Chapter 6201

"Xuanjiyue, Emperor Shitian, it's you!"

Ye Chen sees Xuan emperor two people come, immediately facial expression a change.

The judge also frowned and said, "Why are you here?"

Before the first battle of the cold and holy land, xuanjiyue and Emperor Shitian failed to kill Wei Ying and hurt Ye Chen. They realized that they could not face the judge and did not return to the temple. Instead, they went to Ziwei Xinghe.

Now when the judge saw them coming, he was surprised, but he didn't know what they were up to.

Xuanjiyue's eyes scan the whole room. Although her accomplishments are not as good as those of Hongxia fairy, the judge, Hong Beichen and others, as the leader of fate, her momentum is not weak at all.

"Emperor Shitian and I have got a terrible news, which has something to do with yuhuanggudi."

Xuanjiyue slowly opens her mouth and says.

"Yuhuanggudi" these four words, all the audience are nervous, look at each other.

The judge was in a cold sweat. He was obviously afraid of the emperor and said, "what's the news?"

Xuanjiyue was silent for a while, as if she was rectifying her mind. Finally, she sighed and said, "I can't tell you clearly. You can see for yourself. This is the information given to me by Wu Wu's letter."

Then she took out a picture.

"No letter from heaven?"

Hearing xuanjiyue's words, ye Chen is shocked.

Can't you say that wuwutianshu has made a deal with xuanjiyue?

You know, wuwutianshu is not only the guardian of the heavenly principle, but also the guardian of the ancestral road in the earth's heart and the ancient road in the starry sky. He is extremely powerful. He even injured Ren Fanfan at the beginning!

Xuanjiyue did not speak, but slowly unfolded the scroll.

This scroll is the information given to her by Wu Tianshu!

As soon as the scroll was unfolded, the pictures passed in front of Ye Chen and others.

In the picture, there are two people, who seem to be doing some trading.

One of them is a man of immortal character, white hair and profound cultivation. He has the spirit of life and death. It seems that with a single thought, he can crush the stars of hundreds of millions of time and space.

Just looking at this picture, ye Chen and others catch the secret. This old man is the Supreme Master of wanxu temple, the world's first master, the emperor of the Yuhuang family, Yuhuang GuDi!

The first time to see the true face of the emperor, ye Chen heart incomparable shock, Leng in situ.

Although there are only illusory pictures, he can also clearly feel that yuhuanggudi's powerful cultivation has almost reached the perfection of reality. He has explored a series of laws of time, space, creation and so on. In every pore, there are thousands of stars multiplying, and in every drop of blood, there are billions of universes growing and dying.

This level of existence itself is the universe. Just breathing one breath will shake billions of creatures.

The depth of the inside information, the strength of the powerful, has been unable to use human language to describe.

If there is a confrontation, ye Chen can be sure that the emperor can kill him thousands of times with one breath. The gap between the two realms is too far away!

Fortunately, the ancient emperor Yu Huang has rules to restrict him from coming to the earth's heart. Otherwise, even if he falls down together, he can destroy the whole earth's heart!

It's no wonder that they have to be extremely scared, carefully arranged and handled.

And in the picture, the person who trades with yuhuanggudi

To be exact, it should not be a person, but a light.

A cloud of natural light.

The light, with the breath of the supreme law, represents the source of the heavenly principle, from which all the heavenly principles of the heaven and the world multiply.

Now, yuhuanggudi is trading with Tianli.

"Ren tiannu is crazy. She doesn't allow me to explore the earth's heart, but the earth's heart is my hometown. The geomantic omen over there is related to my luck, and I have to seize it."

Yuhuanggudi sat in front of "Tianli" and said slowly.

"What do you want?"

The voice of "heavenly principle" is clear and clear with a trace of integrity. It can't tell whether it's a man or a woman.

To be exact, "natural principle" is just the aggregation of laws, representing the source of the laws of heaven. It is the aggregation of all laws. There is no distinction between men and women, but it has its own will!

Yuhuanggudi said: "the ancestral road of the earth's heart, the ancient star road, is under your control. I want to make a deal with you and give the ancient star road to me. I need to set up an array."

"Tianli" said: "why do you rob my things? I haven't interfered in the cause and effect between you and the earth, and you don't want to trouble me! "

Yuhuanggudi said: "it's not robbing, it's trading."

"Tianli" said: "you will step into the heart of the earth, who can stop you? Why is it so troublesome to set up an array? "

Yuhuanggudi showed a helpless expression. Even if he was as powerful as himself, he had something to do. He said: "I said, let the heavenly daughter go crazy and stop me. Besides, Zulu has rules. My cultivation is too strong. If I come down by force, I will be punished by heaven. You are the principle of heaven. Don't you understand that?"

"Natural reason" disdains to smile: "originally you are also afraid of rules, I thought you are invincible."

The ancient emperor of the feather emperor sighed and said, "if you can't break Wuwu, who dares to call it invincible? If you don't reach the realm of nothingness, you can't help it after all. "

"Tianli" said: "well, as a trade, what's your chip? If you want me to give you the Star Road, I'm afraid you'll give me some blood. "

The picture of the scroll suddenly stops here.

Chapter 6202

Ye Chen is very nervous looking, very want to know the reason behind the emperor and the specific trading details.

This picture, however, was stopped and skipped.

New pictures flashed by Ye Chen's eyes.

But this time's picture, already was after the transaction ended content!

"Tianli" was very satisfied and said: "very good. I'm very satisfied with your chips. I can give you the old Star Road, but you have to help me kill another person."

"Who do you want to kill?" said the emperor

"Heavenly principle" said: "Ren Fanfan!"

Hearing the name, the ancient emperor Yu Huang laughed and said, "is it the destiny of Ren family? Are you afraid that he will take your place? "

"Tianli" is silent and shining. Even if it is not human, anyone can see the fear clearly.

The legend of heaven, in fear of any extraordinary!

And, also want to borrow the hand of Yu Huang Gu Di, will allow special kill!

Yuhuanggudi said: "don't worry, I have hatred with Ren Fanfan. This man has repeatedly destroyed my layout, and I want to kill him for a long time. When he returns to the supreme world, I will be the first to cut him!"

"Tianli" said: "I can't wait. If he has a chance to return to the supreme, it will change. No one can stop him. You must kill him before his cultivation is complete."

The emperor frowned and said, "this guy is hiding. How can I know where he is?"

"Tianli" said: "he is in the center of the earth. You can use the formula of array words to set up the nine tripod array to capture the Qi Movement in the center of the earth. When you kill the reincarnation Lord, you can kill him easily."

The ancient emperor of the feather emperor laughed and said, "is that extraordinary in the heart of the earth? This guy's strength is not weak, and the magic power of XueYue tutiancha and Xihuang Leiyin is extremely strong. It's hard to kill him than to ascend to heaven. How can it be so easy? "

"Heavenly principle" said: "I don't care. It's your business. In a word, I want to let Feifan die. You are the first master in the world. No matter how powerful Ren Feifan is, can he stop your Brahma skill?"

Yuhuanggudi said with a smile: "ha ha, I'll try. When the Jiuding formation is formed, my will can come to the earth's heart, and all the problems can be solved."

.....

All the pictures, that's the end.

Ye Chen, the ruler of the verdict and others, after seeing all the pictures, are stunned, looking at xuanjiyue and the emperor Shitian.

