

Physician 6181

Chapter 6181

Ye Chen narrowed his eyes, but did not immediately state his position, and said: "you say first, I can consider it."

Zhenyuan demon Zun stood up and sat down on his seat. His wounds were still bleeding, and there was blood flowing out of his eyes. He looked extremely ferocious and said, "I can sense that you have the talisman of reincarnation Heavenly Sword, but this talisman can only help you find reincarnation Heavenly Sword, but it can't help you hold it."

"Reincarnation Heavenly Sword is the number one Heavenly Sword. It's very powerful and strictly forbidden. You don't have to take charge of it. Even if you step closer, you will be killed by reincarnation Heavenly Sword's prohibition and sword spirit."

Ye Chen's heart is filled with awe. The main material of reincarnation Heaven Sword is his Dao bone. But this sword, after all, is too powerful and forbidden. Even the supreme emperor is not qualified to hold it. It's almost impossible for him to get close to this cultivation.

"What can you do?" Ye Chen asked.

Zhenyuan demon Zun said: "if you want to take charge of reincarnation sky sword, you need to find a man named Xiao Buyi, who is a disciple of the ancestor of sword God. He participated in casting reincarnation Sky Sword in those years."

"Xiao Bu Yi? Casting reincarnation sword

Ye Chen's eyes shrank. Does it mean that reincarnation Heaven Sword was not made by the ancestor of sword God alone?

Zhenyuan demon Zun nodded and said, "that's right. Xiao Buyi is a genius of Tianzong. He is qualified to inherit the mantle of the ancestor of the sword God."

"At that time, the ancient emperor Yuhuang dug up the emperor's bone of reincarnation and gave it to the ancestor of the sword God to cast the sword."

"The ancestor of the sword God broke that bone and exhausted all his strength. Xiao Buyi was responsible for the next sword casting."

"To be exact, Xiao Buyi is the real foundry of reincarnation sky sword!"

Ye Chen hears his these words, the heart immediately matchless shock.

Under the heaven's induction, cause and effect fit, he knew that Zhenyuan demon Zun didn't lie.

At that time, the reincarnation Lord's Tiandi bone was dug away by the ancient emperor Yuhuang. In order to break this bone, the ancestor of the sword God exhausted his life energy. After the bone was broken, he was no longer able to make a sword.

In the end, the man who smelts the materials and casts the reincarnation Heavenly Sword is not the ancestor of the sword God, but his disciple, Xiao Buyi!

Zhenyuan demon Zun said: "if you want to take charge of reincarnation Heavenly Sword, you must find Xiao Buyi, because in this world, only he knows how to break the ban of reincarnation Heavenly Sword!"

Ye Chen said, "is that Xiao Bu Yi in the center of the earth?"

Zhen Yuan demon Zun nodded and said: "that's right! In those days, after Xiao Buyi made reincarnation sword, sword Qi became forbidden. Only he knew how to break the forbidden system. "

"However, he refused to say the way to break the ban. In a rage, the ancient emperor Yu Huang beat him down and suppressed him forever."

"Later, heaven and earth changed dramatically. The cause and effect of the supreme world and the center of the earth gradually separated, and the yuhuanggudi couldn't find a way back. But now the ancestral road reappears. The yuhuanggudi will rule here sooner or later, and Xiao Buyi can't escape."

Ye Chen brows tightly lock, way: "how do you know these?"

Zhenyuan demon Zun said: "I traveled all over the world and accidentally stepped into the seal of Xiao Buyi. He said everything and asked me for help, but I was afraid of the power of the ancient emperor Yuhuang and did not dare to save him."

"You are the old enemy of the yuhuanggudi. I will reveal this secret to you. It's against heaven. Sooner or later, it will be cleared by the yuhuanggudi."

In the end, Zhenyuan demon Zun's voice was bleak, with great panic and despair.

He is very clear about the dread of the ancient emperor yuhuangdi. If he is cleared by the ancient emperor yuhuangdi, life is not like death.

Ye Chen hears here, understand finally, why Zhen Yuan demon Zun, dare not disclose this secret easily.

Because, being killed by him is always a relief, but being cleared up by the ancient emperor Yuhuang is an eternal despair, which is ten thousand times more miserable than death. Just like Xiao Buyi, he is sealed by eternal suppression.

Zhenyuan demon Zun said: "my only hope now is that you, the reincarnation Lord, can kill the ancient emperor Yuhuang. In this way, I don't have to be afraid of being liquidated, but..."

At this point, he sighed, obviously not hopeful.

Because the gap between Ye Chen and yuhuanggudi is too big. He is not optimistic about ye Chen in this fateful duel.

But no matter what, now that he has told the secret, he can at least save his life temporarily by trading.

Ye Chen nodded and said, "thank you for telling me the secret. I can't kill you today."

Zhenyuan demon Zun moved in his heart and said: "after that..."

Ye Chen pondered for a while, countless thoughts flashed in his heart, constantly weighing, and said: "your sins were too heavy, I can't give you an opportunity to atone, I have to clean up the door and kill you."

Whether it is Hongxia fairy or Yaouxu, it is impossible to let Zhenyuan yaozun go.

Ye Chen promised to clean up the door, naturally there will be no idea to let people go.

Hearing this, Zhenyuan demon Zun's face changed dramatically and his facial features twisted. He said, "I have told you the secret of reincarnation sky sword. Do you want to kill me when you know such a great cause and effect?"

Ye Chen waved his hand and said: "don't panic. I'm naturally clear. Since you told me the secret, as a trade, I won't use Wanyao Xianchi any more. I'll kill you with my real strength."

Hearing this, Zhenyuan demon's eyes suddenly brightened.

What he fears most is Ye Chen's ten thousand demon immortal pool!

If ye Chen doesn't use Wanyao Xianchi, he's not afraid at all.

Because, ye Chen's cultivation, in the final analysis, is only five layers of heaven.

And he is already a strong man in the second level of Baiji realm!

If the confrontation, in such a huge gap between the realm, Zhen Yuan demon Zun has absolute confidence, can kill Ye Chen!

"You... You really don't need wanyaoxianchi?"

Zhenyuan demon Zun can't believe it. He asks cautiously again.

Ye Chen nodded and said: "I said no, I won't use it again. Is there a false oath of reincarnation?"

Zhenyuan demon Zun was overjoyed. He took out a map and gave it to Ye Chen. He said, "the location of the seal of Xiao Buyi is recorded on it. Reincarnation Lord, remember your promise!"

Later, he sent the thousand cold jade meteorite crystal to Ye Chen.

Ye Chen nodded and said, "well, today you are too seriously injured, and I won't take advantage of you. Let's make an appointment for 100 days. After 100 days, I will come back to Zhenyuan hall and clean up the door with my own martial arts."

Zhenyuan demon Zun's strength has reached the second level of Baiji realm. Ye Chen thinks that if he is given a hundred days to improve his martial arts, he should have a chance to defeat the former.

Not even a hundred days!

"Will we fight again in a hundred days?"

Zhenyuan demon Zun's heart moved. If he had a hundred days, he would arrange it slowly. Relying on the advantage of Zhenyuan hall, it would be easy to kill Ye Chen.

Even if he has enough time to set up the array, he can fight against the attack of Wanyao Xianchi.

Chapter 6182

In this way, even if ye Chen breaks his promise and uses Wanyao Xianchi, he will not be afraid.

