, obscure and terrifying blood from ye Chen.

"Is he..."

A startling thought came to Mo Hongji's mind. His body could not help shivering and shaking.

"Sun Xianhuang, Dragon Fire Tianwei, break it for me!"

Ye Chen slashes wildly with his sword, and the sword move is still the sun immortal's brilliant chop. But this time, he opens the Dragon flame pulse, and the power of the sword chop is much more terrifying than just now.

The blood breath of reincarnation Longyan is combined with the true Qi of the sun. Together with the sword Qi of the giant dragon, with the rolling reincarnation pressure, it cuts down on the demon puppet.

The demon puppet is rushing forward and is suddenly attacked by the sword of the sun dragon. The huge and solid body is cut in half from the middle.

Two half of the broken body, still keeping inertia, rushed all the way from both sides of Ye Chen's body, and finally crashed into the hut behind him, and finally collapsed.

The hut, too, collapsed.

"My God..."

Mo Hanxi covered his small mouth, and his delicate body kept shaking, looking at the scene in front of him in disbelief.

Ye Chen not only broke the demons' puppets, but also cut them in half. What a terrible method. Even the strong one who ruled the temple in those years could not cause such terrible damage.

"Lord, I can't imagine how terrible your reincarnation is! How terrible would it be if ten tablets of reincarnation could completely revive reincarnation blood? "

The *Alsophila spinulosa* tree was also thrilled to see this scene.

It was originally intended to ask Ye Chen to use the Heavenly Sword, but ye Chen didn't use it at all. Instead of relying on the edge of the Heavenly Sword, he directly killed the body of the demon Puppet by relying on the dragon fire and the ferocious pressure of reincarnation blood.

It's a brute force tearing method. It's not the sharpness of sword Qi. It's the powerful force of reincarnation.

This is a reincarnation of the blood of the strong!

Ye Chen looks at the broken puppet and smiles with satisfaction. After the complete transformation of the burning tablet, his reincarnation blood is also further strong.

Reincarnation's power infuses the sword body. One sword is like the beginning of the sky. It is like chopping melons and vegetables. It cuts through the extremely strong puppet body.

PA, PA, PA.

At this time, a burst of applause.

I don't know when Mo Hongji flew to the Qinglong tea tree, smiling and clapping, his eyes full of appreciation.

Ye Chen was shocked in his heart. Mo Hongji was in the hut just after it collapsed. But he didn't know what he was doing, so he left and moved to the Qinglong tea tree.

Ye Chen didn't catch any strange breath fluctuation. It seems that Mo Hongji's strength is really not simple.

"Good, very good. Your strength is more powerful than I expected. You are the one who broke the situation predicted by our ancestors. With you, the day of the destruction of the holy hall is not far away."

Mo Hongji sighed.

This test, ye Chen cut through the demon puppet, even did not use the real card, strength can be imagined.

If this is not a breaker, then there is no breaker in the world.

Ye Chen smiles a little and says: "the one who breaks the game is not worthy. I only hope that the elder can tell me the way to leave the earth."

Mo Hanxi heard that ye Chen insisted on leaving. He was sad and said, "brother ye, do you really want to leave? If you are worried about your relatives and friends outside, you can send a letter back and only send a letter. It's much simpler than you have to go

Ye Chen said: "I will leave here after all, Miss mo. thank you for your kindness."

Later, he said to Mo Hongji, "I have passed the test. Please tell me how to leave."

Mo Hongji sighed and said, "the cause and effect of the earth's heart is closed. You want to leave, but it's very difficult. Come up and talk."

With that, Mo Hongji flew to the top of the tree.

Ye Chen looked at Mo Hanxi, and Mo Hanxi said with a smile: "brother ye, grandfather told you to go up, so you can go up."

Ye Chen nodded and flew all the way along the trunk of Qinglong tea tree to the top of the tree.

He and Mo Hongji stood at the top of the tree and looked at the scenery in the secret place of Qinglong. They couldn't help feeling refreshed and happy. "Please let me know, old man."

Ye Chen is still thinking about leaving and asks.

With a trace of vicissitudes in his eyes, Mo Hongji seemed to be remembering something. He was silent for a long time, and then said, "if you want to leave the earth's heart, you have to go through the gate of eternal antiquity in addition to a successful ascent."

Ye Chen said: "the gate of eternal antiquity?"

Mo Hongji said: "that's right! The gate of eternal antiquity is the only gateway connecting the earth's heart and the outside world. If you want to open this gate, you must use the divine tree and the imperial edict as the key. "

"Tens of thousands of years ago, there was a stranger who accidentally fell into the heart of the earth. He was hunted down by countless people. He was not spared by either the judgment hall or the emperor's family."

