

## Physician 6041

### Chapter 6041

"God is merciful, all things have spirit! The ten robbers' magic pagoda is only for those who are predestined. Please stop

A cold voice came out of the void without any emotion.

Is there anyone else here besides Bai Lian and Zhu Yuan?

Ye Chen hears the speech and shouts to the void: "have I broken the second robbery? Where is the third? Where is Bai Lian? Where is Zhu Yuan? "

"The other side!" The voice responded.

"How do I get there?" Ye Chen drinks a way.

"Face the other side!" It's still a clean echo.

That cold voice falls at the same time, leaf Chen's in front of a straight to the horizon of the Golden Avenue appears, leading to the other side!

"Face the other side?"

Ye Chen a smile, that is to say, step over this road, can see that in the other bank of Zhu Yuan?

Ye Chen quickly ran to the thoroughfare.

In a flash, a feeling of uneasiness comes. Ye Chen's feet are about to step up the steps. Sheng takes them back. Something's wrong.

There must be something wrong with one link. It's all going so well!

Bai Lian warned herself not to believe anyone before, so the existence behind the nihilistic voice must not be trusted!

"The other side, is it a mirror?"

"Face the other side..."

At this moment, ye Chen understood what the meaning of the voice "facing the other side" in the void was.

"There is no end to the sea of bitterness, no shore to turn back!"

"No shore, face the other shore..."

"I am me, there is no me on the other side!" Ye Chen Mou son one coagulates, light way.

It turns out that the first line of writing is the final answer, and the later information

Thinking of this, ye Chen gave up the golden thoroughfare. He took back his steps and turned to the endless darkness behind him.

The cold voice was a little unexpected. After all, he didn't know that ye Chengang had a series of inner activities. This guy tangled and turned away?

"Have you thought about it?" The voice asked again.

"I think about it," Ye Chen replied.

"You passed the test, but you didn't want to see Zhu Yuan?" The voice asked in some surprise.

Ye Chen shrugged his shoulders and replied, "I have my choice."

"Is the entrance to the third floor there? I'll go first. Goodbye

Ye Chen continued to walk towards the darkness.

“.....”

The voice was speechless for a while. After a long time, he asked, "how do you see that? The Lord of reincarnation. "

Ye Chen is not surprised that the other party knows that he is the Lord of reincarnation. He says lightly: "it's very simple. At the beginning, this is the mirage. Although I have the terrible cards and martial arts, I'm not qualified to destroy heaven and earth. My strength is not qualified to go to Baijia realm, but here..."

Ye Chen's meaning is very clear, here experienced the feeling of a hundred Jiajing, Shuang is Shuang, but it must be false!

"How can you be sure it's the entrance to the third floor?"

The voice asked again, vowing to break the casserole to ask the end, such an interesting young man, for the first time in thousands of years.

There were many talented people who came here before, but they were all confused by the sight, and they chose to walk on the road, and then embarked on the road of no return!

"I guess..." Ye Chen's reply was simple and rude.

It was this answer that surprised the voice in the void, and then laughed: "ha ha ha"

"You are the same as the girl of the Jiang family in that year. They are really a couple made in heaven."

"Well? Who was that man back then? " Ye Chen stops and asks.

Is it Bailian? After all, Bailian's surname is Jiang, and she has been through the ten robberies of the magic tower. Unfortunately, she was left here forever.

"Congratulations on passing the second test!"

Ye Chen hears speech, grew out a breath, it seems that oneself this time really is Meng to!

"Wait, who is the girl of the Jiang family? But the guide out there? " Ye Chen asked.

"Many years ago, there was a girl who passed the test just like you, but now she is trapped in the third floor space and can't find a way out!"

"How long has she been there?"

"I don't know." The voice, which could not distinguish men from women, replied again.

"....."

Ye Chen was speechless for a while.

"Well, are you ready to accept the test of the third robbery"

The voice asked again, and there was some expectation in the tone!

"At present, Bailian is likely to be trapped in the third disaster." Ye Chen is in trouble.

Whether it's to take charge of Longyuan Tianjian, or for Zhu Yuan and Bai Lian, or for Xuelong and others, he must go on.

Even if there is a certain chance, I will fall into it!

"Open the third robbery, I accept it!" Ye Chen decided in the heart idea, no longer hesitated.

"When the flowers bloom on the other side, it's time to lead them!"

That voice gave Ye Chen response.

Ye Chen looks back again. In front of the original golden road, there is another endless Dead Sea.

"Sure enough, I thought I had reached the Baijia border with my ability to cross the level..."

"What if I just stepped in" Ye Chen asked with lingering fear.

"All over again" The voice was quiet.

"What if I break the sky of that wall" Ye Chen asked.

"You can reach the third level, but you will be trapped in the third level forever"

"Well? What would that be" Ye Chen continues to ask.

"No direction, always lost in the third layer of space..." the voice answered truthfully.

"What about the girl before me?"

"When you get to that floor, you'll know. I'll meet you at the summit. Don't make me wait too long!"

The last word came from the voice and disappeared forever.

Ye Chen only felt that heaven and earth changed for a while, and suddenly things turned and stars moved.

He closed his eyes and felt the passing of everything around him until the time was still.

Ye Chen, who opened his eyes, was standing in a golden flower field at the moment. The breeze was blowing across his cheek, mixed with the fragrance of flowers. Not far away, an old man's poem made Ye Chen stunned.

"One flower, one leaf, one Acacia"

Reincarnation is a mystery

I'm thinking about this

To find the love of half a life

The old man bowed his head and sighed.

Ye Chen was shocked.

Is this the third disaster of the magic tower?

Compared with the last disaster, this is a paradise on earth!

Ye Chen is about to open his mouth. The old man's figure slowly disappears under Ye Chen's gaze.

"A strong man close to baijiajing?"

Ye Chen's heart is astonished incomparably, a master who approaches hundred Jiajing!

You know, outside the territory, those who can reach this realm are all masters of the world!

It seems that the trial of the third level is not simple!

I don't know what the mysterious voice said. Where is the trapped woman?

As time goes by, ye Chen can't remember how long he's been walking. From the sun hanging high to the setting sun, ye Chen's pace can't help speeding up as he sees that night is coming.

Chapter 6042

A huge city in front of you!

"Wuzucheng? What does it have to do with Wuzu and Hongmeng Ye Chen underestimates a, walk toward inside.

"Find a place to fill your stomach!" Ye Chen sniffs all the way to a restaurant and goes straight in.

After ordering a few dishes, he began to listen to the others. After all, intelligence is the key to leaving the disaster.

Ye Chen constantly listens to the gossip of the people around him, and has a preliminary understanding of the universe in the tower.

This is an unknown interface, people are good at martial arts, the law of the jungle!

Countless aristocrats, sects, and the power of the royal court disappeared and rose again in the long history.

"Little two, serve the wine!"

A rough voice came, and a figure came out of the half man high counter. Wearing a linen undershirt and a scarf around his neck, he trotted to the guest's table and stood there, flattering

"My Lord, our new heartbroken red, the taste, the sentiment of iceberg beauty, can melt, a word, absolutely!"

He said that he was good at drawing and smacked his lips.

The man, dressed in fur and like a tower, was amused by the unknown sophomore and said, "you can make me happy. I have a lot of rewards!"

"Come on

He turned his head and yelled: "heartbroken red, Lingxiao banquet, three distinguished guests!"

Ye Chen's vision a turn, seeming is to come a big person, this next intelligence has hope!

"Third Master, you've made a fortune recently. You're willing to take our brothers to cangjinlou and other places for consumption."

After sitting down, a thin man among the three said with a smile to the big man in the middle.

The big man's face was full of the smile of the upstart: "I've helped a big man recently and made a lot of money."

"We know that there must be meat to eat with the third master." Another flattered.

The man's eyes narrowed and he enjoyed it.

"Don't worry, I'll take you two to make another profit in wuzubang. Follow me well and you'll have meat to eat."

Qiu Yi said greedily.

"When it comes to this big ratio, wuzucheng's tripartite pattern has not changed for many years. If there is no accident, the younger generation of the Jiang family, the Zhu family and the Mu family will wipe out the whole army. As for who wins the first place, who comes next..." the skinny man Tut tut Tut, shook his head and sighed: "it's hard to say..."

