

Physician 601

Chapter 601

Wow

The thunder and lightning fell and fell into the talisman. Ye Chen's body was shaking.

Poof

Another two mouthfuls of blood were sprayed out. The talisman could not absorb the thunder robbery.

"Break it for me

Without blood on his face, ye Chen reverses the talisman and forces a drop of blood essence into a killing move.

When the light burst out, all the thunder and lightning in the talisman turned into a net of heaven and earth, and they were strangled towards that lightning!

Wow

Rao is so, between the collapse of electricity and light, ye Chen's spirit rune is broken again, and the rest of the thunder and lightning power swept Ye Chen's whole body in a flash.

"Damn it..."

The cry of pain came, ye Chen's body convulsed violently.

What a horror!

Although the spirit Rune of wanjian Guizong and Benming weakened at least two-thirds of the energy, the remaining lightning power almost completely destroyed Ye Chen.

"Boom..."

Fortunately, the three drops of refined blood in Ye Chen's body burst out, releasing a warm current that enveloped Ye Chen's internal organs.

At the same time, the blood dragon seems to be transformed, carrying the meaning of thunder and lightning and flame, into substance.

At this moment, the blood dragon seems to smell the bloody beast, rampant.

Fire burning, in Ye Chen's unbelievable eyes, actually began to talk about wandering in Ye Chen's body, trying to destroy the power of thunder and lightning, quickly devour!

With the outbreak of blood essence and blood dragon, ye Chen finally exhaled a breath.

The power of thunder and lightning breaks up a little bit, and ye Chen's heart rate accelerates accordingly.

He knew very well what he was going to get with the last bit of lightning breaking away.

"What a terrible third thunder and lightning!"

Under the cliff, looking at the last fall of the thunder and lightning, cloud old face full of surprise.

Is this really thunder robbery?

Why has he never seen a thunderstorm of this intensity?

It's as if the thunder robbery is more terrifying than the breakthrough of some powerful people in kunlunxu.

"What forces stand behind ye Shitian and what forces can cultivate such existence?"

At least not in the memory of yunlao.

The old man's eyes glistened and muttered to himself. He seemed to be thinking about something.

"Grandfather Yun, it seems strange to resist the thunder robbery at last?"

Ji he doubts.

The power of the last thunder robbery is very strong, especially the moment of sweeping Ye Chen. What seems to have happened?

The distance is too far, Rao is difficult for her to see clearly.

In particular, the scattered power of thunder and lightning wandering between heaven and earth affected her sight.

Even so, she could feel that there was a burst of energy in Ye Chen's body, refining the power of thunder and lightning?

"It's a little weird! But what about that? Who has no secret? "

"In the future, we don't want to talk about ye Shitian. We'll go back to Ji's house and tell the owner about it."

Yunlao Dao.

"Yes! Thunder robbed, Mr. Ye's realm has been established! It's time for us to go back! "

The only thing Ji he wants to do now is to find Ji Siqing and tell her about it.

It is estimated that sister Siqing, who has always been arrogant and cold, will startle her chin.

She heard that a few years ago Ji Siqing seemed to be very interested in a man named Ye Chen.

Ji family blocked many times, but Ji Siqing still helped the disabled man.

The Ji family is afraid that Ji Siqing will have feelings for this person, influence his cultivation, and even use killers to kill him.

But every time he was blocked by Ji Siqing.

Ji Siqing even threatens Ji Jia. If Ji Jia dares to move Ye Chen again, she will leave Ji family from now on!

Everyone has a big headache about it.

At this moment, Jiho mouth outlines a smile.

"The existence of Ye Shitian should transfer Siqing's affection for ye Chen."

.....

"Hoo..."

On the cliff, in the cold wind, ye Chen sits on the ground panting.

The last thunder robbery is extremely dangerous.

If three drops of blood essence and blood dragon burst out suddenly, I'm afraid the consequences will be unimaginable.

"The thunder robbery You can't resist it at will

After a long time, ye Chen sighed.

"But now I've made it

Close your eyes, carefully feel the changes in the Dantian, ye Chen's smile is more and more rich.

At the moment, how strong is the true Qi in the elixir field? Even if the original life talisman on the elixir field is more than twice as large as before!

How strong is the purple air around the elixir field?

Between a thought, ye Chen can burst out of the energy, how terrible?

"Sure enough, the gap between Shenyou and Zhenyuan is too big! With the hegemony of nine days xuanyang and my ability, I have stepped into a state of mind wandering. I dare not say that it is invincible within the territory. But, beyond the ordinary, can threaten me? There are only a few of them!
"After a long time, ye Chen got up with a smile on his face.

Zhenyuan state and Shenyou state? Although it's only one step away, it's thousands of miles away.

Today's Ye Chen, if in Kunlun Xu, also has the ability to protect himself!

Even if you meet elder Zheng of blood alliance, ye Chen will never be in a mess!

At least, it won't be slaughtered by others. It has no power to resist!

Thinking of all this, ye Chen felt more and more happy.

"This time, my body is not only stronger than a little bit!"

After a little exercise, ye Chen's eyes brightened.

After the baptism of thunder robbery, ye Chen's physical advantages are much stronger.

"And soul sword and blood dragon! Zhenhun sword brings thunder meaning under the baptism of thunder robbery! Strong breath! If there is another baptism of thunder robbery, the sword will surely cross a level! "

Looking at the wanton soul sword in his hand, ye Chen is quite satisfied.

This is also a huge gain.

"The key is the blood dragon!"

At the moment, ye Chen found that the power of the three drops of blood essence seems to be integrated into the blood dragon virtual shadow.

The breath of blood dragon has a qualitative leap! The reminder is expanded ten times!

The power of the blood dragon and the power of the life talisman must be even more terrible!

Everything is going for the better.

The more powerful the blood dragon and the life talisman are, the more self-protection ability they have!

Today's promotion makes Ye Chen feel free.

"Now, what I need to do is to consolidate my strength as soon as possible. Then, find elder Zheng, step into Kunlun void and kill the blood alliance! "

After a moment, he takes back his thoughts and says to himself in a deep voice.

"Tut Disciple, not bad! Without wasting those three drops of blood essence, I finally stepped into a state of ecstasy

Come to the samsara cemetery, ye Chen is to see Duan leiren, a face calm said.

"Well! Without those three drops of blood essence, I'm afraid it would be very difficult to step into the realm of mind wandering, and the thunder robbery would be unbearable! "

Ye Chen did not deny this.

Suddenly, Duan leiren raised his head and looked at the blood dragon above the reincarnation cemetery. He said: "the benefits of those three drops of blood essence are not only that. Do you think that blood dragon is just a little stronger?"

"What do you mean, master?" Ye Chen was stunned.

Duan leiren's real Qi moved and suspended directly in the air.

"Apprentice, do you know that the three drops of blood essence are the blood of the dragon, and they are valuable! Your blood dragon has those three drops of blood essence! Then we have real rights! "

"In other words, you have a chance to step on the dragon!"

Chapter 602

"Step on the dragon and soar into the sky?"

Ye Chen looked at the blood dragon on the top of his head, but he didn't expect that these three drops of blood essence were the blood of the dragon.

At that time, the girl of Ji family was so careful that he thought it was a precious pill.

Now it seems that the Ji family really gave him a big gift.

This is too much.

However, five years ago, Ji Siqing's existence left him in debt to the Ji family.

The other party helped him several times in Kunlun.

At that time, he just stepped into the way of cultivation. He had no foundation, and he was just a fan root.

The samsara cemetery has not been completely opened.

If there was no Ji Siqing and Ji Lin, he would have died in a corner.

I really want to pay it back. I don't know when.

"Well, if Ji's family is in danger, let's do it yourself."

Ye Chen murmured.

The sound of the Dragon singing on his head kept ringing.

"Master, what changes have taken place in the blood dragon? What do you mean by substance? Can he become a real dragon? "

Ye Chen said again.

Duan leiren's eyes slightly narrowed: "this road has a long way to go, but these three drops of blood essence are the turning point. Your destiny, as for whether you can really turn into a dragon, depends on your remaining chance."

