

## Physician 5991

### Chapter 5991

"He broke through martial arts and paid attention to cause and effect. He set up an old alliance and wanted revenge, but he didn't really have a heart of hatred. He just wanted to cut off cause and effect. If you meet him in the future, you should never approach him with wanxu's personal enemies. It's better to talk about martial arts with him. Maybe you can get a good relationship."

Ye Chen stayed for a while, but he didn't expect that there was such a great cause and effect behind the magic ancestor Wu Tian.

The ten great ancestors of the earth's center, after rising to the supreme world, created a new system of forces and joined hands to dominate the supreme world.

The establishment of the new system will naturally impact the original forces.

Once the master of the world, they killed him.

After the fall of the old lord, the top ten ancestors dominated. Among them, the yuhuanggudi built wanxu temple, and became the most powerful one.

The old Japan alliance is a force to fight against wanxu and to seek revenge for the former leader.

Ye Chen said: "since the old alliance also exists to fight against wanxu, why don't we cooperate?"

Ren Feifan laughed and said: "cooperation? It's impossible. In order to cut off the cause and effect, Mozu Wutian has to destroy the ruins alone. It's impossible to cooperate with outsiders. It's good that they don't make enemies with us. "

Ye Chen's heart was cold, and he had a very bad premonition, as if his future would be entangled with the old alliance, the evil ancestor Wutian and so on.

Ren Fanfan said: "wanxu is too powerful. If Wutian, the demon ancestor, had no Tianshu, he might be able to damage wanxu. But now he has lost his Tianshu, which is unlikely to damage the foundation of wanxu. We have no external force to rely on. Everything depends on ourselves."

Ye Chen said: "now there is no heavenly book, is... Become the guardian of the natural law?"

Ren Fanfan nodded and said: "exactly, in those years, Mozu Wutian had a mysterious contract with Tianli, and I don't know the content of the contract. But as a result, Mozu Wutian failed. He needed to provide a guardian for Tianli. He wanted to cultivate Shengyun Zun, but the other party didn't succeed. In the end, he was forced to sacrifice wuwutian book."

Ye Chen said: "master, has he ever looked for you?"

Ren extraordinary a smile, way: "sought, but you think, I will be willing to depend on others?"

With Ren's extraordinary character, it's impossible to live under human beings. Even if you live under heaven's law, you can't tolerate it.

Ye Chen smiles. Naturally, he knows and doesn't talk much.

Ren Feifan sighed and said: "well, not to mention this, these are quite far away. The old alliance, Wutian, Tianli, wanxu and other forces have to wait for you to really go to the supreme world. Now you don't have to worry about it. Just try your best to capture Longyuan Tianjian."

Ye Chen said: "yes!"

Ren Fanfan said: "well, let's go our separate ways first. I'll help you muddle up the water. You go back and get ready. Half a month later, when the ban is loose, you can immediately enter the ruins to seize the sword!"

Ye Chen said: "good!"

At the moment, Ren Feifan goes to different parts of the heaven and human realm to spread the news that Longyuan Tianjian is about to be born, while ye Chen returns to bloody death prison to prepare for the capture of Tianjian.

.....

Supreme world, a misty, auspicious, ice Phoenix take off in the valley.

Suddenly, a dragon song came from the deep of the valley, resounding through the sky.

Many disciples and maids in the valley were shocked at the sound of the dragon.

However, in the sky, the golden light floats, and there is a huge dragon rising from the sky, turning clouds and spitting fog, showing a magnificent atmosphere.

A beautiful woman, sitting in the deep valley, quietly practicing.

If ye Chen is here, he will be absolutely shocked!

Because this woman is yeluo'er!

She was brought to the supreme world by Ren tiannu, and was settled in this secluded valley for cultivation.

During this period of time in the supreme world, yeluo'er practiced assiduously. With the help of the aura of the supreme world and the guidance of the heavenly daughter, yeluo'er's dragon god heaven breaking formula had greatly broken through, and his blood had also been upgraded and awakened to the extreme.

The Dragon God's formula for breaking the heaven is one of the nine heaven God's skills, which represents the ultimate of the dragon Taoist Dharma. Yeluo'er can practice perfectly. At the moment, her strength is beyond description and imagination.

"Good, luo'er. Congratulations on your breakthrough."

A quiet and elegant voice rings out, and a peerless figure comes to ye luo'er. It's the heavenly daughter.

"Little girl, I've seen the princess!"

Yeluoer got up in a hurry to salute.

The goddess of heaven is the saint of the Ren family. She is also the senior guest elder of wanxu temple. She is in charge of an immortal Empire, so she is called Princess.

The immortal Empire, once the land of Longxing, was seized by the ancient emperor Yuhuang.

The ancient yuhuangdi gave the old empire to the Empress Dowager as a fiefdom, which meant that he attached great importance to attracting people.

It's said that the leader of the Dragon exterminator, the commander of Wanxiang Tianshu, was the general of the old empire.

At this time, yeluoer was practicing in a secret valley of the old empire.

This is the absolute territory of the Empress Dowager. No one has the right to step in except the ancient emperor Yuhuang. The heavenly daughter said with a smile: "your blood is superb. I didn't expect that you could become the Dragon God's heaven breaking formula so quickly." Yeluoer said: "it's all the instructions of the princess." The heavenly daughter nodded and said, "you have just completed your cultivation, but your foundation is not yet firm. When your foundation is firm, I want you to help me kill someone.

Chapter 5992

Ye Luo Er is shocked in the heart, way: "kill who?"

I'm afraid that the heavenly daughter will use her hand to deal with Ye Chen.

After all, the heavenly daughter and ye Chen are not friends, but enemies!

The empress slowly spits out a name and says, "the devil has no heaven."

Ye Luo son hears is not ye Chen, immediately relieved a breath, way: "this evil ancestor has no day is who, listen to the name is very overbearing."

Too God female way: "is a big person, you want to kill him, mostly oneself also can die."

Ye Luo'er is shocked and knows the meaning of the heavenly daughter.

Taking her away from heaven and man, the supreme daughter of heaven risked great danger. She went back to the supreme world and spent countless resources to give personal advice. She wanted to use her as a chess piece to deal with the devil.

Although such characters as the supreme daughter of heaven can no longer be judged by morality, Yeluo'er is not happy to think that she has been used and become a chess piece.

The heavenly daughter is dignified, but said: "you can't go, I'm not only your chess piece, I never threaten to force anyone, if you don't want to go, I can let you go, but you have received my favor after all, and you can't be my enemy in the future, even if I and reincarnation master kill heaven and earth, you can't do it to me, this is my bottom line."

Yeluo'er was shocked when she heard the words, as if she saw a bright moon rising in the dark world.

The eyes of the Empress Dowager are plain and cool, as clear as the clear water in glass. There is no conspiracy plan. She tells ye Luo'er to die.

It's up to her to decide whether or not she will.

Ye Luo Er clenched his teeth and thought that if it wasn't for the heavenly daughter, he might be destroyed in the hands of Yu Wen Ji.

Without the care and cultivation of the heavenly daughter, she would not have been able to cultivate the Dragon God's heaven breaking formula to perfection.

After much consideration, Yeluo'er's eyes were slightly red and said, "princess, you treat me like a mountain of kindness. I'm willing to repay you for killing the devil Wutian, but... I want to wait."

"What do you want to wait for?" she said

Yeluo'er said: "I... I want to wait for brother ye to fly up. I'll see him once. After a little reunion, I'll go to work for you."

The lady said, "do you want to see ye Chen before you die? That's OK. That boy is very lucky. I don't think it's too far to rise. During this time, you'll take good care of yourself. First of all, you'll consolidate your foundation. Besides, although I have many pieces, you're the only one who can really kill Wutian. "

To kill Wutian is a mortal task. There is no possibility of survival.