Xuanjiyue said: "don't look at me. I don't know. It's wuwutianshu who gave me the information."

Ye Chen frowns and ponders, and naturally knows that the information is true.

In other words, yuhuanggudi and "Tianli" reached a deal and successfully took the ownership of Zulu.

Now, the star road in the center of the earth no longer belongs to "heavenly principle", but belongs to wanxu!

As a price, yuhuanggudi paid a mysterious chip, in addition, he promised "Tianli" to eradicate Ren Fanfan as soon as possible!

"Why should Tianli be made public in this transaction?"

Ye Chen frowned. This is a mysterious deal between the ancient emperor Yu Huang and "Tian Li". However, "Tian Li" is directly open by the hand of Wu Tianshu, which is equivalent to stabbing the ancient emperor Yu Huang.

The judge laughed and said, "it seems that the legendary" heavenly principle "doesn't want to see that the yuhuanggudi family is the only one, but I don't know what the yuhuanggudi's plan is."

Xuanjiyue said: "wuwutianshu has told me that yuhuanggudi is going to set up a super array with the star road as the core."

"This array represents the ultimate meaning of the array formula, which can cover the whole geocentric region!"

"This array is called Jiuding array!"

"Once the nine cauldron formation is formed, the breath of ten thousand ruins can suppress the whole geocentric region. At that time, the will of the yuhuanggudi can come, and that will be the end of the geocentric region!"

Hearing xuanjiyue's words, the whole audience was shocked.

Yuhuanggudi is the first master in the world. If his will comes, it will crush the whole earth. No one can stop him.

"It's impossible, it's impossible..."

The judge's body trembled. Although he was the overlord of the earth, his strength was far from that of the yuhuanggudi.

Moreover, he was once the magic weapon of the ancient emperor Yu Huang, and the relationship between them was that of the monarch, his subjects and his servants.

If yuhuanggudi will come down, as long as an idea, you can kill him!

Xuanjiyue said, "it's not impossible. The ancient road in the starry sky has been shrouded by the smell of wanxu. I've sent someone to check it. No one can come back alive."

The implication is that yuhuanggudi has controlled Zulu, and is ready to set up Jiuding array with Zulu as the core to cover the whole earth.

The territory of the earth's center is very vast, just like the starry sky. If there is an array in this world that can cover the whole earth's center, then this array is really unimaginable huge and unimaginable terrible.

Hong Beichen's body trembled, and he also practiced the formula of array words. He had a profound array attainments. If he burst out with all his strength, he could cover thousands of miles, but he could not cover the whole earth.

But he can't, wanxu temple, yuhuanggudi, can do it!

Once the core of the earth is covered by the array of the ancient emperor Yuhuang, it will be completely finished!

"What is the Jiuding array?"

Ye Chen looks at Xuan Ji Yue and asks in a hurry.

Xuanjiyue thought for a while and said, "I haven't seen it either. It's just that there's no heavenly Book telling me."

"The core of the Jiuding array is the ancient star road, and there are nine array eyes, which are distributed in nine different directions."

"These nine array eyes are the" nine cauldrons. "

"Each" Ding "can accommodate the will of the strong people in Jiudao wanxu at most."

"Once the Jiuding formation is completed, it can hold the will of the strong of the nine hundred and eighty-one ruins. Every strong one is the elite of the ruins, which is much more powerful than that of the Yuhuang."

Hearing this, ye Chen was shocked.

The judge, Hong Beichen and others were also extremely shocked.

Of course, they know how strong the emperor is.

At the beginning of the arrival of the emperor, the edge of douzijue was earth shaking.

Now, if the nine cauldron formation of wanxu is formed, eighty-one strong men can be sent out, all of them are more powerful than the Yuhuang. It's really unimaginable terror!

If all the 81 wills fall, it will be the time for the destruction of the earth's heart!

The 81 thousand ruins will be enough to suppress the cause and effect of the earth's heart and create the conditions for the arrival of the yuhuanggudi.

Once the yuhuanggudi comes, even if it's just a separation and a will, it's enough to crush the earth's heart and kill everyone!

Feeling the crisis in the future, everyone is silent.

This is a crisis covering the whole earth and all forces. Wanxu will never be soft hearted and will definitely kill everyone.

Chapter 6203

"I think it's time to let go of the grudge."

At this time, Emperor Shitian flew out and looked around the audience.

Ye Chen and the red haze fairy look at each other and put down their swords.

The red haze fairy returned the wild devil's sword to Ye Chen and said, "I'm afraid it's not easy to go through this wanxu crisis."

The plot of wanxu is coming. Now it is meaningless to fight with the ruling temple and the temple in the center of the earth. It will even lose the strength of the whole center of the earth, and even be more unfavorable to fight against wanxu.

Ye Chen looked at the leader of the verdict and the Emperor Xuan, and said: "gratitude and resentment are only temporarily put down. When the crisis of wanxu is over, there are still many causes and effects between us to settle."

Emperor Shitian said with a smile: "this is nature, the Lord of reincarnation. I also want to devour your blood, so as to break through the magic power of the heart and reach the highest level. If my magic power of the heart reaches the Ninth level, I'm afraid that the yuhuanggudi will become my puppet of the heart!"

When it comes to the end, Emperor Shitian is very proud and confident with his hands and white hair flying in the wind.

The mind devil is extremely strange, enough to cross the gap between the realm. If his mind devil can really practice to the Ninth level, then even the yuhuanggudi is in danger of being attacked and killed by the mind devil.

The most powerful part of the heart devil's curse sword is to hook people's heart devil. The real killer is not the sword, but the magic barrier of the heart.

The higher the status is, the stronger the cultivation is. In fact, the more serious the demons are. Because there are demands and desires, it is easy to breed demons.

Ye Chen disdained a smile, said: "emperor Shi Tian, only hope that the day when the emperor will come, you can be as arrogant as today."

Emperor Shi Tianzheng wanted to speak. Suddenly, he heard the thunder in the void, and the vision of purple lightning appeared.

"Well?"

Ye Chen looked up at the sky, but saw the sky, the vision is extremely fierce, purple electric jump, countless aura transpiration, vaguely turned into a bronze cauldron.

The huge bronze tripod, I don't know how huge it is, floats across the sky. The tripod body is engraved with totems. The totems have different shapes, including ancient gods, wild beasts, fairy songs and Buddhist Dharma protectors.

Ye Chen counted carefully, but found that the totem on the tripod had nine paths, which seemed to represent the will of the nine paths!

Xuanjiyue, Emperor Shitian, the ruler of the verdict, Hong Beichen and others also looked up at the sky in amazement. When they saw the bronze tripod, they all had a thought in their hearts:

The layout of yuhuanggudi has begun!

Jiuding formation, also officially started!

The bronze tripod in the sky resonates with the earth under Ye Chen's feet. The air between the heaven and the earth rotates and the wind blows.

WOW!

Suddenly, in the distance of the river, a purple bead rose into the air.

That's the sting of heaven!

"No! Wanxu wants to take back Jingzhe Tianzhu! "

The judge's face changed greatly, and he suddenly found that it was not good.

Jingzhe Tianzhu was used by the ancient emperor of the feather emperor to seal Xiaobu's clothes.

Now, in order to set up the array, the yuhuanggudi wants to take back the jingzha Tianzhu and use it as the energy source of the array eye!

