Chapter 5941

A Mao's family had a good life, but since a Mao was born, accidents have happened frequently.

When their family began to die strangely, everyone thought they were ill, but the diagnosis of all doctors denied this conjecture.

Later, their family thought it was a geomantic omen problem. After moving home several times, they still didn't get better. Every once in a while, some relatives died of strange diseases.

A few years later, a warrior passed by the village. After seeing it, he said that he smelled evil spirit from a Mao, but he was weak. He had no way to judge the more specific situation or solve it. So he advised a Mao's family to be cruel and end the child.

Naturally, the a Mao family would not believe it, and most of them would not give up.

As Mao grew up day by day, his family finally died one after another, leaving only the only grandfather completely paralyzed and bedridden.

Unable to raise a Mao's grandfather, he plans to give him away, but who dares to accept him?

The townspeople can only help them once in a while, helping the old and the young.

Until the family that helped them the most, the child who always went to play with Ah Mao, died inexplicably, the townspeople finally did not dare to associate with Ye and sun.

Fortunately, it seems that as long as we don't have too much involvement with him, we will be at peace.

This is also the reason why the villagers in the village didn't drive them out of the village, but the people in the village can only let them live as if they didn't exist.

After hearing these words, ye Chen is a little unwilling to believe.

Although we also pay attention to cause and effect on the way of practice, the saying of disaster star is too ridiculous.

However, when ye Chen felt it carefully, he did feel a trace of the spirit of the demon clan on Mao's body.

This evil spirit is extremely familiar!

It's the demon!

At this time, xuanhanyu began to remind: "strange, this is really the smell of the demon."

Ye Chen doesn't understand ground to ask a way: "does the day demon let me intervene of affair, relate with this kid?"? How can such an ordinary child be related to the demon? "

"I don't know, but there's a cause and effect of the demon in this child."

Ye Chen holding small a Mao, under the guidance of the villagers, came to his door.

Mao's home is in a state of disrepair, and weeds have grown in the door and yard for a long time. Ye Chen has passed here several times, but he thinks it's just an abandoned house. Unexpectedly, there are still people living in it.

After carrying little a Mao into the house, ye Chen sees a skinny body in a pile of old cotton wadding. A Mao's grandfather has been dead for a long time, but no one has found it.

Ye Chen leaves his home with a Mao in his arms and informs the villagers in the village to help bury his grandfather. The villagers are not happy at first, but for ye Chen's sake, they can only reluctantly agree.

And he himself, will be small a Mao back to his house.

Ask other people for children's clothes, wash Mao and put them on, and then prepare clean and delicious food for him.

In this process, Mao has been obediently cooperating, neither crying nor making noise. Food is placed in front of him, and there is not too much food grabbing. He takes it up and eats it. When he is satisfied, he puts it away.

It's not that Mao is sensible, but because he seems to be a little silly.

But ye Chen feels that this child is different from other idiots. As for the difference, he can't tell.

Is it the influence of demon breath?

Ye Chen can't help doubting.

After eating and drinking enough, Xiao a Mao seems to be familiar with Ye Chen.

He slowly walked to Ye Chen's front, his upper body lying on Ye Chen's leg, two small hands holding Ye Chen's right hand constantly pulling.

Ye Chen began to think that he was playing, some didn't like it, but under the efforts of little a Mao Qi, he finally looked down at him.

See ye Chen bow head, small a Mao pulls his hand, wobbly forward a step, and look back at him.

"You want me to go with you?" Ye Chen opens his mouth to ask a way.

Little a Mao didn't respond. He continued to pull Ye Chen's hand and took another step forward.

This meaning again understand, leaf Chen ordered to nod, follow small a Mao to come to the door.

Then he took Ye Chen and went outside the village.

Ye Chen simply picked up little a Mao and went directly to the entrance of the village. Then he put him down and asked, "where are you going?"

Xiao a Mao took a few steps forward and looked back at Ye Chen.

Ye Chen looked at the direction of Xiao a Mao's advance, pointed to the peak outside Taiping Village and asked, "do you want to go up the mountain?"

Little a Mao still didn't answer, but when ye Chen picked him up and walked up the mountain, little a Mao's look didn't change, but he didn't refuse.

After going up the mountain, when ye Chen doesn't know where he wants to go next, he puts a Mao on the ground, takes a few steps forward, and then carries him forward. Once Ye Chen's direction is wrong, or passes by, a Mao in his arms will reach out to push Ye Chen's shoulder, and he knows the other party's intention.

Although it's troublesome to communicate in this way, it doesn't cause any problems. Ye Chen holds a Mao in his arms and keeps going into the mountains.

Just such a small child, and no family, ye Chen really can't figure out where he is going.

However, since the child insists on taking himself there, let's see what he wants to do.

With such an idea, ye Chen let Xiao a Mao lead him to the depths of the mountains.

Finally, after crossing several mountains, they stood at the edge of a big pit.

It's not accurate to say that it's a big pit, because although the diameter of the pit is less than ten feet, it's winding and can't be seen to the end.

Standing at the edge of the pit, Mao, regardless of the danger, tramples on the pit. Ye Chen rushes over and holds him in his arms, which doesn't let him fall.

Ye Chen full of doubt asked: "do you want to go into the pit?"

Ah Mao still didn't answer, but he had already told him the answer by staring at him.

This makes Ye Chen more curious. What kind of existence is there at the bottom of the pit, which can attract Ah Mao a hundred miles away?

So regardless of the danger, he picked up little a Mao and fell into the pit.

After a vertical drop of tens of feet, the tunnel extends obliquely, but the more it goes down, the larger the space is.

After winding hundreds of feet, ye Chen finally entered a huge cave.

As soon as he entered the cave, ye Chen immediately felt a very strong smell of the demon family, which was exactly the same as that of the little a Mao. It was the smell of the demon.

Entering the cave, Xiao Mao's face finally showed a satisfied smile.

It seems to be here.

Chapter 5942

The cave was empty. There was nothing but a pool at the bottom of the cave.

Ye Chen stands beside the pool, feeling the source of the demon breath in the cave, and suddenly understands that the breath comes from the bottom of the pool.

"Yan xuan'er, look at Ah Mao. I'll go to the bottom of the pool and have a look."

Ye Chen calls out Yan xuan'er, and after explaining, he jumps into the water.

The icy water makes Ye Chen feel a little cold. He even has to protect his body with the fire of the Taoist spirit and the burning tablet. Then he continues to dive.

All the way smoothly into the bottom of the pool, ye Chen saw what he was looking for, a heavy stone box fell into the mud at the bottom of the pool.

"Whatever it is, we'll get it."

Ye Chen thinks so, then comes to stone box side, prepare to stretch out a hand to take.

All of a sudden, there was a dazzling white light around, and then the white light formed a triangle area, which surrounded him and the stone box.

Ye Chen immediately ate a surprised: "have array guard?"

The temperature of the pool water drops rapidly, and the fire of Daoling around Ye Chen's body can't resist, and it has been completely extinguished almost in the blink of an eye.

The chilling chill instantly enters the body, and the pool water begins to condense at the speed visible to the naked eye. Ye Chen hastens to activate the fire of the Taoist spirit again and forcibly guards around the body.

Even if there is the fire of Tao Ling to resist, the speed of water condensation has made Ye Chen a little inconvenient. If he delays for a while, I'm afraid he will be frozen here.

Ye Chen quickly reached out to pick up the stone box at his feet, but found that it was very heavy, and he couldn't get it up.

