

Physician 6071

Chapter 6071

Ye Chen cold hums a, way: "nonsense really many!"

At the moment, without saying a word, the Dragon flame pulse suddenly burst open, and the fierce dragon flame breath covered the dragon Yuan sky sword. The whole dragon Yuan Sky Sword turned into a red color like magma.

"Seven Star Dragon Fire cut, break!"

Ye Chen a roar, directly used the most powerful blow, want to kill the Lord of the verdict.

"Well, why do you want to die?"

With a sigh, the weak palm of the ruler's hand waved out, an extremely bright, incomparably majestic light, with a vast sacred atmosphere, suddenly bloomed.

Ye Chen's unparalleled sword, like millions of volcanic eruptions and hundreds of millions of roaring dragons, comes to the judge's face, but is caught by the latter with his bare hands.

It's easy for the judge to grasp the body of the sword.

"What

Ye Chen is terrified. How fierce is the edge of Tianjian? The judge grabs it with his bare hands.

At this moment, the ruler of the ruling, the palm of his hand is sacred, glorious and powerful.

Although he is feminine in appearance, his martial arts are extremely sacred, and he has the magnificent spirit of the holy Hall of heaven. His heavy hand alone shows his extremely terrible Martial Arts Heritage.

"Let go!"

The leader of the verdict yelled and tried to snatch Longyuan Tianjian.

Ye Chen is surprised. If the Longyuan Sky Sword is taken away, the situation will be irreversible.

"Fighting God, Tianzhu, Chih!"

At a critical juncture, ye Chen sacrificed the God of war, Tianzhu, with a magnificent atmosphere of fighting and killing. Behind it, there is the light of ancient god of war.

With the power of doushen Tianzhu, ye Chen takes a deep breath and pulls back Longyuan Tianjian. His heart is pounding.

"Why?"

The Lord of the verdict saw Ye Chen's fighting God Tianzhu and felt a little surprised.

"Your cultivation is so low that you can exert the power of the God of war Tianzhu. The reincarnation blood is really powerful. Today I will devour you and seize your reincarnation orthodoxy."

As he spoke, the judge stepped in.

This step will directly stir up the world.

All over the world, strands of silver white light, such as the tide like bloom out.

"The judgment of heaven!"

The ruler of the verdict drank violently and killed with a direction. The holy light gathered and condensed all over the sky and focused on his fingers.

With the majesty of heaven and the spirit of judgment, he wanted to clean up all the sins in the world and kill all the existence. He was the only one in heaven and earth!

Ye Chen's Qi machine is immediately locked and will be killed by a finger.

If ye Chen is a strong man in the ordinary half step hundred flail realm, he is strong enough to fight against the killing by relying on reincarnation blood and the power of Longyuan sky sword.

But the Lord of the verdict, Wu Dao is too strong, Qi Yun accumulation is too deep, is not ye Chen can match.

The gap is too big!

Life and death, ye Chen pupil contraction, is ready to burn reincarnation blood, fight to death.

But at this time, a cold palm, embracing Ye Chen, directly took him down.

It was Xiao Qingyan who made the move.

"Let's go!"

Xiao light Yan with Ye Chen, toward the front of the statue of the sword God ancestor, quickly shot away.

Whoa!

The finger of the judge runs through the void and shoots at the place where ye Chen is just hanging, crushing hundreds of millions of time and space and bursting into pieces.

Ye Chen turns back to see this scene, can't help a little scalp numbness, fortunately Xiao light Yan hand, otherwise, his situation may be very dangerous.

At this time, ye Chen suddenly felt a cold moist aroma and stuck it on his lips.

"Well???"

Ye Chen stares big eyes, but discovers that Xiao light Yan suddenly kisses him.

Take advantage of me??

Ye Chen looks at Xiao Qingyan in amazement.

Xiao Qingyan said calmly, "I'll give you a mouthful of Qi, otherwise you can't get close to the statue of Laozu."

With that, Xiao Qingyan takes Ye Chen through the mist and lands in front of the statue of the ancestor of the sword God. Xiao Qingyan also holds the stone tablet of Bing Zi Jue.

The mist around the statue is full of the law of killing and felling. It's not for the Xiao family to get close to it.

Xiao Qingyan kisses Ye Chen for a while to avoid being killed by Xiao's law.

"Ha ha, do you think you can avoid it?"

Seeing this, the judge's face remained unchanged and fell out of the mist of the statue.

He and ye Chen Xiao light Yan two people, only separated by ten steps distance, separated by the light fog, both sides can see each other clearly.

However, because of the fog, the law of killing and cutting is too strong for the judge to enter.

Therefore, ye Chen and Xiao Qingyan are safe for the time being.

"The sun in heaven shines on the eight wastelands!"

But the Lord of the verdict was not in a hurry. With the palm of his hand raised, the infinite holy light broke out and rose in the sky, turning into a blazing sun.

The sun is filled with the aura of the judge. The temperature is extremely terrible. As soon as the sun shines down, the earth hisses, rocks crack, forests burn, and black smoke comes out everywhere.

Ye Chen and Xiao Qingyan are exposed to the scorching sun. They also feel that they are in the oven. They are very hot. They just want to go out.

With the help of the judge, it is to force them out.

"Damn it

Ye Chen clenched his teeth, sacrificed the holy water of the yellow spring, lowered the temperature, and had to gasp for a while.

But the heaven sun, the temperature is too terrible, so shining down, the holy water of the spring will be boiled, after all, is not a permanent solution.

Xiao Qingyan's face was also rather ugly.

The main strength of the ruling is too strong, even if she and ye Chen join hands, they are not enemies of each other.

This is just a separate body. We can imagine how powerful the real judge is.

Xiao Qingyan's eyes turned, and suddenly he seemed to have some idea. With a wave of his hand, the mist around him became thick, isolating the sight of the judge outside.

In the thick fog, even the statue of the ancestor of the sword God was hazy and could not be seen clearly.

"What do you want to do?"

Ye Chen is indistinctly aware that something is wrong and asks in a deep voice.

Xiao Qingyan suddenly throws Ye Chen to the ground. He rides on Ye Chen with his weak body. He presses his arm with both hands and lowers his head. The tip of his nose meets Ye Chen's nose. He says fiercely:

"Lord of reincarnation, you have to practice with me today. Only when you and I are united can you have the chance to fight against the Lord of judgment."

Said, Xiao light Yan without reservation, actually took off his clothes on the spot, revealing a nearly perfect white body.

Then, she wants to take off Ye Chen's clothes.

She used to be a white haired witch with a very pale face, but now she said that she wanted to double repair. Her heart was moving and her cheeks were flushed. She was very pretty.

"Hey, what are you doing?"

Ye Chen is greatly surprised, quickly push away Xiao light Yan, turn over to sit up, ten thousand don't expect, the other party unexpectedly want to overlord hard bow.

Xiao light Yan way: "all this time, you still refuse me"? Do you want to die together? "

Chapter 6072

Ye Chen's heart sank, and he took a look at Xiao Qingyan.

To tell you the truth, Xiao Qingyan is really the best in the world.

Unfortunately, ye Chen is not interested in her.

If it is true that the two practice together, the cause and effect of entanglement is too big, this life will not clear.

Ye Chen doesn't want to get into such a big cause and effect. When he sinks, he says, "there's always a way to solve things. You can put on your clothes."

Xiao light Yan hummed a, way: "what method do you have?"

Ye Chen ponders not language, a time also can't think of what method, if forcibly burning reincarnation blood, that price is too big.

The Lord of the present verdict, after all, is just a separate, ye Chen does not want to pay too much price.

"My Lord, I have a way."

At this time, reincarnation cemetery, but came the voice of the North Wu purple emperor.

Ye Chen's eyes brightened and asked: "master, what can you do?"