The younger generation of other families in wuzucheng, who can be ranked in the top 20, are all from their ancestors.

"Miss Jiang, it's said that she has made a breakthrough at the end of the closed door. If she succeeds, it's amazing!"

Ye Chen's brow wrinkled, white lotus? After all, Bailian's surname is Jiang.

The ten robber magic pagoda is like a mirage, but it is not a mirage.

Any test is destined to have something to do with yourself.

Those who only listened continued:

"The ginger family is out of such a small evil, just the pressure of other families can't lift their heads, this time if..." the thin man hard way.

"The two people of Zhu family and Mu family should not be underestimated." Another added.

"This time, I'm looking forward to it, but I'm still optimistic about the Jiang family!" The thin man looked hard and made up his mind.

The man in fur said hastily, "don't take the Jiang family, because..."

Ye Chen did not continue to listen, he turned away.

"Miss Jiang, Wu zubang is a big bi..."

Ye Chen's eyes flashed, won the championship, and passed the third level test?

Shouldn't it be that simple?

Ye Chen thought of such a ridiculous idea in his heart, but no matter what, the so-called Miss Jiang's family must meet him!

So far, it's still a mystery how to break through the third floor of the magic tower!

.....

"Jiang's mansion..."

After several rounds of inquiry, ye Chen finally determined the location of the Jiang family. In the north corner of the city, a courtyard with a vast area and unique scenery came into view.

Said is the courtyard, that light is dozens of Zhang more than the vermilion gate, gave Ye Chen a strong sense of oppression.

"There is such a powerful array here..."

"The faces of all the people who came and went were so serious that it was hard for Miss Jiang to shut up, and the whole family was under martial law."

Ye Chen has some doubts.

Ye Chen is not close yet, a group of strong men in the house roar out, and immediately surround Ye Chen.

"What do you do?" The guard in silver armour asked. Under the metal mask, he couldn't see clearly.

Based on the principle that more is better than less, ye Chen said: "I'm just passing by. I'm really fascinated by such a grand courtyard. That's it..."

Said also embarrassed to scratch his head.

Seeing that the guard is no longer looking at him, ye Chen turns around and is about to leave. In this case, if he dares to break through, he will die. He'd better retreat first and then make other plans.

"Stop!"

At this time, a lazy voice rang out, and a man dressed in black came out from behind the grand gate. He called Ye Chen,

"Is this your first time here?"

The young man in black, who seems to be younger than ye Chen, has fun in his eyes.

"Yes." Ye Chen's expression is indifferent, the way.

"Our Jiang family has always been hospitable, but we may not be able to entertain you today. Take these Daojing and Lingshi and see how you look. They are in great need."

The young man glanced at Ye Chen, but he didn't want to say anything. But he finally gave it up and left it to Ye Chen, a part of Daojing and Lingshi whose quality is not too high.

He looked at the appearance of Ye Chen's sleeping in the open, and for a moment he was regarded as a beggar!

But it's no wonder that ye Chen's appearance at the moment is indeed a little embarrassed.

Knowing that the young man had no malice, he took things and left slowly.

Although his strength has the qualification to break through, it's unnecessary. The ten robbers' magic tower can't break through by breaking through.

Walking on the street of Wuzu City, ye Chen looks at everything in the city. It's a completely isolated world.

Different from the earth, different from outside.

At this time, a movement attracted Ye Chen's attention.

"Screw you. It's bad luck to be here begging all day."

The shopkeeper of a restaurant kicked over an old man with white hair and ragged clothes: "roll, roll with steamed bread. If you don't have a little beggar to take care of, I have to break your leg today, and dare to steal food?"

The shopkeeper didn't have too many radical behaviors, but just insulted the old man, kicked him out of the door and threw some steamed bread.

The people on the street ignored all this, and no one came forward.

The world of the warrior is the jungle, and the people at the bottom are treated like this.

The old man slowly climbed up, picked up the steamed bread in the dust, and blew it with his mouth. Now in the corner, a little girl with pigtail and dirty face rushed to the old man's arms.

They laughed happily.

Ye Chen's eyes fell on the little girl, slightly absent-minded, I don't know why, for a moment, he even felt that the little girl was a little like Bai Lian.

Immediately, helplessly shaking his head, must be that he thought more, ye Chen looked at this scene some sad, at the moment he thought of his grandfather.

Judging from the current clues, grandfather's Noumenon should still be alive.

And grandfather is also one of the layout, more importantly, any senior should also know.

But there must be an important reason why Mr. Ren didn't tell himself.

Ye Chen Mou son one coagulates, straight to go forward, way: "that....."

## Chapter 6043

Seeing a stranger approaching, the old man pulled the little girl down behind him and looked warily at Ye Chen, "who are you? It's easy to discuss. I'll share the steamed bread, but my granddaughter has to eat it first. She's still growing up! "

The old man looked at the indifferent young man and said.

Ye Chen a wry smile, one side of the little girl to break away from grandfather's arm, came to Ye Chen's near, pulling his trouser legs, tearful way: "you don't bully my grandfather, eat you take, cold don't eat."

Finish saying or couldn't help but swallow a spit.

Ye Chen squatted down and touched Han Han's head: "you misunderstood my brother. I'm not here to rob your food!"

The little girl hears speech and looks at Ye Chen in surprise.

In her memory, all the people who appeared came to beat her and her grandfather, without exception.

Ye Chen gets up and looks at the old man who is still on guard. He reaches into his arms. When the old man sees that he is going to dig out something, he subconsciously steps back.

"This bag belongs to my friend. It's useless for me. Take it"

Ye Chen throws out a touch of radian, and the bag of Dao crystal and spirit stone falls steadily in the old man's hand.

He gave a trembling glance, his pupils dilated, and immediately said, "young man, I believe you have no malice, but you can't take your things because you have no merit."

The old man struggled several times in his heart, but he finally opened his mouth.

He understood that the young man in front of him wanted to help him. He also knew that this thing could give his granddaughter a better life.

But he refused.

"Well, old man, it's my first time to come to Wuzu city. Now I don't even have a place to stay. The restaurant is too expensive. You take me in for a few days and let me have a place to live. It's a night's fee!"

Ye Chen laughs.

"That's... OK." The old man finally agreed.

.....

The breeze under the setting sun blows over the deep mountains in the suburbs, and also across Ye Chen's eyebrows.

"Brother, are you from the outside world?" Han Han's big eyes blinked, looking at the strange but intimate Ye Chen in front of him.

"Yes, when Hanhan grows up, you can also go to the outside world to have a look. You will have a lot of friends and experience a lot of interesting things together... I have a friend whose age is not much different from you. His name is Jilin. Maybe you can see him then." Ye Chen laughs.

"When will Hanhan grow up?" Obviously, for ye Chen's blueprint, the little girl is also moved.

"My brother is my first friend..."

Eyes already sleepy can't open of cold cold, feel Ye Chen to cover quilt for her vaguely, her face is brimming with happiness, peacefully fall asleep.

The night is deep, ye Chen is in a daze to the moon alone.

How on earth should the robbery leave?

"Young man, you have a unique temperament... Let me see reincarnation..." the old man put on a ragged dress and sat down in front of Ye Chen.

Ye Chen is stunned. This seemingly ordinary old man can see his identity at a glance. It seems that anyone in the ten robbers' magic tower may be unusual.

"So late, you haven't rested yet?" Ye Chen smiles. Seeing the old man sit down, he picks up the teapot and pours a bowl of water into the broken white porcelain bowl, which is missing a corner, and hands it to the old man.

"Old man, feel less..." the old man took the bowl and sipped a mouthful of water.

"Close your eyes is the future of this girl, I don't know how long I can accompany her..." the old man worried.

Ye Chen doesn't know how to comfort him, but he stops talking for a while.

"People have to have a thought to move forward, otherwise, whatever they do is just standing still!"

The old man sighed, he thought, but this granddaughter is gone.

"Sometimes, after a lifetime, I understand that the end is the starting point, and the end is the beginning..."

The old man said earnestly, "hahaha, it's hard to avoid some emotion when you are old. You young people may feel wordy, but there's still something I want to give you as a reward."

The old man laughed.

"You're joking. I'm all ears!" Ye Chen looked directly at the old man.

