

## Physician 6191

### Chapter 6191

Boom!

A thunder curtain hanging from the sky, like a purple iron wall, suddenly crossed in front of Ye Chen, Xiao Qingyan and others, blocking their pace of leaving.

"Stung Tianzhu, kill it for me!"

The Lord of the verdict raised his head to the sky and roared, and the whole secret place of stung was filled with terrible thunder.

Boundless void, endless eight wasteland, a continuous source of lightning gas, constantly converging.

"No!"

Ye Chen's face changed. Here is the inner world of the startling and stung Tianzhu, and the lightning current is very strong.

And the judge, though he didn't refine the Tianzhu, had already controlled part of its power. At the moment, it burst out and thundered.

A huge thunder ball, just like the sun and stars, appeared in the void, across the top of Ye Chen's head, just like the judgment of the end, thundering and deafening.

The judge floats in the sky, his whole body is purple, and his power is as powerful as thunder.

Vaguely, his breath resonates with the stinging pearls.

Ye Chen's face is very ugly. Now the judge can play a part of his strength. He has the level of a hundred shackles and three layers of heaven. He wants to compete, but it is very difficult.

What's more, ye Chen is in a very bad situation in this secret place where the ruler of the verdict takes advantage of the time and place.

"Reincarnation of the Lord, give you another chance, willing to surrender?"

The Lord of the verdict flew to the top of Ye Chen's head, staring at him coldly, and said: "as long as you are willing to surrender, I can give you this page of tianwu Wolong Sutra."

Then he offered a page of Scripture, which was tianwu Wolong Scripture.

Ye Chen hummed coldly and said, "you should have given me this page of scriptures. You broke your promise at the beginning, and today you want me to surrender. You are delusional!"

Ye Chen waves the Longyuan sky sword, and the ten thousand demon pool condenses and covers the sword body, turning it into a layer of blue water, which makes the whole Longyuan Sky Sword turn into a sky blue color.

"Roar!"

A Jingtian Longyin came from Longyuan Tianjian.

The figure of blood dragon emerged and soared.

With the blessing of the ten thousand demon immortal pool, the blood dragon is more majestic.

Ye Chen's Heavenly Sword is in hand, and the blood dragon helps, confronting the Lord of the verdict.

"Ha ha, since you are not willing to surrender, I will let you die today regardless of all the costs."

The judge's eyes are full of murderous spirit. With a wave of his big hand, the thunder and lightning burst out in Tianzhu. The huge thunder ball, mixed with the extremely terrible majesty, blasted to Ye Chen in the air.

He is very clear, today want to kill Ye Chen, must pay a huge price, he is very reliable into more serious weakness.

But since Ye Chen refuses to surrender, he can only kill people.

As long as he devours Ye Chen's reincarnation blood, he still has the chance to inherit everything of Ye Chen, and even inherit Bing Zi Jue.

At that time, he can cast the legendary Hongjun Heavenly Sword with his own ability!

"Fight!"

Ye Chen sees that the thunder ball is stung and explodes in the air. His life and death depend on one line. He clenches his teeth, but he doesn't flinch. He holds the Longyuan Sky Sword tightly. His reincarnation blood is burning and he is ready to fight to death.

Xiao cloth clothes see ye Chen this unyielding manner, can't help but some astonishment.

Xiao Qingyan's white hair flutters, releasing strands of scarlet aura and pouring it into Ye Chen's body.

She knows her strength, and the main difference between the ruling is too big, now can only hope, pinned on Ye Chen.

See ye Chen and the decision of the Lord of the collision, will break out, but at this time, a wisp of red mist, with the wind quickly float.

That red haze, diffuse everywhere, obscured everyone's vision.

Ye Chen feels that in the fog, there is a warm, soft, fragrant body close to him, and embraces his waist, taking him away.

Xiao Qingyan, Xiao Buyi and others were also wrapped in the fog and taken away.

In the blink of an eye, the mist dissipated.

Ye Chen and others, all swept away, gone.

Looking at the empty scene, the judge's face sank and said:

"The blood demon clan is supreme, Hongxia fairy?"

From the red haze just now, he captured the very familiar breath, which is the master of the blood demon family, the breath of the Red Fairy.

Thinking of Ye Chen's ten thousand demon immortal pool, the master of the verdict understood everything. He said with a smile: "the master of reincarnation, has he made an alliance with the blood demon clan?"

A strong man in the holy Hall said, "Lord, do you want to pursue me?"

The judge's eyes were cold and he said, "go out now! The Lord of reincarnation can go, but the xiaobuyi must not be let go! "

Xiao Buyi is the real foundry of reincarnation Heavenly Sword. He has a great skill in refining utensils, and has obtained all the true biographies of the ancestor of the sword God. It is impossible to let go of the master's plan of casting Hongjun Heavenly Sword.

What's more, Xiao Buyi was suppressed by the old emperor himself in the heart of the earth. He had a lot of connections with the emperor, and the judge couldn't let him go.

What's more, Xiao Buyi is the only one in the world who has a way to break the ban of reincarnation Heavenly Sword. His value is unimaginable and can't be lost.

At present, the Lord of the judgment, with all the strong of the church, quickly chased out.

And ye Chen and others, at this time came to a misty world.

This piece of world, everywhere is filled with the red haze color, a piece of fog shrouds all around, let a person see not true.

Chapter 6192

In the fog, ye Chen, Xiao Qingyan, Xiao Buyi and others scattered on one side and did not see each other.

"Hongxia fairy, is that you?"

Ye Chen looked around and said in a deep voice.

"Ha ha, it's me."

A pretty figure emerged from the red fog, wearing a light gauze thin clothes, graceful posture, snow-white and pink skin, body secret place looming, charming atmosphere is very rich, it is the Hongxia fairy.

"What is this place?"

Ye Chen's mind undulates for a while inexplicably and asks.

Hongxia fairy said: "it's a small world that I opened up temporarily. The judge can't find it here."

Between speaking, Hongxia fairy went to ye Chen, stroked his cheek with one hand, stroked his chest with the other hand, and said with concern: "are you not hurt?"

Ye Chen's mind swings again. Looking at Hongxia fairy's face, he is a little emotional. I think it's the other party's special means that can confuse people's spirit and make people indulge in sound and color.

"I'm fine. Thank you for saving me."

Ye Chen retreated two steps a little, and his mind was concise and steady.

This time to be able to get out of trouble, naturally, we need to thank Hongxia fairy for saving us.

If she didn't show up in time, ye Chen would fight with the Lord of the verdict, for fear of more or less.

The key is that Hongxia fairy, as the strong one of the demon clan, leaves the blood demon mountain. Will there be a chain reaction?

The red haze fairy saw him as if he was facing a big enemy and said with a charming smile, "Why are you so nervous? I'm not going to eat you. " "What's more, I'm not ugly. You men shouldn't like that kind of sexy woman. Do you even want to get her straight? "

"I really doubt if the Lord of reincarnation is a normal man."

Between the words, the red haze fairy looked at Ye Chen's Dantian.

Ye Chen shook his head and said, "I'm afraid you'll eat me."

Hearing the words, Hongxia fairy was smiling and blossoming. Then she restrained her smile and said, "forget it. I feel the crisis of the temple in the center of the earth. They are likely to come. It's better to leave as soon as possible."

In this small world, Hongxia fairy doesn't worry about the judge's intrusion.

Because this place is very hidden, the judge can't find the entrance.

However, the three ancestors of Dixin temple are likely to come down along the breath of Wanyao Xianchi.

Ye Chen recalled the means of Hong Beichen, which was also awe inspiring in his heart.

