

Physician 61

Chapter 61

Li cangfu's body is stiff, and he naturally understands the meaning of Ye Chen's words.

It's a threat. It's an order.

He took a look at some embarrassed daughter on the ground, bit his teeth and said, "Mr. Ye, I understand."

After ye Chen enters the box, Li cangfu looks at the bodyguard, points to sun Yaoyao and Li Xin and says, "drag them out."

Li Xin naturally knew what was going to happen. Her eyes were full of surprise. She almost struggled frantically and yelled: "Dad, what are you doing! I'm your daughter! You did it for a bastard... "

"Pa!"

Li cangfu slapped the past without hesitation. He knew that today's affairs could not be handled well, not to mention whether his Keyuan group could survive or not, even the life of their family would not be guaranteed!

The children of those families in the capital can always do things to destroy their families. The Ye family in Jiangcheng was the best example!

He is afraid of death! He has to compromise!

Sun Yaoyao is also scared pale, she did not think that things will be so reversed!

She stares at the far away Ye Chen! All kinds of waves in my heart! What kind of man is Sun Yi's boyfriend? Why should every superior existence please him?

First, the miracle doctor of the hospital, and then Shen Haihua, chairman of Beiming group! Even his best friend's father also slapped his daughter for this man!

Sun Yi can only look up at her from the back of her life, as long as she has been looking up at this man for a long time.

"Pa!"

Li cangfu slapped sun Yaoyao in the face.

"Pa!"

The clapping sound was heard all over the Xilin lane.

Seeing this scene, Uncle Wang and Aunt Zhang were a little confused. They found that a Chen had changed, as if he had become very strange.

Once he heard his son mention a Chen thing, know that Chen seems to be in school very miserable, has been humiliated.

But now, five years later, those big men in Jiangcheng should look at ah Chen's eyes and do things?

Is he still the ah Chen who used to be called rubbish?

"My father, ah Chen, this is..."

Zhang aunt just wanted to say something, but Uncle Wang gave a sign in his eyes: "now ah Chen is not the same as he used to be. I always feel that he has a special temperament Oh, forget it. I'll go to cook They still have to eat. "

.....

In the box, four people are seated.

"Mr. Ye, do you need me to deal with Li cangfu's affairs?" Shen Haihua said.

As long as ye Chen nods, he will let the group begin to put pressure on Keyuan group, and make the Li family completely ruined!

Ye Chen shook his head and took a bite of the dish. Then he said, "the daughter of Li cangfu is just a little trifle. The punishment now is enough for her to have a long memory. If the other party doesn't have long eyes, I will deal with it naturally."

Shen Mengjia frowned. I don't know what ye Chen's treatment means. Did he kill the Li family?

In this peaceful society, are you still killing people?

"In that case, it would be better. By the way, Mr. Ye, you should come to me today not just for this meal. " Shen Haihua opened the door to see the mountain road. As a business giant, he could naturally guess that the youth in front of him had other needs.

Ye Chen put down his chopsticks, nodded, and said faintly, "yes. Mr. Shen, how much do you know about Tianzheng Group? "

Hearing Tianzheng Group, Shen Haihua and Shen Mengjia shrunk their eyes together, and their faces were full of panic!

Because the origin of Tianzheng Group is too terrible!

Five years ago, it was the enterprise of Ye family in Jiangcheng! Ye Hongtai is the helmsman.

Although the Tianzheng Group gradually declined, its glory was obvious to all.

But what people didn't expect was that ye Hongtai died at a banquet in Yunhu villa!

All three members of the Ye family were killed!

Countless forces and families have drawn a clear line with the Ye family!

Just because a man behind controls everything!

As ye Hongtai's asset, Tianzheng Group was naturally annexed by many forces!

In order to hide people's eyes, those forces have repeatedly packaged, borrowed and reorganized the assets of Tianzheng Group.

If it is not insiders, it is impossible to know where Tianzheng Group is.

Shen Haihua looked at Ye Chen and said curiously, "Mr. Ye, why do you care so much about Tianzheng Group? This was the Ye family in Jiangcheng at the beginning..."

All of a sudden, Shen Haihua seemed to be hit by a bolt from the blue. His eyes widened and he was staring at the youth in front of him!

Mr. Ye!

Ye Chen!

Ye Hongtai!

Ye family!

Tianzheng Group!

Is the youth in front of you the one who fell into Dongqian Lake? Chenye? Yes, the youth of Ye family in Jiangcheng is also called Ye Chen!

He's not dead. He's back? Come back with the art of bringing back the dead? Shen Haihua really set off a storm in his heart! He hasn't had such a big fluctuation in more than ten years. He looks at Ye Chen as if he saw a ghost.

Shen Mengjia is also similar. Although she and her father had guessed about this possibility, the thought of Ye family's rubbish broke up the idea.

After all, Ye's rubbish is a big joke in Jiangcheng circle! Even if you give him ten years, you can't achieve the achievements of the young man in front of him!

Her delicate body trembles, her face is a little pale, she is waiting for ye Chen's reply.

Ye Chen naturally saw the reaction of the two people. He knocked on the table three times with his fingers, and suddenly raised his head. He said faintly: "I was Ye Chen who fell into Dongqian Lake. Ye Chen of the Ye family in Jiangcheng

His voice is flat, but let the room produce an invisible murderous air.

The murderous spirit surrounds the Shen family and makes them walk on thin ice!

Ye's rubbish is really back! The situation in Jiangcheng will change!

Shen Haihua is sure that none of the people involved in the event of Yunhu villa could escape!

Fortunately, he was busy with business and didn't get involved in the affairs of the Ye family. Otherwise, his Shen family would be ruined.

Shen Haihua woke up from the shock and sighed, "Mr. Ye, I didn't expect I think Mr. Ye's parents should be very pleased to see your achievements now. As for the Tianzheng Group, Shen did know something. The Tianzheng Group building was demolished five years ago and replaced by Nantai building. The forces behind the building are complicated. It is said that not only Nantai society, the largest underground power in Jiangcheng, but also some families and enterprises in Jiangcheng are involved.

After the Cloud Lake Villa incident, they encroached on the whole Tianzheng Group through commercial operations, such as backdoor listing, asset restructuring, compulsory acquisition. By means of other means, Tianzheng Group is almost beyond recognition. If we really want to say that, the current Qinghe group is the Tianzheng Group at that time.

And the helmsman of Qinghe group is Zheng Jingming. "

Hear Zheng Jingming!

Ye Chen's body is wrapped with a cold killing machine!

He will never forget the name!

Father's old friend!

Uncle he always trusted!

At that time, the invitation letter of Yunhu villa was handed to his father by Zheng Jingming!

He even vaguely remembers how Zheng Jingming courted the man in the capital on the night of his father's death!

That face, he will never forget!

Chapter 62

"Ye Chen..."

When ye Chen's body is filled with a trace of evil spirit, Sun Yi's white hand is directly placed on Ye Chen's hand.

A trace of warm sense of coverage, just let Ye Chen sober up, he looked at the crowd, smile: "sorry, think of something five years ago."

Shen Haihua naturally knew what kind of hatred he would have for ye Chen when his family was destroyed. He thought for a few seconds and said, "Mr. Ye, you are coming back to Jiangcheng for the sake of Qinghe group?"

Ye Chen nodded: "it is. After all, Tianzheng Group was my father's painstaking efforts. As a son, I naturally want to fight for him back."

"Indeed, it is human nature that Mr. Ye did this, mainly because those people used too much means at that time! What's the difference between this and extortion! Mr. Ye, I know you don't know much about shopping malls, but Shen has a little way to go. These days, I'll sort out a copy of Qinghe group's information for you, and then we'll try to get Qinghe together! How about it? "

Shen Haihua finished and looked at Ye Chen nervously! Shen Haihua is very clear, if you really want to tie up with the man in front of him, now Qinghe group is the only way!

Shen Mengjia on one side even found his father shaking.

What's wrong with dad? As for being so nervous?

Ye Chen never expected that Shen Haihua would put forward this proposal. After all, from Shen Haihua's words, he learned that the forces behind the Qinghe group were complicated. If he wanted to win, he would have to take some risks. However, the other party was willing to help himself without thinking about it. It was really strange.

