

Physician 6211

Chapter 6211

But in the fairyland of Xuyuan, there are no people, only pines and cypresses, foxes and beasts, but there is nothing different.

After three days of searching, I almost searched the fairyland of Xuyuan, but I didn't find anything.

He can vaguely feel that there is indeed a mysterious atmosphere hidden here, but how can he find the other side relying on the earth, hiding his body shape, and even avoiding Ren Fanfan's eyes and ears?

"It's been three days, but I still can't find it. Where is the stone in lingxu?"

Ye Chen frowns tightly. He doesn't have much time. The agreement with Dixin temple is coming soon. He has to go to Dixin temple again. He can't stay here for a long time.

Just as I was thinking about it, I suddenly saw a red light burst out in the distant sky. The red light was dazzling and reflected in people's eyes. A rosefinch looked up to the sky and sang long, breaking through the sky.

Whoa!

Red awn shuttle between, that rosefinch flies to leaf Chen in front of, landing to turn into a young girl.

That girl is Ji Siqing!

"Siqing, it's you!"

Ye Chen is surprised to see Ji Siqing coming.

Ji Siqing at the moment, a bead is suspended on his head, and the red awn bursts out, which is the God of martial arts.

After the awakening of Tianzhu, the goddess of martial arts, she practiced for many days, and the blood of the goddess of martial arts in her previous life has completely recovered to the peak.

At present, Ji Siqing's cultivation is about to break through the shackles.

Under the burning blood of the female warrior God, she was covered with a layer of red armor. The armor tightly wrapped her plump body and drew an almost perfect curve. The armor was also carved with rosefinch totem, which was quite magnificent.

"Ye Chen, why don't you come back to me?"

Ji Siqing looks at Ye Chen. He questions angrily. His armor turns red and fades, showing the dress of a long skirt. The skirt is floating in the wind. Behind it are the clouds and mountains in the fairyland of Xuyuan. The beauty scenery is integrated. Even the angry posture is pleasing to the eyes.

It turns out that after ye Chen returned to heaven and man, Ji Siqing caught his breath, so he came in person.

Ye Chen Leng Leng, helpless way: "I have a very important thing to deal with, originally intended to deal with, and then go to the magic dust peak to find you, um... Continue the front edge."

Before that, Ji Siqing was in the magic dust peak to protect Ji Lin's Dharma.

If there is no accident, Ji Lin at this time has already refined the celestial script of Xianfu and integrated it with the celestial script of Yunding. The four volumes of "Fengyun Wuxiang" are the supreme heavenly script. If she gets two volumes, her accomplishments will be greatly changed.

Ji Siqing heard the word "renew leading edge", his cheek was slightly red, his teeth bit his red lip, and said: "you still remember renewing leading edge, why don't you come to me right away?"

"The wanxu crisis is coming, I need to find a way to fight it..."

Ye Chen calmed down and made it clear that the Yuhuang Emperor himself had set up an array in the center of the earth. When the Jiuding Zhentian crisis was approaching, he wanted to break through the array. Ren Fanfan brought him to Xuyuan fairyland to look for lingxu Daoshi and so on.

After hearing this, Ji Siqing was shocked and said, "do you want to do it yourself? If he comes, who can stop him? "

Ye Chen said: "that's right. Therefore, we must break the arrangement of the Jiuding array in three years. If we can't break it, when the Jiuding Zhentian day is the arrival of the yuhuanggudi, it will be the end of the world!"

Ji Siqing's pretty face was dignified, but he didn't expect that the crisis of wanxu would come so soon.

There is no doubt that ye Chen is under great pressure now.

It's obviously more important than children's private affairs.

Ji Siqing knew the truth, naturally won't blame Ye Chen, gently hold his hand, way: "you want to find lingxu road stone, then I will find with you."

"Good."

Ye Chen's mind swings slightly, and then walks side by side with Ji Siqing. They look around in the fairyland of Xuyuan, hoping to find the trace of the Daoshi of lingxu.

However, the Taoist stone of lingxu, which gave birth to wisdom, had been hidden for a long time.

When night came, they got nothing and took a rest under a big tree.

"The stone of lingxu road is too cunning. If you want to find it, it will be more difficult than going to heaven."

Ye Chen has some helplessness. He can be sure that the road stone of lingxu is in the fairyland of Xuyuan, but he can't find it.

Even Ren Fanfan, who spent tens of thousands of years, didn't find it. It can be seen that the road stone of lingxu is hidden deep.

Ji Siqing said in a warm voice, "it's OK. Take your time. You'll find it."

Ye Chen shook his head and said, "it's only three years. The nine cauldron array is about to be built. How can it be so easy to find the stone of lingxu in three years?"

Ji Siqing's teeth clenched his red lips, and his beautiful eyes twinkled. It seemed that he was struggling with something in his heart. Then he put his arms around Ye Chen's neck and gave him a kiss on his lips.

Ye Chen's whole body is like an electric shock, with a violent shock. He looks at Ji Siqing in a daze: "hmm???"

Ji Siqing blushed and gritted his teeth: "give me your reincarnation blood, you and I can blend, I can break through, you also have gain, at that time, we will find the lingxu road stone, it will be much easier."

Ji Siqing was a female martial artist in his previous life. He served Ye Chen all his life. They were deeply intertwined in cause and effect. If they really had blood fusion, yin and Yang cultivation, and sun and moon complementation, it would be of great benefit to both of them.

Moreover, in this life, they have lived and died together. They have deep feelings, and their hands are deeply attached to each other. There is only one layer of window paper left untouched.

Ye Chen takes a deep breath and gently embraces Ji Siqing's slender waist. It's time to pierce this layer of window paper!

"Siqing, have you decided?"

Ye Chen looks at Ji Siqing with bright eyes, and his eyes are extremely blazing.

Ji Siqing's cheeks were red and intoxicating, and his breath was a little short. He said, "it's decided."

Ye Chen said, "don't you regret it?"

Ji Siqing said: "no regrets!"

Ye Chen swallowed saliva and said, "well, I'm here."

In his heart, Ji Siqing has been in the goddess like existence, and now he can finally kiss Fangze, he suddenly has a kind of dreamlike feeling, can't believe it.

Ji Siqing bit his teeth and said, "how can you be so wordy? If you want to come, I won't eat you. "

With that, Ji Siqing takes the initiative to turn over and press Ye Chen under his body. His hands are clasped with Ye Chen's fingers, and his beautiful eyes are burning at him.

Two people are almost zero distance contact, nose to nose, lips to lips.

Ye Chen can smell the fragrance of Ji Siqing's body, and feel the softness and warmth of the girl's body. His mind is immediately intoxicated.

Ji Siqing waved his hand, and the leaves around him came with the wind and surrounded them, forming a ball to wrap them.

But in this leaf ball, gradually came the rustling sound of stripping, and then there were bursts of happy music. Even the moon in the sky seemed shy and hid among the clouds.

Chapter 6212

This last layer of window paper is finally pierced by Ye Chen.

The next morning, in the cold wind and fog, ye Chen and Ji Siqing woke up from their happy dreams.

Two people look at each other, can't help but, and obsession for a while.

Half an hour later, the two separated reluctantly.

Ye Chen stroked Ji Siqing's hair and said, "how do you feel now?"

Ji Siqing's skin is ruddy and looks very good at this time. He said: "I get the nourishment of your reincarnation blood. It's estimated that I'm going to break through the hundred shackles. What about you?"

She is deeply entangled with Ye Chen's cause and effect, and has been attached to her past and present life. Therefore, after she gets reincarnation blood, refining and absorbing is much simpler than Wei Ying. It is estimated that in a few days, she will be completely complete, and break through to a hundred shackles with the help of reincarnation blood.

