

Physician 6081

Chapter 6081

At the moment of dialogue between Bai Lian and Zhu Yuan.

All of a sudden, a round of applause broke out from the darkness.

The bodies of Bai Lian and Zhu Yuan were slightly stunned. The next second, they looked in the same direction.

In the dark, a figure appeared.

But this figure, no matter how serious they are, seems to be unable to see through.

Even the other person's facial features are fuzzy.

The atmosphere is a little weird.

Soon, the atmosphere was broken.

A voice that seemed to come from ancient times suddenly rang out.

"Zhu Yuan, are you sure you want to be stubborn?"

"Your son is now in the heart of the earth, but there are many crises."

"Even the enemy he offended was not ordinary. Maybe he didn't even have a chance to break the tower."

"Are you sure you want to put hope on him?"

Zhu Yuan Mou son a coagulate, don't hesitate a way: "I still firmly believe."

Zhu Yuan and Bai Lian thought each other would be angry, but they didn't expect that laughter would finally come.

"Well, since you are so convinced, you and I might as well play a game of chess."

"The chess game is over. If your master comes to save you, I will send you away!"

Zhu Yuan frowned slightly and said curiously, "what kind of chess, I can't play. Besides, playing chess may end with a stick of incense..."

The mysterious voice sounded again: "this game of chess, but at least for several months! Maybe even a hundred years! It depends on whether you are qualified or not! "

"Chess, come on!"

The next second, the boundless sea of fire disappeared, replaced by a game of amazing chess!

The chessboard is vast, as if stretching for thousands of miles.

The chess pieces on the key are extremely strange.

Looking at the pieces, Zhu Yuan's pupil shrank: "this is a chess game! Are you going to argue with me in the chess game

The figure did not speak, but step out, heaven and earth for the color change, a chess piece step forward.

This is his way!

.....

The screen turns.

Geocentric domain.

"Where is Chen Yujing? Get out and die

Ye Chen suddenly appeared, perched in the sky, holding the Longyuan Epee in his hand. His voice was like thunder, and his momentum was as powerful as a dragon.

The sound of rolling thunder quickly spread all over the camp.

"Enemy attack! There is an enemy attack

Many Temple guards, hearing of the great changes, rushed out to investigate.

They look up at the sky, but they see a brilliant scene. Ye Chen holds the dragon Yuan Sky Sword tightly, and the virtual shadow of the Dragon hovers all over him. Behind him, there are tens of thousands of swords, spears, swords and halberds, which are spread out layer by layer, showing the magnificent atmosphere of thousands of soldiers.

That's the weather that belongs to Brahma's divine skill and military formula.

"The divine skill of Brahma, the formula of military character?"

Some people recognize Ye Chen's magic power, can't help but shout out, the voice is full of shocked color.

Brahma's divine skill is a genuine nine heaven divine skill, not a fake creation. At this time, people saw Ye Chen's divine power and thought he was a member of the Yuhuang family.

After all, Brahman's divine power is the power of the Yuhuang family, and outsiders are not qualified to contact it.

Blink of an eye, crape myrtle star near the camp, all the temple guards, all flood out.

They want to fly to the sky to form an array and kill Ye Chen.

However, ye Chen's eyes are fierce, but he doesn't give them a chance to turn the tables.

"Bing Zi Jue, a true solution to the flood and famine!"

Ye Chen looked up at the sky and roared. With the palm of his left hand, he grasped the air. A terrible suction comparable to that of a black hole erupted from ye Chen's hand.

An amazing scene appeared. In the sky before ye Chen's eyes, the law of space collapsed instantly, and a huge vortex appeared.

The whirlpool has the color of desert, with the breath of ancient wasteland. The strong suction is constantly coming out, and the guards of the holy hall around are involuntarily sucked into the whirlpool.

"Ah, ah --"

A dense scream sounded. In a flash, hundreds of temple guards were engulfed by the ancient and wasteful whirlpool.

Their flesh and blood, mixed with their armor and weapons, click and click, and they are all gathered and compressed into a ball. People who are just alive, in the blink of an eye, become a ball of kneaded flesh and blood.

This scene is extremely tragic, ye Chen's military word formula, in which the gathering tactics, if used on the human body, it is a nightmare hell.

It is impossible for the flesh and blood of ordinary practitioners to compete with the nine heavenly magic.

If you take it to refine weapons, all kinds of materials with different properties can be perfectly combined without any repulsion.

And if it is used to fight, it is the scene in front of Ye Chen's eyes. The human body is sucked in, and the flesh and blood viscera are immediately squeezed into a ball, which is extremely terrible.

"Is this... Is this the magic of the nine heavens?"

Everyone was shocked. I've never seen such bloody means of killing.

The rest of the people, like looking at an ancient demon, looked at Ye Chen in awe, and then ran away howling. They didn't dare to fight ye Chen.

However, ye Chen didn't mean to be soft handed. The art of gathering arms urged him to the extreme. All the disciples of the holy hall, tens of thousands of people, were gathered together, then devoured, pulled and compressed. Finally, all the flesh and bones of the ten thousand people were mixed and compressed into a huge scarlet and terrifying ball of flesh and blood, which hung high in the sky and even covered the scorching sun, There is a strong smell of blood between heaven and earth.

These disciples almost killed many families in the heart of the earth. They are extremely evil, men and women, young and old. Ye Chen has no intention of being soft hearted.

"Hiss, the lethality of the nine heavenly gods is really terrible."

Ye Chen can't help feeling a little numb. He used to kill the enemy. He hardly used such a cruel means to squeeze people into flesh and blood. This military formula is really terrible. It's a sharp weapon to kill people.

"Lord of reincarnation, it's you!"

At this time, an old voice with horror rang out.

An old man in a white robe walked out of the camp and was shocked to see the terrible picture of Ye Chen standing high in the sky and killing thousands of people.

"Are you Chen Yujing? The guy who betrayed the emperor's family? "

Ye Chen looks at the old man, who is obviously the elder of the ruling temple, Chen Yujing, the traitor of the wind family in the past.

The huge blood cells suspended in the sky filled with thick blood gas, and even a blood rain floated between heaven and earth and fell on Chen Yujing's robe.

He was stunned, and did not resist, that drop of blood, his robes are dyed red, shocking.

Just after hearing the news of the enemy's attack, Chen Yujing's coming out now is not slow. It's just that ye Chen kills too fast. As soon as the gathering tactics of Bing Zi Jue is opened, tens of thousands of people are immediately crushed into meat sauce. This means of killing and felling is simply incredible.

However, ye Chen's aura didn't consume too much after using the word formula of sending troops, and he was still calm and relaxed.

Chapter 6082

It's just that Jiutian Shenshu is too powerful and requires a high level of Qi transportation. Ye Chen's reincarnation blood has not been completely restored. With his current Qi transportation foundation, if he frequently uses Jiutian Shenshu, I'm afraid it will shake the foundation of Qi transportation.

Fortunately, ye Chen has already found out the details of Chen Yujing. He has not shaken his foundation by using the word formula to kill him.

"You... Where did you learn your military word formula?"

Chen Yujing with an incredible look, did not expect that ye Chen has understood the military word formula.

Among the nine heavenly divinities, Brahma's divine skill ranks second, and even the judge should be afraid of it, let alone him.

"There's so much nonsense. Die for me!"

Ye Chen snorts coldly. When the formula is used, his heart is affected, and he becomes fierce.

This is the transformation brought by the nine heavenly magic.

Jiutian Shenshu represents the highest skill of all heaven. Once practiced, no matter who is, he can have the terrible temperament of killing the world, such as God, such as devil, such as emperor, such as emperor.

"Bing Zi Jue, nine days broken way!"

Ye Chen's five fingers in his left hand, like eagle's claws, bombarded Chen Yujing's tianlinggai.

This is the magic power of smashing tactics in Bing Zi Jue, which contains the supreme meaning of smashing, enough to smash everything.