Ye Luo'er knows her fate and is determined to repay her with her death. Now she is relieved to hear that she agrees to let her see ye Chen before performing her mission. She kneels down and says, "thank you, princess."

The heavenly daughter nodded her head gently, then she stopped talking and left.

Ye Luo Er looks at her far away figure, but is full of thoughts.

She didn't want to die.

She wants to wait for ye Chen to come to the supreme world and get together with him.

Her existence, originally meaningless, is precisely because ye Chen, her life is rich and colorful.

She wants to guard brother ye all her life.

But now, I'm afraid there's only one hope in my life.

This is the beginning of death.

She wanted the day to come faster and slower.

.....

On the other side, Shentu family.

But Shen Tu Wan'er was no longer confined by her mother, but she was still under house arrest.

She thinks about it day and night, lingering in her mind all the time, all of which are ye Chen's figures.

Day and night toss and turn, she does not want to believe that ye Chen has fallen, want to go to heaven and man to explore.

However, there are many guards around, but Shen Tu Wan'er has no chance to leave.

Shen Tu Tianyin knows her daughter's mind, warns her many times, and persuades her not to think wildly, but Shen Tu Wan'er is always confused.

"In any case, I'll go and find out!"

Shen Tu Wan'er clenched her teeth and couldn't put Ye Chen down. She looked out of the window.

Looking out of her room, you can see the Wuwei Heavenly Sword on the top of the back mountain of Shentu family.

In tens of thousands of years, no one in the Shentu family has ever been able to pull out the Wuwei Heavenly Sword.

According to legend, the man who can pull out the sword will lead the Shentu family to change their fate and dominate the supreme court!

Shen Tu Wan'er had a bold idea in her heart. Her heart pounded and she went out of the door immediately.

Outside the door, there are two bodyguards guarding, both of them are the top of Shentu family.

When the bodyguard saw Shen Tu Wan'er coming out, one of them came forward and said, "Miss, where do you want to go?"

Shen Tu Wan'er said, "Chen HUFA, I want to go to the top of the mountain to relax."

The two bodyguards looked at each other, and Chen HUFA said, "Miss, do you want to relax? I'll accompany you. "

Shen Tu Wan'er is under house arrest. No matter where she goes, there are bodyguards to follow her and she can't get rid of it. Shen Tu Wan'er nodded and said, "OK, please." Then Shen Tu Wan'er went to the top of the mountain, followed by Chen HUFA. Shen Tu Wan'er has been under house arrest for a

long time. She thinks about it day and night. She looks rather haggard. She walks weakly. Her waist is extremely soft, as if she would fall when the wind blows. When Chen HUFA saw Shen Tu Wan'er's haggard appearance, he couldn't bear it. He thought, "I don't know what's good about the reincarnation Lord, but she can't forget it." They went up the mountain. There were many bodyguards on the mountain road. When they saw Shen Tu Wan'er, they all said hello. As we approached the top of the mountain, there were fewer and fewer bodyguards, and finally there was no one else. Because Shentu family's heritage treasure, Wuwei Tianjian, is inserted on the top of the mountain. The sword must be kept pure all the time. If someone bothers, it will pollute the aura. Shen Tu Wan'er came to the top of the mountain, glanced at Wuwei Tianjian without any trace, and then looked into the distance, dazed. Half of the body of the Wuwei Heavenly Sword was inserted in the soil. The exposed half of the sword was surrounded by a light golden light, and there was an air of martial arts. Among the eight heavenly swords, Wuwei Heavenly Sword is quite special, which can increase people's martial arts. Once you hold this sword, the martial arts will advance by leaps and bounds, which is of great benefit to cultivation. But for tens of thousands of years, no one has ever been able to pull out the Wuwei Heavenly Sword. Shen Tu Wan'er was raised by her family as a sword bearer. She is the hope of Shen Tu's family in the future. She still needs to rely on her to pull out Wuwei Tianjian in the future. Chen HUFA knew that Shen Tu Wan'er was trapped in love. If he delayed, he would lose his qualification as a sword bearer. He immediately said in a voice, "Miss, the reincarnation master is dead. Don't be too sad. The past is gone." Shen Tu Wan'er nodded gently and said, "I know."

#### Chapter 5993

Chen HUFA said: "it's not peaceful outside recently. Don't go out, miss, in case of any accident. We servants, I'm afraid we can't afford it."

Shen Tu Wan'er said, "what's wrong? Is the devil still willing to die? "

Chen HUFA said: "yes, that demon ancestor Wutian wants to borrow Wuwei Tianjian, but this sword is a treasure handed down by our Shentu family. How can it be lent to outsiders?"

Shen Tu Wan'er said with a smile, "even if you lend it to him, he can't pull it out."

Chen HUFA said: "it's natural. Only miss Wuwei is qualified to be the sword holder of Wuwei Tianjian. But Wutian, the devil ancestor, is willing to take the Shentu family's Tianjian and use it to fight against wanxu Laozu. Recently, people from the old Japan alliance are outside. It seems that they want to take it by force. Miss, you must be careful not to go out alone, The old alliance found an opportunity. "

Shen Tu Wan'er turned her head slightly and said, "I know. Go down the mountain."

Chen HUFA said, "yes!" Turn around and go down the hill.

Shen Tu Wan'er's Lotus steps moved gently and went down the mountain, but when she came to the side of Wu Wei's Heavenly Sword, her beautiful eyes suddenly twinkled, showing a sharp color.

His waist was slightly bent, and his slender palm suddenly grasped the hilt of Wuwei Heavenly Sword. He took a deep breath and yelled: "Wuwei Heavenly Sword, listen to my command, rise!"

At this moment, Shen Tu Wan'er's whole mind was drawn.

She has only one idea in her heart, that is to pull out the Wuwei Heavenly Sword, change her life against the heaven, get rid of all the shackles, completely control her own destiny, and go to heaven and man to find Ye Chen.

"Sword spirit, listen to my call and promise me to kill you. I'm willing to give everything!"

Shen Tu Wan'er prays in her heart, her eyes are more and more fierce, her heart is sincere and her heart is open.

Click!

The Wuwei Sky Sword seemed to hear her call, and suddenly burst into golden light. The majestic weather of martial arts roared, and the sharp sword Qi killed the sky, which made the sky vibrate. Layers of space burst, and the sky was full of rosy clouds, purple lightning, thunder. There were ancient gods and demons singing and shaking the earth.

Shen Tu Wan'er's white palms are slightly green. He pulls out the sword and holds it tightly.

At this moment, the mountain carrying Wuwei Tianjian collapses and shatters, rolling stones fly, and the earth collapses.

"What

Chen HUFA was shocked, but he felt a terrible sword attack, and quickly flew back.

And the guards on the mountain also flew back one after another, looking at the scene in amazement.

The whole mountain collapses. Between the smoke and dust, Shen Tu Wan'er's delicate body is suspended in the sky, holding the Wuwei sky sword. The martial arts breath bursts, and he gets nourishment from the sword spirit. His accomplishments soar and break through. His green silk is flying, his clothes are floating, and he is waving like a fairy. All the gaunt colors fade away, and his eyes are clear and sharp, and he becomes fierce.

"Miss pulled out the Wuwei Heavenly Sword!"

"Wuwei Heavenly Sword has been pulled out!"

"Report it to Madame!"

The guards screamed, Wuwei Tianjian was pulled out, and Shen Tu Wan'er became the sword holder. It was a wonderful event, but they had a very unknown premonition in their heart, and everyone was scared.