That Hong Beichen in the hand, but master the array word formula, the power is extremely fierce, if he comes down, really not easy to deal with.

"Let's go!"

The red haze fairy holds Ye Chen in her right hand. With a wave of her left hand, the mist in front of her disappears. The figures of Xiao Qingyan and Xiao Buyi appear.

Xiao Qingyan and Xiao Buyi, seeing Hongxia fairy for the first time, only feel the breath of Hongxia fairy, and they can't help but wonder.

After the settlement of the crisis in the center of the earth temple, the aura of Hongxia fairy has been greatly restored. It has reached the level of three-tier heaven in Baiji realm, and its strength is extremely strong.

And in the eyes of Hongxia fairy, she is full of attachment and admiration for ye Chen, and she also holds Ye Chen's hand, very intimate.

Xiao Qingyan and Xiao Buyi are even more surprised to see this. They can't imagine that such a powerful person also falls in love with Ye Chen.

Hongxia fairy leads Ye Chen and goes straight ahead, regardless of Xiao Qingyan.

Ye Chen toward two humanitarians: "go!"

Xiao light Yan two people nod, hastily follow up.

Anyway, it's very dangerous here now. It's better to leave as soon as possible.

Xiao Buyi went to Ye Chen and said, "Lord of reincarnation, I can't imagine that you can really save me. What reward do you want? Just say it straight. I will bless you when I return to the supreme world."

He was trapped for many years and suffered from lightning. His life was not like death. Now he really escaped. He could not help but feel like a dream.

And he was able to escape from the sky, of course, because ye Chen.

Ye Chen hears Xiao Buyi's words and looks at his ragged and unkempt appearance. He laughs and says, "you look like this now. You want to bless me. It's too fantastic."

Xiao Buyi said calmly, "if I can escape, I will be able to return to the world sooner or later."

"Well... I will always repay you for saving me. That's the reason of cause and effect. I'll tell you a secret. The legendary reincarnation sword is in the dark forbidden sea."

Ye Chen said with a smile: "I already know where the reincarnation Heavenly Sword is, and you don't have to say it."

After a pause, ye Chen said in a deep voice, "I don't need your blessing either. I just want you to tell me one thing."

"What's the matter?" said Xiao

Ye Chen said: "how to break the ban of reincarnation sword?"

When the reincarnation Heavenly Sword was cast, the sword Qi was forbidden. Even the ancestor of the sword God could not break the prohibition.

Only the real sword caster, Xiao Buyi himself, has a way to break the ban!

If you don't break the ban, even if ye Chen finds reincarnation Heaven Sword, he can't take charge of it. He even wants to be killed by the ban!

Hearing Ye Chen's question, Xiao Buyi suddenly changed his face and said: "this... This... This thing is too much. Even I can't say it easily."

Ye Chen naturally won't give up, eyes a coagulation, step by step pressing way: "tell me, from now on we cause and effect is clear, you no longer owe me."

Xiao Buyi still hesitated, seemed to be afraid of what, silent and did not speak.

Ye Chen frowns a way: "can't say?"

Xiao Buyi shook his head and said, "it can be said, but it's useless. You can't break the prohibition."

Ye Chen said: "why not? You tell me first

Xiao Buyi looked at Xiao Qingyan and Hongxia fairy. He seemed to be a little worried.

Ye Chen said: "they are all their own people. Just say it, don't worry."

Hearing Ye Chen's words, the hearts of Hongxia fairy and Xiao Qingyan were both turbulent and joyful.

Xiao Buyi still hesitated and said, "the secret of reincarnation Sky Sword is too big. I need an absolutely hidden place to tell you, so as not to be overheard by the yuhuanggudi, which is not good for my master."

Ye Chen's eyebrows wrinkle deeper, and he breaks the ban of reincarnation Heaven Sword. This secret is related to the ancestor of sword God? Why is it bad for him?

"Well, let's go out first. After we go out, I don't need the map of the yellow spring and the arrangement of the wish stars. It's absolutely hidden and won't be found by anyone."

Ye Chen has a lot of questions in his heart, but it's inconvenient to ask more now, so he agrees with Xiao Buyi first and plans to go out.

Xiao Buyi breathed a sigh of relief and said, "well, I hope it goes well. Alas, even if I tell you, you can't succeed. The prohibition of reincarnation Heavenly Sword can't be broken except for me."

Ye Chen said: "go out first."

The party went on, ready to leave.

Chapter 6193

meanwhile.

The entrance of the sword world.

Ren Fanfan has been standing at the entrance with his sword box on his back.

But he didn't get in.

There was a chill in his eyes, but it was not absolutely cold.

"Mo Han."

Ren Fanfan calls softly.

In a flash, Su Mo Han, who is practicing in the world of sword, suddenly opens his eyes and is slightly pleased.

She turned into a shadow and soon came to the entrance.

"Extraordinary, so fast? I thought it would be a long time. "

Ren Feifan laughed: "unexpectedly smooth, however, you first take the sword box in the past, behind some tails, I need to deal with."

With that, Ren extraordinary will be behind the sword box on the hand of Su Mo cold.

Su Mo cold beautiful Mou moment serious, kill idea together, way: "need not need me?"

Ren Fanfan shook his head: "the other party should not be too malicious, but if blindly follow, it is not a good thing."

Su Mo Han no longer talks nonsense, with the sword box back to the sword world.

And Ren Fanfan is both hands behind, eyes closed, seems to be waiting for something.

After a stick of incense.

In the distance came two figures, one old and one young.

Girl green clothes, eyebrow cinnabar, but has a trace of dusty meaning, obviously want to take office with extraordinary is not easy.

And the old man beside her, as if nothing could shake his heart.

Naturally, the old man noticed that Ren Fanfan was waiting not far away. He said to the girl beside him: "Xiaoyan, this guy has many legends. We must not act rashly."

The girl named Xiaoyan nodded displeasantly: "I see, grandfather."

When the young girl and the old man came to Ren extraordinary, Ren extraordinary suddenly opened his eyes, extremely cold, light way: "give me a reason."

As soon as the girl wanted to speak, the old man took the lead and said, "my husband Yin Qiutian, this is my granddaughter Yin Xiyan."

"I shouldn't have bothered you, but there's something I want to ask for."

An old man calls Ren Fanfan a senior, which is really weird.

Even Yin Xiyan, who is beside her, is not happy. If her grandfather hadn't stopped her, she would have vented her dissatisfaction.

Ren Feifan has no expression and says directly: "two choices: one is to leave here. 2、 Buried here. I don't like dealing with people of unknown origin. "

Yin Qiutian seemed to have guessed it for a long time, and laughed: "we are not from unknown origins, and even have some causal relationship with our predecessors."

"Have you ever heard of Mu Yunchen? In those years, I accidentally helped master mu. He told me that if one day I met a man with blood flowing through his pupils, I could ask him for a drink. "

Ren Fanfan heard mu Yunchen's three words, his eyes suddenly shrank, and then stepped out. He came to the old man's face and pointed out.

He instantly felt the cause and effect between the old man and mu Yunchen.

There are even broken images.

Suddenly, Ren Fanfan's pupils dilated, and he lost his posture for the first time. Then he looked at the girl in green. He said in disbelief, "is she the child of Mu Yunchen?"

This time, the girl had some doubts. What's muyunchen? What child?

Is this the so-called mu Yunchen the father I have never met?

Ren Feifan suddenly takes out a jade pendant from the storage space, and then, regardless of whether the girl agrees or not, directly forces a drop of blood between the other party's fingers.

The blood fell on the jade pendant and was instantly absorbed.

