Chapter 6051

However, ye Chen is just obsessed with the fantasy, and did not notice.

"Maybe you still don't understand the meaning of these two words. When you realize it one day, come here again, and I'll give you a chance!"

Thunder spirit twinkles, a radiance sprinkles on the leaf Chen body, "the will of the fourth layer you have mastered, congratulation you, broke four calamities, can go further!"

"Can I go to the fifth floor?"

Ye Chen surprised, this is the end?

It's much easier than I thought.

"What is the so-called common life? I think you will finally understand. You can go to the fifth floor!"

Leiling flashed.

"When you break the five robberies, you will have the five robberies pattern!"

"If you become the owner of WuJie Shenwen, you will be the first person to have it outside the territory!"

Ye Chen is stunned and guesses that the five robbers' Divine pattern is what Shentu Tianyin wants to take.

"What's the origin of these five robbers?" Ye Chen asked.

Leiling light way: "and sword."

"I feel the cause and effect of Tianjian and the cause and effect of jianshidi from you."

"It seems that you have the guidance of an expert. If you are contaminated with the existence of these causes and effects, you need the five robber divine lines."

Ye Chen is stunned. He is not surprised that the other party knows the sky sword. Why does he even know the world and the earth, which is guarded by Xuening Qian in the earth's heart?

Perhaps guess Ye Chen to continue to ask, leiling directly interrupted: "know too many things is not good for you."

"Go ahead, the space of the fifth floor has been opened up, and the vitality has been broken. Go ahead, the end of the road is destruction or rebirth, which is your next test!"

"By the way, people around you, I'll take them away."

When ye Chen heard the words, he was shocked.

He turned to look at Bai Lian and said seriously, "Bai Lian, you can't take it away!"

Lei Ling said faintly: "at the beginning, I participated in the separation of the spirit. Now I just let him return to the noumenon."

"Are you sure you want to stop me?"

Ye Chen this just loosens a hand, nod, the other side is not as good as to cheat him.

Lei Ling thought of something, suddenly said in a deep voice, "if it is a test before, the next road is life and death!"

What did ye Chen think of again, opening a way: "Zhu Yuan is in a few layers?"

Lei Ling hesitated for a few seconds, and said: "his perception of martial arts is extremely terrible. Someone needs him, but he is resisting."

"As for what floor he is on... He's a little special. He was asked by that Taoist. So, he's on the ninth floor now."

Ye Chen a Zheng, originally this time want to save Zhu Yuan to leave, now it seems that the ninth floor is too far away.

Now we can only try to break the fifth one.

Soon, ye Chen's figure disappeared.

.....

When ye Chen opened his eyes again, he found himself under a mountain.

However, when looking at the peak in front of you, ye Chen's pupil can't help shrinking!

This is a huge mountain with numerous bones!

How many people will it take to pile it up?

Tens of thousands? Tens of millions? Or 100 million?

Even though ye Chen's heart is firm, at this moment, his back is also in a cold sweat.

He could feel that there were prohibitions all around him. The fifth one of the ten robberies was probably on the top of the mountain.

Ye Chen Mou son a coagulate, no longer hesitate, step into that numerous white bone, step by step toward the top of the mountain.

It took an hour for ye Chen to reach the summit!

Strangely, the top of the mountain is a lake of blood!

On the blood lake, there was a man in white. He was holding a sword and his eyes were closed. He seemed to be waiting for something.

"Is this the man who made all these bones?"

"But his white clothes are not stained with any blood, which is the extreme of Kendo?"

Ye Chen brow tightly wrinkly, not only so, he didn't even from the other party's body to feel a trace of killing.

It can be said that the existence of such a large number of bones is extremely tragic. Even like the original taboo in the world, how can such people not be murderous?

At the moment of Ye Chen's thinking, the man in white suddenly opens his eyes, and an invisible pressure instantly covers Ye Chen!

Ye Chen even feels that he can't move again!

"I haven't smelled the breath of living people for a long time. It's a good feeling." The man in white suddenly said, and there was a strange smile at the corner of his mouth.

Ye Chen looks solemn! The other side is very strong! It can even be said that it is strong and outrageous!

If this is the fifth disaster, can someone really cross it?

In a twinkling, the man in white appeared beside Ye Chen, still holding his sword in both hands and looking at Ye Chen faintly: "I'm empty. I've been suppressed here for 970000 years, and this is the witness of these years."

"I won the championship in kendo at that time, but I didn't fail. I accidentally broke into the magic tower of the ten robbers and got the secret of the sword for all ages. I wish I could defend the fifth robber forever!"

"If you want to break through this disaster and get five divine patterns, you have to defeat me!"

"But now you are still in a real state. Is it really possible?"

That name is empty man light sneer way.

Ye Chen Mou son one coagulates, no longer hesitates, direct sacrifice disaster sky sword!

But the disaster sword just appeared, an invisible force is to let the disaster sword break away from its own hands!

In a flash, the disaster sword appeared in Xu's hand.

Xu Mou son tiny MI, looking at the disaster sky sword, coldly smile: "the sword is a good sword, but the person who holds the sword, can't."

The next second, the disaster sword is thrown out, deeply into the thick soil.

Ye Chen knows that he can't use the sword, so he doesn't think much about it any more and takes it back to the reincarnation cemetery.

Empty hands behind him, double fingers and for the sword, light way: "you and I double fingers for the sword, sword asked respect!"

Before ye Chen's reaction, Xu appeared in front of him, surrounded by infinite laws, and the sword intention swept across his fingers!

Although the other side did not move the sword, but at this moment, ye Chen seemed to see a sword world!

Thousands of swords are coming!

"Red dust God pulse, open!"

In the crisis, ye Chen suddenly drinks, the red dust God pulse opens, the body is covered with a set of gold armor, and the golden Gang Qi surrounds the whole body!

But when the virtual sword finger touched the golden armor, it broke open!

Ye Chen's body instantly appeared a blood hole, rolling blood outflow!

Not only that, the fury of the waves will be ye Chen Zhen fly!

At this moment, ye Chen seems to feel that the whole body is going to dissipate!

How strong!

Xu looked at the vulnerable Ye Chen and shook his head: "the gold armor guarding you is good, otherwise you would have died long ago."

"It's a pity that it's over. You don't have the strength of the first World War."

"It still seems boring."

"Before long, you will be one of those white bones."

Just as Xu was about to turn and leave, a cold voice suddenly sounded from behind.

"Xu, it's not over yet. Do you want to leave so soon?"

Virtual body a Zheng, fiercely turned around, but found Ye Chen is standing not far away.

Chapter 6052

At the moment, ye Chen's whole body is gradually stained with blood, but his eyes are still firm!

The key is to discover that ye Chen's injury is recovering!

How can you survive being pierced by your own sword?

Short absence of mind, a smile, his mouth outlines a smile: "a little interesting, in this case, I'll play well with you."

In a flash, ye Chen seems to be shrouded in the world of a sword!

Although Ye Chen's wound recovery is very fast, but just an hour, ye Chen's body is covered with thousands of sword marks!

see the scene which is dreadful to one 's mind!

Rolling blood from ye Chen's wound, shocking!

Ye Chen is fallen in a blood river.

And at the moment of virtual, even a trace of sweat appeared on the face, eyes also faint fluctuations.

He killed too many people, but no one ever made him that way.

Is this a real world?

Where is this evil coming from?

Just when he thought that ye Chen was dead and could not stand up again, the young man in the blood River moved his fingers.

At this moment, the emptiness is no longer light, the heart is more like a storm in general!

At the moment, ye Chen seems to have entered a mysterious and mysterious world.

This is a bright red world.

Suddenly, a pair of eyes appeared in the world.

A pair of eyes that seem to see through the world!

This is the eye of the demon!

"Boy, I didn't expect you to enter the magic tower of the ten robberies, and for the first time you came to the fifth one."

"It seems that I still underestimate you."

"But you're in a bad condition. Maybe you'll die on this floor."

"But... If you die, it won't be fun. After all, you are the most important chess piece in my chess game. Last time you did something for me, today, I'll help you to get the five robbers mark."

