

Physician 5961

Chapter 5961

In addition to the four regions, there are also geocentric regions.

The emperor Shitian, the son of the emperor Shijia, was brought out by Yan Changge during the great calamity of the ancient times.

He was brought up by Yan Changge himself, and finally inherited the great curse sword. He had the ambition of judging the world and establishing an ideal country. He didn't pay much attention to the hatred of heavenly kings, aristocratic families and holy halls, and had no intention of revenge.

But ye Chen, the major obstacle to his launching the trial of demons and establishing the Republic, must be removed.

Everyone thought that ye Chen was dead, but emperor Shitian guessed that ye Chen might have gone to the earth.

Just like Yan Changge in those years, he accidentally fell to the center of the earth and became a stranger.

Now that the temple of Confucius is destroyed, the emperor Shitian guesses that ye Chen may have come back.

When he visited the Imperial Palace, he was just going to discuss with xuanjiyue to deal with Ye Chen. He thought that xuanjiyue didn't know the existence of the earth's heart, as if she had forgotten all about her childhood.

Emperor Shitian asked again, "Miss Xuan, have you really forgotten? When you were born in Ziwei Star River, we used to take a bath in the river together when we were young. But later, the holy hall was in chaos, and we had to separate. Have you forgotten all this? "

Xuanjiyue blushed and said angrily, "emperor Shitian, what's your nonsense? What's the level of your heart demon's big curse sword? How dare you come to my ashram

After that, Xuanji Yueting's sword stabbed out and pointed to the heart of emperor Shitian.

Emperor Shitian stepped back, dodged her sword and said: "it seems that you really forgot. That's good. Hatred obscures people's reason and makes people blind. It's also a good thing to forget. Why don't you join me in launching a trial to clean up the world and establish an ideal country of great harmony?"

As he spoke, the emperor Shitian bent his fingers and shot at xuanjiyue's sword. His vigorous Qi hit xuanjiyue's sword. With a sound, he broke her sword.

Xuanjiyue knew that her strength was equal to that of emperor Shitian. It was useless to fight any more. She had to take back her sword, snorted and said, "what's your purpose today

Emperor Shitian laughed and said, "I want to go to the ruins of the Confucian temple to investigate the cause and effect of the reincarnation Lord. I just want to invite you to come with me."

Whether ye Chen is alive or dead, and where the people are, the emperor Shitian can't find out by himself. He needs xuanjiyue's help.

Xuanjiyue calmed down, looked at the indifferent appearance of emperor Shitian, and frowned: "are you so sure that the reincarnation Lord is still alive?"

Emperor Shitian said: "life or death, you have to see it before you know."

Xuan Ji month lightly nods, way: "that is also good, then go to walk."

After the agreement, xuanjiyue wants to start with emperor Shitian and go to the Confucian temple to investigate.

"Newspaper!"

At this time, a disciple rushed in outside the palace and knelt down to report:

"Your Majesty, there is a strong man named shengyunzun who said that he was your old friend and wanted to see you."

Xuanjiyue frowned and said, "holy cloud, who is that? I don't know. "

Xuanjiyue had never heard of Shengyun Zun, but she felt that there was a strong smell outside the palace. The strength of the comer was obviously very important.

When Emperor Shitian heard the word "shengyunzun", his face changed slightly.

Xuanjiyue was suspicious. She knew that the emperor's interpretation of Tiancheng mansion was very deep. At this time, she turned pale. She thought that shengyunzun was not a good person.

"Miss Xuan, when you become queen today, do you forget your old friend?"

There was a bright sound outside the hall.

Full of doubts, xuanjiyue strides out, and the emperor Shitian follows her. Tianxin jiandie follows xuanjiyue in a hurry.

When they came to the hall, they saw a man with a white face, riding a magic unicorn, waiting outside.

The man was cold all over, but the top of his head was full of Ruixia transpiration, which faintly turned into a Book of heaven totem. The weather was quite strange, it was the holy cloud.

"Well, the emperor's son is also here. It's a coincidence today."

When Sheng yunzun saw the emperor Shitian, he was slightly surprised.

Emperor Shitian was silent and on guard.

Xuanjiyue picked up the willow eyebrows, looked at shengyunzun, and said, "who are you? What can I do for you to visit my queen's palace?"

Sheng Yun Zun was stunned, but he didn't expect Xuan Ji Yue to say this, as if he didn't know him.

"Miss Xuan, don't you know who I am?"

Sheng Yun Zun pointed to himself. Seeing Xuan Ji Yue's severe expression, it didn't seem like he was joking.

Xuanjiyue's mind flashed countless thoughts. She only felt that today's events were full of strange things. She had never heard of her hometown, the heart of the earth, the family of heavenly kings, and the judgment hall.

Tianxin sword butterfly stares at Shengyun Zun and shouts, "if you have something to say, my queen is very busy."

Sheng Yun Zun's eyes turned, and he guessed that xuanjiyue had forgotten her life experience for some reason. However, seeing the expression of emperor Shitian, the latter obviously remembered it.

"By the way, I should call you the empress now, Xuan... No, the empress. I venture to visit you this time to inquire about a person's whereabouts. Your empress's palace is in all directions. I think you know everything."

Sheng Yun Zun Dao.

Xuanjiyue said: "I don't know you, and I don't want to entangle with you. You have a bad breath. Disaster is not far away. Your breath is exhausted. You have a bone in the grave. You are not qualified to talk nonsense with me. Get out of here now!"

Chapter 5962

Sheng yunzun's face changed. He forcibly controlled the book of heaven on the top of the cloud. Although he had insight into the cause and effect of the world, he couldn't see through his future. Hearing Xuan Jiyue's words, he thought, "am I really exhausted? It's impossible. I'm destiny. How could I fall so easily? It must be xuanjiyue who scares me. "

She calmed down and said with a smile: "the queen doesn't have to be so heartless. At least we met in those years. When you were born from the crape myrtle Star River, my Xiao family went to see the ceremony. In the past, I want to inquire about a person's whereabouts with you. That person's name is Ye Chen."

Shengyunzun said a Datong, what crape myrtle Star River, what past love, xuanjiyue all don't know, don't know, so, but that "Ye Chen" two words, is like hearing thunder, deafening.

"You... You want to know ye Chen's whereabouts?"

Xuan Ji month heart vibrates a way.

When Emperor Shitian heard Sheng yunzun's words, he was also surprised. He didn't know the other party's purpose.

Sheng yunzun said: "yes, your majesty, please tell me the whereabouts of Ye Chen. I have a grudge against him. I just want to kill him."

Xuanjiyue said, "Ye Chen is dead."

Sheng yunzun stayed for a while, offered a sacrifice to Yunding Tianshu, and said: "it's impossible. I control Yunding Tianshu, and can deduce the cause and effect of all worlds. Ye Chen's cause and effect is strange. Although I can't deduce it, I'm sure he's still alive, and he's in heaven and man!"

Ye Chen is closely related to Wei Ying, Xia Ruoxue and Ji Siqing. Through the cause and effect of the three women, Sheng yunzun can be sure that ye Chen is absolutely alive.

"Yunding heavenly book! It is said that it can evolve into a chessboard of ten thousand worlds and play chess to calculate the wonders of the world! It's in your hands

Xuanjiyue was surprised when she saw the book.

Emperor Shitian was calm, because he knew the identity of shengyunzun.

Shengyun Zun was puzzled for a while. He couldn't understand why xuanjiyue had such a big reaction. Then he suddenly realized it and thought, "it seems that she has really forgotten the things in the earth's heart."

Xuanjiyue said: "it's said that Yunding Tianshu can play chess and calculate the world. There's no reason why we can't calculate the fate of the reincarnation Lord. Is the reincarnation Lord so powerful that even Yunding Tianshu can't carry it?"

Sheng yunzun heard the word "reincarnation Lord" and said, "I want to find Ye Chen. What's the relationship with reincarnation Lord?"

