Chapter 6171

Ye Chen was so surprised that he said, "it's because of this that the emperor's family stopped pursuing and killing."

But Hongxia fairy shook her head, stepped forward and said, "of course, there are three reasons. This is only one of them."

Ye Chen guessed a few points, but he couldn't be sure, so he asked: "the other two reasons..."

Hongxia fairy said: "there are two other reasons, one is that yuhuanggudi wants to raise pigs, the other is that he is not sure to fight against my martial uncle."

"Raising pigs?"

Ye Chen hears this words, immediately the heart jumps.

With a wave of Hongxia fairy's hand, a picture looms in the void. Ye Chen sees both the human race and the demon race.

Ye Chen even vaguely saw the emperor!

But the picture soon dissipated.

Ye Chen can only vaguely guess a general, and then said: "in those years, our blood demon clan, after the defeat, Qi has been a large number of diaspora, even if the ancient emperor Yuhuang attacked and destroyed our blood demon clan, he would not get much benefit, so he wanted to raise pigs."

After a pause, the red haze fairy continued: "he wants my blood demon clan to survive, and then recover, and he will take everything again!"

"When our blood demon clan recovers, he has already risen. He has the absolute upper hand. Naturally, he is not afraid of our blood demon clan's counterattack."

Ye Chen's heart is shocked. It's true. With the strength of the ancient emperor, if you really lock the position of the blood demon clan, you can crush everything with one finger.

"The last reason is that your uncle is..."

Ye Chen asked again.

"My martial uncle is the spirit of Wanyao Xianchi. His legal name is Yaoxu. At that time, he and the founder of our blood demon clan, the ancient demon supreme, fought together in the world."

"It's because of my martial uncle's existence that the yuhuanggudi still reserved some room and didn't go too far. Otherwise, my martial uncle would blow himself up and die together, and he would not be able to get any benefits."

Hongxia fairy told the last reason.

"I see..."

Ye Chen suddenly realized that there was such a complex game between the blood demon clan and the Terran in the past.

"Then, do you agree to give me Wanyao Xianchi?"

Ye Chen carefully induction, sure enough, found in the ten thousand demon fairy pool, vaguely hidden a terrible breath, that should be the ten thousand demon fairy pool spirit, that is, Hongxia fairy's uncle.

Hongxia fairy smile, said: "my martial uncle said, in the future there will be a person, lead us blood demon clan, out of the predicament, I think that person, is you."

"Lord of reincarnation, you are the breaker of prophecy."

Speaking of the end, the soft body of the red haze fairy, close to come over, seems to want to melt in Ye Chen's chest.

"The breaker?"

Ye Chen's vision one coagulates, he is already not the first time, heard these three words.

It seems that not only Mo's family and Feng's family, but also the blood demon clan think that he is the breaker.

"Well, now as long as I promise you, I'll help you kill Zhenyuan demon Zun and clean up the door, you can give me Wanyao Xianchi?"

Ye Chen's heart moves, this ten thousand demon immortal pool's aura, really too rich, enough to support him to use to soar.

If the ten thousand demon immortal pool is moved to the map of the yellow spring, it will be enough to make the map of the yellow spring transform against the sky!

After all, it's the supreme artifact of the thirty-three days, one of the four immortal pools, and it's a perfect existence!

With a smile, the fairy said, "of course, it's so easy to buy."

Ye Chen hears her words, the heart suddenly jumps, whether or want to double repair after all?

Thinking of this, he could not help pushing away the red haze fairy and retreating again.

Xiao Huang sends out a low roar and guards Ye Chen's side. He looks warily at the red haze fairy to prevent the invasion of this "monster".

Hongxia fairy chuckled and said, "don't be so nervous. I don't mean anything else. But the ten thousand demon fairy pool is too precious. I can give it to you. But if you want to take it away, at least you have to get the approval of my martial uncle."

Ye Chen said, "where is your uncle?"

Vaguely, he can catch the breath of the spirit of the ten thousand demon immortal pool, but he is not sure where it is.

The ten thousand demons pool is too big, vast as the ocean, vast thousands of miles, the spirit of the breath is ethereal, difficult to lock.

The red haze fairy said, "you should take care of your injury first. When you are well, I will take you to see my martial uncle."

"Good."

Ye Chen nods and agrees.

With the nourishment of the spirit of Wanyao Xianchi, he can recover completely in three or four days.

But this ten thousand demon immortal pool, the time rule is special, spend a year here, outside just past a day.

In other words, ye Chen has enough time to be active here.

At the moment, ye Chen closed his eyes, soaked in the water, slowly absorbed the spirit and evil spirit, and constantly nourished his muscles and lifeblood.

This fairy spirit, besides healing, can also strengthen his demon body. It's very wonderful.

Xiao Huang is also crazy to absorb the spirit of immortals, and constantly expand his blood and enhance his strength.

Hongxia fairy squints her eyes and looks at Ye Chen and Xiao Huang in silence. One person and one beast absorb them madly. However, the aura of Wanyao Xianchi doesn't weaken at all, but it can see the power of Wanyao Xianchi.

After a few days, ye Chen's muscles and bones had completely recovered, and there was no injury.

"Young master, I made it!"

At this time, Yan xuan'er's voice came out of Ye Chen's body.

It turned out that Yan xuan'er had absorbed the dark hell of the cold rain, and now she has been thoroughly refined and transformed.

As Yan xuan'er's breath rises, ye Chen feels that the flame in his body is blazing, mixed with the evil spirits around him, and suddenly hits the bottleneck of his cultivation.

Boom!

Ye Chen's cultivation state suddenly broke through at this moment.

From the true realm of four days, to the realm of five days!

Wow

After the breakthrough of cultivation, the magnificent vision also emerged from ye Chen's body.

The virtual shadow of reincarnation heaven floats high in the sky, and the aura is constantly condensed, as if it has become the essence. There are countless reincarnation people chanting and worshiping on the heaven, reciting the real name of the reincarnation Lord.

This reincarnation of heaven, the sky is magnificent Hongmeng starry sky, in the Hongmeng starry sky, there is a wish star, high suspended, release the silver white holy faith glory, shine on the world.

At this moment, ye Chen's reincarnation blood rose again, and his eyes showed a golden color, which represented the most fierce martial arts momentum and fighting spirit.

Click!

When ye Chen clenched his fist, the space around burst, and the water in the pool surged, turning over a thousand feet of waves, which was magnificent.

"What a powerful momentum!"

Red Fairy see ye Chen momentum, can't help clapping praise.

The cultivation has broken through one level of heaven, and ye Chen has reached the five level of heaven. Whether it is the body, blood, spirit, or qi, it has a huge transformation.

If he went to face Hong Beichen at this time, he would never be as embarrassed as he was a few days ago.

At least, it won't be hit to the point of life breaking.

Chapter 6172

"Congratulations on your successful breakthrough."

Yan xuan'er is also overjoyed to see ye Chen break through.

"Congratulations, master!"

Xiao Huang also began to congratulate him. After three days of cultivation, he was nourished by the ten thousand demon immortal pool, and his blood strength was greatly improved. In fact, he also made a breakthrough.

Ye Chen smiles and looks at Xiao Huang. However, he sees that Xiao Huang's body is as powerful as the ancient lion demon. His eyes are red and blue. The evil spirit of nightmare surrounds his whole body. Compared with the past, he is much stronger and has a breakthrough obviously.

"Xiao Huang, congratulations on your breakthrough."

Ye Chen smiles.

Little Huang Dao: "this ten thousand demon immortal pool is really powerful, if you can really get it, that's good."

