Chapter 611

In a flash, ye Chen pinched his fingers and lightning flashed out!

Around the arm!

Crazy!

The true Qi of Dantian is all gathered in the hands!

"Poof!"

Ye Chen forced out a drop of blood essence! Blood essence is burning wildly!

Reincarnation cemetery, two old figures naturally noticed this scene.

"Are we really not going to do it? This boy is a madman. Although this blow can seriously injure that man, he will also pay a huge price."

"If we help, maybe the boy can get out of the way."

Duan leiren said to the old man beside him, but he didn't want Ye Chen to have any mistakes.

The immortal master's eyes narrowed slightly, and his mouth outlined a smile. He was obviously interested in Ye Chen's actions.

A few seconds later, he said, "why do you want to shoot? Don't you understand the value of the existence of the samsara cemetery? We can only do it at a critical time, but it doesn't mean that the boy has to rely on us

"Now the boy is fighting madly on his own, but I have some interest in him."

"Let him go, no matter how injured or how, it is a chance for the owner of the tomb."

"What's more, the cultivation of the old man he dealt with is not weak, which is several big levels higher than this boy. If he seriously injures the opponent, isn't it a good thing?"

Duan leiren is stunned and shakes his head helplessly.

This guy is not only a weirdo, but also a madman!

and at the moment, the drop of blood essence burned by Ye Chen is more and more crazy!

Almost all the true Qi of Ye Chen's elixir field is gathered on the blood essence!

Blood essence into a fireball full of thunder and lightning!

The power of fury is no less than a nuclear bomb!

At the other end of the blood gate, elder Zheng naturally felt something wrong. His face was full of laughter and ferocity!

"This boy is crazy! If you want to play with me and die together

He knew better than anyone that if that thing came through, he would be seriously injured if he didn't die!

He panicked!

I'm afraid of him!

No matter how cruel people are, they are afraid to die!

No longer hesitating, elder Zheng's five fingers opened, and the innumerable runes that gathered the blood gate were directly pulled away!

You must disconnect, or you will be in trouble!

The blood gate has been broken a little bit!

At the moment when it was about to close, ye Chen's cold voice fell directly: "old thing, if you want to go, it's so easy. Today I'll give you a big gift! Blood of the spirit, blow it up

Words fall!

That blood essence into lightning fireball through the split blood door!

Qi, blood essence, thunder and lightning, flame, four attributes of the power together burst out!

The blood gate constructed by Sanskrit directly collapses!

This is just the beginning!

Elder Zheng was flustered. He broke off the contact by force, and the great power of counterattack came!

He can't help it any more, and spits out a mouthful of blood!

But the power still appeared!

It's going to fall on him!

When he grasped with five fingers, the distant blood League disciple felt the suction coming through!

His body was directly caught by elder Zheng!

At the same time, towards the lightning fireball!

"Elder Zheng, don't Why do you do this to me! I have always respected you! Why

The blood alliance disciple is unwilling!

He never thought that he would become the shield of elder Zheng!

"To die for me is your greatest honor!"

Elder Zheng said coldly!

"Bang!"

The blood alliance disciple turned into a blood mist directly!

Although hindered the thunder and lightning fireball part of the power! But still furious!

Zheng Chang's face is ferocious, and he knows he can't hide! Can only be forced to go up!

Sacrifice a spirit sword in your hand and split it directly!

"Boom!"

Lightning suddenly fell!

The fire broke out!

The surrounding area of 100 meters is directly razed to the ground! In ruins!

Smoke and dust!

And in the smoke and dust, elder Zheng was mercilessly lifted out!

All the clothes on the body were destroyed, and there was blood flowing between the skin and flesh!

Very embarrassed!

This is the first time since he entered the blood League!

"Ye Chen! If I don't kill you, I'll never be a man! "

Jingtian roar reverberates on the Kunlun mountain.

Or sad, or angry.

After serious injury, if Zheng Changlao wants to step on the peak in a short time, it is impossible!

.....

At the same time, Jiangnan Province, plum blossom forest.

The same ruins.

Cross legged Ye Chen spits out a mouthful of blood. There was pain all over the body.

In order to seriously hurt elder Zheng, ye Chen paid too much price.

Even at the cost of their own!

But it's worth it!

Shenyoujing seriously injures a strong man in the holy land, unheard of!

But he Ye Chen did it!

Ye Chen exhaled a puff of turbid air, and a strong sense of exhaustion came.

The next second, directly fell in the plum blossom forest.

He is so tired that he needs enough time to rest.

Around the desolation of a person, the manor owner and staff were also slaughtered by the blood League.

It seems that ye Chen is the only one left in the whole world.

In Ye Chen coma, a black stone directly drilled out, suspended in the air.

Endless aura surging from ye Chen's body is recovering at a speed visible to the naked eye.

Samsara cemetery.

Duan leiren looked at the immortal master who triggered the technique beside him and said with a sneer: "don't you say you don't admit this guy? Why do you still help him?"

The immortal Lord laughed: "I don't admit that he and saving him are two different things. I like this boy's work style. Only a crazy person can achieve great things."

"His madness may save us a hundred! There is no wrong person selected for the samsara cemetery. "

.....

It was dark.

Ye Chen is still in a coma.

His injuries have disappeared, and the bodies and blood around him have been covered by ruins.

.....

It was dark.

Ye Chen is still in a coma.

Most of his injuries have been recovered, and even his accomplishments have risen a lot. The bodies and blood around him have been covered by ruins.

Not long ago, a little girl with a bundle of firewood on her back passed by.

The little girl, 13-4 years old, is a low-income household in a nearby village.

There was only grandfather, a father paralyzed in bed, and her.

In order to lighten the burden on her family, she carries a bundle of firewood home every day after school.

She often comes here to see plum blossom.

This is her greatest enjoyment of the day.

But at the moment, she was in a daze. There was no plum tree and no beautiful house.

"This What's going on here? "

Suddenly, she noticed something and came quickly.

When she saw Ye Chen lying like this, she hesitated for a long time, or stretched out her hand to probe the tip of Ye Chen's nose.

"Well, it's good that you're alive."

"Brother, wake up, can you hear me?"

The little girl pushed.

But the unconscious Ye Chen did not pay any attention.

The little girl wanted to call the police, but she found that she didn't have a mobile phone and no one nearby could ask for help. She had no choice but to find a handcart outside the ruined manor. She managed to help Ye Chen up and head for the deep Village.

Chapter 612

Songshan village.

A small and dilapidated mud tile house.

The dim light was full of old furniture.

It's full of stuff. It looks a little depressing.

At the moment, the unconscious Ye Chen lies on a sofa quietly.

The sofa is old.

The little girl who saved Ye Chen home was cooking in the house. When she cooked the meal, she took the initiative to take the meal to her father who was paralyzed in the bed, and fed it carefully.

She looked at her father and felt a little sad.

Three years ago, she still had a harmonious family.

It's not rich, but it's OK.

It's a pity that when my father worked in a construction company in Jiangnan Province, he fell down from a high place.

Pick up a life, but destined to be paralyzed in bed.

Mother ran away a month later.

Lost.

Only she and her grandfather were left to depend on each other.

Her small shoulders are subject to pressure and responsibility.

She glanced at the clock on the wall, and her grandfather had not come back. She should still set up a stall outside, barely able to make up for the household expenses.

Income from stalls became the only source of the family.

The girl finished everything, and her eyes fell on the unconscious Ye Chen.

If not see ye Chen's state like father, she will not be kind to bring back.

Just now she also went to the village of traditional Chinese medicine to see the symptoms of Ye Chen, but the results made her laugh and cry.

Far from having any problems, the man is in excellent physical condition. He is just asleep now.

She sighed and murmured, "why don't you wake up? Is it the legendary narcolepsy

Words have not finished, suddenly, the man on the sofa opened his eyes!

The cold killing machine is released!

It's like pressure!

The whole room is sealed off!

The girl was obviously scared and sat on the ground with her body shaking.

Ye Chen wakes up completely and looks at everything in front of her eyes, and she tries to restrain herself.