Thinking of this, Zhenyuan demon Zun was very happy and said, "OK, we will fight again in a hundred days!"

Ye Chen nodded and said, "OK, I'll visit again in a hundred days. Goodbye!"

With that, ye Chen stood up and strode away.

All the demons, no one dare to stop him.

Zhenyuan demon Zun survived the disaster and escaped from death. He was very happy and worried about the liquidation of the future emperor.

"No matter what happens in the future, let's talk about it in the future."

"If I can kill the reincarnation Lord and take his blood in a hundred days, I will be able to fly to the Supreme Court. The world is so big that if I hide in anonymity, the ancient emperor Yu Huang may not be able to find me."

With this in mind, Zhenyuan yaozun is a little more generous.

.....

At the same time, heaven and man are in a broken void.

It's like the end of the day here. Endless thunder and lightning fall from the sky. There are huge pits on the ground.

The huge pit is surrounded by hot magma. The magma flows and the temperature is amazing. Even the fire repair may not be able to withstand it.

Fire, darkness, devouring, demons.

Who knows that there will be such a hellish place outside China.

At this time, in a sea of fire, a figure fell quietly.

The figure is great, but strange.

I just thought that there was a huge sword box behind him.

The sword box exudes a faint light, but it gives people not warmth, but chaos.

Ren special looked around, Mou son tiny MI, murmur a way: "look, here more and more serious."

"If we don't rebuild the rules here, I'm afraid wanxu will find it sooner or later. If we attack Ye Chen and me through this place, we will be unprepared. There can't be any loopholes in this game."

With that, Ren Feifan slowly put down the huge sword box behind him.

As the sword box landed, the ground suddenly quieted down.

Magma no longer flows, flames no longer burn, everything seems to be calmed by some force.

This kind of power is more like rules.

Ren special finger pinches Jue, pupil blood month circulation, then right hand a point in sword box above.

In a twinkling, the sword box opened, and two swords full of mysterious meaning and ethereal appeared in this world.

It's the emperor's sword and general's sword in the world.

Ren Fanfan looked at the two swords, hands behind: "now you are professional, how do I need to cooperate?"

The two swords swayed slightly, and two vague shadows appeared.

These two virtual shadows were staring around, and there were some casual expressions, which were serious in a moment!

The voice of the emperor's sword came suddenly: "is it formed naturally here?"

"Why do I feel more man-made?"

"The other side is so strong that I can't understand the rules."

Ren extraordinary brow micro coagulation, he knows that there must be more complex explanation behind this matter, but now, he has no more energy to investigate.

"Can you handle it?"

The virtual shadow of the emperor's sword took a look at the virtual shadow of the sword, understood the sword instantly, returned to the sword, turned into a streamer and disappeared in the sight.

After a stick of incense, he flew the sword back and said, "not only are the rules broken, but if we want to repair them, we may pay some price. Besides, there will be a lot of noise. Maybe those guys will be attracted."

Ren Fanfan is to open a way: "latter you need not worry, I can solve."

With that, Ren Fanfan took out an array disk in his hand. There was a strange eight trigrams diagram in the center of the array disk. When he looked at the eight trigrams array disk, his eyes coagulated, forcing out a drop of blood essence. The blood essence fell on the array disk and turned quickly.

At the same time, a piece of bright starlight flows out from the eight trigrams array, and the little starlight finally turns into a big net towards the sky!

A hundred Li radius, instantly covered by the starlight network.

Every star seems to be connected by a line, but there are nine eyes missing in this star net.

Without the continuous supply of core power, it will soon dissipate.

As soon as he wanted to open his mouth, Ren Feifan stepped out, and his eyes turned red. At the same time, nine rounds of scarlet blood moon appeared in his elixir field. The blood moon was hanging high in the sky, just falling on the place where the nine eyes were missing.

The blood moon returns to its original position, and the array is instantly alive. The connection between the stars has the flow of runes.

With this technique, Ren Fanfan's face turned pale. He looked at the emperor's sword and the general's sword and said, "this big array is enough to cover everything. Even if you explode here, I'm afraid it won't cause too much noise. Next, is there any problem?"

"We don't have much time left."

The emperor sword just said: "very good, the next three days, can't be disturbed by anyone."

Ren extraordinary nodded, quite confident way: "this is my home, if someone disturb, directly kill is."

"Let's go."

The emperor's sword and the general's sword shake gently. The next second, they soar to the sky!

The two swords are suspended in the sky, one after another, like a long river.

The rules of the river, surrounded by the stars network, constantly falling.

I don't know why, the terrible thunder and lightning that had been constantly falling disappeared.

And the world like purgatory, at this moment, becomes the world of sword.

Infinite Kendo covers the whole world. The master and guardian of the sword are in every corner at this moment.

Chapter 6183

Ren Fanfan looked at the fruitful, gently exhaled a breath.

The effort was not in vain.

If I were a few days later, I'm afraid the war would come ahead of time.

Then, Ren Fanfan closed his eyes and was ready to enter the settled state.

But all of a sudden, Ren extraordinary eyes open, toward the north direction to see.

His eyes were cold, and there was a trace of lethality.

"I'll leave for a while, and I'll have a stick of incense."

Finish saying, Ren extraordinary then toward due north direction but go.

Soon, Ren Fanfan stopped, and in front of him was an old man in black.

The black robed old man touched his gray beard, and his turbid eyes were staring at Ren Fanfan for a few seconds. He said, "I knew it was you."

Ren Fanfan's voice was cold: "what happened here? Someone's trying to break the game? "

The old man in black robe shook his head: "how can there be so many troublemakers in this world? Are you, yuhuanggudi, the Lord of reincarnation, Wutian and tiannv not enough? If we had a few more, we would have been razed to the ground. "

"This era has not belonged to me for a long time. I have been sleeping for a long time."

"The reason why it appears at this time is that I feel that your power is connecting with foreign countries, so I came to have a look."

Ren Feifan didn't soften at all. He said, "now that you see it, you can leave. I don't want to break the rules between you and me."

The old man laughed, his voice a little hoarse: "so many years, you have not changed, or so cautious."

The old man stepped forward, turned around Ren Fanfan and said casually, "the last question, you answer me, I'll go."

Ren Fanfan did not speak, but showed his attitude.

The old man in black robe said slowly, "do you think that if you win this chess game with the reincarnation master, you will really win?"

Ren Fanfan's eyes slightly changed: "what do you mean by that?"

It seems that the old man in black robe is very happy to see Ren Fanfan eat shriveled. He smiles: "what's the meaning of it? I've been sleeping for so many years, and I've had a lot of dreams. Finally I understand what a big dream is."

"Chess, in fact, no one can win."

"If you lose, maybe you win."

"And if you win, it's not a loss."

With that, the figure of the old man turned into a black fog and dissipated in the world.

Ren Fanfan murmured a few words that the old man left behind at last. He thought a little about it, but now guarding here is the key, and he soon returned to where he was.

He closed his eyes and uttered a word from his thin lips.

"Ye Chen, you can win completely, right?"

.....

meanwhile.

Ye Chen naturally doesn't know what happened to Ren Fanfan at the moment, and he doesn't know what Zhenyuan demon Zun thinks. He goes out of Zhenyuan hall, unfolds the map, and finds that the seal of Xiao Buyi is marked on the map, which is called "Jingzhe secret place".

"I don't know where it is."

Ye Chen eyebrows a wrinkly, but didn't rashly start to go, but fly to Xiao Jiazuo.