It was with this move that the ancestor of the sword God smashed the bone of the reincarnation Lord and cast it into reincarnation sword.

Although ye Chenbing's cultivation is far less than that of the ancestor of the sword God, it's easy to kill Chen Yujing.

Chen Yujing's pupils contracted. He felt the strong wind tearing between Ye Chen's hands and claws, as if he could wipe out everything in the world. He could not help feeling numb on his scalp.

"Wutu Shinto, the great wall of the Yellow Emperor, rise!"

In the crisis, Chen Yujing made a seal with both hands. The essence of the earth gathered between heaven and earth. A huge thick wall immediately stood up in front of Ye Chen.

This is the Wutu magic power of the wind family. Its defense is very powerful.

In fact, Chen Yujing's attack and kill methods are not much better than other elders. He can become a great elder because his Wutu magic power is so powerful that the enemy can't hurt him with all his strength.

After the huge wall of Wutu was supported, countless thoughts flashed through Chen Yujing's mind, planning to fight back.

Defensive counterattack is the secret of Fengjia's magic power.

Bang!

But at this time, the huge wall of Wutu in front of Chen Yujing's eyes was directly broken by Ye Chen's sword.

Ye Chen's figure appears in front of Chen Yujing again.

"What

Chen Yujing was shocked when he saw that his Wutu magic power had reached the realm of transformation. Even the supreme Heaven Sword could not be broken in an instant.

But ye Chen, but a sword to kill, such as through a thin paper.

"Your defense can't stop me!"

Ye Chen smiles fiercely. Yesterday, he competed with the sisters of the wind family. He had found out all the mysteries of Wutu Shinto. As soon as he saw that Chen Yujing's defense was supported, he saw through his weakness and cut it directly with the sky sword.

"The true meaning of the word" Bing "is extremely broken!"

Ye Chen flashes to Chen Yujing and smashes the art of war with his left hand. The terrible smell of annihilation smashes the divine light and bursts out from ye Chen's palm.

Anyone can see that ye Chen's palm falls, even if it is the sun in the sky, it will be smashed by his palm, and there is no power to resist.

This palm, crush to Chen Yujing's head!

Chen Yujing was shocked completely. He didn't expect that ye Chen was so powerful. With his strength, he didn't even have the means to resist.

Life and death, Chen Yujing quickly back to avoid, but still slow step, right arm by Ye Chen's soldier word formula.

Click!

Chen Yujing's right arm burst like a firework. It was smashed in an instant and turned into a spatter of blood. Blood and broken bones shot everywhere. It was very terrible.

"Ah

Chen Yujing screamed on the spot. His face and facial features were distorted. He felt a sharp pain.

He is a strong man in a hundred steps and a hundred shackles. How strong his body is. But his body, crushed by Ye Chen's military formula, is more fragile than paper. If it is strong enough, it will not only be his arms, but also his whole body will be involved and broken into blood.

"How does it taste?"

Ye Chen a sneer, is preparing to catch up.

"Reincarnation Lord, you are cruel!"

Chen Yujing clenched his teeth, but he didn't dare to fight. He quickly dodged and jumped into the river of crape myrtle stars, ready to escape by water.

Ye Chen's fighting power is really terrible. Unless the real strong man in Baiji realm makes a move, no one can defeat him at all.

And Chen Yujing is just a half step in a hundred shackles. Under Ye Chen's martial arts, there are mole ants.

"Want to run?"

Ye Chen sees Chen Yujing running away, and his face changes slightly.

Half step hundred flail realm master, if don't want to fight, just want to escape, that ye Chen is also very difficult to catch up.

After all, although Ye Chen has the strength of leapfrogging, but the speed is supreme, and there is still a certain gap between them.

Unless ye Chen can practice the formula of "Xing Zi Jue".

"Xingzijue" is one of the most rapid body skills in the world. If you can learn it, no matter how powerful the enemy is, you can't escape Ye Chen's palm.

However, the secret of this line of word formula is invisible to outsiders in the Yuhuang family.

Ye Chen's ability to master the formula of "Bing Zi" is the light of the ancestor of the sword God.

See Chen Yujing want to run, ye Chen also fly into the water, chase and go.

Chapter 6083

The world at the bottom of the crape myrtle Star River is extremely vast. There are independent space rules in it. In that independent space, there are cosmic stars flickering faintly, which is quite spectacular.

Crape myrtle Star River is really a long river with stars in the sky. The word "Star River" does not mean empty.

Ye Chen and Chen Yujing are chasing and tearing the void in the river of stars. They are so fast that the whole river of stars is rolling and exploding. Countless crape myrtle spirits turn into torrents, which is very powerful.

Is chasing between, the leaf Chen suddenly feels a burst of huge dangerous breath.

In the river of stars, there is a terrible opportunity to kill!

"This crape myrtle Star River is weird!"

Ye Chen's face suddenly changed, thinking of Mo Hanxi's warning.

Mo Hanxi said that the crape myrtle Star River may contain a soul, and that soul has a great intention to kill Ye Chen!

"Lord of reincarnation, I've been waiting for tens of thousands of years. Have you come at last?"

All of a sudden, a clear and cold voice of a woman with eternal resentment sounded at the bottom of the river.

Countless purple light floating, vaguely gathered into an ethereal spirit, the spirit hazy, can not see clearly, but can be vaguely separated, is a woman.

"Today's reincarnation should be damned, and fate should be established!"

"In the true name of the Lord of fate, I give you the punishment of the end!"

The spirit voice of *Lagerstroemia indica* gradually became cold and full of killing intention. Then the whole river of *Lagerstroemia indica* stars began to boil violently, and countless stars, like flying swords, broke through the water and cut the leaves.

"Damn it

Ye Chen gnaws his teeth and quickly waves Longyuan epee,.

The crape myrtle spirit body is obviously the water spirit of the crape myrtle Star River. It hasn't been exposed before. It's just to wait for ye Chen to come and ambush and kill Ye Chen.

This water spirit is obviously the believer of xuanjiyue's fate.

After all, xuanjiyue was born from the star river of crape myrtle. The water spirit in the Star River is her first believer.

The rolling stars burst, as if the gear of fate was turning behind, the sound of the road was booming and creaking, the river of crape myrtle star seemed to become a long river of fate, the river wrapped Ye Chen, to push him to the abyss of fate.

In that abyss, there is endless killing waiting for him.

"Broken!"

At a critical juncture, ye Chen uses the magic power of the nine day broken way to crush the gear of fate. With a crash, the whole person is separated from the river of stars.

Ye Chen flew over the crape myrtle Star River and looked down, but saw a magnificent scene.

The whole river, completely soaring, broke out a doomsday flood, with purple flood crazy flow, collision four fields.

The nearby mountains were washed down by the flood, and the forests were destroyed. It was like the end of the day.

Chen Yujing's body shape, but also out, although he is not the target of crape myrtle water spirit, but also by the pool of fish.

"Reincarnation of the Lord, do not struggle, I have a premonition that the fate of the Lord returned to the heart of the earth, she will use the fate of the order, rule the world, what heavenly monarch family, what the judgment of the temple, will be destroyed!"

In the water, surrounded by purple light, a graceful girl emerged.

Ye Chen now see clearly, that water spirit body graceful floating convex, the appearance is also quite delicate, but the eyebrows with eternal murderous air, make people shudder.

"Xuanjiyue has come?"

And hear the words of that water spirit, ye Chen is facial expression however one sink.

Can we say that xuanjiyue has successfully stepped into the heart of the earth?

WOW!

At this time, Chen Yujing also broke out of the water, saw Ye Chen and crape myrtle water spirit confrontation, eyes turned, immediately turned to fly away.

Ye Chen's eyes catch a glimpse of Chen Yujing's escape, but he is confronting Ziwei Shuiling, so he can't catch up.

Crape myrtle Shuiling eyes only Ye Chen, naturally did not care about Chen Yujing, light way: "yes, the fate of the master of the law came, today is your death!"