"To some extent, the reincarnation graveyard is not your biggest card, this blood dragon is. But now the blood dragon is still very weak and can't play its real power. "

"If one day he exerts his real power, the sky will not be able to trap you."

"Thunder and lightning, the dragon can even control the fire, which can tear the space!"

"In addition to your life talisman, to some extent, your future achievements will far surpass those of Kunlun empty young people."

"No more nonsense. Now you have to do two things. The first thing is that I need Taigu Xushi Dan. You must activate the second tombstone to release the great man. Second, you go to a place... "

Duan leiren suddenly thought of something, and then changed his mouth: "forget it, that place is in Kunlun Xu. It's not urgent at present."

"The first thing is what you have to do."

Ye Chen's eyes fall on the second tombstone, which is shining with dazzling light.

He could feel an old breath condensing.

"Master, is this the alchemist?"

Ye Chen has a wonderful way.

Duan leiren shook his head: "he is not so simple. You can understand him naturally when you see him."

Ye Chen no longer hesitates, reaches out his hand and touches the tombstone!

In an instant, the tombstone is brilliant!

The whole samsara face is shaking up!

Even the small dragon veins had cracks because of the vibration.

Ye Chen thought the tombstone would crack, and then a figure appeared directly.

But for five minutes!

There's no movement at all!

When ye Chen lost some patience, the medicine tripod obtained at the auction was suspended directly!

It appears in the air.

Streamers of light flowed around the cauldron.

All of a sudden, "bang!" With a loud noise, the medicine tripod directly fell down!

Steadily fell in front of Ye Chen.

"If you want me to come out, you can, as long as you can refine Shuiling pill."

"If you can't even refine the water elixir, I won't admit you, the tomb owner of the reincarnation cemetery!"

"Because you are not qualified!"

"A waste is not qualified to be my apprentice!"

Cold words resound from the tombstone!

Arrogance! Arrogant!

You can't even be eccentric.

Ye Chen also saw many great powers of reincarnation cemetery during this period, such as Chen Tianli, Luo Yuntian, slaying Daojun, Duan leiren, etc.

These people are almost sure of their identity from the beginning.

There is no big test!

But what the hell is this guy!

Shuiling pill?

Naturally, he knew this pill, but the refining of it was extremely complicated. Now he wanted to refine it, it was impossible!

Isn't it hard for people!

Ye Chen looks at Duan leiren, who also shakes his head with a wry smile: "this guy's temper is famous for his eccentricity, and I can't help it."

"Disciple, do you want to try to refine a water elixir?"

"If you can't refine it, you can forget about Taigu Xushi Dan now."

Duan leiren can only say that.

Ye Chen looks at the tombstone that the red light overflows unceasingly, in the heart curiosity is particularly prosperous.

Such a temper, at the beginning to give himself a powerful, is this guy's identity has a lot of head?

"Not just Shuiling pills, I'll refine them for you!" Ye Chen's temper is up.

Although he has never refined Shuiling pill successfully, even if his own strength is refined, there will be great consequences!

But he's going to try!

He doesn't believe this evil!

It's just a broken pill! What are you afraid of!

Ye Chen no longer hesitates, sits cross legged, encircles his whole body with genuine Qi and closes his eyes.

All of a sudden, my eyes opened and a cold light came out.

At the same time, a drop of blood essence is forced to shoot on the tripod.

Before refining pills, the most important thing is to establish contact with the medicine tripod!

When everything is ready, ye Chen grabs the five fingers, and the herbs on the reincarnation graveyard directly sweep into Ye Chen's palm!

Put the medicine tripod directly at the right time!

The flame is crisscross, a slight medicine fragrance overflows from inside!

"Give me a start!"

Ye Chen a roar, just want to control the flame!

Suddenly, a sense of vibration came from the medicine tripod!

"Bang!"

Next second, blow up the furnace!

Obviously failed!

Ye Chen is not a bit discouraged, tried a few times, but the results are the same.

"Boy, if you can't even refine the water elixir, to tell you the truth, the reincarnation graveyard can't play its value in your hands!"

"It's better to give the reincarnation cemetery to someone else!"

Ear is ring out a cold words, ye Chen Mou son a shrink, indifferent swept a tombstone!

"Blood dragon, come on!"

A dragon chant, blood dragon suddenly appeared!

Because at the beginning, the blood dragon virtual shadow has entered the place of Qinling dragon vein!

Its whole body has a trace of fire attribute!

Blood dragon and ye Chen have the same idea, naturally understand Ye Chen's meaning, no longer hesitating, coiled around the medicine tripod.

Not only that, the whole body of the flame is gradually released!

The temperature of the whole samsara cemetery has gone up a lot.

"This life talisman, come out!"

In the air, a ray of lightning surge!

"Ray

Ye Chen a roar!

In an instant, thunder and lightning fell from the talisman, and they were wrapped around the medicine cauldron!

At this moment, the aura in the samsara cemetery is flowing towards the medicine Ding!

And ye Chen's whole body is surrounded by the essential medicinal materials of Shuiling Dan!

Ye Chen looks serious, directly put the medicine into it again!

At the same time, close your eyes and clap on the medicine tripod!

Although shuilingdan is precious, if he tries his best, it is not impossible!

Not worthy to be the owner of the samsara cemetery?

Waste?

Today, he just slapped the face of this great power!

What if you're from ancient times! Even if you are an ancient Dan master, I Ye Chen's talent is not weak at all!

Five years ago, the old man rescued him from the lower reaches of Dongqian Lake, and even brought him to Kunlun Xu. He was attracted to his talent in alchemy and pharmacy!

Chapter 603

"Boom!"

The center of samsara cemetery seems to be swept by the storm!

And ye Chen is in the center of the storm!

When the tombstone saw this scene, a light voice suddenly rang out: "eh, this guy is actually..."

The voice disappeared before the words were finished.

At the same time, an old figure wearing a white robe and misty breath came out of the tombstone. It was more interesting to watch ye Chen in the storm.

It's the power in the second tombstone!

.....

At the same time.

Kunlun Xu, a magnificent temple.

Standing on the top of the mountain.

The spirit is very rich.

In the deepest part of the temple, an ancient and simple gate is closed.

The disciples who come and go will take a casual look at the gate.

Careful, extremely afraid.

They all know that behind this gate is a beautiful girl of heaven that can shake Kunlun Xu.

Ji Siqing!

Ji Siqing's existence is almost the goddess in the dream of countless practitioners in Kunlun.

For them, even if they meet, they are willing to reduce their life span by 10 years.

Unfortunately, Ji Siqing has been closed.

It's even colder.

They even rarely chat with outsiders, let alone the opposite sex.

The only exception is yechen, who has disappeared for more than half a year.

Hundreds of followers refused, which has made the name a joke.

But it was this joke that made Ji Siqing stand up for countless times!

They are helpless.

Even killed Ye Chen's heart.

Just at this time, outside the temple, two beautiful images rushed towards the simple gate.

If ye Chen is here, he will surely find that these two people are Ji Lin and Ji He who was just in Kunlun mountain road.

Jiho horse into the Kunlun Xu, directly arrived here.

"Sister Ji He, what are you looking for in such a hurry? Is it hard to say that something has happened to the chronicler? "

Ji Lin has a wonderful way to go.

Ji he frowned, his chest trembling because of his fast steps.

"Sister Ji Lin, this is not an ordinary thing. It is not only about the Ji family, but also about the whole Kunlun void!"

Ji Lin didn't take it seriously: "is it difficult that something interesting happened recently?"

"You will know later. Sister Siqing should be out of the customs."

"Well, the breakthrough just ended yesterday, and it's in it now."

Not long, they came to the ancient gate, Ji Lin knocked on the door, and before finishing, there came a cold voice!

"Come in!"

After a while, they just opened the door.

I saw a girl sitting cross legged on a piece of colorful stone.

The aura in the house is overflowing from the colorful stones.

The girl on the colorful stone is extremely beautiful. Every part seems to be the most satisfied existence of Nuwa.