In the supreme world, as the Wuwei Heavenly Sword is pulled out, many regions are also shocked by strange phenomena. Infinite auspicious atmosphere spreads all over the sky, and the purple thunder sweeps thousands of miles. Layers of time and space are filled with the killing breath of Wuwei Heavenly Sword, which is shocking.

Countless strong players, as well as the big figures behind them, are shocked at this moment, and another heavenly sword comes out. I'm afraid that the sky will change, and the chess game will be completely in chaos, and no one can control the future.

In Shentu's family, Shentu Wan'er is in charge of Wuwei Tianjian. She feels that her accomplishments have soared, and she feels like a dream.

Then, she calmed down, and the figure of Ye Chen came into her mind.

"I am the master of my destiny, and no one can control me!"

Shen Tu Wan'er took a deep breath and flew out with her sword.

"Miss is leaving, stop her quickly!"

Many guards were shocked and rushed into the sky. They surrounded Shen Tu Wan'er and wanted to intercept her.

"Don't try to stop me, back off!"

Shen Tu Wan'er gave a gentle rebuke, and with a wave of Wuwei's Heavenly Sword, an indescribable strong sword light came out like a raging wave.

The guards around them were shocked and couldn't resist. They were cut down one by one by Wuwei Tianjian and seriously injured.

And they were just injured, not dead.

Shen Tu Wan'er has become a sword holder. Her martial arts accomplishments have been greatly improved. She can only hurt people without killing people. The power of the sword is just right. She has the style of a great master.

Wuwei Tianjian has accumulated a lot of aura, martial arts and Qi luck for thousands of years, all of which have been infused into her. Naturally, she is in a terrible transformation.

The bodyguards could not resist, so they could only watch Shen Tu Wan'er go away.

Even if they have the qualification to resist, they dare not fight against the young lady!

"Wan'er, where do you want to go?"

At this time, a deep voice sounded, but Shen Tu's voice came down from the sky with the vast brilliance. Shentu Tianyin is relieved and excited to see that his daughter has finally pulled out the Wuwei sword. However, seeing that his daughter never forgets it, he is always indulged in the evil feeling and is angry in his heart " Mother, I'll go to heaven and man, and I'll be back soon. " Shen Tu Wan'er gritted her teeth and flew out with her sword " Don't go! Stop

Chapter 5994

Shentu Tianyin was very angry. With a wave of his hand, a cloud of smoke and mist burst out, and a layer of prohibition fell from the sky. This layer of prohibition was just a gathering of clouds, like a dream, blocking Shentu Wan'er.

Shen Tu Wan'er only felt that this layer of prohibition was real and illusory. It was a dream word formula in Xiao Fantian Gong.

Great Fantian's nine fold supreme skill is the unique secret skill of wanxu, but little Fantian's skill is not secret. Many great people practice it.

Little fantiangong had a change of "sword is like a dream". Shen Tu Tianyin was quite unique in his attainments of dream word Jue. Now he set up a dream ban and wanted to stop his daughter.

She knew that Wuwei Tianjian was too powerful to be resisted by ordinary prohibition. Only the illusory dream could stop it.

Seeing the prohibition in front of her, Shen Tu Wan'er didn't stop and said, "break it for me!"

With a sword and a hiss, the dream prohibition was broken.

However, Shentu Tianyin's dream is not a child's play. She broke it by force and was immediately attacked. She suffered from nightmares, mental tears and severe head pain. She vomited blood and her face was pale. She had been seriously attacked.

Fortunately, although she was attacked by the enemy, she was killed after all. As soon as she dodged, she tore the void and disappeared completely.

"Wan'er!"

Shentu Tianyin was so frightened that she didn't expect her daughter to be so strong that she would tear open her prohibition.

This can be dangerous, outside the devil no day covetous, Shentu Wan'er injured, in case of an accident, people die sword lost, it is really the sky will collapse.

"Come on! Protect miss

Shentu Tianyin was frightened and angry in his heart, and cried out for orders.

In Shentu's family, many strong men, even the hidden elders, all went out one after another to recover Shentu Wan'er and ensure her safety.

You know, Shentu Wan'er has the Wuwei Heavenly Sword. If there is any mistake, Shentu's orthodoxy will be completely destroyed.

.....

When Wuwei Tianjian was born, the majestic weather even spread to the dark forbidden sea.

In the dark forbidden sea, in a mysterious pure land.

Many ancient palaces, towering buildings, layer upon layer display, showing the ancient and grand momentum.

This is the territory of the old Japanese Alliance. It is said that the younger martial brother of the old Japanese Lord, who was once in charge of wutianshu, lived here.

"Oh, is Wuwei Tianjian born..."

Deep in the hall of pure land, a man with a calm face, clear features and long hair, sitting on the Black Lotus platform, also felt the changes of the outside world, and his eyes were slightly frozen.

This man is Wutian. He looks about fifty years old. Near the Black Lotus terrace, there are layers of white bones and skeletons. His blood is full of blood, which makes him look strange and terrible.

Pinching finger slightly a calculation, the demon ancestor Wutian caught a surprising fact, the breath of Wuwei Tianjian, is attacking the dark forbidden sea!

"Does the girl of Shentu family want to take Wuwei Tianjian and go to heaven and man to find her lover?"

The demon ancestor was so suspicious that he couldn't guess the cause and effect.

Wuwei Tianjian is very important. He repeatedly borrowed the sword from Shentu family, but it didn't work out. How could Shentu family let the sword be lost?

"Newspaper!"

When he was surprised, a Dharma protector came in to report.

There is a sarcoma on the top of the Dharma protector's head, with golden wings on the back and feathers all over his body. However, he is not a human race, but the incarnation of Jin Peng.

"What's the matter, chaluro?"

The demon ancestor has no day light to ask.

Kaluro is a golden winged Mirs bird in Buddhist legend, and also one of the only old star beasts in the world.

The so-called Old Star beast is a fierce beast that lived in the last era and devoured the energy of the stars for a living.

The ten great ancestors ascended to the Supreme Court and killed the old master. The war between the old and the new forces led to the collapse of the starry sky, and many starry beasts were implicated and perished.

In the end, only 16 star beasts were rescued. This is one of them.

In other words, there are only 16 star beasts left in the world, each of which is extremely precious. If they die, the blood of the star beast will be completely cut off.

The origin of the blood of all the great birds in heaven and the world is the kaluro family.

The Dharma protector of nagalura said, "ancestors, the descendants of the Yuhuang family come to take refuge. The virgin Yuhuang Yafei says she wants to join the old alliance."

Smell speech, the devil ancestor has no sky face does not change color, as if everything is under control, way: "is it? Did the little girl finally take refuge in me? Tell her to come in

"Yes," he said Turn around and go out.

After a while, she brought a young girl in a water blue cheongsam, with delicate waist and legs, but extremely full breasts, and hot figure. It was Yuhuang Yafei.

"Young Yuhuang Yafei, please see Master Wutian. I hope that master Wutian can revive the past glory as soon as possible, participate in Wuwu, and enjoy immortal happiness forever!"