Beiwu purple emperor said: "if you want to kill the judge, it's easy. As long as we call the sword God to come and let the sword God come, it's enough to solve the immediate crisis."

Ye Chen a Leng, way: "summon sword God old ancestor?"

Beiwu purple emperor said: "yes, this is the ancestral place of the Xiao family. The statue of the ancestor of the sword God is right in front of you. Just put your hand on it, and I can communicate with the ancestor of the sword God."

Ye Chen was overjoyed, and some doubts, said: "master, can you communicate with the ancestor of sword God? He's in the world. If you want to communicate, it's not easy. "

Beiwu purple emperor said: "since there is his statue here, it's not difficult to communicate. Lord of the tomb, you just need to put your hand on it, and give me the rest."

The power of the ruling Lord is too strong. Even if the purple emperor of Beiwu lends his strength to Ye Chen, he may not be able to fight against it. Only by summoning the majesty of the sword God ancestor can he solve it.

"All right!"

Ye Chen nodded, stood up and walked towards the statue of the ancestor of the sword God.

Xiao light Yan puts on good clothes, stares at Ye Chen way: "you refuse to double repair, what method do you have in the end, say!"

But ye Chen did not answer. He went to the statue of the God of sword and pressed it with his palm.

Touching the statue of the ancestor of the sword God, the purple emperor of Beiwu gave a relieved smile and said, "my Lord, I'll go first. I'll see you later."

With that, the spirit of emperor Beiwu burned violently.

The majestic purple light energy burst out from ye Chen's palm and poured into the statue of the ancestor of the sword God.

"Master!"

Ye Chen was shocked and pale, but he saw that the spirit and body of the purple emperor of Beiwu were constantly weakening, and finally disappeared completely.

He sacrificed himself to summon the ancestor of sword God!

Ye Chen ten thousand didn't think of this, suddenly startled body tremble, want to recover, but it's too late.

The purple emperor of Beiwu burned and dissipated completely. All the energy was poured into the statue of the ancestor of the sword God.

"Damn, I should have guessed it!"

Ye Chen's heart is full of regret. The ancestor of sword God is in the supreme world. It's not easy to communicate with the supreme?

At the beginning, Hong Xin sacrificed the tree of the universe to communicate with the Supreme Master, which shows the difficulty of communication.

Now Beiwu purple emperor is the ancestor of the sword God who sacrificed himself to help Ye Chen establish resonance with the supreme world.

Ye Chen wants to retract his hand, but he feels that his whole hand seems to be glued to the statue.

The statue of the ancestor of the sword God also vibrated violently, and gradually burst out a heavy glow, a circle of God light, and even a wisp of sword Qi, suddenly burst out, tearing through all the fog.

"This is..."

Xiao Qingyan looked at this scene, only feel strange.

Over the past hundred thousand years, the elders of the Xiao family have spent a lot of effort to communicate with the Supreme Master and get more blessings, but they all failed.

But at this time, ye Chen successfully communicated and established a great resonance.

"Xiao Xinghe, the ancestor of sword God, is this old man going to show his spirit?"

When the judge saw the statue shaking, he felt bad. He stepped back and tried to tear the void away. But he found that the void around him was blocked by an invisible force.

"Who, who is calling me?"

Finally, a very old, with the vicissitudes of life, the sound of withered seas and rotten rocks, rolling from the sky.

Then, the whole statue of sword God, boom for a while, actually collapsed and cracked on the spot, turned into countless pieces of gravel flying around.

After the statue disintegrated, an old man in a robe, surrounded by thousands of swords, with an old face but fierce eyes, emerged slowly.

"Lao... Lao Zu!"

Xiao Qingyan saw the old man, shocked on the spot, and knelt down in a hurry.

This old man is the ancient emperor of the Xiao family, the caster of the eight heavenly swords, and the famous ancestor of the sword God, Xiao Xinghe!

Ye Chen was shocked to see Xiao Xinghe's presence. It seems that the sacrifice of emperor Beiwu was not in vain.

"Xiao Xinghe, it's you!"

There was a great fear in the eyes of the judge, and even a trace of horror.

Xiao Xinghe, the ancestor of the sword God, is not an entity, but a projection. But just a projection, the majestic momentum is suffocating.

"Lord of the verdict, how dare you make trouble in the land of Xiao's ancestors and die for me!"

Xiao Xinghe took a step, covered with thousands of swords, like a meteor in a torrential rain, rolling out of the sky and cutting to the judge.

The ruler of the verdict is very pale. He has the essence of the body. If he is killed, he will have great harm to the noumenon.

"Wuji apricot yellow flag, Royal!"

Chapter 6073

In the crisis, the Lord of the verdict offered a tawny flag, danced in the air, filled with the essence of the earth, and turned into a heavy wall.

This Wuji apricot yellow flag is one of the congenital five square flags. It belongs to the earth. Similar to Ye Chen's Wutu source symbol, it can also gather Wutu essence and protect itself.

Xiao Xinghe killed all over the sky with his swords. In the blink of an eye, he chopped up many walls. Even the Wuji apricot yellow flag was completely torn to pieces by his thousands of swords.

Ye Chen's pupils shrink. The legendary ancient emperor is really powerful. With one blow, he destroyed a treasure of chaos.

And the Lord of the verdict, with the help of the yellow flag of Wuji apricot, called out the ark Tianzhu in a hurry. After shaking for a moment, he turned into a doomsday ark and wanted to escape.

"Where can you run under my nose?"

Xiao Xinghe snorted coldly. Ten million swords were like lightning. They came in a flash and penetrated the body of the judge.

"Ah

The adjudicator uttered a scream and looked back at Xiao Xinghe angrily, saying: "Xiao Xinghe, wait for me! Sooner or later, I will wipe out your Xiao family and plunder your descendants. I won't leave any of them

With that, the body of the judge was torn apart and completely destroyed.

The ark of doomsday, only an empty ship to escape.

"Thank you for your help!"

Xiao Qingyan saw the fall of the judge, and was relieved. Then she knelt down to kowtow to Xiao Xinghe.

"Well, little girl, you've absorbed the aura of scarlet chalcedony, and you don't die. It's a great blessing."

Xiao Xinghe's old eyes turned on Xiao Qingyan and immediately saw through all the details.

"Just, that crimson chalcedony, the aura is too majestic, disturbed your wisdom, I give you blessing, let you restore the original heart."

Said, Xiao Xinghe finger a little, a wisp of hazy light, covered Xiao light Yan.

Xiao light Yan slightly groaned a, only feel the brain sea all kinds of chaotic memory, all reorganized together, instantly thought of all kinds of experience with Ye Chen.

She was stunned for a while, and then thought, "I was too weak before. I was afraid of reincarnation. I was so confused that I traded the disaster soul jade. It was a blood loss!"

She recalled her previous experience and felt that she was too naive and that she was in the best condition now.

"Thank you for your blessing."

Xiao Qingyan bowed to Xiao Xinghe. At this time, his heart was restored. Although there was a sense of respect in his tone, he was not happy.

Xiao Xinghe saw her eyes, still dormant sharp edge, not weaker than others, nodded and said: "very good, you have your own determination, not to be delayed by the past, unlimited achievements in the future."

When ye Chen sees Xiao Qingyan's look, she knows that her perverse and violent character has not changed. Instead, she appreciates it a little.

There are too many women who like Ye Chen. Like Xiao Qingyan, who only talks about interests and doesn't talk about any feelings, ye Chen meets for the first time. It's very fresh.

Xiao Xinghe looked at Ye Chen again, but there was a very complex emotion in his eyes, including appreciation, fear, admiration and even a little fear.

The legendary reincarnation of the Lord, he finally saw the real body.

"Little girl, you go out first. I have something to talk about with the reincarnation Lord alone."

Xiao Xinghe is facing Xiao Qingyan.

