Chapter 5851

She and ye Chen are destined to be enemies, but ye Chen just saved all human life, how can she be indifferent?

"You broke the agreement and broke faith. You have been abandoned by the divine tree. You are no longer the head of Hong's family. I will take over the position of the head of Hong's family. Now I order you to heal Ye Chen immediately! Paying back his life-saving grace may alleviate your sin! "

Hong Xin sternly scolds a way.

Hong Qishan laughed and said, "holy lady, you have been recognized by the divine tree. If you want to be the head of the clan, I have no opinion. But if you want to ask me to save people, you can't, unless you kill me!"

Hong Xin clenched her teeth, looked at the emperor and said, "master, please help me. At the moment, the holy hall is covetous. Only by waking Ye Chen up, can we have a chance of life relying on his reincarnation."

Emperor Shi Mo Hou Duan sat still and said, "I just don't save you. What can you do for me?"

Hong Xin was so angry that he said, "do you want to watch him die? If he dies, we won't live. "

Emperor shimohou said faintly: "life and death have a destiny. If you can't live, you can't live. If I don't save you, can you still kill me?"

Hong Xin knew that the emperor shimohou had a strange temper, but he didn't expect that he was so hateful that he couldn't speak for a moment.

"Ha ha, who wants you to save me?"

Just then a weak voice came out.

The speaker is Ye Chen!

"Brother ye, you wake up!"

Mo Hanxi was surprised and happy, and tears fell out.

Ye Chen felt her warm and soft chest, a burst of warmth in her heart, struggling to get up and said: "I don't need anyone to help me. Give me three days, I can recover."

It turns out that after the complete transformation of Ye Chen's stele, his physical recovery ability is already extremely strong. This time, he burned his reincarnation blood and consumed a lot of energy, but he finally left a breath.

As long as there is a breath, he can recover quickly.

Three days at most, Ye Chen is confident of recovery.

"What

Emperor Shi Mo Hou was surprised. He didn't expect that Ye Chen's vitality and recovery ability were so terrible.

Lin Tianxiao couldn't help exclaiming: "It's said that reincarnation dominates all the heavens. It's really extraordinary!"

When the Mo family saw Ye Chen waking up, they all cheered.

Outside, situ Qingshui and others were shocked to see this scene.

"Is this the essence of reincarnation? Report to the Lord! Go

Situ Qingshui was completely flustered. He just wanted to break through the protection of the universe tree. After he killed Ye Chen alone, he reported to the judge and gave him a surprise.

But now, seeing ye Chen's recovery, situ Qingshui suddenly feels that ye Chen has great fortune, even surpassing the former Xuanjia goddess, Emperor Shijia Shengzi.

As long as he lives, the situation may be reversed. He is really flustered.

"Yes

One of the apostles took orders and felt that the situation was serious. He immediately went back to the temple to report.

"Xiaoxuan, go to help the reincarnation master heal."

Hong Xin saw Ye Chen wake up, a burst of joy, toward the side of Xiaoxuan road.

"Yes, master."

Xiao Xuan's cat ears moved and ran to Ye Chen. Her little hand held Ye Chen's big hand and poured her own aura into it.

"Brother Ye Chen, I'm a nine life civet. Although it doesn't mean that I really have nine lives, my aura is very useful for recovery."

Xiaoxuan said with a smile.

As expected, Ye Chen felt that a cool aura poured into the meridians, which made his recovery speed greatly improved. It took three days to recover, but now it may only take one and a half days.

Lin Tianxiao saw Ye Chen gradually recovery, is also very happy, said: "brother ye, great, when you recover, we can break out."

Ye Chen's eyes flashed a trace of dignified color, and said: "it's not so easy. My blood is not perfect. Even if I show my reincarnation, I can't hold it for long, and I'm in danger of being killed."

Lin Tianxiao's face sank and said, "is that right? For today's sake, we may only ask the three ancestors who are shut up in the Dixin temple to do it. If the three ancestors are willing to do it, the crisis will surely be solved. "

Ye Chen said: "Dixin temple? Three ancestors

Lin Tianxiao let out a "hum" and said, "we Lin, Mo and Hong families all have an archaic ancestor who is hidden in the temple of the earth's heart. They are the ultimate force against the temple. They have been planning since the archaic times and seeking the Lord of anti killing judgment. They rarely appear in the world, so they live in the temple of the earth's heart." Emperor Shimohou gave a cold smile and said, "why, Tianxiao, do you want to invite three ancestors? No one knows where the temple is. We've been looking for it for so many years, but we haven't found it. Unless our ancestors show up, it's impossible for outsiders to find them. What do you want to do? "

Lin Tianxiao said: "we can't find it because we have bad luck, but brother Ye is different. He is the reincarnation of the reincarnation Lord and has great fortune. If he is willing to do it, maybe he can find the existence of the three ancestors."

Hong Qishan over there said with a smile: "if you ask this boy to annihilate the cloud and die, it's better to sacrifice his life directly. Anyway, it's a dead end."

Ye Chen eyebrows a wrinkly, way: "that annihilate cloud dead boundary is very dangerous?"

Lin Tianxiao coughed twice and said, "it's really dangerous. For tens of thousands of years, no one who has stepped into the world of annihilation and death can come out alive. The place is very secret. The three ancestors live in seclusion, and even the judgment hall can't be found."

Ye Chen brows a wrinkly, way: "since so dangerous, you still call me to go?"

Lin Tianxiao said helplessly: "brother ye, you have great fortune. Now you can only do so. Otherwise, we will be besieged by the holy hall and die sooner or later."

Then he looked up at the sky, and the majestic atmosphere of the holy temple heaven was enough to make everyone tremble.

People's aura, instilled into the tree of the universe, reluctantly confronts the kingdom of heaven, but sooner or later people's aura will be exhausted.

At that time, the kingdom of heaven in the holy hall was destroyed, and no one could resist it.

Ye Chen's face sinks, a way: "wait for me to recover to say again."

With that, ye Chen closed his eyes and entered the state of cultivation recovery.

With a sigh, Lin Tianxiao is guarding the universe. At the same time, he silently instills his own aura into the universe tree, maintaining the protection of the star shield.

When Hong Qishan, Emperor shimohou and others see the chance of survival, they don't really want to die. They run aura silently to maintain the operation of the divine tree of the universe.

So after a day and a half, ye Chen's injury has completely recovered.

Situ Qingshui was scared to death when he saw this scene. He didn't expect Ye Chen to recover so quickly.

If ye Chen opens reincarnation blood again, how can they resist it?

Chapter 5852

But he didn't know that ye Chen's blood was not completely perfect. He opened it rashly, but he was in danger of eating himself back.

"Three elders, the Lord of God has sent a message."

At this time, the apostles who had gone back to report to the Lord of the verdict had already returned.

Situ Qingshui asked: "what does the LORD say?"

The Apostle said, "kill the reincarnation Lord at all costs!"

Situ Qingshui jumped up and said, "I also want to kill the reincarnation Lord, but where is it so simple?"

The Apostle said, "Lord God has said that if you can't kill the reincarnation Lord, you don't have to go back."

"What

Situ Qingshui's pupils contracted and his cold hair stood up, which killed him.

He has seen Ye Chen's power, the burning of reincarnation blood, the manifestation of the infinite reincarnation. Looking at the whole earth, I'm afraid no one can fight with Ye Chen except the judge.

Such a strong existence, what does he take to fight?

"Three elders, the reincarnation Lord has gone out!"

When situ Qingshui was confused, someone reported to him, pointing to the Star Shield of the cosmic tree.

See shield opened a seam, leaf Chen is surrounded by more than ten strong men, swift incomparable flew out.

