

Physician 6111

Chapter 6111

Blood dragon body in a flash, also soak into the dragon pool, he entered the dragon pool, it is like a fish in water.

The aura of Tianlong pool flowed into the blood dragon's body crazily. Originally, his scales were all blood colored, but now he was baptized by Tianlong pool, and the golden light appeared in the blood scales, as if he had been washed out.

Hum!

The blood dragon worships Wanxiang Tianshu. The characters of Wanxiang Tianshu are nourished by the aura of tianlongchi. The font actually seems to be in the shape of a dragon. The Scriptures are all dragon shaped symbols, as if each character has a strong dragon power.

Under the double absorption of blood dragon and Longyuan sky sword, the aura of that day's dragon pool was quickly exhausted.

Click.

In the end, the whole pool disintegrated, turned into a little streamer and dissipated.

After absorbing the aura of Tianlong pool, whether it's blood dragon or Longyuan Tianjian, it has a new feeling. The aura of Tianlong pool is too powerful for the dragon people.

Ye Chen sees the transformation of blood dragon and Longyuan sky sword, but he finds that the breath of blood dragon and Longyuan sky sword seems to be connected.

"Blood dragon, you try to merge with Longyuan Tianjian!"

Ye Chen's heart moves. The blood dragon and the dragon Yuan sword are baptized by the dragon pool. With the breath of the spirit of the dragon pool, the dragon and the sword may be able to merge!

"I merge with Longyuan Tianjian?"

The blood dragon was stunned for a while. Whether it was him or Longyuan Tianjian, his momentum was too fierce and fierce. Generally speaking, it was almost impossible to merge.

But now, with the baptism of tianlongchi, he may really be able to integrate into Longyuan Tianjian!

If this is really done, the lethality of Longyuan Tianjian will soar. At that time, I'm afraid even xuanjiyue can't resist it.

The blood dragon immediately changed into a blood light and tried to escape into the Dragon sky sword.

There is a strong cutting edge in Longyuan Tianjian. Originally, it refused all foreign things, but the blood dragon was baptized by Tianlong pool and was recognized by Longyuan Tianjian. Both sides resonated.

Ye Chen holds the dragon Yuan Sky Sword tightly. He is surprised to see the scene in front of him. However, he sees that the blood on the sword floats and becomes stronger. Then the huge body of the blood dragon is killed from the sky sword.

"It's a success!"

Ye Chen is pleasantly surprised. The fusion of blood dragon and Longyuan Sky Sword is equivalent to incarnating into a sword spirit. With the protection of the sword spirit, the killing of Longyuan Sky Sword is doubled, and the blood dragon can also mobilize the edge of Longyuan sky sword. The two complement each other.

"Roar!"

The blood dragon roared up to the sky, and the Dragon claws suddenly came out, but the claws brought a burst of blood red sword wind.

The blood red sword wind directly made the sky seem to be torn, and the edge was extremely sharp.

"The killing of Tianjian is really terrible!"

The blood dragon felt its transformation and was very excited.

With the help of Longyuan Tianjian, his strength soared again.

If at this time, join hands with Ye Chen to fight against xuanjiyue, Xuelong has great confidence and can kill xuanjiyue!

"Very good, blood dragon, you are really my strongest card! It's time to go. "

Ye Chen's eyes are sharp, and now he gets the chance of Tianlong pool. The blood dragon has such a big transformation, and the lethality of Longyuan Tianjian has been greatly improved, which makes Ye Chen full of confidence.

In his present state, if he can deal with the coming of wanxu temple, he will have the power of the first World War!

At the moment, ye Chen puts away the Longyuan Sky Sword and is ready to leave.

Just as ye Chen was about to leave, an old voice suddenly rang out.

This voice is very familiar!

It's Shuo Lao!

Shuolao used to be the most powerful dragon. What did he find here?

Ye Chen in the heart some doubts, curious way: "Shuo old, what did you find?"

Shuo Lao's old voice rang out again: "boy, do what I say next. There is one thing I want to prove."

"If that's the case, maybe it's a big chance for you."

"For me, of course."

Ye Chen expression a joy, Shuo old mouth chance is absolutely not low!

Soon, ye Chen is toward a direction to walk!

Blood dragon some doubts: "master, where are you going?"

Ye Chen Mou son one coagulates, light way: "follow me to go, but now, I also can't confirm."

After a stick of incense.

Ye Chen's step finally stopped.

It's not that ye Chen doesn't want to go on, but it seems to be an abyss in front of him!

There is no way.

The doubt in the blood dragon's heart is more serious, but it is very clear that the master will not come here for no reason, there must be a deeper reason.

But right now, what is this for?

Is it hard for the master?

Ye Chen also hesitated in his eyes, because Shuo told him that he was still going forward!

The secret is under the cliff!

Ye Chen ponders for a few seconds, Shuo Lao has no reason to deceive him, if calculate oneself fall, Shuo Lao certainly also can't live!

Next second, ye Chen step out!

The body falls directly under the cliff!

Blood dragon Lengshen blink, is the embodiment of the dragon, toward Ye Chen and go!

Although Ye Chen's strength, these heights are nothing, but what is buried in the unknown area of the geocentric region, no one knows!

Ye Chen extremely fast fall, still waiting for Shuo old second step guidance!

Can see about to land, but did not wait until the voice of Shuo old!

Ye Chen's aura gathered at his feet one after another. Just when he wanted to take further action, ye Chen found that there was a line of characters engraved on the mountain wall. But he couldn't see through this line of characters, but the engraver was absolutely a dragon!

Shuo Lao's voice finally rang out: "here it is."

Ye Chen's body suddenly hangs!

And the blood dragon comes a dragon chant also appeared in the Ye Chen side, see danger lift, the blood dragon is the incarnation of human form.

"Master, why are you here?"

Ye Chen did not speak.

The blood dragon is to follow Ye Chen's eye Mou however, saw to that line of words.

"The sword of heaven, the immortal shield, cut down the dragon and destroy the abyss!" The blood dragon murmured.

And at the moment Ye Chen ear also just spreads the voice of Shuo old.

Ye Chen's body is a Zheng, looking at the blood dragon, curious way: "do you recognize the words above?"

The blood Dragon nodded: "I don't know why, the blood in my body has read this line of words."

"Master, this is the place you are looking for?"

"This line seems to have been carved by a dragon supremacy. There is anger and sadness between the lines."

"Moreover, I feel vaguely that there is some mystery in this word."

Ye Chen hasn't replied yet. At this time, the dragon Yuan Sky Sword suddenly flies out, and a sword is inserted in "Mie"!

The whole mountain is shaking!

For a few seconds, the mountain split in two, and a huge crack appeared!

Among the cracks, step by step, is a bloody waterfall, as if to indicate that after the bloody waterfall, there is another cave.

"Blood dragon, let's go."

Chapter 6112

Ye Chen takes back the dragon Yuan Sky Sword and goes towards it, followed by the blood dragon.

They stopped in front of the bloody waterfall.

The blood dragon frowned slightly: "master, the blood waterfall is dragon blood, which makes me feel uncomfortable."

The surprise in Ye Chen's heart is more and more powerful. What happened to the dragon's blood?

The other side is Diyuan dragon? Or other dragon people?

"Maybe you can't know anything until you get to the waterfall."

Ye Chen stepped out and came to the bloody waterfall in an instant.

But when you come to the bloody waterfall, ye Chen finds that there are dragon bones all over the place!

And the end of the keel is a throne!

On the throne, there is a man!

Men sit upright, eyes dragon pattern, the whole body exudes a strong atmosphere!

Although the flesh is not rotten, ye Chen knows that the other party is dead!

