### Chapter 6161

It was from the blood demon mountain range that he wanted to find out what it was.

If you can trade with the blood demon clan, get the demon energy source, and let Xiao Huang swallow and refine it, it would be better.

Soon, ye Chen came to the blood demon mountain range, and the vision of the Fairy Spirit was stronger than ever.

Ye Chen close to the blood demon mountains, it is very clear to see that the Fairy Spirit straight sky, roaring, seems to pierce the sky, very spectacular.

The mountain gate prohibition of blood demon mountain is much stronger than before. It seems to be completely closed. There are many demon families patrolling in the sky to prevent outsiders from approaching. They all look serious and seem to have something big happening.

Ye Chen is slightly surprised, but doesn't know what happened, but wants to be related to that fairy spirit.

"The Lord of reincarnation?"

At this time, many demon patrol guard, also saw Ye Chen, have come to salute inquiry.

Although it was a salute, they were all on guard.

Although the reincarnation of the Lord is not the first time to come, also calculate and blood demon clan alliance.

But ye Chen is human after all.

Now, it's not appropriate for the Terran to enter.

Ye Chen nodded and said, "Hello, everyone. I'd like to visit the two elders, the demon ancient god and the black dead bird. Thank you for saving each other a few days ago."

A demon clan patrolling guard said: "no, we appreciate the good intentions of the reincarnation Lord, but we blood demon clan have a major ceremony to hold today. It's not convenient to see guests. Please come back, reincarnation Lord. It's not too late to visit again in a few days."

Ye Chen said, "what's the important ceremony? Not even me? Where is master demon emperor? I want to see him. I wonder if he still remembers my ally! "

When it comes to the end, ye Chen's tone is a little harsh.

Whether it's for Xiao Huang or for other reasons, he has to go in, but he's more resolute. I don't think these servants will be in too much trouble.

After all, he's aligned with the blood demons.

The two sides are allies!

Since the blood demon clan has a mysterious ceremony, there is no reason to hide it from ye Chen.

Many demons patrol and look at each other, but they don't know what to do.

"Let him in! He's not an outsider. "

At this time, a deep voice came out of the blood demon mountains.

It's the voice of the nine demons emperor.

"Yes

The demon clan heard the order, immediately opened the mountain gate to prohibit, put Ye Chen in.

Ye Chen calmed down, strode into the blood demon mountains, and flew away to the place where the voice of the nine demon emperor came out.

The place where the voice came out was also the source of the evil spirit!

"Master, that strange energy seems to be there too!"

"If I absorb, my strength will be stronger than you think. Now there are few things in the world that can satisfy my absorption."

Xiao Huang is looking forward to it. It's very attractive to him.

"Well."

Ye Chen nodded, naturally also know this, speed up to go, over many mountain barriers, finally came to a barren mountain.

An ancient temple is built on this barren mountain.

Before the temple, there was a well, covered with mottled moss, but the well water was clear.

The spirit of immortality came out of the well. At the end of the well was a little wind. After it rushed into the sky, it turned into a giant giant, very strange.

Jiumie demon emperor turned into a human figure and knelt down in front of the well, singing in a low voice, as if praying for something.

Barren mountains, ancient temples, water wells, evil spirits, and prayers make up a rather strange picture, which makes people shudder.

"This is..."

Ye Chen looks at the picture in front of him, and his heart is shocked.

In particular, the plaque of the ancient temple is hung with the word "ancient demon Temple".

This ancient demon Temple gives Ye Chen a very familiar feeling. It is actually similar to the Dixin Temple of the ancestors of Hong, Mo and Lin!

Even, there are countless causal relationships between the ancient demon temple and the earth center temple.

In the dark, ye Chen caught a trace of eternal hatred and fate.

It seems that the blood demon clan and the temple in the center of the earth have a long-standing feud.

To be exact, it's the feud between the Terrans and the demons!

"Master demon Emperor..."

Ye Chen step forward, there are countless questions in his heart, want to ask nine kill demon emperor.

But jiumie demon Emperor didn't look up and kept kneeling and praying, singing in a low voice.

Ye Chen approaches to the past, and vaguely hears the chanting voice of the nine destroying demon Emperor:

"The most beautiful blood demon emperor, please listen to my call and wake up here!"

Hearing this chanting sound, ye Chen's eyes slightly contracted and stopped in situ.

Boom!

But see the sky in the evil gas fluctuation, more and more intense.

The demon light runs through the sky and breaks through the infinite void. The stars of the universe are scattered down like fireflies, and spread all over the whole blood demon mountain range.

And the well in front of the ancient demon Temple began to absorb the aura of heaven and earth, the cosmic starlight, and began to churn.

"Lao Zu is going to wake up!"

Nine destroy demon emperor see this vision, look incomparably nervous, Huo Ran get up, repeatedly back a few steps.

The next moment, the well, blood mang burst.

A beautiful girl emerged from the well.

The girl has picturesque features, cherry red lips, pink skin, but her hair is blood red color, floating one by one, full of demons.

Chapter 6162

She was born out of the water, with a graceful figure.

"Welcome to your ancestors!"

Seeing the birth of the girl, jiumie demon emperor bowed his head and did not dare to take a close look. It seemed that he was afraid of blasphemy, and then he kowtowed, full of awe.

"Are you the Lord of reincarnation?"

The girl floats on the well, and her whole body is full of evil spirit. It turns into a dark red evil fog, which covers the key part of her body. It is hazy and more attractive.

But this young girl has a strong sense of killing and cutting in her eyebrows. She can't raise a little desire, but has endless fear and fear.

"You are the ancestor of the blood demon clan?"

Ye Chen frowns tightly, looking at the girl with red hair in front of her.

Vaguely, he felt the girl's causal breath, very familiar.

Before that, when he captured the zhenmiejiao stone, he seemed to feel the breath of the ancestors of the blood demon clan.

However, the ancestor of the blood demon clan didn't embarrass him. He removed all the prohibitions and let him easily get the zhenmiejiao stone.

The sky demon also specially ordered that in the future, he would take the stone to the dark forbidden sea and give it to a man named demon saint.

That Zhen miewao stone is the treasure of the blood demon clan, and the ancestors of the blood demon clan are willing to give up and pay attention to Ye Chen.

After all, ye Chen's back, still has the day demon's protection!

"I am the king of blood demon. I am indeed the ancestor of blood demon clan. It is my luck to form an alliance with the reincarnation Lord."

The girl smiles a little and stares at Ye Chen. Although there is the air of killing and cutting between her eyebrows, her eyes are the look of appreciation and approval.

Ye Chen suddenly realized that the murderous spirit between her eyebrows seemed to be born and eternal, representing the fierce power of the demon clan, but in her heart, she didn't mean to kill Ye Chen.

"It turns out that the ancestor of the blood demon is actually a woman. It's impolite."

Ye Chen arched his hand to say hello, but did not expect that the ancestor of the blood demon clan was actually a woman.

This red haired girl calls herself the blood demon emperor. Since she dares to call herself the emperor, her strength must be earth shaking.

Was she the one who used to fight against the ten Heavenly Kings?

"Master, were you the one who fought against the top ten ancestors?"

Ye Chen explores to ask, at the same time also check the strength of the blood demon girl.

However, the breath of the blood demon girl is unfathomable, just like the eternal abyss. Ye Chen can't feel it clearly at all.

"Do you want to know?"

The blood demon girl smiles and floats out of the well with bare feet. She walks to Ye Chen and breathes out like a orchid: "let's practice with me. We practice with each other. All the causes and effects can be felt clearly."