That Xiao Buyi is a disciple of the ancestor of the sword God and a member of the Xiao family.

Ye Chen wants to know more about Xiao Buyi.

If he can grasp enough clues, he can get a glimpse of the truth and take the absolute initiative.

All the way, ye Chen quickly came to the ancestral land of Xiao family.

But in the wind and snow all over the sky, the Kirin tree is glowing and shining.

Under the tree, a white haired woman, sitting with her knees crossed, is quietly practicing. It's Xiao Qingyan.

When ye Chen came down, the guard disciple of the ancestral land of the Xiao family saw him coming. He saluted respectfully and said, "Lord Ye, how are you doing? I don't know what can I do for you

Ye Chen said, "I want to meet your saint."

The guard disciple said, "the saint is practicing under the tree. Please come in."

Ye Chen nodded, strode into the ancestral land of Xiao family, and walked toward the tree.

Sensing Ye Chen's breath, Xiao Qingyan opens her eyes. In her pink eyes, she flies up to Ye Chen with endless spring waves and autumn water. She has no taboo. Her jade arm hooks Ye Chen's neck and her soft body sticks to her. She blows like orchid road

"Why, do you miss me? Finally, I think it's clear that you want to practice with me? "

Her eyes at this time, is no longer the naked interests of the past, but really with feelings and admiration.

Before in the blood demon mountain range, ye Chen saved her life, has let her breed a trace of emotion.

Ye Chen is dumb but lose a smile, push away Xiao light Yan, way: "don't make trouble, I have business to want to discuss with you."

Xiao light Yan smile curved, way: "what business? Do you want to study the method of double cultivation? From some ancient books, I have seen some tricks like playing the jade flute upside down, fairy sitting in lotus and fairy tree rooting. Would you like to try them tonight? "

"I know something about it, but it's enough to make you men want to stop!"

Ye Chen's facial features twisted for a while. He was speechless on the spot and didn't answer. Instead, he said in a positive way: "if you don't say these things, I want to ask you about a person whose name is Xiao Buyi."

"Xiao Bu Yi!"

Xiao light Yan heard the name, suddenly look changed.

She was just joking and playful, but now she became dignified, frightened, panicked and even at a loss, and said, "how do you know the name?"

Ye Chen knew that there was a play and continued: "don't worry about how I know. Who is Xiao Buyi? I want to know his life."

Chapter 6184

In the dark, ye Chen feels that Xiao Buyi is not a simple man, so he doesn't go to rescue easily, but wants to have more information.

Xiao light Yan Ning heavy way: "you come with me."

Then she took Ye Chen's hand and went to the inside of the Kirin tree.

The Kirin tree is an independent world with its own void. In this void world, there are many ancient books and secrets of the Xiao family.

"Xiao Buyi is a tool maniac. I heard that he is dead. I don't know what you want to ask him about."

"And this guy, though I've heard of him, I really don't like him."

"Every time I hear this guy's name, my younger generation will always have a sense of inexplicable coolness."

Xiao Qingyan looks through the ancient books, looking for the records about Xiao Buyi.

"A fool?"

Ye Chen a burst of astonishment.

Xiao Qingyan nodded and said, "those who indulge in practicing martial arts are called Wuchi; Those who indulge in kendo are called sword maniacs; And those who indulge in refining tools are "tool Craziness", while Xiao Buyi is completely addicted to refining tools, even to the point of being cold-blooded and forgetful. "

"Xiao Buyi is a" tool maniac "

Ye Chen is more astonished.

Xiao Qingyan rummages for a while, finds an ancient picture and unfolds it.

As soon as the ancient picture unfolds, some pictures recorded in ancient times suddenly unfold in front of Ye Chen's eyes.

In the picture, there is a handsome and strong young man in cloth clothes, beating iron and casting sword silently beside a furnace.

This young man is obviously Xiao Buyi.

Behind Xiao Buyi, there were two people, a man and a woman, who looked like his parents.

Xiao Buyi beat the iron, forged the shape of a long sword, and put it into the furnace to quench.

His parents, watching silently beside him, began to give advice from time to time.

The embryo of the sword is gradually shaped under the quenching of the fire.

At this moment, Xiao Buyi suddenly turned around, grabbed his parents by the collar and threw them into the fire.

At this sudden change, Xiao Buyi's parents screamed. They didn't expect that their son would act like this.

They struggled and rolled in the fire, trying to climb out. Xiao Buyi picked up the hammer and knocked it back.

In an instant, Xiao Buyi's parents were engulfed by the fire, and finally their flesh and soul were all turned into sword casting materials.

When the sword came out, it was extremely sharp, reflecting the sunshine.

Xiao Buyi was very satisfied. He nodded and continued to sharpen his sword.

He took his parents' sword, and his face was calm throughout the whole process. There was no struggle or hesitation, and there was no ferocious color.

In the whole process, the clouds are light and the wind is light. Killing your parents is like crushing a mole ant. There is no mood fluctuation. The cold-blooded cruelty is chilling.

It seems that in Xiao Buyi's eyes, only refining tools and casting swords can be abandoned.

You are worthy of the "tool Mania"!

Ye Chen see this scene, immediately scalp numb, never thought that there is such a person in the world.

Xiao Xiaoyan's face was also sad. He put away the old picture, gently took Ye Chen's hand and said, "you see, this Xiao Buyi is such a cruel and merciless guy. In order to refine weapons, even his parents can sacrifice, but his talent is so dazzling that the ancestor of sword God thinks that if he is given enough time, Xiao Buyi will surpass himself.

He was later favored by his ancestors and accepted as a disciple of his own

Ye Chen said: "it seems that the ancestor of the sword God is also a cruel person!"

The ten great heavenly kings and ancestors are really famous. They are all extremely fierce people, and the ancestor of sword God is no exception.

Although Xiao Buyi was cruel and cruel, his talent for refining weapons was really extraordinary, so the ancestor of the sword God finally accepted him as a disciple.

Xiao light Yan did not speak, but did not dare to talk about ancestors.

After a pause, Xiao Qingyan said, "but it's said that later Xiao Buyi was killed by his father, because when he was casting a sword, he wanted to sacrifice his father's sword. He was killed by his father in a rage."

Ye Chen shook his head and said, "no, no, Xiao Buyi is not dead."

Xiao light Yan a Leng, doubt of looking at Ye Chen, way: "he hasn't died yet?"

Ye Chen said: "yes, he was sealed in the heart of the earth, a place called Jingzhe secret place."

Xiao Qingyan's expression is extremely strange. Anyone who knows his whereabouts should know that his ending is miserable, but he didn't expect to be alive.

After digesting some information, she said, "the secret place of Jingzhe? What does it have to do with Jingzhe Tianzhu? Is it the ancestor who sealed him

Among the ten beads, there is a bead named "Jingzhe", which contains a strong lightning attribute.

Xiao light Yan heard this Jingzhe secret, only think and Jingzhe Tianzhu.

Even, she thought that Xiao Buyi was sealed by the ancestor of the sword God.

Ye Chen said: "no, I'll tell you the truth later. In a word, you're going to Jingzhe secret place with me now. I want to see that Xiao Buyi."

Xiao Qingyan is a descendant of the Xiao family, and has countless ties with Xiao Buyi.

In terms of seniority, Xiao Buyi is her elder.

There is a blood relationship between them.

Take Xiao Qingyan, maybe you can use it.

