

## Physician 5821

### Chapter 5821

The black haired man's eyes seemed to see through the vicissitudes of the world, showing a fearless calm. There was a golden Buddha light all over his body. Under the Golden Buddha light, the magnificent Buddhist atmosphere of subduing the dragon and subduing the tiger, King Kong and arhat evolved.

There were many young boys and girls, each holding a net vase and flower basket, standing behind the man with black hair.

The black haired man was suspended in the sky, just like Mahayana Buddha, showing a very brilliant momentum.

Ye Chen and Lin Tianxiao are all engrossed in confrontation, and no one pays attention to the changes of the outside world.

"Eh, is that the fake nine gods' skill?"

The man with black hair crouched in the sky, saw the green thunder ball gathered in the palm of Ye Chen's hand, and the face of Gujing bubo also had some ripples.

His name is timohou. He is the national teacher of the Lin family.

Shihmo Hou was once a disciple of the Shih family. His father was the blood of the Lin family, and his mother was a member of the Shih family.

Emperor Shi family is also one of the top ten families of heavenly kings. It was destroyed in the great calamity of ancient times. Emperor Shi mohou, who had the paternal blood of the Lin family, took refuge in the Lin family and rose all the way to become the national teacher of Jinpeng Buddhist kingdom.

Because he cherished the kindness of his mother's upbringing, he followed his mother's surname, but his blood was the real blood of the Lin family, not an outsider.

Both the Lin family and the imperial Buddhism practiced Buddhism. The Lin family practiced Hinayana Buddhism with the goal of breaking through their own obstacles and successfully rising. The imperial Buddhism practiced Mahayana Buddhism with the goal of saving the world and universal living beings.

Emperor Shimohou Guan looked at the war situation below and saw that Ye Chen was about to perform a gale and thunder explosion. He thought, "this man's blood and spirit are strange, and he gives me a great sense of pressure. I don't know what it is. If he releases a gale and thunder explosion, he will surely lose that day."

Mind shaking, the emperor Shi Mo Hou quietly, a flick of fingers, a ray of Pudu Zen light, quietly shot out, hit Ye Chen.

He was full of Buddha light and great momentum. No one noticed the difference when he flicked his fingers.

Nadu Zen is the Mahayana Dharma of the Buddhism. It can suppress demons and demons, transform people's spirits, let people put down their butcher's knife and convert to Buddhism. In fact, it is a very fierce technique, which can turn people into slaves.

The emperor Shi Mo Hou's action was not only to stop Ye Chen, but also to suppress Ye Chen directly, subdue him as a slave and take him for his own use.

Because he also saw, Ye Chen blood is extraordinary, if can accept, will be Lin family day big help.

Ye Chen is ready to start, suddenly direct, but feel a very fierce, very domineering Buddha light, pouring into the body meridian.

In the light of Buddha, there is a great Mahayana Dharma wish. It is his duty to help all living beings. When Ye Chen's spirit is in a trance, he has the illusion of being brainwashed.

"No! It's Du Hua

Ye Chen looks big change, see is someone secretly hand, want to degree him.

This dharma has the majestic momentum of Mahayana Dharma. Compared with the general Dharma, it is much more powerful.

Ye Chen hurried to guard the mind, Wuzu Taoist heart burst out, to resist the attack of the Du Hua breath.

But when he was so distracted, the green thunder ball in the dragon's claw immediately collapsed and annihilated, and his breath also declined.

"Why, what's the matter?"

Lin Tianxiao was surprised. He thought he was going to be defeated, or even fall. But suddenly, he found that ye Chen's breath was weak, and he seemed to have encountered some major changes.

He didn't have time to think about the decisive battle between life and death. Since ye Chen's spirit was weak, he immediately summoned his aura to fight back. The golden light of Jin Peng's giant claws bloomed, and the vast power turned into the supreme Buddha Dharma.

Click!

Ye Chen's left hand is impacted by Jinpeng's Dharma, and his bone breaks suddenly. A huge force rushes into his heart and lung. He opens his mouth and "puffs" out blood.

In the end, ye Chen retreats in confusion, can't stand, kneels on the ground with one knee, looks pale, but he is completely defeated.

"Brother Ye!"

Lin Tianxiao defeated Ye Chen, but he didn't feel happy. Instead, he was confused and surprised.

He knows that ye Chen has a big card. If the unique skill of gale and thunder is released, he will be the one who fails.

But ye Chen is suddenly weak and is defeated by him.

Lin Tianxiao was at a loss and looked around.

At this time, Shih Mo Hou, the national master of the Lin family, had come down from the sky. He was still sitting on the blue lotus terrace and looking at Lin Tianxiao with a smile.

Lin Tianxiao heart shock, immediately understand all. Obviously, the reason why he was able to win was that emperor shimohou played some tricks in secret.

Ye Chen runs Wu Zu's Taoist heart and obliterates the desire of Du Hua of Shi Mo Hou. He is not in danger of being Du Hua again. But this time, he is seriously injured by Lin Tianxiao's Jinpeng Buddhism. He has no strength to speak, and his internal organs are in severe pain.

"The young master won!"

"Congratulations, young master, for defeating people from other countries and promoting the prestige of our Lin family!"

"The young master is mighty!"

The people of Lin family around, seeing that ye Chen lost and Lin Tianxiao won, were also very happy and cheered.

There are still some people, looking at Ye Chen coldly, making sarcastic remarks.

Ye Chen head buzzing, want to explain what, but seriously injured, but nothing to say.

"Brother ye, are you ok?"

Lin Tianxiao flurried over to help Ye Chen, and took out some of the Lin family's special miraculous pills to Ye Chen.

"Young master, the wind of benevolence, although the winner, but in the face of losers, or very polite."

"Ha ha, in my opinion, it's just a stranger. It's better to kill him directly to save trouble."

"Alas, the other party is a member of the Mo family. How can we kill him lightly?"

People around are talking and admiring Lin Tianxiao.

Emperor shimohou also smile, said: "Tianxiao, congratulations on your victory, finally did not lose the face of my Lin family."

Lin Tianxiao's heart was filled with awe. Looking at the adoring eyes of the people around him, he felt ashamed again. He pondered for a while, took a deep breath, and said, "no, master, the winner is not me, but ye Chen."

Emperor Shi Mo Hou's face changed and he said, "Tianxiao, what do you mean by that?"

The people of the Lin family around were also shocked. They didn't know why Lin Tianxiao said this.

Lin Tianxiao supported Ye Chen and said, "brother ye, I'm sorry, but you won. Lin Tianxiao is honest and upright. If you lose, you lose. What I promised you will be done."

If the emperor shimohou didn't intervene in this contest, ye Chen would surely win, and Lin Tianxiao might even fall.

Xuanyao's blood essence and reincarnation blood are burning, and the wind and thunder are raging. Even Lin Tianxiao can't resist face-to-face close distance.

Ye Chen Leng Leng, way: "you are willing to lend that thing to me?"

At this time, he had already taken pills, and ye Chen's injury improved a lot. Then he secretly used the eight trigrams Tiandan technique to treat it, and it was no big problem.

Chapter 5822

If ye Chen had suffered such a serious injury in the past, he would have to recuperate for some time. However, after the complete transformation of Lingbei, his physical recovery ability was greatly improved. As long as he remained alive, he would soon recover.

Since Lin Tianxiao admitted his failure, his intention was to lend the tree talisman to Ye Chen.