Naturally, he has heard of the reputation of reincarnation Lord. Even the ancestors of wanxu and the ancient Yuhuang emperor were extremely afraid of the existence. In those years, the ancient Yuhuang emperor once dug up a piece of Tiandi bone of reincarnation Lord and used it to cast Tianjian, which shocked the world, and he also heard about it.

Xuanjiyue said: "do you really don't know, or do you pretend to be confused? The Lord of reincarnation is Ye Chen, and ye Chen is the reincarnation of the Lord of reincarnation! "

Sheng yunzun's head "boom" and said: "the Lord of reincarnation is Ye Chen, that boy... That boy is the reincarnation of the Lord of reincarnation! No wonder... No wonder... I should have guessed... "

Thinking of Wei Ying, Xia Ruoxue and Ji Siqing, all of them are so devoted to Ye Chen, Sheng yunzun suddenly understands that only the reincarnation master can have such great luck.

Now there is a clue. The mystery of heaven is dispersed layer upon layer, and the cause and effect are clear all at once.

I saw a chessboard evolved from shengyunzun's Tianshu on the cloud top. The chessboard floated like water ripples. Vaguely, a piece of chess was about to surface.

Xuanjiyue and Emperor Shitian look at each other, and they both concentrate on it. They know that it's Ye Chen's cause and effect, and they are about to emerge.

They both thought the same way: "that boy is still alive!"

However, this piece of chess has not yet surfaced, it will sink down.

Sheng Yun Zun puffed out blood, and seemed to be greatly attacked. He stepped back three steps in embarrassment, and the spirit light of the book of heaven broke away and fled back to his body.

Emperor Shi took a step forward and asked, "how's the matter with Shengyun

Sheng Yun shook his head and said: "no, reincarnation blood pressure is too big, clues are too few, I can't peep, need more clues."

Emperor Shitian pondered: "more clues? Well, come with me to the temple of Confucius

Then he looked at xuanjiyue and said, "how about taking him?"

Xuanjiyue nods her head and answers.

Although today's things are strange everywhere, and she doesn't know anything about the Tianjun family in the heart of the earth, the fate of Ye Chen is very important.

Since Shengyun Zun has the means to detect the whereabouts of Ye Chen, it is natural to take him.

"Come with us."

Xuanjiyue waved to shengyunzun and took him to the Confucian temple with him.

They tore the void and soon came to the Confucian temple.

At this time, the temple of Confucius had become a ruin, with broken walls everywhere.

"Ah, there is the residual breath of wish star here!"

Sheng Yun Zun exclaimed. He was very keen on the way of cause and effect. As soon as it came, he felt the breath of wish stars.

Xuanjiyue said: "the fall of the Confucianist, want to come to the wish star, also was taken away by the reincarnation of the Lord, you quickly look at the cause and effect behind!"

Her words were quite severe.

Sheng yunzun was arrogant. Listening to her words, he was quite displeased and said, "I will find out, and I don't need to be urged by the empress. I just got hurt and need to be cured. Please give me a drop of my own blood essence and let me recover."

Hearing this, xuanjiyue and Emperor Shitian's face changed slightly.

Sheng yunzun said this, but they both want to know ye Chen's whereabouts as soon as possible. Now they make a quick decision and don't talk nonsense. They force out a drop of their own blood essence and give it to Sheng yunzun.

"Thank you. Thank you."

Sheng Yun Zun was in full bloom. He took two drops of blood essence and absorbed it on the spot.

I saw a wisp of white fog on his body, the breath instantly restored to perfection, even the cold on his body was temporarily suppressed.

Xuanjiyue and Emperor Shitian's faces were slightly pale. It was obvious that sacrificing a drop of their own blood essence was also a great consumption for them.

On the other hand, Shengyun Zun's face was ruddy and his spirit was vigorous. He was nourished by the essence and blood of Emperor Xuan. In a short time, he would not be hurt by Yunding Tianshu.

"I will now check the whereabouts of the reincarnation Lord."

Sheng Yun Zun worshipped the book of heaven on the cloud top and evolved a chess board to absorb all the residual breath from the surrounding ruins.

Ye Chen and his party destroyed the temple of Confucius. Although they covered up the cause and effect, ordinary people couldn't find out, but they couldn't escape the trace of Yunding Tianshu.

Finally, the smell of countless causal clues converged on the Tianshu of Yunding. The chess board floated, rippled again, and a chess piece finally emerged.

Chapter 5963

This chess piece is related to the breath of Ye Chen. There is a big fluctuation on it!

Xuanjiyue and the emperor Shitian saw this, and their eyes suddenly contracted, releasing their spiritual consciousness one after another to capture Ye Chen's whereabouts.

However, the chess piece was suddenly smashed with a bang.

Even the whole chessboard exploded and smashed.

As if ye Chen's cause and effect, the prestige is too big, even the cloud top sky book cannot carry, the chessboard explodes directly.

Sheng yunzun's face changed greatly. Fortunately, he absorbed the essence and blood of Emperor Xuan and his breath soared. At the moment of the explosion, he quickly retreated and put away the book of heaven on the top of the cloud. He was not hurt.

On the contrary, the two of them, caught off guard, were affected by the explosion and retreated in a bit of embarrassment, with pale faces.

"What's the matter?"

Xuanjiyue gnashes her teeth. She can almost find out the whereabouts of yechen.

The emperor Shitian's face was gloomy when he failed.

Sheng yunzun said: "reincarnation is powerful. It is no longer anyone's pawn. No one can put him on the chessboard."

Xuanjiyue said, "what do you mean?"

Sheng yunzun said: "I mean, the Lord of reincarnation has gone beyond this chess game. He is no longer a chess piece. He has become a chess player behind him. His cause and effect can no longer be calculated."

The tone of his words was very calm, as if it were true.

But in fact, at the moment when the chessboard exploded, Sheng yunzun had captured Ye Chen's whereabouts.

"That boy is in the far north sky sea!"

"His strength is very weak. He has only eight layers of heaven in the original place. I can kill him! Devour his fortune

"When I kill him, I can inherit reincarnation road and dominate the world! Miss Wei will be my partner sooner or later. Xia Ruoxue, that slut, and Ji Siqing are all my concubines! "

Sheng yunzun's heart flashed countless thoughts, and he was excited. But he was afraid that xuanjiyue and Emperor Shitian would snatch reincarnation from him, so he was calm on the surface.

He is always thinking about Wei Ying's appearance and figure.

The most desired thing is to have a weekend with Wei Ying, and make martial arts and accomplishments to the extreme!

Xuanjiyue, out of a woman's intuition, finds that there is a lot of evil in shengyunzun's eyes. She feels disgusted and says, "shengyunzun, you have concealed something. It's not like this. You have found out the whereabouts of Ye Chen, have you?"

Emperor Shitian felt something was wrong and said: "under the emperor Shengyun, ye Chen is the Lord of reincarnation. You are not his enemy. If you find out his whereabouts, please let me know. If you want to kill him, we must work together to ensure that there is nothing wrong."

Sheng yunzun laughed and said: "two Tianjiao are joking. How can I find out the whereabouts of the reincarnation Lord? It's my faux pas today. Goodbye

With that, Sheng yunzun immediately rode on the unicorn, turned to tear the void and left for fear of being forced to stay by Emperor Xuan.

He left in a hurry, xuanjiyue and Emperor Shitian didn't respond.

"No!"

Xuanji Yueqiao's face changes. She knows that it's not good. She wants to catch up with her, but it's too late.

Emperor Shi Tianmu light sinks, way: "need not chase, we were placed together, that guy definitely found Ye Chen's whereabouts."

Xuanjiyue clenched her teeth and said, "what kind of Saint Cloud Zun, who is it in the end, and what kind of earth heart, Tianjun family, Emperor Shitian, you must tell me today!"

Emperor Shitian was silent for a while, staring at xuanjiyue, it seemed that he remembered the amazing picture of the beautiful girl of heaven who was born from the river of crape myrtle.