Speaking of this, Xiao Huang glared at Hongxia fairy and said, "siren, do you think it's true that you want to give this fairy pond to us?"

"Hongxia fairy said with a smile:" of course it's true, but if you want to take Wanyao Xianchi, you need to pass my martial uncle's test first

Smell speech, small yellow looked at a leaf Chen.

Ye Chen thought that his injury had completely recovered, and the fire of Tao spirit had changed, and his cultivation had broken through to the five levels of heaven. No matter what the test, he could bear it, so he said, "where is your uncle?"

"Come with me."

The red haze fairy flies up, floats on the lake, and then flies forward close to the lake. It's really like a red haze, and it's like a meteor flying across the water. It's very fast.

Ye Chen and Xiao Huang look at each other and nod.

Then, ye Chen rode Xiaohuang and quickly chased Hongxia fairy.

.....

meanwhile.

The sword is out of the world.

A lonely and proud figure slowly fell from the sky.

It's Ren Fanfan.

Ren Fanfan's blood moon staring at the entrance of the huge sword in front of him with a dignified look.

At this time, the figure of a white haired woman also quietly fell.

Su Mo Han looks at Ren special appearance, then stretched out a hand to pull Ren special, way: "in fact, you completely don't have to interfere in that matter."

"The cause and effect of those three swords are heavier, and they have even been tied up with Ye Chen. If you intervene again, I'm afraid you will be targeted by wanxu."

Ren Feifan took a deep breath and said, "these three swords are the rare regular swords in the world, and the rules in that place are somewhat broken. Today I have to borrow those three swords."

"If I guess correctly, these three swords should isolate most of the cause and effect, and those guys in the world should not be able to detect my existence."

"Apart from these three swords, I really can't think of any solution to that place."

Su Mo Han looked at Ren extraordinary, and finally nodded: "well, if those guys really find out, I will protect you even if I explode."

Ren special tenderness looked at Su Mo Han, stretched out his hand, rather spoiled touched Su Mo Han's hair: "silly girl, I will be afraid of those guys?"

"In this world, no one has the right to hurt you."

Finish saying, Ren special is to pull Su Mo cold hand, toward huge sword to walk.

The entrance of the giant sword has a strong prohibition. Ye Chen has entered for many times, which has been recognized by the giant sword. However, Ren Feifan and others stepped in for the first time, and endless resistance swept in. However, when they met Ren Feifan, the so-called resistance seemed to meet some terrible existence and dissipated in an instant.

.....

At the same time, Xuening Qian, who was practicing under the three swords, suddenly opened his eyes.

Because she found someone broke into jianshichen!

And two of you!

One of the two is extremely powerful!

She stood up and said to one of the back swords, "please help me then, or we will all die."

At this moment, blood coagulation thousand eyes with the determination to die.

After the sword gently shaking, as if in response to blood coagulation.

Soon, Su Mo cold and Ren extraordinary appeared in front of blood coagulation thousand.

Blood coagulation thousand Mou son a coagulation, don't wait for Ren special etc. mouth, finger pinch Jue.

In an instant, ten thousand swords vibrated.

"The sword world dust place, does not allow the outsider to step into, intruder, dies!"

Language falls, ten thousand swords break free together, such as a sea of swords in general, toward Ren extraordinary and Su Mo Han fly.

Ren Feifan showed a smile, no intention to start, but I do not know why, when the sword sea will be close to Ren Feifan, an invisible force just like a wall in front of him!

Wan Jian is so quietly suspended in front of Ren Fanfan.

Xuening's beautiful eyes are full of complexity and doubts.

She knew that the people who came here were very strong, but she didn't expect to be so strong.

Ren Fanfan reaches out his hand and pushes aside a sword. A channel appears in the sword sea.

Ren Fanfan stepped into the channel and slowly approached xueningqian. Finally, he stopped and said, "there are many interruptions. We just come to ask for help."

"By the way, I forgot to introduce myself. I'm Ren Fanfan, a friend of Ye Chen."

"If you don't believe me, you can feel the cause and effect between me and ye Chen."

Ren Fanfan!

When xueningqian heard these three words, he immediately thought of something. Ye Chen once mentioned this person, even said that this person's means were universal. At that time, xueningqian didn't believe it, but now it seems that ye Chen is not only exaggerating, but also terrifying.

However, xueningqian can't be taken lightly because of Ren Feifan's words. Jianshichendi is her territory. She can naturally feel the cause and effect of the people who step here. Even Ren Feifan can feel a trace of this existence.

Hemagglutination Qian closed his eyes, then opened them in an instant.

Ren special smile: "now believe it, we have no malice."

Xuening Qian frowned: "your strength exceeds me too much. Even if you rob me, I can't stop you. But you are ye Chen's friend. I'm quite relieved. By the way, why do you come here suddenly?"

Ren Fanfan looked at the three swords and said, "I need to borrow the sword."

"What The blood coagulates and loses the vocal tract.

The value of these three swords is too important for her. Even if Ren, especially Ye Chen's friend, borrows the sword directly, it's also a little abrupt.

Of course, Xuening Qian is more determined. Even Ren Fanfan may not be able to take those swords at will.

"Which one do you want to borrow? I have two demands. If you can't take it away, you'd better find another way. "

Ren Feifan stepped out, but he had already come to the three swords in the air. He gazed at the runes and totems on the swords, and exclaimed: "some of these three swords may not be as good as the Heavenly Sword in terms of fighting, but the meaning of rules is really too strong. If the swordsman is still in the heart of the earth, I'd like to talk with him."

Xueningqian came to Ren Fanfan: "you haven't answered my question."

Ren extraordinary quite polite looked at blood coagulation thousand, light way: "all."

"Ah?" Xuecongqian is a little confused.

Outsiders want to take three swords at the same time, absolutely impossible!!

Chapter 6173

Is this guy funny?

Can such a strong man be so blind and confident?

Xue Ningqian can only explain: "since ancient times, no one has been able to take these three swords away. Moreover, if you take them away by force, the meaning of the rules in these three swords may be against you. At that time, you may be injured."

"It's not a good thing that a strong man like you get hurt."

Ren Feifan shook his head: "all the swords with spirit can be shaken, as long as you take out enough to make them move."

Later, Ren Fanfan looked at the three swords and said, "would you like to leave with me for a few days?"

However, the only answer to Ren extraordinary is silence.

Ren Fanfan seems to have guessed that three drops of blue liquid suddenly appear in his hands. With one wave of his hand, the liquid falls on the three swords.

One second.

Two seconds.

When it comes to the third second, the liquid is suddenly absorbed by the three swords, and then the three swords shake violently.

Countless Ancient Runes flow on the sword.

After a few seconds, two virtual shadows appeared from the sword, which were the general and the rear general.

Although the shadow of the emperor's sword did not appear, a dignified voice came out of the sword: "where did you get the immortal liquid of the sword world?"

"Isn't this thing long gone?"

Ren Fanfan glanced at the emperor's sword and said, "why don't you show up? This is your pride?"

"As for your question, I can answer you. Not only has it not disappeared, but I've been in charge of a lot."

"As long as you promise to do one thing for me, I can give you all I have."

"You and others should be very clear about what jianshixianye means to a sword, and even the meaning of rules on you will be strengthened a lot."

"Perhaps, you wait for this life, only this chance."

The emperor sword seemed to be lost in meditation and hesitation, and did not continue to speak.

But the virtual shadow of the sword asked Ren Fanfan: "what do you want us to do? We can't leave the sword world for a short time. If we go to the outside world, we will find that we exist. At that time, it will have a great influence on us and you."

Ren Feifan waved his big hand and suddenly tore the void behind him.