"Mr. Shen, you have said that the water of Qinghe group is very deep. Aren't you afraid that your Shen family will be involved?"

Shen Haihua chuckled and said, "Mr. Ye, you don't understand. Our businessmen are after interests. If we win Qinghe group, I hope to get 10% of the shares. This share only has the right to dividend. The real controller is you. How about that? If you agree, Shen will do it immediately! "

Sun Yi was surprised to hear Shen Haihua's request.

As the director of Huamei group, she knows some business rules.

Shen Haihua's suggestion is simply to change the way to tie Ye Chen together.

Which businessman won't have the right to vote? For Shen Haihua, the dividend of Qinghe group is a drop in the bucket.

If you win the Qinghe group, this is equivalent to Shen Haihua giving Ye Chen a big gift!

Ye Chen naturally understands Shen Haihua's purpose, but he is lonely now. If he wants to regain his father's efforts, it is undoubtedly the best to help him.

In this way, it is equivalent to a personal debt to Shen Haihua.

Well, in the future, if the Shen family is in trouble, help yourself once.

"Then it will be troublesome for Mr. Shen." Ye Chen Dao.

Shen Haihua's heart is happy, his fist slightly clenched, very excited.

He hasn't felt the excitement of opening up the territory for many years. Now he can feel that the Shen family has been tied up with an aircraft carrier!

Before long, the Shen family will not be a small Jiangcheng Shen family!

.....

Dinner lasts until eight o'clock.

Shen Haihua went home in a hurry. He wanted his daughter to get along with Ye Chen more, but Sun Yi was there, so he had to give up.

After that, ye Chen and Sun Yi wanted to help Aunt Zhang clean up the table. However, Aunt Zhang disagreed and drove them out. This made Ye Chen helpless.

Two people can only take a car to the Dadu apartment.

In the car, ye Chen noticed that there were several cars following him.

Just now in Uncle Wang's restaurant, he also found that there have been several masters protecting them secretly.

These people must be ye Lingtian's men.

Ye Chen takes a look out of the window, thinking that ye Lingtian has been hiding. There is no need for ye Lingtian. He will come home and find a chance to see him.

At this time, the taxi just stopped at the traffic light at the entrance of Tomson Yipin.

Sun Yi opened the window, stretched out her head, looked up at the downtown residence which was regarded as the most luxurious in Jiangcheng. She could not help but sigh: "Ye Chen, how many years do you think I have to struggle to live in such a house? What's more, can you see the whole Jiangcheng from the top floor of Tomson Yipin? Is it possible to have a feeling of looking at the small mountains? "

Ye Chen laughed. He really had the right to speak. He said, "the view is really good when you live on the top floor, but the only drawback is that the space inside is too large. You have to walk for a long time from the living room to the bedroom."

Sun Yi shrank back from the window, glanced at Ye Chen, and said, "this tone of voice makes you live on it. Do you know how much the Tangchen Yipin house costs? Tens of millions of people may not be able to buy it! "

She knows Ye Chen has a thousand, but it is impossible to buy Tomson.

Knowing that Sun Yi would not believe it, ye Chen took out a key from his pocket and threw it to Sun Yi.

"This is the key to the top floor of Tomson Yipin. Since you like it so much, I'll give you one. You can experience it when you are free."The driver almost lost control of his hand when he heard this sentence. After the car was stable, he took a look at Ye Chen from the rearview mirror, shook his head, and said to himself, "these days, the young man's trick to cheat the little girl is getting more and more shameless Just take a key and cheat people Well, why are young people so insecure? "

Naturally, Sun Yi couldn't believe it, and chuckled out: "Ye Chen, ye Chen, where did you get the key? Oh, don't mention, the key looks quite advanced, with chips Wow, there is also the symbol of Tomson on it I was almost cheated by you. "

"But you are also quite intentional. It is estimated that last time I mentioned it with you, you went to Taobao and bought one to please me. In this case, I managed to accept it."

Sun Yi put the key in her pocket.

In her opinion, it is impossible for ye Chen to throw the key to her.

She's no longer a little girl. She's not that easy to cheat.

Ye Chen takes a look at Sun Yi and knows that the other party doesn't believe in herself, but also explains more.

However, it is estimated that this boastful feature will be deeply rooted in Sun Yi's mind.

Sun Yi went to the apartment directly because of the smell of two people.

Sitting on the sofa Ye Chen thought of what, directly picked up the phone on the desk, dialled out.

The phone is on.

"Lord, you finally called me." There was an excited voice on the other end of the phone.

"If I guess correctly, you should be in Jiangcheng now. Besides, don't call me the hall master." Ye Chen light way.

"The Lord of the temple really expected that I was in Jiangcheng."

Ye Chen:

"Well, you can call it what you like. I owe it to you this time. Since you're in Jiangcheng, you can meet at ten o'clock in the evening. There are some things you should always make clear. "

"Lord, this is what I should do Yeah? Hall master You Are you willing to see me at last The other end of the phone was stunned and immediately excited.

After a long time, the other side calmed down and said seriously: "well Jiangcheng Yuhao club is my industry. I believe it, the environment is very quiet... "

Ye Chen heard the expression of Yuhao club a little strange.

He had heard of this club when he was very young. It has been in Jiangcheng for more than 50 years.

It's the top club in Shangjiang city.

In those days, only a few people were invited into Jiangcheng.

The number of places in this club can not be bought with money. At that time, my father wanted to enter the club, but he was told that he was not qualified.

Unexpectedly, the person behind this club is ye Lingtian's industry.

What is ye Lingtian's way?

Chapter 63

At ten pm. Jiangcheng Yuhao club.

Chu shuran almost didn't sleep well these days. Closing her eyes was Yao Jingu's blood sparkling head.

She used all the power of the Chu family to investigate the cause of Yao Jingu's death, but every critical moment, there was a pair of invisible hands holding all the clues.

Chu family can't even find a fart!

She was a little puzzled, who in the end has the ability to block all news? Can't even touch the Chu family of her first family in Jiangcheng?

"Please show me your membership card!" Several security personnel at the door said coldly.

As the staff of Yuhao club, they don't need to see anyone's face!

This is their power!

Chu shuran and his father showed the membership card of Yuhao club and naturally entered the club successfully.

This time, they made an appointment with a national security bureau (NSA) power in the club to find some clues through each other's network.

Since the strength of Jiangcheng can not be found, we can only use the above relationship to check.

After all, it is no small matter for the national security bureau that a great master has fallen in Jiangcheng!

The operator behind the scenes can't cover up all the clues.

To the inside, Chu shuran was surprised to find that the number of masters of Yuhao club has increased a lot, which is full of several strong breath.

Those strong people seem to be staring at them in the dark.

"Dad, did you find something wrong with the club today?" Chu shuran whispered.

Chu's father nodded, and his eyes indicated a man walking back and forth not far away: "Shu ran, did you notice that some hunchback man?"

Chu shuran nodded: "Dad, what's the matter? Do you know? "

Chufu looked around and saw no one. Then he whispered, "I know him, but he doesn't necessarily know me. Because this man is the helmsman behind the Royal Club

Chu shuran was stunned and her beautiful eyes were full of shock!

From childhood, she had only heard of all the terrible things about Yuhao club, but she never saw the people behind it!

And now, the man behind is not far away!

This is the person that numerous families in Jiangcheng have to please!

After all, the membership of Yuhao club is extremely difficult to obtain! General identity and strength can not be obtained at all!

Once you enter this club, it means that you can get access to resources and relationships at a higher level!

This circle is far from the family circle of Jiangcheng!

Chu father Mou son took a deep look at Chu shuran and continued: "Shu ran, don't look at his hunchback. In fact, he is also a martial arts master! The strength is very strong! This is one of the reasons why no one dares to move Yuhao club. Of course, this is not the main reason... "

Chu shuran set off a storm in her heart and subconsciously said, "what's the main reason for that..."

Chu Fu only said six words: "king of Nanjiang, ye Lingtian."

Hearing these words, Chu shuran finally understood everything.

There are too many things behind these words! Even worse than this club!

Because the shadow of Nanjiang King almost covers the whole Jiangnan province!