At that time, he was still young, squeezed between the adult's legs, holding Yan Changge's hand, standing by the river to watch.

It was a grand ceremony, and everyone thought that this beautiful girl of heaven was the legendary breaker who could fight against the judge.

But no one expected that the final fate would develop to this point.

"Do you want to know? It's a long history... "

Emperor Shitian spoke slowly and told xuanjiyue about the past of the earth's heart.

.....

At this time, Saint Cloud Zun tore the void and came to the shore of the far north sky sea.

At noon, the sun was high, but the sun could not shine on the sea, which was blocked by the lingering disaster on the far north sky and sea.

The whole ocean, full of storms and rumbling, seems to have something to come out.

"Is the scarlet chalcedony coming out?"

"Well? What's the matter with the imperial family and the Xiao family? "

As soon as Saint Cloud deduces, he suddenly feels that the cause and effect is very complicated.

There is the flavor of the Yuhuang family and the Xiao family!

He was surprised for a while and wanted to deduce it carefully. However, this cause and effect is related to the Lord of reincarnation. It will take hundreds of years to deduce it clearly.

"Damn, this reincarnation Lord, it's really troublesome!"

Sheng yunzun clenched his teeth. Originally, he was in charge of Yunding Tianshu, and any cause and effect could be inferred instantly, but he couldn't help Ye Chen.

Where ye Chen is, the cause and effect is ten thousand times more complicated. The time he takes to deduce the game is also ten thousand times longer. It is absolutely impossible to figure out all the changes in a short time.

That is to say, if you step into the extreme northern sky sea, it is not known whether it will be bad or good.

"No matter what, it's just a place with eight levels of sky. Can it turn the world upside down? I'd better kill you as soon as possible while you are weak

Chapter 5964

Thinking of this, Saint Cloud Zun no longer scruples, riding the magic unicorn, stepping into the Arctic sky sea.

He knows the horror of reincarnation. Once the reincarnation master grows up, even the ancestors of wanxu can't stop him, let alone him.

Therefore, if you want to kill Ye Chen, you must start from his weakness.

But now, ye Chen's cultivation is only eight layers of heaven, and the cultivation of shengyunzun has gone beyond the whole two realms, and is nourished by the essence and blood of Emperor Xuan. It's his most powerful time, and it's a good time to seize reincarnation.

As soon as shengyunzun flew into the far north sky sea, he flew towards the island in the middle of the sea.

The storm burst on the sea, there were many demons and beasts, and the disaster gas was thick. However, he was protected by the book of heaven on the top of the cloud and had a smooth journey. He soon came to the central island.

On the edge of the island, the blood dragon is perched on a big tree, and the blood god is resting in peace under the tree.

"Well? What's going on? "

Blood God opened his eyes, but he felt the change. When he looked up, he saw the waves split on both sides, and a powerful figure came running on a dark unicorn.

It's Saint Cloud.

"What a murderous spirit! Who is this man? "

The blood dragon is on the alert immediately, and the dragon's eyes stare at Shengyun Zun.

Sheng Yun Zun has a strong murderous spirit. They can see that this man is hostile to Ye Chen, and it's a deep-rooted hostility.

Looking at Sheng yunzun's appearance, his accomplishments are obviously better than those of the former Confucians. When ye Chen offended such a powerful enemy, they don't know.

"Who, stop!"

The blood dragon's huge dragon shaped body soared in the sky, and the Wanxiang heavenly script showed up. In the sky, there was a huge meteorite.

He was ready to use the big killing move of "all things move by heaven" and was obviously extremely alert.

"Eh, Wanxiang Tianshu, are you the king of Wanxiang?"

Sheng yunzun stepped back when he saw the book.

Of course, he knew about the destruction of the Confucian Temple by the blood death prison.

At this time, when he saw Wanxiang Tianshu, he knew the identity of the blood dragon.

"This man has a murderous mind and evil eyes. He is not a good man. Kill him quickly!"

As soon as the blood god's eyes were cold, he took the lead to pull out the sword from the fire.

He had seen that Sheng Yun Zun was not a good man. Besides killing accidents, he also had a very insidious evil idea. He seemed to have an extreme desire for beauty.

It's better to kill such an evil guy as soon as possible.

"Peace is like a rock, heaven moves all things!"

Blood dragon cold hum a, also no nonsense, urge Wanxiang Tianshu, huge meteorite rock, like the meteor of doomsday, boom down from the sky, toward the sacred cloud.

At the same time, each of them has a ray of guardian Qi, which is released from the book of heaven and falls on the bodies of the blood dragon and the blood god. It turns into a rock shield to protect their bodies.

The blood dragon is as careful as a hair, not only to attack, but also to protect himself with a shield to prevent the holy cloud Zun from attacking.

"Damn, does the reincarnation Lord know I'm coming?"

Sheng Yun Zun's heart was pounding.

Blood dragon and blood god die as soon as they meet, which is far beyond his expectation. He only thinks that ye Chen has a clever plan and already knows his plot plan. His back can't help sweating and remembering all the legends of reincarnation.

Blasphemy reincarnation, that end is very tragic.

Seeing the meteorite, the rock, and the sword of the blood god coming, Shengyun Zunxiu was strong, but in a hurry, there was no time to resist, so he could only retreat in a panic.

Boom!

The star rock, which moves everything in the sky, smashes into the ocean and stirs up thousands of waves.

Fortunately, Sheng yunzun dodged quickly, otherwise this blow would have killed him.

No matter how tough he is, he can't be attacked by Wanxiang Tianshu without any defense.

It's the limit to avoid this attack. Facing the blood god's sword, Sheng yunzun can't resist it. He can only avoid it slightly.

Puff!

The blood god stabbed him with a sword and pierced his opponent's shoulder.

Sheng Yun Zun screamed "ah" with blood splashing and sharp pain in the wound.

Fortunately, he absorbed the essence and blood of Emperor Xuan, and his muscles and bones changed greatly. Although the sword was seriously injured, he finally accepted it.

"Shenluo sword, kill me!"

Sheng Yun Zun roared, and a sword flew out of the chessboard of the book of heaven. It exploded its sharp edge and killed the blood god.

"Shenluo sword technique? Are you xuanjiyue's person? "

The blood god was stunned for a moment. This Shenluo sword technique has a great causal relationship with Shenluo Tianjian. When he saw it, he thought that shengyunzun came from the Queen's palace and was under xuanjiyue's command.

"Master blood god, be careful!"

Cried the blood dragon.

Blood god came back to find that he was in a trance and surprised. He forgot to defend and was killed by shengyunzun's flying sword.

Bang!

Shengyunzun's flying sword fell down. Fortunately, the blood god had a rock shield to resist, and the shield was broken. He recovered his life.

The blood dragon flies to protect him in a hurry. Fortunately, he is just careful and has made a good defense in advance, otherwise the blood god will be seriously injured.

Sheng yunzun snorted, but he didn't fight with them. While they were in a trance, one of them dodged into the island.

The island is full of disaster, but he is not afraid of the protection of Yunding Tianshu.

In fact, the blood dragon is in charge of the book of heaven. If he can control it thoroughly, he is not afraid. However, the foundation of the blood dragon is not stable, so he is still afraid of the disaster on the island.

"No, that guy's in!"

The blood dragon sees the Saint Cloud Zun break in, the vision slightly changes.

Blood god sink a way: "we just of fight, want to come ye Chen also heard, he will have guard against, don't need to worry too much."

Blood dragon way: "hope so, just don't know that person what identity."

The blood God said, "it may be from the Queen's palace."

Blood dragon way: "empress temple, that can be troublesome, don't know Xuan Ji month is making what abacus."

Just now shengyunzun used Shenluo sword, they both thought that he had something to do with xuanjiyue. What they thought was that shengyunzun was actually a guest Qing of the Xiao family before, and this Shenluo Tianjian was also the sword technique created by the master of the Xiao family and the ancestor of the sword God.

Even Shenluo Tianjian was made by the ancestor of the sword God.

First there is the sword technique, then there is the sky sword.