More importantly, there is a sword behind the man!

A steady stream of blood flows from behind the man and into the ground.

Judging from the surrounding conditions, men have fallen for at least ten thousand years.

And the outside line should also be carved by the other side!

The source of the bloody waterfall is also above this man!

"Shuo Lao, do you know the origin of this man?" Ye Chen asked.

Old Shuo pondered for a moment and said, "his blood and I belong to the same family. However, at the peak, he was much better than me. If it wasn't for some connection between his blood and me, maybe I couldn't feel it."

"Besides, the death of this guy should have nothing to do with the extinction of Diyuan dragon clan."

"I'm afraid the girl outside can't know the secret."

Ye Chen Mou son tiny Mi: "that what is the chance in your mouth?"

Old Shuo said with a smile: "boy, the value of this guy's body and blood is priceless."

"His body has not been destroyed. If he is taken away by some of the most powerful, they will be able to ascend to heaven at one step!"

"Even though your reincarnation blood is strong, if those who are strong in baijiajing choose, they will not hesitate to choose this body."

"Of course, if your reincarnation blood grows completely, that's the exception."

Ye Chen some understand Shuo old meaning, ask a way: "so, you are to let me devour this body?"

Shuo nodded: "in fact, I want to occupy this body, but now it seems that it is very difficult for me to occupy it, and I am not willing to take the risk."

Ye Chen shakes his head: "the other party is already dead. I think he is also a giant and Xiaoxiong in his next life. He has to sit on the throne when he dies. His attitude and integrity are admirable. I don't want to destroy his body."

Shuo was stunned and said: "boy, do you know what kind of strong enemy you are going to face in the heart of the earth? If you devour him, you will be able to soar to the sky! "

"You don't want this chance?"

"Besides, the world of martial arts is cruel. How can there be so many principles! Xuanhanyu, you might as well persuade this boy! "

However, xuanhanyu suddenly said, "if I were you, I would not be like this."

This time, Shuo Lao has nothing to say.

He soon fell into silence.

In fact, Shuo wanted to occupy the body, but when he saw the strength of the body, he gave up and occupied the body. Let alone the cause and effect, the possibility of backfire is extremely big!

But ye Chen has a reason to absorb all the flesh, but this boy is so stupid!

Ye Chen looked at everything around him and thought of the world outside. He sighed and said, "if you can live in the same era with your predecessors, maybe you can have a drink together."

"There are many interruptions today. Please don't worry about it. When I take charge of reincarnation, I will be the master's recovery."

Ye Chen said, is ready to turn away.

In fact, there are many good things in it, but ye Chen has three heavenly swords in his hand. He doesn't have much interest in those things.

At present, wanxu is a trouble for geocentric region. It's better to leave as soon as possible.

But at this time, a voice full of endless majesty suddenly sounded.

"Good one, little brother. Let's have a drink together."

Ye Chen body a Zheng, fierce turn round, when see in front of the scene, pupil all some enlargement.

That has fallen the dragon's most powerful, even so stand up!

The key is that he doesn't feel any vitality on the other side!

Not even the spirit and the mind!

The most powerful dragon seems to have guessed what Ye Chen thought and said lightly: "the rules of the world are not so simple. You are not in charge of reincarnation, the Lord of reincarnation. In the future, you should understand that the established rules of the world do not represent everything."

"Though I am dead, it is my will that controls my body."

"The will that death cannot erase."

"If you really want to destroy me, even if you have many cards, you will die."

"But your behavior surprised me a lot."

"I decided to give you the only chance to wake up."

Ye Chen Mou son one coagulates, arch a way: "elder, what happened that year?"? Why are you here? What are you waiting for? "

The dragon's most powerful smile, a big hand wave, the hand is emerging out of two cups of wine, one cup in the hand, and the other cup is suspended in front of Ye Chen.

Ye Chen took the glass and drank it down.

The pupils of the most powerful dragon are slightly surprised: "are you not afraid of me poisoning the wine?"

Ye Chen shook his head: "if they fall here together, it's not a bad thing."

Chapter 6113

The dragon's most powerful clam ha laughs and drinks the wine in his glass. Then he says, "the world calls me chenmie. I come from the supreme world. I had the highest ideal, but I failed in the end. The reincarnation Lord, you and I have some similarities in cause and effect, and you and I have a common enemy, which is wanxu."

Ye Chen had some accidents: "is your death related to wanxu?"

But Chen Mie said, "it doesn't matter."

"Lord of reincarnation, I know that the will has dissipated too much and I can't control this body for too long. I hope you promise me one thing."

Although Ye Chen doesn't want to be contaminated with other people's cause and effect, the character of Chen Mie is very appetizing to him. He said: "please tell me, elder."

Chen Mie said: "I'm not a dragon. I'm a human like you. But when my body was destroyed, I accidentally devoured the body of a powerful dragon. I've practiced for thousands of years and achieved great success. Over the years, Chen family has been on the rise because of my existence. Now it should not be weak in the Taishang world."

"It's a pity that people's heart is not old. There's a traitor in the dust family. I came to the heart of the earth to worship the dust family."

"Lord of reincarnation, if one day you step on the world, please..."

Ye Chen seems to understand what, way: "help you put out the dust home?"

Chen Mie shook his head: "most people are still innocent. I hope you can take charge of the treasure of Chen family, long Chen Mie Yan! I can feel the existence of the fire of Tao spirit in your body. The Dragon dust extinguishes the flame is extremely powerful. It belongs to the most powerful dragon body that I devoured at that time, but I am not qualified to refine after all. The strength of the dust family has something to do with it. But I know very well that the dust family will never be in charge of this thing! "

"Now, I'm afraid only the reincarnation Lord is qualified to control the world."

Ye Chengang wanted to ask why chenmie said that. Suddenly, chenmie pointed out in Ye Chen's eyebrow, and the original powerful body turned into Daodao starlight, and then poured into Ye Chen's eyebrow.

Ye Chen a Zheng, instantly understood the meaning of dust out.

Chenmie had the chance to take charge of the Dragon dust extinguish flame in those years, but because it was not fire repair, and there was no fire of Tao spirit, he still missed the Dragon dust extinguish flame.

Now, chenmie places all his hopes on himself, and even more, he does not hesitate to break up his body, turning it into cause and effect and entering his own blood.

In this way, he is equal to have the qualification to take charge of the Dragon dust flameout.

It can also be regarded as a causal gift from chenmie.

Ye Chen closed his eyes and felt that his cultivation had increased a little.

It's only a long time for one's flesh and blood to absorb this power.

"Thank you, master."

Ye Chen set up a stele for chenmie, and then walked towards the bloody waterfall.

Blood dragon has been waiting for a long time, he faintly found that ye Chen is different, but he can't say it.

"Master, where are you going now?"

Ye Chen Mou son one coagulates, light way: "also should leave, still have more important affair to wait for us."

Ye Chen flies out of Diyuan dragon relics and returns to the outside.

"I don't know if the emperor is here?"

This time, the person who came to wanxu temple was named Yu Huang's broken army. He was the direct disciple of Yu Huang's family, and he also practiced the fighting formula. His strength was not small.

Ye Chen pinches the finger to calculate, wants to push the performance opposite party's trace.

However, careful exploration, ye Chen did not find any clues.

"Haven't you come yet?"

Ye Chen eyebrows a wrinkly, in the heart grasp uncertain.

At this time, at the exit of the star road in the earth's heart, more than a dozen figures came quietly.

These people have different costumes, but they all have the same token hanging on their waist. On the token, the word "wanxu" is carved.

They are all disciples of wanxu temple!