Yuhuang Yafei knelt down and paid homage to Wutian. The evil ancestor has no day to smile slightly, way: "Ya Fei young lady doesn't need much courtesy, quickly please rise." Yuhuang Yafei stood up and said, "I admire the prestige of master Wutian. I'm here to take refuge. Please accept him!" Wutian said with a smile: "you are the descendant of the emperor, and I have a deep-rooted feud with the emperor. If you want me to take you in, I'm afraid it's not right." Yuhuang Yafei had already thought of a good speech and said: "yes, there is a deep-rooted feud between you and me, but now there is a common enemy, that is the Lord of reincarnation! I can help you to kill the reincarnation master! " She did not lie to cover up, because in front of the great people in the realm of Wutian, any lie will be exposed, and it will not work at all. Therefore, Yuhuang Yafei directly confesses that there is a deep hatred between her Yuhuang family and Mozu Wutian, but now it is not the time to break up, and there is even the possibility of cooperation to deal with the reincarnation master together. The devil ancestor Wu Tian "Oh" a, way: "deal with reincarnation Lord? I have nothing to do with him. I never wanted to deal with him. " Yuhuang Yafei said: "the reincarnation Lord is ambitious. If he ascends to the Supreme Court, it will be the end of the Supreme Court. Everyone will be enslaved by the law of reincarnation, and the elders will not be spared. For today's plan, we can only take advantage of the weakness of the reincarnation Lord and kill him to solve future problems." The demon ancestor had no day to pinch his fingers and said with a smile, "you want to use my hand to kill the reincarnation Lord and avenge your cousin. It's needless to say that it's so grand. However, if you want to take refuge in me, I really need your strength. You can lend me a flower of ten thousand years. Other things are easy to discuss." Yuhuang Yafei was shocked when she heard this. There are many other shore flowers growing in her royal other shore tree, but one of them usually withers within a hundred years, and it is rare that it can grow to a thousand years.

Chapter 5995

A ten thousand year old flower on the other side of the river has infinite luck, and even contains the martial arts secrets of the Yuhuang family. The whole tree on the other side of the river has no more than five ten thousand year old flowers.

Now, as soon as the devil opens his mouth, he will borrow one. This is the lion's big mouth. No matter what the purpose is, if this flower is borrowed, the tree on the other side will be greatly damaged.

Yuhuang Yafei gritted her teeth, her chest fluctuated and pondered for a while. After all, she sacrificed a flower and said, "this is the flower of ten thousand years. Please accept it."

The flowers are the size of lotus, showing the red color of magma. The fragrance of the flowers is overflowing, and the aura is flowing. It vaguely reflects the atmosphere of the other side of Buddhism and the pure land of bliss. The sky of the other side of the flower is very magnificent and sacred.

With a smile, Mozu Wutian accepted the flowers from the other side and said, "thank you for your gift, Miss Yafei. Please step down. I'll send someone to wash the dust for you. As for the acceptance, we'll discuss it tomorrow."

Yuhuang Yafei people under the fence, helpless, can only bow his head and say: "yes!"

She was a little unwilling, but in the face of such existence, she could only turn around and retreat.

Nagalura Dharma protector waited for Yuhuang Yafei to leave, and said, "Laozu, do you really want to take Yuhuang?"

The devil ancestor has no way of heaven: "let's discuss this matter later. Kaluro, go out immediately, kill Shentu Wan'er and snatch Wuwei Tianjian."

"Isn't Shentu Wan'er in her house?" he said

The demon ancestor has no way of heaven: "I deduce the secrets of heaven and find that she has drawn the Wuwei sword and is ready to go to heaven and man. On the way, she has to go through the dark forbidden sea. She will arrive right away. This time, she has no guardian. She has to be alone. It's a good time to intercept the sword!"

"She... She's in charge of Wuwei Heavenly Sword. I'm afraid her subordinates are not enemies," he said

"No harm, she has been injured, can't turn any waves, you take this other flower, enough to suppress her."

With that, the devil God would give the other shore flower to challouluo.

Shen Tu Wan'er's breath of natural intelligence is also branded on this flower.

This other shore flower has been burning for thousands of years, and its aura is very deep. With the aid of this thing, it is natural that the gods block and kill the gods, and the Buddhas block and kill the Buddhas.

When he knew that there was going to be a great achievement, he said, "don't worry, my grandfather. My subordinates will set out immediately to kill Shentu Wan'er and take the Wuwei sword!"

At that moment, with the flowers on the other side, he turns around and goes out, ready to kill Shentu Wan'er.

.....

At the same time, Shen Tu Wan'er was hurt by the backfire. Her face was pale, and she continued to use her Kung Fu to regulate her breath, but she still felt torn and hard to calm down.

She remembers Ye Chen in her heart, no matter how much, she goes straight to heaven and man.

Passing by the dark forbidden sea, Shen Tu Wan'er met many fierce beasts. Fortunately, Shen Tu Wan'er had a sword in his hand. Even if he was injured, he could deal with it easily.

That's what she relies on.

She has become a sword holder. Even if she is injured, with the edge of Wuwei Tianjian, she can deal with most of the threats.

All the way, Shen Tu Wan'er felt that the law of space was loose, and she was about to see the dawn of heaven and man. Even if she wanted to tear the void directly, she would come to heaven and man.

Boom!

But just then, the sea began to boil violently, and it seemed that some catastrophe was brewing.

WOW!

The next moment, a golden winged Mirs, from the bottom of the sea straight up, soared up, flew to the sky, spread wings, sprinkle the golden glow, the whole dark sea, shine brightly.

"Shen Tu Wan'er, where do you want to go?"

The golden winged Mirs have sharp eyes and a cold voice.

"Chaluro, it's you!"

As soon as Shen Tu Wan'er saw the ROC, she was on the alert and held the Wuwei sword tightly.

This ROC bird is the Dharma protector of the old alliance, the star beast general under the command of Wutian, kaluro.

"Hand over Wuwei Tianjian, I'll leave you a whole corpse!"

With a cold smile, gallow suddenly attacks Peng's claw and kills Shen Tu Wan'er in the air.

Shen Tu Wan'er's pretty face sank. She quickly waved the Wuwei sword and burst out a vast light of the sword. Like a tide, Shen Tu Wan'er fought back against Gallo.

With a dignified look in his eyes, he didn't dare to take the edge of Tianjian. Now he spread his wings to avoid the attack of Tianjian. Then, with a very tricky angle, he suddenly went around Shentu Wan'er's back, and his claws ran through.

"The way of vacuum breaking!"

With a violent drink, he used an ancient Taoist method. Under the pressure of his claws, the air around him was crushed and exploded, which turned into an absolute vacuum and a fierce atmosphere of destruction. He hit Shentu Wan'er directly.

His move is the way of the old times.

In the old days, the most remarkable aspect of Taoism was that it was too sharp to attack, leaving no room for it, or even not defending itself. Unlike today's martial arts, it stresses the combination of hardness and softness, and it is more than enough to advance and retreat.

Shen Tu Wan'er saw the attack of garrulo. In a flash, she saw three or four flaws of the other side. If she was not injured, she would kill her with a backhand sword. The sword was strong enough to snatch in front of the other side and kill her.

But it happened that she was injured too seriously at this time, her spirit was still in the pain of tearing, and she was unable to fight back. Seeing that Luo Peng's claws of Jia Lou were killed, Shen Tu Wan'er could only reluctantly hold up her sword. Bang! With a slap of his hand, Gallo sent his strength through the body of the sword and hit Shentu Wan'er hard. With a puff of blood, Shen Tu Wan'er fell into the dark forbidden sea.

Chapter 5996

The fall was so heavy that it even broke the surrounding space. She was involved in the turbulence of space and disappeared.

"Ouch!"

With a cry of surprise, Gallo takes back Peng's claws and sees Shen Tu Wan'er disappear. He is scared out in a cold sweat.

He didn't expect that Shen Tu Wan'er was so badly injured that he couldn't even stop his paw and fell down.

If Shentu Wan'er is really missing, he can't get Wuwei Tianjian, so he can't hand over to Mozu Wutian. Thinking of all kinds of cruel punishment methods of Mozu Wutian, his back sweats constantly and his scalp feels numb.

"Flowers bloom on the other side, deduce cause and effect!"