After two more attempts, the water was almost frozen, and the fire of the spirit on him had reached the limit.

Ye Chen has no choice but to give up the stone box that has already arrived at hand, and leave the influence range of the array with difficulty while the pool hasn't completely condensed.

After leaving the triangle area, the white light gradually disappeared, and the pool water that had been condensed slowly melted again.

Ye Chen thought and went back to the shore.

"Ah Mao, let me send you back to the village first."

Mao did not respond and did not object. Ye Chen took Mao and returned to Taiping village.

After settling Ah Mao into his room, he prepared food and water, and some children's toys. Ye Chen went back to the bottom of the pool again.

This time, under the protection of Yan xuan'er, the fire of Daoling easily dispels the chill in the pool.

Ye Chen stands outside the range of the array, looking at the stone box in the sand, and says to Yan xuan'er, "after you go in a moment, try to see if you can burn the stone box."

Yan xuan'er nodded and said, "no problem, young master."

"I hope the things in this stone box won't burn out so easily."

Ye Chen thinks, since be protected by array and stone box, should also not be so easy to damage.

So he let Yan xuan'er do it.

Not long after coming to the stone box again, the previous array started again, and the pool water quickly condensed again.

But this time, standing beside Yan xuan'er, who is trying to burn the stone box, ye Chen doesn't feel much chilly.

With Yan xuan'er's efforts, before the pool water completely condenses, the stone box makes a light sound, and the baked one splits a weak gap.

Ye Chen and Yan xuan'er leave the array area in a hurry. When the pool is calm again, Yan xuan'er enters the array alone to burn the stone box.

After several times, Yan xuan'er finally exclaimed excitedly to Ye Chen, "open it!"

Ye Chen enters the array again, and sees that the stone box has been burned black, and there is a big gap on the box.

Ye Chen takes out the Sha sword, gently inserts in the crevice, forces a pry, the stone box immediately divides into two parts.

"A horn?"

Ye Chen looks at the thing that is exposed in the stone box, the top is just from this angle, continuously sending out strong sky demon breath.

He folded up the horn and went back to the village.

After entering the room, ye Chen sees that a Mao is quietly waiting for his return in the room. Everything he is going out to prepare is not moving except the water.

Don't care to take care of these, after closing the door, ye Chen took out the horn and put it in front of a Mao.

He looked at little Mao and asked, "is this what you are looking for?"

Ah Mao looked at the horn in front of him. In his godless eyes, he suddenly gave out a strange look and nodded for the first time.

Then he stretched out his little hand, with both hands to the horn in his hand, the next action, let Ye Chen some surprise.

Because Xiao a Mao took the horn up, looked at Ye Chen and put it on his hand.

Ye Chen asked in surprise: "do you... Want to give this horn to me?"

Mao nodded and forced the horn to come over.

Ye Chen some guess don't understand a Mao's idea.

Why do you want to give yourself the things you can't find easily, especially the demon breath on the corner is the same as that on Ah Mao.

But under Mao's insistence, ye Chen had to take it.

He wanted to find out the origin of the horn, but Xuan Hanyu didn't know either. He only knew that the demon breath came from the sky demon, just like the one on Ah Mao.

But Mao can't speak, and he is too young to communicate.

Ye Chen inquired about the villagers in the village for several days, but he got nothing except for the tragic things happened to his family after Mao was born.

He had to find the answer from Mao.

Chapter 5943

However, before there was any new plan, several strange things happened in the village.

Within a day, there are always young villagers who are mysteriously missing. When they are found, they are mostly around the village, but they have been dead for a long time, and their bodies also look very old.

Ye Chen hears this news, the first time thinks of, is to have evil to repair to arrive nearby.

He carefully examined the bodies of the villagers and found that not only the body was aging, but also the blood in the body seemed to have lost a lot. He didn't know where to go.

But there are no wounds on the body.

In this way, ye Chen is more sure that it must be the work of evil cultivation.

Hearing this conclusion, the villagers of Taiping Village immediately panicked, and hurriedly begged Ye Chen to drive away the evil repair and return the village to safety.

Ye Chen comforted the villagers and told them to stay at home as much as possible, and then went to trace the whereabouts of the murderer himself.

It's just a day, but nothing.

That night, ye Chen just settled down with a Mao and went to bed. Suddenly, he heard a loud voice in the village. He hurried to follow the voice.

When ye Chen follows the sound and arrives at a family, the family of the other party has already suffered misfortune, and no one is spared.

It seems that this evil cultivation has no scruples, and has not put Ye Chen in his eyes at all!

Ye Chen looks at the tragic image in front of him, and immediately he is angry, and he swears that he must catch the evil repair and avenge the family!

At this time, there was another scream from a distance, but it was at the other end of the village.

Ye Chen arrived at the scene with the fastest speed, but still didn't come. The murderer had disappeared.

Then there was another cry at the other end of the village, and ye Chen turned back, only to see many villagers come out of their homes in panic and gather in the street to cry in terror.

Ye Chen asks a way hastily: "did you see murderer where?"

The villagers gathered together, pointing to Ye Chen behind.

He turned abruptly, but there was no one behind him.

"You don't have to panic. Now that everyone has come out, just call all the people in the village together. I don't believe the murderer hasn't shown up yet!"

Ye Chen asked the villagers to gather together in the middle of the village, and he came to the other end of the village to inform other villagers.

Just arrived at this side of the village, a family screamed again.

Ye Chen immediately broke into the door, in addition to the corpses, still empty.

"Who are you? What is the ability to hide one's head and show one's tail! "

Ye Chen can't help roaring, and his voice resounds through the whole village: "if you have the ability, come out!"

"Ha ha, we are old friends."

The voice of a strange young man came from a distance. It was in the middle of the village.

"No!"

Ye Chen screams in secret that it's not good. He doesn't care to inform the villagers at this end of the village, so he rushes to the center of the village.

There gathered a lot of villagers, the murderer appeared there, that's amazing!

In the middle of the village, ye Chen sees a young man standing in front of the shivering villagers with a black crutch in his hand.

Looking at his cultivation, it seems that he is even higher than his own realm. Although he feels familiar, ye Chen can't remember who he is.

Ye Chen asks aloud: "who are you exactly?"

"Ha ha... After a few days, did you forget your blood debt?"

blood debt?

Ye Chen suddenly surprised: "are you a disciple of xuanxuezhong?"

The young man chuckled and asked, "what? I just changed my body, and you can't recognize it? "

Ye Chen looked at the ghost on the crutch in the young man's hand, and immediately remembered his identity.

"You are... Blood withered spirit Zun!"

"Boy! It's too late to recognize me now! "

"Today I will teach you that the root must be removed when cutting grass!" The blood withers to work properly Zun to smile triumphantly, with the ghost head stick in the hand before the body once rowed a circle to say, "all people here, all have to die together with you!"

The villagers immediately burst into tears.

"You dare!"

Ye Chen suddenly said angrily: "if you dare to move one more person, I will let you die today!"

This sentence is not only a threat. Even though the rules limit the use of the Heavenly Sword and some martial arts, Rui Dao Yin has restraint on it and is fully capable of doing it. Besides, the blood withered spirit Zun, who has tried once, naturally has his own experience.

But see blood wither to work properly Zun lightly smile a, don't care to say: "that can not necessarily."

Before ye Chen spoke again, a large number of villagers' voices came from behind. He quickly looked back and saw that the villagers who had not been able to inform him were running forward in horror, as if there were monsters chasing after him.

