Chapter 5901

"Alas, the ancestor of the Hong family, calm down. The reincarnation Lord may not mean that."

Mo Qingxuan stepped forward and came out to make it.

Ye Chen is the guest of honor of the Mo family, so he naturally wants to protect it.

Ye Chen said: "you don't need to say that, elder Mo, that's what I mean. Since you know my identity, you should know that reincarnation is the master. It's impossible to be anyone's pawn. I want to hold this danxianhu in my own hands. You have just drunk a glass of wine from me, and the cause and effect is paid off."

In order to capture the danxianhu, ye Chen almost lost his life. It's time to pay off the cause and effect. He won't do anything for the three ancestors.

"No! It's the opposite

Hong Beichen can't contain his anger any more, so he grabs Ye Chen's throat to kill him.

This Dan Xian Hu is of great importance. He never thought that ye Chen was so bold and wanted to use it for himself.

Who controls danxianhu can take the initiative in the situation. If ye Chen controls danxianhu, then the ancestors of the three ethnic groups will have to bow to him and speak politely before they can ask for some drinks.

Otherwise, ye Chen refuses to borrow a drink, and they get nothing.

In their capacity, it is absolutely intolerable.

At the moment, Hong Beichen is furious. He just wants to kill Ye Chen and take back Dan Xianhu.

"Ancestor of Hong family, calm down!"

Mo Qingxuan turned out with one hand to stop Hong Beichen.

Hong Beichen said angrily, "Mo Qingxuan, do you want to stop me? Can't you see the wolf ambition of the reincarnation Lord? He doesn't want to join us. He wants to rebel! Once he rises to power, reincarnation Tianwei will suppress him, which will be more terrifying than the judge! "

Mo Qingxuan said in a deep voice: "there is always a way to solve things. We can't fight against each other."

Lin faming, the ancestor of the Lin family, said: "Lord of reincarnation, we can't give this danxianhu to you. In this way, you can have all the danxianling wine in front of you, but you should give it back to us."

Ye Chen said: "I'm sorry, I want spirit wine, I want Dan Xianhu, too. Three ancestors, I've paid off the cause and effect. Goodbye."

Finish saying, leaf Chen one arch hand, turn round to leave directly.

Hong Beichen was so angry that he yelled: "this wolf is ambitious and has a big plan. Join hands with me quickly to suppress it!"

When the big hand came out, the magic light burst out from the heart of Hong Beichen's palm, which had the effect of suppressing the spirit.

If you can suppress Ye Chen's spirit, you can turn ye Chendu into a puppet and use it for yourself.

At this moment, Hong Beichen obviously wants to tear his face.

Mo Qingxuan and Lin Fa look at each other face to face, hesitant to do it.

Ye Chen feels that the wind behind him is fast and urgent. He quickly sidesteps to avoid the blow of Hong Beichen.

Hong Beichen was just about to do it again. Suddenly, the heaven and the earth were shaking and the blood was shining. Nine rounds of blood moon appeared in the sky, casting a sense of doomsday terror.

"The blood moon is in the sky, heaven's destiny is born! Is this... "

Hong Beichen was surprised to see this scene.

Mo Qingxuan and Lin faming also changed their looks. They remembered a very old legend about the son of Ren family's destiny.

"My people, it's not up to you!"

A cold voice rang out.

Ren Fanfan's figure emerged in the blood.

When the ancestors of the three ethnic groups saw Ren Fanfan, they all contracted their pupils, as if they saw the supreme destiny coming to suppress the world.

"You... You are..."

Hong Beichen's voice trembled slightly.

"The Lord of reincarnation has paid off the cause and effect. In the future, he will have nothing to do with you."

Ren extraordinary landing to Ye Chen side, high spirited, although the tone is insipid, but give people a great pressure.

Under the awe of Ren's extraordinary breath, the ancestors of the three ethnic groups could not compete. They were all shaking, as if there was a deep fear in their souls.

"Hong Beichen, do you still want to control the Lord of reincarnation, and you can control the law of reincarnation?"

Ren Fanfan snorted, clapped it with one hand, and hit Hong Beichen.

Hong Beichen couldn't resist it. With a bang in his chest, he vomited blood, and a bottle of pills was knocked out of his body.

"Today, I'll teach you a lesson. This bottle of Hongyun pill is your apology to the reincarnation Lord."

Ren special will that bottle of Dan medicine, capture come over, give ye Chen. Ye Chen stayed for a while. This Hongyun pill is the supreme source pill. It can improve Qi Movement for a short time. It is very effective when used in battle.

Because when ye Chen comes to this state, his luck is the key to the victory of the battle. There are many dangerous situations when ye Chen fights all the way, but every time he can turn the bad into the good, it's because of his deep luck that no one can kill him.

And this Hongyun pill, which can improve Qi Movement for a short time, is naturally a rare panacea.

"Thank you very much."

Ye Chen thanks Ren Feifan and treasures the Hongyun pill.

When Hong Beichen saw that the elixir had been taken away, he gritted his teeth with blood, and his face was extremely ferocious.

But in Ren's extraordinary atmosphere, he did not dare to say a word.

Ren Fanfan's strength is too terrible. Even the ancestors of the three ethnic groups are not enemies. If he is enraged, the consequences will be unimaginable.

Even, vaguely, the ancestors of the three ethnic groups captured a little "nothingness" from Ren Fanfan.

Ren Fanfan has been in touch with Wu Tianshu!

"Who can touch, who can't, I hope you will remember in the future, don't make the same mistake again."

Ren Fanfan stood up with his hands in his hands, reprimanding the three ancestors as if he were reprimanding the younger generation.

The three ancestors were ashamed, but they did not dare to refute.

Monk Xumi was staring at this scene, but he didn't expect that the three ancestors were so embarrassed.

"Let's go!"

Ren extraordinary with Ye Chen, directly left the heart of the earth temple.

Ye Chen is clear, in the heart incomparably relaxed happy, way: "Ren elder, cause and effect already, we are going back outside?"? I've got the key to the eternal gate. "

Ren Fanfan said: "well, it's time to go back, but before I go back, I want to go to the place where the whale fell, hang on, you come with me."

Ye Chen a Leng, way: "whale falls of ground?"

But I don't know where the whale falls, so I follow Ren Fanfan.

.....

In the center of the earth temple, the ancestors of the three ethnic groups saw Ren Feifan leave and confirmed that he had indeed left. Only then did they show a relieved expression.

"Three ancestors, is that man so terrible? Can't you gather the strength of the three of you to defeat him? "

Monk Xumi was full of doubts when he saw that the ancestors of the three ethnic groups were sweating and embarrassed.

Hong Beichen snorted, but he didn't speak. He felt very embarrassed about what happened today. He turned inside with his hands on his back.

Lin faming sighed and said: "Xumi, you haven't come to the realm yet. You can't realize the power of that man. His name is Ren Fanfan. He is the destiny of heaven and the guardian of the reincarnation Lord. The reincarnation Lord has his protection, which is beyond our control."

Chapter 5902

Monk Xumi said, "he is destiny. What is the Lord of reincarnation?"

Lin Fa said: "the Lord of reincarnation is the one who transcends the destiny. It is said that there is only one person in the world who can understand the mystery of nothingness."

Monk Xumi was even more puzzled and said, "what does nothing mean?"

Lin Fa said: "your Dharma is too shallow. You don't even know the truth that everything is nothing, and you can't understand the supreme truth of heaven and earth. This is your wisdom. You don't have to think about it too much. It's hard to be muddled all your life."

Monk Xumi was at a loss, but he didn't understand Lin faming's words at all. He only felt that the word "Wu Wu" was the ultimate reason of heaven.