But these secrets, blood dragon two people naturally don't know.

.....

Not long ago, on the island, ye Chen was taking Li Feixue and Li Qingshan to pursue yuhuangtuo.

When the three men were walking forward, they heard the sound of fighting outside. A huge meteorite sat in the sky, and then it fell down, causing the ocean to churn and waves.

"There's a fight! Is there an enemy coming in

Ye Chen sees this scene, suddenly the facial expression tiny change.

Li Qingshan said, "brother, what should I do? It seems that the enemy's breath is very strong. I'm afraid it's not easy for us to fight against it. "

Chapter 5965

Li Qingshan also felt that the enemy's breath was very strong. He was not a good person.

Ye Chen said: "fight fast and make a quick decision. Let's get rid of yuhuangtuo first!"

Having said that, ye Chen continues to take Li Feixue's two brothers and sisters and pursue them.

At the same time, ye Chen once again offered a picture of the yellow spring, releasing a large number of holy water of the yellow spring, forming a layer upon layer of prohibition, and then ambush a pearl of green water in the water, make a trap, and finally set out.

After using the chart twice, the aura of the chart is temporarily exhausted, and can no longer be used in a short time.

However, with the prohibition of the yellow spring, and the trap of the green water candling pearl, it is enough to delay the pace of foreign enemies and buy time for ye Chen.

There is a star pattern on the Pearl, which is the White Emperor's golden emperor's pattern hand painted by the Empress Dowager. It is very destructive.

At the beginning, ye Chen got this bead in the tomb of longzhanye. The star pattern on it has never been used.

At that time, the war was too urgent and there was no chance to use it. At this time, it was an excellent way to set traps.

After the trap is laid, ye Chen has no worries for the time being, and goes to kill yuhuangtuo quickly.

On the one hand, he was afraid of the reputation of the reincarnation Lord and wanted to leave directly, but he thought that the crimson chalcedony had not yet arrived. Moreover, the reincarnation Lord was full of treasure and left empty handed.

Yuhuangtuo is hidden in the woods beside a rift valley, thinking and weighing repeatedly.

The disaster gas on the island was spurted out from the rift valley in front of him.

At the bottom of the rift valley, the disaster gas is the most intense, and a trace of red light can be seen. The legendary scarlet chalcedony is obviously buried in it.

The scarlet chalcedony is born from the disaster. The more severe the disaster is, the more likely it is to breed scarlet chalcedony.

Yuhuangtuo looked at the crimson chalcedony, but he did not dare to dig it.

After all, in the rift valley, the disaster gas is too terrible. Even if ye Chen comes, he can't purify it with the holy water of the yellow spring. If he falls down, there will be no residue left.

It's when I feel helpless, but I hear the sound of footstep.

A young girl with a long sword is chasing Xiao Qingyan.

"Yuhuangtuo, hand over the evil spirit martial code!"

Xiao Qingyan saw the spirit figure of Yuhuangtuo, hide away.

Yuhuangtuo laughed when he saw her alone and said, "Xiao Qingyan, you dare to chase me alone. You are looking for death! Whoever kills you may be taken hostage! "

After that, Yuhuangtuo gave a sacrifice to the evil spirit. A Book of evil spirit was suspended on his head. All kinds of characters were like black butterflies, and the evil spirit burst out.

Xiao Qingyan's face changed. She had planned to sacrifice her own blood and essence after catching up with Yuhuangtuo. She wanted to seize the evil spirit martial arts canon and then send it back to the heart of the earth to sacrifice herself and revitalize the Xiao family.

However, she never thought that the evil spirit was so powerful. Under the suppression of the evil spirit, she could not even sacrifice her life and explode her own blood.

Between breathing and suffocation, Xiao Qingyan was immediately suppressed by the evil evil spirit martial arts code, and strands of black fog condensed into a chain, bound her up and tied to the tree.

These chains bound her body, making her delicate and convex body more attractive.

Yuhuangtuo exclaimed, "it's a pity that I lost my body, otherwise you would not die today."

At the moment, Xiao Qingyan is firmly tied up as a hostage.

He was afraid that Xiao Qingyan would break away, so the place where he was bound was just on the edge of the cliff of the rift valley. If Xiao Qingyan dared to break away, he would fall into the rift valley and be engulfed by the disaster.

With the hostage in his hand, yuhuangtuo was very calm. He knew that the reincarnation master had always been benevolent and righteous and would not harm the innocent. Now that he caught Xiao Qingyan, he naturally had a big chip, so he just waited in the same place.

Ye Chen takes Li Feixue's two brothers and sisters and comes to the rift valley. However, he sees Xiao Qingyan bound as a hostage and yuhuangtuo standing beside him with a calm face.

"Lord of reincarnation, you are here at last."

Yuhuangtuo looked at yechen with a smile. The evil spirit of the evil spirit of wudian rolled and turned into a knife of Yin evil spirit, which stood on Xiao Qingyan's neck.

Xiao light Yan silver teeth bite, pale haggard face, look very embarrassed, dare not look directly at Ye Chen's eyes.

Li Feixue saw that she had become a hostage, "ouch" exclaimed.

Ye Chen's face sank and he looked at yuhuangtuo. He looked indifferent and said, "yuhuangtuo, what do you want to do?"

Yuhuangtuo said with a smile, "Lord of reincarnation, I just want to make a deal with you."

Said, he Yin Sha's knife, pressed Xiao light Yan's neck.

On Xiao Qingyan's white, pink and tender neck, there appeared a shallow bloodstain, which was startling.

Ye Chen said, "what do you want to do?"

Yuhuangtuo said: "you give me a piece of bone, I let the girl go."

He has always been afraid of the reincarnation of Ye Chen. He knows that the cultivation realm is dominant, but he does not dare to do it. He only asks for a bone of Ye Chen.

Reincarnation bone is the existence of great value. In those years, the ancestor of wanxu dug up a piece of emperor's bone of yechen and cast it into the supreme reincarnation sword in the world. We can imagine the value of yechen bone.

Among the Taoist bones, the most precious one is the one near the heart. That bone is the "emperor's bone". There is only one bone in the whole body, which has been dug away by yuhuanggudi, the ancestor of wanxu.

Now what yuhuangtuo wants is any piece of Dao bone, any part, as long as it's the bone on yechen's body.

Ye Chen looks up at the sky to laugh, way: "you want my Dao bone, why?"

Yuhuangtuo grabbed xiaoqingyan's hair and said, "it depends on the hostage in my hand!"

Ye Chen thinks: "this smelly woman, early told her not to act rashly, she was caught as expected!"

Xiao light Yan is guilty, sad bow, also have no face to Ye Chen.

Ye Chen on the surface is motionless, smile a way: "I am not familiar with this woman, you take her to change my way bone, rather too despise her."

Xiao light Yan Hear ye Chen this words, the heart is stinging.

In order to show that ye Chen is not familiar with Xiao Qingyan, he also hugs Li Feixue's waist. It seems that he has nothing to do with Xiao Qingyan, and Li Feixue is his woman.

Li Feixue's cheek is red, and he is next to Ye Chen.

Yuhuangtuo laughed and said: "Lord of reincarnation, you are not willing to hand over the bones of Tao. The only blood of the Xiao family will eventually die for you. Don't you feel guilty?"

With that, Yu huangtuo waved a knife on Xiao Qingyan's face and gently scratched it.

On Xiao Qingyan's cheek, the blood was flowing and soul stirring. She didn't dare to breathe.

Chapter 5966

Ye Chen heart vibration, the surface is still silent, way: "you threaten me useless, even if you kill her, I will not give you Dao bone."

Seeing ye Chen's calm appearance, yuhuangtuo thought, "is this boy really so heartless?"

Later, he said again: "Lord of reincarnation, I can't ask too much. You just cut off your left thumb and give me the thumb bone. It's over. I'll release you immediately. How about that?"

Ye Chen's reincarnation blood is a little thumb bone, and its value is unimaginable.

