### Chapter 6121

The blood dragon looks dignified, and also feels the danger of the future. Now he and ye Chen join hands, and the ultimate realm is to kill the strong one in Baiji realm. If they exceed this realm, they will be helpless. Even if you meet those adverse Baijia circumstances, you may not be able to win!

The difference between the strong and the weak in baijiejing is huge. It can not be described as too different. Even if the difference between taizhenjing and baijiejing is huge.

"I'll go back and talk about the future."

Ye Chen didn't worry too much. Anyway, the soldiers came to block it, and the water came to cover it. In this war, he got the formula of fighting words, and he just needed to go back to practice.

If ye Chen can practice the pithy formula of fighting words, his accomplishments will surely advance by leaps and bounds.

At the moment, ye Chen flies to the ancestral land of Fengjia.

On the way, ye Chen inquired: "by the way, blood dragon, is the death talisman of the judge still there?"

The blood dragon devoured the spirit talisman of the emperor, which was made by the ancient emperor himself and was the death talisman of the ruler of the ruling.

"It's gone."

When Xuelong examined Wanxiang Tianshu, he found that the imperial edict had completely dissipated after the emperor's army was broken and the spirit was gone, and it did not survive.

"Unfortunately..."

Ye Chen suddenly a burst of regret, it seems that want to kill the Lord of the verdict, or rely on their real strength.

.....

At this time, the supreme world, wanxu temple.

Deep in the temple, in a valley full of immortal spirit, Ruiguang Wandao, a huge ancient array is built.

An old man is sitting on the array with his knees crossed, practicing silently.

He is full of immortal spirit, and faintly conjures up nine ancient characters, which are the nine words of "all those who are fighting in array", representing the acme of Brahma's divine skill!

But when you look carefully, you can see that among the nine ancient characters, the word "Bing" is hazy. It has no actual law power, and it is obviously not perfect.

"Is it so difficult to practice the formula of" Bing Zi "

The old man opened his eyes and gave a long sigh.

He is the master of wanxu temple, the strongest one in the world, and the legendary emperor of Yuhuang family, yuhuanggudi!

At this time, the cultivation of the ancient Yuhuang emperor was close to the perfection of reality, and he still had not fully understood the military formula.

The so-called perfection of reality is a realm before the realm of nothingness, which represents the pinnacle of reality. If we go further, it will be nothingness.

No, to be exact, it should be that even the concept of nothingness does not exist, it is the realm of nothingness.

However, yuhuanggudi is only a little short of the highest realm of reality. His strong cultivation atmosphere has reached a level that ordinary people can't imagine.

When he breathes, the immortal air around him is surging, and thousands of worlds are silent and rising.

As his eyes opened and closed, one universe after another was born and died in his palm. His every thought was related to the infinite universe and the life and death of hundreds of millions of creatures.

His cultivation has long been so powerful that he can't imagine it. He has opened up a world of tens of millions, and countless believers are worshipping him.

But even these accomplishments are a little short of the ultimate perfection of reality.

But this little bit, needs to rely on the soldier word formula to make up.

Once the military word formula is practiced, the Yuhuang ancient emperor is confident that he can reach the peak of reality and theory, and complete it.

After the cultivation is completed, you can seek to seize the treasure of the old master. As long as you grab the tianwu Wolong Sutra, you can see the most mysterious realm and reach the peak of cultivation.

Boom!

But in the time of concentrating on cultivation, the sky above wanxu Temple suddenly gave out a thunder without any sign.

"What happened?"

Yuhuanggudi's face changed slightly. You know, under the protection of wanxu temple, the sky will always be blue, full of quiet and peaceful spirit, and there will be no bad celestial phenomena.

At this moment, thunder suddenly sounded, which is an ominous sign, representing that something bad has happened!

"Is it true that the broken army has fallen? If he holds my edict, can't he kill the judge? "

The emperor frowned and tried to deduce the secret behind it.

Pinch a finger to calculate, between faintly, he really found that the emperor was torn by a pair of dragon claws.

"Who dares to kill the disciples of wanxu temple! The Lord of reincarnation, it's you! "

The ancient emperor Yu Huang's eyes are very angry. He discovers that ye Chen uses his soul to devour the sky to kill the Emperor Yu Huang.

"Damn it! He is the master of reincarnation

Yuhuanggudi was furious, but he couldn't believe it.

You know, Yuhuang is a real master of Baiji realm. He also has the formula of fighting words. He can incarnate the ancient fighting emperor. How can he be killed easily.

The fierce light in his eyes flickered, and he pinched his fingers again, hoping to see all the details of the battle clearly.

He wanted to know how the emperor was killed and what means Ye Chen used.

These details are very important. If he doesn't know the fighting process, he can't infer Ye Chen's strength.

Ye Chen can kill the emperor, is the real strength, or pick up leakage, he needs to know in detail.

"The former formula gives me insight!"

Yuhuanggudi a violent drink, the hands of a "front" word, like the sun rising.

That is the weather of the first word formula in Brahma's divine skill.

Qianzijue is the strongest deduction method in the world. It can deduce the cause and effect of the way ahead, predict the future, look back on the past and see the details of the past. It is a very mysterious technique.

Chapter 6122

The cultivation of yuhuanggudi's first word formula has reached the realm of transformation. As long as you give him enough clues, you can deduce any cause and effect.

He needs to know the details about the death of the emperor.

In this process, something important must have happened!

Yu Huang's breaking the army is his direct disciple. The clue is enough for him to figure out everything.

Before the release of the word formula, the yuhuanggudi under the induction of concentration, in front of the fog of heaven, he will soon see the cause and effect of the earth's heart, see all the details of the battle.

However, at this time, the cause and effect of the earth's heart is suddenly shrouded by a powerful force.

This force is so powerful that it can shake people's hearts. Even the mind of the emperor was shaken and shaken violently.

He hastened to use his power to protect his mind. After a closer look, he found that he could not see the existence of the earth's heart. In front of him, he only saw the ice phoenix flying all over the sky. The sound of the Phoenix was long and startling.

"This... This is..."

"Jiutian baopu Jue! Ren tiannu, it's you

"Damn, why do you want to stop me, why do you want to help that boy!"

Yuhuanggudi's face suddenly changed, but he found that there was a person behind the obstruction, so that he could not see the cause and effect of the earth's heart.

That man is the lady of heaven!

The empress of heaven holds a nine heaven divine skill, which is called nine heaven baopu Jue. This skill is the strongest way to cultivate the mind in the world.

When you reach the peak of spiritual cultivation, you can cover all the worlds with your mind moving. When you reach your mind, all the worlds are your own territory, which is very powerful.

Now, the Empress Dowager releases the nine day baopu Jue, and her heart is shrouded in the earth's heart, which suddenly blocks the exploration of the ancient emperor Yu Huang.

Even just now, as long as she was a little later, he could see everything.

And from this point of view, the mother of heaven has been ready!

Even if they use any means, they will be covered by it!

"What do you want to do? It's my business. Do you want to be partial to the reincarnation Lord at this time? If you want to raise pigs, you are afraid to raise a dragon! Not only will I die, but you won't survive! "

Yuhuanggudi looks gloomy and burns a drop of blood essence. He wants to break the spiritual protection of the Empress Dowager and reach the earth's heart.

He has to! Even if it has a certain price for the strong of his level!