"It's related to the luck of the Lin family. It's very important. I don't want to borrow it, but since I'm defeated, I should abide by the agreement. I'll lend it to you, but I need some time to prepare it."

Lin Tianxiao said in a deep voice.

Ye Chen said, "what do you need to prepare?"

Lin Tianxiao said: "that thing and Jinpeng star tree fusion, difficult to separate, has not stripped out, I did not expect that I will lose, so I did not prepare in advance, you give me a little time, more than three months, less than ten days and a half months, I will strip that thing out, to your hands."

It turns out that the tree Fu Zhao of the Lin family is completely integrated with the Jinpeng star tree. If they want to lend it out, they must be separated first. But Lin Tianxiao didn't expect that he would be defeated, so he didn't prepare Fu Zhao in advance.

Ye Chen said, "well, I'll wait for you."

He knew that it was a question whether he could leave the Lin family alone. So when he heard Lin Tianxiao's promise, he immediately agreed to confirm the cause and effect, so he was not afraid of accidents.

When people around hear Lin Tianxiao and ye Chen talking, they are all at a loss.

Ordinary people of the Lin family don't know about the shenshufuzhao. They only know about the contest. If the Lin family loses, they need to lend something.

Looking at Lin Tianxiao's appearance, he is obviously willing to accept defeat and is ready to lend.

"Young master, it is clear that you have won. Why should you give up?"

One of the Lin disciples was dissatisfied and asked.

This contest is not only about the victory and defeat of Ye Chen and Lin Tianxiao, but also about the face and fortune of the Lin family.

Lin Tianxiao hall, a future master, was defeated by a stranger. If this was spread out, the prestige of the Lin family would be destroyed.

Emperor Shi Mo Hou Mou son once sink, way: "sky Xiao, you have already won, why should say such words?"

Lin Tianxiao was slightly displeased and said, "master, you know the reason. Why do you want to ask me?"

He was very dissatisfied with the intervention of emperor shimohou, which was against his martial arts.

The people of Lin family around, hearing Lin Tianxiao's words, the intelligent people have guessed something, and they are a little surprised to look at the emperor shimohou.

So it seems that the reason why Lin Tianxiao was able to win was that emperor shimohou secretly helped him?

This time, everyone was silent.

Ye Chen looked at Shi Mo Hou's face and thought, "is this the master of the Lin family, Shi Mo Hou? He used to be a disciple of the emperor's Buddhist family. I wonder if the emperor's Buddhist family has any connection with the emperor's Buddhist heaven? "

The master of Diyuan hall, the master of the demons, is not named Di, but Di Shi. Di Shi is a great surname in ancient times, and in the heart of the earth, it is one of the ten great families of Tianjun in the past.

This emperor Shi Mo Hou, just directly used his magic power, wanted to suppress and subdue Ye Chen, and the means were extremely fierce.

Ye Chen's heart is also extremely alert. In the eyes of the emperor shimohou, there is a murderous air floating, and the surrounding Lin family people, who are all resentful and helpless, obviously hate Ye Chen.

Ye Chen won the martial arts contest, which was too big a blow for the Lin family.

Feeling the depressing and gloomy atmosphere around, ye Chen turned his heart and arched his hand around him and said: "everyone, today's martial arts competition is a decisive battle. Young master Lin is very powerful. I admire him very much. He won the martial arts competition. I'm convinced that I lost it. After I go back, I will vigorously promote the prestige of the Lin family."

Hearing Ye Chen's words, the whole Lin family was stunned.

Lin Tianxiao was also stunned and said, "brother ye, what do you mean by that? It's you..."

Ye Chen whispered: "master Lin, for the sake of your Lin family's face, I'd better admit defeat, but you should lend me the magic tree's talisman as agreed."

Lin Tianxiao is stunned. Ye Chen has the best of both worlds.

On the one hand, ye Chen admits defeat on the surface and keeps the reputation of the Lin family.

On the other hand, ye Chen can also get the divine tree Fu Zhao to achieve his own goal.

Lin Tianxiao felt ashamed and admired. He said in secret, "thank you brother ye for saving my face. I will give you the magic tree and the imperial edict as soon as possible."

Ye Chen said with a smile: "thank you very much."

All Lin family people, see ye Chen admit defeat, is also a burst of amazement. Immediately, all people understand Ye Chen's good intentions, in the heart immediately ashamed incomparable, and admire Ye Chen.

Emperor shimohou was also surprised. He thought to himself, "who is this boy? He is powerful and knows how to be a man. I don't know what he is. If he is an enemy, he will be doomed."

Think of just oneself unexpectedly want to spend Ye Chen, can't help cold sweat Cen Cen.

How can people like Ye Chen submit to others?

"Young master Lin, you heroes of the Lin family and national teachers, today I have learned the magic power of the Lin family. I admire it very much. I am so defeated that I am convinced. If I have a chance, I will come back to learn your tricks and say goodbye."

Ye Chen embraces his fist toward the four directions, and then looks at Lin Tianxiao deeply, indicating that he should not forget the agreement.

Lin Tianxiao nodded, and ye Chen then arched his hand, turned and strode away.

In the whole Jinpeng Buddhist kingdom, there are bursts of bells ringing in temples to send Ye Chen away.

Chapter 5823

Everyone knows that ye Chen won today's martial arts contest, but ye Chen deliberately admitted defeat in order not to let the Lin family lose face.

This kind of mind is really admirable.

"I can leave without the key to Hong's house!"

Ye Chen out of Jinpeng Buddha, rushed back to Mo's home, secretly excited in the heart.

Now he has got the key of Mo's family, and the Lin family has also confirmed it. He has lost Hong's family and has achieved great success.

After collecting the keys of the three families, he can open the door of henggu and return to the outside world again!

Ye Chen is going to Mo's house, but he finds a woman standing alone not far away.

The eyes like water are staring at themselves tightly!

When you see the woman not far away, ye Chen's expression is a little strange.

Hemagglutination?

Isn't xueningqian healing in dishenshan? Why are they here again?

But see blood coagulation Qian's face pale appearance, obviously recovery is not good.

What are you doing here at this critical time?

Blood coagulation thousand came to Ye Chen side, with a faint fragrance, she looked at Ye Chen, pale face flashed a trace of hesitation, but still said: "come with me, OK."

Ye Chen hasn't answered yet, blood coagulates thousand to continue a way: "calculate I beg you, I really have very important matter!"

Ye Chen knows that Xuening is full of pride, and even this pride is far more than others. There must be a real reason for her to speak in such a posture.

He nodded gently and said only two words: "let's go."

In this way, blood coagulation thousand with Ye Chen toward the mountain and go.

Of course, some Jinpeng Buddhists have noticed this scene, but they don't know the origin of xueningqian. Although xueningqian is injured, the surging power of his whole body is doomed not to be ordinary people!

More importantly, hemagglutination is not a stranger! Not the Mo family! It's the existence born in the earth's heart!

How could ye Chen, a stranger, recognize the existence of other geocentric regions?

.....

Soon, they came to the top of Dishen mountain.

Blood coagulation thousand back to Ye Chen, eyes look at the sea of clouds, did not speak.

The short silence even made Ye Chen feel confused.

He didn't want to waste his time, so he could only say, "hemagglutination, what's the matter?"

"If you want to thank me, you don't have to go to so much trouble."