Xiao light Yan way: "good, I follow you to have a look."

She also wanted to see what the cruel and heartless "tool maniac" in the legend of the Xiao family looked like now.

"Let's go."

Ye Chen takes Xiao Qingyan and leaves the ancestral place of Xiao family immediately. He flies to the secret place of Jingzhe.

The secret place is very hidden, not in the sky, not in the ground, but in the water.

Ye Chen and Xiao Qingyan gallop all the way to a vast river in the north of the earth.

The river is surging, the waves are ripping on the shore, and thousands of piles of snow are rolled up. The scenery is quite magnificent.

But I don't know why, looking at everything here, ye Chen's heart is a little uneasy.

Is there any danger underneath?

Or, I think too much about all this.

Xiao Qingyan found that ye Chen was a little distracted. He poked Ye Chen with his hand and said, "what are you doing? Don't you want to see Xiao Buyi? If you don't want to go, we'll go back home. There are some Heretics in this place, and I don't really want to go further. "

Ye Chen slowly over God, looking at the front asked: "Xiao cloth clothes are sealed here?"

Xiao light Yan looked around, but did not feel any strange breath.

"Under the water, go."

Ye Chen pulls Xiao Qingyan into the water and sinks all the way to the bottom of the river.

The more they sank down, the more they felt the smell of thunder and lightning. The current passed along the current, and they were all numb.

Finally, they came to the bottom of the river, but there was a big thunder ball floating here. The thunder ball was purple, with electric current crackling. The picture was quite spectacular.

"Sure enough, it's the pearl that stung the sky!"

Xiao light Yan looking at this thunder ball, a burst of surprise.

Ye Chen said: "Jingzhe Tianzhu?"

Chapter 6185

Xiao Qingyan said: "well, it's one of the top ten Heaven pearls, and lightning is the most murderous. If Xiao Buyi is sealed in the stung heaven pearls, he will suffer from the attack of lightning every moment. It must be more miserable than death."

Ye Chen shivered slightly. He raised his hand to touch the outer layer of the thunder ball. He only felt a terrible lightning current coming down his fingertips, which made his whole arm numb.

"Hiss, really terrible."

Ye Chen takes a breath of cool air. The stung pearl is really fierce. If people are sealed inside, it's better to die.

"Xiao Bu Yi is sealed inside? Are you sure? "

Xiao light Yan looks to Ye Chen, way.

Ye Chen carefully induction, but to capture a trace of heaven fit fluctuations, way: "yes, Xiao cloth really seal inside."

Xiao light Yan hesitates, way: "so, do you want to go in?"

Ye Chen frowns lightly, and Xiao Buyi is cruel. Even his parents can take it to sacrifice the sword. He is not a human being. In fact, he doesn't want to save it.

However, in this world, only Xiao Buyi knows how to break the ban of reincarnation Heavenly Sword. No matter what, ye Chen always wants to go in and have a look.

"Well, let's go first."

Ye Chen pulls out the Longyuan sky sword, and is ready to break the seal of Jingzhe Tianzhu and go in to find out.

"The sun is shining, broken!"

With a violent drink, ye Chen smashes with his sword, and his heavy body cuts on the thunder ball.

It's crackling.

In a short time, under the impact of Ye Chen's sword Qi, thunder and lightning are everywhere, and countless purple thunder waves are rampant, and they pass around.

Here is the bottom of the water, surrounded by all the river water, the water can conduct electricity, the lightning energy diffuses out, the electric current bursts, the purple awn is vast, the scene is extremely spectacular.

Xiao Qingyan snorted. His face was pale, but he was bombarded by thunder and lightning, and his aura of body protection was scattered.

"Are you all right?"

Ye Chen quickly holds Xiao Qingyan. He is protected by the sky sword and is not hurt, but Xiao Qingyan can't, and is obviously seriously impacted.

This is just a wave of ordinary shock of stung Tianzhu. The lethality is so great that we can imagine how powerful this Tianzhu is.

And the people who are sealed inside have to bear more pain than Xiao Qingyan. I really don't know how to bear it.

Even ye Chen is thinking, over the years, whether Xiao Buyi will have fallen into it.

The clue of reincarnation of Tianjian may come to an abrupt end.

However, before seeing Xiao Buyi again, ye Chen naturally won't make a conclusion casually.

The existence of reincarnation Heavenly Sword is more important than the remaining swords.

Not only represents the strength, but also represents the reincarnation of the Lord himself!

This is also the only sword that only you can shake!

It can even be said that it's for your own sound measurement!

"It's a little bit painful. You should take it lightly."

Xiao light Yan bit to bite lips, staring at Ye Chen way.

With the chop of Ye Chen's sword, the thunder ball prohibition method is slightly split, but the lightning energy is surging and filling the gap again.

The whole Thunderball was in perfect condition again, as if it had never been damaged.

Ye Chen's heart sank, and he put the Longyuan Sky Sword beside Xiao Qingyan to protect her. Then he pulled out the wild devil sky sword. His eyes were sharp, and he cut it out again.

"Xiaochonglou sword Qi, break it for me!"

Ye Chen roared, this time using a trace of reincarnation blood power, the blood on the wild devil Sky Sword burst out, sharp to the extreme.

Whoa!

With a sword.

The thunder ball cracked a crack under the edge of the wild devil sky sword, which was bigger than the one just now.

Through this crack, ye Chen dimly sees that there is a secret world inside the thunder ball, which is full of desolation. There are many thousands of miles of mountains, and every mountain is desolate, without vegetation. It seems that it has been destroyed thousands of times by thunder and lightning, and there are purple lights everywhere, just like the end of the world.

And in this doomsday world, there is a man who is suspended between the cliffs, always under the attack of lightning, suffering from eternal torture and suffering.

And this picture, just for a moment, the gap of the thunder ball cracks, and again by a continuous stream of lightning energy, to fill up.

"Damn it."

See, the leaf Chen bit to bite a tooth, a heart immediately sank down.

It seems that the prohibition of Jingzhe Tianzhu is extremely difficult to solve. It's so strong that it's hard to imagine. I don't know how the Zhenyuan demon Zun solved it.

Xiao light Yan see this, way: "not yet?"

Ye Chen said, "no way."

Xiao light Yan way: "I do have a double sword magic power, perhaps can break the ban."

Ye Chen heard the word "double sword combination", already knew her mind, said: "double repair you don't want to, to this time, still in mischief."

Xiao light Yan was ordered to break the mind, but not embarrassed, said with a smile: "do you have any other way?"

Ye Chen's heart sank, looking at the thunder and lightning in front of him, but he felt extremely difficult. It was really hard to crack.

At this time, xuanhanyu's voice came to yechen's ears and said, "yechen, maybe you can use Wanyao Xianchi to have a try."

Ye Chen hears these words, immediately a joy, way: "ten thousand demon immortal pool, can break open the ban of startling and stung heavenly bead?"

Xuanhanyu said, "it's OK to have a try. Wanyao Xianchi and Jingzhe Tianzhu are all supernatural weapons. Their breath is interlinked. Maybe they can be broken."

Ye Chen saw the hope, immediately heart a vibration, way: "good, I try!"

Chapter 6186

"Well, I'll try!"

Finish saying, ye Chen palm brandish, palm water vapor transpiration, a current whirlpool instantly emerge and come out.

In fact, this current vortex is the manifestation of the vision of the ten thousand demon fairy pool, and the continuous and majestic Fairy Spirit waves diffuse from the vortex.