After a long time, Chu shuran came back to her mind and said softly, "Dad, I think that man seems to be waiting for someone. Is it possible that he is waiting for the king of Nanjiang?"

Chu's father shook his head, swiped his card directly, opened a special door, walked in and sat down, then said: "it's not important who he is waiting for. It's hard for us to touch the existence of this level. The top priority is to care about Yao Jingu's death. The national Security Bureau should be here soon..."

Chu shuran took a look at the direction of the gate and looked forward to something. But hearing her father's words, she could only enter the box.

After the two entered, a young man in casual dress appeared at the gate.

.....

Ye Chen according to ye Lingtian told him the position, came to Yuhao club.

Not to mention, the club has a bit of style.

Fountains, lights, bamboo, create a different mood.

The key Ye Chen clearly feels that there are several strong people staring at him around. Once he makes trouble, those guys must be the first to take action.

Ye Chen did not take it to heart and went directly to the gate, but soon was stopped by four security personnel.

"Please show me your membership card!"

Ye Chen which has what membership card, just ready to take out the mobile phone to make ye Lingtian's phone call, a figure quickly steps from inside.

Several security personnel saw that figure, the eye son one shrinks, hastily respectfully bows a way:
"rudder Lord!"

But the man didn't look at them at all. Instead, he went directly to Ye Chen. With a smile on his face, he said, "Mr. Ye Is that you? "

Ye Chen nods.

The helmsman was surprised to see the other party admit. Nanjiang Wang asked him to wait for a man surnamed ye, and asked him to wait on him carefully. He thought he would be a middle-aged man, but he didn't expect that he was so young!

This is about 20 years old.

He really can't think of, such a trivial guy, Nanjiang Wang will call in person, let him stand at the door and wait!

However, since the king of Nanjiang has made an account of it, he can't say anything more. He will serve him carefully.

Maybe he is the illegitimate son of Nanjiang king.

He looked at the four security personnel, pretended to scold: "do you guys have eyes? This is Mr. Ye! After Mr. Ye in and out, do not need any membership card! Do you hear me? "

The four people's faces changed greatly, and quickly nodded: "yes, yes, yes..."

The rudder master snorted coldly: "don't apologize to Mr. Ye yet!"

"Mr. Ye, I'm sorry..." The four spoke in the same voice.

Ye Chen naturally won't get involved with these servants. He nods and walks toward the inside.

"Lead the way inside. By the way, is ye Lingtian here?"

Hearing Ye Chen call Nanjiang Wang's name, the rudder master's mouth twitches slightly!

Because he also felt a trace of indifference from the tone of the other party!

It's like calling for servants!

Mr. Wang, please go to Nanjiang right away The rudder bowed.

Ye Chen didn't speak and went directly into the box arranged by the rudder master.

The environment of the box is very good. It has a hundred square meters. Even the calligraphy and paintings on it are valuable.

The rudder master then retreated. If it wasn't for the king of Nanjiang, he wouldn't lower his attitude to serve the boy!

Who is the helmsman?

That's a stomp. The whole Jiangcheng will have an earthquake!

How dare I serve a boy with no hair?

You're kidding!

Ye Chen drinks a cup of tea, but ye Lingtian doesn't show up yet. He is a little upset. He wanted to ask the man who called the rudder master, but he found that the other party had disappeared.

Helpless, ye Chen had to go to the bathroom on a toilet.

If ye Lingtian doesn't appear again later, he doesn't intend to wait any longer.

He Ye Chen will not stay for anyone!

Even the king of heaven can't do it!

Chapter 64

Ye Chen came out of the bathroom, just met a little beauty with tea to his box.

He didn't want anyone to disturb him in the box, so he said to the little beauty, "give me the things and I'll carry them in myself."

The pretty girl waiter naturally knew that ye Chen was the owner of the box. Although there was no such precedent, she nodded and carefully handed it to Ye Chen.

"Mr. Ye, if you need anything, you can press the button on the table."

She is very clear, although the other side looks young, but can enter the Yuhao club, is not she can offend!

After watching the waitress leave, ye Chen is ready to carry tea into his box.

Suddenly, there was a clear female voice behind her.

"Ye Chen?"

Hearing this crisp voice, ye Chen's body is almost petrified.

His eyes are gradually a little cold.

Chu shuran!

Chu shuran of the Chu family in Jiangcheng!

He will never forget this woman's voice!

It was this woman who rejected herself in front of everyone in the school!

What's more, let the word "waste" become his nightmare!

Let him fall into the abyss!

If it wasn't for this, my parents would not have entered the banquet of Yunhu villa! Not to die!

Of course, if we really want to talk about it, we can't blame Chu shuran.

Yao Jingu told him before he died that even if his parents did not attend the party, the man in the capital would not let them go.

All this is just a conspiracy.

Ye Chen has no habit of killing women, but he will try to make this woman feel fear and regret bit by bit.

It's probably more painful than killing her.

Ye Chen turns to go, calmly swept in front of Chu shuran.

It is worthy of being the school flower of that year. After so many years, Chu shuran's appearance is more and more bright and colorful, and her figure has also developed. She is extremely full and attractive.

Her temperament has also faded, but a touch of cold and gorgeous.

But the arrogance in the eyes is still unchanged.

The Chu family, the first family in Jiangcheng, is Chu shuran's pride?

Chu shuran just looked from afar. She just felt that the figure was a little like Ye Chen. She could not be sure. She could only try to call and see.

But when the other side turned around, her smart eyes were full of surprise, because she found that the facial features of this man were really like Ye Chen.

It's just a sharp contrast in temperament.

Five years ago, ye Chen was full of cowardice and inferiority, but in the eyes of this man, there was indifference and self-confidence.

The other party even saw her face was just amazing for a second. The next second, her eyes returned to normal, as if she was Rouge powder.

She turned to think, ye Chen fell into the Dongqian Lake, and then it began to rain. How could the other party still be alive.

Even if the other side is alive, he lost the biggest dependence on the Ye family, it is estimated that he dare not return to Jiangcheng.

At the moment, he should be down and down like a stray dog, how could he have the temperament of a man in front of him.

Chu shuran also noticed the tea in Ye Chen's hand, and naturally guessed the identity of Ye Chen, who should be the waiter of Yuhao club.

Although they are just waiters, they are not qualified by ordinary people. After all, the people we contact here are top figures in Jiangcheng and even in Jiangnan province. If you happen to be taken in by a big person, maybe the waiters will soar to the sky.

Some people even said that the waiters of this Yuhao club are far more beautiful than some small business owners.

But in Chu shuran's view, the waiters are still waiters after all, and there is no inflow!

No matter how fast a waiter soars, it is impossible to reach her present position.

All roads lead to Rome, but some people were born in Rome! She Chu shuran is the latter!

"Something?" Ye Chen's cold voice rings out, even if he is a beautiful woman, or a proud beauty, he has no interest at all.

Chu shuran heard the other side's question, raised his chin, quite superior sense said: "I recognize the wrong person, you are a bit like me a high school classmate."

Ye Chen didn't pay any attention to the other party's plan. As soon as he wanted to turn around, Chu shuran took out a business card and handed it to Ye Chen. He said, "my name is Chu shuran. You should have heard of the Chu family in Jiangcheng. This is my personal business card. If you want to climb up, you can call me at the top."

In fact, Chu shuran has been immersed in remorse for ye Chen all the time. Now when she sees a person who is similar to Ye Chen, she naturally wants to make up for it.

Even if the other party is not ye Chen, just for their own peace of mind.

Her white face was full of cold pride and self-confidence.

She decided that the other party would not refuse! This is an opportunity that countless people yearn for.

Because Yuhao club can give each other, she Chu family can give ten times! This is the foundation of Jiangcheng first family! If it was not for his appearance, he was not worth Chu shuran to take out this business card.

"Pa!"

Ye Chen took off the business card.

The business card glided slightly in the air and fell on Ye Chen's feet and was trampled on by him.

"Chu family is nothing in my eyes. I'm not rare. Get out."

Chu shuran's arm is stiff in the air!

She thought about each other's countless pieces of kneeling and licking, but she didn't expect the other party would refuse!