The blood coagulates thousand to turn round, saw a leaf Chen's finger, issued a fine if mosquito like voice: "your blood whether again give me some."

"What

Ye Chen had ten thousand guesses, but he never thought that Xuening Qian would make such a request?

Why do you promise hemagglutination?

Although his blood is of terrible vitality, it even hides a trace of reincarnation blood, and even the power of demon clan and dragon clan. It is of great value, but it can't be given to others casually!

Is it difficult that the last time I fed blood, it activated the potential of blood coagulation?

Ye Chen a Zheng, good coincidentally, blood coagulation thousand surname blood!

As if to guess what ye Chen was thinking, Xue Ningqian explained: "I have to go to a place. My injury is still too serious to protect myself. Over the years, although I have kept many top-quality pills, it's not so easy for those pills to recover my injury."

"But your blood can."

"I need your blood. I'll recover faster."

"If you don't agree, forget it. I think I can handle it."

Ye Chen this just suddenly, the key, this blood congeals thousand good god mountain not to guard, exactly has where to want to go?

Is it related to the injury a few days ago?

As for the last sentence, ye Chen doesn't think that the current state of hemagglutination can cope with some dangerous situations in the geocentric region.

The inner earth is more complex and vast than the outer four. If you are careless, you will die!

But do you agree or not?

The cause and effect between him and xueningqian is more and more serious, which is not a good thing. If xueningqian carries a bigger chessboard behind him, he will also be involved in it.

But at the thought of xueningqian, who doesn't know anyone in the whole earth's heart, only knows himself, ye Chen has some difficulties in refusing.

At the beginning should not promise blood you son, blood you son where is to send their chance, clearly is to bury a time bomb that will detonate at any time!"Well, I know what you mean. I'll take you back."

Blood coagulation thousand light mouth way, can't hear happiness and anger and sorrow.

When xueningqian is about to get close to yechen, yechen does not hesitate to stretch out his fingers and get close to xueningqian's thin lips.

"Bite it."

Blood coagulation thousand a Zheng, but also know the meaning of Ye Chen, her pale face instantly climbed up a road of red.

"Well."

She gently nodded, and then red lips slightly open, directly put Ye Chen's fingers in the mouth.

A trace of temperature and mucus package, ye Chen is a little lost.

Xueningqian is very beautiful, not only the amazing degree of facial features more than many people, the cold temperament and the feeling of not touching the world, enough to let any man have the desire to conquer!

Soon, ye Chen will wake up, because the blood coagulation thousand shell teeth have bitten his finger, a trace of blood surging out!

Xuening Qian sucks the blood full of strong vitality, and even makes a slight groan.

"Don't patronize blood. I have a request. You must take me with you."

"I promised xueyouzi that I would take you out of the heart of the earth alive, and I will do it naturally."

"I don't want you to fall ahead of time and make me suffer a bit of causality."

Xuening Qian sucks Ye Chen's fingers and stares at her eyes. She knows that ye Chen doesn't want to be contaminated with the cause and effect of the earth's heart, but she still chooses to be.

Is this stranger attracted to himself?

Are you beautiful?

Xueningqian has been living alone for so many years, and has no idea of the so-called aesthetic and aesthetic feeling of outsiders.

She concentrates on her martial arts, which has nothing to do with these things. But at this moment, she subconsciously stares at her chest, and her mind flies far away.

Ten minutes later, I don't know whether it's the miraculous effect of Ye Chen's blood or the shyness of Xuening Qian himself. His face is really much better.

Xuening released his teeth and lowered his head: "OK."

"Since you are going with me, we must start at once."

Ye Chen Mou son a coagulation, want to ask more details, but see blood coagulation thousand appearance, estimate also won't elaborate, nod, then and blood coagulation thousand toward the mountain and go.

.....

Xueningqian came to an ancient tree at the foot of Dishen mountain, his eyes closed, his hands bowed and his mouth chanted.

Then, ye Chen was surprised to find that an ancient character appeared in Xuening Qian's eyebrow.

Ye Chen is familiar with this character, but he can't say it again.

Just as ye Chen pondered over the origin of the words, there was a sound of Fengming in the sky!

Chapter 5824

Then, a colorful Phoenix came down from the sky and fell in front of Ye Chen and Xue Ningqian.

Xueningqian took a look at Ye Chen and explained: "this is what xueyouzi left me. It's called Xiaocai. It has been with me all these years. It will take us there as soon as possible."

"No... it won't take you long."

Ye Chen nods indifferently, and Xuening Qian comes to Caifeng.

The color Phoenix sends out a Feng Ming, then is toward a direction extremely fast but go!

The speed is incredible!

But ye Chen had an accident to discover that the color Phoenix was stained with a trace of blood. It must have been the color Phoenix who sent it back after the blood coagulation Qian was injured!

Ye Chen closed his eyes and adjusted his state to the best.

No matter where xueningqian is going, it must be a dangerous place.

I don't know how long later, blood coagulation Qian heavy voice suddenly came: "here."

Ye Chen opened his eyes and found that Caifeng had stopped, but when his eyes fell on other places, he was shocked!

In front of him is a huge sword!

The sword seems to have penetrated the whole earth!

Even on the huge sword, there is still a trace of blood!

Fantasy or reality?

Ye Chen is unbelievable. This is the most terrible sword he has ever seen in his life!

"What is this place? Why are you here? Now you should tell me Ye chendao.

Xueningqian suddenly grabs Ye Chen's hand and says, "this place is called xuejianxu. Xueyouzi's death must be traced back here."

"As for why you came here, it has something to do with the evil disc you got."

Ye Chen's pupil shrinks slightly: "disc?"

"Well, come with me, because you have no cause and effect with this place. You must hold my hand, or you will die." The voice of hemagglutination came again.

Ye Chen looks complex, but he also perceives that this place is more terrible than the prohibition of the earth god mountain, and holds the hand of Xuening Qian tightly.

Delicate and smooth, with a touch of temperature.

Blood coagulation thousand took Ye Chen's hand to come under the huge sword, her hands pinch Jue, eyebrow that familiar text appears again!

At this moment, the Blood Sword vibrated, and a door suddenly appeared at the edge of the sword inserted in the ground!

A sense of sword comes from the door!

Ye Chen saw two ancient words from the door!

Jianmen!

"This is the origin of my blood family. My blood family was brilliant for a long time, but it's a pity..."

Blood coagulation thousand did not continue to say, but pull Ye Chen toward the depths.

Across the door, ye Chen found himself in a sword world!

There are lots of swords on the ground, and a sword is suspended on the top of the head. On each sword, there is a sense of heaven shaking sword!

Here is even more terrifying than the Xuantian sword grave that I stepped into at the beginning!

Even ye Chen also found that the sword that let Xue Ning Qian hurt at the beginning came from here!

"Ye Chen, don't let go of my hand."

"Once you let go, the ten thousand swords will be against you. At that time, no matter how strong your vitality is, there will be only a dead end!"

Ye Chen did not speak, indifferent face full of dignified.

Suddenly, he thought of something and asked: "xueningqian, did the injury you suffered last time have something to do with here? Is there anyone else here? He's going to kill you? "

Xuening Qian's face is a little ugly: "yes, it is not."

"Remember, don't let go of my hand! Don't go

Hemagglutination Qian reminds a way repeatedly.

Blood coagulation thousand with Ye Chen across a sword.