"What's more, you and I are married, which is more beneficial to the alliance."

Say, there is a kind of attachment in her eyes, looking at Ye Chen.

Ye Chen head concussion, completely did not expect the blood demon girl, will put forward this request.

On one side of the nine destroy demon emperor, is shocked to the utmost, completely stunned.

This is the ancestor of the blood demon clan.

Regardless of age, this generation is invincible.

If ye Chen and Shuangxiu, then how should they coexist with Ye Chen?

The key point is that there are so many people here. How could the ancestor speak so freely!

"Well, I'm joking."

Ye Chen retreats and refuses in a hurry.

This blood demon girl, who has lived for thousands of years, is a person of the same age as the ancestor of the sword God, the ancestor of wanxu, the emperor Fengjun and so on.

Ye Chen has no interest in this ancient figure.

"Oh, I'm kidding. How can I be worthy of reincarnation?"

The blood demon girl smiles and doesn't mention Shuangxiu any more, but suddenly grabs Ye Chen's hand and presses her soft and full place.

"Well?"

Ye Chen feels the softness of the palm of his hand, and his face is muddled. Isn't he agreed not to double repair?

Blood demon girl said: "feel my heart, the cause and effect of the past, you can see."

Originally she has no other meaning, just want to let Ye Chen, feel her heart.

Ye Chen was a little calm, and his mind moved slightly. It seemed that he fell into a world of magma purgatory.

In this world, there are pictures of death, war, fighting, blood and bones everywhere.

Ye Chen's ears were constantly pounded by endless shouts, fights, weapons and the collision of supernatural powers and martial arts.

Boom!

Ye Chen's head almost exploded. In an instant, he saw the war scenes of the ancient times.

At that time, the Terrans and the blood demons, each accounting for half of the country, in order to dominate the imperial plan, the two sides broke out a war.

In this war, the two sides are equally matched, and no one can do anything about it. They are fighting against each other in the dark, and their blood is flowing.

Between heaven and earth, countless martial arts implications erupt, and the rules of this world will be broken.

What level of fighting is going on here!

The key is that ye Chen can't see through a lot of earth's core.

However, one thing is certain, if it continues, the demon clan will not be forced to guard the blood demon mountain.

But all of a sudden, the picture changes. Somehow, the blood demon clan is defeated, without any signs, as if something terrible disaster has happened.

The war situation, which had been close to each other, collapsed immediately.

The Terran has the absolute upper hand, killing the blood demon.

In the end, the blood demon clan was expelled to the blood demon mountain by the ten Heavenly Kings and ancestors, and they could only survive. The two sides signed a no war agreement to ensure that they would not infringe on each other.

There are two strange things about this war.

The first point is the sudden defeat of the blood demon clan, which has no sign.

The second point is that after the defeat of the blood demon clan, the ten Heavenly Kings and ancestors did not kill them all, but let the blood demon clan retain a trace of vitality.

These two points are very strange and can not be explained clearly by later generations.

In a word, after the end of the war, with the great merit and good fortune of revitalizing the human race, the ten great heavenly kings and ancestors successfully rose to the Supreme Court, and then joined hands to wipe out the old masters, and established a new system.

"This..."

Ye Chen opened his eyes, released his hand, felt all the cause and effect, but he was at a loss.

Because, those two doubtful points, the blood demon girl did not explain clearly to him.

He only saw that in that war, the blood demon girl was extremely strong and led the demon family to fight bravely. Even in the face of the suppression of the ten Heavenly Kings, she did not give in at all.

In the end, although she lost, it was also shocking.

"See clearly?"

The blood demon girl looks at Ye Chen way.

Ye Chen said: "it's not clear. There are two doubtful points."

The blood demon girl said: "those two doubts, I'll tell you later. Now you and the nine demon emperor will protect the Dharma for me together!"

At last, the blood demon girl floated back into the well, put her hands together, closed her eyes, and seemed to be praying.

Chapter 6163

In the well, there are strands of fairy Qi and evil fog, which surround her naked body and nourish her blood.

In ancient times, she was wounded by the ten Heavenly Kings in the battle between the human race and the demon race, but she hasn't recovered yet!

Ye Chen heart a burst of shock, as if to see again, this young girl alone fight ten ancestors, that lonely brave absolutely proud figure.

He knew that he was invincible, but for the survival of his family, he was also determined to die.

"Lord of reincarnation, the three old bones of the temple of the earth's heart are coming. You and I will resist together and delay for our ancestors!"

Nine destroy demon emperor hear the order of the Dharma protector, immediately come to Ye Chen side, the facial expression coagulates heavy way.

Ye Chen's eye pupil shrinks, a way: "the earth heart Temple wants to come?"

Jiumie demon emperor nodded and said: "yes, those three old bones, claiming to be the guardians of the Terran. A few days ago, in order to save you, our blood demon tribe went out, which has aroused their hostility. They won't let us go."

"Fortunately, Laozu also felt the hostility of Dixin temple and went out ahead of time. Now she needs time to absorb the aura of Wanyao Xianchi. Let's protect the Dharma for her and stop Dixin temple first!"

"Ten thousand demon fairy pool?"

Ye Chen hears this words, in the heart move, but is to catch the sky machine.

Ten thousand demon immortal pool is one of the four immortal pools. It turned out that it was in the blood demon clan.

Ye Chen has seen the wishing immortal pool and Tianlong immortal pool in the four immortal pools, but he has never seen the ten thousand demon immortal pool.

It is said that the ten thousand demon immortal pool contains the most majestic evil spirit in the world, which is of great benefit to the cultivation of the evil way.

And in the ten thousand demon immortal pool, in addition to the spirit, there is the spirit of the spirit, which can protect people's mind from being hurt by the evil way.

Ye Chen's heart suddenly, no wonder Xiao Huang is so moved. It turns out that behind the energy of the fairy spirit, it is actually related to the ten thousand demon immortal pool.

If you can absorb the aura in the ten thousand demon immortal pool, Xiao Huang can naturally advance by leaps and bounds.

However, this is obviously not the time to practice.

Because the killing intention of Dixin temple is coming!

Boom!

At this time, the sky, thunderous shock, there are pieces of magic light, strands of immortal gas, a road of Buddha, constantly emerge interwoven, gathered into smoke, extremely fiery, transpiration in the air, the scene is magnificent.

"Hong Beichen, the ancestor of the Hong family"

"Mo Qingxuan, the ancestor of Mo family"

"Lin faming, the ancestor of the Lin family"

"The three tribes worship the mountain, and the red haze fairy will appear to meet you!"

Three majestic and magnificent elders appeared above the blood demon clan. They were the ancestors of the three clans in Dixin temple.

Under the awe of the ancestors of the three ethnic groups, in the blood demon mountain range, many of the demon ethnic groups with weaker cultivation actually vomited blood on the spot and could not bear the pressure.

Ye Chen's face sank, and the "Hongxia Fairy" in the mouth of the three ancestors was the name of the blood demon girl.

"Lord of reincarnation, we will protect our ancestors together."

Nine destroy demon emperor to leaf Chen to hope one eye, body in a flash, showed the real body of nine headed snake.

His real body is extremely ferocious, and the body of hydra is extremely huge. As soon as it appears, the weather of heaven and earth is violently shaken. There are storms and thunder coming down, and the universe seems to be stirred.

Nine out of the demon emperor soared up, perched in the sky, confrontation with the three ancestors.

Ye Chen is stepping on the head of the snake in the middle, standing upright like a mountain.