At this moment, Ren Fanfan was a little excited and said: "since she is mu Yunchen's daughter, why don't she go to find that guy after Yunchen's death? What's more, why have I never heard Yunchen mention it? "

Yin Qiutian narrowed his eyes, lost in thought, and then said: "at that time, my daughter, regardless of the family's opposition, went with muyunchen. Muyunchen had many enemies, and my daughter fell unexpectedly. I hated muyunchen at that time, but muyunchen never appeared again for revenge."

"Later, I learned that he died in that battle."

"My wife has been unable to accept her daughter's death, so she used ice to protect her daughter's body."

"I don't know how long later, we suddenly felt that there was a faint vitality in the ice coffin."

"I thought it was my daughter who didn't fall completely, but later I found out that in those years, our daughter had the ability to survive, but there was only one choice between the child and her."

"She is so fond of herding the dust that she uses her own vitality and aura to protect her children."

"The child has been nurtured in her vitality and aura. Although it is long, it is still healthy."

"Until she came into the world."

Yin Qiutian didn't go on, but Ren Fanfan guessed a few points.

Why mu Yunchen took part in the war in those years is probably related to the fall of his beloved.

But he completely forgot that her woman had guarded his last blood at all costs.

Ren Fanfan looks at Yin Xiyan, who is already in tears. It's obvious that the child doesn't know his parents' story.

Ren Fanfan couldn't fight his best friend's flesh and blood. He took back his intention and said, "I'll give you an address. You can find that guy. Since she is the child of Mu Yunchen, I'm afraid that old guy will be very happy. His existence can protect you."

"The situation in the center of the earth is too complicated. Even wanxu has already known the ancestral road. If you are not careful, you will be in danger."

However, Yin Qiutian shook his head: "we come to you, in fact, not for mu Yunchen, but something else."

Ren Fanfan's eyes narrowed slightly: "what's the matter?"

Yin Qiutian explained: "do you notice Xiaoyan's spirit?"

Ren extraordinary a listen, attention fell on the green dress girl body, instantly found what, surprised way: "God is spirit body?"

Yin Qiutian nodded: "the spirit can absorb the power of rules and understand the way of rules. That's why we found you."

"Before that, if you don't do it, we may try to do it. Although we can't reorganize the rules, Xiaoyan can protect some points."

"Over the years, Xiaoyan has been seeking the extreme of extraterritorial rules, and we think the answer lies in the sword box."

Ren Fanfan roughly guessed a few points. He never thought that mu Yunchen's only daughter was the legendary spirit.

There is a certain connection between the spirit of God and the world of sword.

But the cause and effect here is related to Ye Chen.

If you really let mu Yunchen's daughter enter the sword world, I'm afraid she will also be involved in Ye Chen's game of chess.

It's not a good thing.

As a witness of the existence of yechen's chess game, he naturally knows how terrible the danger is.

If you are careless, you will lose everything.

If you can't even protect mu Yunchen's daughter, you will be a sinner forever.

Chapter 6194

When Ren Feifan hesitated, Yin Xiyan knelt down in front of Ren Feifan: "elder, I know that if I want revenge, the only way is to coexist with the rules."

"This is my only chance. Please do it!"

"If you don't agree, I won't blame you, but I will continue to preach in my way!"

Ren Fanfan looked at the girl kneeling in front of her, sighed, then waved his big hand and said, "get up."

In a flash, an invisible force helped the girl up.

Ren Fanfan knows that there is no way out, which may be the cause and effect in the dark. He stepped into the sword world: "you come with me, but I can't be sure whether it's a good thing or a bad thing up to now."

Yin Xiyan's beautiful eyes flow out a glimmer of hope and quickly follow up. When she enters the sword world, she looks at her grandfather who hasn't left and says, "grandfather, don't you go in together?"

Yin Qiutian shook his head: "my task is to send you here. Next, I have something to deal with. I should go to see your father's one, too."

Yin Xiyan still wants to talk, but jianshichendi has isolated everything.

Ren Fanfan and Yin Xiyan come to the sword world.

Xueningqian and sumohan notice this strange girl for the first time.

Xuening Qian was confused and angry, and said, "who is this woman?"

Ren Fanfan explained: "a dear friend's child, I take her into the sword world dust, for some reasons. As the guardian of the sword world dust, you should find that this girl is different."

Xuening Qian just noticed Yin Xiyan. The next second, her red lips slightly opened and she said, "God is spirit?"

Ren Feifan nodded: "jianshichendi agrees with her. If she stays here, I'm afraid it's a good thing for jianshichendi. I don't want her to be contaminated here, but how can I fight against cause and effect?"

"It's up to you to decide whether she will go or stay."

Xuening Qian hesitated for a long time, and finally looked at the two swords that had been released from the sword box: "sword world, I am the guardian after all. As for the girl's fate, ask the three swords."

The emperor's sword, the general sword and even the back sword, has been noticed since Yin Xiyan stepped into the sword world!

God is the spirit body, just like the most attractive prey to them!

The next moment, the three swords turned into a streamer and suspended around Yin Xiyan!

Yin Xiyan is surrounded by the power of rules!

But Yin Xiyan did not know why, felt oneself fell into the deep sleep!

Body moment came to a world of sword!

This is the rule of sword!

.....

The screen turns.

Soon, ye Chen and others came to the exit of the small world.

As early as the exit, Hongxia fairy arranged a space array, which can be directly transmitted away.

Now the crisis, the situation is urgent, ye Chen did not plan to stay, just want to leave quickly.

Wuwuwu——

And just when ye Chen and others want to leave, there is a sudden storm around them. In the fierce magic fog, there is an array manifestation.

The source of the majestic art breath, all of a sudden overwhelming, suffocating.

It's the power of Jiutian Shenshu, great Brahma jiuzhong supreme skill and array formula!

"Lord of reincarnation, please stay and let's talk about it!"

A voice full of dignity and pride sounded in the void.

Then, a huge palm, volley down.

This palm, with a radius of tens of thousands of miles, is unimaginably huge, as if it can crush the stars and crush the sun and moon.

The texture of the giant palm is all ancient patterns, representing the majesty of the formula.

Ten million heavy array, with the palm shrouded down, instantly the little world of Hongxia fairy, completely crushed.

WOW!

All the surrounding laws of space, time, creation and so on burst into pieces.

Ye Chen and others fall out of the broken small world, with huge palms on top of their heads, endless mountains and forests at their feet, and an endless river in the distance. There are purple electric waves in the river, and the pearls are lurking.

At this time, ye Chen and others are about a hundred miles away from the secret place of Jingzhe. Just under the cover of the small world, they will not be found by the judge.

But at this time, the small world is crushed, and ye Chen and others are exposed, which must be noticed by the judge.

However, compared with the judge, ye Chen is more worried about the three ancestors of Dixin temple!

The giant palm that came down from the sky was obviously the magic power of Hong Beichen, the ancestor of the Hong family.

"Blood shadow nine break, kill!"

The red haze fairy saw the giant palm clap, and the pupil of her eyes contracted slightly. The blood in her body burned, and nine blood shadows rushed out of her delicate body, which were sharp and sharp like a blood sword, and shot at Hong Beichen's palm.

"Ha ha, Hongxia fairy, why are you so irritable?"

Hong Beichen smiles, retracts his hand, but does not fight with her.

Hongxia fairy's "nine broken blood shadow", nine blood shadow shot into the sky, pierced nine holes in the sky, there are chaotic space streamer, from the hole, the scene is spectacular.

Under these nine holes, the three powerful figures are the three ancestors of Dixin temple, Hong Beichen, Lin faming and Mo Qingxuan.

When ye Chen saw that the ancestors of the three ethnic groups had come, his face changed slightly and he quickly judged the situation.