The Lord of reincarnation is the only one who can understand the mystery of nothingness, and his identity is naturally very important.

.....

Ye Chen followed Ren Fanfan and left the temple of the earth heart. After a day, they came to a vast sea area.

"I didn't expect there was a sea in the heart of the earth."

Ye Chen looks at the sea in front of him. The wind is clear and the air is cool, and he feels very happy.

A piece of spray, clattering the beach, Ren extraordinary also negative hand overlooking the distance, dazed.

Although the center of the earth is in the center of the earth, there are many great powers, which can directly open up the void and create the sky and sea. This is not unusual. However, the sea in front of them has a strong aura, which is obviously not created by ordinary people.

"Let's go to the bottom of the sea."

Ren Fanfan with Ye Chen, water into the sea.

When they came to the bottom of the sea, they saw the ruins of a palace, with a huge sacred tree standing.

The sacred tree was covered with moss, and it was already a scene of dilapidation and decline. Under the sacred tree, there was the body of a giant whale. I don't know how many years it has been, but it hasn't rotted, and its whole body was shining with jade.

"Where is this? What is that sacred tree? "

Ye Chen is surprised. The body of the whale is very huge, just like the legendary Da Kun. If he is still alive, he must be a monster that can hit three thousand li.

"This is the place where the whale fell. The Ren family of the emperor's family perished here."

Ren Fanfan's eyes with a sigh, finger calculation deduction, seems to recall the past Renjia extermination picture.

Ye Chen was surprised and said, "master Ren, are you really a member of Ren's family?"

He has been very curious about the identity of Ren Fanfan, and knows that Ren family is one of the top ten Tianjun families. He has long suspected that Ren Fanfan came from Ren family.

Ren Feifan shook his head and said: "my identity, you don't have to guess. It's not important. The identity name is just a code name. I haven't been to the geocentric region before, and I'm not the descendant of Ren family here, but I have a lot of connections with Ren family. It's homologous."

Ye Chen murmurs: "homologous?"

Ren Fanfan said: "the guardian tree of Ren family, named the giant whale tree, is the one in front of you. Other aristocratic families have been wiped out. More or less a little blood has survived, so that the whole family will not be extinct. But Ren family, however, is the whole family extinct, and even no vitality can be deduced."

With the breath of the giant whale tree, Ren Fanfan has determined that the Ren family in Tianjun's family has been killed, and none of his descendants has left.

"Killed? Is there really no blood left? "

Ye Chen is secretly surprised that some aristocratic families, such as the imperial family and the Xuan family, are still alive after being wiped out, but the Ren family really no longer exists.

Now, there is no Ren family in the whole earth center. There is only the supreme world, and there are Ren family members. They were born in the supreme world by the ancestors of Ren family. They have nothing to do with the earth center.

"I think it's a bit strange that Tianjun family has a deep foundation and can be completely wiped out."

Ren Fanfan still feels a little strange. After thinking about it, he forces out a drop of blood and deduces it again.

WOW!

This time, Ren extraordinary in-depth deduction, the surrounding water, violent shock up, there is a trace of very obscure, very strange breath, vaguely diffuse out.

"The breath of nothingness!"

Ren Fanfan catches this breath and his face changes suddenly.

Ren's family land is under the sea, a crystal palace.

Now, among the ruins of this palace, Ren Fanfan has captured the breath of nothingness.

Ye Chen was shocked and asked: "nothing? Is it true that when Ren's family was destroyed, there was no letter from heaven? "

Ren Fanfan frowned tightly, and said, "yes, I wonder why Ren's family doesn't exist. It turns out that there is a shadow of the book of heaven behind it. It's the principle of heaven that wants to destroy Ren's family."Ye Chen said: "the principle of heaven?"

Ren Fanfan said: "wuwutianshu is the guardian of the principle of heaven. He represents the rule of the principle of heaven. It seems that the family of Ren was too lucky before and was not allowed by the principle of heaven. Therefore, wuwutianshu cooperated with the judge to destroy the family of Ren and kill all the existing blood."

Ren tiannv and Ren Fanfan are closely related to the Ren family. It can be seen that the prosperity of Ren family's spirit, such a flourishing existence, even the principle of heaven should be afraid. In that year, when the holy hall was ruled to wipe out Ren family, there was the shadow of the principle of heaven behind it, even no letter of heaven was sent out.

Ye Chen said: "master Ren, what are you going to do? Is it to seek revenge from the judge and Wu Tianshu? "

Ren Fanfan pondered for a moment and said, "now is not the time, let alone this is not my hatred. Although I have a long relationship with Ren family, I am not a person in the heart of the earth after all. In the future, we will practice here and accept the good fortune here."

This is the place where Ren's family was destroyed. It used to be Ren's family land. When it was destroyed in those years, Qi Yun was dispersed. But after many years, a little Qi Yun came out again and ran around the giant whale tree.

Ye Chen looked at the whale tree and said, "when the temple destroyed Ren's family, it didn't take away the tree."

Ren Feifan shook his head and said: "if you can't take away, the whale tree will guard the sea area. Once you take away, the sea collapses and causes a catastrophe. All the creatures within a hundred thousand miles will be affected. What's more, the whale tree is deeply rooted. If outsiders want to take it, they need to spend a lot of aura. They may also be attacked by the whale, and the gain is not worth the loss."

Ye Chen said: "so it is."

Ren Feifan went to the whale tree, sat down cross legged, said: "we practice here for two days, two days later we will go to the gate of eternal antiquity."

The whale tree was in a state of decay, but as soon as Ren Feifan approached, the tree would release bursts of divine light. One person and one tree would resonate with each other and complement each other.

Ye Chen also found a place by himself and sat down to practice.

Hum!

A volume with blood evil spirit of the book, floated out from ye Chen's body, it is four volumes of big book in the book.

The magic blood book, originally owned by the Nine Tailed Fox in the five sacred places, has now fallen into Ye Chen's hands. The evil way breath on the book resonates with his aura and vibrates.

Chapter 5903

"Magic tablet, out!"

Ye Chen's heart moves, offering the reincarnation magic tablet.

The aura in the magic blood heavenly book is very suitable for the reincarnation magic tablet to absorb. As long as the reincarnation magic tablet is nourished, it can also transform into perfection.

Sure enough, as soon as the reincarnation stele is offered, the breath will communicate with the magic blood book, and constantly absorb the aura of the magic blood book.

After absorbing a lot of evil spirit, the word "evil" on the stone tablet appears bright, cold and solemn. The endless evil spirit flows out and spreads to the surrounding ocean.

All of a sudden, the sea was black and turbid.

In this turbid sea of demons, there is a scream of demons, all kinds of ghosts and demons are turbulent, showing a very strange atmosphere, as if a purgatory was born.

Looking at the sea, it is a kind of devil's flame. Only where Ren extraordinary is, it keeps its purity.

The aura of the giant whale tree became more and more intense, and the tree body gradually became as warm and thorough as jade. A long and sharp whale song resounded. The body of the giant whale lying beside the tree was gradually revived and became active, swimming around Ren Fanfan.

The whale is a spirit body. It is pure aura. Once the whale tree was destroyed, the spirit of the whale fell. At this time, it was saved by Ren Fanfan and revived.

Ye Chen was surprised to see the recovery of the whale, but he soon gathered his mind and put all his energy on the breakthrough of the reincarnation monument.

The most important way to practice is to concentrate on nothing and not be influenced by external things.

Ye Chen calms down and lets the reincarnation magic tablet absorb the aura of the magic blood book.

Gradually, ye Chen felt the blood in his body, and gradually became fiery.

His holy and magical veins gradually began to transform and upgrade. A series of magical lines appeared on his skin. Among the magical lines, they were magnificent and powerful with ancient magical Qi.

