### Chapter 5881

For the emperor shimohou, Lin Tianxiao's father died, and he has inherited the position of the clan leader of the Lin family. Although it is only temporary, he promised to give up the position to Lin Tianxiao again in the future, even if it is temporary, he has been recognized by the tree of the Lin family and has great fortune.

With the blessing of the great fortune, the emperor shimohou can even mobilize the old God tree of the emperor shimohu family.

All the energy of honglianxianshu was infused into the emperor shimohou. His great universal Zen light was more brilliant than the sun.

Lin Tianxiao couldn't bear the pressure on the spot. He knelt down and looked miserable.

Then, his pain gradually became calm, and his eyes gradually became empty.

In a short time, Lin Tianxiao was completely transformed and became a puppet like being.

"Amitabha, my master. I used to be guilty of too much sin. Today I'm converted to Buddhism. Please clear away my sin."

With his hands together, Lin Tianxiao knelt down to the emperor shimohou like a devout Buddhist.

Emperor shimohou laughed and said, "good, Tianxiao. You look at it. These sinners in front of you will soon submit to me."

Lin Tianxiao said: "yes!"

With that, Lin Tianxiao stood silently, watching Ye Chen, Hong Xin, di Shilong and others struggling.

The method of Du Hua is to suppress human spirits.

Lin Tianxiao's father died, and he witnessed the plot of emperor shimohou. His mood and spirit had nearly collapsed, so he could not bear it when he was criticized by Emperor shimohou.

"Young master ye, i... I can't hold on any longer. Kill me with a sword!"

Hong Xin clenches her red lips and stumbles to Ye Chen. Her spirit is scattered, but she falls into Ye Chen's arms. Her eyes are sad and look at Ye Chen in despair.

Emperor shimohou's hand is too fast. Before Hong Xin can mobilize the universe tree, his spirit has been suppressed.

As soon as she is suppressed, she will never turn over. She only feels that her consciousness is gradually becoming blurred. It is estimated that before long, she will be completely transformed into a slave Puppet by Emperor shimohou.

Therefore, she begged Ye Chen to kill her quickly.

She would rather die than be a slave to shimohou!

Emperor shimohou sneered and looked at the whole audience, all over the Buddha's light.

He knew that ye Chen, Lin Tianxiao and Hong Xin were the strongest, so the Zen light of Da Pudu was especially strong for them.

Hong Xin could hardly bear it, and her delicate body was shaking.

Ye Chen hugs Hong Xin, his face suddenly sinks, and then looks around. Many of the people of the imperial family can't support him, and they kneel down one after another.

"See you, master!"

"For thousands of years, master Kuo has been a great master of culture and martial arts."

The clansmen of the emperor's family were transformed into puppets and worshipped the emperor.

Emperor Shilong was so angry that he suddenly pulled out his sword, wiped it off his neck and cried, "emperor shimohou, even if I die, I will not submit to you old bastard!"

He was about to commit suicide with a sword, but at this time, his spirit was completely transformed, his eyes were in a trance, and the sword fell to the ground with a bang. He had lost his self-consciousness, his eyes became empty, and he fell down on his knees and worshipped the emperor shimohou

"The master of the state is in charge. The villain is sinful. Please forgive me!"

Then he kowtowed and begged for forgiveness.

Hongxin in Ye Chen's arms is about to be transformed, and her eyes are gradually blurred.

Ye Chen quickly waved a palm and knocked her unconscious.

In the whole audience, only Ye Chen has not been changed.

"Ha ha, the Lord of reincarnation, it is true that his blood is extraordinary, and he can support up to this time."

Emperor Shimohou sneered and looked around the room. At this time, all the people in the room were standardized by him, but he could concentrate on dealing with Ye Chen.

"Well, it's too much trouble for you. I'd better kill you directly!"

Emperor Shi Mo Hou's eyes were cold, suddenly he flew down in the air, and his palms were shooting towards Ye Chen.

He is very clear, reincarnation blood is very powerful, and Ye Chen has Wuzu Daoxin, want to spend him, that is almost impossible.

People like Ye Chen can only be killed but not subdued, just like tigers and wolves.

In fact, in addition to Wuzu Daoxin, Ye Chen also has the help of Fengyu Lingshu, which can effectively resist the attack of spiritual invasion. It is absolutely impossible for the Emperor Shimohou to cultivate him.

"Tianxiao, Emperor Shilong, give me a hand!"

Emperor Shimohou doesn't mean to fight alone. Even though his cultivation level is far higher than that of Ye Chen, his reincarnation blood is too strong. If Ye Chen takes risks and explodes his blood, the consequences will be unimaginable, and he is extremely afraid.

Therefore, he ordered Lin Tianxiao and Emperor Shilong to come to help.

"Yes, sir!"

Lin Tianxiao and Emperor Shilong answer the promise together, and they rush to kill each other, clap their palms wildly, and attack Ye Chen fiercely.

At this time, both of them were transformed into puppets of Shimohou, who naturally obeyed the orders of Shimohou.

All of a sudden, ye Chen is in a very dangerous situation, life and death.

If he is a simple Timothy, he will still have the chance to win.

But now, with the help of Lin Tianxiao and Emperor Shilong, there is a red lotus tree outside, and ye Chen has almost no chance of victory.

Lin Tianxiao and Emperor Shilong's strength reached the late stage of taizhenjing. Even if they were dealt with alone, they were not easy to solve. What's more, they joined hands with emperor shimohou.

"Lingfengshenmai, open!"

Ye Chen roars and sees that Lin Tianxiao and Emperor Shilong are killing each other. He immediately opens Ling Fengshen's pulse.

Bang bang!

Lin Tianxiao and Emperor Shilong give ye Chen a hard slap.

The palm wind blows, and the dust splashes around. Hong Xin's body is blown away, and then he falls to the ground in a mess.

Ye Chen only feels two surging forces pouring into his body. Fortunately, he has opened Ling Feng Shen's pulse. As soon as Ling Feng Shen's pulse moves, he absorbs their palm power attack.

"Why?"

Lin Tianxiao and Emperor Shilong were surprised to find that their palms were as powerful as a bullock.

At that moment, Lin Tianxiao stepped back and said to the emperor shihmo: "master, this boy's blood is strange."

Emperor shimohou said with a smile: "samsara blood, there are many strange methods. Don't worry. Attack with all your strength. I'll see how long this boy can last."

Then, with a big wave of his hand, he cheered to thousands of people from the outside! Prepare to surround and kill the reincarnation Lord

He sent out Lin Tianxiao and Emperor Shilong, but he didn't think it was enough. He wanted to gather all the people of emperor Shilong's family to kill Ye Chen.

Ye Chen looked up at the sky and laughed, saying: "emperor Shima Hou, you really look up to me!"

"Qinglong Alsophila, huangquan swept!"

Chapter 5882

Ye Chen knew that his situation was extremely dangerous. If he was careless, he would die without a burial place. He immediately released the green dragon Alsophila spinulosa tree.

Bang!

Qinglong Alsophila tree released, the town fell to the ground, facing the red lotus fairy tree in the distance.

Ye Chen is very clear, to him and Emperor shimohou this level, the decision to win the battle, in addition to strength, but also depends on luck.

The emperor shimohou controls the red lotus tree, which is not good for ye Chen's luck.

Therefore, ye Chen released the Qinglong Alsophila tree to suppress the Qi luck of honglianxian tree, so as not to lose to the emperor shimohou.

"Roar!"

On the tree of Alsophila spinulosa, a green dragon keeps circling and roaring. It's Alsophila spinulosa.