The first one was wearing a purple and gold Taoist robe, dressed like a monk of the immortal family, but with a huge sword on his back. His physique was as strong as a giant bear, his muscles were twisted, and his face was full of flesh. It was very incompatible with his purple and gold Taoist Robe.

But no one else on the scene dared to give a single opinion.

Because this purple and gold Taoist robe, among the ten thousand ruins, represents the identity of the direct disciple of the Yuhuang family. It is the true biography of the ancient Yuhuang emperor and is qualified to practice the divine skill of Brahma!

"Elder martial brother, is this the center of the earth? Although the aura is far less than that of the world, it is much stronger than that of other countries. "

"It's said that geocentric region is the hometown of the top ten ancestors. There are relics and treasures everywhere, and even many treasures, which are rare even in our Taishang world."

"Elder martial brother, your strength is enough to sweep the whole earth? It's a rare chance to come out. We'd better kill all the men in the earth's heart, and then take all the women, all the natural materials and treasures, and transport them back to the temple. The ancestors will appreciate them greatly! "

All the people were talking about it with excitement.

These disciples, whose accomplishments are in the realm of half step and hundred flail, have never left the supreme world before. They are born and raised in the supreme world, and they are not the perfect heavenly kings.

However, the strength of this half step hundred yoke realm is first-class in the center of the earth.

The leading man with a huge sword laughed and said, "Crouching Tiger, hidden dragon in the earth's heart can't be underestimated. My cultivation is limited by the rules. At most, I can only play the level of heaven in a hundred flail realm."

He is the direct disciple of the yu Huanggudi sect. The yu Huanggudi broke the army, and his peak cultivation was in baijiejing three-tier heaven, but restricted by the rules of geocentric region, he had only one-tier heaven strength at most.

Although one tier sky and three tier sky are in the early stage, there is a huge gap between them, which should not be underestimated.

One of the disciples said with a smile, "elder martial brother, you are proficient in the nine heavenly gods and master the death talisman of the Lord of judgment. It's so easy to kill him. What's your fear?"

The emperor nodded his head and said, "it's true. It's said that the leader of the ruling, relying on his ancestors' good fortune, has soared to a half step emperor. It's really terrible. Fortunately, I have his death talisman. Otherwise, I'm afraid that this mission will be more bad than good."

Another disciple said, "elder martial brother, Miss Hong Xin reported the information about Zulu. Are we going to visit her? It is said that she is a great beauty of the Hong family. I don't know how to be beautiful. "

Yu Huang broke the army, his face sank, and said: "it's important to do business, don't let things go! The most urgent task is to kill the leader of the verdict and seize his fortune. Besides, he has a page of tianwu Wolong Sutra in his hand, which can't be missed. "

The adjudicator has been in the center of the earth for hundreds of thousands of years. In archaic times, seven of the top ten families of heavenly kings were attacked by him. Recently, all the three families of Mo Honglin were captured by the adjudicator.

It can be said that the current leader of the ruling has a brilliant record and is the most terrifying existence in the center of the earth. He has accumulated more than 100000 years, and his spirit is too deep. If he doesn't harvest again and wait for him to rise, I'm afraid he can't suppress his arrogance.

Chapter 6114

The emperor's daughter raises pigs. In fact, the emperor yuhuanggudi does not raise pigs?

The Lord of the verdict is his favorite target!

Now, the spirit of the judge is deep enough to reap.

"Come on, go to the judgment hall, kill the Lord of the judgment, and serve the ancestors!"

The emperor broke the army with a cry. His eyes flashed a trace of ferocity, and immediately flew to the judgment hall.

In his hand, he has the imperial edict personally given by the ancient emperor Yuhuang, which is the death talisman of the judge. As long as he is close to the judge, he can be killed immediately.

No matter how tough the judge is, he is the magic weapon of the ancient emperor Yu Huang. The ancient emperor Yu Huang can't give him the chance to rise. Pig breeding is really ready to kill, and it has been ready to sharpen the sword for a long time.

As long as the ruling master is not given the chance to rise, the death talisman will not be afraid of invalidation. No matter how strong the ruling major is, the death talisman will die as soon as it is urged.

Under the leadership of the emperor, all the people flew to the judgment hall.

"Slow down!"

In the middle of the flight, the emperor suddenly turned pale and looked into the distance.

"Elder martial brother, what's the matter?" A disciple asked in surprise.

"Look over there."

Yu Huang broke the army and pointed to the sky in the distance, but the disciples looked at it and saw that it was empty, nothing special.

A disciple said, "elder martial brother, it's nothing strange."

The feathered emperor nodded and said, "yes, your accomplishments are too poor. You can't see the secret auspicious Qi. There is auspicious Qi floating in the sky over there. It's a sign that the treasure is born."

These disciples' accomplishments are all in the half step hundred shackles realm. Although they are extremely powerful, they have not broken the shackles after all. There are a lot of natural auspicious Qi that can't be seen with naked eyes.

A disciple said, "what treasure?"

Yu Huang broke the army and pointed out with a cold smile: "tianwu Wolong Sutra."

"Tianwu Wolong Sutra!"

Hearing this, all the disciples were shocked. Naturally, they knew what tianwu Wolong Sutra meant.

A disciple was surprised and said, "isn't tianwu Wolong Scripture in the treasure of the old lord?"

The emperor broke the army and sneered: "it's not a complete version, it's just a page. The judge took out a page of scriptures in his hand as bait, trying to lure me into being deceived."

It's almost impossible for a strong man of baijiejing level to step on any trap. As long as he pinches his fingers, he can catch the good and bad fortune in the dark.

In particular, in the hands of the emperor, there is also the death talisman of the ruling master. It is impossible for the ruling master to hide his actions from him.

It turns out that the ruler of the ruling discussed with xuanjiyue and wanted to use tianwu Wolong Sutra as bait to lure the emperor to break the army into a trap.

It's a good plan!

If the emperor wants to capture the tianwu Wolong Sutra, he must step into this trap.

"Well, I'll see if the so-called fate verdict and the trap can trap me."

The emperor broke the army with a smile, but his tone was scornful.

He has absolute confidence in his own strength. Even if the judge and xuanjiyue set up a trap, he has confidence to break it.

"Go and have a look!"

The tianwu Wolong Sutra is just around the corner, so the emperor won't miss it when he breaks the army. Otherwise, it will be troublesome for the judge to hand over this page of Sutra to others before he dies.

At the moment, the Yuhuang broke the army, and with his disciples, they all flew to the place where tianwu Wolong was released by Ruiqi.

They flew all the way to the seaside.

It was noon, blue sky, waves, the scenery is quite pleasant, but on the coast, there are a few broken ships, covered with moss, seems to be full of wind and mulberry.

"Elder martial brother, where is tianwu Wolong Scripture?"

A disciple looked around, his eyes were short, but he didn't see any auspicious spirit.

The broken army of the feather emperor stared at a broken ship and said: "on that broken ship! What does the judge want to do? What kind of ambush can a broken ship have? Follow me up

With a wave of his hand, the feathered emperor broke the army and directly took his hands to get off the ship.

.....

At this time, with the arrival of the emperor and others, ye Chen finally caught their breath.

Even there is the auspicious spirit of tianwu Wolong Sutra, which ye Chen also has an insight into.

"Is the strongman of wanxu finally here?"

"Tianwu Wolong Sutra? What does the judge want to do? You're not afraid to die if you use this as bait?"

Ye Chen's heart was in a state of consternation. As his eyes turned, he said to the blood Dragon: "blood dragon, let's go! The judge actually took out the tianwu Wolong Scripture. It would be better if he could get this page of Scripture ahead of time. "

"Well, master, today we're going to kill people!"