It turned out that after ye Chen recovered from his injury, he was ready to set out for the dead world of annihilation cloud, looking for the legendary Dixin temple, and asked the three ancestors to go out.

Ye Chen's left and right hands were followed by two beauties, Mo Hanxi and kitten.

Mo Hanxi is determined to live and die with Ye Chen, so he follows. Xiaoxuan is a nine life civet. On the one hand, she can help heal wounds, and on the other hand, she has the talent of hiding breath. The world of annihilation is full of fierce beasts. With Xiaoxuan, she can avoid fighting with fierce beasts.

It's a pity that Xiaoxuan's talent of hiding breath can't play any role now.

The Heavenly Kingdom of the holy hall is suspended high above, and the holy light shines on thousands of miles. All concealment is useless and cannot be concealed at all.

As soon as ye Chen and others go out, they are immediately discovered by the people of the holy hall.

In the shield of the universe God tree, everyone is very nervous and looks at Ye Chen. Outside is the spirit of the holy hall. It's almost like looking for death to rush out like this.

To send Ye Chen out this time, the three ethnic groups sent more than a dozen elite men to protect him, but this force, under the influence of the holy hall, is not worth mentioning.

Hong Qishan snorted and said, "I'd like to see if this boy is really lucky."

Emperor Shi Mo Hou said lightly: "if you go out so rashly, you'll probably die. Alas, it's better to sacrifice him directly."

Lin Tianxiao and Hong Xin are silent, staring at Ye Chen.

Many of the strong men in the three ethnic groups also focused on Ye Chen.

Now everyone's future depends on Ye Chen. Once Ye Chen falls, it is impossible for everyone to fight against the temple.

"Come on! Kill the reincarnated Lord immediately Block everything, don't give him the chance to burn his blood!

Situ Qingshui saw that ye Chen was flying away, and he cried out.

"Yes

Several apostles heard his order, immediately with a god of heaven, brazenly chase out.

The heaven and the earth are completely blocked by the church, and the elite of the church are everywhere.

Ye Chen just flew not far away, in front of him, there were some disciples in silver armor, intercepting him.

And behind him, several apostles also came with a large number of heavenly generals and killed them bravely.

"Brother ye, what should we do?"

Mo Hanxi holds Ye Chen's right arm, and her pretty face is slightly pale.

"Brother Ye Chen, we don't really want to die here, do we?"

Xiaoxuan is also flustered, holding Ye Chen's left arm.

Although these two beauties, big and small, are quite powerful, the influence of the temple is so powerful that they are not rivals at all. They are just going to die if they want to fight.

"Lord Ye, please go! We're going to cut it off! "

Those ten strong men who protect Ye Chen have already made up their mind to die in their eyes.

"Hard work!"

Ye Chen solemnly arched his hand and scanned his eyes, remembering the appearance of more than ten people.

If the reincarnation blood reaches the peak of perfection, relying on the heavenly power of six reincarnations, the dead can be revived.

These ten people are absolutely impossible to survive, ye Chen can only remember their appearance, and then take Mo Hanxi and Xiaoxuan to fight forward. One by one, the elite disciples of the holy hall stopped in front of Ye Chen.

"Taiyi shock thunder sand, explosion!"

Ye Chen's face is apathetic, palm a wave, a grain of sand mixed with thunderstorm, mercilessly forward to blast out.

Bang bang!

A series of explosions, one by one, the body of the disciples of the holy hall was like paper paste, which was blown to pieces by Ye Chen on the spot.

It's like a dream of fireworks under the holy light of heaven.

Ye Chen with two women, quickly break open the blood, to fly away.

"Stop!"

A few of the apostles in the rear came to chase after him with a large number of heavenly generals.

The dozen or so shields, fighting to the death, were cut into meat mud by the swords of the generals of the kingdom of heaven with only one breath.

It is the time of this breath that ye Chen has quickly fled away.

"Damn it, chase it!"

Several of the apostles were in a great hurry and took many generals of the kingdom of heaven to pursue and kill them.

"Kunling demon puppets, stop them for me!"

Ye Chen drinks suddenly and releases a puppet.

This puppet is the demon puppet that Mo Hongji presented to him!

This demon puppet had been cut in half by Ye Chen, but after a period of repair, it has recovered automatically.

"Roar!"

As soon as ye Chen was released, the demon puppet would roar up to the sky and send out extremely fierce power.

There is an Apostle who only pursues Ye Chen. Unexpectedly, the demon puppet suddenly appears and is patted by the demon puppet. Unexpectedly, he is patted into meat sauce.

"Don't worry about the puppet, go after people quickly!"

Situ Qingshui saw this scene from a distance and yelled.

"Yes

People want to go around the puppet and chase Ye Chen, but this demon puppet, like a spirit, strides wildly after them.

Being delayed by the demon puppet, ye Chen Ran further and soon disappeared.

"I really ran away!"

In the shield of the universe God tree, people are overjoyed to see ye Chen get rid of tracking.

Hongqishan and Emperor shimohou are also slightly surprised, but did not expect Ye Chen to escape so quickly.

Lin Tianxiao and Hong Xin are slightly relieved. Next, let's see if ye Chen can find the Dixin temple and invite the three ancestors out of the mountain.

"Damn, I let this boy escape!"

In the sky, Situ Qingshui saw Ye Chen escape, and suddenly he was furious.

The judge has ordered him to kill the reincarnation Lord. If the mission fails, he will be killed.

This is not a joke. Situ Qingshui's face turned white, and he quickly bit his fingertips to force out blood and deduce cause and effect.

"The boy went to the cloud death world! Come on

Chapter 5853

Fortunately, Ye Chen is not far away, and the cause and effect is still there. Situ Qingshui deduces and catches the clue. Unfortunately, he can't leave. He has to deal with the people of the three ethnic groups, so he immediately sends people to hunt them down.

When the apostles heard the four words "cloud death world", they all turned pale. They wondered in their hearts that the cloud death world was a dead place. No matter who went in, they could not come out alive. What would they do there? Isn't this about death?

But at the command of pursuing, there were four apostles, leading hundreds of generals of the kingdom of heaven, from the path, quickly rushed to the death world of annihilation cloud, to pursue Ye Chen.

It's tens of thousands of miles from here to the dead world of annihilation cloud. It's a shortcut to speed up along this path.

The four apostles led the generals of the kingdom of heaven from the path to the dead world of annihilation.

Just on the other side, Ye Chen comes with Mo Hanxi and Xiaoxuan.

This cloud dead world is a vast territory, full of gray clouds. At a glance, you can't see any scenery at all. There is only endless fog, and the strong dead air diffuses out. You can hear the roar of beasts faintly, which makes you scared.

Ye Chen thought that he had got rid of the tracking of the holy hall, but he thought that he was coming along another road.

When the two sides met, they were all surprised. Xiaoxuan called out "ouch".

"Go

Ye Chen doesn't want to grow a branch out of the knot, immediately takes two girls and steps into the world of annihilation cloud death.

The figure of the three disappeared immediately in the heavy fog and gray cloud.

"Stop!"

The four apostles yelled and went to the edge of the dead world, but they did not dare to go in.

The generals in the kingdom of heaven were also looking at each other and did not dare to step in.

Annihilation cloud death world is a famous death place in the earth's heart. No one has ever been able to come out alive. It is full of powerful beasts and many strange disasters.

"What to do? Do you want to go in? "

"Let's go in and die, or wait."

"The world of annihilation and death is full of disasters of death. I don't think that boy can hold on for long, and he will come out soon."

"Yes, I'll wait."

The four apostles in the holy hall discussed in a low voice, but they did not dare to go in and die.

After discussion, the four decided to guard here and see what happened.

At this time, ye Chen, Mo Hanxi and Xiao Xuan all stepped into the world of annihilation.