Jiumie demon emperor is the master of Baiji realm. He is willing to be trampled by Ye Chen, which shows his admiration and attention to Ye Chen.

After all, ye Chen is not only an ally, but also a friend of Hongxia fairy and Qingyan.

Even, Hongxia fairy also wants to double repair with Ye Chen, nine destroy demon emperor nature is respectful.

After ye Chen, the elders of the blood demon clan, the demons, the ancient gods, the black dead birds and other powerful people also showed their true bodies.

Many big demons occupy the sky in a dense way, and the evil spirit is filled with them, as if the end of the day is coming. The picture is very spectacular.

Ye Chen, among the ten thousand demons, is the most remarkable existence. His reincarnation and martial spirit make him like a sharp sword out of sheath, penetrating the sky and the earth.

"The Lord of reincarnation, it's really you!"

The ancestors of the three ethnic groups saw Ye Chen, and there was no big accident.

They have long guessed that ye Chen is likely to appear.

After all, ye Chen is an ally of the blood demon clan.

"Three ancestors, long time no see."

Ye Chen toward the three ancestors, arched his hand, neither humble nor arrogant.

Hong Beichen thought of his embarrassment in the past, with a look of indignation and anger on his face, and said, "Lord of reincarnation, what crime should you commit when you collude with the demon clan and plot to subvert the human race?"

Ye Chen said with a smile, "the Hongs are joking. I'm just fighting against the wanxu. How can I subvert the Terrans?"

Hong Beichen has murderous spirit floating in his eyes. He bends his fingers and wants to teach Ye Chen a lesson.

But at this time, Lin faming and Mo Qingxuan both held him on the left and right and winked at him.

Mo Qingxuan said: "the Lord of reincarnation is the key to the layout after all. Besides, there is Ren extraordinary behind it. Don't tear your face easily."

Hong Beichen's heart is awe inspiring. After all, he still needs to borrow Ye Chen's strength to fight against the judgment hall. Now he is completely shameless, which is not good.

After thinking about it, Hong Beichen said: "Lord of reincarnation, I'll give you a chance to leave quickly. Today is our grudge with the blood demon clan, which has nothing to do with you. If you leave now, we can still be friends."

Ye Chen felt the breath of the ancestors of the three ethnic groups. He had three layers of heaven in a hundred flail realm. He joined hands to crush him more than enough.

Chapter 6164

Naturally, he was not too reckless. He said calmly, "three ancestors, I have become an ally with the blood demon clan. Do you have any grudges? I wonder if you can put them down for the time being in my face?"

Hong Beichen sneered and said: "Lord of reincarnation, your face is not so big, unless you ask Ren Fanfan behind you to come out!"

Smell speech, leaf Chen facial expression tiny change.

Now the wanxu crisis has not passed, there are too many eyes staring at him, so he can't call Ren Fanfan casually.

What's more, Ren extraordinary must have something important to deal with at the moment. If he calls, he will interfere with everything in this game of chess.

So no matter what, he can't do it.

Hong Beichen saw the hesitation in Ye Chen's heart, and said: "if Ren Feifan doesn't appear, no one can stop me today!"

With that, he suddenly waved his sleeve robe, and a fierce wind blew up, which forced Ye Chen's body down from the head of the nine demon emperor.

Ye Chen's face changed greatly, and he felt that he was suffocating. Under the huge gap, he could not hold his body.

He was in the air and was about to fall to the ground. He took a deep breath in a hurry and forced out a fight from the Dantian field. The fight surrounded his whole body and stood in the air again.

"Why? "A formula for fighting?"

Hong Beichen was surprised to see this scene.

He just hit, seemingly understated, but in fact he used all his strength to teach Ye Chen a lesson and beat him to the mud. Unexpectedly, ye Chen suddenly burst out fighting and steadied himself.

However, under the pressure of Hong Beichen, Lin faming and Mo Qingxuan, ye Chen had difficulty in speaking and could only maintain his figure.

"Jiumie demon emperor, ask your ancestor Hongxia fairy to come out. I have something to question her!"

"If it's a little later, I can't guarantee that you blood demons will survive well."

Hong Beichen returns to God, and regardless of Ye Chen, he shouts to the nine demon emperor.

The voice contains the meaning of some martial arts, as well as the dignity of the strong!

The huge body of jiumie demon emperor is suspended in the clouds, blocking the sky and the sun.

But his momentum, compared with the three ancestors of the majestic broad, but there is a huge gap.

The ancestors of the three ethnic groups are all super strong in the three levels of heaven. Although they are only one level higher than the jiumieyao emperor, there is no doubt that there is a huge gap between them.

If you fight, even if you sacrifice yourself, you can't have any results.

Jiumie demon emperor's eyes were very dignified. He took a deep breath. Then he said in a cold voice, "my ancestors are sleeping. I can't see you. Please forgive me."

Hong Beichen said with a sneer: "ha ha, today's Fairy Spirit is floating. She shows that she has recovered. Do you want to hide it? Tell her to get out and die quickly, or don't blame me for being rude and killing all your blood demons! "

"You should know that I'm qualified for that."

Listening to Hong Beichen's threatening words, jiumie demon emperor's body trembled, his eyes were gloomy, and even his eyes were about to burst out. He said, "I don't know what crime my blood demon family committed, but it's going to cause such a disaster?"

Hong Beichen said: "you have broken the promise of no war. How dare you step into the Terran territory? You should be punished for your crimes!"

Jiumie demon emperor said: "we didn't break the agreement. What we said in the agreement of no war is that we are not allowed to invade the human race, to stir up war, and not to go out of the mountain."

Hong Beichen snorted coldly and said, "what's the use of playing word games with me? If Hongxia fairy doesn't come out again, give me an explanation, and I will kill all your blood demon clan! "

Jiumie demon emperor said: "you bully others, you are called the guardian of the human race in vain! Hong Beichen, you are so aggressive, just to find an excuse to seize the ten thousand demon immortal pool! "

Hong Beichen's inner plot was broken by the jiumie demon emperor, and he became angry and said: "a beast, dare to be reckless in front of me? Die for me

Finish saying, Hong Bei dust storm anger hand, a palm in the air blast to kill down, in the palm unexpectedly appeared a "array" word.

"The formula of array character?"

The leaf Chen of one side sees this palm, eye pupil tiny one shrinks.

Hong Beichen's palm is actually the formula of array words in the great Brahma's nine fold supreme skill!

All those who fight in front of the army march forward in array. The formula of array represents the array. After training, they can form a big array. With the power of heaven and earth, they can suppress all sides, which is very powerful.

Click!

When Hong Beichen's hand was smashed down, the black air in the palm of his hand rioted, and immediately turned into a huge array of tens of millions of weight. He shuttled and interwoven in the void, crushed the void, and fell into an array to kill the nine demon emperor.

Nine destroy demon emperor surprised, but did not expect Hong Beichen, actually master the nine gods.

The relationship between Hong family and Yu royal family is very close. It can even be said that Hong family is a vassal of Yu royal family and an absolute ally.

In order to win over the Hong family, the ancient yuhuangdi even spread the divine power of Brahma, which shows that he attached great importance to the Hong family.

Hong Beichen was also indirectly taught by the ancient emperor Yu Huang. He had already practiced the formula of array, which was his core card.

He did not use all his strength, but even if it was a random hand, the formula of the array would burst and fall into an array, and thousands of important arrays would be interwoven. It was also an earth shaking and terrifying picture.

Nine destroy demon emperor in the array under the cover of the word formula, even the ability to resist are not in place.

He wants to do something, but in this case, he has no right to do anything.