"Bing Zi Jue, I've suppressed it!"

Ye Chen's eyes stare at the startling and stung pearl, and his left hand suddenly swings out. Bing Zi Jue bursts out, trying to suppress the bead again.

But at this time, the bronze cauldron in the sky was buzzing and shaking, and one of the nine totems lit up.

The totem is like a god of war, like the guardian of the ancient world, vividly depicted.

In the totem, an extremely strong will to kill broke out.

This will of killing and cutting impacts Ye Chen's mind. Ye Chen is caught off guard and is shocked seriously. His head is torn and painful.

"Damn, is this the will of wanxu?"

Ye Chen bit his teeth, and hurriedly stepped back to stabilize his mind.

At this time, the Jingzhe Tianzhu had already flown to the sky and merged with the bronze cauldron to become an energy bead embedded in the cauldron.

On the giant tripod, the totem of the God of war in the golden armor glittered even more.

"This is the will of wanxu. Let's join hands to blow it out!"

The ruler of the verdict only felt the great crisis coming. He raised his head to heaven and took the lead in rushing up and smashing his fist at the giant tripod totem.

"Shenluo Tianjian!"

"Heart demon big curse sword!"

"The blood shadow is nine broken!"

"Array word formula!"

Xuanjiyue, Emperor Shitian, Hongxia fairy, Hong Beichen and others also showed their magic power and joined hands to bombard the bronze tripod.

With the concerted efforts of all the people, even the stars in the universe can be destroyed.

However, tens of thousands of lines suddenly appeared near the bronze tripod, which turned into layers of prohibition, blocking all the attacks.

Ye Chen sees this, face Pang Dun time a sink, way: "this is the array that the ancient emperor of the feather emperor personally arranges, use brute force to be impossible to crack."

Yuhuanggudi, the "nine cauldron array", represents the ultimate meaning of the array formula. The nine cauldron dominates the sky. There is no one in the world who can break it or stop it.

Hong Beichen's lips were trembling and his face was gray. He only felt a deep gap.

He thought that he was already very accomplished in the array, but compared with the ancient emperor Yu Huang, it was the difference between the firefly, the sun and the moon.

At least, he couldn't see the mystery of the nine cauldron array.

Ye Chen stares at Hong Beichen and says: "do you have the secret script of the formula of array characters? Show me. "

Hong Beichen took a step back and immediately became alert and said, "what do you want to do?"

Chapter 6204

Ye Chen snorted and said: "the ancient emperor of the feather emperor set up the battle by himself. If you have no way to break the battle, then give it to me to try!"

The nine cauldron array is based on the array formula. If you can get the secret script of the array formula, there may be a way to crack it.

Hong Beichen's heart moves. He naturally knows Ye Chen's talent. He can't understand the mystery. Ye Chen may be able to understand it with the beauty of reincarnation.

Just, how can he give ye Chen such a profound secret script?

Ye Chen said with a light smile: "why, don't you agree to let go of enmity and join hands to fight against wanxu? Do you still want to put it off? "

The judge, Xuan Jiyue, Emperor Shitian and others also looked at Hong Beichen.

The judge said: "Hong Beichen, if you don't have a way to break the battle, maybe you can let the reincarnation Lord try."

The person he is most afraid of is yuanggudi. Now, ye Chen is the only one who can crack the yuanggudi array. Others don't have such great luck and talent.

Hong Beichen's eyes twinkled and looked at the bronze cauldron in the sky. He felt more and more pressure. Finally, he sighed helplessly and said, "I put the secret script of the array formula in the temple of the earth's heart, the Lord of reincarnation. Ten days later, you will come to the temple of the earth's heart to find me."

Ye Chen nodded and said, "OK, see you in ten days."

"Beware of deceit." Red haze fairy pulled the hand of pulling leaf Chen, remind a way.

Ye Chen said: "well, now wanxu is the biggest enemy. I don't think these three old guys dare to embarrass me."

The judge was always afraid of yuhuanggudi and asked, "reincarnation, how do you plan to break the battle?"

Ye Chen thought for a moment, pointed to the giant tripod floating in the sky, and said, "the nine tripod array has nine eyes."

"In other words, there should be nine giant tripods, but now we only see one."

"It seems that it is not easy for the yuhuanggudi to set up an array. Now there is only one giant tripod, and you can see that the totem on the giant tripod only shows one light."

The ruler of the verdict and others looked up at the sky, but they saw the bronze tripod in the sky. Indeed, only one of the nine totems on the tripod's body lit up, and the others were in a dim state.

Ye Chen said: "if I read it correctly, a totem represents the will of a ten thousand ruins. Now only one totem lights up. That is to say, there is only one will of ten thousand ruins coming, which is far from the perfect state of 9981."

Yuhuanggudi's plan is to arrange the nine tripod array, so that eighty-one strong people of ten thousand ruins will come to the earth's heart, first suppress cause and effect for him, and finally he will come again.

These 81 wills represent the number of 99 and contain the wisdom of Jiuding Zhentian.

Now, there is only one will coming. I don't know how far it is from the perfect state.

The judge's eyes lit up and said, "that means we still have time to breathe?"

Ye Chen nodded and said: "just like this, there is only one tripod in the nine tripod array, and only one totem lights up. We still have time to study confrontation."

At this point, ye Chen looked at Hong Beichen and said, "master Hong, don't forget the secret script of the formula of array words. I need to study it carefully to find a way to break the array."

Hong Beichen said, "after ten days, you will come to Dixin temple."

Ye Chen nodded and said, "well, I'll leave first. It's not suitable to stay here for a long time. It's going to be the eye of the ten thousand ruins. If I don't leave again, I'm afraid I'll be sealed here forever."

With that, ye Chen waved to Xiao Qingyan and Hongxia fairy, and left with the two girls.

The fight, did not expect that the final all the enemy, have become an alliance against wanxu, ye Chen is also incomparable accident.

The biggest gain of this trip is that he has got the ultimate meaning of the formula of "Bing Zi Jue", which is "earth explodes and heaven soldiers"!

"It turns out that the way to break the ban on reincarnation Heavenly Sword is the ultimate meaning of the military formula."

Ye Chen frowned tightly. Although Xiao Buyi didn't say it clearly, there was cause and effect in his secret jade pendant.

This is the only way to break the ban of reincarnation sword.

Only by mastering the magic power of the earth exploding heavenly soldiers can we really take charge of the reincarnation Heavenly Sword.

However, if we want to understand the earth explosion and the heavenly weapons, we need to prove the truth by killing all the people close to us, so as to achieve the state of being too forgetful. Only in this way can we cut off all the clutter and hold the supreme reincarnation sword.

"There must be other ways besides killing."

Ye Chen thought silently in his heart that his martial arts were not killing regardless of his feelings. There must be other ways to understand the essence of the earth explosion and heavenly weapons.

Shaking his head, ye Chen did not think too much.

Looking for reincarnation sky sword, this matter is too far away.

Now the most important thing is to fight against wanxu and come up with a way to break through.

If the nine cauldron array is completely complete, it will definitely be the end of the earth's core, and no one can stop it.

Once the emperor comes, I'm afraid he will die!

"Master Ren also came to the earth's heart? Where did you go? "

"Forget it, let's go back to Fengjia first."

Ye Chen is a little concerned about Ren Fanfan. He immediately says goodbye to Hongxia fairy and Xiao Qingyan, and returns to fengjiazhu alone.

