

Physician 5831

Chapter 5831

Ye Chen said, "I'm back."

Mo Hanxi said: "you... Did you win the martial arts contest?"

Ye Chen is afraid of her emotion, smile way: "I don't tell you first, wait for your cold disease to be good, I say with you again."

Mo Hanxi a smile, said: "this year's outbreak of cold, than in previous years seems to be severe, I'm afraid I can't survive, but you come back to my side, I'm not afraid of anything."

Ye Chen Mou son one coagulates, way: "don't say so much first, I treat for you."

With that, ye Chen holds Mo Hanxi's hand, infuses her aura into her meridians, and displays the eight trigrams Dan furnace technique in her elixir field.

Boom!

Mo Hanxi only felt the concussion of the elixir field, but a mysterious elixir furnace suddenly emerged, constantly refining the cold poison air-conditioning in her body.

"It hurts..."

Mo Hanxi bit his teeth. Under the burning of the eight trigrams Dan stove, her Dan field is also a severe burning pain.

"It's OK. Just put up with it."

Ye Chen holds the temperature of the Bagua Dan stove, but the cold poison in Mo Hanxi's body has gone deep into the bone marrow. No one can cure it unless the real emperor comes.

What ye Chen can do is to ease it. Now he says to Mo Hanxi, "open your mouth."

"Well?"

Mo Hanxi a Leng, quite a little doubt, looking at Ye Chen, but still very clever obedience, opened his mouth.

Ye Chen cuts fingertip, insert finger Mo Hanxi's mouth, way: "suck my blood, can better alleviate your cold."

This one move, ye Chen does try repeatedly.

It was the same with previous injuries.

I'm afraid the value of his blood is beyond all elixirs!

"Well???"

Mo Hanxi is more surprised, did not expect that ye Chen will have such action, can't help a burst of shyness, cheeks are red.

But hear ye Chen's words, she still can't help sucking Ye Chen's finger, licking his blood.

Ye Chen's fingers have a warm touch, but he is a bit imaginative. He shakes his head, abandons his thoughts, and continues to urge the eight trigrams Dan stove to treat Mo Hanxi's cold.

Mo Hanxi sucks Ye Chen's blood. In the Bagua Dan stove, ye Chen's blood is burning continuously.

Under the burning of Ye Chen's essence and blood, Mo Hanxi's cold is also rapidly alleviating.

In a short time, Mo Hanxi's face was ruddy again, the smoke and cold fog on his body dispersed, and the heavy snow outside also stopped.

"Brother ye, you... You cured me?"

Mo Hanxi feel about his body, found that the cold has subsided a lot, can not help but mixed with surprise and joy.

Ye Chen takes his finger back from Mo Hanxi's mouth and says with a smile: "it's just temporary relief. If you want a radical cure, it's not until the emperor comes."

When he talks, ye Chen's body shakes, and his face is slightly pale. Before that, xuejianming and xueningqian were injured. He seems to be the least injured, but he still has a sense of destruction.

The intention of destruction is more like the means of witches.

Although it's not as good as destroying Daoyin, it's really troublesome.

But just now Mo Hanxi sucks his blood, lets him vigor consume greatly, falls into the short-term weakness.

Mo Hanxi holds Ye Chen's hand and says: "brother ye, thank you for your hard work. Although it can't cure the disease, with your care this time, I don't think it will recur this year."

Ye Chen says with a smile: "that you have a good rest."

Mo Hanxi came out of bed and said, "let's go out and meet my grandfather."

They went out of the bedroom and came to the main hall.

When Mo Hongji saw that the snow had stopped outside, his face had already turned from worry to joy. When he saw Ye Chen and Mo Hanxi coming out side by side, he was even more surprised

"Good granddaughter, are you ok?"

Mo Hanxi said with a smile: "grandfather, elder brother Ye is skilled in medicine. He has relieved my chills. I'm ok."

Mo Hongji was very excited and said, "that's great!"

Then, looking at Ye Chen, he said, "Ye Xiaoyou, I didn't expect you to be so skillful in medicine!"

He listen to Ye Chen said to go to see a doctor, originally did not hold any hope, but did not expect Ye Chen actually can cure Mo Hanxi.

Although it is not a radical cure, it can at least keep Mo Hanxi from relapse for a year, which is also a great credit.

Ye Chen smiles a little and says: "it's just a small effort. Mr. Mo doesn't need to be praised." After a pause, ye Chen thought about the Fu Zhao and said, "I don't know if there is any reply from Hong's family? Will they lend me the key? "

Mo Hongji frowned, drew out a letter and said, "the reply from the Hong family just arrived yesterday. They agreed to lend the key, but on one condition."

Ye Chen said: "what conditions?"

Mo Hongji said: "it's still a martial arts contest."

Ye Chen's spirit was boosted and he said: "is it a duel again? That's easy. "

He has just defeated Lin Tianxiao. It's time for him to come to Hong's home. There will be no more powerful young Tianjiao than Lin Tianxiao.

Mo Hongji said: "it's not a simple contest, it's about the ownership of Lagerstroemia Star River."

Ye Chen said: "crape myrtle Star River?"

He naturally knew that the crape myrtle Star River was the focus of the competition between the two families, and no one could do anything for a thousand years.

The aura of Ziwei Xinghe is very strong, which is very beneficial to cultivation.

Mo Hanxi said: "grandfather, is it still three sets and two wins?"

She seemed to know about the martial arts contest, and suddenly came to the spirit. The smell of crape myrtle Star River also had a great effect on relieving her cold.

If the Mo family can take the crape myrtle Star River, when Mo Hanxi's cold disease breaks out, he can soak it in the river, and he won't have to trouble ye Chen any more.

Ye Chen is a stranger after all. He can't stay in Mo's home all his life. Mo Hanxi is safe this year, but his cold will break out next year. If he can be nourished by Lagerstroemia Star River, there's no need to be afraid.

Mo Hongji nodded and said: "yes, the Hong family once again proposed that the winner should be decided by two wins in three sets. Whoever wins in three competitions can occupy the crape myrtle Star River."

Speaking of this, he looked at Ye Chen and said: "Ye Xiaoyou, in fact, a hundred years ago, we had an agreement with the Hong family to compete for a decisive victory. But unfortunately, at that time, my family was suddenly attacked by the judgment hall, and I was seriously injured. The competition can only be stopped. Now I come out of the mountain again, and they put forward the request to continue the competition."

Ye Chen frowned and said, "what does this have to do with my borrowing of the divine tree talisman?"

Mo Hongji said with a smile, "this time the Hong family proposes that if they lose, they will lend you the Shenshu talisman."

Ye Chen heart move, way: "if we lose?"

Mo Hongji said, "if we lose, we need you to hand over the wild devil's sword. This is the condition of the Hong family."

Ye Chen's indifferent face outlined a smile and said: "originally, I want to capture my wild devil sky sword?"

A few days ago, ye Chen used the wild demon sword to kill Chen Xia, the apostle of the judgment hall. The news has been spread out, and the Hong family is also aware of it.

Now the Hong family has received a letter from Mo Hongji. Knowing that ye Chen wants to borrow the key, they put forward this condition.

Huangmo Tianjian is one of the eight Tianjian. It's very valuable. The Hong family's ambition is really great.

If ye Chen wins, he just borrows their key, not directly dominates.

But they won, is to directly take ye Chen's sword, is undoubtedly mingrob!

So ambitious Hongts are worthy of being related to hongtianjing!!!

Chapter 5832

Ye Chen said: "what are the rules for the two win contest in the three sets? Can I fight? "

The wild devil sword is very important. Ye Chen doesn't want to place his destiny in other people's hands.

