Chapter 5811

In fact, Mo Hongji is gambling on the future of Mo Hanxi and the future of Mo's family. He indirectly bets the luck of Mo's family on Ye Chen.

If ye Chen takes off, Mo's family can follow him.

But if ye Chen falls, the Mo family will also decline.

Ye Chen thought that such a gamble, the other side must see that he is the identity of the Lord of reincarnation.

Mo Hongji said: "I don't know what you mean, little brother? If you don't want to, I won't make it difficult for you. I will still help you and ask for the imperial edict from Lin Hong and his family. "

Ye Chen clenched his teeth and was so kind. If he didn't repay his kindness, it would be against his martial arts. He immediately said, "well, old man, I promise you. You look up to me, but I have many enemies in the outside world. If I fall, you mo family's luck will also be involved."

One side of Mo Hanxi, Hear ye Chen agreed, heart a wave, overjoyed.

Ye Chen this promise, equal to the cause and effect of two people, then tied together, in Ye Chen fly up before, all won't separate again.

Mo Hongji also laughed and said, "I can never see people wrong. You will soar into the sky in the future. Even if the ancestors of wanxu and Jianshen join hands to kill you, they may not be able to hold you down!"

With that, Mo Hongji waved his old hand, and a potted plant appeared in his hand.

This potted plant is a green and gloomy tea tree. It's full of green light. It's actually a green dragon tea tree.

"This Qinglong tea tree is the guardian tree of the emperor's family and Xuan's family in the past. The tree core has been destroyed by the holy hall, but the aura is still there. I give it to you."

Mo Hongji gave the tree to Ye Chen.

Ye Chen is greatly surprised, way: "so valuable gift, I can't accept."

Each of the ten sacred trees in the earth's heart is of great value. This Qinglong tea tree is no exception. It once guarded the Xuanjia family. Even if the inner core is destroyed, the aura surrounded by the tree will last for hundreds of thousands of years, which is of great benefit to cultivation.

Such a precious magic weapon, ye Chen naturally dare not accept easily.

Mo Hongji said with a smile: "I'm gambling on you for the future of the Mo family. Naturally, I need to add more insurance. Otherwise, you will fall down. Don't I have to lose everything? Take this green dragon tea tree. "

Ye Chen heart a Lin, way: "is!"

Then he took the Qinglong tea tree and put it in the world of huangquan.

Mo Hongji said, "if you live in the city for a few days, first refine the Qinglong tea tree. I'll inform the Lin family and the Hong family these days to see what their decision is."

Ye Chen said: "thank you, old man!"

If Mo Hongji didn't come forward, it would be impossible for ye Chen to borrow the key. He didn't even know where the Lin family and the Hong family were.

Now, with Mo Hongji coming forward, we can see at least a little hope. As long as we can borrow the keys of the Lin family and the Hong family, ye Chen can smoothly open the door of eternal antiquity, completely leave the heart of the earth and return to the outside world.

The next time, ye Chen will live in the Mo family.

In order to let Mo Hanxi's breath, Mo Hongji tried his best to blend with Ye Chen. He specially arranged for them to live in the same courtyard. The deep meaning is obvious.

However, ye Chen didn't make any excessive moves. He left his room alone and entered the world of the yellow spring to prepare to refine the Qinglong tea tree.

"Lord, the Qinglong tea tree is wonderful! Apart from the destruction of the kernel, other places are intact. It's really a rare magic weapon! "

When the *Alsophila spinulosa* tea tree saw the Qinglong tea tree, it seemed to see a prey, and its eyes were shining.

Ye Chen smiles and says: "the inner core of Qinglong tea tree has been destroyed. I'm going to integrate you with Qinglong tea tree and let you become the spiritual core of this magic weapon."

Ye Chen has many magic weapons in his hand. If he wants to fight with people, he does not lack a green dragon tea tree.

What he wants is not a magic weapon for fighting, but a magic weapon that can guard Qi Yun and improve his life.

This Qinglong tea tree is one of the top ten sacred trees in the past, and its effect in the aspect of qi movement and guarding is naturally second to none.

Ye Chen plans to integrate *Alsophila spinulosa* and Qinglong tea trees. In this way, *Alsophila spinulosa* will become the core of Qinglong tea tree.

When the core of Qinglong tea tree is restored, it has the effect of guarding Qi Yun.

The Alsophila spinulosa tea tree was very happy and said, "it's so good. I can't wait for it!"

Its biggest drawback is that its combat effectiveness is too ordinary, but if it can be integrated with Qinglong tea tree, it can incarnate Qinglong and its combat effectiveness will soar greatly.

"Well, let's go." "The secret of heaven vanishing in the yellow spring, the eight trigrams Dan stove, fusion!"

Ye Chen rose from the sky and floated over the world of the yellow spring, just like the Supreme Master. In his hand, he played out a series of pithy formulas. First, he used the hongmengfa pithy formula to mobilize the endless holy water of the yellow spring below.

After that, ye Chen sacrificed the eight trigrams Dan furnace and poured all the surging holy water into the Dan furnace.

Driven by Ye Chen's aura, the Bagua Dan stove was suspended in the sky, so huge that it almost covered the sky.

After everything was ready, ye Chen put the Qinglong tea tree and the Alsophila tree into the Bagua Dan stove.

"Hiss, what a terrible vanishing breath."

The Alsophila spinulosa tea tree was uprooted and put into the red stove. Under the yellow spring water, a vanishing fear rose in my heart.

"Take it easy. It'll be fine soon."

Ye Chen urges huangquan mintian Jue to wipe out all the miscellaneous Qi on the Alsophila spinulosa tea tree and the repulsive breath with Qinglong tea tree.

Two big trees, with different breath, repel each other. If they want to merge, they must first suppress all the repelling force.

Ye Chen controls the holy water of the yellow spring, and then uses the secret of the yellow spring to vanish the sky. It's not difficult to achieve this, but the process is a little painful.

The Alsophila spinulosa tea tree is suffering a lot. Under the obliteration of the yellow spring, the trunk shakes violently. The facial features and faces that appear outside are completely distorted.

This is the inevitable pain of integration, which leads to rebirth in the process of extinction!

The process of integration lasted for five days.

Five days later, the eight trigrams were in full bloom, and the sound of dragon chanting was heard all over the sky.

A heavenly tree was born from the holy water of the yellow spring.

Every leaf of this heavenly tree is full of green, and every branch seems to be made of jade.

The thick roots of the trees extend like a dragon, as if they can break through the heavy space-time.

A green dragon with teeth and claws, perched on the tree trunk, a piece of dragon scales flashing, showing extremely fierce momentum.

"Lord, the fusion is successful. I can help you fight in the future!"

The green dragon made a loud voice. It could be heard that it was the voice of *Alsophila spinulosa* before, but it had faded away its old age and seemed to be very aggressive.

Chapter 5812

"Very good, *Alsophila spinulosa*. After you, you will be called Qinglong *Alsophila spinulosa* tree."

Ye Chen smiles. This green dragon is the *Alsophila spinulosa*, the core of the divine tree.

The *Alsophila spinulosa* and Qinglong tea trees became a new sacred tree. Ye Chen named it Qinglong *Alsophila spinulosa*.

Boom!

With a wave of his hand, ye Chen planted the Qinglong *Alsophila* tree in the middle of the world.

Whoa, whoa, whoa.

The incomparably rich breath of vitality diffuses from the Qinglong *Alsophila* tree to the whole world.

Before ye Chen got the thunder sand of Taiyi earthquake, half of the world of Huangquan has evolved into desert, full of desolate weather.

