Chapter 5871

Ren Feifan stopped, arched to the temple and said, "what a nuisance! I just want to seek the truth about the earth's heart. If I tell you, I will leave immediately!"

Words fall, after a short silence, an old and strong voice suddenly comes.

"You shouldn't have come here."

"As for the center of the earth, even if I know it, I can't tell it."

"The center of the earth has long been closed."

"Even if you get into it, it's hard to get out of it again."

"It's better not to wade in the muddy water, otherwise, even if your strength is terrible, it will be contaminated with bad cause and effect."

Ren extraordinary heard this words, expression dignified a few minutes, but soon is to stretch out: "I don't have much choice, muddy water or stagnant water, I want to try."

Language falls, palace gate suddenly opens.

The old voice came again: "I know that if I refuse, you will destroy the temple. Instead of destroying it, you'd better come in and ask."

"I don't want to be out there any more."

Ren Fanfan goes to the inside. The whole temple looks old, but the inside is extremely new. The statues seem to tell the glory of that era.

Soon, ye Chen stopped because an old man appeared in front of him.

The old man was dressed in a black robe, as if he could not see his face. He sat cross legged on a green tiger. The green tiger's eyes were hostile, as if he was ready to rush out at any time and bite Ren Fanfan in two!

Ren Fanfan's eyes fell on the old man, slightly surprised. He couldn't see any trace of years on the old man in black robe.

The key old man is not a shadow, but a complete entity!

Why does the black robed old man hide in the secret place? According to his strength, he has the ability to fly to the supreme world!

The old man in black robe raised his head, revealing the dense scars on his face, which were obviously sword marks!

Ren Feifan was slightly surprised. Just as he wanted to say something, the old man took the lead in saying: "I don't fly to Taishang world because I think it's more suitable for me outside the country. Martial arts has no end. Is Taishang world really good?"

"In order to pursue the perfection of martial arts, to face the greed of human nature, to look forward and backward, is this really the life that people want?"

Ren Fanfan nodded: "the master is very thorough."

The black robed old man smiles, but there is some helplessness in his smile: "I have changed from an ordinary person to the present existence. I know that the purpose of your coming is to know the earth's heart."

"I can tell you clearly that the geocentric domain exists, and there are many forces hidden in the geocentric domain."

"At that time, the five regions outside China were mysterious and famous, but there was always a group of people who thought that the region should be hidden. It should be a paradise for a few people and the last pure land outside China."

"There are too many things in it after all."

"There's even something that you and I can't get involved in."

Suddenly, the black robed old man raised his head, looked at Ren Fanfan and said, "I can know why you have to go to the earth center?"

Ren Fanfan felt there was no taboo and said directly: "a friend of mine was in an explosion. He didn't know his life and death, and the cause and effect didn't exist. I suspect that he accidentally entered the earth's heart."

The black robed old man's eyes coagulated: "are you sure he didn't really fall? If it really dies, cause and effect will disappear. "

Ren Feifan shook his head: "this man is very lucky. He has too many adverse layouts on his body. He can't easily fall down. I'm sure he's alive. Now I can't feel the existence, only the earth's heart."

The black robed old man laughed: "if I could have become friends with you, I would not have been reduced to this."

As the words fell, the old man in black robe threw out a jade slip and said faintly, "in those days, I also wanted to step into the heart of the earth to find a cause and effect and chance that belonged to me, so I used all means to investigate the heart of the earth, and this jade slip is everything I know."

"If you want to go to the center of the earth, you may have to go to another place."

Ren Fanfan took over the jade slips. His divine sense swept slightly, and his face showed a trace of joy. Although the jade slips did not record the specific information of entering the earth's heart, there was a great clue!

That's what he needs!

"Ren Feifan, thank you, master!" Ren Feifan Gongshou road.

The old man in black robe suddenly said, "you are Ren extraordinary. I should have guessed that Ren extraordinary is the only one in charge of nine rounds of blood moon in the world." "I heard a lot about you at that time, but it's a pity that I haven't met you in the course of time. It's a pity."

"The friend you just said, if I guess correctly, should be the Lord of reincarnation."

Ren Feifan nodded, and he didn't say anything to the old man. He left straight away!

Now, there is not much time left for him!

If ye Chenyue stays in it for one more day, his crisis will be heavier!

When Ren Fanfan passes by Canglong, he pinches his fingers and instantly the blood moon pattern on Canglong disappears!

Cang Long took a meaningful look at Ren Fanfan, who was heading for the temple!

Soon, Canglong appeared in front of the old man in black robe and said, "master, do you really give that jade slip to this guy casually?"

The old man in black looked up and said, "do you think I have any other choice? In terms of martial arts, I am not Ren Feifan's opponent. "

"It's a good deal to sell the jade slips."

Cang Long is stunned. Is there any time when the master wants to sell the favor?

You know, the master's strength is not weak in the world!

The black robed old man seemed to see the doubts in the old man's heart and muttered: "the layout of the world is not simple. As far as I know, Ren Fanfan and the reincarnation master have played a big game of chess. Maybe, in this game, there is my future!"

"What! How can ordinary people's chessboard cover the future of their masters? "

At this moment, not only the black dragon was shocked, but also the green tiger under the black robed old man showed an extremely unexpected expression!

The black robed old man showed a funny and complicated smile: "it's impossible for ordinary people to be on the chessboard, but these two guys are not necessarily... If they are ordinary people, then the world will be humble mole ants!"

.....

At the same time, geocentric.

The three clans and the ruling church are still in confrontation.

At this time, the situation on the battlefield is already in danger.

Hong Xin has maintained the operation of the cosmic tree, which has reached its limit.

Her delicate body was shaking slightly, and her pretty face was pale.

The virtual shadow of the cosmic tree is constantly weakening.

Lin Tianxiao, Emperor Shimohou, Hongqishan, and many other masters of the three nationalities all tried their best to infuse their aura into the divine tree of the universe, but they could not recover the decline. The virtual shadow of the divine tree was about to disappear.

"Hahaha, how long do you want to last?"

In the sky, Situ Qingshui looks up and laughs.

Chapter 5872

This confrontation is not the confrontation of aura cultivation, but the confrontation of cause and effect!

On top of the nine heavens, the vast land of the Heavenly Kingdom of the holy hall is in full bloom and dazzling. The spirit accumulated by the holy hall for millions of years is overwhelming the heaven and the earth, covering all directions, and no one can rival it.

What Hong Xin calls is just a virtual shadow of the tree of the universe. With the virtual shadow alone, we can't fight against the great fortune of the Heavenly Kingdom of the holy hall.

To be able to support up to now, it is entirely relying on the people's borrowing power and will.

But this will, obviously, can't compete with the great movement of the kingdom of heaven, and everyone is about to collapse.

Click!

Finally, the Star Shield of the cosmic tree is completely broken.

WOW!

Then, the shadow of the universe God tree is also like a bubble, turning into streamers and dissipating.

This scene finally came to Hong Xin's face.

Lin Tianxiao's face also changed dramatically. He murmured, "is he defeated at last?"

Hong Qishan looked up to the sky and sighed, "heaven is going to destroy my Hong family, but I can't kill the reincarnation Lord myself!"

Many powerful people of the three ethnic groups, seeing such great changes, also turned pale and shivered.

There was only emperor shimohou in the audience. He was indifferent, as if he had foreseen the fall. Seeing the tree burst, he sat cross knee and whispered the Buddha's curse in his mouth, as if he wanted to surpass himself.

Whoa, whoa, whoa!

In the sky, white lights are emitted from the Heavenly Kingdom of the holy hall. 100000 generals of the Heavenly Kingdom are displayed in the sky. The holy glory is soaring and the haze is rolling.

"Gale! Gale

Many generals in the kingdom of heaven, waving their weapons and shouting at each other, showed their extremely powerful power.

Situ Qingshui looked up at the sky and said, "kill me! All the men will be slaughtered, and the women will be taken back to the sanctuary and enslaved from generation to generation! "

Situ Qingshui's eyes fall on Hong Xin's graceful figure. This woman is from the supreme world. If anyone can have a good night with her, there will be great luck and endless benefits.