Wei Ying is still in the ancestral land of the wind family, and ye Chen misses her very much.

Now Wei Ying is his woman, and they have an absolute relationship.

Ye Chen thinks of Wei Ying's tenderness, and his heart is extremely emotional. Now wanxu is in a serious crisis. It's very lucky to have Wei Ying by his side.

.....

Chapter 6205

.....

The world of swords.

I don't know how long, Yin Xiyan opened her eyes and vomited a mouthful of turbid gas.

And the three swords obviously completed some kind of ceremony, shaking slightly.

Ren Fanfan looked at the imperial sword and asked, "can she stay?"

"But I have a rule that you can't wait to do something against her."

"If I know that you have done something bad to her, I will certainly destroy the so-called rules and order that you have been waiting for many years at all costs!"

The emperor's sword said coldly: "God is the spirit, and we complement each other. It's a good thing. Although swallowing this girl can make us stronger, we also know that we can't be quick. Besides, in the world of sword, blood coagulation alone is not enough. We still need this girl."

Xuening Qian's face flushed slightly when she heard this, but since the three swords agreed, she naturally had nothing to say.

Ren Fanfan knew this, then he looked at Yin Xiyan and said: "your choice may be right, but now, before you completely enter the world of sword, I still want to take you to a place."

"About your father."

Yin Xiyan's body trembles. Over the years, she is too unfamiliar with the role of father.

Even I always follow my mother's surname.

Now, she vaguely guessed that this powerful man would know more about his father.

But somehow, she was afraid.

On the one hand, she wanted to avenge her parents; on the other hand, she was afraid of touching the bloody truth.

After a long hesitation, Yin Xiyan nodded.

Maybe my mother wants to know.

Ren Fanfan took a look at three swords and blood coagulation Qian: "I'll take her away for a while, and I'll be back soon."

"Mo Han, I find that you have a lot of feelings about kendo. You should stay for a while and continue to feel."

Su Mo nods, sits cross legged, closes his eyes and falls into a settled state.

"Come with me."

Ren Feifan said to Yin Xiyao.

The two figures soon went to the exit of jianshichendi!

Walking out of the world of swords, Yin Xiyao still couldn't help asking, "Mr. Ren, what kind of person is my father? Is he a good man or a bad man? "

Ren Feifan stopped and gazed at the distance for a long time before he said, "he is a madman, a madman with a heart of the world, and one of the most admired people by me and the reincarnation Lord."

Yin Xiyao breathes out, at least her father is not a bad man.

"Before that, I heard a lot about the reincarnation Lord outside China. Why did he reincarnate? Has his memory been restored?"

Ren Feifan shook his head: "his layout has always been the ultimate ideal of the three of us. He has more important things to do."

"I wanted to take you to see him, but... I seem to feel that this guy is in trouble at the moment, so I won't involve you. Anyway, you will stay in the dust of Jianshi, and you will always see him."

"And you'd better not fall in love with him."

Ren Feifan's last sentence is meaningful.

The reincarnation of Ye Chen's reincarnation master naturally does not know the relationship between Yin Xiyan and mu Yunchen. Even if they are together, they are not in disorder.

However, as a friend, Ren Fanfan does not want to be like this.

But the girl who came into contact with the Lord of reincarnation, which one is not a peach blossom?

When Yin Xiyan heard this, she gave a cold smile: "the reincarnation Lord is still in the real world. Although her identity is against heaven and her blood is strong, I haven't fallen to the point where I like him."

"Well, senior Ren, where are you going to take me?"

Ren Fanfan didn't say anything more. He tore the void in front of him.

The two figures disappeared.

But when it was about to disappear, everyone didn't notice that Ren Feifan's expression was dignified.

.....

Soon, Yin Xiyan and Ren Fanfan appeared in front of a stone gate.

Ren extraordinary eyes still dignified, seems to have some thoughts.

Yin Xiyan didn't notice it at all. Looking at the stone gate, she was curious: "where is this, senior Ren?"

"The place where your father stayed the longest."

Ren Fanfan doesn't think much any more. He puts his hand on the stone gate. The stone gate Rune flows and the last blood light flashes.

The door opens.

Ren Fanfan takes Yin Xiyan to go inside.

When they stepped into it, one candle lit up and countless murals extended in the wall.

Yin Xiyan looked at the mural with a little surprise in her heart and a strange expression: "are these the charm and rules of martial arts?"

Ren Fanfan nodded and said, "your father is a martial arts maniac. He will record his feelings. This has become the quietest place for him to practice. From today on, this place belongs to you."

"Your father named this place Wuji Shenxin."

Yin Xiyan frowned: "what a strange name."

Ren extraordinary also does not explain, continue to go toward the place that lamplight extends.

Yin Xiyan followed, but every step, I don't know why, her father recorded all this, let her blood feel boiling.

It's a wonderful feeling.

Even unconsciously, her accomplishments have improved.

Until Ren Fanfan stops, Yin Xiyan finds herself in a huge circular square.

There are three stone statues in the center of the square.

One is the statue of blood moon, the other is the statue of yin and Yang, and the last is the statue of a sword.

Yin Xiyan guessed something and said, "he represents the elder Ren, the Lord of reincarnation, and my father?"

Ren Feifan nodded, stretched out his hand, touched the statue of the sword, and fell into meditation.

After a long time, he murmured: "if this game of chess, the reincarnation master succeeds, wanxu disappears, and he is in charge of reincarnation, maybe he can make your father live."

"But all this, after all, is too far away."

Yin Xiyan's eyes suddenly narrowed slightly. She found something and quickly walked towards a direction. Soon, she stood in the middle of a pool, reached out and touched the water in the pool. She was surprised and said: "this water..."

Ren Fanfan also came over and said, "it's really the water of the world."

"But not the so-called immortal pool, but the meditation pool."

"For martial arts practitioners, meditation is the key."

Before Ren Fanfan finished, Yin Xiyan jumped directly into it, and her body was instantly covered by the pool water.

And at this moment, Yin Xiyan also felt what is Tao heart penetration.

There was a great peace in her heart.

In the pool, there are also puffs of fog, covering Yin Xiyan, even giving her a sense of deep fantasy.

Gradually, the fog dissipated, but Yin Xiyan found a man sitting at the end of the pool.

The man's Xingmu Jianmei is surrounded by the meaning of rules, even a little like her.

Yin Xiyan was stunned and murmured: "this is..."

Ren extraordinary is at this time opening a way: "this is the phantom of your father."

"This meditation pool is spiritual. Since your father's fall, it will often generate illusions to comfort you."

Chapter 6206

"Although the meditation pool has the effect of meditation, it has not done so. In these long years, it has not been relieved."

Yin Xiyan takes a look at her father's shadow. Just as she approaches, the shadow disappears. It seems that everything has never appeared.

Yin Xiyan is a little lost in her heart. She gets up and leaves the meditation pool, only to find out that her green clothes are never wet.

"Well, I have something to give you. I didn't know how to deal with it before. Since mu Yunchen has a daughter, it's time to give it to you."

Ren Fanfan said as he went to the northwest.

When it comes to the end, Ren Feifan takes out a jade pendant, which is embedded in the stone wall.

The wall vibrated, the mural was torn, and a huge cave appeared.