Having said that, with a wave of crape myrtle water, there are thousands of torrents surging in the star river of crape myrtle, and purple water dragons come out, roaring up to the sky, and fighting against Ye Chen.

Ye Chen's face changes slightly. This crape myrtle is water and spiritual, and her cultivation breath is about in the eighth floor of Taizhen. It's not strong, but she controls the star river of crape myrtle and occupies the great fortune. It's suffocating and irresistible.

"Seven Star Dragon burning chop!"

In the crisis, ye Chen suddenly drinks, the heavy Longyuan Sky Sword is waving, and the fierce Longyan sword light is out, dissolving the current in front of him one by one.

The collision between Longyan and the flood, the confrontation between water and fire, the intense evaporation, and the explosion of tens of millions of blazing purple fog in the air are very spectacular.

"You have the Heavenly Sword in your hand. It's really tough, but today fate is coming, and no one can save you from it!"

When Ziwei Shuiling saw the Tianjian in Ye Chen's hand, she was not alarmed. Suddenly, she raised her arms and prayed piously to heaven

"Eternal glorious Lord of destiny, I call you with the most devout attitude, please show your dignity in the world!"

The sound of prayer, which is full of pious meaning, shakes the sky and spreads far away.

Ye Chen pupil contraction, crape myrtle water spirit this, unexpectedly is calling Xuan Ji month!

"Damn it

Ye Chen bites his teeth and immediately cuts with a sword to interrupt the call of Ziwei Shuiling.

This river of crape myrtle stars is the birthplace of xuanjiyue and the origin of her qi movement. If she grasps the origin again, she will be invincible, and ye Chen will never be able to compete.

So, he must stop, never let xuanjiyue come!

.....

In the distance of the center of the earth, four figures just stepped out of the ancient road in the starry sky. They are walking aimlessly among the ruins nearby.

These four figures are xuanjiyue, Tianxin jiandie, dizang Wuqi and laofu Jinpeng.

She didn't come back for more than 100000 years. Xuanjiyue only felt that her surroundings were very strange.

At that time, the Archean catastrophe led to the collapse of a large number of Tianjun families, the collapse of earth veins, the reversal of mountains and rivers, and the serious migration of plate tectonics.

Therefore, xuanjiyue can't recognize the way, and can't find the location of Xuanjia's ancestral land.

Even the ancestral land of the Xuanjia family has probably been destroyed and submerged in the dust of history.

"I haven't come back for more than 100000 years. I don't know where the crape myrtle Star River is."

Xuanjiyue sighs. She just wants to return to crape myrtle, but the world is changing so much that she can't find her way back.

Show eyebrow light Cu between, Xuan Ji month pinch finger calculation, hope to push performance crape myrtle star position.

Tianxin sword butterfly three people stand by, silent.

At this time, xuanjiyue's eyes contracted and said: "my believers are calling me!"

Tianxin jiandie saw xuanjiyue's appearance and wondered, "queen, what's the matter?"

Xuanjiyue said: "I know the location of Lagerstroemia Star River. Follow me now!"

Chapter 6084

With that, xuanjiyue immediately tears the void and goes with Tianxin jiandie.

The law of space in the earth's center is firm, but xuanjiyue has the strength of a hundred shackles, so it's not too difficult to tear the void.

.....

In the center of the earth, ye Chen is about to kill Ziwei Shuiling.

"Reincarnation Lord, how dare you kill my people?"

But just then, there was a loud, angry voice in the sky.

Whoa, whoa, whoa!

Huge purple lights, blooming in the sky, turn into thousands of Ruiqi prosperous, fluttering down, very spectacular.

In the rain of flowers, a graceful figure, surrounded by thousands of stars, comes down with the spirit of dominating fate.

It's xuanjiyue!

Xuanjiyue fingers a little, an extreme purple light burst out, hit Ye Chen Longyuan sky sword, on the spot will ye Chen Zhen back.

"Xuanjiyue, it's you!"

Ye Chen looked up at the figure in the sky, a heart suddenly sank down, only feel the hand holding the sword, could not help a tremor.

Boom!

Reincarnation fate meet again, the sky is shaking, the sun and the moon fade, it seems that even the way of heaven has been shaken.

Behind xuanjiyue, the figures of Tianxin jiandie and others also emerge.

Everyone looks cold, with fear, staring at Ye Chen.

Ye Chen catches the breath of the ancient road in the starry sky from xuanjiyue and others.

Obviously, xuanjiyue also came in along the ancient star road.

It took a lot of hard work to find the ancient road in the starry sky. But xuanjiyue, the saint of the Xuans in the earth's heart, knew this road long ago, so she didn't waste much time.

Xuanjiyue consumed a lot in the battle of Longyuan Tianjian before, but now she came, her breath resonated with Ziwei Xinghe, and was nourished by Ziwei Xinghe. Her aura recovered and soared wildly. She was as vast and dignified as a God, and the purple light on her body was more brilliant than the sun, which made people unable to open their eyes.

"Welcome the master of fate, Dharma driver!"

Crape myrtle water spirit to see xuanjiyue coming, is also extremely excited, kneel down to worship xuanjiyue.

"Lord of reincarnation, I didn't expect that we could meet so soon."

Xuanjiyue sighs and sees the Longyuan Sky Sword in yechen's hand. She is angry and jealous.

If it wasn't for ye Chen's snatching, the dragon Yuan sky sword would have fallen into her hands.

"Xuanjiyue, you ran away before. I will kill you today!"

Ye Chen gnaws his teeth, makes a judgment in his heart, and cuts out with a sword.

Xuanjiyue's breath is constantly recovering, but her Shenluo Tianjian hasn't recovered. If ye Chen tries her best, she still has a chance to kill her.

After all, today's Ye Chen is also different from the past, he has already practiced the nine heavenly magic!

"Bing Zi Jue, nine days broken way!"

The sky sword in Ye Chen's hand burst out the ultimate broken mystery, as if it could crush everything and cut xuanjiyue's waist.

"Oh, the combination of body and sword, the formula of soldiers?"

Xuanjiyue was surprised to see this.

At this moment, ye Chen has already practiced the formula of "Bing Zi". His breath is completely integrated with Longyuan Tianjian, and he has reached the state of body sword integration.

The realm of nine heaven magic is extremely mysterious. For example, this military word formula is not only to refine weapons and kill people, but also to improve your control over weapons and magic weapons.

That is to say, after practicing the military word formula, the ability to control weapons and magic weapons will have a qualitative leap.

For example, at this time, ye Chen easily reached the state of body sword integration, body is sword, sword is body, man is like a dragon, sword is like a rainbow, a sword runs through, heaven and earth roar, wind and cloud roll, the rolling torrent below is aroused, very spectacular.

Even xuanjiyue didn't dare to take ye Chen's sword.

"If it's outside, I may not be able to suppress you, but this is my territory, and it's not your turn to be wild!"

Xuanjiyue waves her hand, and Ziwei river flows rapidly, turning into hundreds of millions of dragons, rising in the air, encircling her whole body, completely blocking Ye Chen's sword.

Ye Chen's sword power is blocked by the grid. It can't hurt xuanjiyue at all.

In this river of crape myrtle stars, xuanjiyue has the advantage of geographical advantage, and the situation is very unfavorable to Ye Chen.

"Heaven and earth, protect the law for me."

After blocking Ye Chen, xuanjiyue immediately orders to go down. With a wave of her slim hand, a dim sword emerges, which is Shenluo Tianjian.

"Purple falls nine days, recast the sky sword!"

Then, xuanjiyue roars up to the sky and holds her arms high to the sky. The river of crape myrtle stars boils up, thousands of torrents roll down into the sky, and then roars down like a waterfall from Jiutian.

The torrent is rushing towards Shenluo Tianjian.

The dim Shenluo Tianjian, nourished by the crape myrtle Star River, gradually recovers its aura and makes a buzzing sound. The edge of Tianjian is blooming, like a phoenix bathing in Nirvana.