It's a pity that he can't get hold of such beautiful women. He can only take them back and give them to the judge.

A group of generals of the kingdom of heaven, crazy to fight.

Situ Qingshui, on the other hand, took Hong Xin by himself.

At this time, Hong Qishan, Emperor Shimohou and others were almost exhausted. In order to maintain the operation of the universe tree, they all fell into the situation of exhaustion.

Therefore, Situ Qingshui was unscrupulous, and he did not have to sacrifice to the kingdom of heaven. He could subdue the people by force alone.

When Hong Xin and others saw the glorious and sacred generals all over the sky, they all showed a look of despair.

The scene of the sky is very vast, one by one brilliant, powerful generals, such as the supreme god of war, and Hong Xin and others, the elite of the three ethnic groups, seem to be slaughtering lambs, without any resistance.

Between heaven and earth, the spirit of the holy hall is surging.

The holy land of heaven above the nine heavens, countless people of heaven, issued a mighty prayer chant, heaven and earth seemed to play the epic chapter of doomsday, everything is going to be destroyed.

Hong Xin looks at situ Qingshui's ferocious and greedy face, and her delicate body trembles slightly. She knows that if she is caught, she will be sent to the holy hall for humiliation, and her innocence is not guaranteed.

"Hong family, I've come to see you!"

Hong Xin's teeth clenched his lower lip and suddenly pulled out his sword and wiped it to his neck.

She was dead and didn't want to be ruined by the church.

"Miss Hong, don't panic. We're back."

Hong Xin is about to commit suicide, but suddenly, a steady and powerful hand grabs her hand and prevents her from committing suicide.

Hong Xin is startled, side head a look, but see a familiar youth figure, cut through the void, come in her side, it is Ye Chen!

"You... You!"

Looking at Ye Chen, Hong Xin feels like a dream.

At this time, ye Chen's face is calm and calm, and his eyes are firm and cold, which gives people a great sense of security. It seems that there is nothing that ye Chen can't solve in the world.

Hong Xinmei's eyes also showed a trace of infatuation, as if to see the world's most natural and unrestrained, the most admirable man.

Whoa!

In the sky, situ Qing's sailor's claw broke through the air and was catching Hong Xin's chest. When he saw Ye Chen suddenly, he could not help changing his look and cried: "it's you boy!" Ye Chen is not in a hurry, embraces Hong Xin's slender waist, and avoids the attack of situ Qingshui.

"Master!"

At this time, Xiaoxuan, Mo Hanxi, Xumi sage and others came from behind Ye Chen.

Xiao Xuan yelled and rushed to Hong Xin crying.

"You're back."

Hong Xin hugged her and was overjoyed.

Ye Chen and others finally come back, which means that things have changed!

"I didn't expect you to come back and die for me!"

Situ Qingshui snorted coldly and clapped wildly towards Ye Chen.

Hong Qishan, Mo Hongji, Emperor shimohou, Lin Tianxiao and others have all lost their fighting power. Just like Ye Chen, situ Qingshui doesn't believe that he can make a comeback.

"Xiao Chonglou Zhang, break it for me!"

Ye Chen drinks violently, and sees situ Qingshui clap it with his hand. He doesn't dodge. He turns it out with a fierce hand, and shows his small heavy building hand to directly collide with it.

The fierce palm wind burst out from ye Chen's palm, and the virtual shadow of a tall tower suddenly appeared behind Ye Chen.

On top of the tower, there is the magnificent atmosphere of Jinpeng flying, surrounded by Buddhist flame.

Bang!

Ye Chen hit him with one hand and exchanged his hands with situ Qingshui.

All of a sudden, situ Qingshui only felt an indescribable force, like a mountain and a tsunami.

Click!

The metacarpal bone of his right hand and the bone of his right arm were shattered on the spot.

The ferocious palm force was transmitted to the viscera. He tried his best to resist it, but he couldn't resist it completely. The viscera was suddenly impacted by a huge impact, and he couldn't help opening his mouth and gushing blood. His face was as white as gold paper, and he was seriously injured.

Ye Chen's terrible palm power shakes the air and blows a strong wind. The heavenly generals around situ Qingshui are shocked to death one by one. Their bodies explode like fireworks in the air and become blood rain.

The rest of the heavenly generals, feeling the terrible palm wind, all of them were shocked. They rushed to the sky, and the whole audience's eyes fell on Ye Chen with a huge shock.

"This is... This is the palm of little Chonglou!"

Situ Qingshui's face is full of horror, and he has recognized Ye Chen's palm technique.

This is the No.1 artifact. The strength of xiaochonglou palm is so strong that it is close to the extreme of martial arts. Although it is far less than the real daqianchonglou palm in the legend, it also has the power of destroying the starry sky.

What's more terrible is that ye Chen's whole body is full of ancient essence and blood.

This breath is full of the majestic Buddha spirit of Jinpeng star tree.

Chapter 5873

"Brother ye, you are..."

Lin Tianxiao was very surprised. Looking at this scene, he felt the ancient Buddha spirit of Lin's ancestors from ye Chen.

It turned out that ye Chen had burned the blood essence of Lin faming, the ancestor of the Lin family, at this moment, so his palm was especially fierce and fierce. He even hit situ Qingshui seriously.

"Master, we met three ancestors. They each gave a drop of blood essence, saying that they could retreat the enemy."

Xiaoxuan gives Hong Beichen's blood essence to Hong Xin.

"Is this the blood essence of Laozu?"

Hong Xin saw that the drop of blood essence was surrounded by magic Qi, and there was a great cause and effect.

Xiaoxuan said, "well, master, my ancestors told you to be careful of reincarnation."

Hong Xin is slightly surprised and looks at Ye Chen. In fact, if ye Chen didn't help her just now, she has been caught by situ Qingshui.

On one side of Hong Qishan, seeing this drop of blood, his face changed slightly and he said: "this drop of blood essence has great cause and effect. Lord of reincarnation, you have seen the second generation of our Hong family ancestors, say! Where are the remains of my ancestors? "

Hong Beichen poured great cause and effect on the essence and blood, so when Hong Qishan saw it, he knew all kinds of gratitude and resentment.

Hong Xin's pretty face sank, and said: "laotianjun, our gratitude and resentment with the reincarnation Lord will be calculated later. Now it's still important to fight against the holy hall."

Hong Qishan snorted and stopped making a sound. At this time, he was no longer the patriarch of the Hong family. Hong Xin was recognized by the universal tree, and she was the new patriarch.

Therefore, in terms of status, he needs to listen to Hong Xin.

Ye Chen is indifferent and does not speak. He just looks at situ Qingshui.

Situ Qingshui was very anxious: "Damn, those three old guys, their strength is second only to the existence of the Lord of God. Their blood and energy are huge. How can I be the enemy?"

At this time, Mo Hanxi returned to Mo's home and took out the blood essence to nourish Mo Hongji.

Mo Hongji wakes up in seclusion. Seeing the picture of the sword in front of him, he has caught the cause and effect, and is on the alert.

Mo Hanxi said: "grandfather, you wake up!"

The Mo family's strongmen quickly gathered around and said, "are you OK, old emperor?"

Mo Hongji chuckled and integrated the essence and blood of his ancestors into his body. He said: "my mo family is not exhausted. It's wishful thinking to judge the ambition of the wolf in the holy hall and destroy us!"

Ye Chen sees Mo Hongji waking up, and his heart is also a joy.

At this time, Lin Tianxiao came to Ye Chen and said, "brother ye, are you all right?"

Ye Chen said: "master Lin, I'm ok. It's just an emergency. I borrowed the essence and blood of your ancestors. I hope you don't blame me."

Lin Tianxiao said with a smile, "it's ok if you can retreat from the enemy."

Just now, ye Chen's sharp hand shocked the whole audience, and the judgment hall still dare not move lightly.