When the villagers ran near him, suddenly a figure flashed through the night sky, and then another figure stood in front of the group of villagers.

As soon as he looked at the person's identity, it turned out that he was the right protector of xuanxuezhong.

No wonder the murderer was able to commit crimes quickly at both ends of the village this evening, but he couldn't catch people at all. It turned out that the two people cooperated.

The left and right Dharma guards were standing on both sides of the street. Behind them, they gathered a large number of villagers and surrounded Ye Chen in the open space in the middle of the village.

Ye Chen looks at a left and a right two Dharma protectors, some regret immediately, eyes dignified.

He had a chance to kill both of them, but he let them go twice, which led to the situation tonight.

What he didn't know was that xuekulingzun and xuekulingzun didn't find him recently, but they had quietly followed him several days ago.

Because ye Chen didn't want to prevent xuanxuezhong's revenge at all, and they moved slowly along the way, which made them easily catch up with themselves.

But at that time, the right Dharma protector's serious injury did not heal, and the left Dharma protector's cultivation did not completely recover, so they just followed Ye Chen from a distance, and did not make any action.

Until he lived in Taiping village.

Seeing that ye Chen and the villagers of Taiping Village get along well, they immediately have a plan and come up with the idea of restraining Ye Chen from destroying Daoyin.

That's why there's been a series of bizarre disappearances, and tonight's murders.

After the right Dharma guard drove the villagers to the scene, he asked in a loud voice: "you mole ants, do you want to live?"

When the villagers heard the right Dharma protector's question, they immediately cried, knelt down and cried out, "please let us live!"

Blood withered spirit Zun sneered, pointed to Ye Chen in the crowd and said: "it's OK to let you live, as long as you come forward and kill him!"

Hearing this, the villagers, who had a glimmer of hope in their hearts, suddenly fell into despair.

Not to mention that ye Chen has been kind to the villagers since he came to the village. Even if this relationship is thrown away, how can their strength kill Ye Chen?

Looking at the hesitation of the villagers, Xueku lingzun asked: "how? Not willing to do that? If you don't, you'll die on the spot! "

As soon as the voice fell, the ghost's stick swung back, and immediately hit a villager behind him, making his blood splash on the spot.

Chapter 5944

Although the threat of death was imminent, the villagers could not make up their minds.

They don't want to know who is right and who is wrong, but they just don't understand why the fight between the strong involves them?

The right Dharma protector laughed and then asked, "do you ever understand why there is today's disaster?"

Naturally, the villagers don't know.

The right Dharma protector then said, "it's all because this man provoked disaster. That's why he brought us here to bury you in vain!"

The two Dharma protectors who have been lurking around the village have long seen what ye Chen did in the town, knowing that he rescued the child who was called "disaster star" by the villagers in the town.

At this time, seeing that the villagers were not determined, they used this excuse.

As soon as this sentence was uttered, some villagers began to think wildly. After all, the fact that a Mao was a disaster has long gone deep into the hearts of every Taiping village villager.

And it's really all kinds of disasters that started in the town after ye Chen rescued a Mao.

Suddenly, some villagers were confused and said, "kill him, Taiping village is still peaceful!"

"Kill him and make Taiping Village peaceful!"

Immediately someone responded. The voice became louder and louder. Without the instructions of the Dharma protector, a large number of villagers rushed to Ye Chen.

Ye Chen sees this, quickly and loudly dissuades a way: "I certainly try my best to guard everybody, everybody must not be cheated by them!"

But no one to listen to his excuse, crazy to Ye Chen rushed over.

The left and right Dharma guards look at the scene and hide aside with a smile, waiting for ye Chen's next move.

Although these people's strength has no harm at all, ye Chen also has no way to fight against these innocent villagers.

He stared at the two Dharma protectors standing on the far side, with their hands behind them, and said indifferently, "is this your way?"

Say, ye Chen Mou son a coagulate, destroy road seal suddenly from the whole body to send out, gather in the surrounding large area of villagers immediately lie down a piece, most of them directly fainted in the past.

Ye Chen jumps into the air and rushes straight to the blood withered spirit statue standing behind the crowd, with endless killing intention surging.

The blood withered work properly Zun sees this, without a hurry ground once grabbed an ordinary person, fiercely threw to leaf Chen to come over.

Seeing the frightened villagers rushing towards him in mid air, ye Chen quickly reaches out his hand and catches each other gently. Before he puts down the villager, the other villagers have been thrown at him by the blood withered spirit Zun.

He can only put down the villager and go to pick up others.

However, he was constantly disturbed by the villagers, and he had no way to free his hand to attack Xueku lingzun.

"What's the matter?" said Xueku lingzun with a smile? A little busy? The way of the warrior shouldn't have pity. As long as you kill the mole ant in your hand, you can do it to me! "

He knows that ye Chen certainly won't do this, but he just uses such words to stimulate him.

Ye Chen's body is also some helpless in the mid air, this is almost the dead end of no solution.

Of course, he can rise to a higher level, avoid the shameless attacks of villagers and Xueku lingzun, and even walk away.

But in this way, the two of them will certainly start to slaughter the villagers and threaten to come back and save these innocent lives.

But as soon as they fall to the ground, they can continue to hide behind the villagers and encourage the villagers who want to live to fight against themselves.

In this situation, even if you can completely restrain the other party's destruction, you have nothing to do.

Unless, like these two shameless men, he doesn't care about these innocent lives.

But he can't!

Ye Chen is in a dilemma.

At this time, a riot started among the villagers who could not attack Ye Chen. Some of them were shouting something and ran in another direction.

In this case, the two Dharma protectors of xuanxuezhong didn't stop them at all.

Ye Chen listens and is surprised.

Because the content that villagers shout out in disorder has become: "kill the disaster star, save Taiping Village!"

The slogans became louder and louder, gradually becoming neat and resounding throughout the night sky.

"Kill the disaster star and rescue Taiping Village!"

"Kill the disaster star and rescue Taiping Village!"

.....

In order to survive, the villagers who have no way to take ye Chen and can't resist xuanxuezhong's killing intention simply think that since everything is caused by the disaster star Ah Mao, as long as Ah Mao is killed, the crisis will be solved naturally!

Ye Chen saw this and finally felt a chill.

No longer in charge of blood, lingzun continued to throw the villagers in the air. He turned around and flew to his temporary house.

By the time he got to the top of the room, the angry crowd had knocked the door open and was about to rush into the room.

Ye Chen falls to the ground of instant, Sha sword mercilessly brandish.

There is no need to show mercy to the villagers who are not willing to let go of their children!

A scream, ye Chen rushed into the house.

Just wake up of the small hair, at this time has been awakened, is staring at his big eyes, staring at the front of doubt.

He pulled Mao out of bed and held him in his arms.

Ye Chen coldly said to the villagers gathered at the door: "those who dare to move Ah Mao are dead!"

The villagers could not help but step back.

"Ha ha ha..."

After a burst of crazy laughter, the voice of Xueku lingzun came in from outside the door: "is this child your illegitimate son? For him, you even dare to threaten a group of unarmed people!"

Ye Chen couldn't help but scold: "blood withered lingzun, you evil practitioners, who have no trace of humanity, are proud of it and have no sense of shame!"

"Ha ha... The road is merciless. If you can't abandon human desires on the road of practice, how can you get the road?"

"Since you can't do this, you'd better think more about how you can escape today's disaster," he said with more pride

With that, Xueku lingzun once again agitated the villagers, reiterating the previous conditions.