Ye Chen's face changes greatly. Xuanjiyue wants to restore Shenluo Tianjian with the aura of Ziwei Xinghe.

Once the edge of Shenluo Tianjian is restored, xuanjiyue will rely on Ziwei Xinghe's natural and geomantic advantages to kill Ye Chen with one sword!

After all, she is a strong one in the hundred flail realm. If she has the advantage of heaven and earth, she will be invincible.

Ye Chen wants to stop xuanjiyue, but Tianxin jiandie, dizang Wuqi and laofu Jinpeng are guarding xuanjiyue. He has no chance to do it.

With the geographical advantage of Ziwei Xinghe, Tianxin jiandie can barely fight against Ye Chen to ensure that xuanjiyue has enough time to recover Shenluo Tianjian.

Chapter 6085

"The general situation is gone."

With a sigh, ye Chen knows that today's situation has gone, and xuanjiyue's momentum has become irreparable.

Among the lightning and flint, ye Chen sacrificed a gourd, which is Dan Xianhu, and began to collect the spiritual water of Ziwei Xinghe crazily.

The danxianhu, which contains all the danxianling wine, has been used up. It will take at least a hundred years before it can be brewed again. However, the gourd itself is an excellent container to hold the Lagerstroemia spirit water, which can ensure that the spirit will not be damaged.

A large number of crape myrtle spirit water, towards Ye Chen's danxianhu.

He knows that today, he is absolutely no match for xuanjiyue, so he wants to collect crape myrtle water before he leaves, and take advantage of it.

If we don't take advantage of this, we will have no chance in the future.

Because xuanjiyue will definitely build the crape myrtle Star River into her ashram in the center of the earth. This is her foundation, and it is impossible for outsiders to step in again.

"Lord of reincarnation, what do you want to do?"

Tianxin jiandie is shocked when she sees that ye Chen is stealing crape myrtle spirit water.

She wants to stop, but she's afraid that if she leaves xuanjiyue, there will be an accident.

It's also astonishing to see ye Chen's actions.

See ye Chen so appearance, he obviously is no longer fight of meaning, want to get a vote to leave.

Seeing this scene, xuanjiyue was even more angry and said angrily, "reincarnation Lord, what are you doing secretly?"

Ye Chen a smile, collected a gourd of crape myrtle water, full of thousands of pounds, said with a smile: "xuanjiyue, today you occupy all the land, I don't fight with you, another day to learn your tricks."

Finish saying, leaf Chen turns round to leave directly, but don't have the slightest love to fight.

"You

Xuanjiyue is so angry that she plans to fight ye Chen to the death after Shenluo Tianjian recovers. However, ye Chen doesn't want to fight her at all.

This kind of feeling, like a fist hit on the cotton, almost angry xuanjiyue vomit blood.

After ye Chen left, Shenluo Tianjian also recovered successfully.

Buzz, buzz!

The sword sounds for thousands of miles, and the sound vibrates nine high.

Shenluo Tianjian has never been seen before and is nourished by crape myrtle galaxy. This sword's killing breath is better than before.

Xuanjiyue is in charge of Shenluo Tianjian again. With a sword in her hand, she has the spirit of dominating the world. But ye Chen is no longer there. No matter how hard she kills, what's the use?

"What shall we do, queen?"

Tianxin sword butterfly asked cautiously.

Originally thought that today can fight snow shame, which thought Ye Chen saw the situation, directly ran.

Xuanjiyue was so angry that she gnashed her teeth and said, "that boy is mean and shameless. If he wants to steal my bath water, let him steal it. Anyway, there will always be a chance for revenge in the future."

It's a pity that they can't get revenge today. However, since xuanjiyue is in charge of Ziwei Xinghe again and Shenluo Tianjian is restored, it's a great joy.

"Empress, you are back in charge of the star river of crape myrtle. It's worth celebrating."

At the moment, the three Tianxin sword butterflies express their congratulations to xuanjiyue.

Xuanjiyue nodded slightly, endured her anger and thought about her future plans. She turned her eyes and looked at Ziwei Shuling, saying: "you are the Shuling of Ziwei Xinghe, my first believer?"

Ziwei water spirit excited: "yes, Lord of destiny, I am your believer! You are the saint of my Xuan family, representing the highest of the heavens. "

Xuanjiyue stayed for a while, and said in a low voice, "holy daughter of Xuanjia, my Xuanjia family has been destroyed by the holy hall, can there be descendants to survive?"

Crape myrtle water spirit a burst of dejected, way: "Xuan family's direct blood, in addition to Saint female adult you, other people are all shoveled away."

After a pause, he said, "but many of the Xuan family's offshoots have survived, about 100000 of them. In order to avoid the pursuit of the holy hall, I have frozen them all in the embroidered winter beads, waiting for the holy lady to come, and then I can wake them up."

Xuanjiyue said, "embroider winter beads?"

Crape myrtle water spirit way: "exactly, embroidered winter bead is thirty-three days supreme artifact, one of the ten big heavenly beads, is the magic weapon that I at that time the ancestor of the Xuan family, the Lord of the Xuan sky owl bestows, Saint lady, do you still remember?"

Say, crape myrtle water spirit sacrificed a bead.

This bead is as pure white as frost and snow. On the surface of the bead, there are many beautiful carvings, which are very delicate and beautiful. The cold air diffuses out and makes the nearby crape myrtle River freeze. It can be seen that the cold air is strong.

This bead is the embroidered winter bead in the top ten beads. It is a magic weapon bestowed by xuantianxiao, the ancestor of Xuanjia family.

Xuantianxiao, the ancestor of the Xuanjia family, is one of the top ten ancestors.

Xuanjiyue looks at the bead and remembers that when she fled, her cultivation was still weak and she couldn't take charge of Tianzhu. The family buried the bead in the river of crape myrtle and gave it to Shuiling. She plans to let her take charge of Tianzhu again after her return.

Xuanjiyue took the embroidered winter bead and held it in her hand. She only felt the chill. Her aura had a subtle connection with the embroidered winter bead.

This embroidered bead seems to be a part of her body, and it doesn't need to be refined, so it's directly in charge.

Crape myrtle water spirit way: "Saint female adult, our Xuan family's descendant, all ice sealed in embroiders the winter bead inside, asks you to untie the seal, revives my Xuan family brilliance!"

Xuanjiyue nodded and said, "good!"

This embroidered winter bead has its own world of winter snow. It is inspired by xuanjiyue's spirit. It directly enters the world of winter snow with Tianxin jiandie, Ziwei Shuiling, dizang Wuqi and laofu Jinpeng.

But see embroider the world inside the bead in winter, snow flies, frost dances, between heaven and earth a piece of silver, very magnificent.

But in the snow, it is a very spectacular scene.

A person, connected into a line, endless, lying in the thick snow, all eyes closed, in a state of deep sleep.

There are a hundred thousand people, continuous row, was frozen to sleep, in the sky and earth against the background of wind and snow, showing the magnificent life, shocking.

These people are all descendants of the Xuan family.

The court ruled that the holy hall was too powerful, and the Qinglong tea tree of the Xuan family was unfortunately lost. In order to avoid the pursuit and preserve the blood of the Xuan family, all the descendants of the Xuan family, 100000 people, were sleeping here, waiting for the return of xuanjiyue to revive them.

Xuanjiyue looks at this magnificent picture, her heart shakes.

Tianxin jiandie and others are also in a huge shock.

Crape myrtle water spirit way: "please Saint female adult revive my Xuan family descendant!"

Xuanjiyue nodded her head gently, waved her slender hand, and a ray of purple light came out, enveloping the whole world of winter snow. The vast breath of fate was rolling.

"Sleeping creatures, in the name of the Lord of fate, I command you to wake up immediately, worship me and strengthen my orthodoxy!"

Chapter 6086

Xuanjiyue sang, and the purple light fell on the bodies of those who were sleeping.