"Master Yu Huang, what is your ability to bully the small with the big? It's better to wait for ye Chen to fly up, and it's not too late to kill him slowly. Anyway, I don't want to let him go, but it's not the time yet. "

In the void, the voice of the heavenly daughter comes out. She holds pujue in Jiutian to the extreme. Her spiritual power covers the heart of the earth. Combined with Binghuang sky sword, she forms a terrible defense, which directly blocks the eyes of the Yuhuang ancient emperor.

Yuhuanggudi several times want to impact, but can not break through the barrier.

The two men fought against each other in the air. After many rounds, yuhuanggudi was unable to win.

In terms of real fighting power, although he is above the heavenly daughter, the power of his soul is incomparable.

After all, the nine days of the goddess of heaven's pujue is the existence of the special cultivation of the soul.

The legendary false nine heaven magic, the evil moon enchanting magic, is just spread from the nine heaven baopu Jue. At that time, Hong Xin was instructed by the heavenly daughter and practiced the evil moon enchanting magic.

But in these nine days, only the empress of heaven can master the pithy formula.

In fact, in addition to Brahman's divine skill, the other nine divine skills can only be practiced by one person, because there is only one part of qi movement.

And the goddess of heaven is the cultivator of Jiutian baopu Jue!

"Well, Ren tiannv, you won! But you don't want to stop me, I want the reincarnation of the Lord to die, no one can save him! It's not sure who can laugh to the end of the game! "

Yuhuanggudi put away his magic power and stopped fighting.

Because he knew that if he continued to fight, he could not break through the defense of the heavenly daughter. The opponent's Jiutian baopu Jue was too strong, and his mind moved to cover the world. As long as she wanted to defend, no one could attack her.

After much consideration, yuhuanggudi thought of a servant disciple and immediately issued an edict to call that disciple to come.

After a while, a woman came in trembling.

"Disciple Yu Linghan, I've met my father."

The woman knelt down in front of the emperor and said.

If ye Chen is here, he can feel that this woman named Yu Linghan has the air of heaven and man. She is obviously rising from heaven and man, but she doesn't have the great fortune of the emperor. She doesn't rise by strength.

In fact, Yu Linghan is a believer of wanxu and belongs to Yu family.

The rain family is an ancient family in heaven and man. It is a loyal believer in wanxu. After years of worship, it was finally recognized by the temple of wanxu and promoted to yulinghan.

In other words, the cold rain, not by strength, but by promotion.

Wanxu was extremely xenophobic, and yuhuanggudi hated outsiders, so after Yu Linghan was promoted, he only arranged for her to be a servant disciple.

It is impossible for such a disciple to be summoned!

"Well, your name is Yu Linghan, isn't it?"

The emperor touched his beard and looked at the woman.

"It's my great honor to remember the name of my disciple."

The rain spirit cold body trembles, the facial expression is quite a little excited.

Yu Huang Gu Di Mou son one coagulates, way: "I remember correctly of words, your family later rebel, took refuge in constant ancient Saint emperor?"

Yu Linghan was shocked. Yu's family is an ancient family in heaven and man, and has been worshipping the wanxu temple. But since ancient times, only Yu Linghan has been promoted, and others have never had the chance to rise.

Disappointed, the descendants of the Yu family know that yuhuanggudi is mean and ungrateful, so they have changed their ways and turned to henggushengdi.

After Henggu Shengdi ascended, many disciples of the Yu family were also favored and became servants.

Under the throne of Henggu emperor, the most famous disciple is Fei Yao, one of the seven great gods of the former kingdom of God.

Yu Linghan was shocked when he heard the mention of the past by Yuhuanggudi. He only thought that he was going to punish him. He could not help sweating and said: "The forgiveness of Laozu is that they have no eyes and have nothing to do with the disciples. The disciples sincerely worship Laozu and never dare to have half a heart!"

The ancient emperor Yu Huang smiles and says, "You don't have to be alarmed. I don't mean to punish you. I just want to entrust you with something. You have just stepped into the hundred yoke realm. Your cultivation is just right. It's neither too strong nor too weak. If you go to the center of the earth, you won't touch the heavenly power."

The rain spirit cold one Zheng, way: "The old ancestor wants to send me to the earth heart domain?"

"What does that mean?"

The news of the earth's center was originally quite secret, but before that, the devil had spread rumors that many people in the supreme world knew about the earth's center.

Chapter 6123

Yuhuanggudi looked down at the rain Linghan and said: "Exactly! The broken army fell. It should have been killed by the reincarnation Lord. I need you to investigate all the details of the battle, as well as the power of the reincarnation Lord. "

"It is said that the reincarnation master of this life is Ye Chen."

"It's a very common name, but there are too many mysteries about it."

"If the investigation is not clear, it will affect the future layout of wanxu."

"To investigate the Lord of reincarnation?"

Yu Linghan trembles all over. It's related to the Lord of reincarnation. Cause and effect must be very important. She is just a student of miscellaneous service. I'm afraid she is not competent.

Yuhuanggudi said: "yes, you don't have to panic. The blood of the reincarnation Lord has not yet reached perfection and is not invincible. As long as you investigate carefully, don't make enemies with him. You won't have an accident."

After a pause, he said, "as long as you can find out, I will give you immortal blessing and allow you to become the true legend of wanxu."

Yu Linghan is shocked. If she can become the true legend of wanxu, she can get in touch with the mystery of Brahma's divine skill, which is enough to change her life against the sky!

"Yes! I will finish the task

Rain Ling cold excited, then agreed to come down.

Anyway, her task is not to kill Ye Chen, but to investigate the cause of death of the emperor.

This task, as long as careful low-key action, there is still a great chance of success!

Yu Huang Gu Di Mou son one coagulates, way: "very good, you go, this is the position of the starry sky ancient road, the heavenly principle there by me suppress, have no heavenly Book dare not embarrass you."

With that, the yuhuanggudi's finger flicked, and the information about the entrance of the earth's heart and the ancient path of the stars turned into a golden light and penetrated into yulinghan's head.

Rain Ling cold head a burst of tearing pain, in a moment, you know the ancient star road, the guardian of heaven, no book of heaven and many other secrets.

There is the shadow of the heavenly principle behind the ancient star road, but the power of the ancient Yuhuang emperor is so powerful that even the heavenly principle can be suppressed. If Yu Linghan wants to go to the earth's heart, he naturally doesn't have to worry about the obstruction of the heavenly principle.

"Thank you, Lao Zu!"

Rain Ling cold respectfully thanks, immediately turned away.

"Before you go to the center of the earth, you'd better go to heaven and man first."

Out of the wanxu temple, Yu Linghan thought that she knew that the former reincarnation Lord was very active in heaven and man.

There is a shadow of Ye Chen everywhere in heaven and man. If you want to find out the details of Ye Chen, you'd better go to heaven and man first.

She is ready to go to heaven and man, looking for her descendants, a girl named Yuchi Yao, to inquire about Ye Chen's information.

Yuchi Yao's blood also belongs to the family of Yu. Yu Linghan is her ancestor. Although they are related by blood, they are blood relatives, and the cause and effect is not trivial.

When it rains, Linghan crosses the dark forbidden sea and reaches the realm of heaven and man.

Along with the induction of blood, Yu Linghan almost instantly locked the position of Yu Chi Yao.

At this time, yuchiyao lived in seclusion in a peach blossom nunnery. Originally, she was with emperor zhetianmo, but recently, Emperor zhetianmo went out for training. She lived alone, burning incense, cooking tea, playing the piano and raising cranes every day.