Ye Chen said, "you and I are in harmony with Yin and Yang, and we have improved a lot in our cultivation."

At this time, ye Chen's cultivation reached the critical point of the five level heaven of the true realm. He was just a little short of breaking through and was promoted to the six level heaven.

Ji Siqing said happily, "that's great. Let's try to find the Daoshi of lingxu again." Then he put on his clothes.

Ye Chen nodded and dressed himself, ready to look again.

Wuwuwu——

At this time, there was a wisp of poisonous fog surging in the sky. The poisonous fog came through the air with extremely fast speed and fierce momentum.

Ye Chen's eyes sank and he was on guard, but immediately, he caught a familiar breath from the poison fog.

It's Ji Lin's breath!

"Here comes Jilin."

Ye Chen is slightly surprised, that poisonous fog comes down, astringent adult form, but is a pretty lovely girl, it is Ji Lin.

At this time, Ji Lin's cultivation atmosphere reached the late stage of Taizhen realm, which made great progress.

Obviously, she benefited a lot from refining Yunding Tianshu and Xianfu Tianshu!

Under the nourishment of two volumes of heavenly books, Ji Lin's body has grown into a lot, and has begun to take on the scale of a young girl. Under the sunshine in the early morning, his skin looks like a chrysanthemum in autumn, smiling and looking forward to the beautiful eyes, which has a unique charm.

"Ah, ye force... No... brother Ye Chen, you are back. Long time no see."

Ji Lin saw Ye Chen, immediately surprised, ran forward, took Ye Chen's arm, left and right shaking, full of joy.

Ji Siqing just had a second time with ye chenmei. Now he is still intoxicated. When he sees Ji Lin coming, his face is slightly red. He seems to feel guilty and says, "Ji Lin, are you here?"

Ji Lin looks at Ye Chen and Ji Siqing. There is a suspicion in his eyes. He always feels that the atmosphere is strange. There seems to be something wrong with them.

But she was still young and ignorant about men and women. Although she found something wrong, she didn't know what happened. She said, "elder sister, you said brother Ye Chen has come back. You want to go out to find him. I miss him very much, so I came out to find you. You are here as expected!"

Ji Siqing said, "I said you don't have to follow me. I'll come back to you later."

Ji Lin smiles and says, "I can't wait."

Looking around, I saw the fairyland of Xuyuan. It was misty everywhere, just like the holy land of the world. I immediately asked curiously, "where is this place? Are you going to visit here?"

Ye Chen heart move, way: "Ji Lin, you come just in time, we are looking for one thing, you also come to help."

Ji Lin is in charge of Yunding Tianshu. Yunding Tianshu can evolve the chess board of Yunding chess, deduce the cause and effect of all worlds, and also play an important role in searching for lingxu Daoshi.

Therefore, ye Chen simply told Ji Lin about the Daoshi of lingxu.

Ji Lin was so surprised that he said, "is this place evolved from the Tianzhu of lingxu? Which one is more powerful than my sister's martial god Tianzhu? "

Ye Chen said: "the top ten Heavenly pearls are all the same. There is no difference between them. They only depend on the user's strength. The stronger the user's cultivation, the more powerful the heavenly pearls will be."

Ji Lin turned his lips and said, "well, the ten Heavenly pearls are the most powerful artifact. They must be powerful, but I don't have them."

Ye Chen said with a smile: "you have two volumes of the supreme book of heaven. It's a wonderful creation. It's no worse than the supreme artifact."

Ji Siqing said: "well, look for it quickly, time is running out."

She knows that ye Chen has an appointment with Dixin temple. Now time is pressing. It's better to find the Daoshi of lingxu before the appointment.

In this way, ye Chen doesn't have to run back and forth.

Ye Chen nodded and immediately offered up his wish.

Ji Lin waved his hand and drank softly: "cloud top chessboard, up!"

A huge chessboard emerged in the sky.

The chessboard is engraved with Ancient Runes, full of immortal spirit.

That's the Rune of Xianfu Tianshu.

At the moment, Ji Lin's two volumes of heavenly books are perfectly integrated, and her magical power has reached the peak within the realm of Taizhen. As long as you give her a little more time, she will be able to break through sooner or later.

Ye Chen said with a smile, "Ji Lin, your accomplishments are good."

Ji Lin said with a smile: "hee hee, thanks to the care of Ye Chen's brother."

At the moment, the spirit of the cloud top chessboard burst out, which was incomparably magnificent.

And ye Chen's wish sky star, then floats on the chessboard.

The chessboard carries the stars and floats in the sky. This picture is very spectacular.

"Well, let's start looking for the stone of lingxu road."

Ye Chen's eyes coagulated, urged the wish star, and cheered: "I wish, cause and effect insight, through heaven and earth!"

Chapter 6213

WOW!

As soon as the sound of the wish came down, the wish star suddenly burst out a blazing light, shook and twisted for a while, then suddenly locked in a direction and went straight away.

"Over there!"

Ye Chen immediately flew in that direction along the direction of the wish star.

At this time, the wish of Tianxing was carried by Ji Lin's cloud top chessboard, and the power was doubled. Almost in an instant, he could see the location of the road stone in lingxu.

Ji Siqing and Ji Lin see this, but also quickly keep up with Ye Chen.

When they came to a remote corner of Xuyuan, they found a stone tablet, covered with moss, mottled and ancient.

This stone tablet is buried in the soil. If it wasn't for the wish of the stars, ye Chen couldn't find it at all.

"The stone of lingxu road is here!"

Ye Chen's eyes brighten. Before, he searched hard. In fact, he used the wish star to search, but he couldn't find it.

Today, after practicing with Ji Siqing, his accomplishments improved, and with the help of Ji Lin's Tianshu on Yunding, he finally found the location of the Daoshi in lingxu.

This stone is the core of Tianzhu in lingxu, and wisdom has been born.

Ye Chen feels that there is a spiritual consciousness hidden in the stone tablet. He seems to be afraid of something. He shivers and doesn't dare to show up.

"Come out, you can't run away!"

Ye Chen a shout, that stone tablet indeed as expected spreads a burst of green awn.

Then, an old man dressed as a Taoist appeared slowly from the stone tablet.

The old man's face was pale, his eyes were scared to the extreme, and he tried to escape. But his Qi was locked by the wish star, and his whole body was illuminated by a white light, but he could not move.

"Hey, don't try to run away, old man, or don't blame me for being rude."

Ji Lin stares at the old Taoist, and a wisp of poisonous fog comes out of his palm.

Ji Siqing also released the spirit of rosefinch and was on guard.

"Ha ha, Lord of reincarnation, I didn't expect that you found him after all."

The old Taoist is the incarnation of the stone in lingxu. The spirit of Tianzhu in lingxu has no way to escape. He is completely controlled by Ye Chen and gives out a bleak sneer.

Ye Chen said: "submit to me, I can spare you not to die."

The Taoist priest of lingxu shook his head and said, "there is no one who is servile in the temple of wanxu. If you claim to surpass the destiny, you will give me a pleasure."

He knew that life and death were imminent, and his eyes could not hide the fear and despair, but his tone was still firm, even in the face of the threat of death, he never gave in.

Ye Chen's heart sank, and Ren Feifan was right. The people of wanxu temple were very brave and resolute. They were fierce in martial arts and firm in belief. Even if they died, they would not surrender to the enemy.

Such existence is extremely difficult and difficult to deal with.

"Old man, your mouth is really hard. You are so scared that you tremble all over. You have to be brave!"

Ji Lin snorted. He stepped forward and waved out the poisonous fog. It was like a poisonous snake, and wound around the body of the Taoist priest in lingxu.

"Ah

With a scream, the old Taoist was attacked and killed by the poisonous fog. It was like being entangled by tens of thousands of poisonous snakes. His pain was indescribable.