He even felt a trace of inferiority.

"What did you two come to me for? Did Ji family urge me to go back?"

Ji Siqing's indifferent voice suddenly sounded, without any fluctuation.

Ji he no longer hesitated, and even said, "sister Siqing, a great event has happened in Kunlun these days. My father asked me to come and tell you immediately."

Ji Siqing still closed his eyes, light way: "say it."

"In recent days, a top strong man has been born! The blood alliance and the Yibao pavilion have suffered losses in this person's hands, and even I don't know what the other side is! "

"Zhuang Bufan, xuefenghua, and other people who offend him are all dead!"

"It's not the most important thing. The man holding the thunder in his hand is like a God coming down to earth! In three days, it seems that you have stepped from the realm of Zhenyuan to the realm of transcendence. Perhaps it is even more terrifying! "

The words in front of him made Ji Siqing have no reaction at all, but after a word fell, Ji Siqing suddenly opened his eyes and stood up!

"In three days, from Zhenyuan to supernatural? Hehe, Jihe, does anyone believe your joke? "

"What's more, yibaoge and Xuemeng are very troublesome in Kunlun void. Ordinary people can't offend them at all. You should have heard about it."

Ji Siqing Dao.

Ji Lin on one side also nodded, and she naturally did not believe it.

Ji he was a little anxious: "sister Siqing, I dare to bet with my spirit! I witnessed it with my own eyes! Grandfather Yun and many strong people of Kunlun Xu have witnessed it. It is estimated that before long, this event will spread throughout the whole Kunlun void. "

Ji Siqing hears Ji He's oath and frowns and begins to believe.

The spirit swore, it's too expensive.

"What's the age of this man and what kind of influence does he come from? And what's his name? "Ji Siqing asked.

She was more or less interested in such an evil person.

Ji He Mou son is firm and resolute, word by word way: "this person's age and Siqing elder sister are similar! Even Even the talent is above Siqing's sister! "

"What!"

Ji Siqing and Ji Lin changed their expressions.

In my twenties, three days into the extraordinary?

Is there such evil in Kunlun Xu?

Before they could react, Ji he was even more surprised: "where did he come from? No one knows. It happened in China! Kunlun mountain

"The only information I know is that this person's surname is ye."

Ji He words have not finished, Ji Siqing's eyes flash a little surprised.

From Huaxia, also surnamed ye, is it Ye Chen that guy?

But ye Chen's talent is impossible.

Her eyes are a little lonely, to tell the truth, this guy left Kunlun Xu Da for half a year, also don't know how to be in China.

Although Ji Lin has been there for a long time, I don't know if there is any accident.

Ji he knew what Ji Siqing thought, and continued: "sister Siqing, I haven't finished. His surname is ye and his name is Shitian! To be honest, it's a day when he ignores all the rules

All of a sudden, the whole room was freezing!

A trace of murder spread!

Ji He looks pale, raises his head, and instantly sees a pair of cold bone marrow eyes.

From Ji Siqing.

"I say again for the last time, all the Ji family are not qualified to belittle Ye Chen!"

"I'm going to practice. You go. No one in the Ji family can come to see me within a month."

Cold words like orders!

Ji He shudders, sighs and turns away.

Over the years, Ji Siqing's character has not changed.

"A waste man will eventually disappear in the dust, and can only look up at the stars in the sky silently."

"Ye Chen is dust."

Chapter 604

At the same time, the samsara cemetery.

Ye Chen naturally did not know about the matter of Kunlun Xuji Siqing.

At the moment, he is madly refining shuilingdan.

The fire on the medicine cauldron is more and more powerful, and the sound of dragon chanting is heard incessantly.

The blood dragon's flame and thunder and lightning almost made the whole medicine cauldron crack!

This power is almost more than the medicine tripod can bear!

Although the medicine tripod is of great value, it is hard to resist the impact of the double forces of thunder and fire.

Fortunately, in the medicine tripod, a strong smell of medicine gradually condensed.

Ye Chen's whole body is already wet.

The true Qi of Dantian all swept away!

This is the second big stone that he disdains!

All of a sudden, the medicine cauldron that numerous forces gather together vibrates gently.

A clear sound rings in my ears!

At the same time, ye Chen forces out a drop of blood essence, which turns into blood mist and is wrapped around the medicine tripod.

"Shui Ling Dan, give me the Ning!"

With a roar, thunder and fire are raging!

The medicine tripod just taken from Yibao pavilion has countless lines all over the body!

It's going to break!

Ye Chen opened his eyes, five fingers suddenly grasp!

A blue pill appeared directly in the palm of the hand.

Pills have a very strong fragrance, more importantly, the lines of pills are extremely clear.

It's shuilingdan!

see this scene, the second tombstones on the shadow, old face red.

Not because ye Chen refined Shuiling pill!

But this water elixir's grade is extremely high!

It's even perfect.

Duan leiren took a look at the old man beside him and said faintly, "although I know you have a strange temper, I'm afraid that the words you just said just now are inspiring."

The old man didn't speak, his eyes narrowed slightly, staring at Ye Chen with interest.

A few seconds later, he said, "I'm telling you the truth. If the owner of the samsara cemetery can't even refine the Shuiling pill, do you think he's still qualified to be our turned man? Don't forget, this boy carries the hope of 100 of us

"The war in ancient times trapped us a hundred people, and we could not be reborn and reincarnated, let alone redeemed."

"What's more, you should be aware of the strength of that force. Although the present state of this son can be seen in the past, it is still too far away from that road."

"Once that force finds out that this son is in control of the reincarnation cemetery, do you think they will give the boy a chance to live?"

"With the strength of this son, those old guys hiding in the depths will surely notice this boy. I don't want this boy to be unable to control his own destiny at that time. The final result is that we will not be able to turn over for a lifetime."

When Duan leiren heard this, his smile became stiff.

Even eyes fell into deep meditation.

The other side's words, he can not refute.

"Duan leiren, do you really think this boy will give us hope?" Asked the old man suddenly.

Duan leiren looked at Ye Chen, who was holding the Shuiling pill. Without any thought, he said, "at first, I didn't feel that way, but the more I know about this boy, the more confident I am in him. When he cultivates the blood dragon and turns the life talisman into the magic power, it will be the power that will fear."

Ye Chen at the moment does not know these two people are talking about themselves.

He took a look at the shuilingdan in the palm of his hand and outlined a smile at the corner of his mouth.

Then the eyes shot in a direction!

The second tombstone has lost its luster.

But Duan leiren has an old man beside him.

The one who can know without a word is a cold word.

Ye Chen sneered and shot the pill in his hand directly: "old man, this is the Shuiling pill you want. Now can you admit that I am the tomb owner of the reincarnation cemetery?"

The old man didn't have any movement, and the Shuiling pill seemed to have been hindered by some kind of obstruction, and directly suspended in front of the old man and stopped.

His indifferent eyes glanced at Ye Chen and said, "do you really think that refining Shuiling pill will control the way of elixir? Ridiculous! In my eyes, shuilingdan is just the most rubbish foundation! You have just met this condition. If you want to be my apprentice, you are far from qualified. "

Finish saying, that water spirit Dan then toward Ye Chen and come!

The powerful energy envelops the left and right, as if in control of everything!

"Bang!"

When ye Chen catches shuilingdan, the air waves roll, ye Chen spits out a mouthful of blood on the spot, and is directly shaken off.

Sleeping trough!

This can have a temper, even if they are hurt?

Before ye Chen got up, the figure appeared in front of Ye Chen, looked down from the ground, and said faintly: "although I don't want to admit it, but the reincarnation cemetery has chosen you, I can't escape.""I am the immortal Lord. Since you wake me up, I don't want to owe you any favor. Today, I will give you a sword rhyme."

The language falls, has not waited for the leaf Chen to react to come over, the immortal Lord a point in Ye Chen's eyebrow heart.

A powerful information flow surging!

Wan Chen Jian Jue!

This sword formula has no attack power!

Looks like chicken ribs!

But can let ten thousand sword minister subdue!

