Chapter 6021

"Are they going to continue?"

"The fate of samsara, the sun and the moon are coming together. This is a scene never seen in history!"

They are completely shocked. They think ye Chen and Xuan Jiyue are fighting. They want to find something cheap in the dark, but they don't think they will come together.

Ye Chen looked at the crowd under the black, eyes a cold, suddenly a palm bombardment and down.

Bang!

Ye Chen took a big hand and killed him, as if he could crush hundreds of millions of void, making a deep impression on the ground.

He aimed at Liwei, which bombarded the open space without killing people.

When people see ye Chen's palm, they are all extremely shocked. They have seen the reincarnation of Tianwei and the power of xiaochonglou palm.

Although Ye Chen's cultivation has not reached the ultimate level of reincarnation, his actual combat effectiveness is no less than that of previous lives.

He has enough qualifications to fight against xuanjiyue.

Xuanjiyue is also slightly moved to see ye Chen's powerful hand. Fortunately, she has a Shenluo Tianjian in her life. Otherwise, she is not sure to face Ye Chen's revenge.

"Ziji Tianhe chop!"

Looking at the crowd below, xuanjiyue releases crape myrtle's fatalism, condenses into a battle blade and cuts it in the air.

She is not so kind as ye Chen. This move is to kill people directly without leaving any room.

Ziji Tianhe chop, with a bright purple awn, fell from the sky and fell into the crowd.

In an instant, hundreds of people were killed by xuanjiyue, and their blood and internal organs splashed. The scene was very tragic. Thousands of people were affected by the sword Qi, and they screamed one after another.

"Samsara, the fate of the sun and the moon, run

"I can't imagine that these two enemies will join hands again!"

The rest of the people felt bad and fled in confusion.

If ye Chen and Xuan Jiyue fight each other, they may still have a chance to gain profits. But now the fate of reincarnation is united, and the sun and the moon are coming together. It really shines forever, and no one can take advantage of it.

In the blink of an eye, all the people fled, and peace was restored outside the yellow spring.

Xuanjiyue snorted a little, but she didn't chase him. She fell down and practiced martial arts silently to prepare for the possible coming trial of the demons.

Ye Chen also came down to Ji Lin.

"Ji Lin, why are you here?"

Ye Chen has a trace of censure in his eyes. Unexpectedly, Ji Lin dares to sneak over.

He didn't want Ji Lin to get involved in the cause and effect here.

Ji Lin smiles, looks at Ye Chen and the Mie Wuji couple next to him, and says, "brother Ye Chen, Shifu and Shiniang, I miss you, so I've come to see you."

Ye Chen knocked Ji Lin's small head and said, "you girl, if something happens to you, how can I tell your sister?"

Mie Wuji and his wife are also reproachful. Fortunately, Ji Lin is OK, and they are both relieved.

Magic dust flue: "Ji Lin, you are really mischievous. Fortunately, you have refined the book of heaven on the cloud top and made great progress in your cultivation. Otherwise, you dare to enter here rashly. You may not even survive."

There are many puppet guards everywhere in this Longyuan relic, which is extremely dangerous. If Ji Lin had not improved her cultivation and had Yunding heavenly script to protect her body, she would have been killed.

Ji Lin said with a smile: "madam, I'm sorry. I'll pay attention next time."

Magic dust flue: "dare to have next time?"

Mie Wuji took a look at Ji Lin and said, "well, ma'am, Ji Lin is here. It's useless to blame too much. Have a good rest. The trouble is coming. You have to cultivate your spirit first."

In his heart, Huan Chenyan felt that Tianda's rebellion was about to break out. He felt a strong uneasiness. He thought that the emperor Shitian, who was hiding behind him, was about to take action.

Now everyone stopped talking and took a rest.

Ji Lin has been in charge of Yunding Tianshu, which is not a drag on Ye Chen and others, but a powerful help.

Although Ye Chen and others don't want to involve Ji Lin, she insists on staying and fighting against emperor Shitian and xuanjiyue.

That night, the people took a rest in the mountains of Huangquan.

Xuanjiyue doesn't want to be favored by Ye Chen, so she leaves alone and opens up a small world of crape myrtle to keep quiet.

Huangquan Jiangshan world, and her crape myrtle small world, forming a confrontation.

So late at night, people are resting, suddenly feel between heaven and earth, air flow rotation, storm brewing, it seems that there is something big change to happen.

Ye Chen and Xuan Jiye open their eyes at the same time, and then destroy Wuji couple, Ji Lin also wakes up.

In the land of ruins, many strong people, also vaguely aware of the bad, looked up to the sky.

I saw in the sky, between the storm swept, a brilliant star like the sun, suddenly emerged.

The brilliant stars, full of vast and sacred meaning, are bright and dazzling, as if they can reflect people's hearts.

Everyone, when looking at the stars, has a feeling that the sins of his life should be reflected clearly“ Brother Ye Chen, what is that? I suddenly... Feel like sleeping again. " Ji Lin came to Ye Chen and looked blankly at the bright sun in the sky. Under the reflection of this round of sun, all the dark breath in the ruins land is illuminated and emptied, as if there is no filth, which can be hidden in the sun“ Don't look! It's the star! The stars made by Emperor Shitian Ye Chen a see that round sun, immediately feel not good, quickly cover Ji Lin's eyes, don't let her look directly at.

Chapter 6022

"Emperor Shitian, are you coming at last?"

Xuanjiyue pulls out Shenluo Tianjian and looks at the sky with alert eyes.

At the beginning of the Tusheng meeting, she couldn't even resist the attack of a dim sum demon, but now she was in charge of Shenluo Tianjian, and ordinary demons couldn't hurt her.

But in the sun and stars in the sky, slowly emerged a figure, is a man with white hair, handsome face, male and female indisputable, there is a kind of dominating atmosphere, it is the emperor Shitian!

Emperor Shitian's mind magic power has reached the level of seven layers of heaven. The stars behind him are the heart magic stars he made by using the mind magic power!

On the surface of this heart demon star, you can't see the slightest bit of magic, incomparably pure, incomparably brilliant, incomparably bright.

Such a vast and sacred star can shine all the evil thoughts, sins, anger and other thoughts and emotions in people's heart.

Ye Chen has the sword of disaster in his hand, and his own way is strong, but he is not afraid of the attack of ordinary demons. However, he is afraid that Ji Lin and Mie Wuji will have an accident

"Hongmeng starry sky, open!"

A vast starry sky stretched out on the top of Ye Chen's head, vaguely competing with the heart demon Tianxing of emperor Shitian.

Emperor Shi Tianmu light looked down and saw the figures of Ye Chen and Xuan Jiyue, smiling.

If he fought with Wu Dao, he could not match ye chenxuan and Jiyue. But at this time, he didn't mean to use force.

Many strong men in the ruins were shocked to see the emperor Shitian appear.

"Ah, it's emperor Shitian!"

"This guy, what does he want to do? Is he going to launch the trial of demons?"

"Damn it, the earth vein of the Longyuan relic is very evil. It's very suitable for his mind and spirit communication!"

All of them were frightened. Naturally, they knew the power of the evil judgment.

As soon as the heart demon star shines, everyone feels that there are endless evils and evil thoughts in their hearts, and all kinds of desires are illuminated.

"Kill him!"

Under the fear, all the people burst into action and rushed to heaven one after another. They wanted to join hands to kill emperor Shitian and stop his plan of trial.

Brush, brush!

But at this time, the heart demon star shot out a road of strong figure, is the former generation of heart demon lord, Yan Changge left the heart demon eight old.

"Elders, stop them for me."

Emperor Shitian light mouth, that heart demon eight old agreed, then put out the formation, protect emperor Shitian.

Although they wanted to kill the emperor Shitian, they were blocked by eight demons, but they couldn't get close for a moment.