But now, with the birth of *Alsophila spinulosa*, the desert has become an oasis, and the whole world is full of vitality and aura.

The thick roots of Qinglong tree take root in the ground and absorb the endless breath of holy water. In time, this Qinglong *Alsophila* tree will surely surpass the former Qinglong tea tree and even become the top ten sacred trees!

Ye Chen squints his eyes and looks at the changes in the world of the yellow spring. He is also satisfied and nods his head.

With the garrison of Qinglong Alsophila tree, his fortune is more stable, people are less likely to fall, and his fortune has been improved.

"I should be able to get the key to the Lin family."

Ye Chen pinches his fingers and calculates that he has a hunch. After his life is promoted, he may get the key to the Lin family.

As for the Hong family, I'm not sure.

To open the gate of eternal antiquity, he needed the combination of three keys. Now he only got the magic tree edict of Mo family.

Why don't you ask?

At this time, ye Chen's face suddenly changed, because he felt the cause and effect of hemagglutination.

But ye Chen is a little strange. The cause and effect of xuecong Qian and himself should not be too deep. Why do you feel like this?

It's all so weird!

At this time, the voice of Feng Tianshang came out.

"If I guess correctly, when you were in the earth god mountain, xueyouzi planted something on you, which should be related to xueningqian."

Ye Chen Mou son one coagulates, it seems that oneself or despise blood you son.

However, the existence of xueyouzi in those years was extraordinary. Even if he left a force, he could not be underestimated.

Just now, this cause and effect is obviously telling myself that I'm going to see xueningqian.

Are you seeing or not?

Ye Chen hesitated a few seconds, or decided to go to the holy mountain.

After all, he took things and promised xueyouzi that if he had a chance to take Xuening Qian away.

This commitment is still to be guarded.

If there is a real hemagglutination accident, if you can solve it, try to solve it.

Half an hour later.

Ye Chen came to the mountain again, but this time he obviously felt that the aura and breath on the mountain had changed.

Maybe it's because of the dissipation of xueyouzi, or the destruction of the underground altar.

If there is no accident, the earth god mountain will become a waste mountain in ten years. I'm afraid that countless forces in the earth's heart will climb away by then, and the crisis of blood coagulation will be unimaginable.

Ye Chen laughs at himself. Xueyouzi doesn't have a time limit, but he must know that there will be such a change at the moment. This guy has buried a hole for himself from the beginning!

"Old fox."

Ye Chen complains that he is going to the holy mountain.

When came to the familiar hillside, let Ye Chen accident is blood coagulation thousand unexpectedly did not appear!

You know, if you don't have hemagglutination, you can't reach the top!

"Nothing's really wrong with this guy."

"It's not right. How many of her strength can make her have an accident?"

"Also, even if the forces of the earth's Center discovered the change of the earth God Mountain ahead of time, it would not be easy to climb to the top..."

At the moment of Ye Chen's thinking, a faint smell of blood swept over!

"Something's wrong with xueningqian!"

Ye Chen looked at the top of the mountain and rushed up without hesitation!

If it is before, he may step into will be mercilessly torn!

But now that the underground altar is destroyed, the obstacles to the summit have been reduced a lot! Even if you don't hold the hand of xueningqian, rashly climbing the top is not enough to be fatal!

But even if the pressure and obstacles reduced a lot, ye Chen stepped into the moment, also felt the pain like tearing heart and splitting lung!

If it wasn't for his refined body and strong vitality, it might have been torn to pieces!

Ye Chen's soul body transformation transforms all soul power into physical power, and his life experience activates the dust tablet!

Red dust God pulse into a armor guard Ye Chen!

But it's not enough!

Just walked dozens of steps, leaf Chen whole body like in the water to pick up general, at the same time, pupil all over blood!

It's too much pressure!

Ye Chen clenched his teeth and continued to rush towards the top of the mountain!

Every step is with the sound of bone fragmentation!

I can't help it!

.....

And now, on top of the mountain.

A girl lies in a pool of blood, her abdomen was pierced by a sword!

This girl is no one else. It's hemagglutination!

The strength of xueningqian is not weak in the heart of the earth. Why is it so hurt!

Her face was extremely pale and her lips trembled slightly. She wanted to speak, but she couldn't speak at all.

It's just that her eyes are staring in one direction.

She seemed to be waiting for something.

For so many years, no one knows xueningqian except xueyouzi!

It's not that she's lonely, it's her mission to guard the holy mountain.

The only thing she knew, not counting the existence of the enemy, was Ye Chen!

She is waiting for ye Chen to appear!

Chapter 5813

.....

It's only ten meters away from the top of the mountain.

At the moment, ye Chen has been exhausted, and the smell of blood on the tip of his nose is getting stronger and stronger.

There must be something wrong with hemagglutination!

But ye Chen can't go any further.

He thinks he is powerful, but the prohibition and power of the giant mountain are inhuman!

If other too true state rashly step into, I'm afraid have already turned into blood fog.

Ye Chen heavily gasps heavily, eyes have been covered by a trace of blood.

At this time, in the Dantian, a trace of chaotic flame came out, wrapping Ye Chen's whole body.

The mountain pressure disappeared in an instant!

Ye Chen shows a smile: "Xiao Hei, thank you."

The next second, ye Chen will go toward the top of the mountain, with the chaos of Xiao Hei, no longer difficult.

However, ye Chen also knows that Xiaohei is breaking out now and giving himself a part of chaotic arrogance, which is very bad for Xiaohei.

Soon, ye Chen came to the top of the mountain, and instantly saw the blood coagulation in the pool of blood!

His pupil shrinks slightly. Who can hurt the blood coagulation like this?

"Hemagglutination!"

Ye Chen comes to Xuening Qian's side and takes a look at the sword. Without any hesitation, he pulls out the sword directly, and then uses the eight trigrams Tiandan skill. However, it's useless!

Xueningqian's injury is too serious!

Ye Chen no longer think, fingers in the fingers gently stroke, instant blood flow!

Then, ye Chen put his finger into the red lips of xuecong Qian!

Some comatose hemagglutination can instantly feel the powerful vitality in the blood! Subconsciously stretched out a white hand to grasp Ye Chen's hand, as if afraid of Ye Chen to escape.

She sucks like crazy, she takes like crazy.

Ye Chen's face is a little ugly. He is already injured. If Xuening Qian keeps sucking his own blood, he can't bear it!

Fortunately, Xuening Qian seems to have some consciousness. When she opens her eyes and sees Ye Chen's face, she is filled with complicated emotions.

After xueyouzi left, she had no relatives or friends at all.

If you have to say one, it can only be ye Chen.

When she is in a coma, she looks forward to the arrival of Ye Chen, but she doesn't think ye Chen will come.

But at this moment, he came.

Soon, Xuening Qian noticed the difference in her red lips. Her smart and cold eyes were filled with horror. Then she broke away from yechen's hand and stepped back. Her cheeks were scarlet and she said in a trembling voice: "how can you be here?"

Ye chenbai glanced at xueningqian. Maybe because of his poor physical condition, he sat down on the ground and said, "should I ask you if your cause and effect made me step into it? I almost died in the middle of the mountain."

Blood coagulation thousand this just thought of Ye Chen is to rely on oneself to step on top of the mountain, but, this how possible!

The closer to the top of the mountain, the more terrifying the prohibition will be.

Even if ye Chen's talent and potential are amazing, he shouldn't do it.

However, this is the fact.

"You haven't answered me. How did you get hurt?" Ye Chen's voice broke xuecong Qian's mind.