On the spot, he fell to the ground, covered his face and twisted his body. His body was writhing on the ground, screaming repeatedly, hissing and smelling of black smoke.

Under the torment of Ji Lin's poison gas, he suffered a lot.

"Ji Lin."

Ji Siqing couldn't bear to look down and wanted to ask Ji Lin to stop.

Ji Lin didn't feel soft. He said, "elder sister, this old guy is so hard that he has to torture him hard before he is convinced."

With that, Ji Lin was more violent and urged the poison gas. The body of the Taoist priest in lingxu was corroded by the poison fog. His skin and flesh rotted, revealing his white bones. His appearance was very miserable.

"Little girl, it's no use for you to torture me. I'm from wanxu, aren't I afraid of you?"

The old Taoist was hoarse and his eyes were fixed on Ji Lin.

Ji Lin saw his bloody eyes and said, "I'd like to see how hard your bones are!"

With that, two volumes of heavenly script appeared behind Ji Lin, and the breath of Yunding heavenly script and Xianfu heavenly script broke out to the extreme.

Under the blessing of two volumes of heavenly books, the power of her poison fog is simply terrible, forming a highly toxic world, which corrodes the earth more than ten miles into ruins. All the mountains, rivers and mists are eroded by the poison gas, and strands of poison gather into rivers and rush around.

Ye Chen's face sank and put his arms around Ji Siqing's waist to resist the poison gas.

The Taoist priest of lingxu, who lived in the center of the poisonous world, suffered a lot, which is hard to imagine.

In a moment, the old Taoist's flesh and blood were almost eroded away, leaving only some charred tendons covering the blackened bones. His appearance was much more terrible than that of zombie ghosts.

"Why, are you willing to surrender?"

Ji Lin eyebrows pick, cold voice asks a way.

The Taoist priest of lingxu collapsed on the ground, like a zombie, and said, "there is no one in wanxu Temple who is begging for mercy. You torture me like this today. In the future, Jiuding Zhentian and Yuhuang Laozu will come to avenge me. Your torture in the future will be 100 times more severe than mine!"

Ji Lin saw that the old Taoist was tortured so miserably that he refused to give in. He was shocked. He looked at Ye Chen and said, "brother Ye Chen, what should I do?"

Ye Chen ponders for a while, way: "calculate, since he refuses to give in, then give him a happy, some things, don't do too much."

Ji Lin's temper is still a little fierce. Ye Chen may not be able to torture people so fiercely.

Since the other party would rather die than surrender, ye Chen doesn't want to torture any more, so he winks at Ji Siqing.

Ji Siqing understood, pulled out the rosefinch flying sword, and pierced the heart of lingxu Taoist priest with one sword.

"Reincarnation master, thank you..."

The old Taoist looked at Ye Chen gratefully, and finally relieved himself. His body and spirit were completely annihilated under Ji Siqing's sword Qi.

Boom.

After the death of the old Taoist, the whole world of the ruins began to shake violently, the law of space began to collapse, and the whole world began to collapse.

"This place is going to collapse. Let's go! It's too late! "

Ye Chen holds Ji Siqing in one hand and Ji Lin in the other, and flies to the sky.

The old Taoist is not only the incarnation of the stone in lingxu, but also the spirit of Tianzhu in lingxu. When he dies, the world will collapse.

Ye Chen, Ji Siqing and Ji Lin flew to the sky and looked down, but they saw that the world of Xuyuan collapsed everywhere. Many spirit animals and birds in the world all screamed and ran away. Finally, they were all destroyed in the collapse of the doomsday.

Everything is dying!

Hum!

After the collapse of Xuyuan world, a small bead rises slowly from the ruins of the earth.

Chapter 6214

This bead is the Pearl of lingxu!

However, this pearl has completely lost its aura and become extremely dim. Moreover, the surface of the bead is full of cracks and extremely damaged.

Ye Chen is slightly surprised, and takes a picture in the air, grabbing the Tianzhu of lingxu in his hand.

A little induction, ye Chen is found, in the spirit of the market beads, there is a desolate ruins of the world.

This world, in fact, used to be a fairyland in Xuyuan, only because the spirit died, the world has collapsed.

In the center of this collapsing world stands a mottled stone tablet, which is also full of cracks, and its aura is scattered.

"Unfortunately..."

Ye Chen sighs gently. Naturally, the stone tablet is the core of the Tianzhu of lingxu, the Daoshi of lingxu.

However, when the spirit of the instrument died, the road stone of the spirit market also disintegrated.

If ye Chen wants to use the pearls of lingxu to fight against wanxu, he must first repair the Daoshi of lingxu!

After the restoration of the road stone, the Tianzhu of lingxu can also be restored.

"Depending on Bing Zi Jue, it should be able to repair, but it will take time."

Ye Chen thinks that at present, his cultivation of Bing Zi Jue can be regarded as a great achievement. Although it does not reach the peak of Xiao Buyi, it is easy to repair the supreme artifact and the ten Heavenly pearls.

His wish is that Tianxing and wanyaoxianchi can be used as restoration materials.

It's just that it takes time.

Ye Chen is not short of materials, and the magic power of Bing Zi Jue is strong enough, but he is short of time!

It's only three years since the formation of the Jiuding array.

Three years, it is too short, ye Chen is not sure, in this period of time, will be restored in good condition.

If there is no Tianzhu in lingxu, it will be very difficult to fight against wanxu.

"Let's go back."

Ye Chen shook his head and didn't think too much about it. Anyway, now that the Tianzhu of lingxu has arrived, he will try to repair it later.

Now ye Chen, with Ji Siqing and Ji Lin, tears the void and leaves, and returns to the magic dust peak.

Later, ye Chen sent a letter to Ren Fanfan, stating the story of Tianzhu in lingxu.

He didn't know where Ren Feifan had gone. The flying sword was aimless, but it contained his will. Ren Feifan had great powers and could be captured.

In the magic dust peak, ye Chen accompanied Ji Siqing for two days.

Then, ye Chen goes back to the blood death prison and is ready to visit the blood God and Xia Ruoxue to tell wanxu about the crisis.

But ye Chen's pupil shrank slightly before he stepped into the area of blood death.

Because... He found the breath of an acquaintance!

Ye Lingtian!

But ye Lingtian should be in China!

Why does it appear outside the territory, and even more bizarrely in the blood death prison!

Ye Chen step out, not close, blood God and others have long been aware of the existence of Ye Chen.

And that familiar figure also appeared in front of Ye Chen!

It's ye Lingtian!

"Lingtian!" Ye Chen excited way.

Ye Lingtian saw the Lord of the hall. As a seven foot man, his eyes turned red! Is kneeling in front of the body of leaf Chen!

But an invisible force made ye Lingtian stand up.

"Stand and say, Ling Tian, how can you suddenly appear here?"

"Why didn't you send a message to my jade pendant for a long time?"

"And how is Huaxia?"

There are too many doubts in Ye Chen's heart.

Ye Lingtian took a look at Xia Ruoxue and blood god, and then said, "Lord of the temple, something happened to Huaxia."

"As for why I can't contact you, it's because I don't know why the jade pendant can't be contacted. I can only come back in person. "

Ye Chen Mou son tiny MI, feel a thing some strange, continue a way: "is it related to the spirit abnormal change?"

Ye Lingtian nodded: "although the change of aura is not serious to the extreme, in a few years, the earth and China will have an accident."

"Once you built the dark palace, it was destroyed. Now Kunlun is empty and Huaxia, is a guy named Yuan Daofeng who has the final say."

"This guy is the beneficiary of aura change, and there are foreign people involved behind it. The situation is a little complicated."

"If you want to fight, I think you'd better start in person."