This place, full of gray mist, nothing to see, the air filled with the smell of death and danger.

Mo Hanxi and Xiaoxuan are both frightened. They hold Ye Chen's arm in their arms.

"Hey, how can I walk like you?"

Ye Chen is angry and funny, and stares at two girls.

Two female "Oh" a, loosen to take off the arm of leaf Chen.

In the gray fog, the smell of crisis and the roar of animals are constantly heard, which is quite frightening.

The green light of Ye Chen's body appears, showing a green dragon, which is the figure of Qinglong *Alsophila spinulosa*.

Qinglong *Alsophila spinulosa* is also a half tree, which has the effect of driving away disasters.

As soon as the green dragon came out, the gray fog around him slowly retreated and gradually revealed a broad land.

This piece of land, the soil is gray black color, seems to be full of disaster, about seven steps around, out of the seven steps range, is boundless fog.

"Lord, there's too much fog here. I can only open up a pure land of seven steps."

In the world of the yellow spring, the dark path of Qinglong Alsophila tree.

"Enough."

Ye Chen nodded and expressed his satisfaction. He said to Mo Hanxi and Xiao Xuan, "OK, let's have a rest first."

Just experienced a big chase, three people are tired, need to rest.

"Oh

The two women answered and sat down on the floor to have a rest. They all looked at Ye Chen with worship and admiration.

Now ye Chen is their backbone. Whether they can live in this misty world depends on Ye Chen.

"Kitten girl."

Ye Chen looks at Xiao Xuan and shouts.

"Brother Ye Chen, you call me?"

Xiao Xuan's cat's ears moved and she said.

Ye Chen said: "don't you say that you have the talent of concealing breath? Hide the breath here, I want to refine a magic weapon. ""Well, what magic weapon do you want to refine?"

Xiaoxuan is a little curious. She uses her hand formula to arrange a subtle talent array to hide all her breath.

Ye Chen took out a flag and said, "that's the magic weapon. It's the flag of flame from the ground."

This flag is the flag of the five sacred places.

Lu Feng, the former owner of the flag, is dead. This magic weapon belongs to Ye Chen completely.

"Hanxi, protect the Dharma for me."

Ye Chen orders to go down, in order to avoid accidents, the necessary Dharma protection still can't be less.

"Yes, brother Ye!"

Mo Hanxi stands up and guards Ye Chen.

Just when ye Chen is ready to sacrifice, ye Chen suddenly feels something. A jade pendant is flashing a strange light.

This is the jade pendant for him and Xue Ningqian.

Ye Chen even took a look at the Zhenxie disk that he placed in the map of the yellow spring, and there was no difference.

But I'm in the dead world of annihilation cloud, but since xuecongqian calls me, there's something important!

How to find xueningqian?

At this moment, Qinglong Alsophila tree said: "Lord, the place you went before is not far from here..."

"Strange to say, there are some problems with the spatial law of geocentric domain..."

Ye Chen's eyes narrowed slightly. As he was about to ask more about the Qinglong Alsophila tree, the void around him fluctuated, and then a bloody figure suddenly rushed in!

It's hemagglutination!

At this moment, even Mo Hanxi and Xiaoxuan were confused!

The most shocking is Ye Chen!

What's going on?

Xuecongqian is injured again!

And this time the breath is more terrible than last time!

Did xuejianming fight xueningqian again?

It should not be possible. The mission of xuejianming is related to him. They are all on the same boat.

Even if the blood sword is possessed, it should not be so.

"Blood girl, what's the matter with you?"

Ye Chen called.

But today's blood clotting injury is too serious.

In desperation, ye Chen can only use the eight trigrams Tiandan technique to cure xueningqian, and even send his fingers into xueningqian's red lips again.

When Mo Hanxi saw this scene, his expression was a little different, but he also knew that human life was at stake now.

This time the blood coagulation thousand familiar, bite Ye Chen's fingers, rich vitality full of the whole body.

Her pale face was gradually ruddy.

Soon, xueningqian wakes up. Her eyelashes tremble. She opens her big eyes and looks at Mo Hanxi and Xiaoxuan. When she sees Ye Chen, she stands up anxiously: "Ye Chen, it's not good!"

Ye Chen Mou son one coagulates: "what happened? What about the blood master? "

Xue Ningqian continued: "just now, it was the action of Blood Sword Ming Qiang, tearing the void with the meaning of three sword rules and sending me here!"

Chapter 5854

” At the moment, the only thing I can believe is you

” As for blood master, face those guys alone

" Those guys? " Ye Chen look strange, "someone broke into there?"

Xuening Qian nodded solemnly: "these days, xuejianming has been trying to communicate with the three swords, but there is actually one of the three swords, and there are some changes. If the general forces can't detect these changes, the geocentric region is too big, and even some strong ones never appear in the history of the geocentric region."

"I don't know why, the change of that sword attracted three Taoist robe elders. They were extremely terrible. It took them three days to break through the door of the giant sword and break in by force!"

"I wanted to inform you before, but xuejianming didn't want you to be infected with this cause and effect again."

"The key is that these people have been in the earth for a long time, and their strength and martial arts are extremely profound! Not to be underestimated! When I fought with one of them, I only insisted on 30 moves, but I was seriously injured. The bloody sword hell could only use the essence and the power of the rules to send me out by force! "

Ye Chen indifferent face appeared a trace of dignified.

Xueningqian is very strong. Because of the injury, it affected a few points. But in so many days, xueningqian has been practicing there again. The injury should be recovered. After such recovery, he can't defeat 30 moves. How terrible are these three people?

It seems that geocentric domain is not only as simple as Tianjun family, but also right. The vastness of geocentric domain is far more than the sum of the four outer domains. How can there be only these few forces!

What's more, the area where I am now is just a drop in the ocean.

As for why those people discovered the secret here, it should be related to the three swords. After all, these three swords have great cause and effect in the earth's heart. The more terrifying the martial arts power is, the stronger the ability to predict the cause and effect.

At present, although the strength of xuejianming is amazing, it is extremely dangerous to face the three people at the same time!

He doesn't have much to do with xuejianming, but if he loses xuejianming, the three swords will be exiled in the world, even if few people can hold them, but everything is just in case!

"Would you like to come with me again? Now the war situation should have a general result, I'm afraid the three people have also been injured! I don't know the life and death of blood master! " Ye chendao.

"Just here. Do you know how to get there? Can you bring some of my friends? I'll wait here until it's settled! "

Although the three ethnic groups are in a difficult situation, it is obvious that the bloody sword is more dangerous now!

It's not too late to go to the three groups of ancestors after dealing with xuejianming!

Xuening Qian took a look around and felt it slightly. Then he nodded fiercely: "OK, as for how to leave, I grew up in dishenshan, so I have a way! It's not far from here! "

"But your friends, I'll send them to a place, because they can't step into it! I can't step in! "

Then, Xuening Qian called slightly, the giant Phoenix appeared again, the wind burst, a few people jumped on the Phoenix body, and disappeared in an instant.

.....

Soon, they came to the land of giant sword.

Xiaoxuan and Mo Hanxi were placed in a cave near the place of giant sword. There was a forbidden protection in the cave, but it was safe.

But before they got close, they felt a strong sense of killing and blood!

Something's really wrong!

At the same time, the door of Jujian has been opened, and it is obvious that it was destroyed by human.

Ye Chen and blood coagulate thousand mutually see one eye, then no longer hesitate, rushed in!

This time, ye Chen found that the sword array he had stepped into was no longer there!

There are many sword marks on the ground!

There are even some swords, which are turned into pieces.

Any one of these swords will be regarded as a treasure by the Lord of the Heaven Temple if it is placed in the heaven and man domain!

Now some of them are broken, which shows how fierce the war is.

In the void, there are even extremely terrible martial arts charm!