On his side, the fighting power of Xiao Qingyan and Xiao Buyi can be ignored.

In other words, only he and Hongxia fairy can fight against the ancestors of the three ethnic groups.

It's two against three.

Chapter 6195

Moreover, Hong Beichen is also in charge of the nine heaven magic power, which is extremely powerful.

Ye Chen's disadvantage is more obvious.

In addition, the adjudicator must also find that the change here is also a huge hidden danger and threat.

Ye Chen felt that the situation was very difficult. He stood with Hongxia fairy, looked up at the sky and said, "three ancestors, you are here. What can I do for you?"

Hong Beichen stares at Ye Chen and says: "Lord of reincarnation, ten thousand demon immortal pool is in your hand, isn't it?"

Ye Chen's heart sank, and the three ancestors of Dixin temple came. It was obvious that they had caught the breath of the ten thousand demon immortal pool and wanted to do something wrong.

"Yes."

Ye Chen knows that he can't hide it, so he admits it and thinks about the way to break the situation.

Hong Beichen smiles and says, "I can't imagine that the blood demon clan will give you the ten thousand demon immortal pool. It's dangerous."

Ye Chen said, "what's the danger?"

Hong Beichen said: "your reincarnation blood has not recovered after all. It's not safe to hold the ten thousand demon immortal pool in your hand. If it's taken away by the ruler of the verdict or the strongman of the ten thousand ruins, isn't it dangerous?"

Ye Chen said: "I will take good care of it if I don't worry about it."

Hong Beichen said with a smile: "you are limited in strength and not safe. You might as well give me the ten thousand demon immortal pool. I will keep it for you for the time being. When your reincarnation blood recovers to its peak, I will give it back to you no later."

Ye Chen's face changed, and Hong Beichen really wanted to capture the ten thousand demon immortal pool, and he also carried out such a high sounding reason.

At this time, Hongxia fairy stepped forward and said angrily, "Hong Beichen, it's wishful thinking that you want to seize Wanyao Xianchi."

Then, she took Ye Chen's hand and said, "Ye Chen, let's go!" Fly quickly to the direction of the blood demon mountains.

Xiao Qingyan and Xiao Buyi saw this, and they also followed quickly.

"Ha ha, I haven't talked about it yet. Why hurry to go?"

Hong Beichen's eyes flashed fiercely, and suddenly he clapped his hand. The word formula of the array burst out. A big collapse array emerged in front of Ye Chen out of thin air. The sky and the rules of space all collapsed in an instant, and the vision of lost time and space was born.

With this palm, he broke the void and made the lost time and space emerge, which shows that the fire of his array formula has reached the level of perfection.

Ye Chen and Hongxia fairy stopped. Hongxia fairy angrily turned back and said: "Hong Beichen, do you really want to tear your face?"

Hong Beichen cold way: "you want to go can also leave ten thousand demon fairy pool!"

The red haze fairy bit her teeth and said, "if you want the ten thousand demon fairy pool, come to the blood demon mountain range and take it!"

Finish saying, she pulls leaf Chen, a jump, unexpectedly jump to lose time and space, fly to blood demon mountain range.

Now, her strength has greatly recovered, and she can take charge of the blood demon mountain in person. With the help of the earth vein, she can resist the impact of the earth center temple.

Before the heart of the earth temple came to the blood demon mountain, almost crushed the whole scene, this situation will not happen again.

However, if she didn't have the support of the earth and Qi to fight here, she was not sure that she would defeat the ancestors of the three ethnic groups. After all, she had fewer enemies and more enemies, and the situation was greatly unfavorable.

"Do you want to escape? Thousands of miles, all covered by my array, where can you go? "

Hong Beichen opens his arms and looks up to the sky with a roar. The eight wasteland and void are surging. The array barrier falls from the sky like an iron curtain, which completely blocks the body shape of Ye Chen and Hongxia fairy.

Red fairy pretty face change, but see that array iron curtain, faint blood awn floating.

It turned out that Hong Beichen had already burned the essence and blood of his own life, and laid a thousand li array to ban and cover the heaven and earth.

If you want to break out, you have to kill him first.

Obviously, in order to capture Wanyao Xianchi, he did everything today.

The iron curtain of that array kept shrinking towards the center, forced Ye Chen and Hongxia fairy's figure back, and stood in front of Hong Beichen again.

"Now, we can talk about it."

Hong Beichen, with both hands on his back, looks like a winner.

"You call yourself the guardian of the Terran, but you are a hypocrite. I have nothing to talk about with you!"

Hongxia fairy disdains her face. Seeing that Hong is so sad that there is no chance of winning the duel, she pulls Ye Chen and quickly escapes to the forest below.

Xiao Qingyan and Xiao Buyi also follow up in a hurry.

The four fled into the forest and soon disappeared.

"What's the use of escaping? But it's just a matter of time. "

With a snort, Hong Beichen flies down and follows the breath of Ye Chen and others, and goes after Lin faming and Mo Qingxuan.

Ye Chen and others shuttled through the mountains and forests, but they couldn't escape.

The space rules of the square world are all blocked by the formula of the array words of Hong Beichen, and they can't escape at all.

"I'm afraid it's hard to be good today. Ye Chen, if I die, you should inherit my orthodoxy and revive the blood demon clan."

Red haze fairy side fly forward, while looking at Ye Chen, way.

Ye Chen sees in her eyes, already had the idea of sacrifice and determination, the heart immediately sinks, way: "don't say this kind of words, we will be OK."

Hongxia fairy said: "do you have a way to break the game?"

Ye Chen is silent and tries to communicate with the reincarnation cemetery, but since the last time, the Beiwu purple emperor dissipated, there has been no movement in the reincarnation cemetery, and there is no new great power in this world.

He tried to communicate with Huang Lao again, but he heard Huang Lao's ridicule: "boy, Hong Beichen is just an old man with no luck. If you can't deal with this kind of role, I suggest you just die."

Ye Chen was speechless for a while. Although Hong Beichen didn't have the atmosphere to carry him, he was the strong man in the three-tier heaven of Baijiu realm, and he mastered the nine heaven magic. Now it's too difficult for him to overcome it.

After thinking for a while, ye Chen reluctantly has an idea in his heart. He looks at Hongxia fairy and says, "I have a way."

Red haze fairy beautiful Mou a bright, in the heart ignited hope, way: "what method?"

Ye Chen struggled for a moment, then calmed down his eyes and said, "I'm ready to sacrifice the wish star. In this way, it's enough to defeat the ancestors of the three ethnic groups."

Wish Tianxing is one of Ye Chen's trump cards, which is related to his own luck. But now the situation is critical, and he can't manage so much. He is ready to sacrifice wish Tianxing.

"You want to sacrifice the wish star?"

Hongxia fairy was surprised.

"Well." Ye Chen nodded.

Hongxia fairy said: "no! I hope that the star is too valuable, more valuable than I am, and I can't sacrifice it casually. "

"Wish heaven star, it is said that it was born from the wishing immortal pool. You will fly to the world later. With this star, you can trace back to the location of the wishing immortal pool. How can you sacrifice such a precious magic weapon?"

Chapter 6196

Among the four immortal pools, the power of Xuyuan immortal pool is more powerful than that of Wanyao immortal pool. It is said that all the wishes in the world can be realized.

No one knows where the pool is. The water that Shen Tu Tianyin gave to Ye Chen is just what she gets occasionally.

The real immortal pool, but no one knows its whereabouts.

It is said that in the face of the slaughter of the ten great ancestors, the old lord once wanted to make a wish in Xianchi, hoping to tide over the difficulties.