In the distance, Shih Mo Hou, the national master of the Lin family, said: "it's hard to say whether we can retreat from the enemy. I'm not sure we'll die together."

When he said this, situ Qingshui in the sky seemed to wake up and said:

"All the disciples of the holy hall obey the orders and protect the Dharma for me!"

When the order came down, all the apostles and generals of heaven in the hall were closely packed to protect situ Qingshui.

"The kingdom of Templar heaven, I have suppressed it!"

Situ Qingshui suddenly drank, waved his big hand and urged him to smash down the holy land of heaven which was suspended in the sky.

In terms of martial arts, he is no longer the enemy of Ye Chen.

After all, ye Chen has the essence and blood of the three ancestors, and the breath is too vast.

At this juncture, situ Qingshui thought of sacrificing the kingdom of heaven and suppressing everything.

The kingdom of heaven has accumulated millions of years of good fortune. If the town goes on killing, no one can stop it.

Unless ye Chen reappears his true reincarnation, or asks the ancestors of the three ethnic groups to do it in person, it is impossible to resist.

Looking at the holy land from heaven, people's faces are slightly discolored.

Emperor shimohou said: "look, I said that we would die together. Why struggle? Reincarnation Lord, it's wishful thinking that you want to seize the great fortune of saving all living beings. "

Ye Chen clenched his teeth and thought to himself, "this guy is very strange. I'll teach him a lesson sooner or later."

But at this juncture, it is not convenient to fight with the emperor shimohou. Ye Chen's indifferent face raised, staring at the sky, looking at the approaching holy land of heaven, his face also became very dignified.

"Do it! Fight against situ Qingshui at all costs

At the next moment, ye Chen drinks violently. His eyes are full of murders. He takes a look at Hong Xin, Mo Hongji and monk Xumi.

The only way to stop the killing is to kill situ Qingshui first.

As long as situ Qingshui died, the kingdom of heaven could not be suppressed.

Whoo!

Ye Chen took the lead in killing. With the power of blood essence, he could continue to shoot hard at situ Qingshui.

Situ Qingshui's whole body was full of heavily armed generals in the kingdom of heaven. Seeing ye Chen clap his hand, they raised their thick shields as if they had formed a shield wall to resist.

Even if they are dead, they should protect situ Qingshui.

As long as situ Qingshui's aura is not affected, he can rely on the majesty of the Heavenly Kingdom to kill all enemies.

Although this will sacrifice the whole kingdom of heaven, it is undoubtedly a good deal to kill the three tribes and the reincarnation Lord.

Chapter 5874

Boom!

Ye Chen borrows the blood essence of Lin's ancestors, this palm is particularly fierce, patted on the thick steel shield wall.

Click!

In the meantime, the shields burst.

Many Temple generals spit blood at their mouths. They are attacked by Ye Chen's palm force on the spot. They burst out and die in blood.

Shield after shield fell from the air, but in a moment, a new Templar general was carrying the shield to close the gap.

There were 100000 of them. They were stacked up and surrounded to protect situ Qingshui. Even if ye Chen could kill all of them, it would take a long time.

And the holy land of heaven in the sky is about to be suppressed.

Once the kingdom of heaven comes, the three peoples will die.

Mo Hongji, Hong Xin and monk Xumi also felt that the situation was serious and rushed forward to help.

Mo Hongji burns the blood essence of Mo's ancestors, conjures up a flame Phoenix, and rushes towards the shield wall of the holy hall to guard the array.

Hong Xin also ignited the blood essence of the old ancestor of Hong family. In a moment, the evil light gushed out, and the destruction storm broke out. A demon hand full of destruction was killing the judgment hall.

However, the 100000 generals who adjudicated on the holy hall had already tried to save their lives and did not retreat.

The generals, with their shields, protected situ Qingshui in all directions.

One hundred thousand people are connected, just like a piece of iron, there is no flaw to be found.

Ye Chen took a series of photos, and killed thousands of heavenly generals in the blink of an eye. The blood was pouring all over the sky, and the iron shield burst into a ball. The scene was extremely tragic

and bloody, but in the face of the tide of the enemy, he couldn't kill him, and he couldn't touch situ Qingshui himself.

Hong Xin and Mo Hongji mobilized the blood essence of their ancestors and killed many of the temple generals, but they also failed to reach the foundation.

As for the monk Xumi, facing the defense like a shield wall, it is of no help.

In the sky, the holy kingdom is under constant pressure, and the situation is extremely critical.

"Lend me those two drops of blood essence, quick!"

Ye Chen turns back and roars at Hong Xin and Mo Hong Ji, with a trace of ferocity on his face. Obviously, he is anxious to the extreme.

Hong Xin and Mo Hongji stay for a while. Does it mean that ye Chen wants to gather the blood essence of the ancestors of the three nationalities and fight to death?

But the blood essence of the three ancestors, the power of cause and effect is so great. To borrow one drop, ye Chen has to bear great cause and effect. I'm afraid Ye Chen's borrowing of three drops is not to be crushed by the power of cause and effect.

When this juncture, Hong Xin and Mo Hong Ji also have no time to think more, quickly lent the blood essence to Ye Chen.

The evil Qi, essence and blood of the Hong family and the immortal Qi, essence and blood of the Mo family are all gathered on Ye Chen.

In addition to the blood essence of the Buddha Qi of the Lin family, the three flowers of the Buddha, the immortal and the devil gather at the top, and ye Chen's whole body suddenly erupts into a magnificent atmosphere.

In this atmosphere, there are immortal machines floating and sinking, Buddhism is magnificent, and magic prison is rolling. Layers of white bones and skeletons are born at the foot of Ye Chen. The skeletons split and bloom out of the immortal green lotus, in which the ancient Buddha is bred. All kinds of magnificent weather are added to the body layer by layer.

"Xiaochonglou sword spirit!"

Ye Chen roars up to the sky and suddenly pulls out the wild devil's sword. In his mind, he remembers the martial atmosphere of xiaochonglou palm, which is reflected on the body of the sword, and then bursts out the vast breath of Xiaoqian world. The tianchonglou emerges, guards in the void, and even temporarily blocks the suppression of the Heavenly Kingdom of the holy hall.

In this temporarily delayed breathing, ye Chen shot out with a sword, and the martial power of xiaoqianchonglou turned into an unparalleled sword, and fiercely cleaved to the steel shield wall.

Bang bang!

A series of dense burst sound, a layer of shield iron wall, instant was Ye Chen broken open.

The wild devil Heaven Sword is mixed with the martial arts of xiaochonglou, plus the blood essence of the ancestors of the three nationalities. The power of Ye Chen's sword is really terrible.

If he used this sword to deal with the former Confucians, it would be enough to kill them!

It's an unimaginable sword, and its power can't be described in words. Just with one sword, the shield wall was completely broken, and tens of thousands of heavenly generals holding the shield were killed with one sword.

Countless broken bodies, broken shields, dripping blood, scarlet viscera, mixed into a flower rain of doomsday, floating in the air.

In the bloody rain, situ Qingshui's figure finally appears in front of Ye Chen.

Whoa!

Ye Chen's sword, with fierce aftereffect, cuts across, and cuts situ Qingshui's waist on the spot! Situ Qingshui was stunned. Looking at the lower part of his body, he was stunned.

"Sin of the temple, die for me!"

Ye Chen suddenly drinks and flies up. He rushes to situ Qingshui's face like nobody. He claps his hand and slams his body into blood.

Seeing situ Qingshui killed, the whole audience was shocked.

All people didn't expect that ye Chen would be so powerful, even a sword broke the defense of the holy hall.

The brilliance and invincibility of that sword is intoxicating.

Hong Xinmei's eyes were full of admiration and fear.

Such a strong existence, the Hong family to be an enemy, afraid of self destruction.

Hongqishan and timohou were gloomy and speechless.

It's obvious that ye Chen's going to annihilate the cloud and death world is a great adventure. He has become a small tower palm. His martial arts are perfect and can evolve sword Qi at will. It's really incredible and powerful.