"Also, we have the whereabouts of the xuanbei of Chinese reincarnation. Before I left, it was in the Qinglong mountains of China for the last time."

Ye Chen listened carefully, then said: "tell me everything you know, it's everything."

Ye Lingtian didn't dare to neglect, and he told Xia Ruoxue what he had said before, but this time, he said it in great detail.

A few hours later, ye Chen's eyes narrowed and fell into meditation.

At present, it is better to leave for China.

His current strength, tearing layers of rules and void, to China, is not too complicated.

It's not that dangerous, but it does take some time.

Fortunately, ten thousand ruins have not yet arrived, and there is no danger in the inner and outer regions.

However, he had an agreement with the three ancestors of geocentric region. Should he leave for China immediately or go to the temple of geocentric region first?

After a few breath, ye Chen Mou son one coagulates, had a decision!

I might as well go to Huaxia to have a look and try my best to get through the contact between Huaxia and foreign countries with some kind of spatial array, which is also convenient for communication!

As for the three ancestors of Dixin temple, he sent a letter about flying sword. I believe they can understand themselves.

Blood God seemed to know that ye Chen was going to other places, so he said, "do you want me to go with you?"

Ye Chen shook his head: "no, if you go there, maybe it will disappear before you get close to it."

The God of blood does not come from China. If you are careless, the cause and effect will turn China into dust.

Xia Ruoxue said at this time, "what about me?"

Ye Chen takes a look at Xia Ruoxue, perceives that she has a sense of breakthrough, and then says:
"Ruoxue, you stay here, or you can go to the earth's heart to practice. I find that you have a sense of breakthrough, and then the situation outside the territory is not optimistic. The stronger you are, the greater the chance of victory will be on that day!"

"I'll go alone."

"And Ling Tian, you and master blood God practice together. I'll go to Huaxia myself."

"I haven't been back for so many years, but I miss it."

"Just in time, I want to see that mysterious monument of Chinese reincarnation."

.....

Then ye Chen began to build space transmission array.

Although he can tear the void at will, the distance between China and foreign countries is too far.

The key is not to break the rules of Huaxia too strongly.

Otherwise, it will only make Huaxia fall into a deeper crisis!

For a whole day, a space transmission array is the key to success.

Xia Ruoxue said strangely, "ye Chen, is there any problem?"

Ye Chen Mou son tiny Mi: "won't have what influence to me, I initially plan to transmit in river city, however, estimate still can be affected, final fall point, or, go back to relax a few days also good."

If summer snow white one eye leaf Chen, then stretched out a hand to embrace leaf Chen, way: "I wait for you to come back."

Chapter 6215

"Good."

Ye Chen smiles a little and then says goodbye to everyone.

Then, the fingers pinch Jue, the array moves, the void behind suddenly tears.

"I didn't expect to go home in this way."

.....

In this way, ye Chen spent two days in the void.

These two days are very long for ye Chen.

There were many familiar faces in his mind.

I don't know. How are those people?

Suddenly, ye Chen saw a light, and then countless rules surged around him!

.....

At the same time, ten robbers are in the magic tower.

An endless sea of fire.

And a huge chessboard appeared in the sea of fire.

The chessboard is like the universe, and the pieces are like the stars.

A shadow sits cross legged, full of mystery.

Opposite him is a teenager.

The boy's eyes are like stars, and his heart is penetrating. He looks at the chessboard and falls into meditation.

If ye Chen were here, he would find that the boy was Zhu Yuan.

Zhu Yuan and the one behind the magic tower of ten robbers have been playing chess for a long time.

This chess is a kind of chess, which is extremely rare in the world of martial arts and Taoism.

Tao, heart and perception can be sons.

Because there is too little humanity and martial arts perception are extremely superior, so Daoqi is generally the entertainment tool of those extremely big guys.

Zhu Yuan is perhaps the youngest person to come into contact with this game.

Zhu Yuan doesn't know Tao chess, but with his perception and understanding of martial arts, he has played so many Tian chess.

But now he is a little upset.

He felt like he was going to lose.

If ye Chen didn't arrive before he lost, maybe he could only become the puppet behind the magic tower.

Zhu Yuan is not reconciled!

Bai Lian on one side witnessed that she wanted to help Zhu Yuan many times, but the chess was too complicated.

She doesn't understand.

And I don't have the ability to intervene.

"Zhu Yuan, it's your turn. You've been thinking for three days."

"You can choose to give up."

"But I advise you not to make such fruitless resistance."

"You care about your son? The Lord of reincarnation? "

"I might as well tell you something. The will of wanxu has come to the heart of the earth."

"Before long, maybe a few months, maybe a few years, your childe will fall into the hands of those extremely powerful beings."

"At any time, we should control our own life in our own hands, rather than pinning our hopes on others."

The faint voice of the virtual shadow seemed to have some magic power, penetrating Zhu Yuan's heart and soul and shaking him.

Zhu Yuan's eyes were congested and he didn't speak. There were too many voices in his mind.

But these voices are not the voices behind the magic tower, but the dialogue between Ye Chen and Zhu Yuan!

Zhu Yuan has been using these words to motivate himself.

All of a sudden, Zhu Yuan's eyes shed a drop of blood tears, and there was blood exudation on both sides of his ears.

Bai Lian was moved when she saw this scene. She went to Xu Ying regardless of everything. She knelt down and said: "master, Zhu Yuan has already been like this. There is no need to continue! If it goes on like this, he will die! "

That empty shadow is indifferent, for a long time, just to white lotus way: "Jiang Jiuli, do you know these years, is who accept you?"

"Are you teaching me to do things now?"

As soon as she wanted to speak, an invisible force suspended her in the void.

White lotus face pale to the extreme, she felt unable to speak, breathless, as if the next second, will turn into a blood mist.

Zhu Yuan seems to feel something, difficult raised his head, when he saw such a painful scene of Bai Lian, he stepped out, Tao heart gathered, walked a move: "don't move her, now it's your turn."

That empty shadow just noticed chessboard, the corner of mouth hangs a silk to ponder, then that strength is to loosen white lotus.

Bai Lian fell to the ground, but she was in a mess.

Bai Lian takes a slightly grateful look at Zhu Yuan, and then looks at the chessboard.

Virtual shadow is also staring at the chessboard at the moment, dropping a word: "I have to say that your talent has exceeded my expectations for you. The more you are, the more I want to use you."

"But you seem to have lost."

When Zhu Yuan heard this, his face suddenly changed. He looked at the chessboard. His eyes were filled with horror. He even murmured: "impossible... impossible... I went wrong..."

Virtual shadow hands negative behind, light way: "everything has long been doomed, your strength is so unbearable, doomed to lose to me."

"Unfortunately, I can't wait for you to work miracles."

.....

At this time, the sky and sea were buried, and Shenyuan was buried.

A man's figure appeared at the entrance as if he was above the world.

The master of Shenyuan naturally felt something for the first time and came to the entrance. But when he saw the man coming, the master of Shenyuan's eyes shrank slightly, and then arched his hand and said, "Mr. Ren."

Ren extraordinary nodded, did not say too much, but went straight in one direction.

Soon, he came to a huge tower.

He looked at the pagoda. The blood moon in his pupils kept flowing. He seemed to see something. Then he outlined a smile in the corner of his mouth and stepped out step by step. His figure dissipated in the world.

.....

Ten robbers in the magic tower.

Xu Ying said to Zhu Yuan haughtily and coldly, "do you think it's possible for this game to turn over?"

With tears streaming down his face, Zhu Yuan did not dare to accept the reality in front of him.

He knew he had lost.

Maybe I'll never see you again in my life.

He was so regretful that he should not have stepped here rashly when he was practicing in Shenyuan!

Chapter 6216

For a few seconds, too many things flashed through Zhu Yuan's mind. Finally, he might accept the reality and stop his tears.