"Yes, Lao Zu."

Xiao light Yan glanced at Ye Chen, then turned to leave.

When ye Chen sees Xiao Xinghe's complicated eyes, he knows the name of the reincarnation Lord. It's very loud in the supreme world. Even Xiao Xinghe, a big man, reveals a little fear!

Among the characters in the supreme world, Shen Tu Tianyin has never been afraid of Ye Chen, but Xiao Xinghe is different. His vision, insight and cultivation are much more powerful than Shen Tu Tianyin.

Only people of Xiao Xinghe's level can deeply realize the horror of reincarnation, so they will be afraid.

Shentu Tianyin is never afraid. It is the fearlessness of the ignorant.

Reincarnation represents the highest of the heavens. The stronger the cultivation is, the more afraid he is of reincarnation and of losing everything he has. He will be suppressed by reincarnation and dragged into the eternal and endless disaster of reincarnation.

"I've met the ancestor of sword God in xiayechen. What's your advice?"

Ye Chen arched his hand and saluted Xiao Xinghe.

Xiao Xinghe's face sank and said: "Lord of reincarnation, your breath makes me very uneasy. I have a kind of fear in my bones that you will take away everything from me. No wonder yuhuanggudi wants to kill you. Your blood is too terrible. If you grow up, we will all become your slaves."

Ye Chen is one Zheng, way: "the elder joked, you and I have no injustice have no grudge, how can I take away your everything?"

Xiao Xinghe waved his hand and said, "no matter what, you are a terrible threat after all. If it wasn't for the rules, I would like to kill you now."

Smell speech, leaf Chen step back, the whole body sweat hair inverted vertical, also felt from Xiao Xinghe kill meaning.

"Is there really no room for me in the world?"

Ye Chen asked.

Xiao Xinghe sighed and said, "you are a tiger and a lion. Now I ask you, if a beast breaks into your house, can you hold it?"

Ye Chen said: "I am a man, not a beast."

Xiao Xinghe stayed for a while, looking at Ye Chen's sincere eyes, he was silent for a while, and said: "yes, maybe I misunderstood you, but at least seven of the ancient ten Heavenly Kings want you to die."

Today you call me down, and you and I have a good relationship. I hope we won't meet each other in the future."

Ye Chen said: "as long as the elder does not embarrass me, I will not offend him."

His words were very sincere. After listening to them, Xiao Xinghe was stunned again and said, "yuhuanggudi has always said that you are a big cancer, which is more terrible than the heart cancer. But I don't think it's necessary to meet you today."

Ye Chen said, "I'm not a cancer of course."

Xiao Xinghe said, "well," his eyes turned and he seemed to be thinking about something. At last, he took out a Fu Zhao and handed it to Ye Chen, saying, "take this reincarnation Fu Zhao."

Ye Chen took the Fu Zhao and found that the word "reincarnation" was printed on it. He frowned and said, "what is this?"

In the dark, ye Chen feels that his blood has a great connection with this imperial edict.

Xiao Xing River: "it's the imperial edict of reincarnation Heavenly Sword."

Ye Chen was surprised and said, "the imperial edict of reincarnation Heavenly Sword?"

Reincarnation sword is the most powerful sword in the legend. The other swords are not as powerful as reincarnation sword.

No one has ever been able to take charge of this sword. Even the yuhuanggudi can't get the recognition of reincarnation sword.

It's so mysterious that no one knows it! Mysterious to all powerful enemies are endless greed!

Chapter 6074

Xiao Xing said: "that's right! If reincarnation Heavenly Sword is born, you will feel that if you want to have a foothold in the supreme world, you must hold reincarnation Heavenly Sword, or you will die. Before you get reincarnation Heavenly Sword, you don't want to fly to supreme heaven. "

Ye Chen frowned and said, "isn't reincarnation Heavenly Sword in the supreme world? How can I get it if I don't fly up? "

Xiao Xinghe: "no, the reincarnation Heavenly Sword has been lost and has fallen into the dark forbidden sea. Before you fly, you must go to the dark forbidden sea and find the reincarnation Heavenly Sword first. That sword is made of your Heavenly Emperor's bone. In this world, only you can hold it."

Ye Chen's heart is awed by the fact that the dark forbidden sea is the boundless territory of the devil. The power of the old alliance is rooted in the dark forbidden sea.

"Master, what are you doing? You still want me to die? " Ye Chen sinks a voice way.

Xiao Xinghe said with a smile: "Lord of reincarnation, you are sincere. I am very moved. I believe you are not a cancer, and you do not mean to enslave the world. But your blood is too terrible. For the sake of eternal interests, I have to guard against it. I admit that I really want you to die."

Ye Chen said with a bitter smile: "the supreme world can't hold me after all."

Xiao Xinghe: "don't worry, I will remain neutral. I'm only interested in casting swords and refining utensils. I'm not interested in the grand plan. It's just that the ancient emperor Yu Huang is too strong. You can fly directly and be easily killed by him. So you have to get reincarnation sky sword in advance to have the chance to fight against wanxu."

Ye Chen said: "elder, do you want to sit on the mountain and watch the tiger fight, and let me and the yuhuanggudi lose both sides?"

Xiao Xinghe: "it's better to say that if you both die, the world will be quiet. I can refine the weapon at ease, and no one will disturb me."

Ye Chen ha ha a smile, way: "even if I and feather emperor ancient emperor died, still have others to contend for superior position, only afraid that the world will never have peace."

Xiao Xinghe waved his hand and said, "as long as you two die, no one can threaten my existence. What's my fear?"

Although his words were plain, they were full of confidence. It seemed that he didn't look up to anyone except the emperor and the reincarnation Lord.

Ye Chen said, "what about the immortals?"

Xiao Xinghe: "although Wutian is powerful, he is not lucky enough. Unless he can revive the old master and rebuild the old system, he is not lucky enough to kill me. Why should I be afraid of him?"

Ye Chen nodded secretly. It seems that the power of the devil ancestor is equal to that of the ordinary emperor. If he can't revive the old master, he can't defeat Xiao Xinghe. The two sides are equal, and no one can suppress him.

Xiao Xinghe: "well, I don't have much time. You can understand my military word formula. I believe in your talent. In a word, you must find reincarnation Heavenly Sword before you fly up. Remember that without this sword, you can't compete with yuhuanggudi."

With that, Xiao Xinghe opened up a special cultivation space with a wave of his hand.

In this space, time is almost stagnant, staying in it for a year, and the outside world has only passed a long time.

He believes in Ye Chen's talent very much. Thinking about it for one year, it's enough for ye Chen to understand the military formula.

When everything was explained properly, Xiao Xinghe's body gradually faded and finally disappeared completely.

Ye Chen Leng in situ, suddenly absent-minded.

In the material of reincarnation sky sword, there is a piece of emperor's bone of reincarnation Lord. Xiao Xinghe is right. Only when ye Chen is in charge of reincarnation sky sword, can ye Chen's Dao bone be considered complete and have enough Qi to fight against the ancient emperor Yuhuang.

"Reincarnation sword... Well, one day, I will get that sword!"

Ye Chen put away the Fu Zhao and decided in his heart.

Reincarnation sky sword, he can't miss it!

However, it's not time to look for reincarnation sword.

After all, reincarnation Sky Sword is hidden in the dark forbidden sea, which is the territory of Mozu Wutian. With Ye Chen's current strength, ye Chen is obviously not the enemy of Mozu Wutian.

Before that, the kaluro Dharma protector under Mozu Wutian went after Shentu Wan'er. Ye Chen fought with each other. He had already formed a feud with the old alliance, which was hard to resolve. In the future, he would have a war with Mozu Wutian.

Ye Chen shook his head, future things, in the future.

The most urgent task is to cultivate the formula of soldiers!