The blood coagulation around her is to find that behind the void is like a scene of doomsday, surrounded by purple thunder and lightning, and the surrounding space is cracked. At this moment, she has reason to believe that what Ren Feifan shows her is a thorough human purgatory.

"You should see that the rules here have disappeared," Ren explained

"I don't know if it's being manipulated or if it's natural."

"I want him to be what he was before. This place is very important for my layout."

"I'm afraid it's very simple for you to exchange the sword for peace here."

"As for your fear of being discovered, I don't have to worry about it at all. I've been outside the territory for many years, and I'm not allowed to be viewed by those who are too strong in the world. Naturally, I have my own way. You just have to answer yes or no."

Jian Xuying didn't dare to say anything more. He could only look at the emperor's sword and wait for his reply.

After enough incense, the majestic voice of the emperor's sword sounded again.

"What's the relationship between you and Ye Chen?"

Ren extraordinary blood month's pupil slightly flows, some accidents, way: "how, you are very interested in that boy? Or are you afraid of the future

"I can tell you for sure that this guy will surpass me, and in the near future."

Emperor sword continued: "you can let us go, but the sword left behind, someone must guard the sword world."

"The sword and I are enough to mend the rules of that place."

"Besides, I want not only jianshixianye, but also one more thing."

Ren extraordinary Mou son tiny MI, ask a way: "what?"

"A drop of your blood." Emperor Jiandao said, "it's not blood essence, just a drop of blood."

Ren extraordinary instantly guessed what, sneer: "you think my blood, can obstruct Ye Chen to control you?"

"You're too naive. That guy has Wuzu's heart and Lingxiao's will. But I've agreed to this condition. I'll start now."

The emperor sword no longer spoke, but there was a faint sword chant on the sword.

The sword and the back sword seem to understand something and return to the sword body.

Since negotiated terms, Ren Fanfan does not intend to stay, has not yet slowed down the blood coagulation thousand way: "in this case, I will leave."

Said, Ren extraordinary hands do not know when to appear a huge sword box.

The sword box opened, a trace of colorful air gushed out, and then wrapped the two swords.

"Come in, I know your rules and mission. I can only hurt you to stay in this sword box for a while. When it's finished, I will send you back in good condition."

The emperor's sword and the general's sword swayed gently and finally turned into two streamers and entered the sword box.

What surprised the two swords was that there was a world in the sword box, which was almost the same as the world of swords!

What can instantly create the scene of the sword world is obviously not ordinary!

Ren Fanfan closes the sword box, and a drop of blood essence falls on it. In an instant, nine rounds of blood moon patterns appear on the surface of the sword box and seal it.

Then Ren Fanfan carried the sword box on his back.

He turned to leave, but after a few steps, he seemed to think of something. A blood moon Fu Zhao appeared in his hand. He threw it to Xue Ningqian behind him and said, "sword is a world of dust. It's not enough to rely on a sword alone. This Fu Zhao should last for a period of time."

Chapter 6174

"If there is any accident in jianshichen, you can contact me through this edict."

Then Ren Fanfan looked at Su Mo Han and said, "Mo Han, you will stay here for the time being. Just as your beloved is in the center of the earth, if there is any accident, you can take care of it."

Su Mo Han hesitated and said, "can you go there alone?"

Ren Feifan showed a knowing smile and patted the sword box behind him: "where is a person? The two guys behind me can't be underestimated. Don't worry, I will come back soon."

After explaining everything, Ren Feifan quietly left the sword world.

Xuening Qian looks at the Fu Zhao in his hand, but he is still a little absent-minded.

Who would have thought that the two swords were really taken away like this.

Sword was taken away, she had a certain responsibility as a guardian, but somehow, as long as it was related to Ye Chen, she thought it was her own.

Su Mo Han doesn't say anything to Xue Ning Qian. He sits cross legged, closes his eyes and enters the cultivation state.

For a long time, Su Mohan's Kendo is not powerful. If she practices in this world, it will be good for her martial arts.

She doesn't want to waste time.

.....

At the moment, ye Chen naturally doesn't know what happened in jianshichendi.

Hongxia fairy and ye Chen soon came to the center of Wanyao Fairy Lake, but there is an island. On the island, there are flowing bamboo clouds, green moss piles and blue waterfalls. On the high mountain in the center of the island, there is a small pavilion built, and the scenery is quite beautiful.

Ye Chen was a little surprised. He didn't expect that there was such a beautiful place in Wanyao Xianchi. He thought it was Hongxia fairy's uncle, Wanyao Xianchi's spirit, the hermit named "Yaoxu".

In those days, the blood demon clan fought against the killing of the Terran. It was not the Hongxia fairy who really fought against the ten Heavenly Kings, but the demon behind it.

Cruelly speaking, Hongxia fairy is just a chess piece. The real arranger is this demon void.

Yao Xu has a long history. He was once the most effective assistant of the ancient demon.

The ancient demon is the most important one, who is the same time as the sky demon and the mysterious demon.

In other words, Yaoxu and TIANYAO come from the same era and have crossed the earth for so many years. Even if they don't do anything, as long as they are alive, they can accumulate great fortune and have unimaginable profound deposits.

This is the accumulation of time!

In the first battle between the blood demon clan and the Terran clan, the blood demon clan betrayed, and countless elders and strong men died in the battle, and finally failed.

If that Zhenyuan demon Zun didn't betray the blood demon clan in those years, it's still unknown who will win the battle between human and demon.

Once the blood demon clan wins, it's the mysterious "demon void" who dominates the world!

Think of about to face to see demon empty, leaf Chen heart can't help but thump.

Also don't know this so-called demon empty and allow special to compare, have how many gaps.

Hongxia fairy took yechen and Xiaohuang to the island in the middle of the lake. She pointed to the pavilion on the mountain and said, "my martial uncle lived in seclusion there." Then he led the way.

Ye Chen nodded, jumped down from Xiao Huang's back and walked forward to show respect.

Although he is proud, but in the face of this level of boss, or careful.

Huang walked slowly behind them.

When they came to the foot of the mountain, they saw a guard guarding the entrance.

On the guard's forehead, there was a dragon horn. It was obviously the Dragon nationality. He was wearing black armor and holding a long halberd in his hand. He stood like a statue. If his eyes hadn't turned, ye Chen would have thought he was a statue.

"Aozhan, I want to see my uncle."

Hongxia fairy stepped forward and said.

Ye Chen thought, "is this man Ao Zhan? His surname is Ao. Is it related to the Diyuan dragon clan? "

Ye Chen thinks of Diyuan dragon clan, Tianlong immortal pool, Dragon Girl Tianjun Aoye and so on. He deduces it secretly and finds out that the Aozhan is related to Diyuan dragon clan!

To be exact, Aozhan was born in Diyuan dragon family. Later, he took refuge in Yaoxu and became the guard of Yaoxu.

"Fairy, did you bring in an outsider?"

Ao Zhan opens his mouth and looks at Ye Chen coldly. His eyes are as cold as ice.

He not only discovered Ye Chen, an outsider, but also discovered the fact that ye Chen was a human race.

Since ancient times, the human race and the demon race are irreconcilable.

In that year's battle, the blood demon clan suffered countless casualties.

Ao Zhan hated the human race in his heart! Ye Chen's appearance is no exception.

Hongxia fairy said: "he is not an outsider, he is the Lord of reincarnation, and he is the one who breaks the game predicted by the grandmaster."

Ao Zhan laughed and said, "who broke the game? That's not necessarily true. Samsara's burden of cause and effect is too heavy. He can't even break his own chess game. How can he break it? "

Hongxia fairy said: "in a word, you get out of the way, I want to see shishuzu."