Xu Ying seemed to guess something and said, "are you willing to compromise? You should have

"This game of chess, you can't lose any more."

But just as Zhu Yuan was about to open his mouth, an indifferent voice came suddenly

"This game of chess doesn't seem to have lost, does it?"

Xu Ying, Zhu Yuan and Bai Lian were all stunned. How could there be a fourth voice here?

What shocked him most was the shadow. He didn't find anyone breaking in here!

Who can do this kind of thing under their own eyes!

Soon, a man appeared in their sight.

Men seem to be ordinary, but their temperament gives people a sense of panic and threat.

It's Ren Fanfan.

When Bai Lian saw Ren Fanfan, her expression was even more strange: "brother Ren, how do you..."

Ren Fanfan looked at the white lotus and laughed: "it's a long time no see. I should have come to see you."

Bai Lian couldn't respond. For a moment, she didn't know what to say.

Finally, she thought of something and asked, "brother Ren, are you here to save us?"

Ren extraordinary is to shake his head: "sorry, to save you, it must be ye Chen, now I, the cause and effect on the body is too heavy, if you are infected, it is not good for you."

Subsequently, Ren special line of sight falls on Zhu Yuan body, full saw 3 breath, Ren special just nodded a way: "good."

Zhu Yuan looks at Ren Fanfan and doesn't know what to say for a moment, but from Bai Lian's mouth, he guesses that the relationship between the man and the young master is extremely unusual, and even can represent the young master.

Zhu Yuan has not yet opened his mouth to speak, Ren extraordinary is a point in Zhu Yuan's eyebrow, Zhu Yuan's pupil instantly suffused with light!

Ren Feifan smile: "now know how to take the next step?"

Zhu Yuan Mou son a joy, fierce nod: "thank you, any elder!"

Ren Feifan smiles, then looks at the empty shadow: "don't you dare to come out to play chess in person? Still playing this game? However, I'll guide this boy. It doesn't matter. "

Xu Ying didn't speak, but everyone could feel the anger in his heart!

.....

At the same time, Huaxia.

The void tears.

A figure is falling rapidly.

The endless wind surges.

Finally, the figure fell on the cliff, rolling dust surging, and even a lot of gravel rolling down.

This figure is Ye Chen naturally!

"It's not so easy to see back and forth China..."

Ye Chen has taken out a set of casual clothes from reincarnation cemetery and put them on. However, over the years, the trend has changed, but the body has a little Zouba casual clothes. Wearing Ye Chen's upright body, coupled with the indifferent expression, it has a different temperament.

On the cliffs in the suburbs, ye Chen's dark eyes interwoven with the moonlight reflect the colorful world in the distance.

"Huaxia, I've come back after all. I haven't seen you for a long time. But where is this? It doesn't seem to be in Jiangcheng. "

"In those years, Jiangcheng rose, then went to Jiangnan Province, and then fought against linjuelong in the capital. After so many years, I don't know if anyone still remembers me."

"Those old friends don't know what's going on."

Suddenly, ye Chen Mou son a coagulation, sure enough, he clearly felt that the Chinese spirit changed more and more serious.

Even with the release of his spiritual consciousness, he can feel the aura of some places, even comparable to some places outside the country!

It's almost impossible before!

Rich aura is a good thing, but ye Chen finds that the aura contains a trace of evil spirit and Yin evil spirit.

The short-term cultivation will not have a great impact, even can let the ancient martial arts constantly break through, but in the long run, it is not a good thing for ordinary people and practitioners! No wonder ye Lingtian asked him to come back as soon as possible.

If one year later, things will be unimaginable.

Just when ye Chen wants to release his spiritual consciousness further, the purple lightning suddenly surrounds the sky, and ye Chen quickly takes it back.

"It seems that my existence is too strong for Huaxia after all. Although Huaxia can't suppress me too much, I can't do it at will. Once I do it, it may be a devastating blow to Huaxia."

Ye Chen is not in a hurry to leave. He closes his eyes and feels the rules of heaven in China.

Although my realm is not high, now my combat strength has reached Baijia realm. If I act rashly or carelessly, the rules of China will be broken and the earth will be broken.

It will be the eternal sinner of China.

"It seems that I'd better take the initiative to lower my accomplishments. Even the nine heaven divine arts and the fire of Tao and spirit can't be used easily."

"But this time I came to China mainly to solve the problem of spiritual change and find the mysterious tablet of reincarnation in China. I don't have to do much about the rest. Besides, by the way, I'll solve that yuan Daofeng as well."

Later, ye Chen took out a mobile phone like existence from reincarnation cemetery, which was left by the dragon spirit when he was the chief instructor of Dragon Spirit in those years. There were some information about institutions on the Internet.

If you are in the wild or in a special place, you can receive the signal.

At that time, as the first person in ancient Chinese martial arts, how could he rely on this thing? So when Jin Lengyan handed it to him, he didn't use it. I don't know. Is it still useful now?

Soon, the things in Ye Chen's hands flashed. He needed to know the developments of Huaxia in the past few years when he left as soon as possible.

"Our news is real-time:

According to relevant experts, in recent years, the air quality index is disordered and unknown elements are diffused, which may cause human discomfort. According to this situation, the earth may no longer be suitable for human habitation, and this day will come soon! "

"Man must find a way to deal with it!"

"Musk, the richest man of M country, is studying the plan to go to Mars..."

For a while, the comments of netizens all over the world were on the screen!

"Is it really the end of mankind? If only you could practice flying like in TV series..." "

"There can't be ancient warriors, it's just natural disasters!"

"Five years ago, there was a mysterious figure in China who had gone through robbery and ascended?"

"Some netizens have questioned whether the supernatural phenomena have occurred frequently in recent years, and whether the change of the aura of heaven and earth is the same as that of Ye five years ago..."

With the sound of electric current, the light of things in hand disappeared. Obviously, there was no electricity.

Ye Chen throws away this mobile phone like thing and opens his arms to take a breath of the late autumn evening wind. He closes his eyes and enjoys the breath of China at this moment.

It used to be, and it's not all.

After a long time, he opened his eyes, eyes a coagulation, murmured: "even the taste of the wind has changed, the whole space and even the atmosphere have been penetrated..."

"It's only five years, and that's it?" Ye Chen frowns and thinks about the cableway.

Chapter 6217

"If it goes on like this, the morbidity and mortality rate of ordinary people will be higher and higher, and even large-scale pestilence or human to human transmission will appear. In a short time, it is the group of old undead people who practice ancient martial arts and their descendants who are cheap. The cultivation methods they master can be independent. Maybe, the aura will change, making those old undead people who were five years ago stronger!"

"Yuan Daofeng's sudden strength is probably related to this incident."

"Yuan Daofeng, reincarnation xuanbei, outside China, what is the connection between them?"

Ye Chen jumped down from the cliff and ran towards the forest. The gain and loss was that the moon was dark and the wind was high, and no one else found it. Otherwise, the hot search of the major platforms must not have run.

"When I arrived just now, I obviously felt the invasion of fragments of rules. My original position has deviated. I didn't go back to Jiangcheng or Jiangnan province. Even the will of the world has begun to wake up?"

"It's not good news that consciousness is born on earth itself."

All the way forward, facing the dim moonlight, a broad and flat asphalt road like a dragon dormant at the end of Ye Chenmu's reach.

Ye Chen steps on the road, his pace gradually slows down, where there is a road, there are vehicles passing by, if found abnormal, it will inevitably cause unnecessary attention.

After a long walk, there was a big fog all around quietly, and the light blue fog added a hint of coolness to the lonely road.

Ye Chen frowns, this sudden fog, really strange.

He stopped, and his powerful spirit swept dozens of kilometers around. In a city in the northwest, there was a slight fluctuation, which was just a flash in the pan.

