

## Physician 6061

### Chapter 6061

It belongs to Ye Chen's reincarnation Tianwei, which can isolate people from visiting.

Seeing the vision in the sky, Xiao Qingyan knows that ye Chen has successfully taken charge of the Longyuan sky sword. He can't help sighing and murmuring: "this guy is really strong. Unfortunately, he doesn't understand the customs and refuses to practice with me."

In a moment, she looked down and saw that the lofty peaks were looming.

But some people just don't understand the customs.

She even thought, is it really that she has no charm?

Ye Chen Huoran gets up, all kinds of visions in the sky return to his body.

He held the sword tightly and waved it several times. He only felt that the sword was strong and fierce, and the dragon was powerful and powerful. It also implied the sharp edge of killing and cutting. It was a rare weapon with both hardness and softness.

"Very good, very good, Longyuan Tianjian is really powerful!"

Ye Chen is very surprised. This dragon Yuan sky sword has been standing on the earth for more than 100000 years. No one has collected it, and it has absorbed a lot of earth aura.

Therefore, among the three heavenly swords Ye Chen currently holds, Longyuan Heavenly Sword is the most powerful.

In order to achieve the killing effect of Longyuan sky sword, the wild devil Sky Sword must be cultivated to its full power. It has not reached this point yet.

As for the disaster sky sword, it should be combined with Li Feixue, or it will not reach the level of Longyuan sky sword.

Ye Chen put away the wild demon sword and disaster sword for the time being and carried the Longyuan sword behind him.

This dragon Yuan Sky Sword is a heavy sword. It's carried behind. When the edge is not obvious, the Seven Star Dragon Teng is all silent. It's like an ordinary black iron sword. No one can see the details.

"I don't know how miss Hanxi is now..."

Ye Chen remembers Mo Hanxi in his heart and immediately pinches his finger to deduce.

He was in charge of Longyuan Tianjian. After breaking through to the second level of Huanzhen realm, he had stronger deduction ability. This time, he suddenly found that Mo Hanxi was caught in the holy land of the five directions!

Not only Mo Hanxi, but all the people of Mo, Hong and Lin families were captured in the holy land of the five sides and imprisoned as prisoners.

At present, the people guarding the five holy places are the two elders of the judgment hall. The flowers in the "Mirror Flower Water Moon" are not flowers.

The three families of Mo Honglin were also conquered by Hua Feihua with a large number of elites, including the apostles of the holy hall and the generals of the kingdom of heaven.

Now, Hua Feihua is going to kill all the people of the three ethnic groups in half a month, when the Yang Gang Qi in the earth's heart is the strongest, and refine the blood to worship the ark beads.

Mo Hanxi and her grandfather, both captured as prisoners, are in great danger.

Ye Chen deduces to this scene, suddenly look a change, he and Mo Hanxi relationship is very shallow, naturally can't see each other accident.

"I have something to do when I go out. Tell Miss Xiao."

Ye Chen goes out of the door and gives a random order to the Xiao family. He immediately leaves the ancestral land of the Xiao family and goes to the holy land of the five directions to save people.

Now that he is in charge of Longyuan Tianjian, his strength has been greatly improved. If the second elder is not a flower, and his accomplishments are comparable to those of the fourth elder Chen zuiyue, he should not be his opponent. He is afraid that the other side will fight against each other with a large number of people.

Xiao family see ye Chen leave, also don't know what important things he has, but also dare not ask.

Ye Chen came out of the ancestral land of the Xiao family and flew all the way. It took him only half a day to come to the five holy places.

At that time, it was the beginning of night. The sky and the earth were dark. There were only five holy places with bright lights. There were countless generals on guard and patrol in the sky and on the ground, and the guard was very strict.

Ye chenlue calculated that there were 100000 guards in the holy land, which should not be underestimated.

He had been here before when he captured danxianhu. He knew that there was a hidden ancient road in the starry sky, but that road had been used once. He ruled that if danxianhu was lost in the holy hall, he would take precautions. He wanted to re-enter the same way, but he was afraid that he would fall into the trap.

Ye Chen hesitates whether to break through. All the people of the three ethnic groups are imprisoned in the holy land. Except Mo Hanxi, Hong Xin and Lin Tianxiao are caught.

Fortunately, in order to worship the ark beads, the judgment hall needed to prepare the best sacrifice, so it didn't abuse the people. Although they were in danger, they didn't suffer much.

Ye Chen is thinking about the way to save people, suddenly heard a sneaky footsteps approaching.

"Who is it?"

Ye Chen's vision is one cold, the body one Shan, immediately Shan swept to opposite party in front of, grasped opposite party's soft neck.

The other party "ouch" a exclamation, is the way silver bell as clear and sweet as the voice of a woman.

By moonlight, ye Chen presents a pure and lovely girl's face in front of her eyes, with a look of panic and fear, and her delicate body trembles slightly.

There were two cat ears in the girl's hair. It was obviously not human, but a cat girl.

"Oh, brother Ye Chen, it's you! When did you come back? "

The cat girl recognized Ye Chen, the color of panic faded, the joy of surprise, unexpectedly Ye Chen returned to the heart of the earth.

"You are..."

Ye Chen frowned and looked at the cat ear girl carefully. After a long time, he said, "are you the cat girl under Hong Xin's hands, the nine life spirit cat, Xiao Xuan?"

The cat girl was surprised and said, "it's me, it's me! Brother Ye Chen, you can recognize me. "

Ye Chen looked at each other's pure and lovely appearance, a burst of surprise, released his hand, looked at each other's figure, although it is still quite green, but it is already a girl's body, it seems to have the scale of seventeen or eighteen years old.

"Why are you so big?"

Chapter 6062

Ye Chen is so surprised that he still remembers that Xiaoxuan is an eight year old girl. He never thought that she would grow up to be a girl if she hadn't seen her for some time.

In the moonlight, Xiaoxuan was wearing a green shirt and skirt with very little cloth. It seemed that she was trying to seduce someone.

Xiaoxuan said: "brother Ye Chen, I have been recognized by the tree of the universe and joined the Hong family. After that, my name will be Hong Xuan. Not long after you left, I have become a mature man and my blood has changed. I am no longer a child."

Then he clenched his fist and looked very proud.

Ye Chen nods. Actually, he never regards Hong Xuan as a little girl. After all, the other party is a nine life civet. The age of the beast can't be estimated by common sense. It seems that the other party is a baby girl and may have lived thousands of years.

"Why are you here?"

Ye Chen asked again.

He felt that Hong Xuan's cultivation breath was five layers of heaven at most. If he wanted to save people, he would be dead.

Hong Xuan's eyes darkened and said: "ten days ago, Lao Hua, the second leader of the holy hall, led people to capture the ancestral land of the Hong family, and the master was also captured. I was practicing outside at that time and escaped a disaster. Now I want to save the master."

Ye Chen said, "if you want to save Hong Xin, it's more difficult than going to heaven."

Hong Xuan said: "I heard that the flower is not a flower. It's very lecherous. I've made an agreement with him. I'll give my life to him tonight, and he'll let my master go. I don't care about the life or death of others, but I can't watch the master have an accident."

At the end of the day, Hong Xuan was blushing and embarrassed.

Although she is a little girl's heart, but also know what tonight's agreement means.

Smell speech, leaf Chen immediately dumb.

Chen zuiyue is fond of wine and flowers are not lustful. He has heard about it, but he didn't expect Hong Xuan to be so naive that she thought that if she gave her body, she would be forgiven. It's too natural.

Ye Chen said: "little girl, you are too naive. It's no doubt that if you give your life to Hua Fei Hua, it's a sheep into the tiger's mouth. After he plays with you, not only will he not release people, but he will also arrest you and make you as a sacrifice to the ark Tianzhu."