When it roars up to the sky, it gathers clouds and drizzles, pours down, and instantly converges into a torrent.

Every drop of rain is holy water. As soon as it converges into a torrent, it immediately rushes around.

The people of the imperial family originally wanted to form an array to kill Ye Chen, but when they were washed by the yellow spring water, they suddenly failed to form an array and lost their fighting power.

To solve this threat, ye Chen's mind is slightly stable.

"Well! The Lord of reincarnation is really a good means

When the emperor saw this scene, he could not help biting his teeth. It is said that the picture of the reincarnation Lord has an endless stream of holy water, which can wash everything. Today, he can see it.

"The sun is shining!"

Ye Chen did not dare to have the slightest carelessness. He suddenly pulled out the wild demon sword. The sun in the sky exploded, and the sword was extremely fierce. He chopped it to the emperor shimohou.

If ye Chen is surrounded by Shih Mo Hou, Lin Tianxiao and Shih long, he will be more or less lucky. So when he makes a move, he just wants to hit Shih Mo Hou.

Only when the emperor shimohou was severely damaged, the rest of the people could naturally return to normal.

The pupil of emperor shimohou shrank slightly, and even he didn't dare to take the sharp edge of the wild devil Heaven Sword.

Seeing ye Chen's sword coming, Emperor shimohou quickly retreated, and at the same time unfolded a Book of heaven, singing aloud:

"The Buddha's rain is written in heaven, the emperor is in charge!"

This book of heaven is full of Golden Buddha light. There are layers of ancient Buddha atmosphere, which are constantly intertwined and permeated with a trace of the supreme source.

Ye Chen a sword cut, cut in the volume of Tianshu, unexpectedly can't cut Tianshu, just cut out a white mark.

"Well?"

Ye Chen's face changed slightly. How sharp his demon sword was, it was blocked by the book that day.

"Ah, it's Buddha's letter! One of the four volumes of the great book of heaven

At this time, in the reincarnation cemetery, the voice of Feng Tianshang's surprise came out.

"What's the Buddha rain book?"

Ye chenlian asked.

Feng Tianshang said: "there are four volumes of xiaotianshu. They are all xiaoyuanshu, which is called sword, sun and moon. You must have heard of it."

Ye Chen nodded slightly, sword, sun and moon four volumes of Tianshu, he naturally knew that Xia Ruoxue was in charge of the existence of Mingyue Tianshu.

Feng Tianshang then said, "there are four volumes of xiaotianshu and four volumes of dadanshu, both of which are called" immortal, Buddha, demon and demon ". They are all great source skills, and it's not just the source skills. Tianshu itself is also a powerful magic weapon, which can resist all kinds of dharmas. In the hands of shimohou, the emperor is the Buddha rain Tianshu in the four volumes of dadanshu."

With Feng Tianshang's words finished, the emperor shimohou urged the book of heaven. A large golden raindrop burst out like a hidden weapon in the sky and shot Ye Chen.

The golden raindrops are inlaid with the Buddha's Totem. A drop of rain seems to contain a big world of Buddhism. The rain of Buddha from all over the world, the scene is very vast.

Ye Chen's face sank. He quickly opened the red dust pulse, mobilized the surrounding Geng Jin essence, and opened a golden shield to block the impact of the Buddhist rain.

Ding Ding Ding!

The dense rain of Buddha shoots on the shield and makes a series of clear sounds.

At this time, ye Chen felt the wind blowing behind him, but saw Lin Tianxiao and Emperor Shilong, one with a long halberd and the other with a long sword, attacking and killing from behind.

Ye Chen's back and forth are attacked, and he is in great distress. He returns to Lin Tianxiao's Halberd with a sword, but he has no time to resist emperor Shilong's sword. He is cut on his shoulder with a sword, and his blood is dripping down.

"Boy, I'm afraid it's hard for you to get out of today's situation."

Feng Tianshang looked at the scene, his face was also very dignified.

Emperor shimohou has controlled the whole hall, but ye Chen is alone."Ha ha, Lord of reincarnation, if you can force me to use the Buddhist rain's heavenly book, even if you die, you will live in vain."

Emperor Shi Mo Hou's eyes are cold, and he urges the Buddha rain to write in heaven. The holy rain of the yellow spring just released by Ye Chen is suppressed by him.

Above the sky, the falling raindrops are all Golden Buddha rain.

The Buddha rain is flying all over the sky, which makes dedi shimohou's luck soar. Here has become his home, and he has the advantage of time and place.

"Withdraw!"

Ye Chen bites his teeth and immediately flies away.

In today's situation, it is meaningless to continue fighting. There is a danger of falling at any time, and we can only avoid the edge for a while.

However, ye Chen did not fly out of the scope of the red lotus fairy tree, and was immediately blocked by an invisible gas wall.

Feng Tianshang said: "don't run away. That guy used the Buddhist rain's heavenly book and has already laid the Buddhist boundary. Unless you kill him or break his heavenly book, you can't escape."

Emperor shimohou looked at the appearance of Ye Chen trying to fly away. He couldn't help laughing and said: "how did the legendary reincarnation master become a lost dog today? You're going to run with your tail between your legs? When you face the temple, aren't you arrogant? "

Chapter 5883

At this time, he had the advantage of time and place. He looked as if he was sure to win, and his tone was very proud.

Ye Chen is very angry. The reincarnation lines appear in the palm of his hand. The blood of the dark goblin is burning. He is ready to burn the blood essence and reincarnation.

Feng Tianshang said in a deep voice: "wait a minute! Your reincarnation blood and Xuanyao essence and blood will burn again, which will certainly damage the foundation and never make up for it in the future."  
"

Ye Chen clenched his teeth and said, "master Feng, besides that, is there any way to get out of trouble?"

Feng Tianshang was silent for a while, then with a trace of determination in his eyes, he said: "I can help you."

Ye Chen was shocked in his heart and said: "master, what do you mean..."

But see reincarnation cemetery, Feng Tianshang closed his eyes, the virtual shadow like body was burning at the moment.

"I've absorbed a lot of power in the heart of the earth these days."

"I wanted to spend more time with you."

"But if you look down, you can't do it."

"Boy, I'll take a step first. I hope to see you holding the top of reincarnation one day."

With that, Feng Tianshang's idea completely dissipated, and all the remaining energy was sacrificed and poured into Ye Chen.

"Master!"

Ye Chen is surprised, but feels the aura energy of Feng Tianshang, and rushes into his body.

Boom!

All of a sudden, ye Chen's aura exploded, and both his cultivation strength and Qi luck were climbing.

"Well?"

Emperor shimohou felt this scene, and his pupils suddenly shrank. He was so shocked.

"Strange! Why is this boy's breath so strong all of a sudden? "

Emperor shimohou only felt that ye Chen's breath was soaring and his aura was sweeping. In a faint sense, he even felt that his own Buddhist script was out of control.

Feng Tianshang is an ancient spirit Master. He can control the spirit. Ye Chen gets all his energy and immediately catches the spirit breath of Buddha rain's heavenly book.

"The secret of heaven disappearing in the yellow spring has been suppressed by me!"

Ye Chen suddenly drinks and waves his big hand. The holy water of the yellow spring rushes out all over the sky. With a strong breath of death, he kills the emperor shimohou.

The emperor Shi Mo Hou breathed and wanted to urge the Buddha rain heavenly script to resist, but he found that no matter how he urged, the Buddha rain heavenly script never responded.

The spirit of this heavenly book has been controlled by Ye Chen!

At this moment, the master of foyu Tianshu is Ye Chen, not shimohou!

