

## Physician 5801

### Chapter 5801

The Confucianist nodded slightly and said, "before, I had made an engagement with the blood god. The reincarnation Lord came to help him. Beyond his ability, he really fell into my mountain gate."

Shentu Tianyin said: "really... I saw the tombstone of the reincarnation Lord in the blood death prison. I think it's true."

The Confucian said, "have you ever been to the blood death prison? Did you kill the blood God and others

He had a deep grudge with the blood god, and the blood god's Taoist temple was in the blood death prison, but he was not sure to break in, and he had nothing to do.

If you break into the blood death prison and fight with the blood god, even if you can win in other people's land, it is bound to be a tragic victory.

But if Shen Tu Tianyin takes the hand, he may be able to kill the blood God and others.

Shentu Tianyin said, "what's my status? How can I do it easily? I only kill the Lord of reincarnation, and the rest don't ask, so as not to be contaminated with cause and effect. My breath is hidden, and they don't find my existence. "

It turns out that Shentu Tianyin had been to the blood death prison, and even saw the monument of the blood god. He was shocked by the fall of Ye Chen. He deduced his own fate and found the falling scene, but he was not sure. So he came to the Confucian temple to find out.

Hearing that the blood god was safe and sound, Confucius could not help sighing: "it's a pity..."

Shen Tu Tianyin looked coldly and said, "I won't interfere in your grudges with others. Confucius, I just want to confirm Ye Chen's life and death. You have a wish to have Tianxing in your hand and give me an accurate answer."

She knew that the desire of the Confucianists was extremely mysterious. Her belief and desire could run through the cause and effect of all worlds, and she had an insight into all existence.

If you can't find Ye Chen's cause and effect, it will prove that ye Chen is dead, and there is no breath left between heaven and earth.

The Confucianist chuckled and said, "Mrs. Shentu wants to know the ending. That's OK, but..."

Shentu Tianyin seemed to know what the Confucians thought. He snorted and said, "as long as you can give me an accurate answer, I won't treat you badly. This" natural disaster of the dead "is one of the great sources of enlightenment in the thirty-three days, This is my present for you. "

Then she offered a piece of jade slips to the Confucian.

This piece of jade slips, engraved with the four characters of "natural calamity of the dead", is filled with a trace of extremely severe and terrifying breath of death, with the resentment of hell. It is one of the source techniques of the thirty-three days, which is called the natural calamity of the dead.

The natural calamity of the dead, which is caused by the transformation and upgrading of the 33 Tianhong Mongolian Dharma and the heaven prison of the dead, can summon millions of the dead, which is quite terrifying.

As soon as the eyes of the Confucians brightened, they didn't expect that Shentu Tianyin was so generous, so he sent out hongmengyuanshu.

He thought, "it seems that the daughter of Shentu Tianyin is really entangled with the reincarnation Lord. In order to find out the life and death of the reincarnation Lord, she is willing to pay such a price."

The great source of magic like "the disaster of the dead" is of great value, but Shentu Tianyin sent it out without blinking.

Obviously, in her heart, nothing is more important than finding out Ye Chen's life and death.

The Confucianist was afraid that she would repent, so he quickly accepted the jade slips of Yuanshu, and then offered a sacrifice to Tianxing, saying, "this is the picture of the fall of the reincarnation Lord. Please check it carefully."

On the wish star, the clouds are surging, and then a picture emerges, which is that ye Chen starts the gale and thunder explosion, and even himself is affected and completely destroyed.

Shentu Tianyin also vaguely captured this picture by means of deduction. Seeing the clearest picture at the moment, he could not help shaking.

What shocked her was that after this picture, there was no longer any continuity of cause and effect, and all the breath was cut off.

In other words, ye Chen has no follow-up, it is indeed falling.

If ye Chen is still alive, no matter where he hides outside the country, or goes back to the seven great gods, or even goes back to distant China, he can't escape the tracking of the wish stars.

"Ha ha ha, is that boy dead at last?"

Shentu Tianyin confirmed the picture and couldn't help laughing. He was very happy.

From then on, her daughter's all need not worry again!

Confucius said with a smile: "Congratulations, madam. Once the reincarnation Lord dies, Qianjin will surely wake up and will not waste time on a dead man."

Shen Tu Tian Yin nodded with a smile and said, "I hope so. Please give me a Fu Zhao as a certificate so that I can take it back and let my daughter die."

The Confucian said, "this is simple."

Then he pinched a formula to urge Tianxing to condense the picture of Ye Chen's fall into a Fu Zhao, and sent it to Shentu Tianyin, saying, "madam, just take it." Shentu Tianyin accepted the imperial edict. He sighed with joy and felt sorry for the fall of Ye Chen.

Although she hated Ye Chen, Ye Chen was the master of reincarnation after all. Her blood was so strong that even the ten great heavenly kings and ancestors would be shocked and moved.

It's a pity that these great people with infinite future will die in their own hands, but in the hands of the Confucians and others.

After a long time of thinking, Shen Tu's body glowed, and then gradually faded away. He left the Confucian temple and returned to the supreme world.

When the Confucianists saw Shentu Tianyin leave, they were naturally relieved. They got the jade slips of the natural disaster of the dead. They were overjoyed. They thought to themselves that they could further fight against xuanjiyue if they could practice this hongmengyuan skill.

Chapter 5802

After returning to the supreme world, Shentu Tianyin came to a forbidden area in the back mountain of his family.

In this forbidden area, there is a sword in the mountain. That sword has a vast and majestic atmosphere. A little bit of the sword spirit is released, as if it can suppress the world. It's the Wuwei Heavenly Sword in the eight heavenly swords!

Wuwei Tianjian is the treasure of Shentu family!

Now this sword, inserted on the top of the mountain, no one can pull it out.

Even Shentu Tianyin was not recognized by Wuwei Tianjian and could not pull out the sword.

This sword was originally made by the ancestor of the sword God, but later it fell into the hands of the Shentu family. It absorbed hundreds of thousands of years of local aura, as well as the worship belief of the past generations of the Shentu family's strongmen. It has already gone beyond the control of the ancestor of the sword God. The killing power of the sword aura is thousands of times stronger than when it was just released. It's really a terrible weapon.

Shentu Tianyin walks to a cliff on the mountainside, where the cliff is a protruding stone platform, facing Wuwei Tianjian on the top of the mountain.

A pale, haggard and pitiful woman was imprisoned on the cliff, her hands and feet were shackled, and she was exposed to the wind, sun and rain. She looked very pitiful. It was Shen Tu Wan'er.

If ye Chen were here, he would be very sad and shocked, because Shen Tu Wan'er was so down and haggard that she didn't have any graceful appearance in the past.

Shentu Tianyin was heartbroken to see her daughter like this. She couldn't help but shed tears. She went up and hugged her and said, "Wan'er, are you ok?"

She knew that Shen Tu Wan'er was imprisoned here and suffered a lot. The Wuwei Heavenly Sword on the top of the mountain, at noon every day, would send out sword Qi, penetrating people's mind and soul, making people suffer a lot.