"Broken!"

Ye Chen mercilessly a palm, boom to that thunder ball of forbid.

This palm, with the energy of ten thousand demon immortal pool, is extremely fierce.

Boom!

The palm of the hand blows on the thunder ball prohibition, suddenly, the prohibition vibrates violently, and the current shoots.

Strands of terrible current, along the water vapor of ten thousand demon fairy pool, invade into Ye Chen's arm bone.

His arm, suddenly numb, severe paralysis pain.

Fortunately, ye Chen had been on guard for a long time. He used reincarnation blood to stabilize his body and disperse the current.

And under his bombardment, the thunder ball's ban was broken at once.

After breaking the thunder and lightning prohibition system, it is gathering and recovering again, and the aura keeps flowing.

It's just that the recovery time is at least half full.

"It worked!"

Ye Chen sees that the prohibition has been broken. He is very happy. Before the prohibition has been restored, he immediately turns back to Xiao Qingyan and says, "go in!"

Ye Chen is the first to go through the forbidden system and step into the secret world of Jingzhe Tianzhu.

Xiao light Yan quickly stand up, mention Ye Chen inserted beside her dragon Yuan sky sword, also quickly fly into the secret world.

Entering the secret place of Jingzhe, Xiao Qingyan returns the sword to Ye Chen and says with a smile, "you can really trust me, and you are not afraid that I will run away with your sword."

Ye Chen laughs, flicks her forehead, way: "you this evil girl although abhorrent a bit, but at least won't be so despicable."

"I'm the master of Tianjian. Do you really think it's so easy to take it away?"

Xiao Qingyan's eyes are full of peach blossom, so he takes Ye Chen's arm and they march in the secret world.

.....

At the same time, heaven and man are broken in the void.

The emperor's sword and his sword were hanging high in the sky, and the star light that had been covered by them had gradually faded.

They are powerful in the sword world, but after they come out, they contribute part of the rules of their endless years.

If Ren special attracts them with that thing, perhaps they won't do this thankless thing at all.

At this time, the light of the emperor's sword dissipated and fell down from the sky. Only when the sword continued to run, the rule was in effect.

Ren extraordinary nature is to feel all this, eyes open, extremely cold: "should not be completed."

"What happened?"

The emperor's sword turned into a man's virtual shadow full of emperor Wei. He took a look at Ren Fanfan and said, "give me what you promised us first."

"If I refine it, I'm afraid I can solve the problem as soon as possible."

"You can refuse me, or you can choose to believe me."

Just when the emperor's sword wanted to say more, Ren Feifan waved his hand and a transparent cup was suspended in front of the emperor's sword.

Although transparent, but inside the blue liquid is incomparably pure.

This is the immortal liquid that three swords yearn for.

The emperor sword has some accidents: "are you not afraid that we turn back?"

Ren Fanfan closed his eyes and said confidently: "since I dare to give you something in advance, I have the qualification to let you spit it out."

"But if I can finish it early, I can't wait."

The emperor sword looked at Ren Fanfan and then gathered the blue liquid all over his body.

Bursts of immortal air misty, and even a faint vision of fish leaping over the dragon's gate.

On the body of the sword, there are even small lines. The lines are like gold. The sword has a sense of dust removal.

Full of a stick of incense, the emperor's sword chanted, as if satisfied with the transformation of the immortal liquid.

For a long time, the golden lines on the body of the emperor's sword disappeared. The emperor's sword took a satisfied look at Ren Fanfan: "I'm still very strange. How did you get the things that have disappeared outside the territory?"

Ren Feifan looks indifferent: "what you want to do next is to repair this place as soon as possible."

The emperor's sword is no longer nonsense, flying to the sky, once again suspended in mid air.

Maybe it's because of Jianshi immortal liquid, the star net and nine rounds of blood moon are particularly dazzling.

The rules of the whole sky are recovering at the speed visible to the naked eye.

I don't know how long it took.

The star sky big net disappeared, the emperor sword and the sword fell from the sky, came to Ren Fanfan's side.

Ren Fanfan opened his eyes, looked around, and found that it was like the existence of hell. At this moment, it seemed to be quiet.

"It's over so soon?" Ren Feifan is an outsider.

The emperor sword light way: "but also thanks to your sword world immortal liquid."

"But even without jianshixianye, we can finish it soon. It's difficult here, but we have a deep foundation in jianshichendi."

"Of course, our losses are also huge."

"How much of your jianshixian liquid?"

Ren Feifan didn't worry too much about the deception before the two swords, which is the case in the martial arts world.

No one will let themselves be understood too much.

Because people who are well understood are only dead.

This is true of man, and so is the sword.

Ren Feifan waved his hand and saw a blue liquid floating in front of him.

Even the emperor sword was short of breath when he saw so many of them.

"Will you give me all these? I'm afraid it won't be of much use to you

Ren extraordinary eyes micro Mi: "if you want, you can, I want to talk about the second condition with you."

This words one place, Emperor sword understands, oneself have been led by Ren extraordinary!

The other party may have guessed from the beginning that there will be such a scene, such a layout, meticulous mind to the extreme.

Such people, if they are enemies, are definitely not good.

"What conditions?" After hesitating for a few seconds, the emperor sword still spoke.

Ren Fanfan said: "I hope that if one day, ye Chen meets the crisis of life and death in the earth's heart, I hope you will do it for him once."

"As long as you agree to this condition, the jianshixian liquid is yours."

The emperor's sword and the general's sword looked at each other. They never thought it would be this condition.

Ye Chen's existence is extremely difficult, and the problems he encounters are absolutely difficult. If it's really a crisis of life and death, it's bound to be a terrible disaster. They're paying too much for it.

But if not, how can so many jianshixianye give up?

Full ten breath, the emperor sword finally said: "good."

Ren Feifan seems to be very satisfied with the result. With a wave of his hand, so much Jianshi immortal liquid has disappeared.

Obviously, he entered the world of emperor sword.

"Since both of our deals are so pleasant, can you tell me where we got it?"

Emperor kendo.

Ren Fanfan's eyes narrowed slightly, and the blood light flowed out faintly. He said: "in fact, a few days ago, I went all over the earth and found a place by accident..."

Chapter 6187

"Because it's similar to jianshichen, it attracts me to enter it. It's more or less dangerous, but I'm not afraid of it. As a result, I get these things."

"Don't you know there is still this place in the earth's heart?"

Hearing Ren Fanfan's reply, Emperor Jian murmured: "sure enough."

"I always thought that guy was dead and still alive."

"From the name, there is a causal relationship between jianshichendi and jianshixianye."

"I'm afraid those old guys can't think of this man staying in the center of the earth all the time."

Ren extraordinary is suddenly interjected: "he has died, seems to have been dead for a long time."

"Judging from his white bones, he was obviously seriously injured at that time."

"I don't care about your causality. I just hope you can do that."

"Ye Chen can't die, even if everyone outside the country falls, he can't die? Do you understand? "

"You should be very clear about the original intention of jianshichendi. Your master must have told you that only human warriors can turn the war around."

"And those who turn the war around are the real chosen ones."

Speaking of this, Ren Fanfan opened the sword box and said, "well, it's time to send you back to the earth."

The emperor sword and the sword turned into a streamer and entered the sword box instantly.

Ren Fanfan, with his sword box on his back, was a little lonely, torn in the void, and went in one direction.