Unfortunately, he failed to find the place of Xuyuan immortal pool. In the end, he could not realize any wish and was killed by the top ten ancestors.

If ye Chen wants to fight against the wanxu, the Xuyuan immortal pool is also a key point. With the help of the power of the Xuyuan immortal pool, it is enough to suppress the Yuhuang ancient emperor.

And wish star, may be the only remaining in the world, may be traced back to the only clue to wish pool!

"I care more about you than I do about Xuyuan Xianchi."

Ye Chen stares at the Hongxia fairy. It's too far away for him to make a wish. He only cares about the cause and effect in front of him.

If he wants to make a choice between Tianxing and Hongxia fairy, he naturally chooses Hongxia fairy.

Red Fairy listen to Ye Chen sincere words, can't help but stay a stay.

"Lord of reincarnation, maybe we have another way."

At this time, Xiao Buyi, who has been silent, is facing Ye Chen.

Ye Chen heart move, ask: "what method?"

Xiao Buyi said: "I also master the military word formula, and the cultivation of my military word formula can be said to be invincible against heaven. In a big way, I think my military word formula has surpassed my master's sword God ancestor, but I am too weak to show it."

Ye Chen's eyes brightened and said: "so, as long as you restore your breath, you can fight against the ancestors of the three ethnic groups by using the formula of" Bing Zi Jue "

"It's not confrontation, it's direct killing. I've understood the ultimate meaning of Bing Zi Jue. If my strength is restored, no one will be my enemy except the legendary Ren family's destiny."

Xiao Buyi corrects Ye Chen's statement, with incomparable confidence and strong pride.

He does have the qualification to be proud, because he is the foundry of reincarnation sky sword!

Ye Chen was shocked in his heart. Naturally, he believed what Xiao Buyi said was true and said, "how can you recover your strength?"

As he talks, ye Chen uses the eight trigrams to cure Xiao Buyi.

However, the light of the eight trigrams heavenly elixir could not penetrate into Xiao Buyi's body, and it seemed to be blocked by an invisible force.

Xiao Buyi shook his head and said: "I was suppressed by the ancient emperor Yu Huang and banned and blocked by the ruling Lord. My blood is scarred. It is no longer possible for external forces to cure me. Only the energy of my Xiao family's original blood can revive me."

Ye Chen's face sank and said, "what do you mean..."

Xiao Buyi pointed to Xiao Qingyan and said, "Lord of reincarnation, I told you to kill her. This person is a descendant of my Xiao family. If you kill her and offer her blood to me, I can recover some of my strength and kill the ancestors of the three nationalities more than enough."

"No way!"

Hearing this, ye Chen refused on the spot.

Xiao Buyi laughed and said, "the ancestors of the three ethnic groups are coming. If they want to fight, they have to pay a price. This is the minimum price."

Now the situation is critical. If you want to fight against the ancestors of the three ethnic groups, you have to either sacrifice Xiao Qingyan, wish Tianxing or Hongxia fairy. Anyway, you have to pay the price.

Ye Chen bit to bite a tooth, feel matchless thorny only.

Xiao Qingyan did not speak at this time. Although she did not want to die, the situation was too severe for her to choose.

"Reincarnation Lord, I finally catch up with you, ha ha ha..."

At this time, there was a haughty laugh from behind.

But I saw the figure of Hong Beichen emerge, just like a meteor, breaking through the void and chasing after him.

Lin faming and Mo Qingxuan follow him quickly.

The ancestors of the three ethnic groups are in a triangular formation, connected by Qi and machine, and they are hidden as a whole, which is extremely majestic.

"There is no time. Kill this woman and offer her blood to me. This is the minimum price."

Xiao Buyi saw that Hong Beichen was coming, and his life and death were coming. But his face and tone were still calm, and his indifference was so cool.

It seems that in his heart, he is always heartless. No matter his parents or his descendants, they can kill him directly, regardless of human relations.

"No, I refuse."

Ye Chen shakes his head, grabs Xiao Qingyan in one hand and Hongxia fairy in the other, and looks at the two girls' faces.

The faces of Hongxia fairy and Xiao Qingyan are very complicated, with the meaning of gratification, gratitude, helplessness, desolation and determination.

"Although you are not my women, no matter what, I will not sacrifice your lives to heaven."

Ye Chen's voice is very sincere. Hongxia fairy and Xiao Qingyan are looking at him silently.

WOW!

The white light of faith suddenly surges out behind Ye Chen, and a bright planet rises slowly.

This planet is full of altars, temples, Taoist buildings and other buildings. Hundreds of millions of believers are worshipping. There is a Fengyu spirit tree in the center of the planet, which is the wish star.

This wish star has been tempered by the original crimson chalcedony, the wind feather, the spirit tree, and a wisp of water in the wish pool. Compared with the time when it was in the hands of the Confucians in the past, it is more powerful.

"Lord of reincarnation, what do you want to do?"

Chapter 6197

When Xiao Buyi saw the sky star rising, he suddenly lost his voice and called out. He had a very bad premonition in his heart.

Ye Chen clenched his fist and said, "I'm going to sacrifice the wish star!"

Between the words, ye Chen's aura communicates with each other, and the whole planet is shaking violently. Hundreds of millions of believers burst out their mighty chanting voice and bright light of faith, shining thousands of miles.

Hong Beichen and the other three ancestors were dazzled by the light of the wish star and stopped.

"Lord of reincarnation, do you want to sacrifice the wish star?"

Hong Beichen's face changed when he saw the sky star slowly expanding.

If you wish Tianxing sacrifice to explode, its power is absolutely terrible. Although he will not be killed, he will definitely be seriously injured.

Seriously injured, is a chopping board of fish, can only be slaughtered.

He never thought that ye Chen had such great courage. He would rather sacrifice his wish to Tianxing than hand over Wanyao Xianchi.

"No! The Lord of reincarnation, I hope the stars are the treasures of heaven and earth. How can you sacrifice at will? "

Xiao Buyi suddenly yelled. He was always quiet, but now he was moved.

Because, he is a tool maniac, wish star in his eyes, is the perfect magic weapon, is the creation of heaven and earth, if directly sacrifice, it is simply a waste of creation!

Generally, the magic weapon of chaos is made by human beings. I hope the wangtianxing is different. This planet is born from the pool of wishing immortals and is the creation of heaven and earth.

As a tool maniac, Xiao Buyi absolutely can't stand it. Ye Chen would rather sacrifice his wish to Tianxing than Xiao Qingyan.

Wish star slowly expanding, Xiao Buyi eye pupil contraction, suddenly a step, rushed to the sky, a palm toward the wish star shrouded and go.

In the palm of his hand, there is a strong breath of source art, which is the fluctuation of the word formula of nine heaven God art!

He even put together a weak body, strong action with military word formula, also want to stop Ye Chen sacrifice wish star.

"You lunatic, get out of here!"

As soon as ye Chen's face changes, he hastens to offer a sacrifice to the demon Heaven Sword. A sword cleaves to Xiao Buyi to force him down.

The war situation is critical. If the time is delayed, Hong Beichen will not give him another chance to sacrifice his magic weapon.

Xiao Bu Yi's face is cold and stern. Seeing ye Chen's sword coming, he smashes Ye Chen's demon sword with his backhand.

Hong Beichen over there wanted to kill Ye Chen, but when he saw Xiao Buyi's method, he was awed and didn't dare to act rashly.

But Xiao Buyi's life and blood were passing away. He was too weak. Now he was burning the power of life.

"The magic weapon born from the pool of wishing immortals is a wonderful creation of heaven and earth. This planet is more magnificent than ordinary sun, moon and stars. How can you sacrifice it?"