Refuse without hesitation!

What is the Chu family? What a big breath!

Even if you are the waiter of Yuhao club, can you be so crazy that you can't put down the members here?

Chu shuran's proud face was full of anger and anger. Her cold and proud voice rang out in Ye Chen's ear: "do you really think that the waiters of Yuhao club can be lawless? Believe me or not, I will complain to you! You won't get anything here

Waiter?

Ye Chen glanced at each other indifferently, and replied, "if I were the waiter here, you should be the standard chicken here."

With that, ye Chen opened the box door and walked in, leaving Chu shuran, whose face turned blue gradually!

Hearing the word "chicken", Chu shuran was a little crazy. Her fist clenched tightly, and her nails fell into the meat.

How dare someone say that her elegant Princess of Chu is the kind of meat seller!

This kind of top-level entertainment club naturally has a standard young lady for big people's enjoyment.

But this waiter has no right to insult her!

Just when Chu shuran plans to open the box door in a bluster, a voice of reprimand comes!

"What are you doing?"

Chu shuran's delicate body trembled, turned her head, and instantly lost her face!

It's the helmsman behind the Yuhao club, helmsman!

Even if she is the princess of the Chu family, she can't afford to offend her in the other party's territory!

She looked at the rudder master, whose face was chilly. She quickly bowed down and said in a soft voice, "Lord rudder, I'm Chu shuran of Chu family. I'm more famous for rudder Lord..."

Before he finished speaking, the rudder master waved his hand and said impatiently, "I care whether you are the Chu family or the Zhu family. If you don't roll away, don't step into the Yuhao club again from now on!"

Chu shuran's face changed greatly. She nodded and went to her box.

When he left, he took a look at the box door and whispered, "you're lucky as a waiter!"

Chapter 65

The rudder master took a look at Chu shuran who left. Without much thought, he stood at the door waiting for the arrival of the king of Nanjiang.

To tell the truth, he has not seen the king of Nanjiang for a full year.

At that time in Jiangnan Province, if there was no Nanjiang king, he would have been a white bone, which has no present self.

The king of Nanjiang not only saved him, but also strengthened his strength. Although he was only allowed to guard the small place of Jiangcheng in the end, he was willing to serve the existence of Nanjiang king.

Rudder master is very clear, the stage of Nanjiang king is not only in Jiangnan province!

Maybe, he wants to take the whole China!

Follow such a big man to do things, is worthy of calling a dream! Just dare to mention blood!

Which man doesn't want to follow the conquering hero!

A minute later, a burly man appeared at the club.

The man has an inch head, a Chinese face, eyes like cold light, and a dignified face.

Wearing a black shirt, collar slightly open, the body is very strong, the shirt cuff rolled to the middle of the arm, revealing a black dragon tattoo, a medal hanging on the neck.

Behind the man followed by two old men, breath is extremely terrible, eyes sharp, footstep is very light.

Absolutely the master of the master!

The rudder master saw the man who was the leader. He was excited. He welcomed him and said respectfully: "he rudder has seen Nanjiang king here!"

Ye Lingtian glanced at the man in front of him, without any expression, and asked, "is the person here?"

He rudder nodded: "Nanjiang king, he is in the box."

In fact, he lost something in his heart. He didn't see him for a year. The king of Nanjiang didn't ask him about his current situation. Instead, he only asked if the boy was in.

He really can't think how important that boy can be, worthy of Nanjiang king in Jiangnan province to make such a move!

Ye Lingtian breathes a long breath when he hears the answer. Then he arranges his clothes and clenches his fists slightly. He seems to be excited.

Such a scene, not only he rudder doubts, ye Lingtian behind the two old people also surprised.

They have been following Nanjiang king for several years, and they have never seen each other like this. To put it mildly, it feels like an ugly daughter-in-law meets her mother-in-law.

"Creak --"

Ye Lingtian did not open the door, the door opened!

The next second, a rather handsome young man was exposed to everyone's eyes.

It's Ye Chen!

"You're here at last. If you don't come, I'm going to leave." Ye Chen is a little unhappy.

His time is precious and he doesn't want to waste it waiting.

When he heard this guy's attitude, he just wanted to get angry and only heard "plop!" One sound!

Ye Lingtian beside him actually knelt down!

Really kneel down!

At this moment, the whole world seemed to fall into silence, dead silence.

He rudder's brain is blank, just like hypoxia, and his face is white! Turn green gradually!

Not only he, but also the two strong men behind ye Lingtian are also stunned!

At the moment, they do not have a bit of master image ah, one mouth open, eyes almost stare out!

Sleeping trough!

Who can stand up and explain what the hell is!

This is ye Lingtian!

Ye Lingtian, the king of Nanjiang, who makes the whole Jiangcheng scared!

The weight of the three characters, even if the official forces and underground forces together, can't match!

If the Chu family is the top family in Jiangcheng, then Nanjiang king is 10000 Chu families!

Don't say that Jiangcheng family dare not provoke! Even the families in Jiangnan province have to look at him!

But now, such a terrible existence actually kneels down!

You should know that for so many years, the king of Nanjiang has never knelt down on one person, nor can he kneel on others!

Looking at the whole Jiangnan Province, only others kneel his power!

What the hell is it now? Nanjiang Wang kneels down to a young man who seems to be only 20 years old!

It's not a dream, is it!

Almost everyone was petrified on the spot!

Even the beautiful waitress who was not far away carrying things was also frightened. The teacup in her hand fell to the ground and turned into a fragment.

Incomparably crisp.

"What do you mean?" Ye Chen's voice is a little cold. He doesn't like to be so publicized.

Ye Lingtian naturally felt the anger of the youth in front of him, and even said, "master of the hall, stop being angry!"

He didn't say that it was ok, a hall Lord, let a few people who had just slowed down behind him were confused again.

Temple master!

As the right hands of Nanjiang king, they naturally know what the word "palace master" means!

The king of Nanjiang controls a powerful underground force!

This force has penetrated almost every corner of Jiangnan province!

They control the so-called power! Control the lifeblood of Jiangnan province! Control the balance of justice! This is also the real fear of the officials and families in Jiangnan province!

The key is that the position of the helmsman of this terrible force is empty from the beginning!

Nanjiang Wang stressed that he was only the agent in charge!

And the real helmsman is the temple master!

For several years, they have never seen the real face of the temple master, only know that the power of the temple master is very strong!

Far above the king of Nanjiang!

The mystery of the temple master has become the mystery of the whole Jiangnan province!

But now, the answer is completely solved!

Let them never think that is, the legendary terror of the temple master is actually in front of this look a little thin youth!

He rudder's legs trembled. He could not help kneeling down at the thought of his neglect!

Not only that, the two strong men behind ye Lingtian also knelt down!

This scene, if seen by others, is enough to be recorded in history!

Ye Chen shook his head helplessly, turned and walked into the room, leaving only one sentence:

"I said, I am not the master of the hall. Ye Lingtian, you come in, the rest of the people, all get out

Ye Lingtian nodded, stood up, took a look at the people behind him, and ordered: "you guard outside the door, if anyone dares to disturb, no matter who it is, kill!"

"Yes, Nanjiang king!"

"Yes, Nanjiang king!"

Ye Lingtian walks in and closes the door.

He looked at Ye Chen, who was facing his back. Just as he wanted to say something, ye Chen turned around and looked at him in doubt and asked:

"ye Lingtian, I still don't understand. Why do you always call me the hall leader? Is it because I saved you in the cloud magic valley a few years ago

When ye Chen was just on his way to practice, he was brought to Yunmo Valley by the old man. He happened to meet ye Lingtian, who was seriously injured, and his brothers. At that time, they had been surrounded by ten powerful martial arts experts, and they were bound to die.

He wanted to die, but he hesitated when he heard that the other party actually came from Jiangnan Province in China.

After all, it's also a meeting of old friends from other places, and it also reminds him of his wonderful memories in Jiangcheng. Between life and death, he chose to save, but also used the array Rune given by the old man to kill the ten strong men on the spot.

This scene is estimated to be deeply imprinted in ye Lingtian's hearts, so he respects himself so much.