Shen Tu Wan'er has obviously been tortured by Wuwei Tianjian these days. If it wasn't for her strong cultivation, she would have died by now.

It is extremely cruel for Shen Tu Tianyin to detain her here.

Shen Tu Wan'er saw her mother coming, her teeth biting her lower lip, her eyes full of tears and silent.

Shentu Tianyin gently trimmed her hair and said: "Wan'er, my mother is also forced. You have a deep love for ye Chen. You have to be destroyed. You are the hope of the rise of Shentu family. It's up to you to pull out the Wuwei sword in the future."

At that time, Shentu family got Wuwei Tianjian and put it on the top of the mountain. They wanted it to absorb the aura of the earth and nourish it a little, but they will pull it out again in a few years.

But unexpectedly, Wuwei Tianjian took root and could not be pulled out any more. It even absorbed the aura of heaven and earth and became powerful.

Today, the sword power of Wuwei Tianjian is so powerful that it can't be imagined. Even if the ancestor of the sword God comes, he can't pull out the sword or control it.

It can be imagined that once the sword is pulled out, it will be absolutely earth shaking and dazzling.

This sword is also the hope for the rise of Shentu family.

If we can pull out the Wuwei Heavenly Sword, the Shentu family will have enough strength and good fortune to fight against the ten great heavenly kings.

The Shentu family is not a royal family. They can't participate in the world's top layout and get the most profits.

Shentu Tianyin has always been worried about this, so he places all his hopes on his daughter.

Shen Tu Wan'er gritted her teeth and said, "I'm about to be killed. What else can I talk about

Shentu Tianyin said: "Wan'er, I'm sorry. My mother scolded me too much and put you in this forbidden area. But don't worry. I'll let you out right away."

With that, Shentu Tianyin unties the shackles on Shentu Wan'er's hands and feet, and burns her own essence and blood aura to recuperate Shentu Wan'er.

Shen Tu Wan'er was surprised and said, "mother, what are you doing?"

Shentu Tianyin took out the talisman of Tianxing and said, "dear daughter, you see, the Lord of reincarnation is dead. There is no breath of him in the world, and you don't have to sink for him any more."

"You... What do you say, ye Chen is dead?"

Shen Tu Wan'er was shocked, but he saw that the light of the wish Tianxing Fuzhao was blooming, showing the picture of Ye Chen's explosion, and then there was no sound.

"This... This is impossible!"

Seeing this picture, Shen Tu Wan'er was shocked.

In fact, she doesn't know her mind or whether she really likes Ye Chen, but her mother forcibly imprisons her, arouses her rebellious heart and deepens her feelings for ye Chen step by step. These days, she has reached the point of deep attachment.

She was killed by Tianjian every day, and she could not die because she remembered Ye Chen. At this moment, when she saw Ye Chen burst out, her heart was full of blood, her brain was buzzing, her hands and feet were cold, and she even suffocated her breath. Shen Tu Wan'er naturally knows the power of wishing Tianxing. If she can't figure out the follow-up of Ye Chen even wishing Tianxing, it means that ye Chen has no follow-up. This picture is the last one before he died.

"No, I don't believe it! I didn't see his body. I don't believe he's dead! "

Shen Tu Wan'er was hoarse and couldn't believe the reality.

Shentu Tianyin said: "my dear daughter, I know you are very sad, but you are dead. You have to go back to have a rest for a few days to prepare for pulling out Wuwei Tianjian in the future."

She knew that ye Chen was dead, so she spoke to her daughter in a gentle way, cherishing her a lot, and even asking her to be patient.

Shen Tu Wan'er was so sad that she burst into tears. She gritted her teeth and said, "no, I'm going down to find him!"

Shen Tu Tian Yin grabbed her hand and said, "my dear daughter, I'm dead. What's the trouble? Is there anything wrong with the deduction of wish star? "

Hearing this, Shen Tu Wan'er was shocked and froze in the same place.

The past came in waves.

She listened to her mother's order and went to heaven and man to take cold things. But she met someone she hated and loved all her life.

She was originally a Wuchi, but she met a man who swore to protect Wei Ying.

Two people fight, between life and death, you come and I go.

Ben could only have survived one person.

But I didn't expect that the so-called enemy would help when he was in a crisis of life and death.

Once upon a time, in the supreme world, Shen Tu Wan'er never believed in feelings.

I don't believe that there is so-called goodness and sincerity in the martial arts world!

Her survival law tells herself that living is the biggest rule!

Any enemy must die!

However, in those days outside China, the man named Ye Chen overturned her world view in a moment.

It made her dazed and confused.

She is taking to examine of vision attention leaf Chen of every behavior.

The more she understood, the more she found the special charm of this man.

She had never felt that way for anyone.

Chapter 5803

She doesn't know whether it's love or not, and she doesn't know how ye Chen will treat herself. After all, she once did it to the people of alchemy.

It's cause and effect, but there's a sin in the hand.

She always thought it was because of the debt in her heart that she helped Ye Chen many times.

Until one day, she suddenly fell into it unconsciously.

And that day, she had a premonition of the deep cause and effect for the disciples of wanxu.

But she didn't regret it.

If she never did it again, she would.

After that, her mother imprisoned herself here. She thought it would take a long time to see ye Chen again.

Or one day, she fantasized, ye Chen suddenly stood in front of himself, and then stretched out his hand to take himself away.

All these illusions were disillusioned at this moment.

Ye Chen is dead.

The guy who made her sleep day and night disappeared into the world forever.

Their story is over.

"Come on, I'll take you back to rest."

Taking this opportunity, Shen Tu Tianyin takes Shen Tu Wan'er down the mountain, settles her in a secluded courtyard, and then sends someone to take strict care of her.

This is house arrest.

She was afraid that Shen Tu Wan'er would go abroad again, so she sent someone to watch her.

Shen Tu Wan'er also thinks that ye Chen is dead, but he never thinks that ye Chen has gone to the center of the earth.

The legend of the earth's heart is rare in the Taishang world. In order to maintain their own mysteries and protect the geomantic omen of their ancestral land, the ancestors of the ten Heavenly Kings tried their best to cover up their past.

People in the supreme world only know that all the heavenly kings and ancestors have risen from other places, but they don't know that there is a place in the earth.

At the same time, in the realm of heaven and man, Wei Ying and Ji Siqing naturally do not know the existence of the earth. These days, they are looking for a person, that is Xia Ruoxue.

Ye Chen's death, they need to let Xia Ruoxue know.

After all, Xia Ruoxue has had a relationship with Ye Chen, and her identity is very important.

Xia Ruoxue has been accompanied by Ye Chen from China.

If among all the women, who is most qualified to stand beside Ye Chen, it must be Xia Ruoxue.

At this time, Xia Ruoxue was practicing in a place with bright moon and deep sea.

Mingyue Tianshu, which she practiced, was originally a small source skill. Later, she was promoted to a big source skill. In the future, it may even surpass the nine heaven skill.