Ye Chen did not answer.

Xiao light Yan suddenly bit his teeth and said: "brother ye, I'm sorry!"

With that, she suddenly broke free from her chains and jumped into the rift valley.

"Ouch!"

This sudden change surprised yuhuangtuo.

That Rift Valley abyss, full of disaster gas, is an absolute death, if people jump in, where there is the possibility of life?

See Xiao light Yan body fall very fast, instantly fell into the bottom of the abyss, by the boundless disaster gas engulfed, what sound does not exist.

Li Feixue's younger brother and sister lost their face when they witnessed the shock.

"Miss Xiao!"

Ye Chen shouts a big, also didn't expect Xiao light Yan so resolute.

He and Xiao Qingyan have known each other for a long time, and they really don't have any deep friendship. But after all, they have known each other for a long time, and they have also got each other's heirloom, disaster soul jade, which is a good relationship.

At this time to see Xiao light Yan jump Valley, ye Chen heart, nature is incomparable vibration.

When yuhuangtuo saw the situation, he turned around and left.

"Die for me!"

Ye Chen is furious and suddenly pulls out the disaster sword. The disaster gas from the Rift Valley resonates with his sword. The infinite disaster gas rushes out from the ground and attaches to his sword.

Buzz, buzz!

The whole disaster sword vibrated violently and kept buzzing. All kinds of disasters broke out to the extreme.

"Master the sword!"

Ye Chen slashes out with a sword and uses the dominating sword technique. When the sword roars, there is a frightening shadow of the dominating demon.

Yuhuangtuo is scared to death. In fact, in terms of his cultivation strength, he has gone beyond Taizhen. He will never be embarrassed in the face of Ye Chen.

But he first had the idea of awe reincarnation. At this time, he saw that ye Chen's sword was fierce. He didn't dare to fight and just ran away.

Whoa!

Ye Chen cuts over with a sword. Yuhuangtuo has a sword on his back. He has no body. His spirit is hurt by the sword and makes a hissing sound. There are bursts of white smoke.

When the sharp pain came, the spirit of yuhuangtuo shook and bit his teeth

"Lord of reincarnation, you forced me!"

At this time, he was forced to a desperate situation. If he didn't resist, he would die. He immediately sacrificed the evil spirit martial arts ceremony. The breath of the evil heavenly Book broke out completely, and the body of the spirit shrank into a tiny existence like a character, sticking to the heavenly book.

This time, the shadow of yuhuangtuo disappeared completely.

In front of Ye Chen's eyes, there was only the evil evil spirit and martial code. The evil spirit was surging, turning into waves, whistling to kill him.

This book of evil heaven is very powerful. Ye Chen takes three steps back and doesn't have a hard connection.

WOW!

The characters of the evil evil spirit martial classic beat, and the body of yuhuangtuo showed up again. Seeing ye Chen retreating, he couldn't help laughing and said:

"Reincarnation Tianwei, but it seems that I overestimate you."

At this time, he really started, and found that he had the advantage. He couldn't help but think that ye Chen's reincarnation was just like this.

"Is it?"

Ye Chen smiles coldly, claps his hand suddenly and shouts:

"Holy and evil pulse, dragon flame pulse, open!"

In an instant, ye Chen opened two reincarnation veins, one is the saint and devil vein, the other is the Dragon flame vein.

These two blood vessels have been transformed perfectly. As soon as they are opened, they suddenly see the black inflammation burst, and a dark fire dragon is sitting on Ye Chen's arm.

Ye Chen this palm explodes to kill to go out, have the power of reincarnation of two blood vessels, black Yan Long roars, the momentum is huge.

"This is..."

Yuhuangtuo was shocked, only felt the breath of reincarnation of yechen, suddenly rose up.

It was so fierce that he was suffocating.

"Evil spirit, Tianzhu, go!"

In the crisis, yuhuangtuo urged the evil spirit to gather and solidify, and turned into black beads, which rushed to yechen like a series of shells.

Bang bang!

One after another, the beads of evil spirit burst around Ye Chen.

Amazing explosion waves were released, the earth was torn, the forest was destroyed, the wind and cloud were rolling, and countless disaster gases were blown up.

"Brother Ye!"

Li Feixue and Li Qingshan, who are standing in the distance, exclaim in horror that ye Chen will be killed.

However, when the explosion dissipated, they were surprised to find that ye Chen was as stable as a mountain, standing in place.

A pair of golden armor covers Ye Chen's body. Under the protection of this pair of golden armor, ye Chen's body is intact.

"What

Yuhuangtuo saw this scene, shocked, only feel Ye Chen reincarnation blood breath, seems to be more powerful.

It turned out that when the explosion just happened, ye Chen had already opened the red dust God pulse, changed a set of armor, and firmly guarded his body.

"What is the power of reincarnation now?"

Ye Chen's eyes are sharp, three blood vessels are opened, and the power of reincarnation is surging. He cuts out again with one sword and shouts:

"Moon soul chop!"

The fierce sword of moon soul is the heavenly power mixed with reincarnation, and it cuts fiercely towards yuhuangtuo.

Chapter 5967

Yuhuangtuo's pupil shrinks, and he hastens to activate the evil evil spirit martial code. As a shield, he blocks himself.

This evil evil book is a Book of evil heaven. It's very mysterious. This time, it also blocks Ye Chen's sword.

But ye Chen's sword Qi, however, shocked yuhuangtuo's body through the heavenly script.

Puff!

Yuhuangtuo opened his mouth to spit out a fluffy aura of life. Under the shock of sword Qi, his spirit was almost torn and swayed, and his face became extremely pale.

"Yuhuanggudi what a character, how can you have this kind of offspring?"

Ye Chen dismisses it. Yuhuanggudi, the ancestor of wanxu, is superior and dominates the world. He is the most powerful. However, after the collapse of wanxu family, the younger generation will not become the climate.

This yuhuangtuo, of course, can't be compared with the peerless demeanor of the ancestors of wanxu. Even though his cultivation is far beyond himself, his mind is not strong enough. He takes women as hostages and is just a waste.

The only thing ye Chen is afraid of is the evil evil spirit in his hand. After all, it is the legendary book of evil heaven.

At the moment, ye Chen wants to sacrifice the picture of the yellow spring and use the holy water of the yellow spring to suppress the breath of the evil spirit and martial arts ceremony, so as to avoid yuhuangtuo's death and self explosion.

However, there was no response to the urge. Ye Chen was surprised to find that the aura of the map had been temporarily exhausted, and it was difficult to recover in a short time.

Fortunately, yuhuangtuo's eyes were full of fear and did not seem to have the courage to explode.

"Lord of reincarnation, I am willing to submit! Please spare my life

More let Ye Chen surprised things happened, yuhuangtuo actually knelt down on the spot, kowtow for mercy.

In fact, at this time, far from the end of the oil, the lamp is dry, and he has the ability to fight, but he surrendered and knelt down to beg for mercy.

Ye Chen stayed for a while, obviously didn't expect that things would have such a change.

Li Feixue and Li Qingshan were also stunned. They did not expect that yuhuangtuo would beg for mercy.

In the reincarnation cemetery, the purple emperor of Beiwu saw this scene and said with a smile: "Tomb master, it seems that your reincarnation prestige is too high. This guy dare not fight and will submit to you."

Ye Chen brows a wrinkly, way: "this kind of despicable thing, I want to come what use?"

Beiwu purple emperor said: "Tomb master, what do you mean..."

Ye Chen said: "naturally, I killed you. I'll take revenge for you, and... I'll take revenge for Miss Xiao."

Beiwu purple emperor was silent for a while, and said, "well, I'll lend you some help so that he won't explode."

Ye Chen a Leng, way: "this need not?"? If I want to kill a rat who is begging for mercy, I'll take a sword with me

The purple emperor of Beiwu said: "be careful. It's right. Besides, there are still enemies behind. You need my strength."