Xueningqian wanted to say something, but he wanted to say nothing. Finally, he said, "I left dishenshan for a trip, trying to solve the doubts in my heart. Unfortunately, the doubts didn't solve, but I was hurt."

"The center of the earth is more complicated than I thought."

Ye Chen Mou son a coagulation, feel blood coagulation thousand body has too much secret is oneself don't know.

She was guarding the holy mountain. Why did she leave?

There must be something extremely important!

"Can I help you?" Ye chendao.

Xuening Qian looks at Ye Chen quite unexpectedly and shakes his head: "your cause and effect is complex enough. You can't intervene in this matter, and you see my strength almost falls, let alone you.

By the way, don't you want to leave the center of the earth? Do you have eyes now? "

Ye Chen nodded: "there are some."

Xueningqian stood up, stretched a stretch, and made a please gesture to Ye Chen: "thank you for your hand. I will remember this kindness. I owe you a life, and I will repay it in the future. But you can't stay here longYe Chen is a little bit surprised by Xuening Qian's order, but since Xuening Qian is OK, he will leave.

However, out of curiosity and concern, ye Chen still left a piece of jade pendant: "if you have another accident, you can inform me through this jade pendant."

Xuening Qian didn't hesitate. She took the jade pendant and let out a light hum.

Although in her cognitive ability, ye Chen is not strong, but from the strong vitality of the blood, ye Chen is not ordinary.

Even xueyouzi entrusts himself to yechen, which is enough to show xueyouzi's optimistic attitude towards this person.

Ye Chen doesn't care any more and goes down the mountain. But after a few steps, he suddenly thinks of something and says, "did xueyouzi ever control a disk full of runes?"

At that altar, ye Chen got the disc, which he tried to study, but he didn't get anything.

Xuening's eyes narrowed slightly and shook his head.

"Gone."

Since you can't get the information you want from Xuening Qian, it's time to leave.

Blood coagulation thousand looking at Ye Chen more and more far away back figure, murmur a way: "this guy says of disc can't be that thing....."

"Also not right, isn't blood you son long ago destroyed that thing?"

Blood coagulation thousand more think more wrong, the facial expression is some uglier, suddenly called Ye Chen, way: "you wait, can you show that thing to me?"

Ye Chen stops and turns back. Without any hesitation, he takes out the disc.

Although this disc now belongs to itself, if you want to know the origin of this object, hemagglutination is probably the only one you know.

Sure enough, when Xuening Qian saw the disc of Ye Chen's sacrifice, her face changed greatly. She even stretched out her finger and pointed on the disc. A trace of chaos burst out. Then, a faint shadow appeared on the disc!

But I don't know if it's because of the injury caused by hemagglutination, the virtual shadow is not solid.

After all this, Xuening Qian's expression was very heavy, and he murmured: "what is xueyouzi doing? He didn't destroy this thing in those years. Don't he know what kind of influence it would have on the situation if he didn't destroy it?"

Ye Chen seems to have guessed a few minutes, ask a way: "this disc is evil thing?"

Xuening qianmei glanced at it, nodded and shook her head: "yes or no, there is one thing sealed in the disc, which is spiritual and more powerful evil. It was forbidden in those days and guarded the underground altar. I thought xueyouzi destroyed it, but I didn't expect that xueyouzi cheated the world before he died."

"However, since this object is contaminated with your cause and effect, it's up to you to decide whether to destroy it or not."

Chapter 5814

"After a long time, the things in this disc should be honest and don't worry too much."

"Well, I know you have a big question in your heart. Don't ask me. Go down the mountain. I want to be quiet and heal."

Ye Chen words to the mouth and swallow down, and then throw the disc into the picture of the yellow spring, toward the mountain.

.....

Ye Chen returns to Mo's home and thinks about the key again.

"It's been five days. I don't know what happened to Mr. mo."

Ye Chen in the heart move, come out from the world of the yellow spring, want to ask Mo Hongji, but just see Mo Hanxi come to him.

Mo Hanxi opened his red lips and cried, "brother mo."

Ye Chen said with a smile: "what's the matter with Miss Mo?"

Mo Hanxi said, "my grandfather asked you to go there. It seems that the Lin family has replied."

In the past few days, Mo Hongji has sent out a letter to the Lin and Hong families, telling them that he wants to borrow the Shenshu talisman.

When ye Chen heard that the Lin family had a reply, he suddenly got a boost and said, "I just want to see Mr. Mo, too."

Now, together with Mo Hanxi, we come to Tianjun hall.

In the main hall, Mo Hongji sat on the throne with a worried face and a frown. Seeing ye Chen coming, he said, "Ye Xiaoyou, you are here."

Ye Chen saw that he looked like this. He was awed in his heart and said, "Mr. Mo, I don't know how to borrow the tree talisman. What's the opinion of the Lin family and the Hong family?"

Mo Hongji said, "the Hongs haven't answered yet. The Lins have already answered."

Ye Chen is engrossed in listening, way: "Lin Jia is willing to borrow?"

Mo Hongji sighed and said, "it's not very smooth. They have made a very harsh condition. It can't be realized. It's almost the same as not borrowing."

Ye Chen said: "I do not know what conditions?"

Mo Hongji said: "the Shenshu Fuzhao is in the hands of Lin Tianxiao, the future king of the Lin family. Lin Tianxiao said, you want to borrow the Fuzhao unless you defeat him first."

Ye Chenxi said: "is it to compete with the Lin family? It's not hard, either

He has absolute confidence in his own strength, and has just merged into Qinglong Alsophila spinulosa tree. His luck is very strong, and there is no reason to lose.

Mo Hongji looked at Ye Chen's full of fighting spirit, but his face sank, and said: "Ye Xiaoyou, although you are strong, you still have a huge gap compared with Lin Tianxiao. The other party is the peerless genius of the Lin family, and has been designated as the next generation of Tianjun clan leader. It's very difficult for you to win him."

"What's more, the place designated by the other side is still in the Lin family's land. If you want to win in other people's land, it's even more difficult than going to heaven."

One side of Mo Hanxi listened, beautiful eyes also rose a trace of anger, said: "the Lin family set such rules, put clearly is to make trouble for us."

Mo Hongji said: "that's right. The other party said that to make me retreat. Don't waste my efforts any more. Alas, although I'm still a little famous, ye Xiaoyou, you are a stranger after all. It's impossible for others to lend you the keys casually."

It would be nice if the Lin family didn't kill a stranger. Now they can be calm and give a step out. It's already very face saving for the Mo family.

Ye Chen's eyes were fixed and said: "Mr. Mo, I'm determined to win the magic tree of the Lin family. I've refined the Qinglong tea tree and made great progress. Lin Tianxiao said that if we want to win the contest, then we'll fight!"

Mo Hongji said: "Lin Tianxiao's cultivation has reached the eight levels of the Taizhen realm, and he understands the martial arts of the Taishang world. He can also borrow the power of Jinpeng star tree. There is too big a gap between you and him to win. I'll think of other ways."

Ye Chen said: "Jinpeng star tree?"

Mo Hongji said: "that's right. Jinpeng star tree is one of the top ten sacred trees. It's the guardian tree of the Lin family. It's a martial arts contest in the Lin family. Other people have the help of Jinpeng star tree. It's in the right time and place. How can you be the enemy of others?"

Lin's jinpengxing tree, like Mo's Fengqi tree, has a intact core. It has no fall or damage, and its power is incomparable.

With the protection of Jinpeng star tree, the strength of the Lin clan can be brought into full play.

Mo Hongji pointed to himself and said, "even me, I'm not sure I can defeat Lin Tianxiao in the Lin family."