"But later, the stranger broke through the endless killing, walked out of the gate of henggu and smoothly returned to his original world. Later, he even ascended to the Supreme Court and became the real emperor of heaven. He was honored as the holy emperor of henggu."

After listening to Mo Hongji's words, ye Chen was so shocked that he said: "what, henggu holy emperor! It turns out that he once fell into the earth's heart

Chapter 5799

Mo Hongji smiles and says, "do you know him? I don't know if you have the strength to break through the eternal gate. "

Ye Chen silent down, the heart is still shocked.

Of course, he knew henggu Shengdi, even like thunder.

It turns out that henggu Shengdi also fell into the center of the earth and was chased and killed by the people of the whole center of the earth. He was in a more dangerous situation than ye Chen. But in the end, he broke through the heavy killing and went out of the gate of henggu and returned to the outside world.

His successful ascent is probably related to his experience in the inner earth.

Ye Chen said: "do you need a magic tree to open the gate of eternal antiquity? Where did henggu Shengdi come from? "

Mo Hongji said, "he killed Hong Tianzheng, the patriarch of the Hong family at that time, grabbed the Fu Zhao, and finally went out smoothly."

Ye Chen's eye pupil shrinks and says: "originally... Originally, Hong Tianzheng was killed by him?"

When ye Chen just fell into the center of the earth, he encountered Hong Tianzheng in the temple ruins and was almost killed by him.

Today's Hong Tianzheng has only a wisp of ghost left. It turns out that his body was destroyed in the hands of henggu Shengdi.

After henggu emperor went out, he was chased and killed by Hong Tianjing. It seems that there is a certain number of reincarnation in the dark. The complexity of the entanglement of the cause and effect of the heaven is shocking.

Ye Chen said, "what is this tree talisman?"

Mo Hongji said: "the divine tree's Fu Zhao is a Fu Zhao based on the spirit of the ten divine trees. This Fu Zhao needs to consume the spirit of the divine tree. Each divine tree can only cast one Fu Zhao. If you cast one more Fu Zhao, the spirit of the divine tree will collapse immediately."

"In the hands of every family of the ten Heavenly Kings, there is an imperial edict. It has been forged since ancient times, but no one has ever used it, because we were born and raised in the heart of the earth. Once we leave here, our blood will wither."

Hearing the hope of leaving, ye Chen suddenly got a big boost and said, "old man, can you leave the earth after you get the tree talisman?"

Mo Hongji said: "yes, this Fu Zhao is the key. The key to my mo family is in the hands of my son Mo Yuanzhou. If you want it, ask him to take it."

Ye Chen was overjoyed and said, "thank you, old man!"

After a pause, he said: "it's just that I have a lot of gap with Mr. Mo Yuanzhou. Please explain the misunderstanding."

Mo Hongji nodded. With a wave of his old hand, leaves flew up and turned into a letter. He used his aura to write various reasons on the letter and handed it to Ye Chen

"Go back with my granddaughter and give this letter to Yuanzhou. He will understand naturally."

Ye Chen was overjoyed. He accepted the letter and said, "thank you, old man!"

Later, ye Chen thought of the threat of the ruling church and said, "old man, the ruling church is a place of disaster. You say I'm a breaker. Naturally, I'm not worthy of it. But I can't do anything to help you when I leave. Isn't it too shameful?"

Mo Hongji's eyes coagulated and said with a smile: "cause and effect are determined by nature. You don't have to be too determined to do what you want. The judgment hall has been rampant from the archaic times to now. Where is the situation so easy to break? You just do what's in front of you. "

The implication is that he allows Ye Chen to leave at will, and does not ask Ye Chen to stay and help the Mo family fight against the judgment hall.

When ye Chen heard that Mo Hongji was so considerate, he was grateful and ashamed, and said, "old man, when I go back to the outside world to deal with all the causes and effects, I will come back to repay you!"

Mo Hongji took a look at Ye Chen, but his eyes were rather complicated. Then he said with a smile, "it's natural for you to follow the law of heaven. Your blood is superior to the heaven. Don't have any obsession. Remember the four words" Tao and heart are accessible. "

Ye Chen heart a shock, is oneself the identity of reincarnation Lord, unexpectedly was mo Hong Ji discovered?

Mo Hongji didn't want to talk too much nonsense. He said directly, "you can take my granddaughter back. Oh, by the way, you can also take the demon puppet."