What a spectacle!

If one's enemy can't use his sword, he can only coagulate his own sword, which will be the greatest advantage in the war situation!

The key point is that this sword formula can bend people's soldiers without fighting!

Don't be so cool!

Ye Chen is short of breath. Although the immortal master has a strange temper, sending such a gift at this time is enough to prove that all the actions of the other party are just provocations.

Ye Chen feels WanChen's sword formula. Although this sword formula is strong, it has certain limitations.

It can only be used once in three days, and it depends on the practice of the practitioner.

There are some spirit swords that are extremely against the heaven. Even if ye Chen uses this sword formula now, it is useless.

The immortal Lord released his fingers and turned and walked directly towards the tombstone.

"Don't ask me for anything special. I repeat, I don't fully recognize you, I won't teach you anything else, let alone help you."

The empty shadow disappeared and the tombstone fell into silence.

Duan leiren came over and patted Ye Chen on the shoulder: "let go of Taigu Xushi Dan first. This is the character of the immortal Lord. When he knows you better, he will accept you. According to my understanding of him, he is not a man of iron heart."

Ye Chen nodded: "master, you said this man is an alchemist. Why did he just give me a sword formula?"

Duan leiren took a deep look at the tombstone and said leisurely, "I never said that this man is an alchemist. He just knows alchemy."

"He not only knows alchemy, but also has a lot to do with arrays, swordsmanship and talismans. He is a marvelous man. If you have the guidance of this person, you will benefit a lot from martial arts."

"Well, it's time for you to leave the samsara cemetery. You've been in it for too long."

.....

Chapter 605

Huaxia, Beijing International Airport.

Ye Chen flew directly to the capital at Kunlun Mountain airport.

He went to Ye's house at the first time.

"Xiaochenzi!"

Ye Chen just stepped into the door, a beautiful shadow rushed over.

Feet open, jump directly to Ye Chen's body.

Feet directly hook in Ye Chen's waist, the chest of the turbulent thing is hard pressure Ye Chen.

Sun Yi!

"Xiaochenzi, didn't you tell Ruoxue to go for one day? It's the fourth day. If it wasn't for elder Shen who said you were OK, I would have gone to Kunlun mountain to find you."

Ye Chen holds Sun Yi in his arms. His body has a different sense of touch. He takes a look around him and says, "Why are you alone, if you know them? And my mother? "

Sun Yi didn't have the idea to come down at all. While holding Ye Chen, she explained: "my aunt has been breaking through the cultivation room since that day. I don't know how many levels she has broken through. There should be some things that have affected her."

"No, she's still breaking through."

"As for Ruoshue and Zhuya, they didn't practice, but something happened in Jiangnan province. Both the Zhu and Xia families were in Jiangnan province. They went back by plane last night."

Ye Chen frowns, what happened in Jiangnan province?

He wanted to ask what, a pair of red lips directly kiss up.

"Xiaochenzi, do you think the weather is very good today, should you do some sports?"

The wet tip of the tongue stirs the heartstrings of Ye Chen.

The key is that the two of them are now in a rather ambiguous position.

Ye Chen knows Sun Yi's character and understands her initiative in that respect.

Now she did it just to appease him and prevent him from thinking about something.

Ye Chen is silent in Sun Yi's wet kiss.

She was holding Sun Yi to the room on the second floor.

Feeling to the deep, soon came the sound of groans and collisions in the room.

The house is full of spring.

.....

At two o'clock in the afternoon, Ye's hall.

Ye Chen saw xuefenghua and Shen Shixi.

"I've seen you, master!"

"Blood Fenghua has seen the master!"

They both said in unison.

Two eyes of the elder who can nod, fall on the body of Zheng Chen: "fall?"

"Xuefenghua, don't you say elder Zheng has come to China?"

For ye Chen, the most important thing at present is elder Zheng of blood alliance.

This man holds the key to the blood League dungeon.

It's the key to save my father!

Hearing Ye Chen's tone, Xue Fenghua quickly knelt down: "master, I really don't know the specific things, but there is one thing that can be sure, that is, elder Zheng is really Chinese. According to reason, he should come to the capital. After all, the Ye family in the capital city is the biggest doubt."

"But in recent days, we have contacted some people, even if we have access to the monitoring of the whole capital city, there is no news of Zheng Changlao's group."

"Master, do you think they know about ye Shitian and go to Kunlun mountain again?"

Ye Chen did not speak, his fist clenched.

In China, it's your own territory. It's very easy to find someone.

What's more, elder Zheng and those who are strong in blood alliance will surely be noticed by some people.

It is impossible to evaporate in the world!

It seems that we have to call Bai Lixiong.

Only through the power of the state.

Ye Chen just took out the phone from his pocket when the phone rang.

Lei Shuwei from dragon spirit!

"Mr. Ye, you have finally returned to the capital. Something has happened here in China!"

Ye Chen looks a change: "what matter?"

Lei Shuwei's voice on the other end of the phone was very excited. He even said, "Mr. Ye, the matter in Jiangnan province can't be suppressed, or I won't call you either!"

"In recent days, there are traces of the arrival of powerful people in Jiangnan Province, and many buildings have been directly reduced to ruins overnight! The official report is an earthquake, but the people naturally don't believe it. "

"Not only that, it seems that the old house in Jiangcheng of Ye's family has been broken open, and the gate and wall are directly broken. All those who guard the old house of Jiang family are not spared!"

"What's more, the Tianzheng building in Jiangnan province nearly collapsed. It seems that the building above the 27th floor was cut off by a sword! The death toll has risen to seven! "

This moment, ye Chen is not calm.

Ye's old house and Tianzheng Group are related to themselves.

Can have such strength to destroy, the biggest possibility is the blood alliance of those people!

Including elder Zheng!

The only doubt is that this group of people did not come to Beijing to deal with the Ye family. Instead, they started from Jiangnan province and Jiangcheng.

Even the old house.

What are they looking for?Your secret?

In other words, what has the father told us?

Suddenly, ye Chen thought of what, Zhu Ya and Xia Ruoxue are back in Jiangnan province!

Although Mr. Zheng may not know the two people, they may also be threatened.

He quickly asked Sun Yi to call them. Fortunately, both of them are safe now.

Ye Chen stood up directly and ordered Lei Shuwei, "prepare a plane for me. I will go back to Jiangnan province immediately."

Lei Shuwei was obviously ready and said directly, "Mr. Ye, the car is at the door. The nearest airport is ready."

More than an hour later.

When the plane landed, ye Chen went to Tianzheng Group in Jiangnan province for the first time.

Fortunately, the focus of Tianzheng Group has been transferred to the headquarters of Beijing.

There are not many office workers on the 27th floor of Jiangnan province. It happened that the day of the accident was Sunday.

Otherwise, the consequences will be disastrous.

Ye Chen standing downstairs, can vaguely feel the fierce sword mark!

So powerful, this time blood alliance out of the people, can not be so simple.

What are they looking for?

Twenty minutes later, ye Chen came to the old house of Ye family in Jiangcheng.

After what happened in Yunhu villa, the old house was sealed up by the court.

CHEN Ye bought it directly.

Because I was afraid of touching the scenery, I only went there a few times.

Come to Ye's old house again, ye Chen is quite moved.

He will not be reunited with his father for a day.

In any case, ye Chen has made a death feud with Xuemeng.

Either the blood alliance was destroyed, or his Ye Chen died.

Ye Chen into the old house, found that it was a mess, but also was rummaged.

Even the old house was damaged a lot, and the ground was overturned.

It seems that these people dig three feet to find that thing.

Ye Chen's eyes flash through a cold, cross legged and sit.

"I'd like to see why you blood League came here!"

Ye Chen's finger pinches!

"Da Dao Xun Jie" directly condenses!

Now that he has stepped into the realm of mind wandering, this technique is more powerful!

The restored scene is also more realistic.

The whole body is surrounded by blood light.

The speed of fingers is getting faster and faster!

All of a sudden, ye Chen's eyes open, a touch of light flashed over!

The whole room is like countless virtual shadows!