"Why am I here?"

Ye Chen closed his eyes and thought about it for a few minutes. The picture after coma appeared in his mind.

"I see."

In fact, he only lay for a few hours to wake up, but did not expect to be directly brought back by the girl.

No matter what, this is also the girl's kindness, and he still has some gratitude in his heart.

Then, ye Chen's eyes fell on the girl who was sitting on the ground. He laughed and stood up directly, helping the girl up.

"I'm really sorry. I scared you just now."

The girl shook her head: "no, no, it's just a little slippery on the ground. Just wake up."

"Are you hungry? I'll bring you some food in the pot."

Ye Chen did not answer, the girl will be the thing to Ye Chen.

"My food is not very delicious. Make do with it."

The girl some embarrassed way, is fiddling with the corner of the dress, some uneasy.

Ye Chen took a look at the food in front of him, without any fluctuation.

Green vegetables and bean sprouts.

It's just a simple water boil.

He didn't think much about it, but he ate it.

At the same time, he paid attention to everything around him, and had a general understanding of the little girl's living environment.

It should be worse than he thought.

Since you meet me, please help me if you can.

"By the way, little sister, what's your name?" Ye Chen asked.

After a few seconds, I hesitated and called out Liu Zihan. "

"Ye Chen, of course, you can also call me brother Chen."

Liu Zihan nodded, for her, this man is not likely to have too much intersection with her.

From ye Chen's dress, she can feel that they are obviously two worlds.

Maybe after ye Chen left the house, he parted ways.

What's more, the look in Ye Chen's eyes just now is too frightening.

Now she still has a lingering fear.

Suddenly, ye Chen thought of something, stood up and walked toward Liu Zihan's father on the bed.

"What are you going to do?" Liu Zihan said warily.

What if she doesn't know the origin of this man?

"If I said I was a doctor and could save your father, would you believe it?"

Girl a Zheng, just want to talk, ye Chen has a finger out, point on the middle-aged man's eyebrows on the bed.

A glimmer of light flickered.

Ye Chen roughly knows each other's problems, which is not too difficult.

Let's call it a favor.

No longer hesitating, ye Chen takes out some silver needles from the samsara cemetery, and the silver needles shoot out together, dazzled. Liu Zihan was totally stupid.

She was also suspicious of Ye Chen, but soon, she believed it!

Even the traditional Chinese medicine in the village can't do it!

I don't know if her eyes are dazzled. She even saw a ray of light flowing on her father's body.

Ye Chen doesn't pay attention to the girl's shock at all, and continues to pinch her fingers, taking the needle as the array!

Through the silver needle, the whole body Qi continuously converges to the middle-aged man's body!

Those broken bones are connected in a strange way.

Then, take out a pill and let the middle-aged man take it directly.

Danyao entrance, rich fragrance of medicine filled each other's body.

Don't know how long, ye Chen exhaled a turbid breath, five fingers a grasp, silver needle Qi fly back to his palm.

"Your father's condition is almost the same. It's estimated that he will be able to move soon. Don't do heavy work these days, and remember to take medicine every day. I'll send someone to fry the medicine and bring it."

For ye Chen, he can't stay here too long.

He has too much to deal with.

Elder Zheng of the blood League has not been solved. Although he is seriously injured, there is still a certain threat.

He likes to nip threats in the cradle.

If it was not for his holding each other's blood essence, plus the other side's light enemy, it would not have hurt the other party.

As for the Liu Zihan family, he asked his hands to help.

He took out his mobile phone and sent a coordinate to ye Lingtian, so that he could catch up with him as quickly as possible.

Liu Zihan naturally doesn't believe Ye Chen's words. She knows his father's condition.

Although she is young, it doesn't mean she is stupid.

His father was paralyzed, and the big hospital was helpless and could only be treated conservatively.

Can it be cured in just ten minutes?

Even the gods can't do it.

For ye Chen's lies, she has no intention to expose.

However, she did not like the man in front of her.

It's better to have less contact with such unrealistic people in the future.

About five minutes later, a Humvee slowly stopped outside the door.

Ye Lingtian walked down directly. When he saw Ye Chen, he couldn't help breathing out. He knew the situation there!

The inevitable battle of the strong.

Such a big explosion, I thought something had happened to the temple master, but I didn't expect that there was not even a wound on him.

It can be seen that the power of the hall master is powerful!

Ye Lingtian one step and two steps, came to Ye Chen body!

"Pa!"

Directly half kneeling in front of Ye Chen, respectfully said: "Ling Tian, see the hall master!"

Chapter 613

In this scene, Liu Zihan was stunned and even turned pale.

In the 21st century, is there anyone else doing this?

Ye Chen's arm gently raised, the real Qi rose from the ground and lifted ye Lingtian: "you leave a phone down, and then let people take care of a few."

"Besides, I'll give you a prescription later. You'll send someone to take care of it and deliver it here on time every day."

Ye Lingtian nodded: "yes, the Lord."

Ye Chen also did not care about Liu Zihan's doubts and surprise, directly from the samsara cemetery took out a brand-new mobile phone and gave it to Liu Zihan.

"Take this cell phone and thank you for your dinner."

"If you have any questions, you can call in the address book and someone will help you."

Liu Zihan nodded vaguely. She looked at the box in her hand and knew it was the latest iPhone.

It's expensive.

She didn't want to accept things, just want to refuse, ye Chen and ye Lingtian have been on the car, the car left.

.....

Liu Zihan shook his head helplessly and looked at the time. It was already eight o'clock. He brought a basin of hot water from the bathroom. He wanted to wipe his father's body, but he suddenly opened his eyes.

It's not strange to open your eyes.

It's strange that my father's finger moved!

In three years, my father's fingers never moved!

Liu Zihan rubbed her eyes. She thought she was wrong, but she found a pair of calluses on her cheek.

It's my father's hand!

Liu Zihan's body trembled, eyes moist!

"Dad! How are you... "

The middle-aged man shook his hands: "Zihan, I seem to be able to move. There seems to be a warm current in my body. Once it flows through, it seems to relieve something. What happened just now..."

Five minutes later, the middle-aged man had helped him up.

I can barely stand for a while.

Liu Zihan was overjoyed. She found her father really good!

Although we can't get out of bed and walk at present, it's a miracle.

Suddenly she thought of something, her eyes fell on the mobile phone on the table and said to herself, "who is that man..."

.....

Highway, Hummer.

Ye Lingtian hesitated for a long time and said, "the hall master, do you need to give that family some money?"

Ye Chen shook his head: "to give money is to harm their family. In the name of the government or Tianzheng Group, you arrange a high salary job for her father, and then the girl will take care of some."

"No matter what, it's fate to meet."

Ye Lingtian nodded: "by the way, the information you asked me to investigate in the text message has been settled. There was an explosion in a place in Kunlun mountain today. There were casualties and vehicle burning on the scene. The dragon soul has also identified it. It can be confirmed that it is the person of blood League."

"It's just that the man in trouble is a disciple of the blood League. As for elder Zheng you said, there is no whereabouts."

Ye Chen's eyes narrowed slightly.

Elder Zheng must have been hurt. He had only two choices: to return to Kunlun Xu or to practice in Kunlun mountain.

The latter is more likely.

Such a heavy injury, it is impractical to rush back to Kunlun immediately.

In any case, this is the best time to win.

"You let the strong men of the dark hall and the dragon soul go to Kunlun Mountain carpet search. Once you find elder Zheng, contact me immediately!"

Ye Chen orders a way, the cold light of eye Mou is a little cold.

"Yes, Lord!"

.....

Twenty minutes later, Mingcui Villa District, Jiangnan province.

Ye Chen came back here again with deep emotion.

On his return, he found that the pattern of Jiangnan province had completely changed.

The Wudao Association of Jiangnan province has disappeared completely, and even its former office site has been razed to the ground.

Ironically, that place is now a factory of Tianzheng Group.

It is said that the land was provided unconditionally by the government to Tianzheng Group.

Obviously, it's a gesture of goodwill.

At the same time, the status of Xia Ruoxue's Xia family and Zhu Ya's Zhu family in Jiangnan province also rose.