This is absolute power!

Even a trace of fear was born in jiumie demon emperor's heart, but the blood and determination of the demon clan made him unable to shrink.

His eyes gazed at Hong Beichen, fearless of everything and determined to die.

He is the demon emperor, the emperor of ten thousand demons. He will die, too!

"Bing Zi Jue, nine days broken way!"

See nine destroy demon emperor, will be killed by Hong Beichen, but at this time, ye Chen suddenly pull out Longyuan sky sword, break through all the restrictions, a sword cut out.

Ye Chen has no choice, nine destroy demon emperor can't die, the whole thing, in a sense, is caused by himself, he must stop!

The sound of the dragon's chant burst out from the sword.

Although Hong Beichen is powerful and his accomplishments are far above Ye Chen, his sources are interlinked, and ye Chen just grasps the mystery of the divine power of Brahma.

This array of words formula, nine destroy demon emperor can't resist, but ye Chen, rely on the same attribute of the supernatural power, barely can stop.

Bang!

Ye Chen waves his sword to kill him. The nine days breaking way of Bing Zi Jue turns into countless sharp and fierce sword Qi, and flies out like a locust, crushing the ten million heavy array.

The collision of "Bing Zi Jue" and "Zhen Zi Jue" and "Jiu Tian Shenshu" caused endless storms in the void, and even mushroom clouds burst out. The scene was extremely spectacular.

Chapter 6165

No one thought that Ye Chen broke the doomed situation.

"What

When Hong Beichen saw this scene, he was shocked.

He knows what he stands for when he hits.

Was it broken?

Mo Qingxuan and Lin Faming, the two ancestors, were also shocked. Unexpectedly, someone could catch Hong Beichen's hand in this world.

And this person is Ye Chen. His cultivation has only four levels of heaven in the true realm.

How does the key reincarnation master do it?

Countless doubts filled people's hearts.

"Wheel... Lord of reincarnation..."

Nine Destroy Demon Emperor to escape from death, only scared out a cold sweat, eyes looking at Ye Chen.

There are gratitude and doubts.

His strength is much higher than that of Ye Chen, and he can't compete. How does this guy do it?

The only explanation is the ancestor of the demon in Ye Chen's body!

Is the God demon ancestor coming again?

But just now I didn't feel the feeling of the celestial demon ancestor's hand!

What's going on in this?

"Puff!"

But see ye Chen's face pale, blood gushing in the mouth, the whole body is surging a crack, already is incomparably weak.

He was not afraid of death. If it wasn't for his profound martial arts and the sanctification of his body, he would be a corpse now.

Looking at Ye Chen's brave appearance, the jiumie demon emperor, the demon ancient god, the black dead bird, the ancestors of the three clans, and all the demon disciples in the audience were completely shocked, with a look of admiration in their eyes.

"Lord of reincarnation, what do you mean? Do you want to tear your face? "

"Do you know what that means to the Terran?"

Hong Beichen's face twitches and stares at Ye Chen.

He doesn't want to be cheeky with Ye Chen, because in the future, he will fight against the judgment hall together.

In fact, at the beginning, if it was not for any special obstruction, ye Chen may have become their pawn.

And it's a very important chess piece.

Ye Chen ha ha a smile, wipe off the blood stains of the corner of the mouth, naturally also have no intention of tearing the skin.

Although he didn't like the ancestors of the three ethnic groups, he also knew that the ancestors of the three ethnic groups would be the key force in the future confrontation with the judgment hall.

"Three ancestors, I have no intention to confront you, but I'm an ally of the blood demon clan. I can't watch the blood demon clan have an accident."

"A few days ago, the blood demon clan saved me once. This time, it's my turn to protect them!"

"Born as a man, never be ungrateful! This is my Ye Chen's principle

Ye Chen's eyes are sharp, holding Longyuan Sky Sword tightly in his hand, and there is a star behind, rising slowly.

In his heart, he made a wish to heal his wounds. The star of the wish released a continuous white light, which fell on him and made him recover quickly.

In the blink of an eye, ye Chen has recovered a lot of vitality, coupled with the terrible vitality, his pale face, gradually also restore ruddy.

Looking at Ye Chen's terrible recovery ability and listening to his heroic words, the whole demon clan was shocked.

Hong Beichen's body trembles. He finally finds an excuse to kill the blood demon clan and capture the ten thousand demon immortal pool. How can he let it go easily?

If you leave today and have no excuse in the future, you can't attack and kill casually. Otherwise, heaven's punishment will be unbearable.

This is the importance of excuses. If you want to be a famous teacher, if you don't have a proper name, you can't speak properly.

"Reincarnation Lord, when I beg you, you go, I promise you, don't kill one of the demon clan, as long as they hand over the ten thousand demon immortal pool."

Hong Beichen sighs and is afraid of Ye Chen's stubborn character.

He is willing to give in, as long as the blood demon clan to hand over ten thousand demon immortal pool, he will not kill.

Hearing Hong Beichen's words, the whole demon family looked cold and stern. Even countless demons broke out a strong intention to kill!

The Terrans come to the demon kingdom to seize things. They won't hand them over even if they die!

This is the pride of the demon clan!

Nine destroy demon emperor humed a way: "that ten thousand demon immortal pool, is my blood demon clan's most precious treasure, how can give to the outsider?"? Don't be paranoid! "

"I won't give it to the Terran. You'd better die."

The two most precious treasures of the blood demon clan are zhenmiejiao stone and Wanyao Xianchi. Zhenmiejiao stone can be sent out after discussion. However, Wanyao Xianchi is the foundation of the heart and blood. If you send each other, it is tantamount to abandoning the heart and draining the blood. All the Qi transportation will flow away. Life is not like death.

No matter what happens to the demon clan, it will not be handed over!

Hong Beichen's palms crackled and said, "it's not negotiable, is it?"

Nine destroy demon emperor bite teeth, a word a way: "you want to capture ten thousand demon immortal pool, first kill our demon clan again! All of you, take orders and join the battle! Guard the demon clan! Even if you die, you can't let the Terran take away the ten thousand demon immortal pool of our demon clan! "

When he stopped drinking, all the demon disciples immediately formed a blood demon heaven array, which was spread over the sky, and the scene was magnificent.

Hong Beichen burst out laughing, not afraid at all, and said: "on the array, how can you compare with my array formula? If you insist on killing yourself today, don't blame me for being merciless! "

Finish saying, Hong Beichen stares at Ye Chen again, both hands bear behind, light way: "reincarnation Lord, which side do you stand in the end?"? If you insist on being my enemy, I have no choice but to kill you. "

"You'll regret it then, but it's too late."

Hearing Hong Beichen's cruel words, ye Chen's face sank, but the resolute color in his eyes didn't weaken at all.

When Lin faming and Mo Qingxuan heard this, they were also shocked. They quickly pulled Hong Beichen and said:

"Old ancestor of Hong family, please think twice!"

"Don't forget Ren Fanfan!"

"If Ren Fanfan appears, we can't resist him. The Lord of reincarnation is extremely important to Ren Feifan. On that day, you should also feel it! "

They are very clear, once the war broke out, completely and ye Chen split the skin, the consequences are unimaginable.

Other do not say, after waiting for a thing to end, Ren special wants to seek them absolutely to settle accounts!

Even if Ren Feifan is angry, he may kill them completely!

Hong Beichen's face changes slightly. Ren Feifan is a thorny existence after all. Even if the three of them have the strength of three layers in a hundred flail realm, in front of Ren Feifan, they are nothing but mole ants. Once the blood moon shines, everything will be destroyed.