The next moment, fall in the pool of blood, ye Chen Meng opened his eyes!

The eyes of the monster to the extreme!

That's the power of the demon!

Ye Chen stands up like this, the corner of the mouth hangs a mysterious smile, he looks at not far away of empty, don't speak.

But at the moment, Xu stepped back subconsciously, and he found that the boy had changed.

At the moment, he keenly felt that what he was facing was no longer the boy, but a... A world shaking demon!

"Who are you?"

Ye Chen, who was possessed by the demon, pointed with a sword and said faintly: "I hate this kind of experience. The old guy behind the ten robber God's magic tower should not mind my quick fight and quick decision. It's not a bad rule."

Words just fall, ye Chen moved!

In an instant, ye Chen appears in front of Xu!

Not only that, ye Chen's back also appeared as if countless demon clan sword picture!

Every sword is the ultimate sword across race and Tao!

Thousands of sword ideas gather on the two fingers!

At this moment, Xu's two fingers also burst out the amazing Kendo!

But Kendo has not yet taken shape, but it has been torn to pieces!

Next second, the virtual fingers are broken!

Abruptly broken!

If you break your finger, you can recover easily!

But it's a bloody shame for Kendo's Xu!

The empty body is standing in the same place like this, and the eyes are a little absent-minded.

But at the moment, a voice came from ye Chen's mind: "boy, to help you today is to need you to do another thing for me in the near future."

"The next time you wake up, it's time for you to do something for me!"

The sky demon leaves Ye Chen's body in an instant, and ye Chen also gains the ability to control his body. He looks at Xu not far away. He just wants to speak, but Xu raises his head and smiles.

"Sure enough, the Tao is endless..."

"Thank you."

Then, without waiting for ye Chen to speak, Xu came to Ye Chen's body, stretched out his hand and pointed at Ye Chen's eyebrows.

An ancient Rune twinkled in Ye Chen's eyebrows.

In a flash, ye Chen felt as if he had a stronger understanding of Kendo!

Even, he and the wild devil sky sword, disaster sky sword, and even that just got the dragon Yuan sky sword, contact also more closely!

This seemingly subtle difference has a huge impact on the battlefield.

Even now in the face of xuanjiyue, he will not be as embarrassed as that day.

Is this the so-called five robbers pattern?

He knew that the fifth disaster was hard to break, but he never thought it would be so hard to break. If there was no sky demon, he might really be planted here.

As for the remaining five floors, ye Chen doesn't plan to rush any more.

Judging from the current news, Zhu Yuan's life is not in danger.

As for why the people behind the magic tower of the ten robbers brought Zhu Yuan to the ninth floor, I don't know.

Xu Song opened his hand and said, "Congratulations, the fifth robbery has been broken. You should go to the sixth robbery next, but I can tell you for sure that you are going to die now. "

"But I can't send you away. You can choose to practice here for ten thousand years. Maybe after ten thousand years, you will be qualified for adjustment."

Ye Chen naturally can't stay here for ten thousand years. He thought of something and quickly communicated with Huang Lao: "Huang Lao, you said there was a way to take me away. What's the way?"

After a short silence, the old man said: "there is only one way, with the help of the reincarnation graveyard, to break the ten robbers' magic tower, which is the only thing."

Ye Chen's hand instantly appeared a black stone, which is the bearing of reincarnation cemetery.

"What should I do, old man?"

The voice of the old man continued to ring: "gather all your strength on the stone, and I have also set up a big array in the reincarnation cemetery. Once the array communicates with the outside forces, it will burst out a force to break the fifth level rules from the inside out!"

"It's your chance then!"

"But I can't guarantee what kind of impact this will have on the ten robber magic tower and reincarnation cemetery."

"Even you will be in danger, but not to death."

Ye Chen thought for a moment and said, "good!"

The next second, ye Chen will close his eyes, six samsara and many other forces will burst out, and ye Chen's breath will go away!

Just when ye Chen wants to guide his power to the mysterious stone, a cold voice suddenly explodes in the void!

"Smelly boy, do you dare to fight against the magic tower of ten robbers?"

"You know the consequences!"

"You've got the five robbers' tattoo. I'll send you out!"

"But if you dare to fight against this tower, not only you will die, but also your friends will fall here!"

Ye Chen a Zheng, know this is the existence behind ten rob God magic tower!

Before he can react, the surrounding space is torn!

The next second, he opened his eyes and found that he was outside the magic tower!

And the Shenyuan beside him is too empty and completely confused!

"Ye Chen... You... Come out..."

Shenyuan's eyes are extremely frightened!

He thought Ye Chen would die in it. No matter how bad it is, he will be trapped for thousands of years!

But this just how long, ye Chen unexpectedly succeeded to come out?

Ye Chen looked around and breathed out: "it seems that even the people behind the ten robbers' magic tower are afraid of the power of reincarnation cemetery..."

"If I have a crisis of life and death in the future, can I explode the load of reincarnation cemetery?"

Chapter 6053

At this time, the voice of the old man suddenly rang out: "boy, you think too much, the ten robbers magic tower is far from as simple as you think."

"In fact, I don't know if the self exploding stone has any effect. The way I wanted to leave at the beginning was that the person behind me sent you out in person."

Ye Chen

Is this a threat of deceit?

It's too risky.

In his imagination, the old man broke out with the strongest blow, tearing up the rules of the magic tower and sending it out.

The result is to outwit?

What's more, it's a chance to outwit?

"Old man, what if the man behind doesn't leave?" Ye Chen asked.

At the moment, he still feels cool behind.

The old man gave a cold smile: "then take a chance."

Ye Chen

Huang Lao obviously didn't want to talk nonsense. He said directly, "I advise you to go to see the secret world of the fighting God as soon as possible. If you want to take charge of Longyuan Tianjian, you need this last step!"

"And I have a vague sense that something big is going to happen in that place."

Ye Chen is one Zheng, then the vision sees to the ten rob absolute being magic tower in front of, light way: "white lotus, wait for me to come back."

"Zhu Yuan, even if you are on the ninth floor, I will try my best to rescue you!"

No longer hesitating, ye Chen's eyes looked at xiangshenyuan Taixu and said, "I have something else to do. Please say hello to the Lord of Shenyuan for me!"

The next second, without waiting for the reaction of Shenyuan, ye Chen will go in a direction!

.....

At the same time, ten robbers in the magic tower.

Bai Lian sits cross legged. Under her is an ancient array.

The ancient words of the array hover in it, as if there is a huge whirlpool under the body.

And in the whirlpool, it is the soul of Bai Lian in one of the robberies!

The soul is constantly close to the body of Bai Lian, and the last drop of blood essence converges as if it were a rope connecting the soul and Bai Lian!

"Heaven and soul return to the body!"

A voice resounds!

Next second, that soul melts in the body of white lotus!

White lotus eyes fierce open, gently spit out a mouthful of turbid gas.

"Thank you."

After a long time, she said to the void.

In the void, however, came a voice of indifference

"You don't have to thank me. I just used the reincarnation Lord."

"Lord of reincarnation, since he helped me solve that trouble, I should also help you return this soul to your body."

"Still, you're not free."

"The Lord of reincarnation calls you Bailian, and I won't call you your real name."

"Bai Lian, I want you to do something for me now."

White lotus a Zheng, but know oneself at the moment still involuntarily, then way: "do what?"

The voice stopped for a moment and said, "I need you to help me persuade Zhu Yuan!"

White lotus beautiful Mou stares big: "why don't let reincarnation Lord do this matter, I and Zhu Yuan don't know each other."

The voice gave a cold smile: "if the reincarnation master persuades me, the reincarnation master will surely find out the purpose behind me. At that time, it is still a problem whether the ten robbers magic tower can exist."

"The Lord of reincarnation, though I am not afraid, reincarnation in heaven and the divine things that the boy is in charge of are not trifles."

"So I need you to do it."

"Zhu Yuan should be able to perceive the cause and effect between you and the reincarnation Lord from you."

Knowing that she had no choice, Bai Lian nodded and said, "OK, I can only try."