Hong Xuan blushed and said, "but... How dare he break the agreement? He made an appointment with me. Do you want to turn back? Is he not afraid of the curse of heaven? "

Ye Chen laughed and said, "Heaven's curse? The gamblers, drunkards and lusts in this world want to satisfy their own selfish desires. Besides, you are lucky to meet me tonight, and there is still room for salvation. "

As soon as Hong Xuan's eyes brightened, she knew that ye Chen was powerful. She pulled down Ye Chen's arm and begged, "brother Ye Chen, please help me and my master. I beg you."

Ye Chen pondered for a while and said, "since you have an agreement with Hua Fei Hua, can you enter the holy land of the five directions aboveboard?"

Hong Xuan nodded and said, "Well! Yes, he gave me a token to pass at will

With that, Hong Xin took out a token with the word "flower" printed on it.

Ye Chen thought for a while and said, "well, I'll disguise myself as your servant and go with you to find out."

When Hong Xuan saw that ye Chen was talking at last, there was a murderous air floating in her eyes. She shivered and said, "brother Ye Chen, do you want to kill that flower?"

Ye Chen said: "this kind of scum, if there is a chance, naturally is to get rid of."

Ye Chen's biggest fear is the 100000 guards of the five holy places. If they form a ruling array, it's hard to deal with.

Now, with the help of Hong Xuan, you can get close to Hua Feihua. This is a golden opportunity, which means Ye Chen can catch the thief first, catch the king, and kill the enemy head at one stroke.

Hong Xuan is secretly surprised, but she also believes in Ye Chen's strength.

Since ye Chen says that he can kill, the flower is not a flower. It's mostly a corpse.

"Ye Chen elder brother, I also hate that bad old man very much, you can kill him, nature is best."

Hong Xuan was very grateful. She blinked and looked at Ye Chen. She could not express her admiration and admiration. She said, "brother Ye Chen, I have nothing to thank you for. Otherwise, I will give my life to you tonight. I am still innocent."

When ye Chen heard this, he looked at Hong Xuan's innocent and eager eyes. He couldn't help laughing. He flicked her forehead and said, "don't say such silly things. I'm not interested in little kids."

Hong Xuan curled her lips, straightened her chest and muttered in a low voice: "I'm not a little kid, I'm a big girl."

At present, ye Chen and Hong Xuan go to the five holy places together.

Ye Chen puts away the Longyuan Sky Sword and disguises it as Hong Xuan's servant. They soon arrive at the entrance of the five sacred places. However, they see that there are many tents and numerous guards patrolling inside. They are full of the spirit of fierce fighting.

When ye chenlue sensed it, he found that the three families of Mo Honglin were all imprisoned in the deep dungeon.

"Stop, who is it?"

See ye Chen Hong Xuan two people close, guard at the door of the two guards, immediately forward interrogation.

Hong Xuan, blushing and nervous, handed the token that Hua was not Hua and said, "little girl Hong Xuan, I'm here at the invitation of elder Hua."

The two guards, seeing the token and Hong xuanjiao's pure appearance, immediately showed a tacit smile, but when they saw Ye Chen beside them, they became nervous again and said, "who is this man?"

Hong Xuan said, "Oh... His name is Ah Fu. He is my servant."

"Servant?"

The two guards frowned and came to grasp Ye Chen's wrist to investigate Ye Chen's cultivation breath.

Ye Chen has already camouflaged, and his cultivation breath is very weak. He can't pose any threat, just like a mole ant.

The two guards were relieved and did not dare to delay to disturb Hua Fei Hua. They waved and said, "OK, OK, go in."

"Thank you, my Lord."

As soon as ye Chen arched his hand, he bowed his head and pretended to be modest. He followed Hong Xuan into the five holy places.

There is a guard, with two people, came to the main camp tent, Hua Fei Hua is in the tent.

The guard said, "elder Hua, the cat girl of Hong family has arrived."

In the tent, there was an evil laughter with covetous greed, saying: "very good, very good, little beauty, you come in."

Hong Xuan's heart was pounding and she looked at Ye Chen.

Ye Chen nodded, motioned that she should not panic, just went in.

Hong Xuan took a deep breath and stepped into the tent.

Brush, brush!

Inside the tent, there were a series of runes immediately, which cut off the sound inside, so that outsiders could not hear any details.

Several guards guarding outside the tent showed a look of no surprise.

After all, they all know what will happen next.

Chapter 6063

"I make a wish, a dream of life, a deep sleep of immortality!"

Ye Chen quietly, silently in the heart, made a wish.

All of a sudden, the guards fell down quietly, sleeping on the ground like mud.

After being promoted to the second level of reality, ye Chen is more skillful and perfect in controlling the wish star. He can make a wish with almost a single thought. For such a low-level guard, it's almost a dimension reduction blow, and one wish can kill him.

Now, these escorts are completely asleep, and they will sleep forever and never wake up.

In this process, no abnormal aura wave came out, and no one noticed it.

After solving the guard, ye Chen immediately steps into the tent.

As soon as he stepped into the tent, he heard Hong Xuan crying.

But see Hong Xuan has been pushed to the ground, clothes are not neat, a white haired old man, is lying on her body, scheming.

"Well?"

Aware that ye Chen came in, the old man was instantly alarmed.

Although Ye Chen is disguised as a servant, his eyes are extremely fierce and full of murders.

In an instant, the old man felt that ye Chen was not simple, just like a fierce tiger, and was never easy to deal with.

"Brother Ye Chen!"

Hong Xuan got up crying and rushed to Ye Chen's arms to cry.

"It's all right."

Ye Chen rubs her little head and looks at the old man coldly.

The old man's cultivation breath has reached the level of half a step and a hundred flail. Naturally, he is the flower in the "Mirror Flower Water Moon".

Ye Chen didn't expect that the other party's lust heart was so manic. Hong Xuan had just come in. There was no foreplay, but the other party wanted to force her directly.

Fortunately, ye Chen came in quickly and didn't make a big mistake.

Hua Feihua retreated a little and was on guard. The light floated on her body and gradually turned into a set of holy and brilliant white armor.

Ye Chen quietly solves the guard outside. Hua Fei Hua is fully aware of it. He already feels the horror of Ye Chen. He doesn't dare to be careless at this time.

"You are the Lord of reincarnation?"

In the dark, Hua Fei Hua has guessed Ye Chen's identity.

"Yes, it's me."

Ye Chen light way, the whole body aura burst out, washed away the Yi Rong refit, reveal the original appearance.

Hua Feihua was shocked. The name of the reincarnation Lord has spread all over the earth. Naturally, he is also like thunder.

Even the ruler of the verdict was extremely afraid of Ye Chen. He did not hesitate to spend a lot of resources to prepare for the recovery of the ark Tianzhu. After the collapse, he planned to take the ark of doomsday to escape to the supreme world.

"It's you! Reincarnation Lord, you are very powerful! Goodbye

Hua Fei's eyes are full of shock and horror. He dare not fight with Ye Chen. He turns to tear the void and wants to go.

Ye Chen a Leng, didn't expect that the other party is so afraid of himself, unexpectedly don't even have the courage to fight, just run away.

Fortunately, ye Chen's reaction was quick. As soon as he saw that Hua Fei Hua wanted to leave, he immediately made a wish in his heart

"I wish, space blockade, cause and effect cut off!"

All of a sudden, a layer of invisible barrier surrounds all around, blocking all the space, isolating the cause and effect here, and preventing outsiders from investigating.

Hua Fei Hua's face changes violently. She doesn't see ye Chen's action at all. She blocks the space. What a terrible means it is.

In a hurry, he even bumped into the invisible barrier, faltered backward, almost fell, and looked very embarrassed.