Ye Lingtian heard the hall master asked the reason, a fierce pull, the medal hanging on the neck pulled down!

"Lord of the temple, this medal is the reason why Ling Tian recognized you as the Lord of the temple!"

Ye Chen noticed the medal.

The design of the medal is very strange. It is actually a bloodthirsty black dragon. It seems that the black dragon is shrouded in the clouds and obscures the sun. It is also a young man who looks down on the mountain top!

Suddenly, ye Chen found something!

The young man in this medal is like himself!

Chapter 66

Ye Chen looked at it for a long time, and finally returned the medal to ye Lingtian, saying, "I think you are looking for someone to make it to order? Why do you want to make me look like that

Ye Lingtian shook his head like a rattle drum. He stepped forward and explained, "Lord, you misunderstood me. This medal has a history of 100 years! How can it be customized? If you don't believe it, you can find any expert to check it! "

Ye Chen's eyes are dignified. Although he has mastered some techniques that can break the natural mechanism, it is impossible to break through a hundred years in theory!

Because there are too many variables in a hundred years, who can control the situation of a century?

So the question is, how can there be a self in this medal?

Or are the young people in the medals just like themselves?

"Where did you get this medal?" Ye Chen asked curiously.

"I tell you, master, this medal is a legacy of my family, and it is also the only thing left by my great grandfather to our family. To be honest, my great grandfather is a top-level physiognomy! At that time, his geomantic attainments were absolutely worthy of praise. Moreover, great grandfather told his descendants that the emperor in the medal was also surnamed Ye! Meet me in a hundred years! My generation must firmly grasp it, or I, ye Lingtian, will be the sinner of destroying the clan

"Lord, I did not choose you, but this medal chose you."

Ye Chen shakes his head, this also too exaggerates, this all what age, still pull what emperor comes out?

However, the old man did say that his life style was special. It was a purple crouching dragon, which was an important reason for him to come to Jiangcheng to help Xia Ruoxue.

Purple wolongge can break the way of heaven and change the fortune of others!

Seeing ye Chen shaking his head, ye Lingtian quickly continued: "Lord, in recent years, I have controlled a very strong force in Jiangnan Province, although I can't resist the influence of the capital city! But if you give me enough time, I will be able to kill the capital

Hearing this, ye Chen instantly changed his face and said in a cold voice, "so - are you investigating me?"

Hearing this, ye Lingtian knelt down directly: "my subordinates dare not investigate the master of the hall. It's just a rumor that I heard by chance. I know what happened to the Ye family in Jiangcheng five years ago As long as the hall master nods, I will immediately use that force to kill all the people in the banquet of Yunhu villa! In Jiangnan Province, the king of Nanjiang still has a certain right to speak! "

Ye Chen waved his hand and refused: "I don't need to be revenged by others. What's more, if I find you dare to interfere in the affairs of Ye's family, we will be passers-by from now on! "

"I dare not. Please calm down."

Ye Lingtian's face changed greatly. He also knew that he thought too much. The significance of revenge by himself was obviously different from that of others. Besides, he felt a very dangerous breath from the hall master in front of him, which only showed that the opponent's strength was very strong now!

What else does he need to intervene in such strength?

He would like to slap himself, which is typical of the emperor is not anxious, eunuch urgent.

Ye Chen glanced at ye Lingtian and didn't want to get involved in this topic. He said, "it's not impossible for me to be your master of the temple. You must promise me three conditions."

Ye Ling's heart in a joy: "temple Lord, please say!"

Ye Chen turned his back, and a magnetic voice rang through the whole box:

"first, don't interfere with my life with your influence. Without my command, you can't do anything.

Secondly, because I don't have enough power, you can send someone to protect Sun Yi all the time. Anyone who dares to move her will be killed.

Third, spare no effort to investigate the whereabouts of the man in the capital city, as well as the continuous excavation of the Cloud Lake Villa in those years, which is not so simple.

Ye Lingtian, can you achieve these three conditions? "

"Lord, I can!" Ye Lingtian patted his chest.

"Good." Ye Chen looked at the time. It was a little late. It was estimated that Sun Yi was still waiting for herself. He said, "I have said everything that should be said. That's it. I will contact you if I have something to do in the future."

Finish saying, ye Chen then prepares to leave.

Suddenly ye Lingtian seemed to think of something and stopped Ye Chen: "Hall master, wait a minute!"

Ye Chen stopped: "what else?"

"I'd like to inform you that several forces seem to be investigating you recently. The first one came from the Chu family in Jiangcheng. They took the monitoring system around tiandang mountain and checked the files of Yunhu villa. However, I have used my power to block all information about you. "

"The second way is from Xia family in Jiangnan Province, but the investigation of Xia family is relatively simple and not in-depth."

"The third force I can't intercept is from the National Security Bureau and the dragon soul commando."

Ye Chen eyebrows frown, from just Chu shuran's reaction, obviously did not find his existence.

But how can the Chu family investigate the monitoring of tiandangshan? Is Yao Jingu's death suspected of his head?

Xia family pour good explanation, must be summer such as snow that wench, estimate or for that Dan Fang thing.

As for the investigation of the other party's Guohun, they don't know what they have done. Is this kind of official power due to finding out the cause of death of the Chen family and his son, or is it because of Yao Jingu's death?

Ye Chen feels quite big. He is afraid of trouble. Although he is not afraid of these forces, if these guys doubt themselves, it is the existence that can not be washed away.

Ye Lingtian was naturally aware of Ye Chen's doubts and explained: "please rest assured, the Lord of the temple. I will find someone to replace the death of Chen's father and son and Yao Jingu's death. If found, those people will not dare to move you rashly without evidence, but please be careful."

"Thank you."

Ye Chen finish saying, push open the door to go out.

He rudder and the two strong men saw Ye Chen come out and just wanted to kneel down. Ye Chen said "don't kneel" and left quickly.

He is really not used to these people. He is like an emperor. This is the 21st century. Can we not be so stubborn?

Ye Chen out of the club, accidentally found a girl is standing in front of the sports car looking at what.

It's Chu shuran!

Chu shuran's long black hair was casually draped on her shoulders, and her red skirt, with a low neckline, revealed her plump chest and slender legs. It was just too hot.

Perhaps because of the cold weather, she wore a windbreaker outside, her chin was raised, her eyes were indifferent, and she was a little arrogant.

When she saw Ye Chen come out, a trace of anger flashed through her eyes and walked quickly past.

After the conversation with the National Security Bureau, her father left first, and her mind was full of the waiter who called her a chicken!

She did not hesitate to choose to wait for ye Chen to finish the night shift!

She didn't believe it. When she was out of the door of the club, what else could you be a waiter!

Chapter 67

Chu shuran soon came to Ye Chen's face, staring at each other straight in the eyes, and said in a cold voice, "if you kneel down and apologize to me now, I can consider letting you live."

Threats.

An icy threat.

She Ye family has this confidence!

Ye Chen did not pay attention to each other's intention, directly missed the body, walked toward the outside.

The only thing in his mind was that he didn't know if he could get back to the car at this point.

"It seems that it's time to buy a car for myself. At least it can be used as a substitute."

Just as he was passing by a sports car, a sound of breaking through the air came from behind him!

Ye Chen naturally noticed Chu shuran, who rashly shot after him.

But he never thought that Chu shuran had practiced ancient martial arts!

Even the strength is not weak!

Seeing that his fist was about to hit his shoulder, ye Chen moved.

Body slightly to one side! Chu shuran's fist crossed his shoulder like this and fell into the air!

The next second, ye Chen stretched out his hand, changed his fist into claw, and directly buckled on Chu shuran's wrist!

At the foot of a step, an invisible force instantly overturned Chu shuran, and there was a touch of white under the red skirt!

Chu shuran naturally realized that she had gone, but now the situation, has let her ignore these.

She just wanted to kill this kid!

It's a big business. How about killing a waiter?

What's more, when has she ever been insulted like this!

"Tear pull --"

with the red skirt torn, Chu shuran's delicate body turned over in the air, and her slender and white thigh was even more toward Ye Chen, trying to buckle Ye Chen's neck!

Once you buckle it, you just need to twist it gently. The guy in front of you will die!