Mo Hongji saw Ye Chen's pale face and said, "Ye Xiaoyou, it's ok if you want to fight, but your body seems to be rather weak. Do you have any spare strength to fight?"

Mo Hanxi took Ye Chen's arm and said, "brother ye, I'm sorry..."

Ye Chen is so weak now, of course, it is because of the consumption of blood essence and the diagnosis and treatment for her.

Ye Chen said with a smile: "my body recovers quickly. I can recover in three or four days at most."

Mo Hongji was slightly surprised and said, "is that right? If we can really recover in three or four days, it would be better. The Hong family suggested that the time for martial arts competition should be seven days later. "

"Two wins in three sets. In the first match, the strong under long live in the clan will fight; In the second scene, the patriarchs of the two ethnic groups went to war; In the third scene, the demons under the age of 500 in the clan go to war. "

"Ye Xiaoyou, the future of our Mo family is all gambled on you. We are connected by cause and effect. You can also fight on behalf of the Mo family."

"If the Hong family wins this contest, the crape myrtle Star River will belong to them, and you have to hand over the wild devil sky sword."

"If we win, we can occupy the crape myrtle Star River and borrow the key of Hong's family."

Ye Chen eyes a bright, way: "since I can participate in the war, that is no better than, have my hand, Mo family already won first, you as long as win again, can be accomplished."

The tone of his words was flat. He didn't mean to show off, but he had absolute confidence that he could win the contest.

There is no evil in this world that can be compared with Ye Chen. Even Lin Tianxiao is defeated by him, not to mention other people.

Mo Hongji and the elders in the hall all admired Ye Chen's heroic words, and Mo Hanxi also admired them.

As we all know, ye Chen is not a free talker. He has enough strength to kill the Apostle Chen Xia and defeat Lin Tianxiao. This remarkable achievement is enough to move everyone.

Mo Hongji looked at Ye Chen's pale and weak face and said, "Ye Xiaoyou, you are weak. You can really recover after seven days of martial arts competition? Let me tell the Hong family to postpone the date. "

Ye Chen said: "no, seven days later."

He just wanted to return to the outside world as soon as possible, and he didn't want to delay for a moment.

Mo Hongji understood his intention, nodded and said, "well, I'll write back to the Hong family and win the martial arts contest in seven days."

Mo Hanxi see ye Chen never forget, always want to go back to the outside world, can't help a little dejected.

Things so decided, Mo Hong two in order to fight for crape myrtle Star River, decided to contest!

In addition to the ZIWEIXING River, there are additional bets. On the side of Mo's family, it's the wild devil Tianjian, and on the side of Hong's family, it's a divine thing.

Most people don't know what kind of deity it is. Only some high-level people know about the tree of gods and the imperial edict.

But if you can make a bet with the wild devil Tianjian, even the outsider who doesn't know the details will know that the divine object is very important.

The Mo family has made a decision on the candidates for the contest. Mo Hanxi will fight in the first match, Mo Hongji will fight in the second match, and ye Chen will fight in the third match.

Mo Hanxi's cold disease has been relieved and she has the ability to fight. Although she is attached to Ye Chen, in fact, her cultivation is not weak in Taizhen, and she is the best among her peers.

Mo Hongji has been injured for a hundred years, and has recovered to 7788. In this war, he will face the patriarch of the Hong family!

The third decisive battle, ye Chen personally, he naturally is to personally control their own destiny.

.....

After resting for a few days, ye Chen thinks of xuejianming and xueningqian again. I don't know what happened to them now?

The Wuzu in the disc is a hidden danger after all. If it is not destroyed, things will still be very bad.

No longer think about it, ye Chen bid farewell to Mo's family for a short time, and then went to the huge sword in the earth's heart.

When he comes to Jujian again, ye Chen remembers that it was xueningqian who brought him in last time. Now xueningqian is in it, how can he step in?

But when ye Chen is worried, the huge sword door suddenly opens and a beautiful shadow comes out.

It's hemagglutination.

However, the complexion of today's hemagglutination is much better than that of the previous few days. Even from the perspective of breath, the strength should be restored by 80%.

"How did you know I would come?" Ye Chen has a wonderful way. Xuening took a white look at Ye Chen: "the rules and aura inside are of great benefit to my blood family. It's not only fast in healing and cultivation, but also can feel the cause and effect of the outside world."

"If one day wanxu and those guys try to destroy the outside world, this place will be a new harbor, and the inheritors of my blood family will not be under the status here at least. This is actually a trace of selfishness of our ancestors."

Ye Chen suddenly: "how is the state of blood elder?"

Xueningqian turned and walked towards the door: "you come with me. He just wants to see you."

Ye Chen follows Xue Ningqian through the gate and comes to the world of sword again.

But this time, Xuening Qian didn't need to hold him, and the sword didn't hit him.

Two people come to that three swords under, leaf Chen Mou son tiny a coagulate, he always feels these three swords to have what change, but can't say.

"Here you are." A voice of nothingness came.

Ye Chen's line of sight falls not far away, a white haired old man.

It's the bloody sword!

At the moment, although the Blood Sword state and injury have recovered, but the vitality has consumed too much a few days ago.

"Master." Ye Chen arched his hand and said nothing more.

Xuejianming stands up and supports himself with a sword. His old face is full of history

"These days, I have been thinking about why I failed, and now I have the answer."

"The Wuzu absorbed the power of the seal in the Zhenxie disk. His strength was offset by the seal, and he even had the intention to rush out of the disk."

Ye Chen face a change, now this town evil dish in oneself body, if this sorcerer Zu rush out, that bear the brunt of is to oneself hand.

I'm hiding a time bomb all the time!

"Master, what should we do? Do we need to try again to destroy this disc?" Ye Chen asked.

The Blood Sword hell suddenly sighed: "it's not so simple. I underestimated the power of the seal Wuzu before. I thought I could destroy it forever at the cost of my life. Now it seems that I can't do it."

"Ye Chen, don't be afraid. Judging from the seal, that guy can't get out in a short time, but if it's a year later, ten years later... It's really possible to rush out!"

Ye Chen's pupil suddenly shrinks. He thought it would be a hundred years, but he didn't expect it could be a year?

Chapter 5833

This is playing with my life!

Will you face the most evil in this world before you step into the supreme world?

However, ye Chen has the heart of Wuzu Tao, so he will not be afraid. He looks at xuejianming and asks: "since you see me at this time, you must have a plan in your heart. Please let me know."

Xuejianming looks at Ye Chen in surprise. Although he has been here for many years, he is isolated from the world. But from these swords, he also feels the remains of many talents. If ordinary people hear this news, there will be cracks in the heart of Tao.

But ye Chen didn't!

He nodded: "in fact, there is no way." Then, the Blood Sword looked at the three swords!

Ye Chen guessed something and said tentatively: "the master doesn't want to control these three swords, and then destroy them..."

Blood Sword Ming shook his head: "yes or no, although I am not weak in history, and even can be said to be one of the strongest geniuses of blood sword at that time, I am not crazy enough to think that I can conquer one of the three swords."

"Before that, I didn't ask you to introduce aura into the sword, but to take advantage of it!"

"Taking advantage of the situation, I can do it, but it is absolutely impossible to conquer one of them."

Ye Chen found that xuejianming had been staring at himself strangely. He scratched his head and said: "you don't want me to conquer this sword..."

"Exactly!" Blood Sword dark big voice way.

At this moment, even xuecongqian was confused.

The terror of these three swords was clearer than that of Ye Chen. She even doubted for a time that someone in the world could conquer these three swords?

It's impossible to reach the top of Taizhen realm, not to mention Ye Chen, who is just in the original realm!

Ye Chen shrugs helplessly: "I'm joking. Although I think I'm crazy, I'm not crazy enough."