After several screams, the villagers poured into the house again.

Ye Chen knew that avoiding was useless. Only by defeating the two Dharma protectors of xuanxuezhong as soon as possible could he save more villagers.

Thinking of this, he immediately gave up his heart. He held little a Mao tightly in one hand, and the evil sword in the other hand was growing wildly. He rushed to the door.

A fierce cry accompanied by blood splashing everywhere, ye Chen finally opened a path of blood, and the two Dharma protectors were not far ahead.

"Ha ha." "There is progress!" said Xueku lingzun with a smile

Then the ghost stick danced. Under the shadow of ghost, the villagers' faces changed and rushed to Ye Chen.

These villagers, who are enveloped by ghost Qi, are quite different from before. They are no longer just blindly killed. Everyone's body is full of the ghost Qi power given by the blood withered spirit Zun, and each punch and foot is also full of the power of approaching the true state.

Chapter 5945

Ye Chen knows that even if he wants to save the villagers who are contaminated with ghost gas, it's impossible, so he urges the fire of Taoist spirit, and the Sha sword dances wildly again.

As soon as the fire of the Taoist spirit touched the villagers, they began to burn their bodies crazily.

In addition to the erosion of the destruction of Daoyin, the villagers' howls are constantly echoed in the night sky under the dual effect of pain.

"You've all opened your eyes to me. Remember, this boy is responsible for such a hellish scene!"

Xueku lingzun yelled to the normal villagers behind him, and his voice was full of pride.

The villagers look at their relatives and friends, suffering from the pain just like in hell, and immediately cry and kneel down again, begging Ye Chen to raise his hand, even if they give their relatives a pleasure and let them suffer less pain.

In fact, ye Chen has been a little impatient for a long time. Even if these villagers want to kill themselves and Ah Mao, it's just to survive.

Moreover, even if these villagers are infected with ghost gas, they can kill the villagers who have not been saved even if they don't use the fire of the spirit and the intention of destruction.

incorrect!

If you want to put away the fire of the Taoist spirit, ye Chen suddenly understands that this is exactly the effect that the blood withered spirit Zun wants.

Without the fire of Tao spirit and the destruction of Tao seal, you will lose the advantage of restraining the other side.

With his current cultivation, if xuekulingzun was alone, he could barely fight. But how could the right Dharma protector stand by while he was still watching?

Without these two kinds of dependence, I would not be able to defeat them in any case.

"Shameless!"

Ye Chen bites his teeth and curses in a low voice, but he still takes back the fire and destruction of the Taoist spirit in his body when he knows it's bad for him.

Only with his own cultivation, Sha Jian waved a piece of cold light crazily.

The villagers, who were infected with ghost, screamed less and less until the whole night sky was calm again.

Ye Chen at this time also consume not small, some panting ground sword point blood dry Ling Zun, want to fight directly with him.

At this time, Xueku lingzun forces out a drop of blood essence, waves the ghost's stick again and pinches the Jue with his fingers. Suddenly, the corpses all over the place stand up again and surround Ye Chen again.

Xueku lingzun said with a smile: "hahaha... Boy, you can kill me slowly and have a good time!"

Ye Chen can only dance the evil spirit sword again and cut down the dead people who come back to life.

Fortunately, these corpses no longer scream, let Ye Chen heart reduced some guilt.

When most of the dead bodies finally fell apart and could not stand up any more, Xueku lingzun laughed and waved his ghost wand to cover some of the surviving villagers with ghost Qi and joined the attack of the dead bodies.

If we keep fighting like this, when will it be the end?

Moreover, ye Chen, who is tied up, has already consumed a large part of his aura. If this goes on, when the aura is consumed, it will be the time of his downfall.

Ye Chen while dancing Sha sword, while anxiously thinking about countermeasures.

At this time, a black shadow suddenly flashed behind him, and then ye Chen felt a heavy blow on his back, and the whole person had been hit in the air.

At the moment of landing, ye Chen still doesn't forget to protect Xiao Mao in his arms, even if he lets himself fall on the ground.

Without waiting for ye Chen to get up, the villagers under control have gathered around.

Ye Chen no longer ignores the others, Hongmeng big star sky suddenly opens, will press on the villager on the body all number to open.

After waiting to get up again, ye Chen is surprised.

Because the arms of a Mao, has been taken away!

"Ah Mao!"

Xiao a Mao couldn't make a sound at all. In front of him were all the villagers with strange looks. He couldn't be seen at all.

Ye Chen suddenly angry.

But without waiting for him to act, the shadow that attacked him before came again.

Although little a Mao is missing, ye Chen is no longer tied up.

The power of destroying Dao Yin is fully open, and the fire of Dao spirit on Sha sword is burning, and it cuts to the black shadow crazily.

"Bang!"

After a violent impact, the shadow finally stops in front of Ye Chen.

It's not someone else, it's the right Dharma protector's sneak attack!

Ye Chen clenched the Sha sword again and took it angrily.

The right Dharma's skill does not contain dead Qi at all. Ye Chen's advantage has no effect on him at all.

Because of this, the right Dharma protector launched a sneak attack on him at this time.

Two people can only rely on their own strength, hard to a contest.

But ye Chen has been fighting for a long time. Before, because he couldn't bear the pain of the villagers, he consumed a lot of aura, but the right Dharma protector was energetic and waiting for the opportunity.

And after the fight, ye Chen quickly felt the strength of the right Dharma protector, at least in the eighth floor of taizhenjing.

No more delays!

Ye Chen's eyes are red! Since the rules here make some martial arts unable to use, then he will use the once moon soul to chop!

Last time, the chance of geocentric region made him gain a lot, and his understanding of yuehun chop became deeper and deeper! But because of relying on other martial arts, the moon soul chop is rarely used!

This time just to see what power his moon soul chop is now!

On the huge Sha sword, the black blade is turning black streamer, making a hissing sound!

Countless auras are coming towards Ye Chen from all directions!

At the moment, ye Chen stands calmly with a long sword. A strange grain gradually spreads on his body, and the mysterious body turns into a magical power!

First, the spiritual power is transformed into power, and then the soul body is transformed!

Turn strength into soul power!

For a time, the power of Ye Chen's spirit has reached a level of incomparable terror!

Then, on the top of the evil sword, the light of the sword rippled!

That infinite soul power, poured into the long sword, the moon soul cut, burst out!

The moon soul chop that the surging soul power exerts is enough to make heaven and earth turn pale!

"Moon soul chop!"

At this moment, the sun and the moon are not shining! The right Dharma protector can't help retreating.

"Catch it

The voice of blood withered spirit Zun suddenly spreads, and then ye Chen sees him throw a small figure to the right Dharma protector.

The right Dharma protector easily fished out and blocked the figure in front of him.

Ye Chen recognized the figure and abruptly stopped the half cut Sha sword.

Taking this opportunity, the right Dharma protector, holding Xiao a Mao, retreats and hides behind a group of villagers. Xueku lingzun has once again waved his ghost wand and directed the villagers to attack Ye Chen.

Ye Chen, who has no way back, instantly dispels the villagers who are standing in front of him. In a burst of crying and howling, he rushes to Xueku lingzun.

The blood withers to work properly Zun to see this to immediately startle to lose color, hastily back escape.

Ye Chen is willing to give him a chance to destroy the seal. The fire of the spirit of the Tao gushes out like a fire dragon. The Sha sword bursts out with endless sword meaning and instantly devours the blood withered spirit.