At the same time, the rules of the whole world have been broken.

Fortunately, ye Chen can feebly feel that as long as the three swords exist, the rules here will be repaired.

"Ye Chen, I see Master xuejianming!" The blood clots suddenly out of voice.

Ye Chen followed the direction of blood coagulation thousand fingers, suddenly saw three blood stained figures!

One of them stood hard, it was the bloody sword!At the moment, the blood sword is full of blood, but the whole body is still surging with a strong sense of war!

And the remaining two are the Taoist robe elders who broke into Xuening Qian's mouth.

However, the two old Taoist robes were seriously injured, and one of them even half knelt on the ground.

At the same time, ye Chen also noticed that there was a corpse on the far right side, and the corpse was cut in half!

Shocking to the extreme!

It seems that I underestimated the strength of xuejianming. I can face these three people, kill one and hurt two. It's terrible!

This may be one of the reasons why the blood family let the Blood Sword guard here.

However, in the present state of xuejianming, if the two injured Taoist robe elders unite with all their strength, maybe something will happen.

The three naturally noticed the emergence of Ye Chen and Xue Ningqian. Now they all know that breaking the balance in any link will change the outcome of the war!

Two Taoist robe elders can't help breathing out when they see xueningqian and yechen!

Blood coagulation thousand strength is very strong, if the peak state, certainly can easily kill them both!

Chapter 5855

But in the first world war just now, xuecong Qian was not in a good state. Now, he should barely play the fighting power of taizhenjing in the early and middle stages! It's not enough to be afraid!

As for ye Chen beside him, he had been ignored by them for a long time.

But the Blood Sword Ming in the distance saw that Xuening Qian had brought Ye Chen, and his face changed slightly. He scolded: "Xuening Qian, don't you want to stay here! Why did you bring that boy! Now, if I fail, both of you may die here! "

One of the old Taoist robes laughed: "bloody sword, you are really strong, but now you are the bow of the crossbow. We were born in the same era. Why should we fight at such a price?"

"There are three swords here. One of my companions is dead. Can't we have one sword each?"

Blood Sword hell bah a, angry voice way: "my whole life guard here, will never let the outsider step into! If you want to take the sword, step on my corpse first

The next second, the Blood Sword moves. Ye Chen even finds that the blood sword is burning his own blood essence!

The price is extremely high!

As soon as he grasped his hands, two swords with a trace of chaotic power appeared in his hands!

"My mission is to guard this place. Anyone who breaks into this place will die!"

The two swords in xuejianming's hand burst out as if they could tear the space, and even the martial arts charm would break through the space!

At the same time, the chains of the three Zhenshi swords keep shaking, which obviously shakes the rules here!

The faces of the two injured Taoist robe elders changed greatly. It was like a way to shine back. They really tried their best!

Two people look at each other, in the eye eye is also many a resolute!

Then the finger pinches Jue, a drop of blood essence is forced out, and the ancient Rune surges in the pupil!

Then, their momentum actually began to climb, obviously also used some secret method!

At the same time, the blood stained dust on the ground also returned to their hands!

"Since you want to die, we will help you! Remember our two names, Taoist taichen and Taoist Xuchen

Too dust Taoist cold voice way!

Then, with the dancing of the dust, thousands of God whiskers were sent out. God whiskers were woven into a big net with countless lightning arcs, which fell out of thin air!

The sword of Blood Sword Ming cuts down to the huge net of whisk dust. When the two touch each other, a startling wave sweeps out!

Strangely enough, the giant net did not break immediately!

Xuejianming's expression changed slightly, and things were worse than he imagined!

The key is that these two Taoists, looking at the whole geocentric region, can also be in the forefront!

The Blood Sword Ming strengthened the power of the rules of the sword in his hand, and even gave birth to a trace of extremely terrible chaos!

The giant net is torn! That startling sword cuts down on Taoist taichen!

But at this time, a cold laugh suddenly rang out: "Hey, did you forget me?"

Xuejianming's face suddenly changed! Just now, he has been focusing on Taoist taichen, but he has forgotten that there is another Taoist Xuchen!

At the moment, Taoist Xu Chen is behind him!

damn!

Xuejianming tried to turn around, but his injury was too serious!

The wind came from his ears, and he saw a flash of starlight falling behind him!

Even if it's just a brush, but the thousands of white whiskers are like thousands of swords with the power of destruction!

Even if Taoist Xuchen has been injured, this blow is enough to make him no longer have fighting ability!

Xuejianming weighed the pros and cons, gritted his teeth, and continued to fight against Taoist taichen!

After killing taichen Taoist, even if his body falls, this game is also beneficial to Ye Chen and Xue Ningqian!

After that, Xueningqian and Ye Chen will surely guard these three swords instead of themselves!

Xueningqian's strength may not be enough, but Ye Chen's future achievements are absolutely terrible!

Even with one's own power to control a sword, the town of evil plate of Wuzu personally destroyed!

"Ye Chen, please."

Blood Sword Ming closed his eyes, the ultimate sword intention to Taichen Taoist!

Although Taichen Taoist is not willing, he can only resist with all his strength. This time, his body will be incomplete, but as long as there is a spirit left, his brother Xu Chen Taoist can revive himself!

In an instant, endless sword will devour Taichen Taoist! Taoist Taichen was drowned by the blood sword.

It's a pity that Taoist Taichen thought so perfectly that his body turned into blood fog on the spot, and his spirit was also cut off!

This is the ultimate martial art of Blood Sword hell!

But at the same time, Taoist Xu Chen's blow fell down hard, just like the sea of ten thousand swords slapping on the Blood Sword Ming's body!

The Blood Sword hell had no strength to resist again, and there were many bloodstains on his body in an instant!

Every bloodstain is extremely shocking!

Fortunately, the rules of the place surrounded by the Blood Sword hell are not as good as the spirits.

However, at the moment, he can only lie in the pool of blood, breathing heavily.

He knew that his condition was extremely bad, and he didn't even have the qualification to resist. Now even a warrior in the original territory can easily deprive him of his life!

He turned his head hard, looked at xueningqian and yechen, and tried to use hoarse and no longer nihilistic voice to say: "go

"Let's go!"

All this happened too fast, even if ye Chen wanted to help, he couldn't do it at all!

Taoist Xuchen laughs and smiles ferociously. He holds the brush in his hand and looks down at the scarred Blood Sword. Then his eyes fall on Ye Chen and Xue Ningqian: "go?, Do you think they can leave?"

"I will not share this secret with anyone, and I will be in charge of these three swords!"

"I only have these three swords, and the supreme world will submit to me! Ha ha ha

Then, the empty dust Taoist is toward Ye Chen to walk, but haven't walked a few steps, his body is stopped!

He looked down and found that the scarred blood sword was embracing his feet!

Regardless of his embarrassment, xuejianming shouts to yechen and xueningqian: "go! Let's go

For him, ye Chen and Xue Ning Qian will be the hope of these three Zhenshi swords!

However, ye Chen didn't run away. Instead, he walked step by step towards the Taoist Xu Chen.

If he is in the peak state, he can't have the intention to fight at all! Even if the outbreak of all cards is the same!

But now Xuchen Taoist's condition is extremely bad. His real strength should be almost in the sixth or seventh floor of Taizhen. He is qualified for the first World War.

Blood Sword see ye Chen come, know this boy won't leave, in the heart both gratified and angry!

It is gratifying that ye Chen stays for himself.

Anger is the only chance to live, and it's taken away.

Taoist Xuchen broke away from the hand of xuejianming in an instant. He looked at the indifferent young man in front of him with great interest!

"It seems that you know you can't leave."

"Ready to die so soon?"

Chapter 5856

However leaf Chen is facial expression ponder, light way: "might as well try, perhaps, dead will be you?"