"These three swords are trapped in chains. Jianwei is not something we can bear. If we untie the chains, I will be killed by Jianwei!"

Xuejianming agreed and said, "it's natural, but don't forget that you have mastered the wild devil Tianjian. Not only that, but also I can sense the cause and effect of other Tianjian from you. That is to say, you have conquered at least two of the eight Tianjian!"

"What a chance? Since you can conquer so many heavenly swords, why can't you try to conquer these three swords? "

Ye Chen looks at the three swords, and he does have cause and effect with the eight heavenly swords. Whether it's disaster heavenly swords or wild devil heavenly swords, he doesn't conquer them at their peak. However, the momentum and power of the three swords in front of him are too strange.

Blood Sword stares at Ye Chen and explains: "over the years, I have studied these three swords, but I have found something beneficial to us."

"First of all, the names of the three swords are too long ago, but I chose their own names according to the cause and effect and the grain! They are: Chaos emperor sword! Annihilation sword! Respect Dragon Queen sword! If the three swords are spirits, it must be the order of the emperor, general and queen! "

Ye Chen heard these three names, although not necessarily the real names of the three swords, but they were very suitable.

One of the swords is the most terrifying. It seems to be like the sword that breaks through heaven and earth at the beginning of chaos. It should be the chaos emperor's sword.

The other handle exudes the power of extinction. Ye Chen is very familiar with the power of extinction. A large part of the rules in this space are caused by the extinction.

As for the third sword, it is more like a female sword, and the sword body is covered with dragon patterns. Ye Chen has some dragon blood in his body. He feels uncomfortable when facing this sword. He must have refined this sword to sacrifice the powerful existence of the dragon! It can even be said that many dragon blood breeds this sword!

A few days ago, when the three of them were planning to kill Zhenxie pan, they stood on the three swords and their positions were also analyzed.

Because he has a little connection with the power of jimie, he is standing on the sword of jimie general, while Xuening Qian, because she is a woman, is standing on the sword of Zunlong Hou. The most terrifying Blood Sword of his cultivation is the sword of chaos emperor.

If this person had been replaced at that time, I'm afraid that Wuzu would have rushed out of the evil disk.

Xuejianming continued: "although these three swords are limited by the power in the chain, they can be divided into strong and weak. Chaos emperor sword is the strongest of the three swords. Ye Chen, even if you step into Taizhen, you don't want to conquer this sword."

"But among the three swords, one is the easiest to break through. Of course, the breakthrough is relatively speaking, that is, the sword of annihilation!"

"Ye Chen, when I set up the array a few days ago, I vaguely found that there seems to be a sense of balance between jimie sword and you... Although I don't necessarily agree with you, you have something to attract it."Ye Chen Mou son tiny MI, indeed so, but concrete is what attract, ye Chen is really not sure.

In fact, there is something to do with the power of annihilation.

Not long ago, the instrument spirit of miezhu in the center of the earth, linger, took the jimie sword pill, which may also be related.

But even so, the sword of jimie is too terrible to conquer!

"Ye Chen, you and I are full of uncertainty. Since there are so many uncertainties, why not try it."

"You touch your hand on the sword of annihilation... Give it to me next!"

Blood Sword dark some anxious way.

Xueningqian obviously doesn't want Ye Chen to take any more risks, so he says to xuejianming: "the cause and effect of Ye Chen's contamination is deep enough. If ye Chen is contaminated again, it's unfair to Ye Chen!"

Chapter 5834

Xuejianming realized that he was in a bit of a hurry. He just wanted to say something, but ye Chen rose from the sky and put his hand on the sword!

In a flash, a violent force of destruction explodes around Ye Chen!

He even tore Ye Chen's coat completely, revealing his almost perfect body!

Hemagglutination Qian's cheek is tiny red, subconsciously lowers a head, but still because of worrying about ye Chen's situation, raised a head.

At the moment, the blood sword has appeared beside Ye Chen. On his old face, the rune appears again. At the same time, the rules of communication between heaven and earth slap Ye Chen.

Originally, ye Chen's body almost had to be torn by the power and the law of extinction, and the blood sword's hand would dissipate everything.

"Ye Chen, close your eyes and feel the way of this sword!"

Ye Chen's ear side spread the voice of Blood Sword Ming.

Ye Chen closed his eyes and found that his body seemed to dissipate in the world.

When I opened my eyes again, I found myself in ruins.

Among the ruins, there are many bones.

It was as if it had been baptized by war.

There are not only white bones, but also a corpse! The body was full of blood.

"Here, is the artistic conception in the sword of annihilation?"

At this time, ye Chen found that the horn sounded on the sky, and the void was torn in two!

One black one hundred!

And in the void on both sides, there are countless soldiers!

These soldiers eyes full of determination, regardless of life and death of the war!

In front of the black and white armies stood a general!

The general's evil spirit is superior, gestating a terrible momentum, as if above the heaven and earth!

Just look at it like this, ye Chen has a kind of feeling that his feet are soft.

"Fight

I do not know when, came a vibration of the voice of heaven and earth!

Then the two armies went to war!

Almost instantly, countless casualties!

Countless laws and martial arts fill the sky.

A shower of blood fell from the sky.

The sky is dark, the sun and the moon are dim.

Only endless life and death, and the will to fight.

Even though ye Chen has his own understanding of life and death, this moment is still shocked.

He even has the illusion that he is the master of reincarnation, but can he really control the reincarnation of the world?

Does reincarnation mean a death?

When ye Chen was in a trance, time seemed to pass quickly.

When ye Chen wakes up again, he finds that the battle is over.

Here, at this moment, it's like purgatory.

Even a soldier's blood drops fell on his cheek, and his whole body was full of corpses.

In this world, only two generals are still standing.

Their bodies are covered with sword marks, and their armor is stained red with blood. However, their eyes are full of the original attitude.

Ye Chen couldn't tell whether they had fought hundreds of swords or tens of thousands of swords.

Ye Chen only knows that at last they both fell down.

They looked at the bodies around them, their eyes changed for the first time, it was a kind of moving and helpless.

War, after all, needs people to pay for it.

These warriors and soldiers may be innocent.

But maybe only in this way can we get peace.

"What do you see?"

Suddenly, a dignified voice rings out in Ye Chen's ear.

Ye Chen is slightly surprised, and finds a man as big as a mountain standing not far away from him.

The man a body armor, the stature abnormality is tall and straight, certainly can only see the back figure, but the leaf Chen still saw the corpse mountain Blood Sea from the back figure!

If he guesses correctly, this is the "general" in the sword!

Ye Chen truthfully replied: "I see the ruthlessness of war, I see the killing, I see the destruction."

The burly man didn't speak for a long time.

Ye Chen even finds this moment hard.

Finally, the man turned around, it was a cold and resolute face, facial features such as knife general, even without any expression, but also with a bit of awe. Very strong!

The man glanced at Ye Chen and said, "do you think the answer is what I want to hear?"

"Do you know what I see?"

Ye Chen shook his head: "I don't know."

With a wave of his hand, the man said, "I see the end of the Tao."

Ye Chen has some doubts: "what is the end of Tao?"

The man pondered for a moment, then said: "what is the end of the martial arts you are pursuing?"

"But you are interesting, Wuzu Daoxin, Lingxiao Wuyi and Hongmeng big starry sky. Any one of them is valuable in this world, but you have mastered three at the same time."

"That's why I let you in. If you were someone else, maybe you would have been absorbed by this sword for a long time."

Ye Chen a Zheng, this just understand the origin of the other party: "you are the sword spirit of the annihilation sword?"

"The sword of annihilation?" The man frowned and immediately said, "the sword is nameless, but the world wants to control it and become the shackle of cause and effect with the sword's life."

"However, the name of jimie general sword is right. It's even suitable for this sword."