Ye Chen's eyes coagulate. He wanted to release his stronger spiritual consciousness, but he thought it over. His existence has threatened the Chinese way of heaven and even the rules. If it's really a fish in the net, it's not a good thing for Chinese friends.

After all, this is his real home.

At this moment, Ye Chen's eyes are gradually dignified. According to the information from Ye Lingtian, the little girl of reincarnation Xuanbei last appeared near the Qinglong mountains, and the purpose of her trip is also here.

Ye Chen decided to go to find out, I do not know why, there is always a sense of uneasiness in the heart.

Thoughts fly, a familiar whistle sound came, ye Chen looked at a taxi from far and near, he waved.

I haven't adapted to the space rules of China in a short time, so I'd better not tear the void rashly.

"Master, enter the city!"

"To Yuecheng?" The driver of the car holds a southern accent and looks at Ye Chen. He seems to be thinking, where are the people in the middle of the night?

Ye Chen smiles, nods, opens the door and goes in.

For ye Chen, the driver was the first Chinese he met when he returned to China.

"There was a big fog just now. It's gone for a while. Recently, there are so many strange things!"

The driver of the car saw the atmosphere was too silent, chatting.

"Oh? Shifu, do you believe in the things published on the Internet? " Ye Chen a smile, ask a way.

As soon as the driver heard this, he immediately became interested: "I don't understand, because I am on the night bus, so I will meet some people."

The driver continued: "but these things are not as evil as those spread on the Internet. Whether the practitioners of ancient martial arts exist or not has nothing to do with us ordinary people. With thousands of Yuan's salary, what kind of cadres do you care?"

Ye Chen can't help but smile, yes, at that time of oneself, isn't also the same state of mind?

It's just trying to do something in its place!

If there is no hatred in my heart, if I don't fall into Dongqian Lake, maybe none of this will happen.

However, when I think about it, no matter how my fate changes, I will eventually fight against wanxu.

Two people seven turn eight chat, imperceptibly, is the beginning of the lights, compared with the lonely night before, here is more like a paradise on earth.

"Where does it stop?" The driver asked with a smile.

"Just take the road ahead!" Ye Chen unties the safety belt and reaches out to his arms.

The driver of the car stopped him in a hurry. He took a look at Ye Chen's old clothes and stopped Ye Chen's right hand stretching to his arms. Ha ha, he said: "Xiao Ye, I agree with you very much. It's just that I'm going home by the way, so I'm free!"

Ye Chen embarrassed to scratch his head, in the driver's repeated obstruction, successfully took a ride!

Looking at the car taillights disappear at the end of the road, ye Chen touched his shirt pocket, which is cleaner than his face. He had no choice but to smile: "I forgot to put some money in the reincarnation cemetery."

Once again, the city becomes transparent with Ye Chen as the center, and the state of each life can be clearly perceived by him.

He just wanted to see if he could find any useful information.

For a moment, whose family lost the cat and dog, whose man colluded with the nightclub princess was chased and scolded by his wife, all kinds of miscellaneous information all poured into Ye Chen's mind.

A moment later, ye Chen frowned tightly, but he got nothing. The information of the xuanbei of Chinese reincarnation is as elusive as the sea.

"Well? This is... "All of a sudden, ye Chen seems to have found something and turns to walk towards the night market behind him.

Ye Chen across a few hundred meters, he heard the noise.

The key is a breath, very familiar!

It has a causal relationship with him!

"Zihan, why are you so stubborn? You don't need to do anything. You just have dinner with me. How many times higher than your part-time job in the night market? If..."

Marriott's squinting eyes looked at the girl, and the meaning was not expressed in words.

"Wanzhenghao, I advise you to die. Anyway, it's impossible for us to be friends. Your behavior makes me sick now!"

The girl's disgusting voice reached Marriott's ears.

"Ha ha ha! In Yuecheng, no one dares to refuse me or Wanjia. Do you know what it means? I have the heart to praise you, but I have to pay the price for not knowing good or bad! " Marriott index finger gently raised the girl's chin, gently across her stubborn face, jokingly said.

Girl is also a bit impolite, Yu Guang a glance to the mouth of the finger, hard bite!

"Ah A wail of Marriott resounded all over the street. He staggered back a few steps and snapped at several black bodyguards behind him: "take her!"

Several bodyguards make a gesture to go up, at this time a light voice suddenly sounded: "who are you going to take?"

People smell speech to look, not far away a face indifferent young man negative hand but stand.

Man a Zouba casual clothes, mouth with a faint smile, especially the eyes! It's like ten thousand years.

"Zihan, long time no see."

"It should be five years."

It was Ye Chen who came. He waved to Liu Zihan and turned a deaf ear to the others.

Chapter 6218

Ye Chen never thought that when he went back to China, the first acquaintance he met was Liu Zihan!

At that time, in Jiangnan Province, he and elder Zheng of the blood League nearly fell down in the first battle, and was finally saved by a little girl in Songshan village of Jiangnan province.

He even vaguely remembers the girl pushing her body home with an abandoned cart.

That girl is Liu Zihan in front of her. She was only thirteen or fourteen years old at that time.

At that time, he also conveniently saved her paralyzed father in bed.

But the little girl in the past, has been graceful, and even the pride in front of her chest is quite large.

"You... You are ye... Brother ye?" The girl in front of her looked at the man in front of her incredulously. Some of her recognized and some of her uncertain. She was so excited that she couldn't speak for a moment.

After all, ye Chen has been away for many years.

During this period, she tried to find, even went to the police station, but could not find any information about brother Ye!

Brother Ye is just like evaporation.

Even because of this incident, Liu Zihan was depressed for a period of time. He didn't get much better until he entered the University.

"Who are you?" Marriott was looking at the strange man who suddenly appeared in front of him and said in a deep voice.

For some reason, he felt that the man in front of him was strange.

Who has his hands behind him?

The key is that this man's spirit is extremely strange. It seems quiet, but it's like a lion staring at himself.

Ye Chen didn't hear of it. He went to Liu Zihan and took her hand to leave.

"Boy, I advise you not to meddle in your own business. If you offend all families, no one can save you!" Marriott looks gloomy and condescending.

"Go away!" Ye Chen gave him only one word.

"Where come the wild boy? He is really shameless. In that case, don't blame me!" Wanzhenghao's face changed several times. With a wave of his right hand, several bodyguards swarmed up.

One of them dressed in black strong clothes, muscle line is about to burst clothes of tall man, a fist wave, straight to Ye Chen chest!

It's a killer, obviously!

Ye Chen's indifferent eyes are full of boredom, even in his eyes, everything is slow.

So slow that he didn't want to move.

"Bang!"

In a flash, a fist hits Ye Chen's chest!

However, ye Chen himself did not move, and even did not move.

But the tall bodyguard was extremely ferocious. He felt his hand was going to be broken! Extremely distorted!

It's like a blow on an iron wall!

What kind of monster is this guy.

Ye Chen has no choice but to shake his head. With a wave of his hand, a slap has been fanned out.

"Pa" of a palm, in a flash, strong wind, tall man soft like to fall down, ye Chen looked around a lot of people, and even raised his mobile phone in shooting, he shook his head, also do not use other shocking means, directly grasp the man's neck, throw a stone, generally will man to Marriott and others.

He doesn't want to be the star of tomorrow's news.

"Bang" sound like bowling, several well-trained bodyguards fell to the ground.

"He xuanjiyue, the master of the verdict, has done it before. He finds out that Huaxia's force value is really low. Maybe this is the invincible loneliness."

Ye Chen in the heart light way, immediately pull Liu Zihan's hand, left the street of night market.