After a terrible cry, the blood withered lingzun completely turned into a blood mist, without leaving a trace.

Chapter 5946

After Xueku lingzun disappeared, the corpses all around lost control and suddenly fell to the ground. The villagers who survived also fled and disappeared in the dark.

Ye Chen red eyes, staring at the right Dharma guard standing not far away, said harshly: "put down Ah Mao!"

"Hey, hey, you think I'm stupid!"

The right Dharma protector saw that Xueku lingzun was defeated almost in a flash. He was a little frightened. Without Xueku lingzun to control the remaining villagers, it would not be so easy to kill Ye Chen.

But fortunately, the child fell into his own hands, at least with this point, can also threaten Ye Chen.

So how could he be obedient and put down the little Mao in his arms?

"Ha ha ha... I think you are a fool talking about dreams!"

The right Dharma protector covered up his fear, squeezed a stiff smile from his face, and stretched out his hand to hold the child more tightly.

"If you are willing to make your own decisions on the spot, I can consider letting the rest of the villagers and the child go. Otherwise... "

How can ye Chen believe the lies of the right Dharma protector?

Since he won't let Ah Mao go, he has to do it himself!

Thinking of here, ye Chen suddenly waved a Sha sword and rushed to the past.

When the right Dharma protector saw that Sha Jian was attacking, he quickly took out his weapon to counter attack. However, a child was in the way in his arms, so he couldn't resist and stepped back.

Ye Chen takes advantage, stabs to the right to protect the Dharma. Suddenly, Mao's figure blocks in front again, making his sword unable to stab again.

With a sneer, the right Dharma protector grabbed Mao's back heart and used it as a shield.

Whenever he can't resist, he directly uses his child to resist, and ye Chen naturally retreats.

In such a strategy, even if ye Chen's real strength is far more than the other party at this time, he is not an opponent at all.

"Bang!"

Under Ye Chen's many hesitations, the weapon in the right Dharma protector's hand hit Ye Chen's chest. He couldn't help breathing and spitting out a mouthful of red blood.

The fire spirit Yan xuan'er feels Ye Chen's crisis and comes out on his own initiative. His whole body sends out strange flames and protects Ye Chen.

"Ha ha..."

The right Dharma protector took a look at Yan xuan'er and said with disdain, "the fire spirit of Dao Ling's fire has some meaning. If you want to keep yourself, don't mind your own business and find your own way as soon as possible."

"I don't want you to bully me!"

Yan xuan'er gritted her teeth and rushed to the right Dharma protector with a raging flame.

The right Dharma protector sneered and waved his weapon gently. A blood mist with pungent smell suddenly spread. As soon as the fire of the Taoist spirit touched the blood mist, it went out with a "Yi" sound.

Although Yan xuan'er doesn't know what the water mist is, the other party can obviously restrain herself. She has to step back, but refuses to get out of the way, and still keeps Ye Chen behind.

The right Dharma protector's cold face threatened: "you've seen the blood mist of 33 kinds of poisons refined with the blood of living people. It's not an opponent at all. Why don't you get out of the way?"

Yan xuan'er said stubbornly, "I just don't allow you to hurt me!"

"I pity that it's not easy for you to cultivate your spiritual sense. If you don't know what to do, let's go on the road together."

The right Dharma protector says, the big blood fog spreads suddenly, encircles to the direction of the leaf Chen.

"Yan xuan'er, get out of the way!"

Ye Chen sees this, difficult to prop up the body, to guard in front of his Yan Xuan son said.

"I don't know!"

Yan Xuaner insists on refusing.

At this time, Sansan's blood fog has arrived in front of Yan xuan'er, and the purple red flame is beating and extinguishing, and her face is in pain.

"Xuanxian, borrow my strength!"

Urgently, ye Chen has to ask xuanhanyu's help loudly.

Just as the blood fog continues to expand, Xuan Hanyu finally responds and lends her strength to Ye Chen.

As the rolling force swept by, he jumped up in a hurry, controlled Yan xuan'er, retreated dozens of feet, and temporarily avoided the blood fog.

The right Dharma protector sneered and continued to pursue.

With the help of Xuan Hanyu, ye Chen temporarily recovers his fighting ability.

But that's not enough.

Psychic exhaustion plus backfire damage has not been restored, many cards are still unable to use.

What's more, Xiao a Mao is still in the other party's hands, and ye Chen is constrained everywhere.

"Smelly boy, you forced me to burn my blood essence and kill the gods and demons!"

The right Dharma protector didn't dare to waste any more time. He forced out a drop of blood essence and burned all over!

The breath explodes instantly!

He will not hesitate to burn his accomplishments, but also kill Ye Chen!

Seeing that the high raised mourning spirit stick is about to fall, Xiao a Mao, who has been caught dead by the right Dharma protector, suddenly struggles to grab the mourning spirit stick from the other side.

Unfortunately, because he is too weak, a child of three or four years old can do something. His two little hands are just scratching on the right Dharma protector's arm.

At this time, ye Chen has no threat. The right Dharma protector just waves his hand and slams Xiao a Mao to the ground.

"It's really a hindrance. Let's send you a little thing on the road first."

The right Dharma protector said, the mourning blood spirit stick turned its direction, and hit Xiao a Mao who fell on the ground with a stick.

"No!"

Ye Chen wants to stop it, but he can't help it. He can only watch the bereaved spirit stick fall on Ah Mao.

Under the power of this stick, how could the little body bear it? Suddenly, it twisted into a strange posture.

But even so, little a Mao's mouth, still did not make a sound.

Ye Chen watched as a Mao was beaten to death by the right Dharma protector, and his anger swept all over his body.

The right Dharma protector said with a smile: "boy, you don't have to worry. It's up to you next."

At this time, Ah Mao, who had fallen completely, gradually turned blue and purple. His originally godless pupil turned blue and turned again.

Small body, slowly climbed up from the ground.

Looking at this strange scene, ye Chen and the right Dharma protector were surprised.

Xueku lingzun had been dead for a long time, and they didn't have any means to control the corpse. What's the matter?

Little a Mao, who got up from the ground, came to the right Dharma guard with some stiffness. Suddenly he hugged the right Dharma guard's leg and bit it down on his leg.

The right Dharma protector kicked Xiao a Mao away.

Xiao Mao got up slowly from the ground again and continued to walk this way.

The right Dharma protector doesn't care about this kid. Even if he resurrects, how can he still bite himself?

Thinking about this, he raises the mourning spirit stick again and plans to kill Ye Chen..

Chapter 5947

All of a sudden, he felt something was wrong. Where he was bitten by the kid, a sense of numbness spread rapidly from his legs. Everywhere he went, he just felt that his body didn't listen to him.

The right Dharma protector screams, but he doesn't care about ye Chen any more. After two steps back, he quickly sits down on the spot and urges Lingqi to force this feeling out of the body.

But the feeling in the body is invisible and immaterial. It is neither poison nor breath. Even if he mobilizes his whole body aura to fight against it, the feeling is not affected at all, and it is still expanding.

After the resurrection, little Mao continued to walk slowly to where they were.

When little a Mao was about to walk to them, the right Dharma protector could rotate his head, and his whole body was completely out of control.

And ye Chen didn't wait to die. He had already struggled to get up and stood in front of the right Dharma protector.

Looking at the shajian Ye Chen raised, the right Dharma protector widened his eyes, shook his head like a rattle, and began to beg for mercy in horror.

"No! Don't kill me! Please spare me a life

Ye Chen squeezed out a smile from his face and asked, "why?"