Ye Chen had been inherited by the emperor of taixuan array, but at the moment, he can only see that each sword is not a random stand, and even so many swords are an anti Heaven Sword array!

As for how to crack the sword array, ye Chen has no idea, and his knowledge of the array is not enough.

At the same time, ye Chen also noticed a sword!

This sword is very special. Its whole body is blood red!

The sword body is surging above all!

What's more, there are many blood moons in the body of the sword!Is this sword suitable for any elder?

Or is this sword related to Mr. Ren?

Ye Chen doesn't think that Ren Feifan has been to the earth's heart, maybe it's a coincidence, or maybe it's similar to the sword of XueYue tutian.

But if you combine this sword with the falling dust and dragon subduing sword, you may be able to upgrade the blood moon killing heaven to the same level as the pseudo nine heaven God skill.

Of course, all this, still want to discuss with Ren Fanfan just go.

Also don't know oneself fall after, Ren special have guess oneself can appear in the earth heart domain?

If you really guess, maybe Ren Fanfan will try to break into the earth's heart.

But it's really hard for geocentric to come in.

Xuening Qian seems to have found something. She stops and says curiously, "are you interested in this sword?"

Ye Chen nodded: "can I take the sword here?"

Xuening Qian showed a strange smile: "of course, it's OK, but it's not easy to take the sword here."

"People of other nationalities have tried it, but it turns into a lot of bones."

Speaking of this, ye Chen found that there were many bones on both sides of the array.

Hundreds of thousands of people have fallen here!

"Where on earth are you taking me?" Ye Chen feels more and more that this place is too strange and says.

Xueningqian suddenly stretched out her hand and pointed in one direction: "do you see the three swords floating there?"

"We're going there."

Ye Chen looked along the line of sight, and instantly noticed the three swords suspended at the top!

When the line of sight, ye Chen even felt the vibration of reincarnation cemetery Sha sword!

This vibration is like the fear of shajian, and also like the fighting spirit of shajian!

Not only shajian! Even the ghost Sky Sword in the picture of the yellow spring has produced a trace of feedback!

Ye Chen knows very well how terrible the three swords are!

However, if you look carefully, you will find that there are chains on the three swords!

In other words, these three swords are all trapped!

"What's the origin of the three swords?" Ye Chen has a wonderful way.

Xue Ningqian pondered for a moment and said, "I don't know. Since I was born, those three swords have existed."

"Even xueyouzi may not know their origin."

"These three swords are the source of all the energy here."

"If all the swords here are ministers, the three swords are generals! The emperor! After

"They are swords, but they have spirits. They are no different from people. Even none of them is inferior to the existence of the supreme world."

Ye Chen's heart set off a storm, the sword spirit does not lose the supreme world?

If ye Chen didn't see it with his own eyes, he couldn't believe it!

At this moment, the chain of the three swords vibrated!

At the same time, the earth, the sky, every sword around them vibrated!

Dao Dao sword sounds like a sonic boom, stimulating Ye Chen's eardrum!

Not only that, but also from the body of the sword!

What the sword means is not others, but ye Chen!

Xuening Qian's face changed greatly. She thought that if she held Ye Chen's hand, ye Chen would hide in the dark and not be found!

But now it seems that the rules here are far more than those of the sacred mountain!

Ye Chen has been found!

Only one!

Outsiders, will be ten thousand sword through the heart, such as the two sides of the white bone in general!

Chapter 5825

"Ye Chen, run

Blood coagulates thousand pupil fierce of a shrink, then pull leaf Chen toward entrance but go!

She had a slight wound on her body, but now she was burning blood essence and aura at all costs!

But even if the speed is very fast, before reaching the gate, countless sword sea fall one after another, blocking her and ye Chen's way.

Blood coagulation thousand fierce turn around, see behind ten thousand Dao sword meaning will devour Ye Chen's body, she didn't hesitate to block in front of Ye Chen's body!

Ten thousand swords suspended!

Time seems to stop!

Ye Chen's eyes are tiny. He knows that these swords want to kill himself, but because of some rules, he won't fight against Xue Ning Qian.

But how to explain the sword in the abdomen when he was injured?

Just as ye Chen was thinking, a voice of nothingness and indifference came from the sky!

"Xueningqian, step back!"

"Otherwise, even if you are the only blood of the blood family, you will die!"

Xueningqian looked up at the sky, tears like beads, hoarse way: "if you want to hurt him, first step on my body!"

Ye Chen is not sure where the nihilistic voice comes from, but he also affirms that the original injury of Xuening Qian must be related to the owner of the voice!

Blood coagulation thousand dead protect Ye Chen, but at this time, the suspended part of the sword, extremely fast!

An invisible sword idea surrounds xueningqian. Then the sword idea surges and becomes a strange sword wall! Abruptly separate xueningqian from yechen!

Hemagglutination thousand even in order to prevent separation, the hand has been full of blood!

"Ye Chen, go

Blood coagulation thousand helpless, can only let Ye Chen leave.

But ye Chen is very clear, he wants to leave, this is how difficult!

He gazed at the rest of the swords, the great stars cast, at the same time, the demon blood, burning blood, soul body transformation and so on all gathered!

There are two swords in my hand, one of which is Sha sword, and the other is Huangmo Tianjian!

Ten thousand swords surging, ye Chen holding two swords, did not wait to die, directly rushed into the sword array!

The sword will tear!

At the same time, the dust stele and the burning stele are activated together!

In the perfect condition of reincarnation xuanbei, at least will not let yourself embarrassed!

One side of the blood coagulation thousand want to help Ye Chen, but also can only watch ye Chen was engulfed by the sword sea.

I don't know life or death.

After ten breaths.

The sword sea is torn suddenly!

Blood coagulation thousand tears stopped, because she through the hole, found a whole body of blood shadow!

Ye Chen is still alive!

She found that she underestimated Ye Chen from beginning to end!

In general, taizhenjing can't hold a few breath at all, not to mention Ye Chen, who is just in the original realm!

However, ye Chen is not feeling well at the moment!

If it had not been for the upgrade of his reincarnation stele and many divine veins, he would never have survived from the sword sea!

He even felt that what he was facing was not the sword sea, but the full blow of tens of thousands of taizhenjing strongmen.

He managed to cope with it, but he knew that if it went on like this, his terrible vitality would be consumed!

What should we do?

"Xuanxian? Master Feng, is there any way? "

However, the answer is the long silence, the strength of the two has long been exhausted, has been in a state of deep sleep!

"Shuo Lao?"

Shuo frowned slightly, but he still replied to Ye Chen: "if you are a complete dragon blood, maybe there is a way..."

"But at the moment, I can't help it, but I can give you a little strength so that you can hold on a little longer!"

Ye Chen looks dignified to the extreme, but fortunately Shuo Lao's strength surging the whole body, he at least won't be so embarrassed!

He constantly resists the sword meaning, and the devil spirit and soul will burst apart, just like the devil dragon and the evil dragon tearing in the sword sea!

But, in the end, magic dragon and evil dragon are torn by sword sea!

Ye Chen's body falls on the ground fiercely! The sea of Swords is like a tidal current, trying to turn ye Chen into a blood fog!

"No!" Xueningqian shouts, but it's no use at all! But when the sword sea is about to touch Ye Chen, the mysterious stone carrying the reincarnation cemetery suddenly rushes out!

The mysterious stone burst out a brilliant brilliance, which enveloped Ye Chen in an instant, and ancient words surged around!