Marriott struggles to get up and looks at Ye Chen's back. He guesses that he should have been a soldier. Otherwise, he can't fight. He takes back his eyes like a naked killer. After a long time of melancholy, he picks up the phone in his hand: "Uncle Chen, help me kill someone..."

.....

The screen turns.

Ye Chen holds Liu Zihan's hand until he can no longer hear the noise of the crowd behind him. He turns to look at Liu Zihan.

Liu Zihan also looked at him in surprise.

"Why are you here?" They spoke in unison.

"I'm reading here! Elder brother ye, I'm 19 years old. I should go to university. I'm in Yuecheng normal university nearby. You know my family's condition is not good. Although the school has exempted my tuition, I can earn more money when I work part-time at night. As a result..." Liu Zihan spread his hands and indicated that ye Chen had seen the next thing. It was nothing more than the rich second generation's fancy to the school, It's just coercion and inducement.

"Brother ye, I found that... Compared with five years ago, you have not changed at all!" Liu Zihan looks at Ye Chen up and down with big eyes.

"How time flies... I haven't seen you for five years. You went to college. You were a little girl at that time." Ye Chen light way.

Ye Chen's mind comes up with five years ago, when he was besieged by the old guy of the blood League and ran for his life, the little girl who helped him is now a graceful beauty.

"Hey, brother ye, what are you thinking?" Liu Zihan's hands are shaking in front of Ye Chen's eyes.

Ye Chen takes back his thought, "nothing. I'm hungry all night. I'll treat you to dinner!"

.....

A moment later, their figure appeared at the door of an upscale hotel.

"Er... Brother ye, are you sure you want to eat here?" Liu Zihan looks at Ye Chen, which means it's not cheap.

Ye Chen smile: "just came back, this first dinner, can want to eat some good! Besides, I don't have to pay for it. "

Ye Chen chooses here, mainly because this kind of place is quiet, ye Chen doesn't want to be in that kind of place with many eyes.

"Well?" Liu Zihan doesn't know what medicine Ye Chen sells in the gourd. Just as she is stunned, ye Chen has entered the magnificent hall.

"Waiter, order!"

Chapter 6219

.....

At the same time, in front of the Hilton Hotel, the figure of Marriott stood, "are you sure that Liu Zihan and the boy have entered here?"

The man next to him bowed his head and said, "wanshao, I saw with my own eyes that they had been in for a while!"

"Bitch, follow the little white face? I'll let you kneel down in front of me and beg for mercy later. As for your lover, I can only wish him a good family in his next life! " Marriott licked his lips and said in a cold voice.

"Chen Bo, please!"

Behind Marriott came an old man in a Chinese shirt, a pair of old Beijing cloth shoes, walking without a trace of wind.

"No harm!" Although the old man's attitude towards Marriott is not servile, he also gives a response.

Marriott made a please sign and followed the old man into the hotel.

.....

At this time, ye Chen naturally felt all this, and the cultivation of the true realm might not be much outside China, but in China, it was far beyond the existence of the way of heaven.

But for all this, ye Chen does not care, still enjoy the Chinese food.

Although things from other countries taste good, they feel less.

And Chinese food is probably the most simple existence.

It's a pity that Ji Lin didn't come back this time.

Otherwise this girl is absolutely excited.

"Well, it tastes good!" Ye Chen looks at Liu Zihan who is enjoying himself in front of him and asks with a smile.

Liu Zihan raised his head. Before he could express his opinion, there was a voice outside the door.

"Boy, how happy is the decapitation dinner?"

A taunt came, and the door of the box cracked with a bang. The old man in Huashan bowed his head and stepped in.

The figure of Marriott followed closely.

Ye Chen picks up the paper towel in front of the table and cleans his mouth gracefully. The moment he looks up, he is surprised by the old man.

I don't know why, the old man in Huashan finds that he can't see through Ye Chen, and this kind of can't see through, even with a sense of astonishment.

"Interesting, it's the ancient warrior, and his cultivation seems to be pretty good..." Ye Chen has made up his mind to cut down the grass and root.

I still can't know the whereabouts of yuan Daofeng, so the less people know their identity, the better. Otherwise, if someone from ancient martial arts passes the news to yuan Daofeng, it will fall short of success!

"Zihan, you go to the waiter and urge the dishes." Ye Chen turns to Liu Zihan.

"But..." Liu Zihan wanted to say something, but he was stopped by Ye Chen.

Ye Chen continued: "don't worry, I know it in my heart."

Liu Zihan nodded. In his cognition, brother Ye always seems to be able to fight. She should be the legendary lianjiazi. She got up and walked out, but the figure of wanzhenghao stopped.

"Hey... It's not good to block her way. After we've settled the matter, you can do whatever you want!"

Ye Chen's indifferent voice came to Wanzheng Hao's ears. He no longer stopped him and let Liu Zihan leave the box.

"Smelly boy, you are calm. Do you know you will die next?" Wanzhenghao all over the murderous eyes looking at Ye Chen, light way.

And the old man in Huashan behind him is ready to go.

"You talk too much."

Ye Chen yawns, grabs a chopstick from the table, whizzes through the air, and in a flash, Marriott falls to the ground with flowers blooming in his throat.

"Ten minutes to see a doctor, you can still have a wrist fight with Lord Yan!" From the beginning to the end, ye Chen, who has never got up, calms down.

Looking at Ye Chen's means, the old man in Huashan was surprised and immediately realized something. He couldn't help exclaiming, "it's you, you're the guy in the dark hall..."

Ye Chen's secret way is not good. This old guy is an ancient warrior. Maybe he has contacted some things and found out his identity.

This person, can't stay!

"Ye..." the old man took a step backward. He won't admit his mistake. It must be him!

The old man who is afraid before fighting has already lost his chance. Ye Chen's eyes coagulate, but an invisible force strangles the old man's throat and makes him unable to speak.

"You know too much!" Ye Chen takes advantage of the situation to push out, and the palm print in the void hits the old man's chest and shakes him away.

Seemingly soft palm, but has broken all its vitality.

Several bodyguards on the scene seem to see the Lord of hell, and they all flee. Ye Chen grabs one of the leaders in Black: "please clean up, and remember to check out at the front desk!"

At the end of his speech, he turned and left.

"It seems that there are more and more changes in aura among ancient Chinese martial arts."

"I don't know what happened to the dark hall and the dragon spirit."

"Meet them then."

While going downstairs, ye Chen bumps into Liu Zihan head-on.

"Brother ye, inside..." Liu Zihan's eyes pointed to the box at the end of the corridor.

Ye Chen smiles, light way: "have nothing to do, already peacefully solved, also not early, we also withdraw!"

"Are you sure?" Liu Zihan still has some doubts.

"Of course, we had a good talk. This meal was all invited by Marriott!" Ye Chen is beating ha ha way.

"By the way, you have to go back to school. You can't go back later." Ye Chen looks at Liu Zihan, who wants to talk and stop, and raises his watch, indicating that it's late.

Sure enough, Liu Zihan was successfully distracted by Ye Chen and exclaimed: "finished, less than an hour!"

They went out in a hurry and headed for Yuecheng Normal University.

.....

meanwhile.

A nearly 200 square meters, and the walls are gold-plated brilliant main hall, a dead, dignified atmosphere to the extreme.

There was only a slight sob in the throats of the crowd.

In the hall, a middle-aged man with angry eyes and thick eyebrows, dressed in a proper suit, paced back and forth. The sound of crisp shoes played a sad song in the hall.

With a bang, the middle-aged man suddenly threw the precious vase in front of the hall on the ground, and the veins on his forehead burst up: "who killed my son in the end, I want the result in half an hour!"

The middle-aged man is the rich family in Yuecheng, the master of every family, the hero of every family!