The blood dragon's tone was full of killing intention, and he wanted to show his skill.

At this time, the blood dragon lives in Longyuan Tianjian.

The dragon Yuan sky sword was carried by Ye Chen behind him. The sword was originally black meteorite iron, but now under the influence of the breath of blood dragon, the sword body became scarlet with a smell of blood.

Ye Chen feels the weight of the sword behind him, and he is eager to try.

He would like to know, with his current strength, together with the blood dragon, whether he can kill the real hundred flail strong.

Perhaps, this feathered emperor breaks the army, is the leaf Chen trial opportunity!

Ye Chen directly tears the void and rushes to the origin of tianwu Wolong Sutra.

He has three heavenly swords in his hand, and understands the formula of the word "Bing". His attainments in kendo advance by leaps and bounds. Relying on the edge of the Heavenly Sword, he can tear the void temporarily in an emergency, saving time on his way.

Chapter 6115

This will consume a little of the aura of Tianjian, but ye Chen has three swords, which can be used alternately without too much loss.

Directly tearing the void, ye Chen finds that the emperor and his party are boarding a broken warship.

Although the warship was broken, it gave Ye Chen a very familiar and uneasy feeling.

"Ark, pearl of heaven, ark of doomsday?"

Ye Chen looked at several broken boats stranded on the shore, and suddenly his pupils shrank. Faintly, he caught the breath of the ark Tianzhu!

Before that, in the ancestral land of the Xiao family, he saw that the ruler of the ruling had used the ark Tianzhu, so he was already familiar with the breath.

These tattered warships were all transformed from the ark beads!

However, Yu Huang and others, unaware of this, swaggered onto the boat.

As soon as the broken army boarded the ship, they immediately felt that something was wrong. All of a sudden, several broken ships nearby all moved and joined together to form a building ship.

Pa pa pa

There was a burst of applause.

But in the wrecked cabin, the figure of the ruling master and xuanjiyue emerged.

The figure of the adjudicator is hazy. It is obvious that he is an illusory projection. He does not dare to come. Otherwise, the emperor will break the army and urge the death talisman. He will be killed immediately by the majesty of the ancient emperor.

"The direct disciple of Yu royal family is really courageous. He knows it's a trap and dares to plunge in."

The adjudicator clapped and laughed.

All the disciples of the ten thousand ruins were shocked to see the ruler and xuanjiyue appear. They pulled out their weapons one after another and sacrificed their magic weapons. They looked as if they were facing the enemy.

The feathered emperor broke the army, but he was calm and said, "you are a trap. If you want to catch me, I'm afraid it's not easy. It's just an ark bead, it's not enough."

At this time, the emperor also saw that the warship was made of the ark.

On this warship, the ruler of the ruling has absolute geographical advantages and great advantages.

However, the Emperor didn't worry about breaking the army, because he believed in his own strength.

"An ark bead is not enough, plus my embroidered winter bead?"

Xuanjiyue snorted coldly and waved her slim hand. The sea outside the warship was blowing with a strong wind. There was a snowstorm in the center of the ocean, and the frost was rolling. A mirage like world of winter snow appeared.

In the world of winter and snow, death is the eternal theme, as if anyone stepped in, would be frozen to death by endless cold.

In the snowy sky, it can be seen that the embroidered winter beads are releasing a splendid vision. In the beautiful scenery and mirage, it is full of ice covered snow. All the beautiful scenes and the breath of life will be frozen.

Kalon!

At a terrible speed, the warship under the feet of the people sailed towards the winter snow world in the center of the ocean, as if it was heading for the end of the day.

Yu Huang, who had been calm all the time, had a little change in his face and said, "is this your plan? Do you want to ice me with embroidered beads in winter? "

Among the ten Heavenly pearls, embroidered winter pearls are the coldest. They are famous for frost and snow. Once they are dragged into the winter snow world of embroidered winter pearls, people will freeze to death and become eternal ice sculptures.

"That's right!"

Xuanjiyue stepped forward with fierce eyes.

This is the plan she put forward. With tianwu Wolong Sutra as bait, she first lured the emperor into the boat, and then directly rushed to the world under embroidered winter beads.

In the world of winter and snow, xuanjiyue embroiders winter beads to create the coldest heaven and earth. Even if the emperor breaks the army, she may not be able to bear it.

As the warship sped along, it was getting closer and closer to the center of the ocean. Everyone could clearly see the magnificent scene of the snow covered world.

In the world of winter and snow, there are thousands of elite generals waiting quietly.

Once the warship rushes in, no matter whether the enemy will freeze to death or not, they will do everything they can to tear the enemy to pieces.

Seeing the danger approaching step by step, many wanxu disciples were a little alarmed and asked for help from the emperor.

"Ha ha ha, I'm the true legend of wanxu. It's wishful thinking for you two to ice me up!"

The emperor broke the army and looked up at xuanjiyue and the leader of the verdict with a laugh. He suddenly pulled out the huge sword after his birth and said:

"Fight word formula, fight to break the heaven and earth!"

A golden aura, mixed with fierce fighting breath, bloomed from the huge sword of the emperor.

It's not a simple aura, but a breath of fighting, courage and spirit. To be exact, it should be called "fighting spirit"!

Among Brahma's divine skills, Douzi Jue is the way to cultivate Douqi.

Xuanjiyue and the leader of the verdict were slightly surprised to see the fighting of the emperor.

They also guessed the strength of the feathered emperor's army breaking, but they didn't expect that the fighting spirit cultivation was so fierce. As soon as the fighting spirit broke out, even the two of them could not help but retreat three steps.

And the virtual body of the judge is constantly shaking, as if to be crushed.

"A Sword Fairy kneels down!"

The feathered emperor broke the army and suddenly thrust his sword onto the deck of the warship.

Boom!

All of a sudden, the deck of the ship was broken, and the sea water poured in. The warship, which had been moving forward, suddenly stopped, as if it had been suppressed by a strong force.

Although the sea continued to pour, but the ship is still calm, motionless as a mountain.

The sword of the feathered emperor's breaking the army seemed to go straight to the deep sea and suppress the whole sea, so that the warships stopped sailing and did not rush to the world of winter and snow.

But on the sea, it has already stirred up a terrible wave.

Under the attack of the emperor, the sea exploded everywhere, the tsunami roared up, the giant whales turned over, the spray splashed and collided everywhere, which was very spectacular.

But it happened that with the emperor's broken army, although the warship was dilapidated, it didn't shake at all. I was very surprised.

Ye Chen is far away on the coast. Seeing a scene in the sea, it's very rough outside, but the warship is as stable as a mountain. He can't help but be surprised.

"Is this the power of Dou Zi Jue? Fighting against the sky and suppressing everything is invincible

Although Ye Chen did not personally appreciate the means of the emperor to break the army, but see the amazing fighting vision, also know the strength of the other side, it is not easy to deal with.

If ye Chen is a strong man in the general hundred flail realm, he will be sure to kill him by joining hands with the blood dragon.

However, the problem is that the Yuhuang conquered the army and mastered the nine heavenly magic skills. The cultivation of fighting spirit is too terrible. It's hard to kill the other side.

On top of the warship, the ruler of the verdict worships the heavenly pearl of the ark. He wants to drive the boat forward, but he finds that the warship seems to be held down by a giant God Town and can't move at all.

"How, Lord of the verdict, do you dare to be presumptuous in front of me, a broken bead that has not recovered its aura?"

Chapter 6116

The feathered emperor drew out his huge sword. As soon as he stepped on it, the deck cracked again. More sea water poured in, and the warship would sink.