The old man got up, patted the dust on his body, and walked to the house, leaving only a word,

" Young people think of the mountain, please hurry before sunset"

In a word, ye Chen's heart trembles!

"Before sunset, the end is the beginning, and the end is the starting point."

"It's easy to stop fighting, but hard to clear your heart."

"I see. I see where the road is!" Ye Chen gets up, pays homage to the thatched cottage, and runs out.

There is Huatian, the mysterious poem reciting old man I met at the beginning. There is the end!

Ye Chen's figure rushes out of the city

Under the setting sun, the sea of flowers is no longer there. Instead, it is a sea of people paved with white bones.

Without the fragrance of flowers, the minstrel not far away, dressed in linen, stood still.

"I didn't expect you to come so soon. I've been here for thousands of years, every dusk, watching the setting sun go down to the west, waiting for the flowers to bloom!"

"The people who come here in a hurry are lost in their heart, and the way back is different."

The old man in hemp said calmly.

"Young man, you can have both heart and mind, but if you want to get out of the third floor of the magic tower, you still have to speak with strength!"

Ye Chen bowed himself and said, "I hope you can give me your advice!"

Hearing the words, the old man in hemp turned and looked at Ye Chen. He nodded his head gently. Immediately, his momentum was constantly changing. He was just like Ye Chen. He was really in heaven!

But of course, the other side is still true to a level of heaven, but the momentum of the whole body is no less than the peak of Taizhen strong!

"Do you think your real situation is very strong?"

"Only when we are invincible can we break the game!"

The old man in hemp said softly.

As soon as the old man's figure flashed, he took the lead in making trouble. His almost strange figure rushed to Ye Chen's eye in a moment and clapped it with one hand. He wanted to capture Ye Chen at one stroke.

Ye Chen Mou son a coagulation, wind monument sacrifice, figure immediately disappeared in place, make the hemp clothes old man a palm clap empty.

"Eh!" The old man in linen seems to have seen some clues.

A palm claps empty, he feels not good immediately, the figure immediately explodes to retreat, he discovered a terror of affair, the same cultivation, unexpectedly can't lock the position of Ye Chen!

"How can it be? This boy is just a heaven." The old man in sackcloth was surprised.

Ye Chen did not stop, in the face of the real master, even if it is suppressed strength, ye Chen also want to try, now himself, whether the same level invincible!

"Come out of the dark monument!"

Ye Chen didn't dare to be careless, but an old stone tablet burst out of his body. There was a huge "dark" character carved on the stone tablet. Around the "dark" character, there were many small and close characters, all of which were the characters of the evil evil spirit martial arts code.

This dark stele combines the aura of the evil spirit and martial arts canon. As soon as it is released, the dark air permeates the sky. The weather of the evil heavenly script emerges and instantly evolves into the abyss.

Chapter 6044

This abyss, absolute darkness, incomparable terror, seems to be able to drag people into the dark nothingness, eternal doom.

The abyss seems to turn into a black rain all over the sky! Trapped the old man!

However, unexpectedly, the old man in hemp clothes stood in the same place intact.

I saw that the old man in hemp clothes was a little bit of a spark from the killing breath, was instantly overturned by a heat wave with the smell of destruction, the original fire of the Taoist spirit, suddenly turned into a huge sea of fire towards the old man!

It was the strongest attack that evaporated the whole sea of bitterness before!

"Purgatory fire!"

The old man in hemp felt the danger in an instant. He drank violently to get rid of Ye Chen's bondage, but it was too late to escape!

"Black inflammation protects the body!" The old man in hemp clothes immediately urged the black inflammation in his body to attach himself, forming a pair of strong armor, ready to fight against Ye Chen's huge fire!

But ye Chen's attack is not over!

See ye Chen hand cold light a flash, a handle with disaster breath of Sky Sword appear in Ye Chen hand!

On the disaster sky sword, the ferocious Qi is exposed, and a sharp disaster awn is flashing. Ye Chen's right hand is hard to grasp. The disaster Sky Sword in his hand seems to be ignited, and it also lights up a golden light. The dazzling light instantly covers the previous disaster awn, and it looks like no more brilliant, but the murderous Qi contained in it only increases.

"This boy has mastered such powerful destruction seal and disaster sword!" The old man in linen exclaimed.

"Broken!" Ye Chen drinks violently again. The disaster sword of his right hand swings out. In an instant, heaven and earth change color. A purple and gold disaster Phoenix flies out of Ye Chen's sword and directly bumps into the sea of fire!

It's all just happened between lightning and flint.

Phoenix bathing in the sea of fire!

In an instant, the atmosphere of destruction enveloped the whole sky. In the next moment, the whole Wuzu city was lit by fire!

In Wuzu City, the three clans of the hermit strongmen are going out one after another!

"What a terrible breath! Who is fighting!"

This breath, let them also feel uneasy!

At this moment, the old man in hemp clothes broke free from the confinement, his breath began to rise, and instantly broke through the true realm!

More towards a higher level of impact and go!

He intervened!

If you don't start again, there will be a crack in the border formation on the third floor of the ten robber magic tower, which gives those people a chance to take advantage of it!

And ye Chen stands in the void, just like a God, overlooking all this

Ye Chen's eyes were burning, staring straight at the surging sea of fire below, and the shock in his heart might be more violent than that of the old man in hemp clothes.

"The law of destruction, the fire of the Taoist spirit, the reincarnation stele and the Heavenly Sword are really... Powerful."

"If Longyuan Tianjian wakes up... How terrible will it be?"

"I'm holding three heavenly swords now. Is there any connection between them?"

Ye Chen murmured to himself.

He doesn't worry about the safety of the old man in hemp below. At the last moment, his rising breath has told ye Chen the answer.

In this contest, ye Chen just wants to see what level he is at.

Without the blessing of Tianjian and the trump card, ye Chen would never fight with the old man in linen!

Even ye Chen in his heyday is invincible at most!

The old man may even be a hundred Jiajing!

The real gap is insurmountable!

Even if ye Chen once held the title of "evil", it is impossible to fight such a big battle!

But now all the common sense is broken by Ye Chen.

The aftereffects of the burst below spread slowly, and many strong people in Wuzu city were also shocked by the sudden smell of destruction and disaster.

Ye Chen stands proud in the void, holding the disaster sword tightly in his right hand. The disaster sword is flashing, and even exudes mysterious green light.

The dust from the ripples slowly returned to the earth, and a huge pit appeared in the area around the old man in hemp clothes. The scorched soil was still emitting hot heat, and the smell of destruction made many monks sit on the ground directly.

Just the residual breath of the afterwave can be described as unbelievable.

Even the three families who came here for the first time could not help their palpitations when they looked at the battlefield after the disaster.

"What about people? Who is going to do it? "

"When I came here, I was gone!"

.....

On the outskirts of Wuzu city.

They looked at each other, speechless.

In the end, the old man in hemp took the lead in saying, "I lost. At the last moment, I forced myself to improve."

Ye Chen looks indifferent, standing in the same place, listening carefully.

"You've succeeded in the third robbery." It's the old man in hemp.

The leaf Chen smile hasn't yet overflowed, a basin of cold water then again poured down.

"But you can't leave!" The old man in hemp continued.

"Why?" Ye Chen doesn't understand, isn't it broken?

And the naughty ones?

"The ten robbers tower is not just a mirage."

"I don't know how many years ago, there were some ordinary people living here, but as time goes on, they gradually mastered the cultivation method. Over the years, some of them are not inferior to me. If they forcibly open the fourth floor channel, those guys will covet it. After all, they have learned some secrets."

"Three families?"

Ye Chen asked.

"Yes, this is a grand event jointly organized by the three families. In recent years, some of their younger generation have been approaching Baijia. If they attack together, maybe they can really break this channel. It's not a good thing for the gods and demons to step on the pagoda, or to bury themselves in the sky and the sea, or to go abroad. "

"What about the consequences?"

"Their powerful people can go to the fourth floor, and the rest of the creatures will be extinct!"

Ye Chen smell speech, clenched palm.

"The key to the fourth floor, I'll give it to you now!" With a wave of the old man's sleeve, a group of cyan energy flew into Ye Chen's Dantian.

"What's this?" Ye Chen emotion excited way.

"The key of the fourth layer, also known as the heart of the wind! There seems to be something in your body related to the attribute of wind... If I guess right. " Ma Yi Lao Tzu said softly.