Taoist Xu Chen burst out laughing. If Xue Ning Qian did it himself, he might be more serious.

But a source, why will say this seems to have the strength, in fact ridiculous words!

However, he himself will not let anyone go, since this boy sent to the door, then kill it!

He did not use the brush, but gently clapped out, in the void, instantly appeared a huge and has the meaning of destruction!

Under such handprint, I'm afraid some people in the early stage of taizhenjing will be ruthlessly torn on the spot!

In a flash, the palmprint appears in front of Ye Chen, just like a demon will devour Ye Chen mercilessly!

But at the moment, ye Chen's face was extremely indifferent from beginning to end, and he didn't even take any action!

It's like... Being scared silly!

Taoist Xu Chen laughs. Maybe this is the attitude of mole ants!

But just when Taoist Xu Chen thought that ye Chen would die, ye Chen suddenly moved and offered up a Sha sword in his hand!

The reason why he didn't use the wild devil sky sword was that he needed to kill the moon soul to deal with this Taoist!

Moon soul chop has a magical effect on the spirit, and can see through the weakness of the other side!

This person is weak, they want to use each other's careless state, hand!

Otherwise, it's hard to have another chance!

Ye Chen looks at the palmprint that approaches quickly, a strange grain spreads gradually on the body, and the mysterious body turns into the spirit!

First, the spiritual power is transformed into power, and then the soul body is transformed!

Turn strength into soul power!

Not only that, there is a starry sky behind Ye Chen!

It is the blessing of Hongmeng big star sky!

For a moment, the power of Ye Chen's spirit reached an extremely terrible level. In an instant, he fully understood the weakness of Taoist Xu Chen's palm!

A sneer appeared in the corner of his mouth, which was printed on the body of countless swords.

All of a sudden, the light of the sword is rippling on the top of the Sha sword!

The infinite soul power poured into the sword, and the moon soul chopped out!

Moon soul chopping is a skill of soul martial arts. It combines the skill of soul power and transforms the original soul power that can only cause damage to the spirit into an anti heaven skill that can cause damage to the entity!

But at the moment, the moon soul chop that ye Chen's surging soul power exerts is enough to make ten thousand swords vibrate!

The sword on the ground trembled gently!

This is the strongest moon soul chop Ye Chen has ever used!

In a flash, the moon soul chopped like water sword light, collided with the palmprint!

The palmprint was torn on the spot! But also towards the virtual dust Taoist collision!

Taoist Xu Chen's smile suddenly solidified at the moment, and his pupils kept enlarging!

"How could that be?"

Even though his palm is not strong, it can't be easily torn by ordinary martial arts!

The key is that he didn't expect this boy to cultivate his soul power and martial arts to such a level!

When did this evil happen in the center of the earth?

The key is that the other party is just the origin, and the age is even less than 100 years old!

If the other party steps into the true realm, I'm afraid I can't resist my peak state!

Empty dust Taoist no longer think, whisk the dust moved, the law of Tao ripple in the dust!

Whisk the dust to wave, flurried between, instantly cast together guard big array!

Just after the formation of the guard array, the sword like water is sweeping like a raging wave!

One second!

Two seconds!

In the third second, the guardian array was torn on the spot!

"Bang!"

With a loud noise, Taoist Xu Chen flew out in an instant, and his body hit the earth heavily!

A mouthful of bright red blood is spit out from the empty dust road population!

"You should not despise any enemy." Ye Chen's indifferent voice suddenly sounded in the ears of Taoist Xu Chen.

Taoist Xu Chen's face changed dramatically. The next second, there was a Fu Zhao in his hand. The Fu Zhao was shining with the light of the stars. It turned into a sword of the stars and went towards Ye Chen!

The value of this imperial edict is extremely high. Although it can only play a part of its power, it is enough to kill the strong in the middle of Taizhen realm! If it were not for the extremely dangerous state, he would not have thought of using it! Ye Chen's face changed when he saw the meaning of the star light sword, but he didn't have time to stop it. He found that his body had been penetrated by the star light sword!

A bloody wound, shocking!

Taoist Xu Chen breathed out a breath, and the evil boy finally died.

Just when he was ready to stand up, he was shocked to find that ye Chen was coming step by step!

With each step, ye Chen's injuries are reduced. It's incredible that such a terrible vitality!

Now, after the transformation of the spirit tablet in the reincarnation xuanbei, the power of recovery becomes more and more terrible. In addition to Ye Chen's physical sanctification and abnormal vitality, he only needs a few breath to recover some injuries!

"You... Who are you?" The voice of Taoist Xu Chen is trembling!

Human beings are always full of fear of the unknown!

Ye Chen smile, another hand suddenly appeared a magic gas rolling sword!

It's the ghost sky sword!

"This... This is the wild devil's Heavenly Sword... You have the Heavenly Sword of the supreme world!"

When you see the wild devil sky sword, the mentality of Taoist Xu Chen completely collapsed!

What kind of monster did you get into!

The key is that the realm of this monster is too deceptive!

"Wild devil sword cut!"

Ye Chen looks up to the sky and drinks violently. The evil spirit and the killing intention rush out of the wild evil sky sword!

This sword seems to tear the rules here!

It's shaking!

It's not only xuecongqian, but also xuejianming's pupil is full of horror!

Ye Chen at the moment is like a killing God!

The power of the wild devil sword falls down directly!

Taoist Xuchen doesn't want to miss those three swords!

Now, we must leave immediately!

Only live, is king!

Taoist Xuchen instantly exerts the secret method, and tears the void behind him. He is preparing to go to the void!

But found that their bodies can not be further!

He looked down and suddenly found that there was a magic rope between his demons!

He has heard of this Shensuo. It's TIANYAO Shensuo!

If he is in the peak state, he will be able to cut off this level of TIANYAO Shensuo easily!

But now he is not only seriously injured, even Tao heart also faintly collapse! It's impossible to break free!

Before he could react, he would be devoured by the wild devil's Heaven Sword!

Xuchen Taoist's body turned into blood fog in a moment, but because his body disappeared, his soul escaped the control of the demon!

As long as the soul is still there, he has a chance to be reborn!

Just as his soul was about to disappear, a pondering voice rang out: "did I let you go?"

"Soul devouring the sky!"

"Die for me!"

Ye Chen's eyes are cold, and he suppresses them with his big hand. He goes to the empty dust Taoist!

Chapter 5857

A giant virtual shadow with a long sword and flame appeared in front of Taoist Xu Chen!

The soul of Taoist Xu Chen had no time to react and dissipated between heaven and earth.

This rollercoaster like transformation makes the Blood Sword and blood coagulation confused!

Ye Chen's fighting power is even more terrifying than he imagined!

Even though Taoist Xu Chen was seriously injured, he should not have such a one-sided result!

But at this time, ye Chen's body is to fall down.

He was so tired that his whole body was as if he had just been fished out of the water!

In this war, he didn't use xuanhanyu or other people's strength, he only used his own extreme strength!

He felt deeply about the war.

"Ye Chen!"

Blood coagulation thousand came to Ye Chen's side, instantly helped Ye Chen up, but also gave Ye Chen a pill.

Ye Chen grinned bitterly for a few minutes, feeling the powerful effect of the pill breaking out in the body, and his state was better after all.

"Go and see Master xuejianming first."

Ye Chen has the strength to say.

At the moment, he is already sitting cross legged and using the skill. According to his terrible recovery ability and the eight trigrams heavenly elixir skill, he is expected to recover soon.

An hour later, ye Chen opened his eyes again, and his state was better.

His eyes fell on xuejianming not far away. He stood up and came to xuejianming.

What does Blood Sword meditation say, but it's always in a bad state and doesn't say it.