"As for the sword spirit in your mouth, I'm not a sword spirit. I can't tell you the complexity of it. Let's just be a sword spirit."

Ye Chen didn't want to talk nonsense: "did you know that besides the annihilation sword, there are three extra swords? And one of the swords, infected by the evil spirit of Wuzu, is now sealed in Zhenxie pan. The power of Zhenxie pan will gradually dissipate. At that time, the Wuzu will surely fight against innocent people. The elder generation should not want the picture of the war just now to reappear in the world. "

The man's face did not change, but said: "do you really think Wuzu could control the sword so easily?"

"Is this foreign wizard really qualified to be infected?"

Ye Chen's eyes stare big. He already knows that things are not necessarily understood by xuejianming. There is a bigger game of chess behind these four swords!

"Please give me some advice!" Ye Chen Gongshou road.

The man took a look at Ye Chen: "I shouldn't have said so much to an outsider, but maybe it's because you have that thing in you, as well as your Dao heart and martial arts will let me understand that you are not a villain, but a genius on the right path. Some things may be good for you to know."

"It seems that the Wuzu controlled the sword. In fact, it can be said that it was the Wuzu controlled by the sword!"

"Among the Four Swords born in the world, one is evil sword from the beginning!"

" No one has ever been able to make clear the right and wrong in the world, so the evil sword also has its birth reason. "

What did ye Chen understand from each other's words? It seems that these four swords are not as simple as blood sword.

"Master, according to the seal of Zhenxie pan, the Wuzu may leave. If he takes away the so-called evil sword, will there be many variables? Maybe it's even bad for the seniors! "

Chapter 5835

The man hears Ye Chen's words, it is rare to show a smile: "if that sorcerer Zu really controls that handle evil sword, perhaps can only explain, cause and effect is so."

"Maybe that Wuzu is the one who saves the world, not you... The so-called Lord of reincarnation."

Ye Chen is not too surprised for the man to know his identity. From the beginning, he said that he was looking at something and didn't do it to him.

It must be the mysterious stone carried by lunhui cemetery.

The existence of this stone is obviously bigger than these swords. This man pays attention to cause and effect between his words. He must think that reincarnation cemetery chooses himself, which is probably caused by cause and effect. If a man kills himself, it is equivalent to destroying the cause and effect of the person behind.

"All right." The man suddenly spoke again, "it's time for you to leave, too. You can't hold the so-called annihilation sword now!"

"You may think that if you hold that thing, I will not kill you. You are wrong. My mission is to protect this sword from outsiders! And you, now, are the outsider! "

" Next time, I will not keep my hand. In your state, I will break out all the cards. Maybe I can only hold one breath. "

Voice down, an invisible force like the tide in general, and then, ye Chen found that the surrounding space began to tear!

Finally, gasping for breath, he opened his eyes and found that in front of him was xuejianming and xueningqian.

Xuejianming is obviously very worried, because ye Chen's state just now is too strange, as if he has lost his soul!

If ye Chen didn't wake up in time, he might have planned to cut off the connection between Ye Chen and Ji Mie Jiang Jian!

"Ye Chen, have you entered the world of sword?" The Blood Sword Ming cares about the way.

Ye Chen nodded, fell from the sky, and took out a piece of clothes from the reincarnation cemetery to put on.

"What's going on inside? Are you sure you can hold the sword Blood Sword Ming continues to ask a way.

Ye Chen shook his head: "I can't do it now, but I learned a message from it. The sword controlled by Wuzu is an evil sword. Maybe Wuzu controlled the sword, or the sword used Wuzu."

" As for other news, there is no more. "

" The man told me that if I try again rashly next time, the consequences will be very serious. "

" But even so, when I break through or improve my strength, I will still try! "

Xuejianming and xueningqian's face changed slightly. They never thought that the sword would be evil!

In this way, they really have no way to predict what to do next.

"Ye Chen, what do you think now?" Xuejianming asked.

Ye Chen's eyes narrowed slightly and shook his head: "let's go step by step. In the next few days, I will be ready to fight with the Hong family."

" I've been here for a long time. It doesn't belong to me after all. If I don't go to heaven and man as soon as possible, my friends will be worried. "

Hemagglutination Qian's eyes fluctuated: "do you have to go?"

Ye Chen nodded: "naturally, xueningqian, I promised xueyouzi that I would take you away. This promise is always valid."

"Well, I'll leave first. If there's anything, or any other discovery, you'll let me know."

" These swords and I have been contaminated with cause and effect. I will never escape in my life. "

.....

Ye Chen returned to Mo's home, and now his state is at its peak. It's too far away for those swords. The most important thing now is to get the Shenshu talisman.

The battle with the Hong family must be won!

In order to be sure, ye Chen proposes to go to the competition arena with Mo Hanxi to get familiar with the venue in advance.

Mo Hanxi readily agrees, and ye Chen step on the transmission array of Mo's family and send it to the river of crape myrtle.

Wow.

White light shining, ye Chen out of the transmission array.

In the distance, there is a mountain peak with Fairy Spirit and misty atmosphere. It is covered by clouds, with dense pines and cypresses, luxuriant forests and bamboos, various exotic flowers and plants, green moss and blue moss. On the mountain, there are waterfalls rolling down, which are as magnificent as white dragons.

A river flows around the mountain.

The river above, there are wisps of hazy purple, dense Qinren, extraordinary charm, the river dotted with a little bit of starlight, it seems like a dream.

Ye Chen narrowed his eyes and looked at the Ziqi River as if he saw his future destiny. He whispered: "is that the Ziwei river?"

Mo Hanxi stood beside Ye Chen, took his arm, and said: "yes, brother ye, that's the star river of crape myrtle. The Star River is around the mountain of crape myrtle. It's not only full of aura, but also extremely deep. If anyone can capture the mountain and river, there will be endless good places." Ye Chen and Mo Hanxi slowly forward, said: "the crape myrtle Star River, is said to have given birth to a day's daughter?"

Mo Hanxi gave a "Er" and said, "yes, in those days, there was a beautiful girl in the Xuan family who was born from the river of crape myrtle. Originally, the river of crape myrtle was just a very common river. Because of the birth of the beautiful girl that day, she transformed into a magnificent river of Qi. Absorbing the spiritual cultivation of the river of crape myrtle, it is said that she can still see her own destiny, It's amazing. "

Ye Chen in the heart a shock, way: "that day of lovely girl call what name?"

Mo Hanxi said: "I don't know. The legend is too long and mysterious. I don't know."

Ye Chen thought, "I don't know if it's xuanjiyue?"

Try to deduce the secret behind, but with no result.

Chapter 5836

After shaking his head, ye Chen doesn't think much about it any more. Let's leave xuanjiyue alone. The most urgent thing is to win the martial arts contest, gather all the keys as soon as possible, open the door of henggu and return to the outside world.

Ye Chen and Mo Hanxi walk and chat, then come to the foot of Ziwei mountain.

On the open space in front of the mountain, there is a tall challenge arena, which is full of runes. There are traces of wind, frost and moss on the challenge arena. I think it was not newly built, but it was built a hundred years ago. It's just because the Mo family had a temporary accident, so the contest was cancelled, which has been delayed until now.

On both sides of the arena, there are two sides of the confrontation, each with a sword.

There are dozens of people on each side, all of whom are at daggers drawn.

The man on the left is the elite disciple of the Mo family.

The person on the right is the elite of the Hong family.

The star river of crape myrtle is just around the corner, but no one of the two disciples dares to go in to practice, because the victory or defeat has not been decided yet. If anyone dares to rush into the mountain, it will inevitably lead to disputes and killing.