But how can ye Chen be so easily detained by the other party?

At the moment of Chu shuran's legs, ye Chen gently lifted his right hand and directly held it on Chu shuran's plump buttocks!

Then shoulder a shake, arm fierce agglomerate a true spirit! An invisible force directly turned Chu shuran's body over!

"Bang!" The sound of Chu shuran's body heavily hit the engine cover of the sports car!

The hood is almost sunken! There's an alarm!

Just two moves!

The end of the fight!

Almost a second.

Chu shuran's pale face appeared a little flustered and ashamed.

I wonder if the waiters of Marriott have such strength!

In the case of passive hand, only two moves can subdue yourself!

How could it be?

Her strength in martial arts circle is not weak at all, even if the other side comes from Yuhao club, it is impossible to have such skill!

After all, he has such strength, enough to become a guest of Yuhao club, how can he be willing to be a inferior waiter?

Soon she noticed something, and her proud face turned red.

Because of the man she looked down upon, a pair of big hands actually dead pressed on her buttocks at the moment!

No intention to let go!

She is the Pearl of the Chu family in Jiangcheng, Chu shuran!

Jiangcheng countless top figures want to bow down under her pomegranate skirt.

Her pursuers can line up to Tiandu building from South Street!

But in her eyes, Jiangcheng these talented people, she does not look up to!

For many years, she is not qualified to be a judge!

Not to mention touching her body!

But in front of me, my most intimate part was touched by a little waiter!

The key opponent has no intention to let go!

Her face was red again.

No longer think about it, she bit her teeth and said: "boy, I don't care who you are, offend me Chu shuran, touch my body, you will die! You don't know what Jiangcheng Chu family means in front of you ants! Even if you stay in Yuhao club for ten years, you can't jump out of the palm of our Chu family

Words fall, Chu shuran clearly feel the palm of the other side left.

She sneered in her heart and despised Ye Chen more and more.

A small person is a small person. If you meet a real behemoth, you can only admit it!

She was just about to say, "touch!" The sound of! She's completely lost!

Because she clearly felt a man's big hand slapped on her hip.

Shaking gently.

It hurts.

But there is a difference.

She couldn't say it. She was even comfortable.

Then, a cool voice came from her ear:

"Chu shuran, do you really think your Chu family is the heaven of Jiangcheng? In the eyes of others, maybe it is. But in my eyes, you Chu family is nothing.

Even if you have the power of Chu family, control the economy of Jiangcheng, even if you have talent, step into the path of cultivation!

If you mess with me again, I don't mind wiping out the Chu family and you in Jiangcheng from now on!

I only warn once. "

After that, ye Chen leaves in a hurry, leaving Chu shuran lying on top of the sports car.

Her chest and cheek close to the car, can clearly feel the car's cold, as well as the surrounding cold.

The slight numbness from the buttocks is still very clear.

Chu shuran was just at the door of the club, thinking about the scene that I humiliated each other countless times, and also thought that the other side knelt down and begged for mercy!

But did not think that he would be reduced to such a miserable situation!

The real tragedy is yourself!

Those naked threats sounded like Sanskrit in her ears.

It's freezing cold.

Wipe out the Chu family from Jiangcheng?

What a big breath!

Looking at the whole Jiangcheng and even Jiangnan Province, who has the qualification to say this sentence in front of Chu shuran!

She wakes up, her hair is a little messy, and her red dress is like being raped. It splits a lot, and a piece of spring is exposed in the air.

Fortunately, the security guards were standing inside and didn't notice the situation.

Chu shuran thought of what, toward the direction of Ye Chen far away, but found that there is only a piece of darkness.

"Is this guy really a club waiter? Why do I feel a sense of fear from him, as if the other party waved, really can destroy the Chu family? "

Chu shuran clenched her fist tightly. Suddenly, a picture of five years ago crossed her mind.

On stage.

A boy named Ye Chen plucked up the courage to take the microphone to show her in front of the whole school teachers and students.

She took the microphone, but in front of all the people, she refused him mercilessly, and even said that he was a complete waste.

She even remembers clearly that the other party was holding his head down, clenching his fist, suffering humiliation and threat.

It's ridiculous.

It's interesting.

But. Isn't

himself as like as two peas?

Be mercilessly humiliated.

Bear in silence.

"Is this retribution? Who the hell is that man? "

Just now, she doesn't think that she will be weak in the eyes of a man after five years.

Some people's personalities can't be changed for a lifetime.

.....

Chapter 68

At 1 a.m., it was dark near Dadu's apartment.

Ye Chen casually found a night stand to eat something and drink a little wine.

Seeing Chu shuran today, I can't help but remind him of what happened five years ago.

If Chu shuran was a man, he would come back and kill him.

The key person is a woman.

However, if he found out that the Chu family was involved in this matter, he would have killed the Chu family mercilessly.

As for Chu shuran, in my memory, this woman did not appear in Yunhu villa.

And at that time, the other party was just a high school student. How could they have the idea of killing their parents?

After drinking the wine, ye Chen went to the Dadu apartment.

Before 11 o'clock, Sun Yi had called Ye Chen and asked him if he would go back to sleep tonight.

Ye Chen thought Sun Yi had to wait for herself, so he lied to her that she would not go home today and let her go to bed early.

At this point, it is estimated that Sun Yi has already gone to bed.

Ye Chen stealthily opened the apartment door, went to the bathroom for a while, and then returned to his room.

When he lay down on the bed, his body was stunned and even stiff.

Because she found a man lying next to her!

And a woman in underwear and underwear.

Ye Chen has no choice but to smile. It seems that Sun Yi is still afraid of things before, so she is waiting for herself in her room.

He didn't think much about it. He took the woman in his arms and held them in his arms.

Although he and Sun Yi did not pierce that layer of paper, but ye Chen has long regarded her as her own woman, and sleeping together naturally has nothing to do.

As for further development, he would not force Sun Yi to nod.

Not to mention, the feeling this time is not the same as that in the morning.

Before, Sun Yi wore a lot of clothes, but now the woman in her arms almost only has two underwear with extremely little cloth, and they are almost close to each other's skin.

The key feeling is also a little different.

"Um ~"

the woman in her arms seemed to feel something. She groaned, twisted her hips, and leaned closer to Ye Chen's arms. She stretched out her slender hand and hugged Ye Chen.

It's like holding a doll.

Ye Chen wanted to take advantage of this meeting and Sun Yi further, but because he had just drunk and didn't use cultivation to seal off the acupoints, he was getting drunk gradually.

"Forget it. Let's go to bed first

.....

There was no word all night.

The next day, at 7 a.m.

"Ah

A scream almost resounded through the whole room, which can not help but let Ye Chen frown, he slowly opened his eyes.

The next second, a dark shadow fanned towards his cheek!

He grabs his opponent's wrist, and uses his instinctive hand to break his eyes.

He saw a cold and beautiful girl with a trace of killing in her cold eyes.

The other party's hair is a little messy, apparently just wake up soon.

The key is that the opponent has only a pink bra on his upper body, and the proud peaks are exposed.

No, it's obviously not Sun Yi's. Sun Yi's figure is obviously better.

He focused his eyes again on the girl's face.

That beautiful face.

The next second, ye Chen was stunned!

The other party is not Sun Yi, but Xia Ruoxue, President of Huamei group!

What the hell is this?

If you don't live in the villa, what do you make a good bed?

"Ye Chen, you bastard! Why do you want to climb up my bed Xia Ruoxue's extremely cold voice resounded throughout the room.

Ye Chen took a look at Xia Ruoxue, got up and put on her clothes, and said faintly, "please, this is my room. If you don't believe it, you can see my cabinet, which is full of my clothes!"

Xia Ruoxue's mind is blank.

She vaguely remembers that her mother came to Jiangcheng yesterday and told her that there had been some uncontrollable changes in the Xia family.

The Xia family can't let her take the blame any more. She should go back to the Xia family in Jiangnan province within a week.

Xia Ruoxue knows very well that once she leaves Jiangcheng and returns to Xia family, she will face the fate of marriage!

Marry a man you don't love.

However, she left the villa and found a place to drink. She wanted to learn from other people's drinking. However, she found that wine was hard to drink and her head was dizzy.