The breath of the moon and the book of heaven, and Xia Ruoxue really fit, it is set for her.

This little source skill, in her hands step by step upgrade metamorphosis, perhaps one day, really comparable to the nine heaven God skill.

In the deep sea, Xia Ruoxue absorbs the moonlight, and the bright moon letter floats over her head, releasing strands of cool moonlight around her body, making her skin as bright as the moon, and her beautiful figure as sacred as the goddess of the moon.

Whoa, whoa, whoa!

The bright moon and the book of heaven suddenly burst into full bloom. The moonlight runs through the dark deep sea. The smell of Xia Ruoxue soars at this moment. It is a breakthrough at one stroke!

The key is the breath of Taizhen!

It's not just Taizhen!

Ye Chen's cultivation speed is severely suppressed because of the reincarnation blood host, but the potential is amazing!

And Xia Ruoxue had a reincarnation blood in her body after she had a relationship with Ye Chen!

This reincarnation blood makes her practice faster to the extreme!

In addition to the chance, the moon and the book of heaven, the secret world of Taoism, and the decline of extraterritorial Taoism, this is a chance for Xia Ruoxue to rise against the sky.

Key these days, all people are running, only Xia Ruoxue concentrate on training!

"Good. Finally it's a breakthrough."

Xia Ruoxue opens her eyes, and her body has its own dignity. She opens all the sea water, and then flies out of the deep sea and directly to the sky.

At that time, it was the night. The full moon was hanging high. Xia Ruoxue's body was extremely beautiful in the moonlight.

If ye Chen is here, I'm afraid I can't help but make love with her.

"I don't know where ye Chen is now?"

Xia Ruoxue sensed the breath of Ye Chen and caught a faint fluctuation.

"Why is his sense of cause and effect so weak? Is something wrong with him?" Sheraton was shocked. The fluctuation of causal breath could be described as dying. It was so weak that it was almost imperceptible.

She didn't know that ye Chen was in the center of the earth, and heaven closed her way. She just thought that ye Chen was seriously injured and on the verge of death. She couldn't help but feel anxious. She quickly pinched her fingers and tried to lock Ye Chen's position.

Hiss!

At this time, however, there are two rays of light. It turns out that they are Wei Ying and Ji Siqing. They finally capture Xia Ruoxue's breath and tear the void.

"Wei Ying, Siqing, why are you here?"

Xia Ruoxue was surprised when she saw the two women's faces.

Wei Ying and Ji Siqing look at each other and don't know how to speak.

Xia Ruoxue had an ominous premonition and asked, "what happened?"

Wei Ji and her two daughters were silent for a long time. After a long time, Wei Ying said, "Ruo Xue, we want to tell you something. You must be calm."

Xia Ruoxue said, "you say it!"

Wei Ying took a deep breath and said, "Ye Chen is unfortunate to fall. He may have been... Gone."

Xia Ruoxue was shocked when she heard the bad news and said, "what?"

Ji Siqing took her arm in the past and said sadly: "if snow, we can't protect Ye Chen. I'm sorry."

In fact, Wei Ying and Ji Siqing both heard the news from the Confucian temple.

Together with xuanjiyue, annihilating Jianling and others, the Confucianists urged the heaven star to investigate Ye Chen's life and death, and finally determined that ye Chen was dead.

The two girls were hoping for something, but since they couldn't find Ye Chen's whereabouts, ye Chen must have had an accident and didn't leave any cause and effect.

In their hearts, naturally, they were extremely sad.

Xia Ruoxue heard the news, faintly felt something wrong, said: "I thought you came to tell me that ye Chen was seriously injured, did not expect you directly said he was dead, how can this be?"

Wei Ying and Ji Siqing stay at the same time, but they are a little surprised. They look at Xia Ruoxue and think she doesn't want to accept the reality.

Xia Ruoxue said: "how ye Chen died, you tell me."

Wei Ji's two daughters looked at each other, then simply told Xia Ruoxue about the hundred day engagement, and specially mentioned the deduction of the wish star.

Xia Ruoxue stayed for a while and said: "is Ye Chen dead? But how can I still feel his breath? "

Wei Ying and Ji Siqing were shocked and said, "what are you talking about?"

Even wish to look at the sky star, can't find the whereabouts of Ye Chen, two women think ye Chen dead, didn't expect Xia Ruoxue actually said, she can feel Ye Chen's breath.

Xia Ruoxue said: "I'm sure Ye Chen is still alive!"

Wei Ying said: "Why are you so sure? Is it even wrong to wish for the stars? "

Xia Ruoxue blushed and said: "I... I don't know, but I had that kind of relationship with Ye Chen, so there is a trace of reincarnation in my body. As long as he is still alive, I can feel it."

Chapter 5804

"If you don't believe it, you... You can find someone who feels the same as me..."

Wei Ji's two girls blush at the same time, but they are surprised to hear that ye Chen is still alive.

Ji Siqing asked: "where is he now?"

Xia Ruoxue felt it carefully, but couldn't lock Ye Chen's position, and said: "I don't know, his breath is very weak, he may be seriously injured, and the cause and effect is uncertain. I can't catch his specific existence, but I'm sure he is alive, because we... We have done that kind of thing, so..."

At the end of the day, mumbling, It's a bit of a shame.

Seeing Xia Ruoxue's appearance, Ji Siqing thought to himself, "can you get a trace of reincarnation after having a relationship? It's a pity that he and I haven't..."

Thinking of this, Ji Siqing could not help regretting.

If she and ye Chen had that kind of relationship, maybe these days, they would not be so worried.

Aware of this idea, Ji Siqing was dumbfounded and ashamed. He thought, "what's wrong with me? That guy's blood hasn't recovered to the peak. How can he be qualified to touch me?"

In Wei Ying's heart, she was also inexplicably regretful. Her cheeks were flushed, and she felt the same shame.

The three women made eye contact, and each felt extremely embarrassed.

"Cough..."

Finally, Wei Ying broke the silence and said: "since he is not dead, let's go to find him, no matter where the world is."

Keith nodded and said, "well, I hope he's still alive when we find him."

Xia Ruoxue said: "certainly, ye Chen will not die!"

After the agreement, the three women set out together to find Ye Chen.

Although no clue, but at least people are still alive, there is always hope to find.

.....

Not long ago, on an island full of pear flowers.

Yanyu immortal, Bai ruoli, is living in seclusion here.

Lei Yan, the subordinate of Ye Chen, has brought the news of Ye Chen's death here.

Yanyu immortal Zun is extremely sad and deeply remorseful. If she could stop Ye Chen at the beginning, ye Chen would not die.

After mourning, Yanyu xianzun wanted to sacrifice himself.

Ye Chen is dead, what qualification does she have to live in this world?

She has been trying to live all these years because she knows someone is waiting for her.

The layout of the Lord of reincarnation needs his own link.

She can't relax, can't give up, can only wait slowly.

However, it's not easy to wait for the reincarnation master of this life!