Ao Zhan had a long halberd, and his eyes were burning with fighting spirit, saying: "do you want to see the demon Xu? That's OK. Call the reincarnation Lord to defeat me first! "

Hongxia fairy's face sank and said, "is this the test of shishuzu?"

Ao Zhan said: "you don't have to worry about it. In a word, if you want to see my martial uncle, you must pass me first!" Say to stare at Ye Chen.

Ye Chen looks at Ao Zhan, but he feels that his opponent's breath is deep, and his cultivation has obviously reached a level of heaven.

If ye Chen is a strong player in the ordinary hundred flail realm, his current strength is enough to kill him. However, this is Wanyao Xianchi. The opponent has the advantage of good location and good luck, which is obviously unfavorable to Ye Chen.

Chapter 6175

Ao Zhan ha ha a smile, the killing intention in the eyes is still extremely exuberant, way: "how, reincarnation Lord, are you afraid?"

Ye Chen's mind flashed countless thoughts, quickly made a decision, Baoquan way: "since you want to fight, that war is."

With that, ye Chen pulls out the dragon Yuan Sky Sword and rides on Xiao Huang's back.

Xiao Huang bared his teeth and his eyes twinkled like a nightmare. The terrible smell of archaic heritage was gradually released from his blood.

A force from the depths of the nightmare erupted!

At the same time, there are ancient runes in Xiao Huang's red and blue eyes.

This Rune even evolved into artistic conception.

After several days of cultivation in the ten thousand demon immortal pool, Xiao Huang also absorbed the incomparably rich aura, and his blood changed greatly.

His two pupils are the core of the battle, like the elixir of a warrior. The more powerful the two pupils are, the more powerful their strength will be.

Ye Chen thought that if he fought side by side with Xiao Huang and cooperated with Longyuan Tianjian, he might not have no chance to win.

"Good, good, reincarnation Lord, then I'll learn your tricks!"

"I want to know, is your reincarnation way strong, or the long halberd terror in my hand!"

Ao Zhan's eyes suddenly sharp, the soles of his feet on the ground, his body like thunder and lightning shot out, and the long halberd in his hand swept toward Ye Chen.

He stepped out this step, the momentum burst, Hongxia fairy stepped back a few steps, pretty face is quite dignified, worried looking at Ye Chen, afraid that ye Chen will lose.

At one time she had learned the tricks of this madman.

Reincarnation of the current state of the Lord, want to beat him, almost impossible!

At the same time, she shrunk in the sleeve, also ready to hand, if ye Chen in danger, she will immediately save!

Although today's Hongxia fairy's strength has not yet recovered to the peak, her power is not weaker than the three ancestors of Dixin temple. If she wants to protect Ye Chen, no one can hurt Ye Chen.

Ye Chen saw Aozhan rushing in, mingled with the geomantic omen and fortune of the ten thousand demon immortal pool. His power was really fierce, but he didn't dare to be careless.

"To dark god pulse, open!"

With a loud shout, ye Chen rides Xiaohuang to rush up like the God of war. When the dark god pulse opens, endless darkness and eternal darkness come down quickly to cover the sky and make the surrounding world fall into absolute darkness.

Under the shadow of Zhidan, Ao Zhan's momentum weakened slightly.

Ye Chen's vision is like electricity, taking advantage of this opportunity, a sword cuts to his waist.

This sword, TIANYAO's body, blood burning formula, Baixie's body, transformation of soul's body, transformation of mysterious body into spirit, and other supernatural powers, can all be used!

Any of his martial arts skills must be released to the extreme.

"Ha ha ha, do you want to attack me?"

"Starburst demon airstream, break!"

Ao Zhan looks up at the sky and laughs. He is not afraid at all. His left hand shoots out and turns into a dragon claw.

On the dragon's claws, there are scales, which are full of evil spirit.

The evil spirit roared and condensed into mist. Then it exploded, and there was a vortex of air.

Ye Chen's Longyuan Sky Sword is impacted by the explosion, and the sword's front suddenly moves away from Ao Zhan's side.

Moreover, under the fierce impact of the demon explosion, ye Chen is numb and almost can't hold the sword and wants to drop it.

"Damn it

Ye Chen bites his teeth and takes a deep breath. He can hold the sword handle and stabilize his body.

There is a faint blood overflow in the corner of the mouth, but the problem is not too big.

Ao Zhan had the advantage of the time and the place. He had to rely on the geomantic omen of the ten thousand demon immortal pool. He had to fight personally, but he suffered too much.

The later the warrior comes, the less he looks at strength.

There are too many factors affecting the outcome of the war.

"Lord of reincarnation, you are just like that."

"I've cracked down on Shenwu shaking the sky!"

Ao Zhan's Halberd dances around and makes people dazzled. Then his left dragon claw suddenly smashes out like a yellow dragon. He uses a great Mongolian method to hit Ye Chen's head.

Click!

This move is extremely fierce and overbearing. Under the pressure of the dragon claw, the dark night summoned by Ye Chen is crushed.

Between heaven and earth, Qingming was restored.

Aozhan's Dragon claws were hundreds of feet in size. They were suppressed in the air, suffocating.

"Douzi Jue, break the sky!"

Ye Chen's face sank, and his fighting spirit suddenly broke out. He covered the sword body and rushed against the sword to fight against Ao.

This sword, fierce fighting, even burning the light of the fire of the spirit.

The power of Yan xuan'er, the fire of Taoism, is also infused into the body of the sword, and the nightmarish breath of Xiao Huang is also burning on the body of the sword.

The whole sky sword, fighting spirit, fire spirit, nightmare evil spirit interweave with each other, turns into a chaotic sword and cuts it on Aozhan dragon's claw.

Zheng!

The sword and the dragon claw fight each other, but they make a clanging sound like the collision of steel. A fierce collision air burst out from the center, shaking all directions.

Ye Chen only feels that a powerful force is coming, and the tiger's mouth is numb. The sky sword finally can't hold it and flies out.

And his body, just like a shell, flew out of the island in the middle of the lake and smashed on the water outside, stirring up thousands of waves.

"Master!"

Xiao Huang's canthus split and yelled. When he saw that ye Chen was injured, he was angry and resentful. The fierce nightmare breath was burning, red as magma, blue as the sky. Two air currents intertwined on his body.

He stares at Ao Zhan, but he sees that Ao Zhan's face is pale and his body keeps retreating. Finally, he bumps into the mountain wall. Obviously, he has been seriously impacted by the collision just now. Although he has killed Ye Chen, he doesn't feel well.

Red Fairy see this scene, pretty face slightly sink, but did not hand.

Because, this battle, although Ye Chen down, but did not lose much.

Under the water.

Ye Chen's heart is clear, his eyes open, and the picture of World War I just flashed in his mind.

He wanted to analyze the weakness of the man.

However, after thinking for a few seconds, ye Chen finds that this guy is a demon clan, and his martial arts is extremely explosive, but his strength makes his weakness shrink.

It's not easy to deal with.

However, this does not mean that ye Chen will be afraid of this person!

He is the Taoist heart of Wuzu. Nothing can affect his Taoist heart!

The stronger the enemy, the more likely he will win!

Wow.

Ye Chen broke through the water and got slightly hurt. He looked at Ao Zhan and thought to himself, "the influence is still too big. If this guy doesn't rely on the earth, I can kill him with one sword."

"Nightmare eyes, the road never stops!"

Just as ye Chen's thoughts were turning, Xiao Huang suddenly roared, his breath burst, and his body soared to the extreme, just like a wild beast, with huge claws and heavenly power, beating Aozhan hard.