There are many changes in the outside world, such as the battle for the sword of Longyuan, the battle between reincarnation and fate, the peeping of wanxu, and so on. She has heard a little about them, but she doesn't want to participate in them any more. She just wants to live in seclusion.

During the day, yuchiyao and Nine Tailed Fox, the favorite animal, were playing in the mountains. Suddenly, they felt the touch of blood. It seemed that there was a strong pressure from afar.

Yuchi Yao's face changed slightly. Looking up at the sky, she saw a black flame shadow in the distant sky. It came like a meteor and fell in front of her in the blink of an eye, showing a pretty woman. It was Yu Linghan.

"How are you, Feiyao emperor!"

Yu Linghan stares at Yu chiyao with a stern tone.

Yuchi Yao only felt the touch of her blood. Through the deduction of cause and effect, she knew that the other party was her own ancestor and came from the supreme world. She said, "you... You are the ancestor of my Yujia family. You have been promoted by wanxu. Are you yulinghan

"It's me," said Yu Linghan! It seems that your strength is not bad, and you can promote my details. "

Yu Chi Yao stepped back and said in a deep voice, "what are you doing here? You belong to wanxu, I belong to reincarnation, you and I are in charge of each other, there is nothing to talk about

Yuchi Yao lived in seclusion, but the cause and effect of the world was not cut off. She stood on the side of the demon emperor, that is to say, on the side of the reincarnation Lord, and she was the mortal enemy of wanxu!

The rain spirit cold ha ha a smile, way: "don't so ruthless, I just want to ask you a little thing."

Yuchi Yao stepped back, and there were wisps of smoke and mist in her body. She stood ready and said, "if you want to spy on the reincarnation Lord, I advise you to die."

She will never betray Ye Chen, because ye Chen is a friend of the demon emperor. She would rather die than hurt the demon emperor.

The rain spirit cold vision one cold, way: "you pour is clever, all guessed my intention, I have no intention to hurt you, just want to ask, that reincarnation major how, master what magic power, have what weapon magic weapon, you tell me is, I won't embarrass you."

Yuchi Yao said: "I said, I will not betray my friends!"

The rain spirit cold smile, way: "how, reincarnation of the Lord is your lover"? Are you so nervous? "

Yu Chi Yao said angrily, "if you talk nonsense again, I'm not polite!"

She is the woman of the demon emperor, and ye Chen is just a friend, rain Ling cold this words, but it is too rude.

Rain Ling cold smile, way: "you want to do with me"? What strength do you have? Let me open my eyes. "

Said, she stood still, waiting for Yuchi Yao hand.

In the wanxu temple, although she was a servant disciple, she was sneered at, but after all, she was a master of Baiji realm. In the realm of heaven and man, she was as high as an immortal.

Yuchi Yao also felt the cold breath of the rain spirit. It was extremely powerful and could not be defeated by herself.

"I won't tell you. Goodbye!"

Yuchi Yao is very dangerous. She rides nine tails of foxes, turns around and wants to leave. She thinks, "wanxu is coming. I have to find a way to tell brother mordi and brother yechen."

However, she has not gone far, the rain spirit cold a smile, eyes show malicious look, way: "under my eyes, you also want to go? Did I tell you to go

With that, Yu Linghan waved his hand. Countless chains made of black flames, like devil's tentacles, flew through the air and bound Yu Chi Yao's body.

"Ouch!"

Yuchi Yao was tied up all over. She cried out in pain. She felt extremely hot. The black flame chain had a terrible smell of fire.

"I'll ask you one last question, will you say it?"

Chapter 6124

Yu Linghan's eyes are fierce. The chain of black inflammation shrinks and burns. Yu chiyao's clothes are all in tatters, revealing large areas of snow-white and crystal clear skin.

Yuchi Yao's skin is red and smoking under the black and burning. It seems that she is roasted on the stove. She is sweating and her lips are blue and white. She is very sad.

"I don't know what you want me to say!"

Yu Chi Yao clenches her teeth, but she refuses to sell Ye Chen.

"Good, if you don't say it, I'll hit you and say it!"

With the palm of his hand, the black flame condenses and turns into a long whip, which is pulled out and slapped on Yuchi Yao.

Yuchi Yao was flogged and felt pain all over her body. She could not help crying and groaning, and her tears also flowed out.

"Did Ken say that?"

Rain spirit cold smile way.

"Wanxu thieves are really vicious. Even if you kill me, I won't tell you!"

Yuchi Yao bit her teeth, but she still refused to give in.

Her pet nine tail fox, whining, wants to save her master, but she is also whipped to the ground by Yu Linghan.

"Ha ha ha, I'd like to see how hard your bones are. I burned the fire of Daoling!"

Yu Linghan looks up at the sky and laughs. The black flame in his palm suddenly turns into a human figure, which is the appearance of a demon boy. His facial features are twisted like ghosts, and the shape is terrible.

What makes her different is that she has mastered the fire of the spirit. However, the difference between the fire of the spirit and Yan xuan'er is too big. For outsiders, the cultivation of Yu Linghan should not be underestimated.

"Jie Jie!"

The Devil boy sent out a sharp laugh and rushed to Yuchi Yao's body. The fierce fire burned fiercely. Yuchi Yao hissed all over, and his body was rapidly wearing out.

This is the fire of the Taoist spirit of Yu Linghan. It's called dark hell inflammation, and it's her card.

In the past, it was because she was in charge of the dark hell that she got the favor of wanxu temple and was promoted to the supreme world.

Just looking at the energy of the fire, the dark flame of yulinghan can't be compared with yechen's Yan xuan'er.

However, we should know that the fire of Daoling is extremely precious and rare, even in the supreme world, it is also a rare thing.

Yulinghan can control the fire of Daoling, so the potential is very important.

She completely released the dark hell, burning Yuchi Yao's body.

Yuchi Yao's flesh and blood are rapidly disappearing and about to be burned.

Rain spirit cold way: "you don't say again, the flesh body will be burned by me, the spirit also will die doubtlessly!"

Yu Chi Yao clenched her teeth and said, "I won't die!"

Rain Ling cold way: "very good, then as you wish, give me die!"

The voice falls, the rain spirit cold suddenly urges the dark hell inflammation.

Boom!

The dark flame roars and surges, and the spirit Devil boy Jie Jie screams, like the doomsday devil, hooping Yuchi Yao's body.

Yuchi Yao was burned in a terrible black flame. Finally, her body was burned and her ghost came out.

"Hum!"

The rain spirit hums coldly, but refuses to give up. The dark hell urges him to burn the spirit of Yuchi Yao.

She is a disciple of wanxu. Wanxu never hesitates to kill people. She is extremely vicious. Naturally, she is also infected with the flavor of wanxu. Even if she treats her descendants, she is not soft hearted at all.

"Misty rain fantasy, escape!"

Yuchi Yao's spirit appears, but immediately performs a trick of hongmengyuan. Her whole body is misty with smoke and rain, weaving into an illusion. Her spirit escapes into the illusion and disappears in the blink of an eye.

"Why?"

Yu Linghan was surprised to see this. She didn't expect that Yuchi Yao had realized the illusion of misty rain. This time, she escaped from the dreamland with a very clever method, and she couldn't stop it.

"Hum, your spirit has been contaminated with my dark and burning breath. You can't live for more than a month. What's the use of staying alive? It's just increasing the pain. Enjoy it and I'll go."