"Master, you don't need to say much. I'll show you."

Ye Chen feels the pulse of xuejianming and the spiritual power in his body, and frowns slightly.

The state of xuejianming's body is even worse than he imagined. Even if he uses his blood and even the eight trigrams technique, it may not be useful.

The key is that xuejianming has overdrawn too much of his life. If there is no accident, xuejianming can only live ten days.

Blood coagulates thousand way: "leaf Chen, blood elder how?"

In the past, xueningqian might call xuejianming by her name. After all, she always does. Maybe it's because xuejianming's attitude of letting them go just now moved xueningqian. Xueningqian unconsciously respected xuejianming and began to call her predecessor.

Ye Chen shook his head: "very bad, my blood is useless, may only live ten days at most."

Blood coagulation thousand Jiao body a Zheng, want to say what, but still didn't say export.

Perhaps the bloody sword Ming came back to life and gradually woke up. He opened his eyes and looked at the two people in front of him: "I know my own situation. It's a pity that I haven't left here for a long time. I controlled the rules of this place and thought no one could hurt me. But for now, I've been guarding this place and I don't know what happened to the outside world."

"My vision may be short-sighted. If I had been practicing here all the time, I would not have been so hurt by the three Taoists."

Xue Ningqian shook his head: "elder Xue, all blame those three people for being mean and shameless!"

Blood Sword Ming smile: "so many years, or listen to you for the first time call me elder."

"When I was expelled by the blood family, or even removed from the genealogy, I was destined to have nothing to do with the blood family, but I never thought that I would have such a big cause and effect with you."

"Now I may have to go, but the mission of the blood family can't be forgotten."

"Ning Qian, after I leave, maybe you will guard this place."

"Whether you like it or not, I hope you can shoulder the mission of the blood family."

"Although I also longed for ye Chen to protect this place, I knew from the beginning that ye Chen was an atmospheric carrier and would not be unknown here."

Speaking of this, xuejianming looks at Ye Chen, and his old eyes are only a glimmer. His wrinkled hand suddenly catches Ye Chen: "since you got the Zhenxie plate, or since you saw xueyouzi, this game of chess has already started. These days, I have been thinking that xueyouzi and I are very different in character. I didn't agree with him in those years."

"But over the years, looking back, I think about it again and again. I've convinced him."

"Xueyouzi was valued by the family, but I was expelled from the family to guard here for a reason. The most important thing in xueyouzi's ability is to control the cause and effect and the layout. He didn't destroy the Zhenxie disk, but probably calculated your existence. Only you can win this seemingly inevitable game. "

"More importantly, the information you get from the sword is that the sword in the Zhenxie disk is an evil sword. Maybe xueyouzi knew it for a long time. I'm not sure whether this evil sword is related to you, but one thing is certain. Xueyouzi didn't destroy it in those years, and he won't have to destroy it in the future.""As for the Wuzu, I'm sure you will have a way to suppress him in the future."

"I believe you."

At this point, xueyouzi suddenly spits out a mouthful of blood. Ye Chengang wants to use the eight trigrams to relieve the pain, but xueyouzi waves his hand and refuses.

"I know my situation. I don't have to use these methods. It's useless."

"I have one last thing to tell you."

The Blood Sword hell grabs Ye Chen and says with difficulty: "help me up."

Xueningqian and yechen look at each other, and finally help the blood sword up.

Both of them don't know why xuejianming is in such a state.

Soon, xuejianming sat cross legged and took out a black jade pendant from his waist. On the black jade, there were many sword patterns, which were extremely mysterious.

Xuejianming trembled and handed the black jade to xueningqian: "Ningqian, in fact, there is a special name here, the famous sword world dust place, and this black jade is carrying the sword world dust place."

"Jianshichendi is the mission of the blood family. Today I will give it to you. No matter what, I must protect it well."

"Even the cost of life!"

"Can you do it?"

Xuening Qian took a look at the black jade, with a firm light in her eyes!

She nodded: "I can do it! Even if you are afraid of death, you will not let outsiders enter the sword world

Xuejianming was quite gratified and continued: "fortunately, you are a member of the Xuejia family. Over the years, I have been guarding this place, and I have not focused on cultivating and strengthening myself. This has led to stagnation. You, I hope you don't learn from me. Take advantage of this opportunity to cultivate well. Maybe you will have a chance to master one of the swords."

Later, xuejianming looks at Ye Chen: "Ye Chen, you are not a blood family member, but judging from the mysterious stone you have mastered, these swords may all be related to you. Therefore, as an outsider, you also hope you can help xueningqian and protect her when she is in danger."

"This is an old man's last request before he dies. You can refuse it and I respect you."

Ye Chen's eyes were full of firmness and nodded: "don't worry, master Xue. Even if you don't say it, I will guard it together. In the future, if anyone dares to move blood coagulation, he must step on me first!"

Chapter 5858

Blood Sword dark eyes full of accidents and gratification.

He didn't contact the young people outside, but at the moment, he knew that there was a light on Ye Chen, which was not only the light of the atmospheric blessing, but also the light of the right way!

This son, no! When you meet the storm, you will turn into a dragon!

"One last thing." Blood Sword Ming's voice trembled, "Ning Qian, you turn around..."

"It's hard for your current strength to guard this place. If you have a few more Taoist masters, the consequences will be unimaginable..."

Xuening Qian guessed something and wanted to retreat, but an invisible force controlled her!

Then, she saw an old finger, on her eyebrow!

In a flash, the rolling spirit and the picture come like a tide!

Ye Chen looks dignified. It's obvious that xuejianming intends to pass on all his accomplishments and feelings to xueningqian!

This is equivalent to giving up completely!

Xuejianming is a strong man who transcends Taizhen. How terrible is his cultivation and comprehension!

If ordinary people, it is estimated that they can't bear such cultivation and enlightenment!

Fortunately, xueningqian and xuejianming are united, and xueningqian's true accomplishments and inside information are extremely deep!

More importantly, xuejianming controls the rules here, and he guards everything with the rules.

But the price of doing so is... The life of the bloody sword is constantly passing, and the body is turning to the white bone.

Now the blood coagulation Qian has tears, she wants to refuse! She wants xuejianming to enjoy the last ten days!

But xuejianming is ready to give all his life to himself.

For an hour, it's over.

Xuejianming gives the last strength to xueningqian.

Finally, the Blood Sword turned into a pile of bones.

Blood coagulation thousand eyes tightly closed.

Ye Chen knows that Xuening Qian must be very uncomfortable. He doesn't know what the world is like in Xuening Qian's eyes closed.

He just wanted to wake up xueningqian, suddenly, xueningqian opened his eyes, and a terrible breath passed through the sky!

The sword of the whole world trembles!

Ten thousand swords seem to be wailing!

As if waiting for the arrival of a new master!

"In the future, I will guard the sword world! Anyone who steps in will die

Blood Sword Ming red lips slightly open, that shake the voice of heaven and earth so resounding.

Ye Chen knows that hemagglutination has changed, even a little strange.

But the world of martial arts is not so cruel.

Perhaps from today on, the blood coagulation has disappeared, replaced by the guardian of
jianshichendi!

Xueningqian took a look at the white bone of xuejianming, stood up and said to yechen: "yechen, let's
bury the blood elder."

Ye Chen nodded: "where is it buried?"

Xuening Qian took a deep look at the three Zhenshi swords suspended in the sky not far away, and said:
"under the three swords, before he died, he often looked up at the three swords. After he died, I hope
he can look up to the three swords."

"Good."

They came to the bottom of the three swords and dug a pit to bury the bones.

Ye Chen smashes a huge stele with a Sha sword at the edge of the surrounding area and suppresses it in front of the grave.

A few words are written on the huge stele - the supreme Blood Sword of the blood family!