"As long as you let me go, I will repay you when I am a cow and a horse. I will let you drive me, and I will never complain!"

"I don't need it!"

Ye Chen brings up the Sha sword, the endless sword intention surging, in an instant, the right Dharma protector turns into a blood fog.

Right Dharma protector just died, small a Mao just came to Ye Chen.

Ye Chen looks down at to become some strange a Mao, under the skin of cyan purple, the breath of day demon is more and more obvious.

He propped up his body with shajian, sat down on the ground slowly, and brought amula to himself, who was standing beside him. Then he gave a tragic smile.

What's the matter with this tragic victory?

The villagers of Taiping Village didn't protect themselves well. Only a few of them survived. Mao himself didn't protect them properly. In his current state, he couldn't even tell whether he was alive or dead.

Ye Chen couldn't help staring at Mao's eyes that turned into blue pupils and asked, "Mao, why did you come back from death?"

He didn't expect the other person to tell him the answer to this question. After all, when he was a living child, he couldn't even make a sound. At first, he thought that a Mao was just dumb. After several days, he found that a Mao couldn't make any sound at all.

Unexpectedly, Mao shook his head slowly.

Ye Chen immediately pleasantly asked: "are you not dead? But what is the reason for this change in you? "

Then Ah Mao shook his head again.

What's the meaning of this?

Does little a Mao want to say that he has died, but he has not come back from the dead?

But

When ye Chen was still thinking, he saw a Mao stretch out his little hand, as if he wanted something.

The corner in the stone box?

Ye Chen reacts to come over immediately, took out that horn to put in a Mao hand.

This time, the horn came into a Mao's hand and suddenly emitted a faint cyan light.

But ye Chen's body suddenly gushes the day demon's mark!

The blue light pours into the sky demon mark in Ye Chen's body and disappears completely!

Ye Chen thought that after Mao got the horn, it would be of any use, but when the light went out, nothing changed.

And the small a Mao once again put that horn back in Ye Chen's hand.

"What do you want me to do, Mao?" Ye Chen hastily asks a way, "is it related to this horn?"

At this time, the sky gradually brightened up, the rising sun shining on Ye Chen's face, also on a Mao's body.

A Mao's body suddenly became a little transparent. With a soft light coming out of his body, it became lighter and lighter. It turned into a little starlight, which was also the sign of the demon in his body

But ye Chen hears a complete sentence after a Mao dissipates.

"The first spirit of the demon appears, the ancient city sacrifice of the demon, the grand ceremony of all ages, from now on!"

Ye Chen Mou son one coagulates, is this small a hair the beginning soul of the day demon?

In other words, little a Mao is a certain state of the demon!

The weakest state?

Is Xiao a Mao and even this village the layout of the ancestor of TIANYAO?

There are more and more doubts in Ye Chen's heart.

After dawn, ye Chen quietly left Taiping village.

Although he is not to blame for last night's tragedy, and he also tries to save more villagers, the situation is still not optimistic. The whole village still lost most of the villagers in this disaster.

In the end, even the resurrected little Ah Mao disappeared strangely.

If you are fully awakened and reincarnated, you can revive these people.

But at the thought of the strange phenomenon that happened to Ah Mao, ye Chen's curiosity was aroused again.

What's the secret of the horn that Mao gave to himself several times?

Ye Chen takes out the horn again and studies it carefully, but he still doesn't find anything except the demon breath in the horn.

But recalling the last action before Ah Mao disappeared, and the faint cyan light in the corner at that time, ye Chen understood that it was absolutely not so simple.

Maybe after solving this secret, you can also solve the secret of a Mao, and even let him come back to life.

But where should he start?

Chapter 5948

If the demon hasn't come to life today, it's obvious that he has to find everything by himself instead of giving him directions.

This feeling seems to be what the demon is afraid of.

Rules?

The existence of this level of sky demon still has fear??

Or are you afraid of affecting a certain layout?

But ye Chen faintly knows where the answer is!

It's the so-called ancient city of TIANYAO!

There is an ancient city of demon in the center of the earth!

But where is TIANYAO ancient city?

Although he can feel the air of the demon, he doesn't know how to start now.

"Xuanxian, do you know the whereabouts of TIANYAO ancient city?"

Xuanhanyu shook his head and said: "although the trace of the TIANYAO clan was not rare in the middle of the earth, the ancient city of TIANYAO, as their holy land, easily didn't reveal the address to others. Therefore, I just heard the name, but I didn't know where it was."

Ye Chen's hope, which is not easy to rise in his heart, is shattered again.

He asked reluctantly, "is there no other way to find TIANYAO ancient city?"

"I'll tell you unless I find the TIANYAO family or the TIANYAO ancestor. By the way, did you say that the horn was in the child's hand and had a blue light?"

Ye Chen nods to ask a way: "did you think of what new clue?"

Xuanhanyu said: "maybe that horn can lead us to find the ancient city of TIANYAO, maybe it's nearby."

"You mean there will be a connection between that horn and the ancient city of TIANYAO?"

Xuanhanyu nodded and said: "this is just my guess, because it is said that the angle of the sky demon was cyan at the beginning. Until now, there are many sky demon families who think that the cyan angle represents a more pure sky demon blood."

Ye Chen took out the horn again and said doubtfully, "but what should I do to get its hint?"

He tried to inject aura into the horn, but the horn didn't change at all. Even if he tried to burn it with the fire of the spirit, it didn't work.

Just as ye Chen was walking around with the horn at his wits' end, he was surprised to find that when he faced the horn to the southeast, the sky demon smell in the horn seemed to be more intense.

Ye Chen said happily: "is the ancient city of TIANYAO in this direction?"

He set out immediately, heading south-east at full speed.

After a full day, ye Chen finally stopped.

Just because there is an ancient city in front of us!

There is a huge statue in the ancient city!

This statue leaf Chen in the heart faintly affirms, is that day demon!

This is TIANYAO ancient city!

But at the moment, ye Chen found that the ancient city of TIANYAO had become a ruin.

Endless ruins!

"What's going on here?"

"Xuanxian, do you know?"

Ye Chen asked.

Xuanhanyu hesitated for a long time, then said: "there is a trace of martial arts residue here, but the will of this martial arts residue is extremely terrifying. If I guess correctly, the reason why this place has become a ruin is that several peerless strongmen who are far beyond the true situation are fighting here."

"I'm afraid that at that time, the void collapsed and the martial arts broke the rules, which was extremely serious."

Ye Chen Mou son one coagulates, have already determined that this is the place that day demon lets oneself come.

It's just the thing in the mouth of the demon. What is it?

When ye Chen hesitated, the horn broke away from his hand and flew to the central statue.

Faster and faster, and finally suspended in front of the statue.

Later, it turned into a light and integrated into the statue!

Ye Chen is surprised! Without this corner, what should we do?

Just then, the eyes of the statue suddenly flashed a blue light.

Then the statue cracked and a door opened.

It's just that there is a terrible evil spirit in the gate.

Ye Chen no longer hesitates, fiercely steps into the gate.

It's not just the horn, it's Mao, it's everything I've been through, it's more like a test.

At the end of this test, it must be this door!

Xuanhanyu suddenly said: "fortunately you have Xuanyao blood essence and TIANYAO body, otherwise the rules of this door are enough to tear you."

"I can feel that the function of this door is to limit the existence of non demon breath."

Ye Chen nodded, but looking at the front, the deeper he went, the more uneasy he was.