Villa is definitely not back, she wanted to book a hotel to stay one night, but think of the strength of Xia family, as long as she book the hotel, her mother will appear at the door of the hotel immediately.

She finally thought of Sun Yi.

Xia Ruoxue doesn't have many friends in Jiangcheng. She is too proud. The only one who has a good relationship should be Sun Yi. Fortunately, Sun Yi told her that there was an extra room available, which could make her feel aggrieved for a night.

Then she went to the metropolitan apartment, took a bath and went to sleep.

Wake up inexplicably to see this let her hate Ye Chen.

Some dog blood, but it happened.

She is a lady of Xia family. She was sleeping by a man?

The key is that the other party is a man who is idle!

Is this the end of her chastity for so many years?

However, on second thought, if the force majeure of Xia family is too huge, she still wants to go back. At that time, another strange man will fall asleep beside her pillow.

Although she hates Ye Chen, she still has some curiosity about the man in front of her in the bottom of her heart.

Ye Chen sees summer if snow seems to cry out, naturally understand what the other side is thinking, he coughs gently: "since everything happened, I will be responsible."

In fact, he knew that nothing happened at all last night, but no matter how, the two people are also close to each other.

Xia Ruoxue heard Ye Chen's words, the whole person is even more angry: "responsible? Ye Chen, what are you responsible for? Do you really think that a prescription you've picked up will make a difference in the world? "

"Do you know how the world works? Ye Chen, you don't know! "

"You are a small person who lives at the bottom of society, and doesn't understand what the higher world means! You can't afford it! "

Xia Ruoxue forced herself to calm down, she knew these words to Ye Chen, the other side simply did not understand.

She looked at her exposed figure and glared at Ye Chen and said, "this matter will be settled with you later. Now you turn around and I want to change my clothes!"

Ye Chen did not take care of each other's plans, went directly to the bathroom to brush teeth.

How the world works?

He knows better than anyone.

As for the world above, if he wants Ye Chen, Xia Ruoxue can only look up to him at the foot of the mountain!

Of course, he doesn't have to explain this to a woman.

Out of the room, he took a look at Sun Yi's room. Xia Ruoxue called so loud just now. Sun Yi didn't react at all. It's impossible.

Fortunately, there is no one in Sun Yi's room. Ye Chen estimates that she should go down to buy breakfast.

Chapter 69

Five minutes later, Xia Ruoxue came out with her clothes on. When she saw Ye Chen in the living room and just wanted to talk, Sun Yi came back early with her.

Sun Yi did not expect Ye Chen to appear here. She said curiously, "eh, ye Chen, don't you live outside? What are you doing in your apartment so early? "

Ye Chen just ready to explain, Xia Ruoxue directly stretched out his hand to cover his mouth, rather nervous: "this guy just did not knock on the door and came in, wake me up!"

After that, she whispered to Ye Chen: "what happened last night, you can't tell anyone! Otherwise I... "

For a moment, Xia Ruoxue didn't know how to threaten.

Ye Chen broke away from Xia Ruoxue's show hand and took breakfast from Sun Yi's hand. He said seriously: "I'm a little hungry. I didn't eat breakfast. I want to come over and rub a meal."

Seeing ye Chen eat directly, Sun Yi said, "but this is summer's breakfast..."

Xia Ruoxue saw that ye Chen did not have a gentlemanly demeanor. She took her handbag and glared at Ye Chen. She walked directly to the outside: "no, I'll go to the company to eat!"

Sun Yi knows that Xia Ruoxue is angry. What's more, Xia Ruxue doesn't drive the car this time. She seems to have a conflict with her family. She explains a few words to Ye Chen and chases her out.

"Mr. Xia, wait, I'll give you a ride."

Ye Chen naturally won't pay attention to summer such as snow, but the feeling of sleeping with each other last night is good.

After breakfast, ye Chen took out the whole black stone again and tried to enter it. Although there was less obstruction this time, it was still unable to enter completely.

"It seems that we should speed up the cultivation."

There is no Dan Ding, even if Tangchen Yipin has numerous medicinal materials, ye Chen does not intend to start refining pills, so he can only wait for the auction mentioned by Zhu Rende.

No longer think about it, ye Chen closed his eyes, sat cross legged and began to practice.

His whole body is filled with countless true spirits, just like a fairy.

I don't know how long after that, a burst of cell phone ringing interrupted Ye Chen's cultivation. He opened his eyes, slowly spit out a breath of turbid gas, and held his finger out of thin air. The mobile phone seemed to be spiritually general and flew directly into Ye Chen's hand.

He glanced and found it was Shen Haihua.

"Mr. Ye, I'm not disturbing you." There was a respectful voice on the other end of the phone.

"What happened to Qinghe group?" Ye Chen Dao.

The other end of the phone even said: "Mr. Ye, I asked the team to sort out two plans. The feasibility is as high as 90%. Would you like to send them to you?"

Ye Chen didn't understand business, so he directly refused: "no, I believe you. You just need to tell me what I'm going to do now. "

Shen Haihua didn't expect Ye Chen to trust him so much. The whole person was a little excited and said after a long time:

"Mr. Ye, there are two main problems in front of us: first, our legal department has obtained the evidence that Tianzheng Group was maliciously occupied at that time, and also proved the connection between Qinghe group and Tianzheng Group. However, there was a document that was you Under the waiver agreement signed with your mother,

you cannot inherit the equity of Tianzheng Group at present. "

Ye Chen was stunned. He remembered that five years ago, the night before the banquet, Zheng Jingming found their home.

Cheated him and his mother to sign a document, saying that they could get an extra dividend from the company every year.

He and his mother have always trusted Zheng Jingming, so naturally they signed it without looking at it.

Now ye Chen looks back to think, feel a bit ridiculous.

Zheng Jingming really played a big game of chess! Thanks to his parents so trust him, the results have long had the idea of dumping everything!

"Shen Haihua, what can I do?" Ye Chen's voice is quiet, but with a cold killing machine.

Zheng Jingming, can't live for three days!

Shen Haihua explained: "I have a document here. I just need to print it out. Zheng Jingming signs and prints himself. But Zheng Jingming has a strong security force. I can't even meet him, so..."

Before Shen Haihua finished speaking, ye Chen interrupted: "you send me the document, and I'll let him sign it for you tonight."

Shen Haihua on the other end of the phone is stunned. He doesn't understand what ye Chen can do.

Although Ye Chen has excellent medical skills, it is difficult to see Zheng Jingming, and the other party is not ill.

Even if ye Chen shows his identity, Zheng Jingming still won't see him. Instead, he will hide from him because of his guilt.

"What's the second question?" Ye Chen Dao.

Shen Haihua did not hesitate, and continued: "the second problem is that Tianzheng Group (now Qinghe group) has been controlled by a private force called Qingmen. There is little information I can investigate about this Qingmen group. If we want to recapture Tianzheng Group, we must eradicate this force."

Qingmen?

Ye Chen frowned and guessed that it should be the underground forces in Jiangcheng. Naturally, he was not afraid of such existence. He said directly:

"the second question is also for me. I only ask you one thing. If these two problems are solved, can you take Qinghe group and change its name to Tianzheng Group in three days?" Shen Haihua is a little confused. He can't imagine that these two biggest difficulties are directly grasped by Ye Chen.

He had planned to discuss the second plan with Ye Chen.

Now it seems that ye Chen doesn't need to listen to the second conservative plan.

He pondered for a long time, gritted his teeth and said, "if Mr. Ye can solve these two problems, I can win Qinghe group in three days!"

"Good."

The phone hung up.

Later, ye Chen called Ye Lingtian and asked him for Zheng Jingming's address and the news of Qingmen.

Ye Lingtian hinted many times that this matter could be handed over to him, but ye Chen refused.

Five years ago, he didn't want to take revenge on anyone.

How much did he want those ugly guys to swallow!

Now spit it out a hundred times!

.....

Qinghe building, 2 Jiangcheng road.

This used to be the address of Tianzheng building, but five years ago, Tianzheng building was completely pushed out because of construction problems.

After that, a higher green rice building will be built here.

Qinghe building is hundreds of meters high, almost the tallest building in Jiangcheng.