Although yuchiyao escapes, yulinghan is not in a panic, because yuchiyao has been infected with fire poison under her dark flame. Even if she escapes, she will not live for a month.

The task of wanxu is urgent. Seeing that he can't get the information, Yu Linghan leaves in a hurry, preparing to follow the ancient star road and enter the earth's heart for further investigation.

After Yu Linghan left, the space was distorted, and the ghost of Yu Chi Yao fell out of the fantasy world. The ghost body shook, obviously seriously injured.

Look carefully, her ghost, with a wisp of black burning poison gas, shocking.

Yulinghan is right. Yuchiyao's ghost is infected by fire poison. She is suffering a lot all the time. After a month, the pain will completely engulf her.

One side of the nine tail fox, see the owner so miserable appearance, issued a sad fox voice.

.....

At the same time, the dark forbidden sea, a cold figure wearing a black robe and surrounded by crows, is fighting with all kinds of fierce animals. In the decisive battle of life and death, he constantly hones his magical power.

This figure is the devil emperor!

It has been a long time since emperor Zhetian came to practice in the dark and forbidden the sea calendar. During this time, he did not return to the realm of heaven and man, so he did not participate in the battle for Longyuan sky sword before.

However, he always keeps in touch with Yuchi Yao, so he knows all kinds of Secrets very well.

"Ye Chen's strength is more and more powerful, and I can't fall behind."

Chapter 6125

In his heart, the demon emperor thought that he would fight with fierce animals bravely and make continuous improvement.

"Wu --"

Just then, a wolf howled in the distant sky.

But see the wind blowing, cold, a hair blue and white giant wolf, flying across the sea.

"Old star beast, north wind wolf?"

Seeing the wolf, the emperor immediately recognized that it was a star beast in the old alliance. It was one of the Dharma protectors under the command of Wutian. It was called the north wind wolf.

"Mr. devil, I invite you to the old alliance."

The north wind wolf flew in front of the demon emperor and said respectfully.

The emperor's face sank. He was practicing in the dark. He repeatedly received the invitation of Wutian, but he never agreed.

You know, the city is unfathomable, and it's said that there is a plan to find a container. Once he enters the old alliance, the emperor worries that he will be taken as a container and devoured by the devil.

"I'm used to going alone. Thank you for me, master Wutian. Please forgive me if I can't join him."

The voice of the demon emperor is indifferent.

That north wind wolf way: "the devil emperor you worry too much, the old ancestor didn't force the intention of soliciting, just want to have a cup of tea with you, discuss the mystery of the devil, confirm each other and learn martial arts."

"Hahaha, Mozu Wutian is one of the top three experts in the world. How can I compete with him?"

Emperor Zhetian laughed. He was a master in the world. He ranked first in the ranking of yuhuanggudi, who was superior to others.

And then there are the emperor's daughter and Mozu Wutian, who are second only to the ancient emperor Yuhuang. It's hard to say who is strong or weak, but the second and third experts must be them.

There is a big gap between the cultivation of Zhetian devil emperor and Wutian devil ancestor.

North wind wolf way: "devil emperor you cut flail has not cut off just, as long as you cut flail successfully, enough to change against the sky, the future achievement is not under the ancestors."

The demon emperor said with a smile, "I'll cut off the shackles in the future. If I can break through the shackles, it's not too late to visit Wu Tian."

North wind wolf said with a smile: "it's so good. This is the key of my old alliance. You can open the mountain gate to ban. Please take it. The Mountain Gate of my old alliance is open to you at any time."

With that, the wolf gave a small flying sword to the devil.

This flying sword, in fact, is the key to open the Mountain Gate of the old alliance!

Wutian is willing to give the key to the mountain gate to Zhetian, which shows his sincerity and trust.

"Well, please say hello to master Wutian for me. I'll visit him another day."

After thinking about it, the demon emperor took the key. He was just polite and didn't really mean to join the old alliance.

The north wind wolf thanks and leaves.

The demon emperor put away the key, just want to continue to experience, suddenly in the heart, there is a very uneasy feeling.

"Something happened to chiyao!"

As soon as the eye pupil of the demon emperor shrinks, he and Yuchi Yao are interlinked. As long as the other party has an accident, he can feel it.

Now, the demon emperor clearly realized that Yuchi Yao had a great accident, and might even die!

"Who is it, who dares to hurt the people of my demon emperor?"

In a rage, the demon emperor immediately tore the void, left the dark forbidden sea and returned to Taohua nunnery, where Yuchi Yao lived in seclusion.

Back in the peach blossom nunnery, the demon emperor found that Yuchi Yao's body had been destroyed, and only a wisp of ghost was left, floating under the peach blossom tree, swaying with the wind, and disappearing at any time. His appearance was very miserable.

"Chiyao!"

The demon emperor called out, and the cry was full of grief and anger.

"Brother devil, you are back."

Yu Chi Yao gave a bitter smile and looked at the way of the demon emperor.

The demon emperor rushed up in a hurry and wanted to hold Yuchi Yao, but his palm seemed to touch the air.

Yuchi Yao has only a ghost left.

"Who hurt you?"

The body of the demon emperor shivers. Seeing the black inflammation on the ghost of Yuchi Yao, he is extremely distressed.

The black flame is the fire of the Taoist spirit, constantly baking yuchiyao. It can be imagined that even if the body is destroyed now, only the ghost is left, yuchiyao is also suffering a lot.

"I'm fine. Just come back. I'm satisfied to see you before I die."

Yu Chi Yao smiles and looks at the face of the demon emperor. She doesn't feel any pain in her heart.

"Cold rain? People from wanxu? Did she hurt you? "

The emperor of covering the sky was angry when he saw the secret.

He knew the cruelty of wanxu, but he didn't expect that the cruelty came to him.

Yuchi Yao's ghost is entangled by the dark fire. The fire is fierce. I'm afraid it won't live for more than a month.

Yuchi Yao said: "it's all over. Don't think about revenge. Just accompany me at the last time of my life."

She knew that wanxu was powerful, and she didn't want to let Zhetian devil get involved. Even if she wanted revenge, it was not now.

The demon emperor clenched his teeth and said, "don't talk about it. I'll save you! Alas, the boy has gone to the center of the earth, and I don't know when he will come back! "

He thought of Ye Chen in his heart. If ye Chen was here, he might have a way to cure Yuchi Yao.

But ye Chen, who is in the center of the earth, cannot be saved by far water and near fire. Yuchi Yao may be destroyed at any time.

Yuchi Yao said: "my life should be like this. Brother devil, you don't have to worry too much."

He clenched his fists and his eyes were red. He bit his teeth and said, "don't say that. You are my woman. I will try to save you."

After thinking about it in his heart, among the people he knew, except ye Chen, the only one who could absolutely save Yuchi Yao was the devil.

If you ask Wutian, Yuchi Yao will be able to tide over the difficulties and even reshape her body.

Just, once owe the human favor that the evil ancestor has no day, that is not good to repay.

After thinking for a while, the demon emperor decided to sacrifice the seven evil spirits and ten thousand crows pot quickly and said, "go, I'll take you to the dark forbidden sea. I have a way to save you!"

With that, the demon emperor Zhetian temporarily settled Yuchi Yao's spirit in the seven evil crow pot, then tore the void and rushed to the dark forbidden sea.

Even if he has to bear the cause and effect, he can't watch Yuchi Yao's accident.

.....