Is knowing that ye Chen will use this method, she still did not stop success.

She did her best, she did.

These days, she kept silent in her own dreamland.

In the dreamland, she created Ye Chen, but the sadness still can't be covered up, because she knows that the real Ye Chen has left all the time.

She broke all the illusions and woke up with a sword in her hand.

"Lord, since you have fallen, I will go with you to the yellow spring, at least let you not be lonely below."

Lei Yan obviously sensed something and rushed in fiercely!

The door broke in an instant!

When Lei Yan saw that Yanyu xianzun wanted to commit suicide with his sword, his face changed greatly!

But he got the Lord's explanation, must not let the misty rain immortal Zun have an accident!

But before he got close, a stream of smoke surrounded his body.

Even though his strength is terrible, he still feels a trace of rule suppression in a moment.

Misty rain fairy Zun beautiful Mou one coagulates, light way: "thunder nightmare, you are in my territory, don't act rashly."

"Thank you for bringing me the news. Once again, I hope to ask you one thing."

"After my death, please bury me with the Lord. I want to accompany him forever, so that he won't be lonely below."

Lei Yan's eyes are dignified. She knows that this time, she can't stop it!

Misty rain fairy closed his eyes, and the killing opportunity was surging. At the moment when the sword was about to attack him, there was a strong fluctuation in the void around him!

There is a scarlet blood moon on the sky!

At this moment, Yanyu xianzun found that he could not go any further. Because there are two people on the island.

Is Ren extraordinary and Su Mo cold!

They stepped out of the void. Ren Fanfan glanced at Yanyu xianzun and sighed. Then, with a wave of his big hand, the sword broke away from Yanyu xianzun's hand!

Naturally, Yanyu xianzun recognized Ren Fanfan. He was surprised: "Mr. Ren, I..."

Ren extraordinary light way: "you shouldn't be so silly, things have not been clear, so quickly want to end?"

"Now, take me to see the two endings Ye Chen saw that day."

Yanyu xianzun is slightly stunned. Although she doesn't understand the meaning of Ren Feifan's words, she knows that Ren Feifan's information channels and means are unmatched.

Is all this really turning for the better?

"OK, but my strength is limited, maybe..."

Before Yanyu xianzun finished, Ren Fanfan said: "Mo Han and I have enough ability to peep, but this is your card after all. If we want to see those two endings, we still need your guidance."

.....

"So there are two endings in Wonderland?"

After several days on the island, Ren Fanfan has seen two endings in the dreamland.

Su Mo Han secretly congratulates, looking at Ren extraordinary way: "fortunately I stopped you, otherwise you may really want to fall."

The second ending was really terrible. Although Ren Feifan showed great power and killed the Confucian temple and the Queen's palace, he was also locked by the big figures behind the chess game and was finally replaced by the limit.

Ren Fanfan snorted and said, "the royal family of wanxu was really fierce. They want to replace me as soon as they change one. Do they hate my Ren family so much?"

Yanyu xianzun and Leiyan stand on one side. Now the second ending doesn't happen, and the first ending repeats itself, which is extremely tragic.

Yanyu immortal said with tears, "master Ren, my Lord has fallen. You must avenge him."

Ren extraordinary way: "white girl, you don't have to be too sad, ye Chen that boy hasn't died."

Misty rain fairy Zun a Leng, way: "he... He is not dead?"

Next to Lei Yan said, "master Ren, is my Lord still alive? I've heard that the Confucianist used the wish star to investigate. He really fell. We haven't dared to tell the blood dragon about the news up to now. "

"I'm afraid of the blood dragon because of the fall of the Lord..."

Ren Fanfan said: "if that kid really fell, this chess game will have amazing changes, but at present, the chess game is stable. Although we are at a disadvantage here, he is still alive."

Misty rain fairy Zun surprised: "really? So... Where is my lord? "

Her heart is only concerned about ye Chen, if ye Chen really died, she really do not know what to do.

## Chapter 5805

After all, ye Chen escaped from her at the beginning. Once Ye Chen fell, she was responsible.

Su Mo Han frowned and said: "yes, Ren, if that boy is still alive, where is he? I don't feel a bit of him. "

"It's too weird. You and I should be able to detect it with our accomplishments."

Ren Fanfan pondered for a while and said, "I didn't catch his breath. There are only two explanations. First, he flew to the supreme world..."

Su Mo cold way: "this is impossible."

Ren Fanfan nodded and said: "I also know it's impossible, so there's only one explanation left. He should have accidentally fallen into the mysterious and legendary earth center."

Su Mo Han, Yan Yu Xian Zun and Lei Yan were surprised at the same time and said, "the earth's heart?"

Ren Fanfan said: "it is said that there is another geocentric region outside the region. Only the geocentric region can cover my level of exploration. That place is also my ancestral place."

Su Mo cold surprised way: "is your ancestral land?"? What is the center of the earth? Is it hidden in the center of the earth? Where did you get out of? "

Ren Fanfan said: "the geocentric region is in the geocentric world. Although that place is my ancestral place, I haven't been there. My hometown is not there. It's..."

At this point, after a pause, he seemed to have some scruples. He didn't say any more

"In a word, the boy is missing. He has to fall into the center of the earth, There is no other possibility

Yanyu immortal said: "elder Ren, I want to meet my Lord. How can I go to the center of the earth? I've never heard of this place before. Where's the entrance? "

Ren Fanfan said: "I don't know where the entrance is, but there are many hidden ancient mysteries in the realm of heaven and man. There is always a secret place where there will be clues from the earth's heart."

Misty rain immortal Zun said sadly: "clues? When is it going to be? "

Ren Fanfan said: "don't worry. In my realm, you can find the entrance information of the earth's heart soon. White girl, you will stay here and wait for my good news. Don't do anything stupid."

He knows that Yanyu xianzun is a character in the temple of yin and Yang, and also a part of the chess game. If Yanyu xianzun decides to fall, it will have an impact on the Qi luck of the chess game.

Yanyu xianzun naturally knows Ren's extraordinary strength, which is the existence that even the reincarnation master of the previous life admires incomparably. He says: "well, senior Ren, I'll wait for your good news."

Ren Feifan nodded and said to Lei Yan, "Lei Yan, you will stay and take care of the white girl."

Lei Yan said, "yes!"

Ren special command finished, said: "Mo Han, let's go."

Then, he left with Su Mo Han.

.....

Soon, Ren Fanfan came to an ancient gate.

It's just one person.

He must come to this secret place by himself.

There are four big characters on the gate, which is the end of Gudang.

This is a special corner of heaven and man. If it were not for the decline of heaven, this secret corner would not be exposed so easily.

This secret place has a long history, even the prohibition has disappeared.

"Ye Chen, ye Chen, I wish I could find the entrance to the earth's heart."

With that, Ren Fanfan stepped into the gate of Gudang.

Void fluctuations, Ren extraordinary figure completely disappeared.

When Ren Fanfan opened his eyes, he found himself standing on a cliff.