"Brother Ye Chen is so powerful!"

Hong Xuan clapped her hands and cheered.

She knew that ye Chen had great powers, but she didn't expect to be so powerful.

Hua Fei Hua is the second elder of the judgment hall. The famous existence of "jinghuashuiyue" is everywhere. How could you think that ye Chen was so embarrassed.

"Reincarnation Lord, don't deceive others too much. Do you really think I'm afraid of you?"

The flower is not a flower, but a cold hum. It is one of the five banners in the world.

"After all, your cultivation is only two levels of heaven in the real world. It's far from me. I advise you to take good care of yourself and don't act rashly."

When he offered the magic weapon, he calmed down a lot. He thought that ye Chen's cultivation was too weak after all. No matter how strong his reincarnation blood was, he couldn't really turn the world upside down. He had no reason to be afraid.

"There's so much nonsense. Die for me!"

Ye Chen hummed coldly. Without saying a word, he immediately offered his wish to Tianxing. He pulled out a black iron Epee in his hand, and the light of the Seven Star Dragon appeared.

"Ah, this is... Wish star, Longyuan sword!"

Hua Feihua was shocked when she saw ye Chenliang's magic weapon.

Whether it is the wish star or the dragon Yuan sword, they are all rare things in the world. He never thought that these two things were in Ye Chen's hands.

Ye Chen suppresses the geomantic omen of the five holy places by the great power of the heaven and the stars. He doesn't give Hua Fei any chance to borrow Qi. He holds the Longyuan Sky Sword in his right hand and cuts it out with no fancy sword, straight to the other side's head.

The heavy sword Qi tears the void and makes the sound of dragon chanting.

Hua Feihua only felt a burst of majestic sword Qi, with fierce edge to kill, even with his half step hundred flail realm strength, it was hard to resist.

The common Epee is heavy, thick, and skilful, but Longyuan Tianjian is an exception.

This sword, like other heavenly swords, is also fierce, and has a special heavy spirit. The dragon is powerful and powerful, which is much stronger than ordinary heavenly swords.

Chapter 6064

After all, the original casting of Longyuan Tianjian cost more materials.

In order to cast the Longyuan sky sword, the ancient emperor Yuhuang killed many dragon families and collected dragon blood, and finally made the sword God ancestor cast the sword successfully.

The power of Longyuan Sky Sword is also very powerful and terrifying.

Hua Fei's pupil shrinks, but ye Chen's sword Qi is so fierce that it's hard to resist.

"Ten thousand green lotus, broken!"

At the critical moment of life and death, the flower is not a flower, which urges the blue lotus flag. In a moment, thousands of blue lotus flowers bloom out, and the void is broken. There is only infinite blue light around them. The lotus flowers bloom and burst, and the sky is covered with leaves.

"A small skill in carving insects."

Ye Chen doesn't care. He has the dragon Yuan Sky Sword in his hand. The sword is so powerful that Hua Fei's magic weapon can't hurt him at all.

Ye Chen waved the dragon Yuan sky sword a little, and waves of dragon Teng sword Qi out. Countless dragons roared in the void, crushing the green lotus.

Hua Fei Hua saw this, but suddenly he shook his body, grabbed Hong Xuan with his palm, and said, "die for me!"

It turns out that he didn't want to hurt Ye Chen when he urged Qinglian baose flag. He just wanted to distract Ye Chen, so that he could seize the opportunity to capture Hong Xuan and use it as a hostage.

Ye Chenwu's profound knowledge is too strong, his reincarnation blood is too rebellious, and he holds Longyuan Tianjian in his hand. Hua Feihua is not the enemy at all. He just wants to rob Hong Xuan as a hostage, so he has a chance of life.

When Hong Xuan saw that Hua Feihua had killed her, she stepped back in horror and called out, "ouch".

"You want to play tricks under my nose?"

Ye Chen cold hum a, early have guard, the heart read a move, a red flag, fly out.

This flag is surrounded by red fire. It's the flag of fire from the ground. It's the same as the flag of green lotus. It belongs to the congenital five square flag.

"Flag of fire, go!"

Between the electric light and the flint, ye Chen urges the flag to leave the ground, and the breath of red fire bursts. Suddenly, tens of thousands of pillars of fire come out from the bottom of the ground, rumbling, destroying all the auras and visions of the flag.

In front of Hua Fei Hua, a ferocious pillar of fire suddenly exploded. In the pillar of fire, there was even a dragon roaring.

Blocked by the pillar of fire, Hua Feihua only felt the hot temperature coming, and her feet were stiffly blocked, even her hair and eyebrows were almost scorched.

"This... This is the flag of fire from the ground? How could it be, how could it be so powerful! "

Hua Fei Hua exclaimed, and he naturally recognized the flag of flame light from the ground. It was one of the five flags in nature, and its power was similar to that of the green lotus color flag. But in Ye Chen's hand, the power of flame suddenly soared, which was shocking.

Ye Chen cold smile, body but there is a dragon around.

It turns out that at the moment when the flag of flame light leaves the ground, ye Chen has already opened the vein of the Dragon Fire God of the burning stele. Not only that, he even let Yan xuan'er gather the fire of Tao spirit in it.

It's unimaginable that the fire of Daoling is powerful!

And his dragon flame pulse has already been transformed perfectly. Under the stimulation of the Dragon flame pulse, the magic weapon of fire attribute can play a more powerful role.

"Seven Star Dragon burning chop!"

Ye Chen swung the dragon Yuan Sky Sword and chopped his head toward Hua Fei's head.

The aura of Longyuan Tianjian is combined with Longyan Shenmai. The combination of the two makes a domineering sword chop, which is the "Seven Star Longyan chop".

Blazing as magma, brilliant as the sun, the sword cut angrily, without any fancy cut to the flower.

Hua Feihua's eyes are wide open and completely shocked.

He is a powerful man in the world. He is famous in the heart of the world. He is admired by thousands of people. He has a very high status. What a great man he is. However, facing Ye Chen's sword, he only feels that he is a mole ant and has no ability to resist.

"Lord of reincarnation, spare your life! This is the key to the dungeon. All the people of the three nationalities are locked in it. Please spare me, and I'll give you the key right away! "

Hua Feihua is completely flustered. Under the cover of Ye Chen's sword spirit, he even collapses. He even kneels down on the spot, holding a key in his hand, and bows to Ye Chen, hoping to live.

Ye Chen Epee dun dun, but did not expect the other party will be fawning.

"Hum, I'll kill you. Isn't the key mine?"

Ye Chen sneers, but he doesn't have the slightest hesitation. Longyuan's epee continues to chop fiercely. With a puff, Hua Fei Hua is cut in half on the spot, and his blood splatters on his internal organs. The latter's body and spirit are all killed in an instant and die completely.

Hong Xuan stares at this scene. Hua Fei Hua is a master of Baijia realm. He decides that the second elder of the holy hall is so terrible. But in front of Ye Chen, he is like a mole ant.

Ye Chen's strength, in the end strong to what extent?

What chance did he get when he left the earth?

Hong Xuan only felt that ye Chen at the moment seemed to be the Supreme God. It was said that there was a king in heaven. He was towering and overbearing.

How can the Hong family compete with Ye Chen?

"Brother Ye Chen, are you too powerful?"

Hong Xuan came back to her senses and uttered a tremendous praise, full of worship and a trace of despair.

Ye Chen, who is so strong, is afraid that even Hong Xin will come and despair. He is totally invincible.

"Don't say so much, go out and save people."

Ye Chen puts away the dragon Yuan sky sword, snatches the dungeon key from Hua Fei Hua's corpse, and the green lotus color flag.

Boom!

With the fall of non flower flowers, a dull thunder, wind whimpering, and blood petals floating in the sky.