There is a dead tree in the cave. There is a sword in the middle of the dead tree.

There are stars all around the dead tree, as if they have been guarding the sword.

As soon as Ren Feifan grasped it, the sword in the withered tree flew to his hand.

The sword has seven stars, each of which is decorated with a bead with color.

Ren Feifan touched the body of the sword, as if with respect or memory. Then he broke the protection and prohibition on the body of the sword, and the light and rules of the sword flowed.

Although it is not as good as the imperial sword, it is also a terrible existence.

Ren Feifan threw the sword to Yin Xiyan and said, "this sword is called seven star shining cloud sword. It's made by your father himself, and it's also his weapon."

"You drip blood, so recognize the Lord. With it, your strength will rise a lot."

"Unfortunately, in the endless years and era, the power of the seven stars is gradually fading away. Otherwise, I'm afraid you will have a chance to ascend to the supreme world with the help of this sword."

Yin Xiyan holds the seven star shining cloud sword. She still feels familiar like a mural in her heart. She forces out a drop of blood essence and drops it slowly.

In an instant, the body of the sword shakes. The seven star shining cloud sword wants to resist, but it seems to feel the cause and effect between Yin Xiyan and mu Yunchen, and finally gives up.

Yin Xiyan also feels that she is connected with the sword.

"Thank you, Mr. Ren."

Yin Xiyan said respectfully.

Ren extraordinary is a little lonely, perhaps thinking of the old friends, some unhappy in the heart.

"You first feel something here. If you have a breakthrough, you can make a breakthrough. If you can't make a breakthrough, it's time for me to send you back."

"And this edict, put it away. It's your key to enter here."

"As long as you feel in your heart, you can enter."

With that, Ren Feifan throws a Fu Zhao to Yin Xiyan.

Yin Xiyan accepted the imperial edict without any nonsense. She closed her eyes and entered a state of cultivation.

.....

Soon, ye Chen flies back to his home.

But see the wind home ancestral place, everywhere is not peaceful, the disturbance is extremely huge.

Hong Xin, Lin Tianxiao, Mo Hanxi and others are discussing something.

Ye Chen inquires under, originally is that huge cauldron vision affair.

The vision of the nine cauldron array shakes the whole earth's heart, and the people of Fengjia's ancestral land also know it.

What makes Ye Chen even more surprised is that many people know the plan of yuhuanggudi.

"It seems that the" heavenly principle "not only revealed the information to Xuanji moon emperor Shitian, but also spread it to the whole earth. Aren't you really afraid of the anger of yuhuanggudi?"

Ye Chen secretly curious, many people at the bottom, also know the yuhuanggudi layout Jiuding array, want to come to the heart of the earth things.

It is obvious that Tianli has completely spread the intelligence, making it known to all.

Therefore, when the vision of the giant tripod appeared out of thin air, the earth's heart was completely shaken and everyone was horrified.

In this chaotic and turbulent moment, ye Chen came to a quiet courtyard in the back mountain of fengjiazu.

Wei Ying is living here.

When ye Chen stepped into the courtyard, he felt a chill.

But Wei Ying sat under a bodhi tree with her knees crossed. Her whole body was cold and steaming, and her cultivation breath was faintly showing signs of breaking through flail.

As if aware of the arrival of Ye Chen, Wei Ying opens her eyes, smiles and gets up. She converges on her skills and runs to Ye Chen. She puts her arms around his neck and kisses him on the face. She says, "you're back."

After they had a relationship, they behaved more intimately without any estrangement.

Ye Chen hugged Wei Ying's waist and felt the softness and the girl's coolness. He also gave her a kiss on her face and said, "how about your accomplishments?"

Wei Ying was a little helpless. She sighed and said, "it's not good. It's all your fault. Your blood is so powerful. I'm afraid I can't fully absorb your reincarnation blood in a few months."

"But only your blood can make me exist and have a chance to change."

Only by thoroughly absorbing the reincarnation blood of refining Ye Chen, can Wei Ying really break through the shackles, and now, she obviously has not been able to fully absorb it.

Ye Chen smiles and takes out a crystal stone filled with cold air. He says, "this thing is for you. It can help you to practice. It's a good treasure."

Wei Ying took the crystal stone, only felt a cold air, and her air engine was really connected, surprised: "what's this baby?"

Ye Chen said: "this thing is called thousand cold jade meteorite crystal, which is good for your cultivation."

This thousand cold jade meteorite crystal is exactly what Zhenyuan demon Zun gave to Ye Chen.

Wei Ying asked curiously, "where did you get this baby from?"

Ye Chen pinched her waist and said with a smile: "do you want to know? Let's talk about it in the house."
"

Wei Ying blushed, but she didn't refuse.

Ye Chen then embraces her, entered the room together, the infatuation of broad day pesters up, make all the time to the evening.

During this period, ye Chen briefly explained his experiences in these days, the enmity between the blood demon clan and the human race, his fight with the judgment hall, and the plan of the yuhuanggudi, etc.

After hearing this, Wei Ying turned solemn and said, "now the wanxu crisis is so serious, let's go back."

She now has Ye Chen company, just want to enjoy their time.

The earth center is too dangerous. She wants to go back to the heaven and human world and leave this land of right and wrong.

Ye Chen heart move, think of heaven and man domain, think of Ji Siqing.

Ji Siqing, who wants to come at this time, is sleepless and probably waiting for him to go back.

"I'll take you back when I'm free. It's just the cause and effect of the earth's heart. It's too deep for me to escape. Sooner or later, I'll come back."

Ye Chen gently stroked Wei Ying's hair and said.

"All right."

Wei Ying curled her lips and naturally knew what ye Chen wanted to carry.

In any case, she will accompany Ye Chen to deal with the future crisis.

They had another night. Although the crisis outside was really serious, the moment that belonged to them was very precious. Naturally, they could not miss the supreme joy.

The next morning, Wei Ying was still sleeping, and ye Chen had woken up early.

Stepping out of the door, ye Chen plans to practice. In a few days, he will go to Dixin temple.

Chapter 6207

.....

meanwhile.

Ren Fanfan saw that Yin Xiyan had been in the state of cultivation for a long time, and a trace of dignity flashed between her eyebrows.

He pinched the Jue with his fingers and forced out a drop of blood essence. The blood essence turned into shape, forming his virtual shadow in an instant.

Virtual shadow guards Yin Xiyan's side, while Ren Fanfan's Noumenon tears the void and goes in one direction.

Soon, Ren Fanfan came to a place in the center of the earth.

He looked up at the sky, but also to see the sky, that accompanied by countless visions, faintly turned into a huge bronze tripod.

The bronze tripod, suspended across the sky, is engraved with totems of different shapes, including ancient gods, wild beasts, fairy songs and Buddhist Dharma protectors.

"It's time to come."

Ren Fanfan looks dignified, but in his game of chess, he knows that wanxu will be like this.

Wanxu will never allow the threat of growth.

And the Lord of reincarnation and himself are a threat.

It's just that those guys in wanxu know that they are outside the territory, but it's too difficult to find themselves.

However, ye Chen is different. As long as Wan Hui sends people to investigate Ye Chen's existence, they will find it.

But now, wanxu is determined to destroy everything by using the nine cauldron array.

On the occasion of Ren Feifan's meditation, a beautiful woman with white hair came to Ren Feifan's side.

It's su Mohan.