Ye Chen knows that the wind attribute in the other side's mouth should be the wind tablet in the reincarnation xuanbei.

"The heart of wind can make you control the elements of wind to a higher level, and it's also good for the things in your body. Take it. It's a treasure to you. It's like chicken ribs to ordinary people."

"You've got the key. How to get to the fourth floor is your own business. Go!"

The figure of the old man in sackcloth dissipated slowly.

Chapter 6045

Ye Chen looks at the blue light in his Dantian, and he is lost in meditation

"Forget it, I'd better go back to wuzucheng first and find Bailian before making plans!"

Ye Chen's steps toward the city.

"Did you hear that? There was a battle just outside the city, which attracted people from the three families to watch the battle, but the scene was in a mess, and I didn't even see a single person! "

"Maybe it's the young children of the three families who are training. Isn't it a big match right now?"

"When it comes to Wu zubang, I heard that there seems to be something wrong with Miss Jiang's seclusion. Maybe she won't be able to compete this time"

"Oh? There are other things like that. Don't talk nonsense. It will affect my bet

For a moment, the whole Wuzu City, even the streets and alleys, were full of people's voices.

"Go to Jiang's again!" Make up one's mind of Ye Chen, toward that familiar direction but go again.

At the residence of the Jiang family, ye Chen is about to step forward.

Just walk a few steps of Ye Chen far to feel a position move mountain shake, then stopped the pace, originally the crowd of people in the middle of the road, in a twinkling of an eye, only Ye Chen was left.

A crowd of onlookers had been hiding away for a long time. It seemed that something big was going to happen.

The roaring sound is getting closer and closer, shaking the sky, and a group of silver armored horses are approaching from afar. Soon Ye Chen hears the leader's shrill voice: "the guard of the city Lord's mansion is working here, and all the others will get away!"

The leader saw Ye Chen's back to their army, but he didn't give in at all. He thought that today was the first time to lead the city Lord and guests to the door. In the idea of not letting a few miscellaneous things sweep his mood, he didn't stop at all. With a wave of halberd in his hand, he chopped Ye Chen.

"Dang!"

A crisp ring, there is no imagine the scene of blood and flesh, only to see a young man in black standing in front of Ye Chen in front of Jiang's mansion.

"Why are you again? I have no money for you this time! " The man in black opens his mouth to Ye Chen and turns a deaf ear to the thousands of troops behind him.

At the same time, a stab in the dark!

Ye Chen's face is indifferent, and his breath is cold. He doesn't intend to use the disaster sword. His eyes are fixed, and he locks the position of the enemy's attack. He only uses two fingers to flick the halberd. The man who just yells on the horse is thrown down by the great habit of the halberd and planted in the earth.

"Smelly boy, how dare you do it to me!"

That person is embarrassed to get up, instantly lock leaf Chen!

Just want to start, an invisible force locked him, the reason is not him, it is standing in the middle of the road, the man in black, handsome face cold cold show no doubt, staring at him.

The one under the horse, just the momentum of the moment disappeared without a trace!

Now see the man in black that face of the moment, the halberd in the hands are trembling down, which has just arrogance.

Obviously, the face of the man in black has been on the celebrity list in the whole Wuzu City, but this list is fed by human life!

What's more terrifying is that he has a sister who is a few years older than him. Her name is Jiang Jiuli. She is the hot young leader in wuzucheng.

Wu zubang is the most popular candidate to win the championship, and also the first beauty of Wu Zucheng.

In addition, Jiang Qing's own strength is also very good, this wuzucheng, do not know him, very few.

In front of him, the one under the horse was staring at him with his cold eyes. His whole life was not good, and even his breathing was temporarily blocked!

One leaf blinds the eye, so does Mount Tai.

But the shaking legs eventually betrayed him and collapsed on the ground.

"Young master, the villain Zheng Hai is blind. I don't know if it's you. I hope Hai Han can spare my life."

The man named Zheng Hai stammered anxiously.

Jiang Qing is still looking at him, speechless.

Zheng Hai looked at Jiang Qing with a still calm look. It seemed that he had made up his mind to protect his life. He frowned, lifted the halberd in his left hand and cut off his right arm

A burst of blood light, Zheng Hai hum did not hum a, and before the situation, very different.

Jiang Qing is no longer indifferent. Instead, she looks at Zheng Hai with great interest, and then at Ye Chen. After all, Jiang Qinggang just made a move to save Ye Chen's life.

Ye Chen's look is still indifferent, which means that you are in charge of everything.

"Go away." Jiang Qing took back the vision that looked at Zheng Hai, turn round light way.

Relieved, Zheng Hai quickly picked up his right arm and retreated to the rear.

But the next second, a white light flashed by.

Zheng Hai's head fell to one side. Before he died, he opened his eyes and looked at the man who cut his head. He couldn't close his eyes!

"Well, that's bad luck!"

"It's a disgrace that the city Lord has arranged for me to be a guard."

Ye Chen and Jiang Qing are attracted to stop again by this scene. They follow the fame and see that the owner of the voice is a man who is not handsome and short.

"You are the son of the Jiang family, Jiang Qing?"

The man asked again in a pitiful way, how obscene it must be.

"That guy, he won't die." Jiang Qing did not give a direct answer.

"My name is Wen Chou." The other side did not answer Jiang Qing directly.

" You're a stranger, too" Jiang Qing's eyes are a little suspicious and looks at Ye Chen again.

But the hot eyes of the literati and ugliness announced something.

The next second, a figure ran towards Jiang Qing, and the white light flashed. Jiang Qing's eyebrows wrinkled, and then a black lightning flashed past Wen Chou. The fight between them was over.

On the other hand, Jiang Qing's right arm was scratched by the unknown white awn, which hurt her skin. The blood dripped from the broken cuff in a linear shape

When people looked at the man again, they couldn't help laughing. Although there was no blood, he was hit by Jiang Qing's lightning rule. The whole person was as black as coke, and his breath was black smoke.

"Son of a bitch, you want to die!"

Wenchou was teased, immediately angry, ready to move again toward Jiang Qing ran, but was stopped by a flash of the shadow.

"Dabi is around the corner. Brother Wenchou, you are my guest. I hope you can sell me three cents of noodles. Let's give it up for now, and we will meet again in the future."

The man who stopped the literary clown said with a smile, giving people a feeling like a spring breeze between the lines, but no one could understand the implication of his words.

Wen Chou hears the speech, looks at the people, shows his hand, and expresses no objection.

Let's call it a day.

Ye Chen squints at the gentle and elegant man in front of him. The red mole in the center of his brow adds a bit of monstrosity to him. The whole person is like a banished immortal in the sky, but it's a bit of monstrosity.

It's a bit like the emperor Shitian.

"Muxinghe, what are you doing today? My Jiang family can't afford to stay with you

Ginger green eyebrow head a cluster, quality asks a way.

"I'm here to propose marriage!" Muxinghe's a surprise!

"To propose marriage?" Jiang Qing's eyes were cold, and she was ready to kill.

Jiang Qing has a very high position in the Jiang family. It can even be said that she is coordinating the overall situation, whether it is overt or covert

When everyone saw this face, they all wanted to retreat three feet, and more people would respectfully shout: young master.

Of course, people are more willing to call him "murderer" behind his back!

"There's no need to act here. Jiang Jiuli is seriously injured. This time, Wu zubang has lost her chance. However, I have a way to save her!"

Muxinghe's voice is soft again.

"As long as she's willing to marry me, I'm Mu Jia Jiu Zhuan Sheng Dan, that's her!"

"I swear as a young master of Mu family!" Mu Xinghe gently brushed his shoulder and said carelessly, "by the way, if you dare to do it, I will kill you now!"

The fierce killing breath came from his frivolous eyes.

Jiang Qing's fists are clenched, we have to do it!

"It turned out that I met my rival. Coincidentally, I came here to propose marriage too!"

Ye Chen, who had been watching the opera, knew that Jiang Qing would suffer a great loss. He would never sit back and ignore Jiang's kindness. What's more, Jiang Jiuli is Bai Lian!

Last life, he lost Bailian, this life will never!

However, it seems that the Bailian of the ten robberies in the magic tower is different.