This should be the so-called "one man gets the way, the dog rises to the sky".

Ye Chen is not only the first person in Jiangnan Province, but also a member of the Ye family of the top Chinese family.

This time, he will stay in Jiangnan province for only one or two days. Once there is news from elder Zheng of blood League, he will leave.

After all, this man is not only a threat, but also the only hope to save his father.

Come to the living room.

Ye Chen takes out the broken dragon sword, which has completely lost its spirituality.

It's like an abandoned sword.

"Next, if I have a chance, I must repair the dragon sword." Before he finished speaking, the black stone in his pocket was suspended in front of him.

The spirit of the ancient times rippled out.

Colleagues, an old figure came to Ye Chen.

Ye Chen thought it was Duan leiren, but he didn't expect that he was the immortal master of that strange temper.

"What are you doing out there?" Ye Chen is not happy.

The immortal Lord ignored Ye Chen and poured himself a cup of tea to savor.

A few seconds later, he said, "boy, how about we make a deal."

His eyes fell on the Dragon chopping sword. After a pause, he said, "I can help you repair this sword, even forge it into a peerless sword for you."

Ye Chen heard this sentence, stood up, but soon calmed down.

He understood the character of the immortal Lord. Naturally, he could not be so kind.

"What are your terms?"

The immortal Lord put down the teacup in his hand and threw out a surprising word: "I want a drop of blood essence for evil blood cold body."

Ye Chen a Zheng, cold eyes at the immortal Lord.

The other party's words obviously refer to Wei Ying.

For some reason, he found that the great powers of the samsara cemetery seemed to be interested in Sha Xue Han ti.

Is there anything else about power.

The immortal Lord seems to be aware of Ye Chen's doubts and opens his mouth: "don't worry, a drop of blood essence can't make any impact on her, but it's very important for the reincarnation cemetery, more important for you."

"Or in other words, this is the most important existence to recast the sword of cutting dragon in your hand!"

"You should know better than anyone how precious the evil blood cold body is

Ye Chen did not immediately agree: "no matter how, it depends on whether the other party is willing, if she is willing, I naturally agree."

The immortal master nodded and held his five fingers directly. The two broken dragon swords were suspended in front of Ye Chen.

At the same time, the small dragon vein of samsara cemetery was mercilessly torn!

It's like a fiery magma, wrapped with a sword of cutting dragon!

The temperature of the whole villa rises suddenly!

Endless suddenly fused the two broken swords together!

The long sword can cut off the water and cut the dragon!

Unfortunately, although the body of the sword has been restored, the sword has no aura.

Like a dead sword.

Ye Chen just wanted to ask something, the phone in his pocket suddenly rang.

From ye Lingtian!

"Lord, I have news from elder Zheng!"

Ye Chen Mou son shrinks, excited way: "where?"

"Half an hour ago, he just returned to Jiangnan Province, but after getting off the plane, he lost his trace!"

"The details are still under investigation!"

Ye Chen nodded and ordered: "you go down first and help me to see the whereabouts of elder Zheng of blood League all the time! No one can let go of it! "

"Yes, Lord!"

Chapter 614

An old residential building in the west of the city.

I can smell a strong smell of blood as soon as I get close to it. Fortunately, all the houses here are to be demolished. Don't worry about being found.

At present, only a few families are still living.

And now on the roof, an old man in a purple robe is sitting cross legged.

A jade pendant was suspended in front of him.

It's the jade pendant of the xuye family in Kunlun!

The jade pendant is shining with light, and a trace of aura is constantly flowing into the body of the old man in purple robe.

On the whole roof, it seems that there is an invisible air flow controlling everything.

All of a sudden, the purple robed old man opened his eyes and spit out a mouthful of red blood.

If ye Chen is here, he will surely find that this old man is the elder Zheng He has been looking for.

Elder Zheng looked at the blood stains on the ground, stood up with his hands on the ground, and his eyes were very cold.

No one has ever let him suffer such a heavy injury!

Never!

As the purple robed elder of the blood League, although he is not in the center of the power storm!

But in the blood League status is not low!

A purple robe clearly represents his honor.

Even the cultivation of Tongtian can crush all the strong in China!

But now he was so embarrassed by a little animal in a state of ecstasy!

What's more, it hurt people from the air!

If this incident spreads out, how can he mix up in the blood League and even in Kunlun Xu!

"Little beast, destroy my foundation! Since you are in Jiangnan Province, then I will make you feel the pain of hell. "

Elder Zheng's eyes are gloomy to the extreme.

In a second, he took out the square.

The finger pinches, a drop of blood essence falls on the array plate.

In a flash, it's shining!

The whole rooftop was windy.

A few seconds later, an old virtual shadow appeared on the array disk.

"Why did you use xuepan

"Didn't you hear that you went to Huaxia to look for the xuye family in Kunlun?"

The voice of virtual shadow is very cold, without any temperature.

Elder Zheng's face was full of respect, and even said, "Dharma protector, you should have heard of the news that a leaf killed heaven was born in Kunlun Mountain of China."

The blood League protector's eyes shrunk: "do you know the whereabouts of Ye Shitian?"

His tone is even a little excited!

It is rumored in Kunlun that ye Shitian was born and suppressed countless powerful men!

Thunder!

Plum blossom kills people!

In the world, at such an age, who can do this!

Now Kunlun Xu, almost every shop, inn, family, power, all spread the legend of Ye Shitian!

It's a crazy myth!

Kunlun is proud of the first day!

Ji Siqing's most powerful competitor!

The most powerful evil spirit of the xuye family in Kunlun!

A thousand years ago, the son of Ye FengChen!

Into the holy land, on the Holy Land!

Even countless forces are looking for ye Shitian, trying to win him over!

When ye Shitian has not yet fully grown up, do you want to fight when you can't stand up?

Even if even the blood league are heart.

The high-level and leader of the blood alliance all know ye Shitian's killing opportunity to the blood alliance.

So after an emergency meeting, immediately decide on two options.

Find ye Shitian and negotiate with ye Shitian!

Win ye Shitian! Let bygones be bygones!

Once ye Shitian refuses, he can only use the strongest power of the blood alliance. Even if the Dharma protector and the elder of the war hall attack, they must be suppressed!

Strangle the threat in the cradle is the most sensible choice!

Elder Zheng flashed a chill in his eyes and lied: "my Lord, indeed, I saw ye Shitian in the depths of Kunlun Mountain in China. Unfortunately, ye Shitian killed all the blood alliance people before speaking!"

"Even my altoux nebula is dead! I was seriously injured, too! I really have no face to return to the blood League! "

Elder Zheng's words shed tears.

If you take part in the Oscars, it must be the hero!

Elder Zheng is very clear, that ye Chen has been beyond the shackles!

It's hard to suppress Ye Chen with his current injury!

Huaxia also faces Ye Chen everywhere!

He must take over the stronger power of the blood League!

And ye Shitian is the best excuse!

In the name of killing ye Shitian, kill Ye Chen first!

Even if ye Shitian is not found at that time, it doesn't matter. Such a strong person is naturally hard to find.

Blood League Dharma protector sighed: "elder Zheng, ye Shitian can even kill people from Yibao Pavilion. It's really hard for you to resist it!"

"It is said that ye's real strength is at least above entering the holy land. With the anti Heaven Sword Skill, you can be injured normally." "Well, since you are sure that ye Shitian is in Huaxia, I will send you to lead the hundred strong men in the blood war Hall of the blood League!"

"Among these 100 strong men, the lowest strength is the seventh level of Shenyou state, and the highest is even at the peak of entering the Holy Land! Whether it's personal strength or array strength, ye Shitian can't resist it! "

"Even three days ago, a hundred strong men in the blood war hall gathered together to kill a person in the holy King's land!"

"Elder Zheng, the blood alliance gives you this power, can you take ye to kill heaven?"

At this moment, elder Zheng was stunned!

Even a little flustered!

This is the blood war hall! And still a hundred strong! No doubt it's an army against the weather!

You can only crush ye Shitian!