An incomparably huge demon figure also emerged behind Ye Chen.

Click!

Ye Chen's muscles and bones all over his body made a burst of pea like sound. As soon as the saint and devil's pulse grew, his muscles and bones also grew, and his strength doubled.

So after a day, ye Chen's reincarnation of the magic tablet, finally completed the transformation, completely to perfection.

And the holy and magic veins related to the reincarnation stele are naturally upgraded smoothly.

"There's a little improvement in cultivation, but it's still a long way to go."

Ye Chen feels his own breath. After the reincarnation of the stele of demons and the transformation of the Holy Spirit, his cultivation has improved about one tenth. There is still a long way to go from the nine level heaven of the original realm.

Aware of this, ye Chen frowns slightly. It seems that the martial arts foundation is too deep, and it's not absolutely good. His cultivation is more difficult than ordinary people to get promoted.

Is this the reincarnation xuanbei?

When one's blood is complete and complete, how terrible will one's strength be?

I'm afraid that the ruins will disappear in a moment.

However, reincarnation blood recovery and complete, too difficult.

Not only do we need to collect the top ten reincarnation steles, but every reincarnation stele should be upgraded to perfection, and his accomplishments should not be low.

The reincarnation Lord didn't do it before reincarnation. How can he achieve it now?

The road is still very far away, but ye Chen will never give up!

"Chirp"

At this time, a very sharp call, will ye Chen's thoughts back.

Ye Chen fixed his eyes and saw that the giant whale tree was full of light, and the infinite divine light sent out, dispersing all the evil Qi in the surrounding ocean. The giant whale, which was like a Kunyu, was sitting on Ren extraordinary's head.

Ren extraordinary breath ups and downs, unexpectedly is to break through the signs.

"Master Ren is going to break through?"

Ye Chen was surprised. Ren Fanfan, a man like him, didn't know how strong his cultivation was. He could break through this realm.

Ye Chen is a little shocked, looking at, only feel that the whole Ren family ruins of Qi Yun, all converge to Ren extraordinary body, that whale's call more and more sharp, frightening.

Outside the sea, within a hundred thousand li radius, there are many cities and empires, all of which belong to the holy places.

All the people living in this territory are also the most loyal believers of the Lord of judgment.

The sound of the great whale in the deep sea, like the alarm bell, spread over a hundred thousand miles.

"The falling whale revives, and the legendary son of Ren family's destiny has arrived?" "Report to the adjudicator

"Send someone to the deep sea to have a look!"

In a flash, the people on this piece of land completely panicked.

There is a legend that one day, when the son of Ren's family comes, the dead whale spirit will be revived. When the giant whale floats in the sea, it will be the end of the sanctuary.

Countless people started to act. Some flew to the temple to report, some flew to the ocean to investigate, and some people seemed to feel that the end of the world was coming and quickly fled here.

.....

At the moment, in the deep sea, ye Chen saw that the giant whale tree was shaking violently, shaking the seafloor plate, tearing the crust, and erupting volcanoes.

The whole tree, actually gradually and Ren extraordinary fusion, a virtual shadow around the body.

Ren Fanfan's face was calm and light, slowly collecting the whale tree.

Whoa, whoa, whoa!

However, at this time, on the sea, a group of figures came through the air, which is the territory of a hundred thousand miles. Many church believers, aware of the change, came to investigate.

Chapter 5904

At this time, the whole ocean is boiling, and countless submarine volcanoes erupt, just like deep-sea bombs, blooming red clouds in the seabed.

The sea is about to collapse. It's very rough. It's very disturbing.

"No! Someone really wants to take the whale tree! "

"Is the legendary destiny of Ren family coming today?"

"In any case, in order to protect the temple, we must stop it!"

Many powerful figures, with solemn look in their eyes, are ready to dive into the deep sea to see.

Ren Feifan is collecting the whale tree, aware of the chaos outside, light way: "boy, protect the Dharma for me, kill all the people outside."

Ye Chen heart a Lin, way: "is!"

When the reincarnation stele is sacrificed, ye Chen's whole body is full of evil spirit. He wears a robe made of pure evil spirit and drapes it on him. Then he pulls out the wild devil sword, which immediately seems to incarnate into the immortal devil, with incomparable dignity.

"Holy and evil pulse, open!"

Ye Chen suddenly drinks, and directly opens the pulse of the saint and the devil. His whole body is full of evil Qi. The whole person rushes out, breaks through the deep sea and kills outside.

But above the sea, there are dense and overlapping, all of them are people, and the number is afraid to be millions.

"There are so many people."

Ye Chen's heart was shocked. All of these people had the aura of the holy hall. They were all believers of the Lord of judgment.

The millions of believers are trying to dive into the deep sea, but they are all shocked when they suddenly see a magic gas coming out.

"Wild devil sky sword! The Lord of reincarnation

Someone recognized Ye Chen's weapon and suddenly called out.

"Kill

"Xiaochonglou sword spirit!"

Ye Chen's eyes are sharp and preemptive. The martial arts of xiaochonglou are transformed into sword Qi. An extremely sharp sword cuts the sword, rolls up the sea waves, and cuts fiercely forward.

Although there are millions of believers in the temple around, under Ye Chen's demon Heaven Sword, they are just local chickens and dogs, which is not worth mentioning.

Whoa!

Ye Chen killed him with a sword. The evil spirit was rolling and the waves were surging. There were tens of thousands of people in front of him. In a moment, he was submerged by his sword spirit, and his body turned into ashes. Even the body was not left.

The reincarnation Monument and the spirit pulse of the holy devil are transformed perfectly. At this moment, ye Chen is the God of the world. The killing is too terrible, and the sword spirit cuts wildly.

"Withdraw! Go back and report to the holy hall. The Lord of samsara is here! "

All the people cried out in a loud voice, and they were in a mess. They were scared and scattered.

Ye Chen's magic power is so fierce that no one dares to fight against it. Even if they have millions of people, they are just a group of ants under Ye Chen's power.

"Want to run? It's windy and thundery

Ye Chen's eyes are cold, but he doesn't mean to keep his hands. These people are all believers in the holy temple. They must be killed, or they will leave trouble.

A huge green thunder ball was born in the palm of Ye Chen's hand. The green ball is wrapped with strong magic Qi. The Holy Spirit pulse is brought into full play, which makes Ye Chen's move powerful and powerful.

Boom!

The green thunder ball in his hand exploded in the ocean. With Ye Chen as the center, the violent lightning explosion waves spread out all around, rumbling, and rolled up a thousand story high tsunami wave.

The millions of believers were engulfed by the thunderstorm and tsunami in an instant. They all screamed, burst, spattered with blood, and died suddenly, leaving no one alive.

The explosion of millions of people, the blood rain all over the sky, directly make the Sea red.

"Hoo..."

Ye Chen breathes a little, and his own aura also costs a lot. Fortunately, he is not hurt.

At the beginning of the engagement in the temple of Confucius, ye Chen released a strong wind and thunder blast, which implicated him. But now he is not what he used to be. He has a stronger control over martial arts.

This gale and thunder explosion killed millions of people in an instant. Such a shocking explosion did not hurt Ye Chen himself, which shows that his power of control has reached the situation of sending and receiving freely and perfectly.

If ye Chen goes to fight against the Confucianist again at this time, he is sure to kill him in a burning incense time!

For many days in the center of the earth, ye Chen had many opportunities, and all kinds of reincarnation xuanbei had changed. Now he was more powerful than before, and the Confucians were not his enemy.

However, ye Chen did not know that in fact, the Confucianists also had a chance. With the advent of Shentu Tianyin, he gave the Confucianists a kind of hongmengyuan skill called "natural calamity of the dead". When the Confucianists got this skill, they made great progress in their cultivation.