The aura of this sea is quite disordered, and it is unable to keep the wind stable and keep the body shape. All the disciples of wanxu hurry to get close to the broken army of Yuhuang and seek his protection, so as not to be buried in the sea.

The judge's face sank, and the emperor was so fierce that if he wanted to defeat, he would only kill the opponent with his absolute means.

But the problem is that the emperor is holding his talisman in his hand, so he has no chance to do it.

How can this game of chess go on?

.....

At the same time, over the center of the earth.

Two figures were suspended in the air.

Under their feet is a huge gourd.

A figure pupil circulation of blood, body lingran, the whole body exudes a strong breath!

An old, slightly bent, but the eyes seem to come from ancient times.

It's Ye Laohe and Ren Fanfan!

Ye Lao's eyes are full of fun, and then he looks at Ren Fanfan: "it seems that the Lord of the verdict and Xuan Jiyue can't fight against this guy."

"It's not easy for ye Xiaozi to intervene. If it's really a critical moment, will you do it?"

Ren extraordinary shakes his head, look indifferent: "I believe Ye Chen, won't need my hand."

Ye old smile: "you this guy, to Ye Chen is really confident, I this do grandfather all not have you so confident."

"However, according to our divination, ye Chen should get the chance. It's a good thing. Maybe there will be a surprise."

Ren Fanfan's face suddenly became serious. He took a look at the sky and the battlefield below, and said: "things will only become more and more difficult. Wanxu already knows the existence of the earth's heart. Even if Yuhuang really loses, won't wanxu send his followers?"

"There will be more and more strong people in wanxu."

"Can ye Chen, Xuan Jiyue, and even the judge really resist?"

"Although the guy behind wanxu can't be there in person, he doesn't need that guy. The existence of his subordinates is not easy to deal with."

"For him, the feathered emperor is just a small chess piece that can't be any smaller."

"This kind of chess piece can be discarded at any time."

Ye Lao's look is also serious, he says: "do you think, leave Ye Chen's time to still have how long?"

Ren Feifan shakes his head: "I don't know. At present, ye Chen needs to do something to become stronger."

"That's the collection of reincarnation steles! Huaxia is about to start. "

"Qin Ziwei has taken ye Lingtian to the blood death prison. It is estimated that ye Chen will get the news soon."

"Maybe that's the time for him to leave for China."

Ye thought a little, but suddenly laughed: "in this game of chess, what I don't worry about most is Huaxia. After all, if this boy goes back to Huaxia again, he is almost invincible even if he puts aside the suppression of rules. However, it's not easy to get the xuanbei of Huaxia's reincarnation. It depends on the boy's nature."

Ren Fanfan patted Ye Lao's shoulder: "well, don't look any more. Let's go."

Ye Lao's body was stunned: "really don't look at the follow-up? Ye Xiaozi is destined to win this time? "

Ren Feifan shook his head: "I don't know, but I believe him."

"He is worthy of my trust."

The next moment, the gourd is flowing with runes, towards a direction.

.....

At the same time, the battlefield below.

"Heaven and earth are old, come and escort quickly!"

Xuanjiyue sees a bad situation and feels that the emperor is too fierce to break the army. If he fights alone, he will never be his enemy.

In the crisis, xuanjiyue shouts. In the world of winter and snow, the four figures hidden in the dark immediately fly out. They are the four people who are "old and desolate".

These four people, originally ambush, prepare to wait for the emperor to break into the trap, then attack and kill.

But where did you think that the emperor was so powerful in breaking the army? He stopped the warship, broke the world with fighting spirit, knelt down with a sword and turned the situation around directly.

Xuanjiyue and the master of the ruling set up a trap that had no effect at all.

A strong man like Yu Huang has mastered the magic of the nine heavens. Ordinary traps have no effect on him at all.

The judge saw that the situation was unfavorable, and he also screamed. The heavenly generals displayed in the world of winter and snow poured out. Under the cover of the aura of embroidering winter beads, they broke through the wind and waves and quickly came to kill.

The earth trembles violently at this moment.

The endless cold wind is constantly abusing, just like a giant beast in the snow. It is hard to find its prey, trying to devour it at all costs!

"Tie 72, judge Tianzhen!"

With a wave of his hand, the ruler of the verdict resolutely ordered him to form a battle against the broken army of the badminton emperor.

The four men, who are "old in the wilderness" and "old in the earth", have already made preparations to form a four corner formation, guarding one eye of the formation respectively.

Although it has lost the geographical advantage and geomantic support of the winter snow world, as long as it can gather into an array, there is still a chance to fight against the badminton emperor.

After all, the 72 ruling array is the supreme array of the ruling temple. It is extremely lethal. If the peak array is formed, no one dares to despise it.

At this moment, the atmosphere is dignified to the extreme.

However, the distant emperor looked at everything indifferently.

The corners of his mouth are curved.

"You want to play tricks in front of me?"

The emperor broke the army with a sneer. Seeing that the crowd wanted to form an array, he suddenly broke the heavy waves with one sword. The huge tsunami surged out. All the disciples of the holy Hall who were preparing to form an array were crushed by the waves.

It was palpitating for everyone to see how fierce the emperor was when he broke the army.

Is this the strength of the powerful in the world?

How to fight against such existence!

"Xuanjiyue, don't you draw your sword quickly? Do you want to stay

Seeing that the situation was becoming more and more unfavorable, the judge's face suddenly became cold and stared at xuanjiyue.

Up to this moment, xuanjiyue didn't pull out her sword, and didn't use all her strength at all.

"The Lord of reincarnation is probably staring at me behind my back. I have to guard against it."

Xuanjiyue is very cautious. She is afraid that ye Chen will take advantage of her fight today.

So, she didn't do her best. She just wanted to rely on the geographical advantages and command her subordinates to fight. But she didn't expect that the Yuhuang army was so fierce that no one could stop him.

"At this time, do you want to stay? Draw the sword quickly. As long as you can kill the emperor and break the army, I will give you the tianwu Wolong Sutra! "

"Even if you want to be strong, I will give you the chance to be strong enough!"

"But if you think about it, you and I will fall here! Is this the end you want? "

Chapter 6117

The adjudicator is rarely angry, but now he is.

However, although he was angry, he was clear headed and knew that if he wanted to ask xuanjiyue to do something, he had to bring out enough benefits.

A page of Scripture full of forbidden chains emerged from the palm of the ruler.

That's the page of tianwu Wolong Sutra!

Seeing this page, xuanjiyue, the broken army of Yuhuang, many disciples of wanxu, all the disciples of the hall, and ye Chen in the distance were shocked. All of a sudden, the room was quiet, only the sound of wind and waves, and everyone's eyes were fixed on the page of wuwolong Sutra that day.

Ye Chen's heart is pounding. If he can get the page of tianwu Wolong Sutra, he can break through in an instant.

No matter how hard it is for him to break through, tianwu Wolong Scripture is a special existence. As long as he is in charge of one page of Scripture, it is enough to make ye Chen break through.

It's said that if you can master the complete version of tianwu Wolong Sutra, you can even understand Wuwu and comprehend the highest, deepest and ultimate cultivation realm!

"I declare that the wuwolong Sutra belongs to whoever can kill the Yuhuang and break the army today."

The judge changed his soft and feminine tone. He took an oath to heaven to boost his morale. He was willing to sacrifice the tianwu Wolong Sutra in order to kill the emperor.

Hearing the oath of the judge, the disciples of the holy hall in the sea were just knocked down. They all struggled to get up and were full of blood.

Everyone knows that once you get tianwu Wolong Sutra, you can change your life against heaven!

This time, the morale of the whole court was inspired, and everyone's eyes were extremely blazing.