If you want to deal with Ren Fanfan, you can only let the ancient emperor Yuhuang do it in person.

But when the emperor yuhuanggudi took the hand, their bones turned to ashes.

In Hong Beichen's heart, countless thoughts flashed, and naturally he didn't want to stop, but he didn't want to completely tear his face.

After thinking about it, Hong Beichen looked at Ye Chen and said, "Lord of reincarnation, if you want to protect the blood demon clan, let's make a bet."

Chapter 6166

Ye Chen's mind flashed and felt the breath of Hongxia fairy. The latter was still absorbing the aura of Wanyao fairy pool. It was absolutely impossible to get out of the pass today. To solve the crisis today, he had to rely on himself.

He is still in the real world. Hong Beichen's attack just now is not all-out, so he can resist it. If he is really fighting, he and the demon emperor will never win.

Now we can only see whether we can find a solution from the gambling agreement.

"What bet?"

At the moment, ye Chen asks Hong Beichen.

Hong Beichen smiles and says, "if you can take my hand again and don't die, I'll leave immediately. I even forget everything about the blood demon clan before."

"But if you are beaten to death by me, it's your fault. It's none of my business. You insist on coming out. Even if you are beaten to death, you ask for it. You are not allowed to ask anyone to revenge for you. Including Ren Fanfan

Hearing Hong Beichen's gambling agreement, the whole demon clan was in an uproar.

Ye Chen's heart is also a Lin, and Hong Beichen's gambling is to cut off future trouble.

Once he agreed, be beaten to death by one palm, that is also ask for oneself, according to the agreement, Ren special has no reason to help him revenge.

In this way, Hong Beichen is completely safe and not afraid of revenge.

But his current state and strength, and how can resist the blow?

This is undoubtedly a death sentence!

"Shameless! Hong Beichen, you are the most powerful man in the three-tier heaven of the hundred yoke realm, and the reincarnation Lord's cultivation is only in the four tier heaven of the true realm. How can he not die under your hand? You are too cruel and shameless to make such a bet

"Lord of reincarnation, don't promise him!"

"It's a big deal. We demons and they are dead to death! It's impossible for these three ancestors of the human race to retreat completely! "

Nine destroy demon emperor incomparably angry, toward Hong Beichen to shout to reprimand.

This bet is too bad for ye Chen!

After all, ye Chen's cultivation is only four levels of heaven, which is far from Hong Beichen's.

Hong Beichen said with a smile, "didn't he just take my hand?"

Nine destroy demon emperor angry way: "that is you have not used all one's strength yet!"

He knows the power of the three layers of heaven in Baiji realm. If Hong Beichen uses all his strength and the array formula breaks out, how can ye Chen resist it, no matter how strong he is?

Ye Chen mind flash, he did not choose, now, can only try again.

Of course, he also believes that he will never fall so easily!

Thinking of this, ye Chen stepped forward and said to Hong Beichen, "OK, master Hong, I promise you."

His words shocked the whole audience.

Nine destroy demon emperor step out, extremely serious said: "reincarnation of the Lord, absolutely not! How can you promise? Isn't that death? "

Around the demon clan elders, but also one after another to dissuade.

After all, Hong Beichen is too powerful. He is the second generation ancestor of the Hong family in the past. His cultivation is full of three layers of heaven, and he has mastered the nine heaven magic. How can ye Chen resist it when he strikes with one hand?

It's all death!

Once Ye Chen is killed, the blood demon clan is hard to survive. It is bound to be leveled by Hong Beichen, and the ten thousand demon immortal pool will be taken away.

However, ye Chen is silent at the moment. Although he knows the difficulties, he is willing to have a try.

He believed that he could catch Hong Beichen with his martial arts knowledge!

But after that, he didn't know how he was.

But it shouldn't die.

Hong Beichen's eyes coagulated and he said with a faint smile: "hahaha, the Lord of reincarnation, you are really brave! I'll ask you again, are you willing to promise this bet and take my hand? "

Ye Chen stepped out, his hands behind him, and his whole body was full of astonishing momentum, saying: "yes! Master Hong, if I can't kill you, please leave at once! "

"If the violator is tormented by the rules forever, the mind of Tao will be destroyed!"

Hong Beichen said, "this is nature. Come on up!"

Ye Chen nodded, stood up and flew, suspended in front of Hong Beichen, about 100 meters apart.

Hong Beichen is calm and calm. He shrinks his palms in his sleeves and stares at Ye Chen.

The two ancestors, Lin faming and Mo Qingxuan, stepped back.

Nine destroy demon emperor and a lot of demon clan, surround in all directions, all people hold one's breath.

At this point, they can't stop Ye Chen. They can only place all their hopes on Ye Chen.

If ye Chen can bear the palm of Hong Beichen, then today's blood demon clan crisis can be safely through.

But if ye Chen fails, not only will he fall, but also the blood demon clan will be completely destroyed.

"Ha ha, Lord of reincarnation, you are looking for death today. Don't blame me for being merciless."

The palm of Hong Beichen's hand turned out from his sleeve robe, and a circle of hazy light of Yuanshu gradually diffused out.

Ye Chen did not answer, but quietly prepared to defend.

In this war, he has no choice. He will fight even if he dies!

"Red dust God pulse, open!"

With a light drink in his heart, ye Chen's body was immediately covered with a thick layer of gold armor, which made his whole body glitter like a god of war from the epic myth.

After the completion of the dust monument upgrade, more powerful!

Perhaps the dust stele also felt that this blow was extremely important to Ye Chen, and even sent out more terrible brilliance than before!

"Wu Tu Yuan Fu, protect!"

Later, ye Chen offered the wutuyuan talisman, with nine huge swords around his body, forming a sword wall.

"The picture of the yellow spring, the wish star, rise!"

Chapter 6167

Then, the chart of the yellow spring and the star of desire are released at the same time.

The thousands of rivers and mountains of the yellow spring have formed a strong defense like gold soup. There is also the desire of heaven and stars, and the great desire is released. The white light is rolling and the eight wastelands are turbulent. Countless believers pray and worship, which makes the defense of Ye Chen's whole body soar rapidly.

Click!

At last, ye Chen stepped out again, as if the soles of his feet had crushed the void and made a clear crackling sound. A magnificent picture of the starry sky stood up behind him.

"Good, good!"

Hong Beichen saw Ye Chen's heavy defense, can't help but praise.

Reincarnation of blood, the map of the yellow spring, the wish of heaven and stars, Hongmeng and the big starry sky, the layers of defense add up, so that ye Chen's defense at the moment is as terrible as against the sky. Even if the sun explodes and the galaxy collapses, it is impossible to hurt him.

Lin faming and Mo Qingxuan two ancestors, see ye Chen defense so deep appearance, face slightly a Shen.

They ask themselves, if they make a move, even if they can barely break Ye Chen's defense, they can't kill him, and they can't hurt him at most.

And the demons, such as jiumie demon emperor, demon ancient god, and black dead bird, see this heavy defense, and their eyes are full of hope.

Such a deep defense may really be able to block Hong Beichen's attack.

"Lord of reincarnation, let's see if it's your defense or mine!"

Hong Beichen gave a cold hum, but he didn't panic at all. Suddenly, he stepped out, and the breath of all the heaven and all the world seemed to gather to his body.

"The formula of array word, drop palm into array, forever magic way!"

Looking up at the sky, Hong Beichen drinks violently. With his hands, Hong Beichen kills out in the air.