"It's impossible! The means to control Qi Ling, are you... "

The emperor shimohou was shocked and remembered an old legend about the ancient spirit Master.

However, before he had time to think about it, ye Chen's holy water had spread to heaven.

Boom!

The current is surging, and the Buddhist rain book is first swallowed by the holy water of the yellow spring, which becomes Ye Chen's magic weapon.

"Refining it for me!"

Ye Chen's eyes are split, but he is refining the book of Buddha rain in the sky.

In the book of Buddha rain, there is the mark of blood essence of emperor shimohou, but under the erosion of the holy water of the yellow spring, all the marks are gone.

When ye Chen breathes, his body is full of golden light, full of Buddhist Qi, red neon, and auspicious spirit. He actually refines the Buddhist Scripture on the spot. At this time, his cultivation level rises violently.

In a flash, ye Chen's cultivation broke through from the seventh heaven to the eighth heaven!

"It's a breakthrough at last!"

Ye Chen clenched his fist, feeling the cultivation and Qi of his own promotion, and his heart was boiling.

Having been in the center of the earth for such a long time, he has had countless opportunities and accumulated a solid foundation. Now he has finally broken the last layer of window paper by refining the Buddhist scriptures!

In the eyes of emperor shimohou, ye Chen's cultivation breath did not change much, because ye Chen borrowed the ability of Fengtian Shang, and his own cultivation was not apparent.

However, the emperor Shi Mo Hou clearly felt that ye Chen's Qi was greatly promoted, and the reincarnation in his blood was even more suffocating.

"My Lord!"

Lin Tianxiao and Emperor Shilong yelled. Seeing that emperor shimohou was in a bad situation, he came up with weapons on his left and on his right.

"Buddhist rain, heavenly book, purification!"

Ye Chen's eyes are quiet, releasing the Buddhist rain.

All of a sudden, a piece of Buddhist light enveloped Lin Tianxiao and his wife. On their faces, they presented a look of painful struggle, then fell to the ground in a bit of confusion, and finally fainted.

Under the light of the Buddha, the whole secret place of red lotus, all the people of the imperial family, are also struggling, and they all fall to the ground and faint.

"No, no..."

Emperor shimohou showed a look of great panic, no longer just calm.

Who would have thought that the things you control would attack you!

It's impossible to prevent!

The whole audience is dizzy, which is actually the precursor of soberness.

Ye Chen has saved Lin Tianxiao and others from the predicament of being transformed by using the Buddhist rain heavenly script. When they wake up, their consciousness will be restored, and they will no longer be controlled by the emperor Shimohou.

At this moment, Ye Chen's whole body was shining with gold, and his fury was towering, powerful and solemn to the extreme.

This battlefield, he is the real master!

"Xiaochonglou, wind and thunder, break!"

Ye Chen stares at the emperor Shi Mo Hou, a palm roars out.

In the palm of his hand, the green lightning essence is beating, gorgeous and bright. This palm has the power of wind and thunder.

This is the combination of Xiaochonglou palm and Fengfengfengleibao, the two pseudo gods. One palm rolls up the shocking wind and thunder, roars and vibrates, and roars to the head of Shimo Marquis in the air.

Emperor Shimohou's face changed dramatically. He lost the book of Buddha rain. At this moment, Ye Chen has all the energy absorbed by Feng Tianshang in the earth's heart. How strong is he? How can he be an enemy?

"The great wilderness subdues the devil!"

Emperor Shimohou was unwilling to be defeated, and his whole body was burning with blood essence. He killed him with a strong finger force and stabbed at Ye Chen.

Ye Chen's eyes are sharp, and he doesn't dodge. He kills them with a hard hand.

Click!

In a flash, Ye Chen broke the great wilderness demon subduing finger of Shihmo Marquis. The phalanx, metacarpal bone and arm bone were shaken by the wind and thunder. Inch by inch, their hair was black and their internal organs were also greatly impacted.

"Puff!"

A mouthful of blood, mixed with some internal organs, gushed out from the mouth of the Emperor Shimohou. His face turned pale instantly, lost his blood color, fell from the air in confusion, and was seriously injured.

"A strong man of this level is really fierce! I'm afraid I can't survive without Feng Tianshang's energy and surprise. "

Ye Chen can't help admiring the Emperor Shimohou who was seriously injured.

Feng Tianshang sacrificed himself and sacrificed all his energy. Ye Chen used this power to control the Buddha Rain's heavenly script. All aspects of his cultivation were enough to suppress the Emperor Shimohou.

But in the end, even if Ye Chen still used the art of hypocrisy, he could not kill the Emperor Shimohou on the spot, which shows how difficult it is to deal with the strong in such a realm.

Chapter 5884

"Master Feng, your sacrifice is not in vain."

Looking at the injured emperor shimohou, ye Chen is relieved that he has lived up to Feng Tianshang's reputation as an ancient spirit Master.

At this moment, the emperor shimohou, though not dead, has been seriously injured and lost the power of resistance.

Ye Chen looks around, Lin Tianxiao and others are unconscious, and Hong Xin is also unconscious and lying on the ground.

However, Hong Xin's situation is different from Lin Tianxiao's.

Hong Xin has not been standardized. She was implicated in the battle and injured.

Ye Chen flies down to Hong Xin and lifts her up. Fortunately, she is not too serious.

At the moment, ye Chen displayed the eight trigrams heaven elixir technique, and poured a ray of Taoist spirit into Hong Xin's body.

Hong Xin gives a cry and wakes up. She looks around, only to find that emperor shimohou is seriously injured and falls to the ground. Lin Tianxiao and others are all in a coma. She can't help but be surprised.

"Young master ye, what happened?"

Hong Xin looks at Ye Chen. Did ye Chen defeat the emperor shimohou?

It's impossible!

You know, the power of emperor shimohou has surpassed that of Ye Chen too much, and he has taken advantage of the time and place. It is almost impossible for ye Chen to fight back.

"Miss Hong, it's all right."

Ye Chen opens a smile, but doesn't explain too much. This time he can kill the emperor shimohou. His sacrifice is really great. The spirit of Fengtian Shang has completely dissipated.

Hong Xin stares at Ye Chen, but he can't speak.

Ye Chen releases the letter of Buddha's rain, and a golden light envelops him. Lin Tianxiao, Emperor Shilong and others wake up slowly.

"Brother ye, what's the matter?"

As soon as Lin Tianxiao wakes up, he is completely stunned by the chaotic scenes around him and the decadent appearance of Shi Mo Hou.

Memory is like a cloud of smoke, he instantly remembered that he had just been the emperor Shi Mo Hou Du, and even toward Ye Chen.

Naturally, he kept this part of his memory of the experience after he was transformed. When he thought of the scenes just now, he felt ashamed, angry and desperate.

"Master, you have committed a great disaster!"

Lin Tianxiao gritted his teeth and stared at the emperor shimohou.

Emperor Shilong was sober at this time. Thinking of the picture just controlled by Emperor shimohou, he was furious and said: "master Lin, I told you that emperor shimohou is an old bastard! If it wasn't for Lord Ye, we would die today. "

Emperor shimohou looked calm and accepted the reality. He said faintly, "I am not as lucky as the reincarnation Lord. Today I am defeated by the reincarnation Lord. I have no complaints. If you want to kill me, you can kill me."

Lin Tianxiao clenched his fist, and his knuckles crackled.

Ye Chen said: "young master Lin, I'll leave it to you to deal with the emperor shimohou."

Lin Tianxiao was silent for a while and said, "thank you very much."

Today's disaster, fortunately with Ye Chen to turn the tide, otherwise everyone is the emperor Shi Mo Hou Du, the consequences are unimaginable.