Ye Chen immediately stepped into the cultivation space opened up by Xiao Xinghe, and found that the law of time was almost stagnant, which was very wonderful.

It can be seen that Xiao Xinghe is very powerful if he can open up a special cultivation space in the center of the earth.

Ye Chen immediately sat down with his knees crossed, observing the stone tablet of Bing Zi Jue, and carefully comprehending the magic method.

"The great Brahma's nine Supreme skills, all those who are fighting in front of the army are marching forward in array."

"A weapon is a magic weapon."

"Bing Zi Jue is a wonderful way to forge weapons..."

On the stone tablet, the cultivation method of that Bing Zi Jue is very profound and complex.

Fortunately, ye Chen's talent is very high, and the inside information is deep enough to understand.

He estimated that in a month at the most, he would be able to understand the formula thoroughly.

At the moment, ye Chen concentrates on practicing the military formula and gradually enters a state of selflessness.

.....

At the same time, the outside world, the Queen's palace.

The atmosphere of the imperial palace is a little depressing.

Because xuanjiyue lost so much in the battle for Longyuan sky sword that even Shenluo Sky Sword lost its edge, and its potential was fixed in chopping flail 81. It could not reach the capital of the emperor, which means that the whole Queen's palace in the future will be full of difficulties.

If you want to recover this loss, you have to go back to the earth and try your luck.

The aura of geocentric region is rich, and the chance of adventure is far more abundant than that of other regions.

Now some of the core high-level figures in the empress's palace have known about xuanjiyue's plan to return to the earth.

In the palace of the queen, xuanjiyue sat on the throne, looking haggard.

Under her seat, there are three figures standing by. They are Tianxin jiandie, dizang Wuqi and old Buddha Jinpeng.

Among the four guardians, some of them have been killed by Ye Chen, but xuanjiyue still has a way to repair them. These are xuanjiyue's confidants.

At the beginning, the four guardians were ye Chen and Xuan Jiyue, who consumed their own life essence and blood. They did not need to practice. As long as ye Chen and Xuan Jiyue broke through their strength and were blessed by reincarnation, they would become stronger.

Now xuanjiyue has stepped into the realm of hundred flail. Tianxin jiandie, dizang Wuqi and laofu Jinpeng have also become stronger. Their accomplishments have reached the eighth level of Taizhen realm, which can't be underestimated.

"I'm going back to the center of the earth. Who will follow me or stay in the palace?"

Xuanjiyue looks at Tianxin sword butterfly three people, quite some tired way.

Heaven heart sword butterfly three people look at each other, they already in Xuan Ji month mouth, know the matter of the earth heart domain.

Chapter 6075

There are many strong people in the earth's center, and there are many experts, especially the judgment hall. If you step into the earth's center, once found by the judgment hall, you will be dead.

After all, xuanjiyue is the daughter of the Xuan family. The judge can't let her go.

Tianxin sword butterfly said: "Your Majesty, do you really want to go back to the earth's heart? There's no other way? After all, it's not our territory. I'm not familiar with the land. Your family has been wiped out and your luck has been cut off. I'm afraid even if you go back, you won't get any good. "

Xuanjiyue said, "it's a time of crisis. Even if the earth's heart is in danger, you have to go back. I know that there is an ancient star road that can return to the earth's heart. Although there is no heavenly book behind it, I'm the Lord of destiny. He doesn't dare to make trouble intentionally."

After a pause, xuanjiyue's eyes gradually gathered his spirit and said, "just, you three go with me. You don't have to stay."

Heaven heart sword butterfly three people are surprised, way: "empress adult, we all go to earth heart domain?"? There is no one left in the palace. I'm afraid I can't control my luck. "

"Heaven and earth are old" is xuanjiyue's core staff. When she goes out on weekdays, she seldom takes all the people away, because she wants to keep people in the palace and guard the Fengshui and fortune of the Taoist temple.

But at this time, xuanjiyue decided to take away Tianxin jiandie, dizang Wuqi and laofu Jinpeng!

Of course, they were very surprised, but xuanjiyue was calm

"Don't worry about the palace. As long as we can revitalize our Xuanjia family, all the costs are worth it!"

The implication is that she decided to return to the earth even if she gave up everything, and take back what she once had!

Heaven heart sword butterfly three people heart shock, but see Xuan Ji month this resolute appearance, they also didn't persuade what, say in unison: "all listen to empress adult command!"

Xuanji Yuezhen's head was lighter and said, "let's go!"

Take Tianxin jian die three people to the center of the earth immediately.

.....

Ye Chen has spent a year in that cultivation space in the earth heart.

This cultivation space was built by the ancestor of the sword God himself. The law of time is very wonderful. Although Ye Chen spent a year, it was just a piece of incense from the past.

In this year, ye Chen had already mastered the word formula of the general and successfully practiced it.

In fact, with his talent, one month is enough. It takes one year to consolidate the meaning of nature. Anyway, it's just a piece of incense in the past.

After this time, the cultivation space completely collapsed, and ye Chen broke away. However, he saw that his whole body was in full bloom, like the tide, like the sea, and all kinds of divine light were rolling, evolving into strange images of weapons such as swords and halberds, axes and hammers.

This is the great atmosphere of thousands of soldiers born after the cultivation of Bing Zi Jue was completed.

"Well, I've got it at last!"

Ye Chen clenched his fist and was very happy.

After a year's experience, he has thoroughly understood the changes of the military word formula, and greatly improved his own source skill cultivation.

At this time, ye Chen's cultivation realm had reached the critical point of the second level heaven of the true realm, and was about to break through to the third level heaven.

His cultivation and promotion is extremely difficult. This military formula can let him see the hope of breakthrough. It is already a very strong existence.

Bing Zi Jue is the best weapon refining method in the world. It is mainly divided into four steps: crushing soldiers, gathering soldiers, casting soldiers and quenching soldiers.

Crushing soldiers means crushing materials. Breaking the materials for refining weapons. The crushing tactics contained in Bing Zi Jue can crush even the bones of the reincarnation Lord. You can imagine how terrible it is.

Gathering soldiers is the embryo of condensing materials and building weapons.

To cast a soldier, it is necessary to cast the weapon embryo. This is the most difficult step. If you are careless, the casting materials will disappear immediately.

This is the last step, that is, to refine weapons and gather Qi. This is the last step, and also the simplest step. As long as there are enough materials to quench soldiers.

However, if there is not enough powerful quenching materials, weapons can not gather air transport, equal to all iron, can not achieve the killing effect of magic weapon.

In order to ensure the release of the Heavenly Sword, the ten great ancestors were forced to take out the soul of the old master and use the soul of the old master to quench their troops. It was extremely expensive and costly.

You can imagine how much resources it will take to build a real supreme weapon.

If the soul of the old lord can survive, you can devour it, so as to spy on the location of the old treasure, and even find the rest of the legend of tianwu Wolong Sutra!

"I have mastered the formula of" Bing Zi ". As long as you give me enough materials, I can refine the wild devil Heaven Sword and cultivate it to the top!"

Ye Chen in the heart is calculating, very excited.

However, ye Chen has mastered the formula of Bing Zi, which is enough to refine the sword to a perfect state!

However, this needs strong enough materials, ye Chen on hand, there is no suitable material.

"Reincarnation Lord, you... You understand the formula of the word Bing?"

A voice full of surprise and shock sounded.

But see Xiao light Yan steps to resist the wind, came in from the outside.

It's yechen's thousands of soldiers that attract her.

Xiao Qingyan doesn't know about the conversation between Ye Chen and the ancestor of the sword God. Therefore, she doesn't know that ye Chen has been practicing for a year, and she thinks it's just a short time.

That is to say, in her heart, ye Chen is equal to the moment to understand the military word formula, this is simply incredible.

Chapter 6076

Such talent and inside information can't even be described in worldly language.