Ye Chen's heart is awed by the fact that the purple emperor of Beiwu is right. Besides yuhuangtuo, some people have broken into the island. I don't know who it is. Since they can cross the defense line of blood dragon and blood god, they must be very strong, but they can't be underestimated.

Beiwu purple emperor see ye Chen did not refuse, immediately release their aura, all poured into Ye Chen body.

All of a sudden, ye Chen got the help of the purple emperor of Beiwu, and his whole body was full of purple Qi. There was also a purple atmosphere in the distance.

A purple emperor robe, draped in the Ye Chen body.

At this moment, ye Chen, as if incarnated in emperor Beiwu Zidi, stared at yuhuangtuo and said, "it's no use begging for mercy. You killed the family of emperor Beiwu Zidi and captured the evil spirit of wudian. The crime is very serious. Today you will die!"

Finish saying, ye Chen a point to kill but come out, magnificent purple spirit awn, toward feather emperor Tuo to assassinate but go.

Yuhuangtuo's face suddenly changed and said, "Lord of reincarnation, I have surrendered. Do you want to kill me? This is forcing me to die

In the end, yuhuangtuo's eyes cracked and his whole body broke out: "in this case, we will die together!"

With that, he began to sacrifice the evil evil spirit and martial arts Scripture, and the characters swelled up. He really wanted to explode.

This evil evil book of martial arts is a Book of evil heaven. Once it explodes, its power is absolutely terrible. Ye Chen is so close that if he is not killed, he will be seriously injured. Li Feixue and his younger brothers behind him will not survive.

See this scene, ye Chen is not panic, cold way: "I allow you to explode?" Yao guangzishu, I've suppressed it! "

A vast purple light burst out from ye Chen's palm. In an instant, it suppressed the evil spirit of the evil spirit martial code.

It turns out that this evil evil evil martial Scripture is a sacred object of the purple emperor family of Beiwu.

At that time, Emperor Zidi of Beiwu devoted himself to studying this book, so he was very familiar with the circulation of Qi in this book.

Ye Chen got the help of the purple emperor of Beiwu, and this shot just stopped the Qi of the evil evil spirit wudian, making it unable to explode.

Yuhuangtuo lost his last resort and his pupils contracted, showing the color of despair.

Whoa!

Ye Chen a point to kill in the past, only a blow, then run through his spirit body, thoroughly kill it.

"Laozu, avenge me!"

Before the death of the spirit of yuhuangtuo, he raised his head to the sky and roared, sending out a voice of resentment and hatred. It seemed that he wanted to call the ancient emperor yuhuangtuo to avenge him.

Click.

As soon as yuhuangtuo died, the evil spirit fell to the ground.

At the end of the war, ye Chen breathed a sigh of relief and grasped the evil evil spirit Wu Dian in his hand. He said to the North Wu Zi emperor, "elder, I killed the murderer for you and took back the sacred things of your family."

The purple emperor of Beiwu was also very pleased to see the death of yuhuangtuo. He said, "it's very good, very good. It's just that all the descendants of my family have died. It's too sad. My Lord, when you come to the top of reincarnation and really take charge of the road of reincarnation, please revive them."

Ye Chen nodded and said: "this is natural, I will remember, that is the evil evil spirit martial code..."

The purple emperor of Beiwu said: "this evil evil spirit martial arts Scripture is too complicated. I studied it for thousands of years, but I can't understand it. Now I only have a wisp of spirit left, and I can't understand it. Tomb master, you are extremely gifted. You will take this evil spirit martial arts Scripture. If you can understand it, it will be better."

The book of evil evil spirit is the book of evil heaven. If you reach the end of cultivation, it is said that you can capture the mystery of wuwuwujie.

Ye Chen is also interested in this kind of secret script.

"Well, thank you. I'll take it."

Ye Chen accepted the evil evil evil spirit Wu Dian and said thanks to the purple emperor of Beiwu.

"Brother Ye."

At this time, Li Feixue and Li Qingshan came.

This battle, ye Chen is almost the whole process of rolling, showing a very powerful reincarnation power, so that two people admire.

Ye Chen looked at Li Feixue and the disaster Heavenly Sword and the evil evil evil spirit martial code, and said, "take the disaster Heavenly Sword, flying snow, and you will absorb the evil spirit of the evil spirit martial code, which will be of great benefit to your cultivation."

The evil spirit of the evil spirit martial code has something in common with the evil spirit of disaster.

If Li Feixue absorbs it, it will gain a lot.

Li Feixue is the soul of the disaster sky sword. Sooner or later, he will follow Ye Chen, so from now on, it is the best choice to cultivate her.

Chapter 5968

"Brother ye, I've absorbed the flavor of this secret script. Won't I damage it?"

Li Feixue a Leng, way.

Ye Chen said: "no, the evil spirit is just external. The real content of this secret script is very profound, which is related to the secret of nothing."

Li Feixue said: "what does Wu Wu mean? What a strange title. "

Ye Chen said: "Wu Wu is too abstruse. I don't know. In a word, you don't have to worry about it. First, you absorb the evil spirit of this evil evil spirit martial code and improve your strength."

Li Feixue said: "yes, brother ye, I will listen to you."

Ye Chen nodded and said to Li Qingshan, "Qingshan, protect the Dharma for your sister."

Li Qingshan said, "good!"

Looking at the rift valley, we can see that the disaster gas of the abyss at the bottom of the valley is surging more and more fiercely, and the scarlet chalcedony seems to be coming out soon.

Li Qingshan said, "brother, are you going to leave? The scarlet chalcedony is about to be born, and there will be a vision at that time. I'm afraid I can't stand it alone. "

Ye Chen looked at the rift valley and thought that Xiao Qingyan had fallen to the bottom of the valley and was mostly dead. He couldn't help sighing and said, "I'll be back soon. You'll wait for me here."

Ye Chen is not careless to get rid of yuhuangtuo, because there are still unknown enemies who break into this place. He has already felt the touch of the forbidden system in the yellow spring. The other party has already killed near the forbidden system, but has been delayed by the trap.

"Brother ye, where are you going? Take the sword. "

Li Feixue holds Ye Chen's arm. He only worries about his accident, so he wants to return the disaster sword to him.

Ye Chen said: "you need the protection of Tianjian to absorb the evil spirit. Don't worry about me. I'll be back soon."

With that, ye Chen insists on leaving the disaster sword to Li Feixue, and then returns on his own.

"Brother Ye!"

Li Feixue shouts, but ye Chen doesn't look back.

Li Qingshan said: "sister, practice quickly. Don't let brother ye down."

Now is the best time to practice. The disaster atmosphere on the island is the most intense. The right time and place fit in with the disaster sky sword. At this time, Li Feixue can make the biggest breakthrough.

If the opportunity is missed, there will be no such opportunity in the future.

"Well."

Li Feixue nods her head gently. Although Ye Chen is in mind, she has nothing to do.

With her current strength, obviously can't help Ye Chen anything.

Her top priority is to improve her strength as soon as possible.

At present, Li Feixue sits down with his knees crossed, inserts the disaster Sky Sword in front of him, and then picks up the evil evil spirit martial arts Scripture to absorb the breath of the evil spirit martial arts Scripture.

Hum!

As soon as the disaster Sky Sword is inserted, it falls to the ground and forms a sword array, which firmly protects Li Feixue.

The aura of the evil evil evil spirit was absorbed by Li Feixue. All kinds of evil spirit vibrated, but it didn't hurt Li Feixue. They were all dissolved by the disaster sky sword.

Li Qingshan stands beside Li Feixue attentively, guarding carefully. Nearby is the abyss Rift Valley, where all kinds of black fog are emerging. Thinking of the scene of Xiao Qingyan's suicide in the valley, his heart is faint. He is afraid that some demons and ghosts will rush out of the abyss.

.....

Ye Chenyuan road back, convergence breath, came to the forbidden area of the yellow spring.

He didn't have the sword of disaster in his hand, so he was very cautious and his breath was all restrained.