In the crisis, he sacrificed the flowers of ten thousand years on the other side, and deduced the cause and effect with the help of the aura accumulated on the flowers.

In the dark, he finally caught Shen Tu Wan'er's Qi and fell to the heaven and man realm, a place called the far north sky sea.

"I fell into heaven and man, and I came down. In case of any accident..."

He is an old star beast and has no means of protection. If he comes to heaven and man, he will be easily attacked by the rules.

But at this juncture, he can't care so much. Once he can't get Wuwei Tianjian, he will go back empty handed, which is worse than death.

"With my magic power, I can stay in heaven and man. It's estimated that I can support half an hour. Quick decision!"

When he reached this point, he immediately flew to heaven and man, prepared to capture and kill Shentu Wan'er, captured Wuwei Tianjian, and then quickly returned to the dark forbidden sea.

.....

In the realm of heaven and man, he says that ye Chen is going to return to the blood death prison. Suddenly, he feels a concussion in his heart. It seems that there is some cause and effect calling him.

"What's the matter?"

Ye Chen's heart is one Lin, don't know what happened, hurriedly call out the wish sky star, sink a voice way:

"I make a wish, the fog is gone, the sky is clear!"

The sound of wishing falls, and the fog of the sky in front of Ye Chen's eyes suddenly spreads heavily.

In the dark, he saw a familiar figure and fell to the far north sky sea.

"Shen Tu Wan'er!"

To see the figure, ye Chen was surprised, the injured fall of people, is Shentu Wan'er.

Even Shen Tu Wan'er had a sharp sword in her hand, which seemed to be the supreme sword!

"How could she be so embarrassed?"

Ye chenzhen is stunned. He knows Shen Tu Wan'er is tough, but he doesn't know why he is so badly injured when he is in such a mess.

At this juncture, ye Chen didn't have time to think much, so he tore the void and rushed to the far north sky sea.

In the far north sky sea, the wind is clear and the air is cool, the sky is bright, and the water is not active.

Since the crimson chalcedony broke its root, the earth vein here has been completely transformed, and all the disaster gas has gone away, becoming an ordinary ocean.

Fortunately, otherwise, Shen Tu Wan'er, who was seriously injured, would not be left here.

This is also Shen Tu Wan'er's luck.

Ye Chen feels the other party's luck, seems to have a growth breakthrough, must be a big chance, quickly fly forward.

After a while, ye Chen came to the deep sea and saw a girl's body floating on the sea. It was Shen Tu Wan'er.

Ye Chen is shocked in his heart. He sacrifices the heavenly star of desire, and then flies down. He picks up Shen Tu Wan'er's delicate body and flies back to the heavenly star of desire.

The planet is suspended on the sea surface, and the huge gravity is transmitted down, causing the waves to churn and rumble, which is quite spectacular.

On the planet, the picture is quite calm. Ye Chen, holding Shen Tu Wan'er, returns to the wind feather tree and weaves the feather like leaves into a soft bed to put Shen Tu Wan'er's body on.

Shen Tu Wan'er is seriously injured and comatose. She still holds the sky sword tightly in her hand. It is obvious that the sky sword is very important and she dares not lose it until she dies.

Ye Chen looked down and saw that the sky sword was magnificent. He thought it was the legendary Wuwei sky sword.

"Wuwei Tianjian actually fell into her hands."

Ye Chen is quite surprised. He doesn't know that Wuwei Tianjian is actually the inheritance sword of Shentu family.

Anyway, it's better to save people now.

Ye Chen palms a massage on Shen Tu Wan'er's belly. Shen Tu Wan'er spat and spat, and woke up a little.

Ye Chen then uses the eight trigrams Tiandan technique, cooperates with Tianxian Koi, and adds a drop of danxianling wine to treat her injury.

Fortunately, after the breakthrough of Ye Chen's cultivation, his medical skills became more and more exquisite, and the effect was excellent.

Shen Tu Wan'er's pale face soon regained its rudeness. The injury was no longer serious. She could recover after a few days' rest.

She slowly opened her eyes and saw that she was lying on a soft feather bed, surrounded by altars and shrines. The breath of countless wishes was steaming. Ye Chen's warm face with a smile was in front of her.

She was surprised and thought she was in a dream. She turned over and sat up and said, "where is this? Who are you? "

Ye Chen smiles and says, "miss Shentu, don't you recognize me?" Shen Tu Wan'er came back and looked at Ye Chen's face. She still thought she was in a dream and said, "are you... Are you ye Chen?" Ye Chen said: "it's not me or who, is there a fake?" Shen Tu Wan'er wakes up and calculates that she is saved by Ye Chen when she knows that she is on the wish star. She thinks day and night, just want to see ye Chen. At this time, she sees with her own eyes, but her mood is not very excited. All kinds of tastes are mixed, such as grievance, helplessness, melancholy, loneliness, satisfaction and so on. For a moment, she doesn't know what to say, but her eyes are red and her nose is sour. Ye Chen said: "what's the matter with you? Is the injury still painful?" Hearing Ye Chen's inquiry, Shen Tu Wan'er looks cold and says, "don't worry about it. I thought you were dead, but you are still alive! Since you are alive, why don't you tell me Ye Chen touched his head, some don't know what to say, can only smile: "of course I live, if I die, don't you want to be very sad?" Shen Tu Wan'er "Puchi" a smile, this is finally can't help, raised his arm

around Ye Chen, soft body into his arms, cheek nestled in his chest, said: "I really think you are dead, this time down is to find you." The voice is full of bitterness and grievance. Ye Chen a Leng, but didn't expect Shen Tu Wan'er to become so direct, push away her is not, embrace her is not, had to stay in place. Shen Tu Wan'er hugs Ye Chen for a while. She is satisfied and all the grievances are worth it. She smiles and hugs Ye Chen's neck. Her lips almost stick to Ye Chen's lips. She says with a smile, "since you are OK, I should go back." She knows her mission to lead her family to rise. There is no hope of staying and living together with Ye Chen in this life. At this time, she can hold Ye Chen and feel satisfied. Instead, she is relieved and no longer trapped by love.

Chapter 5997

Ye Chen smelled that the other party breathed out like orchid, and his heart suddenly shook. Seeing Shen Tu Wan'er's relieved eyes, he felt relaxed and a little sorry. He said: "thank you, Miss Shen Tu. It's a great honor for me to meet you in this life. We'll have a chance to see you later."

Shen Tu Wan'er said, "it's better not to see you. Otherwise, I may not forget you again. Can you hold me before I leave?"

Ye Chen was silent for a while, then nodded, gently hugged Shen Tu Wan'er and stroked her back and falling hair.

Shen Tu Wan'er also hugged him. At first, they just hugged each other lightly. Later, they hugged each other more tightly. They wanted to melt each other.

In the end, Shen Tu Wan'er, with a little breath, said, "I'll leave tomorrow, and I'll stay here tonight."

Ye Chen "Er" a, a time speechless.

Just then, there was a big laugh:

"Ha ha ha, I didn't expect that the swordsman of Wuwei Heavenly Sword in the legend was so dissolute and shameless!"

The sky tears, a golden winged Mirs bird, with the spirit of the atmosphere of the vacuum burst, came down, it is Gallo.

Shen Tu Wan'er's face is red with shame. Originally, she only told ye Chen her honeyed words to show her heart. She wanted to spend the spring night with Ye Chen. After a night's encounter, she cut off the cause and effect relationship, and then forget each other in the world. It's also a happy ending.

But I never thought that this kind of sweet talk was overheard by outsiders.

All of a sudden, Shen Tu Wan'er is so ashamed that she has no self-respect. If this is spread out, how can she behave?