And that one road is enough to tear the void of Jingtian sword meaning, when touching the glory of the mysterious stone, it seems to see something terrible, have retreated!

"This..."

Ye Chen is a little surprised. The mysterious stone has saved himself many times in China, but there are so few opportunities for it to appear in the kingdom of God and beyond. He even forgets its existence, even if it carries the reincarnation cemetery!

But from then on, the mysterious stone is more terrifying than here!

Just then the voice of nothingness came again

"Eh... How could that be?"

Then, the countless swords separated towards the two sides, forming a road made of sword meaning!

And the end of the road is where the three strongest swords are!

Ye Chen faintly saw a figure coming slowly from that end.

It's an old man.

When the old man approached, ye Chen's pupil dilated: "xueyouzi!"

The blood you son is not to fall, why can appear here again!

But ye Chen discovers very quickly, the other side just and blood you son some likeness just, the whole body surging breath is totally different!

At the same time, dark black runes flow through the pupil.

It's weird.

Xueningqian knew that ye Chen had made a mistake, and quickly explained: "Ye Chen, he is not xueyouzi. Xueyouzi actually has a brother named xuejianming. Xuejianming was expelled from his family that year and guarded here forever."

"I don't know why the family did it."

"Xuejianming won't attack me, but there are exceptions. My previous injuries are related to him, but not his original intention."

Ye Chen suddenly stares at the bloody sword that has already come to the front, and doesn't speak.

He can't see through the realm of this man, only that he is at least better than the Confucians!

This kind of person, no matter what he does, will surely lose!

Blood Sword Ming stretched out his hand, and the voice of nothingness rang out again: "give me the stone, and you may still have the whole body."

Ye Chen naturally can't be like this. Now the mysterious stone is guarding him. If he listens to his words, he will be swallowed by the sword sea in the next second!

"Do you really think this stone can protect you all your life? Ridiculous Blood Sword Ming sneer, next second, and a sword finger.

Between the heaven and the earth, the wind suddenly blew, and a terrible sword suddenly broke out between the fingers!

At this moment, ye Chen seems to be facing one of the three huge swords floating in the sky!

All of a sudden, Mars surging, but even if such a terrible blow, even can not break the mysterious stone guard!

"How can it be!"

Chapter 5826

"Who are you?"

Xuejianming opens his mouth again, and his old face is full of shock!

Seeing that ye Chen didn't speak, he looked at Xue Ningqian and asked, "I didn't kill you last time. Now you bring this boy here. Do you think you can take that thing away?"

Blood coagulation thousand bite red lips, stubborn way: "things I can not, but please let Ye Chen, I should not involve him in this matter!"

Xuejianming's eyes narrowed slightly, and his hands were behind him: "xueningqian, I might as well tell you that you are a younger generation."

"At that time, you really thought that everything was caused by xueyouzi? Do you really think I've done something wrong, punished by my family and guarding here forever? "

"Ignorant children!"

"Here is the biggest secret of our blood family!"

"And I, it's a great honor to be here!"

"Once those three swords fall into the hands of gangsters, you know what the price will be!"

"If it wasn't for Nianzai, you would be the only descendant of the blood family. You would have been a corpse decades ago!"

Blood coagulation thousand Jiao body trembles, she suddenly found that her so-called layout collapsed at this moment!

And xueyouzi cheated himself!

However, xueyouzi is dead. Who can really believe his words?

It seemed to guess that xueningqian would react like this. Xuejianming continued: "I don't need you to believe it or not. If you bring an outsider to enter here, you have violated the rules set by the family. According to the rules, all of you will die here!"

The next second, Blood Sword Ming and sword fingers, seems to be ready to kill blood coagulation thousand! But at this time, ye Chen indifferent mouth: "if I did not guess wrong, this thing you should be interested in it."

At this time, ye Chen's hand holds a disc, which is old but evil, as if it is sealed with something!

When xuejianming sees something in Ye Chen's hand, he doesn't know whether it's anger or something. His face is suddenly full of blood: "xueyouzi didn't destroy it! Great treason

"Damn it

Xuejianming stretched out his hand, as if ready to snatch, but when his hand touched the brilliance of the mysterious stone, a strong burning sensation came, and he retracted his hand!

Then, glaring at Ye Chen: "give me something!"

Ye Chen looks indifferent. With the mysterious stone and the disc, he undoubtedly has the qualification to negotiate.

"I might as well tell you that I not only hold what the blood family wants to destroy in my hand, but also have a way to untie the seal!"

"If I untie the seal of this disc, I think your mission should fail."

"Maybe you will be the biggest sinner of the blood family! And the layout of the blood family will be destroyed by you alone! "

Ye Chen doesn't know the details, but he's gambling!

Xuejianming looks pale and stares at Ye Chen for ten seconds. At last, he gives a long sigh and seems to compromise: "young man, there are some things you shouldn't interfere in. There is a huge cause and effect hidden in this disc. If you open it, you will have endless trouble!"

"I may not kill you, but you must promise me not to open it."

Ye Chen's mouth outlines: "I want you to swear by the heart of Tao, but also by the layout of the blood family!"

Xuejianming's eyes were very angry, but he finally swore: "I swear by the heart of Tao and the layout of Xuejia for thousands of years. If I fight against this boy and xueningqian, the heart of Tao will crack and the layout will be destroyed!"

When the words fall, ye Chen finds that the three suspended magic swords produce a ray of thunder arc.

Obviously, these three swords are the rules here! Restrict everything!

Ye Chen takes down the mysterious stone, and Jianhai doesn't give it to him any more. So does xuejianming!

Xuejianming took a slightly complicated look at the three magic swords. With a long sigh, he turned and walked in the direction of the three magic swords: "follow me."

Ye Chen and blood coagulate thousand mutually see one eye, finally still followed up.

.....

Soon, ye Chen came under the three magic swords.

On the outside, ye Chen can't feel the horror of the three swords, but under the sword, ye Chen has the feeling of being watched by the three supreme gods!

He even found his Dantian closed by an invisible force!

What's the rule!

As if aware of the doubts in Ye Chen's heart, the bloody sword said: "at that time, the complexity of the earth's heart was far beyond imagination." "If I guess correctly, you should not be from the earth. You are stained with the breath of heaven and man."

"Heaven and man can rank second among the five domains, far behind the geocentric domain."

"At that time, the five domains were in circulation, but slowly, the rules of geocentric domain were re created and re established by a group of people, and then the only entrance to connect the geocentric domain and the remaining four domains was closed."

"Since you are from heaven and man, you should not be qualified to touch the stone. After all, the stone exists..."

Xuejianming didn't go on.

But ye Chen's eyes are surging with excitement and heat. This guy knows the origin of the mysterious stone!

"What's the origin of this stone?"

Blood Sword Ming strange smile, looked at the three magic swords, said: "some things, see through do not say through, but I can point you."

"Your stone comes from the same place as the three swords. Even... Your stone is worth more than the three swords."

"That's why I can't do it to you."

Chapter 5827

"I've been here for a long time. I've mastered the rules of the three swords. I can even say that I'm the master of one side here!"

"But even so, it can't escape the rule that one side of the world suppresses the other."

"If you compare these three swords to the king of beasts, your stone is a dragon flying nine days!"

"As for where it comes from, I can't reveal that the cause and effect in the world is extremely complex. What's more, such strange things can't be captured by common sense!"