Both of them have the same idea. The Lord of reincarnation has great fortune and endless opportunities!

Mo Hanxi and Xiaoxuan also have a look of admiration and shock. They have seen Ye Chen's power for a long time, but now ye Chen's sword is still a little too terrible and outrageous.

You know, ye Chen's cultivation is only seven layers of heaven in the original realm!

"Brother Ye really deserves to be an air carrier."

Lin Tianxiao also has to sigh that he is the pride of the Lin family. He thought he was lucky and invincible, but he didn't expect that he was not worth mentioning compared with Ye Chen.

Even if ye Chen's attack is combined with the three extremely terrible existential essence and blood!

"Lord Ye is mighty!"

In Mo's family, many elite disciples are shouting and gaining momentum.

As soon as situ Qingshui died, the kingdom of heaven in the holy hall lost its control. With a whine, he flew to the sky and disappeared into the clouds.

The rest of the saints, the generals of the kingdom of heaven, who were lucky enough to survive, saw Ye Chen's powerful appearance, and how could they dare to be enemies with him

"Withdraw! Get out of here! Go back and report to the Lord! The breaker is born

All fled, no longer just holy glory of the spirit.

Ye Chen gasps for a moment, wants to chase, but has no strength.

Just this sword, exhausted his physical strength.

In his meridians, he had a dull pain, and his head was dizzy.

Chapter 5875

Integrating the essence and blood of the ancestors of the three ethnic groups, ye Chen has received tremendous help, but also bears a huge load.

If he didn't have reincarnation, he would be dead now.

And even if there is reincarnation blood, the burning of the blood essence of the three ancestors, the extreme use of the wild devil Heaven Sword and the martial arts of the small tower, ye Chen is exhausted and almost faints.

The price is too high.

They don't even lose the blood of the dark goblin that burned before.

In a daze, ye Chen feels a fragrant and soft body. He gets close to himself and looks at it. It turns out that it's Hong Xin.

Hong Xin embraces Ye Chen, and ye Chen is in a daze. Her head is just on her soft chest.

"Hello, are you ok?"

Hong Xin's face turns red. Thinking of the gratitude and resentment between Ye Chen and Hong's family, she feels extremely contradictory and helpless.

Ye Chen exhausted, but also speechless, unexpectedly leaning on Hong Xin's chest, fell asleep in the past.

"Come on! Don't let the rest of the temple run away

At this time, Mo Hongji spoke out and took the lead in fighting.

Monk Xumi also killed with him. He couldn't play a role in the fight just now, but he was brilliant in pursuing the remnant soldiers.

With his strength, it is easy to pursue and kill a group of soldiers.

Soon, most of the war generals in the holy hall were overtaken and killed by Mo Hongji, monk Xumi and others. Only a dozen of them escaped.

There were 100000 soldiers in the temple, and only a dozen survived. This huge casualty, even for the judgment temple, is also a huge loss.

.....

Two days later, ye Chen wakes up.

As soon as he woke up, he saw that he was sleeping in bed. Mo Hanxi was sitting beside him, holding a medicine bowl, as if he wanted to give him medicine.

"Brother ye, you wake up."

Mo Hanxi saw Ye Chen sober, immediately overjoyed.

"Where am I?"

Ye Chen just woke up, a little confused.

Mo Hanxi said: "this is our Mo family's land. You have saved the three families from danger. The prestige spreads all over the earth. My grandfather, Hong Qishan and Emperor Shimohou argue with each other and finally reach an agreement. They will no longer pursue your identity as a stranger and allow you to move freely in the earth."

Hearing that he could move freely, Ye Chen said with a bitter smile, "it's unnecessary to move freely. I just want to go back to the outside world as soon as possible. Where's the key to Hong's family?"

Mo Hanxi looked gloomy and said, "Hong Xin has sent the key. Brother Ye, can't you stay a few more days?"

With that, Mo Hanxi took out a magic tree Fu Zhao, which was the key to the Hong family's Fu Zhao.

At the end of the war, Ye Chen saved the three ethnic groups in danger. No matter who is responsible for his outstanding contribution, he can't deny it.

Hong Xin keeps his promise, lends the key to Ye Chen, and withdraws all the Hong family's disciples from the river of crape myrtle.

Now, Ziwei Xinghe has been owned by Mo family.

When Ye Chen saw the key, he was overjoyed and took it away. He thought, "three keys, finally, I can go back!"

Looking at Mo Hanxi's dejected appearance, Ye Chen recalled the scenes he had experienced with her, and he could not bear it. He gently stroked her cheek and said with a smile, "I can finally go back. Don't you be happy for me? I'll come back to see you later. "

Mo Hanxi's heart trembles, thinking of his future cause and effect, has actually been bound with Ye Chen, Mo family's future luck, also bet on Ye Chen.

Ye Chen can never leave Mo's home before he flies up.

Thinking of this, Mo Hanxi was relieved and said with a smile, "brother ye, I'm very happy for you to go back."

However, this smile is always with a trace of sadness.

Ye Chen said, "where's your grandfather? I'll go and say goodbye to him. "

Mo Hanxi said: "my grandfather went to Ziwei Xinghe. His blood is exhausted seriously. He needs Ziwei Xinghe's nourishment, but he can't live for 30 years at most."

In the competition arena, Mo Hongji fought with Hong Qishan to the death. He did not hesitate to burn his own blood. Originally, the rest of his life would not exceed three months. Now, with the nourishment of crape myrtle, he can barely prolong his life to 30 years, but it is also very urgent, and the fall is inevitable.

"Thirty years... Is enough. During this period of time, I will successfully ascend to the Supreme Court, so that your Mo family will enjoy great fortune, and your grandfather will naturally be able to get out of trouble."If ye Chen can ascend in the past 30 years, the Mo family's luck will be bound with him, and he will naturally be able to get rid of any difficulties and dangers.

If someone else said this, Mo Hanxi must be dismissive, but ye Chen's tone is calm and confident, but it gives people a great confidence.

It seems that in a short period of 30 years, ye Chen can really soar smoothly.

"Thank you, brother Ye."

Mo Hanxi is grateful, thinking that ye Chen is about to leave, and full of reluctant, can't help holding Ye Chen.

Ye Chen a Leng, immediately relieved, also gently embrace Mo Hanxi.

They were warm for a while and then separated.

Ye Chen thought of something, suddenly said: "I want to go back to the temple in the center of the earth, repay the cause and effect of the three ancestors, and then return to the outside world, I will come back to see you, Hanxi, don't worry about me too much."

At this time, ye Chen no longer called "Miss Mo", but called Mo Hanxi's name, which means close.

Mo Hanxi was overjoyed and said, "OK, brother ye, I'll wait for you!"

"Well."

Ye Chen nodded, then got up, ready to go to the temple of the earth.

Chapter 5876

Mo Hanxi said, "brother ye, wait."

Ye Chen said, "what's the matter?"

Mo Hanxi took out a Yujing bottle and handed it to Ye Chen, saying: "here is a bottle of Ziwei Xinghe spirit water, which is the source, the clearest and the most rich spirit. My grandfather said that it's a gift for you, which can nourish your blood and restore your vitality."

Ye Chen in the heart move, ponder: "crape myrtle Star River Spirit water, perhaps can assist blood god elder generation, let him recover."

In the previous engagement with the Confucianists, the blood god overdraw his future, exhausted his blood, and became grey haired and extremely old.

And this bottle of crape myrtle Star River Spirit water, may be able to help the blood god.

"Thank you very much."

Ye Chen takes the crape myrtle spirit water, says goodbye to Mo Hanxi and goes to the temple in the center of the earth.

Mo Hanxi saw Ye Chen leave, beautiful eyes with not give up and sad.

"To Lord Ye!"

The elder of Mo family, many elite and strong people, know that ye Chen is going to leave, so they come out one after another.

"To Lord Ye!"

"I wish you a prosperous future!"

"Lord Ye, the green mountains will not change and the green waters will flow. I hope we can meet again in the future!"