"Who are you? Do toads want to eat swan Seeing a troublemaker coming out, the literary ugliness on one side wanted to show his merits.

Ye Chen lightly a smile, the facial expression is still indifferent.

"Why, you kind of toad dare to go to the street. I think I'm much better than you." Ye Chen indifferent way.

On one side, Jiang Qing laughed.

"To die!" Wen Chou sees being provoked, and his body comes out in a rage towards Ye Chen!

One second, ye Chen was still smiling and harmless. The next second, his fierce momentum suddenly broke out. In the moment when Wen Chou was stunned, ye Chen came near, raised his right hand and slapped Wen Chou's face. The Wen Chou was about to resist, but he suddenly found that he couldn't move. At this moment, Wen Chou felt the smell of death.

"So strong!" One side of the moxinghe eyes shining.

When Wen Chou closed his eyes and waited for death to cut his throat, what he was waiting for was not death's sickle, but a thick palm.

Without the slightest spiritual power and law, just a slap of pure strength.

"Pa" ... The solid fan flies out on Wen Chou's face. After leaving Ye Chen for tens of meters, Wen Chou finds that his frozen body moves freely again. He quickly rolls over and stands firm.

At this time, Wen Chou vomited blood in his mouth, and there was a red palm print on his black face, which was particularly eye-catching.

That's a hot shame.

Ye Chen put his hands behind him, glanced at Wen Chou, turned around and looked at Mu Xinghe again, and said with a smile: "nothing's wrong, then I'll go to propose marriage first."

With that, he turned around and entered the gate of Jiang's house.

Wenchou is trying to work hard, but he is stopped by muxing River, "go, the goal has been achieved!"

After that, he licked his lips, but he didn't finish.

.....

The atmosphere of Jiang's house is dignified to the extreme.

"I want to see Bai Lian!"

Ye Chen in Jiang's house knows his intention directly.

Jiang Qing frowned: "who is the white lotus?"

"Jiang Jiuli!"

Jiang Qing is one Zheng, way: "don't think you helped me, I will be grateful to you, want to see my elder sister, you still don't deserve."

"I can cure her injury!" Ye Chen steps out and opens his mouth.

"You..." Jiang Qinggang wants to open his mouth, only to see ye Chen's figure has gone out: "I only give you three breath time to consider, out of date do not wait!"

"Good!" Just as ye Chen was about to step out of the gate of the courtyard, Jiang Qing's gnashing voice came.

Chapter 6046

.....

After a stick of incense.

In a delicate and quiet courtyard, pavilions and pavilions, high mountains and flowing water, the artistic conception is extraordinary.

"My sister is in it. If you dare to move, I will kill you!" Jiang Qing warned.

Ye Chen didn't hear of it, looked indifferent, and went straight in.

I saw a woman sitting in the inner hall, dressed in plain clothes and covered with gauze, but it was not difficult to see her pale face under the gauze.

Although cover capacity, but leaf Chen can see, right square is white lotus!

But Bai Lian's eyes are strange.

It's a little strange.

"Bai Lian, why are you here?" Ye Chen Mou son one coagulates, surprised way.

However, Bai Lian doesn't seem to know ye Chen at all. Instead, she says, "I don't understand what you mean."

Ye Chen is one Zheng: "you don't know me? We met on the first floor of the magic tower. You said you were the guide of the magic tower. You were trapped here, and so was Zhu Yuan! "

However, at the moment, Bai Lian's expression changed slightly, but it was fleeting. She was still full of doubts: "I can't understand you, you may have recognized the wrong person."

"But I love the white lotus. It's OK to call me white lotus..."

Ye Chen look dignified, suddenly closed his eyes, infection at the moment the cause and effect of each other's body.

The mysterious steles of reincarnation have some visions.

Suddenly, his eyes open!

There is no smell of white lotus on this person!

When ye Chen doubts, a familiar voice suddenly rings out!

No one else, it's xuanhanyu!

Xuanhanyu said: "Ye Chen, there is something strange about her. You can't feel the cause and effect of Bai Lian from her. Even I feel that she is totally different from the girl before. Even I feel that something is wrong with her."

"In fact, there is something I didn't tell you. When you just stepped into the magic tower of ten robberies, it seemed that there was something missing in Bai Lian. As a guide, she seems to have been deprived of something by some strong person... "

Ye Chen some doubts, curious way: "Xuan fairy, you this after all is what meaning?"

Xuan Hanyu explained: "the existence of the magic pagoda of the ten robbers is unreasonable to the theory of the outside world, and the irrationality is reasonable, because it is not the product of the outside world."

"The white lotus you see when you first enter the magic tower of ten robberies is incomplete. She is missing a wisp of soul."

"And this soul is not on the girl in front of you."

Ye Chen moment suddenly, that all explain of pass.

But now the only question is, where is the soul of Bai Lian?

"I don't know why the ten robber magic tower treats Bai Lian like this."

"Thank you for reminding me." Ye Chen thanks Xuan cold jade, the vision falls again on the body of white lotus in front of eyes.

He looked at the girl in front of him, hesitated for a few seconds, still said: "I'll treat you."

Even if the other side and Bai Lian's breath are not consistent, he can't help this person.

Thank you, young master Ye White lotus opens a way.

"No harm." Ye Chen smiles a little and goes along with his pulse.

"The breath is disordered, the meridians are all cracked..."

Ye Chen has a bad feeling in his heart. If he closes the door and makes a breakthrough, in this case, he is either possessed by the devil, explodes and dies, or is attacked by others!

The meridians are all broken. It seems that it is the latter.

The Jiang family is not peaceful!

"Is there any way to cure young master ye?" Bai Lian asked softly.

Ye Chen put away his arm on the pulse of the white lotus and said with a smile: "although it's a little tricky, it's OK. I need a quiet place to refine the pills and get rid of the disease!"

"Thank you, young master!"

The white lotus thin lip lightly opens, then to the next person enjoin a way: "prepare guest room for ye childe!"

Ye Chen doesn't talk much any more. He gets up and goes out. Before going out, ye Chen tentatively asks, "Miss Jiang, I just have the feeling of seeing you at first sight. Haven't we met somewhere"

"Mr. Ye is joking. I've been immersed in martial arts all my life, but I've never seen the outside world!" White lotus answers softly.

"Well, I remember it wrong. Goodbye." There was a sneer on the corner of Ye Chen's mouth.

.....

At the same time, the Jiang family, in a secret room.

"Qing'er, is that boy different?" A middle-aged man sat at a table, his right hand dancing, a stroke of freehand.

"Don't worry, father. I've verified his identity. He's an outsider just like that girl. He also mentioned the ten robbers' magic pagoda. I can't even detect my sister's disguise. I've cheated him now, and everything is under control!" Jiang Qing nodded respectfully.

The middle-aged man stopped writing: "does that girl have any trace?"

"I have a whereabouts. I've been running away for so many years. Now it seems that the spirit is attached to a little girl... The Mu family has gone to trace it. I believe there will be results soon."

Jiang Qing said softly.

"Just keep an eye on Ye Chen! They may be our only chance to get out of here. " The last word came from the middle-aged man.

.....

Meanwhile, ye Chen's room.

"I guess I was right."

Ye Chen murmured to himself.

"Dong Dong Dong!"

Just then, there was a knock on the door.

"Brother ye, what's wrong with my sister?"

Jiang Qing worried voice from outside the door, ye Chen frowned, really don't know what medicine this Jiang Qing gourd sell!

Ye Chen opens the door and a figure enters.

"Nothing. Go and prepare some herbs for me!" Ye Chen just wants to send him away!

Just as Jiang Qing was about to speak, a servant told him, "young master, the Mu family sent someone to send a letter saying that it was an apology for today's rude behavior."

Jiang Qing's eyes narrowed: "bring people here!"

The Ye Chen of one side hears speech not language, he wants to watch its change quietly, see what trick this Jiang family prepares after all.

But Jiang Qing over there is acting on the head, looking at the Mujia messenger who was brought in, he snorted, "how? That's the way to admit it? "

The Mu family nodded and presented the letter with both hands.

When Jiang Qing opened the envelope, she just glanced at it. A touch of joy appeared on her face, but she was immediately pressed down by him.

But this one tiny facial expression, can't escape the method eye of leaf Chen.