Ye Chen did not care too much about this problem, at least the reincarnation cemetery has a clue.

However, the existence of such a taboo in the world will certainly not be common.

Now, if you want to investigate the truth, you can start with the three swords!

Ye Chen thought of what, suddenly took out the disc, curious way: "why does this disc want to destroy? What's the connection between this disc and those three swords? "

The bloody sword sighed and held out his hand: "now can you give me the disc? I'll tell you the answer

"Don't worry, this thing already belongs to you. I swear by the way of heaven that I won't snatch this dish without your permission. This cause and effect is enough to make me doomed. "

Ye Chen and Xue Ning Qian look at each other, and finally give the disk to the old man.

Xuejianming got the disc, his palm trembled slightly, and then he pinched it with his fingers, pointing to the center of the disc!

In an instant, all kinds of starlight and evil spirit gush out from it!

The top of the head of the three swords are constantly shaking, obviously also feel something!

Gradually, the evil gathered in the sky into a sword pattern!

Ye Chen can see that this sword is similar to the three swords, not only for its workmanship, but also for its design and rune.

The bloody sword Ming's eyes were complicated and murmured: "you should also see the similarity between this sword and the three magic swords."

"In fact, at the beginning, there were not only three Zhenshi swords, but four."

"These four swords support everything here, and this place used to be a pure land."

"If the five domains are destroyed, the existence of this place will still allow the living beings outside the domain to survive and inherit a certain vein."

"Whether in this world or in the supreme world, there are always people who want to challenge the rules. They want to destroy the era and rebuild the world dominated by themselves."

"There will be an end to the road of martial arts. When you reach the end, do you practice or sleep?"

"This answer, the lesson of history tells us, will not be, human beings will not be idle."

Ye Chen vaguely understood what, whether it was Xuanyuan ink evil, or emperor Shitian, or even wanxu, in fact, he had crazy ideas in his heart.

"Master, why did this sword become evil?" Ye Chen still can't help asking.

With a wave of the bloody sword's hand, the evil spirit was planned, and then formed a picture again.

"The sword was stained with the blood of a wizard, who intended to use it for his own use at the cost of his life."

"At that time, everyone thought it was impossible and did not take any action. Until one day, a Zhenshi sword suddenly changed, evil gas broke out, and the rules were rampant, just like a ghost shrouded in people's hearts."

"When people here touch the evil, they are controlled, the spirits are confused, and there are lots of killing. This place should be a pure land, but in just ten days, it has become a real purgatory!"

"After the eleventh day, there will be no living people here. As soon as you come in, you find so many swords left by the strong men of that era."

Ye Chen hears here, in the heart set off a storm!

Who would have thought that the death of Wuzu would cause such a terrible scene!

Xueningqian suddenly said: "why don't the other three swords stop? Isn't three swords spiritual? As a matter of principle, we should not just sit back and ignore it! "

Blood Sword Ming eyes all over the blood, continue: "not three swords don't stop, but simply can't stop."

"The four swords are refined from the chaos and have long formed a relationship. They are like brothers and sisters. The refiners are afraid that the four swords will fall into the hands of others, so they make rules in the process of casting swords and can't fight each other."

Ye Chen suddenly: "then why does the sword controlled by the sorcery clan come into this disc?"

Xuejianming handed the disk to Ye Chen, and the voice of nothingness came again: "the ancestors of the blood family united some of the most powerful to build this disk, and named it Zhenxie disk! Because of the harsh conditions of the seal, the ancestors of the blood family paid their lives! ""The spirit of Zhenxie pan is actually the ancestor of the blood family."

"And the one trapped is the Wuzu and the sword."

"Now that it's been so long, I just can't feel the breath of the Blood Sword ancestors. Although there is almost no breath of the wizard ancestors, if there is any, the joint efforts of so many ancestors will be in vain!"

"Ye Chen, this thing belongs to you now. Do you think it will be destroyed?"

Ye Chen looks heavy. He doesn't think xuejianming is lying. If he doesn't destroy it, he will be infected with too much cause and effect! Your luck will be affected!

Just when ye Chen was ready to reply, the old man who had not spoken all the time opened his mouth: "boy, I'm interested in that disk. Why don't you let me go into it and feel the breath of the wizard?"

"If I had mastered that sword, maybe you and I would have the capital to fight against Hong Tianjing and even wanxu."

Ye Chen hears the excitement from the tone of desolation old!

Before that, Huang Lao had been sleeping and fighting against the Confucianists. It was a great loss. Now it must be a great temptation for Huang Lao to wake up and answer recklessly!

However, for Huang Lao, although he has not made any extraordinary moves, and even helped himself in the crisis of life and death for many times, he still can't believe it.

If you accidentally dig a pit for yourself, it's definitely not a small pit.

Ye Chen didn't pay attention to Huang Lao, but asked xuejianming: "master, the altar was supposed to destroy this thing, right? Now the altar has disappeared, how can it be destroyed? If I'm not wrong, the general method should be useless

Xuejianming nodded: "if you want to destroy this thing, the altar is really the key, but now the altar is gone, there is only one way."

"What?" Xueningqian and yechen have the same voice.

Blood Sword Ming eyes full of resolute, word by word way: "with my death, eliminate evil disk town!"

Ye Chen a Zheng, ten thousand never thought that the price would be so huge!

If xuejianming is dead, who will guard here?

Blood Sword Ming quite free and easy smile: "I have lived for a long time, so many years, I even almost forget the value of their existence, if you can before death, realize their own value, I do not come to this world in vain."

Chapter 5828

"As for who will guard here, I'll leave you alone."

Ye Chen shook his head: "master, don't say it too early, in case the wizard has disappeared? This town evil dish, do not destroy also won't have too big loss

Suddenly, xuejianming thought of something and said, "in fact, there is another way to determine whether the Wuzu in the evil disk of the town still exists."

"What?"

Ye Chen just blurted out, then found that xuejianming pulled himself and Xuening Qian up and went to the three swords suspended in the sky!

Soon, the three stood on the huge chain wrapped around the three swords, which was even accompanied by bursts of thunder arcs.

"What are you bringing us here for?" Ye Chen frowns a way.

Xuejianming apologized, but said very seriously: "there is a way to be sure, but there may be a certain risk. You shouldn't have been involved in this matter, but now it has been contaminated. If you refuse, I won't force you."

Ye Chen and Xue Ningqian look at each other, but they don't reply. Ye Chen just wants to leave as soon as possible. Who can think that the cause and effect of contamination is getting more and more serious. Now it's a matter of risk, and it's all the words of xuejianming family. Does he really want to take risks?

Blood coagulation thousand also think so, but she is more for ye Chen to consider, if it is not for himself forced to ask Ye Chen to come here, ye Chen will not touch the cause and effect here.

If something happens later, she'll have trouble sleeping and eating all her life.

Xuening Qian raised her head and looked at the young man beside her. Her red lips opened slightly: "Ye Chen, listen to you, but my suggestion is to leave."

When xuejianming heard this, his eyes were dim, but he thought it was reasonable.

I've lived for so many years, and that's enough to give birth to the sense of adventure. But these two young people are still young. Why should they do something that might ruin their future?

However, at this time, ye Chen suddenly opened his mouth. He pointed out some blood moon swords not far away and said, "I can take a chance, but I hope you can give me that sword."

Blood Sword hell this moment, the expression is extremely strange!