"The star beast of the old days, the Dharma protector under the throne of Wutian, kaluro?"

Ye Chen's face changes. He uses the wish Tianxing to deduce that he knows the other party's identity, and knows the other party's plan to kill Shen Tu Wan'er and capture Wuwei Tianjian. But in a hurry, the other party has a card, and he doesn't know what it is.

"Reincarnation of the Lord, really good means, at a glance to see my identity."

Galuro was filled with admiration.

Ye Chen controls the wish star, he naturally guessed Ye Chen's identity.

Wish Tianxing was once a magic weapon of the Confucian people. Later, the temple of the Confucianism was destroyed, and the planet fell to the hand of Ye Chen. These intelligence and old alliance were all secretly investigated and known.

"Lord of reincarnation, you offer your wish to Tianxing and bow your head to my ancestors. I can spare your life. As for Shen Tu Wan'er, he must die."

"But don't worry, I'll let you have a spring night before killing Shen Tu Wan'er, which should be your reward. Don't you get down on your knees and thank me for the favor of my old alliance?"

He smiles as if he is in control.

In the final analysis, ye Chen's cultivation is just a level of heaven in the real world, which can't enter his eyes.

Hearing the coarse and filthy words of kaluro, Shen Tu Wan'er's cheek turns red, and ye Chen is even more angry.

"A beast, dare to be presumptuous in front of me? Hongmeng big starry sky, I suppressed it! "

Under the fury, ye Chen flies out and steps in the void, instantly propping up a vast starry sky. The wish star is the most shining star in the starry sky.

"Ye Chen, don't be reckless!"

Shen Tu Wan'er sees Ye Chen and wants to do it, so she stops in a hurry.

She is now recovering from injury, and has no fighting ability. She can't help Ye Chen at all.

And ye Chen alone, how is challouluo's opponent?

You know, chalura is an old star beast, a strong man in the world. His martial arts is far beyond the realm of heaven and man, and his cultivation is unfathomable, far above ye Chen.

Even if the other party comes to heaven and man, and is oppressed by the rules here, no matter how much it is oppressed, ye Chen will be crushed!

Ye Chen also feels that the other party's breath is strong, even much stronger than Sheng yunzun. If he fights hard, it's hard to win.

At the moment, ye Chen secretly issued an edict, calling the blood dragon to help.

When he saw the stars blooming in the sky, he didn't dare to be careless. He shook his body and turned into a human figure. In his hand, he changed a sword and said:

"Reincarnation Lord, do you dare to be the enemy of Wutian? Finally, I'll give you another chance to kneel down and give up my wish to Tianxing and hand over Shentu Wan'er. I'm very compassionate. I can plead with Lord Wutian and let you live. "

Ye Chen heart a Lin, thought of Ren extraordinary words.

Ren Fanfan said, try not to be enemies with the devil, it's better to get a good relationship.

After all, the old alliance behind Wutian is also a powerful force in the supreme world. It is secretly against the existence of wanxu, which offends the old alliance and has no good result.

But at this juncture, the other side bullies the upper head, how can ye Chen tolerate?

Nothing else, just to keep Shen Tu Wan'er's reputation of innocence, he would kill gallow and never let him go.

"What if the devil has no heaven? If anyone dares to hurt me, I will call him dead without a burial place!"

Ye Chen snorts coldly. His eyes are full of fighting spirit. He pulls out the sword of disaster and wishes for heavenly blessing. In the starry sky behind him, hundreds of millions of believers are singing.

All of a sudden, ye Chen's momentum is fierce, like a demon in charge of desire and disaster, and he cuts to gallow with a sword. When Shen Tu Wan'er heard Ye Chen's words, she felt grateful and warm in her heart. She only felt that her heart was not in the wrong place" Disaster Heavenly Sword, Hongmeng

starry sky, wish heavenly star, Lord of reincarnation, Lord of reincarnation, you are indeed a great fortune teller, so many magic treasures, even my old alliance must be jealous! " Garrulo exclaimed. Seeing ye Chen's sword coming, he didn't dare to neglect it. He poured Taoism into the sword body, and the sword exploded a black edge and cut it out" Broken virtual doom sword His sword, with the breath of absolute nothingness, crushed the void, as if mixed with infinite adversity, to drag people into the infernal hell. Ye Chen's sky sword edge, unexpectedly by that nihility breath, continuously devour and crush, can't burst out" The power of no heavenly book? " As soon as ye Chen's face changed, he could see the clue. The opponent's sword was absolutely nihilistic. It was a sword technique evolved from Wu Wu Tian Shu. Gallo said with a laugh: "good vision, the reincarnation of the Lord really deserves the name, even without the secret of the book of heaven do you know?" The leaf Chen bit to bite a tooth, quickly retreat to open, lest be swallowed by the other party nihility breath. If the realm is equal, ye Chen has the ability to make a decisive decision by sacrificing the dark stele and using the dark abyss method of the evil evil spirit martial arts ceremony. However, his realm of cultivation is too different from that of the other party to be touched. Chalura is a real strong man in the supreme world, not a Saint Cloud Zun. It's hard to defeat him" Ye Chen... "Shen Tu Wan'er also feels bad, and wants to fight with Wu Wei's Heavenly Sword.

Chapter 5998

It's a pity that after two steps, she felt that her body was weak and her injury was just getting better. She couldn't lift her strength to fight at all.

"Lord of reincarnation, I've given you the chance to surrender, but you have to resist. No wonder I've heard that reincarnation is so powerful. I'd like to see if you still have the chance to turn over!"

With a cold hum and no more nonsense, Jin Peng's wings fluttered behind him. His body was like lightning, and he assassinated him in the air. The absolute nihility sword burst. He wanted to directly involve Ye Chen in the dark nihility and kill him completely.

Ye Chen only feels the sword Qi swish in front of him, cold to the extreme, a terrible nihilistic purgatory has appeared in front of him.

His situation suddenly became extremely dangerous.

"Beast, how dare you hurt my master?"

At this time, a startling sound of the Dragon sounded.

I saw a huge dragon claw, tearing the void, breaking and killing, with the air of rolling heaven, killing with one claw to gallow.

"Why?"

Gallo's face changed slightly. He felt that the strike of the dragon's claw had the majesty of heaven and earth, but he didn't dare to take it hard. He quickly flapped his wings and stepped back.

The void rips open, and a majestic red dragon comes down.

It's the blood dragon!

Ye Chenxi said: "blood dragon, you are here."

Blood dragon coagulates heavy way: "master, all right?"? The cultivation of challoura has reached the level of one hundred flail realm. I'm afraid it's hard to deal with it. "

The blood dragon is bred from ye Chen's body. They can fuse and communicate with each other. Therefore, when the blood dragon comes, it has captured the cause and effect of challoura, knows the identity of each other, and even judges each other's accomplishments by means of Wanxiang Tianshu.

"Hundred yoke realm?"

Ye Chen's mind moves, and he sees the mystery behind it through the book of the blood dragon.

Baiji realm is the realm above Taizhen realm.

It is said that there are a hundred shackles between the realm of Taizhen and the realm of Baiji. These shackles confine people's potential, qi movement and cultivation. If you want to break through the realm of Taizhen, you need to cut off the shackles first.

And these shackles, not all cut, even if only cut one, can smoothly break through.

But the number of shackles is related to the cultivation potential and Qi in the future. No one will really cut only one shackle.

After all, the more flail you have, the more potential you can release!

One hundred shackles, eighteen shackles, thirty-six shackles, forty-nine shackles, seventy-two shackles, eighty-one shackles. Every additional hurdle in the future is a big hurdle, which is extremely difficult to break through.