Woo, woo, Hoo

As the storm blew, the snow on many sleepers gradually melted away.

One by one, they opened their eyes, staggered and stood up from the ground.

In a twinkling, all the 100000 people in the audience recovered with a dazed look in their eyes, but when they saw xuanjiyue's figure, everyone caught a strong sense of causality.

When fate returns, xuanjiyue is in charge of Xuanjia's orthodoxy. She is the master of Xuanjia.

"See destiny!"

All the descendants of the Xuan family wake up and immediately kneel down to xuanjiyue, calling him destiny emperor.

At this moment, xuanjiyue is the head of Xuanjia clan. If she flies up in the future, she will be called destiny emperor.

When xuanjiyue heard the word "destiny emperor", she was very happy. But she thought that she was not the capital of the emperor after all, and her heart was dignified again.

"Only hope crape myrtle Star River, can let me have the opportunity of heavy chop shackles."

Xuanjiyue thought silently in her heart, and immediately took 100000 Xuan family members to leave the winter snow world and return to the outside.

"From now on, crape myrtle Star River is the place of our Xuanjia family. We are here to establish the orthodoxy!"

Xuanjiyue orders to go down, and the whole Xuan family agrees with each other. Then they show their magic power and begin to build palaces and Taoist temples near the Ziwei Star River, preparing to build this place into the family land of the Xuan family.

Nationality and land are related to the foundation of qi movement. Fengshui is the cause and effect of Fengshui.

Xuanjiyue was worshiped and admired by 100000 people all of a sudden. She felt that her luck was advancing by leaps and bounds.

As the saying goes, when there are many people, Qi will rise. Now xuanjiyue has 100000 people to worship. As long as it develops, Qi will naturally rise.

So busy for three days, under the transformation of people's magic power, the star river of Lagerstroemia indica has completely transformed. On the mountain of Lagerstroemia indica, there are many magnificent palace buildings, just like a top-level Taoist temple.

Crape myrtle Star River is divided into two parts, one is the outer river, for ordinary disciples to practice, the other half into the inner lake, is dedicated to xuanjiyue geomantic treasure.

Xuanjiyue made a stone tablet with the four characters "crape myrtle treasure land" engraved on it, suspended in the sky.

Later, the land of the Xuan family was called Ziwei Baodi.

In a short period of three days, xuanjiyue recreated the orthodoxy of the Xuans, and the magnificent and prosperous atmosphere spread throughout the whole earth.

Everywhere in the center of the earth, you can see the sky, with purple floating and extraordinary light. It is obvious that there are new forces rising.

Xuanjiyue summoned Tianxin jian die, dizang Wuqi, laofu Jinpeng and Ziwei Shuiling

"There is a lack of one person in the wasteland, Shuiling. You will change your name to Zihuang lingnv in the future, which is the wasteland in the wasteland."

The absence of one person in "the past" will eventually have an impact on the qi movement, so xuanjiyue rearranges and lets Ziwei Shuiling join in, giving her the name of "Zihuang lingnv". After that, she will be "Huang".

The purple wasteland spirit girl knelt down to thank her and said, "thank you for your name!"

Xuanjiyue nodded and said, "well, there are still many things to deal with in the beginning of Xuanjia's orthodoxy. You help me. I need to break the shackles, but I can't be entangled with chores."

"Heaven and earth are old" four people should say: "yes!"

At present, the affairs of the Xuans are in the charge of the old. Xuanjiyue comes to the inner lake, takes off her clothes and shows her beautiful white body. Under the sunshine, her skin is as beautiful as a dream. There is no flaw in her skin.

She walked to the inner lake and soaked in the water of Ziwei lake. She closed her eyes slightly and adjusted her breath. She was ready to use the energy of Ziwei Xinghe to cut off her shackles.

To sever the shackles, you need to seal the cultivation of Baiji realm, lock your own meridians, and then sever them. The pain is more severe than breaking your own meridians and bones. According to the legend, the only one who can sever the shackles successfully is the Empress Dowager.

At that time, the Empress Dowager cut off 90 shackles, which was already against the heaven. But she was not satisfied. At last, she cut off the shackles again, and the number of shackles reached 96, which

was six more than before. From then on, her cultivation soared all the way, and finally became a legend of the Empress Dowager.

Xuanjiyue keeps breathing and swallowing the breath of crape myrtle. She accumulates in the elixir field, but she doesn't do it rashly. Because it's too risky to cut off the shackles, she needs more accumulation.

During the cultivation, the purple wasteland spirit girl suddenly came in and respectfully presented a letter, saying:

"Lord Tianjun, the leader of the verdict sent a letter with flying sword."

At this time, xuanjiyue was already the head of Xuanjia's clan, so Zihuang lingnu called her "Tianjun", which meant respect.

Xuanjiyue moved in her heart and said, "Oh, Lord of the verdict, what does he want to do when he sends a letter with a flying sword? Do you want to challenge my Xuan family? "

Xuanjiyue took the letter, but she didn't dare to neglect it, so she quickly opened it.

The ruler of the verdict is very powerful. It's said that his cultivation has reached half a step to the emperor. It's only half a step short of the last step, and he can fly up smoothly. It's really a big deal.

However, xuanjiyue also heard that the news of Zulu was leaked, and the leader of the verdict was in danger of being killed by the Supreme Master. She also faced the Revenge of the devil. Recently, she did not dare to expose it easily. Did he want to take the risk to attack the Xuans?

Xuanjiyue looks at the letter carefully, but finds that the judge doesn't mean to challenge. She wants to invite xuanjiyue to go to the temple to discuss cooperation and deal with Ye Chen.

Chapter 6087

"You want to cooperate with me to deal with the reincarnation Lord?"

Xuanjiyue smiles coldly and burns the letter to ashes.

She is very clear about the meaning of the adjudicator. Now the supreme world has known Zulu's information. There are countless eyes staring at the back of the earth's heart. The adjudicator is extremely dangerous.

He wants to fight against Taishang's threat. He can only kill Ye Chen and capture Ye Chen's reincarnation.

If you get Ye Chen's reincarnation blood, you can seize the initiative. Whether it's refining by yourself, or taking it as a bargaining chip, it's of great benefit.

Purple wasteland spirit female way: "Lord of heaven, the Lord of the verdict unexpectedly invites us to cooperate? How can it be

You know, the Xuan family and the leader of the verdict have a deep blood feud. She never thought that they would have the opportunity to cooperate.

Xuanjiyue said with a smile: "xiaoling'er, there is no absolute black and white in this world. Friends and enemies just have different positions. Only interests are eternal. If interests are enough, even blood feuds can cooperate."

Zihuang lingnv was not worldly wise and a little at a loss. She said, "that day, my Lord, do you want to cooperate with the judge?"

Xuanjiyue said, "it's OK to talk about it. You wait for me to come back."

With that, xuanjiyue comes out of the lake, puts on her clothes, tears the void, and goes straight to the judgment hall.

When she came to the judgment hall, xuanjiyue saw a series of majestic palaces, which were more magnificent than her Xuanjia's clan.

Here is the ashram of the judgment church.

Over the endless palace, there is a huge sky boat. That day's boat is the legendary ark of doomsday. Many believers are worshipping the ark of doomsday, and many prisoners are constantly escorted to the ark, preparing to nourish it with their blood on the auspicious day of more than ten days.

As soon as xuanjiyue arrived, a white robed old man came out to meet him. It was elder Chen Yujing.

"I, Chen Yujing, welcome the master of fate."

Chen Yujing arched his hand to xuanjiyue, with a slight embarrassment in his tone.

Three days ago, he was still fighting with xuanjiyue's people, but now he wants to talk about cooperation.

Xuanjiyue nodded and said, "what does the judge want to talk about?"

Chen Yujing said: "please come with me, the Lord of God is waiting for you in the inner hall."

At present, Chen Yujing leads the way and leads xuanjiyue to the inner hall.