Thinking that his national master was such a traitor, Lin Tianxiao was very sad and angry. He immediately grabbed the hands and feet of the emperor shimohou and abandoned all the channels of his hands and feet.

Shimo Hou, the emperor, was also hard hearted. His meridians were abandoned and he suffered a lot, so he didn't even hum.

Lin Tianxiao sacrificed a book filled with demons and mists, and took in the emperor shimohou.

His book of heaven is just the book of heaven in the four volumes of the book of heaven. It has become a world of demons. The book of heaven is the top magic weapon of the Lin family. It can be used to suppress demons and remove demons. If the enemy is taken into the book of heaven, he will suffer eternal pain and will not be able to get rid of it all his life.

When ye Chen saw that the emperor shimohou had been taken into the book of evil fog, he knew that from then on, life was not like death, and he would not have a chance to turn over.

"Goodbye."

Lin Tianxiao put away the book and said goodbye to Ye Chen, Hong Xin and others.

After such a big change in the Lin family, he needs to go back to deal with the matter of accepting the rest of the imperial family. He doesn't want to interfere any more.

Hong Xin's eyes moved and sighed. Then he said to Ye Chen, "young master ye, you saved me today. I will repay you for your kindness."

Ye Chen looks at Hong Xin, but doesn't speak. She doesn't know how to repay herself.

Hong Xin said, "have you ever heard of danxianhu?"

Ye Chen was shocked in his heart and said quietly: "nature has heard that it is a magic weapon that comes from heaven and earth. The energy source constantly breeds danxianling wine. After a sip of danxianling wine, people can nourish their muscles and bones and improve their Qi transportation. It has great benefits, but I heard that danxianhu has been seized by the holy hall." Catherine Hung said with a laugh, "yes, Dan Xianhu is ruling the sanctuary hand and putting it in the five party sanctuary. I hung up my family in the five party sanctuary. There is a line of eyeliner. This year is the time when Dan Xianling wine was brewed. When I wait for Dan Xian wine to brew up, I can offer a drink to Ye's son."

She did not deliberately hide her words from the people of the imperial family.

Both emperor Shilong and his disciples heard clearly and were shocked.

Catherine Hung obviously has the meaning of showing off. He can put an eye on the site of ruling the holy hall. It shows the strength of Hong family. If the emperor can be trusted to Hong family, he will have boundless prospects.

Ye Chen's heart sank, and the three ancestors of Dixin temple were entrusting him to go to the five holy places and capture danxianhu.

But he didn't expect that there was the cause and effect of the Hong family behind the danxianhu.

"Thank you very much, Miss Hong. If I can drink a glass of danxianling wine, it's really my great luck."

Ye Chen is not exposed, and thanks Hong Xin.

Hong Xin smiles a little, and then says to Emperor Shilong, "I don't know what you mean, patriarch of emperor Shilong. Are you interested in joining my Hong family?"

Emperor Shilong looked back and discussed with several family leaders for a moment. Finally, he said in a deep voice: "Miss Hong, we need to think about it again."

Hong Xin didn't mind, and said, "well, I'll wait for your good news. If your emperor's family is willing to take refuge in Hong's family, I can give you the wine of Dan Xianling. I'll leave first."

With that, Hong Xin left.

Emperor Shilong looked at her back and moved slightly in his heart.

The people of the imperial family are also very excited.

After all, to be able to drink danxianling wine will greatly benefit the cultivation of Qi.

Ye Chen naturally also thought about danxianhu, and whispered to Emperor Shilong: "emperor Shilong, take a step to talk."

Later, he quietly took out the imperial edict of Dixin temple.

As soon as emperor Shilong saw the imperial edict, his face changed. He invited Ye Chen into the inner hall and held back.

In the inner hall, only Ye Chen and Emperor Shilong were left.

Emperor Shilong said, "Lord Ye, are you sent by the three ancestors of Dixin temple?"

Ye Chen said: "exactly, the three ancestors asked me to come to you to ask you to take me to the five holy places."

Later, ye Chen handed the Fu Zhao to Emperor Shilong.

Chapter 5885

Emperor Shilong took the imperial edict and felt the breath of it carefully. Suddenly, his face changed dramatically and his whole body trembled. It seemed that he was in great panic.

Ye Chen frowned. He didn't know why he was so shocked. He asked: "what's the matter with patriarch Di Shi? Don't you know the secret way to the five holy places? "

Emperor Shilong's forehead was sweating, and his fear was even worse. He said: "I... I naturally know, Lord Ye, do you really want to go to the five holy places? There is a tight defense inside. Even if you go in, you may not be able to capture Dan Xianhu. "

Ye Chen said, "you can take me in, patriarch Di Shi. Naturally, I have a way."

In fact, ye Chen is not sure whether he can capture Dan Xianhu, but no matter what, he needs to repay the three ancestors.

Emperor Shilong swallowed his saliva and said in a trembling voice, "I... i..."

Ye Chen said, "Why are you so alarmed

Emperor Shilong gritted his teeth, wiped off the sweat on his face and said, "it's nothing, Lord Ye. Since it's the orders of the three ancestors, I'll follow them. I just hope you can say a few words in front of the three ancestors, so that they can protect our people."

Ye Chen said, "certainly. When shall we start?"

Emperor Shilong said, "I'll tell you what's going on, and I'll start tomorrow."

In his tone, there was a sense of death, fear and helplessness.

Ye Chen is very puzzled. He is the one who ventured into the five holy places. Why did emperor Shilong panic so much?

Ye Chen didn't ask much. That night, he took a rest in the secret place of red lotus, quietly adjusted his breath, and combed his various skills and powers.

Before that, ye Chen stepped into the pure evil way for the sake of the appointment of the Confucianist. At this time, many reincarnation steles degenerated, and he got the Buddhist rain letter. His cultivation was promoted to the eighth heaven of the original realm. There was no need to master the evil way any more.

Ye Chen refines his previous skills and understands them thoroughly.

Whoa!

When he was practicing, he suddenly saw a flying sword rushing up into the sky and heading towards the temple of the earth's heart. I think it was Emperor Shilong who reported to the three ancestors.

In the morning of the next day, ye Chen's cultivation breath has been restored to perfection, and the supernatural powers such as immortals, Buddhists, demons and demons, six paths of reincarnation, etc. are integrated again.

At this time, ye Chen had a gentle and graceful appearance, but he was not as sharp as before.

"Lord Ye, it's time for us to start."

Emperor Shi Long comes to find Ye Chen, and his tone of voice can't hide his fear.

Ye Chen sees his appearance and seems to be old and haggard overnight. He has a lot of doubts in his heart, but it's inconvenient to ask more. He nods and says, "OK, let's go."

"Lord Ye, please."

Emperor Shilong and ye Chen leave the secret land of red lotus.

They flew to the five sacred places.

In less than half a day, they arrived at the boundary of the five sacred places.

From a distance, ye Chen saw an extremely large island floating in the sky. On that island, the aura of congenial five directions filled the air, and the clouds were colorful, showing a magnificent atmosphere. The buildings were endless, as if they were holy places in the world.

"That's the holy land of the five sides."

Emperor Shilong pointed to the huge floating island and said: "Mr. Ye, I know there is a hidden path that can enter the five holy places. As soon as you go in, you can see where the danxianhu is. But you should be careful. Once you take off the danxianhu, you will be found."

Ye Chen said, "OK, I see. You can lead the way."

Emperor Shilong nodded miserably, and with a sense of imminent death, he took Ye Chen to a hidden cave nearby.