Ye Chen says with a light smile: "how, very surprised?"

Xiao Qingyan said: "you are really unique in the world! If you think about it again, let's double repair it with me. I'll suffer a little. I'll be your cauldron furnace for you to pick Yin and replenish Yang. "

She only felt that ye Chen's talent and potential in the future would definitely surpass that of the ruler of the verdict and even the ancestors of wanxu in the past!

Moreover, ye Chen is also favored by her ancestors of the Xiao family. She just wants to follow Ye Chen, and even is willing to be a cauldron stove for ye Chen to pick.

Ye Chen ha ha a smile, didn't think of this white haired devil, never forget still want to double repair with him.

However, he knew that the white haired witch had a perverse temperament. If she entangled her, it would be difficult to deal with the aftermath.

"Later, I'll go first!"

Ye Chen remembers Mo Hanxi, Lin Tianxiao, Hong Xin and others in his heart. He doesn't know if they go to take refuge in Feng's family, and the result is smooth.

Ye Chen promised Mo Hanxi that he would go to fengjiazhu's place after the matter was settled.

Now the cultivation of Bing Zi Jue is complete, and the cause and effect here is over. Ye Chen naturally can't break his promise.

At the moment, ye Chen bid farewell to Xiao Qingyan and left Xiao's ancestral land for Liuli.

Liuli Baodi, the ancestral place of Fengjia, is said to be guarded by the divine tree of the Yellow Emperor.

Ye Chen deduces the secrets of heaven, locks the position of the glass treasure, and flies away immediately.

But under the induction of heaven, he found that it seemed that Mo Hanxi and others were not very smooth and failed to enter the glass treasure land.

"Shut out?"

Ye Chen eyebrows a wrinkly, in the heart quite feel worried, immediately accelerate speed.

In less than half a day, ye Chen finally came to the ancestral place of Feng family.

The ancestral land of Fengjia, suspended in the sky, is a pure land of shining rays, on which stands a huge divine tree.

The tree is like glass, clean, reflecting the sun filled with a dream like color, very beautiful.

Here, is the legendary glass treasure, the tree is the Yellow Emperor tree.

The tree of the Yellow Emperor contains a very strong essence of Wutu, which can create a very strong defense like Ye Chen's Wutu Yuanfu.

I saw that the whole glazed land was covered with a layer of yellow border shield. It was with this layer of border shield that Fengjia was not occupied by the ruling temple.

In fact, even in the Taigu catastrophe, Fengjia may not be destroyed, because Huangdi Shenshu's defense is extremely strong, and even the judge may not be able to break it.

Unfortunately, no matter how strong the fortress is, it can be broken from the inside.

It is said that there was a traitor in the wind family who betrayed the wind family, resulting in the wind family being wiped out, leaving only a small number of descendants hiding in the glass treasure land.

At ordinary times, the Fengs seldom show up. They are not as active as the three ethnic groups of Mo Honglin. They live in seclusion.

When ye Chen came to liulibao, he saw Mo Hanxi, Hong Xin, Hong Xuan, Lin Tianxiao and others. As expected, they were turned away from the door, but they didn't get in. They were placed on an island in the sky by Feng's family.

In the sky Island, Mo Hanxi saw Ye Chen's figure and was very surprised. He cried: "brother ye, you're here!"

When people see ye Chen coming, they salute and say hello one after another. Only Hong Xin's face is indifferent and sits silently on a piece of bluestone.

Ye Chen came to Mo Hanxi, and they hugged each other. Then ye Chen asked Mo Hanxi's grandfather, "Mr. Mo, what's the matter? Won't Feng's house let us in?"

Mo Hongji sighed and said, "the two twin sisters said that the spirit of the Yellow Emperor's divine tree is not enough to accommodate us, so they shut us out."

Ye Chen brow a wrinkly, way: "what twin sisters?"

Mo Hongji said, "they are the two saints of the Feng family. Their elder sister is fengyouli, and their younger sister is fengyouyue. They said that unless we can find a strong craftsman to refine the tree of the Yellow Emperor and strengthen the aura, they will not allow us to enter."

Ye Chen a burst of astonishment way: "need a smelter?"

He has just understood the formula of the word "Bing" and has made great progress in refining weapons. He did not expect that there would be a chance to show his skills. It was a coincidence.

Mo Hongji said: "yes, I've sent out a letter to some old friends who are proficient in refining weapons, but I can't get a reply. I'm afraid they have been poisoned by the judgment hall."

It is far-reaching that the judgment hall is in trouble this time, unless the people of the emperor's family and many practitioners who are unwilling to yield are all killed by the judgment hall.

Ye Chen's face sank. It seems that in the days after he left, the earth's heart is really bloody.

"I know the method of refining utensils. It's better to..."

Ye Chen is about to volunteer, but suddenly see the glass treasure border open, there are two girls Yufeng fly out.

As pretty as a picture delicate and touching, the two girls as like as two peas, with a fair skin and clear skin, and their appearance are the same as those of a model, and they are like a small moles on their lips, one on the left, one on the right, and a sweet smile in the right.

Obviously, these two girls are twin sisters.

Ye Chen had never seen such similar twins, and he was surprised.

These two twins, presumably, are the two saints of the Feng family, Feng Youli and Feng youyue.

"Lord of reincarnation, are you here?"

The two twin sisters, as if they had a soul in their heart, opened their mouth at the same time, and looked at Ye Chen with bright eyes, with admiration in their eyes.

Ye Chen calmed down and said, "it's me. Are you two?"

"We are the saints of the wind family."

"My name is fengyouli, my sister."

"My name is fengyouyue, my sister."

When the two sisters opened their mouths, their voices were as delicate as pearls, which was very pleasant.

"We are ordered by the emperor to wait for the reincarnation of the Lord since ancient times. Today we finally wait for your Dharma driving."

"Lord of reincarnation, come in quickly."

The two sisters are very excited. They are not only the same in appearance, but also in the same voice. When they talk, it sounds as if they are talking alone, which is very wonderful.

Ye Chen hears the invitation of two sisters, stayed for a while, way: "can I go in?"

The two women of Liyue said, "yes, Lord of reincarnation, I have a humble place in Liuli. Please don't give up."

Ye Chen pointed to Mo Hanxi and others and said, "what about them?"

The two women of Liyue said: "the Lord of reincarnation, I'm really sorry, they can't. The Yellow Emperor tree can't protect so many people. The Lord of reincarnation, you are the one who broke the situation predicted by the emperor. Only you can save the danger of our Feng family. Please come in."

"As for the people of the three nationalities, you are the master of reincarnation. If you can strengthen the aura of the Yellow Emperor tree, they can come in naturally."

Chapter 6077

Mo Hanxi and others heard that the wind family only invited Ye Chen. No matter whether they were alive or dead, they were angry, but the two twin sisters were so pure and lovely that everyone liked them, which made them unpopular.

Ye Chen pondered for a while and turned back to Mo Hanxi and others: "I'll go ahead and have a look, Han Xi. Mr. Mo, you wait here."

Mo Hanxi had no choice but to nod.

At the moment, Ye Chen follows Li Yue and her two daughters into the land of colored glaze.

After the two women invited Ye Chen to enter, they immediately closed the border and forbidden outsiders to enter.

"I don't know if the two saints have invited me. What can I do for you?"

Ye Chen and Li Yue are walking in the land of colored glaze. The leaves of the Yellow Emperor tree are dancing in the wind. The golden leaves are as clear as colored glaze and as dreamy as a dream.

Feng Youli and Feng youyue look at Ye Chen with admiration in their eyes.

Although Ye Chen's cultivation is only two-tier heaven, his temperament is different from that of ordinary people. Especially after he became a soldier's word formula, his original cultivation made progress against the heaven. When he did everything he could, he had an outstanding natural and unrestrained demeanor, and his reincarnation blood became more and more attractive, which was enough to enchant every woman in the world.