Ye Chen's face sinks, it seems that this battle is really not simple.

If it's a decisive battle outside, ye Chen may be able to draw with Lin Tianxiao with a lot of cards. If he's lucky, he may be able to win.

But in the Lin family's martial arts competition, the other side has a big advantage in time and location. Ye Chen won half of the game before he started. It's very difficult for ye Chen to turn over. Try to deduce the secret, ye Chen really found that the fate of the war is very unstable, he is likely to lose!

If you want to get the key of the Lin family, you'd better let Mo Hongji continue to negotiate with the Lin family by means of alliance, resources, morality, trade and so on, and finally win the key.

Chapter 5815

This is also the future Ye Chen saw before, a smooth and reliable ending.

He integrated the Qinglong Alsophila spinulosa tree, and the Qi Yun Mingze has really improved. If he is willing to wait, the key of the Lin family can still be obtained, but it takes a long time to negotiate.

However, ye Chen can't wait!

Wait for Mo Hongji to negotiate again, both sides bicker, God knows how long it will take.

Mo Hongji saw the war spirit in Ye Chen's eyes, and said: "be patient, ye Xiaoyou. I will continue to negotiate for you. You can't take this battle, otherwise you will be defeated. You will lose all the chances of negotiation."

Ye Chen clenched his teeth and said, "Mr. Mo, I'm eager to return. I really don't want to wait any longer. I've decided to take on the fight and challenge Lin Tianxiao, no matter success or failure!"

Mo Hongji was surprised and said, "if you fail, you can't get the key of the Lin family. You can't get out in your life."

Mo Hanxi came to take ye Chen's arm and gently advised: "brother ye, don't be impulsive."

Her heart is quite contradictory, on the one hand, want Ye Chen to stay with her, but on the other hand, also want to see ye Chen happy, smoothly get the key.

Ye Chen said, "I have made up my mind. Please help me!"

Mo Hongji looks a little complicated. Looking at Ye Chen, he finally sighs and says, "the road is chosen by yourself. Don't regret it. This is a letter from the Lin family. Take this letter and go to fight."

With that, he took out a letter and handed it to Ye Chen.

This letter is just a letter from the Lin family.

Ye Chen takes the letter and traces back to the fate. He immediately locks the location of Lin's family. A great danger rises in his heart.

That Lin Tianxiao is absolutely a terrible strong man. Ye Chen's battle is extremely dangerous.

Although it's a competition, ye Chen is still in danger of falling.

"Lord, this battle is too dangerous. It's better not to go. Let the Mo family negotiate slowly."

In the yellow spring world, Alsophila spinulosa is also persuading Ye Chen, obviously feeling that the future is dangerous.

"If the negotiation is too long, it's better to decide the outcome of the first World War!"

Ye Chen makes up his mind, then leaves Mo's house, ready to go to Lin's house to fight.

Mo Hanxi came out to see him off. From Mo's family to Lin's family, there is a secret Road, which is jointly guarded by Fengqi Baoshu and Jinpeng Xingshu. It is the main link between the two families. There are many strong people patrolling along the road. You don't have to worry about being attacked by the judgment hall.

Mo Hanxi sent out a hundred miles, worried about ye Chen's safety in his heart, and said: "brother ye, if you are defeated, surrender as soon as possible. Don't force yourself. As long as you surrender and bow your head, the Lin family won't embarrass you."

Ye Chen laughed for a while, way: "I know, you go back."

Mo Hanxi nodded and watched Ye Chen leave.

Ye Chen walked along the secret Road, all the way through many relic world, ruins city, see the scenery, very magnificent.

There are hundreds of thousands of miles between the two families of Molin. This secret road stretches for hundreds of thousands of miles. Every other distance, sentries are set up to patrol.

It can be seen how powerful the Mo family and the Lin family are. They can send countless people just to maintain a road.

These two families of heavenly kings have accumulated for thousands of years. In addition to the core forces of the clan, there are countless affiliations on the periphery. I don't know how many sects have to rely on their noses.

Tianjun aristocratic family, in the heart of the earth, is worthy of the giant overlord.

Unless the ruling Temple destroys the guardian tree, it is impossible to destroy the Tianjun family, because the Tianjun family's power and the territory under its control are extremely huge. If we rely on the front-line battle, even the ruling temple is not sure to destroy such a huge land, we can only destroy the most fundamental tree by means of sneak attack, It's possible to destroy Tianjun family.

Ye Chen flies all the way against the wind. The law of space in the earth's heart is firm, and the war is coming. He doesn't want to tear the void.

However, the transmission array of the two maureens could not be opened to a stranger.

Fortunately, ye Chen's speed against the wind was also very fast, just like lightning. It took only more than one day to reach the boundary of Lin family land.

The Lin family is much larger than the Mo family.

The Mo family is a city called feifeng ancient city, while the Lin family's clan is a huge empire called Jinpeng Buddha kingdom.

The Jinpeng Buddhist kingdom is full of temples, and the pure spirit of Buddhism is rich.

Among the many temples, there are statues of the ancestors of the Lin family. On the shoulder of the statue, a Jinpeng stands, which looks solemn.

The magical power practiced by the Lin family is obviously connected with the Jinpeng star tree, which can be borrowed from Jinpeng's divine power.

Ye Chen was on guard in his heart. Soon after he stepped into the boundary of the Lin family, two patrolling disciples approached him and asked, "stop! Who is it? "

Ye Chen took out Mo Hongji's letter and handed it up, saying: "Ye Chen, a stranger, came to meet the war."

The two patrolling disciples suddenly changed their faces and called in unison: "are you ye Chen?"

Before that, Mo Hongji sent a letter with flying sword, which has already made Ye Chen's identity clear.

Ye Chen killed Lin Qi, the traitor of the Lin family.

Chen Xiao, the apostle of the ruling temple, also died under Ye Chen's hands.

This remarkable achievement has already spread all over the kingdom of Buddha in Jinpeng, and shocked every member of the Lin family.

What's more shocking is Ye Chen's identity.

He is not from the center of the earth, he is a stranger!

Originally, the stranger had to die, but ye Chen's achievements were too brilliant, and he was the guest Qing of the Mo family. Unless Mo Hongji spoke, no one would dare to move him.

Ye Chen arched his hand to the two patrolling disciples and said, "it's just me. I'm here to challenge Lin Tianxiao, the pride of your land."

The two patrolling disciples looked at each other and couldn't help swallowing. One of them said, "do you really want to fight? Our eldest young master Lin Tianxiao is the future ruler of heaven. If you take the challenge, you will surely lose. I advise you to go back and practice again, lest you lose your life in vain. "

He saw that ye Chen's cultivation had only seven levels of heaven in the original realm. He was not Lin Tianxiao's enemy. If he really wanted to fight, it would be the end of the fall.

Even if ye Chen has a card to defeat the spirit of the ruling hall, he will never defeat Lin Tianxiao. These two patrolling disciples are members of the Lin family. Naturally, they know Lin Tianxiao's strength very well.

Ye Chen said: "I have decided to fight. Please let me know."

Two patrolling disciples looked at each other, one of them sighed, took out a signal bomb from his arms, put it into the sky, exploded it, and said in a high voice: "alien Ye Chen, come to meet the war!"

The signal bomb exploded in the sky, and in the temples around, there were bursts of loud and simple bell ringing.

Chapter 5816

"Ye Chen, a stranger, come to meet the war!"

"Ye Chen, a stranger, come to meet the war!"

"Ye Chen, a stranger, come to meet the war!"

Among the temples, each made a loud voice to the central capital of the Buddhist kingdom.