Now ye Chen is about to return to the outside world, and the day is not far away for them to settle their grudges and fight again.

Boom!

At this time, the sea shakes violently, the whole ocean collapses, the tsunami becomes extremely terrible, and the huge wave is thousands of feet high, taking photos on the coast.

Boom!

Then, the terrible tsunami, to the territory of a hundred thousand miles submerged.

With the sound of a flute like whale, a jade shining and auspicious whale comes out of the sea, slowly flies into the sky and paddles through the clouds.

The giant whale is floating in the sea, and the clouds are puffing thin. This picture is as magnificent as a dream.

Ye Chen looks at blankly, also be some shock.

In the territory with a radius of 100000 Li, many church believers, seeing the huge tsunami coming, immediately sent out a scream, screamed and howled to escape.

"The whale is floating in the air. The destiny of Ren family has come!"

Before death, countless people saw the dream whale floating in the sky and gave out a cry of despair.

In an instant, the territory was inundated by the tsunami, and countless church believers were devoured and buried in the tsunami.

A tall and handsome figure, flying out from the deep sea, is Ren extraordinary.

"Master Ren, have you broken through?"

When ye Chen sees Ren Fanfan, he only feels that his breath is much stronger than before. Imitating Buddha's light is a look in the eye, which can obliterate the starry sky.

And the whale tree in the deep sea, has completely disappeared, is obviously by Ren.

This sacred tree is the existence of guarding the ocean. Once it is collected, the ocean collapses, and the doomsday tsunami rolls up and engulfs a hundred thousand miles.

Ren Fanfan looked around and saw that the territory of the holy hall was engulfed. His eyes were calm, but he didn't show any expression. He nodded and said, "it's time for us to go."

Ye Chen suddenly thought of something and said, "before I leave, I'm going to find someone. I won't waste too much time."

Ren extraordinary Mou son tiny MI, curious way: "where?"

Ye Chen tells the story of the evil plate and three swords, and takes out the sword engraved with blood moon.

However, when Ren Fanfan heard about it, he didn't seem to be very surprised. Instead, he said, "I've heard about it, but I can't get involved in the cause and effect of it. This is what an elder told me."

Chapter 5905

"As for the sword."

Ren Feifan shook his head and refused: "I appreciate your kindness, but I won't use this sword. The former owner of this sword is different from my Dao. What's more important is the cause and effect behind this sword. I'd better not touch it."

"As for the specific reasons, ye Chen, you'd better not know."

Ye Chen hears, although there are too many doubts in the heart, but since Ren extraordinary says so, there must be his reason.

"Mr. Ren, in that case, I'll go alone."

Ren Feifan nodded and stopped talking.

What ye Chen wants to see is not others, but Xuening Qian!

He promised xueyouzi to leave with Xuening.

Originally, he thought that he would take her away after his strength reached a certain level, but now, the situation in the geocentric region is too complicated.

Sooner or later, the judge will focus on this, when the time comes, blood coagulation is bound to be dangerous!

.....

Soon, ye Chen came under the huge sword.

Giant sword seems to have been familiar with the breath of Ye Chen, when ye Chen is not close, then opened a door.

It's amazing that the sword Qi overflows from it.

Ye Chen obviously felt that there was a change in it, but he couldn't say it again.

No longer hesitated, ye Chen stepped into the door.

Come to the familiar place again.

There are still ten thousand swords.

However, when ye Chen went deep, his expression changed completely!

He has been here several times, but every time he only means sword and rules!

And now, here, the meaning of the rules is stronger, and there is a very terrible intention to kill!

"Does the killing intention come from hemagglutination?"

"Is xueningqian possessed?"

Ye Chen some worry, quickly toward the depths and go!

The three swords suspended in the sky are still full of mystery and desolation.

Under the three swords, a girl sat cross legged, with blood lines on her white skin!

In the key blood lines, the bloody murderous gas is constantly overflowing!

"Blood coagulates thousand, how did you become so....." leaf Chen eyebrow wrinkly, opening a way.

Words fall, blood coagulation Qian suddenly opened his eyes, the blood lines in the eyes are extremely cold and unfeeling.

Even for a moment, ye Chen feels that Xuening Qian wants to fight against himself!

However, Xuening Qian still has reason after all. She smiles hard and stands up: "here you are."

Ye Chen can feel the pale and powerless in the words of Xue Cong Qian.

Ye Chen comes to Xuening Qian and reaches out his hand to grasp her pulse. In a flash, he feels the extremely disordered aura in the pulse!

These auras seem to burst from xuecong Qian's body!

"What did you learn? Do you know that if you go on like this, you will die? "

Ye Chen is a little angry.

Some of him knew why xueningqian did it. It was estimated that xuejianming's death was too big for her.

And the burden on her shoulders is extremely heavy.

After all, these swords will be guarded by her from now on.

Xuening Qian was obviously afraid that ye Chen would lose his temper. He bowed his head and said, "in the inheritance that master Xue gave me, there was a skill of Xuejia. The skill was just incomplete. Master Xue could not practice it that year."

"Then, during this period of time, I repaired it according to some of the things xueyouzi taught me in those years."

"The process of repair is a little complicated. I've been possessed many times. That's what it is."

Ye Chen didn't care about the blood master's skill, but cared about Xue Ning Qian and said: "the inheritance and strength left by the blood master is enough for you to digest for a long time, and even makes you extremely terrible! Why take risks? "

Xuening Qian bit her red lips and turned pale: "I want to be stronger. Even if I reach the strength of master xuejianming, I don't think it's enough. The strength of geocentric domain is not really strong!"

"I will be the strongest wherever I go one day."

"I don't want to feel the powerlessness of that day any more! I don't want to see the people around me leave. "

At the end of Xuening's speech, she choked.

She is a girl after all. The burden on her is so heavy that she can't breathe.

Ye Chen wants to say something, but he doesn't say anything in the end. He reaches out his hand and hugs Xuening Qian in his arms.

Blood coagulation thousand Jiao body a shiver, instinct want to resist, but ye Chen's embrace this moment is let her incomparable peace of mind.

She calmed down.

She listened to Ye Chen's heartbeat and her own.

Ye Chen hesitated for a few seconds, or said: "I'm ready to leave the heart of the earth, I promised xueyouzi, take you to leave, you are willing to leave."

Blood coagulation thousand fierce broke away from the embrace of Ye Chen, looking at Ye Chen, want to say something, but finally or shake his head: "Ye Chen, you go."

"I don't want to leave now."

"It can make me strong, and it can also make the blood of my blood family to an incredible level."

"In the outside world, I may not be suitable."

Ye Chen actually knew this answer when he saw Xuening Qian.

The hemagglutination has changed, maybe the feeling to oneself has not changed.

But the sense of the world has changed.

In the world of martial arts, this may be a good thing.

But as a friend, ye Chen doesn't want to be like this.

Ye Chen repeated: "are you sure? Maybe the opportunity outside is more powerful, you may not be suitable here

"Besides, if you inherit this place, you should be able to take it with you."

Blood coagulation thousand hesitated a few seconds, still shaking his head: "I don't go."

Chapter 5906

"Ye Chen, we will see you again."

"Even if you no longer step into the heart of the earth, our cause and effect will not be broken."

"Maybe we can meet in the Taishang world in the future."

Ye Chen sighs and nods. After all, it's xuecongqian's choice. He should respect it.

Blood coagulation thousand suddenly open hands, face slightly red, to Ye Chen way: "since want to leave, then come to a farewell hug."

In fact, she didn't want Ye Chen to leave. She also knew that this day would come, but she didn't expect it to be so fast.

She wants to remember ye Chen's temperature at this moment.