"Reincarnation Lord, you come with us."

Li Yue and her two daughters take ye Chen to the back mountain of Liuli Baodi, where a huge statue is worshipped.

"This is..."

Ye Chen looks at the statue in front of him, slightly surprised, vaguely feeling a huge pressure.

The two women of Liyue said, "it's our ancestor of Fengjia, the statue of fengdijun."

"Emperor Feng..."

Ye Chen whispered, and immediately caught the secret.

Fengdijun is one of the top ten ancestors in ancient times. His name is Dijun.

The real names of the ten great ancestors have their own great boldness, and their extraordinary qualities can be seen from their names.

For example, the ancestor of wanxu is really called yuhuanggudi.

The ancestor of the Xiao family, whose real name is Xiao Xinghe.

The father of the wind family, whose real name is emperor Feng, is known to be a great man by his name. If he is devout enough and reads their real names, he can even get the blessing of the supreme.

Among the top ten ancestors, Fengjia's ancestors practiced the method of Wutu and protected the most powerful power in the world. Even the ancient emperor Yuhuang could not break his defense in a thousand moves.

The title of Tianjun, the founder of Fengjia, is the emperor of Ming Dynasty, which is the most sacred guardian of Buddhism.

At that time, the Taigu Holocaust, relying on the Fengjia's defense, if it was not for the traitor, ruled that the holy hall could not attack and destroy Fengjia.

Ye Chen said: "your father of the wind family, said I was a breaker?"

When ye Chen first came to the geocentric region, he heard the word "breaker" mentioned by the Mo family.

It seems that not only the ancestors of Mo family, but also the ancestors of Feng family think ye Chen is the one who broke the game.

Li Yue nodded and said, "well, yes! Lord of reincarnation, you are the one who breaks the game. We can't be wrong. When we see you, it's like seeing the coming of the God Emperor in the sky and the rising sun in the dark. Please take charge of the orthodoxy of our Fengjia family, lead our Fengjia family to fight against the holy hall and fly to the supreme court! "

Finish saying, glass month two female Ying Ying knelt in front of Ye Chen, unexpectedly want to invite Ye Chen, take charge of the wind family orthodoxy.

Ye Chen was surprised, but did not expect that just met, the other party will actually send the orthodoxy.

"Two saints, please get up."

Ye Chen quickly raises the two sisters, naturally does not want to be rashly infected with the big cause and effect.

Li Yue and her two daughters said: "the emperor has already sent us a decree that we should wait for the presence of the reincarnation Lord. As long as you come, we will entrust you with the orthodoxy. Our two sisters are your servants and will serve you sincerely all our lives."

Ye Chen suddenly dumb, way: "two saints joked, how can I, how can I let you serve me?"

Li Yue and her two daughters said: "the emperor was the enemy of the reincarnation Lord in his early years, but now he has decided to do his best to assist the reincarnation Lord and entrust the orthodoxy to show sincerity. Please don't give up the reincarnation Lord."

Ye Chen in the heart a Lin, ponder: "the wind family old ancestor, before is reincarnation Lord's enemy?"

After careful deduction, I found the hostility.

It turns out that fengdijun was an ally with the ancestors of wanxu in his early years, and he wanted to kill the reincarnation Lord, but later he found that reincarnation was too terrible. If he continued to fight, he would only kill himself.

Therefore, he decided to turn his back on the old man of wanxu and support the reincarnation Lord instead.

If ye Chen can dominate the world in the future, the wind emperor will be the hero of heaven.

Obviously, the wind emperor is betting!

He once bet on the ancestors of wanxu.

But after careful consideration, he decided to adjust his chips and bet on Ye Chen.

The game at this level is all about interests, and there is no friendship.

But the wind emperor's gambling is too fierce. He is more crazy than Mo's family. He plans to give the wind family's orthodoxy to Ye Chen.

These two pure and bright saints are also gifts he left to Ye Chen. They are sincere.

In the face of reincarnation, the ten great ancestors have their own plans. Wanxu wants to wipe out the ruins. The sword God ancestor wants to remain neutral, while fengdijun gambles directly and places all his hopes on yechen.

If ye Chen rises up, he will be the first hero of reincarnation in heaven!

Ye Chen is very easy to calculate all the details, obviously the wind emperor deliberately relax, is to let Ye Chen aware of his sincerity.

Ye Chen knew the other party's gambling, also really shocked.

"Two saints, if you want to take over the affairs of orthodoxy, you'd better talk about it later. Now I want to go to the tree of the Yellow Emperor."

Chapter 6078

Ye Chen did not immediately agree, because behind the cause and effect involved, it is too big.

"Reincarnation Lord, do you want to see the Yellow Emperor tree?"

"Well... You will be our master in the future. We should call you Lord."

"Lord, you have great powers. Can you improve the aura of Huangdi tree?"

Li Yue's two women's voices were clear and clear, and they called Ye Chen "Zun Zhu" with a smile. Their attitude was very respectful.

Two women with Ye Chen, came to the Yellow Emperor under the tree.

Standing under the Yellow Emperor tree, ye Chen couldn't see the whole picture of the tree because it was so huge. He only saw the tree trunk in front of him. It was like a huge gold pillar with mottled traces. It was very spectacular.

Ye Chen went to the Yellow Emperor tree, touched the palm of the tree, closed his eyes, and quietly realized the structure of the Yellow Emperor tree.

The tree of the Yellow Emperor is one of the top ten sacred trees and is a magic weapon.

Ye Chen's military formula is the most powerful weapon refining method in the world. As long as he is willing to work hard, he can easily understand the structure of any weapon magic weapon.

After a close observation, ye Chen found that the inner core of the tree had already been destroyed, leaving only the current shell.

Relying on this shell alone, there is a serious lack of air transportation, which can not protect so many people of the three ethnic groups outside.

Li Yue and her two daughters didn't let outsiders in. In fact, they didn't mean to make trouble, but the wind family couldn't accommodate so many people.

Two women see leaf Chen dignified serious appearance, respectfully hang hands to stand beside, pour also dare not disturb.

Ye Chen absorbed himself for a while and found out the structure of the tree. He opened his eyes and said, "I am proficient in refining weapons. As long as you give me enough materials, I can improve the aura of the tree."

On hearing this, Li Yue and her two daughters immediately said happily, "Lord, what materials do you need?"

Ye Chen said: "you need the spirit water of crape myrtle Star River. Send someone out to ask the Mo family."

This induction, ye Chen has a clear understanding of all, as long as the use of crape myrtle River Spirit water, quench the Yellow Emperor tree, enough to enhance Qi, in this way, can accommodate three people.

In the past, Mo's family fought with Hong's family. In the end, Mo's family won the crape myrtle Star River. Even if it is now occupied by Shengtang, Mo's family still has some spiritual water.

The spirit of Ziwei Xinghe is very rich. The blood god overdraw the future and fell into aging. It also depends on Ziwei spirit to recover.

"OK, I'll go out and ask."

Among the two women, one of them opens her mouth and turns to go out.

Ye Chen nods, and another woman stays in place to wait.

Ye Chen sits down on the root of a tree. The girl is very clever and comes to pinch his shoulder and beat his back.

"Don't serve me."

Ye Chen feels the soft temperature of the girl's palm, and can't help but smile bitterly. The gift left by Emperor Feng is really the best, but now that the temple is in crisis, he doesn't want to enjoy it.

The girl said with a smile, "Lord, it's right to serve you."

Ye Chen said, "are you a sister or a sister?"

The girl said, "Lord, I'm my sister. I have a small mole on the left corner of my mouth. My sister's is on the right."

The girl was as like as two peas, but the wind was quiet. The two sisters were born with the same exact features.