Ye Chen and Xuan Ji Yue looked at each other, nodded and said in unison, "do it!"

Holding the sword tightly, they rushed up to heaven and joined hands to kill emperor Shitian.

Emperor Shitian saw Ye Chen and Xuan Jiyue coming, but he was not in a hurry and sang:

"The gathering of demons, the transformation of stars!"

The astonishing scene appeared, only to see the heart demon star, suddenly burst out a very terrible suction.

This suction, spread out, people around, feel as if their souls have been taken away, many evil desires, are absorbed by a strong force.

All the evil thoughts and desires in my heart were taken away, and almost all the people in the audience, in an instant, fell into a dull state and lost all their desires.

People can advance bravely, depending on the desire, the desire for martial arts, the desire for natural resources and treasures, the desire for women, the desire for magic weapons and so on, all want to be human beings, free from any rules and regulations, and always at ease.

And this time, desire is taken away, all of us are in a short time, as if they were walking dead, their heads are blank, and they don't seem to know what they are living for.

Just now, there were many people who wanted to kill the emperor Shitian, but this time, they lost their desire, and all the ideas of fighting went out, and all the people left their magic weapons.

Hoo Hoo Hoo!

The heart demon Tianxing, absorbed a lot of evil desire, suddenly burst into dark evil gas, and turned into a very gloomy and strange planet full of hell demons. The planet is full of people's evil desire, incarnated demons, rampant everywhere, howling and roaring, and the scene is very miserable.

Ye Chen and Xuan Ji Yue are startled. They seem to notice something bad and stop their bodies.

Emperor Shitian smiles slightly, waving his slender palm, and cheers faintly: "heart devil tears, big explosion!"

As the voice fell, countless demonic Qi surged out of the heart demon star and turned into horrible energy balls, falling like meteors.

Boom!

Then, the energy balls of the demons exploded wildly all over the earth.

The terrible explosion swept through the whole remains of Longyuan, communicating with the Yin and evil breath in the earth. The explosion waves were one after another, extremely fierce.

Bang bang!

There are many strong players in the audience, who were blown up on the spot and screamed one after another.

Even a lot of ruins guards were blown to pieces, which shows the power of the explosion. A layer of space, was blown to collapse burst, countless empty turbulence storm, swept all over the world, and even formed a tornado, as if to annihilate everything. Ye Chen's eyes contracted and said: "emperor Shitian, he doesn't want to launch the trial of the demons, but wants the explosion of the demons!" Ye Chen finally saw clearly that this time, Emperor Shitian didn't plan to launch the trial of heart demons. Instead, he wanted to collect people's heart demons and gather them together to create a big explosion. Demons are spiritual energy. The power of the spirit is much stronger than that of the body. The power of this explosion of demons is simply terrible. It's no less powerful than the thunder and gale that ye Chen released during the battle of the Confucians. Emperor Shitian looked at Ye Chen and said with a smile, "reincarnation Lord, you are right. I don't want to launch the trial of demons. This big explosion can be resisted by you?" Ye Chen was shocked and looked down, but he saw that the Hongmeng starry sky he had just released had been blown to pieces. Mie Wuji couple and Ji Lin were in a dilemma to avoid the impact of the explosion. All the strong men in the audience were also awakened from their dreams. They screamed to avoid the explosion one after another. The scene was very chaotic. But did you really hide? Emperor Shitian knows that ye Chen is powerful in the big starry sky, and ye Chen also has a disaster sky sword. Xuanjiyue also has a Shenluo sky sword. If he starts the trial of the heart and the devil, he will not succeed. So, this time, he was actually collecting demons to create a big bang. If in the outside world, this big explosion of demons has limited power and no effect. But in this place of Longyuan ruins, with the help of the Yin evil spirit in the earth vein, the power of the heart devil can be brought into full play, and the power of the explosion is also extremely fierce.

Chapter 6023

The whole audience had come to their senses, and their desire and spirit were restored. Emperor Shitian didn't plan to control them, so it was only a one-off attempt to absorb the demons.

But a one-time explosion is terrible enough.

Emperor Shitian obviously wanted to clean the scene, kill all the people, and then go to capture Longyuan Tianjian.

His cultivation, like xuanjiyue, is a half step and a hundred flail realm, and there is no real breakthrough in chopping flail.

If you can get the Longyuan sky sword, the emperor Shitian will be able to soar to the sky. At that time, he will break through the shackles, and the number of shackles he will cut will definitely exceed 81, reaching the realm of the capital of the emperor.

Ye Chen and Xuan Ji month whole body, space a everywhere crack, two people are the facial expression dignified.

Xuanjiyue clenched her teeth and said: "emperor Shitian, you will be alone after all. You will die today!"

After that, she took the lead in wielding Shenluo Tianjian and beheaded the emperor Shitian.

Ye Chen sees this, also don't neglect, clench disaster sky sword, and Xuan Ji month join hands to kill.

Although the emperor Shitian occupied the right place, it was extremely difficult to resist the cooperation of Ye Chen and xuanjiyue.

However, at the moment, the emperor Shitian is in control of the power of the big bang. If ye Chen and his wife want to kill him, they will have to pay thousands of times. Even if they can win, it must be a huge price.

At that time, they may not be able to capture Longyuan Tianjian any more, and they will be robbed by other sword snatchers.

But at this juncture, the threat of emperor Shitian is too big, and they can't manage so much. They just want to kill emperor Shitian first.

"Hehe, do you want to bully more than less? I'll settle with you later! "

Emperor Shitian snorted, but he didn't mean to fight.

Because if there is a real fight, he will surely lose. At most, he will be buried with one person. There is no possibility of victory.

"Void broken, lost time and space, go!"

The emperor Shitian waved his hand and spewed out a mouthful of blood essence to urge the heart demon Tianxing to detonate all the remaining breath of the heart demon.

In an instant, the space around Ye Chen and Xuan Jiyue was completely broken, and the violent air current in the space involved their bodies.

In the blink of an eye, they were swept to a terrible edge of time and space by this air current.

When ye Chen looks back, he sees the world of time and space behind him. Time and space are silent. Once people fall in, they are likely to be trapped there forever and never return to the real world.

"Lost time and space!"

Ye Chen was surprised and quickly stabilized himself.

It turns out that emperor Shitian used the big bang to blow up the space. He wanted to expel ye chenxuan and Ji Yue into the lost time and space.

Xuanjiyue was also shocked when she saw the lost time and space behind her.

At the beginning, Ren Fanfan once expelled the annihilation sword spirit and put it into the lost time and space. The latter escaped from the lost time and space with great perseverance and luck.

No matter Ye Chen or Xuan Jiyue, they can't believe that they will have such good luck. If they are really banished to the lost time and space, they will probably never come back.

Fortunately, the power of emperor Shitian is far from being compared with Ren Feifan, and can't really bring ye Chen down to the lost time and space.

Ye Chen and Xuan Jiyue are standing on the edge of lost time and space. They rush back to the real world, but it takes time for them to return to reality.

This time, the sky presents quite a magnificent scene.

Heavy space-time broken, there are bright Aurora, mixed with dark storm turbulence, raging everywhere.

The emperor Shitian is in the middle of the sky, in charge of the heart demon Tianxing, with white hair flying, as if dominating everything.

Ye Chen and Xuan Jiyue, two people in different places, are temporarily trapped in the north and south of the sky, in the unknown space, can not return to the real world for a time.

In the eyes of outsiders, ye Chen and Xuan Jiyue seem to be still and floating in the clouds, but in fact, they are flying rapidly through a heavy space and can't wait to return to reality.

Just because of the different laws of time and space, which leads to the confusion of perspective, the two people seem to be static, very strange.

In the whole audience, many people were involved in the turbulence of time and space. Some people could not hold their bodies and fell directly into the lost time and space. They were completely engulfed and had no chance to return to reality.