Many Mo family people say goodbye to Ye Chen one after another, and everyone has a sense of worship and gratitude in their hearts.

"Thank you for seeing me off. I'm leaving now."

Ye Chen arched his hand to say goodbye to the Mo family, and the wind flew away.

Now that he has collected three keys, ye Chen wants to return to the outside world immediately, but the cause and effect of the temple in the center of the earth still needs to be paid back.

"I can go back when I get rid of the cause and effect on the other side of Dixin temple."

Full of expectation, ye Chen returns to the dead world of annihilation cloud and goes straight to the temple of the earth's heart.

Annihilation cloud dead world is still heavy fog, dead strong, but ye Chen has wind feather spirit tree protection, nature is unimpeded.

In less than half a day, ye Chen came to Dixin temple.

But I saw the monk Xumi guarding in front of the temple. When I saw Ye Chen coming, I read "Amitabha" and said, "benefactor, you finally came. On that day, you defeated the judgment hall. You have great power, which is admirable."

Ye Chen smiles and says, "where are the three ancestors, monk Xumi? I want to repay you. "

Monk Xumi said: "benefactor borrowed the essence and blood of the ancestors. That day, he was greatly shocked. Now in just two days, has he recovered?"

Ye Chen feels his body for a while, and he is really all right. He says, "I'm all right now."

His reincarnation blood is too strong. His recovery ability is the highest in all days. In just two days, he can recover completely.

Monk Xumi was shocked and said, "reincarnation is really extraordinary, but the three ancestors have not recovered. I'm afraid they will have to wait another day."

Hong Beichen, Lin faming and Mo Qingxuan gave their own blood essence. Although it was only a drop, it was also the source, so it consumed a lot.

Now ye Chen has recovered, but the three ancestors have not recovered.

"Another day?"

Ye Chen eyebrows a wrinkly, he thought of return to the outside world, is a day also don't want to wait.

But at this juncture, I can only wait one more day and say, "OK, I'll wait another day."

Monk Xumi said, "if you don't greet me well, please forgive me."

At the moment, he leads Ye Chen into the temple and arranges a secluded guest room for ye Chen.

On that day, monk Xumi was aggressive and seemed to be aiming at Ye Chen everywhere, but he was extremely respectful, modest and polite. Obviously, he was convinced by Ye Chen's strength.

This is the treatment of the strong. It is an eternal principle that the strong should be respected.

Ye Chen is in the guest room of the temple and has a rest.

"It's time to harden the wind stele."

Ye Chen moves in his heart and enters the world of the yellow spring.

In the world of the yellow spring, there are two sacred trees, swaying and dancing.

One is Qinglong Alsophila spinulosa, the other is Fengyu spirit tree.

"Here you are, Lord."

Alsophila spinulosa salutes Ye Chen.

Spirit child is under the Alsophila tree to recuperate, see ye Chen come in, is also a little smile, cry:
"brother, the body is all right."

Ye Chen said with a smile: "I'm ok. You have a good rest. We are ready to return to the outside world."The spirit child said: "did you go back so soon? It's good here. "

There is enough aura in the earth's heart. If you practice here, the earth's heart can get the maximum gain effect.

Ye Chen said with a smile: "there are still many things to be solved outside. We can't stay here all the time. When we get rid of the enemy outside, we still have a chance to return here."

Ling'er said with a smile, "well, I'll follow my brother wherever he goes."

Ye Chen said with a smile: "well, you have a rest. I want to practice, too."

Say, leaf Chen walks to the breeze feather spirit tree, cross knee but sit.

Then, ye Chen sacrificed a stone tablet, on which was printed an old word "wind".

It's Fengbei!

Fengyu spirit tree has a unique aura of wind attribute. At this moment, Fengbei is resonating with Fengyu spirit tree. The whole stone tablet is buzzing and blooming.

"Feng Yu's aura infuses the spirit pulse!"

Ye Chen kneads a formula. The wind stele floats up and absorbs the breath of the wind feather spirit tree. The green awn grows stronger and stronger. Finally, it surrounds Ye Chen like a vast sea.

Ye Chen constantly breathes and breathes. He only feels that Ling Fengshen pulse in his body is also changing vaguely.

"It worked!"

Ye Chen is very happy in his heart. It seems that the aura of Fengyu spirit tree can make Fengbei go to perfection.

After the completion of Fengbei, his lingfengshen pulse was also upgraded and transformed.

This process of transformation naturally takes a little time.

Ye Chen is not in a hurry to temper, constantly exercise Ling Fengshen pulse.

The effect of Lingfeng Shenmai is to absorb the enemy's kill, then save and transform it into your own attack.

So after a day, the wind stele is finally complete, and ye Chen's lingfengshen pulse is also a successful transformation.

Indistinctly, ye Chen feels that his cultivation also shows signs of breakthrough.

"It should be about to break through. I didn't expect it to be so difficult."

Ye Chen sighs that his martial arts are too profound. It is more difficult than ordinary people to break through.

Having been in the earth for such a long time, ye Chen has many opportunities, but his cultivation is still the origin of the seven layers of heaven, and he has never been able to break through. You can imagine the difficulty of his breakthrough.

But now, after Ling Fengshen pulse transmutes, ye Chen obviously feels that the breakthrough is not far away, and he is on the way!

When ye Chen comes out of the world of the yellow spring, he just sees monk Xumi outside.

Monk Xumi said: "benefactor, the three ancestors have passed the pass. Please come and meet me."

Ye Chen nods a way: "good."

At that moment, under the guidance of monk Xumi, ye Chen came to the main hall of Dixin temple. He saw Hong Beichen, the ancestor of the Hong family, sitting on the first seat of the hall.

Mo Qingxuan, the ancestor of the Mo family, and Lin faming, the ancestor of the Lin family, sit on both sides of Hong Beichen.

Chapter 5877

Hong Beichen's eyes were sharp, staring at Ye Chen, and said: "Lord of reincarnation, your blood is refined again."

He clearly felt that ye Chen's cultivation realm had not broken through, but his reincarnation blood had become a part of strength.

Ye Chen smiles and says, "it's just a little progress. It's not worth mentioning."

His spirit of Lingfeng has been transformed into a perfect one, and his reincarnation blood is naturally further powerful.

Hong Beichen's face is slightly dignified. Ye Chen's strength is absolutely not good for the Hong family.

After all, the Hong family and ye Chen are destined to be enemies.

However, now that the court is covetous, it is not easy for him to tear his face, lest the two sides fight each other and be picked up by the court.

After a meal, Hong Beichen said: "you owe us three the cause and effect. Today is the time to repay."

Ye Chen said: "I don't know how to repay it?"

He can't wait to solve the cause and effect quickly and return to the outside world.

Hong Beichen looks at Mo Qingxuan and Lin faming. Both of them nod their heads. It is obvious that they have discussed.

At the moment, Hong Beichen said, "we want to entrust you with one thing to go to the holy land of the five sides and take back a magic weapon."

When ye Chenyi heard the four words "holy land of the five sides", he felt awe inspiring.

The five holy places were the forces that used to control the congenital five flag. Lu Feng came from this. Later, the five holy places were destroyed by the holy hall, and this place was obviously occupied by the holy hall.

"If I guess correctly, is the five holy places the site of the holy hall at present?"

Ye Chen dignified asks a way.

Hong Beichen said: "that's right! The five holy places are heavily guarded and guarded by Chen zuiyue, who is one of the "mirror flowers and water moon". It's hard to step into them and seize the magic weapon. "

There are four elders in the holy hall, named "jinghuashuiyue". The three elders, situ Qingshui, have been killed by Ye Chen.

Chen zuiyue, I think, is the fourth elder.

Ye Chen frowned and said, "three ancestors, don't you mean to be difficult? How can I enter the site of the sanctuary and seize the treasure by myself

At the beginning of killing situ Qingshui, ye Chen was able to succeed only with the blood essence of the ancestors of the three ethnic groups, and it was in the field of Ziwei Xinghe.