Generally speaking, if you can cut off 18 shackles and then be promoted, you will be considered qualified.

If it can cut off 36 ways, it is the existence of first-class Qi and talent.

If you can cut off the 7749 Road, it is even more rare in a thousand years, and you are qualified to dominate one side.

As for the seventy-two ways, they are rare and hard to find in the world.

The eighty-one way up is the legendary air carrier, which is even rarer.

If you can surpass the eighty-one way, you will be the king of heaven and have the qualification to ascend to the Supreme Court in the future.

When ordinary people break through, they can only cut off 18 shackles. However, the number of shackles cut by this challoura reaches 36. His talent is quite extraordinary. His real strength is more than 100 shackles. It's only because of the restrictions of foreign rules that he is suppressed to 100 shackles.

Before that, ye Chen met Yu Huang Qing Shu, Sheng Yun Zun and others. Although their accomplishments were extremely powerful, they had not really cut off their shackles. They were half a hundred shackles. They did not really exist.

But this chaluro is really a strong man in the hundred yoke realm, and the pressure and coercion he gives people is naturally very important.

Now the blood dragon is coming. Standing with Ye Chen, both of them feel that the chaluro is powerful and not a good person.

"It turned out to be the master of Wanxiang Tianshu."

Gallo looked at the blood dragon coldly, and saw that the scales of the blood dragon were surrounded by layers of ancient heavenly script runes, which were the breath of Wanxiang heavenly script.

In his eyes, he could not help salivating and greed. After all, it would be a great achievement if he could capture Wanxiang Tianshu.

"Good. I'll kill you all today. I'll take great credit for it."

With a cold smile, he took a deep breath. The breath of the hundred flail realm was brought into full play. He flashed away with his sword, and it was like an electric shock.

The blood dragon is in charge of the Wanxiang heavenly book, which gives him a very dangerous feeling. The Wanxiang heavenly book is the magic weapon of the former Imperial General and the dragon field. Its power is very powerful. He can't rest assured until he kills the blood dragon first.

Otherwise, Wanxiang Tianshu's power will explode, and even he will be afraid.

"Be careful!"

Hope Tianxing, Shen Tu Wan'er pretty face with a trace of anxiety, just afraid of Ye Chen two people have an accident, but she is weak, also can't help anything.

"Heaven and earth, the great mountains!"

When xuelongan saw that the opponent's sword was fierce, he didn't dare to neglect it. He sacrificed Wanxiang Tianshu, and heaven and earth burst out.

All of a sudden, a lot of mountains emerge out of thin air, surrounded by Ye Chen and Xuelong. Ten thousand mountains are suspended, and the defense is extremely strong. The sword of challouluo came, and the sword was blocked by ten thousand mountains " Well, can you stop it? " With a cold hum and a shake, the image of the golden winged Mirs was changed. The Mirs raised their wings to cover the sky and the sun. Their bodies were 3000 feet long, and their wings rolled up. The endless storm broke out and the heaven and earth vibrated. Against the backdrop of his huge body, the mountains summoned by the blood dragon are as small as a small mound.

Chapter 5999

"Mirs strike the sky!"

Jialouluo gave a long cry. The cry broke through the clouds and rocks, and the sharp claws came out. The huge and sharp claws fell in the air, tearing the Dharma phase of the ten thousand mountains to pieces.

The figure of Ye Chen and blood dragon is exposed under his huge claw.

I don't know how huge the Giant Claw of the ROC is. It seems that even the stars can be torn up. Under such a giant claw, the human body is as small as a mole ant.

"Hongyundan, the sun is shining!"

In the crisis, ye Chen suddenly drinks a pill, directly refines and absorbs it, and then cuts it with a sword.

The elixir is the elixir of Hong Beichen, one of the three ancestors of the Dixin temple. When first Ren Feifan took the elixir from Hong Beichen and gave it to Ye Chen, it had the effect of improving Qi.

At this critical moment of life and death, ye Chen can't care so much. He directly absorbs Hongyun pill. He sees layers of golden light burst out from his body, and his whole Qi is soaring.

After the Qi soared, ye Chen's sword Qi became extraordinarily brilliant and vast. As soon as the sun came out, the infinite golden sword Qi reflected the heaven and earth, and one sword went up against the sky. The sword Qi was vast, and the vast sword Qi converged into the ocean. It seemed that there were millions of suns rising in the ocean, and the glory reached the extreme.

"Lucky pill?"

Gallo's eyes narrowed slightly. Looking at the roaring sun and the sea of sword Qi, he also felt incomparable pressure.

If it's just the lethal power of sword Qi, he has absolute confidence to take it. But behind Ye Chen's sword, he also condenses the Qi of Hongyun Dan, which is very important.

Challouro did not dare to touch, but backed back in a hurry.

"The way of heaven's dragon!"

However, at this time, the blood dragon Teng air blast, around to the back of the gallow, dragon claws out, straight grasp the other party's heart, and ye Chen one before another, form a pinch.

"Ha ha ha, do you want to hurt me? Today, let's see the real strength of baijiejing! "

He looked up at the sky and laughed. He was caught in the attack, but he didn't panic.

"Taishang Tianyuan Road, kill!"

The next moment, Luo Peng of Jialou wielded his claw and pinched a magic formula. He used the legendary Tianyuan Taoist method.

Suddenly, a huge abyss of terror was born in the sky.

Ye Chen's sun immortal Huang chop, infinite sun sword Qi, did not attack the body of the gallow, but like a mud cow into the sea, into the abyss of terror.

The abyss didn't know how terrible it was. It suffered the strike of Ye Chen's powerful sword, but it didn't even have a concussion.

Blood dragon's claw, bombarding in the abyss, also has no effect.

See, ye Chen blood dragon two people look big change, each retreat.

The body of the golden roc of chaluro, suspended above the abyss, is just like the stars in the dark world, very brilliant and dazzling.

"Ha ha, your magical power is good. Unfortunately, your cultivation level is too low. After all, you are not my opponent."

Gallow laughed coldly.

Ye Chen and the blood dragon recognize the way of taishangtianyuan, which is the way of Diyuan hall.

No, to be exact, this dharma originated from the Supreme Lord, and it is not the only Dharma of Diyuan temple. As the existence of the supreme world, kaluro controls the exertion of this dharma.

Tianyuan Daofa can lay an abyss. With or without Tianshu's blessing, its power will soar thousands of times.

And gallow, the Dharma protector under the command of Wutian, has a lot of experience in the legendary Wuwu mystery. At this moment, the abyss he released seems to be absolute nothingness, and even the means of attack are useless.

There, Shen Tu Wan'er wishes to see ye Chen's blood dragon like this. He is very anxious. He throws out his Wuwei sword and says, "Ye Chen, pick up the sword!"

She wants to lend Ye Chen Wuwei Tianjian.

Ye Chen a surprise, catch Wuwei sky sword, give to blood dragon, say: "blood dragon, take it!"

The blood dragon was overjoyed and said, "yes!" Catch Wuwei Tianjian immediately.

You know, Wuwei Heavenly Sword is the supreme Heavenly Sword, and its lethality is not small. If it is assisted by this sword, and combined with Ye Chen's disaster Heavenly Sword, the power of the two swords will increase ten times, which is enough to fight against kaluro.

"No!"

Kaluro's face changed greatly. Once he was combined by Ye Chen's blood dragon double swords, he was not sure to win.

"Ouch!"

However, at this time, the blood dragon screamed with pain, but he saw that the hilt of Wuwei Heavenly Sword suddenly grew a barb, and hurt his dragon claw severely. Another buzz turned into a streamer, and flew back to Shentu Wan'er's hand. It seemed that he was wronged.