Emperor Shitian looked around and said to himself with a sneer: "good. Now no one is robbing Longyuan Tianjian with me."

Ye Chen and Xuan Jiyue were banished to a place of billions of times. Although they were not lost, it would take at least two or three days to return to reality.

These two or three days are enough for emperor Shitian to capture Longyuan Tianjian.

Once the emperor Shitian took charge of Longyuan, he could kill reincarnation and fate by the local atmosphere, and achieve eternal hegemony!

At the moment, Emperor Shitian drives the heart demon Tianxing to go to the center of the relic to capture Longyuan Tianjian.

On the ground, Ji Lin saw Ye Chen's body standing still in the sky like a sculpture. He was shocked: "brother Ye Chen has an accident!"

She doesn't care about Longyuan Tianjian, but she remembers Ye Chen's safety. Seeing that ye Chen seems to be in danger, Ji Lin immediately flies to the sky and comes to Ye Chen. He is close to Ye Chen, but finds that he can't reach him“ Ouch Ji Lin was surprised to find that there are hundreds of millions of time and space rules overlapping around Ye Chen. Ye Chen's people seem to be here, but in fact they are far away from the hundreds of millions of time and space“ Brother Ye Chen, you must not die!

Chapter 6024

Ji Lin worried about ye Chen's safety, and immediately passed through time and space. His body was immediately caught by a stream of time and space turbulence, and instantly sent to Ye Chen.

Although Ye Chen is far away from the time and space of this world, he can clearly see the situation of the outside world. When he sees Ji Lin coming in, he is surprised and happy, and says, "Ji Lin, how are you here?"

Ji Lin saw that ye Chen was safe and sound. He cried excitedly: "Ye bi... Pei Pei... Brother Ye Chen."

Later, Ji Lin rushed to Ye Chen's arms and said with a smile, "I was worried about you. I thought you were dead."

Ye Chen said with a smile: "I am the Lord of reincarnation. How can I fall easily?"

Ji Lin looked around, but saw that there were many overlapping time and space, the rules were extremely chaotic, dark, but he could clearly see the situation of the outside world, the time and space were disordered, very strange, and said: "where is this place?"

Ye Chen said: "outside of this time and space, Emperor Shitian exiled me here. It will take about two or three days to return to reality. There is no time. Let's go!"

Ye Chen knows the time is urgent, then he takes Ji Lin's hand and flies forward quickly.

It's easy for Ji Lin to come in, but it's troublesome to go out. Although the scene of the real world is just around the corner, it's impossible to return without two or three days.

"Two or three days? That dragon Yuan sky sword has been robbed

Ji Lin was extremely intelligent and immediately realized that it was not good.

Ye Chen nodded solemnly and knew that the situation was not good. He could only quicken his pace and move forward quickly.

When they were flying, they suddenly saw the light floating outside, and another powerful figure appeared. It was Ji Siqing!

Ji Siqing came to the ruins and looked around. He saw that there were ruins and big explosions everywhere. In the sky, ye Chen and Ji Lin were like sculptures, suspended in the clouds and motionless.

"No, something's wrong!"

Ji Siqing's face changed. He thought that there was something wrong with Ye Chen and Ji Lin, and he quickly flew up.

"Oh, here comes my sister!"

Ji Lin saw Ji Siqing appear, a burst of excitement and joy.

Ye Chen thought, "Siqing is here too. I don't know how the blood dragon is?"

The emperor Shitian over there saw Ji Siqing coming, and his eyes sank slightly. But now it's important for him to capture Longyuan Tianjian. He didn't challenge Ji Siqing, but only moved towards the central place.

In the sky, there are many relics hunters, in the shape of a mechanical ball, aware of the plot of emperor Shitian, they all set out to intercept him.

The emperor released the angel's way, which was the way of the supreme emperor. He was covered with bright emperor light and wore the emperor's robe, which made him look very dignified. He killed a head of relic hunter and made his way to the central place.

Although Ji Siqing knows that Longyuan Tianjian is of great importance, she can't compete with emperor Shitian alone. Moreover, she doesn't know whether ye Chen Jilin is alive or dead. How can she rest assured?

Ji Siqing comes to ye Chenji Lin and reaches for his hand to touch them. However, he finds that he can't touch their bodies, so he knows something strange. With a flash of his body, he escapes into the turbulence of time and space, and sends it to ye Chenji Lin in the blink of an eye.

"Sister!"

Ji Lin rushed over happily and held Ji Siqing tightly.

Ji Siqing was stunned for a moment. Looking around, he saw the law of time and space crisscross here. He already knew the cause and effect, and guessed that ye Chen was exiled.

"Ye Chen, are you ok?"

Ji Siqing felt Ji Lin's hair and said to Ye Chen in a concerned voice.

Ye Chen said: "I'm ok. Where's the blood dragon? Didn't I ask you to take care of him? "

Ji Siqing said: "Xuelong is OK. Don't be angry. Ji Lin is the one who sneaks out. I'm worried about her safety. Besides, you are alone. We are not at ease after all. I'm here to help you."

Ye Chen also realized that his tone was a little too heavy, and said: "I'm sorry, Siqing, it's my fault to blame you."

After a meal, ye Chen said: "in a word, let's leave here first!"

Ji Siqing looked around and said, "get out of here and go back to reality. It will take two or three days at least. I'm afraid it won't be able to catch up."

Wait two or three days later, she and ye Chen go out again, perhaps meet them, is in charge of the dragon Yuan sky sword emperor Shi Tian.

By then, they will have no choice but to die!

Ye Chen's heart sank and said, "if you can't catch up, you have to catch up. You can't wait to die."

Ji Siqing bit his teeth and lips. He seemed to have some struggling and difficult decision in his heart. He said: "Ye Chen, you come with me. I have a way to return to the real world immediately."

Ye Chen saw that Ji Siqing's cheek was reddish, and it seemed that he was ashamed to say something. He was surprised and said, "what can I do?"

Ji Siqing said, "come with me." And he went on.

Ye Chen nods and keeps up with Ji Siqing.

As for Ji Lin, he was left in the same place.

Ji Lin curled his lips and said, "it's mysterious. I don't know what bad thing it is to hide it from me."

Ji Siqing takes Ye Chen to a distant space and time. With a wave of his slim hand, a wisp of aura turns into a thick fog, isolating all the sight around him.

In this dense fog world, only Ye Chen and Ji Siqing are left. When ye Chen saw Ji Siqing's mysterious appearance, his heart beat involuntarily and said, "Siqing, what's your way?" Ji Si pure beautiful Mou stares at Ye Chen, way: "do you still remember Wu Shen Tian Zhu?" "God of war, the Pearl of heaven Ye Chen hears these four words, the sky machine induction, immediately head a burst of tear pain, about this part of the past life memory, also followed to restore" The martial god Tianzhu, I remember, is the supreme artifact of the thirty-three days. It's one of the top ten Tianzhu. It's hidden in your blood. It's the core energy source of your blood. "Ye chendao. Ji Siqing nodded his head and said: "it's true that the martial god Tianzhu is a supernatural treasure of Xuantian. If I can awaken the martial god Tianzhu, I will be able to recover all the strength of my previous life, crush all the time and space, and let us immediately return to reality to prevent the emperor from releasing heaven." Ye Chen has already vaguely guessed what, looking at Ji Siqing Yan if peach blossom like face son, swallowed to swallow saliva, way: "that... That how to wake up?" Ji Siqing said: "it's very difficult to break through the awakening by self cultivation, but there is another special way to make me wake up quickly." Ye Chen said: "what's the special way?" Ji Siqing bit his red lip, blushed, his heart pounded, his chest was up and down, his eyes were like water, so he finally summoned up his courage and said, "if I can blend with your blood, I will wake up quickly." Ye Chen's head roared, a blank. The meaning of Ji Siqing's words is obviously to make love with Ye Chen. In this way, her blood will melt, and her martial god Tianzhu will wake up in an instant. Ye Chen for a moment, stammer, way: "this... This is not good."