This opportunity is a fatal attraction for everyone present!

Who doesn't want to be in charge of it?

Even some people are just small roles, but if they get this thing, they must be from small roles to real big roles!

Among them, some people have been fantasizing, absorbing this page of scriptures, and directly breaking through a big realm of the picture!

"Lord of the verdict, you're a real loser."

Xuanjiyue smiles. She didn't expect that the judge was so bold and willing to take out tianwu Wolong Sutra.

After all, it's really precious.

"Hahaha, Lord of the verdict, I want to kill myself and get a reward when you bring out such a big color head. Hahaha..."

The emperor also looked up and laughed when he broke the army. Looking at that page of tianwu Wolong Sutra, his eyes burst out with a fiery look.

Under the stimulation of tianwu Wolong Sutra, all the disciples of the holy hall were in high morale. They were brave and fearless, and rushed towards the broken army of the Yuhuang. Even in the face of the fierce pressure of the broken army of the Yuhuang, they were not afraid at all.

Because everyone knows that if you can kill the emperor and break the army, you can get the tianwu Wolong Sutra, which is enough to change your life against the sky in an instant. Maybe you can break everything and achieve the ultimate goal!

"Hum, a bunch of local chickens and dogs!"

The emperor looked at the people around him and scorned to sneer. When he waved his huge sword, he rolled up huge waves. The huge waves mixed with the air of the sword rolled around to kill.

And the disciples of the other ten thousand ruins temple also came close, formed a battle with the emperor, and swept around like cutting grass.

For a moment, one by one, the disciples of the holy hall were killed on the spot, and the sea waves were red with blood, which was shocking.

"The feathered emperor breaks the army, let me learn your skill!"

Xuanji's eyes were frozen, and her purple light flashed. A purple sword burst into the sky. It ran through the sky and almost tore up the Milky way.

A long sword, sharp and unparalleled, appeared in xuanjiyue's hands.

It's Shenluo Tianjian!

At this moment, xuanjiyue finally draws her sword!

The emperor's eyes narrowed and the contempt on his face converged.

Because he found that after xuanjiyue drew her sword, she was just like a changed person. She was so sharp that she couldn't imagine. It seemed that when she went to that station at random, she had the momentum to pierce the sky.

Whoa!

Xuanjiyue's feet on the sea gently, walking in the waves, rolling up a storm, stabbing at the emperor.

"It's very good. It's the destiny of the future. It's really bold!"

The feathered emperor broke the army with a sigh of admiration. Seeing xuanjiyue's fierce sword, he didn't dare to neglect it. His fighting spirit was released to the extreme, and the huge sword with a heavy and powerful momentum was smashed out.

Zheng!

The fighting spirit sword collided with Shenluo Tianjian, and the emperor was as solid as a rock.

Xuanjiyue, on the other hand, was shaken back three steps.

"It's naive of you to want to keep your hand in front of me."

The sound of Emperor Yu's breaking the army is cold, and it has been seen that although xuanjiyue draws her sword, she doesn't use all her strength.

Xuanjiyue's hand trembled. She felt that the fighting spirit of the emperor was fierce. It was against the heaven. She used 70% of her strength, but she could not resist.

In terms of real strength, Yu Huang's army breaking is blessed with the formula of fighting words. Xuan Ji Yue is in charge of Shenluo Tianjian, and is guarded by the general trend of fate.

However, xuanjiyue kept her breath and didn't use all her strength, but she was obviously not the opponent of the emperor.

Xuan Ji Yue in the heart twinkle, ponder to want to burst out with all one's strength, but again afraid to be picked up cheap by leaf Chen.

Boom!

At this time, the sky thundered, auspicious, a vast and magnificent country gradually emerged from the sky.

That's the weather of reincarnation!

"Reincarnation of heaven, is that boy finally here?"

Seeing the reincarnation of heaven, xuanjiyue could not help but step back.

The judge's face sank when he saw the weather of reincarnation.

Chapter 6118

You know, reincarnation heaven is the number one hongmengyuan skill. Even the reincarnation Lord of the previous life has not been practiced, but ye Chen of this life has.

This represents that ye Chen's potential has exceeded that of his previous life!

"Reincarnation of heaven! Good way! It's said that the peak of reincarnation is no worse than the nine gods' skill. Today, it's really extraordinary! "

Looking at the reincarnation of the kingdom of heaven, the emperor exclaimed, and his eyes were full of fighting spirit and fighting spirit.

But in the great atmosphere of reincarnation, a young man with an Epee gradually emerged.

It's Ye Chen!

At this moment, ye Chen finally decided to fight!

The verdict's opinion, immediately put away the tianwu Wolong Sutra!

Ye Chen stares at the judge and says with a smile: "the judge, who killed the emperor and broke the army, this page of Scripture belongs to who, don't go back!"

Ye Chen had been waiting for the moment. Now he heard that the judge was willing to take out the tianwu Wolong Sutra. He started immediately.

The judge's face changed slightly. On this day, Wu Wolong Scripture can be given to anyone, but it can't be given to Ye Chen. He just made a promise. How can he break it?

"You can kill him."

The judge's voice is cold, and he doesn't believe that ye Chen has the ability to kill the emperor.

"Hahaha, Lord of reincarnation, Lao Zu has always wanted to destroy you. If you dare to show up in front of me today, you are looking for your own way to die!"

The emperor broke the army with a loud laugh. Without waiting for ye Chen to fall, he immediately carried a huge sword and blew up a huge wave to kill Ye Chen in the sky.

The Lord of reincarnation has always been the target of the wanxu temple. The ancient emperor Yu Huang dreamed of killing Ye Chen. Now the opportunity to kill reincarnation is just around the corner, so he will not give up.

Once Ye Chen can be killed, he will be the first hero of wanxu temple!

"Douzi Jue, water dragon and sky sign!"

With a roar, the emperor broke the army, and the fighting air rolled the sea. The sea directly blew up tens of thousands of Water Dragons, roaring up into the sky, if it wanted to invade thousands of borders.

Ye Chen saw the power of the emperor, his face dignified, quickly took out a pill, took it.

This elixir is just Hongyun elixir!

Under the nourishment of Hongyun pill, ye Chen is full of Qi and suddenly soars.

The weather of reincarnation in heaven is also more and more bright.

Reincarnation of heaven, this is Ye Chen's big card, he is not afraid of consumption, dare to use directly, is relying on the blessing of a good luck Dan.

"Hongmeng big starry sky, I suppressed it!"

Ye Chen's step in the void, reincarnated in the kingdom of heaven, there are magnificent and dazzling stars blooming out, instantly replaced the original sky, the sky is full of stars and Hongmeng light.

Stimulated by the medicinal power of Hongyun pill, the momentum of Hongmeng starry sky is unprecedented brilliant.

Ye Chen claps his palm and Hongmeng Weili suppresses it. In an instant, he smashes all the water dragons and ten million of them.

Water waves all over the sky, crash into a rainstorm, set off in the starry sky, like a dream, the scene is incomparably magnificent.

"Good! Reincarnation Lord, the magic power is really powerful

The feathered emperor broke the army with a sound of appreciation, and his whole body was full of fighting spirit mixed with blood, and began to burn madly.

On the sea, xuanjiyue, the ruler of the verdict, and others were shocked to see ye Chen's powerful hand.

In their eyes, the incomparably powerful Yu Huang was crushed by Ye Chen. You can imagine how abnormal and tough Ye Chen is now.

"Douzi Jue, Doudi Yanhuang formation!"

The emperor was not flustered when he broke the army. Under the fighting and burning all over, a continuous stream of flames poured out from his body.