And not long after Ren Feifan left.

A girl in green, with a beautiful figure and a cinnabar mole on her eyebrow, appeared.

The girl looked around at the calm, red lips slightly open, unexpected way: "unexpectedly someone first I step."

"How did he do it in such a short time?"

"Why isn't this guy on the roster my grandfather gave me?"

Girl show eyebrow a coagulate, seem to make up one's mind, just plan and Ren special similar tear void of time, sudden change protuberance!

The void was like an iron wall, which could not be torn.

The girl tried again several times, but the result was the same.

"This... How can this be possible? Can my cultivation of Baijia realm not even tear the void out of the realm?"

"Or, this..."

Before he finished speaking, a rickety old man in rags came slowly,

The old man came to the girl and gave a kind smile: "Xiaoyan, you don't have to waste your efforts. That guy has already discovered your existence. The reason why he just set up an array so that you can't tear it is because he didn't feel the intention of killing you. If you broke out the intention of killing before, I'm afraid it's not the iron wall."

"Then you have become a corpse."

The girl raised a storm in her heart and said, "what shall we do next? Not following that guy? "

The old man squinted and said, "I guess where this guy will go. Just follow me."

Two figures, one old and one small, are moving in the same direction.

They walked very lightly, but they disappeared completely in this world without a few steps.

It seems that it never appears.

.....

At the same time, geocentric.

In the secret place of Jingzhe.

Ye Chen looks around. In this secret place of stung, the sky is always full of haze, brewing endless thunder and lightning. From time to time, purple and red electric awns cut down from the sky and burst thousands of miles. The momentum is very spectacular.

Between the heaven and the earth, the thunder clouds are bleak.

On the earth, the mountains stretch for thousands of miles, and you can't see the end at a glance. All the mountains have no vegetation growth, and they have been ploughed by lightning for thousands of times. The land is dark red, and there is no trace of vitality. The air is extremely boring, almost suffocating.

Ye Chen has captured the breath of Xiao's clothes, flying all the way to the depths of the barren mountains with Xiao Qingyan.

But one side of the cliff, opposite, surrounded by a huge open space.

And above this place, there's a man hanging.

The man was shackled by chains. One end of the chain tied his hands, feet and body, and the other end extended to the four sides of the cliff, deeply embedded in the mountain wall.

Crackle, crackle, crackle!

Every two breaths, there was a thunder, or lightning, falling from the sky and smashing on the man's body.

The man was unkempt and unkempt. He could not see his appearance clearly. He was all in rags. Only his slightly twitching body could tell that he was a living man and barely survived.

This kind of pain is inhuman!

If it lasts a little longer, it will be enough to obliterate people's spirit and will.

Ye Chen and Xiao Qingyan stand on the ground, looking at the crisscross chains in the air, and the man bound by the chains. They are both extremely shocked.

Even if they have the protection of Tianjian, they can clearly feel the terrible smell of thunder and lightning here.

I don't know how long the man has been imprisoned. He has been suffering from lightning all the time. It's conceivable that he is suffering like purgatory.

He felt someone coming.

There was also a slight reaction.

But the first reaction is to think you're hallucinating.

How can there be anyone here except that guy?

"Xiao Buyi, is that you..."

Ye Chen looks at that man, soft voice opens a way.

The man heard a voice, and it was a real voice, suddenly opened his eyes, eyes shot out from the disordered hair, extremely sharp, when he saw Ye Chen, felt the cause and effect of Ye Chen, trembled and said: "the Lord of reincarnation, it's you!"

Chapter 6188

This man, of course, is Xiao Buyi, the true maker of reincarnation Sky Sword and the disciple of the ancestor of sword God.

Is also most likely to surpass the existence of the ancestor of the sword God!

Ye Chen is quite surprised, but didn't expect that the other party recognized himself for the first time and said: "do you know me?"

Xiao Buyi laughed and said, "I used to use your Tiandi bone to make sword. Let alone be reborn. Even if it turns into ashes, I know you."

Ye Chen's face sank and said, "I heard that you were a tool maniac. In order to refine tools and cast swords, you could even kill your parents."

Xiao Buyi laughed and said, "do you know my past? Well, I did try to sacrifice the sword with my parents' blood. It's nothing. I'm too forgetful. The way of human relations is vain to me. In order to prove the truth, I can give up anything. "

"If any Tao in the world wants to pursue perfection, it should be like this, isn't it?"

Ye Chen's heart is chilly and speechless.

Xiao Qingyan is also thrilled. He is also shocked by Xiao Buyi's words and says nothing.

No matter how fierce she is, she can't be as cruel as Xiao Buyi. It's too cruel to sacrifice her parents to heaven.

Xiao Buyi saw that ye Chen didn't speak, so he said with a smile: "Lord of reincarnation, if you had appeared hundreds of years earlier, it would be good. If you had a chance to save me, I would repay you, but now, it's impossible."

Ye Chen said, "why?"

Xiao Buyi said: "because this place has been controlled by the judgment hall! I don't know how you got in, but I advise you to leave at once, otherwise the judge will come and kill you soon

Between the words, Xiao Buyi's arms vibrated, and the iron chains became turbulent, showing silver and white runes.

The rune, with its sacred radiance, is the unique Rune of the judgment hall!

Ye Chen's eye pupil shrinks, and suddenly catches a wisp of ancient secrets.

Xiao Buyi was right. It was controlled by the ruling hall. Even the prohibition of Jingzhe Tianzhu was strengthened!

It was because the prohibition was strengthened that ye Chen couldn't break it. Finally, he used the ten thousand demon pool to break it.

But in the past, the prohibition of Jingzhe Tianzhu was not so powerful. In those years, Zhenyuan yaozun came in easily.

"The Lord of the verdict is now weak and in crisis. He does not dare to expose himself easily. It should not come."

Dun dun, ye Chen thought of the dilemma of the Lord of the verdict, the way.

Xiao Buyi gave a cold smile and said: "ha ha, you may not know what I mean to the value of the judge. If you dare to break in here, he will kill you even if he tries his best, so as not to disturb his plan."

Ye Chen said, "what's his plan?"

Xiao Buyi said, "if you can help me out, I'll tell you. But you can't save yourself. You'd better run for your life."

This secret place is full of thunder and lightning. Xiao Buyi has suffered for thousands of years and wants to escape.

However, he also knows that at present this place is under the control of the ruling temple, and it is impossible for ye Chen to save him.

"If I can get you out, I'll try again!"

Ye Chen's eyes were fixed, and the value of Xiao Bu Yi was absolutely extraordinary.

He can't let Xiao Bu Yi fall into the hands of the judgment hall.

No matter what Xiao Buyi's character is, we should save him first.

As long as Xiao Buyi is in his hands, he can take the absolute initiative.

"The sun is shining!"

Ye Chen drinks suddenly, stares at the chains, and suddenly raises the Longyuan sky sword. When the sole of his foot is on the ground, his body is like a shell flying into the sky. The light of the sword is blooming, just like the sun.

Zheng!

Violent sword, split in the chain, exploded a series of sparks, flow flame all around.

Ye Chen tried his best to split the river of stars, but he couldn't break those chains.

On the chains, the silver and white runes of the holy hall were flashing constantly, blocking the attack of his sword.

"Damn it."

See shape, leaf Chen suddenly facial expression a Shen.

If the ordinary forbidden iron chain could not stop his sword, but the iron chain was tempered by the judgment hall and blessed with a special rune. The power of the law was so strong that he could not break it in a short time.