"But I also want to ask, why choose Zhu Yuan?"

That voice is light way: "I certainly hope to be the reincarnation of the Lord, but the reincarnation of the Lord is doomed not to become a chess piece, and Zhu Yuan, he is very special, he is also a very suitable chess piece!"

"But he's a dead card."

Hearing this, Bai Lian's delicate body trembled.

In other words, Zhu Yuan will die!

This may be the reason why Ye Chen is not allowed to see Zhu Yuan.

And if he persuades Zhu Yuan, he is undoubtedly pushing Zhu Yuan down the abyss!

As long as Zhu Yuan does not agree, he can continue to live!

But how can I hide it?

Without waiting for Bai Lian to think, her body appeared in the ninth floor!!

.....

One day later, heaven and man.

Ye Chen follows the guide of the map and goes to the mysterious world quickly.

The void tears, and ye Chen comes to the west of heaven and man, a secret place.

This secret place is suspended in the sky, surrounded by layers of ancient breath, which seems to originate from the ancient times, surrounded by thousands of layers of clouds forever. If it wasn't for the map given by Shentu Tianyin, ye Chen would never have found it.

"Is this the secret world of doushen?"

Ye Chen moves in his heart and steps into a secret place.

But see the secret, is a world of rocks, there is no vegetation, only a piece of barren stone, all over the earth.

Ye Chen took the map and kept on walking along the direction of the map.

This map also contains the cause and effect of the secret world of God of war.

It turns out that the legendary god of fighting, Tianzhu, was a magic weapon of the supreme world in the past, which could assist the cultivation of the formula of fighting words in the divine skill of Brahma.

The old master of the supreme world was afraid that the God of war would be won by the ancient emperor Yuhuang, so he knocked the bead down to the realm of heaven and man in advance to curb the power of the ancient emperor Yuhuang's fighting formula.

In the realm of heaven and man, the existence of such value is like a rare existence. It is very rare. The value of the fighting God Tianzhu is self-evident.

If you can really get the God of war Tianzhu, its divine power is enough to break the blood mark left by xuanjiyue.

Ye Chen goes all the way. There are many fierce beasts in the secret place, but they are no threat to Ye Chen.

Soon, ye Chen traveled thousands of miles alone and came to the depths of the mysterious world of Dou. However, he saw a huge brass bead suspended in the sky, engraved with the word "dou", which is the legendary god of Dou Tianzhu.

And next to the fighting God Tianzhu, there is a head of gold guard, guarding quietly.

"Is that the God of war Tianzhu?"

Ye Chen looked up at the brass beads in the sky, only to feel the vast and domineering fighting breath, roaring and suffocating.

If you can get the God of war Tianzhu, you will be able to destroy xuanjiyue's blood!

It seems that many guards of gold armor are aware of the strange smell and pull out their swords one by one.

These gold armor guards are not living people, but the guardians evolved from the spirit of the fighting God Tianzhu. They are used to protect themselves from being captured by outsiders.

With Ye Chen's strength, ordinary guards can't stop him. He pulls out the disaster Sky Sword and wants to capture the God of war. However, he sees the red blood mist surging in the distance. A white haired demon girl is tearing through the air and it turns out to be Xiao Qingyan.

"Xiao Qingyan, it's you!"

Ye Chen is surprised to see Xiao Qingyan appear.

Shentu Tianyin said that there would be changes here, but ye Chen didn't expect that this change was Xiao Qingyan!

"The Lord of reincarnation, is that you? You have taken away the Longyuan Heavenly Sword. I'm looking for you. I'll give it to you immediately, or I'll kill you! "

Chapter 6054

Xiao light Yan see ye Chen, crystal clear blood red eye pupil, immediately burst up bloody murderous gas, full face ferocious color.

It turns out that yesterday, she went to kill emperor Shitian, but she couldn't catch up with him. Then she woke up and went back to fight for Longyuan Tianjian, but the fight for the sword was over. Ye Chen took the Longyuan Tianjian away. She felt very sorry.

This time, Xiao Qingyan comes to fight against the mysterious world. He wants to capture the God of war, Tianzhu, and make up for the loss. Unexpectedly, he meets Ye Chen.

Whoa, whoa, whoa!

A face between, Xiao light Yan unexpectedly is direct hand, ten fingers Gang breeze roar, white bone sharp claw toward Ye Chen kill.

Ye Chen is surprised. He only feels that Xiao Qingyan's strength has reached half a hundred shackles. It's really hard to deal with.

Because of her scarlet chalcedony, she made great progress in her cultivation, but her intelligence also became confused. She no longer considered Ye Chen as a friend, but as an enemy. She didn't show any mercy.

Since the other party wants to kill, ye Chen does not dare to neglect.

"Disaster, wild devil, kill!"

Ye Chen drinks violently, the disaster Sky Sword and the wild devil sky sword, the double swords match perfectly, kills at the same time.

It's just a Heavenly Sword. Ye Chen is worried that he can't defeat Xiao Qingyan, so the two swords are perfect.

The evil spirit of the sword, mixed with the breath of disaster, chopped at Xiao Qingyan's waist mercilessly.

Ye Chen doesn't dare to keep his hand, because once he keeps his hand, he will be killed by Xiao Qingyan at any time, and the other party won't say anything.

"Why?"

Xiao Qingyan was also surprised to see the combination of the two heavenly swords. At the moment, he didn't dare to join them, so he left.

"Crimson mist, up!"

Xiao light Yan once again wave a hand, continuously crimson mist gush thin but come out, transform into a demon fog border, lock Ye Chen trapped in.

Ye Chen only felt a burst of blazing, and the scarlet mist was just like the big explosion of a volcano. Every cloud of dust with the hot temperature of magma constantly burned his skin. If he was careless, he was afraid that he would be burned to death.

"Tianxian Koi copy, purify me!"

Ye Chen's face was dignified. With a wave of his hand, the koi were released, and the red fog around him was dispelled by the Koi.

Whoa, whoa, whoa!

In the next moment, the wild devil sword and the disaster sword, like a black dragon and a gray dragon, cut out from the tide of Koi and killed Xiao Qingyan again.

"Qilin tree, up!"

Xiao Qingyan still doesn't dare to take it hard. He flies away and sings in his mouth. He calls out the Kirin tree to resist the attack of Ye Chen's sword.

Bang bang!

Ye Chen cut the branches of the Kirin tree with his sword. The fairy Kirin growled fiercely, but he could not withstand the impact of the sword.

Xiao Qingyan's face changed slightly. The Qilin tree had already lost its core, and it was obviously unable to resist the killing of the two heavenly swords.

"What is your ability to fight with weapons?"

Xiao Qingyan is so angry that he has no choice but to put away the Kirin tree, avoid Ye Chen's sword and wait for the chance to fight back.

Ye Chen said: "you rely on your accomplishments, break through by chance, and bully the weak. What is your ability?"

He knew Xiao Qingyan was strong, so he didn't relax at all. The two heavenly swords kept uniting all the time, chasing left and killing right. The light of the sword was flying, which didn't give Xiao Qingyan a chance to breathe.

However, the two heavenly swords resonate with each other, collide with each other, and fuse with each other. However, an abnormal change is looming.

There is a fragmentary soul rising from the depths of the two heavenly swords, merging with each other and changing into a human form.

It was a man in an imperial robe, a crown, eyes like falcon, waist like wolf leopard. He had the face of a tyrant, but his expression was dull and dazed, as if he was lost.

This soul body floats over the sky sword, sways with the wind, and seems to break up at any time.

Ye Chen saw that a soul body suddenly floated out of the sky sword, and he was startled.

Xiao Qingyan was also shocked to see this scene and exclaimed, "ah, Lord of the old days!"

Ye Chen heard the word "Lord of the old days" and said: "this soul body is the Lord of the old days?"

The Lord of the old days was the great master of the old age of the supreme world. Because it was too old, no one knew the real name of the Lord of the old days.

In a word, the old master was the great master of the past. In the end, he was killed by the ten great ancestors, and his soul was used to refine the eight heavenly swords.

At this moment, the combination of Ye Chen's two swords shows the soul of the old lord.