"What's the matter with the sad wind and heavy thunder and the bloody sky?"

"Is elder Hua dead?"

"No! Something's wrong

The 100000 guards guarding the holy land, seeing the strange weather in the sky, suddenly realized that it was not good and came from all directions.

Ye Chen takes Hong Xuan by the hand and steps out of the tent. However, he sees that there are all kinds of guards in all directions. The heavy footsteps shake the world and make people suffocate.

"Brother Ye Chen, they found out!"

Hong Xuan's face turned white and she was completely frightened.

Ye Chen's face also sank. Although the cultivation of these 100000 holy hall guards is general, if they gather to form an array and form a judgment array, they will be in trouble.

"The Lord of reincarnation! He killed elder Hua

"The formation, quick formation, kill reincarnation, it's today!"

There are a few saints, saw Ye Chen, immediately exclaimed loudly, then want to end the battle.

"Wish stars, burning faith, suppressed by me!"

At a critical juncture, ye Chen immediately offered his wish to Tianxing.

He is very clear that if the other side forms a big battle, he will definitely be in a dilemma today.

The 72 ruling array is the core array of the ruling temple. Even he can't compete with the array formed by 100000 people.

Therefore, we must make a quick decision and never give the other side a chance to form a battle.

Chapter 6065

Wish the sky star boom, rising from behind Ye Chen, high in the sky.

On the planet, hundreds of millions of believers began to pray and chant, and the whole planet's belief and chanting were all burning up.

At this moment, ye Chen wants to burn all the savings of the wish star, relying on the power of faith, to disrupt the enemy's formation.

In this way, it will consume a lot of energy to the wish star. After the battle, the wish star will fall into a deep sleep for at least one month.

In that month time, wish star weak, unable to use, equal to Ye Chen less a card.

However, at this juncture, ye Chen did not care so much.

The belief and chanting of the heavenly stars are burning violently, and the void is filled with gorgeous hymns. The voices of chanting and praying are everywhere in the world. Countless faiths gather into a long river, and the gods and Buddhas are born all over the sky, like the arrival of gods.

"I make a wish that the enemy's smoke will be extinguished."

Ye Chen opened his arms and sent out a great voice of hope.

Whoa, whoa, whoa!

Wish stars, thousands of light burst out, just like the end of the world crystal awn, terror, powerful, killing tengtengteng.

Puff, puff, puff!

One by one, the guards of the holy hall were shot by the light of the wish star, and they immediately ran through their bodies, splashed with blood, and fell to the ground and became corpses on the spot.

The armor on them can't stop the attack of wish star.

In the blink of an eye, there were more than 10000 people. They couldn't escape and were killed by Ye chenmie.

Hong Xuan stares at this scene. Ye Chen's method is just a myth, like a dream.

Those guards who escaped the shooting, looking at the fallen bodies of their companions, were completely shocked. They didn't expect that ye Chen was so powerful.

"Withdraw!"

"Get out of here!"

"Go back and report to the Lord of God, the Lord of samsara is back, he is back!"

Many commanders roared and ordered, and the guards scattered on the spot, ran away in confusion, and did not follow Ye Chen.

Ye Chen's wish star, high suspended in the sky, just like the judgment of the end, who is hit by the light of the wish star, will die immediately.

This is the power of desire and belief. The supernatural power is so terrible that it completely goes beyond the scope of ordinary martial arts.

In a short time, all the guards in the five holy places fled, and no one dared to stay.

On the ground, there was a sea of corpses and blood everywhere. At least 20000 people were shot and killed by the wish star.

Looking at the terrible scene of corpses everywhere, Hong Xuan felt a little creepy and grasped Ye Chen's arm tightly.

"Come on, it's time to save people."

Ye Chen breathed a sigh of relief, put away his wish, and walked toward the dungeon.

This battle, although repulsed the temple guard, but ye Chen paid a huge price.

Hope Tianxing's aura, completely dim down, at least to wait until a month later, faith can restore.

This one month time, leaf Chen is no longer able to use.

Ye Chen and Hong Xuan come to the dungeon and open the forbidden gate with the key.

But in the dungeons, there were many cells, full of people, all of whom were from the Mo family, the Lin family and the Hong family.

Ye Chen sees Mo Hanxi and Hong Xin. Their faces are haggard, especially Hong Xin. Their faces are even paler, and their breasts are bandaged, as if they were injured.

In addition, ye Chen also saw Lin Tianxiao, Mo Hongji and other acquaintances, who were also detained here.

The people who are locked up here are all the core figures of the three ethnic groups, with a total of more than 2000 people.

In half a month's time, when the spirit of Yang Gang in the earth's heart is the strongest, the ruling hall intends to kill all the people of the three nationalities and use them to worship the Ark's heavenly beads.

Fortunately, they were prepared to offer sacrifices, so they were imprisoned and did not suffer too much abuse. Many women were still innocent and were not insulted by Hua Fei Hua. The latter did not have the courage to blaspheme the sacrifices offered to Tianzhu. It was unfortunate.

The crowd had already heard the noise outside, and they were talking in confusion. There was a lot of noise, and they didn't know what had happened.

At this time, ye Chen came in, and the sunshine outside was shining on Ye Chen. In this dark cell, it was like the coming of God, and it was incomparably glorious and sacred.

All the people in the room, stunned on the spot, recognized Ye Chen's identity, and was silent all of a sudden.

"Master!"

When Hong Xuan saw Hong Xin and saw her pale and haggard face, she ran to hold her and began to cry on the spot.

Hong Xin touched Hong Xuan's head, but there was a bitter smile in the corner of her mouth. She was too weak to speak.

Mo Hanxi of Mo family, seeing ye Chen, thinks that he is in a dream and whispers:

"Ye... Brother ye, is that you?"

Ye Chen stepped forward and said with a smile, "it's me."

Look around, to all humanity: "you, the threat of the temple has been removed, everyone is free!"

When they heard this, they were silent for a moment, and then they gave out the cheers like a tsunami. They were all very excited.

Ye Chen went to Mo Hanxi and said, "Miss Mo, are you ok?"

Then he looked at Mo Hongji, Mo Hanxi's grandfather, and said, "Mr. Mo, are you ok?"

Mo Hongji coughed for a while, looking rather weak, and said: "Ye Xiaoyou, thank you for your help. I'm fine. It's so good that you can come back!"

Mo Hanxi's eyes were slightly red. He couldn't help his soft body. He threw himself into Ye Chen's arms and said, "brother ye, you are back. I thought I would never see you in my life."

Chapter 6066

Ye Chen feels the warm fragrant nephrite in his arms. His mind swings slightly and says, "it's OK. I've come back."

At this time, Hong Xuan, not far away, said to Ye Chen, "brother Ye Chen, my master is injured. Please help me treat him."

Ye Chen sees that Hong Xin's face is pale and her chest is wrapped with bandages. Obviously, she is injured a lot. She says hello to Mo Hanxi: "what's wrong with her?"

Mo Hanxi sighed and said, "she doesn't want to be sacrificed by blood and become the sacrifice of the ark Tianzhu, so she wants to make her own decision. We rescued her, but the injury is too serious. I'm afraid she won't live long."

Ye Chen frowned and said, "half a month later is the day of blood sacrifice. What is she so anxious to do?"

Mo Hanxi gave a wry smile and said: "she is desperate. She thinks that no one can save her life. The three ancestors of Dixin temple are not moving. They clearly want to sacrifice us. There are dozens of people who have made their own decisions. I can hardly bear it. Brother ye, fortunately you are here."

Ye Chen heart a shock, also probably can realize the despair of Hong Xin.

After all, all the three tribes were captured, and the temple in the center of the earth was cold and motionless. Looking at the whole center of the earth, who can fight against the judgment hall?