In the cave, there is a picture of eight trigrams totem. On the totem, the stars shine, and the eight trigrams keep blooming.

Emperor Shilong said: "this is an ancient picture of the eight trigrams star sky. There is an ancient star sky road connecting with the five sacred places. Lord Ye, you can go along the ancient road and walk to the end, which is the five sacred places."

Ye Chen saw only the ancient map of the starry sky, but did not see any road. He asked, "where is the ancient road of the starry sky?"

With a bitter smile and a sigh, Emperor Shilong quietly went to the ancient picture of the eight trigrams and stars and recited the mantra in a low voice.

Then, his whole body was full of Qi and blood, and he began to burn violently.

The flesh and blood vitality of the whole person is constantly passing away.

And the eight trigrams star sky ancient map absorbed his blood, burst out a more brilliant light, and gradually a small road extended out. "What are you doing, chieftain Dishi?"

Ye Chen was surprised to see that emperor Shilong was burning his life.

Emperor Shilong sighed: "to open the ancient star road, you need to sacrifice the lives of living people. I'm the chess piece of the ancestors of the three nationalities. Today, it's time for me to really use this chess piece. Lord Ye, take good care of it. I wish you a smooth capture of danxianhu."

"And if you can, don't be anyone's pawn!"

With these words, the flesh and bones of emperor Shilong were completely burned up and became ashes, which were immediately dissipated by the wind in the cave.

Ye Chen was shocked and finally understood why, yesterday, when Emperor Shilong knew the plan of the three ancestors, he became so scared and desperate.

It turns out that this plan needs to sacrifice his life!

"Don't be anyone's pawn..."

Ye Chen murmurs the words of emperor Shilong before his death, thinking deeply in his heart.

Hum!

The eight trigrams star map vibrated, and the ancient star road burst out with brilliant brilliance.

Chapter 5886

Ye Chen converges his thoughts, steps into the ancient path of the starry sky, and goes on all the way.

This ancient star road is actually a transmission channel, which can be transmitted to the five holy places.

Ye Chen walked all the way into a dark world, in which only the light of the ancient road in the starry sky was shining.

At the end of the ancient road in the starry sky, the light is even brighter.

Ye Chen walked slowly to the end of the ancient road, through a layer of light curtain, in front of a flower, but it has been out of the dark world, came to a beautiful place.

Just when ye Chen was ready to move on, he stopped, because just now ye Chen felt some kind of power constantly shaking!

Ye Chen's divine sense sweeps slightly, and discovers something in an instant!

It's the Zhenxie dish!

Ye Chen takes out the Zhenxie plate and unexpectedly discovers that there is a crack on the Zhenxie plate.

Although the crack is very small, it must represent that the Wuzu inside is constantly breaking through the suppression of Zhenxie plate!

Ye Chen looks very dignified. If the crack spreads and is really broken, the consequences will be unimaginable!

Are you going to find xueningqian now?

I'm afraid xueningqian is refining the inheritance of xuejianming and is in a closed state!

Even if xueningqian didn't, he also knew xueningqian. Xueningqian didn't know about Zhenxie pan.

You have to deal with it yourself!

At this time, the voice of the old man suddenly came: "boy, if the Zhenxie pan is really broken, the Wuzu rushes out of it, and the other side has the evil sword. What do you think is your chance of winning?"

Ye Chen is slightly surprised, but Huang Lao's words at the moment must represent that Huang Lao has a way!

But the words of desolate old, ye Chen still has a little doubt.

"Huang Lao, are you interested in the evil sword again?"

On hearing this, the old man sneered, "ridiculous, I'm taboo in the world. How can I be interested in other things?"

Ye Chen interjected: "you have been interested in more than one thing before."

Huang Lao

Pausing for a moment, the old man continued: "to get back to business, I have already felt a trace of evil spirit overflowing from the evil disk of Zhenxie. If this evil spirit has been eroded into the reincarnation cemetery and the map of the yellow spring for a long time, it's not a good thing!"

"When the time comes, the map of huangquan will be infected. It's a troublesome thing..."

Ye Chen has not been shaken by Huang Lao's statement. It is obvious that Huang Lao does have some ideas about Zhenxie pan.

But if it's useful to him, he can agree.

"Old man, tell me, what do you want to do?" Ye Chen light way.

The old man of reincarnation cemetery was slightly stunned, but still said: "let me enter the evil tray for a moment, just a moment!"

Hearing this sentence, ye Chen is surprised. Does the old man want to enter the town?

Is Huang Lao going to confront that Wuzu?

Taboo in the world against evil witches?

Think to let leaf Chen's heart some vibration, but he soon calms down, light way: "can you give me a reason?"

Huang Lao hesitated for a few seconds, but he told the truth: "I really absorb the energy of the earth's heart very fast, but it's not fast and pure enough. I want to absorb the power of the evil sword, or the power of the Wuzu!"

"Only by absorbing their strength can I become stronger!"

Ye Chen Mou son tiny MI, add a way: "then break free reincarnation graveyard, take away me?"

Huang Lao had no previous arrogance. He shook his head and said, "although I'm a taboo in the world, I'm not willing to stay here all the time, but it's clear that if I'm a dragon, the reincarnation cemetery is the sky!"

"Although I want to leave, want to restore freedom, but now the rules of reincarnation cemetery is too weird."

"I haven't thought of a way to get out of my body so far."

"During this period of time, you should also feel that I have saved you many times at all costs, because I understand that your life is my life, and your death is my destruction!"

"If I want to be free again, it depends on you."

Ye Chen nodded slightly at these words. If it wasn't for the desolation and old age, he would not have survived, and he would not have accidentally entered the earth's heart to gain so many opportunities.

In Ye Chen's opinion, the credibility of Huang Lao's words is at least 90%.

But ye Chen thought for a moment and said: "let you enter the Zhenxie disk, but I will step in with you!" On the one hand, ye Chen wants to supervise the old man. On the other hand, ye Chen is also curious about everything in the Zhenxie disk and the wizard ancestor.

However, ye Chen doesn't have to worry about Wu Zu's attack on himself!

Huang Lao heard Ye Chen's words, hesitated for a few seconds, and finally said: "it can only be like this, but if you enter it, you should listen to me, otherwise you will be easily attacked!"

Ye Chen once again refused: "some can listen to you, but the main decision is still me. If you agree, act immediately. If you don't agree, the power of Zhenxie plate is doomed to have no chance with you."

The old man in the reincarnation cemetery looks red, and he is almost angry!

He's taboo in the world!

The existence that everyone fears and obeys!

Now, it is controlled and restricted by this boy everywhere!

Extremely humble!

For a long time, the old man gritted his teeth: "good!"

"Before that, for the sake of safety, you should arrange the array according to what I said!"

"If the Wuzu is in trouble, I will use all my strength to kill him forever!"

At this moment, the spirit of the old man reached the acme!

He has such confidence!

But he knew that he would never do this unless he had to, otherwise his loss might be greater than that of Wuzu!

Soon, an array appeared in Ye Chen's mind.

This array is called into the evil trapped sky array!

This array has never appeared in ancient books and history. It was created by Huang Lao!

It's not only a taboo in the world, but also a rebellious array in this period of time!

However, what this array needs is extremely harsh.

Fortunately, ye Chen has many opportunities in the center of the earth. Combined with the strength and details of the previous three groups, ye Chen has almost all the things needed for the array.

Soon after, ye Chen's whole body is placed with many bright stones, and the aura of Taoism is constantly overflowing!

And the placement of these resplendent stones is extremely exquisite!