Not to mention Ye Chen, who is in a state of ecstasy!

In his mind, he even filled the picture of leading a hundred people to kill Ye Chen!

Like a general star!

This China, will be dominated by him!

The best state is to kill Ye Chen and kill Tian Ye! Then his position in the blood League must rise!

A broad road seems to be in front of elder Zheng.

"Elder Zheng, let me ask you one last time. Can you take ye Shitian with the power of a hundred people?"

A cold voice sounded.

Elder Zheng woke up and suppressed his excitement. He even said, "don't worry. As long as ye Shitian is still in China, I will take him down and offer it to the Dharma protector."

"Well, in three days, people from the blood war hall will enter China, and then they will contact with this array plate!"

The words fall, the picture and the sound disappear at the same time.

Elder Zheng, with his hands behind him, stood on the roof and looked at the land of China.

His mouth was cold and indifferent: "little beast, a hundred people enter the country, see how you resist! You are afraid to kneel down in front of me! Ha ha ha

.....

At the same time, Mingcui villa.

Ye Chen asked ye Lingtian and longhun to search the whole Jiangnan Province, even the surrounding provinces and cities, as well as the capital city.

Unfortunately, there is still no result.

Elder Zheng is like evaporation from the world.

However, ye Chen was not too discouraged. Elder Zheng suffered such a heavy injury that he was the bow of a strong crossbow in a short time without any threat.

Even if he recovers with pills or some means, the first thing must be to find himself.

When the time comes, soldiers will come to block the water and cover the land.

Ye Chen's eyes fall on the sword of cutting dragon again.

Chapter 615

Although the dragon sword has been restored completely, it does not have any aura and power.

It's similar to ordinary handicraft.

"The immortal Lord, how can the sword be completely restored? How can you become the sword in your mouth

Ye Chen asked.

The immortal Lord drank a mouthful of tea with great interest: "the rice can't be finished in one gulp, and casting sword is not a trivial matter. How can it be finished so quickly?"

"I just stabilized the dragon sword with the power of the Dragon pulse and some techniques. At present, in the face of strong forces, it will still be broken. "

"Now he needs two things. First, sword bones!"

Ye Chen frowned when he heard this strange word: "master, what is sword skeleton?"

The immortal master stood up, took hold of the dragon sword, and gently touched his other hand: "the only valuable sword for you is the spirit of the sword. Unfortunately, it is already sleeping. The materials and casting methods of the sword are top-notch in China, but they are rubbish in Kunlun and other places."

"It can't even compare with the two swords of the soul breaking Yang in the reincarnation cemetery."

"So now for it, it needs a body. It must be a spirit sword with a very strong level. It can be a broken sword, or a sword with other problems. Only the level must be not weaker than the two swords of zhenhun Poyang!"

"Otherwise, I don't want this kind of sword!"

Ye Chen is startled. It is more powerful than the soul breaking Yang Sword. Where can China have it.

It's only possible to go to Kunlun.

With a long sigh, he continued, "what's the second thing, master?"

"The essence of xuesha cold body. The blood evil cold body is a rare evil blood in the world, which is extremely consistent with your way of killing. Once you use this blood essence to cast a sword, then the cooperation between this sword and you will be extremely high! "

The word of the immortal Lord falls slowly.

Ye Chen is to understand, this old guy is really interested in Wei Ying!

He knew the power of the evil blood chill, but Wei Ying had just awakened.

If we fully awaken, countless forces will surely surge.

At that time, if Wei Ying stepped into Kunlun Xu, she was afraid that her future achievements would be terrible.

"Forget it, go to Beijing Normal University to find Wei Ying, at least ask the other party's opinion."

Ye Chen can only say so.

He was just about to let ye Lingtian arrange the plane when the phone in his pocket rang.

Seeing the phone number, he was surprised. It was the little girl in Songshan village.

"What's the matter, little girl?"

Ye Chen still pressed the answer key.

Hearing Ye Chen's voice on the other end of the phone, he obviously hesitated: "brother Chen, that I, I am Liu Zihan, the one in Songshan village. We met more than ten hours ago It may be a little disturbing for me to make this call, but I really can't help you... "

Is it Liu Zihan's father in trouble again?

No way!

Ye Chen has some confidence in his medical skills.

"Calm down and tell me what happened?" Ye Chen Dao.

Can let this self-esteem very strong little girl to call over, should really have no way.

"Well, brother Chen, I'm on this side of Beiyu road in Jiangnan province. Baihan construction group is the tallest building on this road. I My father was beaten, and, in addition, the police will come to take my father. Those people are so frightening. They are really frightening Before you finished your speech, there was a loud noise on the phone.

There are a few dirty words.

"Son of a bitch, are you going to call somebody? A group of farmers or a group of workers

"A bunch of poor people, thinking crazy!"

"If you have the ability, I will take a cent from Laozi today!"

"Even if I use the money to buy dog food, I won't give it to your father! What the hell

The phone hung up.

Ye Chen even heard the cry of Liu Zihan at the end of the phone.

He asked ye Lingtian to investigate Liu Zihan's family. It seemed that Liu Zihan's father, Liu Jiengang, had fallen downstairs.

The details are not clear.

The only doubt is that after Liu Jiengang's accident, the boss did not settle any wages! Even the construction company there a variety of shirking responsibility!

What ability does Liu Zihan and her grandfather have to fight a lawsuit?

Even if we go to all kinds of leaders, we will be punished. Outside the door, I couldn't even see my face.

As the bottom people, they are only qualified to be played with.

Because it has been a long time since, his forces are looking for the whereabouts of elder Zheng, but this matter has not been dealt with yet.

He had to send a text message and drive directly to the place where the accident happened.

.....

Beiyu Road, the gate of Baihan construction group.

Liu Jiangang, who has not yet fully recovered, lies on the ground, black and blue. After he recovered, the first thing was to find Baihan construction group!

At the beginning of the accident, he was actually pushed down maliciously!

Because he asked the contractor for 30000 yuan of salary!

This is not the most angry!

He never thought that the company did not take any responsibility after his accident!

Even with a group of people to threaten!

His body can not move, and even his consciousness is not clear. He has no way to protect his rights!

He went to a reporter. The reporter was going to report, but he didn't expect that the news was intercepted directly!

Obviously, the relationship behind this group is very hard!

It can even be said that it is in Jiangnan province to pick up the sky with one hand!

He came here today to ask for an explanation!

Liu Jianganng stares at the big man with a bullfight stalk nearby!

Han is the one who pushed him down, Zhong Hailong!

"Zhong Hailong, are you still a man! I'm here today to make a statement. What's wrong with me? What do you do with my daughter

Liu Jianganng's eyes are full of anger!

Because at the moment, the fierce and sharp teeth of the bullfighting Terrier is only dozens of centimeters away from her daughter Liu Zihan!

Once Zhong Hailong releases his hand, his daughter will definitely have an accident!

This beast!

He wanted to stand up and protect his daughter, but found that two men directly pressed him!

Can't move!

Hold back!

Angry!

He even regretted that he shouldn't have come here in a hurry!

What is his qualification as a worker to fight against such evil forces?

He has no power, nothing to do with it. He can only be trampled on by these guys.

Zhong Hailong looked down at Liu Jiangan and sneered: "Damn it, I made it clear a few years ago. You don't want to take a cent from me. I'd rather feed the dog the money than give it to you."

"Don't you want to make a scene today, or you'll make a scene with my dog?"

The bullfight Terrier seemed to have heard Zhong Hailong's command and barked a few times. His expression was ferocious!

It even looks like a bit bloodthirsty!

This is a dog fight. Generally, Zhong Hailong is used to participate in the competition. He is extremely distressed.

However, with this dog, he is very powerful, almost holding the dog, few people dare to approach.

Chapter 616

Recently, the number of migrant workers who ask him for wages has dropped a lot.

If not, he will loosen the rope and let the dog bite directly.

He has a relationship behind him. Even if something goes wrong, he can be suppressed.

Liu Zihan was frightened by the ferocious bullfight terrier. His face was pale and his body was constantly retreating.