Xiao Qingyan retreated and said in a deep voice: "it's said that the eight heavenly swords are refined with the soul of the old master. If we gather the eight heavenly swords together, the old master can be revived. It's true!"

"If I get the eight heavenly swords, the Xiao family will rise again!"

The soul of the old lord contains great spirit and energy. If anyone can swallow it, he can take everything from him.

In the war between the old and the new, the old master felt the fall and sealed all the natural materials and local treasures he had collected all his life in advance.

The legendary tianwu Wolong Sutra is said to be hidden in the treasure of the old lord.

If you can swallow the soul of the old lord, you can open his treasure and get tianwu Wolong Sutra!

Tianwu Wolong Sutra, the most precious ancient method of Hongmeng, can never be seen in the world. Even the superior has never seen it. It is said that because it is hidden in the old treasure, no one can see it.

After swallowing the soul of the old lord, you can get his memory and naturally know the way to open the treasure.

Chapter 6055

After the killing of the old lord, the ancestors of wanxu and the sword God originally wanted to carve up the soul of the old lord and seize his treasure.

However, at that time, the law of heaven and earth was about to collapse, and the ancestor of wanxu had no choice but to ask the ancestor of the sword God to sacrifice the soul of the old lord and use it to forge the eight heavenly swords.

Now, the heaven and earth of the supreme world are completely stable. The soul of the old lord can capture, hunt, devour and refine at will, so as to grasp the mysterious treasure behind.

However, if you want to know the secret of the treasure, you must refine the complete soul of the old lord. That is to say, you must gather the eight heavenly swords to make the soul complete.

The eight heavenly swords have been scattered for a long time. Even the ancestors of the ten thousand ruins have no ability to gather them together. Therefore, it is the first-class problem in the world to seize the old treasures and control the tianwu Wolong Sutra. No one can do it.

At this time, the combination of Ye Chen's two swords shows part of the ghost of the old lord, which is a kind of creation never seen in ancient times.

After all, the eight heavenly swords are scattered. No one has ever tried the combination of two swords since ancient times.

As soon as the ghost of the old lord appeared, ye Chen immediately felt that there seemed to be countless pairs of eyes staring at himself in the sky, which brought him a huge pressure.

"Well?"

Ye Chen is stuffy to hum a, single knee soft fall, almost want to kneel down.

"The resurrection of the ghost of the old lord has shocked the world?"

Ye Chen's face changed, and he had already guessed the reason, and immediately removed the state of double sword combination.

Whoo!

The ghost figure of the old lord dissipated immediately.

Ye Chen almost vomited blood, just from the pressure of Taishang, it's too terrible, if he moves more slowly, it's very likely that he has been locked in the air machine and killed directly.

In the supreme world, the wanxu temple, the sword God family, the Shentu family, the Hong family, the Ren family, and so on, were all shaken violently.

Many strong people's eyes, through the void, seem to want to find something.

Because the return of the old lord's soul represents a terrible storm that is coming.

Naturally, everyone is interested in the treasure of the old lord and wants to capture the legendary tianwu Wolong Sutra.

In the dark forbidden sea, Wutian felt the spirit of the old lord reappear, and his face also changed slightly.

"My elder martial brother's life should not die. He is about to recover."

One of the purposes of the old alliance established by Wutian is to gather the eight heavenly swords and revive the old lord.

The purpose of other people's reviving the old master is to directly devour the old soul and open the treasure.

But the idea of the devil ancestor Wutian is to revive the elder martial brother, rebuild the old order, wash the temples of ten thousand ruins with blood, and cut off all the causes of hatred.

At this time, the spirit of the old lord reappeared, representing the hope of resurrection.

Fight in the mysterious world, Xiao light Yan see ye Chen a face uncomfortable, almost vomit blood appearance, did not take the opportunity to move.

Because, she did not have the assurance of victory, the supreme sword of the edge, is too fierce, even she did not dare to despise.

"Boy, when I refine the God of war, it's your time to die!"

Xiao Qingyan snorted and flew to the sky to capture the God of war.

What she fears most is Ye Chen's two heavenly swords.

If you want to kill Ye Chen, you must first find a way to fight against the edge of his heavenly sword.

The God of war, Tianzhu, is the supreme artifact of the thirty-three days, which is enough to fight against the attack of Tianjian for a short time.

At this moment, Xiao Qingyan just wants to win the God of war Tianzhu. After refining, he has the bottom card to protect himself. Then he challenges Ye Chen and directly kills him.

In this way, the disaster, the wild devil, the dragon Yuan and the three heavenly swords are all hers, which is enough to revitalize her Xiao family.

Clank, clank!

Xiao Qingyan waved his hands. His long nails were like a sharp sword. He blew out a sharp sword storm and chopped up all the guards guarding the God of war Tianzhu.

Then, her slender hand, gently grasp, will be the God of the fight Tianzhu, grasp in the hand.

Ye Chen noticed the change, suddenly opened his eyes, Bagua Tiandan technique a little breath, the body churning blood immediately calm down.

"The pearls stay!"

Ye Chen see Xiao light Yan want to capture the God of war Tianzhu, suddenly surprised, a burst of drink.

"Ha ha, you can catch up with me."

Xiao light Yan a sneer, holding the bead, flying away.

Ye Chen's face sank, and immediately carried the wild devil's sword to pursue and kill him.

If he lost it, he could not break through xuanjiyue's bloodstain and hold Longyuan Tianjian. What's the use of seizing the sword?

They ran after each other and left the mysterious world in the blink of an eye.

Xiao Qingyan flew all the way, and he didn't know where he wanted to go.

Ye Chen faintly feels that the other party seems to have a great plan, but at this juncture, he can't retreat.

The pursuit of most of the day, has come to the night, bright moonlight scattered down, draped in Xiao Qingyan, as if for her to put on a layer of gauze.

In the moonlight, her figure is more strange, white hair flying, barefoot flying between, soon with Ye Chen, came to a cave.

Ye Chen chases into the cave, but sees an ancient picture of eight trigrams hanging in the cave.

As soon as ye Chen saw the ancient picture, he was shocked and caught Ren's extraordinary breath of cause and effect.

"Mr. Ren, have you ever been here? Yes, he went into the earth's center and followed this passage

Ye Chen pinches a finger to calculate, already hole clear cause and effect.

However, as soon as Xiao Qingyan's aura was infused, the eight trigrams of the ancient map of the starry sky revealed an ancient path of the starry sky, connecting to the unknown void.

But ye Chen knows that this ancient path of the starry sky is connected to the earth's heart, and Ren Feifan has passed by.

"Hahaha, reincarnation Lord, if you have seed, you can catch up."

Xiao Qingyan laughed and stepped into the ancient path of the starry sky.

When ye Chen's face sank, did Xiao Qingyan want to return to the earth's heart?

Now, Longyuan Tianjian has been captured. Ye Chen's cause and effect is almost solved, and he has plans to return to the earth's heart.

After all, there is his unfinished cause and effect in the earth's heart.

However, Ji Siqing is still waiting for him to go back, to continue the front edge, how can he let the beauty alone keep empty pillow?

Even if you want to go back to the center of the earth, you should at least talk with Ji Siqing about his wedding. It's rare for him to agree. Once Ye Chen misses it, he probably won't have a chance in the future.

Just at this time, ye Chen can't get away.

"Damn it

Ye Chen clenches his teeth. The time is urgent, and the God of war Tianzhu can't afford to lose. He has to send an edict, go back to the blood death prison, find out the reason to Ji Si, and then step into the ancient star road.

Entering the ancient star road, ye Chen comes to a dark star world. In this star world, only a lonely ancient road extends to the end.

Xiao Qingyan runs along the ancient road. Looking back, he sees Ye Chen coming. With a sneer, he suddenly says in a loud voice to the depth of the sky: "there is no heavenly book. The Lord of reincarnation is coming. Don't you plan to kill him?"

When ye Chen heard Xiao Qingyan's cry, he suddenly felt awe inspiring: "no letter from heaven! By the way, master Ren said, "Wu Wu Tian Shu is the guardian of heaven's principle, that is, to guard here!"