Ye Chen looked at the ground, the Kunling demon puppet had been broken in two and said: "can this puppet still be used? I'm so sorry for destroying the old man's magic weapon. "

Mo Hongji said with a little smile: "of course, it can be used. This puppet has the magical method of the earth's spirit. It can heal itself, just like the earth has cracked, and it can also repair itself. You can put it together again. In ten days and a half months, it can return to its original state, which can be a great help for you."

Ye Chen is quite surprised, way: "so wonderful."

Mo Hongji said with a smile: "the magic weapon of chaos has its own advantages. Go back quickly. After all, you are taking my granddaughter out. She has been away from home for too long. My father must be worried."Ye Chen arched his hand and said: "yes, I'll leave first! Take care, old man

With that, ye Chen flew down from the top of the tree.

Mo Hanxi comes forward in a hurry, and the pride in front of her chest shakes. In fact, she is worried about ye Chen's situation. What if her grandfather is in trouble with Ye Chen?

She looked at Ye Chen's reaction and then asked, "brother ye, what did you say to my grandfather?"

Even in a hurry, he couldn't help grabbing Ye Chen's arm.

Ye Chen didn't care too much about it. After all, he was still happy. At least he had the chance to leave here!

He explained: "your grandfather said that I would leave, and asked me to go home and ask your father for the tree sign."

Mo Hanxi should have been a little happy about the ending, but when he heard that ye Chen was going to leave, he was a little sad and said, "do you really want to leave?"

Ye Chen touched her hair with a smile and said, "I don't want to come back. I have a chance to come back in the future."

At this time, he was in a good mood, and he was not so alienated from Mo Hanxi.

Mo Hanxi stayed for a while and said, "brother ye, what is the tree talisman edict?"

This return to talk to Ye Chen surprised, open mouth way: "don't you know?"

Mo Hanxi frowned, shook his head and said, "I don't know. I've never heard of it. I heard that geocentric region has a special way to leave, but the elders never tell us. I'm afraid we'll think more."

"Over the years, some people have been trying to leave here to see the outside world, but there is no other way but to fly up, and some people even lost their lives."

Ye Chen said, "is that right?"

It's customary for Mo Hongji to ask him to speak and avoid Mo Hanxi.

After all, if everyone knows that there is a special way to get out of the heart of the earth, people's hearts may float. Even if they are in danger of withering blood, they want to go outside to have a look.

"Do you want to know? I can tell you, but keep it a secret. " Ye chendao.

Mo Hanxi's delicate body trembled and pondered for a few seconds, but still said: "no, you'd better not tell me. I'm afraid I'll know. After you leave, I can't help looking for you."

Chapter 5800

Smell speech, leaf Chen heart a Lin, this is really very dangerous.

Because, if people in the earth's heart rashly go to the outside world, it is easy to wither and die.

After all, the aura of the earth's heart is different from that of the outside world. If it is not for the reincarnation of one's own blood, there may be problems.

Of course, those who are strong in the earth's heart and those whose blood is against heaven will not be restricted by this.

At the moment, ye Chen is silent and doesn't talk about the secret of leaving. It's better not to let Mo Hanxi know about henggu gate.

"Let's go back and talk to your father."

Ye Chen put away the two half remnant bodies of the demon puppet of the Kun spirit and said.

"Well."

Mo Hanxi nods gently, then leaves the secret place of Qinglong with Ye Chen and rushes back to Mo's family.

Ye Chen put the two half remains of the demon puppet into the world of the netherworld and put them together again.

As soon as the remains were put together, they were automatically glued together, and the incomplete aura began to repair.

Ye Chen said secretly that this demon puppet is really magical. It really has a deep earth like heritage. It can be automatically repaired if it is cut in half.

.....

When ye Chen and Mo Hanxi rush back to Mo's family, the outside world is in chaos.

These days, the news of the fall of the reincarnation Lord has spread all over the country, and everyone has been shocked.

Countless powerful spiritual senses try to deduce the breath of reincarnation Lord, but none of them can capture a trace of cause and effect.

The signs of the existence of the reincarnation Lord seem to disappear completely from heaven and earth. Unless he ascends to the supreme world, he will indeed fall.

It's the world.

In a luxury palace.

A woman was sitting on the main hall, her right hand tapping a sword with an ancient rune.

This woman is Shentu Tianyin.

On the main hall, there was a woman kneeling.

The woman was dressed in black and her eyes were full of seriousness.

Shentu Tianyin stood up, came to the woman in black and said, "are you sure your information is accurate?"