At this moment, Xiao Huang's anger, even a short time to play a peak hit.

Chapter 6176

"No!"

Ao Zhan was surprised. He only felt that Xiao Huang's attack was so powerful that he could not resist it.

Before his breath recovered, he could not resist the attack of Xiao Huang and was about to be killed by a paw.

Ye Chen's eyes are also shrinking. Unexpectedly, under the outbreak of Xiao Huang's peak, he is so fierce that he directly crosses the limitation of the earth's pulse and Qi, and wants to smash Aozhan with one blow.

Seeing that Aozhan was dying, at this moment, a wall of vigorous Qi suddenly appeared in front of Aozhan.

With one paw, Xiao Huang bombards and smashes the wall of vigorous Qi, but his power of attack is exhausted.

"Who dares to stop me?"

Xiao Huang's murderous eyes show that he has already moved his blood. He wants to kill Ao Zhan with one claw and one hit at the top.

"Don't be impulsive, Xiao Huang!"

Ye Chen immediately flies to stop Xiao Huang.

"Master!" cried Xiao Huang

Ye Chen touched his head and said, "calm down."

Just that gas wall, obviously is behind of demon empty hand, leaf Chen don't want to make too much.

"Lord of reincarnation, please see me on the mountain."

Sure enough, at this time, an old voice came down from the top of the mountain.

Hear this voice, leaf Chen heart suddenly move.

And AO Zhan, the guardian, looked back at the top of the mountain and said, "Lord Yaoxu..."

The voice said, "let him in."

Although Ao Zhan didn't accept it, he didn't dare to disobey the voice's will and said, "yes!" Side to one side.

Ye Chen looked at the red haze fairy. The red haze fairy said, "my martial uncle told you to go up."

Ye Chen nodded, then put away Xiao Huang and strode up the mountain.

Hongxia fairy did not follow, waiting at the foot of the mountain.

Ye Chen all the way up the mountain, the closer to the top of the mountain, the more he felt a huge pressure, like a nightmare, with a strong evil impact.

"What a terrible pressure!"

Ye Chen secretly startled, secretly open Lingxiao Wu Yi, forced to bear the pressure, step by step up the mountain, finally came to the top.

But there was an old man sitting in the pavilion on the top of the mountain.

The old man was wearing a sky blue Taoist robe. If you just look at his clothes, you would think he was a Taoist of the immortal family. But his face was cold and deep, and his eyes were as bloody as demons, full of monstrous spirit.

Ye Chen's heart is tiny a quiver, ponder: "this person is demon empty?"

This demon void, the spirit of immortals and the spirit of demons interweave with each other, the breath is extremely special and strange, with the ancient mystery. People feel suffocated at a glance, and even have the feeling of not being close to it.

"Sit down."

Demon empty looked at Ye Chen one eye, pointed to the seat in front of oneself, indicated a way to him.

Ye Chen calm mind, arched hand way: "thank demon empty elder give seat."

He walked to the opposite side of Yaoxu and sat down slowly. However, he saw a go board on the table with a chess box on each side.

The chess pieces in the chess box were all made of skeletons. They were small, black and white skeletons. It was quite strange.

"Can you play chess?"

Demon Xu stares at Ye Chen and asks with a smile.

Ye Chen replied, "a little bit."

The demon empty way: "very good, accompany me hand to talk a game."

With that, he took the lead in the black and got a son in the lower right position.

The rules of go, black first, need to paste seven and a half, the first big loss.

Demon virtual first, let Ye Chen hold white chess, is the meaning of xiangrang.

Ye Chen is silent, holding the white chess, and falls a son in the third place. He makes it clear that he is seizing the field, trying to avoid the war and keep the advantage of being posted.

"It's too timid of you to try to avoid war at first hand."

The second-hand position of Yaoxu is in the star position, which means to open and close the whole world.

Ye Chen said: "it's not to flinch, it's just to fight steadily. I'm not the first one. I should be cautious."

This is Ye Chen's chess and martial arts.

He fought with wanxu temple. Wanxu was the first to fight. In his early stage, he was sure to fight steadily. He would never fight easily. He had to keep his own interests. When the foundation was solid, he would slowly plan to fight back.

Yao Xu laughs and thinks. He doesn't speak any more, just plays chess.

When they play chess, ye Chen always sticks to his foundation and never goes to war easily.

Yao Xu repeatedly attacked and fought fiercely, but he ignored his own defense. Finally, in the middle of the game, ye Chen found a chance to fight back and ruined a lot of things at one stroke. He was doomed.

Demon Xu looked at the chessboard, although there are still many vacancies, but the defeat is irreparable, he finally sighed, grabbed a piece, threw it on the chessboard, it was a throw in.

"You're right. It's very important to be steady. I used to be too strong, and eventually I was attacked by the alliance of the top ten families of heavenly kings. I lost out."

Yao Xu recalled the war between blood demon clan and Terran before, and felt a little sad.

Ye Chen said: "it's not the elder's fault, it's because the blood demon clan betrayed."

"Traitor..."

Demon Xu's eyes coagulated, thinking of the traitor Zhenyuan demon Zun, and said: "Lord of reincarnation, you promised me that the blood demon clan would help us chase Zhenyuan demon Zun and clean up the door. Are you serious?"

Restricted by the promise of no war, he could not go out easily. Otherwise, he might be attacked by the three ancestors of Dixin temple.

Therefore, the best way to clean up the door is to ask Ye Chen.

Ye Chen said: "if I have enough strength to kill Zhenyuan demon Zun, I will try my best."

"So good," said the demon with a smile.

Chapter 6177

After a pause, he said: "but in the past World War I, our demon clan was defeated. Traitor was one of the reasons. I was too fierce and tried to fight against the top ten ancestors by myself, which was also the way to kill myself."

Ye Chen laughs, but doesn't comment on anything. After all, it's too arrogant to fight against the top ten ancestors with his own strength, even he doesn't dare to think about it.

"Master, where is Zhenyuan demon Zun? How about his accomplishments? "

Ye Chen asks, if you want to clean up the door, you need to know the position of Zhenyuan demon Zun and the other party's cultivation strength.

Demon Xu pondered for a while, and said: "the current strength of the Zhen Yuan demon Zun is the two-tier heaven of the hundred flail realm."

"The second heaven of Baiji realm..."

Ye Chen's eyes were fixed, and the strong men of baijiejing were so different.

With his current strength, he can kill one level of heaven in baijiejing, but when he encounters two levels of heaven in baijiejing, he is extremely hard, and the chance of winning is only 40% at most.

Demon Xu said: "you don't have to worry. As long as you are in charge of the ten thousand demon immortal pool, you can use this magic weapon to easily suppress the traitor. That traitor is born from the ten thousand demon immortal pool, and this magic weapon can kill him!"

Ten thousand demons fairy pool is the place where ten thousand demons are bred. With the rich aura of this magic weapon, a big demon will be bred every once in a while, which is very strong.

And that Zhenyuan demon Zun is really bred from the ten thousand demon immortal pool.

That is to say, the use of ten thousand demon pool, you can ignore the gap between the realm, directly Zhenyuan demon respect seconds kill!

Ye Chen hears this words, immediately eyes a bright.

The demon empty way: "I can give ten thousand demon immortal pool to you, but you want to promise me one thing."

Ye Chen said, "what's the matter? I have promised to clean up the door. "

Yao Xu waved his hand and said, "no, I want you to revive my master. That is to say, the legendary ancient demon is supreme. I miss him very much."

Ye Chen a stay, way: "resurrect your master?"

Demon Xu nodded and said with a smile: "although this wish is too far away, I hope you can promise that when you take charge of reincarnation peak in the future, you can revive my master in reincarnation heaven."