Chapter 6056

At the thought of no letter from heaven, ye Chen is on guard.

After all, wuwutianshu is the first of the four Supreme Tianshu. It is very powerful, and it is also the guardian of heaven's principle. Taoism is profound and unpredictable.

This time, Xiao Qingyan clearly wants to kill Ye Chen with the help of a sword and the divine power of wuwutianshu!

Xiao light Yan called three times, but there was no response in the void, and there was no heavenly book.

Her face changed slightly, and she said in a high voice: "no letter from heaven, you falsely claim to be the guardian of heaven's law. Now the person who threatens heaven's law is in front of you. Don't you do it?"

The sound fell, and there was no movement around.

Xiao Qingyan said again: "no heavenly book, I went back to the earth before, you stopped me everywhere, how can I be a turtle today?"

It turns out that after absorbing the scarlet chalcedony, Xiao Qingyan wanted to return to the inner earth, but he was blocked by Wu Tianshu. Finally, he returned fruitless and had to snatch Longyuan Tianjian, intending to use the edge of Tianjian to force his way.

But at this time, wuwutianshu doesn't appear. It seems that because ye Chen appears, he doesn't mean to stop him any more.

Seeing this, ye Chen immediately waves the wild devil's sword and cuts it to Xiao Qingyan. He just wants to take back the God of war.

Without the fighting God Tianzhu, he couldn't break through xuanjiyue's blood mark at all.

Xiao Qingyan's pupils shrank, but he didn't dare to face the edge of the sword. He kept flying away, thinking: "this guy has powerful weapons. I can only fight against him when I return to the ancestral place of Xiao family, and by virtue of the geomantic omen of the ancestral place and the luck of cause and effect."

Thinking of this, Xiao Qingyan speeds up and goes back to the heart of the earth. He plans to go back to the ancestral land of the Xiao family and take advantage of the geographical advantages to fight ye Chen.

At this time, although she has the God of war Tianzhu in hand, but ye Chen is in hot pursuit. She has no time to refine. Naturally, it is impossible to use this Tianzhu to fight against Ye Chen.

Ye Chen clenched the wild devil Sky Sword and pursued it all the way.

However, he did not dare to combine the two swords, otherwise it would be troublesome to arouse the ghost of the old lord.

The wild devil sky sword has revived, and even absorbed part of xuanjiyue's essence and blood. It has become extremely powerful. The power of the sword is far more powerful than before, and it is also better than the disaster sky sword. Ye Chen has the advantage of weapons. He is sure to defeat Xiao Qingyan and take back the fighting God Tianzhu.

Between them, they soon saw the end of the ancient star road.

Xiao light Yan did not hesitate, through the end of the space vortex, back to the heart of the earth.

Ye Chen is a footstep, thought: "once I return to the heart of the earth, want to come out again, that trouble."

If ye Chen stepped into the center of the earth and wanted to come out again, he could only leave through the gate of eternal antiquity, or the demon would take him away by using the magic power.

"Just for the sake of fighting God Tianzhu! Siqing, wait for me

Ye Chen clenches his teeth, and Ji Siqing's graceful figure emerges in his mind. If Xiao Qingyan hadn't stopped him, he might have won the God of war, Tianzhu, and went back to kiss Ji Siqing again.

But now, the dream is broken.

Ye Chen cursed Xiao Qingyan in his heart. He stepped out of the old Star Road, went through the space vortex, and the light flashed. But he had returned to the center of the earth. In front of him was a desolate world.

Xiao light Yan's figure, flying in front.

Ye Chen continues to pursue and kill, and silently senses the changes of Qi in the earth's heart.

Indistinctly, ye Chen felt that the aura of the judgment hall was more vigorous than before, while the aura of Mo Honglin's three ethnic groups declined a lot.

"I don't know what happened to Mo Hanxi..."

In Ye Chen's mind, the figure of Mo Hanxi, a miss of the Mo family, emerges.

He and Mo Hanxi, there is a peach blossom resentment, although he knows that the two people have no results, but after all, there has been an encounter, naturally he did not forget her.

All of a sudden, Xiao Qingyan stopped in front of him, his face turned white, his fingers calculated, and he seemed to feel something terrible.

"I, the ancestral land of the Xiao family, was occupied by the judgment hall!"

Xiao Qingyan's voice trembled and his body trembled.

"Xiao Qingyan, hand over the fighting God Tianzhu!"

When ye Chen sees this, he only feels that the chance is rare. The wild devil Heaven Sword dances a dark sword and cuts it to Xiao Qingyan.

As soon as Xiao Qingyan's face changed, countless thoughts flashed in his heart between the red pupil turning. Then he withdrew from a distance and said, "Lord of reincarnation, you just want to fight God Tianzhu. I can give it to you."

"Oh?"

Ye Chen is quite surprised.

Xiao Qingyan with white hair, flying with the wind, said: "as long as you promise me one thing, I will give you the God of war Tianzhu."

Ye Chen said, "what's the matter?"

Xiao Qingyan said, "I, the ancestral land of the Xiao family, have been invaded by the judgment hall. Join hands with me to solve them first."

Ye Chen's heart is one Lin, ruling that the temple invades the Xiao family. I don't know if it invades the Mo family?

He was quite worried, but on the surface, he said with a smile, "so you want to cooperate with me? Why should I cooperate? Since your Xiao family has been occupied and you have lost the good fortune and Feng Shui of your ancestral land, what are you going to do with me? "

Xiao light Yan's appearance, causes the rhythm and arrangement of Ye Chen at the moment to be interrupted, his heart is just annoyed, but also don't want to cooperate.

Xiao Qingyan stepped back and said, "you are so powerful with weapons that you bully a weak girl. Then I have nothing to say. I really can't fight you, but it's impossible for you to win Tianzhu, the God of fighting. Even if I pinch it, I won't give it to you!"

Chapter 6057

Finish saying, Xiao light Yan palms up, holding the God of war Tianzhu, it seems that as long as ye Chen a difficult, she will crush Tianzhu.

Ye Chen said: "hum, this is a super artifact. With your strength, I'm afraid you can't destroy this magic weapon!"

Xiao light Yan light way: "ha ha, I can't destroy, but fight to sacrifice oneself, sacrifice life, always can hit it hard, you want to take advantage of me, that is absolutely impossible."

Between her words, she has a strong determination to be fierce. It seems that even if she is fighting for her life, she won't do any good to Ye Chen.

Ye Chen's eyes were cold, and the knuckles of his hand with the sword crackled. He pinched his fingers slightly and said, "it's OK to cooperate, except for the God of war, Tianzhu. After it's finished, you can give me the secret of Bing Zi, which is treasured by the Xiao family."

After a little deduction, he had already sensed the cause and effect of the Xiao family, and captured a peerless magic power, which was exactly the formula of Bing Zi in the great Brahma's nine Supreme skills!

The great Brahma's nine Supreme skills have nine magical powers: "all those who fight in front of the army march forward in array."

Generally speaking, Jiutian Shenshu can only be practiced by one person, because there is only one part of Qiyun. If one person occupies it, outsiders can no longer occupy it.

But some of the nine gods are the exception, and Brahman's divine skill is like this!! This skill is too complex, and qi movement is too scattered, so as long as there is a secret formula, everyone can practice it.

Of course, the premise is to have enough talent.

With Ye Chen's talent, he is naturally qualified to practice the divine skill of Brahma.

"What, you have figured out the secret of Bing Zi Jue!" Xiao light Yan hears Ye Chen this words, immediately surprised.

The "Bing Zi Jue" represents the best weapon refining method in the world. In those years, the ancestor of wanxu presented it to the ancestor of the sword God for casting eight heavenly swords.

The sword God Laozu gave the immortal blessing and passed the magic power of the military word formula to the Xiao family, but did not return it to the wanxu Laozu. It seems that there is another layout.

Ye Chen's deduction method is extremely powerful. These joints have been clearly understood, but Xiao Qingyan is extremely shocked.

Looking at Ye Chen's eyes, Xiao Qingyan only feels that he has been stripped bare, naked, and has no secret at all, all of which have been clearly perceived by Ye Chen.