But I saw a soft man sitting on a velvet throne, which was inlaid with jewels. Under the reflection of pearls, the man's skin was even whiter than xuanjiyue's, showing a very evil temperament, which was quite strange.

This person, of course, is the judge.

Behind the judge stood a handsome man, Chen zuiyue, the fourth elder.

"Master of fate, are you here at last? Come on, give me a seat

With an order from the judge, someone brought a throne and placed it in front of xuanjiyue.

Xuanjiyue did not sit, but stood and said, "Lord of the verdict, what do you want to talk about when you call me here?"

She looked at the judge, only to feel the breath of the judge, with weakness, obviously injured.

Previously, in the ancestral land of the Xiao family, the ruler of the verdict was destroyed by the ancestor of the sword God, and his blood and essence were consumed. Now he is very weak, but in front of xuanjiyue, he also maintains his dignity.

The judge said with a smile: "the master of fate, Dharma has returned. I just want to see you."

Xuanjiyue said in a cold voice: "less nonsense, do you want to cooperate with me to deal with the Lord of reincarnation?"

The judge nodded and said, "it's true that the reincarnation Lord has three heavenly swords in his hand, and he has practiced the nine heavenly magic skills. His momentum is so powerful that it's really eternal. Only when you and I join hands can we have a chance to kill him."

Xuanjiyue said, "I've been away from the earth for a long time. I'm not familiar with cause and effect. What's your plan?"

The adjudicator laughed and said, "when dealing with the reincarnation Lord, we can't be reckless. We need to lay out bait. I know he has a confidant in the heart of the earth, xueningqian. If we can catch xueningqian, maybe we can restrain the reincarnation Lord."

Xuanjiyue said coldly: "do you play the trick of hostage taking? I'm not interested. "

Hostage threat, this kind of trick, used in the past Xuanyuan moxie killing Normal University, Emperor Shitian butcher Saint conference, but failed.

Now, xuanjiyue is shadowed by the pit. Ye Chen's luck is too strong. This old routine can't hurt him.

The judge said, "Oh, don't you like it?"

Xuanjiyue said: "directly, where is xueningqian? Let's kill her, make a big noise and lead the reincarnation Lord out. "

The judge said with a smile: "I heard that the Lord of fate is outside. She is the queen of the upper world. She is really bold! Well, we'll kill xueningqian. I've made it clear that she's in a place called jianshichendi, where there are many prohibitions. It's hard for outsiders to get in. But the empress, you have the Heavenly Sword in your hand, which is enough to break the ban. It's easy to kill xueningqian. "

Xuanjiyue said, "what about you? Why don't you come with me? "

The judge shook his head and said, "there are too many eyes staring at her back. I can't easily expose them. This time, elder, please help the queen." He glanced at Chen Yujing.

Chen Yujing a stay, but did not expect that the ruling master, will give this task to himself.

Behind this, involves the reincarnation of the Lord, think of Ye Chen ferocious overbearing appearance, Chen Yujing a shiver, can't help but fear.

The judge said: "don't be so flustered. I'll give you the Zhenwu soap carving flag. I've refined it with my blood essence. You can take it. It's enough to enhance your strength. You can join hands with the queen. If the reincarnation Lord comes, he will surely die."

With these words, the Lord of the verdict offered a flag, which was black in color and decorated with dark clouds. The flag even gave the breath of the Lord of the verdict.

It turned out that the weak leader of the ruling had something to do with the refining of Zhenwu soap carving flag besides the destruction of his body.

This Zhenwu soap carving flag has been refined with essence and blood, and its power has been greatly improved.

Chen Yujing was so happy that he caught the soap carving flag of Zhenwu and said, "thank you for your reward!"

Among the congenital five flags, the ground leaving flame light flag and the plain cloud flag fall into Ye Chen's hands. The green lotus color flag is also taken away by Ye Chen and given to Mo Hanxi.

And Wuji apricot yellow flag, destroyed by the ancestor of sword God.

The last remaining Zhenwu soap carving flag is the last treasure flag of the judgment hall. The Lord of the judgment is willing to give it. Obviously, he attaches great importance to Chen Yujing and has high hopes.

The judge looked at xuanjiyue and said, "then, empress, please, as long as you shovel out jianshichendi and xueningqian and lead to the reincarnation, he will not escape your destiny."

Chapter 6088

Xuanjiyue nodded gently and said, "this is nature."

She has absolute confidence in her own strength. She was run away by Ye Chen last time. In this decisive battle, she will never let Ye Chen go.

Although jianshichendi is not xuanjiyue's territory, and there is no good place to borrow it, with the cooperation of Chen Yujing, the war is sure.

At the moment, xuanjiyue and Chen Yujing leave the judgment hall and rush to the sword world, ready to kill xueningqian and lead Ye Chen to fight.

.....

At this time, ye Chen had already returned to the glass treasure land of Feng's home and was refining the Yellow Emperor tree with the help of crape myrtle water.

Under the huge tree, ye Chen sits on his knees, Dan Xianhu is sacrificed, and a stream of crape myrtle water is flowing towards the Yellow Emperor tree.

On the ground of the Yellow Emperor's sacred tree, there are a lot of natural materials, local treasures and sacrificial articles, all of which are materials to enhance the spirit of the sacred tree.

The most important material is the crape myrtle water.

Fengyouli and fengyouyue stood respectfully behind yechen and watched him silently.

Ye Chen urges the word formula of Bing and uses the technique of quenching to continuously refine the tree of the Yellow Emperor by mixing the many natural materials and local treasures with the water of crape myrtle.

The technique of quenching is called "Seven Star quenching way". When it is used, there is an illusion of Seven Star totem, which can resonate with the seven stars in the sky and endow weapons with great vitality.

Ye Chen urged the seven stars to quench their way, and a fire rose in the palm of his hand. He poured all kinds of natural materials and treasures, as well as the aura of crape myrtle water, into the Yellow Emperor tree.

From the crape myrtle Star River back to now, ye Chen has been tempered for three days, and now it is almost perfect.

The Yellow Emperor tree was refined and nourished by crape myrtle water. The aura gradually became rich, and the vigorous vitality bloomed out. The wisps of quintessence of Wutu were like glass in the wind, gathering into a mist, which filled the whole glass treasure land. It was very spectacular.

"Vomit!"

Ye Chen's eyes suddenly sharp, and then spewed out a breath of essence, the Yellow Emperor tree, suddenly boom vibration, the leaves constantly swaying, aura thoroughly expanded, and even a pillar of light, straight to the sky, magnificent.

Outside liulibaodi, Mo Hanxi, Hong Xin and others were shocked and surprised to see the towering Wutu light column.

Obviously, ye Chen's successful quenching has successfully improved the aura of the Yellow Emperor tree.

After the Huangdi tree's aura is improved, it has enough ability to accommodate the people of the three nationalities.

When the people of the three ethnic groups have a habitat, they can plot to fight back!

Ye Chen looks at the vigorous aura of the Yellow Emperor tree, and his mouth can't help but evoke a smile, very satisfied.

But three days of refining, but let Ye Chen a little weak dizziness, body wobbly.

"Lord, are you ok?"

Wind you glass, wind you month two sisters see this, immediately come to a left and a right to hold Ye Chen.

Ye Chen's left side is Wen Xiang nephrite, and his right side is Wen Xiang nephrite. The soft bodies of the two sisters are close to him. I don't know whether it's because of this or because of his strong physical recovery ability. In short, ye Chen's breath recovers and his spirit is greatly boosted in a flash.

"I'm ok. Open the border quickly and invite the people of the three nationalities in."

Ye Chen takes a deep breath, adjusts the good condition, the way.

Now the Yellow Emperor tree has been restored and can carry the people of the three nationalities.

"Yes, Lord!"

The two Li Yue sisters went out and opened the border to welcome the three nationalities.

The people of the three ethnic groups of Mo Honglin were finally able to enter the glazed land, and everyone was very happy.