I'm afraid the beast will rush up.

She has called Ye Chen, I don't know if the other party can come.

From the car Ye Chen left yesterday and the people around her, she felt that the younger brother should have something to do with her family.

It's the only one that can help their family right now!

She's really desperate.

"Zhong Hailong, don't move my daughter! My daughter is innocent! "

Seeing that the bullfight stem is getting closer and closer to Liu Zihan, Liu Jiengang, as his father, does not know why, and directly breaks the shackles of the two and holds Liu Zihan.

"Zihan, let's go home. We don't want justice. "

Liu Jiengang rushed out directly with Liu Zihan. He was about to leave. A cold voice suddenly rang out: "Liu Jiengang, what do you think of Laozi's place? Come and go if you want? Although I don't know how the hell you can go, since you're here, leave a leg. Sunspot, go and bite off that guy's leg

Words fall, Zhong Hailong loosened the rope!

The ferocious bullfight Terrier went straight out!

Very fast!

Fangs infiltrate!

If you bite it, you may even die!

Seeing this scene, Zhong Hailong and his subordinates all laughed.

They have seen it for a long time, and this kind of life is not worth money to them!

Liu Jiangan ran crazy, he naturally heard the voice behind him!

But how to run past the bullfight Terrier!

Soon, the bullfighting Terrier directly caught up with her, and bit her daughter Liu Zihan's neck!

This bite, my daughter's life!

Regardless of everything, relying on his father's instinct, Liu Jiangan held his daughter in his arms.

Hold on to death!

He tried to drive away the bullfight Terrier, but found it impossible!

A sense of biting!

His hands seem to be tearing at the heart!

Blood flows!

"Dad..." Liu Zihan can't help tears any more!

She's helpless!

She is in pain!

"Dad is OK Well... "

Liu Jianhan died of pain.

This is the only thing he can do as a father!

Zhong Hailong and all the people present laughed!

It's a lot more interesting than watching a fighting dog.

The sense of blood was almost numb to them!

Zhong Hailong whistled to Liu Jiangan: "if you call me granddad, I'll think about letting you go. How about that?"

"If you don't scream, you may only be bitten to death. When you die, your baby daughter may be in junior high school, and she's almost developed. Can you... "

Before he finished speaking, a voice of breaking the sky suddenly rang out!

The voice was so earth shaking that everyone on the scene was scared!

Zhong Hailong is subconsciously looking at a direction. When he turns his head, he finds a black light coming quickly!

This is too fast!

It's too fast for the naked eye to catch!

"Hiss!"

It's like falling to the earth!

Flesh and blood bloom!

Black light penetrated the body of that crazy bullfight Terrier!

The powerful impact force, is Zhong Hailong's beloved bullfighting stem directly inserted on the cement ground more than ten meters away!

The bullfight terrier was killed on the spot!

This scene scared everyone!

Eyes are almost staring out! Staring at the sword in the ground!

How can there be a sword here!

Sleeping trough!

Zhong Hailong was the first to react. He rushed up and tried to pull out the sword, but he found it impossible!

The sword is as if it were welded to the ground.

"What the hell did the grass do?"

Zhong Hailong uttered a startling roar!

Soon, a figure appeared in front of everyone's eyes.

Is a young man, the youth eye son is extremely indifferent, a leisure clothing, temperament is ethereal.

Ye Chen is here!

Liu Jiangang and Liu Zihan naturally realized that the danger disappeared.

Relieved.

Liu Zihan noticed Ye Chen for the first time, and said excitedly, "brother Chen!"

Ye Chen nodded, his eyes first fell on Liu Jiangang's bloody arm and back. He was filled with anger.

What kind of animal do you like to let dogs bite!

Later, his eyes fell on Zhong Hailong.

It's cold.

Bloodthirsty.

Extremely cold.

"Is this dog yours?" Ye Chen's words fall!

Like a trial!

Zhong Hailong reacted and drew a knife from his waist: "who the hell are you?"

"I ask again, is this dog yours?"

"What's wrong with me! What the hell are you? "

ZHONG Hailong cuts directly at Ye Chen with a knife!

His dog died, he was very angry!

Obviously, this sword was made by this young man!

But before the dagger touched Ye Chen, it was as if it had been twisted by an invisible force.

"Go away!"

Ye Chen's cold words fall.

The storm is sweeping!

Zhong Hailong flies directly!

More spit out a mouthful of blood!

At this moment, everyone was stunned!

They can't even believe what happened in front of them. It's totally against the laws of nature!

"Since you love dogs so much, I'll make you a dog today."

Ye Chen disdains to hand to these people, dials a telephone directly: "within ten minutes, bring the most fierce dog in the dark hall, and bring an iron cage, which can hold a person and several dogs."

"Yes, Lord."

He knew that a group of fierce dogs were kept in the dark hall of Jiangnan province.

You can use it.

Hang up the phone, ye Chen then came to Liu Zihan and Liu Jiengang in front.

"Bear with me."

Ye Chen took out some herbs, crushed them directly and covered Liu Jiengang.

At the same time, covering with genuine Qi, a cool feeling relieves a lot of pain.

He looked at Liu Zihan again: "you are not hurt."

Liu Zihan shook his head fiercely: "brother Chen, I'm really sorry to give you trouble."

"It's OK. I just came out to breathe."

Ye Chen smiles.

Because ye Chen just shot, and Zhong Hailong inexplicably injured, that group of people dare not do anything.

But Zhong Hailong is not only painful, spitting blood on the ground.

Finally reluctantly stood up, he was staring at Ye Chen, just wanted to talk, a truck stopped directly.

The door opened and several men in black, who had a terrible smell, stepped down from the truck.

Momentum alone will solidify a hundred meters.

When they came to Ye Chen, they knelt down on their knees and said, "Lord of the temple!"

Temple master?

Zhong Hailong and all the people are confused.

What is the position of the temple master?

Middle or top?

Ye Chen swept an eye to kneel in front of a few people, light way: "thing brought?"

"Lord, it's in the chariot."

Chapter 617

Ye Chen nodded, glanced at Zhong Hailong, and said, "take the things down, and then let the man go in and stay for a while."

Several dark hall strong eye son a shrink, sympathetically looked at Zhong Hailong, directly opened the trunk of the truck!

The next second, a two meter by two meter iron cage directly transported down!

The dogs are barking!

When seeing everything inside, not only Zhong Hailong was stunned, but all the people present were shocked!

Bitdog!

Tibetan mastiff!

New boleyton mastiff!

All world class fierce dogs! Even in the dog fighting circle, it's a terrifying existence!

When he saw the men in black coming, Zhong Hailong knew it was wrong. He just wanted to run away, but he found that the men had come to him!

An invisible breath enveloped him, and he had no power to move!

"What are you doing! I warn you, I'm Zhong Hailong. I'm from the Baihan construction group. If you move me, I'll... "

Before he finished speaking, the door of the cage opened, and Zhong Hailong was mercilessly thrown in.

The fierce beast in the cage seems to have seen the prey and jumped on it directly!

"No! Please, let me out

"No! Get out of here

The sound of sorrow resounds!

The sound of biting and barking was heard.

At this moment, everyone's back is cool!

Because there's blood in the cage!

Zhong Hailong's voice is also gradually weak down!

Flesh and blood!

Ye Chen's eyes are incomparably indifferent. He takes a look at the strong man in the dark hall around him and orders: "there is no need for this group to exist. You can solve it. All the middle and high-level people exchange blood, and all the money those people shouldn't take let them vomit out."

"Some people who have problems can either solve them ourselves or throw them to the police station."

"Yes, Lord!"

After all this, ye Chen looks at Liu Zihan and Liu Jiangang.

"Come on, I'll take you home."

Liu Jiengang took a deep look at the bloody Zhong Hailong in the cage, and then looked at the extremely young Ye Chen and the long sword inserted. He was very shocked.

He knew that Ye Chen's identity was unusual.

Even this extraordinary is far beyond his understanding.

"Mr. Ye, great kindness..."

Liu Jiengang wanted to kneel down, but was stopped by Ye Chen.