Xiao Buyi looked up at the wish stars, as if the ancient ancestors looked up at the stars for the first time. His eyes were full of intoxication and dreamy color.

He is a tool maniac. In his eyes, the relationship between parents and men, and the love between men and women are all illusory. Only by refining weapons and weapons, can he arouse his interest and attachment,

Now, ye Chen this wish star, but let him incomparably infatuated.

"I'd rather die than let this planet die."

Xiao Buyi's eyes are calm, suspended in front of the wish stars, like a lonely guardian of the starry sky, with a lonely body and a trace of determination.

Ye Chen heart a shock, eyes with a trace of shock, Zheng Zheng looking at Xiao cloth clothes.

At this moment, Xiao Buyi seemed to be a martyr. He was martyred for refining utensils, and his eyes were full of piety.

His pious breath communicates with the wishes of heaven and stars, man and the planet are integrated, and heaven and man are in one. His whole body bursts out with extremely bright God light.

"Are you... The legendary tool maniac? The apprentice of the old ancestor of the sword God! "

When Hong Beichen saw the appearance of Xiao Buyi, he finally woke up and understood everything. His face showed a look of great horror and terror.

It's said that Xiao Buyi is the true legend of the ancestor of the sword God. The magic power of the word "Bing Zi Jue" is invincible. If he breaks out, who can stop him in the heart of the earth?

"Damn it

"I've suppressed the array formula!"

Under the great shock of Hong Beichen, he clapped his palms like a mountain collapse and a tsunami. Ten million big bursts turned into a chaotic and powerful force, and went to kill Xiao Buyi.

Xiao Buyi's lonely figure is suspended in the sky. Facing Hong Beichen, he is like a boat in the stormy waves.

However, even so, there was no fear on Xiao Bu's face. He was still calm and full of the pious attitude of martyrs, which was shocking.

"Bing Zi Jue, the earth explodes and the sky explodes!"

All of a sudden, Xiao cloth clothes gently spit sound, palm across the air toward the earth a grip.

Kalon!

Thousands of miles of the earth, the instant shock up, like the end of the earthquake.

Plate cracking, wisps of earth aura, quintessence of Wutu, mixed with thousands of miles of dust and soil, poured into the sky, and instantly condensed into a huge Wutu planet.

This planet, with a vast source of art breath, is cast out of pure military formula, which contains the general situation of the earth and the movement of celestial phenomena.

This planet is so huge, so fierce, as if it has gathered the aura of thousands of miles of earth, blocking the sky and rolling the clouds.

When Hong Beichen saw the birth of this earth planet, he was completely shocked.

"Let's go!"

Almost for a moment, Hong Beichen felt the horror of this Wutu planet, which gathered the top magic power of bingzijue, representing the supreme majesty of bingzijue.

The cost of this move is Xiao Buyi's own life!

After the birth of this earth planet, his face has been completely pale, his body has been completely withered, all flesh and blood aura has been consumed, the whole person is like a corpse.

A dead body, holding a clay planet.

On the higher sky, the stars are shining. This picture is extremely spectacular.

Boom!

With a wave of Xiao Buyi's hand, the Wutu planet blasted out, crushing the breath of Hong Beichen.

In terms of martial arts, he may not be able to compare with Hong Beichen.

But if we talk about the nine heaven divine skill and the attainments of Brahma divine skill, Hong Beichen can never be compared with him.

In front of Xiao Buyi's formula, Hong Beichen's formula is just like a local chicken and a dog, and can't withstand a single blow.

Nawutu planet, all the way roaring through the air, finally "bang", exploded behind Hong Beichen.

"Puff!"

"Puff!"

"Puff!"

Hong Beichen spat blood at his mouth and was seriously injured.

Lin faming and Mo Qingxuan were also seriously injured.

Chapter 6198

The three men were extremely embarrassed, and they were blown out. They didn't know whether they were alive or dead in the dust.

After the explosion of the planet nawutu, the strong source gas burst out, and the forest land thousands of miles around was razed to the ground. The scene was magnificent.

Ye Chen sees this powerful destructive power, stare big eyes of Zheng Zheng, a burst of dullness, murmur a way in the mouth: "is this the ultimate of Bing Zi Jue?"

On the cultivation of Bing Zi Jue, Xiao Buyi was invincible, much stronger than ye Chen.

Plop.

However, after using the "Bing Zi Jue", Xiao Bu's corpse fell from the air and fell to the ground.

Click, click.

His whole body bone, a burst of fracture sound, also seems to have been smashed.

"Master!"

Ye Chen is very surprised. He rushes to check, but he sees that Xiao Bu's clothes are haggard, and his flesh and blood aura is exhausted. Only a yellow skin is left, which is barely attached to the broken bones. His appearance is more terrible than that of a corpse.

This is the price of his forced use of the word formula!

Ye Chen was shocked and speechless.

Xiao Qingyan and Hongxia fairy ran up and saw Xiao Buyi's appearance, but they were also silent.

"Don't call me master."

Xiao Buyi looks at Ye Chen with dim eyes. He lies on the ground and gasps constantly. Anyone can see that he has run out of oil and the lamp is dry, and he is about to die.

"Promise me that in the future, you will not offer sacrifices to the heaven and stars, the ten thousand demon immortal pool, the yellow spring, and so on. This is the perfect magic weapon of heaven and earth. Don't offer sacrifices. This is the mystery of heaven and earth's creation, which represents the art of refining utensils. If you have the idea of sacrificing, it is blasphemy."

At the end of his life, Xiao Buyi had no pity for his own life, and he never forgot the magic weapon.

Ye Chen thought that this man was really a tool maniac. He was dying, and he wanted to refine tools.

Xiao Buyi said, "Lord of reincarnation, help me up."

Ye Chen nods and slowly helps Xiao Bu Yi to sit up, letting him lean on his arm.

Xiao Buyi took a deep breath, calmed down, and said, "I'm dying. I want to tell you the secret of Bing Zi Jue. I hope you can inherit my orthodoxy."

At the end of his life, Xiao Buyi thought of the tradition and looked at Ye Chen.

Ye Chen said, "what's the secret of Bing Zi Jue?"

He also practiced the formula of military characters, and he had a great accomplishment. He was not bad at it. But today, when he saw Xiao Buyi's formula of military characters, he realized that he was too much of a bird's-eye. the true meaning of the formula of military characters was far from being touched.

Xiao Buyi said: "the ultimate killing move of Bing Zi Jue is called" earth exploding and heaven fighting ". It can cast a Wutu planet with the earth as the material and kill people by explosion. This is the ultimate meaning of Bing Zi Jue."

"In this world, I am the only one who can understand the ultimate meaning."

"Even my master, the ancestor of sword God, can't understand it thoroughly."

Ye Chen's vision shrinks slightly, way: "ground explodes sky soldier?"

Xiao Buyi nodded and said, "if you want to understand the ultimate killing move of" earth explosion and heavenly soldiers ", you need to cut off everything. The so-called" too forgetful ". If you have sentimental nostalgia in your heart, you can't break the ultimate. Only by cutting off everything, killing everything, killing all the people close to you, and forgetting your feelings and worries, can you cut off all the clutter and understand the ultimate truth of the road."

"Kill all those close to you?"

Ye Chen is shocked, and finally understands why Xiao Buyi wants to kill his father and his mother and cut off everything for the sake of preaching.

Xiao Buyi said: "yes, it's the best way to prove the truth by killing. The formula of" Bing Zi "is the secret of killing and cutting. Only when we prove the truth by killing and do everything, can we witness the ultimate mystery. My master is not merciless enough, so I can't prove the peak of" Bing Zi Jue ". But I'm already at the peak of" Bing Zi Jue "

"Reincarnation Lord, you are very qualified. I hope you can inherit my orthodoxy, prove the truth by killing, and pass on the formula of generals."