It's the blood alliance!

The head of a purple robed old man, the breath is ethereal, his hands are behind him!

It must be elder Zheng in the mouth of xuefenghua!

Elder Zheng looked around and directly ordered the people behind him: "even if you turn over the whole Ye family, you should find and engrave something with this text!"

"The sudden rise of Ye Chen is definitely related to the Ye family! I suspect that there is a secret of the xuye family in Kunlun here! "

Chapter 606

Ye Chen is looking at this group of people madly looking for in Ye's old house.

But even if you go through the whole Ye family's old house, there is no gain at all.

However, ye Chen has noticed a jade pendant in the hand of elder Zheng.

On the jade pendant, there is an ancient character.

This text, ye Chen has seen!

It's the word "Ye family"!

From Kunlun Xu!

had seen as like as two peas in jiangdao mountain.

But why do the blood alliance people have the jade card of the xuye family in Kunlun.

After a while, the search ended.

Some of the elder's faces were torn.

"There is also a big event on the side of Kunlun mountain. It is said that there is a leaf killing the sky born in the sky, and he is also a person crushing the blood alliance in front of the public! Blood Fenghua may also be killed by Ye Shitian! I wonder, ye and Xuemeng are enemies? "

"Since the ghost prison accident, the blood alliance has not had a day of peace! No matter what, ye Chen must not stay! The square Nebula

A young man in casual clothes stood up directly: "master, what can I do for you?"

Elder Zheng glanced at Fang Xingyun, patted each other on the shoulder, and said, "Xingyun, you are the most proud disciple of my teacher. I have always regarded you as my son. Now your strength is at the peak of Shenyou state. It is only a step away from the transcendental state, and you are not afraid to face the strong one."

"Because of Ye's killing the sky, I have to go to Kunlun mountain to see the specific situation. No matter what, if something happens to the blood League members, I will take action."

"According to the rumors from the outside world, this ye Shitian is more dangerous than that ye Chen! It's not even one level. "

"So, in the next few days, you stay in Jiangnan province and investigate the relationship between the Ye family and Kunlun Xu!"

"In Jiangcheng, Jiangnan Province, and even the capital, any person and place related to Ye Chen should be investigated!"

"Once you find Ye Chen, inform me with secret method. If the situation is urgent, take ye Chen down directly!"

With that, elder Zheng forced a drop of blood essence from his palm.

The seminal blood shoots directly into the center of the square nebula's eyebrows.

"Nebula, this drop of blood essence has the power to serve as a teacher. Although this period of time may not be useful, you still take it in case of emergency."

Fang Xingyun's eyes showed firmness, and directly knelt down in front of elder Zheng: "master, don't worry, ye Chen, that little scum, if he dares to appear, I will let him bear the towering anger of blood alliance! Just investigate the matter of Xue Fenghua and ye Shitian. "

"Well, you are always at ease as a teacher. Three days later, no matter what happens to Kunlun Mountain, I will come to you. "

Language down, the shadow of elder Zheng disappeared completely in the old house of Ye family.

Only one strong blood League was taken away.

As for the rest of the blood alliance, all stay around the square nebula, in case of need.

Soon, the old house of the Ye family returned to silence and chaos.

Ye Chen opens his eyes and eyes, the corner of his mouth outlines a cold smile.

"Elder Zheng, I don't know if Fang Xingyun's death will cause a huge blow to you."

"You can't imagine that ye Shitian and ye Chen are the same person!"

Ye Chen stands up and arranges the old house simply, then plans to go to the summer home.

But just as he was about to leave the old house of Ye's, the black stone in his pocket flew out directly!

There are fluctuations in the samsara cemetery!

"This is..."

Ye Chen Mou son a congeals, hurriedly follows the black stone and goes!

Not long ago, the black stone stayed above the garage of the old house.

An old Audi A6 was parked there, almost scrapped.

"What do you mean? Do you want me to drive this car? "

Ye Chen frowned.

Black stone seems to understand Ye Chen's words and makes a push action, which is flying around the chassis of the car.

Ye Chen instantly understood what, the true spirit condenses in the palm of the hand, one hand clasps the car, raises directly!

I left the car in the yard!

At the same time, he even found that there were arrays on the ground under the car!

This array is extremely hidden. If it is not blocked by Audi, elder Zheng will surely find out.

Ye Chen's finger pinches, a golden text is suspended in the palm of your hand!

Then, shoot it directly!

Cang Haiping taught him how to use the talisman to break the array.

"Boom!"

The array is broken directly!

At the same time, the garage floor directly split!

A pit about one meter deep appeared.

In the pit, there is a brocade box.

On the brocade box, there seems to be ancient Chinese characters of the xuye family in Kunlun!

Ye Chen can vaguely guess wrong, which is left by his grandfather. He no longer hesitates. He grabs the brocade box directly in his palm."Click!"

When the brocade box is opened, ye Chen is surprised to find a jade pendant with a special shape lying quietly inside.

Although this jade pendant is related to the xuye family of Kunlun, it is far from the jade pendant in the hands of elder Zheng.

On the surface, there is no aura, but once you inject the true Qi, you can find the vast aura gushing from the jade pendant!

It's not anything!

The jade pendant is carved with a dragon.

The dragon is ferocious, winding around one side, as if guarding something.

Before ye Chen studies it thoroughly, the samsara cemetery is shaking.

Then, the jade pendant disappeared and was directly absorbed by the reincarnation cemetery!

Ye Chen's consciousness glances at the reincarnation graveyard and finds that the jade pendant is suspended in the sky of the samsara cemetery!

Release all the spirit inside!

In a flash, the reincarnation graveyard seems to revive, and the remaining tombstones vibrate together!

Even Duan leiren, who is in the samsara cemetery, is looking up at the sky. He is deeply shocked in his eyes!

"Disciple, where did you get this jade?"

Ye Chen quickly explains today's events. Soon, Duan leiren falls into silence.

I don't know how long it took him to open his mouth: "disciple, from the perspective of the energy in the jade, the identity of the person who held the jade was not low, even not just the leader of a family!"

"The words and patterns on the jade are all noble. If I guess correctly, controlling this jade pendant means controlling a clan!"

Hearing Duan leiren's words, ye Chen is deeply shocked.

A jade pendant controls a clan? This is more than the ancient imperial seal!

"Of course, this is also a teacher's guess. Anyway, as long as you know that the jade is of extraordinary value, you must carefully collect it, and never fall into the hands of others, or you will have endless troubles in the future."

Ye Chen nodded and launched the reincarnation cemetery.

The value of the jade pendant has nothing to do with him now. It is the key to deal with the affairs of the blood League.

He took out his mobile phone in his pocket and dialed a phone call: "Lei Shuwei, help me find out a person who should be in Jiangnan province now. His characteristics are..."

After the phone hung up, two minutes later, a text message was displayed.

It has this address on it.

A remote resort in Jiangnan province.

"Elder Zheng, you have been searching for me. Today, I will let you feel my other identity - Hunter! I want to show you who is the real prey

Chapter 607

.....

Spring grass resort in Jiangnan province.

Fang Xingyun and several blood League strongmen are drinking, and they are holding a good beauty in their arms.

Almost no clothes on, the beauty is shivering!

They can feel the horror of these people in front of them!

Just now a young girl refused these people's unreasonable demands, but she died on the spot! Into a pool of blood!

They have never seen such a means!

I don't even know where these people come from!

Foreign accent, the method is extremely cruel!

The key is that some things are totally beyond their understanding!

At random finger movement, the glass will automatically float!

It's more terrible than the fairy in the legend!

Fang Xingyun put down the wine glass and her eyes were a little confused. She looked at the naked woman in her arms and snorted, "Chinese women don't have any aura. It's too ordinary. I'm really disappointed with Huaxia!"

"The point is, I don't like my woman's frown."

"You've completely disrupted my drinking."

The woman's face changed greatly when she heard such cold words in her ears. She knelt down in front of Fang Xingyun: "Lord Fang, I know I'm wrong. Please forgive me. I'll laugh now. I'll laugh as much as you want me to!"