The ultimate reincarnation is to control the reincarnation of life and death of all creatures in the universe. It can obliterate any creature at will and revive everyone easily.

This is the realm of legend, ye Chen does not know whether it is true, but since the demon mentioned, ye Chen naturally nodded and said: "if reincarnation peak, really can revive the dead, I will revive the ancient demon supreme elder."

Demon Xu was very pleased and said: "good, I remember your promise. You can leave with the ten thousand demon immortal pool. With the help of this immortal pool, you can lock the breath of Zhenyuan demon Zun, and as long as you are close to him, you can kill him."

Zhenyuan demon Zun's strength is full of two layers of heaven. If ye Chen wants to kill him in a confrontation, it's hard to compare with ascending heaven.

But if ye Chen can take charge of the ten thousand demon immortal pool, with the help of the original rules of this magic weapon, he can kill the Zhenyuan demon from the root!

Yao Xu takes out a Fu Zhao and gives it to Ye Chen. It's the Fu Zhao that controls the ten thousand demon immortal pool.

"Thank you, master!"

Ye Chen didn't give in and accepted the Fu Zhao.

Holding the Fuzhao of the ten thousand demon immortal pool, ye Chen's heart is turbulent.

You know, this ten thousand demon immortal pool is one of the four immortal pools. It's thirty-three supreme artifact. It's full of aura. Now he can take charge of it. The chance, luck and fortune behind it are no worse than the sky sword.

"Well, reincarnation Lord, I, the blood demon clan, now entrust the fate of the whole clan to you. I hope that one day, you can reach the top of reincarnation."

Demon empty sigh a, also don't know future blessing disaster how, he chooses to bet Ye Chen, in fact is also a gamble.

If you don't gamble, the blood demon clan can't break the game.

"Master, I will do my best and I won't let you down!"

Ye Chen stood up and said respectfully.

Demon Xu nodded and said: "this is my bureau, and it's also your bureau. From then on, we are related to life and death, honor and disgrace. I wish you a prosperous future and see you again in the future!"

With that, Yaoxu offered a glass of wine to Ye Chen.

Ye Chen took the wine cup and drank it with his throat. He felt happy and poured the aura into the imperial edict.

Boom!

The whole lake was boiling, and countless waves were surging and rolling up.

Then, the lake shrinks rapidly and continuously, and finally turns into a tear shaped water drop, suspended in the air.

Ye Chen's heart reads a move, that water drop then falls into his hand.

As the ten thousand demon immortal pool is accepted by Ye Chen, the mountain at the foot of him and demon Xu also collapses and completely annihilates in the void.

Just now, it was still a clear world. After Wanyao Xianchi was accepted, it completely turned into an almost chaotic void.

In this chaotic void, there are no stars, no moon, no sun, only the chaotic fog around, just like the end of the world.

Ye Chen, Yao Xu, Hongxia fairy and AO Zhan are all floating in this chaotic void. In the vast space, their bodies are as small as ants.

Hongxia fairy and AO Zhan are staring at this scene.

See this appearance, ye Chen got ten thousand demon fairy pool obviously.

"Hongmeng starry sky, planet creation!"

As soon as ye Chen stepped on his feet, Hongmeng starry sky stood up from behind him, and a star was born in the twinkling of stars.

This planet, however, is a real existence, with sky, earth, forest and river.

Now ye Chen's supernatural power has been extremely powerful. The cultivation of Hongmeng big star sky is enough to create a world, create a real planet directly, and reproduce life. It's very powerful.

He left the planet in this chaotic void as a shelter for demon void.

"You have a heart," she said with a smile

Ye Chen said: "master, thank you for your gift. Goodbye, I will reach the summit of reincarnation!"

Bow hand thanks, then leave demon empty.

The red haze fairy over there came back and worshipped the demon from afar, saying: "goodbye, martial uncle!"

Finish saying, she follows Ye Chen, the slender hand holds Ye Chen's arm, the soft body is close to go up.

Ye Chen knows that she is a demon girl. She is charming, but she doesn't think it's different.

Two people then accompany to leave, the demon empty eye sees off the leaf Chen to leave, the eye Mou a burst of absentminded.

Ao Zhan flies to the demon empty side, low voice way: "adult, do you really send ten thousand demon immortal pool out?"

Demon Xu nodded and said, "yes, it's better to give it to the reincarnation Lord than to leave it in my hands and destroy the heavenly things."

Ao Zhan was a little angry and said: "I'm afraid that the reincarnation Lord is not qualified to take charge of the ten thousand demon immortal pool!"

Demon empty ha ha a smile, way: "if connect he all have no qualification, that between the world, also no one has qualification again."

Chapter 6178

.....

Ye Chen and Hongxia fairy return to the outside world and return to the ancient demon temple.

"Hello, ye Chen, did my martial uncle really give you Wanyao Xianchi?"

The red haze fairy still holds Ye Chen's arm and asks.

Ye Chen said with a smile: "is there any fake?"

Hongxia fairy said with a smile: "you are really powerful. You have been recognized by my martial uncle so quickly. I thought it would test hundreds of years, thousands of years, even tens of thousands of years."

Ye Chen said: "I can't wait for such a long time. I should go now."

"Where are you going?" said the fairy

Ye Chen's vision one coagulates, cold voice way: "clean up the door."

Now ten thousand demon immortal pool has arrived, ye Chen is ready to start, looking for and killing Zhenyuan demon Zun, cleaning up the door.

Hongxia fairy said with a smile, "you don't have to be in such a hurry. You stay and play with me for a few days."

Ye Chen said, "no, I should go."

But Hongxia fairy held his arm, did not let go, stretched out a finger, shook in front of him, said: "a few days can't, then play with me one night, just one night, how about?"

Ye Chen is dumb but speechless, way: "your hall blood demon clan is in charge of, can have a little reserve system?"

The red haze fairy turned her lips and said, "our demon clan is not as high sounding as your clan. Like is like, don't like is don't like, I like you, want to have fun with you, is it wrong?"

Ye Chen flicked the forehead of Hongxia fairy and said, "you don't like it. You are greedy for my body and want to get the nourishment of my reincarnation blood."

"Does it make any difference?" said the fairy

Ye Chen said: "of course, there is a difference. Forget it, business matters. When I solve the traitor, I will come back to you again. As for now..."

How about now? Why don't you stay for one night? "

Ye Chen said, "now I'm leaving. Goodbye!"

With that, ye Chen breaks away from the arm of Hongxia fairy and flies away.

"Well, are you really going away?"

The red haze fairy stamped her feet and looked angry.

However, ye Chen did not look back, nor did he plan to share happiness with her, but quickly left the blood demon mountain.

Outside, ye Chen finds a secluded place, unfolds the picture of the yellow spring, and dodges in.

Entering the picture of the yellow spring, ye Chen takes out the teardrop and observes it carefully.

This water drop is the condensation of the ten thousand demon immortal pool, which is connected with his Qi machine and has been recognized by him.

"Ten thousand demon immortal pool, melt!"

Ye Chen fingers a bullet, water droplets flying out of the air, and then fell into the world of the yellow spring, burst out, into a thousand li lake.

The lake water is clear and full of Fairy Spirit, which is not only mysterious, but also fierce.

In the world of huangquan, Qinglong Alsophila tree, linger and others are very happy to see Wanyao Xianchi falling.

Alsophila spinulosa said: "Lord, with the location of the ten thousand demon immortal pool, we have a soaring aura in the yellow spring, and we will enjoy endless aura in the future!"