"Your daughter saved my life, and now we're even."

"Well, get in the car. I have something to do later. Now I'll take you back. The medicine I put on you can isolate rabies and help you recover quickly. If you don't believe it, you can go to the hospital and get vaccinated

Ye Chen opened the door and ordered.

Liu Jiengang shook his head fiercely: "I believe Mr. Ye. I know that Mr. Ye is a strange person. He can cure my body. This herbal medicine has magic power naturally."

Ye Chengao looked at the other side a few times, since the other side understands, also saves oneself to explain again.

He drove directly to Songshan village.

After this time, he will let the people in the dark hall pay attention to this family. At least it will not happen like today.

When he entered kunlunxu, it was estimated that he would never meet with the family again.

.....

Half an hour later, Songshan village.

Ye Chen will two people to the home, explained a few words and then ready to leave.

He was going to go to the capital by plane to find Wei Ying, but he didn't expect that Wei Ying would fly directly to Jiangnan province by phone.

After a while, he is going to pick up the plane, so it is impossible for him to stay here.

When ye Chen was ready to start the car, Liu Jiengang came in with a long package in a hurry.

"Mr. Ye, wait!"

Ye Chen knew that Liu Jiengang was inconvenient, so he got out of the car quickly: "uncle Liu, what else can I tell you? I always treat Zihan as my sister. If you have any problems, you can call me."

Liu Jiengang said with a simple smile: "Mr. Ye, in fact, it's no big deal. I have a question. Do you own the black sword that shot the dog just now?"

Although Ye Chen didn't know why Liu Jiengang asked this, he still nodded and said, "it's mine. The situation is urgent just now. I can only do this."

As soon as Liu Jiengang's eyes brightened, he quickly handed the rag wrapped thing in his hand to Ye Chen carefully: "Mr. Ye, this thing was dug out from the ground eight years ago by my family. I thought it was an antique, so I kept it all the time. Today I saw the sword you shot, it felt like something. I'm a farmer. I haven't read too many books. I don't understand it. It's useless to put it beside me. I'll give it to you.

If it doesn't work for you, just throw it away. If it's useful, you can take it. I'll feel better. After all, you've helped our family so much. In fact, I know you don't lack money... "

Ye Chen nodded and took the rag wrapped thing. I didn't care about it. After all, what's better about digging out of the ground.

But at the moment of touching, ye Chen was shocked to find that the zhenhun sword and the broken Yang Sword in the reincarnation cemetery were erected directly!

And with hostility!

Ye Chen doesn't care about everything and tears the cloth directly!

There is no doubt that a broad red and black sword is revealed.

The body of the sword is full of ancient Sanskrit, and there is a faint light between them.

Holding in the palm of my hand, the breath of antiquity is sweeping.

It's a pity that the sword is half broken.

But ye Chen is excited.

Because he could feel that the sword was of extremely high grade before it was damaged!

It's the anti Heaven Sword skeleton in the mouth of the immortal Lord!

It's also the biggest chance to recast the dragon sword!

He never thought that Liu Zihan's family was an opportunity for him to recast the dragon sword!

From the moment Liu Zihan rescued him to go home, it was as if he had arranged in the dark!

Now, if you want to recast the sword of cutting dragon, you need to have the blood essence of evil blood and cold body!

And Wei Ying has come!

This is the opportunity!

"Uncle Liu, it's very important for me to collect it. I can't use my subordinates for ten million yuan. I'll buy your sword with 10 million yuan. No, 100 million yuan!"

Ye Chen is quite excited to say.

Liu Jiengang heard the number of that day, almost leg soft, quickly waved his hand and said: "Mr. Ye, you are breaking me! Never use it! I don't know how to repay you for saving my life. How can I take your money? Mr. Ye, you can be interested in this thing

With that, Liu Jiengang went directly into the room, for fear that ye Chen would bargain again.

Ye Chen looks at the disappearing Liu Jiengang and shakes his head helplessly.

Money must be given, if this logistics into the Yibao pavilion or Kunlun Xu, it is absolutely can bid a sky high price!

Even a billion RMB is less than that!

Now talk with Liu Jiengang about money, the other party naturally won't accept, can only let ye Lingtian go personally.

Looking at the sword, he felt a sudden breath!

Once this sword is combined with the sword of cutting dragon, it will surely startle the world and cry ghosts and gods!

It is the most powerful assistant for him to enter Kunlun Xu!

If you have the anti Heaven Sword Skill, plus the blood dragon and the life rune, maybe the burst strength can tear the blood alliance!

Chapter 618

Ye Chen doesn't think much about it any more. He throws the mysterious broken sword into the reincarnation cemetery and drives directly to the airport.

Half an hour later, Jiangnan International Airport.

Ye Chen sees Wei Ying in a long skirt.

Since Xiangjiang came back, they haven't seen each other for almost a month.

At the moment, Wei Ying painted a light make-up, slender and white legs faintly, exquisite curves completely outlined.

Her eyes are cold, her hair is down, like a waterfall, standing there, especially eye-catching.

There is no extra decoration, only the Xuanshi hanging on the neck.

There is a faint crack in the diabase.

If we don't meet again, it's very likely that the broken Xuanshi will not suppress Wei Ying's evil blood cold body.

Although Ye Chen taught Wei Ying to practice, it is obvious that Wei Ying didn't keep up with the practice during this period.

The chill is also obvious.

I'm afraid that in a few months, the evil blood cold body will break out completely.

What should Wei Ying do then?

Outside the airport, such a tall and sexy beauty makes many men want to get close to it.

But the cold air made everyone unable to move forward.

Once close, cold enough to hurt people.

This is the beginning of the appearance of the evil blood cold body.

"Ye Chen, I'm here!"

When Wei Ying's cold eyes saw Ye Chen, she was just like a light, her dimple was like a flower, and she waved her hands excitedly.

After coming back from Xiangjiang, I don't know why, Wei Ying's mind is full of pictures with Ye Chen in Xiangjiang.

She wanted to call ye Chen several times, but as soon as she thought that ye Chen had something important to do, she still put down her mobile phone.

When she knew Ye Chen wanted to see her today, she flew directly from the capital to Jiangnan province without hesitation.

At the moment when she stepped on the plane, did she even feel that she would not be reserved?

She can't care so much, just want to follow her heart.

Ye Chen took over Wei Ying's suitcase and said with a smile, "are you going to visit Jiangnan province?"

Wei Ying blinked her big flexible eyes: "yes, you've found that. The scenery of Jiangnan province is so good, you should do your best to be a host."

"Yes, but this time I may only be able to show you around a little. Maybe I will go back to the capital soon. I'll give you a good turn next time. It's getting late. Let's go and see you where you live first. "

The reason why Ye Chen does not return to the capital now is that elder Zheng is in Jiangnan province.

The other side's existence, the threat is too great.

Before killing each other completely, Xia family and Zhu family in Jiangnan Province, or Tianzheng Group, may be retaliated by each other.

These days, he had to stay in Jiangnan province to wait for news.

"Good."

Although in the heart loses, Wei Ying still nods a way.

Soon, ye Chen took Wei Ying to Mingcui villa.

Looking at my luggage, Wei Ying said, "I don't want to call you this time

Ye Chen hesitated for a few seconds, or opened his mouth: "you have evil blood cold body things, I told you, now I may need your help, of course, you can refuse, this matter is not too important to me."

Wei Yingxiu frowned and said curiously, "if you want me to help you, just say it. I will help you if I can."

"That You're not going to have a yin-yang interaction like you do on TV. I'm not sure I'll agree to that. "

Wei Ying blinked her big eyes and said playfully. Although it was a joke, her face was red.

It's lovely.

She hoped so in her true mind.

Ye Chen shakes his head and explains the essence and blood in the practitioner's body and the things needed to repair the dragon sword.

As a teacher of Normal University, Wei Ying quickly understood: "in other words, you want a drop of my blood?"

"Yes."

Wei Ying smiles. The next second, she plans to bite her finger.

"I thought it was a big event. If you want blood essence, I'll give it to you. Anyway, I have to go to the hospital every year to get blood, which is not bad for a few drops."