She will never have friends or relatives again in her life.

Except ye Chen.

Ye Chen some can't understand the meaning of blood coagulation thousand, but still step forward, two body collision.

Each other's temperature, as if in front of us.

After a few breath, Xuening Qian released her hand and said, "let's go."

Ye Chen took a deep look at Xuening Qian, and took out a jade pendant in his hand. A drop of his own blood essence gathered in it.

The jade pendant is shining with blood.

"This is my own jade pendant. If there is any change here, or you are between life and death, tell me through the jade pendant that I will spare no effort to save you. This is my promise."

Xueningqian accepted the Jade Pendant: "well."

After all this, ye Chen turns around and goes towards the gate.

Xueningqian looks at Ye Chen's back, holding the jade pendant tightly in his right hand, but his eyes don't know when to wet, and one drop after another tears fall.

"Ye Chen."

"We'll see you again."

.....

When ye Chen comes to the outside world, Ren Fanfan has been waiting there.

"Let's go." Ren Fanfan's faint voice came.

Then he went to the gate of henggu.

Ye Chen see Ren extraordinary, immediately follow up, together to the gate of eternal.

He finally looked at the giant sword. He knew very well that the cause and effect of the giant sword had not dissipated.

I'm afraid there will be more entanglement between him and hemagglutination.

However, thinking of returning to the outside world soon, ye Chen is even more excited.

"Blood dragon, blood god, Siqing, Ruoxue, Wei Ying... I'm coming back!"

The figure of old friends, one by one in Ye Chen's mind across, his heart is full of expectations.

.....

At this point, the decision is made at the church headquarters.

The judgment hall is not only the name of the magic weapon, but also the name of the sect.

The headquarters of the judgment hall is located in the most central part of the earth's heart, which is called "the place of the center" by outsiders. It is the place where the ancestors of wanxu ascended.

After the ancestor of wanxu ascended, the ruler of the ruling occupied the place of the central government and set up his own house.

Today's judgment hall is already the most powerful force in the inner earth.

In the middle of this piece of land, there are magnificent palaces, which can't see the end at a glance. There are countless believers praying and singing here. There are many fairy shadows floating in the sky. Above the nine sky, there is also a huge holy heaven, which is admirable.

At this moment, in the main hall of the temple of heaven, the core of the temple, a beautiful man, who is handsome, fair and delicate than a woman, and with a trace of tenderness, is sitting on the throne with his hands. As his eyes turn, he doesn't know what he is thinking.

This beautiful man, who is as handsome as a demon, is the most famous judge in the heart of the earth!

"What happened to the place where the whale landed? Could it be the son of Ren's family? "

The judge spoke lightly. Although his appearance was feminine, he spoke with the majesty and slaughter of a heavenly king, which made his heart palpitating.

Under the steps of the throne, a handsome man with a wine pot hanging on his waist knelt on one knee and reported back to the adjudicator: "yes, I just received the news that the sea where the whale fell collapsed, and the tsunami submerged the people of the holy hall with a radius of 100000 Li. The death

and injury were extremely serious. The giant whale tree was also taken away. Some people saw the sword of the wild devil Sky Sword and wanted to come to the person behind it, It is the destiny of the reincarnation Lord and Ren family. "

This man, of course, is the fourth elder Chen zuiyue.

He had previously reported Ren Fanfan and Wu Tianshu to the leader of the ruling. With this information, although he lost Dan Xianhu, he was not executed by the leader of the ruling. Hearing the news, the judge's eyes twinkled, and he seemed to be thinking about something. He murmured: "it's possible to solve the problem just because of a reincarnation, plus the destiny of the appointed family, it's not easy to do..."

Chen zuiyue said: "do you want to call the elder back and ask him to solve it? If the elder is willing to fight, he will die together. Maybe he will be buried with the Ren family. "

Ren Feifan's strength is too strong. Among the four elders, Chen Yujing is the only one who can fight. As for Chen zuiyue, he asks himself that even if he is willing to work hard, he can't hurt Ren Feifan. There is a big gap between them.

The adjudicator thought for a while and said, "no, no, I infer to the fate. The reincarnation Lord and Ren will leave the earth immediately. There's no need to tear their face with them."

Chen zuiyue was stunned and said, "are they going to leave?"

The leader of the ruling nodded and said, "well, they have too many causes outside. They need to go back to solve them. During this period of time, we should try our best to deal with the three ethnic groups of Mo Honglin. As long as we kill the three ethnic groups, we will have great luck. It's just the reincarnation leader and the destiny of Ren family. We can break it with fingers."

Chen zuiyue said, "yes! The subordinates immediately mobilized their staff to prepare for the expedition of the three tribes! "

The judge said, "call the second man back to help investigate the whereabouts of Wu Wu's letter. I'm very interested in this guardian of heaven."

There was a look of greed and blazing in the eyes of the judge.

Obviously, for no letter from heaven, the judge also has a very strong interest.

After all, this book of heaven is the most powerful existence in the four volumes of the supreme book of heaven, which embodies the ancient emperor's ultimate thinking on cultivation. It has a profound philosophy. If anyone can control it, it will be of great benefit to the understanding of martial arts cultivation.

The whole judgment hall is in operation.

A great storm will be brewing in the center of the earth.

However, at this time, ye Chen and Ren Fanfan are far away from the center of the storm.

They flew all the way. Within two days, they came to the gate of eternal antiquity.

The gate of eternal antiquity is located at the extreme edge of the earth's core, suspended above the sky. It is a simple golden gate, surrounded by layers of rosy clouds. There are dried blood stains on the two gates. I think since ancient times, many fierce battles have taken place around the gate of eternal antiquity.

At this time, in front of the gate of eternal antiquity, there was a mysterious woman holding a signet, trying to open the gate.

Chapter 5907

"Why not? What's wrong? "

The mysterious woman whispers to herself, her heart is on the gate of eternal antiquity, but she doesn't find the arrival of Ye Chen and Ren extraordinary.

Ye Chen two people see that mysterious woman, is also quite surprised, did not expect that there are still people here.

The imperial edict in the mysterious woman's hand was printed with an ancient unicorn. When the sacrifice was moving, the shadow of the unicorn appeared and kept crashing against the gate of eternal antiquity, making a thumping sound, but the gate could not be knocked open.

Ren Fanfan said to Ye Chen, "it's the imperial edict of the Kirin tree. This person may be the surviving descendant of the Xiao family, one of the top ten Heavenly Kings."

One of the top ten Tianjun families, Xiao family, was wiped out in archaic times.

Except for Ren's family, some of the other families survived. This mysterious woman is obviously a survivor of Xiao's family.

"Who is it?"

The mysterious woman hears a voice behind her, turns her head in a hurry, sees Ye Chen and Ren extraordinary, and is shocked immediately.

At this time, Ren Feifan, who had just refined the giant whale tree, was vaguely aware of the appearance of the giant whale. When the mysterious woman saw it, she was shocked and said, "are you from Ren's family?"

Ren Feifan did not answer in silence.

The mysterious woman looks at Ye Chen again. She discovers Ye Chen's potential Qi luck, which is more powerful than Ren Fanfan. She can't help but be shocked.

Ye Chen said: "girl, if you can't open the door, please give way. We need to go out."

The mysterious woman immediately alert, said: "who are you in the end?"

Ye Chen smiles and says: "the girl hasn't said her identity yet, but why did she ask us?"

The mysterious woman was stunned and pondered for a moment. She said, "my name is Xiao Qingyan. I'm the only one left in the Xiao family. Who are you?"

Ye Chen said: "I'm a stranger. Now I want to go back. Please give way to me."