Mo Hanxi, Hong Xin, Hong Xuan and Lin Tianxiao, led by Li Yue, came to the Yellow Emperor tree to thank Ye Chen.

After a greeting, Lin Tianxiao asked: "brother ye, have you ever been to Ziwei Xinghe?"

Xuanjiyue regained the power of Taoism and set up a Taoist temple. The purple air was gushing out for thousands of miles, and the people of the three nationalities also saw the secrets of heaven.

Lin Tianxiao conjectures that ye Chen has been to the river of crape myrtle and fought with xuanjiyue.

Ye Chen a smile, way: "is to have been to, I am afraid to reveal the secret, also afraid you worry, so didn't say with you."

Lin Tianxiao sighed: "brother ye, I really don't know how to repay him. If it wasn't for you, I'm afraid our Lin family would not even have a place to live."

Ye Chen said: "it's nothing to mention. Fengjia is my absolutely reliable ally. If you need anything in the future, you can tell Liyue and her sisters."

Say, leaf Chen looked at the breeze you glass, breeze you month one eye.

Ye Chen can't easily agree to take over the orthodoxy of the Feng family, but it's OK to form an alliance and stand on the same front.

Li Yue and her two daughters said, "I will obey the Lord's command. We will try our best to serve the people of the three nationalities."

Lin Tianxiao, Mo Hanxi, Hong Xin and others stayed for a while. Feng Youli and Feng youyue are the saints of the Feng family. They have always refused people to enter the country before. How respected their status is. They are as docile as servants now. They all listen to Ye Chen's words.

Lin Tianxiao is very strange, but he doesn't know what means Ye Chen used. Is the charm of the reincarnation Lord so great?

Ye Chen said with a smile: "you go around, I need to go back to practice."

Ye Chen's cultivation is just a little short of the critical point of the second heaven in the realm of truth, and he can break through into the third heaven.

Now that he has mastered the formula of the word Bing, ye Chen comes up with a feasible way to make a breakthrough.

The technique of quenching is the Seven Star quenching way. Besides refining weapons, it can also refine itself.

If ye Chen uses the Seven Star quenching way to refine his own physical meridians, he is likely to break through the critical point and step directly into the third heaven of the true realm!

At that moment, ye Chen went back to his room and called out the eight trigrams Dan stove, surrounded by powerful Taoist rhymes. The Dan stove was filled with holy water of the yellow spring, ready to boil the water of the yellow spring, which was used to refine the body, and striding toward the three-tier heaven of the true realm.

Hum!

When ye Chen was ready to practice, a jade pendant in his body made a change.

That's the communication jade pendant between him and xueningqian!

"Is hemagglutination dangerous?"

Ye Chen's pupil shrinks, but he feels the breath of crisis coming from the jade pendant.

Obviously, xueningqian is in great danger. Ask Ye Chen for help!

At the beginning, before the death of xuejianming, he asked Ye Chen to protect xueningqian.

And ye Chen, will never let blood coagulation thousand accident!

"It must have been the church! Or xuanjiyue! "

Ye Chen bites his teeth and has caught the secret. He immediately gets up and leaves the glass treasure land, tears the void and rushes to the sword world.

When xuejianming falls behind, xueningqian's mission is to guard jianshichendi. She practices in jianshichendi to refine the orthodoxy left by xuejianming. Ye Chen is only afraid that she will be attacked and killed by the judgment hall.

After all, behind xueningqian, there are the cause and effect of the three swords of the empress and the emperor. The three swords, even the judgment hall, will be moved!

Chapter 6089

The void tears, ye Chen came to the sword world dust outside, but see purple light all over the sky, sharp sword gas constantly rolling, showing a very magnificent atmosphere.

The purple light sword Qi is attacking the forbidden shield of the sword world.

The shield of jianshichendi is dark blue. At the moment, it is constantly attacked. The blue light splashed out is mixed with the purple light all over the sky. The scene is like a dream.

There are two powerful figures floating outside the sword world.

Those two figures are xuanjiyue and Chen Yujing!

"Xuanjiyue, Chen Yujing, how can they appear at the same time?"

Ye Chen face a change, and then carefully deduce, immediately found behind the plot.

It turned out that xuanjiyue had cooperated with the ruling hall to attack xueningqian, not to capture the empress general's three swords, but to lead Ye Chen out.

Ye Chen saw xuanjiyue's figure from a distance, and felt that the purple air came from the East, surging and vast, magnificent and invincible.

Obviously, after taking charge of Ziwei Xinghe and reconstructing Xuanjia's orthodoxy, xuanjiyue has made great progress, and Shenluo Tianjian's edge has been restored. At the moment, her combat effectiveness is far above Ye Chen's.

If ye Chen makes the most of the potential of reincarnation, and then uses the three heavenly swords of barren devil, disaster and Longyuan, he may be qualified to fight xuanjiyue.

But the problem is, there is a Chen Yujing beside xuanjiyue!

Around Chen Yujing's body, there is a small flag. The flag is foggy and has the smell of blocking the sky. It is the Zhenwu soap carving flag in the congenital five square flag.

Ye Chen feels that the Zhenwu soap carving flag has been tempered by the essence and blood of the ruling Lord.

In other words, Chen Yujing has the support of the judge behind him, and his strength is also greatly improved. If he assists xuanjiyue to deal with Ye Chen together, ye Chen is almost impossible to win.

Bang bang!

Xuanjiyue's sword was slashed on the shield of the sword world. It aroused thousands of blue waves of fire, which was very spectacular.

And the shield, under the attack of her Heavenly Sword, was constantly shaking, even cracking, obviously unbearable.

"The queen is mighty!"

Chen Yujing cheered loudly, full of admiration.

The shield of the sword is very powerful. If it is him, there is no way.

But xuanjiyue can cut the shield by the edge of Shenluo Tianjian.

Xuanjiyue smiles, but suddenly takes back Shenluo Tianjian and says faintly: "the thief who stole my bath water is coming. Kill him first."

With that, xuanjiyue came back and found Ye Chen beyond the void.

Ye Chen's face sank. He pulled out the heavy Longyuan Sky Sword and said, "xuanjiyue, I didn't expect you to cooperate with the judge!"

Chen Yujing sees Ye Chen's figure and his heart shrinks. He can't help but stand behind xuanjiyue. His heart is full of fear and fear.

Ye Chen brings his psychological shadow and pressure, or too big, even now the upper hand, he has no courage to be arrogant.

Xuanji month is calm appearance, way: "that again what, as long as the interest is enough, you and I can cooperate."

Ye Chen bit his teeth and said, "it's a pity that he didn't kill you in Longyuan ruins that day."

Xuanjiyue said with a smile: "you can't kill me, which proves that I have a deep sense of luck. If you dare to come today, you are looking for death!"

With that, xuanjiyue no longer talks nonsense, suddenly wields Shenluo Tianjian, and at the same time displays Tianfu Daofa. There are Ancient Runes blooming on the sword body. The sword is like a rainbow running through the sun, breaking through the air and killing Ye Chen.

This sword shows the strength of a powerful man in a hundred shackles world!

Ye Chen's eye pupil slightly shrinks. He can easily kill the strong one in Baiji realm, but it's very hard to face the real Baiji realm master.

Half a step away, it's a world of difference.

Xuanjiyue's martial arts shackles have been untied, and she has untied 81. Although she is not the capital of the emperor, she is also extremely strong. Combined with Shenluo Tianjian and Ziwei Xinghe, she is absolutely invincible.

Ye Chen only feels suffocated. If he fights by force, he will never get any good.

In the crisis, ye Chen a flash, unexpectedly is toward the bottom sword world dust ground to rush.

"Well?"

Xuanji month a Zheng, but see ye Chen's body, without hindrance rushed into the sword world dust, the forbidden shield, did not hurt Ye Chen.

Ye Chen has a deep relationship with Xuening Qian. This prohibition will not hurt him. He can go in and out freely.