It turns out that Shen Tu Wan'er is the master of this sword, and he doesn't want to be controlled by outsiders.

This sword even has the spirit, aware that Shen Tu Wan'er wants to lend it out, still whistling.

Shen Tu Wan'er was stunned, but he didn't expect Wuwei Tianjian to be so stubborn.

The blood dragon not only couldn't get the sword, but was stabbed by the sky sword. The blood flow was not enough. The wound could even see the bones, which was very ferocious.

"I'm sorry..." Shen Tu Wan'er regrets that she can't help Ye Chen, but she's making a mess. As soon as Xuelong's face sank, he urged Wanxiang Tianshu to treat the injury" Hahaha... "But the chaluro over there looked up to heaven and laughed, and said," I was surprised. I thought you really had the right to hold the Wuwei Heavenly Sword. " There is only one sword holder, Shen Tu Wan'er, who can't hold the sword. Gallow saw this clearly, and immediately relaxed a lot" I'm too lazy to talk to you. Since I won't give in, I'll die! " With a cold eye and a fan of wings, the breath of yuandaofa surged out that day. In the sky, all the spaces collapsed and burst, creating one abyss after another. In the blink of an eye, hundreds of abysses emerge, surrounded by Ye Chen and Xuelong, to devour them. Ye Chen's face changed slightly, and the Dragon flew in the air, constantly moving to avoid the abyss. But this is not the way. Sooner or later, they will be killed by the endless abyss" I wish that the abyss would retreat and the universe would be bright! " Ye Chen bites his teeth and urges the desire of Tianxing to dispel the breath of the abyss. Wish on the sky star, release a wish force, white as mist. However, when these wishes come into contact with the abyss, they are not only unable to disperse the abyss, but also engulfed. Seeing this, ye Chen's look suddenly became very ugly. "Don't struggle, Lord of reincarnation. There is a big gap between you and me. It's useless to use any magic power," he said The cultivation of kaluro has reached a level of heaven in the hundred flail realm, while yechen is just a level of heaven in the true realm. There is a big gap between the two. After all, the more behind, the more difficult it is! If the distance between the true realm and the true realm is one, then the true realm to the hundred yoke realm is ten thousand!

Chapter 6000

In such a serious gap, even ye Chen's wish, Tianxing, can't work.

On the planet, Shen Tu Wan'er sees Ye Chen's precarious appearance, but she is extremely anxious, but there is nothing she can do. She has only one idea in her heart, that is, if ye Chen falls, she will die with her and never live.

"Blood dragon, merge with me!"

At this juncture, ye Chen's life and death are in danger, and his life is hanging in one shot. Instead, he calms down and is ready to play the strongest card.

"Master..."

The blood dragon hears Ye Chen this words, already know he has the meaning that wants to go all out.

This time, it's very likely that I will fight my life and die!

But if you don't fight, you will be swallowed by the abyss.

At that time, a young man in Jiangcheng was born into a dragon!

Blood dragon is a part of Ye Chen!

If the two people merge, they are bound to erupt a terrible force.

The last integration seems to be many years ago!

Ye Chen will try this battle of heaven and man!

"Human dragon fusion, Wanxiang reincarnation!"

Facing the desperate situation of life and death, Xuelong takes a deep breath, and no longer hesitates, directly merges with Ye Chen.

WOW!

In a moment, ye Chen and the blood dragon are combined, and the incomparably majestic and bright blood light bursts out from ye Chen's body. His palm turns into a dragon claw, and a dragon horn grows on his forehead. When he raises his hand, he has the power of the emperor's dragon, and the vastness and ferocity reach the extreme.

"Do you still want to die?"

With a snort, he noticed the fusion of the two and the soaring breath of the two. However, as a strong man in Baiji realm, he still had the advantage.

Brush, brush!

Ye Chen's eyes are sharp. As his mind turns, pieces of reincarnation steles come out of his body. Reincarnation blood directly erupts and burns violently.

Buzz, buzz!

A huge void shadow of reincarnation appeared on Ye Chen's head.

The reincarnation disk is also inlaid with Ancient Runes, which are the characters of Wanxiang Tianshu.

At this moment, blood dragon's Wanxiang Tianshu and ye Chen's six ways of reincarnation are completely integrated.

"Why?"

Gallow vaguely noticed that it was not good, because he found that after the blood of Ye Chen's reincarnation burned up, both cultivation and qi movement were soaring wildly, giving people a huge pressure.

That is the oppression of reincarnation alone!

Reincarnation comes, the world bow!

What's more terrible is that ye Chen's reincarnation blood, combined with the blood dragon, has gained all the power of Wanxiang Tianshu, which is much more fierce and terrifying than any previous outbreak of reincarnation.

"No!"

Gallow's face changed greatly, and he finally panicked.

He underestimated reincarnation!

Under Ye Chen's burning blood, with the help of the book of heaven, this is his strongest blow. It's enough to pull the strong one in the hundred flail realm to be buried together, and all the jade will burn!

This is a really desperate way to play, a big killing move against the sky, brilliant and invincible.

At this moment, ye Chen seems to be in charge of reincarnation Road, standing high above the others. Emperor Longwei and reincarnation Tianwei merge with each other, surging, shaking the sky, creating a world of change. They are too overbearing, fierce and suffocating.

Seeing this scene, Shen Tu Wan'er covered her mouth and was completely surprised.

Ye Chen at the moment, too brilliant vast, even she felt small, as if not worthy of Ye Chen.

However, such a terrible fusion strike will definitely exhaust Ye Chen's aura, which is likely to lead to the fall!

"No!"

Shen Tu Wan'er yells that even if she dies, she doesn't want to see ye Chen fall.

However, ye Chen didn't have the slightest scruples. His eyes were full of murders. He looked up to heaven and drank:

"Ultimate magic power, reincarnation of the wild star!"

The sky cracked, and a huge star rock came down from the sky and smashed hard at the gallows.

The pupils of Gallus contracted, and he was terrified to the extreme.

The star rock is as red as blood. There are many ancient samsara veins on the star rock, as well as all kinds of fluctuations of heaven and earth Dharma. It's brilliant to the extreme.

This is the unique skill of Ye Chen's fusion with blood dragon, the unique skill of six ways of reincarnation, and the unique skill of Tiandong Wanxiang. It can be called the ultimate magic power that ye Chen can release and represents the most powerful existence.

This move, called: reincarnation of the stars!

Xingyan, with the breath of reincarnation and antiquity, is smashed in the air. It seems that there is no existence in the world and can resist this terrible blow.

The whole Arctic sky sea is booming and shaking. Under the tearing of the star rock of the reincarnation star, the sea stirs up huge waves, surging, and countless empty spaces burst.

## Sobbing

When the storm was raging, the abyss released by kaluro collapsed and disappeared layer by layer, and was completely destroyed. His body was also shaking, and pieces of Jinpeng feathers fell, and he looked very embarrassed.

Boom! The huge reincarnation star rock, like a thunderbolt, smashed on the body of Gallo. Jialouluo's huge body of Jinpeng was smashed to the bottom of the sea, blood and feathers splashed, and there was no sound in an instant. And reincarnation star rock fell into the sea, as if the sky meteorite explosion, exploded the whole sea boiling, triggered a terrible tsunami. That tsunami call sign, even thrust up into the sky. Shen Tu Wan'er also felt the surge of tsunami on the wish star, and the whole planet was shaking. Fortunately, wish star is strong enough to not be overturned by the tsunami. Shen Tu Wan'er was in a state of shock. Looking around, he saw the heaven and the earth. All the spaces collapsed and burst. The sky was broken, the clouds scattered, and the sea was in disaster. It was a scene of doomsday.