The mysterious woman was shocked and said, "stranger? Are you the Lord of reincarnation, ye Chen? "

Over the past few days, the reputation of Ye Chen's reincarnation Lord has spread all over the earth. Everyone knows that he may be the breaker against the ruling Lord. Xiao Qingyan is also like thunder.

Ye Chen smiles and says, "it's me. Can you get out of the way?"

Xiao Qingyan was shocked. He looked up and down at Ye Chen. He saw that ye Chen was calm and steady. Although his cultivation had only eight levels of heaven, it gave people a very stable feeling, as if there were no things he could not solve in the world.

"So you are the master of samsara. I'm disrespectful!"

Xiao light Yan hurriedly salutes, tone with a trace of respect.

Ren Feifan said in a deep voice, "please let me know. We have something important to return to the outside world."

Xiao light Yan way: "yes!"

Finish saying, she then lets one side, quite a bit curious looking at Ye Chen and Ren extraordinary.

This door of eternal antiquity, had not been opened for many years, she is to want to know very much, leaf Chen and Ren extraordinary how to open.

Ren Fanfan looked at Ye Chen and said, "do it."

Ye Chen nodded and immediately offered up three imperial edicts.

These three Fu Zhao are the Fengqi Fu Zhao of Mo family, the Jinpeng Fu Zhao of Lin family and the universe Fu Zhao of Hong family. They are all the keys to open the door of eternal antiquity.

As soon as Xiao Qingyan saw the three keys, he was shocked and said, "ah, how can you have the key to the eternal gate? And there are still three. Do you need three keys to open the door? "

Ye Chen's capture of the key of the three clans is quite secret. Outsiders don't know about it. They only know that his fight with the Hong family is for the sake of fighting for the crape myrtle Star River. How can they expect that there is a fight for the tree of the universe behind it.

Ye Chen said: "Miss Xiao, the major of the ruling is to be promoted to Tianjun. He is very lucky. Tianjun's family is very weak. One key can't open the door. You have to have three. You don't have to waste your efforts."

He didn't want to see Xiao Qingyan try in vain, so he reminded him.

In Xiao Qingyan's hand, there is the key to the magic tree of Xiao's family. Originally, Qi luck has been lost. I don't know what means she used to restore the energy of the key.

But even if the recovery, with only one key, it is impossible to open the door, it must be three.

"Three keys? Then I couldn't open it because I lost two keys? "

Xiao light Yan a listen to, immediately stunned, she worked hard, only get their own key just, where to gather enough three?Ye Chen reminds after, also don't care Xiao light Yan, urge three Dao Fu Zhao.

After all, he has been in the center of the earth for a long time. It's best for him to leave nature as soon as possible. It's troublesome if he lands after the judge.

Of course, there is any special in here, after all, is the heart of the earth, any special can not be arbitrary!

Hum, hum, hum!

All of a sudden, the three magic tree talismans, all burst out a bright light.

There is a phoenix flying out of Mo's imperial edict.

In the Lin family's imperial edict, a virtual shadow of Jin Peng rushed out.

The Hong family's imperial edict is also a ray of sharp cosmic starlight.

Phoenix, Jinpeng, cosmic starlight, three powerful weather, fiercely towards the eternal gate.

There is an ancient pattern on the gate of eternal antiquity. The pattern keeps spreading. The whole gate is like a broken void, from which strange light flows out!

Bang!

Two golden gates were opened in a flash.

"The gate of eternity is open!"

Xiao light Yan exclaimed, did not expect their own hard impact, can not break through the door, ye Chen suddenly knocked open.

As soon as the gate of eternal antiquity is opened, a dark green space vortex emerges. Through this space vortex, you can leave the earth's center and go to the outside world.

Whoa, whoa, whoa!

After successfully opening the door, ye Chen waved his hand, and the three imperial edicts turned into streamers, returning to the land of the three ethnic groups.

These three imperial edicts were borrowed by him and naturally needed to be returned. If he forcibly seized them, there would be great cause and effect.

It took hundreds of years or even thousands of years for the Fu Zhao to be used once and used again for the second time.

Lin Tianxiao of the Lin family, Mo Hanxi of the Mo family, and Hong Xin of the Hong family know that ye Chen has successfully opened the door and is going to return to the outside world after seeing the return of Fu Zhao. They don't know when ye Chen will come again one day.

Ye Chen sees the door open and says to Ren Fanfan, "let's go, senior Ren."

Thinking of returning to the outside world soon, ye Chen's blood is turbulent in his heart, and he feels more timid about his hometown.

Ren Fanfan nodded, and he wanted to return to the outside world with Ye Chen.

"Hey, reincarnation Lord, wait!"

At this time, Xiao light Yan but quickly called Ye Chen.

Ye Chen stood at the edge of the gate of eternal antiquity. Seeing Xiao Qingyan's look, he guessed what she wanted to say and said: "Miss Xiao, what's the matter? If you want us to take you away, it's absolutely impossible. Everyone has his own cause and effect. If you want to go out, you have to think of your own way. "

Chapter 5908

Xiao light Yan suddenly language plug, she just want to ask Ye Chen to help.

But ye Chen is not a bad man. He has worked so hard to get three keys. How can he let people take the cause and effect so easily?

Ren Fanfan looked at Xiao Qingyan and said slowly, "girl, you have too much cause and effect, and there are deep blood feuds behind you. We don't want to tangle with you. Please respect yourself."

The tone of his words is very heavy.

Xiao Qingyan is the survivor of Tianjun family. Her blood feud is too huge. It's not a good thing to take her with you because she is contaminated with cause and effect.

Xiao light Yan cheek a red, bit to bite teeth, didn't expect Ye Chen and Ren special, refuse so simply.

"Let's go."

Ren extraordinary no longer tube Xiao light Yan, ready to leave with Ye Chen.

"Wait!"

Xiao light Yan once again called two people, seems to make up what determination, took a deep breath.

Ye Chen said: "do you still want to pester me? I advise you not to force it

This Xiao light Yan, strength probably in too true realm seven layer days, if fight up, don't need any special hand, ye Chen a move can second kill her, don't be afraid of her hard come at all.

Xiao Qingyan said: "you are the Lord of reincarnation. You have a great reputation. How dare I fight with you? I just want to make a deal with you. "

Said, Xiao light Yan offered a thing, but it is a jade.

This jade pendant is filled with the breath of natural disasters, and the fierce weather of great disasters. It seems that all the disasters in the world are contained in it. Once it breaks out, it will have a devastating effect.

"Well?"

Seeing this, ye Chen's face changed slightly. He felt that this jade pendant was in good agreement with the disaster sky sword he had never used!

Xiao Qingyan clenched his red lips and said, "this is the secret treasure of the Xiao family. It's called disaster soul jade. It has the power of natural disaster. It's a rare magic weapon. If you are willing to take me, I will give it to you!"

In Ye Chen's heart, the jade of disaster soul fits with the breath of disaster sky sword. If it merges, disaster sky sword will be powerful.

Moreover, ye Chen also caught that the disaster soul jade has a special flavor, which can hide the cause and effect.

If he gets this jade pendant, he can go back to heaven and man, and hide his own breath, so that he won't be found by the Confucians and xuanjiyue.

In this way, ye Chen can have enough time to plan revenge.

"It's the jade of disaster soul. It's said that the ancestor of the sword God forged the disaster sky sword. That's the inspiration."

Ren Fanfan was quite surprised to see this jade pendant.

The eight heavenly swords are all made by the ancestor of the sword God, and the disaster Heavenly Sword in the eight heavenly swords is inspired by the disaster soul jade of the Xiao family.

The ancestor of the sword God saw the weather of the disaster soul jade, and then he sprouted his inspiration and forged a powerful Heavenly Sword which gathered the great disasters. It can be seen that this thing is extraordinary.