"It's worthy of being the master of reincarnation. It's really extraordinary."

Xiao Qingyan couldn't help admiring.

Ye Chen said: "how? I'll cooperate with you if you give me the extra general formula. "

Xiao Qingyan said, "the formula of soldier is the core of my Xiao family. I can't give it to you. I can lend it to you at most for a month. If you can understand it, it depends on your nature."

Ye Chen pondered for a while and said, "a month? Yes, I promise you

He has absolute confidence in his talent. One month is enough time for him to understand the formula.

He already has the foundation of the eight trigrams Tiandan technique. Although the military word formula is the method of refining weapons, the source is interlinked. The inherent talent of the eight trigrams Tiandan technique can also help to cultivate the military word formula.

If ye Chen can master the formula of "Bing Zi", he will master the most top weapon refining method in the world. As long as he has enough resources, he can even forge a new sword himself!

Ye Chen doesn't want to miss such a strong way.

Xiao Qingyan bit his teeth and said, "OK, it's settled. Let's go. Come back to the ancestral land of Xiao family with me. My people are in danger!" Then he wanted to start.

Ye Chen a wave hand, way: "slow!"

Xiao light Yan way: "what do you want to do?"

Ye Chen said with a smile: "you haven't given it to me yet."

Xiao Qingyan gritted his teeth and said, "I'll give it to you when the threat of the judgment hall is solved!"

Ye Chen shook his head and said with a smile, "no, I want it now. After it's done, I'll be given the formula of Bing Zi."

Xiao Qingyan thought about the safety of the people, but he didn't have the heart to bargain. He said: "you are cruel!"

Later, she threw the God of war Tianzhu to Ye Chen.

Ye Chen catches the fighting God Tianzhu, and feels a breath of fighting and killing. The fierce and domineering power of Tianzhu is almost suffocating.

"It's very good. It's worthy of being the supreme artifact of the thirty-three days. It's really tough."

Ye Chen secretly praised, immediately offered the holy water of the yellow spring, wrapped the God of the fight, and refined the God of the fight on the spot.

Xiao light Yan see this scene, can't help but gape.

Ye Chen doesn't need to sacrifice and refine blood, but only uses the holy water of the yellow spring to refine magic weapons in an instant. It's really incredible.

Even Xiao Qingyan had to admire the strength of reincarnation.

"Reincarnation blood is really strong, Lord of reincarnation, do you lack Taoist companions?"

Xiao light Yan looks at Ye Chen, ha ha smile, in the heart just want to repair with Ye Chen, share a piece of soup, capture reincarnation blood of Qi.

Ye Chen saw that Xiao Qingyan had only naked interests in his eyes, but he didn't have any sentimental feelings. He couldn't help laughing: "even if I don't get involved with women all my life, I won't touch you white haired witch."

Xiao light Yan laughs, pour also don't get angry, way: "go, again late too late." Then he flew to xiaojiazu.

Ye Chen follows Xiao Qingyan and flies all the way.

At this time, ye Chen has already refined the God of war Tianzhu. His best plan is to sit down, break through xuanjiyue's blood seal, and take charge of Longyuan Tianjian thoroughly.

However, this process will take at least three days.

At this juncture, the Xiao family's crisis is around the corner, and ye Chen can't get away from it, so he has to solve the Xiao family's crisis first.

They flew all the way, and the air became cold and frosty. A huge sacred tree appeared in the distance. It was the Qilin sacred tree that had the weather of floating.

This place, which is also the ancestral place of the Xiao family, is a cold snow plain.

The Kirin tree that Xiao Qingyan called before is just a ghost. The real Kirin tree is in the ancestral land of Xiao family.

When I came to the outer edge of the xiaojiazu's land, I found that on the snow plain, there were many soldiers in silver armor patrolling around.

"Who is it?"

Those Temple soldiers, see ye Chen and Xiao light Yan appear, immediately surprised.

"Hum!"

Xiao Qingyan gave a cold hum, but he didn't talk nonsense. He rushed like a ghost. His ten fingers were as sharp as swords and danced wildly. A sharp storm blew up and tore up all the temple soldiers around him. His flesh, viscera and intestines ran all over the ground and dyed the snow red.

Ye Chen also went up, but saw that on the road in the distance, there was a long line winding, about hundreds of people, hands and feet were chained, end to end, marching in the snow, howling and complaining, it was very sad.

On both sides of the procession are a large number of disciples of the holy hall.

"Damn it! Even the old and weak women and children of the Xiao family will not let go of this holy hall

Xiao Qingyan was gnashing his teeth. There were many poor children and old people in the group. They were not walking fast and were whipped and urged by the disciples of the holy hall. Some people couldn't stand it, so they fell on the icy road and couldn't get up any more.

Chapter 6058

"Go! Your Xiao family is very sinful. If you give your blood to the ark Tianzhu, it may alleviate your guilt. "

While whipping, the disciples urged the Xiao family to move forward.

There was a magnificent sedan chair in the procession. I didn't know who was sitting in the sedan chair. There was a strong aroma of wine. Even if ye Chen and Xiao Qingyan were far away, they could smell it clearly.

"Chen zuiyue, the four elders of the ruling hall, is in the sedan chair."

Xiao Qingyan pointed to the sedan chair, with a murderous look in his eyes.

Chen zuiyue is the leader of the wind devil's book of heaven in the four-day book of "wind and cloud without phase". He used to guard the holy land of five places and watch the existence of danxianhu.

Ye Chen early and Chen zuiyue hand in hand, at this time a smell that strong wine, also guess Chen zuiyue here.

Chen zuiyue is the master behind the arrest of the Xiao family.

"Do it!"

Ye Chen pulls out the demon sword and looks at Xiao Qingyan. They have a tacit understanding and kill each other.

The disciples of the holy hall were surprised to see that there was a magic light and a red light in the snow.

Many captured Xiao family members were also surprised.

"Enemy attack! Be careful

The disciples of the holy hall immediately pull out their swords and come up to intercept Ye Chen and Xiao Qingyan.

But their bodies, in front of Ye Chen's two people, were immediately torn up like paper paste.

Xiao Qingyan's cultivation is full of half a step and a hundred shackles.

Ye Chen's real fighting power is also of this level.

The combination of the two is naturally overwhelming.

Between lightning and flint, ye Chen and Xiao Qingyan come to the sedan chair.

They smashed the sedan chair with one sword and one palm, but the sedan chair was empty and no one existed.

"Good Kung Fu! The Lord of reincarnation, Miss Xiao, it's you. "

There was a burst of applause.

But see a look indifferent young man, waist hanging wine pot, behind the suspension of a volume of heavenly book, appear in Ye Chen Xiao light Yan two people side.

It is the "Mirror Flower Water Moon", the fourth elder Chen zuiyue.

It turns out that just after ye Chen and Xiao Qingyan attacked and killed each other, Chen zuiyue had already used the wind demon's heavenly script to escape without being hurt.

On the corner of Chen zuiyue's mouth, with a faint smile, it seems that everything is in hand, and there is no panic.

In fact, in his heart, has been full of fear and vigilance, only feel Ye Chen Xiao light Yan's strength, it is incomparably strong, it is not easy to deal with.

However, he is used to drinking, and his temperament is calm and easy-going. As long as he doesn't meet any extraordinary master, all changes can be handled calmly.

"Chen zuiyue, die for me!"

Xiao light Yan full of anger, white bone claw wave, roll up a burst of scarlet mist, toward Chen zuiyue hit.

Chen zuiyue urges the wind demon Tianshu, and a storm surges up to disperse the scarlet mist. However, Xiao Qingyan's claw strike is extremely fierce, like a sword to him.

Chen zuiyue's double palms and three palms in a row seemed to be quite relaxed, but in fact she had done her best. She stepped back two steps and kept calm. She said, "I don't know what happened to Miss Xiao. She has become so powerful."

In the past, Xiao Qingyan's cultivation was only in the middle stage of Taizhen realm, but now he was in the middle stage of Baiji realm. He was a first-class master in the earth's heart.