"After all, how can you thank me for helping you so much?"

"Do you want to make a promise?" Ye Chen joked.

"Yes, I'm afraid you dare not."

In Wei Ying's eyes, a few drops of blood essence is nothing.

Seeing that Wei Ying wants to force out blood essence, ye Chen quickly stops it and explains: "the essence of blood must be used in the state of your evil blood and cold body."

When Wei Ying heard this, her eyes were rather serious.

In the past month, she found that the frequency of the sound was getting higher and higher.

She even had the habit of sleepwalking. Often wake up in the middle of the night, will meditate on the balcony, the whole body is formed countless ice cones.

If she didn't know that she had evil blood and cold body in her body, she would definitely collapse.

"You can think about it and don't have to answer me right away. I can't. I can replace it with other blood essence. "

Ye Chen was afraid to give Wei Ying a burden, so he said.

Before finishing her words, Wei Ying smiles mysteriously and grabs the mysterious stone on her neck.

Pull it out.

"Is that so?"

The moment the local psychic stone disappeared, the whole villa seemed to turn into an ice cave!

The temperature drops dozens of degrees!

The cold wind blows, ye Chen even feels the blood to coagulate.

Fortunately, the blood dragon virtual shadow is aware of what, directly gushing out of the body!

Blood dragon plate Rao in Ye Chen's body, cold touch of the moment directly disappeared.

"Wei Ying, I didn't say now."

Ye Chen just want to talk, a pair of cold eyes shot over!

At the same time, a cold palm directly swept over, strong wind bursts, the power is extremely frightening!

"My blood essence, you dare to make up your mind, die!"

The sound of cold into the bone marrow is like this.

Ye Chen this just reacts to come over, in front of the girl is not Wei Ying, but evil blood cold body.

What's more, the other side took the opportunity to kill!

Ye chenmeng stretched out his hand and clasped his wrist.

Wei Ying snorted coldly, and the extreme shrill came.

Wei Ying's other show hand, holding the ice sword, a sword came through.

Even if ye Chen stepped into the state of mind wandering, she did not dare to take it lightly in front of Wei Ying at the moment!

In that shrill sound, the whole villa seems to be torn!

We can see the horror!

At this moment, even let Ye Chen even have no chance to breathe.

After a month's absence, Wei Ying's evil blood cold body was so strong.

Although he has a way to deal with Wei Ying, he can't do it!

What if Wei Ying was hurt?

Helpless, ye Chen can only constantly Dodge, avoid every opportunity to kill.

"If you dare to touch my blood essence, you will not dare to fight. You men are all like this?"

Ye Chen has not yet completely stabilized his figure, and a voice of exclamation rings out.

At the same time, countless ice arrows pierced through the sky!

Chapter 619

Some of the furniture in the living room was destroyed directly!

The air is rolling!

However, ye Chen can only hold the zhenhun sword in his hand, and his whole body's true Qi is injected into the zhenhun sword.

Zhenhun sword comes from the sound of the sword. The sword Qi is vertical and horizontal, and it is constantly put on.

It seems to form a barrier, blocking all the ice arrows outside!

Boom!

In a twinkling of an eye, the roar exploded!

The white light and the black light are constantly touching, and they are stuck.

"I don't see you for such a long time, but your strength is much stronger. I advise you not to pay attention to Wei Ying. She is simple. Although she has a good feeling for you, I will never allow you to be together!"

The sound of evil blood and cold body sounded again.

Ye Chen completely speechless, you are just a blood vessel, unexpectedly idle tube subject matter?

Once the cultivation of Wei Ying's "cold heart resolution" is completed, the evil blood and cold body will completely melt into the blood, and this will not happen.

"You don't seem to agree with my words? Then I'll call you till you wear it today! "

Wei Ying a cold hum, ice sword sacrifice, under the fierce sword spirit, god Buddha avoid!

Just a sword, directly let the ground appear countless cracks!

Wei Ying's eyes are about to fall, and Wei Ying's eyes recover a trace of clarity.

"PATA!"

At the same time, Wei Ying forced a drop of blood essence from her fingers.

"Ye Chen, I'm barely awake now. Take the essence and blood, and help me to put on the mysterious stone of the spirit!"

The voice was soft and rapid.

Ye Chen no longer hesitates. With five fingers on one hand, the blood essence is directly held in the palm of his hand. At the same time, he steps out to Wei Ying's side, and the Earth Spirit Xuanshi is directly patted on Wei Ying's chest.

The cold air of the whole room disappeared in an instant.

Wei Ying also recovered completely and breathed heavily.

"Ye Chen, I didn't hurt you just now."

What does Wei Ying think of, she grabs Ye Chen's hand and cares.

Ye Chen shook his head and said with a smile, "don't worry, she can't hurt me. I'm afraid I'll hurt you."

Wei Ying was relieved. She came to the sofa and sat cross legged: "I'll adjust my state first. The voice of that guy is still ringing in my mind. Only practice can make the other party stop."

With that, Wei Ying closed her eyes, and the whole sofa was gradually wrapped in ice, as if it had become an ice sculpture.

Ye Chen knows that the other side is practicing, and does not disturb him. With the blood essence of his hand, he directly enters the reincarnation cemetery.

The immortal Lord and Duan leiren are playing chess in the reincarnation cemetery.

"What did you come in for?" The immortal Lord fell a sunspot light way.

Duanlei renbai glanced at each other and said, "this is interesting. My apprentice is the tomb owner of the reincarnation cemetery. He is in charge of this place. Can't he come here?"

"In other words, we are all under the control of others. He can drive us out at any time if he wants to!"

At this moment, Duan Lei Renyi stands on this side of Ye Chen.

The immortal Lord did not intend to play chess. He stood up and his eyes fell on Ye Chen's body: "what's the matter? Say it."

Ye Chen will directly sacrifice the blood essence, suspended in the samsara cemetery!

"Master, I have brought what you want. Help me repair the dragon sword."

The immortal Lord took a look at the dazzling blood essence with red light, and his eyes were fanatical!

It's the essence of evil blood and cold body!

"Unfortunately, blood essence is not enough. If there is no high-level sword skeleton, the sword is still a useless sword."

The immortal Lord has not finished speaking, ye Chen directly takes out the mysterious broken sword that Liu Jiangan of Songshan village gave him.

A mysterious broken sword, reincarnation cemetery full of desolate meaning!

At this moment, the eyes of the immortal master suddenly shrank and stepped out, and came directly to Ye Chen's face. He also took the mysterious broken sword!

Ferocious face, shortness of breath!

Ye Chen has never seen the immortal Lord so nervous!

"This sword is the skeleton of an ancient sword, even the sword of a close friend of mine. His swordsmanship is unparalleled in his whole life. Unfortunately, the sword was destroyed and people died. Where did you get this sword! Tell me

Ye Chen is not nonsense, said the recent thing again.

The immortal Lord looked up at the sky and said with emotion:

"it seems that everything is doomed. With such a sword, it is like God's help!"

"I finally understand why the samsara cemetery will choose you, so lucky, there will be no second one."

"This sword was originally called the overlord asking the sky sword. It's not only made of seven meteorite black stone, but also the painstaking efforts of a great power to forge for ten years. In the peak state, a sword can even break the sky. Unfortunately, it has lost its spirituality."

Ye Chen didn't expect that the sword had such a history. He even said, "master, can he be used as the skeleton of the dragon sword?"The immortal Lord nodded: "yes, but my ability can't repair his peak state. However, if it is combined with the sword spirit of the dragon sword, the power will be absolutely shocking! Key, as you keep fighting, the level of this sword will continue to upgrade! "

"Recasting this sword is also a memorial to my dead friend. From now on, I'll help you recast it!"

At this moment, the immortal Lord's look is serious to the extreme!

He closed his eyes and the tomb of samsara trembled!

The ground is split, and a forging table full of flame is born out of thin air!

The flame is raging, the immortal Lord is suspended on the forging table!

Pinch your fingers.

Suddenly, the Dragon Sword flew into the flames of the forging table!