A huge and ancient "array" is shining in the void, like a bright star, surging with dark magic light.

A layer of array, countless, dense emerge, array pattern interweave with each other, finally turned into a huge magic array, roaring toward Ye Chen to suppress.

Among the three ethnic groups of Mo Honglin, the Mo family cultivates immortals, the Lin family participates in Buddhism, and the Hong family cultivates demons. The Hong family has extremely exquisite attainments in the cultivation of demons, and Hong Beichen's magical power of demons is even more profound.

At this moment, he broke out all the magic ways he had learned all his life, and integrated them with the formula of array words. Ten million layers of great array gathered together to form the magic array.

The evil spirit is rolling up like a column of smoke. In the column of smoke, the virtual shadow of a divine tree emerges.

It's the tree guarded by Hong family, the virtual shadow of the universe God tree!

The divine tree of the universe has already collapsed and dissipated, but Hong Beichen's deep cultivation, with his own aura, actually reversed the law and recast a wisp of the virtual shadow of the divine tree of the universe.

Although it was only a virtual shadow, the vast universe was powerful enough to shock everyone in the audience.

Under the influence of the evil spirit of the formula, the virtual shadow of the cosmic tree turns into a dark color, just like the magic tree standing in hell. The root of the tree is connected with the sea of blood, and the branches and leaves are the jungle of swords, which is extremely terrifying.

Ye Chen looked at the rhyme, mixed with the universe magic tree to suppress it. His face was also slightly discolored, and he only felt tremendous pressure.

"Douzi Jue, Doudi Yanhuang formation!"

Ye Chen roars, and the dragon Yuan Sky Sword plunges into the void. The sword falls into an array, and the fighting spirit bursts out, showing a fighting emperor Yanhuang array.

Red fighting spirit, in Ye Chen's gold armor, put on a fighting emperor's robe, he clenched his teeth, to resist the attack of Hong Beichen.

Click!

The magic array of the array word formula, like the last judgment, comes down. The cosmic tree growing in the magic array stands upright, and its branches and leaves burst out into the vast starry sky, crushing the whole starry sky.

Then, the magic array broke out. The source Qi of the nine heavenly gods and the magic Qi of Hong Beichen gathered together to form an amazing torrent, which broke down Ye Chen's thousands of Huangquan mountains and Wutu giant sword!

Ye Chen is facing that evil spirit torrent, only feel body shake, stand unsteady, almost want to be knocked down.

His eyes were wide open. He firmly grasped the handle of Longyuan Tianjian and held his body firmly to prevent himself from falling down.

"Why struggle?"

With a sneer, Hong Beichen breaks through Ye Chen's many defenses, and his palm comes like a demon, slamming on Ye Chen's body.

Bang!

This is a startling palm, which contains the majesty of the three-tier heaven strong man of nine heaven divine skill and hundred yoke realm. The ferocity of the palm is to suppress the world and push the world.

Ye Chen's battle robes and golden armor all burst and smashed in an instant, and then disappeared as a fine streamer.

"Puff!"

Ye Chen only felt a terrible palm force, rushed into his body, almost crushed his viscera, he spewed out a mouthful of blood on the spot, his face was pale.

Woo——

The wish star behind him was also affected and fell from the sky.

"Ha ha ha..."

Hong Beichen takes back his hand and looks like a winner.

"Cough..."

Ye Chen coughed violently, and vomited a mouthful of blood. His pale face had no blood color at all. His head was buzzing, his body was shaking, and he fell from the sky like a broken kite. He hit the ground hard and made a deep hole directly.

The dust splashes up like a mountain, like an abyss.

Hong Beichen's hand, the power of the array formula is too fierce, which directly interrupts Ye Chen's vitality.

His vitality is rapidly passing.

Anyone can see that he is completely defeated, dying, like a candle in the wind, and will soon die.

"Lord of reincarnation!"

Nine destroy demon emperor see ye Chen defeated, immediately shocked.

All the demons, too, screamed and flew down one after another. They surrounded Ye Chen, but they saw that ye Chen seemed to fall apart and collapsed on the ground like mud.

No one dares to help Ye Chen, because seeing Ye Chen's weak appearance, if anyone touches him, he will fall apart and die.

"The reincarnation master is really powerful, but it's a pity that you are not my enemy after all in the absolute realm gap."

Hong Beichen looks at Ye Chen coldly, just like looking at the bones in a grave.

He looked around again, and every demon clan in the audience bowed their heads because no one dared to touch his eyes.

This kind of existence, and how to resist!

They boasted that they could not bear the blow like Ye Chen!

Even before the strike, they will die!

Hong Beichen is so fierce that even Ye Chen will be killed by him. Who else can match him?

"Is my blood demon clan doomed to perish today?"

Jiumie demon emperor's heart is full of sadness, but he has nothing to do. Hongxia fairy, the ancestor of blood demon, is still absorbing the aura of Wanyao immortal pool, and it is impossible to recover in a short time.

Hong Beichen is about to kill the whole audience. He is afraid that the Hongxia fairy will be killed and even the ten thousand demon immortal pool will be taken away before she recovers her aura.

Chapter 6168

Think of the tragic scene of exterminating the family, nine destroy demon emperor a heart completely cold down.

"Give you two incense sticks time to collect the corpse for the reincarnation Lord, and then you can lead to death with peace of mind. I will give you a good time."

Hong Beichen narrowed his eyes with a smile, as if dominating the overall situation and controlling everything.

Lin faming and Mo Qingxuan were both relieved and regretted.

They don't want to kill Ye Chen, but it's useless to say so much. Today, they can kill the blood demon clan and capture the ten thousand demon immortal pool, which can make up for the lack of reincarnation. In the future, they will not be passive against the judgment hall.

All the demons were sad, but they didn't know what to do.

At this time, ye Chen's body suddenly shook slightly.

A ray of green vitality, from the body of Ye Chen, a piece of carved with the word "spirit" reincarnation stele, also emerged.

Infinite vitality is surging in Ye Chen's body.

He stood up, wiped the blood from the corner of his mouth, and looked coldly at Hong Beichen in the sky

"I'm still alive. Who's going to collect my body?"

Seeing this, all the demons were silent, silent and dead.

No one thought that at this time, ye Chen had the strength to stand up.

Hong Beichen was also surprised. Then he looked at the reincarnation tablet and knew the reason. With a cold hum, he said, "reincarnation Lord, what's the use of your struggling? You've got my palm, your muscles and bones are crushed, your life is broken, and you're already a mortal. What's the use of your forced reincarnation stele

Ye Chen said with a smile, "I'm not dead yet. Hong Beichen, you've lost the bet."

Hong Beichen's face changed slightly and said, "you just struggle! What's the use of your struggle when you are struggling to survive for less than half a month? "

Ye Chen said with a smile: "you don't care how long I can live. In a word, you can't kill me with one palm. You lose!"

Hong Beichen was stunned and speechless.

Lin faming and Mo Qingxuan, two ancestors, were also surprised and shocked. They never thought that ye Chen could still stand up.

They also see that ye Chen is forced to use the reincarnation spirit stele to continue his life. In fact, his life has broken and he can't live for half a month.

After all, the gap between Ye Chen and Hong Beichen is too big. Moreover, Hong Beichen still masters the magic of the nine heavens. If ye Chen is hard pressed by him, he will surely die. No matter how deep he is, he can't stop it.

However, ye Chen with his own blood, and forced to continue life just, a time also don't die.

No matter what happens in the future, ye Chen is still standing well, that is to say, the bet is Hong Beichen's defeat.