Mo Hong's two families are both Tianjun families, and they have great demands on Qi Yun, Lingqi, geomantic omen and other resources. Therefore, they have no plan to divide the crape myrtle Star River equally. They must decide whether to win or lose and completely occupy this treasure land.

Among the three remaining Tianjun families, the Hong family is the most powerful. If they capture the star river of crape myrtle, their power will be even stronger.

So this contest, for the Mo family, really can't afford to lose.

"See you, Miss Ye!"

The elite disciples of the Mo family, seeing ye Chen and Mo Hanxi coming, bow their hands and salute one after another. Their voice and movement are exactly the same. They are obviously well-trained.

The elite over there in Hong's family is cold eyed and leering. Many people look at Ye Chen secretly. They suddenly say: "is he Ye Chen? It's just the seventh heaven in Shiyuan. Did he really kill Chen Xia? "

However, among the elite members of the Hong family, no one spoke, and they all kept their guard duties.

Fortunately, they didn't know that ye Chen actually defeated Lin Tianxiao. Otherwise, they would be even more surprised.

Mo Hanxi smiles and says to all the disciples, "everyone has worked hard."

At this time, she is holding Ye Chen's arm, and her soft body is almost close to her without any barrier. Ye Chen thinks that the war is coming, and it is inconvenient to attack her mind, so she has to do so. Therefore, she is very happy in her heart, so she immediately takes out some precious pills and distributes them to all the disciples.

After receiving the present of pills, all the disciples respectfully said, "thank you, miss!"

Mo Hanxi said with a smile: "you should thank brother Ye."

"Thank you, Mr. Ye," they said

Ye Chen wry smile for a while, but is a little helpless appearance.

"Brother Ye is famous and has a good companion. It's really enviable."

Just then, a powerful voice sounded.

But two men came along the road. One was a strong man in red talisman's armor, the other was a man with black hair and full of Buddha's light.

These two people are Lin Tianxiao, the pride of the Lin family, and Shimohou, the national master of Jinpeng Buddhist kingdom.

Lin Tianxiao looks at Ye Chen and Mo Hanxi with a smile. Seeing their intimate appearance, he can't help showing a funny smile.

Mo Hanxi blushed and lowered his head.

Ye Chen is quite embarrassed, smile to dissolve embarrassment, also don't answer words, only way: "originally is Lin big young master, how did you come?"

Lin Tianxiao said with a smile: "this time, Mo Hong's two families compete in martial arts. Our Lin family is a notary. I specially come to have a look in advance with the national teacher."

Ye Chen said: "so it is."

Lin Tianxiao said, "it's said that brothers Ye represent the Mo family in this contest?"

Ye Chen said: "exactly."

Lin Tianxiao said with a smile: "brother ye, the Mo family is sure to win!"

He was defeated by Ye Chen. He knew Ye Chen's martial arts very well. Few people under the age of 500 could defeat Ye Chen even if they looked at the whole earth.

Ye Chen said, "master Lin is joking."

Lin Tianxiao said with a smile: "last time I fought with brother ye, I felt very happy. Today I meet again. Why don't brother ye come to my tent and have a drink?"

In the vicinity of Lagerstroemia Star River, the Mo family, Hong family and Lin family all set up tents for daily rest and supply resources.

Ye Chen said with a smile: "it's better to be obedient than respectful."

At the moment, he and Mo Hanxi, together with Lin Tianxiao, came to the camp of the Lin family to drink and get together. Ye Chen only drinks with Lin Tianxiao, but he doesn't even ask the emperor shimohou about it.

On that day, the emperor shimohou intervened in the martial arts contest, and even wanted to plot against Ye Chen. Ye Chen was so annoyed that he didn't even bother to say a polite word.

Emperor shimohou kept strict commandments, but he did not drink, and sat quietly.

After three rounds of wine, ye Chen asked Lin Tianxiao, "young master Lin, I don't know when you can give me the tree talisman?"

Lin Tianxiao said: "the Fu Zhao has been stripped successfully. I wanted to give it to brother Ye immediately, but the master said..." and he looked to the emperor to release Marquis mo.

Ye Chen frowned and thought, "is this guy going to interfere in trouble?"

Then he said to the emperor Shi Mo Hou, "what's the meaning of Guoshi? Won't you lend me the imperial edict? "

With a faint smile, Shi Mo Hou said, "according to the investigation of Lao Jiu, you need three keys to open the gate of eternal antiquity, don't you?"

He looks like a handsome young man, but he is "old-fashioned" one by one, and his tone is old-fashioned.

Ye Chen said: "exactly!"

Emperor Shimohou said: "now that you are in a contest with the Hong family, the outcome is uncertain. It's useless for me to give you the key. It's better to wait until the result of the contest comes out. If you can really defeat the Hong family and get the key of the Hong family, I'll give it to you no later."

It's obvious that the emperor Shimo Marquis has also investigated the bets of the wild devil Tianjian and the key of the Hong family.

Ye Chen was angry in his heart and said angrily, "I don't have to worry about the martial arts contest with the Hong family. The national teacher should obey the agreement and lend me the key immediately."

Ye Chen has already made an agreement with Lin Tianxiao. He deliberately admits defeat to save Lin family's face, and Lin Tianxiao lends the key to him as soon as possible.

This matter, Emperor Shi Mo Hou must know, but now stripped out the key, but he refused to lend Ye Chen the first time, put clearly is in trouble.

Emperor Shi Mo Hou looks at the appearance of Ye Chen's anger, but there is some superior pleasure in his eyes, and says: "if I don't borrow it, what can you do for me?"

This words a, leaf Chen immediately angry, clap table but rise, in the eye eye eye already has the monstrous murderous spirit!

Lin Tianxiao said in a hurry: "brother ye, don't be angry. The national master grew up in the imperial family. Later, he witnessed the demise of the imperial family and suffered a lot. So he was a little cranky. He didn't mean to. When you win the Hong family in the martial arts contest, I'll guarantee my life and give you the key at the first time. How about that?"

Chapter 5837

Ye Chen grits his teeth and stares at the emperor Shimohou, but when he hears Lin Tianxiao's promise, it's not convenient to tear his face, but he's not in the mood to drink. He says, "Hanxi, let's go!"

Then he left with Mo Hanxi.

When they got out of the camp, Mo Hanxi took his hand and comforted him: "brother ye, don't be angry. As long as we win the Hong family, we can still get the key to the Lin family. Lin Tianxiao will never break his promise."

Ye Chen said: "although it is so, the emperor Shimohou is too hateful. It's really disgusting."

Mo Hanxi said: "he is one of the only two lineal descendants of the emperor's family. He has personally experienced the destruction of his family. His parents, wife and children were all killed by the court. His temper is a bit tricky. Brother ye, you don't need to see him."

Ye Chen heard a Lin, suddenly thought of what, way: "only two descendants?"

Mo Hanxi said: "well, there is another one. He was the proud son of the emperor's Buddhist family in those years. His name is emperor Shitian."

Ye Chen heard these three words and said in a trembling voice: "Emperor... Emperor interprets heaven?"

Mo Hanxi said: "yes, brother ye, you are from the outside world. Have you heard the name of emperor Shitian outside?"

"At that time, when Emperor Shitian was just born, he was still a baby. When he was born, he was blessed by the dragon and the Phoenix, blessed by the emperor, and blessed by the emperor. He was born with great fortune. The emperor Shijia named him " Tian ", which means that his life is equal to heaven. He can bear it. Obviously, his fortune is extraordinary."

Ye Chen said: "when it was ruled that the holy hall destroyed the emperor's family, did the Emperor... Emperor Shitian not die?"

Mo Hanxi said: "no, at that time, the emperor's family seized a stranger, who seemed to be called Yan Changge. They wanted to kill Yan Changge, but suddenly they met the attack of the holy hall, so they released Yan Changge and gave him the key to take away the emperor's heaven, escape to the outside world and raise him."