Ren Fanfan has some accidents: "how did you come here?"

Su Mo Han looked at the huge tripod, Xiumei frown, and then said: "I also feel the vision here, want to come and have a look, but did not expect you are here."

"Where's Yin Xiyan?"

Ren Fanfan replied, "she's guarding her chance. I'll go back later."

At this time, Su Mo cold stretched out his hand, pulled Ren extraordinary hand, a faint and delicate temperature touch.

Su Mo Han said: "do you think wanxu is too fast?"

Ren Fanfan shook his head: "not too fast, but too slow."

Su Mo cold one Zheng: "why?"

Ren Fanfan explained: "the nine cauldron formation, the rest of the eight cauldrons did not land, and this cauldron has only one will, the remaining eight also did not appear, so, give us a lot of time."

"However, it's not easy for Taishang world to cross time and space, and even there are too many obstacles. This may be the only way for wanxu to win."

Su Mo cold suddenly, again way: "if really is nine cauldron big formation complete formation, you want to hand?"

Ren Fanfan fell into a short meditation, and finally shook his head and said: "it's still up to Ye Chen. After all, ye Chen is the chess holder, and I believe him."

"But if it's time to live or die, I'm bound to expose myself and then do something. Even if I swap with those guys, I'll stop them."

"Ye Chen must live and go to the supreme world alive. There are too many things waiting for him."

Voice just fell, a soft then fell into the embrace of Ren extraordinary.

Su Mo Han tightly hugs Ren Fanfan, and his eyes turn red: "Fanfan, I don't want you to exchange, and I don't want you to die. I want you to live. If there is such a day, I can explode, and I will help you stop it at all costs."

Ren extraordinary heard this sentence, lowered his head, the heavy eyes become a little gentle, he reached out and rubbed Su Mo Han's head, five fingers along the hair, stroked Su Mo Han's back, and said: "you forget that he once gave me divination, how can I fall so easily."

"Besides, you and I have to believe Ye Chen. Although Ye Chen is still in the still true state, his breakthrough has been greatly accelerated, and his strength is also growing extremely fast. Who else in the world have you ever seen that he can fight against Baijia state in the still true state?"

"Who have you ever seen holding so many heavenly swords?"

"Reincarnation sword hasn't appeared yet. If it does, ye Chen's power has just begun."

Su Mo Han felt a little relieved. All the time, she let Fanfan mention Ye Chen too many times. She also witnessed Ye Chen's past life and this life. But if ye Chen and the reincarnation Lord are qualified to fight against wanxu, it's definitely not now or last life.

We can only see ye Chen's future.

At this time, Ren Fanfan sensed something and said to Su Mo Han: "let's go, someone has come here. Soon more geocentric regions will be discovered. There are too many unknown territories in geocentric regions. It's a good thing if there are experts of that level secretly. I'm afraid those guys don't dare to fight against wanxu and just blindly do the so-called shrinking head tortoise."

Ren extraordinary Su Mo cold behind the void tear, soon two figures will disappear.

And not long after they left, two old men in black appeared.

The black robe covered most of their faces, only the gray beard fluttered slightly in the wind.

They gazed at the cauldron, with black lines flowing in their eyes, extremely evil.

For a long time, one of them said: "Po, what do you think?"

The existence, which is called "Po", shook his head and said: "the power in this is too strong. If we make a move, we will be the first to fall. Let the other guys in the earth's core face it."

"If it's time for life or death, we'll either try or leave."

"I'll never be that outsider."

The two black robed people seem to have reached a certain consensus, and finally the figure turns into a black fog and dissipates in the world.

.....

After burning incense, Ren Fanfan and Su Mohan come to Yin Xiyan.

And Yin Xiyan obviously entered the end.

Su Mo cold and Ren special did not make any sound, wait patiently.

After a long time, Yin Xiyan suddenly opened her eyes, with a faint sense of breakthrough.

You should know that after entering Baijia realm, it is extremely difficult to break through every small realm.

Judging from Yin Xiyan's breath, as long as she meets some small opportunities, or practices for a while in the sword world, she can break through quickly.

Yin Xiyan noticed Su Mohan who didn't know when he appeared. She was slightly surprised. Then she didn't care about the reason and nodded to Su Mohan.

Later, she looked at Ren Fanfan and said respectfully, "Mr. Ren, I have absorbed almost everything, but more things need to be digested slowly."

Ren Fanfan put his hands behind him and said, "in this case, I'll take you back to the sword world."

Yin Xiyan a Zheng: "so fast?"

Ren Feifan nodded: "now the situation in the earth's heart has changed. It will be safer for you to stay in the sword world. If you have the ability, you can break through as much as possible. In this way, when it comes to crisis, you may be able to save your life."

Yin Xiyan noticed something and asked, "is it related to wanxu?"

Ren extraordinary and Su Mo cold look at each other, but did not expect Yin Xiyan so intelligent, once guessed.

Chapter 6208

Before Ren Fanfan and Su Mohan react, Yin Xiyan says, "master Ren, I know. I will keep practicing. Now please take me back to the sword world."

.....

Soon, the three returned to the sword world.

Although Xuening Qian didn't leave the sword world, he felt some movement outside the country.

Ren Fanfan said to Xue Ningqian: "Miss Xue, Xiyan will ask you later. She is the child of my best friend. I hope you can bear it more."

There are some exceptions for Xuening Qian's attitude towards Ren Fanfan. After all, Ren Fanfan's strength may be enough to destroy himself with one look. Such existence should not be arrogant. How can he use this attitude?

Xue Ningqian no longer thought about it, and said, "I'm joking. She was chosen by three swords. It's a good thing for three swords and the world of swords. I will take care of her naturally."

"Moreover, this wench's strength is not inferior to me at all. If I continue to cultivate, maybe I need her protection."

Ren special smile, is to answer, and then, he looked at Su Mo cold, light way: "time is almost, we should also leave."

"It's time for me to meet Ye Chen, too."

"Mo Han, wait for me in another place later."

"Good bye, ladies and gentlemen."

Finish saying, Ren extraordinary and Su Mo cold is to face sword world dust ground exit and go

After Ren Feifan and Su Mohan leave, Xue Ningqian looks at Yin Xiyan and says, "I'm older than you. You can call me sister."

Yin Xiyan is also very clever. Knowing that she will live in the sword world and depend on xueningqian, she calls her sister kindly.

Xue Ningqian is obviously in a good mood. After all, he has been in the sword world all the time. Although his cultivation is long and lonely, it is not a bad thing to have someone to accompany him.

"Sister, sister doesn't have any gifts for you. I'll give you the secret of blood heart sword."

Finish saying, blood coagulates thousand big hand a wave, a jade simple is toward Yin Xiyan but go.

Yin Xiyan took the blood heart sword formula: "thank you sister."

Then Yin Xiyan opened the jade slip, but her eyes shrank. Although her swordsmanship is not deep, she also knows the strength of the blood heart sword formula!

It's too extravagant to use this as a gift.

"Sister, this sword formula..." Yin Xiyan hesitated.

Xuening Qian said with a smile: "I can't practice this sword formula completely all the time. Your talent should be much stronger than mine. Maybe you can play its value."

"Well, at this time of the day, the rules are extremely powerful. We might as well practice them well."

"It seems that something not peaceful has happened in the center of the earth. I think this is a bad signal. Only when we are strong can we have the ability to fight when the crisis comes."