"Boy, the wild devil is the eye of the array. Lead the devil into the array disk!"

Suddenly the voice of the old man came!

Ye Chen's finger pinches the Jue, and the wild demon sword flies out in an instant and floats in front of Ye Chen. Ye Chen forces a drop of blood essence with his finger. The blood essence draws a mysterious Rune in the void, and the rune is printed on the wild demon sword!

The wild devil Sky Sword vibrates slightly, falls to the ground in an instant, and is inserted six inches in front of Ye Chen's body!

When the wild devil's sword fell to the ground, ye Chen quickly sacrificed the Zhenxie plate!

There is a faint evil in the Zhenxie disk. Although it is insignificant, if you feel it carefully, you can find that the horror degree of this evil is shocking!

Chapter 5887

However, the evil spirit overflowing from the wild devil Sky Sword is in balance with the suspended Zhenxie disk.

"Hongmeng big starry sky guard, condense soul into array disk!"

"Boy, get ready. When I give you an order, you and I will enter the array with the power of divine thought together!"

"Remember, at the same time! Otherwise, the power of you and me will surely break the Zhenxie disk! "

"At that time, I'm afraid the Wuzu and the evil sword will come out together, and the consequences will be unimaginable!"

Ye Chen nodded and sat cross legged, gathering his spirit and waiting for the old man's instructions!

"Enter

All of a sudden, a voice rang out!

It's from the wilderness!

Ye Chen's eyes are closed tightly, and the spirit is surging out to the Zhenxie plate!

In addition to Ye Chen's spirit, there is also Huang Lao!

The two figures almost disappeared into the evil disk at the same time!

Don't know how long, ye Chen slowly opened his eyes, but found himself in an evil space!

The edges of the runes are full of mysterious and deterrent runes like the way of heaven, and the runes are surrounded by purple thunder arcs.

I'm afraid this is the prohibition of Zhenxie pan.

But ye Chen also clearly found that some prohibitions have been destroyed by evil, according to this trend, maybe not for a year, Zhenxie plate will be completely broken!

"It's interesting to ban the evil in this town. It's even contaminated with some of the rules of the supreme world. The refiners are a bit of a Taoist."

The old man's voice suddenly spreads, leaf Chen this just notice old man is in oneself side.

"What's next?" Ye Chen asked.

The old man stretched out his hand and pointed in a direction. He said faintly, "we are all here. As guests, we naturally want to meet the host here!"

However, ye Chen found a sword in the place where the old finger was!

A sword of heaven!

It's just that this sword contains extremely terrible evil intention! Different from the other three swords!

If the wild devil sword is a devil, then this sword is a great evil!

In this way, Huang Lao and ye Chen go to the most terrible place of evil spirit together!

.....

And now.

The deepest, a pair of eyes suddenly open!

This eye is full of endless evil, it is the wizard.

The eyes of Wuzu are full of accidents.

It's been a long time since anyone came in here!

But now, as soon as you enter, two will come in!

Wu Zu stood up, mouth outlines a fun: "interesting, but also to my boring life has brought a trace of fun."

"But it's certainly unusual to enter the existence of Zhenxie pan."

"I just don't know why they came in?"

.....

The closer Ye Chen got to the sword, the more uneasy he felt. Fortunately, he was exerting the great starry sky outside, which minimized the influence of the evil sword on himself.

"Huang Lao, the evil intention of this sword is so terrible, can you really absorb it? Can't I be controlled by the evil sword? At that time, the evil sword will not only control the Wuzu, but also control you. Am I not a lamb to be slaughtered

Huang Lao glanced at the evil sword and said faintly, "if there is no limit to this thing, I may be afraid of it. However, since the sword was made, it seems that there is an invisible restriction. As long as the restriction is not cut off, it is not so easy to control me!"

"Boy, if you can hold this sword, and the wild devil Heaven Sword is at its peak, the explosive power is really hard to say."

"However, did you find that the evil sword didn't seem to like you as soon as you entered here?"

Ye Chen hears these words, slightly a Zheng, immediately toward evil sword to see, but discover evil sword just like a pair of eyes from hell, really staring at oneself!

However, this look is not intended to kill, more like a rejection!

The old man gazed for a moment and said, "if I guess correctly, this evil sword has spirit. I should feel a trace of the future and think that you will cause some threat to it."

"Perception of the future? How can I threaten it? "

Ye Chen helpless way.

Old Huang shook his head: "don't go deep into this matter. You should see the wizard soon." "No, it should be the other party has come."

As soon as the old man's words fell, a Black Mist rolled in like a dragon!

The dragon is ferocious and evil, as if it has the power to destroy the world! As if to devour the presence of two people!

Ye Chen naturally can't wait to die, just want to start, but found that the old step out, standing in front of Ye Chen, light way: "like to play? I will accompany you

The next second, the old man pinched his fingers, and his blood was all around him. His blood was constantly gathering, and finally he turned into a bloody Unicorn!

The bloody Unicorn let out a roar and rushed to the dragon!

At this moment, the two most powerful forces collided and produced two red and black waves! Like a mushroom cloud!

Even vaguely want to break through the border here!

Even ye Chen can't help but back a few steps.

A few seconds later, the waves dissipated and two figures floated out!

One is the most taboo old man in the world!

The other, in black robes, red eyes, is extremely straight... Old man!

Not only why, ye Chen in each other feel strange everywhere!

Clearly is an old man, but he can't feel the trace of years from each other!

At the moment, the eyes look at each other.

The old man's eyes were as cool as water, but the eyes of Wuzu were still scarlet.

For ten seconds, the old man stretched himself and said, "are you the wizard who was sealed here?"

"A little weaker than I thought."

This seemingly casual words, but let Wuzu's expression with a trace of anger, but soon hidden.

Wuzu hands behind him, light way: "you should not wait to break into here, but just right, become my nourishment."

"If I absorb your strength, I can get out of here successfully. Maybe I will set up a monument for you in the outside world!"

For such a threat, the old man picked up his eyebrows and said, "I also have this intention. This time, I just want to ask you to borrow something."

"If it wasn't for my limited body, I wouldn't want this kind of thing!"

When the words fall, the Wuzu steps out and comes to the old man in a twinkling of an eye, surrounded by endless evil spirits, as if incarnated into a nine hell!

It's not self-contained, but it's more terrifying than self-contained!

This Wuzu actually controlled the artistic conception of this space in the years of endless seal!

Ye Chen is worried that Huang is old. After all, Huang is always here for the first time. If he is careless, something will happen!

However, Huang Lao's eyes were closed and he stretched out his hand. A purple light curled around the center of his fingers!

"The wasteland is killing the evil sword! Go

The old man's eyes suddenly opened, and the purple light suddenly enlarged into a purple sword with endless power!

This sword keeps enlarging and finally seems to pierce the nine hell!

And then, with one sword!

The Jiuyou hell condensed by Wuzu was cut in half in an instant!

Bursts of evil are spreading in all directions!

Chapter 5888

How could one's own blow be destroyed like this?

Even Wuzu's expression was dignified!

His territory, the other side can even use this level of martial arts?

How could that be!

"Who are you?"

Wuzu was not in a hurry to get rid of him before he knew his identity.

Huang Lao didn't pay attention to Wu Zu. Instead, he held out his hand to Ye Chen and said, "boy, come here, sit down cross legged and absorb the evil here!"

Ye Chen is dubious, but he still chooses to sit down beside Huang Lao and sit cross legged!

However, he did not close his eyes to enter the cultivation state, but looked at the Wuzu not far away.

He and Huang Lao are at least in each other's territory, so they absorb evil?