Ye Chen heard the word "yanchangge", and his head was shocked. He murmured: "the emperor Shitian is really the descendant of Tianjun family! No wonder you are so lucky

Mo Hanxi doubts: "elder brother ye, is emperor Shitian famous in the outside world?"

Because the cause and effect of the earth's heart is closed, Mo Hanxi doesn't know anything about the outside world, and he has never heard of the prestige of Di Yuan Hall and Emperor Shitian.

Ye Chen wry smile for a while, way: "is very big, Emperor Shi Tian is outside prestige not small."

Mo Hanxi brightened his eyes and said, "brother ye, tell me the story outside. I want to hear it."

Ye Chen said with a smile: "if you have time, the story outside is too complicated. I can tell you about it for three days and three nights just by one emperor."

Mo Hanxi laughed and said, "well, you should tell me later."

As they walked, they chatted and went to the transmission array, ready to return to Mo's home.

Just in front of the line, I met a pretty girl, holding a cat ear girl, followed by several guards, walking towards this side.

Ye Chen sees that young girl, immediately a stay.

"Ye Chen!"

That young girl sees Ye Chen, also be to stay.

"Oh, it's you!"

The little cat ear girl beside the girl was also wide eyed, gaping, and retreating like a guilty conscience.

This girl is actually Hong Xin. The cat ear girl beside her is her companion, Xiaoxuan, the nine life soul cat.

When she was in Tianxue lake, the girl Hong Xin was frozen and sunk at the bottom of the lake. Ye Chen released her and asked her about her origin. She said it had nothing to do with Hong Tianjing.

Later, ye Chen learned that Hong Xin secretly used the pseudo nine gods technique and the evil moon method to cover up the cause and effect and deceive himself.

In fact, Hong Xin is indeed the descendant of Hong Tianjing!

At that time, after ye Chen and her parting, they never saw her again. Unexpectedly, they would meet again here.

At this time, Hong Xin's vitality has been greatly restored, and now he has the same breath cultivation as Mo Hanxi.

How did Hong Xin enter the earth's core before he was outside?

Did you enter by accident because of the explosion like yourself?

"Hong Xin, it's you!"

When ye Chen sees Hong Xin, his eyes explode.

He was seldom cheated in his life, but he was cheated by Hong Xin last time, but he didn't realize it until Shen Tu Wan'er mentioned it.

Hong Xin is the descendant of Hong Tianjing, and ye Chen and Hong Tianjing are already immortal, so it is impossible to be friends with Hong Xin.

He was naturally annoyed that the other party had cheated him. Mo Hanxi said, "do you know each other?"

When she first saw that ye Chen and Hong Xin seemed to know each other, she was still a little jealous. At this time, she was surprised to see ye Chen's murderous appearance.

"Protect the virgin!"

The guards behind Hong Xin, aware that the atmosphere is not right, pull out their weapons one after another and watch ye Chen warily.

Xiao Xuan, the little girl with cat ears, tooted her lips. Seeing ye Chen's face, she knew that the lie had been exposed on that day and said, "brother Ye Chen, I'm sorry. We shouldn't have lied to you at the beginning, but if we don't, you will kill people. We can't wait to die."

Hong Xin gazed at Ye Chen with a rather complicated look and said, "Ye Chen, long time no see. There is no hatred between you and me. It's just that you and my ancestor Hong Tianjing are old enemies. I don't think you will let me go."

Ye Chen knows the truth of root cutting. If he can kill Hong Tianjing in the future, he will have to clean up the door of Hong's family. He is dying. However, when he sees Hong Xin's light and sad appearance, he feels that he is going to kill without asking the reason, which is too barbaric.

"In the future, how can you be in the center of the earth?"

Ye Chen sighed a breath, temporarily convergence murderous, some doubts asked.

Hong Xin was not born in the center of the earth. She was born in the supreme world. She was the descendant of Hong Tianjing after he ascended.

Hong Xin thinks about it and hesitates whether to Tell ye Chen. Finally, she thinks that she once cheated Ye Chen and owes her cause and effect, so she has to pay back

"To be honest, I'm not afraid to tell you that geocentric region is the hometown of the top ten ancestors. After they ascended, they always wanted to find their way back to their ancestors, but they couldn't find it."

"Over the years, the ten great ancestors have sent countless people to search for the entrance to the earth's heart, but they have gained nothing."

"I appeared in heaven and man, in addition to ice healing, in fact, I also had the task of looking for ancestors. Recently, I finally found them, so I came to the earth center along the way."

Ye Chen heart move, way: "ancestral road where?"

Hong Xin smiles and doesn't answer. It's obvious that she won't tell the secret anyway.

Xiaoxuan said: "brother Ye Chen, you don't have to ask. We won't talk about it, but it's useless. The ancestral road can't go in or out. Now my master and I can't go out. Hee hee, but it's good. The outside world is too dangerous. It's not wrong to stay here. Anyway, the place is so big."

Ye Chen ha ha a smile, way: "stay here, not necessarily safe."

Chapter 5838

Xiaoxuan said with a smile: "I know that there is a judgment temple here to make trouble, but no matter how fierce the judgment temple is, it can't compare with the bad guys in the world."

Ye Chen nods. This is true. The supreme world is the ultimate and the pinnacle of the world. The conflicts, enmities and power struggles in that world are naturally more dangerous than any other place, and even the earth's heart can't compare with them.

Ye Chen asked again, "what are you doing here? A few days later, are you going to fight on behalf of the Hong family? "

He had already guessed something.

Xiaoxuan grinned, took Hongxin's hand and said, "yes, brother ye chen, we are the first to appear."

Ye Chen hears these words, the vision hopes to Mo Hanxi.

But see Mo Han Xi facial expression tiny change, arm the hand of the leaf Chen arm, is also tightly grasped.

The first battle of the Mo family is played by Mo Hanxi.

In other words, Hong Xin is mo Hanxi's enemy!

When the two women met for the first time, they could not help but look at each other warily.

Xiaoxuan clapped her hand and said with a smile

"Brother Ye Chen, please tell this elder sister to admit defeat. Although her strength is equal to that of my master, my master was born and raised in the supreme world. Although her strength is not strong in the supreme world, she is not my master's rival, It's better to admit defeat quickly, so as not to kill her carelessly because the sword has no eyes

She said this out of goodwill, but Mo Hanxi heard in his ears, only feel extremely ironic, can not help but pull out the youhuang sky sword, said: "who wins who loses, maybe."

When Hong Xin saw her draw the sword, her eyes suddenly became cold and said, "Miss Mo is a very powerful sword. Four days later, it will be the day of martial arts competition. Then I will learn Miss Mo's excellent moves again!"

Mo Hanxi tit for tat, cold voice: "at any time to accompany!"

Ye Chen looks at the appearance of the confrontation between the two women. His heart sinks and he seems to have seen the defeat of Mo Hanxi.

Although Mo Hanxi has youhuang Tianjian, Hong Xin is a real Taishang man after all. He has Taishang martial arts. It's hard to defeat her with a fake Tianjian.

"Let's go."

Ye Chen pulls Mo Hanxi and leaves immediately.

Hong Xin and Xiao Xuan, watching for a while near the competition arena, also left.

Two beauties, a big one and a small one, return to Hong's family land by the teleportation array.

The Hong family's land is much more magnificent than the Mo family's Lin family.

The Mo family is a city, the Lin family is a Buddhist kingdom, while the Hong family is a fairyland like existence. The clan land is an island suspended in the sky.

Every island is full of Lingshan mountains, with flowing water and bamboo trees, flying cranes and auspicious clouds.

The islands are scattered like stars in the sky, revolving around a tree.