The two girls looked at each other and entered the cultivation state.

.....

Wind home.

Ye Chen is preparing to enter the state of cultivation, suddenly, he feels something, quickly toward a direction.

As soon as he walked out of the courtyard, he saw that the void in front of him suddenly twisted and a space crack appeared.

In the space crack, there is a faint glow of blood moon.

"Senior Ren?"

Ye Chen Leng a Leng, but catch a familiar breath, that is Ren extraordinary breath!

He quickly stepped into the cracks in the space, but came to a blood moon world.

In the sky, there are nine rounds of blood moon floating. Under the blood moon, in a lonely mountain, a young man stands.

Ye Chen hurriedly flew to the top of the mountain and said to the young man, "don't be hurt, elder Ren!"

That young man is Ren Fanfan.

Ren Fanfan nodded and said, "I'm sorry, the wanxu crisis is too serious. I can only see you in this way. This place is my blood moon world. Can you bear the breath here?"

Ren Fanfan personally opened up the world, the rule is extremely huge, ye Chen also feel a burst of pressure, but still in the range of bear, way: "barely can."

Ren Fanfan said: "very good. It seems that your cultivation is more and more refined."

Ye Chen said: "master Ren, don't talk about this. The will of wanxu comes. Do you have a way to solve it? Tianli wants to kill you with the hand of yuhuanggudi! "

The wanxu crisis is extremely serious. It was the yuhuanggudi himself who plotted behind the scenes.

There are three goals of yuhuanggudi.

The first is to crush the core of the earth, collect the Qi here, and enhance the strength.

At present, the cultivation of yuhuanggudi has reached the perfection of reality, which is the highest realm that people can touch.

Further, that is nothing.

The realm of nothingness is indescribable and unknowable. Even the concept of nothingness does not exist. Now the yuhuanggudi collects the Qi of the earth's heart to prepare for the impact of the realm of nothingness.

Naturally, the best way to get a glimpse of Wu Wu is to use the tianwu Wolong Sutra. However, in the treasure of the old lord, it is much easier to crush the earth's heart than to search for treasure.

The second goal of yuhuanggudi is to kill Ye Chen and get rid of the hidden danger of reincarnation.

Once the yuhuanggudi came, that ye Chen is almost dead, can't keep him.

Even if Ren Fanfan, in the face of the ancient emperor Yuhuang, I'm afraid he will be defeated.

After all, yuhuanggudi is the strongest in the world, the peak of martial arts in the world, and is most likely to break through the reality and come into contact with nothingness!

As for the third goal, that is to kill Ren Fanfan. This is the trade between yuhuanggudi and Tianli.

Chapter 6209

Now under the authority of the ancient emperor Yu Huang, Ren Feifan should be careful. He did not meet Ye Chen in the big world, but let Ye Chen enter his small world.

Ye Chen sees Ren special so dignified appearance, also feel the severity of this crisis, only hope Ren special has the method of solving.

Ren Fanfan shook his head and said: "the layout of the ancient emperor Yuhuang is not so easy to crack, but at least we have three years."

Ye Chen said: "three years?"

Ren Fanfan said: "yes, it will take at least three years for the nine cauldron formation to be completed, so that all the 81 thousand ruins will come."

Ye Chen said: "that is to say, three years later, when the feathered emperor is successful, he will come in person to suppress everything?"

Ren Fanfan said: "if we can't break the battle, then the ending is really like this. Once the emperor yuhuanggudi comes, it will be the end of the earth, and it will be the end of you and me."

Ye Chen's heart beat violently and said: "no, we must stop it! In the past three years, in any case, we must crack the nine cauldron array. We must never let the array form

Now, one of the nine cauldrons has arrived. Within three years, all the nine cauldrons have arrived to suppress the nine sides of the earth.

At that time, under the weather of Jiuding Town, the ancient Yuhuang emperor will fall from the supreme world, and the whole earth will be buried in his hands. Ye Chen and Ren Fanfan may also be doomed.

Ye Chen deeply feels the pressure, now wants to fight, only has the comprehension array word formula.

"If you can understand the secret of the formula, you may find a way to crack the Jiuding array!"

Ren Fanfan said: "to crack the Jiuding array, you really need to rely on the formula of array characters. But now, you come with me and I'll take you to a place."

Ye Chen said: "where to go?"

Ren Fanfan said: "if you come with me, you will know. If you want to crack the will of wanxu, you must know where the will comes from."

Say, allow special Yu Feng to fly, fly to the deep place of blood moon world.

Ye Chen is curious in the heart, then followed to fly past.

Two people fly by the wind, and soon come to the edge of the blood moon world, but there is a space tunnel here.

Ren Fanfan and ye Chen step into the space tunnel.

The more they move forward, the more familiar Ye Chen feels.

It's the breath of heaven and man!

"Master Ren, this space tunnel leads to heaven and man? Are you going to take me back to heaven and man? "

Ye Chen is very surprised and asks.

Ren Fanfan nodded and said, "that's right. The place I want to take you is in heaven and man. That place is called Xuyuan, which is the real treasure of wanxu."

Ye Chen was so surprised that he said, "Xu Yuan? What does zhenzhuan Baodi mean? "

Ren Fanfan said: "zhenzhuan Baodi is the place where wanxu cultivates zhenzhuan disciples. Please come with me quickly." He sped up his flight.

Ye Chen's heart is more curious, hastily follow up.

Ren Fanfan said: "this time, the layout of the ancient emperor Yuhuang captured the ancient star road. His trade with Tianli has led to drastic changes in the weather of heaven and earth. The cause and effect closure of the earth's heart and heaven and man's world is not so serious. Fortunately, it is so. Otherwise, I'm afraid it will take some twists and turns to take you to the ruins."

Between speaking, Ren Fanfan has already flew to the end of the space tunnel, there is bright light in front of him.

He took Ye Chen and flew out from the exit.

In front of Ye Chen's eyes, the sun is shining. He narrows his eyes slightly and takes a look, only to find that he has gone out of the earth and returned to heaven and man!

"We're back in heaven and man?"

Ye Chen Leng Leng, under careful induction, really found that the heaven and earth domain, causal closure is not as serious as before, with any extraordinary strength, can easily do free and round trip.

This change is naturally due to the layout of the yuhuanggudi, the trade with Tianli, and the layout of the Jiuding array, which all led to the changes of the weather of heaven and earth.

Now if ye Chen wants to go back, he doesn't have to take the ancient star road. He can lock the location of the ancestral land of Fengjia or the location of the blood demon mountain range and tear the void back directly.

Looking at the landscape of heaven and man, ye Chen thinks of Ji Siqing, and his mind swings slightly.

He and Ji Siqing still have a further agreement.

"Come on, let's go to Xuyuan."

Ren Fanfan waved to Ye Chen and flew to the sky.

Ye Chen nods and knows that it's not a time for wishful thinking, so he follows up.

Ren Fanfan tears the void and starts with Ye Chen.

Wow.

After a while, they came out of the void and came to a fairyland like world.

Ye Chen squints his eyes, but he sees the world in front of him. The landscape is continuous, the waves are surging, the Danya grotesque rocks, the cliffs and peaks are all over the place, the green pines and cypresses are all over the place, the colorful Phoenix and brocade crow, the unicorn lies alone, the Shoulu and Xianhu are running along the place. It's not surprising to see people, and the mist is filled with mist, just like a picture scroll of immortals.