Ten thousand demon immortal pool is full of aura. If you get this magic weapon, the geomantic omen of the map of the yellow spring can also be greatly nourished and thoroughly transformed. After that, the aura will be endless and the blessing will continue.

With a smile, ye Chen uses the Wutu source symbol to build an island in the ten thousand demon pool and transplant the Qinglong Alsophila tree.

This ten thousand demon immortal pool is located in the center of the world of the yellow spring, guarding the vital energy.

Now in charge of the ten thousand demon immortal pool, ye Chen doesn't need to cultivate deliberately, but has endless aura, constantly nourishing his muscles and blood.

"Xiao Huang, come out."

Ye Chen released Xiao Huang again.

When Xiao Huang saw the clear water in front of him, he cheered and jumped into the ten thousand demon fairy pool to soak up and absorb the aura.

"Xiaohuang, Alsophila spinulosa, linger, you will practice here in the future."

Ye Chen orders to go down, this ten thousand demon immortal pool spirit is rich, enough for him to use to ascend, is nearly the cultivation treasure land against the sky.

"Thank you, master!"

Xiao Huang is overjoyed and thanks Ye Chen.

Later, with the help of Wanyao Xianchi, his blood will recover quickly.

The Alsophila spinulosa tree and the spirit child also gave thanks to Ye Chen respectively.

Ye Chen nods, then leaves the world of the yellow spring and puts away the picture of the yellow spring.

"The Zhenyuan demon Zun, I don't know where..."

Ye Chen's heart moves. With the help of the source gas of the ten thousand demon immortal pool, he constantly traces back to heaven and explores the position of Zhenyuan demon Zun.

In the dark, ye Chen really caught a breath of the strong, and his cultivation reached the second level of the hundred flail realm. He thought it was the Zhenyuan demon Zun.

"Good. It's time to clean up the portal."

Ye Chen clenched his fist, blood demon clan gave him such a big chance, he naturally won't break his promise.

Zhenyuan demon Zun, the traitor, must be killed!

At the moment, ye Chen flies away along the place where the breath of heaven comes out.

And just after ye Chen just flew out, two mysterious people suddenly appeared between the clouds in front of him.

The two mysterious people were all dressed in grey robes, covered in the robes, and only showed a pair of eyes with extremely sharp eyes.

"Is he the Lord of reincarnation?"

The two mysterious people in grey robes, one left and one right, stopped Ye Chen.

Ye Chen see their breath, only half step hundred flail realm, he can kill, but don't know each other's identity, he didn't act rashly, stop body shape, way: "it's me, who are you?"

Between the words, ye Chen meditates on deduction, but is surprised to find that the causal breath of the two gray robed people has a little connection with Zhenyuan demon Zun!

To be exact, they are subordinates of Zhenyuan yaozun!

Chapter 6179

The two gray robed people said in one voice: "we are the Dharma protectors under Zhenyuan demon Zun. Zhenyuan demon Zun wants to invite the reincarnation Lord to Zhenyuan hall."

Ye Chen heard this, ha ha a smile, thought: "it seems that I deduce Tianji, capture Zhenyuan demon Zun's details, he also sensed murderous."

Since the other party invites openly, ye Chen naturally won't refuse.

Anyway, he is in charge of the ten thousand demon immortal pool and has the absolute upper hand. He wants to see what tricks Zhenyuan demon Zun has.

"Well, I'll follow you and lead the way."

Ye Chen agrees to come down directly.

The two men in grey robe were surprised. They didn't expect that ye Chen was so determined and bold. They agreed directly, and they were not afraid of their plot and trap.

"Lord of reincarnation, please!"

Two people respectfully lead the way in front of the wind and fly away.

Ye Chen followed the two men in grey robes and flew all the way through the wind. After flying for a long time, he crossed thousands of miles and finally came to a very gloomy place.

This place is a plain.

On the plain, however, there are many halls, each of which has an evil skeleton.

Between the main hall and the main hall, there are statues standing one after another, with different movements and shapes. However, the appearance of the statues is the same person. It is the founder of the blood demon clan, the ancient demon supreme.

Ye Chen thought to himself, "it seems that although this Zhenyuan demon master rebelled, he didn't dare to deceive his master and destroy his ancestors. He still remembers that his ancestors were the ancient demon master."

Under the induction of concentration, ye Chen did not catch the crisis of any trap.

It seems that Zhenyuan yaozun sincerely invited him, but he didn't dare to play any tricks.

Because, ten thousand demon immortal pool in Ye Chen hand, ye Chen occupies the absolute upper hand, Zhen Yuan demon Zun any conspiracy means, all is false, will not have any effect at all.

"Lord of reincarnation, I've heard so much about you!"

Ye Chen just arrived, a respectful voice sounded in the deep of the hall. A middle-aged man in a long robe of demons came out to greet him with a smile.

The middle-aged man's cultivation breath is incomparably profound, reaching the second level of the hundred yoke realm.

In the picture of the yellow spring in Ye Chen's body, the ten thousand demon immortal pool makes a change, which resonates with the middle-aged man.

Obviously, this middle-aged man is the traitor of the blood demon clan, Zhenyuan demon Zun!

On both sides of Zhenyuan demon Zun, there are beautiful fox girls, snake girls and so on. They all come and surround Ye Chen, singing and dancing.

Ye Chen does not move, communication ten thousand demon immortal pool, as if saw the heart of Zhen Yuan demon Zun, as long as he thought a move, can immediately kill Zhen Yuan demon Zun!

Wanyao Xianchi is the place where Zhenyuan yaozun was born.

Ye Chen in charge of ten thousand demon immortal pool, equal to pinch each other's dead, the other side also dare to close to him, it is to send to death!

However, the other side is so frank, ye Chen didn't rush to start and watch it change.

"It's a great honor to see reincarnation Zun fan today."

Zhenyuan demon Zun worships Ye Chen with a very humble attitude.

Ye Chen was quite surprised and said, "you don't have to do such a big gift. I'm not coming here to be a guest, but to take your life and clean up the door."

These words were frank and brave. People around them all changed their faces. Those fox girls and snake girls used to sing and dance, but now they seem to have their throats cut off and they are as silent as death.

Zhenyuan demon's face remained unchanged, and he still kept smiling, saying: "I'm just a demon without father or mother. It's easy for the reincarnation master to take my life. Ten thousand demons are in your hands, and ten thousand demons in the world surrender, and no one can resist. But the reincarnation master has come all the way, and you don't need to kill me as soon as you meet him. Please go in and have a cup of tea."

Ye Chen in the heart more and more doubts, thought: "don't know this town Yuan demon Zun, still have what trick."

At the moment, he nodded and followed the Zhenyuan demon into the room.

The soldiers came to cover the water and the earth.

The distance between the two people, ye Chen always kept within 20 steps.

In this range, as long as his mind moves and urges the ten thousand demon immortal pool, he can kill the other party immediately, and there is no need to fight at all.

Even, with the powerful breath of the ten thousand demon immortal pool, it is easy to suppress the whole Zhenyuan hall and kill all the demons.

This pool of ten thousand demons can make ten thousand demons in the world submit to it. It has an extremely terrifying restraining effect on the blood of the demons. It can basically ignore the difference in combat effectiveness, and directly wipe out the demons from the aspects of laws, rules, and the origin of Qi transportation.

Ye Chen follows Zhenyuan demon Zun to the hall of the demon clan and sits down.

Several senior elders in Zhenyuan hall sat beside them, and all of them were dignified.

Their life and death are all in Ye Chen's hands.

It's useless to fight. Ye Chen controls the ten thousand demon immortal pool. This magic weapon is too terrible for the demon clan. As long as ye Chen's heart is moved, he can kill everyone immediately. No one dares to fight at all.