If ye Chen hadn't come back, I'm afraid Hong Xin and Mo Hanxi would have all become sacrificial offerings, and there would be no possibility of living.

In desperation, Hong Xin can understand her own self - determination.

The three clans were imprisoned in the dungeon, and there were dozens of people who couldn't think of it.

"You wait, I'll see the injury of Hong Xin."

Ye Chen gets up and goes to Hong Xin's cell.

Although he has a grudge against Hong Tianjing and is destined to have a grudge against Hong's family in the future, it's hard for him to solve the grudge. However, it's hard for him to solve the grudge from one yard to another, and he will not violate his own mind.

There are many Hong family disciples around Hong Xin. When they see ye Chen coming, they have a rather complicated look on their faces.

On the one hand, they are afraid of Ye Chen and know that he is the enemy of Hong Tianjing.

But on the other hand, they are grateful to Ye Chen.

If it were not for ye Chen, the Hong family would not have been saved today.

Hong Xuan said, "brother Ye Chen, look at my master."

Ye Chen nodded, pulled up Hong Xin's wrist, explored her pulse, pondered for a while, and said: "she is seriously injured, but I can cure her. You go out first."

Hong Xin had a fatal wound in her chest and heart, which almost penetrated her heart and soul.

In the past, ye Chen might have felt extremely difficult in the face of this injury, but at this time, his cultivation has been promoted to the second level of the true realm, and his medical skills have also greatly improved. Naturally, this injury is not in his eyes.

Hong Xuan and Hong's family look at each other. They have to trust ye Chen and leave the cell.

With a wave of his hand, ye Chen calls out a wisp of yellow spring fog, isolating people's sight.

In the cell, only Ye Chen and Hong Xin are left.

Hong Xin looks more haggard and sad in the fog of the yellow spring. She opens her eyes slightly and looks at Ye Chen. She says: "your cultivation has made great progress. It's really two-tier sky. Cough... Cough, with your strength, you don't need ten moves to kill me."

Hong Xin's eyes were full of loneliness and helplessness.

She knows that ye Chen's martial arts is terrible. Although it seems that ye Chen's martial arts is a real world, her actual combat effectiveness is absolutely earth shaking. Unless the real strong one in Baiji realm takes action, it is impossible to suppress Ye Chen.

Hong Xin's cultivation transcends the realm of Taizhen, but she hasn't cut off her shackles. Her cultivation is a half step and a hundred shackles realm, so she is not ye Chen's enemy.

Even, in the dark, Hong Xin feels that if ye Chen wants to kill her, she doesn't need ten moves.

"Don't say that. I'll treat you."

Ye Chen has no choice but to smile, and then reaches out to untie Hong Xin's bandage, and then takes off Hong Xin's clothes.

He had treated Hong Xin for a long time before, and he had seen and felt her all over her body, so now he was very skilled.

Hong Xin blushed and said, "you despise me again."

Ye Chen looked at Hong Xin's creamy skin, but he didn't have any thoughts. He said with a bitter smile, "Miss Hong, I'm just healing for you. If you don't want to, you can find someone else?"

Hong Xin clenched her teeth, closed her eyes, turned her head, snorted and stopped talking.

Ye Chen saw a very ferocious sword wound on her snow-white chest. When she made her own decision, she obviously used a very strong force. She clearly wanted to use a sword to penetrate her heart and soul, so the wound was very serious.

Fortunately, ye Chen's medical skill is superb. He immediately mobilized the holy water of the yellow spring to clear Hong Xin's wound. Then he pressed the palm of his hand to release the eight trigrams heavenly elixir. A ray of blue Taoist light poured into Hong Xin's wound.

Hong Xin's wound, gradually healed, a burst of itching pain, she can't help but groan up in a low voice, people outside heard, know is healing, don't know what it is.

Ye Chen said: "bear with it, it will be better soon."

Hong Xin bit her red lip and endured for a while. Under the treatment of Ye Chen's eight trigrams, the wound was soon healed, and even the scar was not left.

"All right."

Ye Chen released his hand and dressed Hong Xin.

Hong Xin's watery eyes fixed on him, some unwilling to say: "you saved my life again."

Ye Chen said with a smile: "don't worry, I don't need you to repay."

Hong Xin bites her teeth, and her green jade arm suddenly embraces Ye Chen's neck. Her lips stick up and she kisses Ye Chen.

"Well???"

Ye Chen completely stunned, thought she this is to make what, want meat to repay?

Between kissing, ye Chen suddenly feels a warm aura coming from Hong Xintan's mouth.

The warm aura, with a hint of cherry blossom fragrance, is of great benefit to cultivation.

Ye Chen "Gulu" a, this wisp of aura, together with Hongxin mouth between the teeth of the jade dew, all swallow down.

Hong Xin releases Ye Chen, and stares at him with shame, anger, resentment, murderous anger and other emotions.

Ye Chen said, "what did you give me?"

Hong Xin said: "it's sakuraka Tianzhu's aura. It's my compensation for you. We will not owe each other in the future!"

Ye Chen a Leng, way: "Cherry mound Tianzhu? "The supreme artifact of the thirty-three days?"

Hong Xin said: "yes, sakuraka Tianzhu is one of the thirty-three supreme deities, one of the top ten. It's a blessing artifact reward I got from communicating with the Supreme Lord not long ago. It's full of aura. Now I give this bead, all of which are good for your cultivation. I don't owe you any more."

Ye Chen is indistinctly aware of not good, way: "you ditch through the supreme world?"? The news from Zulu... "

The ancestors of the top ten Heavenly Kings have been looking for a way to return to the earth's heart. That way is the ancient path of the starry sky that ye Chen and Ren Fanfan have walked through, with or without the protection of the heavenly book.

Hong Xin also entered the geocentric region along this ancient road.

She knows about Zulu!

Chapter 6067

Now listen to her words, she seems to have reported the news of Zulu to the Supreme Court.

Hong Xin said: "yes, I sacrificed the tree of the universe, and finally successfully communicated with the Supreme Master. All the ancestors of the heavenly kings have already known the news of their ancestors, and they are likely to return to the earth."

Ye Chen pupil contracts, way: "what!"

What Hong Xin said is really amazing.

In order to communicate with the Supreme Master and transmit information, she sacrificed the tree of the universe.

The ancestors of Tianjun successfully received the information from Zulu and gave Hongxin the Tianzhu of Yingzhong as a reward.

If the ten great heavenly kings return to the earth, it will be a great change.

No one can stop the power of the emperor.

Even Ren Fanfan, compared with the emperor behind, also has a big gap.

If the yuhuanggudi came down, to the heart of the earth as a springboard, to avoid the rules, kill out, then whether ye Chen, or Ren extraordinary, only a dead end, completely irresistible.

"You... You..."

Ye Chen stares at Hong Xin, and even wants to kill her directly!

If it were not for Hong Xin, Zulu's information would not have been leaked.

The ancient road in the starry sky is protected by no letter from heaven, which can't be destroyed.

In other words, the ancestral road is eternal and can not be destroyed. The emperor and the ancestor can pass directly, and no one can stop them.

Seeing the murderous spirit in Ye Chen's eyes, Hong Xin calmly said, "are you complaining about me? If you want to kill me, just do it. "

Ye Chen gnashes his teeth, but the intelligence has leaked out. What's the use of killing Hong Xin again?

Hong Xin has the mission of Hong Xin. She came down from the world to investigate her ancestors.

"Forget it. Later on, we'll talk about it later. Your ancestors of the Hong family and the yuhuanggudi, it's not so easy to kill me."

Ye Chen waved his hand, but he found that his fortune didn't show any signs of weakness. Obviously, in a short time, the emperor could not threaten his life.