From the frontier to the capital, there are thousands of temples along the way. The news is spread one after another. At last, the cry and the ringing of the bell gather together to form a huge torrent, which resounds through the whole Jinpeng Buddhist kingdom.

All the Lin disciples of Jinpeng Buddhist kingdom heard the same sentence: "Ye Chen, a stranger, come to meet the war!"

The patrolling disciple said, "the eldest young master is waiting for you in the capital. If you are not afraid of death, just go."

Ye Chen arched his hand and said: "thank you"

He immediately said goodbye to the two patrol disciples and flew forward.

Along the way, many Lin disciples came out to watch after hearing the news of Ye Chen's fight.

Ye Chen flies all the way, there are countless people on both sides looking at him, pointing.

"Is this the alien Ye Chen?"

"The cultivation is just the origin of the seven level heaven. Can he really defeat the judgment hall?"

"I heard that he wanted to borrow a sacred object. I don't know what it is?"

They didn't know the details of the Shenshu Fuzhao, only that ye Chen came to borrow things.

If you want to borrow it successfully, you must first pass the challenge of Lin Tianxiao, the genius of Lin family!

People only think that ye Chen's cultivation must be very important. Even if it is not as good as Lin Tianxiao, it will not be worse.

But everyone didn't expect that ye Chen's cultivation had only seven layers of heaven in the original realm!

With such low cultivation, everyone was surprised that they could defeat the judgment hall and kill the Apostle Chen Xia.

Ye Chen Ran all the way, like thunder and lightning, and soon came to the capital of the Lin family.

This is a vast and ancient imperial city, with many temples. The guards in gold armour are patrolling around with halberds in their hands. It's very majestic.

As soon as ye Chen arrived at the capital, the gate of the Imperial City opened.

As soon as you enter the gate, many gold guards are displayed on both sides of the street to welcome Ye Chen.

In the sky, there are many cranes flying, and there are many girls in gorgeous clothes. They fly through the clouds and scatter petals from the sky, as if they are welcoming Ye Chen.

Among the major temples, there are more ancient bells.

Obviously, for the arrival of Ye Chen, the Lin family has also given enough face. After all, ye Chen once killed the traitor of the Lin family, and his identity is still the guest Qing of the Mo family.

When ye Chen stepped into the Imperial City, he saw the solemn and vast atmosphere around him, and secretly admired the Lin family's great work.

From a distance, he saw a huge divine tree standing in the middle of the Imperial City, towering in the sky. The tree was full of Buddha light, and there was Jinpeng flying into the sky. I think this is the guardian divine tree of the Lin family, Jinpeng star tree.

Ye Chen strode to the Jinpeng star tree, and in no time, he came to the square in the center of the imperial city.

The Jinpeng star tree is standing in the square.

Around the square, there are already many people, all of them are well-dressed and have extraordinary breath. Obviously, they are all the core disciples of the Lin family.

"Ye Chen, a stranger, is here!"

A welcome elder, see ye Chen came, then sing aloud, all the eyes of the audience, are gathered in Ye Chen.

"Is you ye Chen?"

A powerful man with red talisman armor and long halberd in his hand stood under the Jinpeng star tree and arched his hand to Ye Chen.

"Yes, you are the future ruler of the Lin family, Lin Tianxiao?"

Ye Chen bows his hand and looks at the powerful man. He only feels that his opponent's breath is powerful, and his strength has reached eight levels of heaven in Taizhen realm. Moreover, his Qi is connected with the Jinpeng star tree, occupying the best time, the best place and the best people. It's really terrible.

The mighty man said: "the Lord of heaven is not worthy of it, but you come here alone. It's admirable for your courage."

Ye Chen smiles a little and says: "the Lin family is a noble family. I don't want to make things difficult for me."

Lin Tianxiao said: "you are a stranger. You were meant to be captured and killed, but you are the guest Qing of the Mo family. We will not be embarrassed with you in the face of the God King of the Mo family."

Ye Chen said with a smile: "thank you very much."

He has not been hindered in this way.

Lin Tianxiao said: "we have a traitor in the Lin family who has taken refuge in the judgment hall. Thank you for cleaning up the door for us." He said the traitor, of course, is Lynch, previously in the secret tea pool, ye Chen has been killed.

Ye Chen said: "it's not worth mentioning to lift a finger."

Lin Tianxiao looks up and down at Ye Chen, and sees that he comes here alone. Deep in the capital of the Lin family, he is still calm and calm. Obviously, his mind is very calm and resolute, and he can't help admiring him

"It's said that even the Apostle Chen Xia of the judgment hall died under your hand. You have great magic power, which is admirable. But compared with me, After all, there is a big difference between the two realms. I advise you to go back so as not to lose your life in vain. "

He was also surprised to see that ye Chen's cultivation was only seven stories in the original realm. He expected that ye Chen could kill the Apostle Chen Xia by taking advantage of the advantage of Mo's family and the power of Fengqi's treasure tree, but his strength was mediocre.

Therefore, he didn't put Ye Chen in his eyes, and he didn't want to fight and kill Ye Chen.

After all, ye Chen is the guest Qing of the Mo family. If there's a human life, he can't explain it to Mo Hongji.

Ye Chen said with a smile: "I'm a stranger after all. I always want to return to the outside world. If you can give me the key, you don't have to fight senselessly to avoid hurting the harmony."

Chapter 5817

Lin Tianxiao looked cold and said, "I made it very clear in my letter that you want the key unless you defeat me."

Ye Chen said: "that being the case, the contest is the decisive victory."

Hearing the four words "decisive victory in martial arts contest", the whole audience was in an uproar.

"This boy is really not afraid of death."

"How dare you challenge the young master? I think the young master can kill him with one move."

"Hey, it's a stranger anyway. It's just right to kill him, so as not to harm the aura of the earth."

"It's impossible to defeat the eldest young master in the seventh heaven. I don't think that the Apostle Chen Xia was killed by him. It's just that the Mo family praised him."

All of them whispered to each other for a while, and all of them cast sarcastic eyes at Ye Chen. No one believed that ye Chen could win.

To challenge Lin Tianxiao is to seek death.

"It's also a virtue to be young and old people who are cutting into a foreign land today."

Several elders of the Lin family stood on the edge of the square and exchanged their eyes. They were all smiling and chanting.

It's definitely a virtue for the people in the inner earth to kill the stranger.

It is also beneficial for Lin Tianxiao to inherit the position of head of the Lin family in the future.

Lin Tianxiao stares at Ye Chen and says: "since you insist on this, don't blame me for being ruthless. Your cultivation is too weak. I'll let you do three moves first."

Ye Chen said with a smile: "let me do three moves? Good

This is the home site of the Lin family. Lin Tianxiao has the best time, the best place and the best people. Ye Chen is not good at everything. Since the other side is willing to give way, he will not miss this great opportunity.

Bang!

The sword is strong.

The wild devil's sword is out!

Without hesitation, ye Chen directly pulled out the wild devil's sword. The most powerful sword appeared in his hands. The rolling devil's spirit was like the roar of hell, which made the whole Martial Arts Square explode into a thick black fog.

Under the black fog, the Buddha spirit of Jinpeng star tree was suppressed.

"What, wild devil sky sword!"

When Lin Tianxiao saw Ye Chen's sword, he was shocked.

The people of the Lin family who watched the battle were also terrified.

"This boy, he has a sword in his hand!"

"My God, this is the real supreme sword, not the fake sword like youhuang sword."