If we use the fire of Daoling to melt and burn directly, maybe we can, but it will take a long time, and it is likely to change.

"Ha ha, am I right? Don't waste your efforts. You can't help me out. Go quickly, or you will be buried with me. "

Xiao Buyi gave a cold smile.

Ye Chen, however, was not discouraged. As his mind turned, he was blessed and thought of a way. He immediately flew to Xiao Buyi, grasped the chains, and cried:

"Bing Zi Jue, nine days broken way!"

A fierce breath of Yuanshu, with the supreme broken meaning, burst out from ye Chen's palm and turned into a wisp of black light, pounding on the forbidden chain.

Click!

Bang!

Under the impact of Bing Zi Jue, the forbidden iron chains were suddenly broken, then smashed and turned into pieces of iron.

As soon as the chain is broken, the Runes of the holy hall lose their attachment, whine, turn into silver streamers and dissipate in the void.

"It worked."

See this scene, ye Chen heart a joy.

Since it was difficult to crack the Rune of the ruling hall, he simply did not crack it. Instead, he directly used the formula of Bing Zi to crush the iron chain, and the prohibition naturally broke without breaking.

"Bing Zi Jue! You... How could you? "

When Xiao Buyi saw Ye Chen's magical power, he was extremely shocked.

You know, Bing Zi Jue is a nine God skill, which was handed down by the ancient emperor to the ancestor of the sword God. It is extremely profound and complex.

Even the yuhuanggudi himself did not understand the secret of Bing Zi Jue.

In this world, it is impossible for an outsider to understand the formula of the word "Bing" unless it is taught by the ancestor of the sword God.

Does Ye Chen have something to do with the ancestor of sword God?

In Xiao Buyi's heart, countless thoughts of horror flashed. In his life, no one was afraid of him, but the ancestor of sword God, because it was his ancestor and master.

All the forbidden chains were completely smashed, Xiao Buyi was free again, and his body fell down from mid air.

Ye Chen's eyes are quick, and he grabs his collar and says, "let's go!"

Then, ye Chen took him to the ground.

Xiao Buyi was still shocked and said, "Lord of reincarnation, where did you learn the military word formula? My master taught you? "

Ye Chen said: "we'll talk about it later. It's better to leave now."

Indistinctly, ye Chen has noticed that the crisis is approaching and must leave as soon as possible.

At the moment, he grabs Xiao Bu Yi with one hand and takes Xiao Qingyan with the other hand and goes out quickly.

Chapter 6189

However, it's definitely not that simple!

"Hahaha, reincarnation Lord, break into my territory, do you still want to go?"

At this time, a sharp, feminine, full of angry laughter, sounded from the void.

However, we can see that the void is thundering, the holy white light is vast, and a vast and huge temple heaven is spreading out like a picture scroll.

In the kingdom of heaven, thousands of generals, strongmen and Dharma protectors came down like a torrent of torrents, forming a circle in all directions, encircling Ye Chen's three people like iron barrels.

"The ruler of the verdict, Wen Cheng and Wu De, will rule the world forever!"

All the generals of the kingdom of heaven were shouting.

In countless sacred glory bath, a pretty almost monstrous figure, gradually emerged.

It's the judge!

At the moment, the judge's face was extremely pale, like a zombie, without any blood.

He was obviously in a bad state. He was absolutely weak due to repeated setbacks. In addition, the pressure of wanxu made him almost suffocate.

Even xuanjiyue and Emperor Shitian wanted to kill him while he was ill, which showed his weakness.

If the peak, even if the emperor Shitian, xuanjiyue and yechen three people united, are not necessarily qualified to fight!

This is the attitude of adjudication!

But even if he is so weak, the power of the ruling master at the moment is at least the same as that of Hong Beichen, the master of Dixin temple.

Ye Chen sees the Lord of the verdict coming, and his eyes suddenly shrink.

Xiao Qingyan's face was also gloomy. In addition to the Lord of the verdict, there were at least tens of thousands of strong saints around. If they wanted to get out of trouble, they would be more difficult than climbing to heaven.

Xiao Buyi, however, was calm. As if he had expected, he whispered to Ye Chen: "Lord of reincarnation, kill this woman, sacrifice her blood, and help me recover my strength."

Ye Chen blankly way: "what?"

Xiao Buyi pointed to Xiao Qingyan and said, "kill her, she is more or less my descendant. She has the same blood with me. If you sacrifice her blood to me, I can recover my strength and fight against the judge. This is the only way to get out of trouble."

Smell speech, ye Chen is suddenly surprised.

He brought Xiao Qingyan here with a premonition that she was a descendant of the Xiao family and might be useful, but he didn't expect it to be.

Isn't this equal to that he has hurt Xiao Qingyan?

Xiao Qingyan's eyes were cold and said, "Xiao Buyi, you are really an evil person. Killing your father and mother is not enough. Do you want to kill me?"

Xiao Buyi laughed and said, "it's better to sacrifice one of you than the three of us who are buried here. Then we still have the chance to escape the birth of heaven. What do you think of the reincarnation Lord?"

Ye Chen's face sinks, a way: "needless to say, you cut off human relations, that's your business, my martial arts, never allow me to make such a move."

Xiao Qingyan was grateful, took Ye Chen's arm and said with a smile, "I really didn't see you wrong."

The Lord of the verdict over there also heard Ye Chen's argument and said with a smile: "Lord of reincarnation, don't be so nervous. I didn't say I want to kill you."

Ye Chen is quite surprised, way: "Oh?"

The judge said, "I'm in the middle of employing people now. You kneel down and surrender. I can spare your life."

Ye Chen heard that the Lord of the verdict persuaded him to surrender. He laughed and said, "Lord of the verdict, do you think I will surrender?"

The judge said: "today is your death. If you don't surrender, there is only one way to die. I think you sent me a letter with flying sword to tell Emperor Xuan about the conspiracy. I'll spare your life. Don't be unkind!"

Before that, xuanjiyue and Emperor Shitian wanted to murder the leader of the verdict. Ye Chen secretly sent a letter to the leader of the verdict with a flying sword.

Ye Chen's move is to use the judge as a shield to block the pressure of wanxu. He doesn't really want to save him.

However, objectively speaking, he did save the owner of the ruling once.

"Ha ha, tell me to kneel down and surrender. Is that your way to repay your kindness?"

Ye Chen sneers a, way.

The judge's eyes narrowed slightly and said, "to tell you the truth, I have a plan to kill the ancient Yuhuang emperor. I need your help."

"Oh? What's the plan? "

Ye Chen came to a little interest, and his mind kept turning, thinking about how to get away.

The judge had not yet answered, but Xiao Buyi stepped forward and said, "he wants to build a weapon beyond reincarnation."

"Weapons beyond reincarnation sword?"

Ye Chen hears this plan, immediately the heart shrinks.

In this world, if there is any weapon that can surpass reincarnation sky sword, it can really kill the yu Huanggudi.

But that's impossible.

For the law of reincarnation represents the highest of the heavens.

Reincarnation sword represents the sharpest, strictest and most terrible edge in the world, which is enough to kill everything.

If there is a weapon that can surpass reincarnation Heavenly Sword, it is really unimaginable terror.

Xiao Buyi then said, "this guy trapped me here. He also wanted me to help him forge a sword, but don't mention me. Even if my master came, it's impossible to forge a weapon that can surpass reincarnation Heavenly Sword."