The momentum is magnificent.

Not long ago, a young man appeared in front of Qinghe building.

The youth raised his head, looked at the top of the building inlaid with four big characters of Qinghe group, and gave a cold smile. He has a document in his hand that says the unconditional transfer agreement.

Ye Chen put on the Armani suit he bought before this time. He has a straight figure and temperament. He looks like a business elite. He is born with noble and extraordinary atmosphere.

It is to let a lot of beautiful women come to chat up.

"Handsome boy, what do you do in Qinghe group? Are you free at night? Have a drink together A woman with exposed figure and heavy make-up came to greet Ye Chen, and even prepared to touch Ye Chen's chest with both hands.

The woman's figure is concave and convex, and her eyes are very big. In the eyes of ordinary people, she is definitely a goddess.

But during this period of time, ye Chen also saw many top beauties and naturally had no interest in rouge rouge.

"Go away." Ye Chen slightly evades, Mou son pan a trace of cold meaning.

The beauty was obviously startled and swore in a low voice, "I don't know the taste!" And left in the dust.

Ye Chen does not have a trace of waves in his heart. He takes a look at the document in his hand and sneers at it. He goes directly to the green grass building.

"Zheng Jingming, are you ready?"

Chapter 70

Qinghe group.

Ye Chen dressed like this is a reflection of the value. The security guards greet each other with a smile. It is almost impossible that the incident happened last time in Huamei group.

It is reasonable for people to rely on clothes.

Even to the front desk, the little beauty is blushing, eyes dodging.

"Hello, I'm looking for director Meng of marketing department to talk about cooperation." Ye Chen's magnetic voice rings.

Little beauty this just sober up, blink big eyes, quite polite said: "Hello, director Meng in the 21st floor, the elevator left turn to arrive, need to help Mr. inform?"

Ye Chen smile: "no, we are still old classmates, and are preparing to give him a surprise."

The little beauty seemed to be electrified by Ye Chen's smile. She lowered her head and did not dare to look directly into Ye Chen's eyes. When she summoned up her courage to ask Ye Chen for a telephone call, she found that the handsome boy had disappeared.

Ye Chen enters the elevator and presses the 28th floor.

According to ye Lingtian, Zheng Jingming's office is on the 39th floor.

This floor is almost the top floor of Qinghe building, which is extremely mysterious.

The elevators above the 28th floor of Qinghe group need a special pass, so it is impossible for him to go up.

To the 28th floor, ye Chen went directly to the bathroom.

It's empty.

No longer hesitating, he directly opened the outside window of the bathroom. After crossing the body, he stood on the windowsill of the 28th floor.

If you look down from the top, a full 100 meters distance, the average person is enough to scare out heart disease.

Then he took a look at the 39th floor and outlined an arc in the corner of his mouth.

The next second, the foot surging a trace of air waves, knee bending, suddenly burst!

I jumped five meters!

One hand caught directly on the edge of another window.

Arm Qi burst, body again toward the top!

And there was a deep mark of five fingers on the edge of the window!

Ye Chen's speed is getting faster and faster, just like spider man. In the blink of an eye, he has reached the 38th floor.

Because the 39th floor is completely closed, ye Chen can only point to open the window on the 38th floor, and the whole person jumps in.

Come inside, ye Chen instinctively felt the strong breath to this side.

"It seems that this Qinghe group is really not simple. An office building can be guarded by ancient warriors. It's interesting."

Ye Chen is not in a hurry to go out, take out the cigarette from the bag, finger at the bottom of the cigarette box, a cigarette flew out, in its mouth.

Seconds later, the whole room was surrounded by smoke.

"Bang!"

Suddenly, the door opened!

Two thin men rushed in and found Ye Chen's figure in the smoke.

"Who are you?"

Words have not finished, ye Chen right foot move, two pieces of glass fragments directly from the foot shot out!

"Poof!" "Poof!"

The glass fragment directly pierced into the eyebrows of the two people, and the blood overflowed. They were not qualified to move and fell to the ground.

Ye Chen did not continue to start, and wait for a cigarette to smoke completely, just walk toward two fallen men.

He found a tattoo on their necks - a blue door.

Dark and mysterious.

"Qingmen?"

Ye Chen snorted coldly, then bent his fingers and flicked. He saw that the cigarette end crossed a radian and shot directly on one of the tattoos.

It seems to indicate the opening of the green gate.

Ye Chen takes out the document from his arms and goes to the outside calmly, as if he is really coming to Qinghe group to talk about business.

Although the whole corridor is monitored, ye Chen is not worried at all, because he has already let people control everything.

Ye Lingtian not only controls the ancient martial forces, but also the world's top hackers.

It's easy to erase something.

During this period, ye Chen also met several strong men in the green gate, and all of them ended their lives with one move.

Although these people and he did not hate, but he came from ye Lingtian mouth to understand the general situation of Qingmen.

He is a bandit who does all kinds of evil.

These people are wandering in the gray areas, relying on guwu and Qinghe group, controlling almost 30% of the entrepreneurs in Jiangcheng.

These entrepreneurs are constantly delivering benefits to them.

At the same time, Qinghe group is also engaged in drug and hire killing business.

In Jiangcheng, it's like a cancer.

How about killing it!

Ye Chen solved the 38 floor people, looking for a long time, finally found the stairs leading to the 39th floor.

But the door on the 39th floor is a mechanical iron door, which needs to pass through fingerprints and iris.

"High tech?" Ye Chen sneered, "but in front of practitioners, it's just a pile of rubbish."

Words fall, ye Chen will palm gently on the door, and then suddenly force, the true spirit of the Dantian roared out!The iron gate is distorted instantly!

Hard to be opened by Ye Chen!

Meanwhile, the alarm on the 39th floor goes off!

See only a dozen armed masters in front of Ye Chen.

These people are not only ancient warriors, but also equipped with heavy weapons. Their strength is terrible.

Even more than a dozen infrared rays fell directly on Ye Chen's body. It seems that as long as ye Chen moves, it will become a beehive!

Ye Chen does not have a trace of flustered, throw the door that nearly twist in the hand on the ground, send out a heavy voice immediately.

Then he raised his head and looked at the crowd and said, "Oh, so lively."

These armed masters were stunned. They didn't expect that a young man with a straight suit would appear here.

The key opponent can still be so indifferent when facing more than ten guns.

Is this guy crazy?

But when their eyes fell on the twisted gate on the ground, their faces changed one after another!

Eyes are covered by a touch of panic!

You know, this door is a precision heavy duty anti riot door of bst339 of M country!

Same material as SSS safe of Swiss bank!

It's as firm as a rock, even if it bears strong blasting, it's still intact!

The bullet can't penetrate!

Shells can't deform them!

But in front of me, such a powerful door was twisted by a young man!

It's like a toy.

What kind of terrorist force can do this!

"Sleeping trough! What the hell is this... "

All people were frightened, directly leading to the world into a dead silence.

For a long time, ye Chen broke the silence and said, "I don't like the feeling of infrared rays on my body. I don't like it very much."

The next second, ye Chen moved.

Step on the step, directly stepped on the wall.

The group also realized that things were out of control, no longer hesitated, the shower of gunfire!

A dozen bullets shot at Ye Chen.

Ye Chen didn't feel flustered. He grabbed a hand on the twisted iron door, and his true Qi burst out. The iron gate was overturned by him, and he smashed it fiercely towards the group of armed experts!

The bullets were all over the iron gate, and there was a "crackling" sound. A dozen people saw the huge shadow and subconsciously wanted to hide. It was too late.

It's too fast.

"Bang!"

With a loud noise, the gate smashed on the bodies of more than ten people!

Some people's bodies were smashed on the spot!

Can think of Ye Chen's power how terrible.

Fortunately, two people survived the impact of the iron door.

They realized that the man in front of them in a decent suit was a master. They were just going to go back to inform them that a dark shadow had appeared in front of them, blocking their way.

The two men were so frightened that they just wanted to shoot. They held the desert eagle in their hands with their big hands. With a click, the desert eagle became two parts.

The two men were completely insane.

What kind of monster is this young man in front of me!

Is it martial arts master?