"It's said that the supreme Heavenly Sword represents the supreme power of the sword. It's powerful enough to kill the heavens. It's beyond the control of the heavenly king. What's the identity of this boy? He can control the Heavenly Sword!"

The crowd exclaimed, those elders also couldn't stand, and their faces changed greatly. Obviously, no one thought that ye Chen would have the wild devil sword in his hand.

"Destroy the seal, open it!"

Ye Chen suddenly drinks a, destroys the road seal to urge, explodes a terrible destruction storm on the sword body.

He knew that his cultivation level was too different from that of Lin Tianxiao. If he wanted to win, he had to use his cards.

Therefore, ye Chen directly pulled out the wild devil's sword, and with a violent atmosphere of destruction, he cut it fiercely toward Lin Tianxiao.

"So that's your card?"

Lin Tianxiao's face twitches, thinking that ye Chen can kill Chen Xia, presumably with the edge of the sword.

After all, the legendary Tianjian is unreasonable and powerful enough to make up for the gap in realm.

See ye Chen a sword to kill, Lin Tianxiao also felt a great pressure, as if the body to be cut into pieces.

He stepped back, eyes like electricity, with keen martial arts experience, suddenly found that ye Chen's action, there are flaws.

In Ye Chen's left rib, the defense is empty. If he attacks, with the advantage of long halberd's length, he can take one step faster and hit Ye Chen first.

Lin Tianxiao clenched the halberd and was about to attack, but then he thought, "I told him three moves, how can I attack?"

Thinking of a hesitation, ye Chen's wild demon sword, has been killed in front of him.

"Broken!"

Ye Chen clenched his teeth and cut off Lin Tianxiao's face with his sword, without leaving a trace of his hand.

In the face of such strong people, if you keep your hand, you will only die for yourself.

Ye Chen naturally knows that there is a void in his defense, but since the other side says that he has three moves to give way, he naturally has no reason to defend, so he will attack with all his strength.

Therefore, ye Chen's sword is unreservedly, especially fierce. It destroys the seven layers of Daoyin heaven, and combines with the peerless edge of the wild devil Heaven Sword, and bursts out with astonishing majesty. "The magic power of Jinpeng, soar up!"

When Lin Tianxiao saw the wild devil's sword cut down, the situation was extremely dangerous. However, when he was in danger, he drank violently, stepped back, and then stepped on the ground. His body rocked up like a giant bird of the golden roc, and even spread a pair of bright golden wings behind him.

"The legendary Heavenly Sword is really powerful. It makes me so embarrassed."

Lin Tianxiao fluttered in the sky, sighing and appreciating.

The elders around the court were also sweating and said in their hearts:

"Hoo, how dangerous! Almost capsized in the gutter. "

Ye Chen pulls out the wild devil's sword. Unexpectedly, everyone doesn't expect that Lin Tianxiao will die if he just cuts it on his face.

Even if he is a master of the eight level heaven in Taizhen realm, he can't directly take his face to fight with the sky sword. This is to seek death.

Fortunately, Lin Tianxiao's quick reaction made him avoid at the last moment.

"Take my sword again!"

Ye Chen's sword doesn't hit him. His feet are on the ground, and his body is soaring up into the sky. His whole body is full of demonic Qi. The supernatural demons burst out. Behind him, there is a vision of the devil. As if he wants to open a mountain, he slashes his sword at Lin Tianxiao's head.

This sword is still unreserved, regardless of its own defense flaws.

Chapter 5818

"Good boy, as like as two peas when I was young."

When Lin Tianxiao saw Ye Chen's fierce appearance, he seemed to see his own figure in Ye Chen. When he was young, he was also so wild and brave, not afraid of all enemies.

But later, when he became more knowledgeable and knew the power of the ruling church and the superior, he restrained himself a lot.

Seeing that ye Chen's magic sword is coming, Lin Tianxiao is on guard this time. He doesn't panic. He vibrates Jin Peng's wings and avoids to one side.

Ye Chen at this time is full of flaws, but Lin Tianxiao said let him three moves, that let enough three moves, will never move ahead of time.

"There's a last resort."

Lin Tianxiao clenched the halberd, ready to wait for three moves, and immediately began to suppress Ye Chen. It's better to defeat the enemy in one move, so as to show that he has no husband and wife and does not disgrace the reputation of the Lin family.

"Lingxiao Wuyi, the Dragon Fire God pulse, open!"

Ye Chen roars up to the sky, and the martial spirit of Lingxiao suddenly opens, and the Dragon flame pulse bursts out in an instant.

He knows that this is his last chance to take advantage. If he doesn't leave Lin Tianxiao some trauma, his situation will become very dangerous when this move is over.

Boom!

Under the opening of the Dragon flame pulse and on the body of Ye Chen's sword, a red fire dragon explodes. This fire dragon is mixed with the sharp and fierce martial arts charm, which is the flavor of Lingxiao martial arts.

A sword wrapped in a raging flame, it will be cut out without advance!

At this time, ye Chen's Dragon flame pulse had already been transformed into a perfect one. The energy of reincarnation blood was infused into the sword body, which made the originally dark wild devil Sky Sword turn into the color of magma. Under the roar of the sword, it was like the roar of a startling dragon.

Lin Tianxiao's pupil shrinks. Ye Chen's sword is full of strength, and his momentum is quite fierce. Looking at the Yanlong sword gas from the explosion in front of him, he also feels extremely difficult.

If it's a normal duel, Lin Tianxiao is fearless with Ye Chen's sword.

But the problem is, he said let Ye Chen three moves, before the end of the three moves, never fight back.

Roar!

The loud roar of the Dragon shocked the whole world. All the surrounding spaces were blocked by Ye Chen's sword Qi. Even the sky was in the red light of the sword, reflecting into a red color.

Lin Tianxiao's Qi machine is locked. Even if he wants to hide, he can't escape.

"Young master, do it quickly!"

The Lin family, who were watching the battle on the side of the square, broke into a scream, and several elders even cried out, trying to ask Lin Tianxiao to break Ye Chen's sword move.

However, Lin Tianxiao held the halberd tightly and did not move like a sculpture.

He kept his promise, said let Ye Chen three moves, then let three moves, will never fight back halfway.

After taking a deep breath, Lin Tianxiao gathered his spiritual power and covered his whole body. The red talisman armor on his body burst out a dazzling light. He wanted to take ye Chen's sword.

Zheng!

Ye Chen slashes Lin Tianxiao's red Fu armor with a fierce sword.

Bang!

That set of red talisman armor, on the spot by the impact of Yanlong sword, instantly burst.

"What, the red talisman armor was broken!"

Many elders have changed their looks. Lin Tianxiao's armor is a precious defense tool. If you are too strong, you may not be able to break the armor with all your strength.

But ye Chen's wild demon sword was too sharp. Lin Tianxiao's armor was completely unstoppable, and it burst on the spot.

What's more, ye Chenlong's burning spirit was all open, and his sword Qi was so blazing that it was hotter than magma and Dao fire, and it was frantically chopped on Lin Tianxiao's body.

Whoa, whoa, whoa!

Lin Tianxiao's upper body was immediately torn out with blood marks of sword wounds. The blood was dripping and extremely ferocious.

"Good, good weapons, good swordsmanship! I underestimate you. "

Lin Tianxiao's eyes are burning, staring at Ye Chen.

At this moment, Lin Tianxiao's armor burst open, and his upper body was bare, showing his strong body like a sculpture. His muscles were full of explosive force, and his lines were as strong as knives and axes. Holding the halberd's right arm tightly, he was more powerful and powerful.

Let Ye Chen three moves, he ate big loss, haven't started to fight, then suffered serious injury.