Xiao Qingyan raised his eyebrows and said, "yes, this jade pendant is the source of inspiration for the disaster sword. It's very valuable. I'll give it to you directly. Just ask you to take me to the outside world."

Ye Chen said: "girl is from the heart of the earth. What can I do for you? Are you not afraid of withered blood? "

Generally speaking, if people in the earth's heart go to the outside world, their blood will wither under the conflict of cause and effect, unless they are atmospheric carriers such as emperor Shitian and xuanjiyue, who are enveloped by atmospheric transport, they can avoid disaster.

But obviously, Xiao Qingyan is not a person of this level.

Xiao Qingyan said: "I have a special technique. I can survive in the outside world for a period of time."

Ren Feifan stepped forward and said, "what about after that? How are you going to get back? "

At present, from the outside world to return to the heart of the earth, Ren Fanfan only found a star road, and there is a guardian of heaven staring at him. Next time, he will be in danger.

He would like to know if there is any other way.

Xiao light Yan stayed for a while and said: "I... I didn't think about this problem. I went outside and didn't plan to come back."

Ye Chen and Ren Feifan look at each other. They both feel that there must be a major cause and effect behind Xiao Qingyan. They are struggling to never return to the earth's heart, and they have to go to the outside world to pay for the risk of withered blood.

Ren Fanfan is a little disappointed. It seems that Xiao Qingyan doesn't know the second way.

Ye Chen also just asks Xiao light Yan's cause and effect, outsider's affair, he naturally won't be easily affected, way: "this trade can, you will disaster soul jade give me, we take you to leave." Xiao light Yan heard Ye Chen agreed, face a joy, but immediately heart a tremor, reluctantly looking at the hands of disaster soul jade.

Obviously, this disaster soul jade is too precious, so give ye Chen, she loss is too big.

However, in addition to the disaster soul jade, she also can not take out other trading things.

Ye Chen also felt that he was making too much money. He just took the other party's heirloom along the way. He was quite sorry and said, "Miss Xiao, I'll give you another pot of Danxian wine."

Ye Chen offered a sacrifice to Dan Xianhu, and then took out a jade pot. He bent his fingers across the air. A wisp of spirit liquid filled with the smell of wine and medicine came out of the Dan Xianhu, fell into the jade pot, and soon filled it with a full pot.

Although the danxianhu is only the size of a gourd, there is still room in it. The spirit wine it carries is at least a kilo. It's no big deal to drink a pot of it as a gift.

"This is... Dan Xianling wine? Isn't danxianhu in the hands of the temple? How could it be in your hands?"

Xiao light Yan see that Dan Xian Hu, immediately shocked.

Do you think ye Chen has snatched Dan Xianhu from the temple?

It's a wonderful thing to cultivate the strong, to harden the muscles and bones, and to improve qi movement. It's better than any panacea.

Ye Chen smile, also didn't say too much, will a pot of wine to Xiao light Yan.

In this way, the deal will be much fairer. After all, the value of Danxian wine should not be underestimated. Danxian Hu is in Ye Chen's hands. Now there is not a drop of wine in the heart of the earth. If outsiders want to drink this wonderful wine, they can only rely on Ye Chen.

Xiao Qingyan took this pot of wine and said, "thank you for the gift of the reincarnation Lord."

Then she gave the disaster soul jade to Ye Chen.

Ye Chen takes the jade of disaster soul, and immediately feels the breath of disaster. It fits the sword of disaster very well. The sword of disaster hidden in the picture of the yellow spring also vibrates violently. It seems that he is full of desire to merge this jade pendant.

"Very good. I also thank you for your jade pendant, Miss Xiao. Let's go."

Ye Chen puts the disaster soul jade into the world of the yellow spring, and then waves to Xiao Qingyan.

Xiao light Yan is very excited, flying, and ye Chen, Ren extraordinary together, into the eternal door!

Chapter 5909

The three go through the vortex of space, leave the geocentric region and go to the outside world.

Boom!

After the figure of the three disappeared, the gate of henggu was closed again.

Ye Chen, the Lord of reincarnation, and Ren Feifan, the son of destiny, the breath of cause and effect completely disappeared in the earth.

There, the Lord of the judgment sensed the disappearance of Ye Chen and Ren Feifan, and immediately began his activities.

Under the leadership of Chen zuiyue, the fourth elder, many heavenly generals are ready to fight against the three tribes again!

The rain is coming and the storm is coming. At this time, ye Chen, Ren Fanfan and Xiao Qingyan have left the earth successfully and are about to return to the heaven and man.

.....

Don't know how long, three people open eyes, but is tiny a shrink.

Because they appeared in a palace full of Ancient Runes.

Ye Chen sensed that this place was not the realm of heaven and man. What's more strange is that it didn't seem to be the realm of the earth.

"Mr. Ren, where is this? Shouldn't we cross the eternal gate and reach the realm of heaven and man? "

Ren Fanfan looks at the above rune, reaches out his hand and touches it slightly, and ripples emerge.

If he was thoughtful, he said a few seconds later: "if I guess correctly, this temple is the key to connect the earth's heart and the heaven and man's world."

"We have not reached other places, but we have not reached the realm of heaven and man at present."

Ye Chen instantly understood something and said: "I heard that the four domains and the geocentric domain seemed to be connected at the beginning, but some strong people forced the geocentric domain to be independent. Is this space the key?"

Ren Feifan shook his head: "it's not common people who can isolate the two domains. Only by mastering the law of space or some divine object can they be qualified to do it. It seems that the strong men of that era are far more terrible than they are now."

"However, according to my perception, there are some people who leave the earth's heart with the help of the eternal gate, but those people should never have entered here."

"But we arrived by accident. I'm afraid it's the blessing of you and me."

Ye Chen and Ren Fanfan, both of them are the existence of great Qi Yun. If they are infected with cause and effect, the superposition of Qi Yun is bound to be terrible.

Ren Fanfan doesn't want to meet and connect with Ye Chen too much. He is afraid of this. Once his luck is too terrible, cause and effect fluctuates, those big people will surely notice.

At this time, Xiao Qingyan had come to a bronze skull.

She didn't have much interest in the surrounding runes, and she couldn't feel the meaning that Ren Fanfan and ye Chen could understand with her comprehension, but she found something strange on this skull.

She has the blood of the Xiao family in her body, and the cause and effect on the skull has a little connection with the Xiao family.

She subconsciously stretched out her hand, fingers touched the skull, instant, a very terrible suction surge from!

Xiao Qingyan's face changes greatly. He just wants to shout. Ren Fanfan has come to his side. Surrounded by thunder light and blood moon, he catches Xiao Qingyan in an instant. With a fierce pull, Xiao Qingyan is thrown out in an instant and smashed on a wall.

Xiao Qingyan's face is pale. Her strength won't hurt this collision. The key is that she just feels her spirit and spiritual power are going crazy!

If not Ren extraordinary hand, she may have died here!

"Thank you, master." Xiao Qingyan stands up and thanks Ren Feifan.

However, Ren Fanfan's expression is extremely serious: "we take you to leave together, it's a big cause and effect, you shouldn't be like this."

Later, Ren Feifan said to Ye Chen, "don't touch anything here. I think the power of space will send us back to our real destination in a short time. As for why we are here, it should be that this temple is a kind of God. God has spirit. He hopes that we can help him."

Xiao light Yan beautiful eyes stare big, some curious, but dare not say what, for fear of just now things.

Ye Chen's eyes narrowed slightly, and suddenly walked towards the deep of the temple. Soon, his steps stopped, because it was a huge mural.

On the mural, it is a scene of casting sword!

And the sword is just four!

Ye Chen is very sure that one of the Four Swords is in the Zhenxie plate, and the other three should be the three swords guarded by Xuening Qian.