"Tell your master, and say, I know, I will deal with the follow-up!" Ginger green eyebrow head a pick, command that person to leave quickly.

At the moment when the messenger turns around, ye Chen feels the object on him.

Ye Chen looks stunned!

"Isn't this the storage bag for Hanhan? How could it be on this guy! "

Ye Chen is surprised secretly, that ye sun has an accident!

What are these people going to do?

Ye Chen's heart is rough, but the play on the surface must be performed with him!

"Brother ye, the Mu family asks for peace. I have to discuss with my father how to deal with this. I won't stay much longer!" Jiang Qing's eyes change and she will leave after finding a reason.

Ye Chen smiles and hands a note to Jiang Qing, "you can help me find the herbs on it. These days I'm going to close the door and prepare to refine the medicine. No one can disturb me, otherwise..."

Jiang Qing is eager for ye Chen not to leave, hastily way sound good, hastily left.

Ye Chen looks at the figure that he leaves, concealed the whereabouts, followed up.

It's not difficult for him to hide his strength from those people in the magic tower.

Chapter 6047

This is the Jiang family.

"Father, the girl has been found! Now she's turned into a little girl and has been locked up in Mu's dungeon, but she seems to have sealed part of her memory, about the key..."

"Mu family should have means to deal with it. Ye Chen also has secrets. Keep him steady. After using it, do it!"

Jiang Qing's secret talk with her father Jiang Hu is heard by Ye Chen.

Obviously, the Jiang family was not willing to be a part of the ten robbers' magic tower. The Jiang family had to leave here with the help of the spirits of themselves and Bai Lian!

If they succeed, the spirit of themselves and Bai Lian will become a bloody stepping stone!

"Mu family... What a deep calculation!"

Ye Chen returns to the room, it seems that his identity has long been seen through, and now he must find a way to break the situation.

"Mu family... I'd like to see what you're doing!" Ye Chen's figure disappeared.

.....

Meanwhile, Mu's Dungeon.

Dark, wet and cold.

It's like nine hell.

"Little girl, tell me, where is the key to leave the tower of ten robbers on this floor?"

The smile of the evil spirit of muxing River hung on his face and said softly.

The little girl's head is shaking like a rattle. Her face is pale and her mouth is covered with blood.

It seems that I'm really worried!

Mu Xinghe saw things can't do, face a heavy, backhand a slap in the cold face.

"Those who don't know what's good or what's bad, come and prepare for the soul refining battle. I don't believe you don't open your mouth!"

"There is nothing I want that I can't get!"

.....

Muxinghe just left not long, around the void suddenly tear, ye Chen's figure appeared in front of the little girl.

When you see the cold so cold, ye Chen's eyes instantly congested!

"Hanhan, wake up!" Ye Chen gently stroked the girl's cheek.

But that already unconscious girl, did not make any response!

"Mu family... What a cruel heart!" Ye Chen clenched his fist, and the fury of burning heaven burned, "the soul refining array. In this case, I want to know if my soul eating Tongtian is suitable for you."

After burning incense, the sound of rustling sounds, and Mu Xinghe and others return to the dungeon again.

Ye Chen's figure is hiding in the void, watching all this!

Muxinghe's eyes are full of fierce light, hands together, and the majestic breath gushes out.

Behind him slowly appeared a pale ghost with a sickle in hand. The ghost's left hand pinched the cold neck, and his right hand gently buckled her head, pulling out the spirit!

This spirit is white lotus!

This must be the spirit that white lotus lacks in Xuanxian's mouth!

This spirit was trapped in this disaster!

I'm afraid that Jiang Jiuli of the Jiang family is a fake!

These three families are not willing to be a part of the magic tower of the ten robbers. They want to leave!

And he and Bai Lian, as the pioneers, must be the key!

Everything is clear in an instant!

"Ah A tearing voice came.

Mu Xinghe licked his lips: "the three families have been looking for you for so many years, you can really hide!"

Bai Lian's spirit is very weak and stares at Mu Xinghe.

"If you don't say it, I'll have a way to make you speak!"

Mu Xinghe's chest lit up a ray of light, and the big sweat drops from his forehead. His spirit was also hurt by this move!

See the ghost shadow behind it, the essence in the eyes is big now, look directly at Bai Lian!

Bai Lian seems to be under inexplicable control. She lost her look in her pupils. "My name is Jiang Jiuli, also called Bai Lian. I broke into the ten robbers' magic tower and wanted to find the legendary one..."

Mu Xinghe's mouth crossed a trace of killing: "open your mouth and tell me what you know..."

But at this time, the sudden change!

A cold voice said, "you shouldn't have done it to her!"

Mu Xinghe is a Zheng, fiercely turns around, the moment discovers the leaf Chen that appears out of thin air!

Ye Chen is holding a sword full of endless evil spirit in his hand!

"Soul devouring the sky!"

"Die for me!"

Ye Chen's eyes are cold and ruthless. He goes to Mu Xinghe!

A giant virtual shadow with a long sword and flame appeared in front of the muxing river!

Muxinghe's soul had no time to react and dissipated in the world.

Ye Chen turns to look at the soul of white lotus, way: "how?"

White lotus weak spirit glanced at a leaf Chen: "you finally came!"

"What happened?" Ye Chen asked.

"At that time, I failed to break through the ten robberies of the magic tower, which should have been suppressed forever, but the man put forward two demands: first, I should be the guide; second, I should guard the third calamity with a spirit..."

"People in this space want to break the boundary wall and go out. When I came here, I was already watched. After I learned how to leave the third floor, they started on me..."

"I'm outnumbered. I have to run away in a panic. I have to seal my memory and wait for the chance..."

Bai Lian's breath is weak.

"I've probably understood that the three families want to break the wall of the magic tower with the help of this competition

Ye Chen thought deeply.

It seems that the people behind the magic tower are waiting for me, waiting for me to break the game.

This may be the test of the third or the fourth.

"Since these three families want to play, I will play with them!"

"White lotus you return to cold cold body first, according to my next arrangement to do..." Ye Chen to white lotus way.

After explaining everything, looking at the muxinghe that has fallen, ye Chen suddenly becomes muxinghe and goes out to the dungeon.

.....

After a stick of incense, Mu family.

"Oh? That girl has already recruited? "

Mu Jianye exclaimed in surprise, looking at his son Mu Xinghe, and there was a trace of ecstasy in his eyes.

"Yes, although the girl struggled several times, she still obeyed."

Muxinghe Dantian green light flow, continue: "father, the key in me, but open the wall, need help!"

"Ha ha ha! God bless my family Mu Jianye was overjoyed.

Chapter 6048

"It's hard for my Mu family to succeed. Moreover, if I fly away, my Mu family will be besieged by the other two families. My plan is..." muxing river came up with his own idea.

"Unite with the Jiang family, and then you will fly with them. In this way, even if the Jiang family and the Mu family join hands in wuzucheng, they will be able to stabilize the Zhu family. By then... When you come back, all this will belong to my Mu family!"

Mu Jianye is happy to think about it. Looking at his precious son, the more he looks, the more pleasing he looks. His future achievements are limitless!

"Being a father will give you the greatest help. Unite with the Jiang family now!"

As soon as Mu Jianye's voice fell, he was in trouble again. How can he be silent?

"Father, you forget that two days ago, I went to Jiang's house to propose a marriage... I'd like to use this gimmick to bring up the old story again..."

Muxinghe chuckled.

"It's a wonderful plan!"

Mu Jianye looked happy.

"However, as an exchange, I promise to take that girl to leave together..." Mu Xinghe put forward his own idea when Mu Jianye was happy.

"This matter is not proper, that wench is a disaster after all!" Although Mu Jianye was overjoyed, he did not lose his mind.

"It's just a plan to slow down. On the day of flying up, just do something unexpected to get rid of it!"

Moxinghe light road.

Mu Jianye heard the speech, eyes a squint, gently nodded.

.....

Jiang's residence.

Jiang Hu looked at the secret letter from Mu Jianye. He asked softly, "Qing'er, what do you think?"

"The Zhu family and the Mu family have never been at loggerheads. Since the Mu family has got the key and they can't swallow it, they have to cooperate with the Jiang family to seek common interests. My sister takes this opportunity to ascend, and the marriage between the two families is a good talk."