There is chaos and void around.

And in the void, there are ten great peaks.

The huge peak is like a person's finger. It seems to suppress everything.

Ren extraordinary face is not to see the expression, but the eyes are full of dignified.

"Over the years, I have been involved in tens of thousands of mysteries. It's the first time I've come across such mysteries. The word "Gudang" was meaningful at that time."

Ren extraordinary step out, is to appear on a huge peak.

But strangely, when he stepped on the huge peak, he found himself back on the original cliff.

Ren Fanfan's pupil blood circulation, showing a funny smile: "I haven't met such an interesting thing for many years. In that case, I'll see what's hidden in the legendary ancient Dang miracle."

.....

At the same time, in the center of the earth.

Ye Chen is eager to return. He knows that the blood god, Ji Siqing, Ren Feifan and others are waiting for him to go back. After he and Mo Hanxi come out of the secret place of Qinglong, they rush to the Mo family. The two returned to the ancient city of Feifeng. It was already dark. They walked side by side in the darkness.

Mo Hanxi thought that Ye Chen was going to leave. He was sad and couldn't bear to leave. He took his arm and put his soft body on it.

Ye Chen's mind swings, and he doesn't want to cause more cause and effect. He speeds up without any trace and gets rid of her arm.

Mo Hanxi's heart is greatly lost, but at this time, he heard a "boom" in front of him. The sky was violently shaken, the law of space was broken, and there was endless brilliant and white light, constantly rolling.

In the light of the holy light, there is a magnificent and vast palace.

Powerful figures, wearing holy armor and holding holy sword, are surrounded by light. They are like gods in myths and legends. They are brilliant and invincible. They come to the sky above the magic tree of Mojia and the treasure tree of Fengqi.

"Ha ha ha, Mo family is a slave of Mo Yuanzhou. Get out and die!"

A powerful young man holding an Epee stands in the void, surrounded by hundreds of strong men behind him. He thunders and shakes the whole feifeng ancient city.

Chapter 5806

"No! It's the apostle of the judgment hall, Chen Xiao! He hurt my grandfather a hundred years ago

Mo Hanxi saw the figure in the sky and exclaimed.

"The apostles of the judgment church?"

Ye Chen is also a surprised, see this group of people aggressive appearance, obviously bad intentions.

Mo Hanxi said: "the core power of the judgment temple is called the judgment 72 heaven array. You have seen that the array needs 72 people to perform. There are 72 apostles in the temple. They are the core of the array, and each one is extremely powerful. Chen Xia is one of the 72 apostles, and his cultivation is probably in the sixth or seventh heaven of Taizhen."

Ye Chen way: "too true realm six seven layer sky, also not too fierce."

Mo Hanxi said: "no, every apostle can use the magic power of the judgment hall. The strength can't be seen on the surface. The real combat power is even enough to cross several small realms! It's easy to go over the top and fight

"What?"

Ye Chen was a little surprised. Looking at the empty shadow of the holy hall palace suspended in the sky, he felt a tremendous pressure, which was much greater than when he faced Lynch.

And the whole feifeng ancient city, the Mo family of the whole city, seeing the sudden arrival of the holy hall apostles, were extremely shocked. They pulled out their weapons, sacrificed their magic weapons, and prepared to meet the enemy.

Under the Fengqi tree, many of Mo's blood disciples were shocked and disgraced. They did not expect that there would be a holy hall apostle.

"No, patriarch, the judgment hall is coming! It's the old apostle Chen Xiao who came here

Someone reported to the patriarch Mo Yuanzhou, whose voice was full of anxiety.

Mo Yuanzhou heard the sound outside and strode out.

"Chen Xiao! How did you break the guard of my mo family? "

Looking at the powerful figure holding the Epee in the sky, Mo Yuanzhou's look changed.

The ancient city of feifeng, where the Mo family lived, is guarded by a large array. If the enemy attacks, the array will be launched immediately, and it is difficult for the enemy to attack.

Even if we break the battle by force, we have to pay a great price.

"The saint took the initiative to use the essence and blood of his own life, and quietly destroyed your great array. It's a proper death for you to be destroyed today."

"Mo Yuanzhou, hand over Fengqi tree and youhuang Tianjian. I'll leave you a whole corpse!"

With a cold smile, Chen Xiao slashed his epee and killed him in the air. The white light on his sword was shining and echoed with the shadow of the holy palace in the sky.

This sword has the power of heaven!

"It turned out that he was the master of the verdict. He didn't hesitate to waste his life's foundation and fight to lose both sides, but also wanted to destroy my mo family?"

When Mo Yuanzhou's pupils shrink, he must know that the judgment hall is the magic weapon of the ancestors of the ten thousand ruins in the past. It's really indescribable how powerful it is.

In the face of normal Chen, he is not afraid, but in the face of Chen, who is blessed with the power of the judgment hall, he has no chance of winning!

This is the magic power and terror of wanxu's magic weapon!

It can even be said that Chen Xia is his nemesis at the moment!

Seeing Chen mandrill cut off with one sword, Mo Yuanzhou felt boundless pressure. However, the life and death of the whole family depended on one shot, so he could not shrink back.

"Thousand ice sword, kill!"

Mo Yuanzhou suddenly drank, pulled out his long sword, jumped up, and rolled up the cold air of frost. The cold air suddenly turned into a thousand ice swords and chopped at Chen Xia.

"A small skill of carving insects!"

Chen Xia didn't care. The Epee was still cut down like a thunderbolt. First, there was a bang, then a bang. The thousand ice swords were broken by him.

"What

Mo Yuanzhou was shocked to see Chen mandrill's fierce appearance.

In the distance, ye Chen and Mo Hanxi are rushing to the battlefield.

Ye Chen saw Mo Yuan state thousand ice sword means, suddenly heart a shock, way: "thousand ice sword, this is not once reincarnation cemetery thousand Jue Xuannv Mo Ning'er's magic power?"

Mo Ning'er is a great power in reincarnation cemetery. Ye Chen was taken care of by her in her early years. The thousand ice sword is mo Ning'er's magic power!

"Have you ever had such a character as Mo Ning'er in your Mo family?"

Ye Chen asks Mo Hanxi about the capital.

Mo Hanxi said: "Mo Ning'er? Brother ye, how do you know her? She is a genius of our Mo family who appeared tens of thousands of years ago. If she had been practicing hard in the earth's heart, she would have inherited the position of patriarch within ten thousand years. But I don't know how she disappeared and where she wentYe Chen's eyes contracted. In this way, Mo Ning'er, the daughter of qianjue Xuan, probably came from Mo's family. She was the pride of Tianjun's family, and later left the earth.

In other words, geocentric region is mo Ning'er's hometown, and Mo's family is her family!

The cause and effect is really mysterious.

"Thousand ice sword formation!"

In the sky, Mo Yuanzhou was unwilling to fail. He shot again. A pair of ice swords converged and turned into a terrible sword with a length of thousands of feet. He killed Chen Xia fiercely.