Starting from the murals, the earth is stained with blood. These four swords were stained with too many people's lives at the beginning of casting swords. Ren Feifan also comes to Ye Chen's side. He looks at the mural and seems to have guessed something, but he doesn't open his mouth. Instead, he turns back to the original place and sits cross knee, as if waiting to leave.

Xiao light Yan looked at a few eyes of this painting and did not find anything, but also can only learn Ren extraordinary back to the original place.

Leave Ye Chen alone.

The more Ye Chen could see, the more shocking it was. These four swords were at least stained with the blood of thousands of people.

These ten thousand people are not ordinary people, the real strong!

At this time, an old voice suddenly came: "this game of chess, can you help me?"

Ye Chen a Zheng, turn head to see to allow special and Xiao light Yan, two people still close eyes, obviously didn't hear.

Is what Ren Feifan says true, somebody lets them 3 people step into here intentionally?

To be exact, you want to see yourself?

Ye Chen to the mural channel: "master, you lead me here, why?"

However, the voice still repeated that sentence.

"Can you help me with this game of chess?"

"Can you help me with this game of chess?"

Just when ye Chen was a little impatient, he suddenly found that the mural in front of him was flowing!

The picture of casting sword is completely reorganized!

Finally, it turned into a different picture.

In the picture, a woman holds a sword with two swords behind her!

The woman's whole body is stained with blood, and there are sword marks everywhere.

This woman is not someone else, it is hemagglutination!

The picture is moving.

Finally, Xuening Qian's figure turned into a blood mist and disappeared completely in the world.

The sword in Xuening Qian's hand fell to the ground and soon suspended. Together with the three swords, it disappeared completely.

Ye Chen's pupil shrinks, and this picture seems to be the picture of the future.

Hemagglutination seems to be dead.

And the three swords seemed to have been taken away.

As for what happened in this, ye Chen does not know.

Ye Chen's heart is a little heavy. These days, he doesn't spend much time with Xue Ningqian, but he has taken this strange girl as a friend.

Now that he knows the fate of this friend, of course, he feels a little uncomfortable.

But soon, ye Chen Mou son ignited the fighting spirit, murmured:

"At the beginning, I saw the accident between Ren and Xuelong, but now it doesn't change the ending as before."

"It's man-made. Heaven wants it. I can't go against heaven!"

"Xueningqian, I Ye Chen will never let you have an accident!"

Chapter 5910

However, ye Chen also found some favorable things from the picture.

The strength and temperament of Xuening Qian in the picture are more terrifying, which should be too far away from today.

I still have time to grow!

Soon, ye Chen found that the mural disappeared, and the picture of the sword and blood coagulation were gone. Instead, it was a rune which was the same as other walls.

Ye Chen knows that this is what the temple wants to see. Now that he has seen it, it's time to leave.

Ye Chen comes to Ren Fanfan and Xiao Qingyan, and closes his eyes. In a flash, the surrounding space fluctuates!

The three disappeared again!

I don't know how long the air changed slightly.

The three opened their eyes.

Ye Chen suddenly found that he came to the far north of heaven and man. It was a desolate world. It was in the evening, and the afterglow of the evening was shining on the three people. They had a sense of desolation and heroic blood.

Ye Chen nose tiny a smell, peeped out a smile.

The air in heaven and man is more comfortable.

However, the place of arrival is a strange place.

Originally, ye Chen thought that he would return to the place where the hundred day battle in the temple of Confucius took place.

It seems that I really think too much.

"Cough..."

Xiao Qingyan coughed violently, but he fell on his knees and his face was pale.

"Miss Xiao, what's the matter?"

Ye Chen hastily raises her, the way.

Xiao light Yan cheeks a red, way: "nothing, the first time to leave the heart of the earth, not too used to."

Although she has a special technique to protect her body, but after all, there is a conflict of cause and effect, and she does not have the protection of the atmosphere. At this time, she suddenly came to heaven and man. Naturally, she was greatly impacted, and her blood and blood were churning between her chest and abdomen, and she almost vomited blood.

Ye Chen is silent, pour also didn't ask much.

Xiao Qingyan saluted Ye Chen and said, "reincarnation Lord, thank you for bringing me out. I'm very grateful. I hope you take good care of my Xiao family's disaster soul jade. We'll meet again later."

With that, Xiao light Yan is turned away, weak body, in the sunset, seems a little lonely.

Ye Chen wants to say something, but he doesn't say anything in the end. It's better not to get involved with Xiao Qingyan too much.

Ren Fanfan also thought of something and said: "boy, I should go too. I come to the earth with the body of destiny, which is likely to attract the attention of those guys. I will come back to you when I have a chance."

"It's best to keep some distance between you and me."

"Take your time, senior."

Ye Chen sent Ren Fanfan to leave. The setting sun goes down and night falls. Ye Chen is the only one left in the mountains.

He took a deep breath. Although the aura of heaven and man is not as strong as that of earth, the air here makes him feel very familiar.

However, the decline of the way of heaven seems to be more serious.

I'm afraid that during my absence, there have been some changes in the realm of heaven and man.

"First refine the disaster sky sword, and then expand their own strength."

Ye Chen heart read a move, back to the world of the yellow spring, the disaster sword and disaster soul jade out.

Before the disaster sword to Li Feixue, Li Feixue secretly returned to himself, he never used.

Now the disaster Sky Sword reappears, although there is no sword soul, but the vision is still not small, worthy of the sky sword.

With one sword and one jade, the two breath communicate and resonate with each other, and there is a vast breath of natural disasters.

This natural disaster is wind disaster, thunder disaster, fire disaster, rain disaster, snow disaster and so on. The majestic weather of all kinds of heaven and earth constantly vibrates and interweaves, making the world of the yellow spring seem to fall into the end of a disaster.

"This disaster soul jade is really wonderful."

Ye Chen nodded secretly. The breath of disaster soul jade and disaster Sky Sword fit very well. The two haven't fused yet, but they all have such a strong resonance breath together. It's conceivable that once fused, what degree will they degenerate into.

At the moment, ye Chen sits with his knees crossed, trying to integrate the disaster Sky Sword and the disaster soul jade.

However, although the breath of these two items coincides, the law is very firm. It is not easy to integrate them.

"Eight trigrams Dan stove, open!"

"Yan xuan'er, come out and help me!"

"It's the master!" In an instant, a little girl was suspended in the air!

It's the fire of Daoling, Yan xuan'er!

Although Ye Chen has used very little Yan xuan'er recently, Yan xuan'er is still growing up, and today's flame intensity is also extremely terrible.

Ye Chen is not in a hurry. He sacrifices the eight trigrams Dan stove, throws the jade of the sword soul into it, and then urges the fire of the Dragon flame and the Taoist spirit to ignite all kinds of flames and burn them in the Dan stove.

At this time, his dragon flame pulse has been transformed into a perfect one, communicating with the fire of Tao spirit and other flames. As soon as the pulse is opened, the blazing flame will be ignited in the furnace, constantly burning the laws of disaster Sky Sword and soul jade.

Ye Chen then transfers the holy water of the yellow spring to pour it into the red stove. The flame is watered by the water of the yellow spring, whirring and emitting wisps of white smoke.

The rules of Heaven Sword and soul jade are constantly suppressed and gradually merged.

However, the process of integration is rather slow. It may take hundreds of years for the two to really combine.

"The power of law is so strong."

Ye Chen frowned. It seems that both the disaster sword and the disaster soul jade are first-class spiritual objects. The rules contained in them are very firm. Even if he uses the eight trigrams Dan stove and the fire of the Taoist spirit, it is difficult to integrate them in a short time.

"Danxianling wine, drop!"