If he enters the home court of the judgment hall alone, let alone kill and win the treasure, it will be difficult for him to protect himself.

Hong Beichen said: "we naturally know that it's difficult, so we don't want you to rush in. I've made arrangements. You go to the Honglian secret place of the emperor's family first, and find the Lord of the secret place, Emperor Shilong. He is a chess piece we arranged. He will take you from a secret path to the holy land of five directions, so that you don't have to be found by the guards."

Ye Chen said: "the secret place of the imperial family? Isn't the imperial family dead? Is anyone alive? "

Hong Beichen said: "there are two kinds of lineages in Tianjun family: the lineage is the patriarchal family, and the lineage is the side branch. When the imperial family was destroyed, only one person in the lineage family survived, that is, the holy baby emperor Shitian. But the side branch of the lineage has a lot of blood left. Although it has been suppressed by the holy hall, the secret place of Honglian is under the protection of the three of us, He also survived, and there were thousands of disciples of the imperial family

Ye Chen is slightly surprised, way: "originally three old ancestors, unexpectedly secretly sheltered emperor Shi family's clansman!"

Hong Beichen said: "this is our layout. You don't have to ask more. In a word, you should set out as soon as possible, go to the secret land of Honglian and find emperor Shilong. He will take you into the holy land of the five directions. You must move quickly and start right away! I infer that there will be a

terrible accident in the secret place of Honglian. This chess piece will soon be lost. You must go there immediately! "

Ye Chen said, "what magic weapon do I need to seize when I enter the holy land of the five sides?"

Hong Beichen said: "it's too late to elaborate. Take this edict and figure it out on your own. You can go to the secret land of Honglian immediately. You can't delay for a moment!"

He waved an imperial edict in a dignified tone, as if there would be some unexpected change in the secret place of red lotus. If ye Chen was late, everything would be late.

Ye Chen quickly accepted the imperial edict. Seeing that the other two ancestors also had a dignified face, he said in his heart, "yes, I'll start right away!"

With that, ye Chen turns around and leaves. As soon as he steps out of the temple of the earth's heart, he locks the location of the secret place of the red lotus and goes straight to the secret place of the red lotus.

The three ancestors, looking at the figure that ye Chen leaves, look uncertain.

Mo Qingxuan, the ancestor of the Mo family, said, "the holy land of the five directions is very dangerous. This boy has gone in. Can he really come out alive?"

Hong Beichen chuckled and said: "this is also a test for him. If he can't even do such a commission, he is not qualified to fight against the judge. It's better to die as soon as possible." All the way, ye Chen felt the breath of the imperial edict.

In this Fu Zhao, all kinds of cause and effect cohere, and the specific content of task entrustment is also hidden in the Fu Zhao.

"Did you ask me to take a gourd magic weapon?"

Ye Chen felt the imperial edict, suddenly in his heart.

It turned out that the three ancestors of Dixin temple had asked him to take back a gourd magic weapon.

The magic weapon of gourd, named danxianhu, was born before heaven and earth. It was once a magic weapon shared by the top ten Heavenly Kings.

The most wonderful thing about danxianhu is that it can continuously brew danxianling wine.

That Dan Xianling wine has a great effect on refining muscles and bones, nourishing vital vessels and promoting qi movement. It is better than any pill.

Danxianhu constantly absorbs the aura of heaven and earth. Every hundred years, he will breed a gourd of spirit wine, which is divided by the ten Heavenly Kings' families. The effect of cultivating his own disciples with spirit wine is very powerful.

The first ancestors of the top ten families in those years were able to successfully ascend to the Supreme Court. In fact, they also had the effect of danxianhu.

Because of the nourishing effect of danxianhuling wine, the martial arts foundation of the ten great ancestors was stronger than ordinary people. Once they ascended to the Supreme Court, they became the supreme ruler of heaven, dominating the world, and made new rules.

In the archaic times, he ruled on the troubles in the holy hall, wiped out the emperor's family and successfully captured danxianhu.

Relying on the spirit wine of danxianhu, the holy hall has continuously cultivated a batch of elite, and has become a giant in the earth.

If you want to defeat Shengtang, you must take back danxianhu first!

This is the most crucial move of the layout of the three ancestors.

"You entrusted such an important task to me."

Ye Chen frowns tightly. Dan Xianhu is of great importance, and his gains and losses are not small. The three ancestors entrusted him with this important task. I don't know whether they despise his reincarnation or whether Hong Beichen deliberately wanted him to die.

Ye Chen pinches a finger to calculate, discover two kinds of reasons to have however.

Hong Beichen has a good abacus. If ye Chen can take back the danxianhu, it's a great joy. If ye Chen fails and is killed by the holy hall, it's good news for the Hong family and solves a hidden danger.

In other words, no matter what the result is, the Hong family will not lose.

Chapter 5878

"You have a good plan, but it's up to me to decide!"

Ye Chen clenched his fist and had an idea in his heart. When he got Dan Xianhu, he had to control himself!

If the three ancestors want to borrow Dan Xianhu's spirit wine, they must get his approval!

This layout, ye Chen naturally will not be willing to become a chess piece, he will take the initiative in his own hands!

With a decision in his heart, ye Chen's mind is much more relaxed. He flies all the way to Honglian's secret place.

About a day, ye Chen twists and turns, through the ruins of the city, came to the heart of a very remote place.

If it had not been for the guidance of the Fu Zhao, he would never have found here. It can be seen that the secret place of Honglian is hidden.

The remaining disciples of the emperor's family lived in seclusion here, and naturally they were very safe.

Standing outside the secret place of Honglian, ye Chen could see from a distance that at the end of the horizon stood a huge divine tree.

Even thousands of miles apart, the tree is clearly visible.

The appearance of the divine tree is the appearance of an ordinary tree, but it is especially huge. However, the leaves of the divine tree are very special. One by one, they float down and become a red lotus in the air.

In the distant sky, red lotus floats and floats one after another, showing incomparably magnificent weather.

"The tree of the emperor's family is called honglianxian tree, which is the divine tree..."

Ye Chen's heart frets. There are all kinds of information about the secret place of red lotus in the Fu Zhao. Naturally, he knows the origin of the red lotus fairy tree.

Ye Chen just wants to enter the secret place of red lotus. At this time, he hears the sound of footsteps behind him.

He was on guard, but he found that the breath from behind him was very familiar, not the enemy.

When ye Chen looked back, he saw two people coming in the distance, a man and a woman. They were Lin Tianxiao and Hong Xin.

"Master Lin, Miss Hong, it's you!"

Ye Chen is surprised. Unexpectedly, Lin Tianxiao and Hong Xin appear here.

"Brother Ye!"

When Lin Tianxiao saw Ye Chen, he was also very happy and came to greet him eagerly.

Hong Xin's lips moved and hesitated, but he didn't speak.

Ye Chen saw that Lin Tianxiao was wearing plain clothes, and there was sadness on his face. He was surprised and said, "what's the matter with you, master Lin?"

Lin Tianxiao looked gloomy and said, "my father passed away last night."

Ye Chen heart vibrates, way: "this... This is how to return a responsibility?"

Lin Tianxiao said: "my father was injured by the holy hall in his early years, and has been treated by the national master. But in the first World War of crape myrtle, the national master's aura was consumed too much, and the Hui people were unable to help my father again. My father was seriously injured and died of hatred."

Ye Chen faintly felt that something was wrong and said: "then you Lin family..."

Lin Tianxiao said: "for the time being, the master of the state has become the ruler of the Lin family. He said that when I have enough strength, I will pass the throne of the king to me."

Ye Chen said: "you... Don't you think there is something strange behind this?"

Lin Tianxiao said: "do you want to say that the national master intentionally killed my father? It won't happen. The master is not that kind of person. He is my teacher. How can he harm me? "

Ye Chen ponders for a moment, want to advise what, but see Lin Tianxiao this facial expression, also don't say much, then ask: "young master Lin, that you come here to do?"