After the host and guest sit down, Zhenyuan demon Zun asks his servants to serve tea.

"Zhenyuan demon Zun, let me tell you the truth. You betrayed the blood demon clan, Hongxia fairy and Yaoxu elder, and asked me to kill you and clean up the door. Now you can tell me what you have left."

Ye Chen holds the tea cup, but does not drink, just calmly looking at the Zhen Yuan demon Zun, straight to the point.

Since the other side is honest with each other, he doesn't mind the chance to leave his last words.

But at that time, the rebellion of Zhenyuan demon Zun directly led to the rout of the blood demon clan. It was so bad that ye Chen couldn't let each other go. At most, he left a whole corpse for him.

Hearing Ye Chen's Frank words, the elder of the demon clan was disgraced. Even Zhenyuan demon Zun finally showed a trace of despair and fear.

"Lord of reincarnation, if you have something to say, I'd like to invite you here. It's something to discuss."

Zhen Yuan demon Zun said with a dry smile.

"What else do you have to say?"

Ye Chen is looking at Zhen Yuan demon Zun, pour is to want to know very much, the other side still has what to defend language.

Zhenyuan demon Zun sighed and said, "I was rebellious at that time, but I was bewitched by the ancient emperor Yuhuang. I already know my mistake. Please give me a chance."

Ye Chen ha ha a smile, a way: "just bewitch two words, you want to get rid of your sins in those days, is too fanciful."

Zhenyuan demon Zun bit his teeth, suddenly stood up, knelt down to Ye Chen, and said: "Lord of reincarnation, I know I'm sinful and can't be redeemed, but I'm willing to submit to you. Instead of killing me, you'd better take me under your command. It's of great use to your future layout."

All of a sudden, he knelt down and the audience was shocked.

Whether ye Chen or the elders in Zhenyuan hall, they were all extremely shocked.

Ye Chen's vision one coagulates, but didn't expect Zhen Yuan demon Zun to be obedient.

Chapter 6180

It is true that Zhenyuan demon Zun is a strong man in Baiji realm. If he is accepted, it will be of great use to fight against the leader of the verdict in the future.

But, the other party once was a traitor, has committed the heinous crime, how can ye Chen forgive easily?

"Lord of reincarnation, please accept this thousand cold jade meteorite crystal as a gift from me."

Zhen Yuan demon Zun takes out a crystal stone and respectfully gives it to Ye Chen.

This crystal stone is crystal clear and full of cold. Its aura is very strong. It is obviously a valuable treasure.

Ye Chen looks at that thousand cold jade meteorite crystal, in the heart move, think: "this crystal, if give to Wei Ying that Ni son, to her cultivation must have gain."

Wei Ying is breaking through the hundred shackles, and this thousand cold jade meteorite crystal has something in common with Wei Ying's breath. If it is given to her for refining, it will surely make her cut off the shackles more smoothly.

But, Zhen Yuan demon Zun's sin is too heavy, ye Chen's mind flickers, and does not rashly accept his gift.

Seeing this, Zhenyuan demon Zun turned pale and said, "please forgive me, the reincarnation Lord. I will do my best to go through fire and water."

Ye Chen listened to him sincerely, nodded and said: "you want to make up for your mistakes, but you were rebellious. It's too bad. I can't be the master. Ask Hongxia fairy and Yaoxu elder. If they are willing to let you go, I will let you go."

Smell speech, Zhen Yuan demon Zun whole body shudder, fear to the extreme.

He knew that the evil was too deep in those years. Hongxia fairy and Yaoxu wanted to tear him to pieces. He went to beg for mercy, which was a way to die.

Ye Chen sees his this appearance, way: "see you also know, your crime is too deep, can't redeem, so, I send you on the road today, all the way good!"

With that, ye Chen's inspiration, the top of the head of the fairy spirit, there is a dream like illusory pool vision, emerged in his head, just like the celestial fairy pool, vast and holy, spirit light.

That's the illusion of Wanyao Xianchi!

Ten thousand demon fairy pool a, Zhen Yuan demon Zun immediately despair, and then feel the heart and soul, a burst of severe colic.

But ye Chen urges Wanyao Xianchi to take his life.

"Ah! Lord of reincarnation, spare your life

Zhenyuan demon Zun screamed bitterly, with severe angina pectoris. He covered his heart and convulsed on the ground. His facial features were completely twisted, and his appearance was extremely miserable.

The other demon clan elders in the hall, all of them were terrified, knelt down one after another and begged for mercy from ye Chen.

Ye Chen just like a heart of stone, not moved, continue to urge ten thousand demon immortal pool.

Zhenyuan demon is like a dying beast. It howls miserably. It only feels that there are tens of thousands of curses, tens of thousands of poisonous insects and snakes, tens of thousands of ants bite the heart, tens of thousands of swords crack the soul, and the pain and suffering of the flesh and soul has never happened in his life.

He scratched his hands on his body and wanted to tear himself to pieces. After a while, he tore out ferocious bloodstains, shocking.

"Reincarnation of the Lord, please spare my life, please let go of my house Lord!"

At this time, a demon clan elder, kneeling and climbing to the foot of Ye Chen, banging his head, said: "I can tell you a secret about reincarnation Heavenly Sword. Please forgive my temple master and let us go of Zhenyuan hall."

"The secret of reincarnation sword?"

Ye Chen hears this words, the heart suddenly violent vibration, stop action, no longer urge ten thousand demon immortal pool.

Reincarnation Heavenly Sword is the weapon Ye Chen wants most, and it is also the most powerful existence in the eight heavenly swords.

If ye Chen wants to fight against wanxu and kill yuhuanggudi, he must get the sword, or he will not be qualified to fight at all.

Zhenyuan demon Zun gasped a little. When he heard that his elder wanted to reveal the secret of reincarnation sky sword, he suddenly changed his face and said: "no... I can't say! The clue of reincarnation Heavenly Sword must not be revealed! "

Ye Chen hears the words of Zhen Yuan demon Zun, feel more surprised.

He just urged Wanyao Xianchi. The pain Zhenyuan yaozun suffered was unspeakable and cruel, but even so, he didn't reveal the secret of reincarnation Tianjian.

We can imagine how important this secret was to him. He refused to reveal even when he was tortured to death.

Ye Chen immediately came to interest, way: "that reincarnation sky sword's secret, exactly is what?"

Zhenyuan demon Zun's face sank and said, "I won't say it. Reincarnation Lord, you can kill me."

At this time, he was bloodstained and bloody. Many wounds were deep and bone could be seen. He looked fierce and terrible, but his eyes were very firm. It was obvious that he would rather die than tell the secret of reincarnation.

But the elder of the demon clan said, "the Lord of the temple, if you want to live and preserve the orthodoxy of our Zhenyuan temple, you can only use this secret to make a deal."

The remaining demon clan elders also kneel down and plead with Zhenyuan demon Zun to trade with Ye Chen by using the secret of reincarnation sky sword.

Zhenyuan demon Zun is struggling in his heart. By this time, he is not afraid of death, but tens of thousands of demon clans in Zhenyuan hall, the great foundation of orthodoxy, will be destroyed when he dies.

Since ye Chen wants to clean up the door, he naturally wants to cut down the grass and eliminate the root, so that he can't let go of other demons in Zhenyuan hall.

Ye Chen looks at Zhen Yuan demon Zun, waiting for his answer.

Zhenyuan demon Zun struggled for a while, seemed to think about everything clearly, and finally said: "Lord of reincarnation, as long as you let go of Zhenyuan hall, I can tell you the clue about reincarnation Heavenly Sword."