"Is this the real treasure of wanxu? I can't believe there are such places outside the territory. "

Ye Chen is very surprised, only feel this piece of "Xu Yuan", the hidden pulse aura, very rich, if you practice here, can play a multiplier effect.

Ren Fanfan said, "the ruins are actually made of the pearls of the spirit ruins."

Ye Chen said, "is there a pearl in lingxu?"

Ren Fanfan said: "well, the heavenly pearl of lingxu is the supreme artifact of the thirty-three days. It is one of the ten Heavenly pearls. It used to be the unique magic weapon of wanxu."

"The Tianzhu of lingxu, with its great fortune, can open up the world and create creatures."

"Based on the Tianzhu of lingxu, wanxu created Xuyuan, which is used to train Zhenchuan disciples."

Ye Chen was surprised and said, "why did the pearls of lingxu appear outside the territory?"

Ren Fanfan said: "it was knocked down by me."

Ye Chen is more surprised, a way: "any elder, what do you say?"

Ren Fanfan said: "that's a long time ago. When the top ten ancestors ascended, the yuhuanggudi first built the wanxu temple to compete with the old lord for hegemony. The struggle lasted for a long time. The two sides fought each other to death, and the fight was extremely fierce."

"The yuhuanggudi made use of the Tianzhu in lingxu to create a steady stream of strong people and finally won the hegemony."

"I was born at the end of the era of hegemony. When I was born, there was a real dragon holding treasure, and the Phoenix was singing. The auspicious omen spread over thousands of miles, and the weather was very great. When I was just born, the ancient emperor Yu Huang thought I was a threat and wanted to eradicate me."

"It's just that I've kept a low profile since I was a child, and I can't bear it. Yuhuanggudi can't find an excuse to kill me all the time."

"Later, I was successful in my cultivation, and I cut off my flail 97. The yuhuanggudi thought that my talent was too far away. He was ready to kill me at all costs, even if he couldn't find an excuse."

Ye Chen was shocked and said, "chop the flail 97? Mr. Ren, when you broke through the hundred shackles, the number of shackles was 97? "

Ren Fanfan said: "yes."

Chapter 6210

Ye Chen is stunned, way: "chop flail 97, this talent also too far spectrum?"? Even the ancient emperor Yu Huang, the number of his flail cutting is only 93! Xuanjiyue and the emperor Shitian are only 81. "

Ren Fanfan frowned and said, "don't compare fate demons with me. They don't deserve it."

Ye Chen said: "sorry..."

Ren Feifan said with a smile: "although the number of my flail chopping has reached 97, it is not the peak after all. The highest realm is to chop 100 flail chopping. All the flail chopping can release the most powerful potential."

Ye Chen said: "in this world, is there anyone who can cut off all the flail?"

Ren Fanfan said: "yes, that person is you."

Ye Chen is stunned, pointed to oneself way: "I?"

Ren Fanfan said: "yes, your reincarnation blood represents the highest talent of all heaven. I estimate that you are the only one who can achieve the ultimate goal in all ages."

Ye Chen wry smile for a while, way: "where have so easy, even you can't do 100 flail to cut completely, how can I do?"

Ren Feifan said with a smile: "I believe in your talent."

Ye Chen shook his head, said: "do not say this, now I am far away from Baiji realm."

After a pause, the front of the conversation changed: "by the way, what happened later? Yuhuanggudi wanted to kill you. What happened later? "

Ren Fanfan looked into the distance, and his eyes narrowed slightly. He seemed to be recalling the old story and said, "later, I naturally didn't want to wait to die and quietly left the supreme world."

"Before I left, I stepped into the ruins, killed all the people in them, including the guardians and the future zhenzhan disciples of wanxu, and knocked down the world. It was a lesson to yuhuanggudi. He wanted to tear his face, so naturally I would not be soft handed."

Ye Chen heart a shock, but see Ren extraordinary eyes indifference and calm, as if in the past fierce kill, just other people's story in general.

"Come on, go down and have a look."

Ren Feifan waves to Ye Chen and takes him to the ruins.

This ruins is the place where the heavenly pearls of lingxu were transformed. It used to cultivate zhenzhan disciples in wanxu temple. Later, it was knocked down by Ren Fanfan.

Ye Chen looks around curiously, but no one can be seen, but he can vaguely capture the remaining Qi energy of the ruins, but it is too thin to feel clearly.

Ren Fanfan said: "the yuhuanggudi arranges the Jiuding formation, ready to let the will of 81 wanxu come. Most of the wills of those wanxu strongmen are bred in the ruins. You can feel here that if you can suppress the Qi source of those wills, you are likely to win the chess game."

Ye Chen heart move, if Ren special say is true, that this Xu Yuan's value, is absolutely not small.

Because Xuyuan is the place to cultivate the strong of zhenzhuan in wanxu, and it is also the source of Qi of those strong of zhenzhuan.

If ye Chen can suppress the source of Qi, he can suppress them and seize the opportunity.

To put it simply, if we suppress Xuyuan, we can suppress the will of wanxu!

Ye Chen said: "master Ren, with your strength, it's easy to suppress the will of wanxu? Why do you need me? "

Ren Feifan shook his head and said: "in this world, some people can be killed, but they will not be suppressed, because their will is too strong, and their belief in martial arts is firm. When I washed the world of ruins with blood, no one gave in. All of them fought to the end."

"All the zhenzhuan disciples of wanxu are fierce, aggressive, brave and resolute, and there are no fawners."

"You have reincarnation and great prestige. Only you can suppress the will of wanxu."

Ye Chen frowned and said, "master Ren, what can I do to suppress the will of wanxu and successfully break the game?"

Ren Fanfan said, "try it here and see if you can find the stone of lingxu road."

Ye Chen said: "lingxu road stone?"

Ren Fanfan said: "well, the road stone of lingxu is not only the material to build the Tianzhu of lingxu, but also the core of the Tianzhu of lingxu. To control the road stone of lingxu is to control the Tianzhu of lingxu."

"Don't forget that the fairyland of the ruins is transformed by the heavenly pearls of the lingxu. The Daoshi of the lingxu is the core of the earth vein and the source of qi movement."

"I've always wanted to look for the stone of lingxu Road, but it seems that the stone gave birth to wisdom. It always hides from me. I've been looking for it for tens of thousands of years, but I can't find it."

"You can try to find it. If you can find the Daoshi of lingxu, you will have the qualification to suppress the will of wanxu and break the game!"

Ye Chen said: "master, even you can't find it. How can I find it?"

Ren Feifan said with a smile, "I believe in your good fortune. Try to find it here. I'll wait for your good news."

With that, Ren Feifan turned into a breeze and left directly.

"Master!"

Ye Chen steps forward, stay a stay, but didn't expect Ren extraordinary to go directly.

He frowned. Now wanxu is in a serious crisis. Within three years, the Jiuding formation will be completely completed. To break the formation and fight against wanxu, one must rely on the formula of the formation. The other is to find the road stone of lingxu and control the Tianzhu of lingxu, so as to suppress the will of wanxu.

But the stone in lingxu can't be found. How can ye Chen find it?

"Just look here."

Ye Chen is helpless, then in the fairyland of Xuyuan, aimless, looking around, hoping to find the road stone of lingxu.