I don't know how tall the tree is. Its trunk is so thick that it can't be described. Compared with the huge tree, the islands are like grains of sand.

This is the Hong family's Guardian tree, called the universe tree.

The name of this sacred tree is totally different from that of Mo family's Fengqi tree and Lin family's Jinpeng star tree. It is called "universe".

Among the ten sacred trees, the cosmic tree ranks first. It is said that every leaf can be transformed into a great universe when it grows to the extreme. It is vast and magnificent.

Even in the total ranking of the most precious treasure of the thirty-three days of chaos, the cosmic tree can also be ranked second, two places higher than the heavenly star, second only to the judgment hall, which shows the power of this magic weapon.

There are many elite Hong family, driving dragon and Phoenix frame, patrolling around the universe tree.

As soon as Hong Xin and Xiao Xuan come back, many elite disciples of the Hong family greet each other respectfully: "welcome the holy lady, Hui nationality!"

Hong Xin came from the supreme world and came to Hong's family like a princess. Therefore, Hong Qishan, the head of Hong's family, immediately honored her as a saint.

Hong Tianjing, the ancestor of Hong Xin, was the only person who had successfully risen in the Hong family for more than 100000 years. As a descendant of Hong Tianjing, Hong Xin naturally received great kindness.

Hong Xin nodded slightly and said, "have you found the bones of Hong Tianzheng's ancestors, the second generation patriarch?"

Hong Tianzheng is much older than Hong Tianjing.

In terms of seniority, Hong Tianjing is the descendant of Hong Tianzheng. Hong Xin wants to find Hong Tianzheng's skeleton, because Hong Tianzheng is the only one in the world who can practice the destruction of Daoyin to ten levels. If Hong Tianzheng's skeleton can be recovered, it will be of great benefit to her cultivation and understanding of martial arts.

One of the elite disciples said, "the bones of the second generation ancestors have not been found. Please forgive me."

Hong Xin said: "well, there's no need to be in a hurry. Let's look for it slowly. At present, it's still important to seize the crape myrtle Star River."

The elite disciple said, "it's too much trouble for your holiness to make a breakthrough in her cultivation and then ascend successfully. You can use three keys to open the gate of eternal antiquity, go out, return to the supreme world, and bring back the news of Zulu."

Hong Xin's status is extraordinary, and she has the right to leave aboveboard.

The core of the earth is not completely closed. There is the gate of eternal antiquity. Hong Xin can borrow all the keys to go out and return to the supreme world.

Hong Xin said with a smile: "the supreme world is very dangerous. I want to practice successfully here and improve my strength. It's not too late to go back."

The elite disciple said, "yes!"

Hong Xin nodded slightly and said nothing more. He took Xiaoxuan by the hand and flew back to the top of the tree.

Chapter 5839

The universe tree is towering in the sky, and the top of the tree is at the top of the sky, as if it has pierced the sky.

When Hong Xin flies to the top of the tree, he sees an island floating above the top of the tree, which is the core of the Hong family's fairyland, called Tianjing island.

Because Hong Tianjing was the only one who rose in the past hundred thousand years, the core island was named after him.

When Hong Xinfei returns to Tianjing Island, he sees Hong Qishan, the head of the Hong family, coming out to meet him with a young man with a surly face.

Hong Qishan has white hair, wears a green robe, and behaves like a great master. His accomplishments have gone beyond the realm of Taizhen, which is really unfathomable.

The sullen man around him was dressed in strange clothes. He was wearing the armor of the holy light. He was actually the apostle of the judgment hall!

"Your Majesty, you are back."

Hong Qishan came forward with a smiling face.

When Hong Xin saw the sullen man, her pretty face sank and she said, "patriarch, what's the matter? Who is this man, the apostle of the judgment church? "

The sullen man saw Hong Xin, her pure and beautiful appearance, her detached temperament, and his eyes suddenly showed a burning look

"Miss Hong, I'm Lu Feng. I used to be one of the seventy-two apostles in the holy hall, but today I've changed my ways and become a member of the Hong family. I'll be a member of the Hong family."

Hong Xin's face changed slightly and said: "patriarch, how did you take in the people of the judgment hall? Are you not afraid of backfire? "

Hong Qishan said with a smile: "lady, please rest assured that brother Lu Feng is absolutely reliable. If he really has two hearts, the tree of the universe has already issued an alarm."

Lu Feng said with a smile: "that's right. Miss Hong, I sincerely submit to the Hong family. The main culprit of the verdict is overbearing. Knowing that Chen Xia died in Mo's family, he told me to continue to die. Why should I work for him again? In the past, my sins were very deep. I was afraid that I would join the Hong family today, and then I could accumulate more merits and wash away my sins. "

It turns out that on the same day, the Apostle Chen Hsing attacked Mo's family and was killed by Ye Chen. This matter was sent back to the holy hall, and the judge wanted to ask LV Feng to fight and continue to test.

But Lu Feng was afraid of death, so he quietly defected, and now he took refuge in the Hong family.

There is a special prohibition system planted by the judge on him. If he rebelled, he would be killed by the prohibition system.

However, Hong family's universe tree is so powerful that it suppresses his ban and ensures his safety.

Hong Xin frowns. Since LV Feng has betrayed the temple, it's hard to guarantee that he won't betray the Hong family in the future.

Hong Qishan said with a smile: "four days later, the Mo family sent Ye Chen to fight a decisive battle. That boy is powerful and hard to deal with. I was worried, and LV Feng brothers came to me. This can solve my problem."

Lu Feng said with a smile: "Ye Chen is just a wild devil, but his cultivation is mediocre. I have a way to subdue him."

Xiaoxuan spat out her tongue and showed a disdainful expression to LV Feng. She said: "you are not afraid of the strong wind. You have never seen brother Ye Chen's ability, but you say you can subdue him. What if you lose?"

Lu Feng pointed to his head and said with a smile: "if I lose, Miss Hong will take my head."

Hong Xin looked cold and said, "if you lose, you don't need me to do it. You won't be killed on the other side. Anyway, I'll fight. It's Mo Hanxi on the other side. I'm sure I'll win."

Looking at Hongqishan, he said: "patriarch, as long as you win one more game, our Hongs will be able to win the crape myrtle Star River."

Hong Qishan said with a smile: "of course, the holy lady's miraculous skill is unparalleled. Then Mo Hanxi is dead. In the second match, I will fight against Mo Hongji, the old ghost, and the LV Feng brothers. We can win at least one match. This contest is safe."

Hong Xin nodded and said: "it's so good. When we win the crape myrtle Star River, our Hong family's luck will be prosperous."

The Hong family's competition team has been determined.

In the first battle, Hong Xin came out to fight Mo Hanxi.

In the Second World War, Hong Qishan appeared against Mo Hongji.

In the third battle, LV Feng comes out to fight ye Chen.

The Hong family is determined to win this contest.

Mo family there, because ye Chen's existence, is also full of confidence.

The day of martial arts competition is getting closer and closer. Ye Chen is also in Mo's family, practicing diligently, preparing for the coming war.

This time out to fight for crape myrtle Star River, in order to prevent the verdict Temple suddenly attack the clan, Mo family has done a lot of layout, to strengthen the protection of the array.

All the transmission arrays of the Mo family are also turned on. They are on standby at any time. If the clan is in danger, ye Chen, Mo Hongji and others can come back immediately. In fact, the last time he ruled on the holy hall and attacked Mo's family, the leader of the ruling had already spent a lot of blood and essence of his own life. It was when he was weak that he expected that he would not attack on a large scale again, but it was right to be cautious.

A few days passed, and the day of martial arts competition officially arrived.

On this day, ye Chen, Mo Hanxi and Mo Hongji led a large number of Mo family elite to Ziwei Xinghe.