The wisps of fighting flame, instantly gathered into a flame emperor robe, covering his body.

In the blink of an eye, the feathered emperor seems to incarnate the ancient fighting emperor, with a vast fighting spirit and heavenly power.

The strongest person of fighting spirit cultivation can be called "fighting emperor", which represents the peak of fighting spirit and the emperor's killing.

When Yu Huang broke the army, he obviously got the true essence of Dou Zi Jue. This time, his fighting spirit burned, and he turned into an ancient Dou Di, and a big flame appeared at his feet.

That's the peak of fighting spirit, representing the battle of Tianwei!

Boom!

Yuhuang broke the army and incarnated himself as Doudi. With the power of Doudi Yanhuang array, he cut out with one sword.

Between heaven and earth, the universe, the rolling fire essence, as if all gathered on his sword.

The power of this sword is absolutely invincible.

Before the sword arrived, ye Chen felt numb, as if he was going to be crushed.

As for fighting spirit, ye Chen has a god of war Tianzhu, which can conjure up the virtual image of the ancient fighting emperor. However, the virtual image of the God of war Tianzhu is obviously not as powerful as that of the emperor.

At the moment, the Yuhuang army, as if the real ancient fighting emperor general, ferocious, powerful, majestic, invincible.

If it is in the past, in the face of this sword, that ye Chen is sure to die, there is no possibility of resistance.

But now, with the baptism of tianlongchi, ye chenlongyuan's sword has changed greatly. In the face of the fierce attack of Yuhuang, it is not that he has no chance to fight back.

"Longyuan sky sword, out!"

Ye Chen drinks fiercely and pulls out the Epee on his back instantly.

Buzz, buzz!

Under the infusion of aura, the whole Longyuan Sky Sword vibrates violently, and the body of the sword is covered with blood light. A blood colored sky dragon comes out of the sword. It's the blood dragon.

Roar!

As soon as the blood dragon appeared, it immediately shocked the atmosphere of heaven and earth. The waves surged violently and rushed up into the sky. Then it turned into thousands of blood rain, floating and falling. The scene was extremely spectacular.

"This is..."

When the emperor saw the blood dragon appear, his eyes contracted and his sword power stopped for a moment.

But see the blood dragon's body, each piece of scale with the ancient script, vast sacred, breathing, the script rising up, such as butterflies flying, and just like the Taoist blood god chain, around the Longyuan sky sword, brush Lala sound, very beautiful.

"Reincarnation in heaven, the sky will be cut off!"

Ye Chen roared, and the dragon Yuan sky sword cut out. The weather of reincarnation in heaven and the majesty of Hongmeng starry sky all poured into the sword.

The whole Longyuan sky sword, momentum becomes incomparably vast, as if with a piece of heaven and starry sky power, ruthlessly cut forward.

The emperor's face sank, but he didn't retreat. His fighting spirit and blood were burning fiercely. With the ancient power of fighting emperor, the sword went forward again.

Zheng!

Two extremely heavy swords collided fiercely in the sky.

Ye Chen's reincarnation of heaven, Hongmeng starry sky, under the impact of the fighting spirit of the emperor's army, almost instantly broke up, completely unable to bear.

And the battle robe of the emperor, the emperor's battle array, was crushed by Ye Chen's reincarnation power.

Chapter 6119

The confrontation between the two people was a match. In an instant, they were both pale and obviously suffered a huge impact.

The battle between Doudi's giant sword and Longyuan's Heavenly Sword has brought about hundreds of millions of spaces around them, bursting and smashing layer upon layer. The volcano in the deep sea has also been greatly stimulated, popping and exploding.

In the bottom of the sea, the eruption of countless volcanoes made the whole sea seem to be burning, from the blue color to the dark red color, with volcanic ash, the scene is extremely spectacular.

Xuanjiyue, the ruler of the verdict, the end of time, and all the disciples were shocked.

The battle between Ye Chen and Yu Huang was so powerful that some disciples with poor accomplishments were shocked to vomit blood on the spot and fell into the deep sea.

This battle, ye Chen and Yu Huang break the army, it is obvious that both sides are defeated, no one can do anything.

But the battle is not over.

Roar!

Accompanied by a startling sound of dragon chanting, the blood dragon came out with a pair of sharp claws and tore them away.

This battle, blood dragon is Ye Chen's card!

"No!"

When the emperor saw that the blood dragon was coming, he was stunned.

He and ye Chen fight sword, consumption is very huge, and ye Chen also retained the blood dragon card, until then just use.

Under the exhaustion of the emperor, he could not resist.

"Yu Huang Fu Zhao, Yu Huang!"

At the critical moment of life and death, the emperor broke the army and offered a Fu Zhao in an attempt to resist.

This Fu Zhao is exactly what the ancient emperor Yu Huang gave him. It is the death talisman of the judge. As long as you can get close to the real body of the judge, you can kill him immediately.

In times of crisis, this edict can also be used to protect life.

"Still struggling?"

"Wanxiang Tianshu, nihilistic, swallowed by me!"

When the blood dragon saw this, he immediately launched the Wanxiang book of heaven, releasing a "Nihilism", a vortex of almost dark nihilism, which suddenly appeared on the book of heaven.

Before the imperial edict was effective, the blood dragon swallowed up the spirit amulet.

The emperor's eyes contracted when he broke through the army, and his heart was broken in an instant.

Fu Zhao was swallowed up, and he had no means to resist.

Blood dragon claws tear, hiss, the body of the broken army of the emperor, tear in half on the spot.

Blood and internal organs, floating down.

The Yuhuang army was defeated and killed directly.

However, what he was killed was only the body, but the spirit escaped.

These strong people have extremely strong vitality. When their bodies are killed, their spirits can be preserved.

"Reincarnation master, it's really a good method! I'll report to Laozu and ask him to kill you at all costs! "

The emperor's spirit soared to the sky. With the color of fear and anger, he took a look at Ye Chen, and then ran away quickly.

Today's battle, he was defeated by Ye Chen, has deeply felt the horror of Ye Chen.

This kind of existence must be put to an end as soon as possible, otherwise it will definitely be a terrible threat to wanxu temple!

He can't compete with Ye Chen, so he can only bring the information back to the wanxu temple, let the ancient yuhuangdi judge the situation again, consider whether to take risks, and send more powerful experts to kill.

The other disciples of wanxu temple were scared to death when they saw that the body of the broken army was destroyed. They rushed to the sky to escape with the broken army and return to wanxu.

Ye Chen's eyes were cold, and he knew that if he was defeated by the emperor and fled back to wanxu, the consequences would be unimaginable.

Once yuhuangdi finds out that his inside information is so powerful, he is likely to tear his face in advance and kill Ye Chen at all costs, even if he is fighting for the risk of dying together.

If things really come to such a step, ye Chen will be in danger.

"Did I let you run?"

"Soul devouring the sky!"

Thinking of this, ye Chen hums coldly, stares at the spirit figure of the broken army of the feathered emperor, and suddenly steps out. The palm of his hand has a terrible dignity, which is just the means to devour the soul.

"Protect me!"

The emperor broke the army and saw that ye Chen's magic power was attacking and killing him, so he quickly gave orders.

The surrounding wanxu disciples immediately surrounded him, trying to protect him to the death.

You know, Yu Huang's army breaking is the legitimate disciple of Yu Huang's family. He can't die. Even if they all die, we can't let him have an accident. Otherwise, when we go back to wanxu, we will have a miserable end than death.

"Bing Zi Jue, it's all smashed by me!"

Ye Chen's eyes are full of murderous spirit. The crushing art of Bing zijue, the nine days breaking way, blows up a terrible storm in the void, with the supreme crushing mystery.