Chen zuiyue has a chance. At present, he is also in this realm. He can barely suppress Xiao Qingyan with the help of the wind demon's heavenly script. But with Ye Chen's words, he is no match.

The people of the Xiao family are also shocked to see that Xiao Qingyan has changed so much.

Today's Xiao Qingyan, compared with the past, is totally two people, regardless of the external appearance and posture, or the internal cultivation strength, are completely transformed.

"Do you want to know? Go to hell and ask

"Tianshang Xingchen sand, I suppressed it!"

Xiao light Yan fury, five fingers a wave, majestic scarlet mist again kill.

This time, in the crimson mist, there was a little granular fine sand mixed in the red fog. It shot out like a locust arrow, killing Chen zuiyue.

This day's shangxingchensha is one of the 33 Tianhong Mongolian methods. Ye Chen has seen the blood dragon perform it before.

At this time, Xiao Qingyan's power was much more terrifying, mixed with the smell of scarlet chalcedony, as if he could kill everything.

Chen zuiyue's indifferent face finally turns pale. If she is hit by this day's shangxingchen sand, she will be shot into a sieve.

In the crisis, Chen zuiyue sacrificed the wind demon's heavenly script, just like a shield to resist Xiao Qingyan's attack.

But at this time, ye Chen also shot.

"The wind devil's heavenly book is here. You can die!"

Ye Chen's wild demon sword penetrates the void, dances a sharp sword light and cuts to Chen zuiyue's head.

Chen zuiyue, with one enemy and two enemies, suddenly feels suffocated.

"Elder Chen!"

The disciples of the holy hall all around exclaimed.

At the back of the procession, there were ten figures, all dressed in holy armor and engraved with church runes. They were all powerful apostles.

"Tie the sky array!"

Chen zuiyue drinks violently and retreats in a bit of embarrassment. With the help of the wind demon Tianshu, she avoids the attack of Ye Chen and Xiao Qingyan.

However, with a whine of the wind demon Tianshu, he turned into a flash of light and escaped back to his body.

Obviously, this book of heaven was attacked and killed by Ye Chen and Xiao Qingyan. It has been damaged and needs to recuperate its aura. It can't be used any more.

Without the wind demon's heavenly book, Chen zuiyue's strength is greatly reduced. Now he wants to summon the present apostles to form a battle.

Chapter 6059

"Do you want to end the battle? The God of war, Tianzhu, has been suppressed by me! "

Ye Chen sneers, but does not give Chen zuiyue any chance to turn over.

As soon as the aura urges, a brass bead rises slowly from the back of Ye Chen's head, which is the God of fighting.

This fighting god heaven pearl is one of the most important artifact in the thirty-three days. As soon as it appears, a huge figure appears on the bead.

The figure, covered with red flame fighting spirit, powerful and fierce, is the God of fighting in ancient legends.

The God of war is a legendary figure of the same era as Wuzu, which is an extremely ancient legend.

The supreme artifact of the thirty-three days was made in the era of Wu Zu, and it has a very long history.

Doushen Tianzhu is made from the bones of ancient doushen, mixed with the refined copper of earth fire and the meteorite iron of Outer Heaven.

As soon as the God of war appeared, the fierce fighting atmosphere filled the world.

"As the fighting emperor, I should suppress all enemies!"

The huge figure on the bead sent out a cruel roar of war. With a big hand, the giant palm fell from the sky, and the fighting broke out. With a big hand, the ten apostles were beaten to death, and there was no chance to end the battle.

"What! Doushen Tianzhu, you... You can control the supreme artifact

Seeing this scene, Chen zuiyue immediately took a cool breath.

Only the legendary emperor of heaven can give full play to his real power.

But now, when ye Chen waved his hand, he was able to summon the ancient fighting God to help. It was obvious that he had played the essence of the fighting God Tianzhu, which was really shocking.

Xiao light Yan is also shocked, did not expect that ye Chen just refining God of war Tianzhu, unexpectedly so soon can play a power, it is incredible.

Ye Chen saw the whole audience of the apostles burst out and nodded with satisfaction.

It seems that this fighting God bead is really strong enough to break the blood mark left by xuanjiyue.

"Get out of here!"

When Chen zuiyue saw the situation, she immediately escaped.

He is a master of half step hundred flail realm, and he controls the wind demon Tianshu. He can't fight, but if he wants to escape, ye Chen and Xiao Qingyan can't catch up with him.

The remaining disciples of the holy hall, seeing Chen zuiyue running away, were in a mess and ran away in a hurry.

Xiao Qingyan immediately chases and kills, but there are too many people who escape, and she can't kill them all.

Ye Chen is not in a hurry, offer a wish sky star, light way: "I make a wish, the sky is bloodstained, ashes fly away!"

Wish the sky star boom for a while rotation, infinite faith thought force toss up.

Then, a startling scene appeared. The bodies of the escaped disciples of the holy hall suddenly exploded without warning. They turned into a shower of blood and dyed the sky red. In an instant, they disappeared. Except for Chen zuiyue's escape, no one else was left alive.

Xiao light Yan Zheng Zheng looking at this scene, finally looking at Ye Chen, sighed: "on killing, or you are powerful."

After a pause, he said, "are you interested in practicing together? You have so many magic weapons. Can you lend me one? "

Ye Chen said: "I said that even if you are the only woman left in the world, I will not consider you..."

Xiao light Yan interrupts him a way: "forget it, don't refuse, do you think this girl is very happy?"

Ye Chen looked at the bloody water all over the world and said: "the threat of the holy hall has been removed. According to the agreement, you should give me the formula of soldiers."

Xiao Qingyan nodded and said, "naturally, I won't break my promise. It's just the secret script of the military script. It takes at least seven days to open the forbidden area in the back mountain of my Xiao family. You should settle here for a few days. When the forbidden area is opened, I will give it to you naturally."

After a pause, he said, "if you are bored these days, you can come to my room to find me."

Ye Chen ha ha a smile, also no longer answer, seven days time, he naturally can wait.

The people of the Xiao family around Hear ye Chen's talk with Xiao Qingyan. They are surprised and don't know how Xiao Qingyan got to know the reincarnation master.

"You guys, the threat of the sanctuary has been removed. You can rest assured."

Xiao Qingyan cuts off the chain for everyone and saves them.

The Xiao family thanks one after another and tells the story of the past. It turns out that the ruling that the holy hall attacked the ancestral land of the Xiao family was to capture the people and nourish the ark beads with their blood.

It is said that the ark Tianzhu is one of the top ten Heavenly pearls of the thirty-three supreme deities. It can manifest a doomsday ark, cross the dark forbidden sea and fly directly to the supreme world.

The judge knows that it is difficult to ascend, especially the appearance of the reincarnation Lord and Ren Fanfan, which disrupts his plan, and even the world behind him is a hidden threat.

Therefore, he wanted to start the ark Tianzhu and prepare to brew a doomsday ark. If it was really the last moment, he would take the doomsday ark to escape and fly to the supreme world.

This ark bead, which was created by ancient great power, was originally intended to leave a way for future generations to escape from all suffering and go to any world.

At that time, when the ten great ancestors ascended to the Supreme Court and exterminated the old lord, it was in the ark of doomsday that Wutian could escape from adversity, leaving a trace of the old fire.

Later, the Ark's Tianzhu was lost, and the owner of the ruling got it. It had been incomplete for 100000 years. Recently, due to the appearance of Ye Chen and Ren Fanfan, and the hidden danger of Tianshu, the owner of the ruling decided to spend resources and prepare to rebuild the ark for a rainy day.

Chen zuiyue led people to capture the ancestral land of the Xiao family in order to capture the living beings, extract the blood, and worship and nourish the ark beads.

Ye Chen hears the story of the Ark's Tianzhu, frowns lightly, and worries faintly in his heart.

Since the ancestral land of the Xiao family has been conquered, the Mo family, the Hong family and the Lin family may not be spared.

Ye Chen tries to deduce the cause and effect of the three nationalities, but he can't see through the details. He only vaguely knows that there is still a trace of vitality in the three nationalities, and they haven't been destroyed.