And at this time, in the center of the earth.

Ye Chen and Xuelong return to the ancestral land of Fengjia. Naturally, he doesn't know what happened to Zhetian devil emperor and yuchiyao.

Back in the glass treasure land, the wind family sisters had already sensed the fluctuation of reincarnation. They came out together to greet them, knelt down and said, "welcome the Lord home!"

Ye Chen nods, way: "all get up."

Thinking that the wanxu crisis is not over, and that there may be a new strong man coming at any time, ye Chen's heart is extremely dignified and asks the wind sisters:

"Now that the wanxu crisis is coming, we need allies. What friends can Fengjia have to help?"

Chapter 6126

At present, the three families of Mo Honglin need to recuperate, and they can't rely on it. If ye Chen wants to fight against the threat of wanxu, he needs to find new allies.

After all, both xuanjiyue and the leader of the verdict are unreliable. They can only cooperate for a short time. Everyone has another plan in mind. They can't work together against wanxu.

If you want to fight against wanxu, you have to find real allies.

"Does the Lord want to find an ally?"

The wind family sisters looked at each other and said.

Ye Chen said: "exactly."

The sisters of the wind family thought about it and said, "the heart of the earth is very vast. In fact, our Tianjun family only occupies a small part. When you mention our allies, we know that there is a power called blood demon clan, which once fought against the human race, but later was expelled by the ten great ancestors. We don't know where it is. But although the blood demon clan was expelled, the inside information is also very important, If we can get their help, we may be able to fight against the strong and the ruling masters of wanxu. "

"Blood demon clan?"

Ye Chen eyebrows a wrinkle, hear the name of blood demon clan, in the body of the day demon and Xuan demon blood, unexpectedly in vibration.

Obviously, this blood demon clan, and the sky demon Xuan demon, cause and effect is extraordinary.

"Since the blood demon clan is fighting with the Terran, how can it be an ally?"

Ye Chen doubts to ask again.

The wind family sisters said: "in ancient times, the top ten ancestors were xenophobic, so they couldn't accommodate the blood demon clan. But Lord, you are kind-hearted. Maybe you can cooperate with the blood demon clan. They must also admire the fame of reincarnation."

Ye Chen eyes a bright, way: "that blood demon clan where?"

The wind sisters hesitated for a while and said, "our ancestors of the wind family have drawn a map with the location of the blood demon clan marked on it, but that map has been knocked down into the lost time and space in the great calamity. I'm afraid it's not easy to get it back."

The Taigu catastrophe is a disaster that swept through the Taigu era, and the Fengjia family was ruled to be wiped out by the holy hall. The ancient map also fell into the lost time and space in the chaos of war.

"Lost time and space?"

Ye Chen brows locked, lost time and space, is a time almost static special space, once people fall in, almost impossible to come out.

The wind family sisters said, "Lord, you have great powers. Maybe you can take back the map. Let's take you to the entrance."

Ye Chen nods a way: "good!"

At the moment, the sisters of the wind family lead the way in front of them, bringing Ye Chen and the blood dragon to the depths of the ancestral land.

There is a whirlpool like existence on the ground. Through the entrance of the whirlpool, you can see a nearly static space-time.

In that time and space, there are many things floating, such as the statues of the ancestors of Fengjia, all kinds of natural resources, all kinds of human bones, all kinds of things, very complicated.

Among the many things, ye Chen saw an old map!

Obviously, at the time of the Taigu catastrophe, the wind family suffered a major accident, many treasures were lost, and all fell into the lost time and space.

Looking at the entrance of the whirlpool, the wind sisters trembled and said, "Lord, this is the entrance of lost time and space."

Ye Chen stood in front of the whirlpool, nodded slightly, and caught the terrible breath of the lost time and space, which was almost static. If a person fell in, he was afraid that he would never come out.

At the beginning, he was banished by Ren Fanfan and fell into the lost time and space. Finally, he was able to return. It was a great luck.

Even ye Chen at the moment is not sure that he can walk out of it alive.

"Blood dragon, are you sure to go in?"

Ye Chen asks Xuelong.

But the blood dragon shook his head and said, "once I get in, I'm afraid I can't get out."

Ye Chen is helpless. It seems that the lost time and space is really terrible. Even the blood dragon who has mastered the book of heaven has no chance to enter or leave.

The wind family sisters said: "Lord, if you take back the map, you must go in, but..."

Ye Chen brow deep lock, way: "I know, you retreat, I will think of another way."

"Yes," said the wind sisters He turned and retreated.

Blood dragon way: "master, do you have a way?"

In the lost time and space, in addition to maps, there are many ancient natural resources and treasures, which are also good opportunities.

"If you can practice the " Dou Zi Jue "and protect yourself with fighting spirit, maybe you can go in and have a try."

Under Ye Chen's contemplation, he discovers the secret of Dou Zi Jue.

He killed the emperor and broke the army. He has got the pithy formula for fighting. If he can successfully cultivate and protect his body with fighting spirit, he may be able to enter and leave the lost time and space smoothly!

"Dou Zi Jue is a nine heaven skill. I'm afraid it's not easy to practice it."

The blood dragon also knows the power of the formula of fighting words. Before that, the emperor of feather broke the army, and his fighting spirit soared to the sky, which made him very impressed.

"You protect the Dharma for me, I can try it!"

Ye Chen clenched his fist. He has the foundation of the formula of fighting words. It may be much easier to practice the formula of fighting words.

Moreover, ye Chen also has a god of war bead, which can also assist in cultivation.

At the moment, ye Chen sits with his knees crossed, quietly feeling the magic method of fighting words in his mind.

"Dou Zi Jue, fighting against heaven and earth."

"It's a lot of fun to fight with heaven."

"It's a lot of fun to fight with people."

"The word" fight "runs through the whole era. All living beings can survive only by fighting."

.....

Chapter 6127

.....

At the same time, the sword world dust.

A figure stained with blood is shocking.

How long has xuecongqian been in a coma.

Just then, her hands trembled slightly, and her eyes suddenly opened.

Her vision is a bit blurred and nihilistic, and the world is gradually clear.

She saw the three swords suspended in mid air.

These three swords are like the supreme laughing at her mortal.

"I hope you can see yourself clearly. Now it's impossible for you to be in charge of us."

"If the world wants to be in charge of us, not only do we have high requirements for martial arts and Taoism, but also we have to choose from the highest level of mind, potential and blood. You are too poor."

"If you have to be in charge, you will only push yourself to the bottomless abyss."

Xuening Qian gets up with difficulty. Even though her pale face is full of blood, her eyes are still firm.

Her potential is not the strongest.

Even stepping into Baijia realm and cutting off the shackles are not many.

In her life, if she wanted to change her life, she had to take charge of one of the three swords in front of her.

She thought that as the guardian of the sword, she should have a tendency.

Now, it seems that not only has no tendency, but also has been mercilessly ridiculed.

She didn't want to give up.

At this time, her aura gathered and flew again.

It was suspended in front of the three swords.

She hesitated for a few seconds and reached out again!

"You want to try again? Why not

Although the existence of the three swords despises xueningqian, if xueningqian dies, there will be no one to guard the sword world!

Once so, it will be captured by the people who have a heart!

Therefore, they can laugh at xueningqian, but xueningqian must not die!

The next moment, xueningqian's hand touched one of the swords.

In a twinkling, there was a strong wind in the whole sword world. There were ancient lines flowing on the sword body. The terrible martial arts charm seemed to tear the guard of the sword world!