Ye Chen says with a smile: "is it?" Look at her left corner of the mouth, there is a small mole, this is no longer wrong.

After waiting for a while, sister fengyouli came back with a slightly dignified look and knelt down to Ye Chen to report:

"Lord, the God of Mo's family said that there was no crape myrtle spirit water. It was originally in stock, but all of it was robbed by the holy hall."

"What?"

When ye Chen heard this, his face sank and he said, "to refine the Huangdi tree, you must have the spirit water of Ziwei Xinghe."

Li Yue said: "do you have to use crape myrtle water?"

Ye Chen nods a way: "yes."

The two girls showed their embarrassment and said, "crape myrtle Star River has been occupied by the ruling temple. The person guarding the Star River is elder Chen Yujing, who is also a traitor of our Feng family!"

At the end, there was a trace of resentment in their tone.

"You traitors of the wind family?"

Ye Chen is stunned. Unexpectedly, the traitor of the wind family is Chen Yujing in the mirror.

The two women said: "yes, Chen Yujing was the elder of our Feng family. Later he betrayed and took refuge in the holy hall, and even changed his surname. It's a pity that we are not strong enough to kill him with our own hands!"

Ye Chen frowns. Chen Yujing is the elder of the ruling temple. He is the most powerful. At the same time, he also practices the magic power of Fengjia and the temple. He is very powerful.

"If you can kill Chen Yujing, capture his blood and soul, and refine the wild devil sky sword, maybe you can make the edge of the wild devil Sky Sword reach the peak completely!"

In the dark, ye Chen is blessed to the soul and seems to think of something.

Now, the wild devil Sky Sword is almost not perfect. It lacks a material for refining. Chen Yujing's blood and soul may be the best material.

"The traitor of your Feng family turned out to be Chen Yujing. I'll kill him for you."

Ye Chen clenched his fist, and his eyes were murderous.

Although Chen Yujing's supernatural power is strong, his cultivation has not yet broken through the hundred yoke realm. It's just a half step in the hundred yoke realm. He is especially strong because he also practices the supernatural power of Fengjia and the secret techniques of the holy hall.

If in the past, ye Chen may fear three points.

But now, he has mastered the formula of "Bing Zi". He is absolutely sure that he can kill the other side.

Bing Zi Jue can not only refine weapons, but also kill people!

There are four steps to refine weapons: crushing soldiers, gathering soldiers, casting soldiers and quenching soldiers.

The method of crushing soldiers in the formula of "Bing Zi Jue" is called "the way of nine days crushing". It contains the supreme meaning of crushing and destroying the true solution. This magic power alone can crush people.

The method of gathering soldiers is called "the true solution of gathering spirits in flood and wasteland". If it is used to fight against the enemy, it can compress all the blood and internal organs of the enemy into a ball and squeeze people to death. It is extremely terrible.

The method of casting soldiers and the method of quenching soldiers have their own wonders.

Brahman's divine skill is famous for its flowery style. It changes very repeatedly. The formula of "Bing Zi" is one of the nine formulas. This formula of "Bing Zi" alone, and the means of breaking up and gathering troops are dazzling.

Ye Chen is absolutely confident that he can kill Chen Yujing. He doesn't even need to delay for a long time. He can solve the problem in ten moves.

This is the dread of the nine heavenly magic!

This is Ye Chen's confidence!

The transformation brought by Bing Zi Jue was as great as against heaven, and the combat effectiveness had a qualitative leap.

What ye Chen had mastered before was at most the artifact, and the real nine heaven artifact was his first comprehension.

The two girls of Liyue were overjoyed when they heard Ye Chen's words and said, "Lord, are you willing to clean up the door for us?"

Ye Chen nodded and said, "it's easy anyway. Give it to me."

Chapter 6079

As long as you kill Chen Yujing, you can recapture the star river of crape myrtle, get the spirit water of crape myrtle, and strengthen the aura of Huangdi divine tree.

Moreover, ye Chen is also very interested in Chen Yujing's blood soul. He needs a strong enough soul to refine the wild devil sky sword.

The two women of Liyue were very grateful. They knelt down and kowtowed to yechen, saying: "thank you, Lord!"

If an ordinary practitioner of the second heaven in the realm of truth said he wanted to kill Chen Yujing, it would be fantastic, but it was Ye Chen, the legendary master of reincarnation, who stood in front of Li Yue and her two daughters.

They adore Ye Chen and believe that ye Chen has enough strength to clean up the door for the wind family.

Ye Chen said: "it shouldn't be too late. I'll start now."

Li Yue and her two daughters said hurriedly: "Lord, don't start in a hurry. You don't know the secret of our wind family's magic power. Only when you know yourself and the enemy can you win a hundred battles. Let's tell you the secret of our wind family's magic power. You've written it down. It's much easier to deal with the traitor."

Chen Yujing is proficient in the magic power of the wind family. Li Yue and her two daughters worry that ye Chen doesn't understand and will suffer losses in the battle.

Therefore, they want to explain the mystery of Feng family's magic power to Ye Chen. In this way, it will be much easier for ye Chen to fight against Chen Yujing.

"Not bad."

Ye Chen nods. Although he has great confidence in his own strength, he is right to be cautious in everything.

After all, Chen Yujing is the elder of the judgment hall, and his magic power should not be underestimated. Besides, there are many generals in heaven around him. Ye Chen must make a quick decision. Otherwise, those generals in heaven and the apostles in the holy hall will form a big battle, which will be hard to deal with.

"The magic power of my Feng family mainly focuses on defense and counterattack. It pays attention to the strength of Wutu and is ready to go..."

When the two sisters fengyouli and fengyouyue were under the tree of the Yellow Emperor, they explained to Ye Chen the mystery of Fengjia's magic power.

Ye Chen listens attentively, his talent is extremely high, understand.

While listening to the teacher, he competed with the two sisters. By the time it was dark, ye Chen had found out the details of Feng's magic power.

Vaguely, ye Chen's breath resonates with the tree of the Yellow Emperor.

Obviously, ye Chen is recognized by the Feng family. Even if he doesn't accept orthodoxy, the Feng family also recognizes him as the master.

In the eyes of outsiders, the two saints are willing to give all for ye Chen and be ye Chen's most loyal believers.

Late at night, ye Chen and the wind family sisters finished their duel, and they went back to rest.

Ye Chen took a bath, only feel fresh, ready to wait for tomorrow morning, then set out to Ziwei Xinghe.

In order to prevent leakage, ye Chen prepared to kill crape myrtle Star River thing, did not tell the three people.

Ye Chen sits in the room with his knees crossed, quietly recuperating.

Just then, there was a knock on the door.

"Lord, please open the door."

Two clear and melodious voices sounded at the same time. They were the two sisters of the wind family.

Ye Chen thought to himself, "if you visit late at night, is there any accident?"

He thought for a moment, then said: "the door is not locked, come in."

"Yes, Lord."

The door was pushed open, and two lovely girls appeared at the door.

"What are you doing?"

Ye Chen doubts a way.

The two sisters of the wind family have just finished their bath, and they are still wet with water vapor. Under the moonlight, their skin is as white as a shelled egg, very bright and beautiful.

Ye Chen see their eyes with a smile, a face can be human, also don't seem to be something.

The two sisters look at each other and smile sweetly. They go into Ye Chen's room and close the door behind their hands. Then they take off their clothes in front of Ye Chen's face and show their naked white body.

"Well, what are you doing?"

Ye Chen stares big eyes, but is stunned.

The two sisters said with a smile, "Lord, we are here to serve you."

Ye Chen hears this words, almost a mouthful of old blood spurted out, big feeling embarrassed, way: "need not, need not, I don't need you to wait for bed, quickly put on good clothes!"