The boy agreed!

The key is the sword?

Although the sword here is much more powerful than the outside world, the worst one here is the sword!

What's more, he knows that ye Chen has a wild demon sword in his hand, and another sword full of evil spirit. Will he lack a sword?

But since Ye Chen has already made an offer, he naturally can't refuse!

Next second, he grabbed with five fingers, and there were thirty swords coming together!

One of them is the sword with blood moon!

"One handle is not my style. I'll give you all these 30 handles!"

Ye Chen is slightly surprised, that sword of blood month certainly has a wonderful use, but if you can have so many swords, it's not without benefits!

If he now upgrades the thousand soldiers and uses these swords to generate power, I'm afraid that the Confucianists will fall into it too!

This business is so profitable!

However, it can be seen that the risk is great!

But ye Chen has reason to believe that his luck will never die so easily!

With a wave of his arm, ye Chen's swords flew into the picture of the yellow spring. Then he looked at the Blood Sword and said, "what do you want to do next?"

Xuejianming said: "first, the three of us put our spiritual power into the three swords under our feet to make a short connection with them!"

"Second, we all force a drop of blood essence to gather in the Zhenxie dish!"

"Third, I will use my skills to communicate with the Zhenxie disk and disguise the cracks in the Zhenxie disk. If Wuzu exists, I will try every means to escape here with the help of that sword. After all, it's not easy to be suppressed."

"But I'm not sure Wuzu still has some strength now. If his strength doesn't drop 50% in the long years, it's really possible to escape from it!"

"You don't have to worry. If you do get there, I will send you away, and then burn my life and strangle it in the cradle!"

Ye Chen and Xue Ning Qian look at each other and nod!

Now that's the only way!

"In that case, we will begin to sacrifice the disc!" Blood Sword dark way.

In a twinkling, the disk suspended on the three swords and trembled slightly.

At the same time, the evil spirit rolled out from it, and the sword under the feet of the three people also came a terrible shock!

Xuening Qian was injured, so he almost fell. Fortunately, xuejianming used an invisible rule to protect them."Lead the spirit into the sword! Come on

Ye Chen and Xue Ningqian instantly introduce the aura into the sword under their feet!

Ye Chen thought that such a powerful sword would resist, but it was easier than he imagined.

At the same time, he felt the spirit of a startling sword coming from the bottom of his feet, and hit the tianlinggai!

It's still a sword trapped in chains. If it's not trapped, how terrible should it be?

"Blood essence into evil, quick!"

The voice of blood sword comes again!

In a flash, three drops of blood essence come out! Fall on the evil plate together!

Zhen Xie pan burst out a blood mist!

The blood fog gathered a void blood gate on the top of the head.

There are marks on the blood gate, which is more complicated than the seal of destruction.

The Blood Sword breathes out a breath, fingers quickly pinch Jue, his eyebrow appeared a sword mark!

At the same time, his life is rapidly passing away!

This is similar to the blood god facing the Confucianist at the beginning!

Blood Sword hell even controlled the law of time, but also at the cost of his own life and essence!

Until now, ye Chen completely believed in xuejianming's words.

Chapter 5829

.....

At the same time, the town of evil plate.

In the endless darkness, he suddenly opened his eyes.

These eyes are as red and strange as blood!

At the same time, a low voice suddenly sounded!

"I thought I would be trapped in it all my life."

"Someone broke the seal? Are they the guys? "

"I don't know how long it's been, a day, a month, a million years, a million years?"

The sound fell.

The world of zhenxipan seems to be completely lit up.

A black robed old man sitting cross legged stood up!

I can't see each other's face clearly under the black robe, but those eyes are bloody red!

And the old man in black robe has a sword in front of him!

This sword is the one contaminated with evil spirit!

The old man in black pulled up his sword and carried it behind him.

He certainly gives people the feeling of old, but the body is how tall and straight!

It's like a twilight... Young man!

"Unfortunately, my body has disappeared. If I want to go out, I need another body."

"A perfect body."

At this time, the tip of black robe nose slightly sniffed, as if smelling something!

Then he had a face full of joy, even ecstasy!

He smelled an extremely amazing physical existence!

Not only that, the other side even has the smell of sorcery!

This breath is Ye Chen naturally!

Ye Chen not only has reincarnation blood, but also has the existence of physical sanctification. More importantly, he and the witch family were infected with a lot of cause and effect, and even the evil old man stayed in his body for a period of time!

If we want to find the most suitable body for Wuzu, ye Chen must be one of them!

The next second, the black robed Wuzu is toward the blood door!

That's the door to his rebirth!

.....

The Blood Sword of the outside world suddenly felt something. His face changed and he said, "that guy will come out soon. Be careful. If there is any accident, I will send you away!"

Words fall, ye Chen and blood coagulation thousand behind is appeared a tear void!

Obviously ready to send them off at any time!

Xuejianming stares at the blood gate tightly. When there are cracks in the blood gate, xuejianming reaches out his hand fiercely, and suddenly there are sword marks in his palm. At the same time, the blood flows out!

The palm covered with blood, so hard on the blood door!

Blood is like cobwebs, and many obscure runes are surging on the web.

But soon, there was a terrible evil in the blood gate!

The Blood Sword hell in the heart claps Deng for a while, he just affirms now, that guy is still alive!

Not only alive, but also terrifying than imagined!

However, it is still under control!

"Pull the aura out of the sword

"You leave at once!"

Blood Sword dark big shout a way.

Ye Chen withdraws the aura, but he doesn't leave. If the Blood Sword hell really dies together, the cause and effect here is destined to be guarded by him and Xuening Qian.

Ye Chen is not afraid of trouble, but this place is undoubtedly a big trouble!

He looked at the bloody sword and murmured: "reincarnation cemetery, do you have a way?"

One second, two seconds, ear is to spread the Blood Sword Ming cry!

He doesn't want to involve xueningqian and yechen in it!

If two people don't leave again, maybe only three people will fall together!

Just when xuejianming was angry, a black stone suddenly appeared. At the same time, a strange and chaotic energy was added to the blood gate!

In an instant, the blood gate was closed by an incredible force!

At the same time, a voice full of anger came from Xuemen or Zhenxie pan

"We dare to tease me!"

"We dare to tease me!"

That's the voice of Wuzu in black!The blood gate burst!

Violent waves swept, ye Chen, Xue Ningqian, Xue Jianming were blown away! Body is hit on the ground, carrying the dust!

Ye Chen has dust stele, spirit stele and terror vitality guard, but it's OK, but Xuening Qian and xuejianming's injury is extremely serious!

Blood Sword dark difficult to get up, spit out a mouthful of bright red blood, he slightly took a deep look at Ye Chen.

He knew that if ye Chen hadn't shot at the critical moment, he would have died long ago!

And he didn't even know for sure whether he could die with that Wuzu now!

"Boy, I owe you one."

Ye Chen didn't say much, but looked at Xuening Qian. Xuening Qian had recovered for a few minutes. He sat cross legged and began to use martial arts to heal his wounds.

"Do you need my blood?" Ye Chen asked.

Xue Ningqian opened her eyes and looked at Ye Chen. Unexpectedly, ye Chen's injury was so light. She shook her head and said, "my cultivation grows so fast. In fact, it's related to the spirit here. I need to shut up here for some days."

Xuejianming also said: "this place is related to the blood family. It does have this effect. You are not a member of the blood family, but if you want to practice here, I will not refuse."