Chapter 6025

This life, in Ye Chen's heart, Ji Siqing has been a goddess like existence since kunlunxu. They have gone through countless hardships together. They both know very well that they will not leave each other in this life.

It's just the last layer of window paper. There's no chance to pierce it.

Now, Ji Siqing takes the initiative to show her heart that she wants to pierce the window paper. Her goal is to make her blood wake up completely and regain control of Tianzhu, the God of martial arts.

But with the purpose of the combination, after all, not holy and beautiful, ye Chen a little hesitant.

Ji Siqing took Ye Chen's hand, put it on his cheek, and said, "nothing bad. I've been waiting for this day for a long time, now!"

She showed her heart and became active in her speech and action.

Ye Chen's heart is pounding. He can smell the fragrance on Ji Siqing's body and feel the blood boiling all over.

Ji Siqing stands on tiptoe, embraces Ye Chen's neck and looks at him affectionately, with shyness and reserve in his eyes, but more is the courage of determination. She wants a reputation!

Ye Chen takes a deep breath and finally can't bear it. He hugs Ji Siqing's soft waist and kisses him.

Two people then tightly embrace to kiss together, the aura smoke cloud interweaves around, turned into a piece of soft and continuous bed, two people pour in bed, just want to move further.

Boom!

Suddenly, there was a startling sound outside.

However, a scarlet God awn flew from a distance and appeared in the sky of Longyuan ruins, intercepting the way of emperor Shitian.

Ye Chen and Ji Siqing were both surprised and looked out.

There are smoke and clouds around them, but they will not be seen by outsiders.

But when the scarlet God came, she turned out to be a very strange woman. Her skin was pale, almost bloodless, and her hair was white. Her fingernails were particularly sharp, just like a sword. Her eyes were crystal red. She was dressed in red gauze, and her feet were bare. She was like a white haired witch.

"Xiao Qingyan, it's you! How did you get that way? "

Emperor Shitian was shocked when he saw the white haired witch.

This white haired witch is Xiao Qingyan. She has absorbed a lot of aura of scarlet chalcedony. Her accomplishments have broken through and changed. Her strength is no less than that of emperor Shitian.

"Xiao Qingyan, didn't she return to the center of the earth?"

Ye Chen is also surprised and sits up.

He remembers that when he was in the far north sky sea, Xiao Qingyan once said that he wanted to return to the center of the earth. For some unknown reason, he appeared here.

Ji Siqing was already disheveled and proud. She was ready to enjoy the supreme happiness with Ye Chen, but now something happened. She also sat up, took Ye Chen's hand and looked out.

Xiao Xiaoyan laughs, looks arrogant, stares at the emperor Shitian, and says, "emperor Shitian, what's your name? My name is Red Emperor. Don't call me wrong in the future. "

After a pause, he said with a sneer, "Oh, I'm sorry, I'll kill you today after I forget you didn't! The Longyuan Heavenly Sword was made by the ancestors of the Xiao family. How can it be touched by outsiders? "

As the voice fell, Xiao Qingyan's fingers were full of wind, and her pale skin became almost transparent. She could see her thin white metacarpal bones and a pair of white bone claws, which were going through the head of emperor Shitian to penetrate his spirit skull.

Emperor Shitian only felt a fierce attack, but he didn't dare to neglect it. He thought to himself, "Xiao Xiaoyan, I don't know what happened, but he has become so fierce."

No longer hesitating, Emperor Shitian pulled out his long sword. He danced a sword flower and covered it with a layer of red light. He cut off Xiao Qingyan's shoulder and said, "red lotus, fire, kill!"

His sword, with the treasure of Diyuan palace and the magic details of Honglian Zijin palace, is full of Honglian Yihuo, killing xiaoqingyan.

"A small skill in carving insects."

Xiao Qingyan snorted coldly, waved his ten fingers, and bent his fingers to play repeatedly. He even defused the red lotus sword Qi of emperor Shitian inch by inch with his bare hands.

"Good Kung Fu! Your martial arts have the inside information of the supreme world. You have absorbed the scarlet chalcedony. "

Emperor Shitian took a few steps back with his sword and saw the clue.

Scarlet chalcedony is a kind of special spiritual thing. It is also said that it comes from the supreme world, which contains the cause and effect of the supreme world. Besides repairing weapons, it is also an excellent cultivation gain, which can assist human cultivation.

But scarlet chalcedony, few people dare to oral absorption, after all, aura is too majestic, it is easy to burst meridians, go crazy.

Xiao Qingyan has absorbed a lot of scarlet chalcedony. It's a great chance for her to survive and break through her cultivation. However, her spirit has become deranged and her character is very unusual. She is obviously possessed by the devil.

"Ha ha ha, if you know you are afraid, kneel down and surrender to us, we can leave you a whole corpse!"

Xiao Xiaoyan looks up at the sky and laughs. His ten fingers come out again. The fierce wind between his fingers makes the sword Qi. He assassinates the emperor Shitian and shouts: "Shenluo sword technique!"

This move of hers is the sword skill handed down by the Xiao family. It is extremely sharp.

"The way of the emperor of heaven, the abyss is vast!"

Emperor Shitian knew how powerful he was, and he immediately woke up. Emperor Tiandi's Taoism was released to the extreme, and his whole body was in full bloom. Then he applied Tianyuan's Taoism, and the abyss emerged, engulfing Xiao Qingyan's sword Qi, even her whole body wanted to engulf her.

Xiao light Yan escape, suddenly a flash, around to the emperor to release the day behind, waving his hand to him.

Emperor Shitian had been on guard for a long time. Hearing that the palm wind was fierce, he immediately urged the demon Tianxing to resist.

Between the two people, I don't know how many moves to fight, dazzling.

Ye Chen is watching intently, trying to figure out the secret of their martial arts.

On the other side, xuanjiyue also saw Xiao Qingyan. She was surprised to see that her Shenluo sword technique had a special causal relationship with her Shenluo Tianjian.

"Who is the white haired witch? Why is her sword so special? "

Xuanjiyue doesn't know Xiao Qingyan's identity, and doesn't know that she is actually a descendant of the ancestor of the sword God.

Even she didn't know that the eight heavenly swords were made by the ancestors of the sword God.

For some reason, she couldn't even remember the secrets of the earth.

"Elders, give me a hand!"

Under the fierce battle of emperor Shitian, he realized that Xiao Qingyan was fierce. If he fought alone, he could barely win, but the price must be very high. Now he called for the eight old demons to help.

Eight old demons form a formation and surround Xiao Qingyan.

Xiao Qingyan was besieged, but he didn't panic at all. He looked up to the sky and said with a laugh, "emperor Shitian, do you want to bully less with more? What's the use of these old bones? Kylin tree, I've suppressed it! "

With a wave of his hand, Xiao Qingyan offered a talisman edict. It burned in the air, and the aura floated, revealing the virtual shadow of a divine tree.

Chapter 6026

Under the tree, there is an immortal Unicorn crouching. At the call of Xiao Xiaoyan, he suddenly gets up and roars with his head raised. There are flames burning on all four feet, which is extremely fierce.

This tree is the Qilin tree guarding the Xiao family.

"No!"

Emperor Shitian's face changed when he saw the arrival of the Kirin tree.

The Kirin tree is rooted in the void, and the boundless atmosphere of protection is released. The surrounding broken void is actually being repaired, and the scattered space rules are becoming solidified again.

Ye Chen and Ji Siqing suddenly feel that the space around them is shrinking, and the rules are converging. Then a twinkle occurs. They break away from the secret of time and space, and return to the real world at the same time.