The two sisters doubted: "Lord, do you really not want it? The emperor asked us to serve you. If you are comfortable, you should not be slighted. "

Ye Chen said: "no, no! I've got it. Get out of here. Don't be such a fool in the future

Two sisters "Oh" a, immediately feel very disappointed, and some uneasy fear, just afraid to neglect Ye Chen.

But see ye Chen's appearance, seem also not angry, they put down heart to come, put on good clothes to turn round to go out.

Ye Chen wry smile for a while, murmur: "wind emperor, you are really gambling! Do you believe me that way? "

In fact, even ye Chen himself is not absolutely sure that he can defeat the ancestors of wanxu.

But the wind emperor, but turned to stand on his side, had to say is a startling gamble.

In the morning of the next day, Li Yue and her sisters came to Ye Chen's room early to serve ye Chen.

Ye Chen has not been taken care of for a long time, so he is not used to it everywhere.

"I'm going to Ziwei Xinghe now, you wait for me to come back."

Ye Chen gets rid of the two women's service and immediately leaves Liuli Baodi to fly to Ziwei Xinghe.

He walked in seclusion. The people of the three nationalities didn't find him. They just thought that he was concentrating on refining utensils and strengthening the tree of the Yellow Emperor. They didn't think that he was going out to collect materials.

All the way to the crape myrtle Star River, ye Chen faintly, there is a great uneasiness.

"Why do you feel like this? It's like danger is coming."

Ye Chen frowned and caught a very strong crisis.

Chapter 6080

That's the old enemy's crisis!

Behind the fate of the big weather!

"Is xuanjiyue coming to the earth's heart?"

The leaf Chen eye pupil shrinks, immediately perceived not good.

Faintly, he found that xuanjiyue was coming to the earth's heart soon.

"No, we must be in front of xuanjiyue and take the crape myrtle Star River! Even if this place is destroyed, it can't be occupied by her! "

Ye Chen bit his teeth and sped up to fly to the river of crape myrtle.

Ziwei Xinghe is the place where xuanjiyue was born and the most primitive foundation of her Qi. If xuanjiyue recaptures Ziwei Xinghe, she will be invincible, and the edge of Shenluo Tianjian will be restored again. She even has the chance to cut the shackles again!

Fortunately, xuanjiyue hasn't appeared yet, and the initiative is still in Ye Chen's hands.

As long as you kill Chen Yujing, he can take the crape myrtle Star River.

Wish Tianxing has fallen asleep and can't be used again in a month, but if you take the crape myrtle River, move this river to wish Tianxing, it's enough to make the planet recover its aura instantly!

Ye Chen knows the importance of crape myrtle, and flies away like lightning.

About two hours of time, to noon, ye Chen finally arrived near the crape myrtle Star River, hiding good body.

But see that crape myrtle Star River, like a purple jade belt, around the crape myrtle mountain, the river filled with purple, very beautiful.

In the vicinity of crape myrtle Star River, there are a number of heaven generals, temple disciples, closely patrolling.

Ye Chen deduces that roughly, the scale of the guards is about ten thousand people, which is less than that of the five holy places.

Obviously, Chen Yujing thinks highly of himself. He believes that with his own strength, he can guard the crape myrtle Star River. He doesn't bring too many guards at all. Ten thousand people are enough.

At the foot of the crape myrtle mountain, there are many campers. Ye Chen calculates the main camp at a glance, and Chen Yujing is among them.

If it is in the past, ye Chen may have to endure, waiting for the opportunity to move.

But by this time, he had understood the formula of the word "Bing", and his strength had changed greatly, so he didn't need to bear it at all.

Ye Chen's eyes are suddenly sharp, but he is absolutely confident that he can kill the whole audience and capture the river of crape myrtle.

.....

At the same time, it is buried in the sky and the sea, the tower of ten robbers, the ninth floor.

It was purgatory, a sea of endless fire.

Deep in the sea of fire, there is a shadow.

The figure was almost black, and his hands were entwined with chains.

see the scene which is dreadful to one 's mind.

Under the dark, blinking, from time to time showing a pair of clear eyes.

That is the pursuit of martial arts, indomitable eyes.

It's also the eyes of Zhu Yuan that ye Chen has been looking for.

At the moment, Zhu Yuan is too embarrassed, even a little miserable.

In the distance, a woman in white could not bear it in her eyes.

Bailian has been on the ninth floor for several days.

She did not persuade Zhu Yuan at the first time.

Because Zhu Yuan never intended to talk to anyone.

Even a few comas.

Now there are faint signs of awakening.

She really couldn't understand why the people behind the ten robbers' magic tower had to choose Zhu Yuan.

Perhaps in the realm of heaven and man, Zhu Yuan is closest to the existence of a certain characteristic of Ye Chen.

But ye Chen, as the Lord of reincarnation, naturally would not be willing to become the layout of the descendants of the ten robber magic tower.

Zhu Yuan may be the best choice.

But that one must not have thought that Zhu Yuan's temper was so stubborn that he didn't seem to give in.

Even though there are endless disasters, even though the spirit of torture, can not shake the heart of this young man.

Suddenly, Bai Lian found that Zhu Yuan's eyes opened. He was looking at Bai Lian. He hesitated for a few seconds and said, "who are you? I can feel the child's breath and cause and effect from you. I can't tell good from bad, but I can see from your behavior and behavior these days that you are different from that guy. You should do no harm to the child."

"Right."

This is what Zhu Yuan said most after he entered the magic tower.

Bai Lian's body trembled slightly. Finally, she nodded and said, "I know ye Chen. If you want to say that in the past life, you have the same status with him."

"Do you know why you're stuck here?"

Zhu Yuan nodded, and the chain with countless rules swayed slightly, and there was a faint arc of thunder.

"That guy asked me to do something, but it's against my way. I won't do it."

"If I guess correctly, you can go in and out of here freely and know your son, you must be the lobbyist of that man."

Bai Lian found that the boy was much smarter than she thought.

With a long sigh, she took a few steps forward and continued, "in fact, you don't have a choice, do you?"

"Promise that guy that you may have some time to regain your freedom."

"Even you can be with Ye Chen for a while."

Hearing Ye Chen's words, Zhu Yuan's eyes obviously fluctuated, but finally he shook his head and said, "I know you. You don't want me to agree. What I have to do is wait for you here."

"Childe is the one who can't create. Although the ten robber magic pagoda is powerful, I can't see through it, and the person behind it has the ability to communicate with heaven, but I feel that he is afraid of Childe."

White lotus beautiful eyes stare big, red lips slightly Zhang, way: "you say, that is afraid of reincarnation of the Lord?"? Although I am also very optimistic about ye Chen, his strength is far superior to Ye Chen... Even if you really want to kill Ye Chen, it can be said that it will not take much effort. "

Zhu Yuan pondered for a moment and continued: "this is my perception of Tao. I'm sure that one is afraid of you."

"Even not long ago, I seemed to feel that the young master appeared in the ten robbers magic tower."

"Right?"

This time, Bai Lian was even more surprised. Zhu Yuan's perception of something was too terrible.

You know, the connection between each floor of the ten robbers magic tower is completely isolated!

And ye Chen even in the fifth, Ninth rob Zhu Yuan want to feel, also almost impossible!

But Zhu Yuan did.

But that's not what shocked her the most.

What shocked her was that she was afraid of reincarnation?

Is there any amazing secret behind Ye Chen?

At this time, Zhu Yuan spoke, his tone is extremely sincere.

"If you can't get me out of here, go back."

"Although the disaster here is cruel, it's not a bad thing for me. My heart has been stronger these days, and I have more control over martial arts than before."

"Maybe I should thank that guy."

"Maybe, in the beginning, that's what the guy was after."

"But no matter what his final goal is, I will always choose to wait here for the arrival of the young master. No one can stop the young master, even the existence behind the ten robber God magic tower!"