Ye Chen thought about it, shook his head and refused: "I have some things outside. When your healing is over, let me know."

With that, ye Chen left a piece of jade pendant and then walked towards the outside world.

Ye Chen came out in a trance.

At present, the most important thing is Shenshu Fuzhao!

In Jinpeng Buddhist kingdom, there is a magic tree talisman in the Lin family, and the Mo family is basically certain.

In the end, Hong's family was left.

However, among the three remaining Tianjun families, the Hong family is the most powerful. They always want to annex the other two families and borrow Fu Zhao from them. That's a very difficult thing.

What's more, ye Chen and Hong Tianjing are destined to be enemies. If the Hong family finds out his identity, it's even more impossible to borrow the key.

For today's plan, ye Chen can only take one step to see one step.

More than a day later, ye Chen returned to the ancient city of feifeng, where the Mo family lived.

As soon as he returned to the city, he found that the snow was flying in the air, and the city was cold. In the wind and snow, the shadow of the young Phoenix was flying, and the sound of the Phoenix was more and more intense.

"What happened?"

Ye Chen faintly feels that something is wrong. He stops a passer-by and asks.

That person also knows Ye Chen, way: "Ye adult, you came back, alas, the young lady cold disease erupts, afraid is not long, you still go back to see her quickly!"

"Miss Mo's cold break out?"

Ye Chen's face changed slightly. He rushed back to the main hall of the Mo family, but found that many elders were frowning and sighing.

Mo Hongji, the God of the Mo family, walked back and forth in the main hall, looking very anxious.

"Mr. Mo, what's the matter?"

Ye Chen strode up.

When Mo Hongji saw Ye Chen coming back, he was quite surprised and said, "Ye Xiaoyou, you're back. What's the result of your martial arts contest with the Lin family?"

Ye Chen smiles and says, "I lost."

Chapter 5830

Mo Hongji said: "did you... Did you lose? Well, it's not a shame to lose to Lin Tianxiao, but it's amazing that you can come back unscathed. "

In fact, ye Chen's injury is not light at all, but his physical recovery ability is strong. At this time, he has completely recovered, and he seems to be intact.

Ye Chen said: "I was going to win, but the national master of the Lin family secretly stepped in..."

Now I will briefly explain the process of the contest.

When Mo Hongji heard this, he was very surprised and said: "so, you have actually won, but the emperor shimohou intervened deliberately, which led to you losing?"

Ye Chen said: "exactly. Later, Lin Tianxiao also admitted that I won. But in order to take care of the Lin family's face, I still deliberately admit defeat. He also promised to lend me the key of the Lin family. As a result, I had the best of both worlds."

Mo Hongji was so surprised that he said, "it's good to have the best of both worlds, but I didn't expect Ye Xiaoyou to be so strong that he could defeat Lin Tianxiao."

Thinking of Ye Chen's blood, Mo Hongji has a sense of sudden realization.

If ye Chen's legendary blood burns, it is possible to kill Lin Tianxiao.

Ye Chen looked at the wind and snow flying outside the main hall, and said: "Mr. Mo, let's not talk about this. I heard that Miss Mo's cold broke out. Is it true?"

The wonder of snow and wind all over the city is probably related to the outbreak of Mo Hanxi's cold.

Mo Hongji sighed and said, "Alas, this little girl inherits youhuang Tianjian. She is attacked by the cold, and has accumulated a terminal disease of cold poison. It breaks out once a year. She has had one attack before, but she can still control it. But after you leave, her cold poison suddenly breaks out completely, and she can't control it anyway."

Ye Chen's face sank. Naturally, he knew that Mo Hanxi was suffering from a terminal disease of cold poison, which could not be solved by the emperor's means. Mo Hongji gambled heavily on Ye Chen's future. In fact, he also tied Mo Hanxi's future with Ye Chen.

But ye Chen didn't expect that Mo Hanxi's cold broke out, and the disaster was so big that it caused a blizzard all over the city.

Mo Hongji said: "originally, every year after the outbreak of cold, my granddaughter was suppressed by me. But this year, it broke out, especially fierce. I couldn't suppress it. I expected that her mood and mood fluctuated too much, and even the outbreak of cold poison was more fierce than before. Now I want to deal with it, I'm afraid it's thorny."

When Mo Hanxi first met Ye Chen in the secret place of Shenchu pool, he saw that Ye Chen had missed his whole life. These days, his mood changed violently, and the cold poison was involved. As a result, the outbreak was more fierce than before. When Mo Hongji dealt with it, he naturally felt extremely difficult.

Ye Chen's face sank and said, "if you want to treat Miss Mo's chills, I don't know what means you need?"

Mo Hongji said: "the little girl's cold is not a heavenly king. What we can do now is to suppress it temporarily. If we can occupy the star river of crape myrtle, let her soak in the star river of crape myrtle. It can be relieved quickly."

Ye Chen said: "crape myrtle Star River, where is that?"

Mo Hongji said: "it's a treasure land of the former Tianjun family and the Xuanjia family. It's said that a beautiful daughter of heaven was born. She was born with a big destiny. The star river of crape myrtle is the place where she was born."

Ye Chen faintly thought of what, in the heart a shock, way: "big destiny crape myrtle weather..."

Mo Hongji said: "it was just that, for some unknown reason, the girl disappeared that day, which led to the decline of Xuanjia's fortune. Finally, she was ruled out by the holy hall, and the crape myrtle Star River became a treasure land without owners."

Ye Chen said: "since it is a treasure land without owner, why don't you send Miss Mo to that place for treatment?"

Mo Hongji gave a wry smile and said, "the star river of crape myrtle is surrounded by the mountain of crape myrtle. The mountain of crape myrtle is at the junction of our Mo family and Hong family. Our two families want to seize this place. For thousands of years, there has been constant killing and fighting, and no one can do anything about it. Now, with this wonderful treasure land, no one can go in. Neither family wants to take advantage of outsiders."

Ye Chen said: "is it a controversial place..."

Mo Hongji sighed: "if I can't enter the river of crape myrtle, my good granddaughter's chills will be suffered by her."

Ye Chen's eyes moved and said, "Mr. Mo, I'm proficient in medicine. I'd better let me have a look at Miss Mo's chills."

Mo Hongji said, "she is in the bedroom. Just go in and have a look."

At the moment, Mo Hongji calls a maid and leads Ye Chen into the bedroom.

When ye Chen came to the palace, he saw the beast stove burning incense, red curtain and brocade tent in the palace. The temperature was very high and the heat wave was burning.

I don't know what kind of material the spices in the beast stove are, but they are as hot as the fire of the Taoist spirit. Ye Chen then sees a young girl lying on the bed of the palace.

The girl's skin was pale and her body was full of wisps of smoke and mist. It was mo Hanxi.

"Miss Mo."

Ye Chen called, went to the bedside, a touch Mo Hanxi's pulse, but feel her skin is very cold, like eternal ice.

Even if the bedroom, burning hot spices, but the temperature around the bed, but also cold to the extreme.

Ye Chen a close to Mo Hanxi, clothes are covered with a layer of frost, cold from the face.

"Brother ye, are you back?"

Mo Hanxi weak open eyes, see ye Chen, showing a gentle smile.

Under the outbreak of cold poison, her face was very haggard. At this time, she had a sense of desolation and beauty with a smile.