"Judge, is this your plan?"

After listening to this plan, ye Chen's heart shakes violently.

The judge's eyes were sharp, his arms were open, as if he wanted to take the whole heaven and earth into his arms, and said, "that's right! I've figured out the name of the weapon. It's called "Hongjun Tianjian!"

Chapter 6190

"Hong is the beginning of Hongmeng, Jun is the thunderbolt, representing the most primitive and domineering power in the world! If the Hongjun Sky Sword is forged, it is like killing mole ants to kill the ancient emperor Yuhuang

Ye Chen listens to his sonorous and powerful words, but his face is indifferent and says: "wishful thinking! In this world, how can there be weapons that can surpass reincarnation Heavenly Sword? "

"Of course, there are. The Hongjun Heavenly Sword in my plan can surpass the reincarnation Heavenly Sword," the ruling said

Xiao Buyi snorted coldly and said, "please forgive me for my incompetence, Lord of judgment. I told you that even if I was against heaven, I could not surpass the law of reincarnation."

The judge's eyes were sharp, and said: "you can't do it alone, but with the reincarnation master, that's OK. The reincarnation master is also proficient in the formula of the word" Bing ". Together, you two can explore the ultimate weapon refining and forge a weapon beyond reincarnation."

He pointed to Ye Chen again: "don't forget, this boy is reincarnation itself. As long as he breaks through himself, that is to break through reincarnation and forge the Hongjun Heavenly Sword I want. It's very promising."

Yuhuanggudi's cultivation is too strong, ranking first in the world. If we rely on martial arts duel, it will be difficult for either the judge or Ye Chen to catch up and overcome after 1000 or 10000 years of cultivation.

Therefore, the judge wanted to forge a weapon beyond reincarnation, which was called Hongjun Tianjian. If this sword was born, it would be enough to destroy ten thousand ruins.

This is the master's amazing plan!

Wishful thinking, almost crazy!

Xiao Buyi turned his eyes and looked at Ye Chen. He said: "although that guy's plan is too crazy, the Lord of reincarnation, if you are willing to sacrifice yourself and sacrifice your sword with blood, maybe you can really forge the legendary Hongjun Heavenly Sword."

He is a tool crazy, now hear the decision of the master's plan, to pull Ye Chen to join, suddenly saw a glimmer of hope for success, heart blood boiling up, even eyes become extremely fiery.

"Shut up! Let's get out of here first. "

Ye Chen's eyes are cold, but he is not interested in participating in the plan. When he sees that there is a slight negligence in the defense between the hot-blooded speeches of the ruling master, he immediately sacrifices the wild devil Sky Sword and cuts it forward like a flying sword.

In front of them, seeing the fierce spirit of the flying sword, they quickly dodged to avoid.

Ye Chen takes advantage of this opportunity, takes Xiao Bu Yi and Xiao Qingyan and rushes out quickly.

"Ha ha, are you not willing to submit to me after all?"

When the judge saw that ye Chen wanted to leave, his eyes were cold. He waved his hand and said:

"Stop them!"

All the strong men in the hall called out: "here A swarm of bees rushed up to Ye Chen's three men.

They knew that ye Chen's sword was fierce, and those who approached would die, but under the order of the judge, no one dared to retreat, and they all fought bravely.

All of a sudden, ye Chen everywhere, dense, all is the tide of the temple strong, pressure people breathless.

"The wild devil, Longyuan, kill!"

Ye Chen clenched his teeth, holding the Longyuan Sky Sword tightly in his palm, suspending the wild devil sky sword on his head, and chopping the two swords day by day.

Under Ye Chen's sword Qi, the first strong man in the holy hall was crushed. His armor, blood and internal organs, and his broken limbs were flying around. His body and spirit were killed in an instant, and his death was extremely tragic.

At this time, ye Chen's Bing Zi Jue already has a great success. He can control the sky sword perfectly and easily.

In the past, the combination of his two swords would lead to the resonance of Tianjian, which would lead to the emergence of the soul of the old lord, and cause great turbulence.

But at this time, under the control of Bing Zi Jue, the two swords are combined. The sword Qi is as clear as the star track, and they don't disturb each other, so they won't resonate again.

Ye Chen's double swords are like cutting grass. He killed hundreds of people while breathing. Blood, viscera, and pieces of armor fell to the ground. The scene was extremely fierce.

Seeing this, Xiao Buyi exclaimed in secret and said, "reincarnation Lord, no wonder the ancient Yuhuang emperor is so afraid of you. If you are given enough time, you can dominate the world, and no one can stop you."

"Shut up, you fellow. It's just a drag on us."

Xiao light Yan stares at Xiao Bu Yi.

Now Xiao Buyi just got out of the difficulty, incomparably weak, and had no fighting ability.

Therefore, Xiao Qingyan and ye Chen have to be distracted to protect him, and the pressure is enormous.

"Don't say it, just leave."

Ye Chen saw the strong men in the holy hall around him. They were like a flood of water and could not be killed. His heart sank, and his steps suddenly stepped. A wisp of vast water vapor came out of his body.

"Wanyao Xianchi, open!"

Ye Chen a burst drink, direct sacrifice ten thousand demon immortal pool.

All of a sudden, the mighty current, centered on Ye Chen, quickly spread out.

This water, with a strong spirit, water, containing a wisp of fairy demons virtual shadow, that is ten thousand demon fairy pool weather manifestation.

Whoa, whoa, whoa.

Infinite water, rapidly spread the earth thousands of miles, forming a vast ocean like.

Many of the strong in the holy Hall fell into the whirlpool of the torrent of the sea, and their bodies were unstable. Some of the weak in cultivation were directly engulfed by the current.

"Ouch!"

At this time, a mighty and fierce beast broke out from the bottom of the water. It was like an ancient nightmare and an ancient lion demon. Its claws crisscrossed, tearing up the strongmen into pieces.

It's Xiao Huang!

Hiss, hiss, hiss

Behind Xiao Huang, suddenly there are green branches. The red clouds are blooming, stretching out like a divine chain. The branches and leaves are like dragons, with the smell of destroying the seal. They flog and kill the strong around the holy hall one by one.

That is the figure of Qinglong Alsophila tree!

The Qinglong Alsophila tree and the Dixin Miezhuling child also emerged from the water.

Ling'er stands on the top of the tree, making a seal with both hands. He destroys the Taoist Dharma and releases it to assist Ye Chen to kill the enemy.

With the help of Wanyao Xianchi, Xiaohuang, Qinglong Alsophila tree and linger, ye Chen quickly broke through the siege and escaped.

"It's a pity that the Wanyao immortal pool will be used in the end. I hope it won't disturb the people in the Dixin temple."

Ye Chen's heart is slightly dignified. In fact, he doesn't want to use the ten thousand demon immortal pool.

Because the spirit of Wanyao Xianchi is so strong that the three ancestors of Dixin temple have been coveting it all the time.

If they find that the ten thousand demon immortal pool is in Ye Chen's hand, they may have different thoughts.

But now the situation is critical, ye Chen can't manage so much, directly use ten thousand demon fairy pool, successfully out of the siege, came to the exit of Jingzhe secret place, as long as take another step, you can leave.

"Ha ha, the reincarnation master is really good. It seems that I have to do it myself after all."

The judge saw Ye Chen out of the siege, quite surprised, saw Ye Chen to go, immediately pinch a formula.