The woman broke her smile, very reluctantly.

There is no choice between life and death!

These people in front of us are always killing people!

"Pardon?" Fang Xingyun's expression was ferocious. "In my eyes, Huaxia people are just ants. If I want to kill them, I will kill them. What qualifications can I have for the forgiveness of my blood alliance?"

Language down, square Nebula five fingers open, directly buckle a woman's neck!

Suddenly mention it!

The Chinese girl felt breathing completely, don't plunder, struggling desperately, but it's impossible!

Only panic in the pupil!

"In my eyes, you people, Chinese people, and ye Chen are as humble as dust. What if I want to kill all of you! Pooh

Language down, the power in the hands of the square Nebula exploded!

Powerful waves and evil spirit rolling, in the hands of the girl directly into the blood mist!

Cruelty.

The rest of the women panicked and got up and ran away!

But the result is obvious!

In this kind of master, escape is a luxury!

After Fang Xingyun and the people of the blood League solved all the people, a strong member of the blood League said, "Mr. Fang, what should we do next? Elder Zheng went to Kunlun mountain. Before he came back, we had better do some practical things

Fang Xingyun hit the table with her fingers and outlined a crazy smile at the corner of her mouth. She said, "the boy is hiding in China and refuses to come out. What we have to do is to adjust the activity to the maximum. From today on, we will kill all the people related to this son!"

"I don't believe it. If you kill all the Chinese people, this boy can be indifferent!"

"If you offend my blood League, you have no choice but to die!"

"I want this boy to fall into eternal self reproach! Ha ha ha

Ferocious laughter resounded throughout the room.

At the height of everyone's mania, "boom!" , a great noise directly resounding!

The next second, they found that the door had been blown open!

Not only that, they set up a guard array at the door, but also mercilessly torn!

How could it be!

It's for fear of accidents that they use this array!

This array is enough to resist the attack of the strong in Kunlun, but now, it is broken by a move?

There's smoke and dust!

They couldn't see what was in the smoke.

A cold wind suddenly picked up, a few seconds later, everything returned to silence.

In the line of sight appeared a young man's cool and proud figure!

Young people in casual clothes, a cigarette in the mouth, head down, very lazy!

But lazy, but it makes people feel cold!

The whole room seemed to have turned into an ice cave.

"Grass! Who the hell are you! Do you know our blood Alliance... "

A blood League strong words have not finished, that lazy voice directly opened his mouth: "you are too noisy, I like quiet."

The next second, the killing plane exploded! A flash of blood!

That blood alliance strong person has sensed the crisis, subconsciously wants to block!

But found their own strength in this moment is extremely small!

The blood went straight through his body!

Blood splashes all over the place!

Dead on the spot!

This one hand alone, trembling all present!

Huaxia has such a strong man!

And the other party's action is very obvious, is for their blood alliance! Fang Xingyun's eyes congealed, just wanted to talk, but found that the young man raised his head.

That face, he knows very well!

Ye Chen!

Master asked him to pursue Huaxia Ye Chen!

At this moment, Fang Xingyun was laughing: "Ye Chen, you dare to come to the door! In this case, I will give the master a surprise

"Let's take the blood alliance!"

"Yes, Mr. Zheng!"

The rest of the blood alliance, regardless of any hesitation, draw out the sword and release the opportunity!

In just three seconds, ye Chen will be surrounded!

Not only that! Step on a strange step one after another!

A blood alliance killing array is formed directly!

Blocked Ye Chen some chances to escape!

"Kill!"

With a roar, the long swords in the hands of those people were all shot out!

The sword in all directions seems to break through the air and go towards Ye Chen!

This killing array, they have absolute confidence, can win this arrogant Chinese Ye Chen!

Ye Chen looked at a handle of cold sword sweeping over, but shook his head: "this is the power of your blood alliance to pursue and kill me?"

"I'm so disappointed."

Language falls, ye Chen steps suddenly a step!

The strong wind set off like a storm!

The ground is spreading and splitting like a spider's web!

And the roof is directly crushed by the air waves!

At the same time, those cold swords, which are directly vital to Ye Chen, stop when they have not touched Ye Chen!

It's like there's a very strong obstacle to control everything!

Gradually, the original victory in the blood League strong one by one mouth overflow blood!

In a flash, the array has been forced!

They were all attacked by the killing array!

In a word, one foot, break the powerful killing array of blood alliance!

How could it be!

At this moment, all eyes have deep fear!

As if a pair of invisible hands held their throat!

And the youth in the center is the God of death!

"I don't like these swords. I'll give them back to you."

Ye Chen's indifferent voice falls, and the breath of blood dragon in the body explodes!

The sword with suspended handle is directly turned over! Let's go to the one who makes the array!

"Puff, puff, puff, puff, puff, puff!"

The bodies of the strong members of the blood league who made the move were directly broken open!

He died under his own sword!

Blood is dying on the earth!

Who could have thought this would be the end!

Isn't Ye Chen just stepping into the realm of Zhenyuan?

But at this moment, why is the power that erupts in a state of ecstasy!

The key is not just a state of mind!

Sleeping trough!

Chapter 608

There were bodies in all directions.

The sense of desolation swept through.

As the cold wind passes by, the square nebula of Xuemeng wakes up.

When he was in the blood League, he heard countless rumors about ye Chen.

What kind of demon talent, Tongtian posture, the first person in China.

He scoffed at these titles.

Because of the rarity of Chinese spirit, it is impossible to give birth to any genius!

In this world, except Kunlun Xu, everything is mole ants and waste!

This ye Chen again strong, just got some chance just.

But at this moment, he found himself wrong.

At present, ye Chen's strength is not weak in Kunlun.

At least I underestimated him.

His eyes fell on Ye Chen's body and finally opened his mouth: "Ye Chen, it seems that all the people in the blood League have been cheated by you. Your state and strength really make me almost unable to react."

Ye Chen's eyes were indifferent and put out the smoke in his mouth: "Fang Xingyun, if you kneel down now, I may give you a whole corpse."

"Your blood alliance has taken my father away. I once told people in the world that ye Chen and Xuemeng have a feud against each other. Once they see each other, they will kill one person."

Fang Xingyun's anger burned when she heard such lies.

Although Ye Chen's strength surprised him, it was impossible to deal with him!

He's on top of the world!

How can you be afraid of a waster.

No matter how strong Ye Chen is, in his eyes, he can't change the identity of mole ants!

"Little beast, today, I'll show you what the real sky is!"

Language down, the square Nebula moved, the whole body air wave swept!

All the furniture around was shattered!

Powerful breath seems to control everything!

Suddenly, he grasped with five fingers, and a chopstick on the table was directly suspended in the air, and even he firmly grasped it!

The next second, chopsticks suddenly shot out!

Go directly to Ye Chen's heart!

If it is shot, the consequences will be disastrous.

Chopsticks around the red light, like a sharp arrow in the dark!

Seeing that chopsticks are about to come to Ye Chen's body, ye Chen moves.

The snuffed cigarette end was fired directly.

"Zizizi!"

The cigarette end rubs against the air, the intense spark flickers!

Like a meteorite falling into the sky!

Seeing the scene in front of her, she shook her head helplessly.

He knew the internal structure of Chinese cigarettes.

It's just cotton.

Can this thing stop it?

Ridiculous!

It's just a piece of rubbish!

But soon, his smile suddenly stiffened!

Cigarette butts and chopsticks touch in the air!

Red light all over the sky!

More powerful!

"Bang!" The four walls of the whole house collapsed with a loud noise!

Violent air waves, even let the square star cloud and ye Chen can not help but back a few steps!

Under one blow, it was even better.

"How could it be!"

No one understands the shock in the heart of the square Nebula!

He is the top of the world! And ye Chen is at most in a state of mind wandering!

Then why is the situation in front of you now!

Who can explain it to him?

Before he reacts, ye Chen Canglong's phantom body will surge!

The moment came to the front of the square nebula, five fingers open, fierce downward pressure, like eagle claw general toward the neck of the square Nebula BUCKLE!