"The overlord asks the sky! The sword skeleton fractal, recast the dragon, open

With a roar, the overlord asked the sky sword also fell into the fire!

The meaning of the ancient sent out, vaguely, like a figure in the crazy sword dance!

Every sword has the charm of heaven!

"Evil blood cold body, blood essence for the lead, into the sword! Open it

Blood essence is falling! The flame is suddenly a hundred feet high! The posture of the whole sky is palpitating!

At the moment, the sky outside China has completely changed!

Cloudy, lightning and thunder!

Especially in the sky over Jiangnan Province, there is a thunder and lightning that seems to turn into a sword. It will not disperse for a long time and will illuminate the whole world!

It's like a vision!

"Boy, give me three days. After three days, this sword can be made! Let me ask you, what is the name of this sword from now on? "

Ye Chen pondered for a few seconds and said, "ask him to cut the dragon and ask the sky sword!"

"Good!"

.....

At the same time, the west side of the city is on the top floor.

Elder Zheng opened his eyes and looked at the thunder and lightning vision above the sky. His eyes were shocked.

"It seems that the law of heaven does not allow the thunder to spread for thousands of miles. Is it the birth of evil spirits?"

"No, this is the vision of the appearance of the magic sword! From the perspective of vision, this sword is also the most powerful one in Kunlun, but how could it be born in the land with little aura in China

There was some uneasiness between elder Zheng's eyebrows and Yu.

Ye Chen, ye Shitian, now with the appearance of the divine sword.

What's wrong with Huaxia?

Will China rise completely?

Can't even compare with Kunlun?

No longer thinking about it, he took out the array plate from his waist.

The light is more and more dazzling.

His uneasiness gradually subsided.

Because the array shows that the army of the blood League is about to enter the country.

The end of China is coming.

After the war, whether ye Chen or ye Shitian, will be suppressed into hell!

No choice.

Chapter 620

Mingcui villa.

These days, ye Chen entered the samsara cemetery several times to check the progress, but the immortal Lord was still concentrating on casting his sword.

Ye Chen was ignored.

The power of the dragon vein and all auras of the whole samsara cemetery seem to rush into the sword of cutting dragon and asking heaven.

The sword is burning in the fire and thunder and lightning. Ye Chen doesn't even dare to get close to it.

Once close to him, the powerful power of pressure will make his blood rise, even spit out blood.

Ye Chen knows very well that once the sword is successful, his strength will surely span a great level.

"Apprentice, I thought that the old man didn't look up to you. Now it seems that he has recognized you by doing so."

Duan leiren walks to Ye Chen's side and says lightly.

Ye Chen nodded. Although the immortal Lord had once ridiculed and ridiculed himself, he could feel the intention of the other party.

As the tomb owner of the samsara cemetery, can the hundred great powers treat him like this.

After all, he is the turning point of the hundred.

Duan leiren looked at the immortal master in the fire, and continued to say to Ye Chen: "this old guy forged a magic weapon with his immortal fire. If you pay close attention to it, you will surely find that his light is a little dim."

"I'm afraid it won't be long before the sword is cast, and it will disappear between heaven and earth."

"I wanted him to refine Taigu Xushi Dan, but now it seems that it is very difficult for the other party to refine it."

Duan leiren's words are somewhat lonely.

"Disciple, if you have a chance, see if this guy is willing to teach you the way of alchemy. If he really takes a fancy to you, he may pass on the immortal fire to you.

The most powerful thing about this guy is the immortal fire. He casts swords, alchemy and amulets. The reason why he is so powerful is completely due to the immortal fire. Even when he is used to fight, he is extremely strong

"It's said that the fire of 49 thousand people can't be extinguished by fire in the depth of seventy thousand. Even in those years, a thousand top powerful men surrounded and exterminated the immortal Lord, but he exerted the sea of fire, and thousands of people died! What a tragedy

When ye Chen hears Duan leiren's explanation, he looks at the old man in the fire, and the storm rises in his heart.

This guy used to be so terrible?

Suddenly, the flames soared again, almost covering the entire samsara cemetery.

The casual clothes on Ye Chen's body also instantaneous burn not, be in a mess.

Duan leiren looked at the sea of fire. His eyes were serious, and he told ye Chen, "disciple, there is still one day left. On this day, you don't have to step into the samsara cemetery. No matter who's flesh can bear the fire and temperature."

"Good."

Ye Chen finished and left the samsara cemetery directly.

.....

These days, the news of elder Zheng is still not available.

As if the world evaporated.

No matter how powerful China is used, it is the same.

Even if the Dragon Spirit used the satellite, it did not notice.

Ye Chen feels more and more uneasy.

It's like the eve of a storm.

Helpless, he took Wei Ying to Jiangnan province for a tour, which was also regarded as the friendship of the host.

At five o'clock in the evening, ye Chen and Wei Ying return to Mingcui villa. Before they step into it, ye Chen feels that there is someone in the house!

As soon as the divine consciousness swept, he could not help but breathe out.

The gate has been opened. It's Xia Ruoxue.

Xia Ruoxue knows that he is here, apparently after dealing with the affairs of Xia family, he comes back.

Xia Ruoxue's beautiful eyes fall on Wei Ying for the first time.

Wei Ying is also like this, the eyes look at the moment, ye Chen afraid of the air in the fierce spark.

Xia Ruoxue naturally knew Wei Ying's identity, but also learned that Wei Ying helped Ye Chen a lot.

Ye Chen wanted to explain what he wanted to explain. To his surprise, Xia Ruoxue took a step first and passed by Ye Chen. She even hugged Wei Ying and said in a soft voice, "Wei Ying, you have to tell me when you come to China. I can also do my best to be the host of the earth. It's estimated that xiaochenzi didn't take you to some places that belong to women. It's not only in Jiangnan province The scenery. "

Wei Ying also knows Xia Ruoxue's identity. She didn't know how to explain it, but she didn't expect Xia Ruoxue to be so active.

Soon, Xia Ruoxue's simple words and actions let Wei Ying unload all precautions.

The second daughter is more cheerful exchanges on the sofa, from time to time the living room is to come bursts of laughter.

Even after dinner, they went to visit the largest Yintai department store in Jiangnan province.

Ye Chen is to take, the heart of a woman needle, he never thought that these two women should immediately become familiar with each other, is to hang him again.

He shook his head helplessly, just wanted to go upstairs to practice, the mobile phone in the pocket rang.

After a look at the number, he frowned. He was actually the old man who controlled the top power in China. Generally, there are no special circumstances. The old man will not call him at all.

When the phone was connected, the old man's voice rang out directly: "Ye Chen, I'll call you today, just say one thing."

"What?"

Ye Chen is so strange that he doesn't know what medicine is sold in the other party's gourd.

As one of the great powers in China, you have made a great contribution in this period

"What are you going to say? You don't have to say that

the old man paused for a few seconds, sighed deeply, and said, "not only the strong Kunlun is in control of China, but also in Kunlun's empty eyes. Just an hour ago, a team, passing through the Zhenshan river of kunlunxu, was ready to leave kunlunxu and enter the Chinese territory. "

"It's a team of 100 people. It's very imposing. It's conservative to assume that all of them are the strong ones in the spiritual realm, the Holy Land and the extraordinary realm. If these 100 people enter the Chinese territory, the safety of China will be in danger."

"The people I sent out to investigate have not come back. It is obvious that they have died in the hands of this group of people. But the specific characteristics of those people have been collected by Huaxia technology. If there is no wrong guess, these people come from the blood League!"

"It's more likely that they are the strong men in the blood battle Hall of the blood League. These people kill people without blinking an eye, and their means are endless. Even in Kunlun Xu, they are famous. During this period of time, you and the blood League make a lot of trouble, I guess wrong, this team is likely to be aimed at you

"Although I don't know why the blood League is so active, if you really find you, you have no way to live!"

"At present, Huaxia is willing to help you, stagger these people, and you take the Ye family directly into Kunlun Xu!"

The old man's words fell down and filled with emotion, which was the only thing he could do for ye Chen.