"For the sake of preaching, everyone in the world can be killed. Don't be too kind."

At last, Xiao Buyi takes out a jade pendant and gives it to Ye Chen. Then, with compassion in his face, he closes his eyes and dies.

Ye Chen holds the jade pendant and is speechless.

This jade pendant contains Xiao Buyi's opinion on the formula of soldiers.

He was able to forge reincarnation Heavenly Sword, even better than blue. His skill of refining utensils surpassed that of the ancestor of the sword God. It was because he was too forgetful to show his love by killing and cutting away the clutter. He had only refining utensils in his heart and could give up everything else.

However, this method of killing is too cruel for ye Chen to accept.

Xiao Qingyan and Hongxia fairy were also shocked by Xiao Buyi's words and stood aside silently.

"Is this the ultimate meaning of Bing Zi Jue

Ye Chen holds the jade pendant, and his eyes are in a trance.

Whoa!

At this time, an extremely blazing holy light, like a crossbow, shot at Ye Chen's forehead.

"There's a sneak attack! The judge? "

Ye Chen's face changed, and his mind was still in a trance. This divine awn broke through the air and shot at him very quickly. It completely locked his Qi, but he could not resist it.

"Be careful!"

One side of Xiao light Yan, take the lead in reaction, stand up, protect Ye Chen.

Whoa!

That God awn, pass through Xiao light Yan's shoulder directly, hit a blood hole, the wound is very serious.

Xiao light Yan stuffy hum a, the body immediately soft fall.

"Are you all right?"

Ye Chen will help her up, look at her injury, fortunately the Lord of the verdict this sneak attack, in a hurry and did not use all his strength, she is only seriously injured, and no life is in danger.

Chapter 6199

Wow.

Ye Chen unfolds the eight trigrams Tiandan technique to treat Xiao Qingyan, stop bleeding and stabilize the injury.

"Nothing."

Xiao Qingyan struggles to stand up, covers his shoulder and looks forward.

But see the Lord of the verdict, with a few elite, came out of the woods.

Just now, ye Chen was fighting with the three groups of ancestors. The situation was too severe. He didn't show up easily. Instead, he wanted to hide and take advantage of them.

But unexpectedly, at the end of the fight, Xiao Buyi died!

In order to protect the wish star, he would rather sacrifice himself than let the wish star be sacrificed. This almost crazy belief was far beyond the expectation of the judge.

Now that Xiao Buyi is dead, his plan of casting Hongjun Tianjian has been completely defeated.

"Lord of reincarnation, it's all your work! If it wasn't for you, how could my pieces die? "

"Do you know what Xiao Bu Yi means to me?"

"You can die. Everyone in the earth can die, but he can't!"

The judge stares at Ye Chen, his facial features are twisted, and he is extremely angry.

The plan of dominating the world in his heart will be destroyed!

He can't take it! I don't want to accept it!

Although Ye Chen got the profound inheritance of Xiao Buyi and knew the truth of using killing to prove the truth, anyone can see that ye Chen can't go this way, what ye Chen pursues is only martial arts!

That is to say, ye Chen can't see the end of Bing Zi Jue, and his refining level can't reach the level of Xiao Buyi.

Let alone the ideal Hongjun Heavenly Sword, ye Chen can't forge the reincarnation Heavenly Sword in reality.

How can it be so easy to prove the truth by killing and kill all the people close to you?

Therefore, in his fury, the judge just wanted to kill Ye Chen, but he didn't mean to accept and persuade him to surrender.

"Heaven's holy fist, break!"

The Lord of the verdict drinks violently, but his face bursts out fierce murderous gas. His fists are shining. If there is divine heaven blessing, his silver light will bloom, and he will kill Ye Chen's head.

His body is still weak, cause and effect erode, now can play the strength, full of a hundred flail realm three days, this fist is extremely powerful.

Ye Chen's face sank, retreated a step, and the red haze fairy looked at each other.

They have a tacit understanding, one on the left and one on the right.

Ye Chen pops up the ghost Sky Sword and lends it to Hongxia fairy.

Hongxia fairy catches up with the wild demon Tianjian, merges her own demonic Qi with Tianjian's demonic Qi, turns it into a dark and chaotic sword Qi, and stabs at the judge.

Ye Chen clenched the dragon Yuan sky sword. The sword was as powerful as a dragon. It was extremely fierce. He cut it forward.

The judge's face changed. In his anger, he ignored the combination of Ye Chen's two swords.

Hongxia fairy's current strength is only slightly inferior to that of Hong Beichen. She joins hands with Ye Chen to fight against each other, but she has the upper hand.

"Damn it

Judging from the combination of the two swords, the judge didn't dare to be careless and quickly stepped back.

He was already weak, but now he left the secret place of Jingzhe. He could not rely on the advantage of the earth and Qi, but he was not the enemy of Ye Chen and Hongxia fairy.

"Today is your lucky day. Wait for me later!"

The adjudicator clenched his teeth and saw that the situation was reversed, which was irreparable. He quickly took his hands to step down, turned and fled away.

At this time, in the smoke and dust in the distance, there are three figures standing up, which are the three ancestors of the Dixin temple.

Hong Beichen and the other three were seriously injured by Xiao Buyi's "earth explosion heavenly soldiers". Fortunately, their accomplishments were all tough and survived the disaster.

"The end of the formula is so powerful. It's worthy of casting reincarnation sword."

Hong Beichen's heart was shocked. He was wounded by the "earth blast" and the "heavenly soldiers". He had caught the secret and knew that the real foundry of reincarnation sky sword was Xiao Buyi.

It is conceivable that Xiao Buyi is strong enough to cast reincarnation sword.

However, such a strong man has fallen today.

Hong Beichen is afraid of being retaliated by Ye Chen. Now he is seriously injured, and it is difficult to recover in a short time. He is not the enemy of Ye Chen and Hongxia fairy. With a wave of his hand, he hastens to leave with Lin faming and Mo Qingxuan.

Seeing that Hong Beichen, the judge and others were going to leave, Hongxia fairy could not help but sneer and said, "you can come and go as you want, when you really don't exist?"

"Blood demon sky array, I'm covered!"

In vain, Hongxia fairy held up the wild devil's sword. The blood burst out, mixed with the energy of the sword, and instantly filled thousands of miles. It turned into a scarlet array, like a big pot cover, which trapped Hong Beichen, the judge and others in the same place.

Hong Beichen, the leader of the verdict and others are trying to escape, but there is a bloody array in front of them. With the sword spirit of the wild devil, they can't help but look different.

Hongxia fairy has a cold face. With the help of the energy of the wild devil sky sword, the majesty of her blood demon sky array breaks out to the extreme, and successfully blocks the escape of the people.

Hong Beichen said in a deep voice: "Hongxia fairy, what do you want to do?"

Hongxia fairy snorted coldly and said, "today you all die here for me!"

Now the ancestors of the three ethnic groups are seriously injured, and the leader of the verdict has lost the support of the earth and Qi. It's a good time to kill them. She doesn't want to miss the chance.

"Don't be impulsive!"

Ye Chen hears this words of red rosy cloud fairy, but is matchless vibration, pressed her shoulder.

I want to kill the ancestors of the three ethnic groups and the real body of the judge. This plan is too crazy. Even ye Chen doesn't dare to be so crazy.

Whether they are the ancestors of the three ethnic groups or the leader of the ruling, their luck has not yet fallen. They also have their own cards. It's not easy to kill them?