He felt the breath of Lin Tianxiao and Hong Xin and found that they had nothing to do with the layout of the three ancestors of the Dixin temple.

Lin Tianxiao wanted to know this place, which was also informed by the emperor.

After all, the timoshi Marquis has half the blood of the timoshi family. As a survivor, he must know the existence of the secret place of Honglian.

Lin Tianxiao said: "the master sent me here. This place is called the secret place of red lotus. It preserves part of the remaining collateral blood of the emperor's family. The master wants me to accept this part of the power to fight against the judgment hall."

Ye Chen was shocked and thought of the three ancestors of the Dixin temple. He was so nervous that he wanted to come to the secret place of Honglian. If there was any unexpected change, it must have something to do with shimohou.

"What about Miss Hong?"

Ye Chen looks at Hong Xin and asks again.

At the moment, Hong Xin is already the head of the Hong family. He is dressed in Zixia immortal clothes. He is graceful and graceful. He is surrounded by great fortune. His accomplishments have obviously improved by leaps and bounds. He is nourished by the tree of the universe. Lin Tianxiao said: "Miss Hong is invited by me. The characters in the secret place of red lotus have a lot of complaints about our Lin family. They always refuse to submit. I think if they refuse to submit to the Lin family, it's the same for them to submit to the Hong family. Anyway, our three families have decided to form an alliance against the ruling temple."

In the past, the Hongs were ambitious and wanted to annex the other two families. But now Hongqishan abdicates and Hongxin becomes the new patriarch, so he has no intention of fighting again.

Hong Xin's idea is to form an alliance against the judgment hall.

The Lin family and the Mo family are naturally not allowed.

Ye Chen looks around and doesn't see anyone from the Mo family coming. This time Lin Tianxiao wants to accept the side branch of the emperor's family, but he doesn't invite the Mo family. He obviously has plans to guard against the Mo family.

The Mo family has been supported by the Ziwei Star River, and ye Chen is a great figure behind it. If they accept the power of emperor Shijia again, the power will further expand and the situation will be out of balance.

Although the three countries intend to form an alliance, the balance of power is very important, and no one should be allowed to dominate.

Chapter 5879

Although Lin Tianxiao has a friendship with Ye Chen, he dare not be a little careless in this matter of right and wrong.

Hong Xin stepped forward, looking at Ye Chen with her beautiful eyes, and said, "young master ye, how can you come to the secret land of red lotus? How do you know this place? "

But ye Chen didn't want to reveal the cause and effect of the temple, so he said slowly, "Heaven's secret can't be revealed. Please forgive me for not being able to answer. In short, I'm also fighting against the temple."

Lin Tianxiao and Hong Xin look at each other. Although they don't know ye Chen's plan, they all have the same goal to fight against the holy hall.

Hong Xin said with a smile: "since Mr. Ye is not willing to say it, let's go together."

She thought in her heart that ye Chen was sent by the Mo family secretly and wanted to recruit the influence of the emperor Shijia, but she didn't expect that behind Ye Chen, there was the cause and effect of the three ancestors of Dixin temple.

Lin Tianxiao is the same mind, also think ye Chen represents Mo family.

At this juncture, ye Chen can't be driven away, so the three go forward together.

Ye Chen walks in the middle, and Hong Xin and Lin Tianxiao follow. They obviously respect Ye Chen. After all, reincarnation is powerful. They have seen it, and they dare not fight with Ye Chen.

All the way, they soon arrived at Honglian secret place center.

Under the honglianxian tree, there is a large ancient palace, where many people of the imperial family are living.

A piece of red lotus, floating in the air with the wind, a landing will turn into a rainbow awn scattered, the scene is dreamlike, dazzling.

Ye Chen's breath was noticed by the imperial family long ago. When they were near the palace community, a sense of extermination rose. Many disciples of the imperial family with sharp armour strode out and surrounded them.

"Ha ha, the Lin family, the Hong family's saint, the Mo family's distinguished guests, and three proud guests are here. I'm sorry to meet you. I hope you'll forgive me."

The sound of a big bell sounded, and a middle-aged man with a big back and a big body strode out.

As soon as ye Chen saw this man, he knew that he was the leader of Honglian secret place, Emperor Shilong.

This emperor Shilong is a chess piece cultivated by the three ancestors of Dixin temple. Ye Chen needs his help to enter the five holy places.

Looking at the appearance of emperor Shilong, he obviously didn't know the plan of Dixin temple, so when he saw Ye Chen, he only thought that ye Chen was the guest of the Mo family, representing the Mo family. Where did he think that ye Chen was also a part of the layout of Dixin temple?

Lin Tianxiao arched his hand and said, "chief Di Shi, my Lin family has invited you many times. Today I venture to visit you. I still mean to invite you to join the Lin family."

Ye Chen's eyes twinkled, and he wanted to make it clear to Emperor Shilong. In fact, he came here on behalf of Dixin temple. He had something important to ask for, but at this juncture, he could not speak.

Emperor Shilong laughed and said, "master Lin, you don't have to mention this matter any more. Unless you kill the wild seed of emperor shimohou, there is no room for negotiation."

Lin Tianxiao's face sank and he said, "the patriarch of the imperial clan, if you have something to discuss, why do you slander the master?"

Emperor Shilong laughed and said, "young master Lin, you are confused by the old miscellaneous Mao of emperor shimohou. Half of this man's blood is from emperor shimohou, and half of his blood is from Lin family. He is not pure in blood. He is a hybrid."

Lin Tianxiao's face was sulky and said, "do you mean there's something wrong with my family blood?"

Emperor Shilong said: "I dare not. Just on the matter of fact, your Lin family and our emperor's family are of first-class blood. But when they mix together, the result is very bad. Emperor shimohou, who was responsible for guarding the gate of our emperor's family, was born. When he saw the attack of the holy hall, he was scared out of his wits and opened the gate of the judgment holy hall, As a result, the Buddhist family of our emperor was unprepared and the clan was exterminated. "

Lin Tianxiao said: "the master is not such a person!"

In his heart, he had great respect for the emperor shimohou, because he practiced martial arts in his early years and was instructed by the emperor shimohou. Moreover, his father was seriously injured, and he was lack of care from childhood, which was also the sole care of the emperor shimohou.

As for him, the existence of emperor shimohou is both a teacher and a father, and he will never allow outsiders to slander him.

Emperor Shilong said: "master Lin, why do you refuse to believe it? At that time, the humble son of emperor shimohou opened the gate to the judgment hall. Later, he was cowardly and afraid of war. He pretended to be dead and pretended to be a corpse. He managed to escape the disaster. The reason why he had today's martial arts supernatural power was that he secretly drank all the spirit wine of Dan Xianhu and accumulated a powerful foundation. Otherwise, with his talent and character, he could break through the Taizhen realm? It's a big joke. "

In his speech, he was full of great hatred and ridicule, and obviously hated the emperor shimohou.

One day when the emperor shimohou was in the Lin family, he would never join the Lin family.Ye Chen heard the words of emperor Shilong, but his heart was shocked.

If what emperor Shilong said is true, don't worry about the character of emperor shimohou. At least the spirit wine of danxianhu is really wonderful.

After drinking the spirit wine, the emperor Shi Mo Hou was able to have today's martial arts magic power, which shows the magic of the spirit wine.

"Shut up

Lin Tianxiao was so angry that he hit the emperor Shilong with one blow.

"Master Lin, calm down."

When Hong Xin saw Lin Tianxiao's hand, she stood in front of him in a flash. With a lift of her slender hand, she easily blocked his fist.

Lin Tianxiao is shocked, and ye Chen is also slightly surprised. Looking at Hong Xin's appearance, the cultivation of martial arts is obviously great progress, which is far beyond the past.

Hongxin opened her red lips and said to Emperor Shilong, "since you are not willing to submit to the Lin family, how about joining our Hongjia family?"

When Emperor Shilong heard Hong Xin's words, his heart moved. The Hong family held the first sacred tree and had a strong foundation. If he could join the Hong family, he would at least preserve the blood of this tribe.