As for Hong Xin, ye Chen has no intention of killing people for the time being. To fight against the judgment hall, he needs to rely on the strength of Hong Xin and the Hong family. At this time, internal fighting is obviously self destruction of the Great Wall.

Hong Xin said: "you have resentment in your heart and always want to kill me, don't you?"

Ye Chen said: "wait until we get rid of the judgment hall!"

Finish saying, the leaf Chen then removed the yellow spring fog.

Seeing that Hong Xin had recovered, Hong Xuan was overjoyed and came to thank Ye Chen: "brother Ye Chen, thank you for saving my master."

Ye Chen smile a little, way: "need not."

Then he walked away.

Hong Xuan was a little reluctant, but she didn't dare to say more when she thought that ye Chen was the enemy of the Hong family.

"Brother ye, you are back. Thank you for your help."

At this time, Lin Tianxiao, the young master of the Lin family, also came to thank Ye Chen.

The national master of the Lin family, Shimohou, has been defeated and imprisoned in the book of demons. Now Lin Tianxiao is the clan leader of the Lin family.

Ye Chen said: "It's all right. It's just a little help. Let's go out quickly, or the judgment hall will send someone to come here. I'm afraid it's hard to deal with it."

"Well."

Lin Tianxiao nodded and called the Lin family to leave the dungeon.

Mo family and Hong family, also take people out of the dungeon.

When ye Chen returns to Mo's home camp, Mo Hanxi holds his arm tightly, and his eyes are full of attachment. Anyone can see that ye Chen is the master of Mo's family.

"What happened when I left the center of the earth?"

Ye Chen asks Mo Hanxi.

Mo Hanxi said: "brother ye, after you leave the earth's heart, it will be difficult for the judgment hall to raise a large number of questions..."

It turned out that after ye Chen left the earth's heart, he decided that the holy hall immediately sent people to punish the three tribes.

In order to fight against the church, the three tribes had already formed an alliance. Originally, they relied on the tree of gods to fight against the church.

But unexpectedly, Hong Xin's communication was too good, consuming too much aura of the universe tree, leading to the collapse and dissipation of the universe tree.

Without the tree of the universe, the power of the alliance of the three nations was greatly reduced, and finally all of them were defeated by the holy hall and became prisoners.

Originally, the judge wanted to kill people, but when he saw Zulu's information leaked and felt the supreme threat, he was ready to offer sacrifices, revive the ark Tianzhu and plot for the future.

After all, his former master, yuhuanggudi, is famous for his ruthlessness. Once he comes, he can't survive.

Preparing to revive the ark, in addition to Ye Chen Ren's extraordinary threat, in fact, the supreme threat is even greater.

As long as the ark recovers, even if the ancient yuhuangdi comes in person, the judge has a chance to escape.

If you can cross the dark forbidden sea and escape to the supreme world, even the yuhuanggudi can't have insight into the vastness of the supreme world. As long as you hide, you always have a chance to live.

Ye Chen and the people of the three ethnic groups went out of the five holy places. They all looked at each other, but they didn't know where to go.

Lin Tianxiao said to Hong Xin, "Miss Hong, all the ancestral lands of our three ethnic groups have been occupied. All the affiliated sites are controlled by the holy hall. You Hong family has a deep foundation. Do you know where you can take us for the time being?"

The most serious problem now is the fall of the ancestral land of the three ethnic groups. Even if they are free, they have nowhere to go.

It's about geomantic omen and the cause and effect of qi movement. You can't do it casually.

Hong Xin said indifferently: "My Hong family is occupied, where is the territory?"

Lin Tianxiao frowned, and the people of the three ethnic groups were also in a commotion.

If you don't even have a place to live in, how can you fight against the church in the future?

Ye Chen steps forward and wants to invite people to the ancestral land of the Xiao family, but it's not right to think about it, so he stops talking.

At this time, Mo Hongji stood up and said, "I know a place. Maybe I can settle down for a while."

Lin Tianxiao said, "Oh? Do you have any suggestions, Mr. Mo? "

Mo Hongji said: "go to Liuli Baodi, visit Fengjia, and seek their accommodation."

Lin Tianxiao was surprised and said, "go to the glazed land. I'm afraid the wind family will not."

Ye Chen asked Mo Hanxi in a low voice, "where is the glazed land?"

Mo Hanxi said: "it's the ancestral land of the Feng family, and the Feng family is also a family of heavenly kings. At present, it's the only place that hasn't been conquered by the holy hall. It's extremely mysterious. It's said that it has disappeared, but it often appears, but it's very exclusive. My grandfather wants to borrow it. I'm afraid it's not easy."

Ye Chen said: "Tianjun family..."

He knows all about the Feng family, the top ten Tianjun families: Mo family, Lin family, Hong family, Di Shi family, Xuan family, ye family, Ren family, Xiao family, Yu royal family and Feng family.

The corresponding Guardian trees are fengqibao tree, jinpengxing tree, universe tree, honglianxian tree, Qinglong tea tree, fengyuling tree, giant whale tree, Qilin tree, Bianan tree and Huangdi tree.

The guardian tree of the wind family is called the Yellow Emperor tree, and ye Chen has deduced it at this time.

Chapter 6068

But Mo Hongji said with a smile, "I have a lot of friendship with the old emperor of the wind family, and the wind family will never die without help."

Lin Tianxiao frowned and said: "the wind family has always been exclusive and has nothing to do with the world. If we want to borrow it, I'm afraid it's harder than going to heaven."

Looking at Ye Chen, he said, "brother ye, what do you think?"

Ye Chen said: "I have no opinion, you decide."

Lin Tianxiao said to Hong Xin, "Miss Hong, what about you?"

Hong Xin said, "it's better to take a chance."

Mo Hongji said with a smile, "well, let's go to fengjiazu."

Ye Chen said: "Mr. Mo, I'm afraid I can't go with you. I have something to leave for the moment."

In his heart, he is still thinking about Bing zijue. Now Xiao Qingyan is opening the prohibition of Xiao's ancestral land. If ye Chen goes to Feng's house and delays his time, he is afraid that he will miss the agreement with Xiao Qingyan.

That Bing Zi Jue is a nine heaven divine skill, which can't be missed. Ye Chen can't miss it.

Mo Hanxi was stunned and said, "brother ye, are you going to leave as soon as you come here?"

Ye Chen said: "I have something to deal with. When it's settled, I'll go to visit you in fengjiazu."

Mo Hongji said: "ha ha, since that's the case, let's go. I'm waiting for you in fengjiazudi. Hanxi, don't disturb others."

Mo Hanxi bit his teeth, but he was very reluctant to leave Ye Chen, and said: "brother ye, you come with me."

Say, she pulls leaf Chen, come to a distance secluded small wood.

Ye Chen's heart beat slightly and said, "Miss Mo, what do you want to do?"

Mo Hanxi said: "nothing, brother Ye. I can't bear you. I want to be alone with you for a while before I leave."

This sentence finish saying, her soft body pasted to come over, lightly embrace leaf Chen.

Ye Chen stay a stay, push away she is not, embrace her is not, have to stand in situ.

Mo Hanxi looked up at Ye Chen in silence and said, "brother ye, you will come to me in the future, won't you?"

Ye Chen wry smile for a while, way: "yes, your future destiny, all gambled on me, I naturally can't leave you."

Mo Hanxi's eyes were full of joy and said, "thank you, brother Ye."

After a pause, she seemed to have something to say and said, "brother ye, I have a secret. I don't know if I should tell you."

Ye Chen said, "what's the secret?"

Mo Hanxi said: "I had been practicing in Ziwei Xinghe river before. It seemed that there was a soul hidden in the river. That soul gave me a very dangerous feeling. It seemed that I wanted to kill people, and the killing was aimed at you."