The Yellow River's flow is endless, arranged according to the special formation of the nine palaces and eight trigrams. The green water is hidden under the water. This is the trap arranged by Ye Chen.

But I saw a young man with a sullen face, riding a dark unicorn, prowling by the yellow spring river. He didn't dare to wade through the water several times, so he was very cautious.

Ye Chen hides behind a big tree and watches silently.

"Ha ha, the master of reincarnation has set up a forbidden system to stop me."

The young man sneered and thought about how to break the ban.

The demonized unicorn in his crotch said: "Lord shengyunzun, just like the holy water of the yellow spring, can it turn the world upside down? Why don't we just rush through! "

It turns out that this young man is Saint Cloud.

"It turns out that he is Sheng Yun Zun!"

Ye Chenyi hears three words of shengyunzun, his pupils shrink, and then he catches a strong killing.

This Saint Cloud Zun wanted to kill him.

"I've never met this guy before. How does he want to kill me? When did I offend him? "

Ye Chen frowned and couldn't understand that this Saint Cloud Zun was the elder Keqing of the Xiao family. He was in charge of Yunding Tianshu. His strength can't be underestimated. He boasted of the existence of destiny.

The real son of destiny is Ren Fanfan in Ren's family. Ye Chen naturally knows that, but this Saint Cloud Zun dares to boast of his destiny. I think he has some ability.

Ye Chen is well hidden and surrounded by yellow spring rivers, so shengyunzun has not found him yet.

Sheng Yun Zun looked at the crisscrossing holy river of the yellow spring and said, "it's not enough to be afraid of the holy water of the yellow spring alone, but what if you add a pearl of green water?"

The demonized unicorn was stunned and said, "green water is a magic pearl? The chaos treasure at the bottom of the list is nothing to be afraid of. "

Sheng yunzun said, "if there are star patterns on the beads, which are carved by the heavenly daughter herself?"

The demonized unicorn was shocked and said, "what, is there the cause and effect of the princess of heaven behind this?"

Sheng yunzun nodded slightly and said: "yes, there is a bright pearl in the yellow spring river. There is a white Emperor's golden emperor pattern on the Pearl. If anyone dares to rush through, he will be killed by the White Emperor's golden emperor pattern. Even if he doesn't die, he will be injured. If he is injured, how can he be the enemy of the reincarnation Lord?"

The demonized Unicorn gritted his teeth and said, "the reincarnation master is so insidious that he uses the trap as a mean to fight openly and squarely."

Saint Cloud Zun ha ha a smile, way: "the other side when shrink head tortoise, we also have no way."

He demonized Kirin and said, "Lord shengyunzun, what should we do now?"

Sheng yunzun said: "wait a few days. I'll deduce the operation of the forbidden system in the yellow spring. If the forbidden system is broken, I can move on and kill the reincarnated Lord. He can't escape."

"What if he runs away?" he said

How can he escape? Such a large amount of holy water in the yellow spring remains here, as well as the bright pearl of green water. If he abandons all of it, it will cost too much. "

Ye Chen hiding behind the tree, heard the words of Saint Cloud Zun, thought: "this man is right, I really can't leave here."

He thought again: "he actually saw through the trap of bishuikan Lingzhu. It seems that he is in control of Yunding Tianshu. As expected, he can deduce all causes and effects. Any means of sneaking attack and ambush can't hurt him."

Thinking of this, ye Chen's face is slightly dignified. It seems that there is a big fight between him and Sheng yunzun.

In the reincarnation cemetery, the purple emperor of Beiwu said: "Lord of the tomb, you have my help. If you do your best, you will have at least 70% chance to kill that man!"

Chapter 5969

At this time, ye Chen also has the energy blessing of the purple emperor of Beiwu. If he tries his best, even if shengyunzun has Yunding Tianshu, ye Chen will have at least 70% of the win and can kill the opponent.

"70% chance? Not enough, I want absolute! "

Ye Chen shook his head, but refused.

There is an absolute chance to win, ye Chen will not take risks.

Because, scarlet chalcedony is about to be born, if you can get scarlet chalcedony, ye Chen can repair wish star!

As long as the desire to repair the sky star, refining the star, ye Chen's strength, will advance by leaps and bounds!

In addition, with the effect of scarlet chalcedony, it can also restore the aura of huangquan map by the way.

At that time, ye Chen will fight again. He is absolutely sure that he can kill Shengyun Zun.

"When crimson chalcedony is born, is there time?"

Beiwu purple emperor expressed concern.

Ye Chen said: "there are still a few days left for this guy to break my prohibition trap. These days, he will wait and see what happens. Don't act rashly."

The purple emperor of Beiwu gave a wry smile and said, "Lord of the tomb, but this time I'm wasting energy. After a few days, I can't help you any more."

This time, the purple emperor of Beiwu helped Ye Chen to kill yuhuangtuo. Now ye Chen still has a chance to fight against shengyunzun with the power of the purple emperor of Beiwu.

But if ye Chen insists on waiting, after a few days, Beiwu purple emperor can no longer borrow, ye Chen will be very dangerous.

"I'll pay attention to the propriety when I'm ready. I'm not fighting alone. There are my friends outside."

Ye Chen has made a plan. After the birth of scarlet chalcedony, the disaster gas accumulated here can also be dispersed. At that time, the blood dragon and the blood god can come in.

With the strength of both of them, and then to deal with Shengyun Zun, it is a sure bet.

The purple emperor of Beiwu said, "well, Lord of the tomb, I'll listen to you. If it's a last resort, I can sacrifice myself and help you win!"

In his heart, he had made the decision to sacrifice the spirit, regardless of all the consumption and cost, and to help each other to the death.

"Thank you, master. I won't let that happen."

Ye Chen wry smile for a while, just a Saint Cloud Zun, still can't make him so embarrassed.

After the agreement, ye Chen quietly left here and returned to Li Feixue.

On the way, the energy that the purple emperor of Beiwu infused into Ye Chen was limited by time and completely lost.

In a short time, ye Chen can't borrow it again, otherwise the purple emperor of Beiwu will disappear.

"Brother, you're back!"

When Li Qingshan saw Ye Chen coming back so soon, he was surprised and happy.

"Shh."

Ye Chen made a silent gesture to signal Li Qingshan to be quiet.

Li Qingshan immediately shut up, because his sister Li Feixue is still at the critical moment of cultivation.

Li Feixue's eyes were closed, her hands were clasped with the evil spirit martial code, and the sky sword was inserted in front of her body, continuously infusing the evil spirit into her delicate body.

Disaster between heaven and earth, also vaguely, echoed with her.

Absorbing the evil spirits, Li Feixue's accomplishments are constantly breaking through. Her skin shows a white luster with three thousand green silk, and her facial features are picturesque.

Although her body is full of evil spirits, her skin and appearance are not affected. She is still like a jade girl. She is pure and pure. Even with the constant breakthrough of her cultivation, her pure and beautiful color is even more worldly.

Especially against the background of darkness and disaster, she is as clean as glass, like a snow lotus blooming in the mud.

Ye Chen squints his eyes and quietly appreciates the picture.

If Li Feixue can become stronger, it will be a good thing for him.

After all, as the soul of the disaster sky sword, Li Feixue will be with him sooner or later. He doesn't want to take a vase with him. What he needs is the powerful help that can play a role in this layout.

After a long time, as night fell, Li Qingshan yawned. He recovered from his serious injury, but now he was a little tired.

Ye Chen said, "Castle Peak, take a rest. I'll watch the night."

Li Qingshan said, "OK, brother ye, I'm sorry to trouble you."

Ye Chen said with a smile: "nothing."

At the moment, Li Qingshan went to rest and sleep. Ye Chen lit a bonfire and watched the movement of the Rift Valley while watching the night.

The abyss disaster gas is more and more rich, and the red light in the disaster gas is also flashing more violently. It is obvious that the scarlet chalcedony will be born soon.

"I don't know when this scarlet chalcedony will come out."

Ye Chen murmurs secretly, the holy cloud Zun is still outside, he needs to repair the wish star as soon as possible.