It turns out that the Kirin tree has a stable space and the effect of guarding heaven and earth. Among the top ten trees, the power of guarding is the most powerful.

Originally, it took two or three days for ye Chen and Ji Siqing to return to reality. However, because of the arrival of the kylin tree, they returned on the spot.

As soon as the space is stable, the air flow between heaven and earth converges on the fairy unicorn.

Fairy Qilin's body is expanding rapidly, and instantly turns into a hundred feet high, towering like a mountain, roaring up to the sky and stepping out.

Bang!

Fairy Unicorn step down, the eight old devil was shocked to vomit blood on the spot, have retreated.

Emperor Shitian also retreated. Looking around, he found that ye Chen had come back.

Not only Ye Chen, but also xuanjiyue came back. Many people who were involved in the turbulence of space also came back. They all stared at the emperor Shitian angrily and scolded him for his "heart cancer".

Ji Lin also came back to Ye Chen and Ji Siqing, but he saw that Ji Siqing's hair was scattered, his clothes were not neat, his cheeks were flushed with peach blossom, his eyes were full of autumn water, and his appearance was very unusual.

"Sister, what's the matter with you? Did ye Chen bully you? "

Ji Lin is at a loss and stares at Ye Chen angrily. He thinks Ye Chen has bullied her sister.

Ji Siqing blushed and quickly arranged his hair and clothes. He calmed down and said, "I'm ok. Ji Lin, don't think too much."

Ye Chenda was embarrassed and speechless.

Ji Lin was full of doubts and muttered, "is that right? I don't think you look very strange. "

In the battle over there, Xiao Qingyan said haughtily, "emperor Shitian, you are a big cancer in your heart. Today I will do justice for heaven and get rid of you!"

With that, Xiao Qingyan roared, riding on the fairy unicorn, and rushed to the emperor Shitian.

With the help of the Kirin tree, she has become more and more flamboyant.

Emperor Shitian's face sank. At this time, he raised his eyes to all enemies. Besides Xiao Qingyan, ye Chen and Xuan Jiyue, as well as many sword Snatchers wanted to kill him.

"It's a pity, after all, it's a failure."

Emperor Shitian sighed a long time. Originally, he appeared today and launched a big explosion of demons to crush the whole audience. He had a great chance to capture Longyuan Tianjian. But he didn't expect to kill Xiao Qingyan halfway, which completely disrupted his plan.

In his heart, the emperor Shitian felt boundless regret and helplessness, but he was very clear headed. He already knew that he had failed today and had no chance with Longyuan Tianjian. If he dared to stay, he would even be killed by angry people.

"Go

Immediately, the emperor Shitian immediately urged the heart demon Tianxing to turn into a black light and leave with the heart demon Ba Lao.

Xiao light Yan eyes a cold, shout: "emperor Shi Tian, where do you want to run?"

Xiao lightly chases the fairy Qilin fiercely.

Only a small part of the people on the scene went to catch up, and the vast majority stayed where they were.

Because, in their hearts, Longyuan Tianjian is obviously more important.

Ye Chen and Xuan Ji month look at each other, two people quickly walk together.

Xuanjiyue said: "the white haired witch has gone. It's a rare chance. Go and seize Longyuan Tianjian, or she will come back. It's not easy to clean up the situation."

Ye Chen nods heavily. If Xiao Qingyan also takes part in the sword, the situation will be in chaos.

At this time, Gao Feihan was dead, annihilating the sword spirit was injured, and he lost the qualification to win the sword. Emperor Shitian fled, and Xiao Qingyan was not there. That is to say, ye Chen and Xuan Jiyue were the only two who were really able to win the Longyuan sky sword!

Xuanjiyue turned into a purple light and flew to the central place, saying: "Whoever grabs it first, the sword belongs to him!"

Ye Chen's face changed slightly, and he rushed out to the place where Longyuan Tianjian was.

"Brother Ye Chen, wait for me!"

Ji Lin knows that the final battle is coming, so he and Ji Siqing chase Ye Chen.

Mie Wuji and his wife are aware of the change, and they also rush to catch up.

Xuanjiyue went all the way at a high speed. When she met anyone who dared to block the way, she killed them all with one hand, so she ran very fast.

Ye Chen is not so fierce as xuanjiyue. He calls out the disaster sword. He uses the breath of disaster to shake back those who block the way. His speed is also very fast.

Almost at the same time, they came to the center of the ruins.

Emperor Shitian created a big explosion of demons, which led to the scattered formation of the relic guards here. It was no longer a threat.

Ye Chen and Xuan Jiyue first join hands to wipe out the guards, and then stand under the Longyuan sky sword.

At this time, Ji Siqing, Ji Lin and Mie Wuji also came.

When they looked up, they saw a magnificent picture.

The dragon Yuan sky sword, which is ten thousand feet high, stands on the ground and plunges into the sky. The sword body is engraved with countless complex dragon totems, ancient patterns, full of mysterious atmosphere, and a trace of fierce air, which is surrounded by the sword body, killing and cutting.

Chapter 6027

"I don't know who can forge such a magnificent weapon."

Xuanjiyue looks at Longyuan sky sword, can't help but praise.

When ye Chen sees that Ji Siqing and others have arrived, he stares at Xuan Jiyue and says:

"Xuanjiyue, you and I can only go out alive today!"

Hearing the words, xuanjiyue stepped back, holding Shenluo Tianjian, looking at Ye Chen and others, and said, "good, I will kill you all today, and sacrifice Longyuan Tianjian with your blood!"

Ji Lin stepped forward and said, "smelly woman, it's not certain who will kill today. Yunding heavenly book, I've suppressed it!"

With that, Ji Lin waved his little hand, and the book of heaven poison came out in full bloom. In an instant, it turned into a huge chessboard, which ran through the void.

Xuanjiyue was immediately pulled to the chessboard, and ye Chen, Ji Siqing and miewuji also fell to the chessboard.

This chessboard is like a big arena for the final battle!

"Qi Ling Zhan Wei, up!"

Ji Lin's finger pinches the key, and the big chessboard of the book of heaven on the top of the cloud is filled with poisonous fog. In the rolling fog, a head of Qi Ling Zhan Wei, wearing black armor and holding a sword, emerges one after another and goes to kill Xuan Ji Yue.

When Ji Siqing saw this, he immediately pulled out the rosefinch flying sword. There was a crash behind him, and the flame sprayed thin. He turned a double pole into a brilliant wing and killed Xiang xuanjiyue with his sword.

When Mie Wuji and his wife looked at each other, they also stepped forward.

"Destroy the seal, open it!"

With a roar from Mie Wuji, nine layers of heaven's destruction seal appeared in the palm of his hand, directly exerting the most powerful power.

For a moment, a terrible storm of destruction blew up on the chessboard, as if doomsday had come.

But the phantom dust smoke, in the mouth low voice sings, has the smoke water fog to diffuse, rolls to xuanjiyue.

These mists contain the magic power of misty rain illusion, which has a great impact on the spiritual power.

Xuanjiyue, in the face of four people's attack and killing, looked up at the sky and laughed and said, "do you think it's useful to have more people? A group of local chickens and dogs, break it for me

Holding Shenluo Tianjian tightly, she danced the sword like a splash of ink to protect the vital parts of her body. Then she stabbed Ji Lin with a sword.

Ji Lin is the maker of chessboard. If you kill her first, you can smash this chessboard and cut off Ye Chen and others' advantage in geography.

Ji Lin sees xuanjiyue kill with a sword, and his face turns white. He only feels the edge of Tianjian is rolling, and his Qi is locked, so he can't resist.

"Xuan Ji month, bully a little girl, again calculate what skill?"

At this time, ye Chen took out his hand, carrying the disaster sword, rushed to Ji Lin, and pulled her behind him to protect her.