The old man seemed to guess what ye Chen thought in his heart and said faintly, "what are you afraid of? The sky will fall down and I will bear it."

Ye Chen hesitated for a few seconds, but still entered the state of exercise, and the evil spirit rolled towards Ye Chen's body.

Ye Chen had practiced the martial arts of the witches and possessed a hundred evil spirits. Naturally, this evil spirit was good for him.

Ye Chen thought that Huang Lao would protect the Dharma for himself, but soon he found that Huang Lao himself began to close his eyes and absorb it!

Is Huang Lao really not afraid of this wizard?

The Wuzu frowned slightly, but he didn't do it immediately. The two men who came suddenly were too evil.

The key is completely fearless!

For an hour, Wuzu's eyes became more and more red. Although he was the only one here, if he was occupied by two people again, what kind of Wuzu would he be!

The next second, he pinched his fingers, and the evil spirit around him was surging towards his body!

He seems to be in control of the evil storm!

There is an old Rune in the center of eyebrow!

That's the belief of Wuzu!

"No matter what you are, no matter what you are going to do! You are not qualified to break my faith

After Wu Zu's death, there was a huge virtual shadow. With the appearance of the virtual shadow, Huang Lao immediately opened his eyes, and his eyebrows were no longer indifferent, but dignified.

In his imagination, the stronger the strength of the existence, the more will weigh the pros and cons!

He thought he could absorb three hours!

But I didn't expect this guy to wake up too early!

In this case, we can only fight!

Ye Chen also opened his eyes, just wanted to say something, Huang Lao explained: "here or continue to give it to me, you don't have to do it!"

Soon, ye Chen also found that the evil spirit was surging towards the old man's body!

He is the world taboo, for the devil, for evil, he had!

Evil is also his power!

More importantly, at that time, he became more familiar with the aura and rules around him!

Even more sure than before!

Although the final result of this war is unknown, at least it will not be in a mess!

The next second, two evil storms collided!

In the storm, ye Chen seems to see thousands of sword meaning. The touch of sword meaning is like the collapse of martial arts world!

"Is this the real strength of Huang Lao and Wu Zu?"

Ye Chen is a little frightened.

Looking at that as if to tear everything in front of the space, ye Chen heart unexpectedly gave birth to a trace of inexplicable uneasiness.

I'm afraid I would have fallen to my knees if I didn't have the spirit of Wuzu and Lingxiao.

Just then, the voice of the old man came from the storm!

"Boy, this is a rare opportunity to learn."

"Now, it's difficult for you to break through again. Only by observing this level of fighting can you grow as fast as possible!"

"There may be some things you can't understand, but make sure you print them in your mind!"

This is the first time that ye Chen feels the kindness of Huang Lao.

In fact, after the revival of reincarnation cemetery, desolation has been slowly changing.

The existence of the word "taboo in the world" will not judge the situation.

He and ye Chen have been bound!

If ye Chen is stronger, it is also a good thing for him. Ye Chen nodded outside the storm, eyes a coagulation, is to see part of the battle, efforts to remember in mind.

.....

In the storm.

All kinds of sword ideas suddenly dissipate at this moment.

The two figures were suspended in the air.

The old man was a little dim, but the Wuzu was no better.

Both of them are not noumenon. The more they consume, the weaker their state will be.

Wu Zu looks dignified at Ye Chen outside and says to Huang Lao, "your level and strength should not be unknown. What's the relationship between you and that boy? Why do you want to help him?"

"Isn't it good that you and I share his flesh?"

"His physical body can absorb evil Qi, and he has stepped into the level of sanctification of the physical body. Looking at the inner world of that year, few people can do it at this age."

"If we take away this man, we will be invincible!"

No one thought that Wuzu should have said this plan at this time!

Seeing that Huang Lao didn't speak, Wu Zu continued: "how about this? You control the boy's body most of the time, and I just need you to find a Wu Zu's body for me. It's a good deal. "

"I'm afraid you've thought about the boy's body, but now it seems that you didn't succeed."

"That's because one's power is too small after all."

"How about your cooperation with me?"

Now the old man suddenly laughed!

Regardless of his injury, he put his hands behind him, looking indifferent and pondering: "the idea is really good. If it was a few months ago, I would not hesitate to promise you."

"But now, I'll save this kid at all costs."

"Because there is something more important than this boy's body!"

Quotations, the old man moved, his whole body I do not know when, unexpectedly winding out a followed by a terrible arc of thunder!

These thunder arcs contain the power close to the ultimate destruction of Daoyin!

Seeing the thunder and lightning, Wuzu's expression suddenly changed: "you crazy man, do you know what you are doing?"

"In that case, you may also dissipate!"

The old man laughed: "dissipate, I'm not you, I'm not without flesh! It's just that the body is sealed. As long as the body is not destroyed, I can not die and not be destroyed! "

The next second, the thunder and lightning around the old man suddenly enlarged, and the ancient Rune appeared in his eyes!

The rune shot out suddenly, and a Thunder Dragon burst out of the old man's body!

Thunder Dragon startles the sky, is burst out a dragon chant, toward Wu Zu but go!

Wuzu color change, his eyes dignified, he knows, today can't end well, he must pay the price!

He stepped back and came to the evil sword!

With five fingers, I held the handle of the evil sword!

However, Wuzu obviously hasn't controlled the evil sword. The evil sword shakes slightly, which seems to have the meaning of breaking away from Wuzu.

Chapter 5889

There was a trace of determination in Wuzu's eyes, and then the evil stored in the elixir field was transported to the evil sword!

"Today, with my soul power, help me to kill this man!"

The evil sword seemed to understand Wuzu's words, flashing blue light!

At this moment, the Sorcerer's temperament with the evil sword changed completely, as if he had become a God in a flash!

Never fail, God above heaven and earth!

When Huang Lao saw this scene, his face was extremely ugly.

In fact, when he entered here, he guessed that Wuzu should not be in charge of the sword!

But now it seems that it's really like what he thought, but Wuzu actually traded with that sword with his own strength!

In this way, Wuzu not only took charge of the rules of the battlefield, but also took charge of the sword of the rules to decide the victory or defeat!

The old man looked at Ye Chen and said, "boy, go back!"

Ye Chen eyes a coagulation, also feel the seriousness of the problem, quickly back!

At the same time, there is a barrier in front of you!

He is very clear, can let the old man this attitude, the next situation is not optimistic!

Wu Zu laughed, extremely ferocious smile!

"Mole ants dare to compete with the sun and the moon. Today, I'll show you what the power of chaos is

The evil sword cuts down. Because the storm can't bear the power, it tears on the spot!

And the Thunder Dragon released by Huang Lao was torn instantly!

The old man did not fear or retreat. Instead, he pinched his fingers, and an eye appeared in his eyebrow!

Like the eyes from nine hell!

That hell's eye, in the pupil appeared an ancient writing - waste!

In a flash, the runes all over Huang Lao's body, runes constantly flow, and even let Huang Lao pan with a golden light!

"I am not afraid of anyone except that boy in my life! Because I am a taboo in the world

Language falls, Huang Lao unexpectedly appeared in front of Wu Zu, hands are full of a layer of mysterious Dao Yin!

Then, I caught the evil sword!

A lot of evil!

The light of the old man is shining more and more!

"Touch!"

Golden light and Daoyin were swallowed by evil in an instant, and the whole world seemed to have ushered in a big earthquake!

Even the power of prohibition in the Zhenxie plate was rushed out!

Who would have thought that the prohibitions set by many powerful people in those years would be broken by the combination of Wuzu and Huanglao!