Before he died, xuejianming was expelled by the Xuejia family and suppressed the secret of the Xuejia family. It was the place of the sword world.

Although it's the blood family's intention, it's unfair to the Blood Sword hell.

This time, Xuening Qian is to return xuejianming to the genealogy and let him return to the blood family.

I'm sure I'll be glad to know it.

A person is born with a mission, either to protect his family, or to renew the frontier, or to change the world, or to live an ordinary life.

But the mission is never noble or humble. As long as you have faith in your heart, you will not come to the world in vain.

"Ye Chen, I may be here to practice in seclusion for a while and digest the martial arts of the elder generation." Xueningqian looked at the tombstone and said slowly, "what about you? What's your plan?"

Ye Chen thought for a moment: "I don't belong here after all. I have more important things to do. There are people waiting for me outside. I'm leaving." Blood coagulation thousand hand, suddenly, caught Ye Chen's hand: "don't pass, hope to meet next time, you don't miss me too much."

Ye Chen looked at Xuening Qian: "next time? I thought several times that we would see each other in a few years, but I saw each other in a few days. "

"I will often come to jianshichen to see you. If you come across something, you can also come to me. After all, I am your only friend now."

"All right, let's go."

When ye Chen finished, he waved his hand and bowed to the tombstone of xuejianming again, and went towards the door.

Xueningqian looks at Ye Chen's back and murmurs: "is it just a friend?"

Suddenly, xueningqian catches up again and comes to yechen's side: "I think about it. I'll take you to your friends and send you back to the original place."

Ye Chen took a look at xuecong Qian, and finally nodded: "OK."

.....

Soon, ye Chen meets Xiaoxuan and Mo Hanxi. They are obviously worried about ye Chen's safety. When they see that ye Chen is safe, they can't help breathing out a long breath.

Mo Hanxi said: "brother ye, if you don't come back, we all plan to rush out here to find you."

Ye Chen took a look at them and said nothing: "it's not too late. You'd better go and find the three ancestors."

Soon, Xuening Qian sent the three people back to the dead world of annihilation cloud again.

Hemagglutination thousand hesitated a few seconds or way: "here I am more familiar than you, really don't need me to lead the way?"

Chapter 5859

Ye Chen shakes his head. He knows the mission of Xueningqian. Now there is no one there. Xueningqian should go back as soon as possible!

"In that case, goodbye!"

With Xuening Qian's words, a wind came from the air and disappeared between heaven and earth.

Xiaoxuan said strangely, "do you want to do what you did before? I cover your breath

Ye Chen this just remembers, if is not blood congeals Qian to appear, he probably long ago refined to leave the ground flame light flag!

He nodded, then looked at Mo Hanxi: "protect the Dharma for me!"

"Well." Mo Hanxi's killing intention converged and was ready to fight.

Ye Chen no longer hesitates, bites his fingertips, drops his own blood, and penetrates into the flag of fire.

Boom!

As soon as the blood permeates in, ye Chen feels a burst of blazing air waves and comes back.

The flame power of this magic weapon is quite strong.

Ye Chen has already prepared, then mobilizes the holy water of the yellow spring, suppresses the breath of all flames.

This flag is the most precious one of the five sacred places in the past. It was refined by the judgment hall later. It's really very important. If you want to refine it, I'm afraid it will take a lot of hard work.

But with Ye Chen's strength, it is easy to refine this magic weapon.

In half a day, ye Chen succeeded in refining the flag, which completely became his magic weapon.

"Flame, light, shadow, break!"

Ye Chen opened his eyes and urged the flame light flag. The flag divided light into shadow and turned into four sides. It flew out from all around. It rolled up the flame storm, whirred and scattered the fog.

Originally, the pure land ye Chen lived in was only seven steps around, but all of a sudden, it spread to a hundred meters around.

"Yes, this magic weapon is very blazing. It's a rare weapon."

Ye Chen nodded with satisfaction,

"Roar!"

However, just at this time, there was a terrible roar from nearby. A huge animal head, looking out, appeared in the fog 100 meters away.

This beast's head is the head of a bull. It's extremely ferocious and huge. Its eyes are red with blood. Staring at Ye Chen and others, it's murderous.

"Hey, brother Ye Chen, it's you who brought the fierce beast. It's none of my business!"

Xiaoxuan was startled. Just after ye Chen waved the flame flag, the magic breath spread, which was beyond her hiding range and directly attracted the attention of the fierce beast.

"Well, I'll see how fierce the beasts are here."

Ye Chen face does not change color, flame light flag is suspended in front of the body, ready to go.

Ow!

The bull's head protruded out, and its body also showed up from the fog. It was a huge fierce beast with four hooves on the ground and black fog on its hooves. It looked very strange.

Whoo!

The bull galloped on all fours, making the earth roar, and rushed to Ye Chen. The sharp horn of the bull poked out like a sword and stabbed at Ye Chen's body.

Ye Chen waved the flame light flag to attract the attention of the bull.

The bull was attracted by the light of the flame flag, and its horn rushed to the top.

Ye Chen throws the flag, but the bull pours on the air. He can't stop it and almost falls to the ground.

"Moo!"

One hit not in, that bull fury, turn round again to leaf Chen to fight but come.

Ye Chen is still waving the flame light flag, then with the flag light as a guide, lure that bull repeatedly attack, but repeatedly failed.

"Fun, fun!"

Xiaoxuan could not help clapping her hands and laughing when she saw this scene.

Ye Chen and the bull fought for a while, and when the opponent's strength was almost exhausted, he pulled out the Sha sword and killed it with one sword.

Mo Hanxi came near and took out a handkerchief to gently wipe the sweat that did not exist on Ye Chen's forehead.

Ye Chen smiles a little, and is waiting to move forward to find the trace of the temple of the earth's heart. Suddenly, he hears the roar of animals in all directions.

Then came the sound of the beast's footsteps, the earth moving and the mountains shaking, rushing towards here.

Thick fog, vaguely, you can see a pair of blood red eyes, constantly approaching.

"No! The bloody smell of the bull attracts other fierce beasts

Ye Chen's face changed.

Xiaoxuan also covered her mouth and muttered, "it seems that it's no fun now." "Let's go!"

Ye Chen doesn't dare to be careless. He immediately asks Mo Hanxi and Xiao Xuan to run away in a hurry.

The two women follow Ye Chen and run away quickly. There are fierce beasts in front of them. Fortunately, they are all aiming at the body of the bull, and they don't deliberately hurt the three people.

Soon, the three fled to the distance ahead. Looking back, they saw that the ferocious herd had already submerged the body of the bull.

These ferocious beasts, especially large and fierce, are killing each other in order to snatch the carcasses of the bull.

Ye Chen three people see this, in the heart secretly frighten, if only a fierce beast, they can deal with, but if a lot of fierce beasts rush up, afraid is difficult to resist.

"Get out of here."

Ye Chen takes two girls and leaves quickly.

Two women, one left and one right, followed Ye Chen and went forward.

Xiaoxuan blinked and said, "brother yechen, where is the temple of the earth's heart?"

Ye Chen said: "I don't know. Maybe it's this direction."

Ye Chen tried to deduce the secret, but the cause and effect was very weak, and he could not deduce anything, only vaguely felt a direction.

As long as you walk in the direction in front of you, you may be able to find the temple in the center of the earth.

Mo Hanxi said: "brother ye, we need to hurry up. They are waiting for us to go back."

Now Lin Tianxiao and Hong Xin are anxiously waiting for ye Chen. If they delay more time, they will be more dangerous.

Mo Hongji, Mo Hanxi's grandfather, is also there.

Once the shield of the cosmic tree is broken, it will be the end of everyone.

"I know, but without specific clues, it's not easy to find the three ancestors?"