Immediately, ye Chen a record of the soul of the moon cut, with the smell of disaster on the mischief out, blocked Xuanji month of a sword.

At the same time, Ji Siqing, Mie Wuji and his wife's offensive has been fierce.

"Million day Rune burst, broken!"

Xuanjiyue didn't panic at all. She scolded and showed the way of Tianfu.

All of a sudden, a million talismans flew out of her body. Every talisman contained a terrible explosion.

Boom!

The million talismans exploded in an instant, and the fierce explosion filled the air. The bodies of Ji Siqing and others were shocked by the explosion and retreated, unable to get close to xuanjiyue.

And the spirit of the chessboard battle guard, is in an instant, all gone.

"Puff!"

Qi Ling Zhan Wei is destroyed, Ji Lin is implicated, spurts out a mouthful of blood, and his small face turns pale rapidly, obviously injured.

"Are you all right?"

Ye Chen's face sank, and he quickly grasped Ji Lin's hand. A wisp of the aura of the eight trigrams heavenly elixir poured into her body.

Ji Lin's face was slightly ruddy, and he said, "brother Ye Chen, I'm ok. I'm sorry..."

Ji Lin's strength, in fact, is not weak. After refining Yunding Tianshu, she already has the qualification to be independent. Unfortunately, the enemy she faces, xuanjiyue, is not the enemy at all.

Just a face to face, xuanjiyue will be Ji Lin injury, greatly frustrated Ye Chen side of the spirit, visible her strength.

Ye Chen is quite dignified. It's definitely not easy to defeat xuanjiyue today. He must make a great sacrifice.

Xuanjiyue snorts. On the surface, she has less than 50% chance of winning today's battle. Ye Chen's progress is too fast for her to suppress. With the help of miewuji and Ji Siqing, she is in a very bad situation.

However, xuanjiyue has no fear in her heart. She believes that she can win the final victory!

"The little girl with sharp teeth, how dare she not be arrogant? I'll kill you first today! "

Xuanjiyue glanced at Ji Lin coldly and saw that Ji Lin was a breakthrough.

If you kill Ji Lin, ye Chen and other people's spirit is bound to collapse, when the time comes, she will be able to win.

"Ziji Tianhe chop!"

Shenluo Tianjian kills suddenly, and the purple God awn roars out like a waterfall. Silver falls into the sky, and the sky is bright.

This sword, xuanjiyue actually used all her strength, and made it clear that she would leave no room for Ji Lin to die.

Ye Chen, Ji Siqing, Mie Wuji and his wife are all surprised. They didn't expect xuanjiyue to be so fierce and vicious, and they should attack Ji Lin first.

"Yellow spring, river and mountain, open!"

"Green dragon tree, guard!"

Ye Chen saw that Xuanji's moon sword was fierce, but he didn't dare to neglect it. He immediately offered a picture of huangquan. The beautiful huangquan mountains and rivers spread out.

In the mountains and rivers, a sound of dragon sounds, and the green dragon Alsophila tree emerges. The Alsophila tree incarnates the green dragon and comes to Jilin to protect her.

Ye Chen holds up a sword again, fiercely and Xuan Ji month mutually attack.

Disaster Tianjian collides with Shenluo Tianjian. Ye Chen only feels the sharp edge of the sword, and his skin even cracks and bleeds, which shows the sharpness of Shenluo Tianjian.

The two swords fought each other, and the sword spirit swept out, causing a lot of damage in the mountains and rivers of huangquan. Countless mountains were flattened, the forest was swept by the wind, and the sand flew away.

Fortunately, Ji Lin was guarded by Qinglong Alsophila spinulosa, but he was not injured.

"Eh, is this... Qinglong tea tree?"

Xuanjiyue saw the Qinglong Alsophila tree, stepped back and stayed for a while, and the four words "Qinglong tea tree" appeared in her mind.

Qinglong tea tree, the guardian tree of Tianjun family and Xuanjia family, has been absorbed by yechen's Alsophila spinulosa tea tree, and the two tea trees have merged into the Qinglong Alsophila spinulosa tree.

Xuanjiyue saw the shadow of Qinglong tea tree before, her head suddenly tore, her facial features twisted, and she seemed to recall something.

In the dark, she has sensed the clue, and found that deep in her memory, there is a memory sealed, and it is her own initiative to seal.

Under the induction of concentration, xuanjiyue finds that she can't untie the memory until she cuts off the shackles and steps into the hundred shackles.

Chapter 6028

"In the center of the earth, the ruling hall, the emperor's family... It turns out that the emperor Shitian and shengyunzun didn't cheat me."

When xuanjiyue saw the Qinglong tea tree, her memory seal was slightly loose, and she had captured a bit of the earth's heart's secret. She was in a trance and a sense of sadness, as if she remembered her blood relatives and fell in front of her.

"Good chance!"

When Mie Wuji and his wife see xuanjiyue in a trance and see the opportunity, they suddenly attack and kill each other and wave their palms to xuanjiyue.

Xuanjiyue was caught off guard. With two bangs, her chest was imprinted with two palms. Suddenly, her Qi and blood were churning, and her congestion spurted out.

How dare you attack me

Xuanji Yueda is very angry. She uses the skill to recuperate the injury. She recovers and her eyes are full of anger.

Mie Wuji and his wife were surprised. They joined hands. How fierce and overbearing xuanjiyue was. She was hit by Li Li, and she could bear it.

In their hearts, both of them were extremely shocked. They only felt that Xuanji's YUEWU road was so deep that they could not describe it. Maybe only Ye Chen could compare it.

Xuanji moon is about to fight back, suddenly feel behind a burst of blazing atmosphere.

"Red sky rosefinch sword!"

Ji Siqing danced his sword, the body of the sword was blazing, and the rosefinch flapped its wings.

"Little maidservant, you have not awakened yet, dare to attack me?"

Xuanjiyue was very angry. Suddenly, she used a backhand sword, but the sword was full of reincarnation star flame. The blue flame was beating, and the light of the sword was invincible.

Whoa!

Ji Siqing's rosefinch sword Qi was crushed by reincarnation star flame.

Shenluo Tianjian, wrapped in reincarnation star flame, was extremely terrible. She didn't dare to face it directly, so she quickly left.

Xuanjiyue didn't pursue her, and she chanted ancient incantations

"The gear of fate, begins to turn."

"The long river of destiny begins to flow."

"I am the master of fate, when the power of the world!"

The chanting of the mantra chapter was like the most devout prayer. Xuanjiyue's body erupted with a very fiery purple light of fate.

The purple awn, more brilliant than ever, turned into a long river of destiny, crisscross, and crushed Ye Chen's Yellow River.

The next moment, the long river of destiny, like a purple belt, crisscross cutting, will ye Chen, Ji Siqing, miwuji couple, all split.

"No!"

Ji Siqing's face changed, xuanjiyue's hand was obviously to divide the people and break them one by one.

"Reincarnation Lord, you and I will decide life and death! Why should anyone else step in? "

Xuanjiyue's eyes are fierce and murderous, staring at yechen.

The harassment of Ji Siqing, Mie Wuji and his wife made her unable to concentrate.

And at this time, the fate of the long river flow, divide the people, she and ye Chen fight alone, win all of a sudden rose to 70%.

Ji Siqing, Mie Wuji and his wife are so surprised that they want to cross the Purple River in front of them and help Ye Chen fight. But how can xuanjiyue's fate be so easy to break through?

They want to break through, at least half an hour.

And this period of time, enough to let Ye Chen and Xuanji month, decide the outcome of life and death!

Ye Chen alone, obviously not xuanjiyue's opponent.

"Reincarnation star flame, burn all the world!"

Xuanjiyue just wants to make a quick decision. The spirit of Dantian moves. All the energy of reincarnation starflame bursts out and turns into a dark blue sea of fire. Ye Chen is completely wrapped in it.