Fortunately, the array of jianshichendi turned on again, and then it was suppressed.

But blood clotting is not so easy.

She spewed out a mouthful of blood again, and her body fell quickly. But just as she fell, a sword on the ground floated out, as if it had turned into a sword bed, holding the blood coagulation Qian.

Obviously, these three swords did all this.

They don't want xueningqian in charge, but they don't want xueningqian dead.

Xueningqian wiped off the blood from the corner of his mouth and hummed: "when are you going to be so cold?"

"If I can't control you, someone will control you!"

"You should know ye Chen."

"In terms of potential and luck, he should have the right to take charge of you. He holds many heavenly swords. If I let him take charge of you, would you still be so arrogant?"

This time, the three swords did not make any sound.

Because they can see through a lot of things, even a lot of people, but only the boy, they can't see through at all.

Xuening Qian saw that they didn't speak, and continued: "I'm the guardian of jianshichendi. Judging from my behavior just now, you don't want me to fall, but my strength is almost to the limit, so I must have powerful help."

"And now, you have to show up."

"Of course, you can choose not to appear, but I will violate my faith and no longer guard you!"

"Even let the barbarians in the world compete for you!"

"If this is the result you want in your heart, I will help you!"

With these words, Xuening Qian's breath was a little short, and her heart was beating violently.

Since we can't hold these three swords by force, we have to change the way!

Negotiation!

She will let Ye Chen try!

The whole sword world is like a chaotic graveyard in the middle of the night.

After a short silence, one of the swords finally spoke.

It's the back sword!

"It's impossible for you to be in charge of me."

"But I can promise to do it for you three times."

"If you don't want any of these three times, then don't give us any more ideas!"

Blood coagulation thousand eyes son a sink, stretch out that is full of blood five fingers: "five times."

The three swords swayed slightly, and there were gusts of wind in the sword world.

The strong wind disordered the hair of Xuening.

It's beautiful.

"Okay, five chances."

"I will not give you all my strength, but I will give you half of it."

"But this half of the power is enough to fight against some troubles in the center of the earth."

"Besides, I'm the only sword that you don't deserve to control, Jiangjian and Dijian. Even if you control it, you will be the first to die!"

This naked threat, but let blood coagulation thousand mouth appeared a smile.

Although five opportunities are less, they are enough for the current crisis.

Suddenly, the blood coagulates thousand to think of what, still way: "do you really fear leaf Chen?"

Words just fall, a voice of cold hum rings out: "how can we be afraid of that smelly boy who doesn't have the same hair."

"His talent and blood are really good, but his cultivation is too low after all. If he enters Baijia realm at this time, we may be really afraid, but the present realm is too weak for us."

When Xuening Qian heard these words, he outlined a sly smile: "since I'm not afraid, I'll try to inform Ye Chen. If ye Chen conquers you, can this back sword be used for me forever?"

This time, the three swords did not make any more noise.

I don't know whether I agree or not.

Xuening Qian doesn't care anymore. She sits cross legged, closes her eyes and swallows a pill. At the moment, her condition is really bad.

It's better to repair your injury as soon as possible.

The power of Dan medicine instantly gathered all over the body, the blood coagulated, the face was slightly red, and the wound disappeared.

For three hours, the state of hemagglutination was finally better.

And she looked at the three swords again, flew up, reached out and held the back sword.

"Now, I'm going to take my first chance!"

The sword spirit in the back sword was stunned and said, "you are not in danger now. Why waste an opportunity?"

Blood coagulation thousand red lips outline a beautiful smile: "after so many injuries, there is no harvest, I am very curious what kind of magic your sword has."

"Why not have a try."

Words just fall, blood coagulation thousand manual, she felt in her hands to grasp the endless power, as if behind is a sword world.

Her Kendo talent is already very bad, but when she holds this sword, she feels as if her Kendo has broken the world!

"Is this the power of these three swords?"

"The power of rules in legend? What's the difference between this sword and Tianjian? "

"Do these three swords have any connection with the ancestor of sword God?"

There are too many doubts in the heart of hemagglutination now.

Chapter 6128

Although there are many doubts, the sense of power in hand is better than everything else.

She fiercely waved the sword in her hand, and a startling sword light crossed the sky of the sword world.

Then she saw the outside world.

This sword really broke the rules of the sword world.

However, the guard array of jianshichendi soon repaired it.

Xueningqian's hand trembled, and the aura of Dantian disappeared.

"Just one sword will consume my aura? Is that exaggeration? "

Xueningqian takes a pill again, and the aura of Dantian is slightly full. She takes a few deep breaths and cuts it out again with one sword!

This time, her sword made Wan Jian wail, and created a sword world.

This sword seems to break a world.

You know, this is the power of the powerful one in Baijia realm holding the magic sword.

Even Xuening felt that anyone in the sword world would be lost in a flash!

When Xuening Qian was about to use her third sword, she was engulfed by an extremely painful feeling.

Her body was exhausted, her eyes closed and she fell to the ground.

The sword in her hand before, however, sent out a sneer: "this is the price."

"In a sense, our swords are not made for fighting. Fighting will only hurt us."

"Do you understand?"

.....

At the same time, ye Chen doesn't know everything about the sword world.

At this time, he is understanding.

The cultivation methods of Dou Zi Jue pass through Ye Chen's mind one by one.

This pithy formula contains the profound meaning of life.

The essence of life is to fight and plunder. Only through constant struggle can we seize the resources for survival and have the qualification to reproduce.

If the struggle fails, it will be the end of extinction.

In this world, the strong are always respected, and the losers eat the dust.

Douzijue is just a magic power of fighting bravely and striving towards the highest power.

It's the way to cultivate "fighting spirit"!

Among the ways to cultivate fighting spirit in the world, fighting word formula is the best, the highest, the best and the most perfect.

Ye Chen closed his eyes and realized that this pithy formula is broad and profound, which contains the profound meaning of life fighting and reproduction.

Even if he has the basic knowledge of the military word formula, even if he has a profound knowledge of martial arts, it is difficult to understand for a moment.

"Fighting God, Tianzhu, now!"

See, ye Chen is not panic, but directly sacrifice the God of war Tianzhu.

The ancient brass beads emerge from ye Chen's body, and revolve around him. A huge word "dou" is constantly shining.

This God of war Tianzhu contains the fluctuation of ancient fighting spirit, and it has great fighting spirit, which is of great benefit to cultivation.

Ye Chen constantly breathes and swallows the aura of Tianzhu, the God of fighting, like a long whale drinking water. With the aura of Tianzhu, ye Chen confirms each other with douzijue and explores the ultimate truth behind the struggle.

What is truth?

Where the edge of the sword reaches is the truth.

Truth is within the scope of the sword and in the hands of the strong.

The key to fighting is to fight out a new world and become the absolute strong and grasp the eternal truth.

Ye Chen constantly feeling, the passage of time bit by bit.

The blood dragon guards Ye Chen's body silently. Looking at the breath of Ye Chen's body, he gradually turns from gentle and mellow to fierce. He can't help retreating and can't get too close to Ye Chen.

After seven days of this, ye Chen's whole body was agitated with air, and all kinds of aura gathered into a robe, which was draped on him.

This robe, with the dignity of the ancient fighting emperor, has the air of fighting and killing, which seems to suppress everything.