"Don't you give up? I have been sheltered by the heavenly power of the holy hall. My strength is far stronger than before. How can you be my opponent? "

Chen Xia watched the huge ice sword coming. He was not afraid at all. He waved his left fist fiercely. The holy light, which was more brilliant than the sun, burst out from his fist.

"Holy hall Beidou magic boxing!"

With a violent drink, Chen mandrill's holy fist was smashed out like a dragon. The front of the fist broke the air and made a sharp sound explosion.

Bang!

With one blow, Mo Yuanzhou's ice sword was suddenly smashed.

Even, Chen Xia's fist, still maintain the prestige, a fist like thunder, hard hit on Mo Yuanzhou's chest.

Click!

Mo Yuanzhou broke his ribs on the spot and burst out blood. In the blood, he even had some visceral fragments. He was seriously injured by a blow.

Bang!

His body, like a shell, was smashed to the ground.

"Patriarch!"

Around the Mo family people, suddenly lost their voice exclaimed.

"Daddy

When Mo Hanxi saw this, he was also scared to lose face.

"Ha ha, a group of mole ants, the Lord asked me to test, who knows you mo family is so useless, I an apostle, can kill you all! Kill all the people and take away the Fengqi tree! "

After Chen mandrill stopped drinking, hundreds of disciples in holy armor behind him called out in unison and came down to the Mo family like gods.

Mo Yuanzhou was seriously injured and dying, and the whole Mo family's moral heart almost collapsed. Seeing that the disciples of the holy hall came to kill him, he lost his momentum first, and could only defend against him in embarrassment.

Ye Chen looks at the situation of this scuffle, his face suddenly becomes extremely ugly, and his heart rises with rage.

"Unforgivable!"

Ye Chen stares at Chen mandrill in the sky, his eyes explode, his feet step on the ground, and his body soars to the sky.

Mo's family is mo Ning'er's. Ye Chen's failure to rescue Mo Ning'er leads to her being detained by xuanjiyue. He feels extremely guilty. Now he sees that Mo's family has died, so he can't just sit back and watch.

"Hongmeng big starry sky, open!"

Ye Chen a burst of drink, Hongmeng big starry sky directly open, the sky emerged a wisp of Hongmeng auspicious, bright stars shining.

Chapter 5808

If there is another apostle at this time, he will be in danger.

Fortunately, this attack and killing, the verdict of the church is just a trial, only sent Chen Xia to come.

After Chen mandrill's fall, all the disciples of the holy hall were shocked and depressed, and they lost their will to fight.

"Kill

The Mo family took advantage of this opportunity to fight back immediately. They killed all the disciples of the holy hall, killed them, and captured them. The battle soon ended.

"Master, I protect your hometown for you."

Ye Chen thinks of Mo Ning'er in his heart. Hearing the sound below, he puts away the ghost Sky Sword and lands from the sky.

Mo Hanxi and a group of Mo family members, looking at Ye Chen's figure falling from the sky, all of them are speechless.

In their eyes, ye Chen at this moment is just like the existence of a heavenly king. He is extremely strong and invincible.

If it wasn't for ye Chen, the Mo family would be in danger today.

"Is he really the one who broke the forefathers' prophecy?"

Someone murmured, thinking of the old legend.

"Brother ye..."

Mo Hanxi goes to Ye Chen and doesn't know how to say anything.

"It's all right."

Ye Chen looks around, no one dares to touch his eyes.

Before that, people of Mo family wanted to kill Ye Chen to worship their ancestors, but now ye Chen has saved them regardless of the past, which is a shame in everyone's heart.

No matter who ye Chen is, whether he is a stranger or a descendant of Wuzu, in short, if ye Chen didn't exist today, the Mo family would be destroyed.

The enemy attacked and killed too fast, and the guard array suddenly failed. The Mo family couldn't react.

If the Mo family is prepared, it may not be so embarrassed to rely on the power of Fengqi tree.

"Your father is injured. Save people first."

Ye Chen looks at Mo Yuanzhou, who is seriously injured, and releases the eight trigrams heavenly elixir. A stream of Taoist aura falls on the latter, nourishing the latter's injury.

However, Mo Yuanzhou was too injured to wake up for a moment.

Although Mo Yuanzhou had detained Ye Chen, ye Chen still had to rely on Mo Yuanzhou to get the key to open the eternal door and return to the outside world. Naturally, he could not watch the other party die.

People see ye Chen forget the past to save people, the heart is ashamed.

Fortunately, with Ye Chen's treatment, Mo Yuanzhou's injury is no longer serious, so the left and right Dharma elder will carry him back to his bedroom and warm him up with a panacea.

Ye Chen is still thinking about the Shenshu Fu Zhao, so he and Mo Hanxi serve together in the bedroom, waiting for Mo Yuanzhou to wake up.

Three days later, Mo Yuanzhou woke up.

"Daddy

When Mo Hanxi saw his father wake up, he was overjoyed.

"This is..."

Mo Yuanzhou wakes up and sees Ye Chen. His eyes are in a trance.

The elder who protects the Dharma tells Mo Yuanzhou about the past.

"You... You killed Chen Xia?"

After hearing this, Mo Yuanzhou was greatly surprised.

He is very clear about Chen Xia's strength, but he was killed by a stranger named Ye Chen.

Mo Hanxi was a little excited and said, "Dad, fortunately there is elder brother ye, otherwise our Mo family will be in danger."

Ye Chen smiles and says, "I'm lucky for a moment. Here's a letter. Please have a look."

At present, he took out the letter from Mo Hongji and handed it to Mo Yuanzhou.

"It's the old man's letter!"

When Mo Yuanzhou saw the letter, his face changed slightly and his eyes showed respect. He took it with both hands and opened it carefully.

When the elder around heard Mo Hongji's letter, he was also nervous.

Mo Yuanzhou opened the letter, took out the letter, saw the content above, his face constantly changing, cloudy and sunny.

An elder couldn't help asking: "patriarch, what did the LORD say?"

Mo Yuanzhou said coldly, "he said that this boy is the one who broke the game. He told me to give him the magic tree talisman."

The elder said, "what! The divine tree's imperial edict is the key to open the gate of eternal antiquity. Does the ancestor want to let him go and send him back to the outside world? "

Another elder said, "Shh, don't talk nonsense. The lady is still here!"

Obviously, the secret of henggu gate can't be disclosed to the younger generation.

"Dad, I'll go out first." Mo Hanxi stood up and wanted to go out to avoid suspicion.

Mo Yuanzhou said in a deep voice: "no, you're not young. It's time to let you know that there's a special way to get out of the earth's heart besides flying. That's through the gate of eternal antiquity!"

"The gate of eternal antiquity is closed all the year round. It can only be opened by using the ten sacred trees as the key."

Hearing his father's words, Mo Hanxi trembled in his heart and said, "Dad, can you give the key to brother ye now?"

Although she doesn't want Ye Chen to leave, she also knows that there is no good result in forcing her to stay.