Jiumie demon emperor was surprised to see ye Chen alive. He said to Hong Beichen:

"Hong Beichen, the master of reincarnation, has a profound spirit. In the past half a month, he must have a way to recover. You can't kill him if you want to! You lost the bet

Smell speech, Hong Beichen's face is very ugly.

On the surface, ye Chen really only has half a month to live, but the spirit of the reincarnation Lord is very deep. How can you know that he has no chance to change his life in this half a month?

Ye Chen smile, eyes full of firm, way: "Hong Beichen, do you want to break the promise?"

Hong Beichen gritted his teeth and looked angry, but he did not dare to break the gambling agreement. He brushed his sleeve and said, "let's go!"

"Lord of reincarnation, you will regret what happened today!"

After that, he took Lin faming and Mo Qingxuan and turned to tear the void away.

Although his heart is full of reluctance, failure is failure, and he naturally has to keep his promise.

With the departure of Hong Beichen and his party, the crisis of blood demon clan is completely relieved.

All the demons in the audience were silent, stunned, and could not believe it. Then they came back to their senses and burst out into a tsunami like cheering

"The Lord of reincarnation is mighty!"

If it wasn't for ye Chen, they would probably be exterminated.

Ye Chen is also relieved to see the three ancestors leave.

However, his muscles and bones were broken and his life was broken. His condition was very bad. After the crisis was relieved, his tense nerves relaxed and he fainted in the dark.

"Lord of reincarnation!"

Nine destroy demon emperor see ye Chen coma, face a sink, quickly support Ye Chen, back to the ancient demon temple.

In front of the ancient demon temple, the ancestor of the blood demon clan, Hongxia fairy, is soaking in the well, quietly absorbing the aura of the ten thousand demon fairy pool, and has not yet recovered.

Jiumie demon emperor did not dare to disturb Laozu, so he temporarily settled yechen in the ancient demon temple, waiting for Laozu to recover.

Ye Chen's injury is too serious. He is already dead. If he doesn't have enough chance, he will die in half a month.

In such a serious situation, jiumie demon emperor could not make up his mind. He had to wait for Hongxia fairy to recover before making a decision.

So after a day, the next morning, the red light in the well broke out, and the Fairy Spirit was in the sky. The Red Fairy opened her eyes, officially recovered and came out of the well.

"Laozu!"

Jiumie demon emperor was waiting. Seeing Hongxia fairy going out of the pass, he knelt down to meet her and wanted to tell her about yesterday.

"I know all about it."

Hongxia fairy nodded. Yechen saved the whole blood demon family yesterday. She already knew that she was grateful and admired yechen's courage.

She slowly walked into the ancient demon temple, but saw Ye Chen lying on the futon in front of the statue of the temple. She was dying, and her breath was very weak.

"Alas..."

Chapter 6169

With a sigh, Hongxia fairy first saluted the statue, then came to yechen and sat him up.

This temple is dedicated to the founder of the blood demon clan, whose name and legal name can no longer be tested. It is only called "ancient demon supreme".

It is said that the ancient demon supreme was a great man of the same age as the sky demon. The ten thousand demon immortal pool was brought to the earth's heart by him from the supreme world.

And the ancient demon supreme, came to the heart of the earth, seems to be for refuge.

This is a very old thing, Hongxia fairy also don't know, she only hope the ancient demon supreme blessing, can let Ye Chen through the difficulty.

Looking at Ye Chen's pale face and lips, Hongxia fairy lowers her head and kisses Ye Chen's lips. A wisp of aura comes from her cherry mouth and transits to Ye Chen's mouth.

Ye Chen felt his lips moist and a wisp of aura came to nourish his whole body.

He was suddenly refreshed, opened his eyes and woke up.

"You wake up."

Red haze fairy loosened leaf Chen, the vision stares at him.

"Master..."

Ye Chen just awakes, still some vacant appearance.

Hongxia fairy said: "don't call me master, you can call me Hongxia fairy."

Ye Chen said: "Hongxia fairy, the ten thousand demon fairy pool..."

Hongxia fairy said: "the three old bones of Hong Beichen have gone. Wanyao Xianchi is safe, but you are injured too much. You need to find a way to treat it."

Ye Chen feels his body for a moment, and finds that he has been hurt so much that his meridians are interrupted. His medical skills are beyond treatment.

So we can see how terrible the strong in baijiajing is.

"It's really a serious injury. I'm going to leave. I have to find a way to cure it."

Ye Chen frowns, so serious injury, I'm afraid it's not easy to treat, he plans to return to the ancestral place of the wind home, and then make plans.

The red haze fairy took his hand and said, "ah, where are you going? You're so hurt. Don't run around. "

Ye Chen said with a bitter smile, "I'll stay here. Do you have a way to treat me?"

Hongxia fairy hesitated for a moment, and said: "if you can open the Wanyao immortal pool, it can really let you treat, but my strength has not recovered, so I can't open the entrance of Wanyao immortal pool."

Wanyao immortal pool is one of the four immortal pools.

The ten thousand demon immortal pool in the blood demon clan is a complete state, not a tributary. The aura is full-bodied. If ye Chen can soak in it, it will be enough to cure the injury.

"Can't you open the entrance?"

Ye Chen frowned.

Hongxia fairy said: "I was injured by the ten Heavenly Kings in ancient times. Today, even if I recover, my strength is not as good as before. I can no longer control the ten thousand demon immortal pool. Otherwise, I won't let you suffer so much."

Ye Chen heart move, way: "that ten thousand demon immortal pool entrance, where?"

He caught a big chance in the dark. If he could enter the Banshee pool, his injury would be saved.

Moreover, Xiaohuang can also absorb the aura of Wanyao Xianchi to enhance his strength.

"You have TIANYAO guard, maybe you can try. If you can open Wanyao immortal pool, that's good."

Hongxia fairy stood up and saluted the ancient demon's supreme statue.

Boom.

The statue of the ancient demon turned and a simple gate appeared behind it.

"This is the entrance of the ten thousand demon immortal pool. Unfortunately, my strength is not as good as before. I can't open this door any more."

The red haze fairy sighed and said, "the ten thousand demon immortal pool is actually at the bottom of the blood demon mountain. The well outside the temple connects with the ten thousand demon immortal pool, which can absorb the spirit of the immortal pool."

Ye Chen was surprised and said: "it's just a trace of the spirit of the immortal pool. Is the vision so majestic?"

He still clearly remembered the magnificent appearance of the immortal spirit rushing into the sky. Such a magnificent vision turned out to be just the manifestation of the immortal pool spirit.

If it is a real ten thousand demon immortal pool, how strong is the aura?

It's no wonder that the ancestors of the three nationalities coveted the Wanyao immortal pool so much that the real Wanyao immortal pool was so powerful.

Hongxia fairy nodded and said, "Wanyao Xianchi is the foundation of our blood demon clan. Its aura is unimaginably strong. At that time, the ancestors of the top ten Heavenly Kings did not kill them all. One of the reasons is that they are not sure to fight against Wanyao Xianchi."

Ye Chen stares at the simple gate in front of him, gets up, goes to the gate and tries to push it open.

However, as soon as you touch the gate, ye Chen finds out that behind the gate, the forbidden cause and effect is very heavy, and even a hundred flail realm master may not be able to open it.

"It's kind of weird."

Ye Chen's eyes sank, and then, as if it were a blessing to the soul, the idea moved, using the body of the demon and the blood of the mysterious demon.

The body of the sky demon and the blood essence of the Xuan demon are used. A wisp of blood light appears on Ye Chen's palm. With a click, he finally pushes the door open, and a ray of light comes out from the crack of the door.