It's so quiet here.

Quiet gives a strange feeling.

In this is, leaf Chen Mou son a coagulate, suddenly discovered what, hurriedly and quickly walk but go.

Soon, ye Chen stopped.

At the same time, his eyes are full of shock.

He came to the edge of a huge pit!

This huge pit is almost ten thousand meters!

There are tens of thousands of demons in the key pit!

These demons are bent 90 degrees and kneeling, with their heads extremely close to the ground.

It's like surrender.

Their eyes were closed.

There is no life.

Fortunately, the array rules here keep their bodies intact.

It's more like some kind of sacrifice.

The object of sacrifice is the altar in the middle of the pit.

There is a sarcophagus above the altar.

Is the ancestor of the sky demon lying on the sarcophagus?

Ye Chen knows that he has no choice, but he keeps getting closer.

Soon, it is through the ten thousand demon, came to the altar.

Although the sarcophagus in front of him has not been opened, ye Chen can feel his amazing evil spirit.

Just when ye Chen was ready to open the sarcophagus, suddenly, the voice of the demon who had been silent for a long time sounded again!

"Stop it!"

Ye Chen a Zheng, quickly stopped hand!

He exhaled a long breath, light way: "day demon, you finally wake up, do you know how long you pit me?"

The sky demon seems to have known Ye Chen's experience for a long time. He says, "do you know why this place is different from other places? There are rules to restrict your map of the yellow spring, the sky sword, and many martial arts?"

"I don't know." Ye Chen said truthfully.

The first ancestor of TIANYAO continued: "from the beginning, it's doomed to be a test. The test of xuanxuezhong is your wisdom, and the test of Taiping village is the way in your heart. If one of these two tests fails, you can't get that horn, let alone come here."

"Of course, xuanxuezhong and Taiping Village really exist in the inner world, and their mission is to wait for those who are qualified to enter here."

"They don't know, because they are all living beings. They are just pieces of our layout."

Ye Chen although in the heart has already guessed, but still ask a way: "a Mao is also?"

The demon nodded: "in fact, Ah Mao was transformed by a divine idea of mine. Even his appearance was my original appearance... When I was not practicing martial arts, I was praised as a disaster star, expelled, hated and insulted..."

Ye Chen was stunned this time. He never thought that the God demon ancestor was so powerful that he would have such a miserable and unbearable time.

Chapter 5949

The sky demon continued: "but I'm glad that you protect him. I bet with Xuan demon, but I won."

Ye Chen doesn't care about the bet between Xuanyao and TIANYAO. Since everything is clear, he wants to leave as soon as possible.

After all, Li Feixue and Li Qingshan are still in danger in the extreme northern sky sea. Of course, he is still uneasy because of the affirmation of TIANYAO.

I have been here for more than ten days. Is there any accident?

Ye Chen continued: "sky demon, when can I leave here?"

Ye Chen's voice has just come down, and an extremely domineering and terrifying force of rules appears!

Next second, the void behind Ye Chen tears, and a door of void appears!

The sky demon light way: "can leave now, but before leaving, you want to open the sarcophagus."

"Boy, I've changed my mind. Maybe it's because the picture of you guarding little Mao infected me."

"You can also choose not to open the sarcophagus and leave."

"When you open the sarcophagus, you are doomed to step into this game of chess. When you meet that person, you will be found by that person, and then... Maybe you will die."

Ye Chen hears this sentence, silent.

He knew that cause and effect was in the sarcophagus.

Even the enemy behind the cause and effect will not lose ten thousand ruins.

But he has the spirit of Lingxiao and the heart of Wuzu. Will he retreat and fear?

Of course not!

Next second, don't wait for day demon reaction, leaf Chen is fierce opened sarcophagus.

In the sarcophagus, an evil spirit suddenly appeared!

There was no body in it, but a bone.

Bones carved with ancient words.

TIANYAO explained: "this is the chaos demon bone, the treasure of the demon family, and also a key."

"If you take it away and refine it, you will be doomed to be the enemy of that guy. If you meet that guy, he will surely attack you. At that time, you will die or even have no life to live."

The day demon originally won't say much, he is really interested in Ye Chen, but don't have too many complicated emotions.

But after seeing ye Chen's attitude towards Ah Mao, he thought of the past.

Instead, he doesn't want Ye Chen to be a chess piece, and he doesn't want Ye Chen to be involved in it.

But at this time, ye Chen did not hesitate to take back the chaotic demon bone and continued: "how to refine?"

Day demon one Zheng, ten thousand didn't expect Ye Chen to be so resolute, still way: "first put it in the picture of the yellow spring for a period of time, purify the anger and rules."

Ye Chen heart read a move, chaos demon bone then entered the yellow spring diagram.

Ye Chen is also surprised to find that the map of the yellow spring and even the sword of heaven can be used.

"I'll let you know when it's time to refine. You can leave now."

The voice of day demon can't hear any emotion, but ye Chen is to feel a trace of sympathy?

Ye Chen Mou son one coagulates, have no hesitation, come to that door of void, directly stride into!

The next second, he found himself in the same place.

He took a look at the chaotic demon bone in the picture of the yellow spring, no longer thinking about it, and went to the bloody death prison.

When ye Chen has not entered the blood death prison, the blood God and the blood dragon are aware of Ye Chen's existence and come out to meet him.

Blood dragon excited way: "master, you this walk is more than ten days, the key I can't feel your cause and effect, for fear that you again have an accident!"

Ye Chen smiles: "the Confucianist ancestor all died in my hand, I how have so easy to have an accident."

"Well, it shouldn't be too late. Now let's go to the far north sky sea."

"Good."

At that moment, ye Chen breaks through the sky and goes straight to the far north sky sea. The blood god rides the Golden Dragon beast and follows him.

This time, ye Chen has three things to solve.

One is to investigate the matter of the sacred object of the purple emperor family of Beiwu.

The second is to find out why Li Feixue's two brothers and sisters also set foot in the extreme northern sky sea.

Three, is to find the scarlet chalcedony, repair wish star.

If you can repair the wish star and refine it, ye Chen's strength can definitely advance by leaps and bounds. Maybe you can even break through the double, directly break through the original realm and step into the real realm.

At present, ye Chen broke the void all the way to the far north sky sea.

On the way, the blood Dragon said to Ye Chen: "master, you should send a letter to girl Ruo Xue, girl Siqing and girl Wei to report their safety, lest they worry."

Ye Chen a Zheng, way: "they are not in blood dead prison?"

Blood dragon way: "no, since you disappeared, they went out to look for you."

Ye Chen consumes aura, burns a drop of wine, and carefully deduces the secrets of heaven. As expected, he finds that Ji Siqing and others are not in the blood death prison. It seems that they are in a special secret place.

"Well, I'll give them peace."

Ye Chen locked the breath of the three girls and sent out a letter to them to report their peace.

At the same time, ye Chen also uses the disaster soul jade to cover up all the cause and effect, so as not to be found.

.....

Far north sky sea, on the coast.

Xiao Qingyan alone, overlooking the sea, while waiting for ye Chen.

Ye Chen has been dealing with things for a long time. It's been half a month.

She even thought, ye Chen is not an accident?

Or forget the agreement of the far north sky sea?

Just waiting, she suddenly heard the Dragon singing from the sky. When she looked up, she saw that the space was broken and a tall and straight figure came down. It was Ye Chen!

At this moment, ye Chen, riding the blood dragon, is mighty, just like the ancient god of war of the dragon, reflecting the sky, showing incomparable brilliance.