"Three moves over, it's my turn!"

However, Lin Tianxiao was not afraid at all, and his whole body was full of spiritual power. He suppressed the injury, and then he killed it with his halberd. The long halberd was like a strong wind sweeping the leaves and hit Ye Chen on his waist.

When ye Chen sees his light strike, he has the intention of returning to nature. The move seems simple, but actually it contains the martial law of the supreme world. With one halberd swept out, all the

retreating spaces in the sky and underground are blocked. Ye Chen had just finished using his sword, but the old power dissipated and the new power was not born. This halberd could not resist.

Bang!

Lin Tianxiao a halberd swept, hard hit Ye Chen waist, directly will ye Chen down from the sky.

Boom, ye Chen fell on the square, hit out a big pit on the spot, a piece of stone broken, smoke rolling.

"The young master is mighty!"

The spectators around cheered and cheered.

Lin Tianxiao is worthy of being the future king of the Lin family. Even if ye Chen is seriously injured, he can kill Ye Chen with a halberd.

"Unfortunately, I don't want to kill you either..."

Lin Tianxiao sighed. Under his halberd, few people in the world could stop him. He thought that ye Chen had broken his bones and died.

Thinking of such a young man being killed by himself, Lin Tianxiao felt both regret and satisfaction.

Roar!

Just when everyone thought that ye Chen had been killed, a burst of Qingyue's Dragon chanting came out.

As the smoke and dust dispersed, ye Chen staggered and stood up from the ruins.

His body, coiled with a green dragon, the green dragon, released a trace of green life, nourishing his lifeline, a leaf, I do not know where to float out, flying all over the sky.

Among the leaves, there is a cool fragrance of tea, which is refreshing.

"Alsophila spinulosa, thank you very much."

Ye Chen whispered his thanks to the green dragon.

This green dragon is *Alsophila spinulosa*!

Lin Tianxiao's attack just now can be said to be extremely powerful. The martial law contained in it has already been close to the supreme world. If ye Chen had suffered this attack before, he would have been seriously injured even if he did not die.

Fortunately, at this time, ye Chen's spirit tablet has been transformed into a complete one, and the energy of all spirits has also burst to the extreme. His body's recovery ability is far beyond the past.

Lin Tianxiao's attack didn't damage Ye Chen's foundation.

Moreover, ye Chen is also protected by Qinglong *Alsophila* tree, and his body is full of vitality. His injury is almost recovered at the speed visible to the naked eye.

"Lord, you are in a bad situation because your opponent is in the right time and place."

The *Alsophila spinulosa* looked around and saw that there were people of the Lin family all around, as well as Jinpeng star tree, the tree of the Lin family, which was in the middle of the square, vaguely suppressing Ye Chen's luck.

Chapter 5819

Seeing this, Alsophila spinulosa snorted and released the sacred tree. The town fell on one side of the square, facing off with Jinpeng star tree.

It releases the divine tree, naturally is the Qinglong Alsophila tree.

"This is... Qinglong tea tree! The sacred tree of Xuan family! How could it be in your hands? "

Lin Tianxiao was shocked when he saw the tree.

An elder of the Lin family was also surprised and said, "it's said that Qinglong tea tree has been taken by Mo Tianjun, but it's in this boy's hands. Is mo Tianjun so generous that he gave Qinglong tea tree to him?"

Another elder said, "no! This Qinglong tea tree seems to be integrated with other divine trees. It is full of spirituality and gives birth to wisdom. "

There is no wisdom in the ten sacred trees. They are just like the existence of the sun. They bring warmth to the world, but they do not have intelligence.

But ye Chen is a wise tree. The green dragon is the spirit of the tree!

"Quick fight, quick decision!"

Ye Chen's vision is one coagulate, immediately carry sword toward Lin Tianxiao to chop.

Now he released the Qinglong Alsophila tree, which temporarily suppressed the Lin family's jinpengxing tree. It was a good time for him to make a move.

If he missed the chance, it would be difficult for him to win when Lin Tianxiao came back to himself.

The gap between him and Lin Tianxiao is too big after all!

You have to be clever!

Otherwise, the future will be endless!

Lin Tianxiao sees that Ye Chen is coming fiercely. He wants to spread Jinpeng's wings and fly to avoid them. But suddenly he finds that the Jinpeng's wings on his back are smashing and dissipating.

"No!"

As soon as Lin Tianxiao's eye pupil shrinks, he immediately wakes up. It's obvious that Jinpeng star tree is suppressed, which makes his magic power unable to be exerted.

The magic power of Jinpeng's spreading wings originally needs to rely on the aura of Jinpeng star tree. If Jinpeng star tree is suppressed, it will be impossible to exert it.

"Too God to escape, move God to flash!"

In the crisis, Lin Tianxiao suddenly lost his body from the original place.

"Watch your back!"

The *Alsophila spinulosa* screamed, and under the gaze of the dragon eyes, he saw Lin Tianxiao's magical power, which is the TianDun Taoist method in the thirty-six paths of the Supreme Court. It can move and flash in an instant, and fly invisible, like lightning.

Ye Chen in front of a flower, see Lin Tianxiao body disappear, then feel bad.

"Red dust God pulse, open!"

In the moment of sensing danger, ye Chen opens the red dust pulse, and a golden shield appears behind him.

After the transformation of his red dust spirit pulse, the spirit of Geng Jin can be changed into golden bell cover, bronze wall and iron wall, golden armor, golden shield and so on. The breath can flow smoothly and protect himself.

Lin Tianxiao a moment move, move to the leaf Chen behind, a palm fiercely kill but go.

While he palms down, ye Chen's golden shield has been launched.

Bang!

Lin Tianxiao slapped the golden shield and smashed the front shield.

However, Lin Tianxiao was also affected by the huge anti shock force. He was so shocked that he stepped back more than ten steps. His blood and blood were turbulent between his chest and abdomen, and he almost vomited blood.

The instant movement of his TianDun Taoist Dharma, when he uses it, his body will bear huge pressure. At this time, it will be extremely uncomfortable to be shocked again.

However, ye Chen was not easy either. The power of that palm was so violent that he couldn't stop the red dust pulse completely. A trace of remaining palm power rushed into his body, which made his internal organs writhing and a burst of colic.

"Good boy, it's not dead. It's funny."

Lin Tianxiao can't help but praise, this palm originally thought can kill Ye Chen, didn't expect Ye Chen unexpectedly blocked.

Ye Chen gasps for a moment. Fortunately, his dust tablet has been transformed completely, otherwise, it may not be able to stop it.

The people around the square, seeing the two people's fight in this round, all felt dazzled and excited.

At the end of the battle, ye Chen and Lin Tianxiao stood in the same place, quietly breathing back.

"Jinpeng Buddha spirit, clean up the outside world!"

Lin Tianxiao made a formula and prayed to Jinpeng star tree.

That Jinpeng star tree, suddenly burst out a wisp of bright golden Buddha light.

Under the wave of Buddha light, ye Chen's Qinglong Alsophila tree is directly pressed into a small sapling.

After all, this is the Lin family's land. Ye Chen's Qinglong Alsophila tree can't really suppress the Jinpeng star tree. As long as Lin Tianxiao has a formula, he can fight back. Ye Chen has no choice but to smile, so he has to take back the Qinglong Alsophila tree to the map of the yellow spring, so as not to make a fool of himself.

WOW!

Jinpeng star tree spirit light bloom again, Lin Tianxiao's back, once again unfolded the magnificent Peng wings, a halberd in the hand, mighty.