"Lao Jin, his identity is not simple. According to the information he has, he was killed by his opponent. As a practitioner of ancient martial arts, Chen Feng was already a famous strong man in ancient martial arts five years ago, and even went to Kunlun for many times. Moreover, the reason for the change of heaven and earth is that after the aura gradually recovers, his cultivation is immeasurable, and the opponent can kill him!" The one armed mysterious man on one side said,

"What do you mean?" Wan Jinxiong's eyes were sad and he said in a deep voice.

"According to the people under his command, this man is quite young, but he has the means to kill Chen Feng. Before his death, Chen Feng uttered the word ye..." the mysterious man continued to analyze.

"I wonder if the patriarch has ever heard of the mysterious young man who passed on five years ago?"

Chapter 6220

Wan Jinxiong's eyes flashed: "it's just unfounded remarks on the Internet, isn't it..."

"As you can see, this person may be ye Chen, who went to Kunlun five years ago. However, his information has been blocked by others, so you can only guess a little according to some rumors. Some rumors say that this guy, before the change of aura, mastered some kind of secret skill and wanted to fly up... Later, he disappeared for some reason, but it is said that this guy has many enemies, I've been killed... In fact, I had a grudge with this boy in the Bureau of martial arts and Taoism of Jiangnan province. "

The mysterious man talks about this place, and his teeth are clenched. Obviously, he has a grudge against Ye Chen.

But he didn't know what happened to Ye Chen in kunlunxu. What's more, he didn't know that after ye Chen left the earth, in order not to let too many people pay attention to the main body of the temple, the dark hall deliberately released some invalid information, which formed this kind of rumor.

Wan Jinxiong looked at his empty right arm and seemed to understand something.

"Chen Feng is not ye Chen's opponent, which is reasonable. At that time, this boy was extremely dazzling in China. At that time, he was worthy of the first place in the Chinese martial arts list."

"As you say, he either died or left. Why did he come back?" Wan Jinxiong is puzzled.

"I'm afraid it has something to do with the changes of aura in recent years. He must have a purpose. However, if he comes across the world by force, he will be strangled by the power of rules. Ye Chen's rush to escape after solving Chen Feng also proves that he is injured!" The one armed mystery man affirmed.

He naturally doesn't know how terrible Ye Chen's strength is. Even if you know, you won't believe it.

"What do you mean?" Wan Jinxiong's eyes narrowed.

"Our cooperation will not change. I'll help you kill Ye Chen and avenge your son. The first chapter of the martial arts canon of your family, let me have a look!" The one armed mystery man made the offer.

"How to lead him out?" Wan Jinxiong said fiercely.

"He has nothing to worry about here, but today he is with a little girl. You should know her. If she has an accident, ye Chen won't just sit and watch. Then ye Chen will die. As for this girl, I'll help you to solve it. It's a gift!" The voice of the one armed mysterious man's compassion came to the ears of Wan Jinxiong.

Wan Jinxiong's face changed several times. He pondered and nodded.

"Get rid of Chen Feng's body. I'm sorry for your trouble." The one armed mysterious man turned and stepped away, "I'll go to prepare and lead Ye Chen to take the bait!"

.....

Just when they reached a tacit agreement and decided to take action, a light blue mist passed in this solemn and solemn building. Even the powerful one armed ancient martial arts practitioner was not aware of it.

This light blue fog, along the Wanjia manor, towards the two men carrying Chen Feng's body.

"You say, how could the ancient martial arts practitioner, who has been regarded as the guest of honor by the master, be so easily wiped out?" The man at the head wondered.

"You didn't see that young man solved people so easily. We didn't see clearly. Why didn't he kill us?" The man behind nuzui, motioned for the body in his hand.

If ye Chen is in, you can definitely recognize him, the man who is finally arranged to clean up and pay the bill.

"You are at the scene, tell me the details quickly!" The black man, who led the party, turned to gossip. He walked to the small leaves beside him, took out the shovel and began to dig the hole.

"It's like this..." just as they were chatting, the light blue smoke came out of the nose of Chen Feng's body.

The next moment, the dead "Chen Feng" opened his eyes again!

He got up quietly. Without realizing it, the pair of upright old Beijing cloth shoes left quietly without making any noise.

.....

The screen turns.

After ye Chen sent Liu Zihan back to school, Liu Zihan was obviously reluctant.

"Brother ye, do you have a phone and wechat?"

Ye Chen a Zheng shakes head: "temporarily have not yet."

Liu Zihan had some accidents. After all, who doesn't have a mobile phone now?

Brother Ye doesn't look like someone who is short of money?

"Brother ye, wait for me for a few minutes."

With that, Liu Zihan went in one direction.

After a short time, Liu Zihan panted to the school gate, handed out a box and said: "brother ye, take this mobile phone. It was sent by the dormitory broadband before. There is a card in it. You can use it first, so we can also contact you."

Ye Chen looks at the box in front of him, laughing and crying.

Once you go back to China, you can't help eating soft food?

However, I really need a mobile phone, which can also help Liu Zihan indirectly.

He thanks Liu Zihan and leaves.

After all, Liu Zihan helped himself in those years, and he should also repay the cause and effect.

What's more, the first acquaintance I met when I came back this time was Liu Zihan. I don't know why I have a kind of inexplicable cordiality towards Liu Zihan.

Ye Chen, wandering alone in the streets of Yuecheng, recalls what happened in just a few hours after his arrival. It seems that something is interfering with his plan.

Chen Feng, the ancient martial arts practitioner who originally thought he would appear tonight, was able to reveal some secrets through him, but it turned out to be just an accident.

So, all this?

Ye Chen heart suddenly came up with an idea, transfer tiger to leave mountain?

Does anyone know that I came to China from outside China?

The secret way is not good, and ye Chen's eyes look at the Qinglong mountains in the distant horizon

The next second, ye Chen is ready to tear the void, however, ye Chen's aura has not been used, the thunder on the sky will roll!

It's like the end of the world!

Ye Chen looked at the sky and shook his head: "being too strong is also a kind of trouble... Forget it, you'd better fly on your way."

.....

At the same time, the figure of "Chen Feng" is also running in the same direction as ye Chen.

Before long, Chen Feng's figure reached the established position, "you're late, old three!"

The figures of the other two slowly appear on the mountain, facing Chen Feng Road.

"The altitude here is too high. This body is not used to it. It's a bit reluctant to move in the snow. It's a waste of time!" Chen Feng said hoarsely.

"There are people guarding here, but that woman has been solved by us. Don't delay. Let's start!"

For a moment, the whole mountain range was full of fierce light, and the strange smell began to diffuse

.....

Before going to the Qinglong mountains, ye Chen opened the box that Liu Zihan gave him. When he opened it, he found a short message.

"Brother ye, I'm sorry to disturb you. There's something I want to ask you for help. My good friend Huang Lingling is going to have a birthday party. Can you come with me?"

Ye Chen looked at the two lines on the screen and rubbed his forehead.

When he returned to China from abroad, he didn't want to get involved in too many things.

But the complexity of the external layout makes him want to guard a little peace in his heart.

"This girl..."

Hesitated for a while, ye Chen still picked up the mobile phone to return a message.

"I have something to do these days. If I want to leave Yuecheng, I may come back later. If I can catch up, I will go!"

Ye Chen just put down the mobile phone, it is a flash again.

"Good!"

Looking at the second back to the two words, shaking his head, in accordance with the time, it must be unable to catch up.

Later, ye Chen put away his mobile phone and went to the Qinglong mountains according to the established route.

.....

[wonderful tomorrow continues, everyone's heart and soul back to China ~ Ye forced Wang to return! Also, yesterday, Ji Si Qing and ye Chen happened stories, many of them felt that they were not enjoying themselves, but they were actually cut down. Everyone knows. Smiling will give you a very detailed official account of the official account in a few days.