Ye Chen's face was slightly twisted, but he felt a sharp burning pain. The reincarnation star flame kept burning, as if he wanted to burn him to ashes.

"Red dust God pulse, open!"

In the crisis, ye Chen suddenly drinks, the red dust God pulse opens, and his body is covered with a set of golden armor. The golden Gang Qi surrounds his whole body and resists the burning of reincarnation star flame.

"Well, I'd like to see. Your reincarnation blood may resist my Shenluo Tianjian?"

Xuanjiyue sees that ye Chen opens the reincarnation pulse and blocks the reincarnation flame. She also praises the extraordinary reincarnation blood in her heart, and then cuts it out with a sword.

She wants to see if ye Chen's reincarnation gold armor can block her sword.

Ye Chen's face changed. Among the eight heavenly swords, Shenluo Heavenly Sword is the most powerful. Even the red dust and divine pulse may not be able to resist.

"Disaster sky sword, rise!"

Ye Chen naturally does not have a hard connection. He dances the disaster sword and conjures up the disaster. He collides with xuanjiyue's Shenluo sword.

Xuanjiyue sneers. At this time, she has no worries. Ji Siqing and others are divided. She can give her hand to Ye Chen.

Shenluo Tianjian dances rapidly, thousands of sword lights bloom, and the sharp sword light rushes to the sky, as if even the sky has been chopped.

Ye Chen and Xuanji fight each other for a while, and then they feel that their swords are too powerful to compete with each other, so they quickly withdraw.

Although he has the disaster Sky Sword in hand, he can't exert all his strength, but xuanjiyue does. Her understanding of Shenluo sky sword has reached the peak. Her body and sword are in one, and her cutting edge is extremely terrible.

In terms of Kendo alone, ye Chen can never compete with xuanjiyue.

Ji Siqing, Ji Lin, Mie Wuji and his wife are worried and anxious when they see ye Chen's danger. But at this time, they are cut off by the long river of fate and can't help Ye Chen at all.

"Six ways of reincarnation!"

Chapter 6029

Ye Chen saw that the situation was critical, and his life and death were hanging. His blood immediately burned, and the breath of reincarnation filled his body. Behind him, there was a faint shadow of six reincarnations.

He knew that xuanjiyue was so powerful that he could only rely on the core six ways of reincarnation to win.

"You want to open reincarnation, have you asked me?"

Xuanjiyue has a ferocious look on her face. Suddenly, she flashes and cuts to Ye Chen's neck.

She knows that the six samsara method is the most powerful one among the 33 Tianhong Mongolian methods. If ye Chen opens it up, the victory or defeat will be reversed.

After all, the reincarnation of Tianwei was too vast for her to take risks.

So, this time, she wants to use the edge of Shenluo Tianjian to suppress Ye Chen and not give ye Chen the chance to open reincarnation.

"Trying to stop me? It's not that easy! "

Ye Chen snorted, and suddenly an old stone tablet burst out of his body. There was a huge "dark" character carved on the stone tablet. Around the "dark" character, there were many small and close characters, all of which were the characters of evil evil evil martial arts.

This dark stele, combined with the aura of Xie Sha Wu Dian, has been a complete transformation. As soon as ye Chen is released, the dark atmosphere permeates the sky. The atmosphere of Xie Tian Shu emerges and instantly evolves into the abyss.

This abyss, absolute darkness, incomparable terror, seems to be able to drag people into the dark nothingness, eternal doom.

"No!"

Xuanjiyue's face changed slightly, but she felt that the dark abyss was strange and gloomy. She even swallowed the edge of her Shenluo Tianjian.

"Heaven's heart, you pearl, break it for me!"

In the crisis, xuanjiyue sacrificed a bead, which is the Pearl of heaven's heart.

Among the two wonderful pearls, the earth's heart destroying pearl is in Ye Chen's hand, while the heaven's heart secluded pearl has been absorbed by xuanjiyue.

Although they are not as powerful as the ten Heavenly pearls, they are also quite fierce.

Xuanjiyue's heavenly heart and secluded pearl has the glorious atmosphere of vast heavenly heart and scorching sun.

As soon as the bead of heaven's heart came out, it suddenly burst out like the sun and blasted out towards Ye Chen's dark abyss.

Boom!

The light breaks through the darkness, and the heart of heaven is like the sun in the sky. In an instant, it breaks Ye Chen's abyss.

That dark stele wails a, the attribute is restrained, run back to the leaf Chen body.

But at this time, ye Chen has successfully opened the six ways of reincarnation. The virtual shadow of the reincarnation disk behind him has completely turned into essence, just like the most supreme magic weapon in heaven and earth. It floats in the sky and turns slowly, as if it can crush everything in the world. The surrounding atmosphere cloud layer is completely fragmented.

"No!"

Xuanjiyue saw that the six ways of reincarnation had been opened, and her face suddenly sank. She only felt that it was not good.

This is Ye Chen's strongest card!

"Six samsara boxing!"

Ye Chen looks up to the sky and roars. The magnificent breath of samsara six comes to his fist. Suddenly, his fist is about to break the sky, and he kills xuanjiyue fiercely.

This is Ye Chen's strongest blow. His reincarnation blood is burning wildly. His whole body is full of Qi and blood. His eyes are splitting and his hair is surging. The six channels on his fist are resplendent, and the bright magic is shining violently. It seems that it contains the power of heaven and hell, which is irresistible.

Xuanjiyue completely turns pale. She only feels the space in front of her eyes. She can't bear Ye Chen's fighting style.

She asked herself that even if she could catch Ye Chen's fist and fight back, her martial arts foundation would be broken, and she would be seriously injured. She would never be able to fight Ji Siqing and others again, and she would die in the end, and there was no possibility of seizing Longyuan Tianjian.

"Reincarnation star flame, sacrifice to me!"

Between life and death, xuanjiyue's eyes refused, and suddenly made an amazing decision.

She sacrificed the body of reincarnation star flame, and sacrificed on the spot!

This reincarnation Xingyan has been following xuanjiyue for many years. She is the core of her life. Now, in order to fight against Ye Chen's six ways of reincarnation, she wants to sacrifice.

Xuanjiyue's flesh aches incomparably, and her heart is trembling. However, ye Chen's reincarnation is too terrible. She is not sure to resist. She will sacrifice reincarnation Xingyan and kill Ye Chen with this heavy loss.

Boom!

Reincarnation star flame a sacrifice, a dark blue energy, gathered to xuanjiyue palm.

Xuanjiyue's palm lit a blue fire, bright and blazing. The terrible temperature filled the air, and the void around her was vaporized.

"Break it for me!"

The next moment, xuanjiyue fiercely slaps out, and the sacrificial energy of reincarnation star flame, like rivers and seas, pours out incessantly.

Bang!

Ye Chen's six samsara fists collide with xuanjiyue's palm.

The six heavenly powers, the sacrifice of reincarnation star flame, suddenly violently intertwined, abruptly exploded a terrible mushroom cloud.

"Puff!"

Ye Chen only felt a strong and fiery energy, rushed into the body, was shocked on the spot viscera cracking, mouth spitting blood.

Xuanjiyue's mouth is also flowing blood. The queen of the footstep warehouse retreats, and her face is pale, obviously injured.

However, her situation is much better than that of Ye Chen.

Ye Chen's body fell to the ground directly, but he couldn't even get up. He just felt that his life was breaking and the breath of life was passing away.

Even if ye Chen's recovery ability is extremely terrible, it is not qualified!

Xuanjiyue's palm not only contains her lifelong cultivation, but also sacrifices reincarnation Xingyan, which is too overbearing.

Although Ye Chen has opened six samsara, the realm between him and xuanjiyue is too different after all. He has only one level of real realm.

This ultimate collision, after all, he lost!

"I... am I going to die..."