"Ten thousand steps back, it's just a matter of making a scene. As long as my sister leaves here, with her talent, she will soon surpass the Moxing river. This plan is feasible!"

Jiang Qingdu said.

"We can pretend to let the wind out that the marriage between the Jiang family and the Mu family is out of order, so that on the day of the engagement, the Zhu family will be on the sidelines and will not appear on the scene to a large extent. We will work together to open the boundary wall and help them fly up!"

Jiang Qing pondered for a long time and came up with a complete solution.

"You do it!" Jiang Hu nodded and agreed.

"Is that ye Chen abnormal?" Jiang Hu asked.

Jiang Qing a smile: "father rest assured, he never stepped out of the door, as long as the pill to hand, immediately wipe it out!"

"My sister and the real Jiang Jiuli's Secret wound in the first world war can also be recovered by Ye Chen's hand, killing two birds with one stone!"

"Although Jiang Jiuli's surname is Jiang, it's a pity that he's not the Jiang family. He can only be the enemy of our Jiang family!"

Jiang Qing has a plan!

.....

For a while, many forces in wuzucheng trembled and rumors spread in the streets.

"I heard that the Jiang family and the Mu family are going to be married, and the Zhu family of the three families are going to be kicked out!"

"Nonsense, the Jiang family didn't agree!"

"Do you have any evidence?"

"My uncle's mother-in-law is a servant of the Jiang family. She overheard that the old man of the Jiang family had ten thousand objections to this matter. Don't worry, she can't do it!"

.....

Meanwhile, the Zhu family.

Zhu's senior management held an emergency meeting on the incident and reached a unanimous conclusion after discussion

Watch it change!

Link by link, ye Chen's plan is progressing step by step.

Two days later.

The day of engagement.

Countless eyes are staring at Jiang's mansion. Today, earth shaking changes will take place here!

"Congratulations

"Congratulations on Mr. Mu and Miss Jiang's marriage. It's been a long time!"

A sound of congratulation, full of guests.

Jiang Hu and Mu Jianye welcome guests at the door.

Jiang Qing's figure did not appear in the meeting hall from beginning to end!

.....

"Brother ye, have you ever refined the pills?"

Jiang Qing's anxious look was written on her face, and there was a constant knock on the door.

After all, today is the day of my sister's rise. This dark wound needs to be solved!

Ye Chen stretched a waist, open the door impatiently way: "early in the morning to urge."

When Jiang Qing heard the words, she suddenly said, "today is not a happy day. My sister's pale face..."

He faltered.

"I'm afraid the guests will see jokes, right? I know. The pills have been refined."

Ye Chen takes out a red sandalwood box from his arms, and there is a faint medicine fragrance spilling over through the wooden box.

Jiang Qing stretched out her hand to take it, but ye Chen took the box back, "take me to see your sister. This pill can't be taken directly. Some of them told me to take it to her."

Ye Chen laughs innocently.

Jiang Qingshen's hand in the air was slightly embarrassed, and he nodded, "come with me!"

With Jiang Qing, in the way of everyone's congratulations, close to the "white lotus" courtyard.

One side of the bodyguard trotted over and whispered in Jiang Qing's ear: "Mr. Mu has put that girl in the dungeon of Jiang's family. Now he is not at ease..."

Ye Chen at the moment is to interject a way, "a piece take to come over, the medicine effect just needs a virgin's Yin of the dint in combine."

"And what else?" Jiang Qing was surprised. There was a trace of doubt in her eyes.

"Just bring it. I'll treat your sister in front of you." Ye Chen this speech a, Jiang Qing ordered to nod, no longer many words, turn round to leave.

They've been allowed to watch it. What else can we say?

It is still the courtyard of the pavilion, and the air is filled with the smell of flowers.

At the moment, ye Chen stood outside the door and said softly, "Miss Jiang, ye Chen asks to see you!"

The door opened slowly in a breeze.

Thank you, young master Ye Sister Jiang Qing's voice rang out.

Ye Chen smell speech, body shape into: "no harm, this pill, also please Miss Jiang immediately take, damaged meridians, will gradually heal in a few hours, during this period, concentrate on the operation of mind can."

Elder sister Jiang Qing took the wooden box in Ye Chen's hand, took out the elixir and swallowed it: "it's really the elixir. Thank you, young master Ye!"

"Don't be distracted by blocking the six senses!" Ye Chen exhorts a way.

Bai Lian feels the agitation of the meridians in her body. She is very happy. She puts down her guard to Ye Chen and starts to work the mental method.

One side of the Ye Chen mouth up: "calculate the time, Jiang Qing also should arrive!"

But for a moment, Jiang Qing came into the house with a struggling little girl.

That girl in see ye Chen of a moment, start to make eyes at him, but Jiang Qing but don't think, his vision, all put on the elder sister body of meditation.

Jiang Qing saw her sister's face flushed, and then her whole body was flushed with blood, and a trace of blood overflowed from the corner of her mouth.

"This..." he turned to look at Ye Chen.

"The power of Dan Yao is too overbearing. Hurry up!"

Ye Chen sees Jiang Qing on the spot, takes over Han Han, and his whole body's spiritual power emerges to wrap him up and smash him straight at Bai Lian!

Chapter 6049

There was no collision in her imagination. At the moment when she met Bai Lian's body, the girl turned into a streamer and melted into Bai Lian's body.

Ye Chen see this, knowing a smile.

"How's my sister?" He comes forward to grasp Ye Chen's collar and asks.

"Here it is

Ye Chen is just a look to indicate, see the white lotus behind has restored calm, eyelid slight shake.

"I'm all right!"

The white lotus that opens an eye, said a word to Ye Chen.

Ye Chen nods gently.

"Sister, you..."

Jiang Qing excitedly came forward and grabbed Bai Lian's arm to ask questions. However, the next second, his face became gloomy.

"You're not my elder sister, you're..." Jiang Qing retreats with an arrow, but how can she resist the attack of Ye Chen and Bai Lian.

But with one move, he was trampled under his feet.

"All this is your scheme?"

Jiang Qing cried hysterically.

Ye Chen doesn't say anything. He sees white lotus's fingertips flash by. Jiang Qing's body shrinks at the speed visible to the naked eye. In the blink of an eye, she becomes the little girl.

"Cold?" Ye Chen looks at this strange and strange scene, also is some don't understand.

The white lotus didn't have good spirit to stare a leaf Chen, "this cover up method only has a short while, quick action!"

Ye Chen with a little girl's figure, a change, go out!

.....

On such a large square, people were waiting in silence.

Seeing that the situation was not right, the people of Zhu family had already slipped away to report.

Disguised as muxinghe, ye Chen appears on the square with the figure of a little girl. A moment later, Bai Lian's beautiful and graceful posture also floats.

Jiang Hu below did not see the figure of Jiang Qing, quite worried.

"Father, ye Chen has taken it, and Jiang Qing is over there..." Bai Lian sees that Jiang Hu has doubts and says consciously.

Jiang Hu's face slowed down and nodded gently.

Ye Chen, who turns into Mu Xinghe, winks at his father and indicates that everything is ready to start.

Mu Jianye and Jiang Hu look at each other, and the great power and aura of law gush out of their bodies. For a moment, heaven and earth change color.

The rest of them put their spiritual power into the interwoven Skynet.

Zhu's senior management got the news for the first time and sent out to Jiang's family.

"Star River, key!"

Mu Jianye shouts, ye Chen's eyes condense. In the elixir field, a blue energy rushes to the sky, and disperses on the sky net interwoven with the power.

Under the influence of the cyan energy, the whole space began to vibrate. Mu Jianye and Jiang Hu showed a look of ecstasy: "work harder, the seal will crack!"

As the two of them work together, the aura interwoven Skynet in the sky is slowly closed, and the two giant claws of the painting are mercilessly patted towards the seal border!

"Boom!" With a loud noise, the earth was set off a heat wave by the afterwave of the huge power, and the whole Jiang house collapsed and turned into dust in an instant.

"This power..."

Ye Chen and Bai Lian stare at what's happening in front of them. No wonder she's trapped for such a long time. Such old monsters guard her. It's evil if she can run out!

"It's cracking!"

"Come again!"

Jiang Mu and his wife once again urged their strength, surrounded by endless laws, and clapped them hard!

"Boom!"