Click, click, click

In an instant, under the storm of smashing, all the disciples of wanxu were crushed and turned into blood fog.

"Bing Zi Jue! You have also become a Brahman! "

When Yu Huang saw this, he was so shocked that he felt numb. Unexpectedly, ye Chen also practiced the divine skill of Brahma.

You know, Brahma is the unique skill of the Yuhuang family. It is almost impossible for outsiders to get in touch with it except for the Yuhuang family.

All of a sudden, the emperor has guessed that behind Ye Chen there is the figure of Xiao Xinghe, the ancestor of the sword God.

The secret script of "Bing Zi Jue" is in the hands of the ancestor of the sword God. If ye Chen wants to practice it, he can only teach it from the ancestor of the sword God.

"Xiao Xinghe, an old man, has violated the agreement and dared to support the reincarnation leader privately. This is a big disrespect. I must report to my grandfather and ask him to make a decision!"

Chapter 6120

Many thoughts flashed through the emperor's mind when he broke the army, and he was ready to report back to the ancestors of wanxu.

But, a very strong dark breath, instantly will he cage cover.

Ye Chen's soul devouring is all over the sky. He has already been killed. His fierce breath envelops the whole body of the emperor.

"Ah

The emperor broke the army and screamed bitterly. His spirit and body burned violently.

"Reincarnation Lord, if you want to kill me, I will not be reconciled! How can I die here! "

Yu Huang broke the army and roared at the top of his voice. He didn't expect that he would really die. He still had many tasks and missions, but at this time his life came to an end, and everything came to nothing.

Woo

In the end, the spirit of the emperor, crushed by Ye Chen's soul, completely turned into nothingness and disappeared.

"Well? "The secret script of Dou Zi Jue?"

After crushing the spirit of the broken army, an ancient wave of divine consciousness was also passed to Ye Chen's mind.

That's the secret of Dou Zi Jue!

The emperor broke the army and became proficient in the fighting strategy. The fighting character was deeply imprinted in his spirit. Even if he lost his spirit, the essence of the fighting character formula was still there.

This, Dou Zi Jue all the magic power mystery, all projection to Ye Chen mind.

Ye Chen feels that his head aches and swells.

This pitching formula is also one of the nine pitching formulas of Brahma's divine skill. It is extremely complex and profound. It is the best pitching secret script in the world. Once it is successfully cultivated, it can incarnate into the ancient fighting emperor and suppress everything. It is very powerful.

Even with Ye Chen's inside information and the foundation of Bing Zi Jue, when he came into contact with Dou Zi Jue, he could not immediately understand it. He only felt that his head was swollen and painful, and it took time to digest it.

Biting his teeth, ye Chen temporarily suppresses the fluctuation of Dou Zi Jue and looks down.

But everyone in the audience was shocked.

Ye Chen and the blood dragon join hands to kill the emperor with the sky sword. This scene is too shocking. No one thought that ye Chen really killed such a powerful master.

That's the powerful person of the Yuhuang family!

Even, still master nine days divine skill!

But such existence, are killed by Ye Chen, visible Ye Chen's strength, how strong.

Xuanjiyue's face sank, and she felt the threat deeply.

If at this time, she and ye Chen fight, she is not sure to win, and may even be killed by Ye Chen.

After all, at this time, ye Chen grew up too fast and made great progress. With the power of Tianjian and the blood dragon Wanxiang Tianshu, he could kill xuanjiyue within a hundred moves.

Xuanjiyue want to win, unless it is back to the river of crape myrtle stars, through the geomantic omen of the earth, it is possible to kill Ye Chen.

But ye Chen, naturally not so stupid, ran to the other side's territory to fight.

Ye Chen looked at the Lord of the verdict and said coldly: "Lord of the verdict, I have killed the emperor and broken the army. Give me the tianwu Wolong Sutra as soon as possible!"

The Lord of the verdict swore to heaven that he was willing to sacrifice tianwu Wolong Sutra as long as he could kill the emperor and break the army.

And ye Chen, really did it!

Then, according to the agreement, he should give the tianwu Wolong Sutra to Ye Chen.

The judge's face suddenly changes, he naturally can't give such precious secret script to Ye Chen.

"No, I can't give it to you."

The decision was rejected directly by the adjudicator.

"Why, you want to break your promise? Are you not afraid of natural punishment? "

Ye Chen sneers. The promises made by people like the judge should not be broken easily. Otherwise, there will be great cause and effect, and they will be punished by heaven.

"Yes, I won't give you the tianwu Wolong Sutra even if I suffer the punishment of heaven and violate the cause and effect. You must die of this heart!"

The verdict's owner was also frank, indicating that he refused to hand over the tianwu Wolong Sutra.

As soon as these words were spoken, the sky burst with thunder, as if the fury of heaven had been touched.

Bang bang!

There was a terrible scene. There was a great cause and effect riot between heaven and earth. In an instant, the bodies of the thousands of disciples of the Lord of judgment exploded at the same time, as if they were crushed by an invisible force, and the bodies and spirits were smashed.

Blood and internal organs, all splash, and finally fall into the sea, the scene is very terrible.

Xuanjiyue and Tianhuangdilao were shocked when they saw this scene.

Obviously, the adjudicator broke his promise and was punished by fury. All his subordinates were punished and killed.

And the virtual body of the judge also gradually dissipated, and he was also punished by the power of heaven, unable to support.

"Reincarnation Lord, you are indeed very powerful, but I am a half step emperor. Your cultivation is far less than me. When the crisis of wanxu is over, I will kill you myself."

The judge said slowly, and his body disappeared completely.

Although he broke his promise this time, he lost a lot.

But this loss is also within the scope of bearing, which is better than the loss of tianwu Wolong Sutra.

With his half step of Tianjun's inside information, he can bear the loss.

As long as he can survive the wanxu crisis, without external threats, he can do whatever he wants and kill Ye Chen with all his strength!

"Hum!"

Ye Chen sees the figure of the leader of the verdict dissipated, but he hums coldly. Although he knew that he would not succeed in seizing tianwu Wolong Sutra, he didn't expect that the other party would refuse so decisively.

"Let's go, as time goes by."

Xuanji month see this, is also directly with the end of time to leave.

Ye Chen's strength is too strong. If she fights, she has a low chance of winning, only 30% at most.

Ye Chen has just gone through a big war, and naturally has no strength to pursue xuanjiyue.

But after this battle, he has really seen his strength clearly.

As long as you join hands with Xuelong, ye Chen now has enough strength to kill xuanjiyue!

"Reincarnation and fate struggle, I will win after all."

Ye Chen sighed a long time. The fight between him and xuanjiyue lasted for a long time. Now it's almost the final battle.

With his current strength, he can easily kill xuanjiyue as long as he has a good grasp of the atmosphere and doesn't let xuanjiyue have the chance to fight at home.

If you can kill xuanjiyue and devour her fate, ye Chen will be able to transform against the sky and have a stronger base to fight against the existence behind wanxu.

Blood dragon way: "master, Xuan Ji month ran."

Ye Chen nodded gently and said, "it's OK. Let's go back to the ancestral land of Fengjia and have a rest. We'll settle with her later. Now the wanxu crisis is not over. We have to be careful when we kill the Yuhuang and break the army. Wanxu will definitely take revenge!"

Although Ye Chen killed the Yuhuang and broke the army to prevent the other party from summoning, the ancestor of wanxu is extremely powerful. If you deduce the secret, you may be able to calculate the situation here.

Once the ancestor of wanxu really calculates Ye Chen's strength, what ye Chen will face will be the terrible revenge of wanxu!