Ye Chen felt the vitality of his life, but he felt that the world in front of him was getting dark, as if his life had come to an end.

"Ye Chen!"

Ji Siqing, miewuji and his wife, Ji Lin, and others, when they see ye Chen seriously injured and fall to the ground, all of them scream out with fear.

Xuanjiyue's hair was scattered and she looked up to the sky and laughed: "ha ha, Lord of reincarnation, I finally won."

Her teeth are still with blood, and she laughs fiercely. This time, in order to fight against Ye Chen, she even sacrificed reincarnation Xingyan. The price is too high.

However, seeing ye Chen's defeat, she only felt that the price was worth it.

"You and I have been fighting for thousands of years, but you are defeated after all. Don't worry, I will swallow your luck, take charge of the reincarnation fate, and face the world!"

Xuanjiyue was very excited when she thought of her future ambition. Her body was shaking slightly. Holding Shenluo Tianjian, she walked to ye Chen step by step and said:

"Die

A sword assassinates to go down, then want to end the life of leaf Chen.

Chapter 6030

Ye Chen in life and death, reincarnation blood intense combustion to the extreme, desperate, ye Chen seems to hear the eternal reincarnation chant.

Countless reincarnation auspicious gas transpiration, rushed to the sky, gradually gathered into a brilliant country.

In that glorious country, there are many palaces, prosperous buildings, and countless reincarnation believers. They worship the reincarnation Avenue, abide by the ancient rules, and everywhere are prosperous and bright scenes. There are ferocious reincarnation Tianwei, mighty righteousness, and above the horizon.

Xuanjiyue assassinates with a sword, but it seems that she is blocked by some force, and can't hurt Ye Chen.

"This... This is reincarnation of heaven!"

Xuanji looked up at the sky and looked at the glorious heaven, completely shocked.

That piece of heaven, is actually the legendary reincarnation of heaven!

Reincarnation of the kingdom of heaven, which is transformed from the six ways of reincarnation, is the first of the thirty-three days hongmengyuan technique, ranking first in hongmengyuan technique!

Even the previous reincarnation of the Lord, did not understand reincarnation of heaven.

It's because this skill has too high requirements for the inside information of martial arts, qi movement, cause and effect, etc. even if the major of reincarnation in the previous life is strong, the foundation of martial arts is not deep enough to understand reincarnation in heaven.

In this life, ye Chen's martial arts foundation can only be described as "against the heaven". His martial arts foundation is absolutely unparalleled, and he has the qualification to take charge of reincarnation of heaven.

This time of life and death, absolute crisis, ye Chen chance coincidence, and finally understand the reincarnation of heaven!

Xuanjiyue retreated, her body trembled.

The legendary reincarnation kingdom of heaven, the number one hongmengyuanshu, is even as powerful as jiu tianshenshu.

At this moment, the kingdom of reincarnation suspended above Ye Chen's head, bestowing infinite blessings and auspicious Qi, nourishing Ye Chen's muscles and bones.

Click, click.

Ye Chen's injury is rapidly recovering, and the broken vitality is making up for it again.

Outside, Ji Siqing, Ji Lin and others were shocked to see the birth of reincarnation heaven. They even wanted to kneel down at Ye Chen's feet and worship for thousands of years.

Ji Siqing's mind is full of imagination. He wants to live together with Ye Chen to reincarnate in heaven and enjoy eternal happiness.

Ji Siqing blushed and thought, "I'm thinking about something. It seems that this reincarnation of heaven has an effect on the spirit."

She guessed correctly that the reincarnation kingdom of heaven is extremely powerful. After taking charge of the reincarnation kingdom of heaven, any woman who sees Ye Chen will want to kneel down and bow down, and always want to be with Ye Chen and sacrifice herself.

This is the power of reincarnation.

Even xuanjiyue's spirit was shocked. Her sword hand fell down, and she had a strong impulse in her mind. She wanted to kneel down at Ye Chen's feet, and even wanted to kiss Ye Chen's toes.

"No! This reincarnation of heaven invades my spirit

Xuanji Yue is shocked. How can she yield to others? Run the crape myrtle skill in a hurry, stabilize your mind and bring up Shenluo Tianjian again.

And this time, ye Chen also staggered to stand up, eyes a blood red, staring at Xuan Ji month, full of murderous.

Xuanjiyue sees that ye Chen's skin keeps cracking and bleeding. She suddenly finds that reincarnation is so powerful that even ye Chen can't bear it.

"Oh, Lord of reincarnation, I really thought you could take charge of reincarnation heaven. It turned out that it was just a show!"

Seeing this scene, xuanjiyue suddenly realized that she was relaxed and gave a sneer.

The legendary reincarnation of heaven, the divine power is too overbearing, comparable to the nine gods, want to completely control this art, it is difficult to ascend to heaven.

At the moment, although Ye Chen understands success, he has not really grasped the power of reincarnation.

After all, even the previous reincarnation of the Lord, did not take charge of reincarnation heaven.

Ye Chen's cultivation is only one level of heaven in the real world. Compared with the previous life, it is far from perfect. At this time, it is the limit to open up the reincarnation heaven. It is extremely difficult to take charge of the enemy.

"Xuanjiyue, since I have opened up reincarnation heaven, you don't want to go out alive today!"

Ye Chen grimly a smile, the tooth is dense, full face terrible murderous gas.

Click.

His fist clasped tightly and clasped, and all the flesh and essence of the whole body, and the spirit of the Dan Tian, all burned up. It was like a raging fire, surrounded by the whole body.

And the whole body of flesh and blood burning, suspended in the heaven of reincarnation, was slowly shaking up, resonating with Ye Chen, the kingdom of heaven issued a tsunami like reincarnation roar, resounding all over the sky.

This reincarnation roars, causes Ji Siqing and others, falls into the absolute astonishment, completely has been shocked.

In the ruins, many people who wanted to seize the sword were dazed and stunned. They looked at the reincarnation heaven in the distance and even knelt down on the spot.

Xuanjiyue is aware of the resonance between yechen and reincarnation heaven, and her face suddenly changes. She sees that yechen's flesh and blood are burning, and she says in horror:

"You are crazy! Do not fight for your own life, but also urge reincarnation to heaven? "

At this moment, ye Chen is trying his best to burn all his flesh and blood. Once the flesh and blood burn out, he will turn into a dead bone and die completely.

Ye Chen's eyes cracked and said, "that's right! I will kill you today even if I try my best

Finish saying, the leaf Chen suddenly a palm explodes to kill but come out.

This palm, which resonates with reincarnation heaven, contains the supreme reincarnation power. It is ferocious, overbearing and brilliant. Compared with the six ways of reincarnation, it is much more ferocious and terrifying.

Ye Chen is gambling that he can survive. He is gambling that reincarnation blood is deep enough. Even if he burns all his flesh and blood, as long as there is a drop of reincarnation essence left, he will be able to rebirth!

Although his strength will decline a lot after his rebirth, ye Chen doesn't care, because Longyuan Tianjian is right in front of him. As long as xuanjiyue is killed, Longyuan Tianjian will be his!

If you get Longyuan Tianjian, you can make up for any loss.

Therefore, no matter what the cost, he must get Longyuan Tianjian!

Blood dragon's life is also related to Longyuan Tianjian!

Xuanjiyue was shocked when she saw Ye Chen's startling palm.

She also has the last card, with which she can directly cut off the shackles, break through on the spot and suppress everything.

However, xuanjiyue didn't want to play this card.

Because, with her current background, she can only break 81 shackles at most, which is not the capital of the emperor.

Only when the number of flail cutting exceeds 81, can it be regarded as the real king of heaven. It can release the most powerful potential. In the future, even if there is no adventure, you can fly to the Supreme Court and become the king of heaven. Because the flail has been cut off, it is only a matter of time.