However, Wuzu obviously didn't plan to run away, and he was not qualified to run away. The evil spirit rushed him away in an instant!

His body smashed on a forbidden wall and fell down!

What a mess!

Even this storm is too terrible, Wuzu's present state can't move any more!

Ye Chen is slightly frightened, looking for the old figure in the evil spirit!

Suddenly, a rapidly falling figure also fell down!

It's the old man!

It's just that there are cracks all over the old man's body. If there were no Taoist seal and rules around the wound, this time, the old man would be burned!

"Barren old man!"

Ye Chen came to Huang Lao's side and felt Huang Lao's weakness for the first time.

As if he tried to open his eyes, he found that he could not do anything.

"Barren old man!"

Ye Chen yelled a few more times, and put his hand on Huang Lao's chest. The power of Hongmeng's big starry sky kept converging!

Ten minutes.

Barren old just difficult open eyes, he sees Ye Chen so facial expression, quite stubborn way: "smelly boy, you this facial expression is to give me cry?"? I'm not dead! But I can't help you any more in a short time! "

"Originally, I wanted to absorb the power of the sword and Wuzu. Now it seems that I'm not good at my calculation!"

"It's cheap for you."

"You can't hurt Wuzu in your present state, but you can absorb the power here while Wuzu is weak! And communicate with the evil sword! Just now when I was fighting against the evil sword, I seemed to feel that there was a different soul suppressed in the sword! "

"Help me up first."

Ye Chen nodded and helped Huang Lao up. At the same time, the injured Wuzu also sat up, cross legged, as if to absorb the evil in the space.

But I don't know why, the speed of evil gas flowing to Wuzu Dantian is getting slower and slower.

Presumably, the injury just now has a great impact on Wuzu. It's hard to recover from the previous state!

Wu Zu took a look at Huang Lao and didn't speak. He seemed to be afraid that speaking would consume all his strength.

Huang Lao gasped a few mouthfuls and continued to say to Ye Chen: "boy, go to the front of the evil sword and see if you can control it."

"Good." Ye Chen comes to the evil sword and reaches out his hand. He just wants to touch the sword, but he feels a repulsive force in a moment!

Even in the hilt of the sword, it's like a hundred times fire of Taoist spirit!

He can't get close!

When Huang Lao saw this scene, he seemed to have guessed it for a long time. He continued: "close your eyes and see if you can communicate with the soul in this sword."

"I'm not talking about sword soul, but a special life!"

Although Ye Chen didn't understand the meaning of Huang Lao, he still closed his eyes and tried to communicate with this evil sword!

For the first time, ye Chen was rejected mercilessly!

The second time, as before!

.....

In the 37th time, ye Chen felt a cry in the evil sword!

"Is there a soul in the sword?"

Ye Chen's eyes coagulated, trying to communicate, but every time he was about to have contact, he was cut off by the power and rules contained in the evil sword!

"Do you feel it?" he said

Ye Chen thought deeply, but finally nodded: "there seems to be a special soul in the sword, which seems to be a child."

Chapter 5890

The old man was stunned and said, "boy, did you hear the cry?"

Ye Chen looked at the evil sword and replied, "it seems to be."

At this moment, the old man's eyes suddenly appeared: "I have killed a lot of people. It can even be said that the blood on my hands is an endless river of blood. This is my way."

"However, I have my own reasons for this road. Although I am evil, I have no shame in my heart!"

"If we say it's extremely tragic, there are more terrible things in the world!"

"If I guess correctly, the man who made the sword sacrificed a child when he made this evil sword."

"The key is that this child's blood and origin are extraordinary. It's all about destroying his luck and Breaking Cause and effect and sacrificing him!"

"This child needs to be destroyed by thousands of fires. This is a real tragedy!"

"But the cause and effect of this matter is too heavy, and the means are extremely demanding. No one outside the region can do it."

"Now it seems that this evil sword, in nine cases out of ten, came from this way."

"I don't know why."

Ye Chen heart set off waves, the child was alive cast sword, this or people?

But does the evil spirit of the evil sword come from a child?

Is this child a legendary evil child?

Will evil children cry?

And the cry clearly means innocence and pain.

At this moment, ye Chen is not sure what kind of chess is behind it.

At this time, the Wuzu even spoke, he sneered: "you two or don't inquire about this sword."

"I've been here so long that I don't know the sword, let alone you just stepped in."

"But it took me a hundred years to hear the cry of the child in the sword. Well, you heard it for the first time. It seems that your boy's luck is really unusual."

Speaking of this, Wu Zu opened his eyes, looked at Ye Chen and said, "if I were you, I'd better find a way to repair the ban in this town evil dish as soon as possible, otherwise once I recover, I can leave this dish, and then you will all die!"

Ye Chen takes a look at the big hole produced by the broken prohibition. He is really worried. Of course, he wants to kill the Wuzu, but he can't kill him completely in the Zhenxie disk. Now the old man is injured, and he has to rely on himself!

However, the old man replied, "I guess it's hard for you. If I'm not wrong, you don't even have the ability to walk to the broken hole."

"And this time, it's going to take a long time for you to recover and leave."

"You Hearing Huang Lao's words, Wu Zu was angry, but he knew it was true!"

Seeing that Wu Zu closed his eyes and stopped talking, Huang Lao said to Ye Chen, "you should have half a month. In this half a month, you must find a way to repair the evil disk."

"But if you look down, what you master is not enough to repair. You can only go one step at a time."

"Also, since you can hear the cry, it proves that the existence of the cry needs your help!"

"You might as well absorb the power of that sword. Maybe you will find something unexpected."

Today's Ye Chen, do not know how to deal with the current mess, can only listen to the old.

He sits cross legged beside the evil sword. Although the evil sword still means repulsion, he can't let Ye Chen leave.

Ye Chen's hundred evil bodies and many skills work. The evil Qi in the evil sword is like the water of the Yellow River, rolling towards his body!

Three hours.

Ye Chen finally opens his eyes. He has an unexpected discovery.

After the evil Qi flowed into the body, it was slowly condensed into a rune.

That rune is not like a character, not like a pattern, but a little complicated!

With this ancient rune, ye Chen feels that he seems to have a connection with the evil sword.

This time, ye Chen stands up, but suddenly reaches out his hand to the evil sword!

And Huang Lao and Wu Zu also opened their eyes together, as if they were waiting for this moment!

Wuzu snorted coldly: "Stinky boy, don't waste your efforts. If you always try to hold this sword, you will die!"

"The old man and I may survive, but you're not qualified."

Ye Chen's heart is not distracted, so he holds his right hand on the hilt! One second, two seconds, three seconds!

There was no reaction!

Wuzu originally intended to continue to speak, but also suddenly set in place.

How could that be!

Only by trading with the evil sword can I take charge of it for a short time!

But the boy didn't trade at all. He held the sword!

But soon, ye Chen feels that the evil talisman in his elixir field is broken. At the same time, the evil sword breaks away from him.

Wuzu breathed out a breath.

Then he closed his eyes again and began to heal and recover.

He knows that he must not despise this boy. The most important thing now is to recover as soon as possible, and then leave here through the crack of prohibition to gain new life!

Ye Chen as like as two peas, what he understood, continued to absorb evil spirits. This time, he had two more evils in the same field.

This evil talisman seems to be able to communicate with this sword!

When gather together five evil Fu's time, ye Chen once again grasped that sword!

At this moment, I didn't break free again! Moreover, ye Chen feels that the surrounding environment seems to have changed!

When he opened his eyes again, he found that Huang Lao and Wu Zu were gone.

And around him is a gray world!