But he never understood why Shengyun Zun wanted to kill himself.

"Puff!"

Just when ye Chen is full of thoughts, Li Feixue suddenly wakes up, spews out blood from her mouth, and her face is full of pain.

"Flying snow, what's the matter?"

Ye Chen was shocked.

Li Feixue's face was haggard. There was a huge panic in her beautiful eyes. She looked at Ye Chen and said, "brother ye, hold... Hold me tight."

Ye Chen a Zheng, see her this appearance, only think she is possessed by the devil, quickly past, tightly embrace her.

Li Feixue also holds Ye Chen tightly and seems to have grasped a life-saving straw.

Ye Chen uses eight trigrams to cure Li Feixue, but is surprised to find that Li Feixue's elixir field is empty.

The aura in her elixir field is empty.

Her body, also gradually become cold, she hugged Ye Chen, ye Chen only feel a piece of ice close to himself.

The Qi and blood in her meridians were rapidly passing away, as if they had been sucked away, and her blood was on the verge of exhaustion.

"Flying snow!"

Ye Chen yells, and has a very bad premonition in his heart.

Li Feixue said: "brother ye, I'm so empty..."

Her eyes, also gradually become empty, seems to fall into the abyss.

"No! You've gone astray and strayed into the wrong way

Ye Chen saw this scene, already knew that the event was not good.

That evil evil evil spirit martial arts Scripture, after practicing, compresses its own Qi and blood into an almost nonexistent particle, which is close to absolute nothingness. If you can succeed, you can see the mystery of nothingness.

Li Feixue absorbed the evil spirit of the evil spirit martial code, but was also influenced by the evil spirit martial code, and wanted to fall into nothingness.

If you want to understand Wu Wu realm, let alone her, you can't be extraordinary. When the ancestor of wanxu comes, it's impossible. This is the ultimate realm of cultivation. It's too mysterious.

If ordinary people come into contact with nothingness, they will fall into absolute nothingness.

Now Li Feixue is in danger of falling into nothingness.

Her whole body's blood, aura, is not gone, but compressed, compressed into very fine particles, I do not know where hidden in the meridians, she will soon be exhausted, into nothingness and die.

"Damn it, this evil evil martial code is really an evil sect!"

Ye Chen bites his teeth and wants to ask the purple emperor of Beiwu if there is a way to solve the problem. But he finds that the latter has been sleeping for a while. I'm afraid he won't wake up these days.

Chapter 5970

All of a sudden, countless thoughts flashed through Ye Chen's heart, and he thought of an old way.

At the moment, ye Chen cuts his finger and puts his finger into Li Feixue's mouth.

"Well..."

Li Feixue only feels a stream of warm Qi and blood pouring in, and quickly sucks the blood on Ye Chen's fingers.

Ye Chen's Qi and blood flow into her exhausted meridians, and her body gradually warms up.

With the flow of her own blood, ye Chen feels Li Feixue's whole body carefully, and finally finds a hidden tiny particle on the danzhong acupoint between her chest.

The particle is only the size of dust, which is the compressed blood of her whole body.

This grain of Qi and blood dust is very small, but the distance is close to nothingness, infinitesimal realm, there is still a very long distance.

In other words, Li Feixue has not completely fallen into nothingness, and there is still room for rescue.

Ye Chen palms against her chest Tan in the acupoints, a burst of massage, a fierce drink: "broken!"

A strong aura came from ye Chen's palm and penetrated into Li Feixue's body.

The particle of Qi and blood, stimulated by external force, suddenly exploded, flowing out a stream of blood and aura, and returned to Li Feixue's whole body.

Li Feixue's Qi and blood return to flow, return to reality from the state of nothingness, the body soon recovered soft.

Ye Chen embraces her, then feels a burst of warm fragrant nephrite, finally is no longer that cold appearance.

"Feixue, are you ok?"

Ye Chen let go of her, the heart is also a sigh of relief.

Li Feixue stayed for a while, knowing that he had come back from the gate of death, but he couldn't figure out what was going on and said, "brother ye, what happened to me just now?"

Ye Chen said: "you almost fell into nothingness. Fortunately, I rescued you."

Li Feixue looked at the nearby Rift Valley and said, "what does falling nothingness mean? Did I almost fall into the Rift Valley? "

Ye Chen said: "no, in a word, it's too complicated to say. As long as you know, you've just been possessed. It should be ok now. How do you feel?"

Li Feixue felt his body for a while and said, "I feel very good. It seems that there is a breakthrough in cultivation."

Ye Chen said: "that's good. Give me your wrist."

Li Feixue thinks of the picture that just hugs Ye Chen. Her cheek turns red and she hands her wrist over.

Ye Chen explored her pulse and saw that the weather was stable and there was nothing wrong with it. He nodded and said, "it's really OK. The aura of the evil evil spirit has been absorbed. You should have a rest."

At present, Li Feixue's accomplishments have soared to the level of Taizhen.

She is the reincarnation of the sword spirit of the disaster sky sword, and her blood is very important. This cultivation stimulates the energy of the blood, and her accomplishments soar.

The strength of taizhenjing is enough at present.

Li Feixue said: "brother ye, thank you." Return the disaster Sky Sword and the evil evil evil spirit martial code to Ye Chen.

Ye Chen takes the disaster sky sword back into its scabbard and hangs it on his waist. Then he picks up the evil evil spirit martial Scripture. However, he sees that the evil spirit in the classics has faded away.

"It's so evil. Should I practice it?"

Ye Chen frowns tightly, thinking of Li Feixue just now, almost falling into the scene of darkness and nothingness, can't help but have a little fear.

But then I thought, "I have many reincarnation steles to protect my body. Even if I can't participate in breaking Wuwu, I can at least guarantee my whole body to retreat."

This evil evil evil martial arts Scripture probably contains the mystery of Wu Wu realm. Ye Chen naturally doesn't want to miss such a wonderful book.

At present, ye Chen sits with his knees crossed. The dust stele, the wind stele, the burning stele, the dark stele, the magic stele and other reincarnation steles are all sacrificed. He firmly guards his body, and then begins to understand the secret of the evil evil spirit martial arts ceremony.

.....

Heaven and man, a very hidden forest.

Boom!

All of a sudden, the forest, blood, there is a big cause and effect.

In the forest, many strong people living in seclusion tremble when they look at the blood rain in the sky.

Because, they felt a terrible breath from behind the bloody rain.

That is the breath of reincarnation!

A girl in a water blue Qipao, with extremely hot figure and jade skin, slowly walked out of a luxuriant, dense and colorful flower tree.

This flower tree is called the divine tree on the other side. The tree is full of red flowers on the other side. The flowers on the other side are also called Manzhu shahua. It is said that they are the flowers in the sky. Those who see them will get rid of their evil.

The tree on the other side is the guardian tree of the Yuhuang family in wanxu.

It turns out that this forest is actually a secluded place for the remaining descendants of the Yuhuang family.

"Yuhuangtuo is dead?"

The flamboyant cheongsam girl, looking at the blood rain from the sky, her beautiful eyes shrank slightly, and even stopped breathing in surprise.

It turns out that yuhuangtuo shouts before he dies, and the cause and effect is transmitted back to the clan. Now the descendants of the entire yuhuangtuo family know that yuhuangtuo was killed by Ye Chen.

"Holy lady, elder yuhuangtuo has fallen, and the murderer is the Lord of reincarnation. What should we do? Is it revenge? "

Several elders in a hurry, ran to the cheongsam girl in front of the first one knelt down, voice panic said.

This cheongsam girl is the saint of the Yuhuang family, and also the existence of the divine tree on the other side.

If the murderer is an ordinary person, there is no need to ask the saint for instructions. These elders will take revenge immediately.

But the murderer is the master of samsara, and they dare not act rashly.

The prestige of reincarnation is too terrible.

Qi Pao girl's eyebrows were locked tightly. Countless thoughts flashed in her heart. For a moment, she didn't know what to do.