Half of Wuzu city is shaking, one stone stirs up thousands of waves!

"The last one!"

Once again, the huge palm claps, the sound of fragmentation in the sky rings, the crystal of the "crackle" seal begins to break, and a huge cave emerges in the sky.

"You two, come on!" Mu Jianye and Jiang Hu roared.

The figures of Ye Chen and Bai Lian are speeding up, crossing the black hole and standing at the corner of another boundary, looking at what is happening below.

Ye Chen pushes the little girl down with one palm. Mu Jianye sees it, sneers and claps it!

The little girl's body flew out like a broken kite, hit the ground heavily and couldn't get up.

A few breath, became the appearance of Jiang Qing!

"This..."

Jiang Hu and Mu Jianye were so stupid on the spot!

Being put together?

Two people hurriedly toward the void in that immediately healing crack, ye Chen has restored to the original, at the same time, white lotus is gently waving to them.

The harm is not big, the insult is extremely strong!

Jiang Hu ran to the sky like crazy. The speed was so fast that it was amazing. He wanted to pull Ye Chen out before the crack healed!

Strong men of this level can crush them with one hand. Bai Lian can't help holding Ye Chen's clothes tightly, praying that the gap of the border will heal quickly

The next moment, another startling momentum burst up and stopped Jiang Hu. It was Zhu Jiazhu!

"Lao Zhu, don't stop me!"

Mu Jianye joined the war: "listen to our explanation!"

.....

Ye Chen takes back his sight and doesn't care about the three families who are making a pot of porridge. This wave, if you don't fight for three defeats, you will be hurt, but I'm sorry for his strategy.

White lotus turns a head to look at Ye Chen: "this also is in your plan?"

"Also not all is, just happened to bump into just..." the leaf Chen smile.

Looking at the white lotus leaf Chen seem to think of what, busy mouth asks a way: "we should also arrive at the fourth rob now, wait to break five rob, I then take you to return to the noumenon."

After all, the white lotus in front of her is just a soul in her body.

"By the way, you should know more about the magic tower of ten robberies than you do. After five robberies, what is there?"

Chapter 6050

Bai Lian pondered for a moment and said, "I just know about it. The ten robber magic pagoda has ten floors, but it's not known how many floors there are. People from all ages have not been able to reach heaven yet!"

"Moreover, the leader behind this is also a legend in the supreme world."

"He can reverse time and space, control other people's life and death, but his existence does not seem malicious to ordinary people."

"More importantly, this person is extremely concerned about the rules."

"Is this the fourth floor space?" Bai Lian turned her head and looked at the darkness of nothingness.

Ye Chen Mou son one coagulates, order a way: "should be."

"It's just that I don't know what to do next."

Suddenly, Bai Lian found something and held out her hand: "look, there's light over there!"

In this dark world without borders, light represents hope for them!

"It's moving!"

"Chase

They speeded up and swept forward.

The light spot saw Ye Chen and her two chasing each other, and they ran away in a panic as if they had opened their minds

Until there is no retreat.

Ye Chen stepped forward and said, "who are you?"

I saw the light flash, convey the idea of despair.

All of a sudden, the light spot gave out a voice: "you have the smell of destruction, it's you!"

"I'll fight with you!"

That light spot saw nowhere to hide, was forced on a dead end, indiscriminately began to use self explosion!

In a flash, the light spot bloomed a dazzling silver light and lit up the whole sky!

"This is..."

Ye Chen and Bai Lian look at the miserable image of purgatory, and the whole earth is dying out, emitting bursts of scorched smell.

"All... Extinct..."

Ye Chen looked at what happened with disbelief. "This place should be a city or an independent world, just like the third level space."

"But now, why is it like this?"

There is no imagined corpse piled up like a mountain, a sea of blood running into a river.

There is just endless desolation

Scorched and lifeless earth, above which is the sky!

"I'll fight with you, the source of thunder, three thousand thunder out!"

The light above the sky began to work, and the crackling thunder and lightning reverberated through the sky.

"Hey, you misunderstood. We're not here..."

Ye Chen is anxious to shout, but where to hear the crazy voice in the void.

From around the core light spot, layers of thunder waves began to spread

One side of the white lotus see, silent, do not know what to think!

The first layer of thunder wave, the earth began to set off a heat wave!

Ye Chen stands in the void and looks at the ripple with thunder and lightning breath calmly.

"Dust tablet, come out!"

In an instant, the stele turned into a huge shield, guarding Ye Chen and Bai Lian!

Giant shield package, help Ye Chen block the external thunder robbery!

"Use shield to avoid mischief!"

Ye Chen's mind is running fast. He is thinking about how to break the game.

Bai Lian frowned and said nothing.

The second layer of thunder wave, the air contains a trace of the law of thunder, ye Chen just breathing, the body will be a little paralyzed.

He looked directly at the light spot in the center of the thunder layer, and didn't know what he was feeling.

The third layer of thunder, clouds all over the sky, drizzle began to accompany lightning, dripping.

The little drizzle slapping on Ye Chen's cage broke the unbreakable shield of the dust stele, which could even block the strong man at the top of Taizhen!

Ye Chen is still motionless!

One side of the white lotus is no longer silent, she waved her sleeve, will come forward to stop!

Ye Chen took her hand,

"You're just a soul. You've taken over other people's bodies. You're missing. Your spirit is not stable. It's broken. I don't even have an ally!"

"Yan xuan'er, come out!"

In a flash, ye Chen's whole body flame breath emerges, wants to evaporate that thunderstorm!

The fourth layer of thunder wave comes, and the heavy rain pours down. The thunder elements gather from the void and turn into a sharp sword. The heavy rain drops on the sword body and turn into endless blessing! Even vaguely close to Wuwu's martial arts charm!

A sword across the sky!

The guard of the dust stele is completely broken!

The heavy rain drops on Ye Chen and Bai Lian. In a twinkling of an eye, they have soaked their whole body.

Thunder and lightning around the whole body, at the moment of Ye Chen and Bai Lian, even the fingers can't lift up!

Ye Chen Mou son a coagulate, definitely of intention burst out, destroy road seal suspension but come out!

At the same time, the breath of six samsara burst out!

"Destroy the seal! Six samsara boxing

Ye Chen raised his head to the sky and roared. The magnificent breath of the six samsara paths all converged on his fist. Suddenly, as if he wanted to break the sky, he blasted fiercely to the sky.

This is Ye Chen's strongest blow. He used it when he was fighting xuanjiyue, but now he added the seal of destruction!

Ye Chen's whole body is full of Qi and blood, his eyes are full of cracks, his hair is full of excitement, his fist has six brilliant weather, and the bright magic light shines violently, as if it contains the power of heaven and hell, which is irresistible.

The world is silent at this moment!

However, ye Chen suddenly found something, fierce stop!

It's all gone!

.....

Don't know how long, ye Chen opens eyes, the white lotus of one side is also looking at him, two people mutually look at a smile.

At the moment, the two figures in the endless thunder devour, standing proud.

"I do have the seal of destruction!"

"But I don't just have the seal of destruction."

A big drink shakes the world.

A moment later, the figures of Ye Chen and Bai Lian appear again from the nihilistic darkness.

"It's all illusions?"

Bai Lian asked in surprise.

"Yes, and no!"

Ye Chen clenched hands, the feeling of paralysis still did not completely subside, the consumption of spiritual power is still true.

"I thought that at the last moment, you would run to destroy Dao Yin and resist thunder robbery!"

The point of light in the void reappeared, flashed and passed on.

"I reminded you at the beginning that destroying Daoyin can break my thunder. Why don't you resist?"

The thunder Ling twinkled and asked.

"It's true that I could have resisted as much as I could, but what I saw at the beginning was the result of my resistance."

"I just saw the end ahead of time!"

Ye Chen sinks a voice way.

"Then why did you stop at the last minute?"

Lei Lingzhi asked!

"Because you didn't mean to kill me!"

Ye Chen a meal, reply a way!

"At the beginning, the illusion in the void really disturbed my mind and judgment. I didn't even know when I fell into the illusion. The thunder disaster also made my body feel dangerous. But in the end, I gave up resistance because of life!"

Ye Chen thought about it and said seriously.

"Ha ha ha! Sure enough, the ten robbers' magic tower won't lose sight. It's a very interesting answer, life! "