Xiao light Yan see this scene, suddenly a little dull appearance, eyes with a trace of admiration.

Chapter 5950

"Miss Xiao, I've been waiting for a long time."

Ye Chen's Dragon comes down and blood god follows him.

"It's OK, brother Ye. Is this your favorite?"

Xiao light Yan looked at the blood dragon, only feel the blood breath of the blood dragon, is also very strong, obviously is not an ordinary beast.

Ye Chen said: "it's my friend. His name is Xuelong. This is also my friend. His name is Xueshen."

Xiao light Yan listen to Ye Chen's introduction, slightly surprised, looking at the blood god way: "this is the supreme blood death prison, blood god elder? I heard that he had already overdrawn his future and was on the verge of exhaustion

Ye Chen's heart sank. Unexpectedly, Xiao Qingyan even knew this kind of thing. He obviously investigated all kinds of causes and effects in the heaven and human realm, and said: "Miss Xiao, the news is really smart. I have cured the blood god, and the Confucian ancestor has been killed by me. The cause and effect is over there. Next, we should go to the far north heaven sea."

On hearing this, Xiao Qingyan suddenly turned pale and exclaimed, "what, you... You killed the Confucian? It's impossible. The Confucians are in control of the wish star. How could they be killed so easily? "

Ye Chen said: "in a word, the Confucianist is dead and the cause and effect is over. There's no need to mention this. Let's go."

He didn't want to mention the word "Confucian ancestor" any more, because it might expose the cause and effect, and attract the attention of xuanjyue, Emperor Shitian, annihilating Jianling, gongyefeng and other figures.

He doesn't want to be exposed so soon.

Xiao light Yan see ye Chen don't want to elaborate, also no longer ask.

At the moment, ye Chen flew into the sky and into the far north sky sea, followed by the blood god.

Xiao light Yan see this, in the heart think about that thing of God, also quickly followed up.

The storm in the ocean is shaking, rumbling, and the waves are sweeping one layer after another, just like the dark world of doomsday, giving people a huge sense of oppression.

Xiao Qingyan only feels suffocated. Her cultivation was in the later stage of Taizhen realm, but her strength was limited when she came to Tianren realm from the center of the earth. At this time, in the face of the stormy waves, the surrounding laws were extremely disordered, and she suddenly felt that it was hard to resist, and her delicate body seemed to be engulfed by the waves.

Ye Chen waved and said, "Miss Xiao, come here."

Xiao light Yan cheek a red, quite ashamed, way: "thank you." At the moment, he flew over and sat behind Ye Chen. Together with Ye Chen, he fought the dragon through the waves.

The sea waves are too big, Xiao light Yan sitting instability, a pair of jade arms had to hold Ye Chen's waist.

Ye Chen felt the softness behind him and felt a little flutter in his heart, but he immediately converged and continued to resist the dragon.

.....

At the same time, on the other side of the Confucian temple, Alsophila spinulosa also solved the aftermath.

All the disciples of the temple of Confucius, headed by Ruyi, are obedient.

Alsophila spinulosa returns to the blood death prison with all the people. At the same time, it destroys the Mountain Gate of the Confucian temple and completely destroys all the karma here.

The disciples of the temple of Confucius were a little sad and sad when they saw the fall of the mountain gate. But when they thought of the defeat of the king, they didn't have to be nostalgic. They followed Ye Chen and stepped on the road of reincarnation, so they gathered their minds and stopped nostalgic for the past.

In any case, the news of the collapse of the Confucian temple can not be completely hidden.

In order not to expose Ye Chen, Alsophila spinulosa sends a message to the outside world through the influence of blood death prison, saying that the Confucian temple has been destroyed by the blood god blood dragon.

The blood dragon, who is in charge of Wanxiang Tianshu, has become the king of Wanxiang and oppresses the Confucianists. Therefore, the Confucianists are not enemies, and they are killed completely.

As for ye Chen's news, he naturally tried his best to conceal it and didn't expose it easily.

It is said that the collapse of Confucianism and the birth of the king of ten thousand prime ministers are extremely shocked.

Blood death prison destroyed the temple of Confucius, and undoubtedly became the most powerful force at present.

A new storm is brewing quietly.

.....

On the other hand, Xia Ruoxue, Wei Ying and Ji Siqing, in order to find Ye Chen, come to a desperate situation in the realm of heaven and man.

This place is called Yunding temple. It is said that the Yunding book in the four volumes of the supreme book of heaven is hidden in Yunding temple.

The Yunding heavenly palace has long been a ruin. On the top of the mountain, there are many dilapidated palaces, surrounded by the strong wind, whistling, and there is a faint sound of animal roaring, which is extremely dangerous.

The three women came to Yunding Tiangong and looked at the ruins of the palace on the mountain. They exchanged their eyes.

Ji Siqing said: "Ye Chen should not be here, right?"

Xia Ruoxue shook her head and said, "I should not be here. I didn't feel his breath."

Wei Ying said: "It's said that there may be a cloud top Book hidden here. The cloud top book is a big chessboard that can evolve the cloud top game. The chessboard is crisscross and can deduce all the causes and effects in the world. If we can find the cloud top book, we may be able to investigate Ye Chen's whereabouts!"

Ji Siqing frowned and said, "do you mean to venture in?"

The ruins of Yunding heavenly palace, with disordered aura, howling of vigorous wind, and unknown fierce beasts, are obviously full of danger. They are much more dangerous than any secret place that the third daughter has been to before. Once she rashly steps into it, I'm afraid there will be unexpected disasters.

Wei Yingzhen's head was lighter and said, "it's worth taking some risks for the sake of Yunding Tianshu. What do you think, Ruo Xue?"

Her eyes looked at Xia Ruoxue.

Xia Ruoxue's pretty face is full of worry. Yunding Tianshu is one of the four Tianshu's "Fengyun Wuxiang". The cause and effect behind it is very important. It's not easy to find it.

But, in order to find Ye Chen, even if it is dangerous, also want to go in to rush.

"Let's go in together. With the strength of the three of us, even if we can't find any chance, we can at least retreat."

Xia Ruoxue grits her teeth and agrees to venture into it. At the same time, she sacrifices the moon and the book of heaven to protect herself and keep the God on guard.

Ji Siqing and Wei Ying also use their own skills, be cautious and prepare to go in.

Whoa!

However, at this time, a flying sword sent a message to the three girls.

The flying sword came in an instant, and the smell of cause and effect was very obvious.

It's the breath of Ye Chen!

"This... This is Ye Chen's letter?"

Ji Siqing's heart was pounding, and he quickly caught the flying sword to deliver the book.

Wei Yingmei eyes a bright, flustered busy way: "Ye Chen really not dead?"? What did he say? "

Xia Ruoxue looked excited and said, "let me have a look!"

With that, she snatched the letter from Ji Siqing and opened it to check.

Ji Siqing knew that she was thinking of Ye Chen in her heart, but she was not angry. He moved over to read the letter.

This letter is Ye Chen's peace letter.

In the letter, ye Chen also simply said that he killed the Confucians and avenged himself.

When Xia Ruoxue saw the contents of the letter, she was surprised and happy, and said: "Ye Chen is not dead, and he even killed the Confucians!"

Ji Siqing said: "this guy, who has been missing for so long, must have a great adventure. He can kill the Confucian."

Wei Yingxi said: "that's great. The threat of the Confucianists has been removed. Let's go back and reunite with Ye Chen!"