His plan is to meet with Xue Ningqian, gather the strength of the two, and then rely on the energy of jianshichendi to compete with xuanjiyue and Chen Yujing.

"Do you want to die with your little lover? Then I will satisfy you! "

Xuanjiyue saw that ye Chen had entered the sword world, and she had already guessed his plan. But she didn't panic at all. She directly offered embroidered winter beads, and the cold air of terror and strictness filled her immediately.

"Thousands of miles of ice, thousands of miles of snow!"

Xuanjiyue suddenly drinks, and the extreme urges xiudongzhu. The endless cold rushes down. Looking at her appearance, it seems that she wants to freeze Ye Chen and xueningqian to death!

Ye Chen stepped into the dust of the sword world, immediately caught the breath of blood coagulation thousand, strode forward.

Soon, ye Chen saw the figure of Xue congealing Qian and sat cross knee in a broken sword.

She had been practicing in seclusion, feeling the orthodoxy handed down by xuejianming before her death, but the appearance of xuanjiyue made her feel extremely crisis, so she called Ye Chen to come.

At this time, xueningqian opened his eyes and saw that ye Chen really came. With a look of joy, guilt, helplessness and so on, he stood up and said, "Ye Chen, you are here."

Chapter 6090

Ye Chen said, "I'm here. Are you ok?"

Xueningqian's real strength today is a half step of Baiji realm. If she can thoroughly refine the tradition left by xuejianming, she can break the shackles and become a real strong one in Baiji realm.

"Sorry, I shouldn't have bothered you."

I'm sorry.

Ye Chen said, "don't talk about it now. Try to fight the enemy as soon as possible."

Outside, xuanjiyue and Chen Yujing are eyeing each other, embroidering winter beads high in the sky. Chen Yujing also infuses his own aura into embroidering winter beads.

Under the aura of xuanjiyue and Chen Yujing, the cold air of embroidered winter beads broke out to the extreme intensity, freezing thousands of miles, snowing thousands of miles, and howling storm, which was very spectacular.

Click!

Under the cover of ice and snow, the shield of jianshichendi began to freeze, and even was on the verge of breaking.

Ye Chen and Xue Ningqian also feel the chilling cold. They can't help but come closer to each other and use their body temperature to drive away the cold.

Xue Ningqian said: "the holy daughter of Xuan family and Chen Yujing are too strong. If you want to defeat them, unless I can cut off the shackles and break through the hundred shackles!"

Ye Chen heart move, way: "can you break through?"

Xueningqian said: "yes, there are two ways, enough for me to break through."

Ye Chen said: "two ways?"

Xuening Qian's face turned red, and he looked at Ye Chen awkwardly and said: "this method is... Oh... Is..."

Ye Chen looks at her coy manner, is also a burst of embarrassment, suddenly, coughed two, way: "is want to use my reincarnation blood?"

Xueningqian took a deep breath, his full chest heaved rapidly, his face flushed to the root of his ear, and said: "no... yes, if I can be compatible with your blood, I can break through the hundred shackles."

Ye Chen's reincarnation blood is more and more powerful. Now he is a piece of eternal flesh. Women want to bite him. For example, Xiao Qingyan wants to practice with him.

Xuening Qian also sees the strength of Ye Chen's blood, and also wants to cultivate both. If she can blend with reincarnation's blood, she can change her life against heaven.

Ye Chen wry smile for a while, way: "outside strong enemy come, even if I am willing to double repair with you, only afraid also too late."

The shield of jianshichendi will be broken by xuanjiyue if it can support incense for one more time at most.

In a short time, ye Chen has no time to work with Xuening.

When Xuening Qian saw the broken shield, he also felt that this method was not feasible. He was relieved and a little bit lost. He said, "this method is not good. That's the last one left."

Ye Chen says: "what method?"

Xue Ningqian said: "I have inherited the tradition of the elder xuejianming. I need time to understand and refine. You help me to delay the two incense sticks. I sacrifice my soul to refine it. Maybe I can break through the chance of anti killing."

The tradition of xuejianming is very strong, and it is impossible to refine it completely in a short time.

Now the situation is urgent. She plans to sacrifice part of her soul energy to absorb and refine, so that she can break through quickly and kill xuanjiyue.

This way of doing things will cause serious damage to the spirit, but at the critical moment of life and death, we can't care so much.

"Two sticks of incense? OK, I can hold on! "

Ye Chen's vision one coagulates, nods to promise to come down.

Blood coagulation thousand heart a joy, look around, see the wind and snow more and more intense, way: "it's a little cold here, what can you do to avoid the cold attack?"

Embroider winter bead cold, really terrible, in such a cold environment, blood coagulation thousand can't break through.

Ye Chen in the heart move, sacrifice eight trigrams Dan stove, way: "I protect Dharma for you, you go in to practice."

In the eight trigrams Dan stove, there is still boiling holy water in the yellow spring. In the holy water, there is a trace of Taoist energy of Seven Star quenching way. Ye Chen originally intended to cultivate and break through by himself, but now he is giving it to Xuening Qian.

Xuening Qian was grateful and said, "thank you very much."

At the moment, Xuening Qian takes off her clothes, walks into the Bagua Dan stove, and immerses herself in the holy water of the yellow spring. She feels warm all over and the cold dispels. Then she is at ease and begins her final cultivation breakthrough.

Now life and death, she does not care about the difference between men and women, even if the naked body presented in front of Ye Chen, it does not matter.

Ye Chen sees Xuening Qian's crystal clear and white body, and his mind swings slightly. But he immediately turns back and holds the Longyuan Epee to protect Xuening Qian.

Bang!

After a long time, the forbidden shield was completely broken.

Ye Chen's face sinks, and there is the last time to burn incense. He must support it.

At the moment, ye Chen holds the Longyuan epee and flies up to heaven, facing xuanjiyue and Chen Yujing.

Around the snowstorm, xuanjiyue and Chen Yujing can't see where xueningqian is. They can't help sneering when they see only Ye Chen coming up.

Xuanjiyue said, "you're the only one. Don't you want to die? Tell your little lover to come out, and I'll make you a pair of hard-working mandarin ducks. "

Ye Chen horizontal sword in front of the body, indifferent way: "I a person, also enough."

He took a defensive stance and did not rush because his goal was to delay time.

"Do you want to delay? I'm afraid you can't hold it

Seeing this, xuanjiyue immediately guesses all the causes and effects. When xiudongzhu turns, shenluotian sword explodes out. If you want to freeze the world for thousands of miles, you will kill Ye Chen bravely.

"Bing Zi Jue, a true solution to the flood and famine!"

Ye Chen suddenly drinks, grabs his palm across the air, and a black hole whirlpool of weather appears, which brings together the vast and turbulent cold air of xuanjiyue's sword and compresses it into a small point.

"Nine days broken way!"

The next moment, ye Chen is to use the nine days broken way in the art of broken war to directly break this little point into nothingness.

"Good means! It's the magic of the nine heavens

Xuanjiyue couldn't help but praise. She knew that ye Chen had mastered the nine heaven magic. At this time, she saw with her own eyes that she had infinite powers and extraordinary nature.

Ye Chen defuses xuanjiyue's attack, but he doesn't rush to attack, but backs down to defend.

Sure enough, at this time, Chen Yujing suddenly came out of the stab. With a slap of his hand, layers of quintessence of Wutu gushed out and turned into huge walls, trapping Ye Chen.

"The Yellow Emperor's huge wall, Zhenwu covers the sky!"

Chen Yujing roared. When the huge wall array fell, he immediately sacrificed the Zhenwu soap carving flag. When the flag shook, there were tens of millions of dark clouds rolling down to cover the sky. The sky and the earth were dark.

This soap carving flag of Zhenwu has the effect of obscuring heaven and earth, blocking out the sun and overturning Yin and Yang. Once it is used, endless clouds cover the top and suppress everything.