Mo Yuanzhou snorted and said, "your grandfather is old and confused. How can you give the Shenshu talisman to anyone? What if you lose it?"

Ye Chen's face sinks, a way: "elder, you are not willing to lend a key to me?"

Mo Yuanzhou said: "I'm sorry, little guy. I can't give you the key. I'm very grateful that you saved my mo family today. In return, I'll give you ten million Tiancha pills. Then I'll lift your wanted order and let you go. But in the future, don't step into my mo family. You are not welcome here! Remember, you are always a stranger

The tone of speaking is very severe.

Ye Chenda was shocked. He didn't expect that the other party was so heartless. His heart suddenly became angry. He was just about to retort. But suddenly, there was a dragon chant outside.

I saw an old man flying in from outside by a green dragon.

Chapter 5809

Along the way, when the Mo family saw the old man, they all knelt down and said:

"Welcome to the emperor!"

The old man flew to the bedroom, and the elder who was protecting the Dharma also knelt down and said, "God, you are in good health and enjoy immortal happiness forever."

This old man is Mo Hongji, the patriarch of the previous generation of the Mo family!

"Grandfather!"

When Mo Hanxi saw Mo Hongji coming, he was very happy.

"Father

Mo Yuanzhou was also surprised. He got up from his bed and stood aside respectfully.

"Good old man."

Ye Chen also saluted Mo Hongji.

Mo Hongji's eyes were fixed on Mo Yuanzhou. His eyes were angry. He flew down from Qinglong's back and said, "kneel down!"

Mo Yuanzhou was frightened and knelt down in a hurry.

Mo Hongji was carrying his hands, and the green dragon was sitting behind him. He looked very powerful and said, "who did you just say is old and confused?"

Mo Yuanzhou trembled and said, "father, listen to me. I don't mean that..."

Mo Hongji snorted coldly and said, "you don't have to say much. My injury is almost good. From today on, I'll take over the Mo family again. You go to Luofeng cliff to face the wall!"

Mo Yuanzhou said: "father..."

Mo Hongji said: "you useless waste, you didn't have any vigilance to kill the door of the holy hall. You were almost exterminated. What's the use of keeping you?"

Mo Yuanzhou said hastily: "father, no, listen to me. I didn't expect that the leader of the verdict would consume his own blood and essence. He would not hesitate to fight against both sides, but also defuse the guard array of our Mo family. This method of eliminating the array is silent, and no one can react in time."

Mo Hongji said: "you don't have to make more excuses. In a word, today you almost destroyed the Mo family. You can't blame it. If it wasn't for brother ye, you'd be dead now and so arrogant to others. Do you really think you are the ruler of heaven?"

Mo Yuanzhou was very ashamed and said, "father, I'm wrong."

Then he looked at Ye Chen and said, "I'm sorry, little brother."

Ye Chen sees Mo Yuan state this appearance, is also secretly surprised.

Just now, Mo Yuanzhou was still a high-ranking figure, but now in front of Mo Hongji, he was extremely humble and did not dare to complain. Obviously, Mo Hongji was the real master of the Mo family because of his great power.

Mo Hongji said, "give me the magic tree's edict. Go to the forbidden area of Luofeng cliff and face the wall!"

Mo Yuanzhou said: "yes!"

At the moment, he didn't dare to disobey. He handed in a signet with a phoenix totem and left the palace silently.

When Mo Hanxi saw his father's down and out figure, he couldn't bear it and said, "grandfather..."

Mo Hongji said: "good granddaughter, your father almost destroyed the Mo family, so you have to accept some punishment."

Mo Hanxi said, "OK..."

Mo Hongji said to Ye Chen, "this is Shenshu Fuzhao. Little brother ye, thank you for saving my mo family. Take this Fuzhao. When you open the gate of eternal antiquity, you can leave the heart of the earth."

Then he gave the imperial edict with the Phoenix totem to Ye Chen.

Ye Chen catches the Fu Zhao and catches a distant echo.

The imperial edict seems to echo with a gate.

The gate, presumably, is the gate of eternal antiquity, and this imperial edict is the key to the door!

This key is hard won!

Ye Chen excitedly arched his hand and said, "thank you for borrowing my key. Thank you very much!"

After a pause, ye Chen felt a little strange again. It seemed that the divine tree's imperial edict didn't match the eternal gate. He always felt a little incomplete.

"Old man, can you open the gate of eternal antiquity by a single edict?"

Ye Chen faintly feels a little wrong, and frowns tightly.

Mo Hongji said, "of course, do you have any questions?"

Ye Chen said: "I always feel something wrong." At this time, he got the divine tree edict, but he didn't have the perfect reaction of cause and effect, which seemed to be incomplete.

Mo Hongji said with a smile, "there's nothing wrong with it. In those years, henggu Shengdi also opened the door by the key of the Hong family. The key of my mo family is not inferior to that of the Hong family. You can open the door and leave with this tree talisman."

Ye Chen still believed his intuition, and said: "Mr. Mo, I feel the fate, but I find that the cause and effect is incompatible, and there must be deformity behind it. You'd better deduce that with a key alone, can you really open the gate of eternal antiquity and let me out?" This matter is very important. Ye Chen doesn't want to go for nothing.

Mo Hongji looks at Ye Chen's solemn appearance, also slightly sinks, pinches finger deduction.

"Well?"

After this deduction, Mo Hongji found something wrong.

"Strange! Come on, please come out of the tree. "

Mo Hongji said in a deep voice.

Hearing this, the left and right elder Dharma protectors were startled and said: "old emperor, the inner core of the divine tree is the energy core of the divine tree, which can't be used easily."

Mo Hongji said: "the cause and effect of the gate of eternal antiquity has changed. I need to investigate clearly. Please come out of the inner core of the tree quickly!"

The two elders were helpless and said, "yes!" Turn around and go out.

Ye Chen is surprised to see Mo Hongji's seriousness. It seems that there is something wrong with the gate of Henggu. It's troublesome. If he can't go out, isn't it bad?

After a while, the two Dharma elders came in respectfully with a jade plate.

On the jade plate, there is a crystal tree core with a phoenix embedded in it. It is obviously the core of the phoenix tree and the energy core. The aura contained in it is as vast as the sea. People feel comfortable when they breathe.

Ye Chen looks at that crystal clear tree core, is also tiny vibration.

The great energy of the tree core was obviously favored by the Supreme Lord. It was blessed by the emperor. If it was refined, it would make his cultivation soar all the way to the true state.

"Lord, please come out the tree core."

The two elders were trembling, their hands holding the jade plate trembled slightly. It was obvious that the tree core was the God of the Mo family. If there was any mistake, their ten lives would not be enough to compensate.

"Well."

Mo Hongji nodded gently, took the tree core, recited a mantra in a low voice, and played the magic formula in his left hand.

"Fall into the sky"

After that, Mo Hongji offered a sacrifice to the tree core. The tree core whirled in the air and fell on the floor of the bedroom. With a crash, it suddenly evolved into a big array of heavenly secrets.