"Good luck to you

The people who stay at Mo's home shout for ye Chen and others.

A group of people came to the crape myrtle Star River. Ye Chen took a look and found that the Hong family had arrived and were preparing under the challenge arena.

Hong Xin, Hong Qishan and Lu Feng are the three men who are fighting in the Hong family.

Ye Chen has received news that his opponent is Lu Feng.

Lu Feng is a famous genius in the inner earth. He is less than 500 years old. His cultivation has reached the seventh level of heaven in the realm of Taizhen. He was once the son of the five sacred places. Later, the five sacred places were destroyed by the holy hall, so he joined the holy Hall.

Now Lu Feng betrayed the holy hall and took refuge in the Hong family.

He was once the Holy Son of the five holy places, and he had the spirit of holiness, which should not be underestimated.

Ye Chen looks at LV Feng and pays attention to it.

He heard Mo Hanxi mention the holy land of the five directions, which is in the center of the earth. Besides the ten Heavenly Kings, there is a rather powerful force that holds the "congenital five directions flag".

The so-called "congenital five square flag" is the magic weapon of five flags, which belong to the treasure of the thirty three days chaos. They are: Wuji Xinghuang flag, Qinglian baose flag, Lidi Yanguang flag, plain cloud flag, Zhenwu zaodiao flag.

The treasure of chaos in the thirty-three days is divided into five banners, eight trigrams, nine heavenly stars, ten divine trees, and the judgment hall, which is just thirty-three.

After ruling that the holy hall destroyed the five holy places, it seized four flags, leaving only one flag to Lu Feng.

Although only one shot, but the power of the fire is huge, we must not underestimate.

Ye Chen knows all kinds of information about LV Feng from Mo's family before he leaves.

LV Feng is also looking at Ye Chen. Seeing that his cultivation has only seven levels in the original realm, he murmurs in his heart: "is this boy really the murderer who killed Chen Xia? It's just seven stories from the beginning. Can it really turn the world upside down? "

Chapter 5840

Hong Qishan, the head of the Hong family, seemed to see LV Feng's mind and said in a low voice: "don't be careless. There is a wild devil's sword on the opposite side. It's a weapon belonging to the supreme world. It's very sharp and can't be ignored."

Lu Feng said with a smile: "don't worry, Hong Tianjun, I won't capsize in the sewer."

Hongqishan nodded and waited for the contest to begin.

The contest was notarized by the Lin family.

Shih Mo Hou, the national master of the Lin family, has come with Lin Tianxiao.

The gathering of the three family leaders is a grand occasion.

Now even if the judge comes, there will be no benefit.

The strength of Mo Hongji, Hong Qishan and Emperor shimohou is beyond the realm of Taizhen. If they work together, they will be able to compete with the judge.

Today's martial arts contest, I don't dare to make trouble even if I want to judge the holy hall.

Because the chief judge is good at cracking down on each one. In the face of the unity of the three ethnic groups, it's almost like looking for death if he comes rashly.

Nevertheless, for the sake of caution, the three companies set up many sentries outside the competition venue to investigate all possible crises.

"Mr. Mo Tiantian, Mr. Hong Tiantian, you are all right."

Lin Tianxiao strode forward and saluted Mo Hongji and Hongqi mountain.

The emperor next to him was indifferent. He was obviously perverse and didn't even greet him politely.

Mo Hongji and Hong Qishan, both aware of the emperor's temper, didn't agree. They only bowed back to Lin Tianxiao and said, "nephew Lin, you are all right."

Lin Tianxiao said with a smile: "today, Mo Hong and his family are fighting for the crape myrtle Star River. They will win the martial arts contest with the system of two wins in three sets. Our Lin family is ashamed to be notarized by the invitation of the two families. Now that the two families have arrived, let's not talk about it. Let's officially start the martial arts contest!"

As soon as he finished speaking, the honor guard disciples of the three families began to ring the battle drums and sound nine high, showing their hegemony.

Mo Hongji and Hong Qishan nodded and returned to their own camp.

Lin Tianxiao cheered: "in the first battle, Hong Xin, the holy daughter of the Hong family, is fighting against Mo Hanxi

Voice down, Hong's side of the disciples, shouting cheers: "the holy lady is mighty!"

Xiaoxuan took lahongxin's hand and said, "master, come on."

Hong Xin nodded, stepped on the lotus step gently, and jumped into the challenge arena like a flying goose.

Mo's family cheered and cheered for Mo Hanxi.

Mo Hanxi is holding Ye Chen's arm at this time. Ye Chen feels that her palm is slightly stiff and cold. She is obviously very nervous. She whispers: "don't worry, don't take the victory too seriously. Just try your best."

Mo Hanxi's teeth clench her red lips. In recent days, she has got a lot of information and further understands Hong Xin's identity. It's very difficult to defeat her.

Listening to Ye Chen's relief, Mo Hanxi calmed down and said, "OK, brother ye, I'm going." Then he jumped into the challenge arena.

Hong Xin and Mo Hanxi are beautiful beauties. They are two beautiful beauties in elegant clothes. They stand on the challenge arena together. Behind them is Ziwei mountain, surrounded by mist.

In such a background, the two women are even more extraordinary and beautiful, which makes the audience intoxicated.

"The two contestants are on the stage. The competition begins!"

Lin Tianxiao waved his hand to stop drinking and announced the start of the contest.

Whoa!

Mo Hanxi knew that the other side was powerful, so he took the lead and directly pulled out youhuang's Sky Sword.

As soon as youhuang Tianjian came out, there was a sharp wind and snow blowing on the challenge arena. The surrounding temperature dropped sharply, and even snowflakes were flying in the sky.

"A fake sky sword, dare to show off in front of me?"

Hong Xin dismissive, rising behind a trace of twisted Yinxie moonlight, immediately around the causal atmosphere, all disturbed.

It's the magic of the evil moon.

This is one of the pseudo nine gods, which can disturb cause and effect and confuse people's mind.

Mo Hanxi was shocked by the magic of the evil moon, and his spirit was in a trance, and his sword moves moved away.

"The palm of destruction!"

Hong Xin takes advantage of this opportunity, and the jade palm roars out, releasing the seal of destruction.

There is also a way of destruction in Hong family's orthodoxy. Her cultivation of destroying Daoyin is only one level lower than ye Chen's, and has reached the sixth level.

Whooh!Fierce destruction palm power, toward Mo Hanxi chest clap.

Ye Chen pays close attention to the war situation, in the heart whispers: "careful!"

Mo Hanxi feels his palm power coming. In the crisis, he lifts his breath and calms his mind. He is embarrassed and sidesteps to avoid it. Then he suddenly throws youhuang's Sky Sword to the sky. He pinches a formula and shouts

"Youhuang ice sword array, fall!"

As the cheers fall, the youhuang Sky Sword becomes light and shadow, and the sword falls into an array. It turns into a thousand ice swords and kills Xiang Hongxin.

"Taishangwu Road, flying flower folding plum hand!"

Hong Xin is awe inspiring. Her jade hand flies. She catches all the ice swords she shoots. Then she breaks all the swords like a plum blossom.

Ding Ding Ding!

All kinds of broken ice swords fall to the ground, making a clear sound.

Hong Xin's hands are dancing like flowers and snow. Her posture is very elegant.

But behind this elegant posture, actually showed her abundant martial arts foundation.

After all, she came from the supreme world. She was trained in the orthodox supreme martial arts since she was a child.

Although her cultivation level is the same as that of Mo Hanxi, her martial arts are so powerful that she almost presses Mo Hanxi to fight.

Mo Hanxi's face was pale, but he had no power to fight back.

Her martial arts, and Hong Xin, after all, the gap is too big!