Ye Chen a Leng, way: "aim at my kill machine?"

Crape myrtle Star River is the place where Xuanji moon was born.

But now, Mo Hanxi said, there seems to be a strange thing in the river of crape myrtle stars, there is a mysterious soul, and even a murderer for ye Chen!

Mo Hanxi's head softened and said, "well, I'm not sure, because it seems to be an illusion. Later, I explored the star river of crape myrtle carefully, but I didn't find anything. I wanted to further investigate, but the temple had been killed, and the star river of crape myrtle was completely occupied."

At present, crape myrtle Star River has fallen into the hands of the holy Hall of judgment, and has become the site of the holy hall.

Ye Chen also feels a burst of strange, way: "good, thank you, I will pay attention to."

Mo Hanxi said, "be careful."

Ye Chen takes out a small blue flag, which is the magic weapon of non flower. It is one of the five square flags, the green lotus flag.

"Hanxi, this magic weapon is for you."

Ye Chen gives the green lotus color flag to Mo Hanxi.

Mo Hanxi a stay, immediately in the heart a warm, tightly embrace Ye Chen, way: "thank you, ye big brother."

Two people holding warm for a while, Mo Hanxi several times want to kiss Ye Chen action, are ye Chen without trace to avoid, keep the bottom line.

Finally, Mo Hanxi is also helpless, can only reluctantly loosen Ye Chen.

Ye Chen goes back to say goodbye to Mo Hongji, Lin Tianxiao and others. After making an appointment, he goes to visit the ancestral land of Feng's family, and then leaves.

Mo Hanxi looks at Ye Chen's figure in the distance. Naturally, he is full of nostalgia. This time, we will meet again. I don't know when.

For her, a day without Ye Chen is like three autumn.

.....

When ye Chen returns to the ancestral land of the Xiao family, Xiao Qingyan is still opening the ban on the forbidden area in Houshan. It is estimated that the ban will be completely opened in another five days.

In these five days, ye Chen doesn't want to go anywhere to avoid accidents.

In yechen's mouth, there is the fragrance of cherry blossoms kissing Hongxin.

Hongxin's cherry mound Tianzhu is imbued with his elixir.

The aura of the Pearl in the cherry mound is quite majestic, which is also a great cultivation and tonic for ye Chen.

Taking advantage of five days, ye Chen begins to refine the aura to see if he has a chance to break through.

Under the induction of concentration, ye Chen finds the aura in the elixir field, showing cherry pink color, but also with the withering and lonely air of death in autumn. The rules of life and death are intertwined, which is very mysterious.

Tianzhu, the legendary cherry mound, can create a cherry mound, so that the enemy will perish under the baptism of the dream of cherry blossoms, and become the skeleton of the tomb. It's very powerful.

There are no ten Heavenly pearls that are not powerful. They are all supernatural weapons with unpredictable power.

Hong Xin's contribution to Zulu's intelligence is naturally a great credit. She deserves such a reward.

Now, she gives a lot of aura of sakuraka Tianzhu to Ye Chen as a reward to repay cause and effect.

Chapter 6069

Ye Chen began to refine the aura of the cherry mound when he used the skill.

After five days, ye Chen absorbed sakuraka's aura completely, and his accomplishments improved a lot, but he didn't reach the threshold of breakthrough, and his accomplishments were still in the second heaven.

"I want to break through, and it's really hard."

Ye Chen has no choice but to smile. His martial arts knowledge is so deep that he wants to break through. He doesn't know how much harder it is than ordinary people.

The reason why we can break through the second heaven quickly is that we hold the Longyuan Sky Sword and get the resonance of Tianda's Qi. However precious the cherry mound Sky Pearl is, it can't be compared with the Longyuan sky sword.

Ye Chen's breath is about 20% better than before, far less than three days.

Boom!

At this time, the sky of the ancestral land of the Xiao family was shining with a golden glow of auspicious Xia. The thousands of miles of ice and snow were shining brightly and magnificently.

"Is the forbidden area finally opened?"

Ye Chen's eyes move and calculate the time. Today is the day to open the forbidden area.

At the moment, ye Chen gets up and flies to the back mountain of Xiao's family. However, he sees Xiao Qingyan sitting at the entrance of a secret place. His already pale face is even more pale and bloodless.

"Miss Xiao, has the forbidden area been opened?"

Ye Chen can't wait to ask. He is still thinking about the secret script of Bing Zi Jue.

Xiao light Yan opened his eyes, sneered: "I promised you things, naturally will not forget, why are you so anxious?"

Ye Chen touched his nose and said: "so, has the forbidden area been opened smoothly? Shall we go in now? "

Xiao light Yan but slightly dignified color, said: "wait, I secretly, seems to capture the murderous spirit of the judge, he seems to be staring at behind."

Ye Chen was slightly surprised and said: "the murderous spirit of the judge? Does he also want to snatch the word formula of soldiers? "

Xiao Qingyan said: "the formula of the word" Bing "is a nine heaven divine skill. He naturally wants to rob it, but he can't come in person. I always feel that he is staring at me behind my back, but I'm not sure. Help me calculate the cause and effect behind me."

Ye Chen nods. If the judge is hiding behind his back, it's troublesome.

At the moment, ye Chen pinched his fingers and calculated. He concentrated on deducing the secret. But after careful deduction, he could not catch anything. He frowned and said, "I have no sense."

Xiao Qingyan said: "where is the cause and effect of the judge so easy to find out? What's your wish, Tianxing? Take it out and have a try

Ye Chen wry smile for a while, way: "my wish sky star, fall into deep sleep temporarily, can't use again in a month."

Xiao Qingyan bit his teeth and said, "what a waste! Forget it, the judge himself is haunted by cause and effect. I don't dare to come forward easily. Let's go in. "

With that, Xiao Qingyan stepped into the secret place.

Ye Chen follows in, he naturally also knows, the main cause and effect that adjudicates is entangled, really dare not expose easily.

Because, Zulu's intelligence, the supreme world has known, at any time, there may be supreme power, come down, even the decision of the Lord are not careless.

In addition to the threat of the top ten ancestors, there is also the magic ancestor Wutian.

The ark bead was originally the magic weapon of Wutian. After it was lost unexpectedly, it was taken away by the judge, and Wutian naturally wanted to take it back.

It can be said that the judge's enemies are no less than those of Ye Chen. There are many threats from the outside world. Naturally, he dare not expose them casually.

When ye Chen and Xiao Qingyan enter the secret place, they see that the secret place of the Xiao family is thousands of miles in size, with dense pines and cypresses, bamboo trees and clouds, green mosses and blue clouds. The sun reflects the blue light. The mountains and rivers of heaven and earth are quite beautiful. It's a beautiful scene of spring.

In the center of the secret place, there stands a huge statue, which is towering in the sky. It looks like an old man with vicissitudes of life, but it is hale and hearty, with sharp eyes, and does not show any old state.

"Is that the statue of your father Xiao?"

Ye Chen narrowed his eyes and looked at the huge statue in the distance.

Xiao Qingyan said: "yes, that's the ancestor of the Xiao family, Xiao Xinghe, who made the eight heavenly swords. The formula of Bing Zi is offered under his statue. Follow me to get it. Remember, you can only borrow it for one month!"

Ye Chen said with a smile: "one month is enough."

At present, the two men, one in front of the other in the rear, flew away quickly towards the statue of Xiao Xinghe, the ancestor of the sword God.

In the struggle between reincarnation and wanxu, the ancestor of the sword God remained neutral, and no one supported him. He also lived in seclusion above.

It is said that the ancestor of the sword God was only interested in refining weapons, and he didn't care about any conflicts.