All the air around Ye Chen turned into fighting spirit, which was full of the terrible atmosphere of fighting and killing. Just a little bit of fighting spirit leaked out, it was enough to kill the nine level heaven master in Taizhen!

"What a terrible breath

Blood longan pupil contraction, at this moment, ye Chen, obviously become a fight word Jue, big fight spirit, incarnation of the ancient fight emperor, the robe floating, cutting tengtengteng, the power is terrible to the extreme.

If at this time, ye Chen and xuanjiyue fight alone, he does not need to rely on the power of the blood dragon, a person can kill xuanjiyue!

"Is that the power of fighting?"

Ye Chen opens his eyes, but the pupil is a piece of bright gold.

He clenched his fist and felt the fighting all over him. He felt the air rushing into the sky.

Now ye Chen's cultivation has directly reached the peak of the three-tier heaven of the true realm. Just a little bit short, he can break through and reach the four tier heaven!

This pithy formula is so powerful that he almost broke through on the spot after he succeeded in training.

Relying on the blessing of bingzijue and douzijue, ye Chen's fighting power can be said to be improved by leaps and bounds. Even the experts in baijiejing have a chance to kill him! Of course, those extremely adverse existence except!

The blood dragon swallowed his saliva and said, "master, how do you feel?"

Ye Chen a smile, way: "feel, only two words, invincible!"

The blood dragon was shocked, and said: "in the nine heaven magic, Dou Zi Jue is only the second, the first Daqian Chonglou palm..."

He thought to himself that the formula of Dou Zi ranked second, which was so powerful. If ye Chen could become a great master, wouldn't he want to blow everything up?

"Da Qian Chong Lou Zhang? Not yet... "

Ye chenlue felt that the secret script of Daqian Chonglou palm was hidden in his blood, but it was too complicated for him to understand even if he had the basic knowledge of Bing Zi Jue and Dou Zi Jue.

If you want to become Daqian Chonglou palm, ye Chen's inside information is far from enough.

Chapter 6129

"Unfortunately..."

Blood dragon sighs mildly. If ye Chen can become Daqian Chonglou palm, I'm afraid he can kill xuanjiyue, Emperor Shitian and the judge with one hand.

After all, the power of Jiutian Shenshu is too terrible. Once it's practiced, it's really against the heaven. It can only be described as invincible.

"You wait for me here. I'll go in and have a look."

Ye Chen calms down and looks at the entrance of the whirlpool in front of him. He has already practiced the pithy formula of fighting words and has fighting spirit to protect his body. Even if he is lost in time and space, he can shuttle freely and is not afraid of being occupied.

Even if there is a crisis, he has to try.

Because now in the game of geocentric, if you don't have allies, it will be more difficult.

But if you really want to talk about allies, hemagglutination can be counted as one.

But at present, ye Chen doesn't want to involve hemagglutination.

After all, he promised others that he would protect xueningqian and even leave here with xueningqian.

If he killed xueningqian again, he would be too guilty.

"Good."

The blood Dragon nodded and didn't stop it.

Because he believed in Ye Chen's strength. Now ye Chen, who was a warrior robe of ancient times, almost pushed the world. The existence of invincibility in the world was so terrible that nothing could stop him.

If ye Chen had an accident, he would save Ye Chen even if he burned himself and the book of heaven!

His existence is for ye Chen's existence!

At the moment, ye Chen's eyes coagulate and flash, flying through the vortex entrance and into the lost time and space.

As soon as he entered the lost time and space, ye Chen immediately felt like he was falling into the mire. He seemed unable to struggle. The more he struggled, the deeper he fell. He wanted to be engulfed by the endless static time and space.

This kind of feeling, if a few days ago, I'm afraid I can't struggle.

But now it's different!

"Babu's putu spirit, break it for me!"

Ye Chen's eyes are cold, and his palm is suddenly waved. The Buddha's light is surging. It turns into a thousand story pagoda and roars down to the void town.

This pagoda is the hongmengyuan skill evolved from the eight gods of Tianlong. At this time, ye Chen developed a fighting spirit, which poured into the pagoda, and a brilliant scene appeared.

On the pagoda, a figure of the ancient Buddha looms. It is said that the fight that represents the peak of the fighting spirit of Buddhism defeats the Buddha!

Ye Chen's fighting spirit, combined with the pagoda, turned out to be a victory over the Buddha.

This battle defeated the pagoda of Buddha and fell down. Suddenly, countless laws of time and space burst and smashed. Ye Chen broke the rules of this lost time and space, and the original almost static law of time returned to flow.

The scene in front of Ye Chen's eyes became clear gradually. He saw many treasures left by the ancient Fengjia family, the statue of fengdijun, and a map floating in the distance of time and space.

"Take it!"

Ye Chen's eyes brighten and grabs the map in the distance.

Click, click.

When ye Chen just got the map, the statue of emperor Fengjun suddenly disintegrated, and a misty, hazy ghost appeared slowly.

That is the shadow of the wind emperor!

"Lord of reincarnation, are you here at last?"

The virtual shadow of emperor Feng stares at Ye Chen, and his voice is quite respectful.

"Are you the elder of emperor Feng?"

Ye Chen opened his eyes, but did not expect that the wind emperor would suddenly appear.

The appearance of fengdijun is a handsome young man with white skin, graceful demeanor and calm bearing.

"Sin minister, wind emperor, see reincarnation Lord!"

The wind emperor bows to Ye Chen, with a respectful tone and fear.

Ye Chen is greatly surprised, but the other party is one of the ten Heavenly Kings. He is so respectful to himself, which is quite beyond his expectation.

"You're welcome, master. How dare I accept this big gift."

Ye Chen immediately arched back.

Fengdijun said: "I went astray and wanted to kill the reincarnation Lord together with yuhuanggudi. It's a big disrespect. Don't redeem me. But fortunately, I've lost my way now. Reincarnation Lord, I'm your most loyal believer. Please accept my worship!"

With that, Emperor Feng pays homage to Ye Chen again.

Ye Chen is stunned. He feels the reincarnation in his body. A sudden change seems to resonate with emperor Feng.

This reincarnation edict is a gift from Xiao Xinghe, the ancestor of the sword God, to Ye Chen. You can find the location of reincarnation Heavenly Sword.

This time, the reincarnation Fu Zhao actually has a resonance of the change, ye Chen suddenly eye pupil a contraction, looking at the wind emperor said: "elder, have you ever come into contact with reincarnation Tianjian?"

Fengdijun was stunned, and then sighed: "the reincarnation Lord is really clever. I have indeed contacted the reincarnation sword, and I have personally experienced the edge of the reincarnation sword. I know that your divine power is vast, so I have been subordinated to you. If you rise against the sky in the future, don't forget the contribution of the little man."

Ye Chen heart a shock, immediately understand.

It turns out that the wind emperor turned against each other and chose to bet on himself because something happened.

This matter is that emperor Feng accidentally contacted reincarnation Heavenly Sword!

The strength of reincarnation Heavenly Sword is extremely terrible. Emperor Feng is deeply shocked. He only feels that reincarnation heavenly power is vast and invincible.

Therefore, he defected in the middle of the road and turned to Ye Chen. He even became Ye Chen's most loyal believer and was willing to sacrifice all his help.

Ye Chen's heart is naturally extremely shocked. The breath of reincarnation Sky Sword must be very terrible, which makes people such as emperor Feng afraid of defection and submit to Ye Chen.