"Ye Chen, this is a once-in-a-lifetime good opportunity. Once missed, it will never happen again."

The red haze fairy looked back at Ye Chen, with a firm meaning in her eyes: "as long as you kill them, you can be once and for all. We don't have to worry about anything any more. We can unify the heart of the earth and easily fight against the prestige of wanxu."

When Hong Beichen and the judge heard that Hongxia fairy had really killed her, their faces suddenly changed and they stood together.

The judge sneered: "Hongxia fairy, how dare you? Do you think you can kill me alone?"

Hongxia fairy said: "I can't, but plus the reincarnation of the Lord, to kill you more than enough."

She saw the weakness of the ruler of the verdict, and the strength that she could exert was only three layers of heaven in the hundred yoke realm. Without the influence of the earth, she and ye Chen had a great chance to join hands and kill it!

In any case, the ancestors of the three ethnic groups are now waiting to be slaughtered when they are seriously injured. It is obviously unfavorable for the ruling leader to fight alone.

Chapter 6200

At the moment, ye Chen is silent and does not speak, because he knows that the Lord of the verdict has not yet come to the time of fall, and it is extremely difficult to kill him. If you can't make the jade and stone burn, both sides will die together, and the ancient emperor Yu Huang has picked up the cheap for nothing.

"Three ancestors, this is the spirit water from Cuizhu immortal pool. The specially quenched Taishang elixir can make you recover quickly, but I only have one."

Seeing the unfavorable situation, the judge gritted his teeth, took out a pill and handed it to Hong Beichen.

This elixir is green and full of green vitality. Its aura is very rich and fragrant. You can see that it is extraordinary.

"Green bamboo fairy pool, supreme elixir?"

Hong Beichen's heart was shocked, and he quickly took the elixir. He felt that it was cool, and his whole body was nourished by the elixir, and there was a sign of recovery.

I haven't taken it yet. I just feel Dan Qi. It has such effect. It shows the magic of Dan medicine.

The master of the verdict has some flesh pains. He has only one precious pill for healing.

This elixir has been quenched with the spirit of Cuizhu immortal pool. It has the spirit of Cuizhu immortal pool. Any injury can be treated.

Cuizhu immortal pool, one of the four immortal pools, represents the strongest vitality between heaven and earth. It is said that even if a relic bone is thrown into Cuizhu immortal pool, it can regain its vitality. It's very wonderful.

Among the four immortal pools, Xuyuan immortal pool master's belief, Tianlong immortal pool master's power, Wanyao immortal pool master's internal breathing and Cuizhu immortal pool master's treatment have their own wonders.

Hong Beichen takes the elixir and looks back at Lin faming and Mo Qingxuan.

Lin Mo's two ancestors nodded, and there was only one pill, so it was not their turn.

Hong Beichen has the strongest strength. Only when he takes pills and recovers from his injury can he have the hope of reversing the situation.

At the moment, Hong Beichen swallowed the jade bamboo elixir and thought, "the Lord of the verdict, he is so weak that he even gave me the jade bamboo elixir."

"In fact, it's true that his condition is too serious, involving cause and effect and rules. It's no longer any elixir that can cure him."

He just wanted to kill the judge on the spot and get rid of the evil for the earth.

You know, the layout of Dixin temple for tens of thousands of years is just to eradicate the leader of the ruling, and now the weak leader of the ruling is a good time to kill.

However, seeing the murderous look on Hongxia fairy's face, Hong Beichen was shocked.

Now if we want to fight against Hongxia fairy, we can only put down our prejudice and cooperate with the judge.

Wow.

A ray of green light came out of Hong Beichen's body.

Under the nourishment of Cuizhu Xiandan, his injury healed quickly almost at the speed visible to the naked eye.

"Do it!"

Hongxia fairy bit her teeth, turned into a blood shadow, and immediately attacked and killed Hong Beichen.

If Hong Beichen's injury is completely recovered, the situation is bound to be reversed.

Ye Chen's face sank, and now the situation is very complicated.

The Dixin temple and the judgment hall are the enemies of Ye Chen and the Lord of the judgment.

Originally, he could cooperate with the Dixin temple to eradicate the leader of the verdict.

But the problem is that the Dixin temple is too ambitious to capture the ten thousand demon immortal pool.

And between the human race and the blood demon race, there is an eternal feud.

At present, the three forces of Dixin temple, adjudication hall and blood demon clan are intertwined with each other, and the situation is extremely complicated.

But in any case, he will be on the side of Hongxia fairy!

A brilliant light like the sun comes out of the Longyuan sky sword. Ye Chen and Hongxia fairy join hands to cut off Hong Beichen.

"Stop them!"

Hong Beichen is at the critical moment of recovering from his injury. He can't afford to lose. He immediately looks at the judge and drinks deeply.

The judge snorted. Although he didn't want to listen to Hong Beichen, now anyway, they have to unite to fight against Ye Chen.

"Holy fist of heaven!"

The judge's fist suddenly clenched, and the holy light burst out from his fist, like a vast sea, and hit Ye Chen and Hongxia fairy.

Ye Chen is holding the Longyuan sky sword, and Hongxia fairy is holding the wild devil sky sword. The two swords are very fierce. They collide with the fist of the judge.

Bang!

The collision between sword Qi and boxing front is unexpectedly equal.

Ye Chen, Hongxia fairy and the judge retreated a distance.

"Well?"

Ye Chen is a little stunned. He and Hongxia fairy double swords are combined, and the power of the two heavenly swords is superimposed together. It is expected that the judge's weak state is hard to resist, but the other side actually blocks.

But behind the judge, a bead rose slowly.

On that day, the Pearl spirit burst out and turned into the vision of the ark of doomsday. It was the heavenly pearl of the ark.

At this moment, the ark beads cracked, and the aura continued to flow away.

"You can be proud that you have forced me to this point."

The judge's face was gloomy. It turned out that he protected himself with the ark Tianzhu, blocking the combination of Ye Chen's and Hongxia's swords.

However, this bead is seriously damaged and hard to use.

You know, the ark Tianzhu is one of the top ten Tianzhu. It's the most precious artifact in the world.

In the face of Ye Chen's two swords, the Lord of the verdict paid a huge price to stop them.

It can only be said that the superposed power of the two heavenly swords is too strong!

Ye Chen and the red haze fairy look at each other, but they don't take advantage of the victory to pursue. Because the judge has delayed for a while, Hong Beichen has completely recovered his injury!

"Lord of reincarnation, I intended to woo you at the beginning, but you refused. There is nothing to say today. I will die by martial arts! I'd like to see. You're really amazing! "

Hong Beichen roared up to the sky and rose up against the wind. After his injury completely recovered, he burst out a strong evil spirit.

The evil spirit was surging and faintly turned into a series of lines around his whole body, which was quite spectacular.

When the judge saw Hong Beichen's recovery, he was relieved and the pressure was greatly reduced.

But ye Chen and Hongxia fairy are incomparably dignified.

It seems that the situation will be reversed!

Lin faming, Mo Qingxuan, Xiao Qingyan and others are watching nervously.

On the one hand, Hong Beichen and the leader of the verdict, on the other hand, ye Chen and Hongxia fairy. The tension between the two sides is extreme.

"Ha ha, the wanxu crisis is not over. What's the use of killing each other here?"

At this time, a cold laugh rang out.

But see the distant sky, crape myrtle breath floating, there is a long river of destiny revealed.

A cold and proud figure emerged from the long river of fate. It turned out to be xuanjiyue!

After xuanjiyue, the emperor Shitian was dressed in a black robe with white hair and followed him calmly.

Two people resist the wind and come, there is a color of worry on the face, it seems to know what major changes.