The woman in black nodded: "originally, I followed my wife's will to kill Ye Chen. If I failed, my wife would do it again. But not long ago, when I came abroad, I heard the news of the fall of the reincarnation Lord!"

"My subordinates have inquired many times, and the results are all consistent... Even any clues indicate that the guy has fallen and does not exist in the world."

"This time, ye Chen and the blood God went to the hundred day appointment of the Confucianist together. In that war, there were many visions, and they heard that the energy fluctuation could not make the Taizhen strong survive. My subordinates thought that it was normal for this boy to fall!"

Shen Tu Tianyin nodded and showed a playful smile: "originally, he wanted to use this sword to cut off the connection between Wan'er and the naughty boy. Now it seems that this boy has offended too many people."

"I didn't have to do it."

"However, this boy is very cunning. It's not good to play dead in case of layout. Get ready. I'll go abroad!"

The woman in black changed her face: "madam, the rules of foreign countries and the supreme world... If you come, you will..."

Shentu Tianyin sneered: "what do you think? How can I come here in person? For such a thing, my separation is enough. "

"Whether the boy is alive or dead, I must get the absolute answer!"

"If he is still alive, this time, I will personally send him to the yellow spring!"

.....

The temple of Confucius, the falling place of reincarnation.

Today's Confucian temple, in the hope of the stars shine, has been from a ruins, to restore the former glory of the vast appearance.

The remaining disciples of the temple of Confucius have returned from all over the world, and the Confucius has recruited a number of new disciples again. The popularity of the disciples is very prosperous, and the momentum of orthodoxy is extremely brilliant.

In the main hall, Ru zudian sits on the lotus throne, with a solemn appearance, showing a great sense of self-restraint and breath.

But in the main hall, there was a monk kneeling in front of the Confucianist, crying and saying, "forgive me, forgive me! I'm wrong! "

This monk is Zhixuan.

During the engagement on that day, he left the Confucianist and escaped alone, committing a great crime. At this time, he was arrested by the Confucianist.

All around the hall, there were strong men in armor, and they were murderous.

The Confucianist chuckled and looked at Zhixuan and said, "you left me alone that day. What's your crime?" Zhi Xuan was in a cold sweat, banging his head and saying, "I know my sin, please forgive me!"

The Confucianist's face was cold, and a murderous spirit suddenly appeared in his eyes.

Zhixuan was scared to death, but he didn't dare to escape.

Zheng!

He was about to be killed, but all of a sudden, a powerful force came from the rear and smashed the thunder knife of the Confucian.

Zhixuan picked up a life, cold sweat drenched clothes, shivering to look back.

Then he saw a beautiful woman, graceful and magnificent. Her breath was even more noble than that of Xuanjiyue. She even had the glory of the emperor in the world.

When the Confucians saw the beautiful woman, they were also surprised. They stood up from the throne and said, "Shentu Tianyin! Why are you here! "

This beautiful woman is the master of Shentu family, Shentu Tianyin!

Shentu Tianyin looked around, and the strong men in armor on the main hall felt as if they were facing a great enemy. They only felt that the breath of Shentu Tianyin was arrogant and supercilious, which was really indescribable and powerful.

"Confucius, don't worry. It seems that I didn't come at the right time."

Shentu Tianyin smiles and glances at Zhixuan.

The Confucianist guessed Shentu Tianyin's intention in his heart. On the surface, he said quietly, "I'm preparing to kill a rebellious subordinate. Unfortunately, the school made Mrs. Shentu laugh."

Shentu Tianyin said with a little meaning: "people always make mistakes. As long as they are willing to sincerely repent, there is no need to fight."

However, when I think of my daughter, I am very depressed because I refuse to repent all the time.

Although the Confucianist had a bad feeling in his heart, he could only smile and say: "Mrs. Shentu is right."

Then he said to Zhixuan, "would you like to thank Mrs. Shentu soon?"

Knowing that he had recovered his life, Zhixuan kowtowed to Shentu Tianyin and said, "thank you for your help, madam. I'll never forget your kindness."

Shentu Tianyin smiles and nods.

The Confucianists carefully sensed the breath of Shentu's heavenly voice. It was only a separation, not a noumenon. But the separation of the supreme and powerful was not trivial. Now they solemnly asked, "lady Shentu is here. What's the matter?"

Shentu Tianyin said: "I'm ashamed to say that my daughter and the reincarnation Lord are intertwined in cause and effect. I came here separately to kill the reincarnation Lord and completely break my daughter's mind. But unexpectedly, I heard that the reincarnation Lord has fallen."