If you can really find reincarnation Tianjian and successfully take charge of it, ye Chen may have a chance to fight against the ancient emperor Yuhuang!

Fengdijun said: "I have broken with wanxu. Wanxu is staring at me everywhere. It's not easy for me to act. Fortunately, this time, we have a chance to meet. I'll give you a chance to help you break through."

Ye Chen said: "what chance?"

Emperor Feng took out a jade and handed it to Ye Chen respectfully. He said, "this is an ancient jade with ten thousand poisons. It contains strong poisonous gas. It's good for the transformation of your poison tablet. Please accept it."

"Ancient jade of ten thousand poisons?"

Ye Chen's heart moved. The seven tablets of reincarnation in his body, the dust tablet, the wind tablet, the burning tablet, the dark tablet, the spirit tablet, and the magic tablet, have all been transformed, but they are still short of the last poisonous tablet, and have not been transformed completely.

Fengdijun, the ancient jade of ten thousand poisons, came in time and was suitable for yechen. It can make yechen's poison tablet complete.

"Lord, please accept it quickly. I don't have much time. I must go back as soon as possible, or I will be noticed by wanxu and there will be a disaster."

Fengdijun's tone was solemn. He broke up with wanxu, obviously under great pressure. He was alone against the whole wanxu, and the risk was extremely huge.

Chapter 6130

"Good!"

Ye Chen nodded and immediately accepted the ancient jade.

Emperor Feng was relieved with a smile and said, "well, Lord, I'll wait for you in the supreme world."

With that, the wind emperor's figure gradually faded away.

Ye Chen looks at the wind emperor dispersed, the heart is still a kind of dream like feeling, did not expect that the ten emperor ancestors, there is actually someone to submit to himself, this is simply incredible.

You know, every one of the top ten Heavenly Kings in ancient times was a man of indomitable spirit. He was powerful and powerful.

The ancestor of the wind family turned to Ye Chen. If it was spread out, it would be enough to shake the world.

Ye Chen calms down a little, and plans to take out the map, as well as many natural resources and treasures in the lost time and space.

But when he is ready to leave, ye Chen seems to feel something! Quickly take out the Zhenxie plate.

I don't know why, just now, there seems to be some kind of change in Zhenxie disk.

But ye Chen's naked eye swept a circle, and even turned the spirit power on the Zhenxie plate, there was no problem in it.

"Do you want me to be conscious?"

"But now there is no famine. If I rush into it, it will be dangerous."

"But my strength now is not what it used to be. Maybe I don't need to be old to fight against the Wuzu!"

Ye Chen thought of here, look a little hesitant.

Now that his cultivation is so good, he should not be so embarrassed as before.

Even if there is no famine, you can try to enter the Zhenxie disk!

And it should be safer to enter the Zhenxie disk here!

Think of here, ye Chen hesitated a time of burning incense again, Mou son a coagulate, cross legged and sit, Zhen Xie pan is suspended in front of the body!

The next second, ye Chen a drop of blood essence forced out, fingers quickly pinch formula!

Soon, the spirit will enter it!

At the moment, ye Chen did not move, just like a fossil.

.....

At the same time, Zhenxie plate.

A blood red eyes suddenly open!

It's the Wuzu!

The corner of Wu Zu's mouth outlined a cold smile: "these days, the guy's breath is dim a lot. I think the desolation in your mouth should dissipate."

"Now, it's my turn to take charge of your body."

"Reincarnation blood, the body of the demon... This is probably the strongest cauldron in the world. Once I devour you, maybe I am qualified to fight against wanxu!"

"By the way, before I become the number one in the world, I must take charge of this sword thoroughly. No, there are three swords out there!"

"With the evil sword in hand, who can be the enemy of our ancestors?"

Wuzu burst out laughing.

Soon, he stood up, his hands behind him, as if waiting for someone.

After three breath, a figure came from the dark!

It is Ye Chen who enters the Zhenxie plate!

Ye Chen faintly smell the bad feeling, but this time into the town of evil disk and the last time into, the difference is extremely big.

Now his strength has been turned upside down. He wants to see what the Wuzu plans to do!

Wu Zu thoroughly saw Ye Chen's figure, but when he felt the breath of Ye Chen's body, Wu Zu was inspired!

This guy broke through?

Is it really three-tier?

No, even close to the fourth floor!

Last time we met, this boy's accomplishments were not so good. This time, he broke through so quickly?

Is this on?

It's amazing to know the strength of this boy's leapfrogging.

But Wuzu didn't think much about it. No matter how to break through it, now it's just the real world.

It's just a mole ant after all.

More importantly, this time, there is no old man around him!

Wuzu step out, the pupil in the blooming strange blood lines, word by word way: "it seems that you received the town evil disk signal?"

"Are you coming to the appointment alone? What about the old guy? "

Ye Chen Mou son tiny MI, the doubt in the heart is thoroughly clear, it seems that really is this Wu Zu layout.

He didn't have the slightest panic and said indifferently, "so you're looking for me?"

"Is this negotiation or is it trying to take me away again?"

Wuzu's expression is strange.

The boy in front of him is too calm. Now he has his own territory under his feet. How dare he do that?

He hummed coldly and waved his big hand. The next second, the whole world in Zhenxie disk burst into red light!

At the same time, the ancient runes are everywhere, a sense of extreme depression, like a vicious beast to devour Ye Chen!

Ye Chen coldly smile: "eight Fu Tu Qi, break it for me!"

Then, with a sudden wave of the palm of the hand, the Buddha's fighting spirit surged into a thousand storey pagoda and roared down to the void town.

On the pagoda, a figure of the ancient Buddha looms. It is said that the fight that represents the peak of the fighting spirit of Buddhism defeats the Buddha!

In a flash, the sense of depression dissipates!

And Wu Zu can't help but back two steps.

Just a move, he then feels the startling change on the leaf Chen body!

If ye Chen was just a mortal to him, he would be a God now!

What chance, can let this boy break through so big!

Ye Chen stepped forward: "is this the Hongmen banquet you arranged? If so, it's too disappointing."

This time, the Wuzu's confidence dissipated completely!

Although his strength is far more than ye Chen, the boy in front of him really gives people a sense of evil!

He is a sorcerer and has the most powerful evil way. There are people who are more full of evil than him!

"What's your question?" Ye Chen light way, is toward Wu Zu close.

Now the old man is not here. If you have a chance to kill the wizard, you can save some trouble.

However, ye Chen clearly perceives that his current state is hard to win if he fights with the Wuzu!

But if you break it in the heart of Tao, you may have a chance!

Wu Zu looked solemn. The next second, he came to the evil sword and said, "do you want to be free? As long as you and I unite and take away this boy's body, I will give you freedom! "

The language falls, the evil sword shakes gently, the next second soars to the sky.

The temptation of freedom is too great.

The evil sword has spirit. He feels from ye Chen that if he is in the charge of Ye Chen, he can't have freedom!

So Wuzu is his only chance!

Starting with the evil sword, Wuzu is full of terrible momentum!

This momentum instantly pulls Ye Chen into a sword world!

Ye Chen looked around, endless murderous gas locked him, breathing as if to stop at this moment.

At the moment, if you really fight against it, it's hard for you to win!

But now, ye Chen has to consider!

"Bing Zi Jue, kill it for me!"

Ye Chen's eyes are full of the crushing art of decisive, military word formula. The nine days breaking way is coming out. In the world of sword, there is a terrible storm, with the supreme crushing mystery.