There is a red light between the five fingers!

The square Nebula suddenly wakes up from the shock, condenses the true Qi, and claps it out!

A blood gate suddenly formed!

Virtual palm through the blood door, cold not Ding's bang in Ye Chen's eagle claw!

"Bang!"

Ye Chen only felt a mountain of pressure from the crazy roll!

"Pedaling, pedaling, pedaling!"

His body suddenly retreated, and his arm was paralyzed.

The power of this nebula is so terrible!

Even more than Zhuang Bufan of Yibao Pavilion!

Fang Xingyun saw Ye Chen's embarrassed appearance and gave a cold smile: "little beast, do you know my real identity?"

"I might as well tell you that I am the most proud disciple of elder Zheng. I began to practice at the age of three, and entered the realm of Zhenyuan at the age of ten! Fifteen years old is an exception to become a core member of the blood League hunting team! Twenty three years old, the top of the world

"What do you compare with me?"

Language down, the square Nebula step out, the hands of a blue sword!

Green light around, sword burst out!

Tear directly towards Ye Chen!

The virtual shadow of the sword's meaning is directly transformed into innumerable ways, dense and dense, just like the sea of swords enveloping Ye Chen!The whole world seems to be covered!

Black clouds crush the city!

Fang Xingyun Ju high, looking at Ye Chen, in his eyes, everything is over.

This is not the case for Xuemeng.

He alone is enough.

Seeing that the sword sea completely covers Ye Chen, ye Chen closes his eyes at this time.

"Give up?"

The disdain of Fang Xingyun is particularly obvious.

But also right, in the face of his level of strong, give up is the best result!

Otherwise, it will only make yourself more painful!

"Little beast, when you die, I will let the old beast in the blood League dungeon go down with you!"

"Shifu also thinks that you are related to the xuye family of Kunlun. Now it seems that there is no such rubbish as you in the xuye family of Kunlun!"

Just when he decided that ye Chen would turn into a blood mist, the youth surrounded by the sea of green light sword suddenly opened his eyes!

What kind of eyes are those!

Kill! Bloody!

Like the eyes of the nine devils!

It's like a trapped animal in a cage!

Only this look, but let the square Nebula scared back several steps!

Even shortness of breath!

"Do you want to deal with me? Let me show you what is the real meaning of sword! Breaking the sky sword means the second sword, falling stars

Ye Chen a roar, full of momentum!

The blood dragon roars inside!

Zhenhun sword flies out directly!

Steady fell on Ye Chen's hand!

Ye Chen holds the soul sword in his hand, and the sea of green light sword is mercilessly torn!

At the same time, the fury of the sword seems to be in two!

Two is divided into four!

Like falling stars!

The same is the sword sea, but at this moment, the sword sea of square nebula is weak explosion!

Fang Xingyun looked at the killing opportunity sweeping, her face changed greatly, and her body quickly retreated!

There was a storm in his heart!

I don't understand how a small animal is qualified to be such a powerful force!

Even if he is at the top of the extraordinary world, at this moment, he has only fear and panic in his heart!

The sword in his hand wants to split the sea of swords! But found that it is extravagant!

Even if this moment splits, the sword sea will form again in the next second!

What the hell is this fencing! Why did he never see him in Kunlun Xu!

The sword sea falls, the square Nebula finger pinches, condenses a barrier to block!

But the barrier broke on the spot, and the square nebula was badly hit! Spit out a mouthful of blood, the body is like a kite with broken string, fly upside down!

Severely hit a plum blossom forest behind the Manor!

A plum tree directly smashed!

However, he still held his figure, his eyes staring at the leaf Chen coming to him in the distance.

Chapter 609

Ye Chen looked at him coldly and said, "I'm not as evil as you. I began to practice at the age of 16, and I didn't step into the aerodynamic state in five years. But in half a year, I crossed four major realms from the pneumatic state and directly attacked the Shenyou state."

"What's more, my mind wandering state is enough to crush your extraordinary state!"

At this moment, the square nebula is confused.

Brain blank!

Ye Chen is so old that he is not an evil spirit!

But within half a year, from the aerodynamic state to the mind wandering state, this is enough to frighten!

Looking at Kunlun void, no one can do it!

He felt Ye Chen was joking at the first time, but the affirmation of the other party's eyes made him flustered!

Is it true!

If this is the case, then ye Chen, I'm afraid, is even the Kunlun Xu Ji Siqing must look up to!

"No way!"

Fang Xingyun shakes her head fiercely, regardless of the blood in the corner of her mouth. She forces a drop of blood essence from her fingertips and blows directly on the blood gate tattoo on her neck!

In an instant, the blood gate tattoo is shining with dazzling red light!

His momentum is also rising suddenly!

Above the sky, clouds rise, the whole world, at this moment, dim down!

It's like the end of the day!

At the same time, the square Nebula takes seven steps!

Every step, plum blossom forest vibrates a little bit!

When the seventh part, the ground suddenly cracked!

Body is with the help of strength, jump ten meters high!

Hold the green sword in both hands!

Crazy fall!

"The blood gate cuts the moon!"

This sword was taught by elder Zheng!

Extremely high level!

Don't talk about transcendence. Even some practitioners in the early days of entering the holy land can not bear it!

This sword, drag out a long shadow! Dozens of meters!

Strong suppression!

This power shakes the world!

The dark cloud above the manor is even more thunderbolt!

There are many visions!

Visible power!

The dark smile of the nebula!

"Ye Chen, you forced me! If I can't crush you with this sword, I will never touch it again in my life! "

This is his confidence!

The power of essence and blood in his body, who has the qualification to block such a rebellious blood alliance sword skill!

Ye Chen looks at the violent killing machine from the sky with serious eyes!

He didn't run away, not to mention flinch, but to fly into the air one step at a time!

This life talisman directly sacrifices!

The whole body is full of thunder arc!

Not only that, but also the roar of the dragon in his body!

A blood dragon straight out of the body!

Hundred Zhang blood dragon, soaring to the sky!

Kill!

"Ten thousand swordsmanship! Cut

Zhenhun sword tears the air, with dazzling light and blood dragon around!

Direct the blood gate of the nebula to cut the moon!

"Bang!"

Two invisible waves suddenly formed, and the whole plum blossom forest was in the wind!

Countless plum blossoms are flying!

Not only that, thousands of plum trees have been uprooted!

Some even get involved in the center of the storm and turn into dust!

Everything on the ground is flat!

The square nebula was blasted out again!

Hit the ground hard!

This time, he incomparably embarrassed, a deep pit directly formed!

And ye Chen is no better!

The corner of the mouth spilled blood, the body is also thrown on the ground, the whole body has some numbness.

He's standing on his back!

Everything is rubbish in his eyes!

How to compare with Chen Tianli's sword skill!

One is the sky, the other is the earth!

He hobbled, step by step towards the pit!

Soon came to the injured square nebula.

"You just said that if you can't crush me today, and you don't need a sword in this life, I'll make you a success!"

The next second, a plum blossom dart appeared in Ye Chen's hand.

Do not leave, roll the waves, directly shoot out!

Far away, like a touch of black light across the sky.

Fang Xingyun in the pit just stood up, took a pill, just ready to hold the sword, the black light flashed!

The next second, his clenched hand lost his intuition!

Later, he found his shoulders hot!

His eyes widened. When his eyes touched his shoulder, he found that his hand was broken!

Actually was cut off by Ye Chen!

"No!"

His heartrending roar!

Who could have thought that he was so high that he was pulled down from the altar by a Chinese boy at this moment! Cut off the sword hand, how he used the sword in his whole life!

He's crazy! He's ferocious!

He would like to turn into a fierce beast, biting Ye Chen's flesh and sucking Ye Chen's blood!

"Ye Chen, you little beast, I want you to die! You want me to die

The square Nebula roars, the blood essence of eyebrow heart gushes out directly!

There is a power of elder Zheng between the essence and blood!

Enough to crush Ye Chen!

He pinched his fingers and just wanted to sacrifice the blood essence!

A figure has already appeared in front of him!