"Ye Chen, I appreciate you very much, but it's a pity that you are reckless to fight today and doomed to die in my hands. I will inherit your Heavenly Sword and set up a monument for you. In the future, when you destroy the judgment hall, I will come to your tomb to worship you!"

Lin Tianxiao looks at Ye Chen with a look of regret and determination in his eyes.

Under the nourishment of Jinpeng star tree, his wound is healing rapidly, and his breath is rising, like a latent sun in the deep sea, finally rising again and blooming.

"Jinpeng magic, Tianpeng Buddha claw!"

Lin Tianxiao roared up to the sky, and his whole body was in perfect communication with Jinpeng star tree. With golden wings, he suddenly shot at Ye Chen.

His right hand, long halberd clenched, through to Ye Chen's heart.

But his left hand, driven by the golden light, turned into a giant Jinpeng paw, with the solemn and Holy Spirit of Buddhism, as if it could capture and kill the dragon.

Chapter 5820

Ye Chen in his a halberd a claw of double suppression, immediately breathing suffocation, scalp a burst of explosion.

This is Lin Tianxiao's strongest blow. Ye Chen even has the illusion that even if he is a master like the Confucian, he will fall in the face of such a terrible blow.

"Xuanxian, borrow my strength!"

"Master Feng, give me a hand!"

Ye Chen roars in his heart. He must win this battle. If he fails, not only can he not get the divine tree's edict, but he even has a problem going out alive.

Xuanxian hesitated for a few minutes and said, "good! Recently, I've absorbed a lot of energy in the earth's core

In the crisis, ye Chen directly borrows the power of xuanhanyu and fengtianshang, and his whole body is full of aura. Qinglong Alsophila is also perfectly combined with him.

His right hand, holding the wild devil sword, while his left hand, has changed into a green dragon claw.

Zheng!

Bang!

Two violent collision sounds, almost at the same time.

Ye Chen's demon sword collides with Lin Tianxiao's halberd.

The battle between sword and halberd, sparks splashed, spirit rolling, almost overturned the whole square.

And ye Chen's Dragon claws are intertwined with Lin Tianxiao's Jinpeng giant claws.

Two claws grip each other, eager to crush each other, but neither side can do anything.

"You

Lin Tianxiao looked at Ye Chen, his eyes suddenly contracted.

He clearly felt that ye Chen's breath soared at this moment!

Ye Chen's eyes also contracted and held his breath. He borrowed the power of xuanhanyu and fengtianshang, which can be described as extremely surging. But even so, he could not defeat Lin Tianxiao.

The war situation, fell into a stalemate.

Lin Tianxiao's strength is incomparably powerful. His martial arts have surpassed the realm of heaven and man, and are close to the supreme world.

Even if ye Chen borrowed the power accumulated by xuanhanyu and fengtianshang, he only drew with each other at most.

The two fell into a deadlock, and their bodies were as still as sculptures. There were bursts of violent air waves all over them, whistling and ringing, and tornadoes formed around them, which was magnificent.

"What, the war is deadlocked!"

Several elders of the Lin family looked at each other, but they didn't expect this situation.

They thought that Lin Tianxiao could kill Ye Chen directly, but they didn't expect that ye Chen's breath suddenly soared and dragged the war into a stalemate.

In this stalemate, the weapons and claws of the two sides stick to each other, and the inner aura is surging against each other. Unless the other side is defeated, it is impossible to separate.

Many Lin family people are also stunned, looking at this scene, obviously no one thought, ye Chen can support to this time.

"The young master won't be defeated by him, will he?"

"It's impossible. If the young master loses, it's a great shame!"

"In my Lin family's land, there is a Jinpeng star tree to guard, and even lose to outsiders. If it's spread out, what's the face of my Lin family?"

The strong and the elders of the Shaolin family are worried.

Ye Chen's strength is beyond their imagination. It is inconceivable that only a friar from the beginning can compete with Lin Tianxiao and even have the chance to defeat him.

"Go and ask the master to come out!"

An elder said to his disciples with a gloomy face.

Lin's family is a Buddhist country. In this Buddhist country, the position of national teacher is very high, second only to the ruler of heaven, and he is the second person of Lin family.

At this time, the war situation is deadlocked, and Lin Tianxiao is even in danger of defeat. Many elders have raised their hearts. They really can't tolerate defeat, which involves the face and luck of the Lin family.

Such a big event can only be dealt with by the national master of the Lin family.

"Yes

Gongsheng, the disciple, took the order and stepped back to pass the message to the national master.

Ye Chen and Lin Tianxiao fight a decisive battle, engrossed, no distractions, also did not feel the change of the outside world.

Lin Tianxiao also has the same look. In the eyes of both sides, there is only the other side, sword and halberd, dragon claw and Peng claw. They fight each other, but no one can help them.

Both of them are losing their aura power. When one aura is exhausted, the outcome will be known.

Even if ye Chen borrows the energy of xuanhanyu and fengtienshang, his aura is a little less powerful than Lin Tianxiao."Dark goblin blood, burning!"

"Gale and thunder!"

Ye Chen clenches his teeth. In order to make up for the lack of aura, he secretly burns a trace of mysterious goblin blood, ready to release gale and thunder.

Crackle!

Under the burning of the dark goblin's blood, ye Chen's whole body is full of aura, which explodes the lightning spirit awn.

In his dragon's claws, there is a violent wind and thunder brewing!

At this moment, ye Chen is ready to gather the power of wind and thunder, and use the fake nine gods' skill to end the battle!

At the beginning of the engagement of the Confucians, ye Chen used this move to defeat the enemy. Even he fell into the center of the earth accidentally because of the strong wind and thunder.

This gale thunder explosion is a kind of artifact evolved from xihuangleiyinli, which is extremely powerful.

Ye Chen estimates that Lin Tianxiao will be seriously injured even if he doesn't die, and he will also be seriously injured by the earthquake.

If the Lin family wanted revenge and wanted to kill him, he couldn't stop it anyway.

If Lin Tianxiao is really inferior to others and is defeated by Ye Chen, the Lin family will not deliberately make trouble for him. Otherwise, if he violates the agreement, there will be great cause and effect.

Therefore, ye Chen does not have too many scruples, the big wind thunder explodes fiercely brewing, a green thunder ball, gradually takes shape in his dragon claw.

"It's... Hypocrisy, gale and thunder!"

Seeing this scene, Lin Tianxiao was shocked.

He has a deep martial arts, and naturally knows the power of gale and thunder. If ye Chen uses this move, he will be defeated.

"It's impossible. How could he have such a great aura?"

Lin Tianxiao's mind is just incredible. The majestic spirit of Ye Chen is beyond his expectation. Under the stalemate, he still has the strength to perform the pseudo nine heaven magic.

But he didn't know that ye Chen had reincarnation blood and dark goblin blood. Once burned, the energy of aura was almost endless, but the burning of blood and essence blood would cause great damage to his vitality, and he had to use it as a last resort.

Boom!

As they confront each other, the light of Buddha suddenly surges in the sky, and green lotus blossoms out.

A man with black hair, handsome and plain looks, sitting on a blue lotus stand, came slowly from the sky.

"Here comes the master!"

"See the national teacher!"

"The master of the state has been cultivated and cultivated for thousands of generations, unified the heart of the earth, and ascended to the supreme court!"

Many Lin family members, as well as elders, knelt down one after another to welcome the man from heaven.

The head of the Lin clan was seriously injured by the verdict in his early years, but has not yet recovered. Therefore, the decision-making affairs of the Lin clan should be in the charge of the national teacher.

The national master is the second person, but in fact he is the real master of the Lin family.