Xiao Qingyan said: "Lord of reincarnation, if you are worried about the safety of the three nationalities, you can go out to investigate at any time."

Ye Chen pondered for a while and said, "no, I'd better refine Longyuan Tianjian first."

There is a lot of danger in front of him, and the holy Hall's plot is not shallow. If he doesn't have enough strength to protect himself, ye Chen doesn't dare to act rashly.

What's more, the fate of the three ethnic groups has not yet come to an end, so we don't have to worry too much. We'd better strengthen ourselves first.

Xiao Qingyan hears Longyuan Tianjian and hums coldly. She is not willing to fight with Ye Chen because of the family crisis. Moreover, the power gap is here. If she tries to fight hard, she will only insult herself.

"I won't rob you of the Longyuan sky sword, but when you become the sword bearer, you have to find a way to deal with the judgment hall." Xiao Qingyan said.

Ye Chen said: "you don't have to say that. I have my own sense of propriety."

Xiao light Yan ha ha a smile, also don't speak any more, then send someone to arrange residence for ye Chen, let him temporarily live in Xiao's ancestral land.

Chapter 6060

Xiao Qingyan was the only one left. The rest of the people were collateral. Naturally, they were obedient to her.

What's more, today's Xiao Qingyan, with great strength, has enough strength to lead the revitalization of the Xiao family. Naturally, people are more respectful.

At the moment there are several elders, with Ye Chen in a quiet room to live.

In the room, there is a large spirit gathering array, which vaguely communicates with the Qilin tree of the Xiao family, dispelling the cold and gathering aura. It is also quite suitable for cultivation.

Ye Chen nodded with satisfaction, then sat down in the room, offering the God of war Tianzhu and Longyuan Tianjian, ready to start refining.

Xiao Qingyan, on the other hand, came to the back mountain of Xiao's ancestral land, an icy Valley, ready to break the ban here and fulfill his promise.

She promised Ye Chen that she would lend Ye Chen the secret formula of Bing Zi, which was collected by the Xiao family, for a month.

"In just one month, I don't believe that you can understand the nine heavenly powers!"

Xiao Qingyan doesn't care, but she doesn't worry that the secret script of the Xiao family will be disclosed, because the nine heaven magic is too complicated. She doesn't believe that ye Chen can understand it in a month, and now she is at ease to unlock the ban.

But in that room, ye Chen enters the world of Longyuan sky sword again, but sees the sea of blood churning in front of his eyes, and the sword Qi of stars floating on the sea, like a dream, which is very magnificent.

"Lord of the tomb, I will help you break the blood mark and take charge of the Longyuan sky sword."

At this time, the voice of Beiwu purple emperor came from reincarnation cemetery.

Ye Chen hears speech, immediately a joy, way: "that thanks elder generation."

With the help of emperor Beiwu Zidi, ye Chen can break the blood mark and shorten the time of holding Tianjian by half. One and a half days at the most, he will be successful.

WOW!

Beiwu purple emperor's power, immediately poured into Ye Chen's body.

Ye Chen's body, blooming a burst of bright purple awn, even the eyes are turned into purple, power instantly soared.

"Fighting God, Tianzhu, get up!"

Ye Chen drinks violently, and immediately sacrifices the God of war, Tianzhu. The majestic fighting energy is poured into him in an instant.

His breath soared again, and the purple light around him burst out a fierce and domineering fighting breath, as if to destroy everything.

If ye Chen and Xiao Qingyan fight each other again at this time, they can take each other's life in three moves. It's easy.

It is conceivable that ye Chen, who has collected the energy of Beiwu purple emperor and doushen Tianzhu, is so strong.

"Yao guangzishu!"

"It's the end of fighting!"

Ye Chen's right hand pointed out that the rolling purple light burst out like a long river. At the same time, his left hand clenched it with a fist and exploded. His fighting spirit condensed like steel, and with a terrible collapse breath, he blasted to the front of the sea of blood.

Boom!

Under the double bombardment of Yao guangzishu and the collapse of fighting spirit, the sea of blood turns up a huge wave and is crushed heavily. Many Shenluo sword Qi in the sea of blood blows up and wants to hurt Ye Chen, but they are all dispelled by the majestic purple energy and strong fighting spirit.

The sea of blood is declining and the energy is weakening.

This sea of blood is the mark of xuanjiyue's essence and blood, and the illusion.

The decline of the sea of blood means that the blood seal of xuanjiyue will be broken by yechen.

Once the sea of blood completely dissipates, Longyuan Tianjian will get rid of the shackles and recognize the Lord again!

.....

meanwhile.

Outside, in the palace.

Xuanjiyue also obviously felt that her blood essence brand was declining, and her expression was extremely ferocious!

There's even a lot of anger in the pupils.

Her fists were clenched, and the fury of the storm was shaking around! Space seems to have a tendency to crack!

But soon, her hand was released. Although she didn't accept the result all the time, she didn't think that was the result.

At the moment, there was a sense of powerlessness in her heart.

"The reincarnation Lord got the God of war Tianzhu and went to the heart of the earth, ready to break my blood seal and take charge of Longyuan Tianjian?"

Xuanjiyue carefully realized that she had captured all the breath of cause and effect, and she could not help but be horrified.

With the help of doushen Tianzhu, ye Chen can break her bloodstain with strong means, without any counter attack.

What's more, xuanjiyue doesn't even have the chance to resist.

In the battle of Longyuan ruins, she lost too much, not only sacrificing reincarnation star flame, but also exhausting Shenluo Tianjian's aura, which led to the silence of Tianjian at the moment.

Outside, the emperor releases heaven, annihilates the silent sword spirit and so on. Many forces are eyeing her. She is very dangerous.

"Maybe it's time for me to go back to the earth's heart..."

Xuanjiyue's eyes twinkle and think of Ziwei Xinghe.

She was born in the river of crape myrtle, which is the place of her origin, with a strong aura.

If you take back Ziwei Xinghe, maybe you can use Ziwei Xinghe's aura to restore the edge of Shenluo Tianjian.

Even, with the energy of crape myrtle galaxy, she may have a chance to cut off the shackles!

It was destined to be her from the beginning.

.....

A day and a half later, with Ye Chen's efforts, the sea of blood in Longyuan world completely dissipated, and all the sword Qi of Shenluo Tianjian was completely crushed.

The purple emperor of Beiwu said: "congratulations to the tomb owner, you can finally take charge of the Longyuan sky sword!"

As soon as the sea of blood declines, the world of dragon abyss is full of golden lights and red neon everywhere. There are tens of thousands of heavenly dragons flying and roaring in the void. It's very spectacular.

The tens of millions of heavenly dragons are worshiping Ye Chen. Without waiting for ye Chen's essence and blood to be refined, they fly to join Ye Chen's blood and recognize the Lord on the spot.

Ye Chen opens his eyes and comes out of the world of the Dragon abyss. When he returns to reality, he finds himself surrounded by the same thousands of dragons. The roar of the dragons resounds through the sky. The sky is full of auspicious Qi and rosy clouds. Countless dragon shadows float, which is very spectacular.

Click!

Ye Chen's muscles and bones burst out, resonating with Longyuan Tianjian and complementing each other.

His cultivation breath, fierce breakthrough, at one stroke promoted to the true realm of two days.

"That's good. It's really a promotion!"

Ye Chen's heart is very happy. With the power of Longyuan Tianjian, he finally breaks through to the second level of heaven. No matter his fighting power or his luck, he has a huge transformation.

At this time, ye Chen is sure to kill Xiao Qingyan in three moves, even if he doesn't use the power of the purple emperor of Beiwu.

And the roar of the dragon in the sky, the auspicious wind of the sword, and the weather also startle thousands of miles. Almost the whole earth's heart is sensitive.

In the ancestral land of the Xiao family, many of them tremble and feel shocked when they look at the majestic weather in the sky. Many of them kneel down and worship ye Chen.

There are also many forces in the outside world. They are aware of the change and the divine sense peeps at the ancestral land of the Xiao family to explore the cause and effect, but they are completely blocked by an invisible power.