"What! You opened the door

Seeing this scene, Hongxia fairy was extremely surprised and shocked, and said happily: "it seems that the sky is endless for you. With the nourishment of ten thousand demon fairy pool, no matter how serious your injury is, you can recover!"

She immediately flew up and pulled Ye Chen through the crack of the door to enter the world behind the door.

The world behind the gate, however, has a unique hole. After they passed through a layer of space barrier, they came to a huge lake.

This lake, sparkling, the sky is blue color, birds flying, a quiet meaning.

Between the sky and the lake, there is an atmosphere of darkness and light. It is a mixture of immortal Qi and evil Qi. It is like the Yin and Yang sides of the eight trigrams, interwoven and endless.

"Is this Wanyao Xianchi?"

Ye Chen was surprised. The lake was vast and endless. He could not see the end at a glance. He was afraid that it would be thousands of miles away, which was obviously transformed by the pool of ten thousand demons.

It's a lake. It's actually a pool, but it's too big to see the edge.

Ye Chen breathes a breath, only feels in the air, the aura is rich to the terror degree, breathes, all feels relaxed and happy, the spirit is happy.

His injury is also recovering rapidly.

Moreover, ye Chen also found that the law of time here is very special. It flows very slowly. One year has passed here, but only one day has passed outside!

"Lord of reincarnation, thank you. If it wasn't for you, I would never have the chance to step into the ten thousand demon immortal pool again in ten thousand years!"

Hongxia fairy holding Ye Chen's hand, incomparable joy and excitement, eyes also with gratitude.

Then, she took off her clothes and fell into the immortal pool. She soaked up and absorbed the spirit of the immortal pool.

This is the true ten thousand demon immortal pool, which is a perfect state. Unlike the wishing pool and Tianlong pool Ye Chen met before, they are just tributaries.

Even if the supreme emperor wants to absorb the aura of the ten thousand demon immortal pool, it is almost impossible.

Chapter 6170

Because the aura of the ten thousand demon immortal pool is so rich that it is inexhaustible.

Ye Chen is also incomparable surprise, landing down, soaking in the water, by ten thousand demon fairy pool aura, constantly recovering injury.

"Xiao Huang, come out!"

Then, ye Chen summoned Xiao Huang. Anyway, the spirit of the ten thousand demon immortal pool was so strong that he was not afraid of exhaustion.

"Master, the aura here suits me very well!"

Xiao Huang is ecstatic, absorbing the aura around him, and his blood is growing.

"Lord of reincarnation, is this your favorite?"

Hongxia fairy looked at Xiaohuang, but didn't mind. On the contrary, she looked at Xiaohuang with interest.

With her eyes, naturally, she can see that Xiao Huang is a strange beast of archaic times. It can be said that he is a nightmare of archaic times. Once he recovers completely, his combat effectiveness will be astonishing.

"Well, my friend, too."

Ye Chen nodded, slightly corrected the statement of the red haze fairy.

Red Fairy smile, swim to Ye Chen side.

The water of Wanyao fairy pool is very clear and pure. Ye Chen can clearly see the graceful figure of Hongxia fairy soaking in the water.

Hongxia fairy looked at yechen with a smile and said, "with the nourishment of Wanyao Xianchi, your injury can be cured."

Ye Chen said, "thank you very much."

It's not just healing. Ye Chen even has a feeling that with the aura of ten thousand demon immortal pool, he can even break through and further his cultivation!

Hongxia fairy said with a smile: "do you want this ten thousand demon fairy pool?"

When she said this, her eyes were smiling, her soul was haunted, her arms were around Ye Chen's neck, her soft body was close to Ye Chen, and she seemed to be lured.

"What do you mean by that?"

Ye Chen, without any trace, pushes away the red haze fairy and retreats.

"Double cultivation with me, I need your reincarnation blood, and then I can give you wanyaoxianchi."

The red haze fairy said with a smile.

Ye Chen coughed twice, turned his head aside, did not look at the eyes of the red haze fairy, and said: "the fairy is joking."

Seeing ye Chen's appearance, Hongxia fairy chuckled and said, "I'm kidding you. I know I'm not qualified to be contaminated with reincarnation blood, but I sincerely want to give it to you."

Ye Chen stunned way: "you want to give me?"

He was very clear that Wanyao Xianchi was the treasure of the blood demon clan. The aura of this place was so strong that it was enough to bring the dead back to life and transform the muscles and bones.

The three ancestors of Dixin Temple even went out of the gate to capture Wanyao Xianchi, which shows the value of Wanyao Xianchi.

But now, the red haze fairy says that she wants to give the ten thousand demon fairy pool to Ye Chen. It's incredible. Ye Chen never thought of it.

Hongxia fairy said: "at that time, I was defeated in the hands of the ten Heavenly Kings. Many of the top elders of the clan were also killed. I have no enough luck. It's a waste to take charge of Wanyao Xianchi. So, I want to give it to you. You are my ally. I believe you can play the real power of Wanyao Xianchi."

Ye Chen is the master of reincarnation. He has a deep spirit. Hongxia fairy believes that ye Chen's strength can make the ten thousand demon immortal pool shine.

Ye Chen stayed for a while and said, "are you sure? If you give me the ten thousand demon immortal pool, aren't you afraid that the blood demon mountain range is full of Qi? "

Hongxia fairy smile, body and close to come over, hook Ye Chen's neck, exhale like orchid way: "you are our ally, ten thousand demon immortal pool in your hand, I blood demon clan, can also get protection."

Not far away, Xiao Huang saw that the red haze fairy was so close to Ye Chen. Her eyes were cold and she said, "do you want to seduce my master

Ye Chen grinned bitterly. This time, he didn't push away the red haze fairy. Instead, he restrained his look and asked, "well, what price do I need to pay?"

He is very clear that there is no white pie in the world. What he wants, he has to pay.

Hongxia fairy a smile, way: "reincarnation of the Lord really smart, this price, help me to kill a person!"

Speaking of the end, the eyes of Hongxia fairy were suddenly cold, and a murderous spirit appeared.

Ye Chen heart a cold, way: "kill who?"

Hongxia fairy said: "it's the traitor of my blood demon clan. It's called Zhenyuan demon Zun."

Ye Chen said: "Zhenyuan demon Zun?"

Hongxia fairy said: "it was this Zhenyuan demon Zun who betrayed our blood demon clan and took refuge in Tianjun family, which led to the defeat of our blood demon clan."

"Is that the reason..."

Ye Chen's eyes moved. He had sensed Hongxia fairy's heart before, and found that there were two doubtful points, one of which was the sudden defeat of the blood demon clan.

It turned out that the reason for the rout was that there was a traitor!

And Zhenyuan demon Zun is the traitor!

"Then Zhenyuan demon Zun, why betray you?"

Ye Chen asked.

"Ha ha, he believed the story of yuhuanggudi. Yuhuanggudi said that he would give wanyaoxianchi to him when he killed my blood demon clan."

Hongxia fairy disdains to smile.

"Then what happened?"

Ye Chen is soaking in the ten thousand demon immortal pool. Fortunately, the ten thousand demon immortal pool stayed in the blood demon mountain range. Naturally, it was not taken away by the ancient emperor Yuhuang. He wants to know what happened next.

Hongxia fairy sneered and said, "later, it was the emperor who broke his promise. He didn't want to make wedding clothes for others, so he had the upper hand, but suddenly stopped chasing my blood demon family. Instead, he signed a no war agreement."