The big array of light surged across the pictures.

These pictures flash very fast. Ye Chen stares at them carefully, but he can't see clearly. He only vaguely sees the virtual shadow of the holy hall, palace, family tree and ancient gate.

As for the connection between cause and effect, he did not know.

"Ah

But when Mo Hongji saw these pictures, he was shocked and stood up.

Chapter 5810

Ye Chen said: "Mr. Mo, what's the matter?"

Mo Hanxi is also anxious: "grandfather, what happened?"

Mo Hongji gritted his teeth and said, "the great event is not good. The judge's original accomplishments have been broken through and he has been promoted to half step heavenly king!"

Ye Chen and Mo Hanxi said: "half step heavenly king?"

Mo Hongji said: "that's right, half a step away from the emperor. It's only half a step away from the emperor's coming to the world! I didn't expect that the cultivation of the original judge had made such a big breakthrough secretly! That's troublesome. "

Ye Chen's eye pupil shrinks, half step emperor, that is, the meaning of half superior. In this way, the Lord of judgment is very close to rising, and is about to become the real emperor, which is worthy of being the magic weapon of the ancestors of wanxu!

A magic weapon can be cultivated to this point.

Ye Chen asked in a deep voice: "what's the relationship between the promotion of the ruler of the ruling and the gate of eternal antiquity?"

Mo Hongji said: "it has nothing to do with the gate of henggu, but it has a great relationship with our Tianjun family."

Ye Chen said, "please give me some advice."

Mo Hongji said: "there is qi movement between heaven and earth. The number of qi movement is constant and invisible to the naked eye, but it does exist. The main purpose of the ruling is to break through the qi movement. The qi movement of our Tianjun family is three times stronger, and the qi movement of our Tianjun family is three times weaker. The Shenshu Fu Zhao is connected with qi movement. Once the qi movement of our Tianjun family is weak, the power of Fu Zhao is greatly reduced."

Ye Chen heart vibration, vaguely understand what, way: "the spirit tree Fu Zhao breath a weak, can't open the eternal door?"

Mo Hongji said: "exactly! In the past, you could open the door with one key, but now you can't. You need at least three keys to open the eternal door. "

Ye Chen said: "three keys, where can I find the remaining two? Are you going to Lin's and Hong's? "

Mo Hongji took a deep look at Ye Chen and said, "yes, it's troublesome. I can lend you the key of Mo's family, but Lin's and Hong's family can never lend it out. In particular, Hong's family was robbed by henggu Shengdi once in those years. Later, they were lucky to get it back. It's absolutely impossible to lend it to outsiders."

Ye Chen said, "if I don't have their key, can I never leave the earth?"

Mo Hanxi said happily, "that's great. Brother ye, you can stay with me..."

In the middle of the speech, he knew something was wrong and blushed. He bowed his head and said, "I'm sorry..."

Mo Hongji got up to pace, frowned, and said, "there is only one key. If you don't have enough luck, it's impossible to open the gate of eternal antiquity."

He has just divined with the inner core of the divine tree, and there is absolutely no mistake in the cause and effect of heaven.

Ye Chen goes back to the past along with the breath of the big array of tree cores, and finds that Mo Hongji's words are true. He has only one key, and can't open the door of eternal antiquity.

The ruler of the ruling broke through to Tianjun, who had occupied a lot of fortune in the center of the earth. Tianjun's family was severely suppressed, and shenshufuzhao also weakened. Only one was far from enough. It was necessary to borrow the shenshufuzhao of the Lin family and the Hong family.

But it's not easy to borrow this kind of God?

Ye Chen said in a deep voice: "old man, do you have any other way? If you need to pay anything, just say so. "

Mo Hongji pondered for a while and said, "for today's plan, it's up to me to send out a letter with flying sword and ask the Lin family and the Hong family to help."

After hearing this, the left and right Dharma guardians said in unison, "my Lord, you mustn't do it!"

When ye Chen hears the speech, he is also shocked. Mo Hongji comes out in person and asks for the help of the Lin family and the Hong family. This is a great human relationship. He has to bear the enormous cause and effect.

"Mr. old, you are willing to come out in person. That's really... Well, I'm very grateful. If you need me, please ask me."

Ye Chen knows that the cause and effect of each other is very heavy, and he feels guilty in his heart.

Mo Hongji was straightforward and said: "ha ha, you don't have to feel guilty. Remember what I said at the beginning, it's natural to act according to heaven and do what you like."

Ye Chen said: "old man, my intention is to repay you!"

Mo Hongji's eyes flickered, and he looked at Ye Chen with a rather complicated look. He was silent for a long time, and then said: "in that case, when you return to the ground, you can help me pay attention to a character."

Ye Chen said: "who?"

Mo Hongji said: "her name is mo Ning'er. She is a former Tianjiao disciple of our Mo family. Unfortunately, she disappeared later. I guess she may have gone outside. But under the conflict of cause and effect, her blood may wither. I don't know whether she is alive or dead. Please ask. With her talent, she will never be unknown."

Ye Chen's heart flashed a beautiful face and said: "yes! The younger generation will pay attention to it. "Ye Chen knows a lot about Mo Ning'er's news experience, but it's too complicated about reincarnation cemetery, xuanjiyue and the layout of ancient times, and it's not clear now.

He thought that besides going out, he must save another part of the great master, save Mo Ning'er, and then bring him back to the center of the earth to surprise the Mo family!

Mo Hongji takes a look at Mo Hanxi and says to Ye Chen, "there's one more thing..."

Ye Chen said, "please tell me."

Mo Hongji said, "I want to entrust my good granddaughter to you."

Ye Chen said, "what?"

When Mo Hanxi heard the word "entrust", he blushed and said: "grandfather..."

Mo Hongji sighed and said, "my granddaughter, she inherited youhuang ', Your blood is extraordinary. You are so powerful that you will step on the Supreme Court in the future. I want you to protect my granddaughter and cure her cold poison in the future. "

Ye Chen said: "old man, you mean that you want me to take care of Miss Mo?"

Later, ye Chen looked at Mo Hanxi and said, "Miss Mo, I've offended you. I'm proficient in medicine. Please give me your wrist. I'll check the cold poison in your body."

Mo Hanxi nodded gently, then handed out the white frost wrist.

Ye Chen takes Mo Hanxi's pulse, and suddenly feels that there is a very gloomy cold poison lurking in her elixir field, just like the eternal ice, even with the law of the supreme world.

The firmness of the cold poison law can't be broken by any means in the world, unless it is the real heavenly king.

An elder said to Mo Hongji: "old emperor, it's very important to entrust the young lady. Please think twice! The young lady, holding youhuang Tianjian in her hand, is the saint of the Mo family. She is connected with the Qi luck of the Mo family. If you entrust her, you will bind the Qi luck of the Mo family with outsiders. "

Mo Hongji waved his hand and said with indifference: "I have my own sense of propriety. You don't have to say much."

Ye Chen's eyes move, Mo Hongji's decision is a gamble.