Cold fingers through, holding the blood essence!

It's Ye Chen!

When ye Chen is in Ye's old house, he finds out the matter with the way.

How could he give Fang Xingyun the right to sacrifice blood essence!

Holding blood essence in hand means controlling everything!

Fang Xingyun can't imagine that when she starts blood essence, ye Chen will stop it!

Key, this ye Chen is how to detect?

"Ye Chen, return my blood essence!"

A great roar rang through!

The broken arm of the square Nebula can only be smashed with the left hand!

But before he did, a blood dragon swooped down!

The square nebula is surrounded by flames and killing gas!

Fang Xingyun is like falling into an ice cave. How can he do it!

Not only that, the sky, lightning down, like a Thunder Dragon, staring at him.

He did not expect that the blood alliance people would be annihilated at this moment!

Just because of a young man, ye Chen!

He finally understood that the blood alliance that countless stories about ye Chen!

It's not a lie, it's a fact!

At this moment, he was afraid!

He is afraid of death!

He is still a man after all!

He has just reached the peak of transcendence. If he is killed, all his previous efforts will be in vain.

"Ye Chen, you can't move me. I belong to elder Zheng..."

"Pa!"

Before he finished speaking, zhenhun sword slapped on his cheek.

Very cold.

His cheeks were even scarlet.

Ye Chen, holding the soul sword in his hand, said with interest: "anyone who has blood alliance will die. This is my promise."

"I don't want to be a man who breaks his word."

Chapter 610

While speaking, ye Chen slowly put the sword on the neck of Fang Xingyun.

Cold killing package.

"May as well tell you a secret, I have a name besides Ye Chen."

"Ye Shitian."

Words fall, soul sword glides by.

The head just fell off.

The eyes of the head are ferocious and unexpected.

Fang Xingyun didn't expect Ye Chen, the master who went to Kunlun mountain to look for ye Shitian!

Ye Shitian can even suppress Zhuang Bufan. How can he resist it!

This is the beginning of the Chinese Alliance!

What a mistake!

The blood gradually dyed, and the headless body fell to the ground.

The blood dragon returns to Ye Chen's body.

Everything is quiet.

However, it is not over.

Ye Chen spread out his hand, holding the drop of elder Zheng's blood essence, and his mouth outlined a smile.

"Elder Zheng, what kind of mood would you feel if I hurt you thousands of miles away with my blood essence?"

Language down, ye Chen fingers pinch, Lingshi from the reincarnation cemetery out!

Condensation array!

The light is shining!

It starts with blood essence, and the array is the sword. The way to start the sword is to hurt people in the air!

This is the technique that Cang Haiping once taught him!

In general, it's really chicken ribs!

After all, in the face of a strong enemy, how can the other party hand over the blood essence to you!

But now, this is Ye Chen's opportunity!

Ye Chen's finger speed is faster and faster, a gold Rune flashing out.

Wrap that drop of blood essence directly!

In a flash, the golden light penetrated, incomparably dazzling.

.....

Meanwhile, Kunlun Mountain International Airport!

Elder Zheng and a blood League disciple just got off the plane and rented a car to Yibao Pavilion.

Although Yibao pavilion was destroyed, but still can detect a trace.

On the Mercedes Benz, elder Zheng closed his eyes and felt everything around him.

Suddenly, he seemed to notice something, his eyes open!

It's terrible!

His most proud disciple, Fang Xingyun, is dead!

Completely dead!

Even the spirit is annihilated!

How could it be!

Why doesn't Fang Xingyun use his blood essence! Why?

He hit the car door with a punch!

The door was blown open!

The blood League disciple driving in front of him was obviously scared and pale, so he stopped the car.

"Elder Zheng, what's the matter?"

Zheng elder Mou son a congealing, neck blue veins burst up, roared: "hurry back to the airport, square Nebula accident!"

"Yes

The blood League disciple quickly started the car and turned around directly!

Before he took a few steps, elder Zheng said, "stop!"

For elder Zheng's fickleness, the blood alliance disciple did as he was puzzled.

The car hasn't stopped completely, elder Zheng rushed out directly!

Sit cross legged!

He has no choice!

In just a moment, his whole body even attracted bursts of gold!

Golden light has a strong burning feeling, as if to burn his spirit!

This degree is especially strong!

He is very clear, someone is using the technique, burning his blood essence!

Take him back!

This technique appeared in some ancient books. He thought he didn't have it at all. Now it seems that someone has mastered it!

"Who the hell is it?"

Elder Zheng's voice almost resounds through the whole Kunlun mountain!

He didn't care about everything and took out a blood gate jade pendant!

The jade pendant glitters with light, and the blood gate shadow appears directly.

Cover the whole body of the array elder!

At the same time, he forced out a drop of blood essence and shot it on the blood door!

"Fighting in the air, I want to see what strength you have!"

Language down, the ancient Sanskrit on the blood door seems to rush out!

In an instant, the whole body of elder Zheng was wrapped! Crazy against the golden light!

The golden light and Sanskrit constantly collide, the billowing air waves burst open!

That blood alliance disciple which resists to live, spits out a mouthful of blood directly, the body hastily withdraws toward the rear.

Benz car did not have time to evacuate, burning on the spot, shocking!

At the same time, the other side of Ye Chen is already wet with sweat!

He thought the array could break the blood essence, but he didn't expect that elder Zheng, the old fox, still had a hand!

Looking at a few runes appeared out of thin air, ye Chen roared: "go away!"

The next second, blood dragon red light flashing! Around Ye Chen! Looking at the Sanskrit, the blood dragon directly devours!

But it's no use at all. Sanskrit is growing more and more, dense and covering everything!

Not only that, the Sanskrit has formed a blood gate!

Standing in front of Ye Chen!

Blood League suddenly opened, inside the picture is the Kunlun Mountain elder Zheng!

Eyes suddenly open!

Four eyes on each other!

Elder Zheng's expression was extremely ferocious, and his eyes were burning with anger: "Ye Chen, it's you!"

He not only saw Ye Chen, but also saw the head of the disciple on the ground!

Ye Chen cut off the head of Fang Yun Yun!

He has always been regarded as the son's disciple, but he was beheaded!

Who can bear the pain of loving children!

"Little beast, you killed so many people in my blood League. Today I will kill you even if I fall down and cultivate myself!"

No longer hesitating, elder Zheng takes a rune from his waist!

He spat out a mouthful of blood when the rune was sacrificed!

The rune with blood, burning at the same time!

Gradually, into a sword full of fire!

Through the blood door, towards Ye Chen!

"Ye Chen, do you think you can hurt me with blood essence? Today, even if I am injured, I will drag you to hell! "

The roar of elder Zheng rang out!

Ye Chen should be honored to die on this Rune!

And ye Chen at the moment, looking at the flame that swept quickly, his face changed slightly!

He wanted to let go of the barrier, but found that once blocked, he would be eaten back by blood essence!

Damn it!

It's impossible to use blood dragon and life Rune!

A sense of crisis at this moment!

At this time, the sound of the vibration of the samsara cemetery rang out!

The next second, two cold light through!

Straight to the flame sword!

"Hiss!" The sound of two abilities suddenly collide!

Suddenly disappear between the flames!

At the same time, the two cold lights came out completely!

What surprised Ye Chen was that it was a dragon sword!

This is the second time to save him!

Last time he was rescued, he suffered a huge force, and was directly broken!

This time, even though it was broken, the sword spirit in the dragon sword was still willing to block everything for him.

Looking at the two broken swords in front of him, ye Chen clenched his fist.

Zhenhun sword and Poyang sword are higher than Dragon sword, but they are the only ones who have lost their lives.

Man has soul, sword has spirit.

However, the sword of chopping the dragon has identified Ye Chen.

"Don't worry, I will make you recover as before, and even make you become the first sword in the world."

Ye Chen light way.

With that, he suddenly raised his head and his sight penetrated the blood gate and fell on elder Zheng!

"Your life is not as expensive as my sword. The dragon sword is destroyed by your blood alliance. Today, I will destroy your body! At all costs! "