Ye Chen smiles bitterly. Lin Tianxiao doesn't give him any specific clues. He only says that the temple of the earth's heart is hidden in the world of annihilation and death. But the world is so big that Lin Tianxiao doesn't know where it is.

No one knows about the people of the three ethnic groups.

The ancestors of the three ethnic groups are hidden here. Behind them is a big layout. It seems that they don't want to be involved by later generations.

After a day's walk, Ye Chen and his three men got nothing and came to a deserted city.

It seems strange that this deserted city is not covered by fog.

"We'll rest here tonight."

Ye Chen toward two female way.

The aura is rich everywhere in the earth's heart, but the death world of annihilation cloud is an exception. The aura here is very thin, and it has a strange cause and effect. When people walk here, they feel heavy and tired. They can't move all the time, so they have to rest and sleep.

"All right."

Xiaoxuan rubbed her eyes and felt very tired.

"Brother ye, I'm so tired."

Mo Hanxi yawned and walked in the world of annihilation and death. It was too expensive, and the aura of heaven and earth was too thin to be supplemented.

Ye Chen wants to open up the world of the yellow spring, but he doesn't make random moves after all. After all, this place is too strange. If the atmosphere here pollutes the earth of the yellow spring, it will be very bad.

Chapter 5860

That night, ye Chen found a broken temple in the desolate city and settled down with her two daughters to have a rest.

The two women, each leaning on a pillar, closed their eyes and went to sleep.

Ye Chen's spirit is exuberant, and his blood is much stronger than those of the two girls. Even in the world of cloud death, it doesn't matter if he doesn't sleep all night.

At the moment, ye Chen wakes up for the two girls and guards against the danger outside.

I don't know what's strange about this barren City, but there are no fierce animals, and there seems to be no dangerous places.

Ye Chen puts down his heart a little, takes out the flag of flame light from the ground, and uses his own blood to temper and nourish it. The peak power of this magic weapon is quite strong and worth cultivating.

Wen Yang for a while, ye Chen suddenly catches a trace of extremely obscure cause and effect.

"Well? And there's a flag hidden around here? "

Ye Chen was startled. In a moment, he found that there was a flag hidden nearby. His breath was connected with the flag of fire.

You know, there are five inborn five square flags, one of which is the ground flame flag, and there are four more.

In order to take in Lu Feng, a flag of flame was specially reserved for him. All the other four sides were occupied by the ruler of the ruling.

At this time, ye Chen felt the breath of another flag. He was so surprised that he thought:

"Is there a flag hidden in the judgment hall?"

Ye Chen felt the breath of the flag, which was very close to here. With a move in his heart, he walked out of the gate of the broken temple and toward the source of the breath.

.....

meanwhile.

At the same time, the dark field.

Ye Lingtian paced back and forth. He had been in Gu's house for a long time, but he didn't wait for Qin Ziwei in Gu's northbound mouth for a long time!

He even wondered if Gu Beixing was cheating himself.

There is no Qin Ziwei in this world!

Otherwise, why should we say that the temple master has fallen?

Ye Lingtian can't wait to come to the main hall where Gu Beixing is!

At the moment, Gu Beixing was sitting on the top, frowning, holding a jade slip in his hand, reading nothing.

What this jade slip records is exactly what happened outside these time areas!

It's a good thing, or a bad thing, that the way of heaven is declining!

He is very clear that the pattern of extraterritorial forces is slowly changing.

At present, Gu family is in control of the dark area. If some decisions are not correct, Gu family may perish in this decline of the way of heaven.

But he doesn't care about the life and death of his family.

He is more concerned about whether Gu Xuan is still alive, and whether ye Chen really fell?

Once upon a time, he was optimistic about ye Chen. In his cognition, ye Chen's growth may affect the situation of Gu's family outside the country!

One person gets the right way, the other goes to heaven.

If ye Chen ascends to the world, or becomes the first person outside the world, then perhaps according to the cause and effect of Gu family and ye Chen, Gu family can march into heaven and man!

Gu Beixing naturally noticed the existence of Ye Lingtian. These days, he gave ye Lingtian enough privileges, and let ye Lingtian practice some of Gu's skills. However, he was surprised that ye Lingtian was not interested in the so-called martial arts and treasures. He was only interested in Ye Chen, who was called the Lord of the temple!

Ye Ling stepped forward in the sky and arched his hand

"Mr. Gu, you said before that Qin Ziwei, who knew the life and death of the temple master, would appear. It's been so many days. Why didn't you see Miss Qin

Gu Bei will put the jade slips aside, and a full voice comes: "ye Lingtian, I know you are eager to find Ye Chen, but I am not."

"It's just that Miss Qin's identity is much more noble than mine. If it wasn't for the cause and effect between us and ye Chen, she couldn't even have the intention to talk to me."

"However, since Miss Qin said she was going to appear, she would certainly. According to the agreement, it should be fast."

Ye Lingtian thinks for a moment in his heart, and his mind is determined. If Qin Ziwei doesn't appear again, he is ready to leave Gu's home and investigate Ye Chen's whereabouts in person!

He can't place his hope on the so-called Qin Ziwei!

Just as ye Lingtian was about to say something, a dragon chant suddenly rang from nine days above!

Gu northbound exhaled a long breath, light way: "people should come, go out with me to meet it.". Ye Chen has no accident, she knows better than anyone. "Soon they came out.

The next second, ye Lingtian saw a woman coming to resist the dragon!

If ye Chen is here, he will find that this person is Qin Ziwei!

Dragon nine days, when the dragon on the woman's line of sight touch Gu northbound and ye Lingtian, instant from high altitude speed down!

Finally, they fall in front of each other!

Qin Ziwei glanced at ye Lingtian, then looked at Gu Beixing and said, "there's good news and bad news. Which do you want to hear first?"

Gu Beixing's body trembles slightly, and there is really bad news. If Qin Ziwei tells him that Gu Xuan is really dead, he may not be able to support it. However, as the head of Gu's family, he hesitates for a few seconds, and his eyes firmly say: "bad news."

Qin Ziwei in the hands of a crystal, Lingli surging, crystal instant into bursts of powder.

Strangely, the powder formed an image in front of everyone!

And in the image is the picture of Ye Chen and blood god in the temple of Confucius!

When ye Lingtian saw that ye Chen's strength was so terrible, he was secretly frightened, but when he saw that ye Chen completely disappeared in the big bang, he looked dignified to the extreme!

The energy of the explosion was too terrible. If it wasn't for the disappearance of the temple master, he might be sure that the other side would die.

Qin Ziwei shows her hand gently, and the picture disappears instantly. She looks at ye Lingtian and says, "you are ye Lingtian, I know you."

"It's one of the people Ye Chen can trust, but I don't seem to have seen you outside the country. Why did you suddenly appear at all costs to find Ye Chen this time? What happened to Ye Chen's layout?"

Ye Lingtian nodded: "I have something important to do with the Lord! I also believe that the temple master is still alive! I've come all the way with the Lord of the temple. I've experienced too many things like this. The Lord of the temple has survived every time, and this time is no exception! "

Ye Lingtian's eyes are firm and absolutely confident!

Qin Ziwei's eyes narrowed slightly, and she was even moved: "in fact, I thought so at the beginning. However, from the explosion, ye Chen did fall. These days, I investigate Ye Chen's whereabouts through all the resources of the forces behind me..."

"Ye Chen's cause and effect no longer exists, The body has disappeared too... "

"That level of energy, I'm afraid the peak of Taizhen will dissipate between heaven and earth..."

"However, I firmly believe that ye Chen is still alive, and I will not give up looking for him!"

Ye Lingtian suddenly asked: "is there a possibility that the energy is too strong to tear up the void, and the Lord of the temple has entered the void?"