"I'll think about it."

Emperor Shilong didn't agree immediately, because behind him, there were the cause and effect of the three ancestors of Dixin temple. Such a big event must be approved by the three ancestors.

Even for him, the orders of the three ancestors are more important than any interests!

Hong Xin said to Lin Tianxiao, "young master Lin, I'll handle this matter. Your father has just passed away. You should not have too much fluctuation in your mood. Otherwise, it's easy to breed demons, which will be greatly detrimental to your cultivation."

Lin Tianxiao listens to Hong Xin's words. Although he knows that she means well, he is still angry when he thinks of emperor Shilong's vicious words.

"Chieftain Di Shi, can you take a step to talk?"

Ye Chen, who has never spoken, finally opens his mouth at this time.

Hong Xinmei's eyes coagulated and said, "young master ye, your Mo family already has Lagerstroemia Star River. Do you still want to compete with my Hong family for the secret place of red lotus?"

Ye Chen said: "no, I have other important affairs. Please take a step to talk with the patriarch of emperor Shi."

Chapter 5880

Emperor Shilong's eyes moved. He saw Ye Chen and Hong Xin fighting. He thought that if the two families were fighting, he would get more money. Then he laughed and said, "well, well, I've heard about ye Chen's reincarnation for a long time. It's a great blessing to see him today. What's your opinion? Please

Then he wanted to invite Ye Chen into the inner hall.

Ye Chen nodded and was about to go in with emperor Shilong. At this moment, he heard the sky roar and thunder, and there was a gloomy and indifferent laughter from the sky.

In the sky, the Golden Lotus stands are blooming, and all kinds of Buddhist scriptures are circulating, forming the golden buildings of Ten Thousand Buddhas. The curtains of the golden buildings are blowing empty, and the light of Buddha is surging.

Between the ups and downs of Buddha's light, a dignified figure gradually emerged.

The figure sits on the lotus throne, with long hair and indifferent eyes. There is insight into the vicissitudes of the ages in his eyes, which makes people feel incomparable pressure.

This man is the emperor Shi Mo Hou!

"My Lord, why are you here?"

Lin Tianxiao was shocked when he saw emperor shimohou.

The emperor Shimo Hou said with a smile: "ha ha, Tianxiao, I asked you to accept the remaining evils of the emperor Shijia. How did you go to cooperate with the Hong family? If the remaining evils of the emperor's family were accepted by the Hong family, would the Lin family not suffer from blood loss? "

Lin Tianxiao said: "master, I don't mean that. I just..."

"You don't have to explain," he said faintly. "Fortunately, I deduce the secrets of heaven and realize that there is a major change here, so I come here in person. Otherwise, you are bound to do something bad. These remaining evils of the emperor's family control the red lotus tree, but they can't be given to outsiders."

Lin Tianxiao faintly noticed that something was wrong and said, "master, aren't you exhausted? How can the weather be so huge now, even better than before? "

"I took some pills, and I've recovered today," he said

Lin Tianxiao's heart pounded and said: "you said last night that your aura was exhausted and you were unable to treat my father. You watched him die. How can you suddenly recover today? What's the coincidence? "

Vaguely, he had found something bad, and he had a very uneasy premonition in his heart.

Emperor Shilong laughed and said, "young master Lin, I have told you that this emperor shimohou is a wild, old and cheap breed! He has been lying in ambush in your Lin family for many years, and finally found an excuse to avoid being attacked by cause and effect, killing your father. Your father's injury has not been cured for many years, and even Mo Tianjun has recovered. How can he not recover? Think with your head

Lin Tianxiao was trembling all over, and he didn't dare to think about it.

"Noisy!"

As soon as the emperor Shimohou's eyes were cold, he stared at the emperor Shilong coldly, and suddenly came out with a direction.

When he pointed to the sky, the light of the Buddha burst, which means that the Taigu Holy Buddha runs through the void, and its power is just monstrous.

This is the Mahayana Dharma's "great wilderness to subdue the devil", which is the unique skill of the Buddhism.

Emperor Shilong's pupils shrank, but he felt that his whole body was choked with Qi. Seeing this instruction, he could not resist.

His cultivation is not weak, reaching the late stage of Taizhen realm, but compared with the emperor Shimohou, it is a mole ant like existence.

"Xiao Chonglou Zhang!"

Seeing that the emperor Shilong was about to be killed by the emperor Shimohou, Ye Chen suddenly stepped forward, transformed his soul and body, and burned his blood with the blood of the sky demon. Even the Hongmeng starry sky evolved, and countless forces gathered together to kill him with a roaring hand, and the wind of his hand soared into the sky.

The power of this palm is extremely amazing!

Whoa!

Xiaochonglou palm confronts with Dahuang's demon subduing finger, endless waves rolling! The whole earth is shaking and tearing!

Even the rules of the earth's center seem to be breaking!

Ye Chen knows that there is a big gap between himself and his opponent! He even borrowed the power of xuanhanyu!

Even so, the emperor Shi Mo Hou's finger still broke a blood hole on the palm of Ye Chen's hand, and the blood flowed down, which was more ferocious.

Ye Chen sees one eye, the facial expression is more and more dignified, not only the blood hole, his palm also suffers a very terrible huge force impact, faint pain.

"What a strong finger."

As ye Chen spoke, there was some scarlet blood in the corner of his mouth. He bit his teeth and revived his strong vitality. At the same time, the spirit of Lingbei was running, and the blood hole in his palm healed, but there was still a trace of pain in his muscles and bones.

This emperor Shi Mo Hou's strength is really extremely powerful, ye Chen uses the small heavy building palm, just can barely resist his attack.

Emperor Shi Mo Hou's face sank, and he was also surprised at Ye Chen's toughness. You know, at this time ye Chen, without the help of the blood essence of the ancestors of the three ethnic groups, could even block his attack with the body of the seven layers of heaven in the origin.

Although he has the strength to kill Ye Chen, but if ye Chen is breaking out, he will not get any benefits.

But then he thought, if ye Chen obeys himself, does it mean that he has a sword that frightens the sky?

After all, the growth of Ye Chen is really incredible!

Lin Tianxiao stepped forward and looked a little complicated. He hesitated for a few seconds and said in a loud voice, "master, do you understand that you didn't save my father on purpose?"

Emperor Shimohou looked at the expression of grief, but his face was smiling, looking very happy, and said: "Tianxiao, don't you understand? I've always wanted to seize the position of the king of the Lin family. Since all the pride of the three Lin Mohong families are here, that's very good. I'll take all of you and completely dominate the three families! "

Lin Tianxiao is the pride of the Lin family. Ye Chen represents the Mo family, and Hong Xin represents the Hong family. The three geniuses gather here. As long as they are all transformed, the emperor Shimohou will be invincible.

At that time, Ye Chen, Hong Xin and Lin Tianxiao will all become his puppets, so he can control the three nationalities.

"Mahayana Pudu Zen light, I've suppressed it!"

The emperor Shimo and Marquis gave a loud drink, and the palm of his hand came out. The layers of Buddha light burst, and the red lotus immortal tree communicated vaguely.

He can control the red lotus tree of the Buddhist family!

At this moment, the red lotus tree seems to have become the magic weapon of the emperor. Under the infusion of this tree, the light of his Pudu Zen becomes extremely strong, and there are vast and resonant Buddhist songs in the starry sky.

When the emperor Shimohou pressed down, the full-bodied light of Pudu Zen covered the whole secret place of Honglian.

All of a sudden, Ye Chen, Lin Tianxiao and Hong Xin all felt great pressure.

The disciples of Emperor Shilong and his family were also in agony. They felt that there was an extremely fierce and domineering atmosphere of Pudu rushing into their spirits, and they wanted to thoroughly transform them.

"I've endured it for thousands of years. Today I'm finally in charge of the Lin family's treasure. You're not my enemy. Just surrender quickly. Why struggle?"

The emperor shimohou had a cold smile and black hair.