It's just that the fight between reincarnation and wanxu is becoming more and more fierce. His identity is so important that it's not realistic for him to stay out of the affair.

They went on their way and soon came to the statue of the ancestor of the sword God.

Closer, ye Chen can feel the huge and towering of the statue. The statue itself seems to have sword spirit, giving people a kind of extremely fierce cutting authority.

Around the statue, there is a faint mist. These mists contain a terrible law of killing, which is enough to kill anyone who dares to approach.

Ye Chen stopped and didn't go any further.

Xiao light Yan sees this, ha ha a smile, way: "vision is good, unexpectedly saw danger, I thought you would rush in to die."

Ye Chen said, "is there any prohibition here?"

Xiao Qingyan nodded and said: "of course, the formula of Bing Zi is so precious. Naturally, it needs to be heavily protected. No one can get close to me unless I have the blood of Xiao family. You wait here."

With that, Xiao Qingyan walked forward alone, stepped into the mist and came to the statue of the ancestor of the sword God.

But under the statue, there is a square stone tablet. The stone tablet is full of ancient characters, which is the cultivation method of Bing Zi Jue.

Xiao Qingyan stares at the stone tablet, as if trying to feel it. But within a moment, she covers her head, looks painful in her eyes, and whispers:

"Damn it! It's really complicated. Just a few eyes can't stand it. "

For more than one hundred thousand years, there are many people in the Xiao family who want to understand the formula of Bing, but they all fail.

In the vicinity of the stone tablet, there are even many ancient bones, which are obviously the bones left by the losers.

Bing Zi Jue is a nine heaven divine skill. Let alone understanding it, just watching and figuring it out will cost a lot of effort. If you are not careful, your qi and blood will rush back. That's a dead end.

Xiao Qingyan doesn't dare to see it again. He digs out the stone tablet and takes it out to lend it to Ye Chen for reading.

Therefore, there is a ban on the land, and ye Chen can't get close to it, so Xiao Qingyan digs a monument to take it away and lends it to him for reading.

Ye Chen sees Xiao Qingyan digging out the tablet and nods with satisfaction. Although the white haired witch is surly, she keeps her promise and doesn't cheat him.

Xiao Qingyan came back to Ye Chen and gritted his teeth. With an unwilling color on his face, he held the stone tablet and said, "the formula of the word Bing is in my hand. Do you really want to practice? This formula is very complicated. If you practice it rashly, you will be possessed. "

## Chapter 6070

Ye Chen said with a smile: "it's OK, the so-called morning hears the Tao, and it's OK to die in the evening. As long as I can understand the mystery of the nine heavenly gods, even if I die, it's worth it."

Ye Chen has great confidence in his martial arts. He can't understand a military formula, but he believes he can.

Xiao Qingyan looked up at Ye Chen and hummed: "I advise you to practice with me. In this way, you and I can blend. If you have the blood of my Xiao family, it's much easier to understand the formula of Bing Zi."

She does not forget, or think and ye Chen double repair.

Ye Chen's blood awakening, will only be more and more powerful, now he is a piece of eternal meat, is a woman want to bite, share the benefits of reincarnation blood.

Ye Chen laughed and said, "thank you, Miss Xiao. But I said that double cultivation is impossible."

Xiao light Yan full face anger, repeatedly rejected, she really want to tear up Ye Chen, but not fight.

"Take it! I wish you go crazy, die early, live early

Xiao Qingyan throws the stone tablet of the military formula to Ye Chen.

"Thank you very much."

Ye Chen smiles, just want to take the stone tablet, suddenly in the sky, crackle a, shoot a lightning, directly will the stone tablet to the ground.

"Ha ha ha..."

A burst of extremely gloomy, extremely cold laughter, also sounded from the sky.

"Who?"

Ye Chen is surprised. Fortunately, he has a quick reaction. When the lightning falls, he shrinks his hand back in time and is not hurt.

Xiao light Yan aware of the change, is also a fright, all over the crimson fog surge, behind the illusion of a constant sand galaxy.

Boom!

But see the sky thunder concussion, a huge building ship, from the clouds out.

The whole body of this building ship is full of auspicious light, thousands of rosy clouds, golden light and red neon. The body of the building ship is decorated with many ancient exotic animals, and the totems are interlaced, which is very spectacular.

On the deck of the building, a thin man with a black robe and a soft face stood up with his hands down, and his eyes looked down at Ye Chen and Xiao Qingyan with the air of indifference.

"The ark of doomsday, the judge!"

Ye Chen's face changed greatly. He immediately caught the secret and had a clear insight into the identity of the comer.

This gentle man is the master of the judgment hall, the master of the judgment!

Xiao light Yan full face guard, way: "is the separation!"

The main body of this verdict is about half step and hundred flail realm, which is obviously not the real body, but a separate body.

He was afraid of the cause and effect and the vision behind him. His real body didn't dare to come, so he came with a separation.

"Good eye."

The adjudicator stood high in the sky and said with a smile.

The building boat under his feet is the legendary ark of doomsday. It is revealed by the heavenly beads of the ark and can travel through the world.

Although the ark of doomsday has not been completely restored, it is easy to bear his separation and avoid the external cause and effect eyes, and break the sky to come to the ancestral land of the Xiao family.

"Miss Xiao, thank you for digging out the formula for me. I'm not polite."

The leader of the verdict smiles and stares at the stone tablet. His hand, which is weaker than a woman's, sticks out and grabs it from the air. The stone tablet soars to the sky and flies towards his hand.

It turned out that he had been hiding, just waiting for this moment.

The forbidden area of the Xiao family is too heavily attacked. Unless he comes, he can't get close to the statue of the ancestor of the sword God. It's impossible to force other Xiao family members to help him capture the stone tablet, because after surrendering, the Xiao family will be abandoned by the Qilin tree immediately, and they won't be able to get close to the statue any more.

This time Xiao Qingyan dug out the stone tablet, but he helped the judge a lot.

"You dare!"

When ye Chen sees that the judge wants to seize the stone tablet, his eyes suddenly burst with fierce anger, and he directly pulls out the Longyuan epee. A startling dragon chant resounds.

Bang!

Ye Chen fiercely a sword, again hit that stone tablet to the ground.

"Longyuan sky sword, what a magic weapon!"

When the judge saw the appearance of Longyuan sky sword, his eyes suddenly burst out.

Ordinary weapons are just external objects, which have no effect on their own cultivation. However, the sky sword is different. The legendary Sky Sword becomes a part of the body when it is in charge. The integration of body and sword is of great benefit to cultivation.

At this time, ye Chen pulls out the sky sword, roars and rushes to nine days. Even Xiao Qingyan, who is shocked by his breath, can't help but step back two steps.

With a sword in hand, ye Chen is enough to kill the strong one who is close to half step hundred flail realm!

At this time, the master of the ruling, cultivation is just half step hundred flail realm.

"Moon soul cut, broken!"

Ye Chen takes the initiative. As soon as he steps on the ground, his body shoots up and rushes to the sky. With one sword, the moon soul bursts out.

On the face of the judge, there was still a faint smile, and there was no panic. Seeing the blazing momentum of Tianjian, he immediately left.

Bang!

Ye Chen fiercely sword, cut in the end ark.

Click!

The whole doomsday ark was cut to pieces by Ye Chen's sword on the spot. It turned into light and rain scattered all over the sky. A golden bead whined and emerged, and finally returned to the hands of the judge.

The bead is inlaid with the totem of a huge ship, which is the heavenly pearl of the ark.

"Good sword, Lord of return, you are really a brilliant person. I'm reluctant to kill you today."

The judge exclaimed, then looked at Ye Chen and said:

"Submit to me, offer your reincarnation blood, and I will give you immortal blessings."
